

My Rebirth 481

Chapter 481

Cassandra was stunned and somewhat confused. “Flu is not so infectious. Did he have been infected with other

diseases?”

Lydia also shook her head and said helplessly, “I don’t know. They went to the hospital for check-ups, but the doctors didn’t tell them what disease it was. They just asked them to have a hospitalization. That’s all.”

Cassandra seemed to be thinking, but she didn’t pay much attention to this matter.

Cassandra thought, ‘What kind of flu can be so contagious? They presumably are infected with other viruses.’

“Then don’t go to the hospital. If you want to visit your friend, just express your concern for him through video calls. It’s not suitable for you to go to the hospital now. You have to take care of Nelson.”

Cassandra couldn’t help reminding Lydia. She was worried that Lydia would go to the hospital to visit her friend and be infected.

“I know, Cassandra. Do you think I’m silly? I don’t go anywhere except my home, the company, and here,” said Lydia lightly.

“That’s good.”

Suddenly, Cassandra received a message.

[Cassie, I’ve arrived at Drieso!]

It was from Kenneth.

Cassandra thought, 'Kenneth is back.'

Cassandra stood up with joy.

Lydia was frightened by Cassandra's sudden movement. She asked, "What happened?"

"Kenneth is back. He should be at the base." Cassandra can't wait to go there.

Lydia was stunned. She thought, 'Alas, I'm afraid that Kenneth is the only one Cassandra wants to see now. Look

at the joy in her eyes and the faint smile on her lips. She must miss Kenneth very much.

'She is no longer that woman who only cared about her career.

"It is a good thing."

"Okay, you can go back. But I suggest you go straight back to Pinehart Mansion. He will be home soon when you get there, so you don't have to go to the base anymore."

Lydia gave a piece of useful advice.

Kenneth wouldn't stay at the base any longer. He would go straight home.

Lydia thought, 'Alas, Kenneth is back. When will Eddie come back?'

Lydia had to admit that she really missed Eddie. It had been a long time since they last met.

As Lydia had expected, Kenneth went home in a hurry.

He left Yannick and Jeremiah at the base and asked them to find a way to go back home by themselves.

Yannick and Jeremiah looked at each other helplessly.

They had no idea how to come back home.

When Kenneth returned home, he didn't see Cassandra. William was very surprised to see Kenneth. He asked,

"Mr. Zelinski, you are back."

"Well, where is Cassandra?" Kenneth didn't say anything else. He just wanted to see Cassandra as soon as

possible.

"Mrs. Zelinski?" William was stunned. "She went to Whitecrane Hall."

Kenneth stopped and hurriedly turned around to walk out, only to see Cassandra running back.

"Cassie!" Kenneth's eyes lit up. He stepped forward excitedly.

Cassandra opened her arms. Kenneth ran directly to her and held her in his arms.

Kenneth had been longing for such a hug for a long time, so long that he didn't know how long it had been.

They were newlyweds, but they lived in two different places.

Kenneth's comrades once joked that if Kenneth and Cassandra lived like this for another year, Cassandra could unilaterally sue for divorce.

After all, they had been separated for too long.

"Welcome home, Kenneth." Cassandra let Kenneth hold her tightly.

"I'm sorry, Cassie. I let you wait for me at home for so long..." Kenneth looked guilty. If he was just an ordinary man, then he could leave everything behind and stay with Cassandra at home.

However, Kenneth was not. He had to finish the mission assigned by the organization.

Kenneth felt sorry that Cassandra had to stay at home alone for such a long time.

"As long as you will come back, I can wait no matter how long it may be. Besides, I have a lot of things to do, and it's not boring at home..." Cassandra comforted Kenneth.

Kenneth loosened his embrace slightly, but he still held Cassandra in his arms. He couldn't help joking, "Yes, indeed. You helped your best friend to solve the trouble. After you came back from Hydias, you went to the Hansen residence directly. I can see you are busy."

Kenneth was happy that he could hug and kiss his wife again.

Cassandra was stunned.

Cassandra thought, 'So Ethan had told him everything!'

"Weren't you busy with your training?" Cassandra couldn't help asking.

“Yes, but someone would tell me all the things you have done.” Speaking of this, Kenneth couldn’t help but complain, “Cassie, shouldn’t you share what you did with me? I don’t want to hear about your story from others In the future.”

Kenneth thought that in this way he would be more like an essential part of Cassandra’s life.

Kenneth was a little helpless. He didn’t know what to do if his wife was too independent.

Kenneth thought it would be better if Cassandra could be a little clingy.

“Okay, I will inform you first in the future.”

Cassandra readily agreed.

Kenneth smiled gently. “That’s good.”

William couldn’t help laughing when he saw that Kenneth and Cassandra were in love.

Kenneth’s expression changed when he noticed that William was still there. He thought, ‘Doesn’t he know that he should not stand here watching Cassandra and me?’

William also found that he seemed to have been noticed, but as an experienced butler, William didn’t lose his composure. “Mr. and Mrs. Zelinski, I’m going to the kitchen to check if the dinner is ready.”

William then left in a hurry. If it weren’t for William’s rapid steps, Cassandra would have thought that he was really as calm as he showed on the surface.

leave t

Cassandra and Kenneth sat on the sofa. Cassandra asked softly, “Will you soon time?”

“Not for now. Next year’s activity will be basically in Drieso, and I won’t leave you so long again.” Kenneth also didn’t want to part from Cassandra. If he left again for another year, he thought that it must be him who was driven crazy first...

Cassandra raised her eyebrows and said, “That’s great.”

“Of course. Let’s have the wedding ceremony while there is still more than one month left for the Christmas. Ethan has made a plan.” That was what Kenneth wanted to do now. He wanted to announce to the world that he would marry the best woman in the world..

Okay, you arrange it. I’ll leave it all to you.” Cassandra felt that she couldn’t do these things. She thought it was very complicated to hold a wedding ceremony. “You just need to tell the wedding date.”

Kenneth was lost for words.

He thought, There are a lot of things that you have to participate in. I’m afraid that I can’t just inform you of the

wedding date.’

“Well, leave it to me, and you prepared yourself to become the bride. I have asked someone to prepare some wedding dresses. Tomorrow we can start to choose one. Then let’s take wedding photos.” Kenneth was already looking forward to it.

Kenneth would print the sweetest picture out and hang it in the bedroom. He would also ask a painter to draw one for them. He would frame it and hang it in the living room of Pinehart Mansion.

If possible, Kenneth would like to show the whole world that he married Cassandra.

Tomorrow?” Cassandra didn’t expect it to be so soon.

She thought, 'Didn't he just come back? Why do I feel that he had started planning the wedding long ago?'

'Of course, we don't have much time. The wedding will be held before Christmas's Day. After Christmas's Day, we will travel around the world and take a honeymoon trip.'

Cassandra raised her eyebrows. She thought, "That sounds good."

"Okay, it is up to you."

Chapter 482

The couple hadn't seen each other for a long time, and Cassandra was indulgent in sex that night.

When they woke up the following morning, Ethan had brought finished wedding dress products and drawings to Pinehart Mansion.

If internet users saw this scene, they would probably exclaim that rich people were resourceful as they had wedding dresses sent to their place for them to choose from.

Cassandra stared in fascination at those white wedding dresses, each one exquisitely designed and demonstrating how Kenneth and Ethan had carefully selected them.

However...

"These are pretty. I will choose a few pieces for photo shoots. I have designed the wedding dress and gown myself, but I haven't made them yet."

She planned to wait for Kenneth to return before making plans for the wedding dress and gown she had designed.

Cassandra had put off making the wedding dress because she didn't know if Kenneth could return before the Christmas.

Kenneth raised his eyebrows and asked in surprise, "Did you design a wedding dress?"

He felt a little taken aback because, to his knowledge, Cassandra had only ever designed regular clothing and dresses for other people."

Once he learned that she was Elaine, the famous designer, he looked into it further and found that numerous 'people had asked her to design unique wedding gowns but had turned them down because she didn't want the purity of the white wedding dress to be tarnished by those who were getting married for immoral reasons.

Unexpectedly, Cassandra designed their wedding dress.

After Cassandra went to the room to get the design drawing, she showed it to Kenneth, who was amazed by the men's and wedding dress designs.

The pattern and style appealed to him. He was eager to see how the design would turn out once it was created.

"Should I send someone to produce the item?" Kenneth said with excitement as he glanced at Cassandra.

Sure, you can arrange it." Cassandra was a little tired recently and had no mood for it.

In addition, Kenneth would cling to her now that he had returned. She probably couldn't finish it before the wedding day if she tried to do it herself.

Therefore, Cassandra chose not to make them.

She was getting lazy.

“Cassie, you look a little tired. Are you okay?” Kenneth asked, worried as Cassandra seemed a little off.

“I’m a bit worn out. Perhaps it’s because I spent too much time in the lab. Don’t worry. I will be fine after getting some rest,” Cassandra said carelessly.

She had previously experienced this after working in the lab. But that was only after a week of work; now, after just three days, she was exhausted.

She was less than 21 years old now. How could this happen to her?

“Really? Might I ask Hugo to stop by and see how you’re doing?” stated Kenneth.

“No, I’m a doctor. Don’t bother Hugo. Omar has come. They must be working on those herbs at Whitecrane Hall.”

Cassandra had hidden all of the herbs Cassandra had gathered from Omar at the beginning of this year. She hadn’t figured out how to use them yet. She didn’t want to waste them.

Omar wouldn’t find them even if he stayed a few days longer.

Kenneth thought, ‘Didn’t they say that doctors couldn’t treat themselves?’

Kenneth decided to invite Hugo to come to Pinehart Mansion later as he was still worried about her.

Kenneth’s phone rang. It was from John who asked them to go over for dinner.

Cassandra heard their conversation and accepted the invitation with a nod.

Selena had the food ready when Kenneth and Cassandra arrived at the military residential compound.

Daniel also came for dinner.

He hadn't looked for Cassandra for a year mainly because of his jealous daughter-in-law Laurel and her cousin, who had subjected Cassandra to cyberbullying. It was so embarrassing.

Nothing much was going on at the National Security Bureau these days, so everything was fine.

Daniel came over because he knew that Kenneth had returned.

"Mr. Walker, I didn't expect to meet you here!" Kenneth said..

"What? You aren't happy to see me?" Daniel sneered.

"I am happy to see you of course. Why didn't you get Cassandra to help you with your work this year?" Kenneth had an investigation done. The National Security Bureau conducted two operations this year, but Daniel didn't contact Cassandra.

If Daniel didn't want her to work for the National Security Bureau anymore, Kenneth would poach her!

A trace of embarrassment flashed across Daniel's face, and he said awkwardly, "I..."

"What has happened is in the past. Don't take it to heart." Cassandra smoothed things over.

Daniel wasn't involved with the things Laurel did. If Laurel was present, Cassandra wasn't sure she could forget her. She couldn't blame Daniel as he did nothing wrong.

Daniel looked ashamed. No one would have the heart to hurt such a nice person like Cassandra!

"Well, I overthink things. I sense..." He was sorry about her experience.

Daniel had never called her this year as he was concerned that Cassandra didn't want to see him.

"Come on, Daniel. Cassandra and Kenneth aren't the mean kind of people. They won't hold a grudge against you. because of what Laurel did. Don't take it to heart." John tried to smooth things over.

"Mr. Walker, Cassie wondered if she had done something wrong because you didn't send her to participate in the operation. Look at what you've done. You should have two more drinks today, right?" Lydia knew how to lighten the atmosphere as she had experiences in socializing.

"Okay, two more drinks!" Daniel remarked, stopping pondering further.

Then he looked at Kenneth and Cassandra, saying, "We have an operation to be carried out soon. Cassandra, how about..."

Suddenly widening his eyes, Kenneth turned to face Daniel, his expression angry and gloomy. "We are getting ready for the wedding soon, so she can't come. I'm sure you can carry it out without her."

Daniel was rendered speechless, thinking, 'That was not what you just said.

'But it's nice to hear that you're getting married.'

Selena was taken aback and asked excitedly, "Really? When is the wedding scheduled to take place?"

"Before the Christmas. We will decide on the day in two days. When it is settled, I will ask you to help me," Kenneth replied gently.

'Sure, I'm glad to help.' Selena was overjoyed,

Kenneth was finally to hold the wedding. Kenneth was to arrange the wedding at last. Cassandra was special to Selena, and she wanted her wedding to be flawless, so she agreed to help with the arrangement.

Delighted by the news, John and Daniel had two more drinks at the table. Kenneth was also pleased and had one drink with them.

After dinner, Cassandra held Nelson in her arms and played with him, but she passed out when she was about to give Lydia the baby.

Chapter 483

Kenneth hurriedly caught her and took her into his arms with a jolt as Cassandra fell.

Lydia was startled by the incident and almost dropped Nelson.

“Hurry up. Call a doctor!” John called out, wondering what was wrong with Cassandra.

“Call Hugo to come here,” Kenneth shouted at Lydia.

Stunned briefly, Lydia hurriedly handed Nelson to Selena, picked up her phone, and dialed Hugo’s number when he was studying herbs with Omar, and both men were shocked.

As soon as Yannick and Jeremiah arrived at Whitecrane Hall, Hugo left with them for John’s place.

Normally it would have taken 40 minutes to get there, but Yannick drove incredibly fast and arrived in 20 minutes.

Kenneth was relieved at the sight of Omar because he believed in his abilities, who had taught Cassandra medical skills.

“Get out of the way. Let me have a look.” Omar pulled Kenneth aside with a serious look.

Cassandra had never fainted because she was in good health. She could hang in there even if she got injured. What was going on now?

Omar checked Cassandra's pulse....

The expression on his face changed from one of shock to confusion to rage!

He jumped to his feet, yelling, "Kenneth, you bastard! How dare you..." Omar was furious, feeling the urge to kill Kenneth immediately!

Omar pondered, 'The baby inside Cassandra should be two months old. So, she got pregnant on Columbus Day?

"Damn it!

'Bastard!

'Is he crazy?

'Cassie's not even 21 years old!'

Kenneth didn't know why Omar yelled at him. He felt irritable as he was unaware of what happened to Cassandra, not that he minded being yelled at.

"Omar, how is Cassie?" Kenneth asked.

"Humph, you monster! Cassie is not yet 21 years old. How could you be so selfish to make her pregnant at such a young age? Do you intend to let her give up her career so that she could focus on the baby and you?" Omar had seen many families in which the wives were forced to give up their careers so as to take care of the family.

If Cassandra would experience that at some point, he had hoped it would happen when she was at least 26 years old, or older than 30. He wished for her to do something that young people should do while still in their youth. and wait to have babies until she was old enough.

But Cassandra wasn't even 21 years old.

Kenneth was stunned!

What did Omar mean by "pregnant"?

Did he hear it right?

When did she get pregnant?

"Omar, you mean...Cassie is pregnant? Since when?" Kenneth wondered if it was on Columbus Day.

When they just got the marriage certificate, they had sex often and she didn't get pregnant, but she did of

Columbus Day?

Besides, he had used condoms. He wanted to enjoy life for a few more years as Cassandra was too young to have a baby. Could it be that...

"Humph, it's been more than two months. You bastard! Look at what you have done!" While Omar was pleased, he still believed that Cassandra was too young to become a mother now.

"Omar, why did Cassie faint?" Pregnancy shouldn't be the cause of her fainting.

"Ahem... she's tired.

Kenneth and the others were rendered speechless.

They probably had had rough sex last night.

Kenneth felt a little embarrassed, his ears blushing.

Selena was very pleased about the news. Cassandra was young, so she could recover easily after giving birth. Like a coin with two sides, there were advantages and disadvantages.

Lydia was also delighted. If Cassandra gave birth to a daughter, there was a chance that the two families could end up related.

It wasn't long before Cassandra woke up.

When she opened her eyes and saw Omar, she was confused. "Omar, what are you doing here?"

Why were there so many people in the room?

"Didn't you know you passed out? Why didn't you check your pulse when you weren't feeling well?" Omar asked

angrily.

Cassandra frowned and looked at Omar impatiently. She wondered, "Why is he so nagging?"

"Why did I need that? I was just exhausted from my long hour of work in the lab," Cassandra said impatiently.

"Is that so? Perhaps you won't know you're pregnant until after you give birth in seven months," Omar was furious.

Stunned, Cassandra looked up at Omar in disbelief am

Omar rolled his eyes at her. "Aren't you Dr. Quirke? Check it yourself"

Cassandra frowned and checked her

pulse.

She exclaimed inwardly, I am really pregnant?!

"How old am I?

'This baby...

'Something's not right.

'It's twins.

'Is this a genetic thing?

'This is about bloodline. Harper and I are twins, so I carry the twin gene.'

"Couldn't you tell that I'm pregnant with twins, Mr. Mccall?" Cassandra smiled.

She thought, 'I am a mother now?

'I don't feel uncomfortable being pregnant at this age."

Omar was stunned. No way! He didn't feel it just now...

He decided to check it again!

Therefore, he placed his fingers on Cassandra's wrist!

Omar frowned and muttered reluctantly, "It's indeed two babies..."

Everyone in the room was shocked.

Omar and Cassandra looked too calm.

Had they forgotten the others present?

No one wasn't paying attention to the unborn baby's father?!

Kenneth was dumbfounded. He looked no smarter than Nelson.

"Cassie... You mean you're carrying twins?" It took Kenneth a long time to come back to his senses.

"Yes, two babies." Only then did Cassandra feel scared because they had sex fiercely yesterday. Luckily, the twins were fine.

It seemed that the twins were blessed.

She had found the love of her life and now became a mother.

It was like everything had changed.

Jeremiah hurried to Cassandra and said, "Elaine, can I be their godfather?"

Lydia immediately pulled Jeremiah away and said excitedly, "John and I will be their godfather and godmother.

You stay out of it."

Jeremiah said nothing.

He thought, 'How could they treat me this way?'"

Yannick couldn't help but remind Jeremiah, "Have you forgotten that you and Cassandra have been registered

as a family? You will be their uncle."

Jeremiah said, "Okay. I will be their uncle."

Chapter 484

The news that Cassandra was pregnant soon spread among her friends.

Everyone knew that she was pregnant, including Declan and Cyrus.

When Kenneth sent Cassandra home with great care, the house was crowded with people. Even Lucas and Sylvia, who hadn't shown up for a long time, appeared.

The two of them were so busy that if they hadn't heard that Cassandra was pregnant, they wouldn't have made time to come over and check on her.

Lucas didn't look well because it was not a good thing for him that Cassandra was pregnant now. Cassandra was still a child but she had to take care of another child. Was it reasonable?

Kenneth had never done what he promised!

Sylvia didn't care so much. She just felt that it was a little early for Cassandra to get pregnant, but after all, it was within the scope of the law, so Cassandra did not have to wait that long.

Sylvia was just feeling sorry for Cassandra.

“Now that you are pregnant, you should be more careful. This time, you fainted and found out you were pregnant. If you haven't noticed it, will you have to wait for a long time?” Sylvia couldn't help nagging.

Cassandra was used to doing things as she pleased. Since they were willing to keep the baby, she must advise Cassandra what to do. Otherwise, it would be bad if something happened at that time.

Cassandra bowed her head and listened modestly, but she also refuted, “I don't know either. I have been in the laboratory all this time. I thought I was just tired because of doing experiments. I didn't give it too much thought.”

She was glad that she only did some medicine, not some chemical and physical experiments with radiation. Otherwise, it was hard to say whether she could keep the baby or not!

“How dare you experiment? You'd better not go to the laboratory in the future. You know what? Wait until the baby is born, and don't do physics experiments for now,” Sylvia advised.

Cassandra had high attainments in physics, and she was teaching physics at Juset University. It was inevitable that she had to enter the physics laboratory. There would not be a problem if she did ordinary experiments. But what if those with radiation...

“Got it. I will be more cautious.” These two babies were her treasures, and she also had babies of her own. Even if she didn't believe in those words, she still needed to protect her babies.

She wanted her babies to be born safely and healthily.

Looking at how nervous Kenneth was, Lucas didn't know what to say for a moment. After a long time, he said, "You promised me before, but you didn't keep your word."

Kenneth was rendered speechless.

He thought, "What did I promise?"

'Oh, I promised that I would marry Cassie when she turned 22 years old!

'And I promised that we would have kids when she was 25 years old!

'But...

'It is still a long time before Cassie turns 22 years old. I don't think I can wait that long.'

"Sorry, I'll only have Cassie as my wife in my whole life. So sooner or later, I will be hers. She will be the only one. If you ask me to marry her only after she turns 22 years old, I can't do that." Kenneth seriously admitted it.

He had to wait another two years before Cassandra turned 22 years old. Although there would be no changes, he just wanted Cassandra to be his real wife instead of his fiancée.

He didn't want other men to covet her.

As for the babies, he used birth control in those two days, but now he found that even if he did, it could not be guaranteed to be foolproof.

There would always be a slip. Otherwise, Cassandra would not have been pregnant.

“When will you have a wedding? Are you going to let Cassandra marry you with merely a marriage certificate?” Lucas couldn’t help asking.

It was useless to pursue what had happened before. Cassandra would also defend Kenneth. Hence, it was better to say something practical!

“We’re going to hold the wedding at the end of the year. I’m preparing for it. The wedding dress has been chosen, and we will take wedding photos in two days. The venue and guest list have been drawn up. Now it depends on the time.”

Time was a big problem. They should not only finish the wedding before the end of the year but also before Cassandra had a hint of a baby bump.

Otherwise, Cassandra wouldn’t look good in the wedding dress...

Of course, he thought Cassandra was always good-looking.

“Who will decide the time?”

“John and Mr. Walker.” They were highly respected and paid attention to traditional etiquette.

Lucas nodded and thought these two people were suitable.

“Be careful these days,” Lucas couldn’t help but warn Kenneth. “I know you just came back. Suppress your desire. Cassie is pregnant now. You can’t bully her anymore, okay?”

Kenneth didn’t have parents. As for Cassandra... her parents didn’t care about her.

Therefore, they were the only ones who would remind them of something.

Kenneth nodded obediently. This time, he didn’t refute anyone.

When Declan and Cyrus came, they felt that Cassandra was a little different today because she was pregnant.

“Cassie, I feel that you look kind and gentle now.” Declan couldn’t help but say, which made Cassandra roll her eyes at him.

“Watch your tongue. What do you mean by looking kind and gentle now? Did I use to be fierce?”

Declan was speechless.

He thought, “Were you a little fierce before? Don’t you realize how horrible you are?”

“I feel that your temperament has indeed changed. You used to be a cool girl, but now you are very gentle. Maybe your babies have changed you.” Cyrus still spoke softly, which made Cassandra highly receptive.

“At first, I couldn’t believe it when I found out that there were two babies in my tummy. But I accepted them

soon and I was looking forward to their arrival.”

She had been through all the dangers and hardships, and she had avenged herself for what she suffered in her previous life. In the future, she should enjoy her life, right?

She could be happy, couldn’t she?

Although there was a trace of sadness in Cyrus’s eyes, he soon hid it. He smiled gently, “Then you should be more careful in the future. It is very hard to have one baby, let alone twins. You will suffer twice as much as

others.”

Cassandra nodded seriously. She thought what Cyrus said was reasonable. Hence, a crafty look came to her eyes. “So, I’ll leave Modern Beacon Synergy to you guys and you have to help me manage Thousand Dreams and Magnolia Studio occasionally so that I don’t have to worry about my work and can rest at home, right?”

Then she leaned closer to Kenneth. “I’ve been sleepy these days. I thought I was tired. I didn’t expect that it would be the two babies who caused trouble for me. I guess they won’t go easy on me before they are born. You should be more patient.

“Jeremiah is in love now. He still has Whitecrane Hall and the Urban, and if he has a mission, he has to be on at mission. So, you two are the most suitable.”

Cyrus’s smile froze, and he couldn’t even keep his gentle smile.

Declan was hopping mad. “No way! Are you telling me that you’re going to be hands-off?”

Modern Beacon Synergy made him as busy as a bee. Didn’t Cassandra know that Modern Beacon Synergy had industries all over the world?

What was more, Cyrus was the CEO of Blossom Group....

Cyrus couldn’t imagine how busy he would be...

Chapter 485

Cyrus was a little helpless and reminded, “Elaine, Declan and I haven’t rested for a long time.”

Words failed Cassandra.

She was also helpless!

“I will arrange for a manager to assist you. You just need to make reasonable arrangements then,” Kenneth said.

When Kenneth said this, there was a hint of smugness on his face. He even despised the two men who couldn't manage such a trivial thing...

Hearing this, Declan knew that Kenneth was looking down on him!

No way! He couldn't lose face at this time!

“No need. We can handle this!” Declan thought, ‘Damn it. I can't lose in front of Kenneth!’

Cyrus was speechless. He thought, ‘I can't handle this!’

‘Is Declan out of his mind? How can he refuse it?’

‘Isn't it good for Kenneth to send a professional manager to help manage his wife's property?’

‘Moreover, everything in the Zelinski Group now belongs to Elaine, and we don't have to worry that Kenneth will take away Elaine's property. Why did Declan refuse Kenneth's proposal?’

‘Feelings and work are totally different, okay?’”

In fact, Declan regretted it after saying that!

His mouth always reacted faster than his brain!

“Alright. Thank you for taking care of my wife’s property. When the babies are born, they will call you uncles,” Kenneth smiled and looked at them less defensively than before.

“No, I don’t want to be their uncle. I’m not like that foolish Jeremiah. I want to be their godfather!”
Declan

immediately protested. He came here to be the godfather of the babies, not their uncle!

If he could not be their godfather, a big uncle would do.

Oh no! That was to say, he would just be a brother to Kenneth!

Cyrus also hurriedly said, “I want to be the godfather of the babies too. Besides, I’ve already prepared the gifts

for the babies. All I need is to wait for their birth.”

After learning that Cassandra was pregnant, he immediately asked someone to prepare the gifts.

Therefore, he must be one of the godfathers of the babies!

Kenneth raised his eyebrows. “In that case, there will be three godfathers. When will you two find a godmother

for the babies?”

Cassandra also raised her head curiously to see how they would answer!

Declan was a little speechless, and finally, he said angrily, “It’s none of your business! Cassie is pregnant. You’d

better take good care of her!

Words failed Cassandra.

Cyrus just smiled gently, but his smile was a little stiff. "Don't worry about that, Mr. Zelinski. I also want to find someone who knows me well, but it takes time."

Kenneth was silent. They chatted for a while and left after discussing the work.

Finally, there were only the two of them in Pinehart Mansion. Kenneth held Cassandra in his arms and said, sincerely and gently, "Cassie, thank you for marrying me and giving birth to my babies."

After knowing that Cassandra was pregnant, Kenneth was walking on air. He didn't know how to react or even what to do when the babies were born.

He was afraid that he would let Cassandra down.

It was said that a woman was willing to have a baby with a man when she loved the man. Then Cassandra must

love him deeply!

He had to work harder and love Cassandra more so that he would not let her down.

"Don't mention it. I want to be free for two more years, but the babies come so early. There are only two of them,"

"Cassandra said gently. "I have so many identities, but I have never been a mother. I really want to give it a shot."

“Thank you, honey.” Kenneth kissed her softly on the cheek.

“Then please take good care of us. I can make do with it, but now I—am pregnant with two babies. If I am picky about food in the future, you have to satisfy me. It’s all the babies’ fault.” Cassandra chuckled.

“Okay, I’m always at your disposal,” Kenneth promised with a smile.

When Cassandra went to teach her students, one of them asked, “Professor Yates, I noticed that you are a little different. Do you have anything happy to share with us?”

It couldn’t be because Kenneth came back that she looked completely different, right?

Cassandra smiled faintly, “Maybe it’s because my husband came back.”

Obviously, the students didn’t believe it and were about to ask when they saw Sofia waiting for Cassandra outside.

Seeing that Sofia and Cassidy came to pick her up, Cassandra stopped chatting with the students when it was also time for class to dismiss. She just said goodbye and left,

When Sofia grabbed Cassandra, she couldn’t help but wonder, “Cassandra, are there really two babies in your ‘tummy? The babies are supposed to be very big...”

But the babies are still small now. Do you have any common sense?” Cassidy couldn’t help but complain..

The physics students behind them heard this!

Cassandra was pregnant?

They couldn't believe their ears!

They were all older than Cassandra, and they didn't even have a date. And Cassandra not only married the richest man in the world but was also pregnant.

Then, the campus forum was in an uproar!

[You know what? Professor Yates was in a good mood these days. When she gave lectures, she was gentler than before. I asked her the reason curiously, but she didn't answer. However, I heard that she said to her friends that there were two babies in her belly!]

[Holy crap! No way. Are you serious?]

[I don't believe it. Professor Yates is pregnant? She's still a fairy!]

[My idol is pregnant. Will she give birth to little girls?]

[Can we make Professor Yates's babies shower with affection? Professor Yates has been living a hard life.]

[I think you have overread it. Even if she lives a hard life, she is the richest one. She is rich and has a rich husband, You are born into an ordinary family. Why do you feel sorry for her? Are you out of your mind?]

[I'm from an ordinary family, but I have been living a happy life since childhood. Even if I don't want to study, my parents will not force me as long as I have justifiable reasons. But Cassie's experience in her first 20 years is something that I can't experience for the rest of my life. Is it wrong to feel sorry for her?]

[Stop arguing. Isn't this a happy thing?]

The news on the campus forum soon became a trending topic on Twitter!

No matter which side the fans were, they seemed to be crazy!

[So, Cassandra is the luckiest woman.]

[Cassandra has really experienced a lot from the bumpy road to happiness!]

[Congratulations! Congratulations on being a mother. Although you are young, I hope you can have beautiful

and healthy babies.]

[Congratulations, my idol!]

it true or fake? Why didn't anyone come out and tell me?]

[I also want to know if it's true or not, at least someone should respond.]

[Let's wait for a response. These are all students' self-imagination and can't be taken seriously.]

[Whether it's true or not, I hope it is true because I hope Cassandra can be happy. Boohoo... I hope it is true.]

[So do I!]

Cassandra was a little confused. Wasn't they the only ones who knew she was pregnant? How did everyone

know?

Chapter 486

It turned out that the conversation between Sofia and her was overheard!

Although Cassandra was a little speechless, she didn't take it seriously.

Kenneth asked softly, "Should we announce it?"

"Let's announce it later. I'll go to Whitecrane Hall for a checkup later." Cassandra also needed to establish a pregnancy file. In fact, Cassandra only wanted to keep her pregnancy within her friends.

However, it had been posted on the Internet, and it didn't seem to be good if she did not respond.

There would always be suspicion and malicious speculation.

In the afternoon, Cassidy went to have a check-up with Cassandra together. She felt a little guilty and said, "I'm

sorry, Cassie. Our conversation was overheard by the students in the Physics Department."

"It's okay. It's just a matter of time. Sooner or later, they will find it out. My belly will bulge in a month. I can't hide it," Cassandra said indifferently.

There was nothing to feel guilty about. Cassidy didn't mean it, and Cassandra was also involved in this matter.

There were two pieces of good news for this check-up.

Cassandra's pregnancy was nine and a half weeks. Cassidy had completely recovered from her illness, without

any

She was a healthy person now.

When Cassidy got the report, she giggled for a long time and finally couldn't help crying.

Cassie, thank you. Thank you so much... If it weren't for you, I would have died long ago." Cassidy cried her heart out as if she would cry out all her grievances for so long.

It had been more than two months since she left the Hansen family, but her parents hadn't visited her once until now, as if she had disappeared from their world.

"It's because you are strong and cooperate well. You take the credit for your recovery!" Cassandra was also happy for Cassidy.

Cassandra could help people recover fast, but many diseases still need to be cured slowly. Traditional medicine paid attention to slow cures instead of fast recovery.

Cassidy could be cured thanks to herself.

"But without you, no matter how strong I am, it's useless," Cassidy retorted.

Sofia also appeared in Whitecrane Hall at this time. She returned home and found that Cassidy was not there, so she remembered that Cassidy had to have a checkup today. As soon as Sofia entered, she heard the news of Cassidy's recovery.

She immediately rushed to Cassidy and said excitedly, "Are you really recovered? Is that true?"

"Yeah, I am recovered. I just got the result." Cassidy couldn't help sharing.

The two of them were overjoyed.

Cassandra just smiled and sent her pregnancy test report to Kenneth.

Kenneth had already known the result. But when he received the report, he still couldn't hide his excitement.

Kenneth didn't come with Cassandra for the check-up because he had to attend an emergency meeting.

After the whole meeting, Kenneth stared at his leader many times, but his leader ignored him.

The leader thought, 'I'd better pretend that I didn't see it. Otherwise, something bad will happen!'

Kenneth posted the examination report on Twitter, which immediately attracted everyone's attention!

Those who occupied the front row were elites from all walks of life.

[Wow! Congratulations, Mr. Zelinski!]

[Mr. Zelinski, congratulations! Congratulations on being a daddy!"]

[Congratulations, Mr. Zelinski, on being a father!]

[It's true! Cassandra is really pregnant!]

[I think it's incredible. Besides, Cassandra is nine and a half weeks pregnant. Isn't Mr. Zelinski training all the time? Then how could they have babies?]

[I'm also a little curious. So how did they have babies?]

[I totally agree! According to the time, it should happen in October. Mr. Zelinski hadn't come back to Drieso yet.]

[Is it possible that Cassandra went to Mr. Zelinski?]

[Are you kidding? It was closed training, not the kind of place where anyone could go.]

“So, are you saying that Mr. Zelinski was cuckolded?]

Soon, the hashtag “Cassandra is Suspected to Have an Affair” became a trending topic!

What?

The discussion online was in full swing.

Cassandra was suddenly in the teeth of the storm.

Kenneth’s heart sank. How could these people be so good at guessing?

Kenneth posted, [I had two days off during Columbus Day, but I couldn’t leave the city where I had training. So my wife Cassie came to visit me and stayed with me for two days.]

[So Cassandra went to visit Mr. Zelinski. No wonder!]

[That’s so typical of teenagers! They can’t help themselves and have sex even in two days!]

[Are you jealous? They are in love. What’s wrong with them being together? It’s none of your business.]

[That’ll make it clear. What a good thing!]

[Congratulations to Cassandra and Kenneth for welcoming their little babies!]

[That's funny. Why are they little babies?]

[Because Cassandra is still a child, their babies are little babies!]

[Interesting!]

Cassandra looked at the comments and thought, 'These people really have a wild imagination. Cheating?

"If Kenneth hadn't explained it in time, they would have found out the so-called "adulterer" soon."

"Cassie, I'm sorry to make you suffer." Kenneth felt distressed. Cassandra just got pregnant. Why did she have to go through all this?

"Huh?" What did Kenneth mean?

Cassandra thought for a while and said, "You mean what happened on the Internet?"

"Yeah."

"I didn't take it to heart. It was over before I even read it. I didn't suffer anything, right?"

Kenneth gently rubbed Cassandra's head and said affectionately, "What would you like to eat? I will cook it for

you."

Cassandra looked at him eagerly. "I want to eat onion rings!

She had been thinking about onion rings for a long time and wanted to buy some outside, but she didn't know when Sofia was bribed. No matter whether she went to the shop or supermarket, Sofia followed her. When she picked some onion rings, Sofia would put them back immediately.

What a heck!

Kenneth hesitated. "Change another one. They are not good for your health."

How come she was pregnant, and she liked junk food?

Cassandra shook her head. "It's not that I want to eat them. It's the two babies who want to eat them. You know,

I have never eaten them before. If I want to eat them now, it must be your babies' fault!"

She was talking nonsense seriously. If Jeremiah were here, he would probably give her a few punches!

How could she say that she never ate onion rings?

Then where were the onion rings?

Kenneth didn't know what to say.

Why did he feel that it was a trap?

"Do you have to eat them?"

"Yeah, I won't have dinner if I can't have onion rings." Cassandra nodded seriously.

“Then I’ll make them for you. Don’t eat those bought outside, okay? My onion rings will definitely taste better.” Kenneth had no choice but to compromise. No matter what, he doted on Cassandra.

Besides, he could solve this problem by making the onion rings by himself.

“Okay.”

“Then what else do you want to eat?”

“Chips.”

Words failed Kenneth.

Why was Cassandra so obsessed with junk food? What were chips?

Why was she so eager for chips?

“I’ll figure out how to make them for you.”

Chapter 487

At the appointed time for taking wedding photos, Kenneth hesitated.

“Cassie, you’re pregnant now. Isn’t it inconvenient for you to take photos? Let’s forget it, okay?” When they made an appointment, Cassie hadn’t been found pregnant yet. But now, she was pregnant and it was said that taking wedding photos would be tiring.

“No, I’m not that delicate. Don’t worry. I’ll be fine.” Cassandra felt that Kenneth was on edge now. The two babies in her belly were as small as sprouts, and Kenneth was so nervous. If her belly bulged in the future, he would have to hold her belly every day!

“But...”

“Kenneth, I’m just pregnant. I’m fine now. We can take our time, but we have to take wedding photos. We can’t skip this,” Cassandra insisted.

Kenneth said patiently, “It’s not that I don’t want to take the wedding photos. We can make up for it after you give birth to the babies. We can have Jeremiah edit a few photos for this wedding.”

Cassandra was rendered speechless.

“I don’t want it. Anyway, we have an appointment. Let’s go shoot it. I will tell you if I feel uncomfortable.”

What was more, she was a doctor. How could she not know if there was anything wrong with her?

“Alright.”

After arriving at the photo studio, Cassandra was taken to change her clothes by the staff. She took photos in casual wear first, which didn’t take too much time in changing clothes. In addition, with her gorgeous face, she only needed light makeup.

Kenneth hired the most renowned photographer in the world.

Originally, he had thought that the shooting would be canceled. After all, everyone knew Cassandra was pregnant. What if Kenneth worried about his wife and stopped shooting?

It was very common, and it happened a lot.

When Kenneth and Cassandra appeared in front of the photographer hand-in-hand, he was surprised that they were the most attractive couple he had ever seen, and they were such a perfect match.

The most important thing was the cutest height difference!

It was going to be a great shooting experience!

“Let’s start shooting.” The photographer couldn’t wait to see their photos. They must be perfect!

“You can arrange it,” Kenneth said..

“Later, you can pose casually. The interaction between husband and wife is fine. I will do the rest.” The photographer was very confident in his shooting skills. If the couple loved each other, they would look sweet in the photos.

During the shooting, the photographer talked a lot....

“Look at the camera. That’s right. Hug each other.

“Mr. Zelinski, look at your wife affectionately!

“Come on, get closer. Yes, that’s it!

“Perfect. Hold this posture!

“The bride can kiss Mr. Zelinski on the chin. Yes, that’s it. Keep the same posture...”

After shooting four sets of casual clothes, Cassandra was a little tired. It wasn’t that she felt tired, but because she thought it was time to rest for the sake of her babies. Otherwise, it would be easy for them to protest.

Kenneth asked someone to buy some food and drink and let Cassandra take a break.

“Why don’t we stop here today? We can shoot the rest later.” Kenneth couldn’t bear to see Cassandra get so tired, so he wanted to end the shooting today.

However, Cassandra didn’t want to.

“I’m fine and not tired. I just think we should sit down for a while and have a rest. Let’s continue later. We can shoot two more wedding dresses. There is no need to shoot too many of them.” Cassandra doesn’t want to

waste any more time. It was best to do it all at once.

Kenneth found that he couldn’t make Cassandra change her mind. She could do whatever she said. ”

“Okay.”

During the break, the staff began to change Cassandra’s makeup. After that, Cassandra went to change into a wedding dress.

When she came out, Kenneth was waiting at the door.

His eyes lit up. Cassandra was beautiful, but he didn’t expect that Cassandra would look more stunning in the wedding dress as if she was born for such a pure white wedding dress. The exquisite tailoring perfectly outlined Cassandra’s curvy figure!

“I want to hide you. What should I do?” Kenneth was a little jealous..

Cassandra was such a good girl. He wished he could hide her forever.

“You should think this way. They can only look at me, but you are the only one who can have me. Will you be happier?” Cassandra was a little speechless. She thought, ‘Why is he jealous? It’s really ridiculous.’”

Kenneth smiled, “That’s true. You are mine.”

While shooting the wedding dress, the photographer became talkative again.

“Mr. Zelinski, you can hold the bride’s wedding dress and look at her affectionately.

“Mr. Zelinski, the flowers are for your wife...

“Mr. Zelinski, hold the bride in your arms. You either carry her in your arms or hold her high...

“The bride can lie on that board, and the prince kisses his sleeping beauty..

Everything went well during the shooting.

The photographer showed the sample photos to Kenneth and Cassandra. “Mr. Zelinski, I think these can be developed. Every movement of yours is warm. You are the most effortless couple in my shooting.”

He had taken photos of millionaires before, but they were not so pretty easy on the eyes.

Once, the rich married a half–blood woman, which looked very matched at first glance, but the effect presented in front of the camera was not so good.

There was also someone who looked handsome and beautiful but they were not photogenic.

As for Kenneth and Cassandra, it was effortless during the shooting and without much–complicated movement, because their every posture was fantastic.

Kenneth glanced at the photos and thought they looked nice. "Alright. You can get them all developed. I'll leave the rest to you."

"May I take a closer look? I'd like to choose one for my painting." Cassandra asked.

There were a few photos that she was satisfied with, which kind of suited her taste. Anyway, Kenneth didn't want her to do anything now, so she could draw at home.

"Of course!" The photographer was very excited and immediately imported the photos into the computer for

Cassandra to select.

Finally, both of them chose the photo of Kenneth hugging Cassandra from behind. They were radiant with happiness and Cassandra also looked gentle.

This photo was directly developed on the spot and an 8-inch one.

On the way home, Kenneth bluntly refused Cassandra's desire to paint by herself.

"Pigments are harmful. You can't paint now. Can I ask someone to do it?" There were so many chemical ingredients in the pigments. Even if they were harmless, Kenneth was worried about them.

Cassandra felt that he was making a fuss, and she was unhappy. "I have nothing to do at home. You can't let me

stay idle!"

She would be bored to death if it went on like this.

“You can supervise at any time, but you can’t draw, okay?” Kenneth thought for a while and gave in.

As long as she didn’t touch the pigments, it shouldn’t be a big deal.

“Who are you going to ask to paint it?”

“I haven’t decided yet.”

“Then let Vanessa do the painting. I taught her how to paint, and I prefer to let her paint.” If she couldn’t paint by herself, she should also participate in it!

Chapter 488

On January 14, there was only one day before the wedding.

Cassandra was bored at home. Kenneth didn’t go to the company recently and stayed with Cassandra at home.

Selena and Sylvia both said that the bride and groom could not meet three days before their wedding, but Kenneth and Cassandra refused to do so.

Kenneth said that the two of them could not be separated. Cassandra went even further, saying that she couldn’t sleep without Kenneth and had a bad rest, which would affect her babies’ health.

Selena and Sylvia were speechless. How could they be so rebellious?

In the end, Sylvia gave an order, “You must go to the Hathaway residence the night before the wedding. The bridegroom team will set out from the Hathaway residence the next day. If you refuse again, I will be angry.”

Hearing that Sylvia was going to be angry, Cassandra had no choice but to agree reluctantly because Sylvia was the most important person to her..

Sylvia was finally satisfied after Cassandra agreed.

However, Cassandra remembered another thing that Sylvia reminded her of.

“Cassie, I think you should mourn Kenneth’s mother before the wedding. Tell her that Kenneth is going to get married. Also, you haven’t visited your future mother-in-law for so long.”

Cassandra thought what Sylvia said was reasonable. She hadn’t visited Kenneth’s mother yet. –

Her parents didn’t take her as their daughter and she didn’t care about them either. Maybe Kenneth was afraid. that she would be unhappy, so he never mentioned it.

-Kenneth, let’s go see your mother.” Cassandra thought for a while and felt something was wrong. “It’s our

mother.”

Kenneth was stunned. Why did Cassandra want to see his mother?

What if she was unhappy?

“Sylvia said that we should meet our mother before getting married. I think it makes sense. I can’t stop you from reporting the good news because of me. Besides, I should also visit my future mother-in-law, right?” Cassandra whispered.

So, they arrived at Greyfay Cemetery located in Drieso.

In front of a gentle young woman's tomb, Kenneth used to be shrouded in gloom. But this time, he was different.

He became gentle and said softly, "Mom, let me introduce this girl to you. She is my wife, your daughter-in-law. She's a very excellent woman. I have found the beloved woman you mentioned, and I will love her forever. I won't be lonely in the future."

Cassandra looked at Kenneth and the tombstone, then said softly, "Mom, my name is Cassandra Yates. I have

two babies in my belly. After they are born, I will bring them to see you."

"Yes, we have two babies. Tomorrow we will officially hold a wedding ceremony. I hope you can bless us,"

Kenneth said.

He looked at Cassandra tenderly and said, "Cassie, you know what? When my mother married Hector, she thought that she was marrying the right person. However, she didn't expect that Hector would forget everything after being set up by others. The mistress seduced him and he couldn't control himself.

"Her marriage was broken, but my mother didn't give up. She wanted to protect me. If she hadn't left me the shares of the Zelinski family and my grandfather hadn't had the heart to kill me, I would have died a long time ago. That woman was after me. I also knew that my grandfather also sent someone. He didn't protect me. He was just afraid that if I died, he wouldn't get the shares."

Things didn't work out as they expected. Those who could not kill him would eventually make him powerful.

He didn't die and even made his comeback.

Those people should stay in the border prison forever!

They never deserved to come out!

“Kenneth, Mom was great. She raised you so well that you didn’t lose yourself in adversity and became even stronger. She will be happy to see you like this.”

Cassandra found that she called Fiona mom so naturally. She hadn’t called anyone Mom for a long time.

She just noticed it.

“Well, Cassie, you are right.” Kenneth chuckled.

They stayed at the cemetery for more than an hour before returning.

After returning home, Kenneth found that there were many people in Pinehart Mansion.

“Cassie, you’re finally back. Where did you go?” Sylvia held Cassandra’s hand and checked on her.

“We went to the cemetery and visited Kenneth’s mother.”

“Yeah, you should go,” Sylvia praised. “Hurry up and pack your things. We’re ready to go home. Tomorrow we will depart from our house. Your mentor and Hugo have already gone there.”

The original Hathaway villa could not accommodate so many people, but Cassandra bought both floors.

It was much larger than before, and it could accommodate more people.

Kenneth was speechless.

“Why are they so eager?”

‘Pinehart Mansion has been decorated. Can’t they depart from here tomorrow?’

“We’ve made a deal before. If you go back on your word now, it won’t work!” Seeing the embarrassed faces of Cassandra and Kenneth, Sylvia felt a little nervous. They wouldn’t go back on their words at this time, would

they?

“Elaine, I also think it’s time for you to go. You couldn’t see each other in the past three days, but you see each other every day. You’ve been with each other for so long today. That’s enough. Go home with Sylvia, okay?” Jeremiah echoed.

He thought, ‘How can this girl break the rules before getting married?’

‘She is so spoiled.’

“Okay, I’ll ask someone to pack up.” Cassandra had no way to refute it. Anyway, it should be right to listen to

them.

Kenneth didn’t know what to say.

He thought, ‘Where is Yannick at the most critical moment? Can’t he take Jeremiah away?’

“What is Jeremiah doing here?’

Yannick, who was gathering with his buddies, sneezed untimely.

He rubbed his nose and felt a chill in his back.

How terrifying!

“Don’t you want to stick with Jeremiah every day? Why did you come to us today?” Ethan joked. Yannick hadn’t shown up since he said that he was with Jeremiah, and the two of them stuck with each other most of the time.

Yannick was also annoyed. “Today he and Mrs. Hathaway went to Pinehart Mansion to pick up Mrs. Zelinski. Do you think I can go with him? I’m afraid of being split into two halves by Mr. Zelinski!”

There was no way for him to get out of Pinehart Mansion alive. Although it only lasted one night, Kenneth would not let him go!

It was so horrible!

“No wonder you came to us,” Ethan couldn’t help but say.

“You can’t say that...”

Cassandra went to the Hathaway residence with them, but Kenneth didn’t follow her because they didn’t allow

him to do so.

He scratched his hair, feeling a headache..

Therefore, he asked Kayden and Eddie to come out for a drink.

Without Cassandra at home, he didn't want to go back.

"Well, you are getting married tomorrow. Why are you so decadent now?" Kayden joked.

"Yeah, you don't seem to be getting married."

Chapter 489

The next morning, the wedding team arrived.

Kenneth couldn't wait any longer. The four best men followed him!

They arrived at the gate of the Hathaway residence early in the morning.

However, they got off to a bad start. Before going upstairs, they were stopped by Jeremiah and Roger.

"Well, it's too easy for you to marry Elaine like this, right?" Jeremiah directly stopped Kenneth from going upstairs.

Before Kenneth could speak, two of the best men nodded. They were Declan and Cyrus.

Kenneth was silent. Why did he feel that they might betray him at any time?

"Yannick, give them gifts."

Yannick handed out the gifts to Jeremiah and Roger, but they didn't want to make way for Kenneth.

"Are you trying to send us off like this? Are we that easy to buy off?" Jeremiah snorted.

He was told by Lucas that he must guard the first line of defense and never break it.

“Then what do you want?” Kenneth asked.

out of

“Lucas prepared 50 glasses of liquor for you. You can go to the next step after drinking them.” Roger got out of the way very cooperatively. There was a rectangular table behind, covered with red cloth.

Kenneth was stunned.

50 glasses of liquor?

Could they finish them all?

Declan couldn't help but complain, “Roger, do you want us to die here?”

Not to mention 50 glasses of liquor, he couldn't even finish 2 glasses!

These people were so cruel!

“Then you can talk to Lucas. It's not my decision. The liquor was poured by Lucas himself. As for whether you drink it or not, it's your decision.”

Jeremiah's words were threatening. Lucas poured the liquor himself. Was it possible for them to refuse it?

Fortunately, Eddie, Ethan, and Lamont all came together. They soon shared the liquor.

Even Kenneth had drunk a lot.

“Is that all right now? Can we go upstairs?” Kenneth stared at Jeremiah as if he would kill Jeremiah for saying no.

However, Jeremiah was not threatened at all. He shook his head and said, “No, you can’t go up yet. You haven’t finished your task.”

Kenneth narrowed his eyes and thought, ‘Is Jeremiah going to force me?’

“Yannick, take your man away!” If Yannick didn’t want to take Jeremiah away, Kenneth would...

Yannick was so frightened that he rushed up and said. “Mr. Zelinski, calm down. It’s your wedding day. I’ll take him away immediately!”

Yannick was scared out of his wits!

He immediately carried Jeremiah by the waist. Except for Jeremiah’s abuse and protest, no one looked at him

again.

Without Jeremiah causing trouble, Kenneth looked at Roger and saw him smile awkwardly. “Well, I don’t have so “many requirements. I just think...”

#Yannick, give him the gifts...”

“Whave it here.” Ethan took out the gifts immediately!

Fortunately, he was cautious. If he let Yannick keep all the gifts, Yannick would not have been able to come at

this time.

Ethan was very generous and gave Roger ten more gifts.

After receiving the gifts, he stepped aside and said, "Be nice to Cassie."

"I know."

After going upstairs, Kenneth thought with excitement that he would see Cassandra.

However, Sofia and Cassidy stood at the door. The door was still ajar.

"No!" Sofia stopped Declan and didn't let him open the door!

"It's not so easy to marry Cassandra! You must experience the hardships!" Sofia and Cassidy blocked the door.

The men could do nothing to these two girls but stand there obediently!

"What do you want me to do?"

"Nothing special. Just answer a few questions and do a few more things!" Cassidy smiled gently. It was reasonable and shouldn't be too difficult.

"Go ahead."

Cassidy and Sofia looked at each other, and Sofia smiled cunningly.

"Where did you meet Cassie?"

“When did you meet again?”

“Who does Cassie love the most except you?”

“Who does Cassie hate the most?”

“What is Cassie’s favorite food and what food she hates the most?”

“What is Cassie’s favorite sport?”

Do you feel inferior because Cassie is so powerful?

“What’s the most sensitive part of Cassie?”

Sofia asked 25 questions in one go!

Everyone was dumbfounded.

How could Sofia ask so many questions?

Kenneth chuckled and answered all the questions confidently.”

Sofia was shocked that Kenneth could answer all these questions!

“Well, although you have answered the questions, there are still tasks to be done!” Cassidy couldn’t help reminding him.

A man who could remember the preference of his beloved was charming, not to mention it was Kenneth, the richest and most powerful man in the world. Sofia was shocked.

Kenneth frowned in dissatisfaction, "What else do you want me to do?"

"Oh, it's very simple. The groom and several best men each do 200 push-ups and sing a song of confession. Cassie is listening in the room!" Cassidy smiled.

Without hesitation, Kenneth unbuttoned his shirt and began to do push-ups.

Only Declan wailed, "You're killing me!"

Ethan was a little stunned. He thought, "What's wrong with Declan? He can neither drink nor do push-ups?"

"He's not that weak. Why is he wailing?"

It turned out that Declan was a little weak. Even Cyrus had finished 200 push-ups, but Declan didn't finish it.

"I can't do it anymore. I'm too tired and my hands are sore!" Declan began to howl!

Kenneth frowned and thought, 'Is he here to cause trouble?'

"Why did I choose him as my best man?"

"May I help him?" Kayden asked softly.

"Sure, but you have to do three times the remaining push-ups. Mr. Gomez only did 89 and there were 111 left, so you have to do 333 push-ups. You can do 330 ones at a discount." Cassidy thought it was funny. "Isn't Declan pretty strong? Why is he crying after doing push-ups?!"

Kenneth was rendered speechless.

“Do it now!”

“I’ll do 200 push-ups. Kayden, you can do 130 push-ups.”

Cyrus didn’t seem to be doing very well. He hadn’t regained his strength yet, so it was better not to let him do the push-ups.

Soon, they finished 330 push-ups.

However, Sofia and Cassidy still didn’t let them enter the room.

“What else do you want to do?”

“Mr. Zelinski, it’s your first time getting married. Do you want to go in without giving gifts?” Sofia was not afraid of anyone at this time. Anyway, no one would embarrass her since it was Cassandra’s wedding.

“Yannick, Ethan, give them more gifts!” Kenneth understood. They wanted gifts, right? There were plenty of gifts!

Sofia and Cassidy took several big gifts.

Wow!

They should be worth at least 4,000 dollars. Kenneth was so generous!

Sofia and Cassidy make way for them happily!

Kenneth was excited. He could finally meet Cassandra.

However...

Lydia and Nelson were standing at the bedroom door.

Words failed Kenneth.

Chapter 490

Kenneth didn't expect that it was Lydia who stopped the last barrier!

And her son!

What did they mean?

Why was it so hard to marry Cassandra?

When others experienced hardships, they would have helpers around them.

But what about Kenneth?

Those around him were completely useless.

Yannick couldn't control his man. As for Declan... he really sucked!

At such a critical juncture, his best friend's wife blocked the door!

And she even blocked the door together with her son!

Kenneth now felt that it seemed that it was his friend who made him suffer during his wedding day!!

“Lydia, we know each other so well. Shouldn’t you let me go?” Kenneth thought this was the only time he played. the sympathy card!

He did this for the sake of marrying Cassandra!

Unexpectedly, Lydia shook her head indifferently. “No way. According to the time, I’ve known Ms. Yates longer than John. Thanks to Ms. Yates, I have become who I am. So... I won’t show any mercy to you, even though John is here.”

Eddie glanced at Kenneth with sympathy. “Bro, it’s not that I don’t want to help you. I can’t interfere with the relationship between Lydia and Cassandra.”

Words failed Kenneth.

What happened today was beyond words!

Sylvia walked to Lydia with a big smile and said excitedly, “Kenneth, after all, I have watched Cassie grow up. After so many years, she finally found someone she liked. At least, you should show me and Lucas your sincerity.”

From Sylvia’s words, Kenneth knew that he must go through these barriers.

That meant, if he had a problem with it, he could give up.

Kenneth didn’t know what to say.

“Sylvia, as long as I can marry Cassie, I’ll go through all the barriers no matter how difficult they are.”
After that,

Kenneth looked at Lydia. “What is this barrier about?”

“It’s quite easy. John will do it as long as he is at home, and you just need to do it.” Lydia showed a cunning look.

But for some reason, Kenneth felt a chill down his spine.

Eddie was also a little confused. What did he often do at home?

Kenneth raised his eyebrows and asked, “What is it?”

“Nelson hasn’t had milk this morning. John will tell you the specifications and teach you how to make it. Then, Nelson hasn’t changed his diaper or clothes yet. You are his godfather. You can help him change them.

“If you do a good job, you will pass the test. Ms. Yates is in the room. This is the last test. If you don’t pass this test, there will be other tests waiting for you inside. You can think about it... After all, you have to take care of

children in the future. You can practice now.”

Lydia felt that she was a bit mean, but fortunately, Nelson didn’t poop at night. He just peed, and it wouldn’t be

too nasty.

She wondered if Kenneth could take this challenge or not.

Not to mention Kenneth, even Eddie was stunned!

He thought, ‘She is my wife. How could she be so mean?’

‘How could she come up with such a trick?’

Kenneth was lost for words.

“You have to do it as soon as possible. The time is almost up. You still have to go in and find the bride’s shoes...” Lydia reminded Kenneth.

“John, come and teach me what to do!”

Seeing the can of milk powder, Kenneth wanted to make the milk.

Eddie stopped him. “Let’s change Nelson’s diaper and clothes before making the milk for him.”

It was also more convenient for Nelson to have the milk after his clothes were changed. Now Nelson was one year old, and he would not spill the milk while eating, so there was no need to worry about spilling milk on his

clothes.

Kenneth didn’t object and took John’s advice.

Kenneth had never been so tortured. He enjoyed changing Nelson’s diaper and even spread his legs... When he was about to put on a new diaper for Nelson, Eddie stopped him.

“Oh, no. You have to wash his butt. Otherwise, he will feel uncomfortable after being stuffy all day.” Eddie felt sorry for Nelson and kissed him.

What a poor thing! He was used by his mother as a test.

However, this little one also had a good time and was never tired of it!

Kenneth took a deep breath to calm himself down. He thought, 'Thank goodness. It's not that difficult. I can see Cassie soon. Nothing can stop me!'

Sylvia pointed to the bathroom. "There is a small basin inside. Wash it clean, get some water, and wipe Nelson's

butt."

Kenneth followed the instructions. Fortunately, he had strong hands-on ability!

When the water was ready, Kenneth wanted to wipe Nelson's butt, but Eddie stopped him again!

What was wrong again?

was!

"Kenneth, although Lydia's test is a little embarrassing for you, you can't murder my son!"

Even adults couldn't stand the hot water, let alone children!

This was the hottest water when the heater was turned on to the maximum!

"Don't you want hot water?" Kenneth was a little confused. It was hot water!

"This is hot water. But for children, it will burn their skin red."

Eddie went to fetch the water for the safety of his son.

Kenneth was a little embarrassed. However, no one reminded him just now.

Kenneth knew how to dress Nelson. He helped Nelson put on clothes before, so this part was over soon.

Declan complained while watching. "Kenneth, you really suck. You can't even take care of a child!"

"If you can do it, go ahead!"

"I'm not the one who gets married today. Why should I do that?" Declan immediately retorted without mercy!

Kenneth thought it shouldn't be difficult to make the milk. Children must drink hot milk, right?

So he fetched 176°F hot water....

On second thought, it seemed inappropriate. The water was too hot, and Nelson probably couldn't drink it.

"Kenneth, put the water down!" Eddie was scared out of his wits by Kenneth. "We have 104°F water there, Put

this down."

If anyone drank such hot water, even adults would get scalded and blistered!

"First pour 250 ml of 104°F water, then there is a spoon in the milk powder can. You take 7 spoons and pour them

into the bottle and shake well," Eddie said.

It didn't seem difficult for Kenneth to do so.

Seeing that Kenneth did a good job, Eddie reminded him again, "Put one drop on the back of your hand and feel

the temperature. Then you can give it to Nelson."

After such a long time, Nelson finally could have the milk. It was really not easy.

Lydia watched the whole process. It was so funny.

When she gave birth to Nelson, John felt overwhelmed to take care of the child. It was even harder than him leading thousands of new soldiers!

Now John was good at taking care of the baby, so it should not be a problem to train Kenneth.

As for men, if they couldn't feel the pain of women giving birth to children, they must share other responsibilities, right?
