### **You Cannot Afford To Offend My Woman**

#### **Chapter 121.1: Is this a corpse party? 1/2**

After listening to what Lie Gu said, Xing Tian's expression turned extremely ugly. He is actually telling me to go help that You Yinguang out! What does he want me to help You Yinguang out with!!!

"Elder Xing, if you don't help him out, you are going to be guilty of being a murderer. If you are guilty of being a murderer, you will have to go to jail!" Every word that Lie Gu spoke caused Xing Tian to get angrier and angrier. Right now, Xing Tian wished that he could eat the high school student that was in front of him!

While everyone was talking, You Yinguang who had lost his consciousness began to swell up even more again. The speed that You Yinguang was swelling up at was frightening, in just a short while, You Yinguang became just like a ball.

"It's too late." Lie Gu sighed.

Bang!

The sound of an explosion suddenly rang out. The few women who had gone insane still did not understand just what had happened, and they were still giggling foolishly by themselves while their bodies were covered with blood.

"Tsk, tsk, tsk... Refusing to help even when you saw that the old fellow was dying. The disciples of that whatsoever Zen Sect can leave now." Lie Gu waved his hand. However, not a single person left the bar.

"Are you all waiting to eat supper? You all can leave already." Lei Gu rushed.

One of the person said in a low voice, "Only a total of four people from Dry Zen Sect came to the bar, three men and one woman."

Lie Gu went into a daze, this is too tragic, say, why did you all even try to probe out the bar? His Honor's territory is not something that you all can afford to try and probe out.

"Alright, alright, bring that woman out of the bar."

A few men walked to the corner and pulled onto one of the women who had gone insane, then led the woman out of the bar. Right after the woman left the bar, an exaggerated laughter rang out from outside of the bar. And without long, the ear-piercing sound of a car hitting onto the brakes rang out.

Lie Gu let out a long sigh, "A young lady in her prime of youth is gone just like this. This is all you elders' faults, to anyhow give orders, and even more, doing nothing to save them while watching them suffer. Sigh..."

In actuality, the two didn't intend on killing anyone because what they wanted to do was just merely intimidate. Just a while ago, Lie Gu had already revealed the answer to the old fellow, and yet, the old fellow was still murdered by one of the elders, the old man was truly pitiful.

"My turn!" Xing Tian shouted out gravely.

Lie Gu's interest was piqued again as he said, "Are you picking him or me?"

"You!" Xing Tian pointed to Lie Gu and shouted.

"Hehe, I will count that you have eyes. What do you want to compete in?" Lie Gu raised his eyebrows toward Wei Chang, Gluttonous Monster, I suggest you go to one side and play by yourself, it seems like they prefer to play with a handsome little guy like me.

"In sword!"

"In who is cheaper?"

(剑 & 贱 have the same pronunciation, 剑 – sword, 贱 – cheap/lowly/despicable)

"What I mean is, competing in sword! Not in who is cheaper!" With his face slightly red, Xing Tian took out his sword.

Lie Gu suddenly came to a realization, "Oh, so you are talking about sword, I thought that you were trying to say that you were cheap."

"You! Little brat, I will show you just how formidable I am in a moment!" Xing Tian snorted coldly.

Lie Gu pouted his mouth and turned his head around and asked, "Gluttonous Monster, where is my 11 meters long large knife? No, where is my 11 meters long large sword?"

Wei Chang laughed, "I will help you bring it over."

Wei Chang could be seen walking into the storage room that was at the back. Shortly after he entered into the storage room, the sound of a metal dragging onto the floor rang out. When Wei Chang appeared while pulling onto a 11 meters long butcher knife, everyone was dazed. Comparing the butcher knife to the sword that was within Xing Tian's hand, it was practically like comparing a giant to a dwarf.

Lie Gu took the large butcher knife over from Wei Chang and said to Xing Tian, "How do you want to compete!"

Xing Tian's expression was grave, he suddenly recalled that his mission for coming to the bar was not to fight, and was to bring his people away from the bar. I must not cause another issue to arise, just exchanging a single blow will do, I must not end up like that Dry Zen Sect's elder!

"We will exchange a single blow with each other!" Xing Tian said gravely.

A trace of bloodthirst appeared in Lie Gu's eyes, "Alright! You can go ahead and slash onto me first. I will take my turn after you have finished taking your turn!"

Everyone gasped, that thin sword of yours won't be able to kill that guy, look at that guy's 11 meters long large knife, if that large knife was to pierce through you, you would most likely die!

"No, no, no, we are exchanging a single blow onto each other's weapon." Xing Tian hurriedly explained.

Lie Gu's interest that was piqued just a while ago immediately disappeared upon hearing that.

“Boring!”

Xing Tian laughed awkwardly, why do I feel so embarrassed?

Xing Tian could be seen shouting lightly, and the sword within his hand began to emit out a sword cry. Everyone couldn't help but reveal astonishment in their eyes, Cloud Sect's swordsmanship is indeed formidable.

Lie Gu took a yawn as he raised the butcher knife within his hand. There was no knife cry, and only a cold light could be seen emitting out from the knife.

“Go easy, don't disturb until His Honor.” Wei Chang reminded in a low voice, afraid that Lie Gu would disturb until His Honor if he didn't control his strength.

Lie Gu wrinkled his brows and controlled his strength. However, when the others saw that, they thought that Lie Gu was feeling afraid.

“Bang!”

The two weapons collided onto each other, and the floor that the two were standing on immediately split open. Lie Gu let out a breath, I controlled my strength well.

Xing Tian gasped heavily, I didn't expect that this boy would be so strong, “We can leave now right?”

“Leave, leave, this is meaningless!” Lie Gu waved his hand and said. Lie Gu felt that the old fellow from before was much more interesting, it is a pity that the old fellow died.

#### **Chapter 122.1: Elder, why are you trying to court death? 1/2**

A red color small insect could be seen within the bottle. The insect seemed just like a ladybug, and it even flew around for a bit from time to time. Looking at the insect, it seemed rather adorable.

Lie Gu opened another bottle of beer while feeling sorrowful for this elder. On Gluttonous Monster's body, the thing that he doesn't lack the most is insects. Wei Chang himself was a monster, and the number of parasites that were on his body was enough to make one tremble in fear. Fortunately, the Wei Chang right now had changed into a human body.

Wei Chang laughed as he stretched his hand into his crotch and scooped!

A huge black color insect could be seen appearing on Wei Chang's palm. The insect had countless antennas, and if one didn't look at it closely, they would think that those antennas were hair. Also, the insect's legs, they were like the legs of a centipede. Just looking at this insect was enough to make all of one's hair stand on its end.

Lie Gu turned his face around, that insect is too disgusting...

Everyone let out a slight vomiting sound. How did you even scoop out such a big insect from your crotch? Or could it be that, you have nothing to do, so you raised such a big insect within your crotch?

Wei Chang stretched out his other hand and teased the black insect that was on his palm. When Wei Chang touched the insect, the countless numbers of antennas actually wrapped themselves onto Wei Chang's finger, just looking at this was enough to give one goosebump.

"This is a digestion insect, after this insect entered into your body, it will begin absorbing your nutrition and in turn strengthen itself. In the end, it will substitute the original human and become the body's main host!" Wei Chang explained with a smile. However, everyone who listened to the explanation was scared to the point that they were sweating cold sweat.

Especially Tu Rong. How do I even swallow such a big insect? Just looking at it is already making me feel disgusted... Compared to this insect, my vicious gu insect is much adorable...

Upon thinking of You Yinguang's ending, Tu Rong began sweating cold sweat, I have to quickly think of a way to get out of this!

That's right!

A light smile appeared on Tu Rong's face. After keeping his vicious gu insect, Tu Rong said with a smile, "You have misunderstood, I was just merely showing my Traceless Pavilion's gu insect to your distinguished and did not have any other meaning."

Traceless Pavilion's disciples exclaimed to themselves, elder, good thinking! If you have eaten that big insect, you would have definitely died!

The other two elders revealed out disdain in their expressions.

Wei Chang expressed that it was no matter as he placed the big black color insect back into his crotch. Everyone who saw Wei Chang's action gasped.

"How do you want to play then?"

"Recently, this one has been studying about rock paper scissors for a bit, so, how about we have a round of rock paper scissors with each other?"

Lie Gu was dazed.

Wei Chang was stunned.

And everyone else was stupefied.

A minute later, Tu Rong happily brought his disciples with him and left the bar. Those few idiots are really stupid to death, take a look at me, I won against the opposite side so easily and managed to leave the bar without any injury at all~ As a human, you have to use your brain~

You Yinguang's indignant soul, "You are f\*\*king shameless!"

Raising Thunder Sect's elder, Wen Rui, took a step forward and shouted out with an imposing aura, "My turn!"

"What do you want to compete in!" Wei Chang was a little unhappy right now. I actually lost in rock scissor paper, cunning humans!

With his hands behind his back, Wen Rui said gravely, "I can drink a bottle of beer in one breath!"

Lie Gu who was drinking beer immediately spat out the beer.

Wei Chang's look became worse.

Raising Thunder Sect's disciples looked at their elder in admiration, Elder Wen Rui is so quick-witted, he is our model!

Without any accident, Wen Rui drank a free bottle of beer in one breath and safely brought his disciples out of the bar. After walking out of the bar, Wen Rui even took a long sigh and said, "The first two are simply idiots, one has to know how to use their wits!"

#### **Chapter 122.2: Elder, why are you trying to court death? 2/2**

Within the leisure bar, there was only South Alliance's elder, Gao Shuang, left. South Alliance's disciples looked at their elder and thought to themselves, one of them chose to play rock paper scissors, and the other chose to drink a bottle of beer in one breath. Elder, there is no harm in imitating them.

Gao Shuang snorted, there is no need for me to imitate others.

"How do you want to compete?" Wei Chang was very unhappy, cunning humans!

Gao Shuang said in disdain, "The previous two's requests were too shameless, I disdain associating myself with them!"

The South Alliance's disciples admired their elder even more now. Elder Gao is gallant, to be able to remain calm when faced against danger, Elder Gao can be said to be our role model!

"Recently, this one has been studying Fight the Landlord for a bit, how about we three have a round together?" Gao Shuang said with a confident look on his face.

Both Wei Chang and Lie Gu were startled at first, and soon after, they revealed out a tender smile on their faces. Wei Chang even personally arranged the chairs and table, while Lie Gu opened a bottle of red wine to attend to Gao Shuang. Gao Shuang didn't expect that there would even be such a treatment like this, this leisure bar isn't as frightening as I expected huh?

South Alliance's disciples were crying now, Elder Gao, why are you trying to court death? It would be fine to just play a round of rock scissor paper... but instead, you chose to play Fight the Landlord with them... Their way of playing Fight the Landlord is completely unplayable...

Half an hour later.

Both Wei Chang and Lie Gu held onto a mop and mopped onto the floor. Lie Gu sighed, "As expected of an elder, to be able to hold out for so long."

"If he doesn't possess that bit of strength, how would he dare address himself as an elder?" Wei Chang wiped onto the blood that was on the table and said with a smile.

"This Fight the Landlord is interesting, I will play it with my women when I return back home, I will leave the rest here to you." After finish speaking, Lie Gu ran off.

Wei Chang laughed bitterly, then continued on with wiping the table.

"Uncle Wei..." A tender voice rang out and Tang Wei could be seen slowly walking out from the room that was at the back.

Wei Chang went into a daze for a while, then looked at the woman that was in front of him and asked, "Do you feel afraid of Uncle Wei?"

Tang Wei lightly embraced onto Wei Chang's tiger waist and rested her head onto Wei Chang's chest. A trace of black flight flashed within her eyes as she said, "I'm not afraid."

Wei Chang laughed, "After Uncle Wei finished cleaning up, Uncle Wei will send you back home."

"Uncle Wei, did you forget that my house's lightbulb spoiled?" Tang Wei said shyly.

"Oh, that's right. Don't worry, Uncle Wei will help you change a new lightbulb."

"....."

With a smile on his face, Wei Chang rubbed onto Tang Wei's head and said, "Go and dig out those four people from the wall and throw them out of the bar."

"Oh..." Tang Wei was currently feeling gloomy, seems like Jiangnan's four marshals were about to get bullied by Tang Wei's small fists again.

Ye Hua who was upstairs did not know what happened downstairs. On the other hand, Qing Yutong knew what happened downstairs and was currently observing her brother-in-law. Brother-in-law is really becoming more and more mysterious.

After eating chickens for an entire night, Ye Hua expressed that he was unhappy, because all of the chickens that he ate during the night had nothing to do with him. This little thing said that she wouldn't snatch my limelight, in the end, she is just a little liar, she snatched all of the limelight away from me.

"Uncle, sorry, Ah Li snatched away your limelight again."

"En." Ye Hua seemed to have become used to it as he responded with a groan, then placed the earphones down, "Let's go to sleep."

"Let me play one more round." Qing Ya mumbled, but to her surprise, Ye Hua straightforwardly carried her up from her seat.

Qing Yutong said melancholily, "Can you two not show off your affection with each other like this in front of me."

"Ye Hua, what are you doing, let me down." With her face slightly red, Qing Ya used her little fist and punched very lightly onto Ye Hua.

Was it possible that Ye Hua would place her down? No, it was definitely not possible.

"Ah Li, remember to sleep early too, if not your mother is going to beat your butt when she finds out you are still playing at this timing." Qing Yutong said lovably.

"Mother is probably still busy discussing about some matters, Ah Li can still play one more round."

“Alright, let’s play one last round then.”

“En~ Last round and Ah Li is going to go sleep.”

Ye Hua expressed that this was going to be an endless ‘last round’.

“Go shower.” After placing Qing Ya down, Ye Hua said faintly.

Qing Ya snorted and sat on the bedside, “Not going to.”

“Your entire body smell like cigarette.”

“Isn’t it all because of the cigarettes that you smoked!”

“Do you want me to help you shower!” Ye Hua wrinkled his brows and said gravely.

Qing Ya pouted her mouth and took a glare at Ye Hua, then walked into the bathroom.

After Qing Ya finished showering, Ye Hua went to take a shower. And after Ye Hua was done, he lied down onto the bed with Qing Ya.

To speak the truth, every single day, Ye Hua had been looking forward to when night comes, and especially to when they were lied down onto the bed to sleep. Only when on the bed, then would this woman become obedient.

#### **Chapter 123.1: Quarreling for real 1/2**

Just like right now, quietly lying by my side and not making any noise, this feels really comfortable. This soft and silky hair feels especially comfortable when touching onto it. Also, the taste of that lips is very sweet, I have to find some sort of excuse to kiss onto those lips of hers. If I were to take the initiative, it would seem very faceless for me, and this foolish woman definitely wouldn’t take the initiative too, this is truly vexing.

“What are you thinking about?” Qing Ya leaned on Ye Hua’s chest and asked tenderly.

Ye Hua said faintly, “Nothing much.”

“Accompany me to the hospital tomorrow, I want to go to the hospital to do a checkup.” Qing Ya said calmly.

Ye Hua wrinkled his brows, “What checkup?”

“Checkup for the child of course. As a father, do you not even know about this?” Qing Ya stretched out her little fist and punched onto Ye Hua.

Ye Hua was completely clear about the child’s condition, there was totally no need to go to the hospital to do a checkup.

“The child is fine, there’s no need to go to the hospital.”

“I know that you are cultivator, but I just don’t feel at ease if I don’t go and get a checkup done.” Qing Ya’s tone became delicate. During these two days of contact with Donghuang Li, it had made Qing Ya

look much forward to when her child comes into this world. Therefore, she wanted to make sure that everything was fine for her child!

“What? Don’t believe me?”

“It’s not that I don’t believe you, I just want to confirm that the child is fine.” Qing Ya rubbed onto her flat stomach and a trace of smile appeared on the corner of her mouth. In a few more months, my stomach is most likely going to become big.

Ye Hua remained silent. Qing Ya is after all just a human, it is natural that she would much more believe in modern medical healthcare. If she wants to go and do a checkup, she can go ahead, it’s good if doing a checkup can put her mind at ease.

“Ye Hua, before my stomach become big, let’s go and take our wedding photos.” Qing Ya said tenderly. After all, all girls would dream of the day where they wore a wedding dress. Qing Ya was no exception too.

Ye Hua said faintly, “What good is taking wedding photos for, boring.”

“Can you be a bit serious! It is fine for us to not have a wedding, but we ought to at least have a set of wedding photos right.” Qing Ya’s temper came. Do you really not want to take wedding photos with me!

Ye Hua remained silent.

However, when this fell into Qing Ya’s eyes, she took it as Ye Hua rejecting her request of taking wedding photos.

Qing Ya could be seen sitting up and questioning with a cold tone, “Ye Hua, I ask you, do you still treat me as just a tool for giving birth to the child!”

“Yes.” Ye Hua replied coldly. However, this reply that Ye Hua gave caused him to feel a little annoyed.

Qing Ya’s beautiful eyes immediately turned red. I didn’t expect that he is still the same as when we first met. And here I thought that he would change after this period of time that we have been together. I really am foolish!

After a long while, Qing Ya said faintly, “After I finished giving birth to the child, let’s get a divorce.”

After finish speaking, Qing Ya laid onto the other side of the bed. The gentle moonlight shone onto that beautiful face, and on that beautiful face, it could be seen to be filled with tears.

After Ye Hua heard the word ‘divorce’, he became even angrier and said coldly, “Whatever you want!”

Upon hearing Ye Hua spoke with such a cold tone, Qing Ya slightly curled up her body and her shoulders began shrugging lightly. Although she was crying, she did not let out any sound at all. She wouldn’t lower her head in front of this man.

Ye Hua’s mood was incomparably bad right now. At the same time, he was thinking to himself, have I been spoiling her too much, causing her to become more and more cocky, to actually dare to even propose to get a divorce now!

I have never treated a woman so well before, what's more, a woman who is a human. Thinking back about the things that happened during the past few days, Ye Hua felt that he had been too benevolent.

Right now, Ye Hua was not feeling sleepy in the slightest bit at all. After getting off the bed, Ye Hua walked out of the bedroom.

When Qing Ya who was at the side heard the sound of Ye Hua getting off the bed, during the moment when the door closed, Qing Ya finally couldn't resist the grievance within her heart and began crying out. Picking up the pillow that was below her head, she held the pillow in her embrace and buried her pretty face into the pillow. Very quickly, her tears soaked the pillow.

For the sake of the child, I had the heart to walk down the road with you, and yet you do not have the heart at all, and even more, you treat me as just a tool for giving birth to the child! I, Qing Ya, have misjudged you!

#### **Chapter 123.2: Quarreling for real 2/2**

Arriving at the office, Ye Hua took out a bottle of vodka, lighted up a stick of cigarette, then sat by the window and looked at the moonlight.

"Wei Chang! Lie Gu!" Ye Hua called out with a grave voice.

Immediately, both Wei Chang and Lie Gu appeared at the same time. The two didn't think too much and immediately knelt onto the ground. They sensed that there was something wrong with His Honor's tone, that tone made them feel like they had returned back to the past, back to the time where His Honor had no humanity at all.

Ye Hua looked at the moonlight with his eyes squinted and exhaled out a mouth of smoke, "You two tell me, have I been too benevolent lately!"

Wei Chang and Lie Gu turned pale with fright, just what happened, why did His Honor suddenly change so much in such a short moment of time, a few hours ago, His Honor was even still telling us that he was going to bring everyone to go on an outing.

Lie Gu rubbed onto Wei Chang who was beside him, aren't you very good at talking, quickly go on and say something.

How would Wei Chang dare to anyhow speak right now? Right now, he was afraid that he would speak the wrong words and cause His Honor to go berserk. If His Honor were to go berserk, would Xiao Tang be able to still continue on living? The answer was obviously no.

"Subordinate do not dare to try to fathom Your Honor's thoughts." Wei Chang said respectfully, All I can do right now is to first figure out what caused His Honor to suddenly change like this, then from there, think of the appropriate steps to take.

"Seems like that Tang Wei has made you change a lot!" Ye Hua said indifferently, however, the temperature within the office suddenly dropped.

Wei Chang was greatly startled, "Your Honor, Xiao Tang is innocent."

Ye Hua slowly stood up, then walked to the front of Wei Chang and looked at Wei Chang who was currently lowering his head, "You are actually pleading for leniency for a female human!"

The huge pressure caused Wei Chang to sweat cold sweat, just what is going on with His Honor.

"Your Honor, Wei Chang did not mean to intentionally go against you, I hope that Your Honor would let him off this one time." Lie Gu said hurriedly.

Ye Hua took in a deep breath, "Very long ago, I heard that the females of humans possessed the ability to bewitch others, it seems like it wasn't wrong!"

Wei Chang and Lie Gu took a look at each other, from the looks of it, the reason that His Honor is so angry right now is because of the Madam!

However, the Madam is just a human, how is she able to make His Honor become so angry?

Lie Gu rarely come into contact with the Madam and thus didn't know the Madam really well, while on the other hand, Wei Chang felt that the Madam was very gentle and was not the kind of woman that would make others become angry.

Wei Chang paused for a moment, then said, "Subordinate feels that, for Your Honor to be able to be benevolent, it shows that Your Honor has taken another step forward towards understanding humanity. After all, amongst the humans, there are also people who are benevolent."

Ye Hua remained silent and lighted up another stick of cigarette.

Seeing that His Honor remained silent, Wei Chang let out a breath of relief, "Just now, Your Honor said that the females of humans possess the ability to bewitch others. However, subordinate feels that Your Honor can try to look at this matter in another angle."

"Elaborate." Ye Hua said faintly.

Wei Chang was just saying whatever that came to his mind and didn't expect that His Honor would ask him to elaborate about what he was talking about.

Wei Chang secretly pulled onto Lie Gu who was beside him. However, Lie Gu shook away the hand that was secretly pulling onto him. What do you even mean by looking at it in another angle, I only know that, when on the bed, every angle looks fine.

Doesn't this Lie Gu have a lot of women? Would speaking about your thoughts on this matter kill you!

Lie Gu expressed that, if I were to speak about my thoughts on this matter, I'm afraid that His Honor would start flipping out again.

Right now, Wei Chang had no choice but to brace himself and speak.

"If Your Honor look upon the ability to bewitch as love, perhaps, Your Honor will be able to understand everything."

"Nonsense!" Ye Hua shouted out gravely.

When Wei Chang saw His Honor's manner, he felt that His Honor looked exactly like those overbearing chairmen within those tv dramas. So His Honor has the same worries as me, it seems like His Honor is no different from me when it comes to women.

"Subordinate ought to die!"

"Subordinate ought to die!"

Wei Chang and Lie Gu immediately asked for forgiveness. However, although they were asking for forgiveness, they were finally able to let out a breath of relief. Because, when His Honor said the word 'nonsense', they sensed that there was evidently human emotion within His Honor's tone.

"Your Honor, love is the most complicated emotion that humans experience. If Your Honor is able to win over such an emotion, Your Honor will become invulnerable!" Wei Chang said solemnly.

### [You Cannot Afford To Offend My Woman](#)

#### **Chapter 124: .1 - Sister-in-law has become angry 1/2**

Lie Gu immediately followed along, "Subordinate thinks so too."

Ye Hua tightly wrinkled his brows as he walked back and forth restlessly.

"What are you two still kneeling on the floor for, quickly scam!"

Wei Chang and Lie Gu rejoiced, it seems like His Honor has figured out everything.

"Subordinate will scam now."

"Subordinate will immediately scam."

Ye Hua opened the computer and searched on Baidu about just what was the meaning of love. With this search, an entire night passed, and Ye Hua arrived at a conclusion.

If you love her, hurt her.

From the looks of it, Ye Hua must have been looking at illegal websites.

The sun rose quietly, and Ye Hua was still sleeping while lying on the boss chair.

Meanwhile, Qing Ya who was in the bedroom did not sleep for the entire night. Qing Ya felt that the entire bed feels ice-cold. Getting off the bed, Qing Ya went to wash up. After washing up, she opened the office door and discovered that Ye Hua was actually sleeping on a chair. Qing Ya did not make any sound and closed the door. Afterward, she walked out of the bar.

Not sure how long had passed, Ye Hua finally woke up, and the first thing that he did was light a stick of cigarette. A sense of jittery could be seen within his tightly wrinkled brows.

After finish smoking, Ye Hua walked out of his office and came to the bedroom. Within the bedroom, there was no one, and the bed was neat and tidy.

Could it be that, this woman actually left home!

Ye Hua opened the wardrobe and discovered that Qing Ya's clothes were still there, and even Qing Ya's shoes and whatever were all still there. If this woman dares to leave, I will have to tie her up!

Coming to the sister-in-law's room, Qing Ya was indeed hiding there. Just that, she wasn't playing the computer game right now and was currently lying down on her sister's bed and sleeping. From the corner of her eyes, it could be seen that it was still wet.

On the table, there was a food box. It must have been the breakfast that Qing Ya went to buy today. However, the food within the food box had already been eaten. She didn't buy my share, does she really intend on divorcing me! Do you think that I wouldn't be able to continue on living without you! What a joke!

Love, it is but a complete nonsense!

Also, this sister-in-law is actually giving me faces, fine, both of you are fine!

Qing Yutong naturally stood on her big sister's side. Early in the morning, big sister came into my room while holding onto a packet of breakfast in her hand. Just that, there was something very wrong with big sister's expression, her beautiful eyes were red and swollen. It was the first time that Qing Yutong had seen her big sister look like this.

There is no need to think too much about this, big sister must have definitely been bullied by brother-in-law!

In the past, whenever they quarreled, they would patch up and become fine within less than a minute. Today's situation seems very bad, big sister didn't say a single word and laid down on my bed. When I asked her what happened, she also wouldn't say anything. This is really making me worried to death.

Although the system wants me to push over brother-in-law, it isn't a compulsory task. As the sister, when my big sister suffered such a big grievance, I definitely have to stick out for my big sister! Brother-in-law, if you piss me off, be careful that I bring my big sister and run away~

My pitiful big sister, she is pregnant and yet she still has to get bullied by brother-in-law. Big sister, don't worry, your sister will help you take revenge!

Within Qing Yutong's mind, the images of her brother-in-law abusing her big sister appeared. This cannot be tolerated!

Qing Yutong could be seen standing up abruptly and speaking with a cold look on her face, "You! Come out with me!"

Qing Yutong's aura was pretty good, from the looks of it, it seems like she was going to put her life on stake.

Ye Hua sneered. No one has ever dare to speak like this to me, even Qing Ya has also never spoken to me like this before.

When the two walked outside, they began gazing at each other. Qing Yutong was totally not afraid at all, opening her eyes wide and glaring at Ye Hua.

F\*\*k, brother-in-law this sickening pervert doesn't blink his eyes at all, my eyes are already starting to feel sore...

Qing Yutong could be seen immediately changing her strategy as she held onto Ye Hua's arm and said lovably, "Brother-in-law, I recently discovered a pretty good film called Black Cat Detective, it's extremely interesting~"

Ye Hua sneered in his heart, I will see just what this sister-in-law is up to.

"Let's go watch it." Ye Hua said faintly.

"En, en, en~"

Qing Yutong pulled Ye Hua to the office, and when they arrived in the office, an exquisite dagger suddenly appeared within Qing Yutong's hand. With the speed of thunder, Qing Yutong pushed Ye Hua down onto the sofa, then mounted herself onto Ye Hua and pressed the dagger against Ye Hua's neck.

### [You Cannot Afford To Offend My Woman](#)

#### **Chapter 124.2: Sister-in-law has become angry 2/2**

No one would have expected such an unexpected scene. If Wei Chang and Lie Gu were here, they would definitely be scared stupid. His Honor has never encountered a situation like this before, and yet, you this little young lady actually dare to do something like this!

Ye Hua also did not expect that the sister-in-law would suddenly make a move like this and was indeed currently a bit stupefied. However, this sister-in-law's courage is not bad, I'm looking at her on a whole new level now.

"Speak! Why did you bully my big sister!" Qing Yutong snorted coldly. From the looks of it, it doesn't seem like she was joking around.

The system covered its face... Master's temper of not caring about her life is acting up again...

Within Ye Hua's deep gaze, a cold light appeared, "Do you know the consequences of your current action!"

"I'm not afraid!" The cold light within Qing Yutong's beautiful eyes was stronger. From small to big, big sister has always been lenient and nice to me. Although big sister does not have the same mother as me, to me, she is more kin than a blood sister. When I saw that big sister was suffering such a big grievance and was feeling so sad, I wished that I could fight it out to the end with brother-in-law. However, upon thinking of that pitiful nephew of mine, I resisted that urge of mine.

But, when I saw brother-in-law entered in my room and just stood there without saying anything, I immediately felt angry again. Right now, I have indeed pushed over brother-in-law, just that, right now, the dagger within my hand is pressing against brother-in-law's throat!

"Qing Yutong, are you not afraid of death!" Ye Hua asked deeply.

Qing Yutong slightly used a bit of strength, and a bit of blood dripped out from Ye Hua's neck, "For my big sister, I'm not afraid!"

A trace of black fog appeared on Ye Hua's finger as Ye Hua asked deeply, "How important is your big sister to you?"

"She is my everything!" Qing Yutong shouted. Do not think that the reason Qing Yutong chose to quit being an actress was just because she wanted to play around, and do not think that the reason she shamelessly stayed in her brother-in-law's house was just so that she could push over her brother-in-law. All Qing Yutong wanted to do was to just protect her big sister.

During Qing Yutong's childhood, she had always been taken care of by her big sister, thus Qing Yutong decided that when she grew up, she would take care of her big sister. Even if Ye Hua did not appear, Qing Yutong would still choose to shamelessly stick around with her big sister, followed by her staying into her big sister's house and eliminating everyone who had any bad thoughts towards her big sister.

However, to Qing Yutong's surprise, she discovered that her big sister has a man. After those few days of observation, Qing Yutong felt that her big sister and brother-in-law were quite fitting for each other. Brother-in-law is very strong, he is strong enough to protect big sister. Although they would quarrel from time to time, they would always patch up with each other shortly after their quarrel.

However, today was different, and it caused Qing Yutong to become very angry!

Hearing Qing Yutong's shout, Ye Hua went into a daze, and the black fog that was on his finger also gradually disappeared.

"Speak! Why did you bully my big sister! My big sister is so kind that she wouldn't even step on an ant. Why do you not speak now!" Qing Yutong's emotion had gone out of control as she shook onto Ye Hua.

Ye Hua took in a deep breath, "Your big sister wants to divorce me."

"Because I wasn't willing to take wedding photos with her." Ye Hua said faintly.

Eh.....

Qing Yutong was a bit stupefied right now. This is different from what I had imagined, shouldn't it be that big sister was tied up and whipped by brother-in-law? And afterward, big sister angrily proposed to divorce? Looking at the bit of blood dripping out from brother-in-law's neck... I'm finished...

Master, best of luck to you, I'm taking my leave first.

Qing Yutong's gaze was swaying around as she embarrassedly kept her dagger away and said in a low voice, "Brother-in-law, it's a misunderstanding, it is all but a misunderstanding. I forgot to turn off my computer, let me go back and turn it off first."

"Stand right there!" Ye Hua sat his body up and shouted out deeply.

Touching onto his neck, then looking at the blood that was on his hand, Ye Hua did not know just what exactly he was feeling right now. My corporeal body's first blood is actually taken away by the sister-in-law's hands!!!

Qing Yutong swallowed her saliva. Finished... I'm finished, brother-in-law is going to flip out.

“Brother-in-law, you cannot trust the words that come out of my big sister, especially the words that she said in the moment of anger. Brother-in-law! I am standing on your side, we are a team.” Qing Yutong said with a smile on her face, immediately surrendering to her brother-in-law’s side.

#### **Chapter 125: .1 - Spare my life... Brother-in-law, you are shameless... 1/2**

Ye Hua said coldly, “Come over!”

“Brother-in-law, if you have anything to say, we can talk it out nicely. We are people who have to mind about our own face, it wouldn’t be good to be physical right?” Qing Yutong’s aura from a while ago had completely disappeared.

Ye Hua decided that he definitely had to give this sister-in-law a lesson today. To actually dare to take a dagger and pressed it onto my neck, this sister-in-law must have eaten too much dragon meat!

“Lie down!” Ye Hua pointed to his own legs and shouted.

Qing Yutong became startled and her expression collapsed as she pouted her mouth, “Brother-in-law, Yutong knows her mistake already. I want to make a report, I have a lot of big sister’s black histories, will those be able to cover for my wrongdoing?”

“Lie down!”

Qing Yutong hung her head down dispiritedly as she lied onto Ye Hua’s legs, “Brother-in-law, go easy on me.”

“Raise your butt up!”

Qing Yutong raised her butt, being relatively cooperative.

Smack!

Ah!

“To dare to hold a dagger against me! I will see if you still dare to do it again!” Ye Hua shouted out deeply, I have to ruthlessly give this sister-in-law a lesson!

“It hurts, it hurts, it hurts... Brother-in-law, don’t hit so hard.”

Smack!

Ah!

“Brother-in-law, spare my life, Yutong won’t dare to do it ever again!”

Smack!

Ah!

“Brother-in-law! Brother-in-law! Daddy! Daddy, spare my life!” Qing Yutong was speaking incoherently right now. It really hurts...

On the other hand, the more Ye Hua hit onto Qing Yutong’s butt, the more excited he was getting.

The sound of 'pa, pa, pa' began ringing out from the office. Within the sound, the sound of Qing Yutong moaning in pain was mixed in it too. How was this a punishment? This was basically a reward disguised as punishment.

"Congratulations master, you have completed the first task."

Qing Yutong who was currently getting her butt smacked immediately went into a daze.

"Master, your brother-in-law touched your thigh by accident just now."

Qing Yutong suddenly came to a realization, brother-in-law is good in scheming, to actually eat my tofu so openly like that! Formidable! Brother-in-law is truly formidable!

Ye Hua wants to express that it was merely that his hand slipped just now. This Qing Yutong's skin is rather smooth, it feels rather good when I hit onto her, the bounciness is ample.

On the other hand, Qing Yutong was suffering in pain. Isn't brother-in-law using a bit too much strength? It feels like he is releasing all his anger onto his sister-in-law's butt, brother-in-law is shameless...

Qing Yutong only had herself to blame for rushing into the muzzle of a gun.

Originally, Ye Hua's mood was already not pretty good. It was definite that I wouldn't beat Qing Ya, and just nice, the sister-in-law just so happened to send herself over to me. As expected, it feels much better after smacking the sister-in-law's butt.

"How long are you going to lie on my legs for?" Ye Hua had already stopped for quite a while, and the sister-in-law was still lying down on her brother-in-law's legs and not moving.

Qing Yutong's pretty face was red through and through as she said in a low voice, "I... I can't move."

"If you dare to act like this again in the future, even your big sister also wouldn't be able to save you!"

"Brother-in-law, Yutong knows her wrong already, I guarantee that there won't be a next time." Qing Yutong used all her strength to stand her body up. Right now, not only is my butt hurting, I even feel that... I have to go and change to another pair of pants...

Ye Hua waved his hand and Qing Yutong walked out of the office while limping. While walking out, in her own mind, she scolded her brother-in-law for being shameless. Which brother-in-law would even beat their sister-in-law like this? Didn't I already apologized? The pain is hurting me to death... Aiyo~ My little butt is swollen...

After sitting for a while, Ye Hua walked out of the bar. Ye Hua was feeling a bit hungry, and luckily, the store that sells Chinese crepe was still opened for business.

"Add egg and ham sausage." Ye Hua walked to the store and said.

The big aunt took a look at Ye Hua and began making the Chinese crepe. While making the crepe, the big aunt said nonchalantly, "Young fellow, you have eaten breakfast at big aunt's store for quite a few years already, and big aunt feels that you don't seem like a bad guy."

Ye Hua was stupefied. If I am not a bad guy, who else is a bad guy! Does everyone feel that I have been acting too nice during this period of time!!!

“However, it is wrong for you to beat your wife.” The big aunt added.

Ye Hua almost spat out blood, which eye of yours saw that I beat my wife? As the Supreme Overlord, if I were to actually beat my wife, where would my face even be!

Right when Ye Hua was about to retort, the big aunt did not give Ye Hua the chance to retort and continued speaking, “You have also been single for quite a few years. Now that you have finally found yourself a good lady, you should treasure and cherish her. Wife is used for doting and loving, and not for venting your anger. Big aunt is an experienced person. In the past, there was a time where big aunt was beautiful too.”

Saying that you are an experienced person and that you were once beautiful too. Big aunt, can you be a bit less narcissistic and be a bit more honest?

Also! Do I, the Supreme Overlord, look like someone who lacks women? With a wave of my hand, who knows how many women would come and fawn upon me. You are speaking as if I have no one who wants me!

### [You Cannot Afford To Offend My Woman](#)

#### **Chapter 125.2: Spare my life... Brother-in-law, you are shameless... 2/2**

“Here, your Chinese crepe. Your wife paid for the price of two crepes and only took one crepe just now. I presume that she knew that you were going to come to my store and thus paid for your share.” The big aunt said with a slight smile.

Ye Hua took over the hot Chinese crepe and was a bit absent-minded. Did Qing Ya really paid for my share?

“Young fellow, your wife treats you very well, you have to treat her well too.” After finish speaking, the big aunt began attending to the other customer, while thinking to herself, I have lost the money for one crepe today. Young fellow, if not for you looking handsome, I would have been too lazy to even bother helping you.

While holding onto the hot Chinese crepe, Ye Hua returned back to the bar. While sitting at the bar counter, Ye Hua began dazing off. Have I been too harsh to Qing Ya?

Forget it, forget it, as the bigger person, I will forgive Qing Ya’s wrongs. Later on, when she apologized to me, I will forgive her.

After quite a while, as expected, the sound of familiar footsteps rang out from the staircase. Without having to think too much, Ye Hua knew that it was Qing Ya coming downstairs.

Ye Hua secretly took a look at Qing Ya and thought to himself, I will count that you are tactful, to know to come and apologize to me. I, the Supreme Overlord, should be merciful and forgive you this one time and let bygones be bygones.

Along with the footsteps getting closer and closer, Ye Hua assumed the posture of being ready to accept Qing Ya’s apology.

A sweet scent floated past Ye Hua, and the corner of Ye Hua's mouth twitched slightly. This woman actually walked past me just like this and totally did not have the intention of apologizing at all! Could it be that, you want me, the Supreme Overlord, to apologize to you instead? Wishful thinking!

Picking up a drinking glass, Ye Hua threw it towards the floor that was not far away from Qing Ya.

The sharp and clear sound of glass shattering rang out. Qing Ya stopped her footsteps. She did not curse, did not shout, she did not take any action at all.

Seeing Qing Ya act like this, it caused Ye Hua to become even more unhappy as he asked deeply, "Where are you going!"

Qing Ya remained silent.

"I'm asking you a question! Where are you going!" Ye Hua shouted out.

"Why do you have to care about where I go? Who are you to me?" Qing Ya asked coldly, there was not a bit of bellow within her tone at all, seemingly like she was speaking to a stranger.

This caused Ye Hua to become angry to the point that his veins were popping out. I can't hit her, and it is useless to lecture her. This woman is really obstinate. Do you want me to give you the title of invincible!

"Come back!"

Qing Ya ignored Ye Hua and continued walking forward. This caused Ye Hua to become really pissed off. With a wave of his hand, Qing Ya became unable to move.

After being bound by magic, Qing Ya did not say anything, seemingly like she knew that this would be the result.

The both of them remained silent just like this. After about half an hour, Ye Hua couldn't hold himself back anymore. Walking to the front of Qing Ya and looking at that obstinate pretty face, Ye Hua asked deeply, "Just what do you want!"

"Would you even care about a tool's thoughts?" Qing Ya asked in return.

In actuality, this situation could be solved very easily. As long as Ye Hua gave in and admitted his mistake, everything would become fine, and the feelings between the two would perhaps even rise slightly too.

However, who was Ye Hua, he was the Supreme Overlord. To let a Supreme Overlord to apologize to a female human, that was basically an impossible thing!

After pausing for a moment, Ye Hua's tone became much calmer as he said, "More or less is enough, don't overdo it, if not, I am really going to become angry!"

"If you have the capability, tie me up for the rest of my life then!"

"Alright!"

Ye Hua went into a daze for a while, and soon after, he shouted out heavily. A shallow blue light emitted out from Ye Hua's palm, and the shallow blue light immediately enveloped the entire bar.

Not only did this conflict not get resolved, it became even more critical. Ye Hua released the binding on Qing Ya, then turned around and walked upstairs.

Qing Ya seemed as if her body's entire strength had been used up as she slowly walked towards the bar's door. When she stretched her hand out to touch onto the door, a shallow light blue ripple immediately appeared.

He actually locked me up!!! How could he do this!!!

### **You Cannot Afford To Offend My Woman**

#### **Chapter 126.1: Sister-in-law to the rescue 1/2**

This bastard is not a human!

I will destroy this bar of yours today!!!

Qing Ya could be seen running angrily to the bar counter. At the bar counter, Qing Ya began picking up the alcohol bottles one by one and throwing them onto the ground. Immediately, the sound of glasses shattering continuously rang out within the bar, and in no time, a dense alcoholic smell filled up the air of the entire bar.

Qing Yutong who was upstairs was currently applying medicine onto her little butt. Upon hearing the sound of glasses shattering ringing out downstairs, she thought that her brother-in-law and big sister were fighting with each other again. She knew she couldn't attend to her little butt anymore and immediately rushed downstairs.

I didn't expect that big sister would actually trash the bar, big sister is formidable...

"Big sister, what are you doing, cool your temper." Qing Yutong hurriedly walked up to her big sister and persuaded. From the looks of it, big sister and brother-in-law won't be patching up with each other any time soon.

Qing Ya shook off her sister's hand and said angrily, "Don't hold me back, I am going to burn this worn out bar of his today!"

"Big sister, don't be agitated, you are pregnant right now, you cannot be agitated." Qing Yutong wrinkled her willow brows and persuaded. Even if big sister doesn't care about herself, she also has to care for her child right.

Qing Ya shook off Qing Yutong once again. To Qing Yutong's surprise, her little butt bumped onto the bar counter, and immediately, her soul almost flew to the sky and her eyes were rolling upward... This soreness... it feels so painful...

Qing Ya who was angry did not discover her sister's peculiarity and shouted out angrily, "Child! He only treats me as a tool for giving birth to the child! Yutong, do you know how painful big sister's heart feels..."

Qing Ya couldn't take it anymore as she threw herself into her sister's embrace and cried out bitterly, seemingly like she was going to cry out all of her grievances.

Qing Yutong lightly consoled her big sister. It feels like the two of them had a misunderstanding with each other. When I saw brother-in-law's expression, he seemed to be quite wounded too. These two are simply mutually hurting each other, and in the end, I am the one who has to mediate between the two. My butt hurts...

"Big sister, let me tell you, I have already given brother-in-law a lesson. I even cut onto his neck with a knife to help you take revenge!" Qing Yutong said, seemingly like she had won over her brother-in-law. Right now, her butt was still swollen...

Qing Ya went into a daze for a while, then whimpered, "You are acting too recklessly, what will you do if it had led to a fatality."

"Tsk, tsk, tsk, didn't you wished that brother-in-law would die just now? Why are you suddenly worried about him again in a blink of an eye." Qing Yutong said with a face full of disdain. Big sister is really a woman who does not have a firm conviction.

"I was worried about you!" Qing Ya said petulantly as she wiped her tears.

Qing Yutong took out a napkin and passed it to her big sister, "After being threatened by me, brother-in-law said something to me."

"What did he say?" Qing Ya turned her head around and said coldly. Although it seemed like she didn't care, in actuality, she cared about it a lot.

How would Qing Yutong not know about that? These two people just dead on want their faces and are not willing to lower their heads.

"Brother-in-law said..."

"What did he say?"

"Said..."

"Qing Yutong! Are you going to say it or not?!"

"Don't be so rush, let me adjust my emotion and imitate brother-in-law's state."

Qing Yutong could be seen imitating Ye Hua, with her expression sunk, she said faintly, "What happened last night was my fault, but when I heard her said the word divorce, I immediately felt incomparably angry. After all, I do indeed love her!"

After finish speaking, Qing Yutong took a glance at her big sister and discovered that her big sister was stupefied.

"Did he really said that?" After quite a while, Qing Ya asked.

"Of course. You didn't see that look of regret on brother-in-law's face. He just merely doesn't want to reveal out that kind of expression in front of you."

"Humph! In any case, I won't forgive him that easily this time!" Qing Ya pouted her mouth, seems like most of her anger had already dissipated.

"That's right, we won't forgive brother-in-law that easily this time."

Qing Ya nodded her head in silence.

"Then, big sister, you stay here and think things through first, I will head upstairs first."

### You Cannot Afford To Offend My Woman

#### **Chapter 126.2: Sister-in-law to the rescue 2/2**

Qing Yutong immediately went upstairs and came to Ye Hua's office. Upon opening the office door, she saw that her brother-in-law was currently smoking melancholily.

"Brother-in-law! Good news!" Qing Yutong walked into the office while limping and said with a smile.

Ye Hua extinguished the cigarette. Without turning his head around, Ye Hua said coldly, "Speak!"

Qing Yutong shook her head helplessly. I really don't know how these two are going to be able to continue getting along with each other. Others said that fire and ice cannot coexist, but these two are basically two big chunks of ice, the two of them coming together would only make it become colder.

Qing Yutong coughed lightly, "My big sister told me her true thoughts just now."

Ye Hua's brows raised slightly as he turned his body around slowly, "What did she say?"

"Let me adjust my emotion first." Qing Yutong paused for a moment. In an instant, Qing Yutong's beautiful eyes turned red and tears began falling from her eyes as she threw herself into Ye Hua's embrace.

Soon after, Qing Yutong began crying loudly and shouted out, "Yutong, do you know just how much your big sister loves your brother-in-law? For him, big sister stopped going to work and accompanied him to play computer game at home. However, he totally doesn't like big sister at all, and even said that big sister is just a tool for giving birth to the child..."

After finish speaking, Qing Yutong kept her tears and smiled, "Big sister was just like this just now."

"Did she really said that?" Ye Hua asked.

"Of course. Big sister loves you so deeply to the point that she almost wanted to kill herself just now. It was fortunate that I was there with big sister just now." Qing Yutong pat onto her chest, having a look on her face like she was saying, I am meritorious, do you have anything that you want to reward me?

Ye Hua snorted. After hearing what Qing Yutong said, Ye Hua's mood immediately became better, "I will count that she has quite a good taste."

"That's right, that's right, for big sister to be able to marry brother-in-law, just how much good karma did she accumulated?" Qing Yutong said with a smile. Little bootlicker.

A white color medicine bottle appeared in Ye Hua hand, "Apply this medicine on your butt, it will make your butt become completely well in a while."

"Thank you brother-in-law~" Qing Yutong felt that things looked promising, if I have brother-in-law this big shot, what do I even need the system for.

The system cried and fainted at the corner.

Ye Hua paused for a moment, then said faintly, "Call your big sister to come upstairs and apologize!"

"Ah!!!" Qing Yutong didn't expect that her brother-in-law would request something like this, and immediately, she was dazed.

"What are you still being in a daze for."

Qing Yutong's brain began revolving around rapidly. This is bad, things are heading into ruins, if I were to go downstairs and call big sister to come and apologize to brother-in-law, their relationship will definitely worsen again, I have to think of a way...

"Brother-in-law, getting big sister to come and apologize to you is the last measure that you would want to take!" Qing Yutong said with a solemn expression on her face.

Seeing that his sister-in-law was being so solemn, Ye Hua couldn't help but become serious too, "Why?"

"Apologizing is only a form of formality, even if you managed to get big sister to apologize to you, it wouldn't be able to make big sister change her attitude!"

"Continue on."

Qing Yutong let out a breath of relief, brother-in-law is so easy to bluff, brother-in-law is an honest person, everyone, quickly come over and bully him~

"Hmmm, speaking about my big sister, she is a woman who would become mischievous and unruly if you don't punish her for a day."

Upon hearing that, Ye Hua silently nodded his head.

"Therefore, brother-in-law, you cannot forgive big sister that quickly, and also, you cannot spoil her too much too. However, you also cannot bicker about what happened last night anymore. Do you understand what I am trying to say?"

"What you are saying is that, I should treat your big sister coldly and grind her temper?" Ye Hua said deeply. What this sister-in-law just said does make a bit of sense.

"That is more or less what I was trying to say. In any case, you should know how big sister feels towards you too."

"Makes sense." The corner of Ye Hua's mouth raised slightly. I didn't expect that this woman actually fell in love with me, the Supreme Overlord. I will count that you are sensible.

Qing Yutong blinked her beautiful eyes, "My big sister is still downstairs."

Ye Hua adjusted his clothes and fixed his hairstyle, then opened the office door and headed downstairs. Seeing on the sake that you love me so much, I won't put myself on your level.

Qing Yutong who was behind Ye Hua let out a breath of relief. This is all that I can do, if they were to still quarrel after this, there is nothing else that I can do to help.

## You Cannot Afford To Offend My Woman

### **Chapter 127: .2 - The outside world is too scary 2/2**

Within the car, the two did not speak at all. In actuality, they were waiting for the other to start speaking first. However, both of them were not willing to be the first one to speak, and thus, they kept on remaining silent.

In actuality, Ye Hua didn't expect that Qing Ya would love him to the point that she even tried to kill herself. This Qing Ya is truly a foolish woman, why even go to the trouble of acting cold and aloof?

Qing Ya also didn't expect that Ye Hua would lament to her sister. Aren't you a cold and aloof cultivator? In the end, you just like to act cool!

Without any words spoken on the journey, the two arrived at the hospital. Qing Ya had already arranged everything, and all she had to right now was to go and do the checkup. As for Ye Hua, he naturally accompanied along with Qing Ya.

While on the way to the checkup room, who knows how many looks of envy Ye Hua had gotten from other men. Ye Hua really wanted to tell them that, just a while ago, this fool tried to kill herself because of me, and yet right now, she still wants to act cold and aloof, this is too funny.

And when Qing Ya saw that other women were looking at Ye Hua with starry eyes, she really wanted to tell them that, all of you, don't look anymore, this fool had already fallen in love with me to the point that he can't free himself from loving me anymore...

Seeing that Qing Ya walked into the checkup room, Ye Hua did not followed along into the room. In actuality, Ye Hua didn't really like places like hospitals, he felt that there was always an unpleasant smell within the hospitals.

Thus, Ye Hua walked out of the hospital and began taking a stroll outside of the hospital. Ye Hua's mood was pretty good right now.

At the lateral side of the hospital, there were a lot of elderlies who had their own stores set up, and all of them self-proclaimed to be half-immortals.

"This handsome guy, do you want to have your fortune told? Don't leave! How about I check your marriage fate for you? I am also able to check your prospects too if you want."

"This handsome guy, I have a few high-grade never falling pills here, guarantee that you would be able to last long through out the nights."

Boring humans, to use this kind of method to cheat your own kinds, you all sure are hypocritical.

"Selling medicinal pills! Selling medicinal pills! They are all miracle pills that had been bestowed with divinity! 5 rmb for one pill! Eat just one pill, and I guarantee that you will be able to live longer! If it's ineffective, I will refund your money! If you buy two pills, I will even give you a strengthening pill for free!" A bald little monk could be seen shouting out loudly. The 'half immortals' that were around the monk immediately revealed a look of dislike on their faces, however, the little monk did not mind them in the slightest bit.

Ye Hua felt that this little monk was interesting. All those pills are emitting out a faint pure fragrant. Normal people would naturally not be able to sense it.

“Big sister, quickly come over, there is an adorable little monk here.”

“Sister, slow down a bit, don’t run so fast.”

The adorable little girls ran towards the little monk’s store, and when the little monk saw that two beautiful women came to check out his store, his small eyes immediately started to shine.

Ye Hua walked over unhurriedly. Of course, he wasn’t heading to the monk’s store. Those medicinal pills are still not worthy enough to enter into Ye Hua’s eyes. Ye Hua was just merely passing by. After all, there was only one path here.

However, the little monk who was currently hitting on the two girls wrinkled his brows. I feel that there is an evil aura walking towards me. The little monk raised his head and looked towards Ye Hua. That faint evil aura is emitted out from this man’s body!

I didn’t expect that I would come across a monster right after I had come down the mountain, it seems like my luck is very good. Killing monsters and devils is master’s goal, and of course, it is also my goal too!

Let me use my discerning eyes to see just what kind of monster you are!

The little monk’s eyes immediately turned gold color. Of course, normal people wouldn’t be able to see that the color of the little monk’s eyes changed.

F\*\*k, it is actually a skeleton monster! Good fellow! Just nice, I can let my staff see some blood today. However, skeleton monsters don’t seem to possess any blood, I’m not sure if they possess bone marrow or not.

Ye Hua sensed the little monk’s peculiarity and felt quite curious towards the little monk. This little monk actually possess such a profound technique, where did he get the technique from?

“Time to go back!” A familiar voice rang out from Ye Hua’s back. Ye Hua turned his head around and took a look. So Qing Ya came over to look for me. And this foolish woman still says that she doesn’t care about me.

However, at this moment, the little monk cried out in fear. Without even caring about the medicinal pills, the little monk immediately started to run away, seemingly as if he had just seen a ghost.

Ye Hua originally wanted to ask the little monk where he got the technique from. However, since the little monk had already run away, he was too lazy to bother to go and chase after the little monk.

“Big sister, that little monk sure is adorable, why did he suddenly run away?”

“Who knows? Perhaps, because his scam got exposed by us, he felt too embarrassed to continue on staying here.”

“Sigh, big sister, let’s leave.”

The little monk who was running away felt like he was about to start crying. The outside world is too scary, it is much safer in the mountain. Master, when are you coming back, your disciple just discovered a big secret!

When the little monk opened his discerning eyes, he was indeed looking at Ye Hua. However, along with Qing Ya's shout, the little monk's gaze shifted towards Qing Ya, and immediately, he almost got scared to the point that his soul flew away. Thus, without any second thoughts, he immediately ran away. As for what the little monk saw, only the little monk himself knows.

Qing Ya's expression was cold. When I finished my checkup just a while ago and came out, this fellow actually disappeared. This guy keeps on saying that the child is important this, important that, and yet, in the end, who knows where he even ran to when I was having my checkup.

However, not sure why, Qing Ya felt that Ye Hua was strolling around at the lateral side of the hospital. And when she came out of the hospital and came to the lateral side, as expected, she found Ye Hua there.

This guy is a cultivator, and yet he is still so childish, to actually ran here to check his fortune. I really have to give it to him.

"How's the result?" Ye Hua asked indifferently.

"Normal." Qing Ya replied indifferently. If others didn't know the two of them, they would think that the two were enemies.

"I told you that last night."

Qing Ya remained silent, and the two began heading back to the bar.

Meanwhile, on the street, a bald little monk whose gaze was filled with fright and astonishment could be seen running with all his might.

### [You Cannot Afford To Offend My Woman](#)

#### **Chapter 127.1: The outside world is too scary 1/2**

Qing Ya sat on the chair and drank plain water. In actuality, thinking back to a lot of things, during the first time where I met him, he was sitting here too. It was also from that time onward that my life began changing. Although he is very cold and rarely smiles, during those past few days, he had indeed treated me very well.

What my sister said is reasonable too, Ye Hua is the kind of person who would dead on want to keep his face no matter what. For him to lower his head, it was practically out of the question. Perhaps, the reason that he became angry was because I provoked him last night.

However, even if he was angry, it is not an excuse for him to treat me like that. He didn't even bother to explain anything too.

Suddenly! The sound of steady footsteps rang out from the staircase. Qing Ya quickly adjusted her posture. I cannot let Ye Hua look lightly on me. I definitely won't forgive him so easily this time, if not, I am definitely still going to get bullied by him in the future.

Ye Hua slowly walked over. When he saw that arrogant expression that was on Qing Ya's face, he laughed in his heart. You probably do not know, but your sister had already sold you out to me, and yet you are still putting on an act here. It is not your fault for falling in love with me, after all, I am indeed just too outstanding, you won't be able to find another person like me in this world.

Seeing that Ye Hua just stood there and remained silent, Qing Ya pursed her lips. I will see just how long you can hold out for. If you love me, just say it out to me then, what is there to even feel embarrassed about. However, it is not surprising. Because I became even more pretty recently, it caused Ye Hua to become even more embarrassed. This man who just dead on want to keep his face! I will see just who can persevere the longest!

Oh? This woman sure can endure when she obviously loves me to the point that she even tried to kill herself just now. Right now, seeing that I came downstairs, I reckon that she is most likely feeling happy to death. I will see just how long you can endure!

The two wasted 10 minutes just like this, and in the end, it was Qing Ya who could not endure it anymore.

"I want to go to the hospital."

A slight arc appeared on the corner of Ye Hua's mouth. Aren't you very good at enduring? In the end, you still prostrated yourself under my charm.

Waving with one of his hands, the light blue color barrier disappeared just like a bubble that got popped.

Qing Ya pouted her mouth, weren't you very formidable? If you have the guts, don't remove the barrier and continue locking me up here in the bar! Don't even dare to say that you love me when you love me. Would saying 'I love you' kill you?

Picking up her bag, Qing Ya walked out of the leisure bar, and Ye Hua followed along. Before walking out of the bar, Ye Hua shouted to the upstairs, "Yutong, come downstairs and clean up the mess."

Qing Yutong who was upstairs was about to start crying. Not only do I have to act as the mediator, I even have to act as an attendant, and when my brother-in-law is in a bad mood, I have to offer up my little butt. I am practically the most miserable sister-in-law in this world.

It was still the same Audi A8, with Qing Ya driving the car, and Ye Hua acting as the big boss.

After finish setting up the route, Qing Ya started the car and began driving to the hospital.

#### **Chapter 128.1: Ye Family's instant noodle 1/2**

When the two returned back to the bar, they still haven't spoken a word to each other. Soon after, Ye Hua took out his phone and ordered crayfishes. If you have the capability, don't peel the crayfishes later on!

Today, Qing Yutong could be said to be completely out of luck. Currently, she had just finished cleaning the bar, and her back was aching from all that cleaning.

“Brother-in-law, what are we eating for lunch?” Upon seeing that her brother-in-law and big sister returned, Qing Yutong asked hurriedly. Her intention was very obvious.

Brother-in-law~ I want to eat meat meat~

“Crayfishes!”

Qing Yutong’s face was filled with disappointment. I really miss the feeling of eating the meat that brother-in-law prepares. Keeping the meat in my mouth, lightly sucking on it, the juice that flows out from the meat, upon tasting the juice, I would immediately feel spiritually pleased and relaxed.

I have never eaten such delicious meat before. Furthermore, after eating the meat, my skin would feel incomparably awesome. The meat is much tastier compared to eating crayfishes.

However, being out of luck was nothing, something even more despairing was still waiting behind for Qing Yutong.

When the three sat at the dining table, Ye Hua and Qing Ya did not move their chopsticks, while Qing Yutong looked at the two of them in a complete daze. These two still haven’t get back on good terms with each other?

“About that, if you two aren’t going to eat, I will start eating first then.” After finish speaking, Qing Yutong wore her gloves and began peeling and eating the crayfishes.

However, while eating the crayfishes, Qing Yutong soon felt that the atmosphere was fishy. It couldn’t be that, these two got into a fight again right?

“Brother-in-law, please eat the crayfishes.”

“Big sister, please eat the crayfishes.”

“Big bosses, please eat the crayfishes.”

Qing Yutong swore to herself, I won’t act as the mediator anymore in the future, in the end, the only person that would become worn out is me myself.

Ye Hua snorted, right now, this Qing Ya doesn’t even peel the crayfishes for me anymore. It seems like she is rather obstinate. I will settle with you when night comes!

Qing Ya snorted at the same time, if you want me to help you peel the crayfishes, say, ‘wife, I’m sorry, I was wrong’, and I may consider.

A few kg of crayfishes were all peeled by Qing Yutong alone. After peeling all those crayfishes, Qing Yutong felt that her fingers were hurting, “Don’t call me during dinner, I will settle it myself.”

After finish speaking, Qing Yutong went back to her room. I am not going to eat with the two of them anymore.

Ye Hua wiped his mouth, then walked towards his office, while Qing Ya walked towards the bedroom.

I, the Supreme Overlord, will sleep in the office tonight. Without my chest, I will see just how you are going to be able to fall asleep. At that time, you will have no choice but to come and beg me to come and sleep with you, jiejie~

Seeing that Ye Hua walked towards the office, Qing Ya wrinkled her brows. Worse comes to worst, I will just go and buy a doll. Do you really think that, without you, I won't be able to fall asleep?

The night has descended. For her dinner, Qing Yutong decided to cook instant noodles to eat. In any case, I won't act as their servant anymore.

On the other hand, Ye Hua was waiting for Qing Ya to come to his office to call him over to eat dinner, while Qing Ya was waiting for Ye Hua to come to the bedroom to call her over to eat dinner.

In the end, the two couldn't endure it anymore and decided to secretly cook instant noodles to fill up their own stomachs. Quarrel is quarrel, however, I cannot cause myself to starve because of it.

In the past, Ye Hua often ate instant noodles, and was thus quite knowledgeable regarding instant noodles.

Firstly, you have to tear away the thin cover that is on top of the instant cup noodles. Secondly, you have to tear apart the seasoning pack and pour the seasoning into the cup noodles. Thirdly, using the finest ham sausage, tear the ham sausage into small pieces and place them into cup noodles. Lastly, pour boiling hot water into the cup noodles, then begin to wait for the longest three minutes in your life. With that, a cup of Ye Family's instant noodle had been made.

A few strands of slender noodles, and yet, they are able to pull the heartstrings of millions of people. Ye Family's instant noodle, come and understand it?

### [You Cannot Afford To Offend My Woman](#)

#### **Chapter 128.2: Ye Family's instant noodle 2/2**

Knock, knock, knock!

Ye Hua who was currently eating the noodles came to a stop, and immediately, he hid the cup noodles away and used his fastest speed to adjust his state.

She has finally come huh? Can't endure anymore huh! If you talk nicely to me, I will be magnanimous and merciful and lend my chest to you to lie on for a bit.

"Come in!" Ye Hua shouted out gravely.

However, when he saw that the person that came in was Wei Chang, his expression changed greatly, "Scram!"

Wei Chang was just about to open his mouth to speak, and didn't expect that His Honor would suddenly shout at him and tell him to scram. This is scaring me to death. However, why is there the smell of instant noodles in the office? His Honor is someone who has a wife, does he still have the need to have to eat instant noodles? Even I myself also don't eat cup noodles anymore, Xiao Tang would cook for me to eat.

Wei Chang wants to express that he was someone who relaxes and let his own woman feed him.

Ye Hua wants to express that, why are you all so outstanding, do you all believe that I will turn all of you back to your original look!

Wei Chang who was outside the office let out a breath and said towards the Jiu Ye who was behind me, "The boss is in a bad mood right now, don't disturb him."

The reason Jiu Ye came to the bar today was to invite Ye Hua to go and discuss about south's big matter. All of the people that would be coming to discuss were all big shots, and all of them came for the sake of 'ancient godly item'. They were going to discuss about how to strengthen the precautions that they were going to take to prevent the northern people from coming to the south and stealing the ancient godly item.

"About that... Mister Wei, if the boss is not going, can you go instead?" Jiu Ye said with an apologetic smile.

"Not free, I have a date at night." Wei Chang said indifferently. I have to go and watch a midnight movie with Xiao Tang tonight. Going out to watch a movie with Xiao Tang is the big matter, not the discussion.

Jiu Ye was feeling very vexed. Not only am I not able to invite the boss, I am not able to invite the boss's subordinate too. Right now, because of the ancient godly item, a storm is starting to brew. The north have already secretly came to the south and are preparing to steal the ancient godly item. If the ancient godly item were to get stolen by the north, the face of the entire south would be thrown.

"Mister Wei, this matter concerns the entire south, how about sending a representative to go to the discussion? Just sending a representative to go and have a seat at the discussion is fine too." Jiu Ye could be said to be giving it his all, no matter what, he was determined on pulling Ye Hua into the matter.

In actuality, Ye Hua's attitude towards this matter was indifferent. If he wasn't still in a cold war with Qing Ya, he would bring Qing Ya to the discussion tonight and let her broaden her experience. However, since Ye Hua was still currently in a cold war with Qing Ya, Ye Hua wants to express that he did not have the mood to care about this matter.

"You go and wait outside, I will call someone over to go to the discussion."

"That's great, thank you Mister Wei." Jiu Ye was finally able to feel relieved. As long as they send someone over to the discussion, it is enough.

Jiu Ye walked out of the bar and entered into the luxurious car that was waiting outside and began waiting for the person that Wei Chang was going to call over. Meanwhile, Wei Chang once again came to the leisure bar's toilet.

Wei Chang called out lightly, "Death Mage!"

Under Long'an City's Nanhu Bridge, this place was where wanderers lived at. And amongst the people that were under the bridge, there was someone who wore a black robe. Right now, the black robe person was sitting on a long sickle. His left hand was holding onto a phone and a bone finger of his right hand was rapidly tapping onto the phone screen. The rate of the person tapping onto the phone screen was very quick~

The sound of gold coins clattering would ring out from time to time, however, without too long, something appeared on the phone screen.

Insufficient balance, please recharge funds.

There was not enough balance on the credit card.

That's right! This was the Death Mage who had gambled all his money away from sports betting. A few days ago, he was still living in a mansion and drinking cold beer. In the end, he all-in all of his money, and under the situation that he did not cheat, he lost all of his family property.

In this kind of situation, Death Mage definitely had to go and find the banker. However, in the end, the banker had already jumped down from the balcony and died. Upon finding that out, Death Mage became so angry that he almost went berserk.

From then on, Death mage swore that he would never touch sports betting anymore in his entire life. And even more, he swore that he would never gamble again!

However, unexpectedly, someone sent an app into the soccer fan group. Feeling curious, Death mage tapped onto the app, and without long, he felt that this fish game was very interesting. From then, within just the period of an afternoon, Death Mage contributed all of his remaining money to the app.

Holding onto his remaining property, which was his phone, Death Mage felt that his heart was aching deeply. Damned humans, why did you all invent gambling!

Suddenly, Death Mage received his master's summon. A red light flashed through Death Mage's eyes. If there is work, it means that there is income, which means that I can continue on playing the fish app.

"Eh? Wasn't there a person here just a while ago? Where did he go to?"

"Who even knows? He sat there and played a fish game for an entire afternoon. He even took my portable charger to charge his phone."

"Wait... Portable charger? F\*\*k, where is my portal charger! This damned bastard, it is just a mere portable charger, and yet he also wants to steal it?! Shameless!"

Within leisure bar's toilet.

"Don't kneel down, the floor is dirty!" Seeing that Death Mage was going to kneel down, Wei Chang immediately stopped him.

Death Mage said respectfully, "Thank you master."

"There is a matter that I need you to go and handle tonight."

[You Cannot Afford To Offend My Woman](#)

**Chapter 129.1: I am currently online waiting... 1/2**

"Master, is it collecting debt?" Death Mage wants to express that there is a lot of prospects in collecting debt, the income from collecting debt is very high.

"No, all you have to do is to just go and have a seat."

“Master, do I not have to kill anyone?” Death Mage was very disappointed, why is there no missions where I have to kill people recently.

“You do whatever that you see fit. The car is waiting outside you. Remember to buy a mask later on, don’t go around scaring people.” Wei Chang said.

Death Mage seemed to be a little embarrassed, “Master, subordinate do not have any money.”

Wei Chang sighed heavily and took out his wallet. A red light flickered within Death Mage’s eyes, since master is working under His Honor, master is definitely very rich, and yet I had to tell master that I had no money, it feels so embarrassing.

Looking at the money within the wallet, Wei Chang couldn’t help but wrinkled his brows. Two 1 dollar coins, one 50 dollar note, and one 10 dollar note, a total of 62 rmb. After getting a girlfriend, the expenses sure have gotten big. But, I feel too embarrassed to open my mouth and ask His Honor for money. I have to find a day and get Lie Gu to lend me a bit of money. Lie Gu’s women are all celebrities, therefore I reckon that he most likely doesn’t lack money.

Wei Chang painstakingly took out a 10 dollar note. After watching the movie tonight, I still have to go and eat supper with Xiao Tang, 52 rmb should more or less be enough.

Looking at his master taking out a 10 dollar note, Death Mage suddenly had a kind of strange feeling. Master seems to be having it hard too... I really cannot steel myself to take this 10 dollar note from master.

“What are you still being in a daze for, quickly go and handle the matter!” Wei Chang urged as he secretly kept the 10 dollar note back into his wallet. I forgot that I still have to call for a taxi and send Xiao Tang back home too later on.

Death Mage was just about to stretch out his hand to take the 10 dollar note, but he didn’t expect that his master would suddenly keep the 10 dollar back into the wallet. I feel so awkward right now...

So master is actually this miserly...

Walking out of the toilet, Death Mage walked towards the bar’s main entrance while with his head lowered. While passing by a table, he took the clown mask that was on the table. In other peoples’ views, they thought that Death Mage was cosplaying. That sickle sure looks real.

Jiu Ye was very curious as to who Wei Chang would call over. I am feeling so f\*\*king curious right now, this leisure bar truly has its own charm. Those who don’t understand this bar would think that this bar is a lion den, but after slightly understanding this bar, it would cause one to feel incomparably curious towards it.

Taking out a stick of Cuban cigar, Jiu Ye placed it in front of his nose and took a sniff, then proceed to trim away one end of the Cuban cigar. When the underling that was sitting at the front saw Jiu Ye trimmed away one end of the Cuban cigar, he immediately helped Jiu Ye to light up the Cuban cigar. This underling has prospects.

Right when Jiu Ye was smoking the Cuban cigar, a figure walked out of the leisure bar. The figure was enveloped in a black robe, and on his face, there was a clown mask worn.

Looking at this dressing, Jiu Ye went into a complete daze while smoking the Cuban cigar, and completely forgot to open the car's door for the figure.

This person is most likely the black robe person who fought with Xiao Yi!!!

That Wei Chang actually called over such a ruthless character, how did he even do it? Isn't this just too f\*\*king frightening already? Please don't sit at my side, please don't... please don't...

However, whenever you were afraid of something, that something that you were afraid of would always come. Death Mage opened the car door by himself and entered into the car. While entering into the car, Death Mage slashed onto the beginning to the end of the car roof. While slashing, the sickle just so happened to slash onto Jiu Ye's Cuban cigar too, slashing the Cuban cigar into half.

A Phantom Rolls-Royce was slashed just like this.

After entering into the car, Death Mage proceeds to get out of the car. Another ear-piercing sound rang out in Jiu Ye's ears. After the ear-piercing sound finished, Jiu Ye raised his head, and a full view of the scenery of the sky could be seen through the top of the back row of the car.

The car roof of the back row of the car was removed by Death Mage.

After turning the Sickle of Death into a crutch, Death Mage entered into the car and sat steadily onto the seat. Jiu Ye subconsciously move to the side. What should I say to this person right now? This person is someone who is able to fight equally against Xiao Yi, what should I do now? I am currently online waiting for help... I am in urgent need of help right now...

While sitting in the car, Death Mage was thinking about another matter. Isn't that subordinate of mine, Death Assassin, currently out on a mission? That Long Aotian is most likely rich right? After I finished tonight's matter, I will go and extort some money from him.

Long Aotian who was currently cultivating diligently felt a cold wind blew onto him and couldn't help but trembled.

"Jiu Ye, should I start the car?" The driver who was sitting at the front asked while trembling with fear.

"Start... start the car..."

[You Cannot Afford To Offend My Woman](#)

**Chapter 129.2: I am currently online waiting... 2/2**

While being blown by the natural wind, Jiu Ye was feeling very melancholy. Ever since I met the boss, it feels like I have become more and more not like myself.

"Sir, how do I address you?"

"Jiejie..."

Imperial translation: "Idiot."

Listening to the black robe's weird voice, Jiu Ye's back turned cold.

“Top-grade Cuban cigar, sir, do you want a stick?” Jiu Ye asked nervously, his hands were currently trembling.

Death Mage took a look and nodded his head.

Jiu Ye let out a breath of relief, as long as he is willing to accept the cigar, I can feel much more at ease. After personally trimming off one end of the cigar, Jiu Ye passed it over to black robe’s hand.

Wait a moment!!! That hand!!! Why is that hand white color!!!

When Jiu Ye saw the black robe took off his face mask, Jiu Ye’s eyes almost burst out of his eye sockets. This black robe is not a f\*\*king human! He is actually a skeleton!!!

I am actually f\*\*king sitting beside a skeleton right now! What should I do now, I am waiting online for help...

Jiu Ye took out a dazzling looking lighter. With both of his hands holding onto the lighter, Jiu Ye helped Death Mage to light up the Cuban cigar. Just that, Jiu Ye’s hands were trembling quite hard.

Death Mage inhaled deeply. This Cuban cigar is not bad, the flavor is quite ample.

However, Jiu Ye could not remain calm and collected. This black robe’s entire body is emitting out smoke, if one didn’t know, they would thought that the car was on fire.

How could Death Mage’s body not emit out smoke? Death Mage’s body was but a skeleton, even when drinking cold beer, the cold beer would leak onto the floor.

“Jiejiejie...”

Imperial translation: “All of those, I want it all.”

Although Jiu Ye did not understand what Death Mage was talking about, Jiu Ye could see that Death Mage’s finger was pointing towards the Cuban cigar box. If Jiu Ye still did not know what Death Mage was trying to say, it would mean that Jiu Ye had wasted away with his life.

“Sir, if you like the Cuban cigar, I still have a lot remaining here.” Jiu Ye decided to hug onto Death Mage’s thigh. The boss of the bar is too cold already, it feels very hard to communicate with him. That Wei Chang is the same too.

However, this black robe is different, because this black robe has needs.

Death Mage stretched out his hand and patted onto Jiu Ye’s shoulder.

“Jiejiejie...”

Imperial translation: “Young fellow, not bad.”

Jiu Ye’s smile was very forced. Looking at the skeleton hand that was patting on his shoulder, Jiu Ye felt very unwell, seemingly like his body’s energy had been depleted.

Death Mage could be seen taking out his apple X and a portable charger.

After opening the game app and pressing onto the recharge button, Death Mage placed his phone screen in front of Jiu Ye.

Jiu Ye was very nervous as he asked, “Sir, do you need me to help you recharge money?”

“Jiejie.”

Imperial translation: “Foolish human, aren’t you asking the obvious right now!”

“Is 100 enough?”

I have come across another miser.

Death Mage tapped onto the 648 rmb recharge amount.

Jiu Ye immediately understood, “Sir, let’s add each other’s wechat, I will immediately transfer the amount to you.”

Looking at Death Mage’s wechat’s profile picture, Jiu Ye was completely speechless. This cartoon skeleton head looks so adorable, it looks totally different from your face.

When Death Mage saw that Jiu Ye transferred 1000 rmb over to him, Death Mage was very gratified. This human has quite a good eye of judgment.

Biu, biu, biu, biu, biu.

Jiu Ye had never seen a person who could be so serious when playing a fishing game. No, incorrect, a skeleton!

An expert like this actually plays such a childish game!

This is practically destroying my three views.

The Phantom Rolls-Royce which had its car roof removed drove out of the urban district. On the entire journey, smoke could be seen continuously coming out of the top of the Phantom Rolls-Royce, causing the car to seem a bit strange.

At Long’an City’s west suburb, there was a red wine winery. And of course, this red wine winery belonged to Jiu Ye.

For the discussion that will be held this time, Jiu Ye was more or less the host and had to do the honors. Jiu Ye had to take care of the arrangements of all the various powers that will be coming to the discussion.

However, Jiu Ye was not very happy. The eyes of those powers are practically stuck up all the way to the sky, it feels so annoying to have to deal with those people.

**[You Cannot Afford To Offend My Woman](#)**

**Chapter 130.1: Biu biu biu 1/2**

This winery was the product of Jiu Ye’s meticulous management and was also where Jiu Ye was currently staying at. From this, it could be seen just how important Jiu Ye viewed this winery. After all, this

winery's location was superb, being far away from the city's clamor, the entire winery was filled with a peaceful aura, seemingly like it was located at a green prairie.

"Sir, we have arrived." Jiu Ye said with a modest smile.

Biu, biu, biu.

While holding onto a cigar with his mouth and with his walking stick placed under his armpit, Death Mage held onto his phone with one hand and tapped onto his phone with the other hand.

Face mask?

He forgot about it...

"Sir, wait for me." Without waiting for his underling to open the door for him, jiu Ye immediately opened the door by himself and ran up to Death Mage and continued talking to Death Mage. However, Death Mage's gaze was fixed onto his phone screen.

Clatter, clatter, clatter.

Listening to the noise that the gold coins were making, Death Mage heavily inhaled a mouth of the cigar, and soon after, his entire body began emitting out smoke again, "Jiejiejie..."

Imperial translation: "Feels good!"

Jiu Ye thought that Death Mage would only be playing the fishing game in the car and didn't expect that Death Mage would still continue playing even after getting off the car. From the looks of it, this black robe doesn't seem to have the intention of putting his phone aside. There are quite a few big shots sitting inside, it doesn't seem too good for you to walk inside while holding onto your phone and playing with your phone right?

Especially that biu biu biu sound.... And the sound system of your apple X is so loud too... Seems like my 8848 phone is better indeed.

"Sir, can you stop playing with your phone for a while?"

"Jiejiejie..."

Imperial translation: "There are so many fishes right now, can you even afford to pay up to me if I stop now!"

Jiu Ye was an experienced person, just from listening to Death Mage's tone, he was able to discern Death Mage's mood. Listening to this black robe's tone, he has evidently refused my request.

The two walked towards the inner side of the winery.

Within the winery's conference room, there was a big round table there. And at this moment, at the round table, 8 men and 1 woman could be seen sitting around the round table. Amongst the men, there were people who wore western suits, and people who wore robes. The only woman that was here could be said to be a gorgeous scenery. The woman wore a jadeite color ancient Chinese style long sleeve gown and had a transparent looking flower pattern muslin draped over her shoulders. On her soft fine

black hair, there was a hairstick used to fix her hair. Looking at the woman, she sort of seemed like a fairy.

This woman was Cloud Sect's Sect Master, Xun Fang!

"Just what are we doing here!" One of the middle-aged men shouted out gravely. This person was South Alliance's Alliance Master, Hai Daisi. Because he was bald, he seemed rather vicious.

Traceless Pavilion's Pavilion Master's attire looked a bit strange. Wide t-shirt, wide pants, a gold chain worn on his neck, and various other accessories like sunglasses and hat worn on him. Traceless Pavilion's Pavilion Master seemed to be going with hip hop style. And indeed, Traceless Pavilion's Pavilion Master has been hooked on hip hop recently.

While clapping with both his hands to make a rhythm, Ge Zhen actually began speaking and singing, "Yo, yo, yo, Hai Daisi, what are you being in such a rush for. Yo~ One of your elders died. Yo~ If you have the guts, go and take revenge~ Yo~"

"I will yo your mother's c\*\*t!" Hai Daisi was angered to the point that he immediately jumped up from his seat.

"Alliance Master Hai, cool your head." The one who spoke was Raising Thunder Sect's Sect Master, Yang Yi.

Wang Dabao who was currently trimming his fingernails laughed, "That's right, what are you losing your head for, didn't one of Dry Zen Sect's elders died too? How does it feel to have someone to accompany you?"

The face of Dry Zen Sect's Sect Master Che Zhixuan turned cold, "Wang Dabao! Troubles arise from the mouth, it will be useless even if you have your woman to protect you!"

An impressive looking man could be seen laughing, "CEO Wang is just merely speaking the truth. Both of you had just suffered the loss of an elder, and yet both of you still have the mood to sit here and hold a discussion. To speak the truth, both of you have my respect."

Hai Daisi slammed onto the table angrily, "Zuo Xinran, have your mouth been wiped with feces? Do you believe that I will wipe out your entire Zuo Family tomorrow!"

"Don't hesitate, you can come and bring it on." Zuo Xinran laughed lightly, completely not afraid in the slightest.

"Alright, everyone, let's each take a step back." The one who spoke was Zhi Anyan. Zhi Anyan wore an ordinary-looking spectacles and his appearance was ordinary. Zhi Anyan belonged to the decent looking category. However, the feeling that he gave to others was that he was very intelligent.

In actuality, everyone who was sitting here did not dare to start fighting with another without careful consideration. Because everyone's strength was more or less the same, unless it was one against multiple people, it was pointless to even start a fight.

After all, if you do not fight for the sake of winning, what was even the point of even fighting?

## You Cannot Afford To Offend My Woman

### **Chapter 130.2: Biu biu biu 2/2**

Hai Daisi said indignantly, "In my opinion, we should join together and denounce the bar!"

"Yo, yo, yo, check it out, it's not like I have an elder who died." Traceless Pavilion's Pavilion Master Ge Zheng crossed his arms and assumed an arrogant looking posture.

Hai Daisi almost spat out blood from anger, "I am going to f\*\*king beat you to death today!"

"Hey... bring it on then. Yo, yo, yo, come on."

Raising Thunder Sect's Sect Master Yang Yi held onto Hai Daisi who was about to go berserk, "Alliance Master Hai, don't be agitated! For such a thing to have happened, I feel very sad about it too. You have to get used to the fact that one of your elders died."

Hai Daisi's expression froze.

It could be seen, not sure where Yang Yi got a hat and sunglasses from, Yang Yi wore the hat and sunglasses, then said, "Yo, yo, yo, check it out."

Ge Zheng immediately responded, "Yo, yo, yo, brother, you sure are impressive. Yo, yo, yo, nice stab that you just gave to Hai Daisi."

"I am f\*\*king going to kill both of you bastards today!!" A robust energy exploded out from Hai Daisi's body.

How could Ge Zheng and Yang Yi not be cocky? Each of us had one elder who went to the bar, and amongst the elders that went to the bar, two died and one got injured. On the other hand, look at both of us, our elders came back without any injury at all. That's why, if the underling does not have any brain, the underling's boss is definitely not any better too.

Dry Zen Sect's Sect Master Che Zhixuan said coldly, "Count me in!"

Wang Dabao, Zuo Xinran, Zhi Anyan, and Guang Tianlu who remained silent since the start, the four of them simply watch the other four quarrel and completely did not have any intention of doing anything.

To them, Hai Daisi and the three others could all be counted as a part of the Cultivation World. There was no need for them to interfere with the four who belonged to the Cultivation World.

"Enough!" Cloud Sect's Sect Master Xun Fang shouted out coldly.

Beautiful woman right, no matter what, they had to give Xun Fang face.

Che Zhixuan snorted coldly and kept his killing intent, "If not for Sect Master Xun helping the both of you to plea for leniency, I would have turned both of you into liquid!"

"That's right! Since Sect Master Xun has spoken, I will not make things hard for both of you young and immature fellows." Hai Daisi's expression changed. If Hai Daisi was a robust man who was in a violent rage just now, right now, he was a warm and tender young man.

In the north, there was the beautiful woman, Bai Cixin. And in the South, there was the prideful woman, Xun Fang.

The beauty and capabilities of the two beautiful women were not to be belittled.

Just now, Hai Daisy and Che Zhixuan were both merely feeling that they were losing face.

While on the other hand, Ge Zheng and Yang Yi were completely trying to amuse the beautiful woman, using this kind of method to try to attract Xun Fang's attention. Or perhaps, they heard of some gossip and found out that Sect Master Xun had been listening to hip hop music recently, and thus both of them intentionally acted like this.

"The matters that we will be discussing today are about how to protect the ancient godly item, and just who should be the one to keep the ancient godly item!" Xun Fang's tone was gentle, it was very pleasant to listen to her voice.

Zuo Xinrang stroke onto his hair, "Sect Master Xun, how is your sect's Elder Xing?"

"Family Head Zuo sure is concern about my sect's matters." Xun Fang's tone seemed to be getting a little angry.

Zhi Anyan adjusted his spectacles, "I heard that last night, Elder Xing died due to his injuries while he was returning back to Cloud Sect, is this matter true?"

"Elder Xing sacrificed his life for righteousness. I will naturally seek revenge for Elder Xing."

"Well spoken!"

"Take revenge and wipe out the grudge!"

Hai Daisy and Che Zhixuan immediately responded.

Zuo Xinran laughed lightly, "Jiu Ye will bring someone from the bar to this discussion in a while. I'm really looking forward to seeing how you guys are going to take revenge."

Wang Dabao took off his shoes, then took off his socks. After that, he actually began cutting his toenails. This action caused everyone to have their hair stand on its end.

"Sect Master Xun, I feel that you should take more time to consider about the matter of taking revenge." Ge Zheng felt that it was better to not take revenge.
