

Chapter 27

As the sound fell, dozens of men in black stood beside Dorothy.

They were all wearing the same black uniforms. All of them seemed strong and full of energy.

Moreover, each of them exuded the aura of a warrior!

Everyone present almost forgot to breathe when they saw such a scene, and their eyes widened!

Who were those people?

Both Howard and Thomas had a bad feeling.

Just as their eyes were filled with shock, Thomas' gaze was attracted by a person on the other side.

"Senior Colonel Sherman?"

Thomas looked at William in disbelief. Even his voice was trembling.

William's expression was indifferent. He stood straight and tall with a calm expression. He said proudly and loudly, "Master Sherratt, I represent The Guardian today, not the Ministry of Defence of Country Z. You can call me Rosefinch 9."

Rosefinch 9?

Thomas held his breath.

"Rosefinch 9?"

"Yes, there are four pavilions in The Guardian. Azure Dragon, White Tiger, Rosefinch, and Black Tortoise. Among them, Azure Dragon is the strongest, followed by White Tiger. Black Tortoise is the weakest."

"I am in Rosefinch Pavilion, ranked 9th among the experts of Rosefinch

Pavilion! Hence, I am called Rosefinch 9!"

Thomas's eyes were full of horror. "Did you say The Guardian? Are you from The Guardian?"

Then, he looked at the others around William. "Are all of you also from The Guardian?"

Thomas' voice was trembling.

Before Thomas' voice fell, someone beside William took a step forward, held his head high, and puffed out his chest. He spoke with great momentum, "I'm ranked 4th in Rosefinch Pavilion. Call me Rosefinch 4!"

The opponent's aura was so strong that Thomas accidentally lost his balance and stumbled a few steps back.

Before Thomas could steady himself, another person next to William took a step forward. "I'm 1st in Rosefinch Pavilion, Rosefinch 1!"

"As I'm ranked 17th in White Tiger Pavilion, I am White Tiger 17!"

"I'm number 26 of Azure Dragon Pavilion, named Azure Dragon 26!"

"I'm 4th in Azure Dragon Pavilion, Azure Dragon 4!"

Every time a person stepped forward, the atmosphere would become even more grave.

As soon as Azure Dragon 4 finished speaking, Celestine, who had been standing beside Dorothy, stepped forward!

In an instant, his powerful aura spread in all directions like a huge wave!

He looked at the crowd with an indifferent expression, but he had a domineering aura, as if he did not have a care in the world!

"I am one of the three Lords, Sky Lord, Celestine Todd!"

Whoosh!

As soon as the words left his mouth, two extremely overbearing auras

burst out from not far away!

At the same time, the two figures in black appeared from opposite directions at almost instantaneous speed.

The person in the south was wearing a blue earring on his left ear, which was particularly eye-catching.

"I am one of the three Lords, Heaven Lord, Uriel Todd!"

His voice was gentle, but it could penetrate people's hearts!

"I am one of the three Lords, War Lord, Cadel Todd!"

Boom! Boom! Boom!

As soon as Cadel finished speaking, the auras of all the people in The Guardian burst out.

Thomas could no longer stand still. His legs trembled, and he ended up kneeling on the ground!

The people brought by Thomas could feel the powerful auras of the people from The Guardian. It was terrifying and oppressive.

Under that kind of aura, they couldn't help shivering.

Colin, who had been extremely worried and anxious, saw such a scene and his eyes were full of disbelief and shock.

Lydia, who thought that she was sure to win and got lucky, opened her eyes wide and looked at Dorothy with fear.

Dorothy had The Guardian with her! Not only had she heard of them, but the higher-ups of her family had also warned her not to provoke them!

However, so many people from The Guardian had shown up.

Moreover, from what they said, their Master was also there?

Who was their Master?

Colin and Lydia looked at Dorothy at the same time.

They frowned and finally shook their heads.

How was that possible?!

How could the leader of The Guardian be a 19-year-old girl who just came out of prison?!

It was absolutely impossible!

Before they could react completely, everyone from The Guardian knelt on their knees in front of Dorothy. Their voices were loud, devout, and respectful.

Their voices were loud, devout, and respectful as they said, "Greetings, Master!"
