

My Mate Chapter 36 - Tips

Hope

I was in my room waiting for the girls to come over so we could get ready for the party. I had a few hours to myself so I took a shower and dried my hair. I had already decided what dress I was going to wear. In the mean time I was determined to catch up on some assignments for next week. It was a little bit hard to focus when my mind kept going back to that awful note I found in my locker. It was definitely left by a werewolf I thought to myself because he called me Luna.

Who could it be? I kept trying to connect the dots but I couldn't think of anyone. I took the note out of my bag and read it again and again. I was seated on my bed with my laptop in front of me when a knock made me jump. I quickly hid the note under my laptop before dad came to see me, carrying two bowls.

"Hey princess I got your favorite ice cream" He said as he walked over and sat down next to me.

"Yummy thank you" I squealed like a little girl. I felt bad for keeping this from him, I didn't want to worry my parents more than they already were. If Zayn found out he would probably force me into a homeschooling program. Of course I'm going to tell Zayn after his birthday. Anyway there are cameras in most of the hallways so I'm sure on Monday I'll know who's behind this mess.

I could tell dad was a bit down "Dad don't worry about me, the school looked like it was being raided today with our warriors today and the principal checked on me more than once. Nothing's going to happen." I said trying to get him to relax.

"Well I'm glad to hear that. I just want you to be safe you're my little pup." he said as he ate his ice-cream.

"I am safe, I can't go anywhere without Zayn sending a clan of warriors with me." I said trying to cheer him up.

Someone knocked at the door and I knew who it was right away, my heart skipped a beat when Zayn walked in. He looked so hot in shorts and a T-shirt. He almost always wore suits or jeans, his mellow look today was so alluring.

“Am I interrupting something?” He asked as he stood by the door.

“No not at all” Dad said, I was already off the bed and in Zayn’s arms

“We were having Hope’s favorite ice-cream I’ll bring you some.” Dad said as he greeted Zayn

“No thank you Brian I’m going out for a run.”

“Ok see you later I have to go up to the pack house.” Dad said before he kissed my forehead and walked out.

“I missed you” I said as I hugged him tight, I could tell he was a bit tense. He hugged me back but that was never enough for Zayn. He cups my face and kisses me. I mean really kisses me hard.

“You taste delicious” he pulled back for a few seconds then picked me up and I wrapped my legs around him, he brought his hand to the nape of my neck and devoured my lips. I pulled away for air and ran my hands through his hair while he studied my face.

“Is everything ok?” I perked an eyebrow at him. he cuddled into my neck

“Heaven” he murmured and stayed quiet for a few seconds longer.

“Everything is fine now” he said in return.

“How was school?”

“Good” I said looking away from his piercing eyes. He turned my face to look at him

” Are you ok?” His eyes locked on mine

“Yeah I’m fine”

“Ok I was going out for a run in my wolf form Do you want to come?”

“Yes, I’d love to go I miss Hunter”

Zayn

When Hope was at school I felt on edge the whole time. I kept thinking about what Hope said the other day. Was this all because I didn't make Stephanie my Luna? She saw Hope at the Bonfire so she knows I haven't marked her. That b***h and her father will pay. I cannot wait to go over there and take them down. The only way I can relax is to go out for a run.

I lead Hope out of her house

"I missed you so much today baby..I'm so fvcking*g happy I have you all to myself this weekend." She smiled at me

"I missed you too" She jumps on my back and wraps her hands around my shoulders and legs around my waist.

I walked carrying my baby to a near by clearing in the woods and put her down I placed a quick kiss on her lips then took my clothes off and handed them to her before I shifted easily. I looked up at her, she started walking beside me and ran her hand through my fur. We walked and walked until we reached the place where she got lost when she was just a little girl. I don't know what she was doing out here with her friends, she got lost and I found her. She looked around the place mesmerized I could tell she was recalling the same memory. I on the other hand, couldn't keep my eyes off her. She is fvcking*g breathtaking. Her scent takes over me and I fight Hunter for control he is dying to mate with her. I could smell her even better in my wolf form.

She reached over for me and ran her hands through my fur "You're so gorgeous Hunter" she said looking into my eyes. She sat down on and I laid down beside her. Hunter was dying to come out for a run now he's reluctant to leave her side. We are still on our territory I was sure she would be fine.

"Go ahead run I'll be ok" She said.

I got up and licked her face and started to run fast through the woods but I made sure I could still see her. I heard my favorite sound, her giggle as she wiped her face off. My paws sank in the dirt and grass as I ran and leaped through the crisp air and jumped over logs all the while keeping an eye on my baby. I saw her get up and I ran towards her. I wanted to get her to climb on my back but she couldn't hear me yet. So I bent down in front of her and with my head I gestured for her to get on my back. She caught on quickly

"Do you want me to climb on your back?" she asked. I nodded in agreement. She climbed on me, clothes still in her hand and held on tight as I ran fast and

jumped over a large fallen tree. She yelped, laughed, giggled and I loved every minute of it. Soon, I ran towards the clearing, as soon as she climbed off me I jumped on her and pinned her under me. Hunter was ecstatic, he licked her face again and again while she screamed and laughed trying to get out of his grip.

"Let her go" I growled at him "don't be such a dirty dog". He growled back even louder "that coming from the person who had his head between her legs yesterday." He finally let her up

"Now I need to shower again" I shifted back to my human form she handed me my clothes.

"I can help you in the shower baby" I said as I put on my shorts. Hunter huffs.

We walk back home again with Hope on my back and find Emily and her friends waiting for her at her door step.

"Hey ladies" I greeted as Hope jumped off my back "Here's your friend" I said and kissed Emily on her head.

I take Hope aside "Don't go in the ball room without me, we'll walk in together." I told her. She rolled her eyes "And don't roll your eyes" I grab her by the waist and kiss her.

She pulls back from me "I have to go take a shower I'll see you there." She winks at me before turning around and walking in the house.

"I got you a surprise for your birthday" Emily says smiling.

"I don't want anything from you Emily" I

"Actually" Emily says a bit too excited "The gift is for both of you actually"

"For both of us huh?" she nods "Well whatever it is I'm sure we will love it" I messed up her hair and walked away to the pack house.

As I went up the stairs I was met by Crystal "I heard what happened with your mate" She said

"And?" I asked

“Do you think whoever is threatening to take her away will succeed? I mean she could be at school or out with her friends you can’t always watch her.”

I let out a loud growl and grabbed her by the neck choking the life out of her “No, they won’t fvcking*g succeed because I’m going to fvcking*g k!ll him or anyone else who tries to take her away !” I threw her against the wall and walked up to my room not even sparing a glance back at her.

I took a shower allowing the hot water to calm my nerves not that it worked very well. The only thing that would calm me is having Hope here. I’d bend her over my bed and fvck her over and over again.

I finished getting ready and walked down to the foyer. Mom and dad were there with my brothers and their mates.

“Where’s Hope?” one of the twins asks

“She’ll be here soon” I said “I’d like to Congratulate you both on finding your mates.” I said to my brothers and the twins. I felt a little hostile towards them since they were originally from fvcking*g Blue Moon Pack. My brothers thanked me and so did their mates.

Everyone started entering the Ball Room. I went in my office and waited for my baby. Ten minutes later I was hit by her scent. I walked out of my office, into the foyer again and stopped in my tracks.

My Mate Chapter 37 - Tips

Zayn

I couldn’t get my eyes off my girl, she was talking to Kyle and his mate. She looked so se.xy in a tight emerald green dress the color of her eyes. Her golden skin was glowing making her stand out in a crowd. She is by far the most beautiful elegant woman here. The dress was long with a slit up the side all the way up to her mid-th!gh. fvck. The dress looked even better on her now than when she tried it on at the mall. It h.ugged her tall slender frame in all the right places. I could already see myself und.ressing her and later tonight. She turned around and her eyes met mine. She walked over to me swaying those fvcking*g h!ps. My mouth went dry. fvck it’s going to be a long night.

"There you are" She said as she wrapped her arms around my shoulders smiling at me like the little se.xy kitten she is. I swallowed gathering my thoughts.

"You look amazing" I said trying to calm my raging e.rection.

"Thank you" She blushed making me smile at her.

"I have something for you" I took her hand and started leading her up the stairs to my room.

"What is it?" She asked curiously as she made her way up.

"It's a surprise, come on" I walked her into my room and closed the door.

"Wait here." I told her as I walked away into my closet. When she was at school today I called the jeweler and told her I was coming in for a diamond set for my mate. The jewelry store was owned by a very prestigious family of werewolves. I went to the jewelry store and bought her a diamond necklace with matching earrings and bracelet. I wanted her to wear them to the party tonight. I was very picky when choosing; I wanted the best for my baby.

I grabbed the bag and came back out. She was sitting on my couch with her legs crossed I sat down next to her and handed her the bag. She took it and bit down on her bottom l!p making my c0ck twitch. fvck.

"It's your birthday tomorrow not mine, you didn't have to get me anything" She says

"I don't need an occasion to get the girl I love a gift." She looked at me blushing. I lifted her up and put her on my lap.

"Open it" I said leaning into her. She pulled the black jewelry box out of the bag and opened it slowly I heard her gasp ever so softly.

"Wow Zayn!" She traced her finger over the necklace admiring it carefully.

"Do you like it?"

"I love it but you really didn't have to...you shouldn't have, it's too much"

"Hope no I didn't have to, I wanted to. I want to pamper you and worship you."

She looked at me then back down at her gift “Thank you it’s gorgeous”

“Yes gorgeous” I said softly still looking at her.

She turned around still seated on my lap with her back to me she moved her hair to the side

“Can you take off my necklace please?”

I took off her necklace while bringing my mouth to her shoulder k!ssing her softly then I moved to her neck inhaling her scent as I placed a soft k!ss where my mark will soon be. I felt her shudder on my lap. She lifted her arms up a little and took off the earrings then got off my lap and stood up in front of my mirror watching me as I helped her put on her new jewelry.

“How do I look?” She asked me I was still standing behind her so I turned her around and took a step back admiring her.

“You look beautiful you always do.” She bit down on her lip again. fvck.

“Can I leave these here? She put the jewelry that she took off on my nightstand.

“Of course you’re sleeping in here anyway.” I told her. She doesn’t have a choice.

“Now lets go down stairs to the party your scent and that dress are driving me fvcking*g crazy I won’t be able to stop myself this time.”

I held her hand as we walked in to the Ball Room every head turned our way and for a few seconds the room fell quiet. I put my arm around her waist and brought her a little closer to me.

“Good evening” I said to some pack members as we passed by them to get to our table where both our families were sitting. My mother squealed as she came over and hugged Hope I kept her hand in mine. “Hope you look beautiful”

“Thank you Luna” my baby is so sweet. Then it was Emily’s turn then all her fvcking*g friends came over.

Hope

The Ball Room was decorated so beautifully. I wasn't surprised. Just like the last party every family was assigned a table. But there was a live band this time and the decor was totally different, very elegant still but the theme was Autumn. The tables were placed to the sides of the room and the middle was left empty for dancing.

Derek and his mate walked over to and so did all my other friends. Except Jason who was nowhere to be seen. I purposely looked around for him but he wasn't here.

"Hey guys want to ditch for a party?" Eric says

"Hell no I'm not getting in trouble again" Amy grunts making me giggle. That was one heck of a night. Just before we all took our seats Emily told me she had something to tell me later.

I walked over to mom and dad and kissed them both. "Honey you look gorgeous" Mom gushed. I felt Zayn's arm around my waist. Someone was being a little too possessive tonight. The twins and their mates looked stunning their best asset was the mark each of them was wearing.

The Alpha stood up and gave a speech welcoming his sons mates to our pack everyone cheered and clapped. As soon as he was done dinner was served. Everyone settled down for dinner with conversations flowing freely as we ate. After dinner all kinds of desserts were served but I was too full to indulge myself.

"Have some cheese cake" Zayn offers

"I'm too full" I give him a sad face he chuckles at me.

"Don't worry baby I'll have some brought up to the room later"

"We're all going to a party later so just save me some" I teased him. A mischievous spark glinted in his eyes but he didn't say anything.

The band starts playing soft music, Matt takes Mandy's hand and leads her to the dance floor. Kyle and Carrie follow and soon a few other couples are dancing.

Zayn stands up “May I have this dance?” he asked me like a complete gentleman

“I’d be honored” I said smiling at him. He took my hand as we walked to the dance floor, He put his hands around my waist and I wrapped mine around his neck.

“Did I tell you how sexy you look in that dress? he murmured looking down at me

“hmmm no. You said gorgeous though” I teased him again

“Well I’m telling you now, you look so sexy I’ve had an erection all night and you’re going to take care of that later.” My jaw dropped at his shamelessness.

“I’m not staying with you tonight so you might have to take care of it alone.” I smiled at him

“Yes you are, and I think you’ve done enough teasing for tonight, I’m going to have to do something about that mouth of yours later.”

I shook my head at him as I glanced at our parents who were looking at us in awe. We continued to dance until dad came over and asked to cut in. Zayn sat down and watched us. It was getting close to midnight and it would officially be Zayn’s birthday.

Some people were starting to leave and so when the song ended I kissed dad and walked over to my mate.

“Happy birthday Zayn” I said. “It’s midnight so it’s officially your birthday” I explained.

“Thank you baby” he said as I kissed him but we kept it short in front of everyone.

Emily came over and took me aside. “Zayn’s birthday gift from me is 2 tickets for you both to Bora Bora I wanted to let you know so you’re ready they’re for next weekend.” I was excited he’s going to love that I just hope he doesn’t say it’s not safe to go on a trip with what’s going on right now. She didn’t want to tell Zayn till tomorrow so I could give him my gift first.

“Ready to leave?” I asked him “I’d like to give you your gift now.” He looked at me adoringly.

“Let’s go then.” We said good night, mom and dad had already left, and went up to Zayn’s room. He locked the door and turned to me “Where’s my gift he says coming closer to me?”

I take one strap of my dress down, then the other and slip my dress off leaving me in the se.xiest lingerie set. I put one hand on my h!p “Here it is” I say looking him right in the eyes.

My Mate Chapter 38 - Tips

Hope

Zayn stood shocked for a few seconds his eyes turned a few shades darker, at the same time we each took a step forward. He growled before wrapping one hand around around my wa!st and the other around my neck and pulled me into a k!ss. Our k!sses were slow and soft and passionate, coming together and drifting apart making me want him even more.

“fvck” he murmured “You don’t know how bad I want you.” He said as he cupped my face and looked into my eyes.

I started und.ressing him unb.uttoning his shirt one b.utton at a time until his rock hard c.hest was on full display and I couldn’t be more turned on. My hands ran from his shoulders to his c.hest and down to his abs. I started to undo his belt next, he got impatient and took everything else off. I grabbed his e.rection and started pumping him.

“fvck baby” he growled “what’s gotten into you?”

I pulled away slightly “I want you” I was so ready for him.

He picked me up and I wrapped my legs around his wa!st “I love you” I told him as he laid me down on his bed. He looked me up and down his eyes blazing with desire and love.

“You look fvcking*g fantastic” his voice came out huskier than ever. He climbed on top of me holding himself up on his elbow and his other hand roamed all over my body.

“You look so fvcking*g delicious in these I don’t want to take them off” His voice is uncontrolled

He brings his mouth down to mine. I wrap my arms around his shoulders and run my fingers through his hair. He moved my panties to the side and I cried out in pleasure as his fingers entered me. He started pumping his fingers in and out of me slowly at first then roughly driving me crazy, making me claw at his back. He whispered all the dirty things he wants to do to me in my ear as he nipped at my ear lobe then s.ucked on my neck, he moves his head down and k!sses and s.ucks harshly on the exposed part of my b.reasts.

“Zayn..I .. I’m ..going to ” I can’t form a sentence my brain has gone all mushy in my euphoric state. He smirks at me and pulls his fingers out. He sits up between my legs and let his eyes roam all over my body again. I found myself squirming under his l.ust filled eyes. My body was on fire and I wanted to feel him inside me.

“You’re so fvcking*g perfect” His warm gaze turned dark as he spreads my legs further apart and roughly moves my thong to the side giving him full access to what he wants

“and all mine” he growls out making me shiver with anticipation of what’s to come.

Another cry escapes my mouth as his tongue moves up and down my core. I lift my body off the bed wanting more but he puts his large hand on my stomach and holds me down, showing his dominance. He continues saying dirty things then l!cks me and s.ucks at my core within seconds I grip his shoulders and claw into him again then at his sheets as I throw my head back into his pillow, he continues lapping his tongue around me

“Tell me who it is you want to fvck you?” He growls against me

Moaning and whimpering sounds escape my l!ps “Answer my question” he demands his hoarse voice a little louder and demanding.

“You” I cry out as he l!cks me harder and rougher until I c.um all over his tongue.

“That’s right baby You’ll only be ever mine.”

He hooks his long fingers around my lacy panties and slides them down my legs as I begin to regain consciousness. He brings his mouth to my neck and places soft k!sses all over while his large hands yank my b.ra down. He cups my b.reasts rubbing my n!pples with his thumbs and I involuntarily arch my back, he dips his hand behind me and unhooks my b.ra taking it off easily. I am completely n.aked and Zayn's body and sk!llful fingers have me panting for more.

He leans over and opens his night stand drawer and takes out a small packet.

"I don't want to use these with you, I want to fill you with my c.um but I think it's best for now" he rolls it on his long and thick e.rection expertly and pins me under him again. He spreads my legs apart again and thrusts his fingers in me.

"fvck you're so we.t" he sounds primal almost animalistic.

"It's going to hurt at first tell me if you want me to stop and I will." he says so lovingly before his l!ps meet mine. He k!sses me slowly then e.rotically as his tongue slides over mine and he s.ucks on my tongue then on my lower l!p.

I feel his e.rection at my entrance and he pushes into me as I let out a scream but he muffles me with a k!ss. I felt like all the air had escaped my lungs and time had stopped as I lost my virginity to My Mate.

Zayn

fvck. I knew she would be heavenly I just didn't know heaven could feel this fvcking*g good. I stopped moving to let her body adjust to my big size. She is going to have to put up with some pain for me to fit in her.

"You ok baby?" I was struggling not to fvck her mercilessly.

She nods so I pull out slowly and enter again slowly I do that a couple of times until I feel her relax. Werewolves don't feel pain the way humans do. I look at her beautiful face she is fvcking*g glowing! her naturally sun k!ssed body feels like fvcking*g heaven under me. "fvck" she brings out the animal in me.

I pulled out slowly and slammed into her she m0aned out my name. "fvck" I kept pushing in and out of her going deeper and harder each time. I pulled both her legs up and put them over my shoulders as I fvcking into her

hungrily. I could feel our mate bond strengthen and I knew she could feel it too.

“So fvcking*g tight....Is this ok baby? I’m trying to be as gentle as I can it’s just hard”

She looked at me with those fvcking*g beautiful eyes “I can feel how hard you’re trying so it’s ok don’t be gentle” She surprised me and I froze for a second, this girl will be the death of me I thought to myself.

I gripped her waist and pounded into her hard over and over again, she threw her head back and screamed my name as she clenched around my c0ck and came all over me harder and longer than the first time. The feeling of her grip on me drove me mad as I continued to thrust into her hard and mercilessly over and over again.

“fvck” I grunted out and grit my teeth as I reached my own climax and spilled into the condom in ropes and ropes of c.um. I had to shut my eyes as I rolled out all the months of deprivation into her. When I finally opened my eyes I discarded the condom then crashed down next to her and pulled her into my arms.

She looked up at me “Happy birthday” She said smiling. I could tell I had worn her out. She fell asleep almost instantly and I looked down at the satisfied woman in my arms. She is everything to me.

“Whoever is trying to take her away from me is a fvcking*g dead man.

My Mate Chapter 39 - Tips

Hope

I woke up wrapped in Zayn’s powerful arms we were both completely n.aked. Memories of last night flooded back, Zayn thrusting into me relentlessly and me screaming his name. I blushed profoundly. Nobody ever prepared me for what it would be like not just to lose my virginity but about all the different feelings and enchantments that come with mating.

I almost broke down at the overwhelming explosion of feelings his and mine combined. I could feel his every emotion, how much he loved me and how devoted he is to me. I could feel his dominance and possessiveness as he took my innocence claiming me as his own. I felt how hard it has been for him

trying to hold himself back and control his desires but last night he finally let go. I thought for sure he would mark me last night but he didn't.

The anticipation of having him inside me again is already sending shivers down my body. I want to feel connected to him even more than I do now. I want us to mark each other so all these feelings and emotions are intensified. I have surely found my new addiction.

I tried to get up slowly but Zayn pulled me into him. So I grabbed my phone from the night stand it was already noon. I have to get him up soon I've made plans for today. Ever since I've started spending the night with him I have been keeping some of my extra clothes here but nothing fancy just some underwear and casual clothes. I want to shower so I tried to get up again but he tightened his grip on me.

"Sleep" he ordered. He's bossy even when he's asleep. I snuggled into his chest and wrapped my arms around him. He's mine. My brooding mate. I almost jump out of bed when I heard someone knocking at the door.

"Zayn someone's at the door" I whispered while shaking him awake I jumped out of bed and wrap one of the sheets around me. Why do I feel like we've been caught having sex.

"Baby relax whoever it is will go away come back to bed" he says lifting himself up on his elbows watching me. The knocking gets louder.

"Wake up you two" Emily practically screams

I pick up my dress off the floor and put it on the couch then grab my panties and bra went into his walk in closet where I've been keeping my things. I quickly put on my underwear one of Zayn's T-shirts

I hear Zayn open the door "It's too early Emily" He says

"Happy Birthday" She yells out "And it's past noon"

I walk out of the closet "Good morning" I say feeling shy for some reason it's not the first time I spend the night with him. This is something very natural for our kind.

“Good morning” She yelps “I’m sorry for waking you up but I made you guys breakfast in bed for Zayn’s birthday.” Zayn takes the tray and places it on the table near his fireplace.

She sounds way too excited this morning and the way Zayn is looking at me isn’t helping my awkward shyness. I walk over to them and Zayn puts his arm around my waist and kisses my forehead. Emily has a whole tray of food with her, bagels and cream cheese, waffles, buttered toast, bacon and eggs, cheese of all sorts, a bowl of wild berries and some freshly squeezed orange juice.

“Thank you” Zayn hugs her

“It looks great I can’t believe you made all this” I say surprised

“Well I had one of the cooks make it but still” We both laugh at her cuteness

“That’s not all” She hands him an envelope “It’s weekend getaway for the both of you to Bora Bora!” she exclaims. Zayn laughs at how excited she is.

“Thank you Emily” He says looking down at the brochure and tickets.

“You always get me the best gifts so I wanted to do the same for you” She reaches up and hugs him before walking out.

“That was so sweet” I say as he locks the door shut.

“Mmm Sweet” He says gripping my waist with one hand and ass with the other. I yelp out and giggle as I wrap my arms around his neck

“Happy Birthday” I said

“Definitely the best birthday I’ve ever had” He says smiling. I love his smile.

“I still have dinner planned for us at your favorite restaurant and a surprise at my house”

“I love your surprises” he says smirking

“Not that kind of surprise but I’ll think about it if that’s what you want.”

“That’s what I want” He growls and lifts me up I wrap my legs around him.

We stayed in Zayn's room for most of the day giving him what he wants after breakfast in bed, in the shower and again on the floor in his closet while I was trying to get dressed.

It's past three o'clock when we finally got dressed and made it out of his room hand in hand.

"There's something I've been meaning to talk to you about" I tell him as we are walking down the stairs

"What is it?" He looks at me

"I want to change the bed in your room" He doesn't say anything just looks at me.

"Isn't it comfortable?"

"It is but I don't want to sleep where other women have slept"

He smiles and cups my face "Baby I have never had women in my room or on my bed. I used toentertain them in one of the guest rooms on the first floor and I never slept all night with any of them "

I can't help but smile at him.

"Well look who decided to leave the bedroom" Matt says from behind us with a big smile on his face.

"Good morning Hope...you're glowing this morning" He teases me and Zayn smacks him across the head playfully. I can't help but laugh at their exchange.

"I'm going home I'll see you later ok our dinner reservations are at seven."

"I'll be at your house at six" He says as he k!sses me real quick before I walk out the door.

Zayn

I watch her walk away to her house then go to my office. I mind link Alex to come see me right away. I'm already working on a plan to raid the Blue Moon Pack I could easily send for him to come here and tear his eyes out here but that would be a low blow. I'm going to go there and make him regret the day he ever decided to betray us. And then I'm going to enjoy k!lling his son.

Both Alex and my dad walk. "Happy birthday son" Dad says

"Thank you" Every time someone wishes me a happy birthday images of my baby's n.aked body flash in my head. Fvck.

Alex gives me the file I wanted on Alpha fvcking*g Edward and his family.

"Edward called me a few minutes ago he said has some important matters to discuss with me." My father says Hunter howls hearing that bastards name he wants to sink his teeth into his flesh as bad as I do.

"Did he say what he wanted to discuss?" I ask

"He mentioned a rogue problem and relocating his pack"

"This is probably a distraction for them to attack our land. What is that sick mother fvcker thinking?" I ask mostly myself.

"The crazy thing is Edward's only son is already mated" Alex says and continues "What if the rogue used Edwards name to divert our attention away from the real person behind all this"

This just took a new turn "I'm going to go down to the dungeon" I say getting up from my seat.

Just then Brian walks in. "I came to wish you a happy birthday Zayn I wish you all the best. You're going to make one hell of an Alpha very soon."

"Thank you Brain"

"You go enjoy your dinner date Brian and I will take care of getting information from the rogue." My father said

"I want to know why the rogue said The Blue Moon Pack and why he said he wants her for his son" I say to Brian

"I also want you to go there and find out everyone who's been entering in and out of the Blue Moon Pack. keep tabs on Alpha Edward and his Beta and all their movements where they go, who visits them and who they visit. I also want to know who is in charge of all the student issues at the school." I say to Alex.

"Ok consider it done" Alex says and exists the room.

I have to end this soon.

My Mate Chapter 40 - Tips

Zayn

I was in my room getting dressed when I felt sudden pain shoot through my chest like someone stabbing me through the heart. I felt a chill run down my spine and all of a sudden Hunter cried out MATE he thrashed like a fucking crazed beast trying to take control over me and come out.

I started getting different mind links from Alex, Matt and Katherine all I could hear was Hope.

“Matt what is it? Where is she?” I mind linked him as I raced downstairs as fast as I could .

As soon as I reached the foyer the smell of blood hit me.

I saw a crowd gathered outside and three dead rogue bodies on the ground one of them is the filthy rogue that spoke up about the Blue Moon pack.

Matt and some other warriors were in their wolf form.

My mom is hugging Katherine while they both sobbed. I kept looking around at the scene in front of me but couldn't hear any sounds. It was as if my soul had been detached from my body. I staggered back in fear of what might have happened to her. Where is she? My mind and body finally connected and kicked into overdrive, I rushed through the crowd trying to find her.

“How could this happen?” I heard her mother cry out

“Where is she?” I wailed as all I saw was fear and misery on the faces around me.

“Zayn she's in the hospital” Kyle said with the look of sadness all over his face. I lunged forward running as fast as I can with everything in me. I ran like a maniac like my life depended on it. My life does depend on it. If she isn't okay....

Alex stops his car by me my father was sitting in the back, he gripped my shoulder but didn't say anything.

Kyle speeds by us in his car with Katherine and mom

“Get in” Alex says

“What the fvck happened ?”

“She was attacked” My bl00d went cold. Please please be okay I kept saying to myself

“By who?” All I could think of was murder

“One of the rogues from the dungeon”

“How the fvck did she get in there?” All I wanted right then was to get to her and make sure she was okay.

“She didn’t ...they got out” Alex answered, I looked at him shocked. Someone let them out, I thought to myself.

“Three of them were k!lled the rest were captured and taken back down to the dungeon ” My dad interjects he

“Is she okay?” I asked desperately. They both stayed quiet. “Is she okay?” I growled out a loud cry

“Brian said she’s not awake” A loud pained growl escaped my throat

Before the car even stopped I opened the door and jumped out.

“Where the fvck is she?” I roared as I ran into the hospital looking around for anyone. My heart clenched as soon as I was hit by her scent. I need to see her where is she? I looked around like a fvcking*g lunatic and started following her faint scent.

“Alpha please calm down” One of the doctors told me, I grabbed him by his coat collar and lifted him off the ground

“You better not be telling me to calm down when I don’t know where she is or what’s wrong with her” I was about to throw him across the reception area but Alex and my father pried him out of my grip. A few other doctors and nurses came rushing over. The reception was full of pack members all here for my baby.

“Alpha he meant no disrespect please we’re trying to help your mate” Another female doctor cried out

“Follow me I’ll take you to her room but please prepare yourself she’s still unconscious”

I stormed down the hallway after the doctor. My heart sank, the closer I got to her room the stronger her scent. I barely noticed her parents, my parents and some of her friends gathered outside her room while there were two doctors and a nurse inside.

“Zayn” Emily rushed over I could tell she had been crying

I keep walked by and yanked the door open. Finally, there she was sleeping on the hospital bed, my heart fell and I froze for a second when I saw the nurse bandaging her head and neck. I came over to her side and took her hand. Electric shocks ran through me as I shook her hand gently trying to wake her up. Hunter howled out in pain aggressively when she did not respond.

She looked so pale but so beautiful like she always did.

“Hope” I ran my hand through her hair, put my head on her chest inhaling her scent and listening to her heart beat.

The doctors let me be. I guess they knew better than to mess with me right now.

One of them spoke with caution “Alpha I will be outside when you’re ready take your time.” She said before they left me alone with my baby .

I dragged the chair quietly near her bed so I could keep holding her hand. I kept calling her name to try and calm myself downfor now.

I don’t know how much time had passed by when Brian and Katherine walked in along with my parents.

Her mom looked like a mess, her eyes were swollen and it looked like she had no color. She hugged her daughter as she sobbed

“Katherine you have to stay strong the doctor said she is unconscious and she will wake up.”

I tore myself away from her and walked out to the hallway where one of the doctor was sitting waiting for me.

I stood in front of her with my hands shoved in my pockets.

“Tell me” My voice sounded almost broken. My father and Brian were by my side.

“Alpha lets go to my office. We can..” I cut her off

“Tell me here” I demanded

She took a deep breath “okay”

“Your mate is unconscious due to trauma to the skull. We are about to take her down to the reading room for a CT scan just to make sure the brain has not been injured. She would have healed a lot faster if she had been in touch with her wolf. But according to what I have here she’s not of age yet.” She said looking down at a file in her hand.

I asked the only question that I needed to know

“How did she hurt her skull?” I asked in a low menacing voice though I felt a dangerous anger pump through my veins.

“Alpha your mate has suffered a heavy blow to the head. Someone hit her... this wasn’t an accident”

I turned around to my father and Brian “Make sure she’s taken care of until I get back” I said, before I stormed out of the hospital with one thing on my mind... revenge.

I heard Brian call my name but didn’t stop, all I could see was blood.

“I’ll take you up there” Matt called after me. He knew where I was headed.

I ran down the dungeon stairs and grabbed two of the security guards

“How the fvck did the rogues get out?” I snarled at them

“Alpha please we just got here...we weren’t on duty when it happened” I tossed them aside and walked passed them “Matt get me the guards that were here when the rogues got out WHERE THE fvck ARE THEY?”

“Zayn calm down, they’re already locked in dad’s office and I have someone outside the door watching them” He yelled.

I moved quickly and slammed a rogue on the ground while I pressed my foot into his neck. “Which one of you filthy f***s is going to tell me what happened?” I sneered

“Please please I’ll talk” The little b***h cried out

I kicked him hard “TALK”

“A she-wolf let us all out. She said she would let us go free if we k!lled your mate.” Rage and vengeance flooded through my entire body

“So you were all involved in this?”

“Yes please forgive me I will follow your orders” The mother fvcker cried like the the pathetic fvck he is.

I grab another rogue and slammed his head against the brick wall. Blood gushed out of his head he whimpered and screamed. I opened my jaw and bit down hard into his neck with a howl then dropped his lifeless body. One after the other they all fell dead except for the one talking I needed him for a while longer.

I threw him in his cell and walked towards the guards. “If he gets out you’re both dead”

All kinds of thoughts were fogging my concentration. I stormed straight to my father’s office, my father was already in there waiting for me. He was sitting behind his desk and the guards that were on duty stand in front.

I mind link Alex “Bring Ethan to me , the head of security to the Alpha’s office now I want to see him.”

“How did the rogues get out?” I sneered at them

“Alpha I apologize I don’t know what to say”

“Say the fvcking*g truth...How were the rogues able to get out of their cells, leave the dungeon and attack my mate while you two were supposed to be guarding?” I shouted and stood in front of him.

“We left our post” His voice trembled. Just then Alex and Ethan walked in.

“Why where the fvck did you go?” I asked trying hard not to tear their eyes out

“WeAlpha we...”

“SPIT IT OUT!” I demand. My father watched but didn’t interfere

“We were distracted by a she-wolf...she came on to us ...and ...”

I already know the answer to my next question but I had to hear him say it.

“What she -wolf?” I asked through gritted teeth.

He paused for a second “Crystal” I can already see her begging for her useless life before I k!ll her.

I turned towards Ethan “Ethan you’re in charge of security right?”

“Yes Alpha” He puts his head down

“So how the fvck did seven rogues end up roaming around in our territory and in my mate’s house?!” I roared

“I don’t know what to say Alpha whoever planned this was careful...I swear my loyalty is to you I would never betray the Alpha family.”

“Then prove it! Do your fvcking*g job! “

“Matt take them all down to the dungeon and lock them up, You can stay there until I’m ready to deal with you”

“Alex hunt down Crystal and bring her to my office”
