

My Life 2341

Chapter 2341: You are the best gift (47)

The moment Fanny was stunned, Lin Haolin, who was tied up like a dumpling, finally understood what was going on. He stared at the pressure that fan Yu was giving him, without thinking, he said, "Uncle Fan, I really like that girl. And I promise you that I will work hard for her. I will not be as unreliable as before."

Fan Yu:"..."

Fan Fan:"..."

Fan Ni:"..."

Fan Yu raised the vine in his hand and gritted his teeth. "You Little Brat, what did you say? If you have the guts, say it again!"

What did he say? He had ill intentions!

He had guessed correctly.

He actually dared to admit it in front of him and ask for his consent.

His consent was a ghost!

"Xiao Ni, Tell Daddy, is what he said true? Are you guys really in a relationship?" Fan Yu wanted to beat Lin Haolin to death, but in front of his daughter, he endured it and turned his head to ask.

He wanted to wait for a definite answer so that he could kill the bastard who dared to abduct his daughter.

Fan Ni:"..."

Fan Ni really did not expect Lin Haolin to admit that they were in a relationship in front of Fan Yu.

But they were not in a relationship at all.

If it was before she saw fan fan, Fan Ni would definitely explain it clearly. But in front of fan fan, if she denied that Lin Haolin was the person she liked, then Fan Yu would definitely ask her who she liked..

When the time came, how would she answer?

Fan Ni had a headache.

She had not been in a good state recently, but she had not fallen behind in her studies.

After she had decided to study abroad, she had already prepared the relevant courses in advance. She had never expected that her teacher would be worried that she would visit her at home at this time. Her father had even dragged Lin haolin into this because of a misunderstanding.

Now, denying her puppy love would not work, and admitting that she could not be together with Lin Haolin would not work either. Fanny was completely dumbfounded.

Her silence, in everyone's eyes, was equivalent to admitting it.

Fan Yu's face instantly turned as black as the bottom of a pot, and a vine lashed onto Lin Haolin's body.

"Dad!"

Fanny panicked and subconsciously protected Lin Haolin in front of her.

Her father had doted on her since she was young, and could not bear to touch her even with a single finger. Fanny only did not want fan Yu to accidentally hurt Lin Haolin. She had not expected that, in the eyes of others, her act of protecting Lin Haolin without risking her life had become true love.

Fan Yu stopped in his tracks.

He could not swing the vine that he had lifted up no matter how hard he tried. He stared fixedly at fan ni who was blocking his way.

"You... you told father that the person you love the most is father. Have you forgotten that you are reluctant to leave father?" Fan Yu's heart softened and his eyes turned red as he recalled the past.

Compared to worrying about his daughter's results, he was more worried that his little princess would be kidnapped and he would end up worse off than Yu Yuehan.

Fan Yu was secretly sad. "You promised Daddy that you wouldn't fall in love so early. Have you forgotten... you've forgotten all the promises you made to Daddy when you were three years old..."

Fan Ni: "..."

Fan Ni: "Daddy, I haven't forgotten, I..."

When fan ni saw fan fan standing at the door, she did not know how to explain herself. She simply turned around and untied the ropes on Lin Haolin's body first.

Lin Haolin grabbed her hand and looked touched. "Girl, I only know now that I'm so important in your heart."

Fani: "..."

Fani lowered her voice and said in a voice that only the two of them could hear, "If you're not dead, you can go home first. I'll settle the score with you later for the nonsense you said in front of my father!"

Chapter 2342: You are the best gift (48)

"... My Back Hurts." Lin Haolin knew everything. It was easy for him to act pitiful.

Fan Yu was really merciless when he hit him just now. It was not an act for him to cry out in pain now.

Fan Ni was worried that something really happened to him. She asked the butler to get the medical kit and pulled Lin Haolin into her room.

Fan Yu was in the living room. When he saw this scene, he was so angry that he almost fainted.

If it wasn't for Qiao Yuanfei holding him back, he would have followed her in and pressed Lin Haolin to the ground. He would have punched him a few more times and 'applied the medicine' properly!

"Fan Fan." Qiao Yuanfei was trying her best to pull fan Yu who was about to go crazy. When she saw her son coming in from outside, she called out in surprise.

Fan Yu turned around to take a look as well.

Fan Fan, who had been standing at the door the whole time, saw the situation and walked towards fan Yu and Qiao Yuanfei.

"Dad, Mom."

"When did you come back? Why didn't you tell Mom in advance? And why do you look so pale?" Qiao Yuanfei asked as soon as she saw her son, she immediately let go of Fan Yu's hand and held onto her son who she had not seen for a few months.

"You've lost weight, and you look haggard. Are you upset because you broke up with the Zhong Girl? You haven't been home, and I'm worried about you."

Fan Yu: "..."

Fan Yu wanted to interrupt a few times, but he could not. He stood at the side, feeling stifled.

He had just lost his daughter's love, and now that he was about to lose his daughter-in-law's love, he felt terrible.

The front yard lost, the back yard on fire... Fan Yu in addition to dry stare, a can not hit can not scold.

Heartburn.

It's depressing!

I Can't live like this.

Fan Yu Huffed and turned to go upstairs.

"Where are you going?" Qiao yuanfei took the time to ask.

Fan Yu did not look back: "Pack your bags, run away from home!"

Qiao Yuanfei: "..."

.."

In the room.

Fan Ni took the medical kit from the butler and asked Lin Haolin to take off his clothes.

Lin Haolin's face was red as he covered his chest. "Girl, do you have to be so fast? I'm a little shy."

Fan Ni rolled her eyes and almost rolled her eyes. "Didn't you say that you were in pain? If you don't take off your clothes, how am I going to apply medicine to the wound on your back?"

Lin Haolin: "... Just Apply Medicine?"

"What did you think? You're so beautiful! Do you really think that you're my boyfriend just because you spouted some nonsense in front of my dad?" Fanny saw that he was stunned and did not move. She reached out her hand to lift up the clothes on his back.

Just as she reached out her hand, Lin Haolin reached out and grabbed her hand, suddenly, he said seriously, "I said that just now. I didn't mean to take advantage of you. I know that you don't want people to find out who's the reason why you're in a bad state recently. I just thought that as long as I admit it, your parents won't suspect anyone else. Uncle Fan and my dad are the same kind of people. He's just fierce with his words, so he won't really make things difficult for me."

"..." Fanny's throat tightened as she looked at Lin Haolin in surprise.

She did not expect that there was a delicate heart hidden beneath his casual exterior.

She was touched in her heart, but her mouth was still fierce. "Don't look down on my father. His only weakness is me and my mother. If we find out that someone is trying to kidnap his daughter, he might really break your legs."

Lin Haolin raised his eyebrows indifferently. "What does that matter? You will definitely save me."

Lin Haolin's eyes were burning as he stared at Fanny. He recalled the scene where Fanny stood in front of him and protected him. There were some words that he could not stop himself from saying.

"Girl, I really like you. I know that you have someone in your heart. I don't mind. You Don't have to give me any answers. Just let me stay by your side."

Chapter 2343: You are the best gift (49)

"I'm not asking you to give me a response right now. As long as I can see you every day, I feel in a particularly good mood. Even my hard work has become meaningful," Lin Haolin said sincerely.

"..."

Fanny was stunned. Her face was full of surprise.

Lin Haolin was usually not serious. He always liked to tease her shamelessly.

She despised Lin Haolin and liked to tease him, but she was used to this way of dealing with him.

She did not think that Lin Haolin's love was serious and that he would suddenly confess to her so seriously.

Fanny came back to her senses and looked a little panicked. She wanted to say something, but she did not know what she should say at this time.

She had good grades and was beautiful. She was often confessed to since she was young, but every time she was confessed to, her father and brother would help her deal with the aftermath. This was the first

time that Fanny had.., to face a confession by herself... she stood rooted to the ground, somewhat at a loss.

Lin Haolin did not come back to his senses even after he left.

It was not until Qiao Yuanfei saw that she had been alone in the room for too long that she knocked on the door and called for her to eat.

When Fanny walked out of the room, the entire family was there.

Fan Yu had run away from home, but it was only a ruckus. Qiao yuanfei only needed to coax him a little.

However, because of Lin Haolin's matter, his face was still dark. He crossed his arms and sat at the dining table without saying a word.

He was like a child who was angry and did not eat. He was waiting for someone to coax him.

"It's fine if you don't want to coax him. Just let him be angry." Qiao yuanfei stood beside fan ni and reminded her softly.

Fan ni glanced at her mother. She thought for a moment and walked forward. She reached out and tugged at the corner of Fan Yu's shirt. She called out obediently, "Daddy!"

Fan Yu ignored her.

"Daddy, I know I'm wrong." Fanny let go of the corner of his shirt and pinched her earlobes with both hands. She said obediently, "If Daddy is angry, just hit me. Don't be angry and damage your body. My Heart Will Ache for you."

"Do you only have that Brat named Lin in your heart now? Do You Still Have Daddy?" Fan Yu asked jealously.

Fanny quickly continued, "How can he compare to Daddy? In My Heart, Daddy is the most important person in the world. I Love Daddy the most. I swear!"

"... Really?" Fan Yu raised the corner of his eyes slightly and glanced at her suspiciously.

The corner of his mouth could not help but float up.

He forced himself to be calm. "If you really care about dad, break up with that kid surnamed Lin. You're still young. Dating now will affect your studies... if that doesn't work, you two should keep a low profile. You're not allowed to show off your love in front of me. You're not allowed to go out on dates at night and not come home. I can turn a blind eye to other things."

"..." Fanny almost could not hold back her laughter.

She really wanted to give Yu Liulu a call and ask her to come over and take a look.

Compared to Uncle Yu, her father was simply too merciful.

Fanny was so touched that she reached out and hugged fan Yu's neck. She kissed him on the cheek and said, "I knew that Father is the best to me. I will listen to father in everything!"

Fan Yu was completely at his wit's end.

What could he do about the little princess that he had pampered so much? Of course, he would continue to pamper her!

After coaxing fan yu, fan ni finally heaved a sigh of relief and sat down on the chair beside her.

Just as she was about to pick up her chopsticks to eat, she thought of something and her hand paused slightly. She raised her head to look at the opposite side.

Fan Fan was sitting opposite her. He was eating with his head lowered and his face expressionless.

It seemed that he was not affected by the farce just now.

And he did not care if she had a boyfriend... Fanny's palm tightened. She looked at the table full of dishes that she liked and suddenly lost her appetite.

Chapter 2344: You are the best gift (50)

Fan Fan did not raise his head but he knew that someone was looking at him.

When he noticed her gaze, he subconsciously wanted to look at her. However, when he thought about how she had protected Lin Haolin just now, his chest felt as if it was stuffed with something.

The chopsticks were still sending food into his mouth, but he could not taste the food.

He was worried that he would lose control of his emotions and let his parents sense something in front of him. He lowered his head and continued eating.

She could only ask herself again and again if he had come back late... she no longer liked him and had fallen in love with someone else..

At the thought of this possibility, the light in fan fan's eyes grew dimmer and dimmer. His face, which had just recovered from his illness, grew paler and paler.

He clenched the chopsticks in his hands tightly.

"Fan fan, why are you only eating and not eating? These are all your favorite dishes. There's your favorite tofu. I made it for you personally. Have a taste." Qiao Yuanfei picked up a piece of tofu from fan fan's bowl, her heart ached.

"You've lost weight after staying outside for a few months."

"..." fan fan looked at the tofu in his bowl and his eyes sparkled.

Actually, the person who liked eating tofu was not him, but fan ni.

She had liked eating tofu since she was young.

There were all kinds of tofu. She liked all kinds of tofu as long as it was tofu.

However, she liked too many dishes. No matter how biased her parents were towards their daughter, they still had to take care of their son. The dishes prepared at home were usually prepared according to the siblings' preferences.

Fan Fan was used to taking care of his younger sister, so he deliberately reported his own dishes according to her preferences.

Every time, the dishes at home seemed to be prepared according to their preferences, but in fact, they were all dishes that fan ni liked to eat.

This tofu was the same.

Fan fan came back to his senses, picked up the tofu and took a bite. He swallowed it and said, "Thank you, Mom."

"What do you mean thank you? You're home now. If you like to eat, I'll Cook for you every day." Qiao Yufei picked up a few more pieces of tofu into his bowl and said with a smile.

While she was putting food into her son's bowl, she also put some into her daughter's bowl.

Fan fan saw that Fanny had not eaten anything but only two pieces of tofu. His eyes twinkled as he answered qiao yuanfei, "Okay."

Qiao Yuanfei was very pleased.

It was said that the older her son was, the more thoughtful he would be. He would not be as close to his parents as he was when he was young. Seeing that fan fan was still the same as before and liked her care, Qiao Yuanfei was really happy.

She could not help but ask.

"Where have you been these past few months? I've also heard about the Zhong family. Why did you break up with that child, Rui Shu?"

With a thud, fan ni knocked over the glass of water beside her. Some of the water spilled on her clothes, and she quickly stood up.

"I'm going to change."

Fan Ni ran away. When fan fan saw her back, disappointment flashed across his eyes. He explained a few things to Qiao Yuanfei and continued eating.

When she was changing, Fanny did not take long before she returned to the dining table.

Seeing that Zhong Rui Shu's conversation was over, she secretly heaved a sigh of relief.

Just as she sat down, Qiao Yuanfei spoke again.

"Fan Fan, you're not young anymore. It's fine if you're not fated to be with Rui Shu, but you don't come home to stay. You Don't Tell Mom and dad what happened to you outside. You Don't have anyone to take care of you, and you look so pale... I think I'll have to introduce you to a girlfriend. Tell me what kind of girl you like."

Hearing this, Fanny unconsciously looked at Brahman.

Brahman met her eyes and slowly opened his mouth: "Mom, I have someone I like."

Chapter 2345: You are the best gift (51)

When she said this, not only Qiao Yuanyuan's eyes widened, fan Yu could not help but look up at him.

Fanny's chopsticks fell to the ground. She bent down to pick them up. She clearly saw the chopsticks right in front of her, but she could not reach them no matter how hard she tried.

A layer of mist appeared in her eyes. She reached out to wipe her eyes. When she saw the chopsticks in front of her clearly, she quickly grabbed them.

Just as she was about to stand up from under the table, she heard Qiao Yuanfei Ask.

"Whose child is it? Bring it back for mommy to take a look. You Child, how can you hide such things from your family? You should have told your parents earlier or brought it back for us to take a look."

After Qiao Yuanfei finished speaking, she was afraid that fan fan would feel pressured, so she added on.

"Don't worry, your father and I are both open-minded people. As long as it's a girl that you like, we won't Be Picky."

"..."

When fan fan heard this, his eyes flickered slightly and his expression was a little moved. He wanted to say something but felt that the timing wasn't right. After hesitating for a few seconds, he said.

"She hasn't agreed to be with me yet. When she has confirmed her relationship with me, she will ask for my parents' consent."

"Alright, Alright. I Won't rush you. As long as you and Xiao Ni can take good care of yourselves, you can be with whoever you want. Xiao Ni is a little young. Dating at this time will easily delay her studies, but it won't be absolute. I think that child from the Lin family is also a sensible person. Perhaps if the two of you are together, you will improve faster in your studies."

After Qiao Yuanfei was done caring about her son, she continued to talk about her daughter.

Her words were deliberately said for fan Yu to hear.

Fan Yu snorted and pretended not to hear and did not respond.

Fan Ni had no way to explain, so she could only change to a pair of chopsticks and eat with her head lowered.

Fan fan pondered for a moment and then said in a pertinent manner, "Lin Haolin may look innocent and harmless on the surface, but he is actually a black-bellied guy. Xiao ni will be at a disadvantage if she is with him."

Fan Ni did not expect him to comment on Lin Haolin in such a serious manner. She was stunned.

Qiao Yuanfei did not reply. Fan Yu was high.

He put down his chopsticks and almost stood up excitedly to applaud fan fan.

“You are absolutely right! You are indeed my son. Fan Fan, repeat what you just said to your sister ten times... No, a hundred times!”

Fan Fan:“...”

Fan Ni:“...”

“Love makes women blind. Only we men have sharp eyes.”Fan Yu found an ally. After being sullen for so long, he could finally spit it out.

He pulled fan fan and criticized Lin Haolin thoroughly.

Fan fan just listened quietly. From time to time, he would look at fan ni. When fan ni did not respond, he was expressionless.

When Fanny defended Lin Haolin, he was still expressionless, but his eyes could not help but flash with disappointment, and the uneasiness in his heart grew.

After the meal, the atmosphere at home returned to normal.

Fan Yu pulled fan fan to drink tea, talking about recent work arrangements.

Fanny was not like in the past, when she saw fan fan coming home, she clung to him. She came out of the dining room and went straight to her room.

Fan fan saw her go back to her room and closed the door. His pupils contracted slightly.

Fan Yu saw it too and snorted with jealousy, “This girl used to say that she loved her father and brother the most. Now that she has a little boyfriend, she doesn’t even care about us anymore.”

Fan Fan’s heart ached.

After discussing with fan yu about the work arrangements of the fan corporation, she went back to her room and lay on the bed, tossing and turning, unable to fall asleep.

Her mind was filled with images of fan ni rushing forward to block fan Yu’s vines for Lin Haolin and protecting him.

Chapter 2346: You are the best gift (52)

Did he really... come back late?

Sleepless night.

The next morning, Brahman got up very early and personally went to the kitchen to make breakfast. Then he went to wake up Fanny.

Fanny was lazing in bed. She did not hear clearly who was calling her out of bed. She buried herself in the quilt and directly said that she would not eat.

Outside the door, Fanny felt uncomfortable again.

It was different from the past. In the past, when he did not have time to make breakfast for her, she would always pester him and want to eat his food.

Now that he had finished making breakfast and brought it to her, she no longer cared.

Fanny looked at the breakfast that was just made in her hand and brought it back to the kitchen sadly.

When Fanny woke up, Fanny had already gone to the office with Fan Yu.

She sat on the bed alone, her hand reaching out to rake her messy hair. Her eyes were glazed over from staying up all night, and there were also dark circles under her eyes.

She had returned to her room very early yesterday, but she had slept very late.

She kept thinking about who fan fan was referring to when he said he had someone he liked.

In her memory, other than her and Zhong Rui Shu, he had never had any private contact with any other girls, not even those at work.

The men of the fan family were famous for their clean bodies.

What made Fanny's heart palpitate was that when fan fan answered Qiao Yuanyuan's question yesterday, he was looking at her..

Her heart skipped a few beats at that time.

She reminded herself to stop dreaming. She had been dreaming for so many years, could she still not wake up.

However, when she thought of the look in his eyes at that time, her heart could not help but beat faster.

Her thoughts ran wild until midnight, when she fell asleep in a daze. She vaguely remembered that when she closed her eyes, the outside of the window had already turned white.

It seemed that someone had come to wake her up in the morning, but she did not hear it.

Forget it, forget it, forget it.

Ever since she had seen fan fan chase after Zhong Rui Shu with her own eyes, she had told herself that she had to give up and give up.

Since she had already decided to study abroad and start a new life, she could not let her imagination run wild just because of his careless words.

If he really liked her, he would not have broken up with Zhong Ruishu for a few months and not come back to visit her.

Fanny got out of bed, put on her slippers, and went into the bathroom to wash up.

After washing her face, she opened the window to get some fresh air.

The cool breeze blew on her face, bringing with it a hint of coolness. It instantly woke her up from her delusional thoughts.

Fanny let out a light sigh, casually put on a coat, and turned to walk out of the door.

There was actually a class today, but Fan Yu and Qiao Yuanfei noticed that she was not in a good condition. They were worried that she would not be able to take it, so they asked for a day off for her.

Fanny woke up at this moment and it was almost noon.

There was no one in the house.

She was the only one. She floated into the kitchen to find some food and floated out again. She held a cup of water and sat cross-legged on the sofa.

Looking around, the empty room made her suddenly miss lil eight and the four little dogs.

She wondered if Tang Qianqi would agree if she asked him to raise a little dog.

Forget it. It would be faster to find sister Liuliu than Tang Qianqi.

Fanny had just taken out her phone and was about to call Yu Liuliu when the butler walked in from outside. There was someone behind him. "Miss, Miss Liuliu is here."

"Sister Liuliu..."

Fanny was stunned on the sofa. She glanced at Yu Liuliu who appeared in front of her and then looked at her cell phone.

It was as if she suspected that she was hallucinating.

She was just about to look for Yu Liuliu when Yu Liuliu appeared.

Chapter 2347: You are the best gift (53)

"Xiao Ni, I'm here to see Brother Fan. Are You At Home?" Yu Liuliu followed the butler in and greeted Fani first before asking hesitantly.

Hearing this, Fani was stunned.

"My Brother isn't here. He should have gone to the office with Dad. So should mom. I'm the only one at home."

Fanny's mood improved a lot when she saw Yu Liuliu. She pulled her to sit on the sofa and the Butler went to pour some tea for Yu Liuliu.

It seemed that he wasn't going to let her leave.

"Sister Liuliu, why are you back? Did Qiqi come back with you? Why isn't he here? You Don't even know. Dad helped me apply for leave to not go to school, and there was no one at home. I was bored to death

by myself. I was just about to ask you to borrow little twelve to raise him, but now that you're here, I'm not bored anymore."

As soon as Fanny finished speaking, she realized that Yu Liuliu was not listening at all.

She kept turning her head and sizing up the fan family's villa.

Fanny tugged at her arm. "What's wrong? You're acting weird today."

"No, it's nothing. If Brother Fan isn't home, I'll be leaving first. Are you feeling better? I'll come visit you another day." As Yu Liuliu spoke, he was about to stand up from the sofa.

Fanny noticed something and grabbed her arm tightly. "What happened? Is it related to my brother?"

"... It's nothing. I just miss Brother Fan. I want to visit him." Yu Liuliu forced a smile.

Fanny had grown up with her. How could she not notice when Yu Liuliu was smiling for real and when he was pretending.

Fanny's heart sank to the bottom of the ocean. She recalled what Fanny had said at the restaurant yesterday, and a shocking thought suddenly came to her mind, she blurted out, "Sister Liuliu, don't tell me that you and my brother... he just broke up with Zhong Rui Shu, and yesterday at dinner, he told my mother that he has someone he likes... And now you insist on looking for him..."

Fanny was shocked, her words were a little incoherent.

In the end, she did not even know what she wanted to say.

Yu Liuliu was also shocked when she heard that. "What nonsense are you spouting? I have Qi Qi. I came to see him because I'm worried about brother Fan's health. Besides, he's always liked you, what does that have to do with me?"

Yu Liuliu spoke too quickly, and it was too late to retract her words.

Seeing the shocked expression on Fanny's face, she covered her eyes with her hands and did not look at her.

When she came back to her senses and wanted to leave, Fanny had already grabbed onto her. Her voice was trembling as she said, "Sister Liuliu, you said just now... my brother has always liked... liked who?"

Yu Liuliu: "..."

Yu Liuliu wanted to pretend to have amnesia now. She did not know if it was too late.

"Sister Liuliu!" Fanny did not wait for her to speak. She stood up from the sofa and said, "If you don't tell me, I will ask him myself."

"Wait!" Yu Liuliu pulled her back with a hesitant look on her face. On second thought, when fan fan heard that fan ni was going abroad, she immediately rushed home from the hospital. She probably could not bear to part with her.

Fan Ni was so emotional right now. If she was really asked to go to the company to ask fan fan, who knew how things would turn out.

Yu Liuliu could not avoid it. She could only accept her fate and pull fan ni back to the sofa. She sighed and said, "Brother fan did not say anything. It was just that I accidentally heard it..."

Yu Liuliu told Tang Qianqi about how he and Tang Qianqi went to look for fan fan on a whim. In the end, they saw him fall ill in the rubbish heap.

"Brother Fan Fan was delirious from the fever. He was so drunk that he fell to the ground and kept calling out your name."

Chapter 2348: You are the best gift (54)

"When we sent him to the hospital, the fluid in his lungs was already very serious and almost turned into pneumonia. If it wasn't for the coincidence that I went with Qi Qi, I don't know what would have happened to him..."

Before Yu Liuliu could finish his sentence, Fanny's eyes were already red with disbelief.

She bit her lips tightly and controlled her emotions.

"He didn't avoid me on purpose during the few months he disappeared. Was it because he was in the hospital?"

"..."

"When he was sick, I was the one who kept shouting at him?" Fanny asked the second question, tears streaming down her cheeks.

She had always thought that Fanny did not want to go home for the past few months because he did not want to see her.

Later on, when she found out that he had broken up with Zhong Rui Shu, she also thought that he might be in a bad mood because he had just ended a relationship and wanted to go out for a walk.

Fanny had never expected that fan fan was sick.

His cold had dragged on until his lungs were filled with water.

He was already so sick, yet he was still drinking..

What shocked her the most was that before fan fan fainted, she was the one who had been shouting at him!

So, it wasn't that she was unrequited. Her brother liked her too, right?

"I can't be sure about the matters of love either. I can only tell you what I know. Moreover, I've thought about it carefully. If brother fan doesn't like you, there's no need for him to find me to act and lie to you. The reason he found me was actually because he knew that you wouldn't fight with me for the person he liked. But think about it, why did he have to go through so much trouble? He might as well tell you that he doesn't like you and come straight to the point. Qi Qi has analyzed it with me. He speculated

that brother fan liked you too much and was unable to reject you personally. He could only use me to set you up so that you would know when to back off.”

Yu Liuliu whispered.

He told her everything he knew, and then he told Fanny his purpose for coming here today.

“I knew that you were planning to go abroad, so I couldn’t control myself and told brother fan about it. I didn’t expect him to come back from the hospital soon. The Doctor said that although his body has fully recovered, he still needs to rest for a while... anyway, remember to take good care of yourself and try to take care of him. I’m leaving.”

After Yu Liuliu finished speaking, he was worried that he had said too much and did not dare to stay any longer.

Without waiting for Fanny to come back to her senses, he patted his butt and left.

As soon as he walked out of the door of the fan family, he immediately sent a message to Tang Qianqi.

He asked him to book a flight back to City A.

Tang Qianqi was dumbfounded. Yu Liuliu did not bother to beat around the bush and said directly, “I’ve revealed all of Brother Fan’s secrets. I have a feeling that something big is going to happen. If I don’t leave now and wait for Brother Fan to come back, I’m afraid I won’t be able to leave.”

Tang Qianqi:”...”

—

In the living room.

Fan Ni had been sitting on the sofa in a daze.

Yu Liuliu had been walking for almost an hour and her posture had not changed at all.

During this one hour, her mind had been filled with many things.

At first, she had wondered if fan fan really liked her.

After she had convinced herself that fan fan might really like her, she had started to think again. If fan fan liked her, why did he keep pushing her away?

Was it because he was worried about the eyes of the secular world, or was it because he was worried that his parents wouldn’t be able to accept it?

Also, Yu Liuliu said that he came back for her, but he hadn’t said a word to her since he came back. If he didn’t say anything, what should she do?

Should she go abroad according to the original plan, or should she take the initiative to talk to him?

Fan Ni was completely at a loss..

At this moment, her phone rang.

It was a call from fan Yu's assistant.

"Miss, Fan said that your coming of age ceremony is next week. He asked me to ask you what you want for your birthday. He can fulfill one of your wishes."

Chapter 2349: You are the best gift (55)

Her birthday..

She almost forgot her 18th birthday.

Fani was holding her cell phone. When she heard her assistant's words, she seemed to come alive.

"I do have a birthday wish..."

—

Fani's coming of age ceremony arrived in the blink of an eye.

Although fan Yu had two children, he only had one daughter.

She had been pampered and pampered since she was young. She was even more precious than a golden lump.

The coming of age ceremony meant that her daughter had grown up. In the future, she would have to learn to leave her parents and fly alone.

How could fan Yu bear to see her suffer? He was going to use this coming of age ceremony to invite his family and friends to attend. He was going to properly recognize her face. If he saw his precious daughter outside in the future, he would be able to help take care of her.

With Fan Yu's words, the entire fan family was doing their best to arrange it.

The banquet was held in the banquet hall on the first floor of the five-star hotel under the Fan Corporation. The number of guests attending the banquet that day was as many as ants gathered together.

Fan Yu and Qiao Yuanfei held their wine glasses and toasted to the guests who were coming and going.

Fan Ni hid in the dressing room alone.

The large dressing room was prepared by fan Yu for his precious daughter. It was already filled with gift boxes.

Fan Yu had announced in advance that fan ni would not accept gifts for her coming of age ceremony. The gifts in the dressing room were all from the fan family and uncle Yu and the other uncles.

Fan Ni sat by herself for a while. She thought of something and turned her head to look through the gift boxes.

After searching for a long time, she only found the gifts that Tang Qianqi and Yu Liuliu had given her.

Yu MUYANG and Little Bengbeng had already flipped through the gifts, but they could not find fan fan's gifts.

Fan Ni pouted in disappointment and sat back down on her chair.

Fan Fan was not here yet..

He must have been delayed by something. Since he was not here, it was normal for him to not have his gift here.

Fan Ni thought of her plan for today. She sniffed and tried to cheer herself up again.

Since she had already decided to do it, she should not regret it or hesitate.

Fanny clenched her fists and pumped herself up. She looked up at herself in the mirror.

Her skin was very good. It was white and red. It was full of collagen. She did not need makeup at all.

Today's occasion was very formal. Qiao Yuanfei specially hired a stylist to help her with her style.

Her waist-length hair was braided on both sides. Then, she tied it into a bun at the back.

On top of it was a small diamond crown, paired with a custom-made princess dress..

There was a hint of nobility in her playfulness.

Today's Fanny was absolutely beautiful and moving. Her temperament was outstanding.

"Knock Knock –"

Not long after Fanny entered the dressing room, someone came to urge her.

"Miss, president fan said it's about time. He wants you to come out and prepare to cut the cake."

"I'll be right there!"

Fanny let out a breath and stood up from the chair. She lifted the hem of her dress and walked out.

She had something on her mind and she felt a little dizzy walking.

When she walked out of the door, she tripped on her dress and almost fell down.

A strong arm firmly held her waist and helped her up.

Fanny looked up and saw that it was Fanny who was helping her up. She blinked blankly and said, "Brother, you're here."

"Yes." Fan Fan's eyes lit up when he saw her. Then, he returned to normal and opened his mouth.

"Everyone is waiting for you to cut the cake. I was worried about you, so I came to look for you."

He was wearing a white suit today. He had a handsome face and his facial features were deep.

Chapter 2350: You are the best gift (56)

He was assigned by Fan Yu to take care of his younger sister as soon as he arrived at the venue.

Actually, he did not need fan Yu's instructions to come and look for her. There were some words that had been kept in his heart for too long..

Fan fan narrowed her eyes and hid the emotions in her eyes. She extended her arm towards her and said, "Hold my hand. I will bring you there."

Just like Yu Yuehan, Fan Yu had protected his daughter very well since she was young.

There were many people who had heard of the name of the eldest daughter of the fan family, but very few had seen her in person.

Fan Ni followed fan fan fan into the venue. When the lights dimmed and the spotlight fell on them, the surroundings were filled with exclamations.

"She is so beautiful. The eldest daughter of the fan family really lives up to her reputation."

"She has such a good temperament. I heard that she is also a straight-a student. It is said that she has money, looks, and an extraordinary IQ. She Won't let ordinary people live."

"If you win her heart, you won't be an ordinary person."

"I wouldn't dare. I heard that fan is famous for his daughter fetish. Not long ago, he beat up Lin Haolin because Lin Haolin was chasing his daughter."

"As long as I notice that the eldest son of the fan family is also very handsome?"

"No, you're not the only one. I've been staring at him for a long time..."

Fan Ni's words were all over his ears.

There were also some people who were praising fan fan fan.

Fan Fan had never pretended to be mysterious. He had taken over the fan corporation a long time ago and often walked around outside.

However, he was very handsome and had an imposing aura. Many of the people who came to the fan family's banquet had brought their daughters with them. When they saw fan fan fan, they could not help but scream.

Fanny turned to look at fan fan. Seeing that he did not have any expression on his face, she was just about to look away when the hand that was holding her suddenly tightened.

Fan fan met her gaze and the corners of his mouth curled up. "Just listen to these compliments. Don't take them seriously."

Fanny:"..."

Was he complimenting him or her?

Did he know how to chat?

Fanny cursed in her heart and imitated him as she walked forward expressionlessly.

She walked all the way to the front of the banquet hall and stood in front of the table where the cake was placed.

Fan Yu and Qiao yuanfei were already standing there, waiting for their children.

Seeing that fan Yu had brought Fanny over, fan Yu immediately went forward and brought Fanny to the front, introducing her to everyone solemnly.

Throughout the entire process, Fanny was very obedient.

With a faint smile on her face, she greeted the guests in the hall. However, as soon as fan Yu turned around, she immediately slipped away.

Thinking about her own plan, she did not forget to drag fan fan along as she slipped away.

“Xiao Ni, where are you going?”

Fan fan frowned. He was about to remind her that this was an official occasion and she could not mess around.

However, seeing that she took the initiative to hold his hand, his eyes flashed and he chose to indulge her.

In one breath, fan ni pulled fan fan out of the banquet hall and stood on the empty grass outside. She finally stopped to catch her breath.

“It’s too noisy inside. It’s so noisy that my ears hurt. I can’t even speak properly.” Fanny paused and turned to look at fan fan.

She swallowed nervously.

This was the first time she had heard from Yu Liuliu that her brother had been alone with her since that day.

It hadn’t been that long, but she felt as if it had been a very, very long time.

It was so long that she felt as if it had been a lifetime since she could look at him so quietly.

She had a lot of things to say and many questions to ask.

For example, did he like her or not?

For example, did his sudden return have anything to do with her?

And what Yu Liuliu said, was it true..

People were sometimes so strange. The closer they got to the truest answer, the more afraid they were.
