Chapter 151.1: Ye Zizi 1/2

Emperor Cang kept back his palms and gazed towards the front. The dust gradually subsided, and a huge semicircular pit could be seen appearing in front of Emperor Cang. The huge semicircular pit seemed as if it was dug out by a huge machine.

Emperor Cang's expression gradually changed from indifferent, to calm, then gradually to surprise, and in the end, to being appalled.

Looking at that figure, Emperor Cang was in complete disbelief. 'Mountain destroying dark light' is counted as one of my super techniques, no one has ever been able to survive through it! Let alone come out unscathed after being hit by it! And yet, right now!!!

The loli's dress was completely clean and spotless, and her double ponytail was swaying along with the wind. Even more, her smile has never changed from the start until now.

The loli could be seen covering her mouth and laughed lightly, "Oh, haha, you are really formidable~"

The four maids that were watching the battle were stunned. Just who is this loli!!!

On the other hand, Ye Hua and the other two seemed very calm.

Emperor Cang's breathing was a bit urgent right now. This person that is in front of me is not a loli at all, she is a monster! As expected, those who were the protectors of the ancient godly items were all sickeningly powerful existences.

A wise man knows better than to fight when the odds are against him, I will think about fighting her after I have snatched the ancient godly item!

Without any hesitation, Emperor Cang turned around and ran.

Right now, he couldn't care about whatever face of his anymore. For this little monster to be able to come out unscathed after enduring my super technique, her strength is definitely very strong. Thus, I may as well leave her to the people that are from the Leisure Bar to handle. This can be counted as me using someone else to do my work!

A trace of evil smile appeared on the corner of the loli's mouth, "Little rabbit wants to run? You are truly unadorable."

The double ponytail could be seen shooting out all of a sudden. Emperor Cang who was running turned pale with fright, and unexpected to him, his left leg was wrapped around by one of the ponytails.

Emperor Cang congealed out a long blade within his hand and ruthlessly chopped it down onto the ponytail.

Clang!

The sound of metals colliding actually rang out. Emperor Cang looked at the broken blade that was within his hand and revealed out fear in his gaze. This is impossible!

The ponytail was like a viper, it immediately wrapped itself all around Emperor Cang's leg, then soon after, it ruthlessly pulled!

Bang!

Emperor Cang's entire body shot into the ground like a bullet, causing a huge ripple to form on the water, and also forming a huge pit in the ground.

Within the pit, Emperor Cang's face was filled with fear. Right now, his entire body had been wrapped around by the ponytail, and no matter how he struggled, he wasn't able to free himself from the ponytail!

To make things worse, the other ponytail was slowly moving towards Emperor Cang. Emperor Cang looked at the ponytail that was moving towards him and his expression was filled with fluster and fear!

On the ponytail that was moving, there were actually a bunch of small mouths that were filled with sharp teeth!

"No! Don't! Don't come over!" Emperor Cang was in a complete panic right now. However, no one would be able to save him now!

The ponytail immediately went into Emperor Cang's mouth and began extending throughout Emperor Cang's body, then began absorbing the delicious blood essence.

Emperor Cang's body could be seen drying up at a speed that was visible to the eyes. In less than 10 seconds, what was left of Emperor Cang's entire body was but a skeleton frame and a layer of skin. No one would be able to recognize that this person was the renowned Emperor Cang!

And even up till death, Emperor Cang still was not able to make sense of lots of things.

The loli licked onto her bright red lips, "Truly delicious, much delicious compared to those people just now~"

Chapter 151.2: Ye Zizi 2/2

The loli kept her double ponytail, then began hopping to a spot that was not far away from Ye Hua and said with a smile, "Those are all rabbits~ All of you are the ones that are the big lions~ Don't run away like that little rabbit okay? If not, I will become very angry~"

While lightly caressing onto the Qing Ya that was within his embrace, Ye Hua looked towards the loli that was not far away from him and asked faintly, "What is your name?"

The loli pouted her mouth and poked onto her chin with her finger. After thinking for a while, "Hmmm, I'm not going to tell you~"

"Ye Zizi!" Ye Hua shouted out gravely!

The loli's scarlet eyes immediately became startled and she suddenly jumped backward. The smile on the loli's face was kept away by her as she asked coldly, "Who are you! Why do you know me!"

Ye Hua watched attentively onto the loli's every move, and even up to the subtle change in the loli's expression.

Ye Hua shouted out coldly, "Ye Zizi, do you know the consequences of fooling me!"

The loli grinned and shook her head, "Although I don't know why you know me, but all of you seems truly delicious~"

"Impudent!"

"Impudent!"

Both Wei Chang and Lie Gu shouted out at the same time and a stern aura erupted out from their bodies.

The loli spread out her small hands and had a disdain expression on her face. Even more, soon after, she took out a small mirror and began checking if her hairstyle has become messed up or not.

Wei Chang and Lie Gu could evidently sense that His Honor's was really angered this time and the two hurriedly said, "Boss, let us handle this matter."

Ye Hua knew what Wei Chang and Lie Gu were thinking of right now. The two of them want to protect her!

That's right, Wei Chang and Lie Gu indeed wanted to protect the loli. If the two of us step out, we can make sure that Ye Zizi doesn't die. But if His Honor were to step out himself, it is most likely that something grave would happen!

Old acquaintances being reunited with each other, but who would have thought that blades would be pointed between the old acquaintances. In the past, Wei Chang and Lie Gu felt that His Honor was just joking around. After all, how could the Seven Sins betray His Honor? But looking at the current situation, Ye Zizi's action is no different from having betrayed His Honor!

Although she was everyone's happy fruit in the past, and even the name that she picked had the same surname as His Honor's surname, the Ye Zizi right now is not the Ye Zizi that we knew anymore! Back then, she would always wander around His Honor's side from day to night, and even more, she gave His Honor the nickname, 'big skeleton head'. Within the Seven Sins, only she, Ye Zizi, would dare to address His Honor as 'big skeleton head'. But right now...

Even though it was like this, Wei Chang and Lie Gu still really couldn't believe the truth that was in front of their eyes.

Ye Hua took in a deep breath, and his thoughts went back to a very long time ago.

I remember that, at that time, Ye Zizi was still very small and she was just like a baby.

During that time, she was currently being encircled and attacked by the humans, and it just so happened that I and the others were passing by the place that she was at. And thus, we killed all the humans that were there. Originally, I was going to kill Ye Zizi too, but someone within the Seven Sins recognized that Ye Zizi was not a human, and thus, Ye Zizi's life was spared.

Up till now, Ye Hua still remembers the Ye Zizi during that time. Her eyes were scarlet color, and she had a look of unwilling to concede on her face.

As proof of her nature of not willing to concede, during the years after Ye Zizi joined them, Ye Zizi became someone essential within the Seven Sins. Wei Chang only knew how to eat humans that were alive, while Ye Zizi wouldn't even let go of a dead person. However, Ye Zizi had a bad habit too, which was that she was too lazy. If she could lie down, she wouldn't bother to sit herself up.

Who knows where she even learned such a bad habit from.

Looking at today's matter, it could be seen that Ye Zizi didn't want to go and find one person after another one by one, and thus she used the ancient godly item to lure people over to her so that she could catch all of them in one go.

Looking at that familiar face, the last image that Ye Hua had of Ye Zizi appeared in his mind. Ye Zizi was being encircled and attacked by three Overlords, and in the end, she died while lying in Ye Hua's embrace. The final words that she spoke even echoed within Ye Hua's mind.

I remember that, during that time, Ye Zizi's entire body was covered with blood, and she didn't even have the strength to lift up her hand anymore. However, the pair of scarlet eyes were filled with reluctance.

"Big skeleton head, Zizi doesn't want to die, Zizi wants to accompany you to play, Zizi wants to compete against Gluttonous Monster, Zizi wants to continue on riding Big Skeleton Dragon, Zizi wants to be together with all of you. Big skeleton head, Zizi feels very cold... very cold..."

Feeling Ye Zizi's body that gradually turned stiff, it was the first time that Ye Hua revealed out the emotion known as pain, and Ye Hua's howl of grief rang out in the entire battlefield.

Ye Zizi, the first sin that died during the battle. At that time, everyone went berserk, and even if they had to exchange injuries for injuries, they were determined on killing the three Overlords!

She looks exactly the same as Ye Zizi. However, her body is the only thing that is the same as Ye Zizi, the soul that is within the body is no longer the same.

Ye Hua wasn't able to tolerate anyone contaminating Ye Zizi! Not even Ye Zizi's body!

After taking in a deep breath, Ye Hua said faintly, "I will deal with her!"

Chapter 152: The might of the snap of the fingers 1/2

Wei Chang and Lie Gu turned pale with fright as they shouted out involuntarily, "Your Honor!"

The four maids heard Wei Chang and Lie Gu's address towards the boss and were filled with confusion.

Ye Hua's gaze turned cold, and Wei Chang and Lie Gu immediately lowered their heads.

Ye Hua placed the Qing Ya who was within his embrace in the tent. After tidying up Qing Ya's hair, Ye Hua sighed and walked out of the tent. After walking to a spot that was 5 meters away from Ye Zizi, Ye Hua came to a stop.

Wei Chang and Lie Gu revealed out a nervous expression. I don't know just how His Honor is intending to deal with Ye Zizi.

Ye Hua took out a cigarette box and took out a cigarette from the cigarette box, then lighted up the cigarette. With his brows slightly wrinkled, he said, "It's been a very long time since I last fought."

Ye Zizi looked at the man that was in front of her and a trace of confusion appeared within her heart. This person gives me a sort of familiar feeling, but I'm not able to recall just who he is too. However, no matter what, he is still a delicious food.

"Hehe, amongst everyone that I have met, you are the one that acts cool the most." Ye Zizi said with a smile, and adorable dimples appeared on her cheeks.

Ye Hua laughed lightly, "Your guts have truly gotten much bigger."

"Humph~ My guts are super big~" Ye Zizi gestured with her hands, appearing seemingly adorable.

Ye Hua was a bit confused, Ye Zizi's actions and tone are still the same as before, just what is going on?

Suddenly, Ye Zizi's scarlet eyes became rather strange, her scarlet eyes seemed like they were revolving around in circles.

Soon after, Ye Zizi cried out in surprise, "Wow! You are a big skeleton head~"

The cigarette that was within Ye Hua's hand immediately snapped into half and fell onto the side of his leather shoes. With a slight trace of astonishment, Ye Hua said, "Big skeleton head!"

I remember that Ye Zizi calls me that in the past, because during that time, my body was still that of a skeleton. Even after reprimanding her a few times, she still wouldn't stop calling me big skeleton head.

"I didn't expect that your true body would actually be a skeleton." Ye Zizi was slightly astonished. Soon after, she looked towards the other side. A monster, and a skeleton dragon, things are getting interesting.

Ye Hua sighed. And I thought that Ye Zizi remembered something. It turns out that she merely saw through my true body with her eyes.

Excitement appeared within Ye Zizi's eyes, "What an adorable big skeleton head, how about you be my pet? Then, I won't absorb you~"

The corner of Ye Hua's mouth twitched slightly. Lie Gu who was at the side seemed to have recalled of the past and was feeling quite gloomy.

Lie Gu remembered that in the past, Ye Zizi was very mischievous, and that there was also some problem with Ye Zizi's esthetics. Every day, Ye Zizi would praise that His Honor is handsome and express that she also wants a skeleton creature as her pet. In the end, His Honor declined her request, and thus, Ye Zizi came and look for troubles with me, and even wants to ride me. To want to ride me, how was that possible?

To have not been able to ride on Lie Gu was one of Ye Zizi's biggest regrets before she died.

"We will have to see if you have that capability or not then!"

“Alright then~ I will go easy on you~”

The real fight was about to begin at any moment, and Ye Zizi also started to become serious. Although Ye Zizi made it sound easy when she spoke, she was faintly able to sense that the strength of the person in front of her was very strong. The two over there gives me the same feeling as this big skeleton head, and as for the four women over there, they can be disregarded.

“Pavilion Master, it is right over there!!!”

Suddenly, a big crowd of people rushed forth to the camp. Taking a look at the crowd, there were at least three thousand people.

They were the northern powers that came along with Emperor Cang to the south.

Originally, because they ran away too quickly, they lost contact with Emperor Cang, and right now, they did not know just where Emperor Cang went to.

After thinking over it, they decided that it would be better for them to just head back to the north, to prevent any other accidents from happening. However, Extreme Thought Pavilion’s Pavilion Master He Feng suddenly recalled about the information that his subordinate reported to him, and thus decided to come over to this location to take a look at just what was going on. My people who went to that location disappeared one after another, I should go and take a look at the location before I leave.

Xumi Monastery’s Shu Zhenhai and Phoenix King Bulding’s Man Kai followed along with He Feng to the location to take a look. For the two to choose to follow along with Man Kai, it could be considered as the two giving face to Man Kai.

[You Cannot Afford To Offend My Woman](#)

Chapter 152.2: The might of the snap of the fingers 2/2

The three thousand people landed at the location, and immediately, they occupied half of the valley’s space.

The three big shots immediately saw Emperor Cang who had been sucked dry. However, the three of them immediately moved their gaze away from Emperor Cang’s body after merely taking a look. After all, with the way Emperor Cang looked right now, even if his mother was here, she also wouldn’t be able to recognize him.

Because Ye Zizi’s back was faced against the crowd of people, the three big shots merely felt that Ye Zizi seemed familiar. On the other hand, because they were facing face to face with Ye Hua, they felt that this man’s appearance was rather stylish.

On that side, there are two men and four women, and on the other side, there are tents there. Seems like they are here for camping. And looking at the four women’s alluring attire, the tastes of this group of people sure are heavy.

And just what is the meaning of this loli in front of us that is wearing a princess dress? Looking at the two, they seem to be preparing to fight with each other.

Man Kai was the kind of person that couldn’t stand seeing a little girl being bullied.

"I say, how can you be like this, to bully even a little girl!" While speaking, with an evil smile on the corner of his mouth, Man Kai walked towards Ye Zizi.

Ye Hua silently lighted up a stick of cigarette.

Man Kai patted onto Ye Zizi's shoulder and said with a smile, "Little girl, don't be afraid, big brother is here, if you have any troubles, you can tell big brother."

"Big brother~ Is that true~" Ye Zizi turned her head around and said with a smile on her face.

Man Kai's pupils turned bigger and bigger. This... isn't this the f**king loli that was within the coffin?!

A strand of hair silently entered into the mouth of the flabbergasted Man Kai. And within a few seconds, Man Kai turned into a dried-up corpse. However, the hair did not come out of Man Kai's body, and was currently propping up Man Kai's body.

This caused the group of people at the back of Man Kai to think that Man Kai was currently still whispering with the little loli.

"Building Master Man, it is more or less enough already!" He Feng wrinkled his brows and shouted out. So many disciples are looking at you right now, even if you don't want your face, I still want my face.

Seeing that Man Kai did not respond, everyone couldn't help but become alert.

Shu Zhenhai shouted out loudly, "Building Master Man! Stop while you can, don't overdo it! Don't throw away the face of your Phoenix King Building!"

Phoenix King Building's disciples were feeling awkward to death right now. Our building master's bad habit is acting up again.

Ye Zizi used her hair to control Man Kai's body and slowly turned Man Kai's body around.

The dried-up Man Kai could be seen stretching out both of his hands and making v signs with both of his hands. Meanwhile, after Ye Zizi's head turned around 180 degrees, she shouted out sweetly, "Yay~"

Everyone gasped and took a step backward.

At the moment of life and death, He Feng and Shu Zhenhai immediately shouted out loudly, "Retreat! Retreat! Retreat!"

All of us are clear of Man Kai's strength, since the loli is able to kill Man Kai without making any sound at all, her strength is definitely insanely strong. The people that were dispatched over to this location must have definitely been sucked dry by her!

"Damned little rabbits, trying to run away again~" Ye Zizi puffed her cheeks and said while panting with rage.

Thousands and thousands of strands of hair began stretching out at high speed, causing others to not be able to help but tremble in fear.

Snap!

At this moment, the sound of fingers snapping into each other rang out within the valley. Ye Zizi went into a daze and slowly turned her head around.

While with a cigarette in his mouth, Ye Hua's right hand was lifted up.

Ye Zizi's gaze congealed! A round red color barrier immediately appeared around Ye Zizi's body.

Sizzle!

The round barrier seemed to be enduring a strong attack and was slightly trembling. Soon after, cracks after cracks appeared on the barrier, forming a spiderweb-like crack on the barrier. Ye Zizi looked curiously at the barrier.

However, as for the three thousand people that were running away, they instantly turned into dust, seemingly as if they have never appeared before. And the cliffs that were around the valley were reduced to nothing by the formless power.

The pitiful Emperor Cang, originally, he still had a corpse, but right now, there was not even a single residue left of him.

This was the version of the fingers snap that had been powered down multiple times. Ye Hua could be said to have been prompted by a sudden impulse to test out the might of the fingers snap. Ye Hua felt that the strength of the fingers snap was pretty good, it was able to deal fatal damage towards those people. However, towards Ye Zizi, the fingers snap didn't have any effect on her.

Ye Zizi redrew her defensive barrier and said while panting with rage, "Big skeleton head, you are annoying! You destroyed all of my food, you have to compensate me!"

Chapter 153.1: You! You are cheating! 1/2

A trace of smile appeared on the corner of Ye Hua's mouth, lightly waving his left hand, the two immediately disappeared from the valley.

Wei Chang looked at the two people that disappeared, then turned his head around and looked at Lie Gu.

"Gluttonous Monster, quickly think of a way." Lie Gu said anxiously, and his true form was about to appear because of his anxiousness.

Lie Gu looked at the spot where the two disappeared from and took in a deep breath, "The reason that His Honor didn't go and look for them is because he wanted to take a look at their attitudes."

"But, Zizi is different! All of us watched Zizi grow up from when she was just like a baby." Lie Gu was like an ant that was in a hot pan. I'm afraid that once His Honor becomes angry, he would destroy Zizi.

How would Wei Chang not under the situation right now? There were good sides within humanity, but there were also bad sides within humanity.

Suspicious!

"His Honor is no longer the same as he was in the past. He won't be like how he was in the past and not be able to understand things." Wei Chang sighed. Soon after, he walked to the small stool and picked up the fishing pole.

However, he did not fling out the fishing pole. From this, it could be seen, in actuality, Wei Chang was also feeling very worried.

Lie Gu stamped his foot heavily onto the ground, and the ground immediately began trembling, broken rocks began falling down from the mountains nearby, and the birds that were within the forest immediately flew to the sky.

The two right now could not do anything, all they could do was to wait for the outcome. If they were to meddle into the matter with force, it would only cause the outcome to become worse!

On the other side.

Ye Zizi looked at her surroundings curiously. The scorching sun was shining right onto her, and there were lots of worn-out houses and logs that were rotten around the place, who knows how long it has been since anyone last lived in those houses.

"Big skeleton head, what did you bring me over here for?" Ye Zizi asked curiously. It felt as if the two were completely not intending to fight with each other.

While smoking onto the cigarette, Ye Hua walked to the side of a rotten log and lightly touched onto the log with the tip of his finger. Immediately, the rotten log turned into scraps of wood.

"Back then, you were right here." Ye Hua exhaled out a mouth of smoke and said faintly.

Ye Zizi pouted her mouth, "What was I doing here?"

Ye Hua did not answer her question and said calmly, "You were very obstinate. Originally, I wanted to kill you, but you were lucky."

"Boasting." Ye Zizi snorted as her head tilted up 45 degrees. Ye Zizi was adorable to death.

"In the end, you were saved, and you became one of my subordinates."

Ye Zizi spread out her hands, "Alright, you are boasting way up to the sky now."

"If you are able to recall your memories now, I can forget and forgive your wrongdoings!" Ye Hua's tone changed, and an eerie killing intent was emitted out from him.

Ye Zizi turned silent for a while, and suddenly, she seemed as if she has recalled something, "I recalled something!"

Ye Hua paused for a moment, "Really?"

"Haha, big skeleton head, you are so easy to bluff." Ye Zizi stuck out her tongue and made a face at Ye Hua.

Ye Zizi's action caused Ye Hua to become rather angry and a strong killing intent immediately erupted out from Ye Hua's entire body. The killing intent was like a huge ocean wave, causing the surrounding air to seem like it was going to solidify, and also causing the surrounding to feel suffocating.

The sharp aura caused Ye Zizi's ponytails to flutter within the air. Meanwhile, there was completely no fear on Ye Zizi's face, and even more, an unprecedented excitement appeared on her adorable face.

"Big skeleton head, you are formidable! I also know how to do that too~"

A killing intent that was on par with Ye Hua's killing intent burst out from Ye Zizi's entire body. Although the two killing intents were formless, when the two killing intents collided, a change within the nature of the two killing intents happened.

It could be seen, the two killing intents turned into substances, and scattered outwards in a circular shape.

The killing intents were like a sharp blade, cutting everything in its path. Within the radius of 10 kilometers, there was not a single tree that was 1 meter tall, countless things were cut into half by the two killing intents.

Chapter 153.2: You! You are cheating! 2/2

Ye Zizi giggled and a bright red color pike immediately appeared on her delicate hand. This long pike was no ordinary pike. The head of the pike was the same length as the body of the pike. The head of the pike was scarlet in color, and a layer of faint blood fog could be seen being emitted out from the head of the pike. On the other hand, the body of the pike was as if there were rivers of blood flowing around it, and even more, the wails of grievance spirits could be heard coming out from the body of the pike, just this alone was enough to make one tremble in fear.

Immediately after the pike appeared, a white crystal armor appeared on Ye Zizi's body. The white crystal armor covered 99% of Ye Zizi's entire body, and even Ye Zizi's eyes were covered too. As for that 1% that was not covered by the armor, two holes could be seen made on the armor, and each of Ye Zizi's ponytails came out from each of the holes. On the armor, various kinds of runes could be seen branded onto the armor. Each of the runes represented a different kind of defense, it was truly unimaginable.

"Big skeleton head, are you going to fight against me while unarmed?" Ye Zizi's sweet voice rang out from the armor.

Ye Hua flicked the cigarette bud.

Ye Hua could be seen speaking calmly, "Blood Lone Illumination, its biggest characteristic is that it is able to absorb the opponent's blood essence during a battle, even if it isn't able to touch until the opponent's body! And that faint blood fog is even more fatal, when the enemy breathed it in, it would cause the enemy to produce hallucination. This is still the first stage of the blood fog, as for the second stage, you should know even if I don't say it."

"Profound Moon Armor, it could be said to be the perfect defense. Unfortunately, you insisted on poking out two holes for your ponytails to come out from, and these two holes are the flaws of your armor."

Ye Zizi's expression turned stiff and she was in complete disbelief. Why does he know my secrets!

"It's not possible! Why do you know about all those things!" Ye Zizi's tone suddenly changed, it was no longer a sweet-sounding loli voice, and right now, it was like the howl of a weeping ghost.

Along with Ye Zizi's bellow, a soundwave was formed, and it swept out towards Ye Zizi's surroundings.

Ye Hua looked at the unstable Ye Zizi and said faintly, "Because, I was the one who gave you the Blood Lone Illumination and Profound Moon Armor!"

"Impossible! You are bluffing!" Within the armor, Ye Zizi's expression was sinister. For all of her secrets to be known by the other party, Ye Zizi knew just what this meant.

Ye Hua sneered and his corporeal body gradually retreated. In the blink of an eye, Ye Hua's true body was revealed!

A skeleton!

Compared to Death Mage, Ye Hua was slightly taller. Ye Hua's shoulders were a bit broader, and his skeleton body was a bit larger too. However, Ye Hua's skeleton head was extremely similar to Death Mage's skeleton head. From this, it could be seen that Death Mage was handsome too.

Ye Hua stretched out his five fingers and took a look at them. It's been quite a long time since I last seen my true body, it sure does feel a bit unused to.

"Right now, your Blood Lone Illumination is completely useless against me. At the most, it is but a sharp pike, and that is nothing for me to worry about."

Ye Zizi tightly held onto the Blood Lone Illumination that was within her hand. The blood fog that was on the head of the pike increased in amount. From this, it could be seen just how angry Ye Zizi was feeling right now.

"As for how to break through your Profound Moon Armor, there are lots of ways for me to choose from, for example..."

Ye Hua waved his skeleton hand, and thousands of weapons that had been shrunk small could be seen surrounding Ye Hua's body. And it was as if Ye Hua was playing with a tablet, when Ye Hua lightly slid onto the air with his finger, the weapons followed along and began rotating.

Suddenly, Ye Hua decided upon one of the weapons and he grabbed onto it.

A purple color long blade could be seen appearing within Ye Hua's hand. The entire body of the blade was engraved with gold stripes, and on the tip of the blade, an unknown gold color liquid was dripping out from it. When the gold color liquid dripped onto the ground, it could move around on its own, seemingly like it has a self-consciousness.

"This Gold Flame Dark Blade is enough to break through your Profound Moon Armor! As for that Blood Lone Illumination within your hand..."

Ye Hua could be seen waving his hand again.

Thousands of armors appeared and began floating around Ye Hua's surroundings. After picking out an armor from the thousands of armors, the armor condensed and appeared on Ye Hua's skeleton body.

"Although this Secret Feather Armor is not a top-rate armor, it is able to suppress your vitality! Adding on with..."

Suddenly, a shield condensed and appeared on Ye Hua's left hand, "Adding on with this Heavy Serene Shield, I am able to suppress your vitality to its lowest point!"

Sure enough! The Blood Lone Illumination that was still emitting out a dense blood fog just a while ago gradually became weaker and weaker, and in the end, only threads of blood fog were being emitted out from the Blood Lone Illumination.

"Although I am not an expert in using strength, it is still enough to deal with you!"

Ye Zizi looked dazedly at the Ye Hua who had a full set of godly equip equipped on him and said slowly, "You are cheating!!!"

[You Cannot Afford To Offend My Woman](#)

Chapter 154.1: Unequalled in close combat 1/2

Thinking back to the past, I was truly foolish, leaving a bunch of top-rate equipment at the side and not using them, and being obstinate on defeating my opponents while being unarmed.

After going through those few years of cognition, Ye Hua felt that wearing equipment was also a kind of advantage. Of course! Every mage has the heart of a warrior!

Death Mage was the same too.

Suddenly!

Cracks appeared on the ground that was below Ye Zizi's feet, and the air seemed like it was trembling. Ye Hua's gaze immediately congealed.

Ye Zizi could be seen holding onto her helmet with one of her hand and suddenly laughing out loudly, "You are looking down too much on me, Ye Zizi! Big skeleton head, you have truly made me become angry!"

Bang!

Ye Zizi's aura erupted out from her body in all directions, and the blood fog that was emitting out from the Blood Lone Illumination became even denser than it was before!

"Seems like your strength has also become somewhat stronger. That's fine too! Let's fight!" Ye Hua raised the Heavy Serene Shield that was on his hand, placed the Gold Flame Dark Blade on top of the Heavy Serene Shield, and leaned slightly forward with his body.

Don't see that Ye Zizi was just a little loli, her power burst was the most ferocious amongst all of the Seven Sins. Back then, even Ye Hua also wouldn't dare to directly take on Ye Zizi's pike attack. However, it was different right now, Ye Hua has the confidence to use powers that he was weak in to prevail over Ye Zizi!

“Go and die!” Ye Zizi let out a holler and her body jumped high up into the sky.

Ye Hua raised his head slightly, and he saw that there was a sky full of blood fog behind Ye Zizi’s body. Within the blood fog, countless grievance spirits that had a sinister look on their faces appeared. The miserable voices that were emitted out from the grievance spirits were able to make one feel agitated.

“I have said before! Your moves are useless against me! I am able to completely suppress you!” Ye Hua raised his Heavy Serene Shield.

Bang!

A huge sound rang throughout the heaven and earth. The originally clear and boundless sky became filled with black clouds, and very quickly, the sky was dyed red by the blood fog, causing the sky to seem like it had sunk into a pool of blood.

The collision of the shield and pike caused a huge airwave to appear, and everything that was around the collision evaporated. And this was just a mere simple collision only.

A bunch of blood fog could be seen emitting out from the Blood Lone Illumination, and the blood fog immediately covered Ye Hua’s body. If it was a corporeal body, it was reckoned that the corporeal body would have already become dried up by now! However, Ye Hua was a skeleton, and he did not possess such a thing like blood essence. Ye Hua’s true body itself was able to put Ye Zizi at a disadvantage.

“I have said before, your moves are useless against me!” Ye Hua’s gaze turned cold, and the Gold Flame Dark Blade that was in his hand slashed towards Ye Zizi with a frantic might!

Ye Zizi snorted and she straightforwardly used her left hand to grab onto the blade!

Ye Hua’s brows wrinkled. The degree of Ye Zizi’s strength has surpassed my estimation. It seems like, after reviving from death, she has become stronger too, she is no longer the Ye Zizi that she was in the past.

“Your strength is not bad, and this is indeed a good blade too. However, it is still not enough to break through my Profound Moon Armor!” Ye Zizi snorted in disdain.

Although Ye Hua was surprised at Ye Zizi’s strength, it was unlikely for Ye Hua to get defeated by Ye Zizi.

“I have said before, this blade is used for breaking through your Profound Moon Armor!” Ye Hua said coldly.

“What a joke!” However, right after Ye Zizi finished speaking, she saw a gold color liquid flowing towards her hand.

Ye Zizi immediately let go of the Gold Flame Dark Blade and began crazily shaking her left hand, wanting to shake off the disgusting gold color liquid that was on her hand. However, no matter how she shook, it was useless.

“Take note of your feet.” Ye Hua reminded.

Ye Zizi took a look at her feet, and she saw that another gold color liquid had attached itself onto one of her feet.

“Ye Zizi, if you had listened to my words and not poke two holes on your armor, you wouldn’t have died! But, you just wouldn’t listen to me!” Ye Hua shouted out coldly. Back then, the reason that Ye Zizi died was because the human Overlords found her weak point and landed a fatal attack onto her.

Ye Zizi jumped up and down frantically, causing countless big holes to appear on the ground. However, the two gold color liquids were like superglue, firmly sticking onto Ye Zizi’s back. Currently, the two gold color liquids were slowly crawling towards the Profound Moon Armor’s holes.

“Get off of me! Ah!!!” Ye Zizi who was within the armor suddenly let out a wail.

Ye Hua looked silently at Ye Zizi. The Profound Moon Armor is merely Ye Zizi’s first line of defense, her true body is the second line of defense. However, the three Overlords from back then did not even give Ye Zizi the chance to change into her true form.

Of course, I am able to do that too right now, but...

Chapter 154.2: Unequalled in close combat 2/2

After trials and tribulations, the two golden color liquids finally crawled into the holes. Ye Zizi who was still jumping around frantically a while ago immediately stopped moving, seemingly like her body had been frozen.

“You!!! Just what is this thing!” Ye Zizi questioned.

Ye Hua said calmly, “What is formidable about the Gold Flame Dark Blade is not the blade itself, but that two golden color liquids. They are able to integrate into one’s blood and distribute viruses throughout one’s body, which in turn causes one to lose their fighting strength. At that time, your Profound Moon Armor will be but just a decoration.”

“So this is the case! Big skeleton head! You are formidable, but I am not willing to lose just like this!” Ye Zizi’s tone became weaker and weaker, seemingly like she was about to collapse at any moment.

Ye Hua let out a breath, “Admit your defeat and surrender!”

Ye Zizi laughed miserably, then collapsed unwillingly.

A breeze blew by. The damaged ground seemed like the surface of the moon, there were holes everywhere. The sight of this place right now was enough to let one exclaim in astonishment.

Ye Hua who had a full set of godly equip equipped did not move at all and was still looking at Ye Zizi who had collapsed.

After a long while, Ye Hua spoke, “Is it fun?”

Ye Zizi who had collapsed paused for a moment and there was still no response from her.

“You are still the same as you were in the past.” Ye Hua said gravely. Ye Zizi’s temperament did not change, so just what is going on with her?

Ye Zizi could be seen immediately standing up and snorted lovably, “Big skeleton head, you are so boring.”

Ye Hua sighed. Seems like I have underestimated Ye Zizi's capabilities. After reviving from the dead, she has become even stronger. Her situation is the same as me, Wei Chang, and Lie Gu.

Ye Hua kept the Gold Flame Dark Blade within his hand and soon after, he summoned out a sharp sword.

"Dark Cold Soul!"

The cold air that was emitting out from the sword caused Ye Zizi to become dazed, "Big skeleton head, you are shameless."

Ye Hua snorted as he jumped up to the sky with his body, "For me to fight in close-combat with you, I am already giving you face!"

The sword energy shot towards Ye Zizi like a raging sea wave. The sword energy brought along a might that was able to crush all living things with it, and the heaven and earth suddenly changed color.

Ye Zizi who was within the armor congealed her gaze, and not willing to be outdone, she raised up the Blood Lone Illumination within her hand. The red light of the pike's body increased sharply.

This was the collision between strength and strength. Although the reason that Ye Hua chose to fight like this was because that Ye Zizi was after all one of his subordinates, Ye Hua having the heart of a warrior was also a part of the reason.

A loud sound that was enough to shock one's heart rang out. When the two strengths collided, an explosion was immediately formed! The boundless strengths rushed up to the sky and broke through the blood-red clouds. The terrifying airflow swept crazily in all directions, forming into a terrifying astral wind!

"Big skeleton head, your strength is indeed pretty good, but compared to me, you are still lacking by a bit." Ye Zizi laughed lovably.

Ye Hua laughed lightly, "Is that so? I will let you see just what is called strength!"

"I will look forward to it~"

The two could be seen launching a confrontation of strength with each other. The scene was just like the end of the world, the ground was trembling, and the sky was oppressive.

Bang! Bang! Bang!

Loud sounds resounded throughout the heaven and earth. The two's battle had entered into the climax. The more Ye Zizi fought, the more excited she became, and her strength kept increasing as she fought. Adding on with the Profound Moon Armor, Ye Zizi could be said to be close to invincible.

Each of the Seven Sins has their own unique capability. Ye Zizi's strength and power burst were the strongest amongst the Seven Sins, and she was even somewhat stronger compared to Lie Gu. However, Lie Gu was an invincible existence when it comes to air combat.

Chapter 155.1: My strength is not allowed to be doubted! 1/2

Suddenly.

The two who were fighting with each other immediately separated from each other.

Ye Hua looked calmly at Ye Zizi, while Ye Zizi's breathing was a bit chaotic. However, Ye Zizi's fighting strength was still out of the ordinary.

"Ye Zizi, seeing that you possess this kind of strength, I feel rather happy." Ye Hua lightly waved his hand, and all of the godly equip that was on him immediately disappeared, revealing out his true body.

Ye Zizi calmed down her breathing and she said lovably, "Big skeleton head, are you admitting defeat?"

A red light suddenly began radiating out from each of Ye Hua's empty eye sockets, "Ye Zizi, you completely do not understand my true strength!"

"Alright, you are acting cool again. After I finished tearing apart your bones, I will see whether if you are still going to act cool or not~" Ye Zizi snorted and she stabbed towards Ye Hua's forehead with her Blood Lone Illumination.

Meanwhile, Ye Hua stood right there on the spot and did not carry out any defensive measures.

Blood Lone Illumination emitted out an incomparably strong red light. Ye Zizi was intending on grabbing onto Ye Hua's opening and end the battle with one strike!

Ye Zizi's idea was great, but just as Ye Hua had said, Ye Zizi does not know how strong the opponent that she was facing right now was!

Right when the tip of the pike was about land onto Ye Hua's skeleton head, it actually came to a stop by force, and stopped at a spot that was a millimeter away from the skeleton head! From this, it could be seen just how strong Ye Hua's control of his power was!

Ye Zizi went into a daze for a moment. Soon after, her expression changed greatly, and right when she wanted to retreat backward with her body, she discovered that her body was actually unable to move!

"Ye Zizi, in actuality, I am able to kill you just by moving my fingers. Do you know why I am not killing you!" Ye Hua said lightly.

Ye Zizi did not respond. Even after exerting the strength of her entire body, she was still unable to free herself from the invisible binding.

"Because I can't bear to kill you!"

"Firmament Ghost Flames!" Ye Hua shouted out lightly.

Five purple color flames could be seen appearing around Ye Zizi's surroundings. The flames intertwined with each other, forming a strange fire formation, and Ye Zizi was right in the middle of the fire formation!

Pfff!

The purple color fire formation suddenly soared up to the sky, the huge round shape purple flame seemed as if it was going to burn the sky till there was nothing left, and Ye Zizi who was in the middle of the fire formation was currently being burned by the flame.

“Ah! Ah! Ah! I’m going to kill you!!!” While within the flame, Ye Zizi bellowed. However, it was of no use.

Ye Hua seemed to be waiting for an opportunity. Suddenly, Ye Hua felt that there was an abnormality with Ye Zizi who was within the flame, “Thinking of changing into your true form and running away?! You are overestimating your capabilities!”

“Earth God Lock!”

Ye Zizi’s expression changed greatly. I am not able to release out my true body too, how is this possible!

The purple color flame continued on burning Ye Zizi. The Profound Moon Armor that Ye Zizi was wearing on her body had already turned purple. But even if that was the case, Ye Zizi’s ponytails were still drifting within the air.

“Big skeleton head, I admit defeat! I admit defeat!” Ye Zizi who was within the armor finally couldn’t endure the burn anymore and began begging for mercy.

However, Ye Hua did not pay any attention to her and continued waiting.

“I have already admitted defeat, what else do you want!!!” A vicious aura flew out from the purple flame. However, after Ye Hua lightly waved his hand, the so-called vicious aura quietly disappeared.

Half an hour... An hour... Two hours...

“You are ruthless...” After finish speaking, Ye Zizi fainted.

Ye Hua let out a breath. I finally burned her till she fainted. Now, I will take a look at just what is going on with you!

Ye Hua stretched out his palm, and a lamp appeared on his hand.

This lamp was known as Peak Moon Illumination Lamp, it was able to illuminate out all unknown things, and allow the user to easily destroy the things that were illuminated out. Unfortunately, this lamp was only able to be used once. After the lamp had been ignited, it would disappear once the flame extinguished. Furthermore, the lamp could only be used when the target was at its weakest state, if not, the lamp wouldn’t work at all.

At the start, the reason Ye Hua used strength to fight against Ye Zizi was because he wanted to probe out Ye Zizi’s strength. And it was as he had expected, Ye Zizi’s strength increased by a lot. As for the reason of using Firmament Ghost Flames to burn Ye Zizi, it was merely because he wanted to make her lose her consciousness, so that it would be easier for him to use the Peak Moon Illumination Lamp on her.

[You Cannot Afford To Offend My Woman](#)

Chapter 155.2: My strength is not allowed to be doubted! 2/2

Ye Hua closed his palm, and the Firmament Ghost Flames immediately disappeared, while Ye Zizi was still being controlled by Ye Hua.

Peak Moon Illumination Lamp slowly floated to the top of Ye Zizi's head. When the lamp was floating on top of Ye Zizi's head, a flame appeared within the lamp core, and illuminated Ye Zizi's entire body.

Ye Hua's gaze was tightly fixed onto Ye Zizi. I hope that this Peak Moon Illumination Lamp would be of use.

Slowly, the lamp illuminated out Ye Zizi's true body, and also various kinds of constitutions. Ye Hua's comprehension towards the things that were illuminated out was pretty decent, and up till now, the things that were being illuminated out of Ye Zizi were still normal. However, of course, if those things were to be illuminated out from other people, it would be abnormal.

Suddenly! Three pieces of faint seals appeared on the top of Ye Zizi's head! The three pieces of seals formed into a triangle shape seal. Looking at the shape, there were still 2 more pieces of seals that were missing, thus, this seal could be counted as an imperfect seal.

Ye Hua tightly held his hand into a fist, to actually dare to place seals on my subordinate! However, with how strong Ye Zizi's capability is, who is able to even place seals on her! I will ask her about it later on!

Ye Hua tapped lightly onto the triangle seal with his bone finger, and immediately, the three pieces of seals shattered. And right at this moment, the Peak Moon Illumination Lamp's flame had extinguished, and the Peak Moon Illumination Lamp vanished from within the air.

After the three pieces of seals disappeared, the armor that was on Ye Zizi's body disappeared too. While wearing a princess dress, Ye Zizi slowly fell onto the ground. Ye Hua summoned out his corporeal body again and lighted up a stick of cigarette, then began waiting for Ye Zizi to wake up.

After a long while.

Hmm~ Hmm~ Hmm~

Ye Zizi who was lying on the ground rubbed onto her big eyes, "Where am I at?"

"I'm so hungry..." Ye Zizi sat her body up and pursed her lips.

Suddenly, she saw that there was an unfamiliar man in front of her. So handsome~

However, what a familiar feeling...

"Ye Zizi." Ye Hua shouted out gravely.

Ye Zizi immediately recalled of the battle just a while ago. A pitiful expression appeared on her face and tears immediately began flowing out from her eyes.

"Big skeleton head~" Ye Zizi ran over to Ye Hua, and her tears of happiness scattered throughout the air.

Ye Zizi could be seen throwing herself into Ye Hua's embrace and crying out at the top of her voice. Ye Zizi seemed so tragic... seemingly like she was a child that had been abandoned.

Ye Hua let out a breath and patted onto Ye Zizi's head, "Where did your aura from a while ago go to?"

“Big skeleton head, I know my wrong already~ Boohoo~ Big skeleton head~ I miss you so much~” All of Ye Zizi’s tears and mucus were wiped onto Ye Hua’s clothing.

Ye Hua’s brows wrinkled.

“Alright, if you did something wrong, you have to be punished!”

Ye Zizi looked pitifully at Ye Hua, and soon after, she raised her butt.

Don’t think that Ye Hua’s idea of punishing others by beating onto their butts was a sudden inspiration that he had. Instead, it was that, in the past, Ye Zizi would often make mistakes, and Ye Hua could only beat her butt as punishment.

Without any trace of politeness, Ye Hua began giving a lesson to this mischievous subordinate of his. However, for Ye Zizi to be able to recover, it made Ye Hua felt very happy.

“Alright.”

Ye Zizi rubbed onto her butt, then ran over and hugged onto Ye Hua’s neck, “Big skeleton head, Zizi miss everyone so much.”

“Don’t cry already, I still have some things that I want to ask you about.” Ye Hua said gravely.

Ye Zizi wiped away the tears that were on the corner of her eyes, “En, big skeleton head, you ask, Zizi will tell you everything that she knows.”

“When did you wake up, and who placed the seals on you!”

Without even thinking, Ye Zizi said, “Zizi woke up about a year ago. Back then when Zizi woke up, there were a lot of priests that were chanting incantations sitting around Ye Zizi, and also, there was a magical tool placed on top of Zizi’s head. When Zizi woke up, Zizi immediately crushed the magical tool, then absorbed all of the priests that were around Zizi. Afterward, Zizi began traveling around the world and discovered that this world was super fun, there were lots of pretty dresses to wear. Just that, the people of this world are too weak.”

“Big skeleton head, you should know that Zizi is very lazy, therefore, Zizi thought of a plan to gather all the people that were comparatively formidable, so that I can absorb all of them in one go. Unfortunately, those people were still too weak, and I didn’t have my fill. And soon after, I came across... Eh... Your Honor~ Forgive Zizi~ Hmm~ Hmm~ Your Honor~”

Ye Zizi began acting cute towards Ye Hua.

Ye Zizi who had never used Your Honor to address Ye Hua has begun addressing Ye Hua as Your Honor. From this, it could be seen just how much Ye Zizi hope that Ye Hua would forgive her wrongdoings.

[You Cannot Afford To Offend My Woman](#)

Chapter 156.1: All of you have a woman, I want one too! 1/2

Ye Hua lightly caressed onto the long ponytail. In actuality, during the battle, Ye Zizi still has a lot of abilities that she hasn’t use, but unfortunately, she lost just like that.

Ye Hua sighed lightly. Being too strong is also a kind of sin, no one is able to pique my desire to fight, and only my subordinates would be able to get me to personally fight with them. Tossing aside all of the other factors, this fight with Ye Zizi felt very good.

As for Ye Zizi's description, she must have been revived into this world five years ago, just that, while she was unconscious, she was discovered by others, and those people tried to control her. Perhaps, even those people themselves also didn't expect that it would take that long for them to place the seals onto Ye Zizi, after all, Ye Zizi is just too formidable. After spending a few years on placing seals onto Ye Zizi, those people only managed to place three pieces of seals onto Ye Zizi, and for the remaining two pieces of seals, before they were even able to finish placing the last two seals onto Ye Zizi, Ye Zizi had already woken up. And as for the result after Ye Zizi had woken up, it is very obvious.

For there to be such a magical tool like that amongst the humans, it sure is astonishing. However, thinking back to those Overlords back then, every one of them had a few strong magical tools on them too. Therefore, it is normal for the people of this world to possess one or two strong magical tools.

Ye Zizi who was within Ye Hua's embrace could be seen raising up her face that had a pitiful expression on it and said with grievance, "Big skeleton head, have you forgiven Zizi?"

"If you don't call me big skeleton head, I will forgive you."

Ye Zizi's small face sunk, "But, but... I have already called you that for a very long time."

"Then, I am not going to forgive you."

"Fine, fine, I will stop calling you big skeleton head." Ye Zizi rubbed onto Ye Hua's chest and acted cutely. Looking at Ye Zizi, one would really find it hard to be angry at Ye Zizi.

Ye Hua thought to himself, "Qing Ya still does not know my identity, if I suddenly have another subordinate, and furthermore, the subordinate is a little loli, she won't think that I am a pervert right, to keep a loli as my subordinate. And with Ye Zizi's characteristic, there is no need to think too much, she would follow me around no matter what. And if I were to chase her away from me, who knows what kind of trouble she would cause. I have already tried chasing her away back then. Furthermore, my game has only just begun, I cannot allow Ye Zizi to destroy it. What kind of identity should I assign to her?"

Ye Zizi opened her big eyes and looked at Ye Hua. She looked very pitiful.

"You can call me big brother, and when there is no one else, you have to address me as Your Honor, do you understand!" Taking this opportunity, I have to make Ye Zizi get used to addressing me as His Honor and big brother. Back then, I have truly spoiled her too much.

Ye Zizi became exulted, and said without even thinking too much, "Big brother~"

And I thought that Ye Zizi would contemplate for a bit, I didn't expect that she would agree to it that easily.

Ye Zizi had been drifting around the human world for a year already, and she knew that big brother was a relatively intimate way to address someone. Ye Zizi felt that calling Ye Hua big brother was much better than calling Ye Hua big skeleton head, and thus she happily agreed to call him big brother.

“Big brother, I want to go and take a look at Gluttonous Monster and Big Skeleton Dragon.”

Ye Hua knocked onto Ye Zizi’s forehead, “When there is no one else, you have to call me Your Honor! Also, don’t call them by their nicknames.”

Ye Zizi rubbed onto her forehead and puffed her cheeks, “Your Honor, Zizi understands.”

“Let’s go back, Wei Chang will explain everything to you in detail.”

“En, en, en, let’s go back~”

After finish speaking, the two disappeared from this place that had been destroyed by them.

Not sure how long had passed, a figure suddenly appeared at the place where Ye Hua and Ye Zizi fought at. The figure wore a purple gold chang pao, and had a dragon soaring crown worn on his head. With just a look, it could be seen that this figure was definitely from a rich distinguished family.

When the figure appeared at the location, he looked curiously around his surroundings. Soon after, he began searching all over the place. The nervous look on that figure’s face seemed as if he had dropped an extremely valuable treasure somewhere at this place.

The man could be seen scratching onto his face and muttering to himself, “Hmm, the system evidently indicated that there was a red packet at this place, why did it go missing... Did the red packet system made a mistake?”

Suddenly, two figures kneeled in front of the man and said respectfully, “Your Majesty! This place is not suitable for staying for a long time, a large number of sects are currently gathering towards this place!”

The man sighed helplessly. I can only find another time to come here and take a look again.

Not long after the man had left, countless people arrived at the place. If Ye Hua was still here, he would notice that there were a few familiar faces amongst the countless people.

Chapter 156.2: All of you have a woman, I want one too! 2/2

At the waterfall.

Wei Chang and Lie Gu sat on the small stools and quietly waited for the outcome. Tang Wei stood at Wei Chang’s back and pinched his back for him. Meanwhile, Lie Gu enjoyed his three women’s services of back massage, hand massage, and leg massage. Who said that there wasn’t any advantage in having more wives?

“Why are they still not back.” Lie Gu was a bit jittery from waiting. It has been a few hours already, isn’t it just a matter of seconds if His Honor wants to deal with Ye Zizi? Or, could it be that...

Within Lie Gu’s mind, an image appeared, Ye Zizi was tied up, and His Honor was holding onto a whip and fiercely whipping onto Ye Zizi.

“Your Ho... Boss!!!” Wei Chang suddenly stood up and shouted out.

“Boss.” Lie Gu hurriedly stood up and shouted out.

However, there is only the boss's figure here, where did Zizi go to? Could it be that...

Lie Gu looked at His Honor in disbelief and asked dazedly, "Boss, where is Zizi?"

Ye Hua took out a cigarette and walked towards the tent, "She died."

Wei Chang and Lie Gu were stunned, seemingly like they had been struck by lightning. They could not imagine that the adorable Zizi had died just like this.

Lie Gu was evidently feeling very sad. Lie Gu plopped on the ground and howled in grief, "Zizi, why are you so foolish, when you can't win, do you not know how to run instead? I haven't even had the chance to let you ride onto me..."

Tears were flowing down from Wei Chang's eyes. Back then, Zizi even wanted to compete with me, and right now...

Suddenly, Lie Gu felt that there was a person on his shoulders, and he said gravely, "All of you, don't mess around, I'm not in the mood!!!"

However, his ears were grabbed onto.

Lie Gu immediately opened his eyes. These women are too outrageous, can't they see that I am not in the mood right now!

However, when Lie Gu saw the ponytails that were swaying around in front of his eyes, he was stunned. Soon after, Lie Gu slowly turned his head around.

"Hehe, Big Skeleton Dragon, did you miss Zizi?" Ye Zizi said sweetly. Ye Zizi could be seen riding on Lie Gu's shoulders and grabbing onto Lie Gu's ears with her hands.

Lie Gu did not know how to express the joy that he was feeling right now, the expression that was on his face was very expressive. Immediately, Lie Gu soared up to the sky, and Ye Zizi shouted out excitedly, "I finally rode onto Big Skeleton Dragon~"

When Lie Gu flew into the clouds, he immediately revealed his true body. Ye Zizi looked very tiny when she was sitting on Lie Gu's true body.

"Roar!"

Lie Gu's dragon roar that was filled with excitement rang out within the sky. Quite a number of people heard the dragon roar and they thought that they were hallucinating. However, Lie Gu did not roar out for a second time, because he was warned by Ye Hua.

Without long, the two landed onto the ground, and upon landing onto the ground, Ye Zizi threw herself into Wei Chang's embrace and hang onto him like a koala bear.

"Gluttonous Monster, Zizi saw that you cried just now."

Wei Chang laughed lightly, "You saw wrongly."

"Humph, humph~ I didn't see wrongly~ Still don't want to admit it huh? When are you going to compete with me again?"

"If you want to compete with me, it will only do if the boss allows it." Wei Chang rubbed onto Ye Zizi's head and laughed.

Ye Zizi pursed her lips. Suddenly, she saw that there were four women beside her and her eyes lighted up, "Wow, such beautiful clothes, I want to wear it too~"

In actuality, the four maids were still currently in astonishment. Originally, they thought that the loli was an enemy, and didn't expect that, in the end, the loli was actually a teammate, it was unbelievable to them.

The four maids still did not know what the situation was, and they seemed very respectful towards Ye Zizi.

"Where did you buy this outfit from? I want to buy one too~" Ye Zizi touched onto the lace of the skirt and asked curiously.

Little loli adding on with a maid outfit.

Wei Chang and Lie Gu explained the identities of the four women to Ye Zizi, and Ye Zizi immediately felt that it was unfair, "It won't do, all of you have a woman, Zizi also wants a woman too!"

Wei Chang, "....."

Lie Gu, "....."

Four maids, "....."

Chapter 157.1: Hopeless 1/2

Wei Chang laughed lightly, "Zizi, speak softer a bit, don't disturb till the madam's rest."

"Madam? Who is the madam?" Ye Zizi asked confusedly.

Lie Gu pat onto the Ye Zizi who was only 1.2 meters tall and laughed, "The boss's wife."

"Ah!!! Big brother has a wife!!!" Ye Zizi exclaimed in surprise. Soon after, she covered onto her small mouth with her hands.

Wei Chang laughed, "En, it happened quite a while ago, the madam is already pregnant too."

"Ah!!!" This caused Ye Zizi to become greatly surprised. Isn't His Honor a skeleton? How is he able to make a human become pregnant? Isn't this too mystical...

"I will go and take a look." After finish speaking, Ye Zizi ran to the front of the tent, then quietly walked into the tent.

His Honor could be seen hugging onto a female human that looked very beautiful. Ye Zizi felt that this female human was the prettiest female human that she had seen.

Ye Hua said faintly, "Speak softly."

Ye Zizi nodded her head as she moved closer and observed for a while. Soon after, she said in a low voice, "Your Honor, can I hug the madam?"

"Be gentle." Ye Hua did not reject Ye Zizi's request. After all, Zizi was still a child in his eyes.

Ye Zizi slowly crawled to the middle of the two, then lightly hugged onto Qing Ya and buried her head into Qing Ya's chest. This action caused Ye Hua to feel a bit unhappy. If I had known, I wouldn't have allowed her to hug onto Qing Ya. However, the words that I spoke out possesses enormous weight, even 12 kuns also wouldn't be able to pull back the words that I spoke.

"The madam's embrace is so warm, it's so comfortable~" Ye Zizi squinted her beautiful eyes. No wonder His Honor likes this female human.

The cultivation world's jealously king sort of couldn't stand it anymore and said, "Alright, it's enough, quickly let go of her."

"Your Honor, let me hug a while more, just a while more~ I'm begging you~"

"Hmmm~" Qing Ya could be seen letting out a light moan as she stretched out her hands and held Ye Zizi into her embrace. Qing Ya definitely mistook Ye Zizi as Ye Hua.

This caused the jealousy king to become incomparably angry. Forget it that you hugged onto the dolls, you even hugged onto Ye Zizi too!

"Are you still not going to let go of your hands!" Ye Hua shouted out lightly.

Ye Zizi said with grievance, "It's not my fault~ The madam is hugging onto me and not letting off of me~"

Ye Hua had no choice but to separate Ye Zizi away from Qing Ya by force. After separating Ye Zizi from Qing Ya, as expected to Ye Hua, Qing Ya hugged onto him.

"Your Honor, you are petty~" Ye Zizi pouted her small mouth and said.

Ye Hua took a glare at Ye Zizi, then said in a low voice, "Remember to wait for me to come and pick you up at the county seat tomorrow."

"En, I know, I know~" After responding, Ye Zizi walked out of the tent. The madam's embrace is truly comfortable~ Her embrace feels so soft~

After Ye Zizi spoke a few sentences with both Wei Chang and Lie Gu, she left the group for the time being. The future was still long.

Ye Hua still did not know just how much of a mistake his decision was. If he was to know the conduct that this 'little sister' of hers would have in the future, he would definitely not be able to help but want to kick her out and let her perish outside by herself.

While hugging onto the woman that was within his embrace, Ye Hua let out a breath. Ye Zizi is extremely not fond of humans, I didn't expect that she would be fond of Qing Ya after taking just one glance at Qing Ya. From this, it could be seen that Qing Ya is very unique, and that I have very good taste.

Looking at that tender red lips, Ye Hua couldn't help but kiss onto it. It sure is f**king soft, and it sure feels f**king great.

You Cannot Afford To Offend My Woman

Chapter 157.2: Hopeless 2/2

It was already deep within the night right now, and both Wei Chang and Lie Gu have entered into their tents too.

Without long after Lie Gu entered his tent, the tent began shaking crazily. However, Lie Gu cleverly placed a barrier around his tent, to prevent from disturbing His Honor.

On Wei Chang's side, Wei Chang was not so direct like Lie Gu. Looking at Lie Gu's tent, Wei Chang wants to express that he was very jealous.

"Uncle Wei, it's so late already, quickly come in and rest." Tang Wei opened the corner of the tent entrance and called out to Wei Chang tenderly.

Right now, Wei Chang really wanted to ask His Honor for a stick of cigarette to calm himself down, his heartbeat was beating a bit fast currently.

"Uncle Wei?" Tang Wei shouted out with her face red.

Wei Chang immediately revealed out a resolute look on his face. I will do as His Honor suggested to me, I will straightforwardly push Tang Wei over!

Seeing that Uncle Wei was walking over, Tang Wei shyly hid into the tent. Tang Wei's face was thoroughly red, and she was feeling extremely nervous.

Entering into the tent, the theme of the tent could be seen to be red, appearing rather festive.

Looking at Xiao Tang who was lowering her head and the shy look on her, Wei Chang swallowed his saliva. What should I do right now!!!

Seeing that Uncle Wei was dazedly looking at her, Tang Wei lightly bit onto her lower lip and began slowly removing her clothes.

Wei Chang was greatly startled, "Xiao Tang, what are you doing?"

"Taking off my clothes and going to sleep." Xiao Tang's pretty face was extremely red right now. Uncle Wei is so stupid, what else is there to do after taking off my clothes.

Wei Chang could be seen stretching out both of his hands.

Tang Wei felt that her heart was about to jump out of her chest. Uncle Wei is finally taking the initiative.

However...

Wei Chang helped Tang Wei to wear back the clothes that she was slowly undressing and said with concern, "The valley is cold when it is late at the night, it is better to wear your clothes while you sleep."

Tang Wei, "....."

First blood.

Right now, Tang Wei's heart was filled with shadow. Uncle Wei, can you be even more honest?

Wei Chang let out a breath, then straightforwardly lied down. What should I do... How should I push Xiao Tang over... I'm online waiting for an answer, it's very urgent...

Seeing that Uncle Wei lied down, Tang Wei followed along and lied down right by Uncle Wei's side. The tent became quiet again.

After a long while, Tang Wei flipped her body over and lightly hugged onto Wei Chang.

Meanwhile, Wei Chang stretched out his hand and embraced onto Tang Wei's slender waist. This time, Tang Wei felt that it was promising and said shyly, "Uncle Wei, don't you want to do it?"

"I want to." Wei Chang said gravely.

"Then, what are you still being in a daze for..." Tang Wei felt that she was going to have to hide herself in a hole. I have already crazily hinted to Uncle Wei, but why does Uncle Wei still not have any reaction.

Wei Chang sighed, "I do want to sleep, but I really can't fall asleep."

Pfff!

Double kill!

Tang Wei immediately felt a bit dizzy. I really want to cry... Does anyone have any good ideas for me?

After a while, Tang Wei calmed herself down. I just don't believe that Uncle Wei doesn't understand. Before coming to this trip, I had done my homework!

Slowly stretching out her slender hand, Tang Wei rubbed onto Uncle Wei's chest. Will you still not understand after this!

Wei Chang was very gratified as he smiled and said tenderly, "Xiao Tang, Uncle Wei is not tired, you don't have to massage for Uncle Wei."

Pfff!!

Triple kill!

Uncle Wei actually thinks that I am giving him a massage, my god!!! How could it be? Seems like I have no choice but to use my trump card!

"Hmm~ Hmm~ Hmm~"

Tang Wei steeled her heart and let out extremely alluring moans while rubbing onto Wei Chang's chest. Which man would be able to endure this? In any way, Tang Wei doesn't believe that her Uncle Wei would be able to endure it!

Wei Chang could be seen being startled as he asked with concern, "Xiao Tang, what's the matter? Did your respiratory tract get infected?"

Pfff!

Quadra kill!

Tang Wei felt that she had been struck by a lightning...

Wei Chang said worriedly, "This valley is humid, you have to pay attention to your own body do you understand?"

Tang Wei remained silent, she could no longer think normally. In the past, I felt that Uncle Wei's symptom was only mild, but from the looks of it, not only is it not mild, it is severe. This is a sickness, it has to be treated.

Right now, Tang Wei felt that she must treat Uncle Wei's sickness, no matter how shameless she has to be, she must also save Uncle Wei.

Tang Wei could be seen hugging onto Wei Chang's arm and saying tenderly, "Uncle Wei, you can be at ease, today is my safe day, there won't be any problem."

Wei Chang lightly caressed onto Tang Wei's beautiful hair and said gravely, "Uncle Wei knows. With Uncle Wei here, not only will today be your safe day! From now on, every day would be your safe day!"

Penta kill!

Ace! Your woman has been eliminated by you.

Tang Wei felt that Uncle Wei was hopeless... My god...

Meanwhile, Wei Chang was currently thinking about what he should do to be able to push over Xiao Tang who was beside him. Pushing Xiao Tang over straightforwardly would seem not mannered enough, and dilly-dallying is not my style too. I'm really at a loss right now, is there anyone that can give me an idea on what to do.

Chapter 158.1: Younger female cousin 1/2

"Uncle Wei, I'm going to go to sleep first, you rest early too." Tang Wei was very wounded right now. I was disregarded by Uncle Wei.

"En." Wei Chang went into a daze, then responded soon after.

Why do I feel that Xiao Tang's mood is a bit gloomy? It doesn't make sense for her to be gloomy.

I expressed my concern for her just a while ago and showed off my formidable strength to her too. So why did she become gloomy? Shouldn't she be touched till death instead? It's always shown like that on the television...

While feeling very confused, Wei Chang gradually fell asleep. Although there isn't any substantial progress, at the least, Xiao Tang and I have taken the first step forward, we are sleeping together.

Just that, Xiao Tang's new school term is about to start, at that time, she wouldn't be working at the bar anymore, right? How should I deal with this matter? This is truly a headache. How about I eat all the people within the school?

If Ye Hua were to know that Wei Chang was being so wishy-washy, he would definitely give Wei Chang a good lesson and say, "As a strong being, you should be a bit more domineering, if not, how would your woman be obedient?"

While hugging onto Qing Ya, Ye Hua searched out nightclothes for Qing Ya to change into. Looking at this body of Qing Ya's, it is now even more alluring compared to when I first met her, every inch of her body is emitting out a faint sweet scent, and furthermore, her skin has a beautiful gloss, I really can't bear to stop hugging onto her.

In any case, since there is no one who will be able to see it...

Jiejie...

The sun raised from the back of the summit, and a few warm rays of light illuminated onto the valley, giving others a pleasant feeling.

"Hmm, hmm, hmm~"

Ye Hua slowly opened his eyes. This Qing Ya is beginning to hmm, hmm, hmm, again, as expected, she is a moaning monster.

"Ye Hua, I'm hungry." Qing Ya muttered, reluctant to open her beautiful eyes.

"If you are hungry, wake up and go eat breakfast."

"I don't want to wake up, I feel so comfortable while sleeping." Qing Ya shifted her body and placed herself in a much more comfortable position.

Ye Hua laughed lightly, "We are not at home right now."

Qing Ya slowly opened her eyes, then began looking at her surroundings. Immediately, the images from yesterday appeared within her mind.

"You had a nightmare last night." Looking at Qing Ya's frightened gaze, Ye Hua said faintly.

Qing Ya's tightly wrinkled brows gradually become relaxed, "A dream?"

"En, you went to rest right after dinner last night."

"So that is the case, scared me to death." Qing Ya patted onto her chest, and immediately, she felt that something was wrong. When did I change into my nightclothes?

Ye Hua said, "I was the one who helped you changed into your nightclothes."

"You ate my tofu again!!!" Qing Ya immediately became shy as she began using her little fists technique onto Ye Hua.

Ye Hua pinched onto Qing Ya's tender cheek and said, "Alright, come out after you have changed your clothes, we will be leaving after we finished eating breakfast."

Chapter 158.2: Younger female cousin 2/2

After speaking, Ye Hua walked out of the tent and lighted up a stick of cigarette. The air here sure is good. The four maids woke up very early on to start preparing the breakfast, and currently, Wei Chang was sitting at the waterside and dazing off, while Lie Gu still hasn't woken up.

“What’s the matter?” Ye Hua stood at the side and asked.

Wei Chang was startled as he hurriedly stood up and shouted out in a low voice, “Your Honor.”

Ye Hua exhaled out a mouth of smoke, “Why do you look so miserable early in the morning.”

How could Wei Chang tell his situation to Ye Hua, his situation was too embarrassing...

“Your Honor is overthinking it, subordinate is just merely pondering over a question.”

“Oh? What is it that you are pondering about?”

Wei Chang really wanted to give himself a slap right now. There are so many excuses for me to use, and I actually used such an excuse instead. I’m going to have to face His Honor’s exam again. I hope that I still remember the key points that I circled in the past.

“I am pondering about Your Honor’s action last night, about why Your Honor gave that Nine Demons Pagoda to Wang Dabao, and not someone else.” Under an urgent situation, Wei Chang’s brain began revolving quickly, and he began speaking whatever nonsense that came to his mind with a serious look on his face.

Ye Hua felt that it was interesting and continued listening to Wei Chang.

Wei Chang breathed in and breathed out, then continued speaking, “Although Wang Dabao seems like he belongs to the south, his wife actually belongs to the north, and I heard that this Wang Dabao listens to whatever his wife says. Therefore, giving the ancient godly item to him is equivalent to giving it to the north. Since the south’s prestige suffered damage this time, they would definitely send a punitive expedition against the north’s powers!”

Ye Hua flicked the cigarette bud and revealed out a praising gaze, “Not bad, this is exactly my intention. We will let them fight amongst themselves, and after they have finished fighting, we will come out on stage and tell them the truth. I really want to see what kind of expressions those humans would have during that time. Playing the humans within my skeleton palm, it sure feels great!”

“Your Honor is brilliant, using an opponent’s methods against themselves!”

Ye Hua patted onto Wei Chang’s shoulder, “Not bad, you even know how to use words like these now.”

“When subordinate is free, subordinate would take a look at some of the humans’ books.”

A slight arc appeared on the corner of Ye Hua’s mouth, “Alright, go and call Lie Gu to wake up, we will go and pick up Ye Zizi after we have finished eating.”

“Yes!”

At this moment, Qing Ya finished changing her clothes and walked out of the tent.

Qing Ya could be seen stretching out both of her arms and enjoying the clean air while with her eyes closed. Unexpected to her, a cigarette smell suddenly floated towards her. Qing Ya rolled her eyes at Ye Hua, then went and took a look at what they were going to eat for breakfast.

Under Qing Ya’s lead, a sumptuous breakfast was made.

At the dining table, Ye Hua was naturally sitting at the main seat.

"We will leave after we have finished eating." Ye Hua said.

"We are leaving so urgently?" Qing Ya seemed like she still has not had enough fun.

Ye Hua took a bite of the bread, then said faintly, "I have to go and pick up a younger female cousin of mine. This cousin of mine wants to enter into the city and attend school, at that time, you remember to help her arrange the procedures."

"Oh, so this is the case. I will make a phone call and make the arrangements now then. How big is your younger female cousin? Is she in junior high school or senior high school?"

Junior high school or senior high school?

Ye Hua moved his gaze towards Lie Gu and Wei Chang, and the latter expressed that they do not know.

"Hmmm, she's 8 years old." Ye Hua himself also didn't know if Ye Zizi belongs to junior high school or senior high school, because he himself has never attended school before.

Qing Ya thought for a while, then muttered, "If she's 8 years old, she should be attending primary school, and most likely third grade of primary school."

"That's right, that is the case." Ye Hua said.

Qing Ya immediately gave Long'an City's General Manager Liu Hang a call and told him to go and arrange the procedures. After all, the new school term was about to start soon.

"Ye Hua, give your younger female cousin's details to me later on." Qing Ya said.

Speaking of details, Ye Hua felt that Ye Zizi should be an unregistered resident. I will get Xiao Jiu to handle Ye Zizi's identity later on.

"Alright, I will give you her information later when we returned back home."

After breakfast, everyone left the valley. Towards Lie Gu's women, the night could be said to have been a very exciting night for them. Of course, Lie Gu himself also had his fun in the end.

However, towards Wei Chang and Tang Wei, it was simply indescribable.

In actuality, the one who was the happiest was Ye Hua as he was finally able to make Qing Ya surrender to him. Take a look at her right now, she is leaning in my embrace at all times, she basically can't leave me anymore.

After getting on the highway, Qing Ya who was lying in Ye Hua's embrace asked curiously, "Ye Hua, why have I never heard you say that you have a younger female cousin?"

"En, I have not met with this younger female cousin of mine for a very long time already."

Qing Ya petulantly gave Ye Hua a punch, "Alright, you are keeping everything a secret from me."

Hooking onto Qing Ya's chin, Ye Hua immediately kissed onto Qing Ya's lips, causing Qing Ya to become dazed.

“Annoying! There are still people here!”

“Just treat them as they are invisible.”

Wei Chang and Lie Gu were very wounded, especially Wei Chang. Why is His Honor able to flirt with his woman so easily and smoothly, and I’m not able to? Taking this chance, I have to properly secretly learn His Honor’s flirting techniques.

Meanwhile, Ye Hua wants to say that, my flirting techniques are something that you won’t be able to learn for this entire life of yours. To be able to have a girlfriend, you should be content already.

Chapter 159.1: When a man reached middle age... 1/2

Within the Cayenne car that was at the back, Tang Wei was a bit gloomy as she looked outside of the window.

“Tang Wei, did you two do it yesterday?” Bai Xiaozhen who was sitting at Tang Wei’s side asked in a low voice.

Sigh... It would be great if we had done it.

Tang Wei shook her head, then sighed deeply soon after. Thinking back of how Uncle Wei acted last night, it is truly funny and infuriating at the same time.

Yi Ran who was sitting at the front became interested too as she turned her head around and smiled, “Xiao Tang, you dressed so sexy last night, did Uncle Wei not have any reaction at all? Last night, Gugu seemed as if he had taken a stimulant drug, and Wen Xia could be said to be more tragic than usual last night.”

As expected, while driving the car, Wen Xia’s face turned red, and Bai Xiaozhen feigned anger coquettishly, “Yi Ran, don’t speak anymore~”

“Look at you two, tsk, tsk, tsk.” Yi Ran laughed lovably.

Tang Wei took another deep sigh. Look at how happy others are, and here I am worrying about this kind of thing. Forget it, forget it, I will just let nature take its course...

Two hours later, they finally got off the highway and arrived at a small town. Ye Hua could be said to have planned out a full show, he chose a remote location to pick up Ye Zizi.

“Have we arrived?” Qing Ya got up from Ye Hua’s embrace, then opened the window and took a look.

Ye Hua nodded his head. We have arrived at the location we agreed on, but Ye Zizi is still not here yet. She couldn’t have run to somewhere else to play pranks on others, right?

“I’m feeling a bit hungry...” Qing Ya rubbed onto her flat stomach and said embarrassedly.

Qing Ya was a pregnant woman after all, her situation was normal, not only does she have to eat, the baby has to eat too.

“Madam, there are very little eateries here.” Wei Chang took a look and said.

Qing Ya's eyes lighted up, "Isn't that Shaxian Eatery? Let's go there."

"Alright, we will treat it as lunch then." Ye Hua approved.

When the two Cayenne cars appeared at the small town, they attracted the attention of the town's people. The town's people were all curious about just who was sitting within the cars.

When they saw the people that got off the car, all of the men's eyeballs almost popped out of their eye sockets, especially when they saw the people that came out from the car that was at the back. My nose is about to bleed, I cannot take it anymore... I cannot take it anymore...

The three who were celebrities, right before they got off the car, they secretly changed their appearances. This was taught to them by Lie Gu, so that it would be convenient for them to go out and play together. After all, compared to home, it was more exciting outside.

Although the women that came out from the car that was at the back made them spilled blood, the woman that came out from the car that was at the front helped them to stop their bleeding. This woman gives me a scared feeling, she is beautiful to the point that it feels unreal. But such a woman like this, her waist is actually held onto by a man, goddamn it!!!

Not sure why, all of the town's people felt that the man was the center of the group. I really don't get it, isn't it just that the man looks handsome? This is truly an era that depends on your looks.

Ye Hua contacted Ye Zizi, and Ye Zizi expressed her apology and said that she would head to the eatery right away.

Within the Shaxian Eatery shop, there was not a single customer. The boss was currently sitting beside the table, and on the table, there were a phone, dumpling skins, and mincemeat, The boss was wrapping dumplings while watching a show that was playing on the phone.

Upon hearing the sound of the door opening, the boss raised his head and took a look. Immediately, he was startled as he hurriedly rubbed his hands and asked with a smile, "Bosses, what do you all want to eat?"

Qing Ya looked at the menu that was on the wall and said faintly, "Give me a plate of steamed dumplings. Ye Hua, what do you want to eat?"

"Stir-fry rice noodles with an additional egg." Ye Hua said faintly.

Lie Gu pursed his lips, then said, "Give me a bowl of banmian."

Wei Chang asked Tang Wei with concern, "Xiao Tang, what do you want to eat?"

"Anything will do." Tang Wei's mood was a bit gloomy. However, it was normal for her to be gloomy, after all, she crazily hinted Wei Chang last night, and yet Wei Chang did not have any reaction at all.

Thinking up to here, Tang Wei was greatly startled. Could it be that, when a man reaches middle age, he is incapable of doing it anymore! And Uncle Wei is embarrassed to tell me about that. I am too stupid, what I did was basically throwing salt on Uncle Wei's wound. I was truly inconsiderate. I will think about a way to help Uncle Wei nourish his health. Afterward, I will go and inquire about some olden prescriptions and get some medicines for Uncle Wei to eat.

While Wei Chang was still looking at the menu, Tang Wei who was behind him had already crowned him with the title of impotence...

"I will get ginseng black-bone chicken soup." Wei Chang spoke.

Tang Wei had a face of 'as expected' on her face. Even Uncle Wei himself also knows to nourish his health. My pitiful Uncle Wei, his body is getting weak along with the raise of his age. I have to properly show care for Uncle Wei in the future, and not let Uncle Wei be hurt again. Thinking back to last night, Uncle Wei must have definitely been very gloomy...

Last night, Wei Chang was indeed very gloomy.

Chapter 159.2: When a man reached middle age... 2/2

Ye Hua and the other three occupied one table, while Tang Wei and the other three occupied another table. The dumplings were served very quickly, and Qing Ya felt that the dumplings tasted pretty decent.

"Ye Hua, your younger female cousin lives in this town?" Qing Ya asked curiously.

"Eh... that's right, she basically wants to go to the city and experience the world outside." Ye Hua had no other choice but to say it like that.

Qing Ya said tenderly, "A girl should indeed travel around more and experience the world outside for herself. This way, she won't get cheated by a bad man."

Qing Ya was basically indirectly scolding Ye Hua.

Wei Chang and Lie Gu really wanted to change to another table. The madam is too formidable, she made His Honor become speechless.

"Then, you should go outside and experience the world more." Ye Hua was not someone that was easy to provoke too.

Qing Ya snorted and ignored Ye Hua. This Ye Hua, only knows how to talk back to me~

Zi...

The sound of the door opening attracted everyone's attention, and even the boss that was currently cooking also looked towards the door. When the boss saw the figure at the door, the soup ladle that was within his hand dropped onto the floor. This... this loli is simply...

Ye Zizi could be seen wearing a light blue sleeveless princess dress, her beautiful collarbone was discernible and indiscernible at the same time. The butterfly knot that was at her waist was incredibly adorable, and there was layer upon layer of laces decorated onto her beautiful dress. On her head, she wore a big round hat, and her double ponytail hanged down naturally behind her head. Different from yesterday, her ponytails were slightly curled up today. From the looks of it, she might have gone to perm her hair just now.

Furthermore, there were gloves worn on her hands, and one of her hands was holding up an adorable small umbrella. Ye Zizi seemed just like a little loli that walked out from the two-dimensional world.

Looking at Ye Zizi's attire, Ye Hua couldn't help but feel a little headache.

"She is your younger female cousin?" Qing Ya mumbled and asked.

Ye Hua nodded his head.

"I feel that she has experienced the world outside more than I have." Qing Ya felt that this loli was like a European royal family's princess. To dress up so gorgeously, this younger female cousin of Ye Hua's seemed like she is going to go and attend a very important banquet.

Ye Zizi indeed thought just like that. In any case, since it was the first time that she was meeting the madam, she naturally had to be a bit more solemn about it, therefore, she forgot about Ye Hua's words to her.

"Big brother~" Ye Zizi waved her hand excitedly, and her eyes turned into crescent moon shapes.

If it was possible, Ye Hua did not want to respond to her.

"You have arrived."

"Hello sister-in-law, I am Ye Zizi." Ye Zizi straightforwardly ran to the front of Qing Ya and used her loli voice to act cute to Qing Ya.

In actuality, Qing Ya has never met such an adorable little loli before. However, why does this little loli feels familiar, seemingly like I have seen her before in my dream last night?

It was natural that Qing Ya thought that, after all, she had seen Ye Zizi who was lying within the coffin last night.

If I give birth to a daughter, I am definitely going to dress her up like this little loli, this little loli looks simply adorable to death.

"Ye Zizi, you are really very adorable." It was rare for Qing Ya to reveal out a smile towards an unfamiliar person that she just met.

"Hehe, sister-in-law, can Zizi hug you?"

Ye Hua's gaze immediately turned cold!

[**You Cannot Afford To Offend My Woman**](#)

Chapter 160.1: Like-minded fellows 1/2

This was the gaze of death that was coming from the Supreme Overlord. No, incorrect, the gaze was coming from the jealousy king!

"Hug what hug!" Ye Hua shouted out coldly. In this world, there is only one person who can hug Qing Ya, which is me!

As expected, Ye Zizi immediately withdrew her little hands that she stretched out, then lowered her head, causing Qing Ya who was looking at Ye Zizi to feel sorry for her.

“What are you doing, to shout at a little girl.” Qing Ya glared at Ye Hua petulantly, then squatted down with her body and lightly hugged onto Ye Zizi, “Don’t pay attention to him, he is precisely a jealousy king.”

Ye Zizi’s little face immediately turned from gloomy to sunny as she leaned on Qing Ya’s embrace with all smiles on her face, “Sister-in-law, your embrace is so warm~”

This little girl really knows how to speak, she could stand toe to toe with Ah Li.

“Zizi looks very beautiful, sister-in-law likes Zizi very much.”

“Like what like! Go and pay the bill, it’s time to head back home!” Ye Hua was very unhappy as he stood up, walked to the door, and ignited a stick of cigarette. Seems like I wasn’t ruthless enough when I burned Ye Zizi last night.

Qing Ya laughed bitterly, “Ignore him.”

“En, Zizi will listen to sister-in-law~ Whatever that sister-in-law says, Zizi will do whatever~” In the past, Ye Zizi did not have any support against Ye Hua. Right now, with Qing Ya as her support, who knows how high Ye Zizi was even going to fly.

“En, Zizi is so obedient.” Qing Ya stretched out her hand and pinched onto Ye Zizi’s cheek.

Wei Chang and Lie Gu were immediately startled!

However, Ye Zizi did not have any drastic reaction towards Qing Ya pinching her cheek and was still smiling. This caused the two to be put at ease. They were afraid that Ye Zizi would instantly kill the madam when the madam pinched onto her cheek.

Asides from Ye Hua, Qing Ya was the second person that dared to pinch onto Ye Zizi’s face. No, incorrect! Qing Ya was the first human that dared to pinch onto Ye Zizi’s face!

The two who were still unfamiliar with each other just a while ago, they were already able to hold onto each other’s hand right now. Upon seeing that, Ye Hua gave Ye Zizi a serious warning, and towards Ye Hua’s warning, Ye Zizi expressed that it was her sister-in-law who wanted to hold onto her hand, and it was not her fault.

I would be damned if I believed your words!

Half an hour ago, within the car, Qing Ya was sitting beside Ye Hua and cuddling onto him. Right now, with Ye Zizi sitting in the middle of Ye Hua and Qing Ya, it caused Ye Hua to not be able to eat his wife’s tofu anymore.

“Go and sit in the car that is at the back.” Ye Hua said.

Ye Zizi immediately revealed an afraid expression on her face, and with the sound of a plop, she hugged onto Qing Ya again.

Qing Ya patted onto Ye Zizi, then said towards Ye Hua, “What are you being fierce to her for. You are the one who wanted to come and pick her up, and right now, you are also the one that is being fierce to her.”

Wei Chang and Lie Gu pretended that they didn't hear anything.

"Lie Gu, when we arrived at Long'an City, bring Ye Zizi to go and find a house for her to stay at." Ye Hua has decided to change his way of thinking. Those who hugged onto my wife, all of them must be burned to death.

Without waiting for Lie Gu to reply, Qing Ya disagreed with Ye Hua's idea, "You are letting an 8 years old little girl stay outside on her own? Is this how you should act as an older male cousin?"

8 years old? I'm afraid that, even if Ye Zizi isn't 8000 years old, she should at least be 800 years old.

"Sister-in-law, Zizi is afraid~" Ye Zizi said pitifully.

"Ye Hua, don't argue about the matter anymore. Yutong's room is big enough, we can just let Zizi sleep in Yutong's room." Qing Ya proposed a proposal that could not be argued against.

Just that, is it really okay to let two chuunibyou girls, who are at the same time also costume enthusiasts, stay together in the same room? Are you not afraid of the two of them creating a huge chaos?

If Qing Ya was to know of the development in the future, she would have definitely agreed to Ye Hua's idea and said, "It is a good experience for one to live outside on their own, a child should learn how to live independently by themselves at an early age."

Ye Hua took a glare at Qing Ya, "If anything were to happen, you settle it yourself!"

"So be it, I will settle it myself if anything were to happen." Qing Ya snorted.

"Sister-in-law, you are so nice to Zizi." Ye Zizi smiled sweetly, causing Qing Ya's heart to melt. Just that, Qing Ya was very confused when she saw Ye Zizi's scarlet red eyes.

"Zizi, why are your eyes red in color? Did you wear contact lens?"

Ye Zizi blinked her beautiful eyes, "Nope, Zizi's eyes have always been like that since she was born."

Although it was rather strange for one to have red color eyes, the red color eyes were indeed rather fitting with Ye Zizi's looks.

Chapter 160.2: Like-minded fellows 2/2

Afternoon 4 pm, they arrived at Leisure Bar's entrance. Qing Ya brought Ye Zizi into the bar first, while Ye Hua still has a few words to say to Lie Gu and Wei Chang.

"Do not slack off with the intelligence work, and remember to report back to me on time every day. Also, get Xiao Jiu to handle Ye Zizi's identity." Ye Hua said faintly.

"Yes!"

"Yes!"

Ye Hua nodded, then lighted up a stick of cigarette while walking towards the bar.

Wei Chang took off his seat belt and said, "You can head back home first, I'm going to go send Xiao Tang back home."

"Gluttonous Monster, are you still intending on sending your Xiao Tang back home by bicycle? You should drive a car and send her back home instead!" Right now, Lie Gu was merely lacking a gold chain to wear on his neck, Lie Gu was extremely rich.

Lie Gu could be seen opening the car door and said, "I will give this car to you. Don't be too miserly when chasing a girl, sometimes, you also need some materialistic items to grow your face."

Wei Chang went into a daze for a while. I feel that what Lie Gu just said is right, it is indeed inconvenient without a car.

"I won't be courteous with you then."

Lie Gu immediately revealed out a crafty smile, "I will hand the matters that His Honor instructed us to do just a while ago to you then~ Bye bye~"

After pausing for a moment, Lie Gu added another sentence, "Properly seize your chance when night comes."

As brothers, I can only help you up to here.

Wei Chang knew that Lie Gu wouldn't give him a car for no good reason. However, for such small matters like these, I can hand them over to Death Mage to do. I will send Xiao Tang back home first for now, I still have to go to work tonight.

Without long, Tang Wei sat in the car and cried out in surprise, "Uncle Wei, why did you suddenly want to buy this car?"

Lie Gu must have definitely told her that I bought the car from him.

"So that it would be convenient to fetch you." Wei Chang rubbed onto Tang Wei's cheek, and the latter seemed very shy.

"But, this car is too expensive..."

"It's fine, Uncle Wei is able to afford it." Wei Chang laughed as he began heading towards Tang Wei's residence.

Lie Gu also headed back home, after all, he still hasn't handed over today's rations to his women.

Within the Leisure Bar.

Right after Ye Hua just arrived upstairs, he heard Qing Yutong's cry of surprise, accompanied by Ye Zizi's cry of surprise.

Pushing open Qing Yutong's room door and taking a look, it was an eyesore... and even Qing Ya was dazed at one side.

It could be seen that, Qing Yutong was wearing a level 3 helmet on her head and a level 3 bulletproof vest on her body. Right by her round butt, there was a frying pan hanged there. And furthermore, she

was wearing a teacher outfit too. Ye Zizi's gaze was fervent, seemingly like she had just found a like-minded comrade.

"Brother-in-law, big sister, both of you only went out for a day, and your child is already this big..." Qing Yutong cried out in surprise, and soon after, she hugged onto Ye Zizi. What an adorable little loli.

Ye Zizi felt that this aunt's embrace was not as warm as sister-in-law's embrace, but it still felt rather comfortable.

"Hmm, hmm, hmm... Aunt, you are about to suffocate me to death." Ye Zizi couldn't endure it anymore. This aunt is too ferocious.

Aunt!!!

Qing Yutong immediately collapsed. Forget it that I'm called aunt by Ah Li, but right now, even this little loli is calling me aunt too. You tell me, isn't this infuriating!

"Yutong, she is called Ye Zizi, she is your brother-in-law's younger female cousin." Qing Ya explained.

Qing Yutong's eyes lighted up, "What are you calling me aunt for, you have to call me big sister, I am your sister-in-law's little sister."

Since she is sister-in-law's sister, I should indeed give her face.

"Hello big sister."

"My god, you are too adorable. Where did you buy this princess dress from? It looks pretty good. I have also bought many princess dresses, but I didn't really dare to wear them out, being afraid that others would think that I am a mental case. Great, now we can wear princess dresses and go out together."

Ye Hua said faintly, "Two mental cases."

"Really? Zizi has a lot of pretty princess dresses too."

"Zizi, do you know what cosplay is?"

Ye Zizi shook her head, expressing that she has never heard of it.

"Come, come, come, big sister has a lot of pretty clothes, big sister will share them with you."

"En, I like pretty clothes."
