

My Two Alphas

Chapter 14

Getting to their packhouse, I growled when I saw Melana's car parked in the driveway. This is exactly why I didn't want to come here. I was not listening to the two go at it all night, the thought alone making my blood boil.

"What is she doing here?" Ace says before sighing.

"You best get rid of her Ace, I don't want her around the packhouse " Tyson tells him pulling in next to her car, the paint flaking off from where I squirted the brake fluid on her car. Great, now I need to listen to her bitching and moaning. Ace jumps out as soon as the car stops marching around to the front of the packhouse. I remain in the car and Tyson looks over the backseat at me.

"Come on Lucy" He says, opening his car door. I remained in my seat not wanting to go inside if Melana was staying. I much rather go to the river than listen to her all night.

Tyson opens my car door before looking at me. "Are you coming, Lucy?" He asks and I shake my head glaring at her car. "Not if she is staying" I tell him and he sighs before looking toward the front of the house.

"Ace will make her leave, you don't need to worry about her" He says yet by the sound of her screeching at Ace, that may take awhile.

"Come inside" Tyson says and I huff, annoyed but get out anyway. Looking down the driveway toward the front of the house where I could hear Ace and Melana arguing. She was angry about something.

Walking down the driveway they were arguing on the front lawn. Melana's face turns red as she screamed at him.

"What do you mean Ace? What, I am suddenly not good enough for you, I have been for the last five years" She screams at him.

"You knew this Melana, this was only fooling around. I made that crystal clear as if I would make you my Luna, you have a mate out there somewhere, we agreed this was nothing more then sex. Now leave please" Ace argues with her.

"Come Tyson " says tugging on my arm when Melana's eyes snap to me.

"You, this is all your fault, if you had of just stayed at school this never would have happened" She says turning to me.

"What are you talking about?" I ask her, stopping on the bottom step of the porch.

"Melana, time to go, now" Ace says, becoming angry. His body starts to tremble and Tyson tries to pull me inside.

"No fuck you Ace, everything is always about her, I am fucking over it. 5 years and you toss me away like fucking garbage" She says.

"I told you so many times already, Melana this was nothing serious now time to go. Don't make me command you" Ace tells her walking toward the house. Melana grabs his arm and he goes to push her away when her hand suddenly connects with his face. His cheek turning red from her slap, the noise loud as her palm connected with his cheek. The sight of her touching him was one thing but to see her hit him made my blood boil. I didn't understand my actions yet still couldn't control the burning hatred that swept over me before I attacked her.

We both hit the ground in a heap as I landed on top of her before punching her in the face. She growls as her head whips to the side before punching me in the boob I grunt before she kicks me off and I fall to my side. Low blow I thought to myself before getting to my feet just as she shifts. Her brown patchy wolf lunges at me and I stumble back out of her way. Ace and Tyson rush toward us trying to break it up when she lunges again, though I was faster being more vampire than wolf and I kick her in the ribs, Her body hurtling into Ace's car that was parked on the grass, an outline of her body crinkling the door. Melana shakes out her fur before turning toward me about to attack when Atticus Ace's wolf jumps in her path. His teeth bared as he snaps her and she whimpers, baring her neck to him and laying on her stomach.

Tyson grips my arm, ripping me toward the house and up the steps, when I see Atticus walk over to her sniffing her making me growl at him. I couldn't understand my sudden urge of jealousy at him being sdo near to her. Atticus growls at her and she darts off up the side of the house just as Tyson pulls me through the front door.

"Lucy enough, let Ace deal with her"

"I don't want hiom fucking near the whore" I yell at him struggling against his grip.

"Enough, Lucy. We have had enough drama today" Tyson says, pushing me onto the couch in the living room.

I hear car tires screeching outside before hearing the sound of metal on metal making me jump.

I could hear Ace has shifted back and was yelling at Melana, Tyson walks off quickly to the front door before I hear him use his Alpha voice. The screen door banging as he threw it open.

"Enough Melana leave or I will banish you" Tyson snaps at her, I shiver feeling his aura even inside. The revving of her car stops before I hear her leave.

"Was that fucking necessary Tyson" I hear Ace yell at Tyson.

"Well you weren't going to do it" Tyson tells him walking back inside.

"I said I would handle her, you had no right meddling in my relationships" Ace snaps at him.

"She isn't yours, but hey you want her go right ahead Ace and mark her" Tyson tells him. My chest lurched at the thought of Ace making her, nausea filling my stomach at Tyson's words, I didn;t understand why it bothered me so much.

"I wanted things to end on good terms Tyson, not cause more conflict" Ace tells him.

"I warned you about this, Ace, now get inside so we can speak to Lucy" Tyson tells him. I hear Ace growl before hearing footsteps of him leaving.

"What about Lucy?" I hear Tyson call after him.

"We can deal with tomorrow, I need to fix this shit because you just made things fucking worse" Ace snaps at him.

"Fuck her Ace, she doesn't mean shit. Get inside, Melana can drop off the face of the earth for all I care" Tyson tells him. I got up not wanting to hear anymore and knowing Ace was leaving to go see Melana ticked me off.
