

My Mate Chapter 19 - Tips

Hope

“Over your dead body? are you nuts?”

“You’re not going” he says

“I AM going and why are you going through my phone anyway? I looked up at him and he glares down at me making me take a small step back. He doesn’t answer my question.

“Gavin and Jason both huh....you guys are something else” He takes a step closer to me sneering. I can’t believe he’s making a big deal out of this.

“When did you make these plans with them?” His voice is low but his eyes are full of rage, I stay quiet. “When I was away or during our time together here?

“No this was on Friday at school and I didn’t make plans with THEM!” All of us, including your sister, are going” and I don’t know why you’re making a big deal out of this.

“I told you to stay away from the son of a b***h, Gavin” He shouts

“And I did! I don’t how he found out that I was going. He probably heard it from someone at school.

“That’s too bad for the motherfvcker because you’re not going!”

I roll my eyes as I try to walk past him but he grabs my arm

“Don’t walk away from me”

“Let go of me” I try to pull away.

“Watch it! I might be a gentleman but I have no problem marking you right now whether you’re old enough or not, I couldn’t care less! that way my scent will be all over your body and every fvcker will know who you belong to”

My body reacts to him in mysterious ways, rather than being mad at him, he’s turning me on.

"I already told Gavin that I have a boyfriend!"

"Oh yeah and when did you tell him huh?"

The more I explained the angrier he is getting, "Zayn you're making a big ... "

"WHEN DID YOU TELL HIM?" I almost jump at the sound of his voice roaring

"He kept asking me to go out with him until I told him... I was surprised when he sent me a message... but he did say we are friends so it's no big deal" I say trying to get him to calm down.

He clenches his jaw "No big deal?...how would you feel if I was going out with someone I knew bothered you?" I know who he means.

"I'm not going out with Gavin or anyone else. I agreed to give us a chance and I...."

he cuts me off with a sarcastic laugh "Give us a chance? You don't have a fvcking*g choice! or did you think I would ever let you go to be with someone else?"

I cut him off this time "You're right I don't have a choice I love YOU and I want to be with you and nobody else....but you're not being fair!" He looks shocked for a few seconds, then he sighs and closes the distance between us embracing me into his arms.

Zayn

I was this close to losing my sh!t, but when she said she loves me I felt a tug at my heart, she said it with so much emotion and conviction I wanted to hold her and make all her pain and worry go away. She wants to be with me and only me.

I stood there staring at her in awe, taking in what she had just said. Hunter howled in ecstasy! I can't explain the things I felt when I heard her say she loves me. I hugged her and she melted into me like she always does. I brought her chin up so she would look at me and kissed her, fvck, this girl is everything to me.

I walk over to the couch and sit down with her on my lap. She curls up into me as I run my hands through her soft beautiful hair. My life is complete I have my

baby in my arms and she loves me. She stayed still with her head buried into my chest, Hunter was so calm and relaxed I could hear him almost purring. She looks up at me through her lashes and I can't help but smile at her gorgeous face.

I gently bring her face up a little and kiss her...but that's never enough for me. I turn her around so now she's straddling my lap.

"I told you, you were mine", I say to her

"And you're mine" her eyes light up making my heart swell, I take her face in my hands and kiss her, devouring her mouth until she's grinding against me.

"Damn baby you taste so sweet", she moans in my mouth then pulls away from me with a dazed look on her face, it takes all my strength to not to take all her clothes off and give her what she wants.

"After you turn 18 you're moving into the pack house and staying with me." I tell her but she remains quiet then she smiles

"Can we decide later?" She puts her head on my shoulder and cuddles into me.

"You don't want to move in with me?" I ask her. She plants a kiss on my neck

"It's not that, I just don't want to leave my parents so soon."

I understand how she feels, she's their only child and Hope has a very special relationship with her mom and dad, most teenagers her age don't get along with their parents or they rebel against them for whatever reason. But my baby is so sweet and loving. Still, I can't stay away from her much longer she has to stay with me but I won't mention it to her again now.

She stays on my lap until I lay down on the couch and pull her up on top of me. Her scent consumes me and I feel my baby start to drift off into blissful sleep. I know she's going to want to go out with her friends tonight but I'll be a motherfucker if I let her go alone....and that asshole Jason needs to learn a few things.
