

## My Mate Prologue - Tips

My name is Hope I am 17 years old and my father Brian Ward is the Beta of the Golden Moon Pack. He is a very well known man with a lot of power within the country. To me he is the best dad a girl could ask for. My mother Katherine is my idol. She is what every woman should be. She's intellectual, beautiful and very down to earth.

My parents found out they were mates when they were young and have been inseparable ever since. Because dad is Beta and most his work is within our pack, they spend most of their time at the pack house.

A huge white mansion in the middle of a beautiful dense forest. I don't go there often myself because I try and live as normal as I possibly can. Even though as you might have guessed I'm not your typical teenage girl.

The high school I go to is run by wolves but has both human and wolf students. The administration and most of the staff are all wolves though. I have a great group of friends within our pack and we all go to the same school.

I love my group of friends we have known each almost all our lives. In our group I'm known as the "good girl" I love hanging out with friends and partying but I also enjoy reading a lot, being around my family and I care about my school work.
