You Cannot Afford To Offend My Woman

Chapter 141.1: A relaxing camping 1/2

Yi Ran changed the delicate and fragile look on her face and said indifferently, “Each person take one direction, the boss is about to arrive soon, we have to hurry up.”

Wen Xia and Bai Xiaozhen nodded their heads, while Tang Wei was still in a panic.

Yi Ran’s figure could be seen flickering, and when she appeared again, her slender long leg could be seen pressing onto a man’s forehead. The heel of the high heeled shoes stabbed through the man’s skull and blood began flowing out from the man’s head.

Astonishment and fear appeared within the man’s gaze, however, he still couldn’t help but took a look downwards. Immediately, the man felt that he couldn’t die in peace, this woman actually wore safety pants!

Miserable shrieks suddenly began ranging out within the small valley and the clear water turned into bright red color.

Tang Wei looked at the man who was fiercely attacking towards her and continuously retreated backward, all the way until she bumped onto the car door.

“Die!” The man raised the butcher knife that was within his hand. I feel that I could already see the image of this beautiful woman in front of me being chopped into half.

Tang Wei was extremely nervous, however, she still knew to resist. Grabbing onto the man’s arm, Tang Wei flung with all of her strength.

Perhaps, because she used too much strength, the man didn’t get flung out by her, and instead, the man’s arm was forcibly torn off from his body. Looking at the arm that was spurting out with blood, a black fog flashed through Tang Wei’s beautiful eyes, and the delicateness on Tang Wei’s pretty face gradually subsided, and what replaced that delicateness was viciousness!

“Kill!”

This was a complete stomp, there wasn’t even a tiny bit of possibility for the other side to flip over the situation. Even more, the four women did not let a single person run away. The four women’s methods were so ruthless that it would make one’s hair stand on its ends. Even god himself would have to cover over them with a black cloud due to not being able to bear looking straight at their methods!

A few minutes later, among the hundred people, there was only one person left, and that person did not move at all from the beginning to the end. This person was just merely a disciple that had only cultivated his martial technique to the first realm. This person would always brag that he has a strong backing and would bully others in various ways. This time, upon knowing that his sect was setting out to create trouble, he was very excited about it.

In the end, they have not even begun creating trouble, and a trouble instead came looking for them. Where has this person ever seen such a scene like this before, he had only seen before such scene within movies.

“Quickly come here, there is still an honest person here, quickly come and bully him~” Bai Xiaozhen waved her pure white slender arm. Bai Xiaozhen’s entire body was clean, she did not let those dirty blood splash onto her.

Yi Ran, Wen Xia, and Tang Wei walked over slowly.

The man was scared to the point that he pissed himself. With the sound of a plop, the man kneeled onto the ground, “I will confess everything, we are from the north, we kept watch over this place in preparation to ambush the south. Whatever that you all want to know, I will tell you all, I beg you all, please don’t kill me.”

Yi Ran walked over slowly and looked down upon the man that was kneeling down, “All of those are not important, the reason we are killing all of you is so that the boss’s ears would be able to be peaceful.”

“Boss!!!” The man slowly raised his head and looked at the woman that was in front of him. They actually have a boss, and the reason that they killed so many people is so that their boss’s ears can be peaceful! Just who is their boss!!!

The man suddenly felt that his neck itched, and soon after, after his vision spun around, he suddenly saw that his body was kneeling down on the ground. Where is my head, where did my head went to!!! Why am I not able to feel my hands? No! I don’t want to die!

After settling the last person, Yi Ran opened the car trunk, “Let’s start cleaning up, don’t dirty the boss’s eyes.”

And this was the situation during an hour ago.

Chapter 141.2: A relaxing camping 2/2

“Time to wake up.” Ye Hua called out lightly.

“Hmm, hmm, hmm~”

Ye Hua sighed helplessly. She is moaning again. However, when Qing Ya let out such a moan, my heart feels itchy.

“Have we arrived?” Qing Ya opened her hazy beautiful eyes. Suddenly, Qing Ya discovered that she was currently hugging onto Ye Hua and thus immediately let go of him.

Ye Hua snorted, “What, letting go right after you have hugged enough?”

“I... It’s not like I purposely hug onto you.” Qing Ya said in a low voice, then soon after, she opened the car door and got off the car, not giving Ye Hua the chance to flip out.

Ye Hua who was in the car revealed out a trace of light smile.

“Your Honor, it seems like the madam is not able to escape from your palm.” Wei Chang turned off the car engine and said with a smile.

Ye Hua snorted lightly, “She won’t be able to escape from my palm for this entire life of hers!”

Lie Gu quickly took out a small notebook and jotted down His Honor's golden words. In the future, if I were to say those words to my women, wouldn't they be touched to death? And afterward, they would give me various kinds of services. Just thinking about it is enough to make me feel great to death.

After getting out of the car, Ye Hua smelled till a familiar bloody smell and took in a deep breath. This feels extremely great!

"Boss." The four women called out tenderly.

Ye Hua nodded his head and said indifferently, "All of you did pretty good."

"Thank you boss for the compliment." The four women bowed slightly and shouted out. Meanwhile, Qing Ya was currently amusing herself by throwing stones at the water. Although Qing Ya behaved like she didn't care, she would still observe Ye Hua from time to time.

Upon seeing Qing Ya's endearingly silly action, Ye Hua walked over to her.

"The boss complimented all of you, not bad." Lie Gu walked forward and held onto Bai Xiaozhen's chin with his hand, and Bai Xiaozhen shyly lowered her head.

"Wen Xia, give me a smile." Lie Gu stretched out his hand and slapped. It sure is f**king bouncy.

Wen Xia who always had a cold look on her revealed out a shy look on her, "Irritating~"

"Haha..."

While others were chatting, Tang Wei straightforwardly threw herself into Wei Chang's embrace.

While lightly caressing the woman within his embrace, Wei Chang said tenderly, "Are you used to it?"

"En, sort of." Tang Wei was currently gradually changing from a clever and well-behaved school belle to a murdering goddess. In actuality, the three other celebrities were the same as Tang Wei too. In the past, all of them wouldn't even dare to imagine that a day like this would come for them.

Villain training school, come and understand it?

Ye Hua walked over to Qing Ya's side and said faintly, "You were dripping saliva again just now."

Qing Ya took a glance at Ye Hua's shoulder. There is nothing there on your shoulder, liar!

"Don't look already, I have already wiped it off."

"Humph!"

"Pay a bit of attention to your image, so many subordinates are looking at you, you have to act like how a madam should act." After speaking, Ye Hua walked towards Wei Chang and the others.

Qing Ya stamped her feet and threw out a small stone, "This scoundrel is actually educating me again, do he not know that we are still on bad terms right now."

Although that is what I think, what Ye Hua just said does make sense. As the madam, I ought to act like how a madam should act, I shouldn't cause his subordinates to look lightly on me.

I will give him face for today.

After finish thinking to herself, Qing Ya's aura changed and she slowly walked towards Ye Hua and the others.

Ye Hua said towards Wei Chang and Lie Gu, "Take a look, so long as I slightly use a bit of methods, she would immediately surrender to me."

"Your Honor is wise and intelligent, subordinate truly admire Your Honor!" Wei Chang said. Seems like, if I were to meet with any relationship problem in the future, I can seek for His Honor for a solution.

"Your Honor is formidable." Lie Gu said with reverence. His Honor is becoming smarter and smarter, he is no longer like how he was in the past where he was inflexible.

For the purpose of exhibiting his sovereignty, Ye Hua beckoned Qing Ya to come over to him.

Qing Ya pouted her mouth as she walked over to Ye Hua.

Ye Hua was feeling very happy in his heart. This is only just the beginning.

When camping, barbecue was naturally something that could not be left out. Everything for the barbecue had already been prepared. As today's maids, the four women's task was to take care of everyone's food, drink, and so on.

Ye Hua sat at the waterside and began fishing. The people who were accompanying Ye Hua were naturally Wei Chang and Lie Gu.

Wei Chang was fine, but Lie Gu on the other hand had an impatient look on his face. Because none of the fish were taking his bait, Lie Gu's temper was about to explode.

Meanwhile, Qing Ya lied down on the long chair and peeled some fruits for Ye Hua from time to time. I will count it as giving him a bit of face, to avoid him from throwing a child tantrum later on.

"Fishing requires patience." Ye Hua said faintly. Very evidently, Ye Hua was speaking for Lie Gu to hear.

[You Cannot Afford To Offend My Woman](#)

Chapter 142.1: Death Mage's pain 1/2

Lie Gu flung his fishing pole again, "Boss, none of the fish is biting onto my bait, did the fish bait expired?"

"You are the one who expired." Wei Chang teased.

Although Qing Ya didn't speak, she was listening to them at the side. Sometimes it feels like they have a boss and subordinates relationship, and sometimes it feels like they are friends. And amongst them, Ye Hua acted as the role of being the lead. It feels like this man is filled with secrets from head to toes, just that, he just wouldn't tell me those secrets.

A cultivator who actually opened a leisure bar at a remote small alley, and his subordinate even works at the bar as a security guard. Back then, there was even a weird dog. Right now, I'm not sure where that dog ran to. I reckon the dog most likely got stewed by someone else right? However, isn't this action of theirs a bit too strange?

Could it be that, Ye Hua is hiding from his enemies?

No matter if it is the television, or the novels, they would always say that the cultivation world is a world where the strong preyed on the weak. If Ye Hua is really hiding from his enemies, what should I do? How about leaving the country together? If leaving the country is really not possible, we can just go and hide in the mountain too. This way, Ye Hua's enemies won't be able to find him.

Countless plans of running off immediately formed in Qing Ya's mind and Qing Ya's great mood completely obliterated. Right now, Qing Ya was filled with worries.

Qing Ya looked at Ye Hua who seems completely normal. This relaxed look on him, is he feigning it for me to see? This scoundrel, hiding everything from me, does he not know that we are husband and wife? When there is trouble, we should bear it together! This Ye Hua is really such a male chauvinist!

Although I don't have any capability, but at the least, my brain can be used, and I have a lot of money too. The funds for running off is definitely ample, therefore we definitely won't starve.

Ye Hua who was currently fishing totally had no idea of the thoughts that were going on within Qing Ya's small head. If he were to know of Qing Ya's thoughts, he would definitely knock onto Qing Ya's head and say, "Am I the kind of person that would hide from my enemies! If I really have to bring up my enemies, it would be those Overlords. However, if they were to come and find me, it would be great, I can save myself time from searching for them."

Ye Hua stretched out his hand.

Qing Ya petulantly placed an orange onto Ye Hua's hand, then snorted and looked towards another direction.

Taking a look at that angry look on Qing Ya's face, Ye Hua was really confused. The speed that this woman changes her face is faster than flipping the pages of a book.

"Boss, looking at this situation, it would most probably appear tonight." Wei Chang said lightly as he placed the small fish that was on his fishhook into the bucket.

Ye Hua nodded his head and didn't really place the matter in his mind at all.

Lie Gu completely did not have the mood to fish. With a low voice, Lie Gu said, "Boss, can I go do some other things instead, I feel so bored right now, bored to the point that my balls are aching."

"If your balls are aching, go and find your woman." Ye Hua lighted up a stick of cigarette.

"I shall do as you bid!"

Lie Gu immediately placed his fishing pole down onto the ground, then turned around and walked towards Wen Xia. Arriving at Wen Xia's side, Lie Gu pulled onto Wen Xia who had a shy look on her face and ran into the forest.

Tang Wei who was cutting the vegetables had a curious look on her face. Tang Wei who was still a newbie did not understand what Lie Gu and Wen Xia were going into the forest for.

Qing Ya snorted. Whatever kind of subordinate would have whatever kind of boss. For the subordinate to be dissolute by nature, the boss is definitely not any better. Thinking back to when I first met Ye Hua, Ye Hua's skills with hitting on women were really good.

You Cannot Afford To Offend My Woman

Chapter 142.2: Death Mage's pain 2/2

"Boss, are we really not planning to do a bit of something while we are here?" Wei Chang asked curiously.

Ye Hua took a puff of the cigarette while looking at the water surface, "Do you still remember the question I asked you yesterday?"

"Question?"

"That subordinate of yours." Ye Hua reminded.

Wei Chang recalled. However, I still don't understand what His Honor is trying to say.

"Subordinate is slow-witted."

After flicking the cigarette bud, Ye Hua said calmly, "According to the words of those humans, all of us do not belong to their social circle. However, right now, things are different, we have someone that belongs to their social circle."

"Boss, are you referring to that woman?" Wei Chang's eyes lighted up.

"If that woman didn't appear, the two of you would be able to go and have some fun tonight. However, since that woman appeared, I changed my mind!"

Wei Chang still really didn't understand what His Honor was trying to say. Right now, Wei Chang was feeling very confused.

Ye Hua continued and said, "Sometimes, humans would use any means possible in order to accomplish their goals, even if it means that they had to destroy the innocence of a woman and let her live a life worse than death. If this woman could be used by me, just how interesting would it be when she picks up the butcher knife and chopped it towards her own race."

Wei Chang finally understood now. Wei Chang said with respect, "Boss is superior."

"I remember that in the past, there were so many humans who were abandoned by their companions. During that time, if I had kept those humans, they would have been able to become a bunch of sharp swords for me to use. It is a pity, I was too foolish during that time, and because of it, it even led to a devastating outcome." Speaking up to here, Ye Hua's voice became downcast.

"Your Honor! We were in the fault too, don't place all the blame on yourself."

"As you guys' boss, to not be able to visualize the big picture, it was my failure!" Ye Hua let out a breath. After being a human for five years, then did I understand what it means to visualize the big picture. Thinking back to everything in the past, I was just like a child playing house, so extremely childish.

Denouncing surpasses killing countless of people!

Those Overlords have indeed given me a lesson.

“Wei Chang, this world is not that simple too, all of you can treat this world as a practice and properly prepare yourselves for joining me in campaigning the universe once again in the future!”

“Subordinate understands!” A thirst for blood flickered within Wei Chang’s eyes, and an image was already formed within Wei Chang’s mind.

Within the image, His Honor stood at the front, and at the back of His Honor, it was the Seven Sins, and below their feet, it was filled with the bones of the humans!

“Ask your small skeleton to start preparing. Whether if that female sect master would change to our side or not, it will all depend on him.” Ye Hua flicked the cigarette bud, and the cigarette bud flew out in an arc and landed on the water surface.

“Yes!”

Qing Ya pursed her sexy lips. These two fellows are actually whispering to each other so secretly, I’m sure that they are up to no good!

Just what is it that he can’t speak in front of his wife and have to whisper with his subordinate so secretly, this is angering me to death!

“Boss, the meat are done.” Tang Wei shouted out.

“Qing Ya, go and bring the meat over.” Ye Hua shouted out.

“Not going!”

Oh? Just you wait, see how I am going to deal with you tonight!

Unexpected to Ye Hua, Qing Ya went into the tent while panting with rage. Upon seeing that, Ye Hua stood up. I have decided, there is no need to wait for the night to come, I will go and educate her on how to be a wife right now.

The three maids first saw the lady boss went into the tent, then soon after, they saw the boss went into the tent too. Immediately, they thought of something and their pretty faces turned slightly red. The relationship between the boss and lady boss sure is good.

Tang Wei secretly took a look at Uncle Wei and discovered that Uncle Wei was looking at her too. Immediately, she lowered her head. There are only three tents today, therefore, I am definitely going to be staying together with Uncle Wei in a tent. Upon thinking up to here, Tang Wei’s heart began beating at high speed.

Looking at that shy look on Tang Wei and her attire today, Wei Chang’s heart which had turned old was slowly turning back young again. However, before I think about this, I should properly deal with the matter that His Honor told me to do first!

“Death Mage!” Wei Chang was not summoning Death Mage this time, and instead, he was just merely using long-distance transmission.

“Death Mage!” Wei Chang called out again. Why is there no response?

“Death Mage!!!”

“Cough, cough, cough, master... Woman, don’t you come over to me! Master... I’m sorry... Please wait a moment.” Death Mage’s tone was very panicky.

Wei Chang let out a breath.

After quite a while, Death Mage replied, “Master, I knocked that woman out, there won’t be anyone interrupting our conversation anymore.”

“En? Ah! Who told you to knock her out!!!” Wei Chang responded in confusion at first, and soon after, he shouted out in astonishment.

“Master? I...”

“His Honor gave you a new mission!” Wei Chang said gravely.

Red light began flickering within Death Mage’s eyes. His Honor has finally assigned a mission to me! This mission is definitely the kind that is bloody and violent!

“Even ten thousand deaths will not stop subordinate from completing the mission!”

“Very good! His Honor’s mission for you is to make that female human fall madly in love with you!” Wei Chang felt that this was what His Honor meant.

Death Mage, “.....”

[You Cannot Afford To Offend My Woman](#)

Chapter 143.1: I can bluff whoever that I want to bluff 1/2

“Since you are not speaking, I will take it that you have agreed to accept the mission. You have a chance to accomplish your mission today, properly seize this chance!” After finish speaking, Wei Chang cut off the transmission.

On the other side, Death Mage was completely dumbfounded as he took a look at the woman that was knocked out by him. Make this woman fall madly in love with me?

Perhaps, it would be possible if I turned her into a skeleton. After all, she is a bit ugly and is not as good looking as a skeleton. Also, it won’t feel comfortable to touch her, she is too meaty and not hard enough.

Within the tent.

Upon seeing that Ye Hua walked into the tent, Qing Ya said coldly, “Don’t come in, get out.”

Ye Hua straightforwardly sat down and said faintly, “Why can’t I enter my own tent.”

Seeing that Qing Ya was intending to get up and leave the tent, Ye Hua said leisurely, “The other two tents belong to Wei Chang and Lie Gu.”

“You!!! You are shameless!!!” Qing Ya scolded lovably as she immediately punched her small fist towards Ye Hua.

Ye Hua grabbed onto Qing Ya’s wrist, “Aside from here, you can’t go anywhere else.”

"I am going back!"

"Go back? The entire road is surrounded by the forest. I'm afraid that, before you are even able to get out of the mountain, the sky would have already turned black. In this desolated mountain, there is a lot of wild animals."

Qing Ya glared with her beautiful eyes and said while panting with rage, "You calculated me!"

Ye Hua remained silent as he slowly lied down.

Meanwhile, Qing Ya snorted and lied down on the other side.

After a while, Ye Hua said faintly, "I permit you to come over and lean on me."

This sentence that Ye Hua just said caused Qing Ya to laugh from anger. You permit me? You are simply a super narcissistic.

"Are you not going to come over and lean on me? Forget it, there are lots of other women who would want to lean on me."

"You dare!" Qing Ya sat her body up and glared like a tiger at Ye Hua. Meanwhile, a trace of smile appeared on the corner of Ye Hua's mouth.

Qing Ya immediately knew that she had been duped. I knew that he didn't have any good intentions.

"Humph~ You can go and sleep on your own!"

How would Ye Hua let Qing Ya get away that easily? Ye Hua stretched out his hand, and along with a cry of surprise coming out from Qing Ya's mouth, Qing Ya was pulled into Ye Hua's embrace.

"What are you doing!!!"

"You tell me."

"You are shameless!" Qing Ya's face immediately turned red. There are still people outside!

Ye Hua snorted, "I have always been shameless!"

"You just like to act cool in front of me~" Qing Ya snorted. In actuality, Qing Ya was feeling very happy in her heart. In the end, you are still the one who took the initiative to sue for peace.

Pa.

Ye Hua lightly slapped.

"You beat my butt!"

"Who told you to be disobedient!" Ye Hua said coldly. Now is the time to give her a lesson.

Who knew, Qing Ya was not scared. After raising her arm, Qing Ya slapped onto Ye Hua's butt.

Ye Hua was completely stupefied.

And when Qing Ya saw Ye Hua acting like this, she immediately cowered and lowered her head, not daring to look straight at Ye Hua.

“Do you know what you just did!” Ye Hua said gravely.

With her head lowered, Qing Ya said in a low voice, “I don’t know.”

“Still don’t admit your mistake?! Do you believe that I will slap your butt till it splits open!” Ye Hua said ruthlessly and his hand was already raised up high.

Qing Ya was startled, and she immediately admitted defeat, “I’m in the wrong, I’m in the wrong. Why are you so petty, didn’t I only just slap your butt once? You have already slapped my butt so many times.”

Ye Hua laughed in his heart. I only scare her for a bit, and she admitted her wrong. Qing Ya, you are not a match for me!

You Cannot Afford To Offend My Woman

Chapter 143.2: I can bluff whoever that I want to bluff 2/2

While hugging the woman within his embrace, Ye Hua said faintly, “Do you know your wrong for those few days!”

“Humph!”

Ye Hua raised his hand.

“I know my wrong...”

Ye Hua was very satisfied, “Will you dare to still do it again in the future.”

Qing Ya bit onto her lips. You are lucky that I don’t have any strength, if not, I will beat your butt till it swells. I will be cowardly this time round and let you feel great for a bit.

“I won’t dare anymore.” Qing Ya said pitifully.

After pausing for a moment, Ye Hua asked gravely, “Where did those dolls come from!”

“What did you do to my dolls.” Upon thinking of this matter, Qing Ya immediately presented her little fist to Ye Hua.

“I burned them!”

Doll: “Even if you burned one of me, there will still be millions and millions of me.”

Qing Ya said petulantly, “What are you doing, do you think those dolls are free? Also, those dolls are very adorable.”

“To sleep my woman, those dolls ought to die!”

“To hell with you.” Qing Ya was amused by Ye Hua. As expected of the cultivation world’s big vinegar king.

However, Qing Ya just precisely likes how Ye Hua was. Amongst his overbearingness, he has a spot that dotes for me, just like the overbearing CEO novels that I read when I was still studying.

“Are you still going to quarrel with me again next time?” Ye Hua asked.

"I'm not going to."

"And even if we quarreled?"

"It would all be my fault."

"What if it was my fault?"

"Then it would definitely mean that I was the one who was at fault first."

Ye Hua really wanted to record all of those words that Qing Ya spoke, then find a chance to show off. Look at just how I educated my woman, I really don't know where those men who are afraid of their wives even come from.

Effortlessly, Qing Ya admitted defeat to me.

However, within Qing Ya's heart, Ye Hua was the one who admitted defeat first, and thus she decided to give him some face and let him have a step to come down from.

Suddenly!

Ye Hua pressed Qing Ya down on his body.

Qing Ya looked dumbfoundedly at Ye Hua.

And Ye Hua couldn't help but kiss towards Qing Ya's lips. Ye Hua wants to express that he had been waiting to kiss Qing Ya for a very long time already. This woman is making me feel more and more captivated towards her.

After quite a while, the two separated and Qing Ya feigned anger coquettishly, "You! You swindler!"

"Swindler?"

"Acting stupid? I'm not sure just who was the one who said, I won't touch the same woman twice." Qing Ya imitated Ye Hua's tone and said eccentrically.

Ye Hua slightly went into a daze, then said faintly, "I can bluff whoever that I want to bluff!"

"Shameless! No credibility! Big swindler! Hmmm....."

However, right now, Ye Hua was not only just enjoying kissing Qing Ya, he even stretched his hand into Qing Ya's shirt.

This caused Qing Ya to straightforwardly push Ye Hua away and ran out of the tent with her face red.

Looking at Qing Ya who fled in panic, Ye Hua pursed his lips, "We are already old husband and wife, is there even a need to still feel embarrassed..."

When the people that were outside saw the lady boss ran out of the tent with her face red, all of them had a look of 'as expected' on their faces.

Wei Chang's respect towards His Honor has raised up another level higher.

Meanwhile, Lie Gu still has not returned yet.

At the same time, there was a woman who was about to go crazy.

Within an old district that was situated at Long'an City, there was a house there. This house was practically rented out to other people most of the time. After Xun Fang came down from the mountain, she had been staying at this house.

Right now, Xun Fang was sitting on the sofa. With a sword held within her hand, Xun Fang panted heavily while looking at Death Mage who was currently playing with his game. Don't misunderstand, Xun Fang was just merely exhausted from chopping onto Death Mage.

Even till now, I still clearly remember what happened in the morning. When I woke up in the morning, the first thing I saw when I opened my eyes was this skeleton's face. Without a word, I immediately fought with this skeleton. However, the result was that, I discovered that my spiritual energy had been sealed. Tell me, isn't this infuriating!

In order to take my revenge, I followed him to wherever that he went to. I tried sneak attacking him in all kinds of ways, stabbing him in all kinds of ways, and hitting him in all kinds of ways. I even tried spiking his food with white arsenic. However, it turns out that this skeleton is immune to poison. Furthermore, the skeleton of this skeleton is extremely hard, and right now, my shoulders are sore from continuously chopping onto him with my sword.

Even more, in order to take my revenge, I didn't scruple and allowed him to stay at my place. After all, how could I be like him and sleep under a bridge!

And even more, in order to make sure that he doesn't leave, so that I could find a chance to take my revenge, I had to top up in-game currency for him, and also had to buy cigars for him!!!

This enemy of mine even had the gall to be cocky and threatened that he would leave if I don't help him top up in-game currency! You tell me, isn't this infuriating!

Biubiubiu...

Listening to the shooting sound, Xun Fang leaned onto the sofa powerlessly. My enemy is right in front of me and yet I am powerless to do anything to him. Just what should I do to be able to kill this skeleton! Will stewing him do? I am currently online waiting for a reply...

Death Mage currently could only use the game to fill up the emptiness within his heart. Why did His Honor want me to make this ugly woman fall in love with me? Although I am indeed someone handsome amongst all of the skeletons, His Honor also shouldn't do this to me... If it was a female skeleton, I could maybe consider it for a bit.

[You Cannot Afford To Offend My Woman](#)

Chapter 144.1: Let's run off 1/2

"Jiejie..."

Imperial translation: "I need to top-up again, my balance has run out."

Death Mage picked up his phone and began tapping on the phone. Soon, on the phone screen, it says, 'balance insufficient'.

Xun Fang was at the brim of crumbling. Two hours ago, I have already helped him top-up 500 rmb. Are you eating money?! How did you run out of balance so fast!

This time, when I left the sect, I practically did not bring much money with me. With my heart set on taking revenge, I only brought a few thousand rmb with me!

Death Mage saw that the woman that was on the sofa did not have any response and thus began typing on his phone again.

“If you don’t top-up for me, I’m going to leave.”

Bare threatening!

How many young and talented men have come to my sect and proposed to me? I, the sect master, have never ever paid any attention to them. And yet, today, I have to plead a skeleton to stay at my house, this is truly retribution!

Xun Fang threw her phone onto the table and shouted out coldly, “Top-up yourself!”

Death Mage wasn’t courteous with Xun Fang at all as he took the phone and began transferring money. Death Mage’s action was very smooth, from the looks of it, he has done this kind of thing quite a number of times.

Meanwhile, Xun Fang was very angry. Picking up her sword, she began chopping ferociously towards Death Mage’s head. Xun Fang chopped till the web of her hand began bleeding. However, she didn’t even manage to damage the black robe that Death Mage was wearing.

Seeing Death Mage returning her phone back to her, Xun Fang took over the phone.

However, when she saw the remaining amount that was left on her account, she seemed as if she had been struck by lightning. 1 rmb!!!

Xun Fang immediately snatched over Death Mage’s phone, and she saw that the amount of gold balance that Death Mage had right now was up to 10 digits. He actually spent all the money on buying in-game currency!!!

Xun Fang held onto her forehead and sat on the sofa powerlessly. Soon after, she picked up her sword and began chopping ferociously onto Death Mage again. While chopping onto Death Mage, Xun Fang began scolding, “You bastard, I am going to chop you to death! To actually use my money to play game! Even if you don’t want to eat, I still need to eat! I’m going to chop you to death! Ah! Ah! Ah! Ah! Ah!”

Biubiubiu...

Xun Fang, “.....”

Looking at the cigars that were on the table, Xun Fang’s gaze became ruthless. After taking one of the cigars, Xun Fang walked into the kitchen, then took out a blue color bottle from her backpack.

Soul melting powder!!!

This poison was in powder state. It could be added into drinking water, and could also be ignited while it was drifting within the air. This poison was an exceptional solution for killing people, and furthermore,

this poison was extremely expensive too. Xun Fang did not want to waste this poison, however, she really had no other choice!!!

Xun Fang added the soul melting powder into the cigar.

I will let you smoke till you die, you bastard!!!

After settling everything, Xun Fang took in a deep breath, then walked out of the kitchen.

Looking at the Death Mage who was playing with his game seriously, Xun Fang slowly walked towards Death Mage, then stretched out her hand that was holding onto a cigar.

Death Mage did not even take a look at Xun Fang at all as he took over the cigar and placed it in his mouth.

Seeing that Death Mage did not have the intention to ignite the cigar, Xun Fang let out a breath and let herself calm down.

Picking up a lighter, Xun Fang personally ignited the cigar for Death Mage.

I, the south's prideful woman actually fell to a state where I have to ignite a cigar for a skeleton, I really want to die! However, he is going to die soon!!!

Death Mage took in a deep breath.

Before Death Mage was able to exhale out smoke from his mouth, his body started to emit out smoke first.

Xun Fang's gaze congealed. Looking at the smoke that was drifting around, Xun Fang seemed to have thought of something and she immediately covered her nose and ran towards the window. When Xun Fang arrived at the window, she immediately opened the window and began breathing heavily. I have truly been angered to the point that I became stupid...

"Jiejiejie..."

Imperial translation: "Smells great."

Cough, cough, cough!!! Xun Fang leaned at the window area and began coughing heavily. She even coughed out blood while she was coughing. Xun Fang turned her head around and took a look.

This skeleton is still playing whatever that he should be playing, and smoking whatever that he should be smoking, there is completely nothing wrong with him at all, and I on the other hand, have been poisoned.

I still haven't sought my revenge, and yet, I am instead going to die in front of my enemy. And the important point is that, I was actually the one who poisoned myself!!!

God, what did I, Xun Fang, did wrong? Why are you treating me like this?

Death Mage took a look at the woman that was leaning at the window area and thought to himself, "This woman is too petty. Didn't I merely spend a bit of your money? Just because of this, you couldn't take it and want to kill yourself."

Xun Fang turned around and stared firmly at Death Mage. Even if I die, I am still going to kill him when I turn into a ghost!!!

Death Mage sighed powerlessly as he shot out a black fog from his finger, and the black fog entered into Xun Fang's body.

Xun Fang sneered. You don't have to do anything, I am going to die soon regardless if you do anything or not. However, I won't let you off for this entire life of mine!

Just when Xun Fang was about to die, Xun Fang suddenly felt that her breathing became smooth, her legs and hands weren't numb anymore, and that she could climb a few levels of stairs in one breath.

Why!

Why do you have to take away my right to die too!!!

Xun Fang threw herself onto the sofa and began crying loudly. Xun Fang seemed so helpless and wronged.

Biubiubiu...

There was nothing more important than fishing for fish in this world.

Chapter 144.2: Let's run off 2/2

At the waterfall.

Lie Gu still has not returned yet.

With her small face still red, Qing Ya threw one rock after another towards the water. The small fishes that were within the water all began swimming around in panic. This woman is too frightening.

Secretly taking a look at Ye Hua, Qing Ya discovered that Ye Hua was also looking at her, and her heart began beating crazily. This scoundrel, everything that he said in the past are all lies. Right now, he is actually beginning to touch me here and there, this smelly hoodlum.

That's right! I forgot to ask him about that matter. No, this won't do, I have to ask him clearly about the matter. If it truly won't do, we will just run off then.

With her pretty face red, Qing Ya pulled Ye Hua into the tent.

The few people that were outside became dazed for a moment. The lady boss's appetite sure is big.

Seeing that Qing Ya was being so urgent, Ye Hua laughed lightly, "What's the matter? Night still hasn't come, and you already can't wait?"

"Can't wait your stupid head. Let me ask you about one thing." Qing Ya said solemnly.

"Come into my embrace first."

"Can you be serious for a bit!"

"I like the feeling of hugging you."

Qing Ya went into a daze. Did this man finally become smart, to actually know how to coax me and make me happy.

However, to be able to hear Ye Hua say that, Qing Ya still felt very sweet in her heart. Moving her body, Qing Ya leaned into Ye Hua's embrace.

Ye Hua lightly held onto Qing Ya who was within his embrace and lightly caressed onto her beautiful hair. This feels very comfortable.

"Didn't you say that you want to take wedding photos? You pick a date and let me know." Ye Hua said faintly.

Qing Ya smiled. Qing Ya's smile was exceptionally beautiful this time as she said tenderly, "Then, you cannot go back on what you just said."

"Do I look like the kind of person that would go back on his words?"

"You are bragging again."

Ye Hua lightly flicked onto Qing Ya's forehead.

"Why are you hitting me again."

"I like it."

Qing Ya rubbed onto her forehead, then said with a serious look on her, "Let me ask you one thing."

"Speak."

"Are you being chased by your enemies?" Qing Ya sat her body up and looked at Ye Hua nervously.

Meanwhile, Ye Hua was stupefied by Qing Ya's question. I, the Supreme Overlord, being chased by my enemies? What a great big joke.

However, seeing that nervous look on Qing Ya's face, Ye Hua decided that he was going to tease this foolish woman for a bit.

Suddenly, Ye Hua's expression became downcast, and when Qing Ya saw Ye Hua's expression, she knew that her guess was correct.

"Ye Hua, don't scare me."

Ye Hua sighed heavily, "Qing Ya, there's still time for you to leave me now."

Hearing Ye Hua's words, Qing Ya's beautiful eyes immediately turned red as she hugged onto Ye Hua's tiger waist, "I'm not going to."

Jiejiejie... I'm able to see your inner thoughts just by using some small methods.

"Properly give birth to the child." Ye Hua said gravely.

Qing Ya was crying as she spoke, "Ye Hua, let's run off together. I will sell off my company, all that money will be enough for us to use."

Ye Hua was slightly astonished. I know that the company is very important to Qing Ya, and right now, she is actually willing to sell off her company for me!

Lightly caressing the foolish woman within his embrace, Ye Hua said faintly, "Then, where will we run off to?"

"Anywhere is fine."

"My enemies are very formidable, they will be able to find us very quickly." Ye Hua almost couldn't contain himself anymore. This woman sure is foolish.

You Cannot Afford To Offend My Woman

Chapter 145.1: The war is near 1/2

Qing Ya was extremely anxious right now, "What do we do then! Let's call the police. No, no, it won't do, it is completely useless to call the police."

Looking at the look on Qing Ya's face, Ye Hua finally couldn't contain himself anymore and laughed.

Qing Ya went into a daze for a moment, then soon after, she said ruthlessly, "You are messing around with me aren't you."

"It is because you are too foolish. It can already be counted great if I don't chase after anyone, let alone having my enemies chase after me."

"You!!! I was feeling so worried for you just now and yet you still tease me. Ye Hua! I am going to fight it out with you!"

"Humph, bring it on!"

Immediately, the tent began swaying violently.

The people that were outside were stunned. This... isn't this too passionate already?

However, Lie Gu still hasn't returned yet.

At this current moment, at a place that was 10 km away from the waterfall. This place was revolved around by trees, sounds of birds chirping rang out, and the fragrance of fragrant flowers drifted around the air. This place was a pretty good secluded paradise, but the precondition was that if there weren't any people here.

Although it seemed like there was no one here, but if one were to carefully sense the place, they would discover that there was a huge crowd of people here, and the reason that those people couldn't be seen was that they used a special technique to conceal themselves.

Within a cave that was at the side, a few big shots were gathered there. Their expressions were grim, and they were currently discussing about something.

That's right! Those people were the people from the north, and the reason they came here was to snatch over the ancient godly item!

Amongst those people, there was even a familiar face, Tang Wushuang!

What was worth noticing was that, at Tang Wushuang's side, there was a handsome looking man. The man possessed an imposing appearance, and on his body, there was a faint aura of superiority.

This man belonged to the north's seclusion family, Ye Xiao!

Everyone who was present was respectful towards him, not daring to offend him.

The other three belonged to various other powers from the north that possesses great strength.

Extreme Thought Pavilion's pavilion master, He Feng.

Xumi Monastery's monastery master, Shu Zhenhai.

Phoenix King Building's building master, Man Kai.

Although these powers were not all of the north's strength, these powers were also a sharp sword. At the crucial moment, this sharp sword would be able to stab straight at the enemy's heart!

"Family Head Ye, for you to be able to come here this time, I assume that, regarding the matter of fighting over the godly ancient item, it would be half the work and two times the result!" Extreme Thought Pavilion's Pavilion Master He Feng said with a smile. He Feng was relatively thin, and seemed a little wretched.

Ye Xiao swept through everyone, then said, "The reason I came here this time is because I received Brother Tang's invitation."

With one sentence, it caused the other three big shots to choke. Seclusion families were indeed formidable, in the end, what this Ye Xiao wants to do was to hog the ancient godly item. If the other seclusion families were to know of this, Ye Xiao's family would attract the wrath of all the other seclusion families and get attacked by all sides!

"Brother Ye, little brother feels embarrassed." Tang Wushuang cupped his hands and said with a smile. To be able to invite Ye Xiao over, Tang Wushuang could be said to have gone through a lot of troubles, and the price that he paid in order to invite Ye Xiao over was that he would adhere to Ye Family and become Ye Family's subordinate!

However, as long as I am able to get the ancient godly item! Who knows what would happen in the future?

Ye Xiao patted onto Tang Wushuang's shoulder, "Leave the enemy's experts to me will do, we have to snatch over the ancient godly item at all cost! We cannot let the southern people get the ancient godly item!"

"Big Brother Ye, be at ease, I will definitely do my utmost to snatch over the ancient godly item!"

Xumi Monastery's Monastery Master Shu Zhenhai was a big fatty, his head was glossy and shiny, seemingly just like a pig head. This was the most close-fitting description to describe Shu Zhenhai.

"In order to be safe, I have called for a back-up too." Shu Zhenhai clapped with his hands.

A black figure could be seen walking into the cave, and a suppressive feeling swept towards everyone that was within the cave. Ye Xiao couldn't help but wrinkled his brows as a word appeared within his mind.

Expert!

This black figure wore a black color cloak. That's right! This black figure was the man that was at the arcade!

Phoenix King Building's Building Master Man Kai smiled, "All of you sure are cautious."

Ye Xiao's expression sunk very quickly.

Chapter 145.2: The war is near 2/2

"Let me introduce to everyone." Shu Zhenhai's double chin shook, and his eyes were about to sink into the meat of his face.

The cloaked man snorted, "No need, I am called Emperor Cang!"

"Such a big tone!" Ye Xiao's gaze congealed. I dislike men like this who likes to act cool, and even more, act cool all the way to my face. What's even more dislikable is that he even has the word 'emperor' in his name.

Emperor Cang's pitch-black eyes immediately looked towards Ye Xiao.

Ye Xiao snorted. Want to play? I will play with you then!

The two began gazing at each other.

Don't underestimate what the two were doing right now. In actuality, there were things that could be paid particular attention to. Because the two were both currently emitting out their own aura, the person that couldn't withstand the other's aura would definitely be the first to move his own gaze away.

However, after a minute later, the two seemed to be evenly matched. If they continue to gaze at each other, they could give rise to a commotion, and it would be bad if they were discovered by others.

The two seemed like they had come to an agreement as they withdrew their gazes at the same time.

Emperor Cang did not expect that one of these people would be able to invite over a back-up like this. This guy's strength is pretty strong, however, with this guy here, my plan will become messed up.

"Brother Tang, since it is like this, I will leave first." Ye Xiao said faintly, then turned around and left.

In actuality, I took a very big risk to come over here. If this matter was to be known by the other families, the consequences would be inconceivable. Right now, I just so happened to have an excuse to leave. Just that, with me leaving, I won't be able to acquire Tang Family's power. Forget it, compared to Tang Family's ballot, Ye Family itself is the most important!

"Big Brother Ye!" Tang Wushuang didn't want Ye Xiao to leave just like this. With Ye Xiao here, my chance of snatching over the ancient godly item would be big, but if Ye Xiao isn't here with me...

With Ye Xiao steeled on leaving, none of the people here would be able to get him to stay.

On the other hand, Shu Zhenhai was smiling to the point that his eyes couldn't be seen. With this Ye Xiao gone, things will become much easier.

Tang Wushuang's expression was incredibly bad right now. There is no way that I will help them reap benefit. With a snort, Tang Wushuang left too.

The fight for the ancient godly item hasn't even begun, and two generals had already left the northern's side. It could only be said that their minds were not as one, or perhaps, it was because of Emperor Cang's arrival.

"Everyone, let's discuss about the plan." Emperor Cang looked at the three in front of him and said with a smile.

On the surface, it seems like I was invited over by Shu Zhenhai, but in private, I have also come to an agreement with both He Feng and Man Kai individually, just that, all three of them do not know that. Especially this fatty, the other two are much smarter compared to you.

Man Kai kept his smile and said gravely, "This time, amongst the north, we are the only people here, the others will not be coming. After all, most of the southern powers have come. And perhaps, the southern seclusion families would protect them in the dark too. Also, don't forget about those even more mysterious existences that are within the south."

"Last time, we let Xiao Yi obtain a big benefit. And yet, this time when I went and ask for his help, he was in closed-door cultivation." Shu Zhenhai snorted.

He Feng shook his sleeve, "He already has the Xuan Yuan Sword, if he were to still come and try to snatch over the ancient godly item that would be appearing, it would then mean that he is truly untactful."

With his eyes closed, Emperor Cang did not speak as he listened to them speak.

After a long while, Emperor Cang said slowly, "When the ancient godly item appears, the south will definitely fight for the ancient godly item amongst themselves first. We will just bide our time and fish for benefit at the back!"

Shu Zhenhai laughed loudly, "What Emperor Cang just said is right, at that time, it would be the best time for us to snatch the ancient godly item!!!"

He Feng and Man Kai remained silent with a smile. You have already been sold out and yet you are still unaware of it.

Looking at the three fools, an evil smile appeared on the corner of Emperor Cang's mouth.

"Report!!!"

A disciple that belonged to Extreme Thought Pavilion could be seen running hastily into the cave, "Pavilion Master, the team that we arranged at 10 km away from us can't be contact!"

He Feng's gaze congealed, "I will go and take a look."

“Wait a moment!” Emperor Cang spoke.

He Feng looked confusedly at Emperor Cang.

“The war is near at sight, don’t cause any side issues from arriving, it would be bad if this was the enemy’s trap. Just send someone over to check out the situation over there will do.”

He Feng let out a breath. Soon after, he ordered someone to go and check on just what happened. Just thinking about it is giving me cold sweat, if I were to head over recklessly and get caught in the enemy’s trap, I would have been finished.

He Feng totally had no idea that Emperor Cang’s words had just saved his life.

Chapter 146.1: Show has begun 1/2

At the waterfall.

Lie Gu still has not returned yet...

Ye Hua and Qing Ya whose face was red walked out of the tent together. Qing Ya covered her pretty face. I don’t have any face to meet people anymore now!

Didn’t I just merely give you the cold-shoulder for a few days? Who would even have such a strong vindictiveness? To actually touch me here and there.

“Your figure is becoming better and better.” Ye Hua said with a smile, then went and continue fishing.

Towards Ye Hua’s tease, what else could Qing Ya do. I can only hope that the heaven would suddenly bestow godly powers upon me so that I can beat Ye Hua’s butt and let him know how formidable I am!

Seeing that His Honor was smiling, Wei Chang himself also felt very happy too. His Honor is more and more like a human now.

“Congratulations to Your Honor in reobtaining the madam’s affection.”

“Piece of cake.” Ye Hua picked up the fishing pole and expressed that he was able to settle Qing Ya easily.

“What is a piece of cake?” Qing Ya walked over and asked. Wei Chang immediately turned his head around and expressed that he didn’t know anything.

Ye Hua flung out the fishing pole and snorted lightly, “I said that fishing is a piece of cake.”

Qing Ya took a look at the bucket beside Ye Hua, “It is indeed a piece of cake.”

I don’t believe that I won’t be able to fish until any fish!

Not only was Lie Gu not able to fish until any fish, as the Supreme Overlord, Ye Hua was the same too. Just that, Ye Hua had the patience to continue fishing while Lie Gu did not. On the other hand, looking at Wei Chang’s bucket, there were countless of small fishes and even a few big fishes.

“Give me a fishing pole.” Qing Ya shouted out lovably.

At the back, Yi Ran immediately brought over a fishing pole for Qing Ya.

After skillfully putting on the fish bait onto the fishing hook, Qing Ya flung out the fishing pole.

“What are you looking at, never seen me fish before?” Qing Ya rolled her eyes at Ye Hua.

“Let’s have a match?”

“Bring it on, what do you want to bet!” Qing Ya’s mood was pretty good right now.

“You choose.”

“Okay then! Whoever loses will have to buy breakfast for a week.” Qing Ya raised her chin and said confidently.

“Okay!”

This foolish woman wants to win against me? Does she not know that it is actually very simple for me to win? I just have to slightly cheat a bit and I will be able to win easily.

The corner of Wei Chang’s mouth raised up. His Honor is cheating while he is having a bet with the madam. His Honor is definitely going to be the one to win the bet. Wait a moment! When I have a bet with Xiao Tang, I can also cheat too! That way, I will be able to easily win the bet and obtain Xiao Tang’s reward!

His Honor is truly brilliant. Every action of his is able to allow me to learn and benefit from, and every word of his is contained with all kinds of profoundness. His Honor is becoming more and more formidable.

After a long while.

“I’m not fishing anymore! You are cheating.” Qing Ya snorted.

“Lose means lose.” Ye Hua said faintly.

Qing Ya said petulantly, “May I trouble you to please not make it so exaggerated next time when you cheat? You have to know how to balance things!”

“Balance?”

“That’s right. You take a look at your bucket. You weren’t able to fish a single fish after fishing for an entire morning, and yet during the half an hour that you fished together with me, your bucket became full. You are cheating too obviously. If you had controlled the number of fishes that each of us caught individually, and during the last moment, if you were to win with a slight advantage against me, who would know that you had cheated? You are stupid to death.” Qing Ya stretched out her finger and poked onto Ye Hua’s forehead.

Normally, Ye Hua was definitely going to flip out, however, Ye Hua did not this time, because Ye Hua finally figured out a problem. This problem had even appeared within the Seven Sins in the past. After hearing Qing Ya’s explanation, Ye Hua immediately understood everything.

Pushing everything straight forward is the action of a boor, the wise would be able to control the boor to help him push everything straight forward.

Stretching out his hand, Ye Hua pinched onto Qing Ya's small face, "Alright, I will buy breakfast for you for a week."

"Humph, humph, this is much better. Quickly withdraw your magic, I still want to fish for fishes." Qing Ya smiled lovably. I feel that Ye Hua's temper has become much better.

After a long while, Ye Hua said faintly, "Someone's ability to act cool sure hasn't changed in the slightest bit."

"You! You definitely cheated again!"

"Then, what is the reason for me to cheat?" Ye Hua lighted up a stick of cigarette and asked.

Qing Ya pouted her mouth, "Because you want to tease and laugh at me."

"I wouldn't do something that senseless."

Ye Hua's index finger moved slightly, and the fishes within the water began swimming around freely.

Alright, I, Ye Hua, would do something that senseless.

Wei Chang who was at the side memorized into his brain each and every action that His Honor did. The more Wei Chang thought about the meaning behind His Honor's each and every action, the more astonished he became. His Honor is too profound... I feel like I will be able to do that with Xiao Tang soon.

Chapter 146.2: Show has begun 2/2

"Boss, I'm back~"

Lie Gu could be seen carrying Wen Xia who was unconscious and walked out from the forest that was at the side. After placing Wen Xia in his own tent, Lie Gu happily ran over and started fishing again.

After sitting for a while, Lie Gu felt that the atmosphere wasn't right and asked curiously, "What's the matter?"

"You went to do that for a few hours?" Wei Chang asked.

"I didn't leave for very long though? I only left for a few hours." Lie Gu said indifferently. From my view, today could be counted quite short already.

Ye Hua turned his head around and looked towards Qing Ya. Qing Ya immediately knew what Ye Hua was thinking about in his mind and she immediately presented Ye Hua with her little fist.

Bai Xiaozhen went and check on Wen Xia's 'injury', while Yi Ran and Tang Wei took care of the food.

"Xiao Tang, you take care of this side first, I will come back shortly." Yi Ran said gravely.

"Sure thing, Big Sister Yi Ran."

Yi Ran's figure disappeared. The reason Yi Ran left was because she sensed that another random fish has come over here to disturb the boss's peace.

After a few minutes later, Yi Ran returned, with her outfit and hair still completely intact.

Ye Hua and the others naturally sensed it too. Upon seeing Yi Ran returned, Ye Hua said towards Lie Gu and Wei Chang, "All of them did pretty well."

"Thank you boss for the compliment."

"Thank you boss for the compliment."

Qing Ya was completely confused. I don't understand what they are talking about at all, are they speaking secret codes to each other?

The sky gradually turned dark, and everyone sat down on the chairs and began enjoying the delicious food. At the dinner table, Ye Hua stood up and raised his wine cup.

Everyone did not dare to be negligent as they immediately stood up. Of course, the four maids were also included among the people that stood up. And amongst the four maids, Wen Xia was feeling very shy, the flush on her pretty face still haven't subsided up till now.

Ye Hua said faintly, "It's been a very long time since we last went out together, I am very happy this time, cheers!"

"It is our happiness for the boss to be happy!" Aside from Qing Ya, everyone shouted out in unison.

Causing Qing Ya to feel like she was like an outsider.

After sitting down, Ye Hua said towards Qing Ya, "Aren't you very curious about the so-called cultivation world? I will let you have a look at it today."

Without waiting for Qing Ya to reply, Ye Hua waved his hand, and a light blue color light appeared on top of the dinner table. The light blue color light was like a holographic image, there was a lot of people within the holographic image, and their faces were filled with excitement.

Ye Hua said faintly, "Everyone, let's watch while we eat."

Qing Ya's gaze was fixated onto the holographic image, and she totally could not bother with eating right now.

Ye Hua also did not obstruct Qing Ya from watching the holographic image. It is about time that Qing Ya come into contact with everything. However, I will have to take it slowly, I'm afraid that she wouldn't be able to accept it if everything was thrown at her in one go.

Aside from Qing Ya, Tang Wei was also attracted by the holographic image. On the other hand, the three celebrities were a little bit better, they were at least able to eat while they watch the holographic image.

Ye Hua, Wei Chang, and Lie Gu did not really take what was happening on the holographic image to heart. Perhaps, later on, when the little skeleton appeared, the three would then be interested in taking a look at the holographic image.

At a place that was 20 km away from here, a big mountain had been completely eradicated. Around the surroundings, various kinds of excavators could be seen. And in the middle, there was a hole that was 20 meters diameter big. The hole led all the way deep down, and on top of the hole, there was a pulling machine. Various kinds of treasures were being transported out of the hole.

Standing on one side of the edge of the hole were Wang Dabao, Zuo Xinran, Zhi Anyan, Guang Tianlu, and on the other side were Hai Daisi, Che Zhixuan, Yang Yi, Ge Zheng, and also Cloud Sect's new sect master, Xun Yi! Xun Yi was Xun Fang's junior sister.

What all of them wanted was the ancient godly item, they were completely not interested in the various kinds of treasures at all.

"It's coming out! It's coming out! It's coming out!"

A person that was within the hole acclaimed in high spirits. At this moment, everyone's attention became focused. Just what kind of ancient godly item will be appearing this time?! Will it be a weapon? An armor? Or a magic tool!

When they saw that a white jade coffin was pulled up, everyone became nervous, because a strong spiritual energy fluctuation was being emitted out from within the coffin. The ancient godly item was right within the coffin!!!

[You Cannot Afford To Offend My Woman](#)

Chapter 147.1: Bring you to act cool, bring you to fly 1/2

Long'an City's rich merchant, You Yusi ran over hurriedly, "Alliance Master Hai, about the situation?"

"You Yusi, you all can bring those treasures and leave first." Hai Daisi's gaze was tightly fixated onto the white jade coffin. As long as I am able to obtain this ancient godly item, would the ability power world still even need to be afraid of the cultivation world!

Hai Daisi seemed as if he was already able to see the ability power world's rise in power.

Meanwhile, You Yusi immediately left with the other rich merchants. A fight is about to break out here, it is better for us ordinary people to leave earlier.

The ordinary people all left very quickly. And right at this moment, countless groups of people appeared within the air and ground. Those groups of people stood behind the back of their own boss. About ten thousand people circled around the white jade coffin, the big battle was about to happen at any moment!

Wang Dabao stood out and laughed, "How should we distribute this ancient godly item?"

"We of course cannot cut it into pieces and distribute the pieces among us." Zuo Family's Zuo Xinran said faintly.

Traceless Pavilion's Pavilion Master Ge Zheng laughed out loudly, "How about we decide it with scissors paper stone? This humble one is quite skilled in scissors paper stone."

“Ah, ah, childish. I know a kind of new playstyle to play Fight the Landlord. How about we decide it with Fight the Landlord and avoid the scenario where blood would spill and form into a river!” Dry Zen Sect’s Che Zhixuan shouted out.

Cloud Sect’s new sect master Xun Yi said lovably, “Everyone, please calm down. This one feels that all ancient godly items have their own consciousness, this ancient godly item will definitely choose its own owner.”

Zhi Family’s Zhi Anyan adjusted his glasses and sneered, “What qualification does a woman that has been slept by all of her sect’s elders has to speak!”

Xun Yi’s gaze turned cold, “You better make sure that your mouth is clean when you speak!”

Guang Family’s Family Master Guang Tianlu who had been remaining silent all along said faintly, “If you didn’t climb onto your elders’ beds, how were you able to become the sect master so easily?”

“Audacious! Our sect master is not someone that you all can slander!” Cloud Sect’s disciples shouted out and drew out their swords.

Xun Yi laughed faintly, “The two of you are speaking without any evidence. Seems like you two have something against my Cloud Sect. If so, we will have no choice but to fight it out!”

Wang Dabao spread out his hands, “Let’s fight then. The final power that remains after the fight should receive the ancient godly item.”

All of the big shots nodded their heads. How could no blood spill when fighting over the ancient godly item!

Right when the few parties were about to begin fighting, a black void suddenly appeared at the scene. Death Mage could be seen walking out of the black void while holding onto his sickle. On Death Mage’s mouth, there was a cigar, and even more, there was a woman hugging onto him.

Everyone that was present was dazed.

Xun Fang who was within Death Mage’s embrace was dazed too.

A minute earlier.

Within the rented house.

Death Mage had already charged his phone to full, to prevent his phone from running out of battery while he was playing his game. My balance does not need to be topped up for the time being, and I have prepared my cigar, it’s time to set out!

However, before I leave, I better search on Baidu on how to get a woman to fall madly in love with a skeleton.

However...

There wasn’t any result.

I will change skeleton to man then.

And as expected, lots of results appeared this time. Death Mage felt that pretty much all of the results were not suitable for him.

Injuring oneself to gain the other's pity? Won't do.

Hero saving the beauty? She is too ugly already...

Acting cool and receive the beauty's affection.

This one can be considered.

"Jiejiejie..."

Imperial translation: "Ugly woman, I will bring you out to act cool."

While crying, Xun Fang became exhausted and fell asleep. Upon opening her red and swollen eyes, Xun Fang immediately stood up and attacked towards Death Mage.

When Xun Fang had spiritual energy, she was not a match for Death Mage, so let alone when she did not have any spiritual energy.

Stretching out his hand and pulling Xun Fang into his embrace, Death Mage summoned the black void and stepped into the black void.

And this was what happened a minute earlier.

Chapter 147.2: Bring you to act cool, bring you to fly 2/2

South's prideful woman was leaning onto a skeleton with her eyes red, and both of her hands were even hitting onto the skeleton's chest. How could an image like this not cause others to have the wrong idea?

The ten thousand people that were present began whispering to one another.

"Tsk, tsk, tsk, this Cloud Sect's sect master sure is licentious, she actually really got together with a skeleton."

"Does the skeleton even have a handle? Look at that prideful woman, she got handled by that skeleton to the point that she cried."

"The big one is f**ked by a skeleton, and the small one is f**ked by the elders. So Cloud Sect is actually a depraved den."

"That's right, that's right, and I originally thought that Sect Master Xun was framed, but from the looks of it now, her taste is indeed unique."

"Humph, what do all of you even know, what she is doing is called hugging onto a skeleton's leg. Do you all know who this black robe is? This black robe is the one who fought with Xiao Yi. If not, why do you all think that Xun Fang would go and serve upon this skeleton!"

"F**k, there is even a matter like this? This woman is indeed lewd. And she even acted like she was a saint in the past. Tsk, tsk, tsk."

Xun Fang's originally red pretty face gradually turned pale. Although they were speaking in a very low voice, their words still fell into Xun Fang's ears.

Xun Yi could be seen walking out a few steps and laughed, "Senior sister, why did you suddenly come here for? It couldn't be that, now that you have a backing, you also want to come and try snatch over the ancient godly item, right?"

The big shots that had always been in love with Xun Fang have completely given up too. Just based on that scene just now, my goddess has definitely been defiled by the skeleton.

Filthy! Sickening!

Raising Thunder Sect's sect master said gravely, "Xun Fang, I have misread you! I didn't expect that you would willingly degrade yourself and become a skeleton's female slave!"

"Xun Fang, why did you even do this? In the past, you said that you won't be finding a man for this entire life of yours, and yet, right now, you... Sigh!!!" Hai Daisi lamented. Tears of regret flowed out from Hai Daisi's eyes.

Dry Zen Sect's Sect Master Che Zhixuan said faintly, "Xun Fang indeed did not find herself a man, she found herself a skeleton."

When Che Zhixuan finished speaking, ten thousand people laughed at the same time.

Xun Fang's expression was perplexed, pushing away Death Mage from her, Xun Fang walked a few steps forward slowly.

"You all are mistaken, it's not like what you all think." Xun Fang shouted out loudly. Why is everyone misunderstanding me, how would it even be possible that I would get together with a skeleton, what I merely wanted to do is to take my revenge!

Traceless Pavilion's Ge Zheng said faintly, "Xun Fang, you made me felt very disappointed, I didn't expect that you were this kind of woman, you have truly thrown our cultivation world's face!"

"Sect Master Xun, quickly go back to your daddy skeleton's embrace."

"Daddy skeleton's fingers are very long, but they are too slender, mine are just nice, do you want them?"

All those disciples began ridiculing Xun Fang. Xun Fang tightly held her hands into fists. Upon seeing that, Death Mage immediately undid Xun Fang's seal.

Bang!

A resplendent light could be seen blossoming out from Xun Fang's body and rushed straight up to the sky, illuminating up to a radius of 1 km.

Everyone was astonished. She actually broke through at this timing!!!

A purple color sword congealed in Xun Fang's slender hand, and immediately, the radiance of the sword radiated out in all directions.

“Why are you all not willing to believe me! Why!” Xun Fang raised her head towards the sky and shouted out. In the next moment, Xun Fang brandished the purple sword that was within her hand.

A purple color half-moon shaped sword energy was shot out and chopped towards the crowd. The sword energy slashed out a deep chasm, and within the chasm, it was filled with broken arms and legs. All those arms and legs belonged to the people that ridiculed her just now.

A red light flickered within Death Mage’s eyes. This woman is very vicious! No wonder His Honor wants me to make her fall madly in love with me, that way, she would be able to be of use to me. His Honor is truly formidable.

Xun Yi’s expression sunk as she shouted out loudly, “Senior sister has fallen into the demon dao, kill her!”

As expected, along with Xun Yi’s shout, all of Cloud Sect’s disciples advanced towards this previous sect master of theirs!

The other powers that were at the side also began to move. Ten thousand people were attacking towards a weak woman.

Xun Fang slowly lowered the sword within her hand and closed her beautiful eyes. Death is the best relief for me.

After waiting for quite a while, the pain that she imagined did not appear. Opening her eyes, Death Mage appeared in front of her. Death Mage raised his sickle, and all of the surrounding people flew out.

Why! Why is my enemy the one that saved me in the end! While the people that were close to me in the past are pointing their swords towards me!

Death Mage didn’t have the time to think too much. After pulling Xun Fang who was in a daze into his embrace, Death Mage stepped into the black void again. The reason that Death Mage left was because when he used his magic just now, he sensed that he seems to have caused something that was within the coffin to become dissatisfied. That kind of frightening power... it was like...

Chapter 148.1: Nine Demons Pagoda 1/2

Everyone didn’t expect that black robe would leave so easily. They even thought that black robe was going to stick out for Xun Fang.

Zuo Xinran was in a very bad mood right now. Just now, that sword energy that Xun Fang slashed out, all of the people that got attacked by it belonged to him. Right when Zuo Xinran wanted to take revenge, Xun Fang and Death Mage disappeared! Say, how could Zuo Xinran not be angry!

Wang Dabao laughed lightly, “Alright, everyone, we should open the coffin first.”

“That’s right! Open the coffin first and see just what is inside! After that, it wouldn’t be too late to begin fighting for the ancient godly item.” Hai Daisi laughed.

Everyone began to hold their breaths. Just what kind of ancient godly item is within this coffin!

Cloud Sect sent out four disciples to go and open the coffin. The four disciples were extremely nervous. Because it is a coffin, it means that there is definitely a person inside!

And the ancient godly item is right inside this coffin. Who knows, the person inside the coffin could be the protector of the ancient godly item. If we opened the coffin, and the corpse within the coffin starts moving, what should we do!

“Quickly!” Xun Yi shouted out coldly. What are they doing, taking their own sweet time!

The four disciples didn’t dare to dillydally anymore. Each of them stood at one side of the coffin, and after taking in a deep breath, they began exerting their strengths!

Zi, zi, zi!!!

The white jade coffin let out a heart-palpitating friction sound. Everyone did not dare to even make even the slightest sound.

When the coffin was opened, the four disciples’ expressions were a bit astonished.

Within the coffin, there lied a 7 to 8 years old little girl. The little girl’s hair was tied into a double ponytail and she wore a pretty princess dress. Although the little girl’s eyes were closed, she looked extremely adorable, the baby fat on her little cheeks caused others to not be able to help but to want to pinch onto it.

However, no matter how eye-attracting the little girl was, the little girl was not as important as the thing that was within her hands.

Ancient godly item!

Cloud Sect’s disciples’ expressions sunk, and they took the lead to snatch the ancient godly item!

Hai Daisi snorted as both of his hands jolted, and immediately, wind magic was shot towards the four Cloud Sect disciples. The four Cloud Sect disciples were blown up towards the sky and turned into four stars.

“What a nice plan, Sect Master Xun!” Ge Zheng’s brows were filled with fury as he said coldly.

Xun Yi scolded the four disciples ‘fools’ in her heart as she squeezed out a smile and said, “It is hard to avoid from there being a few traitors within the sect.”

Wang Dabao who was at the side was currently secretly discussing about something with the three other family heads. In any case, what they were discussing about together was definitely not something good.

Che Zhixuan lifted upwards with his hand, and immediately, the coffin was erected upright and faced towards everyone!

Upon seeing the person and item within the coffin, everyone gasped. There is actually an adorable loli within the coffin! However, no matter how adorable the loli is, she isn’t as adorable as the item that is within her hands!

“Nine Demons Pagoda!” Che Zhixuan’s gaze congealed as he mumbled.

When Wang Dabao and the others heard that name, they immediately revealed a gasp of surprise.

“This is the rumored Nine Demons Pagoda?!” Zuo Xinran looked at the pagoda that was within the loli’s hands and said dazedly.

The pagoda that was within the loli’s hands was not very big, it was roughly the size of an adult’s palm. The pagoda had a total of nine layers, and the pagoda’s body was ink-black in color. If one was to look attentively at the pagoda, they would discover that each of the layers was emitting out a black fog, and the black fog that was emitted out from that particular layer was revolving around that layer.

Yang Yi looked at the Nine Demons Pagoda and mumbled, “It is rumored that during the great war between gods and devils, countless ancient godly items fell into different parts of the earth. However, from ancient times up till now, all of the ancient godly items that have appeared have all represented righteousness. And this time, the ancient godly item that appeared is actually a devil item! Nine Demons Pagoda! This is unimaginable!”

“It is rumored that when this pagoda appears, rivers of blood would definitely form!” Ge Zheng’s brows were tightly wrinkled, and there was hesitation within his tone, not knowing whether if he should snatch the ancient godly item or not.

Xun Yi snorted lovably, “Who cares if it is a devil or a god, as long as it is an ancient godly item, it will do. If you all don’t want it, I want it!”

After finish speaking, Xun Yi jumped forward with her body and took the lead to snatch the ancient godly item.

Hai Daisi laughed in disdain as he formed a big fireball with one of his hands and threw it out towards Xun Yi.

Xun Yi drew out her sword, “Insignificant attack!”

The sword easily slashed away the big fireball. However, at this moment, Yang Yi sneak attacked from the side. Xun Yi hurriedly defended, however, she was still kicked by Yang Yi and sent flying away. Luckily, she didn’t roll on the floor, if not, her face would have been greatly thrown.

“Yang Yi! You dare to sneak attack me!” Xun Yi’s willow brows wrinkled as she questioned gravely.

Chapter 148.2: Nine Demons Pagoda 2/2

Hai Daisi and Yang Yi slowly walked to the middle. The two nodded their heads at each other, and soon after, one of them said, “This item is an ominous item, burying it deep within the ground is the best solution!”

Guang Tianlu shouted out loudly, “Alliance Master Hai, Sect Master Yang, is it that, after burying the ancient godly item, you two can hog the ancient godly item for yourselves afterward!”

Yang Yi shouted out solemnly, “Everyone! This Nine Demons Pagoda is able to entice one to go astray! Rumors has it that, even a god had turned into a devil because of the Nine Demons Pagoda!”

“That’s right! The things that are imprisoned within the Nine Demons Pagoda are the souls of ancient demonic beasts! The higher the layer, the more ferocious the soul is! And at the top layer, what is imprisoned there is a devil king! At that time, it won’t be you controlling the pagoda, but the pagoda controlling you!” Hai Daisi shouted out angrily.

However, not only did their persuasions not let everyone feel afraid, it made everyone wanted to obtain the pagoda even more!

Wang Dabao raised his head and asked loudly, “How did you two know that much about this pagoda!”

“Humph, how could I let you know the secrets of my sect?” Yang Yi said in disdain.

Zuo Xinran stretched his neck left and right, “Hearsays! What you two want to do in the end is but merely hog the ancient godly item to yourselves!”

After Zuo Xinran finished speaking, Zuo Xinran suddenly summoned his armor, and a green color long blade appeared in his right hand at the same time too. Immediately, Zuo Xinran became fully armed, and a frightening spiritual energy burst out from him.

Not only Zuo Xinran, Wang Dabao also immediately summoned out his equipment.

On the other hand, Zhi Anyan did not fully armed himself, and instead, he took out a book and read silently with his mouth. Immediately, a huge flame beast appeared.

“Roar!!!” The beast bellowed. The bellow resonated throughout the heaven and earth, this beast was extremely frightening.

Guang Tianlu took out three cards and threw the three cards out.

The three cards each emitted out a white color light, and to one’s surprise, the three cards turned into three ice primal wolves. Each of the ice primal wolves were stepping onto a green color flame with their feet, appearing seemingly bizarre.

South’s four big family heads rarely personally set out to fight. Everyone from the cultivation world was a bit astonished by the four big family heads. As expected of people who belonged to the head of a family!

However, even if it was like this, all of the parties were still hooting at each other, and no one dared to truly attack. As long as the fight starts, rivers of blood would definitely form!

Right when everyone was hesitating, the pagoda that was within the loli’s hands suddenly flew out from the loli’s hands and floated within the air!

Everyone’s gaze was moved towards the Nine Demons Pagoda that was floating within the air, and their eyes were about to pop out of their eye sockets.

Suddenly!

The Nine Demons Pagoda rushed towards Xun Yi, and Xun Yi grabbed onto the Nine Demons Pagoda exultantly, “This ancient godly item is mine!”

Wang Dabao shouted out loudly, “Kill!!!”

“Kill!!!”

“Kill!!!”

The scene immediately turned into chaos and everyone began fighting with each other!

At a place not far away, Emperor Cang looked at everything that was happening and revealed out a confident smile on his face. Go on and kill each other! Kill to your heart’s content! The Nine Demons Pagoda is mine!

Amongst one of the fights that were happening, two disciples that belonged to different powers could be seen fighting while chatting with each other. The two were practically pretending to be fighting with each other. It was reckoned that, even after everyone had died, the two of them still wouldn’t have finished their fight.

“Don’t you feel that it is strange?”

“What is strange? Pay a bit attention to your expression, you have to carry along a bit of killing intent within your expression, don’t let others see through us.”

“You take a look at the loli that is within the coffin. This ancient godly item, even if it hasn’t been buried for ten thousand years, it should have been buried for at least a thousand years, right?”

“So what if that is the case?”

“You take a look at that loli, that loli is wearing a lace princess dress, and eye-dazzling diamond high-heeled shoes. Are the people from a thousand years back so fashionable?”

“After listening to what you said, you are right, it is rather strange.”

At the waterfall.

Wei Chang and Lie Gu’s expressions were a bit strange, while Ye Hua’s expression was still tranquil as always.

“The little girl within the coffin is so pitiful, to have died at such a young age.” Qing Ya couldn’t help but said. Right now, then did I know that the television is not lying, for a treasure, they are willing to fight and kill with each other.

“Pitiful?” Ye Hua laughed lightly as he looked towards the loli that was within the coffin and thought to himself, “She is not pitiful in the slightest bit!!!”

Chapter 149.1: I am an expert in killing 1/2

Qing Ya looked at the loli that was within the coffin and said, “That’s right, look at how adorable she looks. It is truly a pity that she died.”

Wei Chang and Lie Gu took a look at each other, and their gazes were filled with helplessness.

“Don’t look anymore, the food is getting cold.” Ye Hua reminded. This woman is enchanted by the show.

“Don’t mess around, let me watch just what the outcome would be. So many people are fighting with each other over that pagoda, Ye Hua, why aren’t you fighting over the pagoda too?” Qing Ya asked curiously.

Ye Hua lighted up a cigarette and said faintly, “What is there good in fighting over a garbage.”

Qing Ya rolled her eyes at Ye Hua, “Take a look at you, your acting cool after smoking syndrome is acting up again, sigh...”

Ye Hua couldn’t help but stretched out his hand and pinched onto that smooth little cheek, “Eat your food.”

“Humph~”

Although Qing Ya began eating the food, her gaze was still fixed onto the holographic image.

Meanwhile, the others have already finished eating and were currently watching and waiting to see what the outcome would be.

Currently at the scene, the spectacle was extremely tragic. Amongst the ten thousand people, after 10+ minutes had passed, only a thousand people were left!

Although the various big shots were all still alive, their bodies were wounded from the fights. Right now, the Nine Demons Pagoda was a thorny item, whoever who held onto it would get attacked by the others!

This caused the ancient godly item to be thrown onto the ground, as if it was a garbage item.

Bang, bang, bang!!!

Under the cultivation world’s bombardment, the flame beast collapsed with a loud bang. Zhi Anyan suddenly spat out a mouth of blood, and a disciple immediately went up and supported onto Zhi Anyan.

“Everyone, I will be withdrawing first!” Zhi Anyan held onto his chest. Summoning the beast consumed too much of my spiritual energy. I didn’t expect that those bastards of the cultivation world would be so durable. It is going to take me at least a year to fully recover my strength, if I were to continue on fighting, it won’t be worthwhile for me.

Wang Dabao’s expression sunk, “Zhi Anyan, are you going to leave just like this?!”

“Wang Daobao, goodbye!”

Wang Dabao almost spat out a mouth of blood, goodbye your mom! You scum!

As expected of the sects that belonged to the cultivation world, as sects that were thousands of years old, their accumulation was indeed deep, families that only had 2 digit years of accumulation were completely not able to withstand the bombardments of those sects!

Wang Dabao’s expression was grave. From the looks of it, I’m afraid that this ancient godly item is going to fall into the hands of the cultivation world!

Emperor Cang who was watching the fight was starting to become restless. I just have to wait for a bit more. Right now, one party has already left, the various family heads will soon not be able to withstand the cultivation world's attacks, and very quickly, it will turn into an internal strife amongst the powers of the cultivation world! At that time, when they are fighting to the death with each other, I will come out and fish for the benefits! Doesn't that just sound great!

At the corner of the scene, the two disciples were still fighting with each other.

At their sides, everyone had already collapsed, and the two of them were the only people left that were still standing. This caused their fight to seem a bit fake.

"You collapse or I collapse?"

"Let's collapse together, if we continue acting, we will get exposed."

"Alright! Let's collapse together."

The two seemed like they have come to an agreement as the two flew out at the same time. However, one of them landed onto a corpse.

Pfft!

"Brother, go easy a bit."

"The f**k, brother, you are pretending dead too?"

"Don't speak anymore, pretend to be dead."

However, at a place that was not far away from them, the Nine Demons Pagoda that was left on the ground suddenly floated up into the air, then flew towards the distance.

Everyone who was fighting with each other was startled and they immediately chased after the Nine Demons Pagoda.

Emperor Cang's heart sunk as he looked at the huge amount of people that were heading towards his side. Could it be that, I have been exposed?!

Unexpected to Emperor Cang, the Nine Demons Pagoda suddenly appeared in front of him, and he became exulted!

Emperor Cang stretched out his hand and grabbed onto the Nine Demons Pagoda. After grabbing onto it, Emperor Cang began feeling that familiar feeling that was coming from the Nine Demons Pagoda.

"Northerners!" Che Zhixuan shouted out loudly as he threw out a few poison pellets towards Emperor Cang. It is fine for us southerners to fight over the ancient godly item amongst ourselves. But for there to be northerners here too, what is the meaning of this!

At this moment, everyone who was still fighting with each other a moment ago suddenly became of one mind and attacked towards Emperor Cang and the others.

The three that were behind Emperor Cang were immediately scared to death. This Emperor Cang did not wield the plot properly, everything has crashed!

The three couldn't care about whatever agreements they had with Emperor Cang anymore as they turned around and ran.

Emperor Cang did not care about these three at all, because his goal from the start was to get his hands onto the Nine Demons Pagoda. Right now, with his goal achieved, what does he need these three for anymore?

"Who are you!" Xun Yi pointed her sword at Emperor Cang and shouted out.

Emperor Cang raised the Nine Demons Pagoda that was within his hand up high and shouted out loudly, "Thou am Emperor Cang!"

Everyone became dazed for a moment.

I have never heard of such a weird name before. Thou Am Emperor Cang? Four words, and it's so unsmooth to read it out. Could it be that, he is someone that belongs to Great Master Cang?

Emperor Cang was sneering. Quickly come and kneel before me! Right now, with the Nine Demons Pagoda in my hands, who would even be able to be a match against me, Emperor Cang!

As long as I, Emperor Cang, releases the grievance spirits within the Nine Demons Pagoda, all of you will die! Die! Die!

However, right when Emperor Cang was about to exhibit out his might, the southerners that were in front of him suddenly began whistling towards another direction.

Dazed...

Emperor Cang was dazed...

Raising his head and taking a look at his hand, he discovered that the Nine Demons Pagoda disappeared!

A never before anger began erupting within Emperor Cang's heart.

Bang!

With Emperor Cang as the center, an airwave blew out in all directions, and immediately after, a resonance spread out through the heaven and earth, and a loud burst suddenly rang out!

Emperor Cang's entire body turned into a lump of black fog and chased towards the Nine Demons Pagoda.

The Nine Demons Pagoda belongs to me, Emperor Cang! All of you can forget about snatching away the Nine Demons Pagoda from me!!!

Emperor Cang's entire plan was completely messed up, and thus right now, he had no choice but to fight over the Nine Demons Pagoda with force!

[You Cannot Afford To Offend My Woman](#)

Chapter 149.2: I am an expert in killing 2/2

Currently, at the center of the battlefield, there was blood everywhere on the ground. There were quite a number of people who haven't died that were howling in pain while lying on the ground, and also,

quite a number of people who were pretending to be dead were currently observing around their surroundings.

Within the white jade coffin, the loli whose eyes were originally closed suddenly opened her beautiful eyes. The loli's pupils were bright red in color, and if one were to look attentively at her eyes, they would discover that there was a complicated black color veined pattern within each of the pupils. However, matching with that loli's face, the loli truly looks adorable to death.

The loli could be seen grinning as she lightly floated out of the coffin. Soon after, the loli landed onto the ground, and her high heel shoes stepped onto the blood that was on the ground.

"Lalala... lalala, I am an expert in killing."

Within the scene that was just like that of a purgatory, the sweet voice of a loli rang out. The loli hopped around the ground, causing the blood that was on the ground to splash onto her white color princess dress, and gradually, the white color princess dress turned into bright red color. The originally white color diamond high heel shoes also turned into red color.

Bang!

Suddenly, the sound of thunder rang out, and the sky began pouring. At this moment, the scene could really be described as rivers of blood.

"Lalala, lalala, where are all of you?" The loli hopped around while searching.

The two that were pretending to be dead together just a while ago couldn't stop the fear that was appearing within their hearts, and their bodies began trembling. The loli that was within the coffin actually came to live!

What did I say just now! I knew that there was definitely a problem with the loli, where would someone that was from the ancient times wear a princess dress!

"Found you~"

The sweet voice rang out at the man's ear, and the man swallowed a mouth of saliva as he slowly turned his head around while his entire body was trembling.

The man's eyes were filled with fright. Although the loli that was in front of the man's eyes was very adorable, along with that adorableness, there was also ruthlessness hidden within the loli. The grin on the loli was enough to make one's heart go stiff.

"You won't be able to run away~"

The loli's ponytails suddenly raised.

The man couldn't help but want to run away, but he wasn't able to do it!

The man watched helplessly as one of the ponytails entered into his mouth, and when the ponytail entered into his mouth, the man could feel that the hair was growing crazily, and in no time, the hair grew and went all the way up to his head and the bottom of his soles.

No! She is absorbing away my blood essence! No! No!

At the scene, the man shouted out miserably, and the loli's hair gradually turned from black color to red color.

Looking at the man that had become dried up, the loli withdrew her ponytail from the man's body, "I finally came up with a plan after going through great difficulty, and yet, only this much people came. Annoying~ Wasted my brain cells for nothing~"

The loli puffed her cheeks and stomped her feet onto the ground. Soon after, her double ponytail flew upward and began splitting into more ponytails unlimitedly. No matter if they are dead or alive, I will pierce into all of them and absorb their blood!

Those that have died did not feel anything, and they could be counted as the lucky ones. Meanwhile, those who pretended to be dead began feeling excruciating pain and began howling in pain.

Before a minute had even passed, everyone that was present in the scene turned into dried corpses. The loli pursed her lips and said, "Boring, I should go and find the experts to play with~ Lalala, lalala, I am an expert in killing."

Chapter 150.1: So all of you are hiding here~ 1/2

At the waterfall.

Qing Ya had already completely fainted. When the powers began fighting fervently with each other, Qing Ya couldn't resist feeling dizzy. If she were to see the scene of the loli absorbing everyone's blood, it was reckoned that it would have been too much for her to take in.

With a slight arc on the corner of Ye Hua's mouth, Ye Hua held onto Qing Ya and lightly caressed onto her smooth cheek. Stimulation training is more or less enough for today, things have to be taken slowly one step at a time.

"Boss." Lie Gu kept away his constant frivolous attitude and said gravely.

Ye Hua looked towards the sky, and with a deep gaze, he said faintly, "Let's take a look at how things go first."

Suddenly!

A shadow flew towards the camp at high speed. Ye Hua silently raised his head and took a look at the shadow. Raising his hand, Ye Hua lightly waved with his hand.

The Nine Demons Pagoda immediately came to a stop and stopped at a spot that was not far away from the front of Ye Hua.

The dense black fog that was within the pagoda could be seen moving around restlessly, seemingly like it was showing off its strength, and even more, the dense black fog seemed like it was going to rush out of the pagoda.

A trace of red light flickered in Ye Hua's gaze.

And right after the red light flickered, the Nine Demons Pagoda's black fog seemed to have come to a stop for a moment. After stopping for 0.1 second, all of the black fog withdrew deep within the pagoda tremblingly.

A mere small devil also dares to be arrogant in front of me? If not for there being a bit of use in keeping you, I would have burned this entire pagoda.

Right now, the Nine Demons Pagoda's appearance could be said to be of no difference from other accessories. Even more, the Nine Demon Pagoda could be even said to be ugly, it was practically like a pagoda-shaped black steel right now.

The four maids could be said to be stunned. All those people, for the purpose of snatching over this Nine Demons Pagoda, the number of deaths is more or less ten thousand right now. And yet, at the boss's side, I could see that the boss is disdain towards the Nine Demons Pagoda, and even more, that impetuous pagoda, when it's in front of the boss, it became quiet and still.

The boss is truly filled with mysteries.

Wei Chang and Lie Gu's brows were deeply wrinkled. It was not because of the pagoda, but because they were worried about just how His Honor was going to deal with her!

Ye Hua was indeed thinking about how he should deal with her. Kill or don't kill, I will decide after seeing just what the actual circumstances were!

After taking in a deep breath, Ye Hua lightly waved his hand once again, and the Nine Demons Pagoda that was on the table immediately flew back like a bullet.

Within the sky that was not far away from the waterfall.

Emperor Cang had already chased up to the crowd, and even more, he had even chased up to the front of the crowd. While at the front, he casually took the chance to injure Hai Daisi and Che Zhixuan. And because of that, his chance of snatching over the ancient godly item has raised up a bit more.

"If you all are sensible, scram! If not, don't blame me, Emperor Cang, for being ruthless! When I become ruthless, even I would be afraid of myself!" Emperor Cang shouted out gravely. Right now, I have to feign bravado, and take advantage of this moment of aura and suppress them, if not, once they join hands, it would become very hard for me.

No one paid attention to Emperor Cang at all and all of them continued flying forward at high speed.

Emperor Cang had never been disregarded like this before, and immediately, his body flickered and appeared in front of everyone.

"Not knowing how to appreciate one's kindness! Refusing to take the carrot and would rather get the stick! Today, I will exterminate all of you!"

Right when Emperor Cang was about to exhibit his might, an astonishing aura appeared behind him. Emperor Cang thought that someone was trying to sneak attack him and he dodged slightly to the side!

Wang Dabao who was within the crowd was exulted. The thing that is at the sky is not a hidden weapon at all, the Nine Demons Pagoda has come flying back! And even more, it is flying towards me, haha!! As

expected, my luck is still here, even when it comes to snatching over the ancient godly item, my luck is still at the brim!

Wang Dabao could be seen grabbing onto the Nine Demons Pagoda that flew towards him. Right when everyone was still feeling astonished, without any second thoughts, Wang Dabao turned around and ran.

Upon seeing that, Zuo Xinran and Guang Tianlu both chose to withdraw, while the cultivation world's powers went and chased after Wang Dabao.

Emperor Cang did not move at all. Right now, Emperor Cang's handsome face was filled with malevolent. Just who is it that is messing around with me! Just who is it!!!

Turning his head around, Emperor Cang saw that there was a trace of flame within the valley that was not far away from him.

Emperor Cang tightly held his hands into fists and endless amount of spiritual energy began erupting out from his body. Immediately, the wind became strong, clouds appeared one after another, and thunder after thunder suddenly began ringing out. It was as if the end of the world has arrived.

I can choose to not want the ancient godly item! But the person who messed around with me must die!

Emperor Cang suddenly flew towards the valley with an astonishing aura!

Chapter 150.2: So all of you are hiding here~ 2/2

Ye Hua and the others did not leave the dinner table and all of them were currently sitting on their seats quietly, seeming like they were waiting for something. Wei Chang and Lie Gu seemed a bit peculiar, while the four maids were calm.

On the other hand, while hugging onto Qing Ya in his embrace, Ye Hua would either pinch onto her face or pinch onto her nose. In any way, he was bullying Qing Ya in every way possible.

Bang!!!

A figure landed onto the ground from the sky, causing a huge ripple to form on the water, and the ground to tremble.

Beep, beep, beep...

The alarm system of the two Cayenne cars began ringing out.

Emperor Cang looked at the people that were in front of him and doubts appeared within his gaze. Isn't that man Leisure Bar's boss? And also, that security guard and youngster!

And the four women that are wearing maid costumes! What are they doing here!

Upon thinking of the black robe that appeared during the start! Emperor Cang seemed to have thought of something. These people here are just baits, the black robe could be hiding nearby right now.

However, so what if he is hiding nearby? If I, Emperor Cang, wants to kill them, it would just be a matter of moving my fingers!

On the other hand, these women are of top quality, it would be a pity if they were to die!

Ye Hua did not even take a look at Emperor Cang who was walking towards them, and he was currently still pinching onto Qing Ya's small cheek.

Wei Chang let out a breath, "The four of you, who is going to go and deal with this person?"

The four maids' eyes lighted up. Right now, even Tang Wei had also fallen into depravity. Not only was she not afraid right now, but she was also even thirsting for the chance to fight.

Emperor Cang was feeling very confused as he watched the four maids stood up, then went to the side and began whispering with each other.

Soon after, he heard their sweet and beautiful voices.

"Scissors, paper, stone!"

"Scissors, paper, stone!"

"Scissors, paper, stone!"

"Scissors, paper, stone!"

"Haha, I won~" Bai Xiaozhen shouted out happily, while also feeling a bit embarrassed at the same time.

The other three women pouted their mouths. This is an opportunity for one of us to perform, and not only can the winner perform in front of her own man, but she can also perform in front of the boss. What an honor it is to be able to do that, who knows when such an opportunity would come again.

Bai Xiaozhen placed one of her hand on top of her other hand, then placed her hand onto her belly and walked slowly towards the front of Emperor Cang, then said shyly, "Hello, I am your opponent."

Emperor Cang seemed to have received ten thousand points of damage, and right now, his face seemed malevolent and frightening at the same time.

They actually used scissors paper stone to decide who would be the one to fight against me!

And the important point is that, all of them are women!

And this woman in front of me actually even said f**king hello to me!!!

My mood is f**king bad right now!!!

Tonight, my dignity had already been trampled on twice! And yet, at this valley, I was humiliated again! Even more, I was humiliated by a weak and feeble woman!

Since all of you are disregarding I, Emperor Cang's existence, don't blame me for being ruthless!

Bai Xiaozhen was feeling very embarrassed, and when she saw that the face of the person in front of her was twitching, she thought that the person was feeling sick.

Right when the two were about to fight with each other, a sweet-sounding voice rang out from within the forest.

“Little rabbit be obedient, go on and open the door for me, quickly open the door for me, I want to... Hehehe~”

Lie Gu’s gaze congealed, “Xiaozhen, come back!”

Bai Xiaozhen turned her head around and took a look at her man confusedly. After letting out a sigh, she walked back to the dinner table.

Emperor Cang did not pay attention to Bai Xiaozhen, and right now, he was currently looking at the figure that was within the forest.

Emperor Cang’s gaze was filled with astonishment. Isn’t this loli the person that was within the coffin! She... why is she here!

The loli swept her eyes over everyone, and her red color pupils became even more dazzling.

“Little rabbits, so all of you were hiding here. All of you made me searched for a very very long time. Right now, I don’t even want to move anymore~ I’m so tired~” The loli used her little hand to fan onto herself. This action of hers was truly adorable to death.

Emperor Cang’s face was twisted. This night is the most humiliating day of my entire life!

“Trying to act mysterious!”

Emperor Cang’s palms could be seen aiming towards the loli. Dark light gushed out from Emperor Cang’s body, and the ground immediately sunk, “Mountain destroying dark light!”

Suddenly, a huge dark light was shot out from Emperor Cang’s palms. Nothing remains from everything that the dark light went through. And in the next moment, the loli’s small body was engulfed by the dark light.
