

How Death Became My Rebirth by Evelyn Florence

Chapter 511

Chapter 511

Four years later, Weston and Abril had already attended kindergarten.

But Nelson was already in grade one, so they could not see Nelson in the kindergarten anymore.

Weston was a little unhappy, so after he went back home, he asked, "Mom, why can't I be in the first grade with Nelson?"

He had already learned all the contents of elementary school. Couldn't he skip a grade?

Abril was also not very happy. "Yes, Mom, my classmates are so childish, could you let me go to sixth grade?"

Cassandra was stunned.

+5

'Are you kidding me?'

However, their intelligence was much higher than ordinary children. This was not apparent when they were one year old, but after two years of age, their amazing intelligence showed up.

The two kids were only five years old, but they had already taught themselves knowledge in elementary school. But Kenneth and her didn't give them much guidance.

This gave her a headache. If there were parents' meetings, when the teacher praised her, "You are such a good parent. How do you teach your children so well?"

She wouldn't know how to reply.

Because she didn't teach them anything.

“Well... you could only be in the first grade at most. Be good kids. You should not think about skipping a grade again, okay? Otherwise, you will have to stay in the kindergarten.” Cassandra was also very overwhelmed; it was not necessarily a good thing if the children were too smart.

“Okay.” Weston and Abril agreed directly.

1/5

Chapter 511

‘I can finally get rid of these kids.

‘Finally, I can sit in the same classroom with Nelson.’ Weston and Abril were overjoyed.

They seemed to have their own ideas.

Kenneth happened to come in from the door. He was already in his thirties, but it seemed that time hadn’t left a trace on his face. There was only a hint of maturity on his face, not even a fine line.

He asked softly, “What are you talking about?”

As soon as he entered the room, he heard the two kids saying “Okay“, which made him confused.

“They want to go to the first grade. Can you arrange it for them?” Cassandra said softly when she saw him come back.

+5

Kenneth raised his eyebrows and thought, “What does this mean? Is kindergarten not fun?”

He walked up to Abril and held his daughter in his arms. “Cherry, isn’t kindergarten fun? Why do you want to go to first grade?”

Abril hugged his father, and said seriously, “Dad, my kindergarten classmates are too young, too childish, my brother and I don’t like them. Weston wants to study with Nelson. I don’t want to play with kindergarten kids, so I want to go to first grade.”

Abril spoke very quickly and was really smart.

If her mother hadn't stopped them from going to sixth grade, she would have wanted to go straight to the graduating class of elementary school instead of first grade.

Kenneth was speechless.

It seemed that sometimes it was not a good thing for his children to be too clever.

This made Kenneth very embarrassed.

"Well, I'll arrange it for you. But there is only half a month left before the end of this semester. Let's stick

2/5

Chapter 511

to it till the end, okay?" Kenneth coaxed his daughter.

Since there was not much time left. For now, there was no need to send them to primary school.

Abril and Weston pouted their lips. Well, they couldn't say anything else.

When Weston knew his father finally agreed, he was very excited.

He had asked his parents multiple times this semester, but they had refused. Their argument for

disagreement was that kids should behave like kids.

However, he was no longer a two- or three-year-old. He thought the questions from the thirteen-year-

olds were not challenging for him. Was he not regarded as a big kid?

He and his sister were also good at hacking, but their mother didn't want them to show it in front of

other children. It was a headache for him.

When Weston told the good news to Nelson, Nelson jumped at home for a long time.

+5

Eddie also retired from the army and returned to Drieso. He had plenty of time to spend with his family.

now. Seeing his son jumping around excitedly at home, he couldn't help asking, "Nelson, why are your

so happy?"

"Dad, Weston can go to the first grade with me next semester. Godfather agreed to let him skip a grade, I'll be in the same grade as Weston again."

'That's great,' Nelson thought.

But Eddie remained silent. 'This didn't seem to be a good thing.'

"Are you happy?" Eddie asked.

"Of course, I'm happy. With Weston and Abril accompanying me, I will be very happy. My classmates said that I am weird, only Weston thought I was stupid," Nelson replied.

Nelson always ranked **first** in the class and even in the whole grade. He knew all the questions raised by the teacher. He thought everyone was the same as him, but his classmates seemed to hate him greatly.

3/5

Chapter 511

While Weston said to him that he was stupid because he didn't know how to solve some of the questions.

+5

As a result, Weston would frequently call him foolish, but he would continue patiently teach him, and he would enjoy playing with Weston.

“Did the students say you were weird? Why? Tell daddy.” Eddie’s expression suddenly changed. He subconsciously thought that his son had experienced school bullying at such a young age.

Eddie’s look scared Nelson, but he knew Eddie was merely concerned for him. “Nothing. I consistently score highest on tests, and I can always find the answers to whatever questions teachers pose. My students believe that I purposefully do this to make them look stupid. They refuse to play with me for this reason.” Nelson didn’t seem to mind this. No one bullied him or scolded him, but every time they would say that he shouldn’t stand out in study because they would be scolded by the teacher as a

result.

But he was innocent.

Eddie’s face softened a little. He felt relieved. He was so scared just now.

“Then why would Weston say you are stupid?” Eddie asked.

‘How dare Kenneth ask his son to satirize my son?’

‘How dare he say my son is stupid?’ Eddie was totally furious.

“Because Weston said that he had already learned the knowledge of sixth grade and was ready to learn

the subjects of junior high school, but he only taught me subjects of second grade. I still couldn’t master *some knowledge points, so...” Nelson replied.

Eddie was speechless.

‘Kenneth and Cassandra were perverts. But how could their son be so perverted as well?’ Nelson grumbled in his heart.

“Good boy. We don’t need to compare with Weston. Just being a little smarter than normal kids is

enough,” Eddie encouraged.

“No, Weston will scold me. When Weston is in the first grade, he can teach me again. I like playing with him,” Nelson replied.

Eddie was speechless again.

He thought the two boys' relations were becoming weird if things went on like this.

Finally, Nelson, Weston, and Abril studied in the same class. They were the youngest in the first grade, but they were the smartest in the whole grade.

Nelson was also the smartest in the grade.

Until the end of the SAT.

They were all in the same class, but Abril didn't follow this life trajectory. Instead, she chose Cassandra's path, came back with many certificates abroad, and went straight into Kenneth's army to receive training.

After the SAT, they studied at Juset University together.

All that changed was that Weston, who had been so tender at first, grew stronger and took great care of Nelson.

Chapter 512

(The side story was about what had happened when Jeremiah just joined Falcon Special Operations Force.)

Somehow, Jeremiah was tricked into joining Falcon Special Operations Force by Kenneth. Falcon Special Operations Force was a good team, but Jeremiah was used to being undisciplined.

Jeremiah and Cassandra had always been free. Since Jeremiah knew Cassandra, they had never been restrained for almost ten years. He had long forgotten what it was like to be restrained.

When Yannick saw Jeremiah, Yannick thought that Jeremiah was quite interesting. Jeremiah even had the guts to shout at Kenneth. It was rare.

The most important thing was that Kenneth didn't get angry. It was ridiculous indeed.

"Jeremiah, now that you have joined into Falcon Special Operations Force, we are a family." Yannick hugged Jeremiah familiarly.

Yannick thought, 'I'd better get along with him. After all, he is the **man** who has stayed by Ms. Yates' side for the longest time. Even Mr. Zelinski fails to drive him away. He may save me at the critical moment.'

Jeremiah was speechless. He thought, 'He is such a socializer! I don't know him at all. How can he put his arm around my neck?'

'Although he's a socializer, he can't be like that!'

"What's wrong with Kenneth? His men are all strange.'

"Uh, let go of me!" Jeremiah struggled and got rid of Yannick's arm.

Jeremiah thought, 'We're both men. Doesn't he feel strange?' Jeremiah disliked Yannick very much.

Yannick didn't mind it and said enthusiastically, "We are friends. Don't mind it. Come on. I'll take you to

your workplace."

1/5

Chapter 512

Yannick thought, 'Mr. Zelinski said that Jeremiah wouldn't be trained with us and would only be responsible for information security. Thus, Jeremiah won't work in the same place with us.'

'Now that I lack the chance to get along with him, I need to create the chance.

When Yannick took Jeremiah to the office, those people were quite rude to Jeremiah. They were all xenophobic and arrogant.

Those people who could join Falcon Special Operations Force were all capable, so they could despise others equally.

However, the only one who conquered them was Cassandra. When Falcon Special Operations Force's

system was paralyzed, they would have been punished and even fired from Falcon Special Operations

Force if Cassandra didn't help them.

Fortunately, Cassandra solved the problem and saved them.

Those people were completely impressed by Cassandra within several hours when the problem appeared and Cassandra solved it.

Now Jeremiah joined Falcon Special Operations Force and would be responsible for information security. It was uncertain if he could convince these people.

+5

"Are you the newcomer introduced by Commander Zelinski?" One of the men thought, 'He doesn't look capable. Commander Zelinski has misjudged this time.

'Besides, he is too young and only just of age. He hasn't received any training.

'He looks like a toyboy!"

Jeremiah greeted coldly; "You're right. My name is Jeremiah." He could feel the hostility of people here, but he understood that capable people were supercilious.

Thus, it was not surprising to Jeremiah!

The man said arrogantly, "I'm not interested in knowing who you are, but I think

you're not qualified. Thus, I'll suggest to Commander Zelinski that you be disqualified from Falcon Special Operations

2/5

Force.”

The man disliked Jeremiah. They joined Falcon Special Operations Force after they trained hard in the army. Most of them were twenty–seven or eight years old. However, Jeremiah could easily enter at the age of 20.

It was unfair to them.

Yannick retorted with a long face, “Peyton Berkeley, don't go too far. Are you questioning Commander Zelinski's decision?” Yannick thought, ‘What's wrong with Peyton? Jeremiah is new here, but Peyton makes things difficult for him.

‘Doesn't Peyton know who Jeremiah is? Commander Zelinski invites Jeremiah to join us! Jeremiah doesn't beg Commander Zelinski to let him in!’

Peyton retorted in a cold voice, “Captain Zelinski, I don't mean anything else. I just doubt his ability. I learned programming and the technology of information security when I was a child. However, I was still a newbie when I was twenty years old. If my memory serves me right, Falcon Special Operations Force doesn't need a newbie.”

Peyton had been dedicated to information security since he was a child. To be able to join the army, he had worked so hard. Why could Jeremiah join Falcon Special Operations Force so easily?

Jeremiah frowned and thought, ‘Is the man questioning my capability?’

‘Something must be wrong with the minds of Kenneth's men. His soldiers are all arrogant.’

“I don't know why you feel that I'm incapable. Verbal statements are no guarantee. How do you want *me to prove my capability?”

In terms of hacking skills, only Elaine could make Jeremiah admit defeat willingly.

“That’s easy. Let’s have a competition. Or you can choose an opponent from us. As long as you win, we will warmly welcome you and I will apologize for what happened just now.” Peyton raised his neck and looked at Jeremiah contemptuously.

Jeremiah replied, “OK. If I lose, I will quit Falcon Special Operations Force.”

3/5

Chapter 512

Now that they would have a competition, it should be more formal!

Yannick fell into a trance and persuaded Jeremiah, “Hey, are you crazy? This competition is meaningless, okay? You’re selected by Commander Zelinski. It’s okay as long as Commander Zelinski knows your capability.”

Jeremiah looked at Yannick as if he was looking at an idiot. “I will work with them, not Kenneth. Now that they question my capability, just prove it with my capability and let the doubts disappear. As for hacking skills, I have never been defeated except Elaine.”

Yannick didn’t know what he could say.

Yannick knew that “Elaine” mentioned by Jeremiah was Cassandra.

Yannick thought, Jeremiah has stayed by Ms. Yates’ side all the time, so he must be a good hacker.

‘If so...

‘I would like to see the show!’

“Okay, choose your opponent.” Peyton interrupted Yannick and let Jeremiah choose.

“Well, you will be my opponent. I don’t bother to choose.” Jeremiah was too lazy to think. Instead of

choosing a person to defeat, it was better to let the voice of doubt disappear. Those who were not

defeated would not be convinced.

“Okay, it’s your choice. If you lose in the end, don’t blame me.” Peyton snorted coldly. His eyes were

filled with contempt...

Yannick fell silent. How could he remind Jeremiah that Peyton’s capability was the best in the entire Falcon Special Operations Force?

If Jeremiah lost...

Jeremiah randomly selected a computer and began to compete according to Peyton’s requirements. Peyton defended while Jeremiah attacked.

Peyton was unable to defeat Jeremiah!

They were impressed by Cassandra last time. Jeremiah was also so awesome this time! Peyton couldn’t

Chapter 513

“Oh my, God! Captain Berkeley has lost!”

“Have I made a mistake? What has happened?”

“That’s what we have seen. What else can it be? Captain Berkeley has lost.”

“Does it mean that this newcomer is awesome?”

“Certainly. Even Captain Berkeley is inferior to him. Isn’t he awesome?”

The people in the office began to discuss gingerly, but Peyton didn’t mind it. Capability was the most important thing here and the best proof.

On the contrary, Peyton was very happy. The newcomer was so capable. It was a good thing for Falcon Special Operations Force.

It would be better if Cassandra could join in. Their department would be more capable than the information security department of National Security Bureau.

“Jeremiah, you’re awesome. I lost!” Peyton generously admitted that he was inferior to Jeremiah.

“I apologize for my recklessness and verbal injury just now.” Peyton stood up and gave a standard

military salute.

“I didn’t take it seriously. I like challenges. Never mind. You are also very capable.” Jeremiah didn’t know how to make a standard military salute, so he just nodded gently and forgot what had happened.

“Okay, I like your character. You are my friend!” Peyton smiled brightly as if he was not the one who

scorned Jeremiah just now!

Jeremiah was speechless.

1/5

Chapter 513

Yannick said, "Peyton, you've gone too far. I knew Jeremiah first. He is my friend!"

Somehow, when Yannick saw Peyton being intimate with Jeremiah, Yannick felt annoyed.

If Peyton were Yannick's man, Yannick would punish Peyton by running 50 circles on the playground.

Otherwise, Yannick would feel sorry for himself!

Peyton didn't care and said indifferently, "Captain Zelinski, we are all comrades-in-arms and friends. Why do you take it so seriously? My friend is your friend!"

Yannick was speechless and thought, 'No! Jeremiah is my friend.'

Jeremiah thought that they were too enthusiastic. He couldn't stand it.

They were even scarier than Kenneth!

Jeremiah took out his phone and sent a message to Cassandra, [I want to quit Falcon Special

Operations Force. The people here are too scary!]

When Cassandra saw the message, she was speechless!

+5

Jeremiah said that he would like to join Falcon Special Operations Force. Why did he want to come back

after only one day?

Cassandra replied, [It's not a game. Don't come back until you become a captain.]

Jeremiah was shocked!

Cassandra had gone too far!

She wasn't friendly at all!

Jeremiah thought, 'I shouldn't have come back from Sadeep or come to this damn Falcon Special

Operations Force out of curiosity!'

Yannick saw that Jeremiah was in a dilemma, so Yannick took him to the playground for a walk.

2/5

Chapter 513

"Jeremiah, we are all socializers. These people are the elites selected by troops from all over the world.

No matter where they come from, they are all soldiers, so we can usually get acquainted in one or two days. **You** may not be familiar with this rhythm because you haven't met people like **us**.

"But don't worry. We are all nice comrades-in-arms. You can trust us in the future." Yannick comforted Jeremiah. Few people could understand the friendship in the army.

Ordinary people didn't understand this kind of spirit, so it was normal for Jeremiah to have such a

reaction.

Jeremiah said, "I know. I just don't get used to it. It's a little scary."

Jeremiah was just twenty years old. Normally, his peers were sophomores in college and would be somewhat surprised to meet these people.

He was defeated by their enthusiasm!

It was so scary....

“Don’t worry. You will get used to it. Many people are not here today. Otherwise, it would be more bustling.” Yannick couldn’t help but want to tease Jeremiah. At first, Yannick felt that Jeremiah was quite cute and looked like an arrogant young master. “Here, besides Mr. Zelinski, I will also protect you. You ask for help from me if you need any help!”

Yannick was willing to help Jeremiah.

Jeremiah squinted his eyes and thought, “Why is he so nice to me? What does he want?”

*“Has Kenneth asked him to teach me a lesson? Humph, Kenneth is scary.”

“I think I can do it myself.” Jeremiah refused and thought, ‘If Kenneth arranged for Yannick to play tricks on me, I would be in trouble!!’

Yannick was speechless. He thought, ‘Really?’

“I’m not a human trafficker. Why are you so guarded against me?”

3/5

Chapter 513

Jeremiah thought, ‘If he were a human trafficker, it would be great that I could beat him up!’

‘But he isn’t a human trafficker!’

+5

‘It’s annoying!’

Seeing that Jeremiah didn’t speak, Yannick could only find something to say by himself. “Let me show you around the base. Here is very big. You need to remember the route carefully...”

Jeremiah thought for a while and agreed.

“This is a canteen, and there are several connected canteens. Sometimes troop exchange meetings will

be held here. Thus, the base covers a large area...

“Over there is the commander’s office..:

“Here are dormitories... You will rest **here** in the next month. Four people live in a dormitory in Falcon Special Operations Force. You happen to be the extra one. At present, you will live in a dormitory alone.”

Yannick added as if he flirted with Jeremiah, “If you’re scared, I can live with you. Kayden and I live in a dormitory. He often doesn’t live at the base. Thus, I almost live alone...”

Jeremiah said, “No need. It’s good to live alone. Don’t worry about **it!**”

Jeremiah thought, ‘It’s great that I can live alone!

‘He is so annoying!’”

“All right. I’m glad you are happy.” Yannick shrugged indifferently and didn’t take it seriously.

It took them nearly two hours to visit the whole base. Yannick said, “It’s almost time for dinner. Let’s go.

I will take you to eat something that can only be found in the base!”

Jeremiah raised his eyebrows and thought, ‘I’m a foodie. What is it that I have never tasted?’

Jeremiah didn’t believe it!

4/5

When Jeremiah arrived at the canteen, he found that...

Well, it was true that he hadn’t seen the dish before...

Jeremiah thought, ‘Is it delicious?’”

“Try it. It’s very delicious. Of course, it’s not as delicious as Ms. Yates!”

It was because Kenneth said that the dish **was** not bad but was inferior to Cassandra’s.

Yannick didn’t know whether Kenneth thought the dish was delicious or not.

But this dish was Yannick's favorite in the base.

Chapter 514

One month later, Jeremiah found that this was the character of these people.

They couldn't get in touch with many people, so their thoughts were very simple. Compared to them, Jeremiah's thoughts were much more complicated.

Fortunately, Jeremiah had been assimilated!

After he got familiar with them, he felt that they were very nice!

It would be better if Yannick could keep a little distance from him!

Suddenly, they received an urgent task!

Falcon Special Operations Force was needed. Jeremiah was one of them.

This was the first mission Jeremiah took part in. He had to admit that he was a little nervous.

Peyton said to him, "Our mission this time is to hide the whereabouts of Falcon Special Operations Force and rescue the people we are going to save. The mission is simple but arduous. Inevitably, you don't get used to it for your first mission, but we are all here. If you have any questions, ask us.

"We have nothing but more experience than you." Peyton's words made Jeremiah relax.

In the rescue process, Jeremiah played a leading role all the time. He not only covered everyone in Falcon Special Operations Force but also found the trapped people with precision.

Jeremiah was decisive in this operation!

Yannick was about to compliment Jeremiah when Yannick noticed that someone was aiming at Jeremiah.

“Get down!” Yannick shouted at Jeremiah!

Jeremiah felt confused. Why?

1/6

Chapter 514

When Jeremiah came back to his senses, it was too late. The person had fired!

Just when Jeremiah thought that he was going to die or get hurt badly, Yannick rushed at him!

Yannick threw Jeremiah to the ground and held Jeremiah in his arms!

This posture made Jeremiah feel confused and strange!

“Hmm...” It was ridiculous!

Yannick didn't get up from Jeremiah until the person was caught. At that moment, Yannick felt that the

dumbfounded Jeremiah was a little cute. Jeremiah might have been frightened by the gunshot.

Normally, Jeremiah shouldn't have been frightened. Cassandra was so powerful, and Jeremiah

shouldn't be so timid.

Jeremiah stood up and asked with concern, “Did you get shot?”

“Absolutely not. How can I get hurt?” Yannick's back hurt.

“I heard you moan. If you didn't get hurt, why did you moan?” Jeremiah wanted to confirm his

suspicion, so he wanted to go around behind Yannick and see what was going on.

However, Yannick was determined not to show it to him!

Thus, Yannick avoided Jeremiah.

"I'm fine. Don't worry. Let's go. We need to assemble!" Yannick avoided Jeremiah awkwardly.

Jeremiah said with dissatisfaction, "If you didn't get hurt, why didn't you let me have a look? We are

both men. Don't be shy." Jeremiah thought, 'What's wrong with Yannick? Why is he so shy?'

Yannick was stuck for words.

"If my memory served me right, you were the shiest when you first entered the base!"

Jeremiah's expression changed. He frowned!

2/6

Chapter 5141

Why did Yannick rake up the past?!

"Captain Zelinski, your back is bleeding! Did you get shot?"

Someone suddenly came over and saw Yannick's back.

Yannick didn't know what he could say.

Jeremiah was shocked.

Jeremiah guessed right. Jeremiah had gotten shot!

Jeremiah thought, "Does Yannick have a death wish? He has gotten hurt but still jokes with me!"

“Yannick, if you don’t let me see your wound, I will ask Kenneth to send you to Ouflanca!” Anyway, Jeremiah was privileged and not afraid!

Yannick was injured because of Jeremiah. Of course, Jeremiah was concerned about him.

Yannick was stuck for words.

Jeremiah even knew how to threaten him. Jeremiah had changed indeed!

Yannick stood there and showed Jeremiah his wound. Yannick laughed and joked, “It’s not a big deal. I just need to fetch the bullet and apply some medicine. We are used to getting hurt every year.”

Jeremiah pulled a long face and was in a bad mood.

“Sorry, I reacted too slowly.”

If Jeremiah had reacted faster, Yannick wouldn’t have been shot.

Jeremiah was weak in detection and perception. When Elaine was by his side, she was always the leader. Thus, Jeremiah had never thought about whether he would get hurt!

However, because of Jeremiah’s slowness, Yannick got hurt.

3/6

Chapter 514

Jeremiah didn’t know how to face Kenneth!

“It’s okay. It’s not a big deal. I told you that you could trust me.” Yannick thought, ‘I won’t let you get

hurt.’

Yannick was shocked by his own thoughts.

Yannick thought, ‘Oh, my God! What am I thinking?’

‘What strange words I have said!!

“I know.”

After the mission, Yannick was taken to the hospital by Jeremiah. All the people in Falcon Special Operations Force were shocked.

Yannick was injured and went to the hospital!

Yannick seldom went to the hospital. Even if he was injured, he would deal with it by himself unless he had no choice!

But now he had gone to the hospital!

Yannick seemed to feel less pain than normal people, maybe only half of it. That was why he could still joke with others after getting shot. He didn't care about his injury. Anyway, he would not die.

In the hospital, Yannick was ordered to lie in bed by Jeremiah.

The doctor had removed the bullet **and** dressed the wound.

“Take a rest here. You're not allowed to go anywhere. You need to lie on the bed for three days at least.

‘I'll ask for leave from Kenneth for you.’ Jeremiah thought, ‘How can he act like nothing happened after being injured? He even wants to report to Kenneth and go to Zelinski Group.

‘Who does he think he is?’

4/6

!T

Chapter 514

“Won't he die?”

Yannick explained helplessly, “I'm fine. When I was injured before, I seldom came to the hospital.” But

Jeremiah didn't listen at all!

“You don’t need to pay the medical bills. I will be responsible for it. You just need to stay here obediently! Don’t be so wordy like an old lady!” Jeremiah glared at Yannick.

“Alright, you’re the boss.” Yannick looked at Jeremiah with great interest. Looking at the busy Jeremiah, Yannick suddenly had a strange feeling.

Jeremiah was the only person who cared about Yannick so blatantly except for Ethan.

Kenneth cared about them, but Kenneth wouldn’t speak it out. As long as they said what they needed, Kenneth would satisfy them. Kenneth wouldn’t care if they were injured, but he would avenge them!

However, Jeremiah’s concern seemed to be different.

Jeremiah was so arrogant, but he still reprimanded Yannick like a wordy elder and asked Yannick to lie

on the bed.

This feeling was great for Jeremiah.

Yannick thought, ‘No! What am I thinking? It’s strange!’

“Well, I told Kenneth that he would give you a week off. Have a good recuperation.” Jeremiah’s tone was

resolute.

“Okay, you’re the boss. I will listen to you.”

Yannick gave

1. in. He suddenly felt that staying in the hospital was not bad.

Besides, Jeremiah would accompany him. It was more comfortable for Yannick to stay in the hospital

than Zelinski Group.

Thus, Yannick decided to stay in the hospital.

5/6

Chapter 514

Jeremiah was satisfied with Yannick's obedience. That was right!

Otherwise, Jeremiah would feel sorry and guilt for Yannick!

¶

Chapter 515

In order to enjoy Jeremiah's private service and care, Yannick came up with the idea of living in

Jeremiah's dormitory after leaving the hospital.

Yannick thought, 'We're both men, anyway. It doesn't matter.

'Besides, Mr. Zelinski won't care about these things. It'll be great to let Jeremiah serve me nearby!

'I'm already excited to think about it!'

Yannick said weakly, "Jeremiah, I haven't recovered yet, and Mr. Yates won't go back to the base. I'll be

alone at night. What if something happens to me?"

Yannick acted just like Kenneth.

Yannick suddenly realized that if Kenneth had used this trick before, he would have taken Cassandra down long ago instead of waiting until her freshman year in college.

This trick had great effects on girls.

“You can ask other comrades to help you,” Jeremiah replied indifferently. He thought, ‘I’ve been serving him in the hospital for a week. How could he push his luck?!’

“They don’t know the condition of my injury. How are they gonna help me? You are so familiar with it. Just help me out. After all, my injury...” Yannick didn’t finish his words, but Jeremiah already

understood what he meant.

Yannick didn’t intend to take advantage of this injury to let Jeremiah do something for him. It was just that Jeremiah was really stubborn, so he had no choice but to do so.

the“.

“Alright, alright. I’ll come to you every night and apply the medicine for you.” Jeremiah thought, ‘It’ll just be a little troublesome. It’s not unacceptable.

“Forget about it. It’ll be too much troublesome. My dormitory is not close to yours.” Yannick pretended

to be regretful.

1/5

Jeremiah was speechless. He thought, ‘So what the hell does this jerk wanna do?!’

“Alright, then. What do you want?”

“Mr. Yates is in my dormitory, so it’s not very convenient. What if he comes back... So, I’ll just move to your dormitory.” Yannick’s eyes looked so bright and cunning that Jeremiah couldn’t help rolling his

eyes.

Then he asked Yannick in a very speechless tone, “Dude, why do you have to live in the same dormitory with me? Even Elaine and I have never lived in the same room!”

Yannick immediately retorted, “Don’t say that. If you do, believe me, you will be the next one who will be sent to Ouflanca.”

Yannick thought, 'Jeremiah is working for Mr. Zelinski now. If Mr. Zelinski hears about it, it'll be easy for him to send Jeremiah to Ouflanca!!

Jeremiah didn't know what to say.

He thought, 'Although Kenneth is domineering, he treats me not bad. He knows about the relationship between me and Elaine. To put it bluntly, it was possible for us to sleep in the same bed under the conditions at that time.

"But we didn't do that.

'It would never happen.'

"Don't worry. Kenneth dare not to do that. I'm Elaine's friend, after all." Jeremiah thought, 'Wanna scare *me? No way!'

Yannick thought about it for a while and felt he was right. Jeremiah had protection, but he didn't. Therefore, the next one who would be sent to Ouflanca might be him.

"Anyway, we are buddies. Why can't we live in the same dormitory? Other dormitories all have four in one room. It's already quite good!" Yannick started to act shamelessly. He just wanted to live in Jeremiah's dormitory.

2/5

Chapter 515

Although he hadn't thought about what to do after moving in.

+5

"Fine. I don't care. If you want to live there, move there by yourself." Jeremiah thought, 'That's not my dormitory, anyway.

'Besides, I won't stay in the base for too long. This is the absolute freedom that Kenneth has promised me. I can come and go freely.

"So I can live wherever I want!'

Yannick was really happy after he achieved his goal.

Then he texted in the chat group: [Guys, I've succeeded in getting into the inside. We'll count on Ms. Yates afterward!]

Ethan: [?]

Lamont: [?]

Oliver: [What the hell are you talking about? Aren't you afraid that Mr. Zelinski will kill you?]

Yannick: [Humph, you're jealous. I'm getting along well with Ms. Yates' friend now. Don't envy me!]

Ethan: [Do you know what you're talking about? Are you really just trying to get along well with Ms. Yates' friend? Or do you have other intentions?]

Stewart: [Ethan, I think you're right. Yannick is not straight anymore!]

-Oliver: [What does that mean?]

Ethan: [Good boy, this topic is not suitable for you. Go back to your training.]

Oliver: [Alright. Ethan, keep an eye on Yannick. Don't let him do some dumb things and get killed by Mr. Zelinski.]

Yannick: [You're just jealous. I have an advantage, anyway. I'll become close with Jeremiah first. If I make any mistake in the future, I can let him plead for me to Ms. Yates, and then I will be exempted from

punishment!]

Lamont: [Are you sure you're not trying to take the advantage to take down Jeremiah?]

Ethan: [Agreed!]

Stewart: [Agreed!]

Oliver: [Agreed!]

Yannick: [Bullshit!]

Ethan: [Yannick, think about it. Have you ever had this kind of idea before Jeremiah appeared? Isn't Ms. Yates kind and easygoing? Do you need to make so much effort? You're just making excuses for yourself.

Look at yourself. As long as Jeremiah appears, you can't wait to stand in front of him. It's just that Mr. Zelinski stands in your way."

Ethan: [You can really think about it carefully. We are all enlightened, and there are many gays in the world. If you can take Jeremiah down, I will give you a big gift to celebrate.]

Yannick: [...]

Lamont: [Agreed.]

Stewart: [Agreed!]

Oliver: [Agreed!]

Yannick looked at the chat group and was lost in thought. He thought, 'I'm into Jeremiah? No way! We're just friends!

What the hell is wrong with them?!

'What are they talking about?!'

When Jeremiah packed up all the things in the ward, he saw that Yannick was in a daze. He narrowed his eyes and couldn't help asking, "What are you thinking about? Save that until we go back to the base.

4/5

You can find a good position and make yourself the Thinker."

Jeremiah didn't want to stay in the hospital any longer.

+5

The training had just finished, and he already missed Cassandra a lot. He wanted to go back to eat the

food she cooked..

“Then I have to be naked? Forget about it.” Yannick came back to himself and heard that Jeremiah

wanted him to sacrifice for art.

No way!

When Yannick looked at Jeremiah again, he found that Jeremiah seemed to be good-looking. He was

not particularly handsome but was cute and handsome at the same time. His face was really good-looking.

His facial features were also delicate, and his skin was fair, which was in contrast to Yannick's. Yannick's

skin **was** a little tanned because of the training, but Jeremiah wasn't tanned at all.

Yannick thought, 'His face... is so tender that I want to pinch it.'

Then he **was** shocked.

He thought, 'How could I have such a ridiculous thought? I'm really crazy!

'What the hell?!'

After returning to the dormitory, Yannick immediately asked people to move his things to Jeremiah's dormitory.

Then He naturally moved in.

Jeremiah was really speechless, but Yannick had saved his life, anyway

Only Ethan and Stewart could cook, so Yannick often went to their places to have meals. He would often

He usually went to Ethan's place.

"Yeah, I'm used to cooking by myself. There are many dishes in the canteen that are not to my taste,"

said Jeremiah honestly.

After all these years, his taste had become picky.

If he couldn't eat something good, he would rather cook by himself. This was his principle.

45

"Sure. Then you may have to cook a lot. I'm a big eater." Yannick took it for granted. He thought, 'I have another place to have meals now. Great!'

Jeremiah was speechless. He thought, 'Kenneth's people are really cheeky!'

'Look at him!'

'Fine. Since he got hurt because of me, I'll cook a little more.'

'I have to cook for myself, anyway.'

"I'll go

to the canteen and get some food," said Jeremiah.

"What? Don't you know that they can deliver the food to you as long as you pay them an errand fee?"

Yannick looked at Jeremiah as if he was looking at a fool.

Yannick thought, 'It shouldn't be like this. Isn't Jeremiah the most cunning one? Why does he look so stupid after coming to the base?

'He hasn't even asked about it?'

Jeremiah was stunned. He thought, 'What did he say?!

'They can deliver the food here?

'No way.

'The people in the kitchen told me that they couldn't do it!

'Or why would I bother to do it myself?!'

"But the people in the **kitchen** told me that they wouldn't deliver food for an errand fee!" Jeremiah

looked shocked.

He thought, 'What the hell? Are they bullying me because I'm an outsider?!'

2/5

Chapter 516

+5

"Wait, let me make a call," Yannick called someone in the kitchen and asked him to deliver some food to

the dormitory in front of Jeremiah.

That person agreed without hesitation and promised to deliver it within ten minutes.

Jeremiah was speechless.

He didn't know what to say.

"So, this is the discipline of the Falcon Special Operations Force? You guys excluded me, scared me as soon as I came here, and even lied to me. You can deliver food, but you refuse to do it even if I'm willing to pay an errand fee. Lo

oks like I'm really inessential." It was really bad. At least Jeremiah felt really bad.

After all, he joined the Falcon Special Operations Force because he wanted to show his talents, and he also wanted to have comradeship. However, the fact showed him that it was just his illusion. They were only good to their own comrades.

For an outsider, no matter how capable he was, it was useless. After all, they were all capable.

Yannick didn't know what to say. He knew that his comrades were a little exclusive, but he didn't know that even Jeremiah was also excluded.

"I'll give you an explanation about it. Don't take it seriously. I will handle it tomorrow. What do you think?" Yannick stopped acting playfully and said seriously.

Jeremiah snorted coldly. "No need. This is my business. I have other places to go if I'm not welcome here. I can even join Elaine and work for the National Security Bureau. There will always be places that can make me shine."

Jeremiah didn't care about it. He had joined them for more than a month. Although he got along well with the people in the information security department, he could still feel their distrust, but he didn't expect such a thing.

He thought that they treated everyone equally, but it was not true.

"Come on. Mr. Zelinski tried so hard to poach you. No one is more important than you. Don't care about what others say," Yannick hurriedly explained. If they offended Jeremiah, Cassandra wouldn't let off the

3/5

Chapter 516

Falcon Special Operations Force.

Cassandra could make the Falcon Special Operations Force's firewall impregnable, and could also

destroy it in an instant.

Yannick knew how much Cassandra cared about her people.

He sighed.

+5

“Don’t bother. I have something else to deal with tonight. Have your dinner in the canteen. I’ll go home first.” Jeremiah took off his apron and left.

Jeremiah thought, ‘Screw them,

‘To put it bluntly, I have little contact with those people, but we’re all in the same force. Should everyone be treated equally? How could they treat members differently?’

‘Looks like there are not only strong people but also petty people in Kenneth’s force.

‘I like Peyton’s condition. He has doubts means that he’s confident in himself. People who’re really strong won’t be scheming.’

Seeing that Jeremiah left directly, Yannick was worried.

He thought, ‘Damn it. Mr. Zelinski is gonna be angry.

“What should I do?

‘Should I get angry and punish them first?’

‘Besides, Jeremiah is not going back to the Springmount Townhouse, is he? Then we’ll really be screwed!’

Yannick was right. Jeremiah went back to the Springmount Townhouse and even interrupted Kenneth’s good time.

Kenneth was speechless. He thought, ‘Damn it!

4/5

Chapter 516

“Why would he come back at this time? Has he finished all his work at the base?!”

“Kenneth, you are here. Great. I have something to say.” When Jeremiah saw Kenneth, he got angry at

once.

Kenneth frowned, not knowing what had happened. “What is it?”

“I want to quit the Falcon Special Operations Force. You can’t even discipline your force properly. There are so many interesting people there. So funny. Since they’re so exclusive, I’m gonna quit. I’ll just focus on Whitecrane Hall and The Urban. They’re no worse than your force!” Jeremiah thought, ‘Screw them! I have my own business. I’m quite busy. Why should I join the Falcon Special Operations Force?!”

‘They even excluded me and treated me differently. Ridiculous!’

“What happened?” Kenneth didn’t understand what had happened to Jeremiah.

Jeremiah said, “Humph. They questioned my ability as soon as I went to your base. Although I proved my own strength, the kitchen treated me differently. They could deliver the food to the dormitory, but they refused me even if I was willing to pay the errand fee. I offered 40 dollars! Is that you guys’

discipline?”

5/5

Chapter 517

Kenneth was still a little confused.

He thought, ‘So Yannick did it in front of Jeremiah, and the people in the kitchen agreed without even hesitation?’

“He’s right. Whoever met this would think he was treated differently. If it was me, I would go upstairs and beat them up directly.

“People in the Falcon Special Operations Force care about strength the most. If you have enough strength, you should let them know it. Beat them up if you can defeat them. You will just be punished at worst, but they will listen to you. Do you need me to teach you this?” Kenneth said coldly.

Kenneth was not the kind of person who always obeyed the rules. When he was in the army, he often fought with others and even made someone hospitalized for a month.

He just got detention for many times.

But this was the quickest way to impress and convince others. Otherwise, those people wouldn't have been following him so loyally.

Jeremiah was speechless.

He said, “You're really good at teaching. How could you incite me like that? You know that I'm not good at fighting but you asked me to fight with others. What's your purpose?”

Do you think Elaine will leave me alone if I get injured or stay in the base? Humph, listen carefully, Kenneth. Cassie and I are family. She won't leave me alone!”

Jeremiah was pissed off by Kenneth. He thought, ‘What the hell is wrong with him? What kind of suggestion is that?!’

Cassandra also realized that Jeremiah got bullied in the Falcon Special Operations Force.

“If you feel uncomfortable in the Falcon Special Operations **Force**, just quit. You can join the National Security Bureau. No one there can defeat you except **me**. You can handle them well,” Cassandra said

1/6

Chapter 517

coldly.

Now Kenneth was speechless. He thought, ‘I poached Jeremiah into the Falcon Special Operations

Force.

'Now Cassie is trying to poach my person?'

Kenneth said, "Cassie, you're my girlfriend, but..." He couldn't give in for the sake of the force.

"No. As I said before, if Jeremiah is unhappy in the Falcon Special Operations Force, then he can quit. He has a lot of businesses, anyway. He's very busy. Besides, he can choose the National Security Bureau." Cassandra was the one in charge, so no one could bully Jeremiah.

Jeremiah instantly had a feeling of being protected. He thought, 'It's so good!

'Elaine is the best indeed!'

Jeremiah raised his head proudly.

He thought, 'See? Someone got me!'

Kenneth said, "Cassie, it's not like that.

"This is a problem indeed. I'll handle it. Could you not poach Jeremiah so soon?" Kenneth negotiated with Cassandra.

It was not that Jeremiah was his only choice, but the Falcon Special Operations Force's information security department needed Jeremiah.

Jeremiah was trained by Cassandra. Maybe even the second hacker on the hacker list could not defeat Jeremiah.

Kenneth was aware of the problem when the base's firewall was breached.

Cassandra couldn't join the Falcon Special Operations Force since she was in the National Security Bureau, so Jeremiah was the only choice.

2/6

Chapter 517

Moreover, Jeremiah didn't need a political examination or background investigation at all, Kenneth wasn't worried that Jeremiah would betray the force. His perseverance was stronger than many people in

the force.

Cassandra and Jeremiah raised their eyebrows and decided to give Kenneth another chance.

On the other side, after Jeremiah left, Yannick met the person who delivered the food. That person even joked warmly, "Captain Zelinski, are you gonna cook? I've seen all the other people in the force cook,

except you. It's quite rare."

Yannick was speechless.

"But don't you live in the same dormitory as Captain Yates? Why did you move here?" that person continued. "Captain Zelinski, the person who lives in this dormitory is a newcomer and doesn't know the rules at all. He even wanted me to deliver food to him. Why should I? Who knows what kind of person he is? He was directly appointed by Mr. Zelinski. Maybe he's a minister's relative."

That

person felt that what he said really made sense.

Even Yannick was almost convinced.

When Yannick came back to his senses, he kicked that person **and** said, "What the hell is wrong with you? We are all comrades. How could you treat him differently? You've delivered food to every dormitory in the force. Why can't you deliver to this dormitory?"

"Who knows what kind of person he is? We should scare him first." That person still felt he was right. "Captain Zelinski, you can't kick me just because of a newcomer."

"Well, if I can, I want to kill you now. Do you know who the newcomer is? Commander Zelinski invited him to join us in person! He had thought about it for a long time before deciding to join us. Strength? He defeated Peyton on the first day he came here with information technology. How dare you suspect Jeremiah?" Yannick was furious. He didn't expect that there would really be such a person in the force he trained.

Yannick thought, "How embarrassing!"

'I even wanted to tell Jeremiah some tips.

'I didn't expect that
it was my soldier who deliberately treated Jeremiah differently.

Jeremiah didn't mention the errand fee, so I wanted to give him a good impression. But it turns out that he was turned down even if he offered four times the errand fee that I gave them!

'Damn it!

'If Mr. Zelinski knows about it, we will all be screwed!'

"What? Commander Zelinski invited him to join us in person?" That person widened his eyes in disbelief.

He couldn't believe it.

"Why would I lie to you?" Yannick said coldly.

"Captain Zelinski, what should I do, then?"

"Get lost!"

Kenneth returned to the force the next day and summoned everyone.

"I heard that you still have a big problem with the newcomer I sent here?" Kenneth's voice was cold and firm. "Since you still have different opinions, tell me now, I'm free today. I can accompany you to question the newcomer.

"Jeremiah, step forward!"

"Yes, **sir!**"

If Kenneth hadn't forced Jeremiah into the car and brought him back, Jeremiah really didn't want to come back.

Maybe he had stayed in his comfort zone for too long, so he just wanted to rely on Cassandra and assist her. Since these people couldn't be his comrades, he didn't want to bother fitting in.

Chapter 517

“Whoever has any questions, feel free to say!”

Everyone kept silent.

The man in the kitchen was already trembling. He didn't expect Kenneth to back Jeremiah up.

He thought, ‘Why on earth would I provoke him?!’

“Sir!”

“Say it!”

“I want to know why you let this man join the Falcon Special Operations Force!”

“For the information security department, of course. What else could it be? He is the only person who was taught by Emery in person. Can't you guess how capable he is?” Kenneth stunned them.

They thought, ‘He was taught by Emery?’

‘So he's Emery's disciple?’

‘We all know how good Emery is!’

“I remember that someone challenged Jeremiah the first day he came here. Aren't you gonna tell everyone the result?”

Peyton immediately said, “Sir, it was me! I lost!”

5/6

Chapter 518

Peyton thought, ‘Although it's a little embarrassing to lose, it's not difficult to admit it. I lost, and Jeremiah is better than me. I have no problem with that.’

‘We belong to the same team. Isn't it good to have a strong one?’

'If something happens, Jeremiah can handle it by himself.

"We're a team, not individuals. Personal strength doesn't matter, but comprehensive strength does!"

Yannick didn't know what to say.

He thought, 'You admit it quite fast, dude.'

Kenneth looked at Peyton seriously and then looked at everyone. "I invited Jeremiah to join us. I thought the Falcon Special Operations Force was a united team, but I didn't expect that you guys would exclude someone. Do you wanna humiliate me?!"

Although they didn't feel guilty, they were all responsible since the newcomer was bullied.

"You are at the forefront and doing the most dangerous work, so I've built your dormitories according to the best standards. You all have a kitchen and a separate bathroom. If you miss the food of your hometown, you can cook by yourself. All the ingredients are available in the canteen, and you only need to sign. Is that difficult?" Kenneth said coldly.

"Answer me!"

"No!"

Kenneth looked at them with a cold face and said, "Since it's not difficult, why did you embarrass the newcomer? I knew that you guys would take an errand fee for delivering the food to the dormitory, and I acquiesced. I even let people support it, because I hoped you could treat everyone equally. But look what you've done. You treated the veterans well but excluded the newcomers. Do you think you're powerful by doing that?!"

1/5

Chapter 518

Kenneth also wanted to protect Jeremiah because of Cassandra.

The fact that Jeremiah never had any feelings for Cassandra all these years was already enough to let

Kenneth protect him all his life.

This was not a big deal at all.

Besides, such a thing shouldn't have existed. Since Kenneth had known it, he had to handle it well.

The people in the kitchen were a little scared. After all, they all listened to their leader in this matter. Their leader refused Jeremiah all the time, insisted on letting him come to the kitchen to get the food,

and even gave him the food that was not quite fresh. It was bad indeed.

"Are you all gonna keep silent?"

"Sir, it's our fault. We'll apologize to Jeremiah!" One of them spoke first.

+5

They thought, 'Commander Zelinski has said that we can't clique. Since the kitchen made mistakes, it's

also everyone's fault!"

"Right!"

"I'm sorry, Jeremiah!"

Everyone shouted to apologize to Jeremiah.

Jeremiah didn't know what to say.

*This was not what he wanted. He just wanted the kitchen to apologize, but he didn't expect this to

happen.

What should I say?" Jeremiah stood in front of Yannick and whispered for help

.

“Don’t say anything. Just leave everything to Mr. Zelinski,” Yannick replied softly.

“Sir, I was the first one who reported this issue to you. I should apologize, too. I got injured in the last mission. Because of my injury, Jeremiah wanted to go to the kitchen to get some food and cook in the

2/5

Chapter 518

dormitory. I didn’t expect that he was gonna go to the kitchen in person, and he even said that they refused to deliver food to him even if he offered an errand fee. I thought it was really bad...”

Jeremiah looked confused. He thought, ‘I went home and told Kenneth about it. Why does Yannick want to take the responsibility?’

+5

Yannick’s thought was very simple. He couldn’t let Jeremiah be excluded again because of this matter. His strength was already much better than the information security department. They should treat him respectfully.

If the kitchen hated Jeremiah because of this matter, he might meet more problems afterward.

“Well, this is bad indeed...” Kenneth knew what Yannick was thinking and didn’t expose it.

Those people in the kitchen were even more scared.

“Although you have apologized, those people in the kitchen must be punished. During your punishment, I will transfer some people from other places to cook. Just stay in your rooms. Write the self-criticism first before going there,” Kenneth said coldly.

However, Kenneth also thoroughly let them know what a team was. He punished everyone to run for six miles.

They shared the good and the bad together.

Jeremiah was shocked. He thought, "Won't that be too much?"

Yannick also wanted to run with them but was stopped by Kenneth. "Save it until you recover. If you *hurt your wounds again, it'll affect your work."

Yannick was speechless."

If possible, he wished that Kenneth could not say the last sentence. It was really hurtful!

Without the last sentence, Yannick would feel that Kenneth was really concerned about him.

He thought, 'Tsk. Only Mr. Zelinski will show his concern so implicitly.

3/5

Chapter 518

"Yes, sir." Yannick accepted it happily. Anyway, he had rested for a few days, so it might be a little difficult for him to run now.

+5

This matter was satisfactorily finished. Jeremiah was stunned by how Kenneth handled it and couldn't talk about quitting again.

He used to be free, but now he was tied up in the Falcon Special Operations Force. He was still not used

to it.

For a long time after that, everyone was afraid of Yannick because he would report. But after getting along with him for a few days, they found that he was only hostile to bad things. He would never report trivial things.

This matter ended.

When Kayden, who hadn't returned to the dormitory for a long time, came back again, he found that his roommate was gone.

He thought, 'Where's he?

'Why's his stuff also gone?!"

"Where's Captain Zelinski?" Kayden grabbed someone and asked.

"Captain Yates, don't you know that Captain Zelinski has moved to live with Jeremiah for a long time?"

The person was a little confused. He thought, 'It has happened for a long time.

'Why doesn't Captain Yates know about it?'

Kayden was speechless.

He thought, 'No one has told me that! So only I'm alone now?'

"What the hell?!"

4/5

Chapter 10

'Fine. Jeremiah is Cassandra's friend. I can't accuse him.'

"Alright. You can leave now." Kayden waved his hand helplessly.

He could only accept it. Now Jeremiah spent most of his time in the base and occasionally went back to

the Whitecrane Hall, so he was suitable to be Yannick's roommate. But Kayden was different. After he came back to Drieso, he still needed to handle the company's affairs, so he would be really busy.

"How about going to Yannick first? It's time for dinner. I remember that Jeremiah can cook," Kayden whispered to himself. He felt that he could have dinner with them.

After all, he could only eat but knew nothing about cooking. That was the fatal problem.

Then he went straight to Jeremiah's dormitory.

When he reached the door, he smelled the stew. It smelled really authentic.

Kayden couldn't wait to knock on the door. Jeremiah and Yannick were surprised. They thought, 'Who

comes to eat our food?!

They had already gotten along very well. They looked at each other and then Yannick said, "Shall we

open the door?"

Yannick didn't want to open the door. He thought, "Which bastard comes to disturb us?!"

5/5

Chapter 519

"Sure. There won't be many people at this time," said Jeremiah.

He thought, 'Someone is already knocking. How could we ignore that?

'Fortunately, we've prepared a lot of food. It's enough to share with others.'

Yannick nodded helplessly. He thought, 'Alright. Jeremiah is the host. He makes the decision.'

When Yannick opened the door, he found it was Kayden. He was a little surprised and asked, "Captain

Yates, when did you come back?"

"Just now. I found that you had moved out of the dormitory and then heard that you had moved in here, so I came to have a look." They were all acquaintances, so Kayden directly got in.

Jeremiah was surprised.

He thought, 'Isn't he Elaine's cousin?

'He came here...'

“Are you eating stew?” Kayden didn’t know what Jeremiah was thinking, but his implication was obvious. He hoped they could understand it.

“Have you had dinner yet? Have some with us if you haven’t.” Jeremiah couldn’t help but roll his eyes in his mind. He thought, ‘I wouldn’t invite him to stay and have dinner with us if he didn’t look so greedy.’

‘Alas. Although Elaine doesn’t treat Kayden quite well, she hasn’t done anything. It means that Elaine still takes them as her friends. Those things were trivial, but she just couldn’t get over them.’

Therefore, Jeremiah wouldn’t treat Kayden badly.

“Well... Alright, then!” Before Jeremiah could speak, Kayden directly sat down in Yannick’s seat.

“Thanks.”

1/5

Chapter 519

Yannick was speechless.

He thought, ‘Get up! That’s my seat!’

‘No, I can’t argue with him. That’s Mr. Yates!’

Yannick could only accept it, got a chair and sat next to Jeremiah.

He thought, ‘But I’m closer to Jeremiah now!’

Kayden tried the stew and thought, ‘Hmm, It’s really good. Are the people around Cassandra all so good

at cooking?’

‘I’m so jealous.’

“This is really good. It’s even better than what those restaurants sell outside,” Kayden praised without

hesitation.

Kayden felt that he had come at the right time.

Yannick picked up food for Jeremiah casually. His movements were very natural, and even Jeremiah

was already used to it as if it was really ordinary.

At first, Kayden didn't take it seriously. After all, not everyone was as creepy and picky as Kenneth. It was normal for friends to pick food for each other,

But then Kayden felt something strange. He thought, 'Didn't Yannick pick up food too frequently? Most importantly, Jeremiah accepted them all. Even if he frowned, he still didn't refuse Yannick.'

'Well...

Don't tell me that they're in love with each other?!

'That's so shocking!'

2/5

Chapter 519

After a few days, the way they got along with each other seemed to have become stranger. Kayden

pulled Yannick aside and asked curiously, "Are you into Jeremiah?"

If Kayden remembered correctly, Jeremiah hadn't even reached 20 years old yet. He was just a teenager,

so Kayden could only ask Yannick about it.

Yannick was stunned and hurriedly denied it, "That's impossible. Mr. Yates, we are both men. Besides,

how can I fall in love with a man? No way."

Kayden didn't believe that at all. "Do you think I will believe you?"

“Think about the way you get along with Jeremiah. Isn't it like how your master gets along with Cassie?

You even picked up food for each other so naturally. How could you do that if you didn't have feelings

for him?”

Yannick was stunned.

“Mr. Yates, you've misunderstood us. Jere and I are just friends.” Yannick wanted to explain but he had

no reason to convince himself.

This was so embarrassing!

“Yannick, Jeremiah is still young. It's easy for him to have feelings for someone. If you don't think you have a crush on him, go to Ethan for psychological counseling and ask yourself about your true

thoughts.”

After saying that, Kayden left. Yannick stood there confusedly. Jeremiah saw Kayden but didn't see

Yannick, so he went to look for him.

“What are you doing? Why are you in a daze here?” Jeremiah patted Yannick and wondered what was wrong with him.

“Nothing. Go back to the dormitory first. We don't have training these days, so you can also go home. I have something to deal with and need to go to Ethan.” Yannick's expression suddenly changed.

Yannick left directly, leaving Jeremiah there in confusion.

3/5

Chapter 519.

When Yannick left, he met some comrades. Someone wanted to put his arm around Yannick's shoulders,

but as soon as he raised his arm, Yannick threw him away.

“Damn it! It hurts!”

Yannick finally came to his senses and said, “Are you alright?”

“Captain Zelinski, although I’m not Jeremiah, you can’t just throw me away!” That person held his waist

and stood up. He felt that his waist was almost broken. He felt Yannick was so heartless.

“What the hell are you talking about?!” Yannick pretended to hit him, but that man dodged.

“Wait, it’s true. You never put your arm around other people’s shoulders before, and you would rather be punished than eat the leftover food on other people’s plates. But you would put your arm around Jeremiah’s shoulders and could even eat the food he left. You’re treating us differently! I thought you could finally get so close with everyone!” That person complained. Yannick was stunned. He thought, ‘No way!’

‘Did Jeremiah and I do that?’

‘I wouldn’t even allow Ethan to put his arm around my shoulders.’

‘But now...’

“Go back first. I have something else to deal with.” Yannick ran away,

He felt that he had to ask Ethan about it.

*That person muttered, “He’s just into Jeremiah. There’s nothing to be ashamed of. There are so many

people here who are like that.”

Ethan was a little stunned when he saw Yannick.

“What are you doing here?” He felt that something was wrong with Yannick.

“Check me up. I might be sick.” Yannick sat in front of Ethan and reached out a hand.

Chapter 519

Ethan was speechless.

Ethan said, "Dude, I'm not a traditional medicine practitioner. That's not the way I do. You got the wrong person."

Yannick hurriedly withdrew his hand. Seeing that, Ethan just said, "If you are sick, go to the doctor. I am a psychologist and only deal with psychological problems."

"I'm having psychological problems. Help me."

Ethan immediately got interested. "Then tell me, what is it?"

"I... I seem to treat a man differently." Yannick thought, 'This should be a psychological problem, right?'

"You mean Jeremiah?" Ethan was not surprised at all. He thought, 'I didn't expect him to realize it so soon. I thought it would cost him about one or two years more. He has already noticed that? Not bad!'

"How did you know?"

"Isn't that obvious?"

"Jeremiah and I are normal. Why do you think we're abnormal? Mr. Yates, even our men think that too." Yannick felt like he was going crazy. What did these people mean?

Ethan glanced at Yannick coldly and said, "You think you're normal. What is normal?"

Yannick was speechless. Of course, they were normal guys.

Ethan said, "Think about your attitude towards us. Think about your attitude towards Jeremiah."

"There was another question. Before, you called Jeremiah 'Mr. Lawson' in front of us. That's all right. But since when did you call him 'Jere'? You didn't notice it yourself."

Ethan's words made Yannick a little confused. How was it possible?

"I treat you the same as I do Jeremiah!" Yannick was stunned. How could he call Jeremiah "Jere"

naturally?

Was it because...

Ethan didn't speak. He just put his arm on Yannick's shoulder, and Yannick immediately jumped **up**.

"What are you doing? Men can't do such an imitate action," Yannick was a little unhappy and immediately protested.

Ethan shrugged and said, "You see, I can't put my arm around your shoulder even though we are, friends. Then why can Jeremiah? Or why do you want to be intimate with Jeremiah? Don't you feel uncomfortable?"

Yannick fell silent. Was it awkward?

He didn't. He was even happy.

"Then let me ask you one more thing. If you see Jeremiah and I being very close, how do you feel?" Ethan's question was not that harsh, but it got to the point.

Yannick didn't know how to answer.

How did he feel? He may want to kill Ethan. Even Ethan was his best friend. So what? He just couldn't see Jeremiah and the others...

"It seems that you want to kill me, right?" Although it was true, he felt bitter after others said it out loud.

It was not good at all.

Yannick was silent.

"You were injured to save him. And when Ms. Yates was kidnapped, you were more anxious than him. Why? Is it for Mr. Zelinski, or are you afraid that Jeremiah will never have a family again?" Ethan's question made Yannick at a loss.

"I... I just..."

"Yannick, it's not a terrible thing to like men. People like us can love anyone. You are qualified and capable. Jeremiah is also one of the best people in Dries, so even if you two are together, it doesn't matter.

"The most important thing is that you can recognize your heart. If he and I do the action like you two did, you will want to kill me. When the bullet came, you stood in front of him without hesitation. You care about him no matter what.

"I think you should think about it. Maybe you really like him." Ethan's words were like nails in Yannick's mind.

*He didn't know how he left Ethan's house. All he knew was that when he got home, Jeremiah looked different there.

“What’s wrong with you?” Jeremiah felt the man was mad, but he had no proof

.

“Nothing...” Yannick said coldly.

Chapter 520

It was about half a month after consulting Ethan. Yannick seemed to understand why he acted like that.

Because he saw someone confessing his love to Jeremiah.

How could a man confess his love to Jeremiah?

That was crazy.

Although Jeremiah refused, Yannick was still very uncomfortable.

He really treated Jeremiah differently.

He liked Jeremiah?

Instead of being frightened by the idea, he was glad that he had finally figured it out.

“Yannick, are people in the army so terrifying? How could they like me? We’re all men,” Jeremiah couldn’t help complaining in the dormitory because he was scared.

Although homosexuality was normal, he had never thought about it.

That was weird.

“Is it scary?” Yannick was shocked. Did Jeremiah not like men?

“It’s not that scary. I know many—men like men, but I don’t like that very much. It’s kind of scary to confess his love to me.” Jeremiah still had some lingering fears and thought the army men were a little scared.

“What if someone likes you but is the same sex as you?” Yannick couldn’t help asking. He wanted to know if he had a chance...

“How can I know this question? Unless I like him too, then I can accept him.” Jeremiah suddenly looked at Yannick with a different look.

If Yannick confessed his love... It was not that repulsive anymore.

Chapter 520

It seemed to be acceptable.

“What if it was me? I like you. Do you accept me? Are you willing to be with me?” Yannick asked directly. It was not suitable for him to make things complicated, so he asked directly.

Whether Jeremiah accepted him or not was OK. If they were impossible, they could take it as a joke and keep being friends.

“I... I don’t know.” Jeremiah didn’t treat Yannick like the one who confessed, which gave him a glimmer of hope.

If he didn’t refuse directly, it meant that Yannick got a chance.

“Jere, I like you. I didn’t know how I felt about you before, and I asked Ethan for psychological counseling. I was not sure at first, but when I saw someone confess his love to you, I understood my feelings. I hate the person who confessed his love to you. I locked him up in the dark room. You are

mine. No one can take you away from me.” Yannick’s affectionate confession shocked Jeremiah.

“You...”

“You don’t have to answer me now. You can tell me when you think it over. I can wait, no matter how

long.” It was not an easy road. He knew it, so he wanted Jeremiah to figure it out before being with him.

Love was not a spur of the moment.

“What do you like about me?” Jeremiah didn’t understand that he had no merits or even special skills except for computer skills, and was not worthy of being liked.

No one liked him more than Elaine.

“Yannick, I think we’re not...” But it seemed that he couldn’t say the word “suitable”.

“Don’t hurry to reply. I just want to tell you my feelings. If you like me, then I will wait for you to get ready. If... Then I respect your decision.” Yannick’s words gave Jeremiah a sense of security.

“Let me think about it. I don’t know.” Jeremiah felt a mess in his head.
