

# My Mates 451

## Chapter 451

451 Hel F\*cking Loves Me.

I packed my bags and put them in Theo's car. Theo had been wandering around the mansion; Goddess knows doing what.

I returned to my room to grab the charging cable for my phone. That's when I found Lazlo standing behind me with the door and staring at my face like I had stolen something from him.

"Lazlo! I have cleaned the closet and taken most of my stuff out. Valerie can take this room," I said casually, not looking hurt or affected by imagining Valerie taking what used to be mine.

It wasn't that I wasn't upset with them; I just refused to show. However, I was not jealous anymore.

"Enya! Don't go!" Lazlo's soft whisper made me turn around and look at his face.

"You made the decision that night. And thanks to you, I get to spend time with whoever calls for me. For now, Theo has submitted the papers to take me to his pack." I shrugged, making him realize whatever was happening was due to his actions.

"I was an idiot. I thought you were mine, and no matter what happens, you will always be mine," he rushed from across the bed to grab my hands.

I didn't want to talk to him any longer because he appeared to be in his feelings. He was upset that we had kept him from having the time of his life with his mate.

Once we reached the pack, the pack members were all gathered around with bouquets to welcome me. I watched them with a smile and accepted the gifts and greetings. They were the best people in the world. I remember that whenever I visited his pack, his pack members would treat me with love.

"Where is he taking my stuff?" I asked Theo when an omega grabbed my bags and rushed into the mansion. I wasn't accusing him of stealing them or anything. I was just not sure if I was staying in the same room as Theo.

"Of course, to my room," Theo shrugged, walking beside me. I felt his hand brush through mine, realizing he wanted to hold hands with me.

When I saw Janet on my way, I dashed ahead to embrace her.

"Some people are just so lucky," Theo commented, and I couldn't help but roll my eyes at him.

"How are you?" I asked Janet, watching her face with sadness. She had been through a lot for no reason. Corbin really was an a\*shole for putting her through so much worry.

"I am just fine. I needed to speak to you regarding some stuff," Janet said, and instantly Theo rushed between us.

"Wait! Nobody is giving her work. She had just arrived. Let her take a shower and get some rest first," Theo grunted at Janet. He didn't like her too much because she was one of those who would tell Thiago not to let Theo out.
