Chapter 101.2: All mages have the spirit to fight close-range combat 2/2

.....

Xiao Yi dazedly watched Death Mage continuously jiejiejie. Every time Death Mage spoke, a different kind of light would flash out from his body. After 10+ lights flashed, then did Xiao Yi regained back his consciousness.

This skeleton is very strange. However, Xiao Yi had also discovered that Death Mage needed to chant when using a magic spell. As long as I am able to bring my distance close to this skeleton, I would be able to be in advantage. As for the sickle in its hand, I reckon that it is just a decorative item only!

Right now, Xiao Yi's speed was a few times faster than before. Immediately, Xiao Yi disappeared from the spot, and a trace of red light flashed in Death Mage's hollow eyes as he held his Sickle of Death up high.

Bang!

A boundless black light soared up to the sky, piercing through the black cloud on top of Death Mage's head. The moonlight once again shined onto the ground, and Death Mage's Sickle of Death was emitting out a silvery light under the moonlight's illumination. Furthermore, it was not just a simple illumination, the Sickle of Death was completely turning from black color to silver color.

At a few kilometers away, the eyes of the people who were watching the battle almost popped out of their eye sockets. Just what is this, why is a skeleton able to be so formidable, to be able to pierce through the sky so easily!

However, within the next second, everyone was startled and retreated another few kilometers away from the battlefield!

Death Mage could be seen raising the sickle in his hand, then suddenly slashed forward with the sickle. Followed by the slash, a huge power scattered outward in a circular form!

Bang, bang, bang!

The sounds of explosions suddenly rang out within this heaven and earth. The airwave was like a surging violent giant creature, engulfing everything before its eyes!

Starting from Death Mage's feet, all of the objects that were in front of him had all disappeared. The mountain that was still there just a while ago had already been evaporated. The might of this slash was actually this frightening. Currently, everyone was startled to the point that they were hurriedly retreating backward to avoid getting accidentally injured by the battle between Death Mage and Xiao Yi.

Xiao Yi's figure gradually appeared. While standing steadily in the air, the Black Tortoise Armor was emitting out a light, and the cape that was at his back was fluttering slowly.

All of the spectators couldn't help but swallowed their saliva. To be able to remain completely unscarred when faced against such a strong attack, this Xiao Family's family head is indeed formidable!

Just that, everyone did not see the new bloody scar that had just appeared on Xiao Yi's face.

Standing in the air, Xiao Yi looked downwards at the Death Mage, and the astonishment within his eyes could not be hidden. I was just thinking of fighting at close-range just a while ago, and right after thinking that, I didn't expect that this skeleton would suddenly make a move like this! This skeleton is simply frightening to the extremity. Not only is this skeleton able to fight at long-range, it is also able to fight at close-range! Just who is this f**king skeleton!

Right when Xiao Yi was feeling angry, he suddenly sensed a killing intent coming from the top of his head. Xiao Yi's gaze turned serious as he slashed his Xuan Yuan Sword towards the air above him!

Bang!

The gold color Xuan Yuan Sword came into direct contact with the silver color Sickle of Death for the first time, and the air wave that was produced by the collision spread out to the surroundings in a circle form. Big trees began to collapse one after another, and even the people who were standing at 10+ kilometers away were able to feel the hot air that blew onto their faces.

This was what true experts really were like!

At the scene, Death Mage took a look at his Sickle of Death. This Xiao Yi actually made a tiny crack on my sickle, that sword of his is truly a good sword!

Xiao Yi also saw the crack on Death Mage's sickle and he began to sneer at Death Mage continuously. My best weapon is this Xuan Yuan Sword, how would that weak sickle of yours be able to withstand my Xuan Yuan Sword!

Just that, Xiao Yi had forgotten one thing. Just how formidable was the Xuan Yuan Sword? And yet, the Xuan Yuan Sword was only to make a tiny crack appear on the Sickle of Death. From this, it could be seen that the Sickle of Death was not an ordinary item too!

It was natural that Xiao Yi would be immeasurably satisfied with the result. After all, Xiao Yi had already subconsciously placed Death Mage on the same level of expert as he was. Thus, when he was able to deal damage to Death Mage's Scythe of Death, he felt happy about it.

It was a pity, because what Death Mage had to do right now was not to kill Xiao Yi, but to incapacitate Xiao Yi. There was a difference between killing and incapacitating. After all, if Death Mage had to kill Xiao Yi, he could do it with just one simple slap. However, Death Mage who had one of his arms severed, if he wants to kill Xiao Yi within just a second right now, it would be a bit hard for Death Mage.

Chapter 102.1: The cost of winning 1/2

Speaking of close-range combat, Xiao Yi was indeed an expert in it, and Death Mage was indeed being a bit too cocky right now, he was currently completely underestimating his enemy. However, with various kinds of reinforcements reinforced onto him, Death Mage was not someone easy to push around even when he was engaging in close-range combat.

"Die!" Xiao Yi's murderous intent increased, and when the Xuan Yuan Sword within Xiao Yi's hand sensed its owner's murderous intent, the light that it was emitting out became even more dazzling.

The fighting style that Death Mage used was incomparably simple, and even a kid would also know how to do it. Aside from slashing, there was nothing else. The two right now were both waiting for the other to expose an opening. However, since the two were both experts in battling, it was not that easy for an opening to get exposed.

The two suddenly separated from each other, and Death Mage's Sickle of Death could be seen to have already been severely damaged. The blade of the Sickle of Death was bumpy, and a few ribs of Death Mage were destroyed. Death Mage's situation was not very optimistic, and furthermore, Death Mage was suspected to be a little exhausted right now.

However, Xiao Yi was also not any better compared to Death Mage. Xiao Yi's golden gown had already been destroyed into pieces of cloths, and the Black Tortoise Armor was filled with spiderweb-like cracks all over. It was reckoned that, without too long, this Black Tortoise Armor would shatter. Without Black Tortoise Armor's defense, how would Xiao Yi be able to withstand Death Mage's crazy-like slashings!

Furthermore, Xiao Yi's situation was more or less the same as Death Mage. A long period of energy consumption had caused Xiao Yi to start feeling exhausted, and the spiritual energy within his body was also left with not much more!

Xiao Yi secretly took out a pill and placed it into his mouth.

Xiao Yi felt that his spiritual energy was slowly recovering, however, the recovery rate of the spiritual energy was of no use towards the current situation. I have to quickly finish this battle!

"Ha!" Xiao Yi shouted out and the Xuan Yuan Sword within his hand emitted out a dazzling light once again.

"Xuan Yuan Technique – Fury Slash!"

Xiao Yi's eyes immediately turned into gold color as he jumped up high and changed from using one hand to using two hands to hold onto the sword. The powerful might pressure caused the ground where Death Mage was standing on to collapse downward.

For this attack, Xiao Yi's target was not Death Mage, but Death Mage's weapon!

Because Xiao Yi felt that Death Mage's weapon was on the verge of breaking, and as long as he destroyed Death Mage's weapon, Death Mage would be at a disadvantage without a weapon!

This was the disparity between the equip of the two, where Xiao Yi had a godly armor, and Death Mage had nothing but a skeleton body. If not for reinforcing his skeleton body with magic, Death Mage would have long been cut into a bunch of bones by Xiao Yi's Xuan Yuan Sword. And right now, Death Mage's magic was left with not much more, and he was feeling especially terrible right now. This damned human, to make me look so bad!

Bang!

The two weapons collided into each other again, and just as Xiao Yi imagined, Death Mage's sickle was immediately cut into half by his Xuan Yuan Sword, and the silvery light on the sickle disappeared and reverted back to its original black color.

When Death Mage saw that his sickle was cut into half by this human, he immediately burst out a shout, causing other's to not be able to help but shudder. A huge amount of black fog gushed out from Death Mage's entire body. Death Mage had already lost his rationality. If master was to know that I ended up at a state like this when dealing with a mere human, where would my face be, and where His Honor's face be!

Damned humans, all of you can go to hell, I will use the blood of you humans to wash away my humiliation!

Chapter 102.2: The cost of winning 2/2

An enormous magic power erupted out from Death Mage's body, and the people who were at a few kilometers away immediately felt as if their bodies were pressed down by a small mountain. Without any hesitation, all of them began to run for their life. However, while running, every single one of them spurt out a few mouthfuls of blood.

Xiao Yi who was the closest to Death Mage was much more able to sense Death Mage's madness. Xiao Yi's gaze was filled with astonishment and fear. I didn't expect that this skeleton's strength is actually sickening to such a degree! If this skeleton had used its full strength right at the start of the battle, I definitely wouldn't have been able to withstand against it! However, as for right now!!!

Xiao Yi quickly ate a few pills. Right now, I have no choice but to fight as if my life depends on it. Today, between me and this skeleton, one of us has to die!

"Xuan Yuan Technique – Blood Sacrifice!"

This move was the one move that Xiao Yi did not want to use the most, mainly because that this move had high side-effects. The move was able to immediately raise Xiao Yi's strength, but its side-effects were that both Xiao Yi's life span and martial strength will decrease afterward. After using this move, I'm afraid that I won't be able to even defeat Tang Wushuang anymore!

However, I have no choice but to use this move now!

Xiao Yi grabbed onto the sword blade with his left hand, and blood immediately gushed out from his left hand. The Xuan Yuan Sword was like a gluttonous child, continuously sucking in Xiao Yi's blood. Xiao Yi's expression turned pale very quickly. However, in the next moment, a devastating strength gushed out from his body, and this strength made Xiao Yi felt as if he had returned back to when he was an immortal emperor.

"Xuan Yuan Technique – God Destroyer!"

A gold light could be seen emitting out from Xiao Yi's body, and the gold light actually merged into one with the Xuan Yuan Sword!

Xuan Yuan Sword started to flicker a light that was filled with multiple colors, and the sword energy suddenly spread out in all directions with a loud bang. The temperature of the surroundings suddenly began to rise, and an emperor aura which made others had the urge to kowtow was emitted out from the sword.

However, all of those were useless towards Death Mage. Right now, Death Mage only wanted to wash away his humiliation, even if he were to sacrifice everything!

Xiao Yi was right in being decisive in using this move without any second thoughts. After all, Death Mage still has not finished chanting the super high-level magic and he was currently still chanting the spell.

All of a sudden!

Xuan Yuan Sword attacked towards Death Mage, and everything before its attack was turned into dust. Soon after, Xuan Yuan Sword ruthlessly struck onto the edge of the black fog, and right after that, Xuan Yuan Sword immediately emitted out a dazzling light beam, and the night sky was once again illuminated!

Death Mage tried to withstand this attack with all his might, but due to having lost his left arm, and adding on to the fact that his magic power had been completely used up, he was currently totally unable to withstand against Xiao Yi's forbidden technique.

Xuan Yuan Sword slowly pierced through the layer of black fog and forced its way towards Death Mage who was within the black fog.

"Your Honor... Master... Subordinate has failed to carry out the task..."

Xuan Yuan Sword emitted out a scorching heat which immediately turned Death Mage into dust. After the black fog scattered, the heaven and earth returned back to normal once again...

Boom...

A thunder rang out, and the sky suddenly began to rain heavily. The rain landed on this bumpy ground, and also on the body of a person!

Xiao Yi's Black Tortoise Armor was more or less completely destroyed, and only the shoulder parts of the Black Tortoise Armor remained. Right now, Xiao Yi was propping himself up with the Xuan Yuan Sword while blood gushed out from his mouth continuously.

I didn't expect that the black fog would be that formidable, that black fog caused me to suffer another serious damage, which caused my condition to become even worse. Luckily, I managed to destroy that skeleton in the end. Just that, the injuries I have sustained, I'm afraid that it would have to take me at least 10 years to recover!

Cough, cough, cough!

Xiao Yi let out a bunch of heavy coughs, and every time he coughed, blood would spurt out from his mouth. Xiao Yi was entirely pale and feeble like a corpse right now. Although he destroyed Death Mage, his situation right now was not any better at all. After the battle, his strongest defense, the Black Tortoise Armor, was destroyed. From this, it could be seen just how grave the battle was. Furthermore, let's not forget about the heavy cost that Xiao Yi paid in order to win the battle, the side-effects from using a forbidden technique!

"Congratulations Xiao Family Head in defeating a formidable opponent, your strength is truly admirable!"

“Congratulations Xiao Family Head, you have my admiration.”

“Xiao Family Head is truly out of the ordinary.”

A few people landed at Xiao Yi's side, and Xiao Yi had no choice but to endure his injuries and pretend like he was fine and put on a smile. However, the moment he smiled, it immediately triggered the injuries within his body, and almost caused him to spurt out blood. I have to hold back from spurting out the blood, I can't show them that I am weak right now!

I am very weak right now, if they were to attack me, I won't have the strength to even retaliate at all. Furthermore, who wouldn't want to possess a treasure like Xuan Yuan Sword? After all, for the Xuan Yuan Sword to be able to kill such a strong opponent like that skeleton, there is no need to doubt the strength of this Xuan Yuan Sword that is currently possessed by me!

Xiao Yi straightened his back and coldly swept his eyes through everyone, and everyone couldn't help but took a step backward. I didn't expect that this Xiao Yi still has strength remaining after the fight!

Didn't expect your head, this Xiao Yi was currently only pretending like he was fine. Right now, even a single stab with a knife would be able to kill this immortal emperor.

Chapter 103.1: Are you surprised, do you feel unexpected? 1/2

While resisting the urge to faint, Xiao Yi left the scene. Everyone who was at the scene immediately let out a breath of relief when they saw Xiao Yi leave. They were really afraid that Xiao Yi would use the sword to kill them just now.

On the way back home, Xiao Yi finally couldn't resist it anymore and he began spurting out blood crazily. After eating a few pills then did he felt a little bit better. Before returning back, Xiao Yi looked for a water source to wash himself up. I better wash myself up so that my wives don't become worried when I returned home.

Even after washing away the bloodstains, Xiao Yi still seemed rather pale and sickly, seemingly just like a person who was about to die.

Returning back to Xiao Manor, Xiao Yi was a bit absent-minded, seemingly like he could faint at any time.

The six wives sat in the living room and waited anxiously for their husband to return. When they saw their husband staggered into the living room, they immediately walked over to him and held onto him.

“Brother Xiao, what happened to you! Where did you get injured?” Nangong Xinyi's expression changed greatly. Since she had first met Xiao Yi, this was the first time that she had seen Xiao Yi looked so pale and sick.

“Xinyi, hold onto Brother Xiao, I will take a look at him!” The one who spoke was Shu Nan, whose medical expertise was exceptional. Back then, she admired Xiao Yi's medical expertise, and afterward, she fell for him...

Xiao Yi said weakly, “I'm fine.”

“Hold onto him!” Shu Nan shouted out and placed her delicate hand onto her husband’s wrist. Soon after, her expression changed greatly. This injury! It’s too serious! It is a miracle that Brother Xiao is even still able to be alive!

“Shu Nan, what is wrong with Brother Xiao?!” Yu Qi asked hurriedly.

Xiao Yi gave Shu Nan a signal with his eyes, and Shu Nan sighed, “Brother Xiao is fine, his injury will recover after recuperating for a few days.”

However, Shu Nan was thinking in her heart, “I’m afraid that Brother Xiao’s injury won’t recover even after recuperating for a few years.”

But, the other wives would rather believe in this result.

Within a midnight snack stall at Long’an City, Wei Chang and Tang Wei sat at a small table and ate roasted skewers. Tang Wei was telling Wei Chang about some interesting things from back when she was a child, and Wei Chang was listening attentively to her, while time to time drinking a mouth of cold beer.

Suddenly! Wei Chang’s brows wrinkled.

“Uncle Wei, are you feeling unwell somewhere?”

Wei Chang smiled, “It could be because I drank too much of this cold beer, I will go to the toilet for a while.”

“See, Uncle Wei, I told you to drink lesser cold beverages. Let me help you over to the toilet.”

“Xiao Tang, your Uncle Wei is still not yet weak until that kind of state. Just sit here and wait for me will do.” Wei Chang pressed Tang Wei back down to her seat, and the moment when he turned his body, his face became incomparably black.

Death Mage actually died!! How is this possible!!!

Walking into the stall’s toilet, Wei Chang closed the toilet door and said in a grave voice, “Evil Spirit – Death Mage.”

A black whirlpool appeared on the floor, and the Sickle of Death which represents death, followed by a skeleton who wore a black robe appeared too.

“Master...” Death Mage shouted out with deep remorse and was prepared to kneel down.

Wei Chang shouted out in a low voice, “Alright, you don’t have to kneel down, the floor is very dirty!”

“What’s the matter, I only ordered you to go and collect a debt and kill one person, how did you manage to actually get yourself killed!” Wei Chang was unable to understand. Death Mage’s strength is not weak, even if he is not able to beat that Xiao Yi, he should still be able to run right? And yet, he actually got killed!

Master, this one’s heart is feeling very bitter right now too.

“Master, subordinate underestimated the enemy and lost face for both master and His Honor. Please allow subordinate to accomplish the tasks, and afterward, subordinate should use death to offer as an apology!” To speak the truth, Death Mage didn’t want to get summoned again by his master anymore. I have truly thrown away all my face. And it is all because I was too cocky! I pretty much lost the battle because I was being cocky!

Wei Chang’s mood was also not really good right now. If His Honor was to know that there was actually an incident like this within the tasks he gave me, who knows how angry he would get. It feels like I am already able to hear His Honor’s scolding...

“Enough, I don’t want to hear your explanation! You better let this matter rot within your stomach! If words of this matter were to spread out, you will be the first one who I will kill!”

Who would even tell such a humiliating matter to others? How embarrassing would it even be If I were to do that?

“Master, please be at ease, subordinate’s lips are tightly sealed!”

[You Cannot Afford To Offend My Woman](#)

Chapter 103.2: Are you surprised, do you feel unexpected? 2/2

Wei Chang paused for a moment, then wrinkled his brows and asked, “Is that Xiao Yi really that formidable, that even you were not a match for him?”

“Master, this Xiao Yi is indeed not bad, he is the strongest human that subordinate has come across in this world. However, subordinate didn’t really lose to him because of his strength, subordinate mainly lost due to being too cocky.” Death Mage said embarrassedly. It is all master’s fault for requesting such a difficult request, not allowed to kill, and only allowed to incapacitate the opponent.

Wei Chang couldn’t help but stretched out his hand and slapped onto that skeleton head, who did this Death Mage even learned his behavior from!

“I will give you one last chance. If you are still not able to accomplish the tasks this time, you can stay in purgatory forever!”

“Subordinate will solemnly obey master’s order.” Death Mage was stifled with a stomach of anger. This damned human, to actually cause me to get reprimanded by master. If not for master requesting to only kill one person, I will definitely massacre this Xiao Yi’s entire family!

“Go.”

Seeing his subordinate disappeared, Wei Chang rubbed onto his head. Who told you to be cocky! Back then, His Honor was also cocky to the point that...

Sigh, amongst the Seven Sins, who isn’t cocky...

Actually, this matter could not be totally blamed on Death Mage too, after all, Death Mage’s understanding towards humanity was very little. Perhaps, it was time for Death Mage to find himself a girlfriend too.

Death Mage wants to express that, I am not interested in women, I am only interested in football.

Knock, knock, knock.

"Uncle Wei, is your stomachache very serious? I just went and bought a medicine for you." Tang Wei knocked onto the door and shouted out tenderly.

Upon hearing Tang Wei's voice, Wei Chang who had a face filled with bad temper gradually loosened up. Opening the toilet door, Wei Chang smiled, "Xiao Tang, I'm fine."

"Uncle Wei, your complexion doesn't seem really good though? How about I bring you to the hospital and take a look?" Tang Wei stroke onto Wei Chang's face and said with deep concern.

Wei Chang pulled onto Tang Wei's small hand, "There's no need to go to the hospital. Come, I will send you back home first."

"Are you sure that you are fine?" Tang Wei was still very worried.

Wei Chang pinched onto Tang Wei's nose, "I'm fine."

As for Death Mage, he arrived at the 'scene of accident', and discovered that that damned human was gone, and his phone was also destroyed. I am simply about to go mad!

That phone was a new apple phone too, I bought it while enduring the pain of spending a huge sum of money!

This damned human, not only does he have to pay up the 50 billion and a human life, he also has to pay me a new apple phone too!

Death Mage disappeared from the spot, and when he appeared again, he arrived at Xiao Manor's big gate. When the two security guards saw that black gown person again, they were stupefied...

In the living room, Shu Nan was currently cleaning and wrapping Xiao Yi's outer wounds. As for the inner wounds, Xiao Yi will have to just slowly recuperate and wait for those inner wounds to heal.

"Xinyi, I am going to go into closed-door cultivation in a while, therefore, I won't be able to able accompany you and Yun'er to go out tomorrow." Xiao Yi said gravely. After this battle, Xiao Family will definitely reach a new height! However, I will also have to quickly recover my strength.

Nangong Xinyi said with concern, "Brother Xiao, you can go into closed-door cultivation at ease, I will handle the family's matters."

"En, with all of you by side, I am able to be at ease." With his gaze filled with tenderness, Xiao Yi stretched out his hand and caressed onto his wife's cheek, and Nangong Xinyi greatly enjoyed her husband's caress.

Jiejie...

Suddenly, a strange sound emitted into the living room, and the tenderness on Xiao Yi's face immediately froze. The six wives immediately turned their heads over to look towards the direction of the door.

Sickle! Black Gown! Strange sound!

Death Mage walked step by step towards the living room and came to a stop at 5 meters away from the 7 people. The atmosphere of the living immediately became stagnant. While in a complete daze, Xiao Yi watched Death Mage walked over to him. Xiao Yi's mind was completely stupefied right now. Wasn't this skeleton turned into dust by me?! How long has it even been since then? Why did it appear in front of me again! Or could it be that, this skeleton is that skeleton's brother?

"Jiejie..."

Imperial translation: "Are you surprised? Do you feel unexpected..."

Xiao Yi was incomparably familiar with this sound. How did he come back to life, how is this possible! In order to kill him, I had to pay such a painful cost, and yet, why was he able to come back to life in an instant! This is not fair! The heaven is not fair!

Xiao Yi was finally able to experience just what his enemies felt when they were facing against him.

You Cannot Afford To Offend My Woman

Chapter 104.1: Collect interest 1/2

Death Mage stood dazedly and did not make any other actions, seemingly just like he was a relative who was here to pay the seven people a visit. However, the seven people that were in the living room knew that this skeleton didn't come here with any good intentions!

Xiao Yi's lovely wives knew that they were not a match for this monster, however, they still stood in front of their men to protect him, seemingly like they were saying, if you want to kill our husband, you will have to kill us first!

If Lie Gu was here, he would have definitely kept those six women and properly train them later on. Lie Gu was not picky at all, and moreover, Xiao Yi's wives were all very beautiful and alluring. Unfortunately, Death Mage was not interested in women at all.

"Get lost! We do not welcome you!" Not sure where Yu Qi got her courage from too as she shouted out gravely at Death Mage.

Xiao Yi held onto the chair and stood himself up, I'm afraid that I will most likely be done for tonight!

"Let them leave, your opponent is me!" Xiao Yi said coldly. Just that, the moment he spoke in such a manner, it immediately triggered his injury and blood dripped out from his mouth.

"Brother Xiao, you cannot fight anymore!" Shu Nan immediately held onto her husband and used her spotless white sleeve to clean onto the blood that dripped out of Xiao Yi's mouth, her gaze filled with worry.

Yu Qi nodded her head, "Brother Xiao, although we are not really good at fighting, we are still able to fight with this creature for a bit!"

Xiao Yi gasped heavily, now is not the time to act as a hero, what is important now is to quickly run!

"Why are all of you being so disobedient, quickly leave!" Xiao Yi shouted out painfully. He totally did not expect that there would be such a day like this for him. In the past, it had always been me who give

others pain, and yet, now it is my turn to be given pain. Could this be the retribution that heaven gave to me!

Nangong Xinyi held onto her husband and said tenderly, "Brother Xiao, even if we were to die, we will die together!"

"That's right!"

"That's right!"

The gaze of the six women was resolute, not wishing to be born on the same day, month, and year, but only wished to die on the same day, month, and year!

"Why do you all even bother to bring this upon yourself? Xinyi! Properly take care of Yun'er. Yu Qi! Properly give birth to our daughter." Xiao Yi's tone was practically pleading.

However, the women's hearts were already determined. If we have to die, we will die together!

"Do you all want me to kneel down and beg all of you?!" Xiao Yi shouted out angrily. And with this shout, it immediately caused Xiao Yi to spurt out a mouth of blood, and that white color nightgown of Yu Qi's was immediately dyed red by the blood.

"Brother Xiao..."

"Brother Xiao..."

Right when they were unwilling to part with each other, Death Mage finally moved. Stretching out his bone finger, he pointed towards the phone that was on the table.

Everyone was startled, and Xiao Yi said gravely, "Give it the phone."

Nangong Xinyi picked up the phone and placed it into Death Mage's hand. While holding onto the phone, Death Mage discovered that the phone was still locked, and indicated to them to unlock the phone.

This phone was Shu Nan's. She looked at the skeleton that was in front of her and did not have any fear in her heart. Taking the phone from the skeleton, she scanned her face with the phone, then heavily threw the phone to Death Mage.

"Jiejiejie..."

Imperial translation: "What a personality."

Death Mage tapped on the phone screen with his fingers, then lighted out the phone screen towards Xiao Yi and his women.

The words were moving just like before.

And it was still that same two words.

Pay money!!!

Everyone was astonished. I thought that this skeleton came here to take its revenge, I didn't expect that the reason it came here was still to collect debt, why is this skeleton so obstinate...

Xiao Yi let out a breath of relief, if it is just money, then it is fine.

"Xinyi, go and prepare the money." Xiao Yi said powerlessly.

Nangong Xinyi wrinkled her willow brows, "But, we don't have that much cash. Even if we were to spend time to raise the money, it still has to take us quite a while to raise that amount of money."

"Use the immovable properties that we possess to pay then." Xiao Yi said. Although it is not worth to pay with immovable properties, this is currently the only hope of saving the entire family!

Nangong Xinyi nodded her head. Suddenly, Nangong Xinyi felt that it was very wise of Wang Dabao to have chosen to pay the money. And yet, a few days ago, I laughed at that Wang Dabao for being foolish. it seems like I am the foolish one! I feel so regretful, it is all my fault for anyhow giving out ideas...

"Wait for a while, I will go and prepare the document for the transfer of ownership!" Nangong Xinyi said coldly.

Death Mage actually nodded his head, and upon seeing Death Mage nod his head, everyone let out a breath of relief. As long as it was a matter that could be settled by money, it was not really a matter to them.

[You Cannot Afford To Offend My Woman](#)

Chapter 105.1: We cannot afford to offend them 1/2

Death Mage thought back to what his master said to him, this should be what master said right, if I didn't recall incorrectly.

Xiao Yi's entire body was trembling, this skeleton is excessively bullying me!

To actually want me to kill one of my women who I dearly love, if not, everyone in Xiao Manor is going to die! Xiao Yi opened his eyes wide, and with his eyes filled with bloodshot, he suddenly shouted out loudly, "Bastard! I am going to risk it all against you, even if I die, I am also going to drag you down with me!"

"Brother Xiao... Don't move anymore. You will die if you continue on like this..." Shu Nan knew her husband's injury. With this shout, Brother Xiao's injury definitely became even more serious.

"Don't pull onto me, I am going to die together with this skeleton!" Xiao Yi bellowed as he hurriedly crawled to Death Mage's side and held onto Death Mage's leg.

Death Mage was indifferent about it, waiting for Xiao Yi to make his decision. It has been such a long time since I heard those kinds of words, it is truly making me reminisce somewhat.

Nangong Xinyi did not go and pull onto her husband. Standing behind Xiao Yi, she said tenderly, "Brother Xiao, you often saved me in the past. This time, it will be Xinyi's turn to save you and this entire Xiao Family."

Xiao Yi dazedly turned his head around and looked at his wife's gentle smile. Immediately, all the memories flashed through his mind, seemingly just like a movie that was being played.

"No! No! Xin Yi, you cannot do that!" Xiao Yi crawled to the front of Nangong Xinyi. Right now, Xiao Yi could not even stand up.

Nangong Xinyi squatted down and tidied up her husband's hair, then wiped away the blood that was on the corner of her husband's mouth, "Brother Xiao, to be able to know you, Xinyi has never regretted it in this entire life. Although you were very irritating at the beginning, I just couldn't help but like you. After I leave, you have to properly take care of Yun'er, do you understand?"

Xiao Yi stretched out his hand trembly and lightly caressed onto his wife's cheek, "No... we still have a very long road to walk together, Yun'er cannot not have his mother."

"Brother Xiao, Big Sister Xinyi, let me be the one to die instead." Shu Nan took in a deep breath and said gravely.

Yu Qi was sobbing incomparably right now, "Let me be the one to die instead."

"Yu Qi, you are pregnant with a child, let me be the one to die instead."

"Brother Xiao, let me be the one to die instead!"

Nangong Xinyi wrinkled her brows and shouted lightly, "All of you, shut up! In the future, the mission of each of you is to properly take good care of Brother Xiao. All of this happened because of my idea. If I had let Brother Xiao pay the money back then, this matter wouldn't have happened. Thus, I should be the one to shoulder the aftermath!"

Death Mage seemed to have become impatient from waiting. Just quickly choose one person to kill. Get this matter over with quickly, so that I can go and collect back my money!

"Jiejie~"

Imperial translation: "Speed up!"

Nangong Xinyi was able to make out what Death Mage was trying to say. This skeleton is asking us to quickly get it over with. Nangong Xinyi said lightly, "Brother Xiao, let me do something for Xiao Family. As long as the mountain is still there, there is no need to worry about not having woods to burn!"

Never belittle a woman. Nangong Xinyi was trying to get her husband to endure this humiliation, and silently wait for his chance to rise back to power.

"Brother Xiao, Xinyi won't be able to take care of you anymore in the future, you will have to properly take care of yourself, and also properly take care of Yun'er. After all, Yun'er is our only son." Nangong Xinyi who had always been strong and resolute, when she thought of her own son, her tears immediately started flowing out.

As an immortal emperor, when has Xiao Yi ever cried before. However, right now, Xiao Yi's cheeks were streaming with tears, showing how helpless he was right now.

“Xinyi, you are asking me to kill you?! How would I even be able to do that!” Xiao Yi shouted out in anguish. His eyes were red, and blood continuously gushed out from the corner of his mouth.

Nangong Xinyi suddenly stood up, picked up the Xuan Yuan Sword that was at the side and placed it into her husband’s hand, “Brother Xiao, since things have come to this point, do you wish to see all of us die! Do you wish to see Yun’er die? Do you wish to see the child within Yu Qi’s stomach die? When did you even become so irresolute!”

Xiao Yi had never felt that the Xuan Yuan Sword was so heavy before. Looking at his wife, “I can’t do it, I really can’t do it.”

Chapter 105.2: We cannot afford to offend them 2/2

Right when Xiao Family was unwilling to part with each other, a black color whirlpool appeared in the living room, and a figure whose entire body was covered by black fog stepped out from the whirlpool.

The entire Xiao Family was astonished, who is this!

However, in the next second, they became even more astonished.

Death Mage could be seen taking a few steps backward, then kneeled onto the ground and placed both of his hands onto the ground, then shouted out respectfully, “Master!”

That’s right, the figure who appeared was Wei Chang. Just a while ago, Wei Chang had finished sending Tang Wei back home, and right after that, upon discovering that his subordinate still has not finished dealing with the tasks, he wondered whether if an accident had happened again, and thus specially came over to take a look, to prevent another joke from happening!

Xiao Yi felt that everything around him was spinning. This skeleton is already that powerful, and yet, it actually shouted out so respectfully towards the black fog that just appeared. In that case, just how powerful is that black fog? Xiao Yi had never felt that he was that insignificant before. I am able to sense that this black fog is able to kill me with just a single finger. Just who are they? It is impossible that they are called over by that man! How would experts like them be willing to be controlled by someone else!

“En.” Wei Chang responded.

Afterward, Death Mage stood up, took out the phone and began tapping on the phone screen again, then lighted the phone out to the seven people.

“Bow before my master!”

Everyone in Xiao Family had their own pride too. However, Death Mage had already emitted out his prestige, causing everyone to kneel onto the ground.

Wei Chang coldly looked at the person in front of him. To actually dare to owe money and not pay up, this person is truly seeking death!

Taking over the document that Death Mage handed over to him, Wei Chang opened the document and took a look at it. After taking a look, he kept the document and said faintly, “Quickly finish your remaining task!”

“Yes!” Death Mage responded respectfully.

Wei Chang took another look at Xiao Yi, then stepped back into the whirlpool and disappeared.

Death Mage tapped on the phone again.

“One last minute!”

All of the women were able to sense that they had provoked a super-powerful power this time. This was a feeling that they had never felt in the past. In the past, when faced against a powerful power, they were at the least still able to feel that they had the capability to try to fight. However, the moment that they saw the person that appeared just a while ago, they immediately knew that they didn’t stand a single chance against whatever that they were facing right now.

Xiao Yi was feeling the same as what the women were feeling. That person just now, he was totally able to kill all of us easily, and yet, why did they want me to kill one of my women who I dearly love!

Are you all not afraid of my revenge?!

The thing that Wei Chang wasn’t afraid of the most was revenge. If you want to take revenge, you will slowly kill all the women that are by your side!

“Brother Xiao, don’t think of taking revenge for me. Properly carry on living. They are not someone that we are able to afford to provoke.” Nangong Xinyi gave the most rational suggestion that she could give. The other side is just like a giant titan, and we are just a bunch of ants. For them to choose to not kill us all, it is already a kind of leniency.

Until now, then did Nangong Xinyi finally realized this point. For them to choose to just kill one person, it is already very fortunate for us!

Without waiting for Xiao Yi to react, Nangong Xinyi grabbed onto her husband’s hand that was holding onto the Xuan Yuan Sword, and pulled the hand towards her.

Zi...

This was the sound of a sharp object stabbing into a body. Xuan Yuan Sword pierced through Nangong Xinyi’s abdomen, and the tip of the sword that was dripping with blood appeared at Nangong Xinyi’s back. The blood dripped onto the floor drip by drip.

“Xinyi!!!” Xiao Yi shouted out as he looked at his hand in disbelief. I killed my beloved wife!!!

“No!!!” Xiao Yi held onto his wife and shouted out with his head raised up. Tears of blood began flowing out from his eyes.

Nangong Xinyi lied in her husband’s embrace and revealed out a light smile and said, “Brother Xiao, your embrace is still as warm as ever.”

After finish speaking, Nangong Xinyi slowly closed her beautiful eyes, and Death Mage disappeared from Xiao Manor, preparing to go and collect back his money.

Xiao Manor’s atmosphere was filled with grief. Xiao Yi sat on the floor and held onto her wife’s corpse in a complete daze. His gaze was disorganized, seemingly just like a person with dementia.

A fair and clear little child could be seen walking into the living room from the side. While rubbing onto his eyes, the child looked at his father's back and shouted out, "Daddy, where did mommy go to?"

You Cannot Afford To Offend My Woman

Chapter 106.1: That... that... that... 1/2

Because of the angle, Xiao Yun didn't see his mother who was within his father's embrace.

"Daddy, I miss mommy."

Hearing his son's words, Xiao Yi cried out tears of remorse, and Shu Nan immediately carried Xiao Yun and pretended that everything was fine. Shu Nan smiled, "Yun'er, your mommy went out tonight, she went out to earn money for Yun'er."

Xiao Yun pouted his mouth, "Mommy said that she was going to accompany Yun'er to go and register for the children football team tomorrow."

"Be obedient Yun'er, how about I accompany you to register for the children football team tomorrow? Daddy is very tired today, he has to rest tomorrow." Shu Nan pacified Nangong Xinyi's only son, however, every word that she spoke made her heart ached.

"En, Yun'er is very obedient. When mommy comes back, mommy will be able to watch Yun'er play in a football competition."

"Your mommy will definitely be able to watch your football competition, and furthermore, she will also cheer for you."

A complacent smile appeared on the corner of the little fellow's mouth, "Definitely, Yun'er will make mommy feel proud for Yun'er."

After Shu Nan carried Xiao Yun and left, sounds of weeping rang out in the living room. Xiao Yi hugged onto his beloved wife's corpse and stared blankly at the dark sky outside.

After a long while, Xiao Yi said gravely, "Don't announce Xinyi's death to the public, I will find a way to revive her! As for the skeleton who killed my wife, only one of us can live under this sky!"

I wouldn't be an immortal emperor if I had admitted defeat this easily! Xiao Yi swore that, after he recovered his strength back to his peak, he will seek revenge!!! As for why he wanted to hide the news of his wife's death, it was because Xiao Yi did not want others to know that someone killed his beloved wife, and yet, he was not able to do anything to prevent it.

If Wei Chang knew what Xiao Yi was thinking of right now, he would definitely use His Honor's words: A salted fish will forever be a salted fish, no matter how high the salted fish raised to, the salted fish is still a salted fish.

Tonight's Xiao Family was destined to be tragic. However, towards this kind of outcome, in Wei Chang's and the others' views, they felt that Xiao Family was already extremely lucky. If it was placed in the past, everyone within Xiao Family would have died.

Right now, as the Supreme Overlord, Ye Hua came across a problem that was giving him a headache, this Qing Ya is actually lying on my chest and talking in her sleep.

“Ye Hua, I want to beat your butt~ You high and mighty fellow! Beat that butt of yours!” Qing Ya hugged onto Ye Hua’s body like a koala, and while sleep talking, she would time to time beat onto Ye Hua’s chest with her little fist. Although those little fists of hers were very light, it was enough to wake up Ye Hua from his sleep.

This foolish woman, to actually speak such unrealistic words in her dream, my butt is not something that you can beat. She is so restless even when she is sleeping, I don’t even know where she tossed the blanket to!

Ye Hua sighed. After slightly lowering the temperature of the air conditioner, Ye Hua found the blanket and covered Qing Ya’s bewitching figure with the blanket. After that, Ye Hua left the bedroom and walked to the office. While in the office, Ye Hua lighted up a stick of cigarette and looked at the round moon.

“Your Honor!”

Not sure when, Wei Chang arrived behind Ye Hua and kneeled onto the floor respectfully.

“En?”

Wei Chang took out the document and said, “Your Honor, the tasks have all been completed.”

Ye Hua silently inhaled a mouth of cigarette, then exhaled out a lump of smoke. Looking at the smoke, it actually formed into the shape of a skeleton. However, the smoke disappeared very quickly after forming into a skeleton.

Compared to the money, Ye Hua was more curious about who Xiao Yi killed.

“Who was killed?”

“Xiao Yi’s beloved, Nangong Xinyi.”

Ye Hua recalled of the woman during that night, I don’t have any favorable impression towards that woman, “So it is her.”

“If Your Honor is not satisfied, subordinate will go back and kill a few more.” Wei Chang said coldly, it feels like His Honor is not satisfied with the result.

“There’s no need for that. Don’t forget about our identity, we are people who follow the laws.”

“Your Honor is brilliant, subordinate has truly been enlightened.”

Ye Hua flicked the cigarette bud, “That’s right, how are things at that Long Aotian’s side?”

“Subordinate has arranged someone to watch over that Long Aotian. For a short period of time, this Long Aotian won’t be doing anything much.”

Ye Hua extinguished the cigarette and said faintly, “Let them try to work hard to fight back against us. If not, they wouldn’t know just what the true meaning of despair is.”

Wei Chang’s gaze revealed out radiance, His Honor has truly changed. In the past, His Honor would charge and deal with everything head-on. But now, His Honor knows how to plan things out.

You Cannot Afford To Offend My Woman

Chapter 106.2: That... that... that... 2/2

“Your Honor’s good fortune is on the same level as heaven, subordinate is far inferior.”

Ye Hua pat onto Wei Chang’s shoulder, “Heaven? Haha, go back early and rest, don’t let your little girlfriend wait too long.”

“Eh...”

Wei Chang did not explain, as the Supreme Overlord’s subordinate, he did not know how to open his mouth and explain to Ye Hua about this matter. On the other hand, Wei Chang had asked Lie Gu for advice.

And Lie Gu’s answer was very straightforward, “Just take off your pants and do it.”

Wei Chang was not able to be that straightforward like Lie Gu. Xiao Tang is a good girl, how can she be compared with those female celebrities of yours?

Actually, I had the thought of doing that tonight, I even prepared the condom. However, because a tiny accident happened at Death Mage’s side, my plan for doing that was canceled. This is truly vexing, I have to get His Honor to give me a plan, Lie Gu is too unreliable.

“Your Honor, subordinate has a question, I hope that Your Honor would be able to help me out with this question.”

Ye Hua who was about to return back to his room turned around and asked rather curiously, “What is it?”

Wei Chang was humming and hawing, feeling a bit embarrassed.

Upon seeing Wei Chang’s manner, Ye Hua became even more curious, this kind of expression shouldn’t appear on Wei Chang.

“Speak!”

Wei Chang decided to go for broke as he asked, “Your Honor, I want to do that with Xiao Tang, what should I do to be able to do that with Xiao Tang? What should I do so that Xiao Tang would agree to do that with subordinate?”

“Do that?” Ye Hua was a bit confused.

“That... that... what I’m meaning by ‘that’ is... copulation.” It was lucky that the light wasn’t turned on, if not, Wei Chang’s face that was currently red would be able to be seen.

Ye Hua thought that it would be something serious, so what Wei Chang wants to enquire about is copulation. However, why does Wei Chang use a word like ‘copulate’ to describe sexual intercourse? However, after thinking about it for a bit, it does make sense, after all, Wei Chang is indeed a monster...

Ye Hua paused for a moment. When my subordinates are met with difficulties, as the boss, I naturally have to help them solve their difficulties, “I do indeed have a bit of experience in this matter.”

Wei Chang rejoiced, "Please help me out Your Honor."

"Just straightforwardly push over that little girlfriend of yours will do."

"....."

I didn't expect that His Honor would be the same as Lie Gu, simple and rough. When I watched that idol drama, it wasn't that easy like just pushing over the other person, and instead, the couple would always be shy with each other.

"Subordinate understands." Wei Chang had no other choice but to humbly accept His Honor's suggestion.

"You have to learn more from Lie Gu on this aspect." Ye Hua said faintly, then walked out of the office, leaving alone Wei Chang who was currently lost in his own thoughts.

Seems like His Honor won't be able to help me solve this problem of mine. Perhaps, I will have to ask madam for help. This is truly vexing...

Lying on the bed, Qing Ya who was at the side asked with a low voice, "You went to smoke again?"

"En."

Qing Ya changed a position to hug onto Ye Hua, then asked faintly, "What do you want to eat tomorrow morning?"

"Steamed dumplings."

"En."

Ye Hua moved slightly and held onto Qing Ya's shoulder. Right now, I have arrived at a conclusion, this woman, only when she is on the bed, then would she be a bit obedient. And once she gets off the bed, it would seem like she had changed into a completely different person.

While thinking about things in his mind, Ye Hua fell back to sleep. Not sure how long had passed, sounds of heavy rain rang out at Ye Hua's ears. It was actually raining heavily in the early morning. Ye Hua moved his right hand, and his brows wrinkled.

Where is she!

Immediately, Ye Hua opened his eyes. Upon seeing that the woman that was by his side was missing, Ye Hua's heart suddenly sunk.

The bedroom door was suddenly pushed open.

"Aiya~ It actually rained when I went to buy breakfast~" Qing Ya pouted her small mouth and grumbled.

It could be seen that, Qing Ya's hair was wet, and her clothing was soaked. Her delicate hand was holding onto the steam dumplings and kelp soup that she just bought a while ago. Perhaps, due to her running, quite a bit of the kelp soup was spilled.

"Get up, eat it while it's hot." Qing Ya raised the breakfast that was within her hand and said with a slight smile.

You Cannot Afford To Offend My Woman

Chapter 107.1: Qing Ya has begun to become depraved 1/2

Qing Ya laid out the steamed dumplings on a plate, then turned her head around and looked towards the absent-minded Ye Hua, "What are you still being in a daze for, quickly go and wash your face and brush your teeth, the food won't taste good when it turned cold."

Ye Hua wrinkled his brows, seemingly a bit unhappy, "Come over!"

"What is it." Qing Ya was the same too, I went out early in the morning to buy breakfast for you to eat, and yet, when I returned back home, you don't even show any appreciation, you are simply impossible to converse with.

"When I call you to come over, just come over!" Ye Hua's tone became heavier, causing Qing Ya to feel very unhappy and wronged.

However, I want to see just what this scoundrel is planning on doing, if he were to push his luck, I guarantee that I will definitely leave the house this time.

With her face completely cold, Qing Ya sat at Ye Hua's side, and when Ye Hua saw how wet Qing Ya had gotten from the rain, he wished that he could smack this foolish woman awake, does this woman not know how to take shelter from the rain when it is raining?

Ye Hua stretched out his hand and placed it onto Qing Ya's back. A tender light emitted out from Ye Hua's palm, and Qing Ya's hair and clothing began to gradually turn dry.

"Do you not know how to bring an umbrella with you when you leave the house? Why are you this stupid!" Ye Hua lectured, this woman really doesn't know how to cherish herself.

Qing Ya originally thought that Ye Hua was going to flip out, and didn't expect this outcome. The warm temperature that was transmitting to her from her back was about to completely warm up her heart. This fellow just wants to keep that face of his no matter what, to actually questioned me with such a stern attitude when he was obviously just very concerned about me.

Qing Ya snorted, "Isn't it all because that I wanted you to be able to eat the breakfast while its hot."

See that slightly arrogant look on Qing Ya's face, Ye Hua suddenly really wanted to push over Qing Ya and deal with her the same way he dealt with her during that night. However, he resisted this urge of his. The words that I have spoken cannot be taken back, it is definitely impossible for me to take back my words!

Without long, Qing Ya's clothing turned completely dry, and Ye Hua stood up and said faintly, "We will go out to eat breakfast tomorrow"

After finish speaking, Ye Hua went to wash up and brush his teeth, leaving alone Qing Ya who was currently in a complete daze.

However, Qing Ya's was feeling very happy in her heart right now. Actually, it is not a bad thing to have a cultivator as a husband. A cultivator husband actually has the ability to dry things, in the future, the money for ironing clothes can be saved.

Towards steamed dumplings, Ye Hua understood a little about it. Dipping the steamed dumpling into the chili sauce, the steamed dumpling would turn bright red and look very appetizing. Taking a bite onto the steamed dumpling, the mincemeat within the steamed dumpling and the chili sauce would mix together in the mouth, comfortable!

Drinking a mouth of kelp soup after eating a steamed dumpling, it was basically the perfect match.

For Ye Hua to be willing to stay in this world and not leave, in actuality, the food in this world played a huge factor.

“Ye Hua, carry me to eat chicken after you finished your breakfast~”

Ye Hua asked faintly, “You got addicted to the game?”

“How can this even be considered addicted? Once I managed to eat chicken, it would mean I have accomplished my goal in this game!”

“Seems like you are addicted.”

“I’m not addicted!”

“You are indeed addicted.”

“!!!! Ye Hua, do you want to quarrel again!!!”

“In any case, I’m bored right now, so let’s quarrel for a bit first.”

Qing Ya: “.....”

This fellow was much more tender yesterday, but in the end, right now, I have discovered that he is still the same as usual. And he even says that he wants to quarrel first since he is bored, which husband and wife would even quarrel with each other when they are bored?

“I’m full, you finish the rest.” Qing Ya feigned anger coquettishly, then turned around and walked towards her sister’s room.

Ye Hua drank a mouth of kelp soup, then said faintly, “Not only is she addicted, her addiction is huge too.”

Chapter 108.1: Ancient god item 1/2

“That’s right, if that black gown person was really called over by that man, just what is the identity of that man then?”

Quan Anrong suggested, “Wushuang, you can find someone to go and probe that man out.”

“Anrong, there will be other people who will be more curious about that man’s identity, we don’t have to be the one to take the initiative.” Tang Wushuang was not a fool. Even Brother Xiao suffered a huge defeat from that man, therefore, I will have to be cautious when dealing with that man.

“Husband is indeed smart. Quickly go and take a shower, then go and see just how are things going on with Brother Xiao.”

“Alright!” Tang Wushuang let out a breath. After all is said and done, Brother Xiao did not die from the fight last night, and thus, this Zijin City will have to quiet down again. I suppose that many people are very disappointed with this result. Why didn’t the black gown person killed Brother Xiao, I really don’t get it.

Right now, at Bai Family Castle, Wang Dabao and Bai Cixin had just finished doing their morning exercise, and Wang Dabao was currently hugging onto his woman with a comfortable expression on his face. Only Wang Dabao would dare to push down Bai Family’s woman, tsk, tsk, tsk...

“Wife, was this 50 billion that was spent by us worth it or not?” Wang Dabao asked confusedly. Looking at last night’s situation, Xiao Yi was the one who won the battle. As for the black gown person that appeared once again later on, I’m not really clear about the details.

Bai Cixin cuddled onto her husband and said faintly, “I can only say that it wasn’t bad.”

“Then, are we going to go and take back the money?” Wang Dabao was trying to probe out his wife’s intentions, his guts has indeed become bigger.

“Dabao, how about you go then and take back the money then?”

Wang Dabao paused for a moment, then looked at the ceiling and said, “Eh... Do I, Wang Dabao, seem like the kind of person who cannot afford to lose? If I were to go and take back the money, how faceless would it be for me. Moreover, it’s fine if I threw my face, but it wouldn’t be good if I threw my wife’s face.”

Bai Cixin laughed lightly, “You sure have a glib tongue.”

Wang Dabao let out a breath of relief, it is fortunate that my desire for living is high.

“Regarding the money, it can be put at the side first, for now, you have to go to the south to take control of the situation. Those rich merchants from Long’an City and Cloud Sect are searching for a treasure together, you have to pay a bit more attention to them.” Bai Cixin sat her body up, and her sexy body was immediately exposed within the air. This caused Wang Dabao to have his eyes open wide, my wife’s body doesn’t feel tired to look at even after looking at it for more than a hundred times.

After wearing the thin nightclothes, Bai Cixin picked up the secret document on the table and took a look at it. While looking at the document, Bai Cixin wrinkled her brows.

“Wife, what’s the matter?”

Bai Cixin placed the document back onto the table, then walked to the window and looked towards the distant, “Dabao, you will have to prepare to head to the north later on, the treasure this time is not simple, we definitely have to find the treasure before them!”

Wang Dabao wore his clothes and his face turned solemn, “Wife, just what is the treasure?”

“An ancient god item!”

Wang Dabao’s expression immediately changed as he mumbled, “When Xuan Yuan Sword appeared back then, the northern people fought for it crazily, resulting in countless deaths and injuries. After a few years had passed, another ancient god item actually appeared again!”

“Dabao, Xuan Yuan Sword was snatched away by Xiao Yi, therefore, we definitely have to get our hands on the ancient god item this time!” Bai Cixin let out a breath, then turned around and helped her husband to tidy up his hair. Bai Family seemed very strong, but if they were to truly be compared to those ancient seclusion families and ancient sects, they were still lacking by a lot.

Others had all went through the baptism of time, and their power accumulation was formidable, whereas for Bai Family, they were but lacking just one ancient god item. Once they possessed an ancient god item, they would be able to be on an equal footing with the other powers, and surpassing Xiao Family was just a matter of time.

Wang Dabao held onto his wife’s willow waist, “Be at ease, isn’t it just one ancient god item? I will definitely bring it back and give it to my wife.”

“Dabao, you have to be careful, since I have to stay here to keep things at place, I won’t be able to give you any help.”

Wang Dabao laughed heartily as he held onto Bai Cixin’s chin, “Wife, just wash yourself clean and wait for husband to return.”

“You~ Being improper again~” Bai Cixin pinched onto her husband’s waist, and Wang Dabao carried his lovely wife and headed back to the bed. Seems like another workout was about to commence.

The news where an ancient god item appeared at Long’an City immediately swept through all of China, and Long’an City’s rich merchants and Cloud Sect were greatly furious about it. Just who is the bastard who leaked the information!

Actually, the ones who were the angriest were those rich merchants. Originally, they thought that there was only some ordinary treasure within the mountain range, and didn’t expect that there was also an ancient god item amongst those treasures. No wonder Cloud Sect was that courteous towards us, I finally know the reason now, this Cloud Sect sure is crafty!

The entire south began to start surging again, and many people were heading towards Long’an City. Even if I can’t get the ancient god item, just looking at the ancient god item would do too. Moreover, what if I struck a big luck during this trip?

The northern people also began to move, as people began to secretly enter into the south.

After all, since the treasure appeared at the south this time, the sects and families of the north did not have the qualifications to meddle in it. Just like back when Xuan Yuan Sword appeared, the south did not meddle in it.

However, just last night, a lot of people heard of Xuan Yuan Sword’s might, and found out that the strength of the Xuan Yuan Sword was indeed the same as the legends. And right now, a second ancient god item had appeared again, thus, how was the northern people able to even sit still?

Without a question, a great turmoil was going to happen at the second-tier city, Long’an City!

Chapter 108.2: Ancient god item 2/2

“Qing Ya, move to the left and attract the firepower from the enemies.”

“Qing Ya, drive the car.”

“Qing Ya, pass me the level 3 helmet.”

“Qing Ya, help me up.”

“Go to hell.” Qing Ya snorted. When he dies, I have to help him up, and all the good items also have to be given to him.

Ye Hua took a look at Qing Ya, “If I died, who is going to bring you to eat chicken.”

“Have you ever brought me to eat a round of chicken before?”

“Isn’t it all because that you are too noob? You are at the most just a level 4 backpack.” Ye Hua said faintly, causing Qing Ya to be angered to death.

“Who are you calling a level 4 backpack!!!” Qing Ya shouted out gravely, the daily quarrel was about to start again.

“Is there someone else in this room?”

“I’m going to fight it out with you!!!”

Qing Ya straightforwardly jumped onto Ye Hua’s thigh. The position was a bit ambiguous, if you are a child, please close your eyes.

At this moment, the bedroom door was suddenly pushed open, and Ye Hua and Qing Ya immediately looked towards the door.

Qing Yutong could be seen pulling onto her suitcase and looking at her brother-in-law and big sister with an endearingly silly look on her face.

“You two... during broad daylight... the two of you are... actually doing that in the bedroom of a maiden... You two are too sickening!” Qing Yutong’s expression sunk as she said pitifully, acting as if she won’t be able to marry anymore.

Qing Ya took a glare ruthlessly at Ye Hua, then stood up and said, “Why didn’t you give me call, I could have gone and picked you up.”

“I called your phone and brother-in-law’s phone so many times, but both of you didn’t pick up my call at all. From the looks of it, I’m sure you two wished that I won’t ever come back home~”

Qing Ya touched onto her pocket, and at this time, then did she recalled that her phone was still in the bedroom, and that Ye Hua’s phone was most likely in the bedroom too.

“Yutong, big sister will treat you to a huge meal later on.”

“You think you can pacify your sister’s injured mood with just a meal?”

“How many meals you want, just say it, in any case, right now, big sister has nothing but only money.”

Ye Hua leaned onto the window and lighted up a stick of cigarette, “Qing Ya, it’s about to be noon soon, let’s order food delivery.”

“Let me go and get my phone.”

Qing Yutong was about to offer her knees. These two are planning to become otakus. In the past, big sister was not the least bit like an otaku at all. I didn't expect that right after mixing around with brother-in-law, big sister immediately turned into an otaku girl and don't even care about her company anymore. If this continues on, big sister's company is going to become more or less the same as brother-in-law's bar, facing bankruptcy...

Qing Ya found her phone on the table of her bedroom. Opening the phone, she discovered that there was a lot of missed calls. Amongst the missed calls, there was Qing Yutong's missed calls, and her father's missed calls.

Without choice, she called back to her father.

“Dad.”

“What is going on at Xiao Family!” Qing Huaxuan's questioning voice immediately rang out from the phone.

Qing Ya replied faintly, “I don't know.”

“You don't know?! Do you know how many people are alienating us!”

“Isn't that great? Now, you would be able to properly distinguish just who treats you good, and who treats you bad.”

Qing Huaxuan who was on the other side of the phone almost had a heart attack.

[You Cannot Afford To Offend My Woman](#)

Chapter 109.1: Ah Li 1/2

“Good! Good! Good! Your wings have become hard now huh? If you have the capability, don't come back home for your entire life!” On the other side of the phone, Qing Huaxuan was practically shouting out with an angry tone.

“I won't come back then!” Qing Ya was the kind that was amenable to coaxing but not coercion.

The more that it was like this, the more Qing Ya would resist back. After hanging up the phone, Qing Ya's mood became a bit bad. If I compare dad with Ye Hua, I suddenly discovered that Ye Hua is much better. At the least, Ye Hua doesn't berate me because of other people.

After adjusting her mentality, Qing Ya walked to her sister's room, “What do you want to eat, my treat.”

“Kentucky Fried Chicken.”

“Kentucky Fried Chicken Family Bucket~” Qing Yutong raised her hand and said with a smile.

Qing Ya shook her head, these two are practically children... No matter what, I am also someone who has a net worth of a hundred billion rmb, and yet you two actually want to eat Kentucky Fried Chicken, thumbs up to the two of you.

Seeing that her big sister was done with ordering the food, Qing Yutong blinked her beautiful eyes and said, "Brother-in-law, big sister, how about we play one round?"

"I was intending on doing that." Ye Hua said faintly.

"Sure thing."

The three immediately went online, and of course, they queued for 4-man squad, thus they would be playing with one stranger in their team. The aloof Ye Hua and Qing Ya would always remain silent, and only Qing Yutong would chatter continuously and tease the other person in the team. This time, it was no exception too.

This round was the desert map. The three appeared at the waiting area in no time, and Qing Yutong was already itching to begin teasing the other person.

"Little brother? Little sister?" Qing Yutong shouted out lovably. If the player is a male, he would definitely become my level 4 backpack. Even brother-in-law also has big sister to act as his level 4 backpack, thus, I naturally also want a level 4 backpack for myself.

After waiting for 10+ seconds and seeing that there was no response from the other player, Qing Yutong thought to herself, "Something is wrong, could it be that this person is a female?"

"Little brother, do you have a mic?" Qing Yutong asked.

Finally, the stranger replied, just that, the words that the stranger spoke caused Qing Yutong's face to turn black...

"Hello aunt..."

Both Ye Hua and Qing Ya were wearing their earphones, thus they were also able to hear the stranger's voice. The both of them felt that the stranger was most likely a little girl.

Ye Hua sighed, this has truly complied with that sentence, you will always never know just who is your teammate. It was already a huge disadvantage for me to have to bring along two level 4 bags, and right now, there is another burden...

Qing Yutong took in huge breaths, this little fellow actually called me aunt! Aunt! My god, I am still just a young maiden!

"Little friend, I am not aunt, I am big sister." Qing Yutong's smile was very forced.

A slight trace of arc appeared on the corner of the mouth of both Qing Ya's and Ye Hua's, we are finally able to witness Qing Yutong getting teased instead.

"Mother said that, only those children whose age is close to Ah Li can be called big brother and big sister. Aunt, your voice is so pleasant sounding, and sounds more or less the same as mother's voice, therefore, you are definitely much much older than Ah Li."

A few black lines immediately appeared on Qing Yutong's brows, especially when she heard the words, 'much much older'. This child is making it seem like I am like an old witch.

However, this fellow is not bad, to know how to bootlick me and say that my voice sounds pleasant.

“Little fellow, how old are you? To actually be playing computer game right now, have you finished doing your homework?” Seeing that she was not able to win the child, Qing Yutong began to use her age to bully the child.

“Ah Li has already completed all the homework that mother assigned to me. Aunt, don’t you need to go to work? I heard that adults who don’t go to work are no different from a salted fish.” The young and tender voice of a little girl rang out from the earphone. Qing Yutong has run into an opponent, a formidable opponent at that.

Both Ye Hua and Qing Ya took a look at each other, both of them were not working right now.

Qing Yutong coughed lightly to express her awkwardness. In actuality, Qing Yutong was feeling completely not good right now, “Little fellow, aunt’s occupation is special. And you still haven’t told me your age.”

“Ah Li is three years old this year.”

The three immediately became dazed, this child is actually a three years old child. Qing Yutong was feeling very sullen right now, I actually got bullied by a three years old child. However, since she is three years old, it is normal for her to call me aunt. It feels so painful, to get called as aunt by someone...

Chapter 109.2: Ah Li 2/2

Qing Yutong asked very curiously, “Where is your mommy?”

“Mother went out.”

“Why do you call your mom as mother? Don’t you call her as mommy or mom?”

“Ah Li don’t know why too.”

“What about your dad?”

“Mother said that father has already died...” The little fellow’s tone immediately became downcast.

Qing Ya ruthlessly took a glare at her sister, why are you bullying a little child.

“Ah Li, I’m sorry.”

“Aunt, it’s fine, Ah Li is already used to it.”

Although the little girl said it very effortlessly, the three were still able to hear that her tone was very downcast. Qing Ya subconsciously rubbed onto her stomach...

Qing Yutong pat onto her chest, “Ah Li, be at ease, aunt will bring you to eat chicken.”

“Is aunt very formidable?”

“Of course, aunt is a sailor moon, I can knock down everything in minutes.”

“That’s great. Are the other two also aunt’s friends?” Ah Li asked.

Qing Yutong grinned, “That’s right, the both of them are very aloof, they won’t even speak.”

“Uncle and aunt are aloof? My mother is the same too, other people are all afraid of her.” Ah Li said softly, seemingly afraid of letting other people hear what she just said.

Qing Ya sighed, thanks to my sister, I have also become an aunt.

Very quickly, they entered into the plane, and the four were preparing to jump.

Qing Yutong began to give orders, “Let’s land at a place that has very little people and humbly survive till we win.”

“Aunt, why do we have to jump at a place that has very little people? When Ah Li plays solo, Ah Li would always land at the boxing ring.”

Ye Hua, “.....”

Qing Ya, “.....”

Qing Yutong, “.....”

To actually ask us why we chose to land at a place that has very little people, is there even a need to ask that question? The answer is obviously because we are noob, and we are preparing to try to survive all the way until we win.

However, as the elders, how could they be looked down upon by a child?

Qing Yutong said gravely, “Isn’t it all because that aunt is afraid of Ah Li getting injured? That’s why aunt chose to land at a place that has very little people.”

“Aunt, be at ease, Ah Li often eats chicken in this game.”

Ye Hua, “.....”

Qing Ya, “.....”

Qing Yutong, “.....”

Qin Yutong was feeling very hurt. Secretly taking a look at her brother-in-law and big sister, she discovered that their expression was the same too, so tragic...

Ye Hua decided that he was going to bring them to eat chicken in this round. This way, I would be able to show them just how strong a Supreme Overlord truly is. If I am not able to bring them to eat chicken in this round, then I will... I will... I will quit smoking for an hour!

The four of them jumped towards the boxing ring. There were quite a lot of people who jumped towards the wrestling ring, and furthermore, there were even two full squads who landed at the wrestling ring. Ye Hua absolutely had to show off his true strength, so that he would be able to let them know just was the true meaning of expert!

However, there was a problem, there was actually no gun at all in the entire boxing ring! He wasn’t even able to find a frying pan in the boxing ring!

In actuality, Ye Hua had met with this kind of situation quite a few times, but he didn't really mind it when he encountered this kind of situation back then. However, the situation today was different, how could there not be any gun!

At the same time, at a red building near the boxing ring, one of the rooms was filled with items. M4, 98K, level 3 helmet, level 3 armor, all kinds of bullets and medicines.

"F**k! What kind of luck does this streamer has, to actually run into such a loot the moment he opened a door!"

"Brother, it must be your first time watching this streamer I suppose. Let me tell you, this streamer is really not hacking."

"In any case, I'm already prostrating before this streamer's luck. If the airdrop doesn't land on his face, it would mean that he had really begun to start hacking."

It could be seen that, the streamer began to pick up the items, then began to clear the other players that were in the red building. This was too shameless, to have full items right after he jumped off the plane... and yet, some other people don't even have a frying pan at all.

Chapter 110.1: Getting carried 1/2

At the boxing ring, Ye Hua was feeling very vexed, two salted fish are actually chasing after me and trying to punch me. You two are lucky that we are within a game, if this was in real life, I would have turned both of you into thin blood!

"Brother-in-law~ I'm coming to save you~" Not sure where Qing Yutong jumped out from, she punched when she jumped out.

Ye Hua looked at his health which had been reduced into half, this Qing Yutong is a spy that the enemy sent over right.

Qing Yutong retracted her head back, "Brother-in-law, that was purely just an accident, who told you to suddenly stop moving."

Ye Hua was really speechless, this was not the first time already, there was once where she aimed onto me while she was holding a 98K, and afterward, my helmet was destroyed by her, and her excuse for that was that her hand slipped.

"Brother-in-law, be careful." Right when Ye Hua was absent-minded, a player jumped and punched towards Ye Hua's head.

"Bang!"

This was the sound of a revolver being shot. It could be seen that, the player that jumped and tried to punch Ye Hua's head was immediately incapacitated with a headshot. When the player's teammate saw that there was an enemy with a gun, he immediately ran away!!!

"Bang!"

Another headshot. Ye Hua and the other two were stupefied.

Ah Li ran over and asked with her tender voice, "Uncle, are you fine? I have bandages here."

Ye Hua was very wounded, I have never felt so sullen before, I actually got saved by a little girl, and the little girl is even giving me bandages... my god...

The streamer at the red building just finished clearing the red building and was preparing to head to the boxing ring. However, right after the streamer arrived outside of the boxing ring, he heard the sound of a revolver being shot and his expression immediately changed.

"Streamer, quickly run! The revolver monster has appeared again!"

"Streamer, as long as the mountain is still there, there is no need to worry about not having wood to burn, quickly run!"

"Why are you all telling the streamer to run away?"

"You all most probably don't know, during these past few days, this streamer has been destroyed by the revolver monster for quite a number of times already. Right now, as long as he heard the sound of a revolver being shot, he would choose to run away."

"With those items on him, this streamer is not able to even win against a revolver?"

"Sigh, it is not that this streamer is a noob, it is just that the opponent is way too strong."

As expected, the streamer chose to drive the car and run away from the boxing ring. I tried countless times to kill that revolver monster, but every time, I would die under that revolver monster's marksmanship, this revolver monster is just way too formidable.

With the revolver, Ah Li was basically killing everyone in her path, and in no time, the entire boxing ring was cleared. Ye Hua, his wife, and his sister-in-law dazedly looked at what happened, and a sense of helplessness appeared in their heart.

Next, it was time for Little Ah Li to perform.

"Uncle, aunts, you all stay in the car, let Ah Li charge in as the front line first."

Bang, bang, bang!

A bunch of gunshots, along with the explosions of grenades rang out within the house that was in front of Ye Hu and the others.

"Uncle, aunts, you all can come in and pick up the loots now."

Ye Hua was very wounded, while Qing Ya and Qing Yutong were extremely delighted, this child sure is interesting.

"Ah Li, why didn't you let aunt charge along with you, how dangerous would it be for you to go alone like that?" Qing Ya was currently also speaking with Ah Li. Ah Li was very cheerful, and her sweet voice attracted others' tender affection for her.

Ah Li said with her tender voice, "If uncle and aunts were to follow along with Ah Li, Ah Li would get distracted."

Ye Hua, "....."

Qing Ya, "....."

Qing Yutong, "....."

From the looks of it, Ah Li considered the three as burdens. Ye Hua was wounded right now, I don't even want to continue on playing anymore, I was actually considered as a burden by a little girl.

It could be seen that, Ah Li was driving the pick-up truck, and within the pick-up truck, there was a moment of silence...

"Uncle, aunts, why aren't you all speaking anymore? Is it because the items are too lousy? Ah Li will go and help you all snatch the airdrop then."

Qing Ya looked at Ye Hua's expression, and right after looking, Qing Ya laughed out. Qing Yutong also turned her head around and took a look, and she discovered that her brother-in-law's face was as black as charcoal, and immediately, she laughed out too.

Ah Li was completely confused, "Aunts, what are you two laughing about?"

Qing Ya said tenderly, "We are laughing at uncle, he is jealous of just how formidable Ah Li is."

Ah Li seemed to have suddenly come to a realization as she said, "Uncle, I'm sorry... Ah Li snatched your limelight and made you lose face in front of the two aunts..."

The expression on the three immediately came to a froze.

And in the next moment, Qing Ya and Qing Yutong began laughing until they couldn't take it anymore. Little Ah Li is too adorable, to actually said that out loud.

Ye Hua endured the pain in his heart and said while gnashing his teeth, "Ah Li, you are playing pretty well!"

"Not bad I guess, it has been a few days since Ah Li last played this game."

Ye Hua almost spat out blood. This is the strongest opponent that I have come across in my life! We have not even exchange moves, and she had already almost made me spat out blood, every word of hers is filled with a murderous aura.

Chapter 110.2: Getting carried 2/2

With Little Ah Li, they got into the top 2 in no time. Furthermore, there were only 5 people left in the game right now.

It was currently 4 against 1.

"Finished, this streamer is finished."

“Let me present a sad song to this streamer.”

“Don’t say anymore, this streamer is already very formidable, he solo-ed all the way until there are 4 people left to go against.”

“If he doesn’t eat chicken, what is the use of all that.”

“Upstairs is correct.”

Ye Hua did not know just what he had been doing this entire game. I was obviously going to show off my strength, and yet, in the end, we are in the top 2 right now and I still haven’t done anything. Even more, I was carried to the top 2 by a little girl... If words of this were to spread out, where would my face even be... This game is poisonous...

“Uncle, aunts, Ah Li will go alone and settle him, it would be fair this way.” After finish speaking, Little Ah Li rushed out, and before 10 seconds was even up, Little Ah Li had already finished off the enemy. Thus, the four had managed to successfully eat chicken in this round.

Ye Hua’s first time eating chicken was actually from being carried.

Qing Ya and Qing Yutong were both extremely excited that they were finally able to eat chicken.

“This streamer is so tragic, to actually get destroyed like that.”

“That’s right, this streamer is too weak, I’m unfollowing, I’m unfollowing.”

The streamer’s mind was in shambles right now, is it my fault that the enemy is so formidable! All of you, don’t leave, as long as I don’t come across this revolver monster, I will be able to eat chicken every round. Follow me and come watch how I win every round?

Qing Ya and Qing Yutong were hugging together excitedly and celebrating their victory. Meanwhile, Ye Hua’s face was cold, with a completely unhappy look on his face.

“Little Ah Li, can you tell aunt what your name is?” Qing Ya asked curiously.

Qing Yutong straightforwardly abandoned her brother-in-law and went to hug onto Little Ah Li’s thigh, “That’s right, that’s right, Ah Li, bring aunt to eat chicken again.”

“But... but, mother said to never tell strangers Ah Li’s name.” Little Ah Li said pitifully, seemingly very afraid of her mother.

Qing Yutong said lovably, “Is aunt a bad person?”

“Aunt is of course not a bad person.”

“If aunt is not a bad person, tell aunt your name then~ Little Ah Li, be obedient~”

The earphones remained silent for a moment, and afterward, Little Ah Li’s tender and adorable voice rang out, “Uncle, aunts, I am called Donghuang Li.”

Right after Ah Li said her name, a woman’s voice rang out from the earphones.

“Ah Li! Why are you playing game again, have you finished your homework!”

When Ye Hua heard this voice, his brows wrinkled slightly.

Little Ah Li went offline, and Qing Ya and Qing Yutong became sulky. I'm truly worried for Little Ah Li, her mom seems to be very strict, just listening to that voice from just now is enough to know that.

"Have the food delivery still not arrived? What is their number, I am going to make a complaint!" Ye Hua had a stomach of anger that he had nowhere to release it at, I actually got carried!!!

Seeing that angry look on Ye Hua's face, Qing Ya and Qing Yutong both began laughing endlessly.

Qing Ya consoled, "Ye Hua, she is just a child, look at your face right now... Sorry... I can't help but want to laugh again."

"Big sister, I'm begging you to stop laughing, my abdominal muscle is about to come out..."

The two sisters took a look at each other, and laughter erupted out from them again.

Ye Hua felt that this was a big stain within his life. Just give me a bit more time. At that time, I will be able to carry you two to eat chicken without any difficulty and show you all the might of a Supreme Overlord!
