

My Mates 453

Chapter 453-Kiss is The Deal

“Okay! I get it. So, when are you fighting him?” I asked, as I thought he was joking and making fun of me for asking such an obvious question.

“Whenever you are prepared for a match,” he said, not backing away from his statement.

“Wait! you are not serious, are you?” Janet had to get his attention since he wasn’t being straightforward with me. Even she found it ridiculous. How the hell will I fight an alpha king without a wolf? And even if I had a wolf, I would still be an omega. There is no way I could fight him.

“I’m serious,” Theo said, shrugging.

“Enya can decide whenever she is ready, and we can challenge him,” Theo added, and by this time, he had p*ssed me off.

“So, this is your master plan to get me killed?” I scoffed and clapped my hands to let out a cr*ckle. “You want me to not only lose and get killed but also get humiliated in the ground for challenging an alpha king?” I raised my voice as I realized why Theo had brought me here.

“You are taking it wrong,” he muttered without blinking. His jaw clenched when he saw me shake my head at him and turn around to leave.

“I have heard enough. You really thought you could fool me and make me jump in a pit of fire?” I was grunting and briskly walking away from him. Janet and he started following me, but after he gestured at her to leave us alone, she slowed down and eventually stopped.
