Chapter 171.1: Donghuang Li 1/2

“That would be too much of a trouble for you.” Qing Ya was very courteous too.

“It’s no trouble, it’s no trouble.”

“Then, we are heading to Sanji Hotel.”

Jiu Ye, “.....”

Why! Why is even the hotel that we are staying at the same! Why is the heaven targeting me like this... I really want to stay at another hotel instead. But, master had already instructed that I have to stay at this hotel and await his order...

“Big brother, Zizi don’t have the energy to walk, hug hug~” Ye Zizi rubbed onto her hazy beautiful eyes, then stretched out both of her hands.

Ye Hua sighed. This Ye Zizi is truly lazy!

Ye Hua was prepared to carry Ye Zizi, but unexpected to him, Qing Ya was faster than him.

Ye Hua was speechless...

Ye Zizi could be seen falling asleep right after hugging onto Qing Ya’s neck.

Ye Zizi was famous for being lazy. When she was bored, she would sleep. And furthermore, she was the kind that could fall asleep in just one second. Ye Hua remembers that the longest amount of time that Ye Zizi had slept for was a few months.

Sanji Hotel was a five-star hotel that was situated right by the ocean side. The geographical location of the hotel was extremely good and the facilities that the hotel possessed were comprehensive. Right after waking up in the morning, one would be able to face towards the ocean. That kind of feeling was able to make one feel comfortable. However, the price of staying at this hotel was not cheap.

After arriving at the hotel, Ye Zizi became lively again as she began chatting non-stop with Qing Yutong. Don’t need to think too much, the two were definitely discussing about doing bad things.

There were a lot of people entering and exiting Sanji Hotel. This caused Qing Ya to feel a bit confused. Although this is the traveling season, isn’t the amount of people here a bit too much?

Meanwhile, Ye Hua sensed that those people were not ordinary people and was feeling rather curious. What are those people gathering at this place for? Shouldn’t they be discussing about going to the north and snatching the ancient godly item?

After arriving at the hotel, Jiu Ye said his goodbye to Ye Hua and Qing Ya, then took off hurriedly. Although I really want to hug onto this thigh, the feeling that this thigh gives me is very dangerous... This thigh is much more dangerous compared to those masters of mine.

However, the main point was that Jiu Ye didn't feel reassured to hug onto Ye Hua's thigh. This boss doesn't do things in conventional ways, and furthermore, I am not able to see through see this boss...

"It is fortunate that I booked the rooms last night." Qing Ya said with a faint smile.

At the side, Ye Zizi who was holding onto a small umbrella licked onto her lips. There are so many tasty food here, I almost can't restrain myself anymore.

Qing Yutong was also holding onto a small umbrella, trying to act cute. Qing Yutong poked onto Ye Zizi, then moved her eyebrows.

Ye Zizi immediately understood Qing Yutong, and soon after, Ye Zizi moved her eyebrows too.

From the looks of it, the two did not even need to speak to converse with each other, they could use their eyebrows to converse with each other.

After taking the room cards, everyone went upstairs to rest. Qing Ya decided to begin taking the wedding photos tomorrow, and afterward, she would properly accompany Ye Hua to enjoy their time at Sanya, treating this trip at Sanya as their honeymoon.

Right when Ye Hua was happily going on a holiday, Little Ah Li who was far away at the Voidless Realm was not that fortunate.

Little Ah Li had to complete her homework in the morning, and after eating lunch, she had to practice her sword techniques in the afternoon.

Right now, at the courtyard, Donghuang Li was brandishing a sword that was longer than her, and her small face was filled with sweat. However, Donghuang Li did not make any bitter complaints, her eyes were filled with resolute. I must not let mother be disappointed. When mother sees my achievements, she would definitely be happy to the point that she reveals a smile, and not have a miserable look on her face all day long.

Light shouts rang out continuously in the courtyard. The surrounding maids were feeling very heart pained for Donghuang Li. Just only how big is this child? Children that are at her age are normally acting like a spoiled child by their mothers' sides. And yet, for this child, just because she is the empress's child, she has to be so hardworking.

"Little highness, take a rest." One of the maids said heart painedly.

Donghuang Li could be heard saying with her tender voice, "No need, when mother sees that Ah Li is being so diligent, she would definitely be happy."

The maid sighed lightly. The empress is extremely busy during the day, and would only come over to take a look at the little highness at night. I feel heart pained for the little highness...

Chapter 171.2: Donghuang Li 2/2

Donghuang Li repeatedly practiced the sword technique that her mother taught her, and her sweat had already soaked through her clothing.

Who knows how long had passed, then did Donghuang Li finally kept the long sword away and looked towards her mother's sleeping chamber. Mother is obviously right before my eyes, and yet I am not able to go over to her.

"Little highness, take a rest." A maid brought a cup of tea over and said with concern.

"Ah Li miss mother." Donghuang Li did not take over the cup as she said dazedly.

The maid was a bit flustered as she immediately kneeled down in front of Donghuang Li, "Little highness, the empress had given the order that little highness cannot leave this courtyard house by herself without permission."

How would Donghuang Li not know about that? Donghuang Li lightly let out a breath.

"Big Sister Ping, it is all Ah Li's fault that you all have to stay here together with Ah Li. Perhaps, Ah Li shouldn't have been born into this world." Donghuang Li slowly squatted down her body and hugged onto her legs with her hands.

From birth up till now, Donghuang Li has never left this small courtyard house before. Aside from the eight elders, no one knows that the empress has a daughter. Even the maids that were serving upon Donghuang Li were not allowed to leave the courtyard house too! Of course, the empress's imperial guards that were guarding outside the house were the same as the maids too.

Those maids watched Donghuang Li grew up day by day. And because of that, they felt even more heart pained for Donghuang Li. The empress is too heartless.

However, Donghuang Baizhi had her own difficulties too. Because Ah Li was born into this world without being conferred legitimately, if words of Donghuang Li's identity were to spread out, the consequences that would follow after would be inconceivable. Even more, it would implicate everyone within the Voidless Realm. In this world, which mother would want to close their daughter in a cage?

"Little highness..." The maid lightly hugged onto Donghuang Li, giving any meager console she could give to Donghuang Li.

"Let's go back inside the house." Donghuang Li took another look at her mother's sleeping chamber, then dragged her small figure and entered into the house. The three maids immediately went to prepare the hot water and food.

Eating dinner alone, watching the stars while sitting alone in front of the window, Donghuang Li was used to it all.

Originally, I still at least have a computer that allowed me to come into contact with the outside world. But right now, even the computer is gone too. All I can do now is to continue dazing off and wait for mother to come over... I will be able to sleep right after hugging onto mother, and afterward, I would maybe have a good dream, a good dream where mother brings Ah Li to go and sit on a pirate ship, to go and eat ice cream, and also to go and eat McDonald. Just thinking about it is making me feel rather happy.

Donghuang Li waited and waited, and who knows how long Donghuang Li had waited for. Donghuang Li turned her head around and looked towards the bedroom door. Mother is still not here yet...

Standing up, Donghuang Li walked towards the bedroom door and slowly opened the bedroom door. It was quiet outside.

Donghuang Li wrinkled her small brows and walked towards the house door with small quick steps. From the door gap, Donghuang Li saw that there were people standing outside the door.

Donghuang Li was feeling a little downcast as she turned around and walked towards her bedroom. It would be great if I could pass through this wall. Not sure just what mother is doing right now.

Suddenly!

Donghuang Li's small figure disappeared from the house, and when she appeared again, she was already outside of the house. Donghuang Li was frightened by herself. Looking at the guards that were 10+ meters away from her, Donghuang Li immediately ran to a corner while covering onto her small mouth.

Wasn't I inside the house just a while ago? How did I suddenly appear outside of the house? Also, my head feels very giddy, I'm even seeing double image right now...

After a long while, then did Donghuang Li finally recovered. Originally, Donghuang Li was thinking of returning back to the house, but after seeing her mother's sleeping chamber, Donghuang Li wished to hug onto her mother first before going to sleep.

Since Donghuang Li had decided, she began walking towards her mother's sleeping chamber. This was the first time that Donghuang Li was walking around outside of the house. Everything outside was able to pique Donghuang Li's curiosity, and unconsciously, Donghuang Li began feeling very happy.

Very quickly, Donghuang Li arrived at the outside of her mother's sleeping chamber. Donghuang Li mumbled to herself, "There are so many guards..."

"It would be great if I could enter into the sleeping chamber just like how I came out of the house just now."

Biu.

Donghuang Li immediately appeared within the sleeping chamber. However, Donghuang Li was holding onto her head with her hands and looked like she was about to faint. But upon seeing that she had appeared within the sleeping chamber, Donghuang Li became very excited. The lights of the palace hall are still lighted up, mother should be still dealing with her work.

It is already so late, and yet mother is still working. I feel that I should go and pour a cup of water for mother to drink and remind mother to rest early.

Not sure where Donghuang Li got a cup from, after pouring a bit of water into the cup, Donghuang Li happily walked towards the palace hall.

Chapter 172.1: I hate mother 1/2

Before even arriving at the doorway of the palace hall, Donghuang Li heard the sound of people talking coming out from the palace hall. Seems like mother is still busy. I will just wait outside first then, it's better to not disturb mother.

Within the palace hall, Donghuang Baizhi was sitting on a purple gold chair and taking sips of tea. From her slightly wrinkled brows, it could be seen that she was feeling slightly on edge.

Below her sat two elders, Yuan De and Xing Han.

“Empress, Ying Family has already received our message, and they agreed to the marriage without any second thought.” Yuan De’s face was filled with jubilation. The marriage between Donghuang Family and Ying Family is a win-win situation. And if the empress is able to give birth to a male baby, things like the three big powers wouldn’t exist anymore as Donghuang Family would become an existent that is above the two other families!

Xing Han said gravely, “Empress, Ji Family seems to have some small movements. From the looks of it, it seems like they want to destruct the marriage between our family and Ying Family.”

Yuan De snorted, “Do Ji Family think that they can contend against two families? Ji Family is truly overestimating their own capabilities.”

“The marriage this time concerns the change of the entire current state. Even the aristocratic families, big sects, and big families are starting to become a bit restless.” Xing Han was a bit worried. Although the marriage is a good thing, there are a lot of people who do not want to see such a marriage go through, especially Ji Family.

While resting her mandible on her right hand, Donghuang Baizhi asked faintly, “What are the reactions of the north’s aristocratic families?”

Yuan De paused for a moment, then wrinkled his brows and said, “All five of the aristocratic families have handed over their letters to us, three families expressed their good wishes to us, while two other families opposed the marriage.”

“What is the reason that they are opposing the marriage?” Donghuang Baizhi asked calmly.

After Yuan De and Xing Han took a look at each other, Xing Han said gravely, “The empress is holy and grandeur, how could ordinary people be worthy of the empress!”

Donghuang Baizhi laughed lightly and did not say anything towards that.

After a while, Donghuang Baizhi asked, “What is the internal situation of Ying Family right now?”

“When Ying Family’s big prince received this news, he seemed to have been a bit unhappy. Meanwhile, Ying Family’s second prince, Ying Kangshi, is currently at Sanya inviting people from all around to come and participate in his feast.” Xing Han said with a slight smile.

Donghuang Baizhi said calmly, “He sure is happy.”

“That is natural, to be able to marry the empress, it is thanks to the fortune that he had cultivated from his previous life. Also, the betrothal gift is currently being prepared. During tomorrow morning, once the auspicious time arrived, the group that will be sending the betrothal gift to Ying Family will be able to set off.”

Clink!

The crisp sound interrupted everyone's conversation. Yuan De's and Xing Han's expression sunk as their bodies immediately disappeared on the spot and appeared outside of the palace hall.

When they saw Donghuang Li who had an astonished look on her face, they immediately kneeled down and gave their greetings, "Little highness."

Donghuang Baizhi slowly walked out of the palace hall. Looking at the cup that was dropped on the floor, and her daughter who seemed dazed, Donghuang Baizhi said, "Regarding the matter of the betrothal gift, you two can do as you see fit. Go and check if anyone saw Ah Li, if anyone did, you two should know what to do."

"Yes!"

"Yes!"

Donghuang Baizhi carried onto her absent-minded daughter and disappeared from the palace hall entrance. When they appeared again, they arrived within the small courtyard house.

After lightly placing her daughter who was within her embrace down, Donghuang Baizhi said gravely, "Kneel down!"

Donghuang Li just stood there in a daze. Her mind was currently in disarray. Mother is actually going to marry someone, she doesn't want me anymore, and she also doesn't want father anymore.

"Kneel down!" Donghuang Baizhi shouted out in a low voice. It is fortunate that Ah Li did not cause a serious mistake to be made tonight. However, Ah Li is truly too mischievous.

Donghuang Li could be heard saying with her tender voice, "I'm not kneeling down!"

"Do you dare to say that again!" Donghuang Baizhi looked at her daughter in disbelief. She actually knows how to talk back to me now.

"I'm not kneeling, I hate mother!" Donghuang Li's body trembled, and tears began flowing out from her eyes.

Donghuang Baizhi's expression immediately changed as she raised her hand up high.

However, Donghuang Li was not scared in the slightest bit as she looked straight at her mother who now seemed unfamiliar to her.

In the end, Donghuang Baizhi did not slap onto Donghuang Li with her hand. Donghuang Baizhi kept back her hand and asked, "Ah Li, why do you hate mother? Is it because mother caged you here in this courtyard house?"

Donghuang Li was just like a little adult as she said to her mother, "Mother, you are being unfaithful to father!"

"Your father is dead, so why do I have to be faithful to him!"

"In any case, if mother is going to marry another man, mother is being unfaithful to father. Furthermore, if mother were to give birth to another baby, mother would definitely not want Ah Li anymore." Upon

thinking that her mother would no longer come to the courtyard house and visit her, Donghuang Li began crying even harder.

Donghuang Baizhi sighed, then hugged onto her obstinate daughter. Who knew, Donghuang Li was completely not willing to let her mother hug onto her as she struggled away from her mother's embrace.

"Ah Li, you do not need to worry about adults' matters, all you need to do is to properly do your homework."

Donghuang Li could be seen kneeling onto the ground and pleading, "Mother, can you not marry another person please? Is it that Ah Li is not doing enough? Ah Li can sleep a few hours lesser in the future. As long as it is able to make mother happy, Ah Li can do whatever that mother requests Ah Li to do."

Donghuang Baizhi was emotionally moved by Donghuang Li. However, Donghuang Baizhi gradually recovered her composure, "Rest early."

After finish speaking, Donghuang Baizhi walked out of the house. However, right when Donghuang Baizhi closed the door, tears flowed down from her eyes too. However, the tears evaporated very quickly, and the weak look that was on her dissipated. The look that an empress should have appeared on Donghuang Baizhi's face once again.

Ah Li powerlessly collapsed onto the ground. Mother doesn't want me anymore...

Chapter 172.2: I hate mother 2/2

Within Sanji Hotel, right now, while hugging onto Qing Ya, Ye Hua had already fallen asleep. And Qing Ya who was within her dream had a smile on her face. From the looks of it, it was reckoned that she was having a good dream.

At the other room, Qing Yutong and Ye Zizi began changing their clothes again.

"Big Sister Qing, what are we wearing tonight? Uniform, a 2D character, or maid attire?" Ye Zizi rummaged through her suitcase. Within the suitcase, it was all pretty and adorable clothes. I love all of those clothes to death.

Qing Yutong took out a nurse costume and revealed out a mischievous smile on her face, "Zizi, how is this nurse costume of mine?"

"So formidable. What should I wear to the disco?"

"Come, big sister will help you pick. This loli edition teacher costume is pretty adorable."

"Wow~ Big Sister Qing's taste is very good, you are thinking the same as what I was thinking." Ye Zizi hugged onto the teacher costume, seemingly like it was an utmost treasure of hers.

"Let's change into our costumes and head out."

"Go, go!"

Without long, the two changed into their costumes. There was no need to say too much about Qing Yutong, a white color cap, adding on with a nurse costume and white stockings, she was practically able to make others who saw her violently spurt our blood.

However, if Qing Ya were to see how her sister looked, she would definitely pick up a cleaver and chase after her sister. Because right now, Qing Yutong's appearance looked just like Qing Ya.

Ye Zizi who wore a loli edition teacher costume was even more formidable, especially her double ponytail, when others saw Ye Zizi, they would not be able to help but want to grab onto her ponytail.

"The f**k, Zizi, you look too adorable. Let big sister have a kiss."

"Don't want... Don't want... I'm not letting you kiss."

Qing Yutong didn't care that much as she straightforwardly pounced onto Ye Zizi. The scene was a bit alluring...

After playing around with each other for a short while, the two headed towards the bar that was located at the downstairs of Sanji Hotel. When the passerby saw how the two dressed up, all of them were flabbergasted. Dressing up like this in the middle of the night, are you two not afraid of getting kidnap?

Within another room of Sanji Hotel, Jiu Ye received orders from two of his masters.

Right now, Jiu Ye was feeling very gloomy. Both of the masters actually ordered me to go and kill a person, and furthermore, the person that they wanted me to kill is the same person. Isn't this too much of a coincidence?

If I had known that it would be such a matter like this, I would have called someone else over to accomplish my orders. After all, I am not a hitman. Jiu Ye looked at the photo that was within his phone. This man looks pretty handsome. Unfortunately, he offended people that he shouldn't have offended.

Jiu Ye looked at the two bottles that he was holding onto within his hands. This is practically killing someone without any traces. I was told by my masters that when a person drank this poison, the person wouldn't die immediately, however, my masters would be able to control when the person would die afterward. These two masters of mine had the same idea as each other.

After tidying up his clothing, Jiu Ye stood his body up. The target is currently at the bar that is located downstairs!

[You Cannot Afford To Offend My Woman](#)

Chapter 173.1: Amateur hitman 1/2

At the downstairs of Sanji Hotel, there was a bar called Sanji Bar. The venue of the bar was rather big, and the bar's business was extremely good. At the bar, there wasn't any lack of men that were looking for a one-night stand, and also, there wasn't any lack of women that were looking for excitement. As long as you have money, you could really do anything that you want here.

The DJ that was in the bar controlled the atmosphere of the venue, and countless men and women were crazily shaking their bodies and enjoying the excitement of body contacts with strangers. At a booth that was within the corner of the bar sat two men. The two men's attires were ordinary and not eye-catching.

However, no one would have expected that one of the men was actually Ying Family's second prince, Ying Kangshi. And at the side of Ying Kangshi was his personal attendant, Liu Bi. The two had the relationship of master and servant since they were small, and the relationship between the two was pretty good.

Currently, Ying Kangshi was moving his head towards the beat of the music. Ying Kangshi was feeling immeasurably great, while Liu Bi who was beside Ying Kangshi seemed to be very worried.

"Prince, we should better go back. Your big wedding is near at hand, it's best to prevent any trouble from occurring." Liu Bi suggested. Ever since the prince got the news, he became excited to the point that he could fly. Not only did he set up a feast and invited everyone from all over to come over and attend the feast, during the night, he even secretly ran out and came to the bar to have fun.

Ying Kangshi laughed and shouted out, "Bibi, cheer up, who would know that I am here right now."

"But, I'm afraid that the big prince would try to do harm to you." Liu Bi said worriedly.

"Do you know why the empress chose me and not him?" Ying Kangshi revealed out a confident smile and asked.

Liu Bi shook his head.

Ying Kangshi patted onto Liu Bi's shoulder, "Who would choose a thorn to marry? It is only natural that the empress would choose someone that is easy to control, someone like me for example."

Liu Bi seems to have come to a realization, "Prince is brilliant. However, marrying over to Donghuang Family is damaging towards prince's reputation."

Ying Kangshi laughed heartily, then ignited a stick of cigarette, "Bibi, you really do not know anything. When you are able to press down onto the empress, you would have lived a life that was worth it."

"What prince just said is extremely right."

"It is unfortunate for the Donghuang Family to not have a male to inherit Donghuang's inheritance. However, if it was not for that, where would I even have the chance to be able to marry the empress? In the end, to Donghuang Family, I am but just someone who sows seeds. However, no matter what, the seeds that would be sowed are my Ying Family's seeds!" Ying Kangshi gradually kept his smile away and said in a low voice.

"That is only natural. Right now, prince, you are the target of envy of all the men in this world. Big prince's expression during the day was..."

"Haha, I reckon that my brother wished that he could kill me."

"Prince, I think it is better for us to go back, safety is the most important." Liu Bi continued and persuaded.

Ying Kangshi laughed, "Alright, alright, we will go back after playing around for a bit. Go and order a plate of fruits and two bottles of beer."

Liu Bi sighed. I reckoned that the prince must have most likely been bored to death from staying at home. The things within the secular world are truly just too attracting.

Currently, Qing Yutong and Ye Zizi arrived at the entrance of the bar. Towards beautiful women, there was no need for them to queue up and the bouncer would straightforwardly allow them to pass through.

When the two appeared within the bar, everyone's eyes looked straight at them. The looks of these two women are too impressive!

It was the first time that Ye Zizi came to a bar like this. After listening to the music for a short while, Ye Zizi became excited in no time. Ye Zizi's ponytails began floating, and every strand of her hair began bearing their fangs, preparing to undergo a big purge in the bar.

"Zizi, isn't it exciting?" Qing Yutong shouted out loudly.

Ye Zizi paused for a moment, and her ponytails calmed down. Ye Zizi replied with a loud voice, "Big Sister Qing, what are we going to do now?"

"We are naturally going to start shaking and moving our bodies~" Qing Yutong pulled onto Ye Zizi and walked towards the dance floor. Just that, right when Qing Yutong turned around, she bumped into a person that was holding onto a tray, and the bottle of beer that was on the tray immediately fell onto the floor and shattered.

Jiu Ye dazedly looked at the shattered beer bottle. A while ago, right after I arrived at this bar, I changed into the bar's work clothes that were prepared for me. My chance to accomplish my orders was right before my eyes. I had spiked the beer with a bottle of poison, and all I had to do next was to just deliver the bottle of beer over to my target.

The target was only 15 meters away from me. And yet, I bumped into this woman right after she turned around...

Jiu Ye's heart was bleeding right now.

[You Cannot Afford To Offend My Woman](#)

Chapter 173.2: Amateur hitman 2/2

"Xiao Jiu, it's you?" Qing Yutong cried out in surprise.

When Jiu Ye saw this face, he finally knew why he was so unlucky. My god, those people are really everywhere that I go to. Forget it that I came across them in the VIP lounge, had the same scheduled flight as them, and stayed in the same hotel as them. But right now, not only did I come across them when I am trying to accomplish the orders that were given to me, even the bottle of beer that was spiked with poison by me fell onto the floor and shattered.

It is fortunate that I still have another bottle of poison.

"You recognized the wrong person." While with his head lowered, Jiu Ye turned around and left.

Qing Yutong pouted her mouth and didn't really take Jiu Ye to mind. While pulling onto Ye Zizi, Qing Yutong ran to the dance floor and began getting high.

As expected, when the two arrived at the dance floor, they immediately became the focal point. Everyone surrounded around the two in a circle and began cheering for them.

Since Qing Yutong was a celebrity, dance moves were nothing to her.

It was the first time that Ye Zizi was on a dance floor and she did not really understand what she should be doing. However, when Ye Zizi saw how Qing Yutong moved and shook her body around, Ye Zizi began learning from Qing Yutong. In no time, Ye Zizi got the hang of it.

An extremely beautiful woman, and an adorable loli. Many people were currently searching on Baidu about how long they would get sentenced.

“Those two are a bit interesting.” Ying Kangshi also noticed Qing Yutong and Ye Zizi who were within the dance floor.

Liu Bi nodded his head, “Prince’s taste is indeed unique. Do you need me to go over to them and invite them over?”

“Go, these two people are truly not bad.” Radiance appeared within Ying Kangshi’s eyes. Beautiful women like these two are rare to come by.

Qing Yutong and Ye Zizi were enjoying everyone’s gaze towards them. This feels incredibly great. Once again, Ye Zizi was starting to feel a little excited.

“Aiyo, I’m about to not be able to resist myself from absorbing those people soon~” Ye Zizi pouted her small mouth. Although it is boring to absorb ordinary people, it is better compared to not absorbing anything.

“Ladies, could you two give me some face and come over to my booth to have a drink?” Liu Bi could be seen walking over to the front of the two and shouted out towards the two.

Qing Yutong pulled onto Ye Zizi and accepted Liu Bi’s request straightforwardly. If there are free drinks to drink, why not?

Liu Bi originally thought that it would be very hard to persuade the two to accept his request, and didn’t expect that it would turn out to be so easy. Seems like the prince is going to have an alluring night tonight.

Seeing that the two beautiful women followed along with the man and left, everyone felt envious of the man. Women like these are hard to come by even in a year.

When Qing Yutong and Ye Zizi arrived at the booth, Ying Kangshi stood up and stretched out his hand courteously, “Very happy to be able to become acquainted with the two of you.”

However, Qing Yutong and Ye Zizi did not pay attention to him, and even more, they wouldn’t stretch out their hands to shake onto Ying Kangshi’s hand. Qing Yutong and Ye Zizi ignored Ying Kangshi and straightforwardly sat at the booth. Upon seeing that, Ying Kangshi redrew his hand a bit awkwardly. Beautiful women sure have personalities huh.

“Big Sister Qing, I am a bit thirsty.” Ye Zizi pulled onto Qing Yutong’s arm.

Qing Yutong smiled towards Ying Kangshi, "Handsome guy, you don't even have any alcoholic beverage here, so what did you even call us over here for?"

"Alcoholic beverage? That's not a problem." Ying Kangshi nodded his head towards Liu Bi, and the latter immediately went to arrange it.

"Beauties, did the two of you came to Sanya to have a holiday?" Ying Kangshi revealed out a smile that he personally felt was very handsome.

Ye Zizi said lovably, "I'm not going to tell you~"

The f**k, this loli is simply too adorable. If I were to grab onto those two ponytails, just how great would it feel? Even more, if I were to add on with this beautiful woman's service, it would practically be as exciting as pressing down onto the empress.

"Mister, your beer is here." Jiu Ye walked over with a smile on his face and placed two bottles of beer onto the table. However, when he saw Qing Yutong and Ye Zizi, his expression came to a froze.

Why is it them again! Forget it that I came across them at this bar, but they are actually sitting together with my target too! If they were to drink the beer that I brought over, what am I going to do?

Another waiter could be seen walking over to the booth while pushing onto a cart, and on the cart, it was filled with alcoholic beverages. Under Jiu Ye's stupefied gaze, the waiter placed all of the alcoholic beverages onto the table.

I'm done for? Which are the two bottles of beer that I brought over? I f**king can't remember!!

[You Cannot Afford To Offend My Woman](#)

Chapter 174.1: History's most savage, no doubt 1/2

Jiu Ye wanted to cry but had no tears.

Qing Yutong was very confused. Just what is this Jiu Ye doing? Sneakily disguising as a waiter, and looking at his expression, he seemed as if he had just eaten feces.

"How about we play dice?" Qing Yutong suggested.

"Whatever the beautiful woman says." Ying Kangshi said with a faint smile on his face. Upon thinking that I will be able to grab onto those ponytails later, I feel extremely great.

Qing Yutong smiled lightly, "Just that, it is boring if there are too little people."

Liu Bi who was at the side smiled, "Count me in too then."

"How about we count him in too?" Qing Yutong pointed towards Jiu Ye with her delicate finger.

Jiu Ye was crumbling... I really want to cry... However, the person who wanted to cry more was the other waiter. You all actually picked an old fellow instead of picking a fellow who is young... Could it be that, the preferences that women have towards men have changed nowadays?

How would it be possible for Jiu Ye to accept Qing Yutong's request? Jiu Ye said hurriedly, "Sorry, I still have to work."

Liu Bi straightforwardly threw a bundle of money onto the table and said, "I am familiar with this bar's boss."

Jiu Ye was afraid that if he continued rejecting, it would cause his plot to become exposed, "Alright then."

However, there are at least 60 bottles here, just which two bottles are the ones that had been spiked with poison by me? F**k! This woman is practically a devil, nothing good would come about when I come across her!

"Whoever that loses will have to drink an entire bottle in one shot okay?" Qing Yutong said lovably.

Ying Kangshi gave a thumbs-up, "Beautiful woman, you are straightforward, an entire bottle it will be then!"

Ye Zizi could be seen opening a bottle and giving a toast by drinking the entire bottle.

Burp~

Looking at the look on Ye Zizi as she burped, she was simply about to make everyone go crazy over her adorableness. Ying Kangshi was at the point where he couldn't wait anymore. Little loli is my beloved~

The five began playing dice, and because they were drinking bottle by bottle, half of the bottles disappeared in no time. Jiu Ye himself drank around 10 bottles. I'm not sure if I had drunk the bottles that had poison in them, but I feel sick right now.

It is all their fault, why did they come all the way over here to drink alcohol? If they didn't come, the two bottles of beer that I brought over just now would have definitely been drunk by this target of mine.

Although there won't be any problem after drinking the beer that I brought over, but once the sorcery is performed, the person that drank the beer would die immediately on the spot. If my masters were to perform the sorcery now, someone here is definitely going to die!

Just which are the two bottles that I brought over!

Because Jiu Ye was worried about the two bottles of beer that had been poisoned, he didn't have the mood to play the game. And because Jiu Ye didn't have the mood to play the game, the odds of him losing the game was higher, and thus, naturally, he ended up drinking more bottles compared to the others.

Without long, all of the bottles that were on the table were emptied by them. Just who were the ones that had drunk the two bottles of poisoned beer, Jiu Ye himself also didn't know. However, Jiu Ye knew that the odds that he had drunk one of the bottles was very big...

"These beers are boring, bring up the baijiu!" Qing Yutong snorted.

Ying Kangshi was eager to make the two become drunk, thus, he got the baiju that had the highest alcohol percentage. Of course, they didn't drink one bottle by another bottle this time, and instead drank one cup by another cup.

Asides from Jiu Ye, amongst the people that were sitting in the booth, there was an old monster and a person that possesses a system. Of course, there were also two cultivators. The pitiful Jiu Ye was most likely going to cry and faint at one corner if he were to know that. Why are these immortals calling over a mortal like me to join them for?

Chapter 174.2: History's most savage, no doubt 2/2

Ye Zizi was feeling a bit bored, she felt that, compared to drinking, it was more exciting to stab each other. While feeling bored, Ye Zizi played around with Ying Kangshi's zippo lighter.

Jiu Ye couldn't withstand it anymore and was the first to collapse. Meanwhile, the others were pretty much like they were drinking plain water.

After becoming drunk, a gratified smile appeared on Jiu Ye's face. He must have definitely dreamt that he had accomplished his mission.

"Beautiful woman, you lost again." Ying Kangshi laughed. However, it is rather strange, this woman had already drunk quite a lot, so why isn't she drunk yet?

Qing Yutong snorted. After taking a look at Ye Zizi who was currently playing around with a lighter, Qing Yutong said, "Handsome guy, your luck is pretty good."

Qing Yutong could be seen standing up and pouring baijiu onto her cup. After finish pouring for herself, she poured for Ying Kangshi too.

However, right after Qing Yutong finished pouring for Ying Kangshi, Qing Yutong's balance seemed to be a bit unstable as she flung out her delicate hand, and immediately, the cup of baijiu spilled onto Ying Kangshi's pants.

Ye Zizi was startled as she flung out the lighter that was within her hand. And it just so happens that, the lighter landed onto Ying Kangshi's pants, "Big Sister Qing, are you drunk?"

"Fire! Fire! Fire!" Ying Kangshi was a bit stupefied. If anyone was able to not be stupefied when their pants were on fire, that person could be counted as ruthless!

Immediately, Ying Kangshi began patting crazily onto his pants.

Ye Zizi turned pale with fright, "Don't be flustered, I will come and save you!"

Ye Zizi could be seen picking up the bottle of baijiu that was on the table and pouring it onto Ying Kangshi's pants.

Pfff!

The fire became a little stronger. Liu Bi quickly came over and was about to help to extinguish the fire. However, right when Liu Bi was about to extinguish the fire, Liu Bi was pushed away by Qing Yutong, and Qing Yutong could be heard shouting, "Let me help!"

The 10 cm long high-heeled shoes straightforwardly stabbed towards the fire.

“No!!! Ah!!!” Ying Kangshi let out a painful yell. However, Ying Kangshi’s voice was drowned out by the music, and adding on that the booth was situated at the corner of the bar, who would even be able to see what was happening at the booth?

“Zizi, quickly come over and help out.” Qing Yutong stamped continuously onto the fire with all her might. Meanwhile, after being pushed by Qing Yutong, Liu Bi landed onto the sofa and was not able to move his body, all he could do was watch as his prince get humiliated.

Ye Zizi’s figure was relatively short, thus she stood on the sofa. While standing on the sofa, Ye Zizi stamped her foot towards the fire.

Ying Kangshi who had fainted after being stamped onto by Qing Yutong woke up from the feeling of pain that was coming from his crotch area. Just nice, right after Ying Kangshi woke up, he saw that Ye Zizi’s foot was stamping downwards towards his crotch area. Upon seeing that, despair appeared within Ying Kangshi’s gaze.

“No...” Ying Kangshi felt that there seemed to be something missing within his pants, the inside of his pants felt empty...

“Don’t speak, Zizi is here to save your life.” After finish speaking, Ye Zizi’s foot landed onto the fire. Immediately, Ying Kangshi fainted once again. Just how much hatred do you have with my crotch? Furthermore, what you are doing right now is not saving my life, what you are doing right now is taking my life away!

The process of the two trying to save Ying Kangshi’s life was still continuing on. After stamping for about five minutes, the fire finally extinguished. Qing Yutong wiped onto the sweat that was on her forehead, “It is fortunate that the fire did not burn until him.”

Ye Zizi let out a breath, “He is too careless, if not for the two of us being here, he would have been burned to death.”

Liu Bi felt that he was finally able to control his body again, and immediately, he launched towards his prince, “Prince! Prince! Wake up!”

“Quickly go and bring him to a hospital. We can only help him up to this point. Zizi, let’s go.” After finish speaking, Qing Yutong pulled onto Ye Zizi and left.

After walking out of the bar, the two moved their eyebrows at each other, then gave each other a high five. Afterward, they jollily went back to their room to sleep.

Humph~ To dare to take liberties of me, I will step onto your eggs till they burst!

Within the bar, Liu Bi looked at his prince’s crotch. The crotch area of the prince’s pants is dyed red by blood. I reckoned that the inside of the prince’s pants is already mangled. No, it won’t do! It won’t do! I have to quickly bring the prince back and let him receive medical treatment!

Liu Bi carried Ying Kangshi on his back and left the bar in high-speed. Jiu Ye who had collapsed from becoming drunk suddenly opened his eyes. If I didn’t pretend that I was drunk, who knows how much more I would have to drink.

However, I saw how those two assaulted the guy when I squinted my eyes just now. Upon recalling what happened just now, Jiu Ye couldn't help but touched onto his crotch. Those two are too savage! A lively person was practically crippled by the two...

Upon thinking of that 10 cm high-heel stabbing onto the crotch area... That kind of feeling... I reckon that only that target of mine would be able to experience it.

However, now is not the time to be thinking about this, I have to report back to my masters and tell them not to perform the sorcery...

After changing his clothes, Jiu Ye immediately returned to his room and sent a message to one of his masters, "Master, the poison... seems to have been... drank by me..."

After waiting for a long while, Jiu Ye's master finally replied.

"....."

Jiu Ye was stupefied. I don't understand just what these six dots actually means.

However, no matter what, I still have to report about what happened just now.

"Master, although the target did not die, the target's eggs exploded."

Jiu Ye's master evidently did not understand what Jiu Ye meant and was still thinking about what Jiu Ye meant by that the target's eggs exploded. After a long while, Jiu Ye's master replied, "What do you mean by that?"

Jiu Ye felt that he was going to have to reevaluate this master of his. To not even be able to understand what I just said... It couldn't be that this master is still a virgin, right?

"The target has most likely turned into a eunuch now."

After Jiu Ye finish replying, he began waiting for his master's reply again. I'm not hoping for much, it will do as long as master doesn't scold me and gives me the antidote for the poison.

"Xiao Jiu, good job!"

Looking at the reply, Jiu Ye was very dumbfounded. Just what is the situation right now?

"You can tell me what you want! Whatever that you want, I will give it to you!"

Jiu Ye was stunned. This was most likely what it means to receive good fortune because of a disaster!

Soon after, Jiu Ye contacted the other master of his, and unexpected to him, this master had the same reaction as the previous master. This is awesome. From the looks of it, compared to the guy dying, you all prefer the guy to become a eunuch. All of you are sick in the mind! I want to get off this car!

Chapter 175: Ying Family 1/2

Right now, Liu Bi was carrying Ying Kangshi on his back and flying forward hurriedly above the sea. While flying forward, Liu Bi mumbled, "Prince, you have to hang on, we will be arriving back home soon!"

If I had known that this would happen, I would have done my best to persuade the prince to return back home. Right now, such a big matter had happened, how am I going to explain about just what happened!

Within the sky, Liu Bi suddenly came to a stop as he took out a token. After taking out the token, a white light appeared in front of Liu Bi, and he immediately entered into the white light.

After passing through the white light, Liu Bi was still situated above the sea, however, this time, there was an island that was not far away from him. On the island, there were various ancient buildings, and a towering and majestic city gate could be seen stretching out to two ends. The city gate was faced against the sunrise. Looking at the city gate, the city gate was imposing, majestic, tough and durable, yet simple and unadorned.

On the island, there were 20+ buildings. Although there were 20+ buildings, it doesn't feel crowded, and the buildings don't feel like they were all identical to each other. Pavilions, pools, house mountains, strange-looking rocks, and bonsais decorated the 20+ buildings, just looking at the buildings would be able to make one exclaim in admiration.

When the guard that was on the city wall saw that someone was flying towards the city wall, the guard immediately increased his alertness. Looking towards the person that was flying towards the city wall, the guard shouted out loudly, "Who are you!"

"Quickly step aside, the second prince is here!" Liu Bi shouted out loudly.

The guard became startled and he immediately kept away his weapon and lowered his head.

Liu Bi did not think too much as he rushed straight towards the building that was located at the center. That was the place where Ying Family's family head rests at.

As Ying Family's family head, Ying Jingshan did not have large numbers of wives and concubines. In this entire life of his, Ying Jingshan only had one woman by his side, and the woman was called Yu He.

Yu He was the woman that Ying Jingshan came across back then when he entered into the profane world to experience the profane world and train himself. Although Yu He did not possess astonishing looks, she managed to touch the heart of this man that belonged to the Ying Family. To add on, Yu He was just an ordinary person.

Nestling within her husband's embrace, Yu He slightly wrinkled her brows and said, "Jingshan, would it be hard on Kang'er to marry over to Donghuang Family?"

"How would it be? The other party is Donghuang Baizhi, the number of men that want to marry her is countless. For Kang'er to be able to marry Donghuang Baizhi, it is his fortune. Moreover, this marriage is quite good for both our Ying Family and Donghuang Family." As Ying Family's family head, Ying Jingshan naturally had to look at things comprehensively. And as a mother, Yu He was definitely only going to think about her child's happiness.

Yu He sighed lightly, "However, I just keep getting an uneasy feeling about this. I heard that the empress is extremely overbearing. I'm afraid that Kang'er would be at a disadvantage if he were to marry over to Donghuang Family."

“Things will change after they become married. Right now, what we should be worrying about is Hou’er’s marriage. Do you have any lady in mind that you are satisfied with?” Ying Jingshan smiled and asked.

In Ying Jingshan’s heart, he felt that his eldest son was more suitable to inherit his position. Originally, I thought that my small son would have to suffer a bit of grievance because of the matter of the family head position, but I didn’t expect that, my small son would actually be marrying to Donghuang Baizhi!

Looking at my eldest son’s attitude today, he seemed to be feeling unhappy about it. However, after thinking about it, it makes sense that he would feel unhappy... No matter how huge your authority and power are, conquering a woman like that Donghuang Baizhi would be equal to conquering the world.

Hou’er is hard-working since he was young, and he strives to become Ying Family’s family head. On the other hand, Kang’er is not that hard-working, and not only does he seem to be uninterested in becoming the family head, he also seems to be uninterested in fighting over the position of the family head!

Right now, because of the empress’s words, his little brother’s status has far surpassed his status, so, how would he not be unhappy about it. The one that is not hard-working ended up being the one that is going to soar through the heaven.

“Jingshan, I feel that we shouldn’t bring up the matter about Hou’er’s marriage now, after all, Kang’er partner is the empress, it would be hard to avoid Hou’er from feeling unfair in his heart. If we were to find an ordinary lady for him to marry to, wouldn’t he end up becoming even angrier? I don’t want to see the two brothers have a falling out with each other.” Although Yu He was an ordinary person, but after marrying to Ying Jingshan, she had slowly learned to look at things with a wider perspective.

Ying Jingshan let out a deep sigh, “I also don’t know if it is a good thing or a bad thing that the empress wants to marry with our family. Our Ying Family only wants to live our lives in peace, whatever strives for authorities and seizing of powers, all of it has nothing to do with us.”

Chapter 175.2: Ying Family 2/2

Suddenly, noise rang out from the outside. It has been a very long time since such a situation has happened at Ying Family.

“I will go and take a look.” Ying Jingshan said gravely.

“I will go with you.”

The two put on their nightgowns, then walked out of the house. Upon walking out of the house, they saw Liu Bi weeping loudly, “Family head, madam, quickly save the prince, he is about to not be able to make it!”

Ye Zizi and Qing Yutong weren’t gentle when they assaulted Ying Kangshi, especially Qing Yutong, she stamped onto Ying Kangshi’s crotch area with all her might. Towards this kind of man, Qing Yutong expresses that she would stamp on them whenever she comes across them.

If Qing Yutong was to know that the person that she stamped on this time was Ying Family's second prince, who knows what kind of reaction she would have.

"What's the matter!" Ying Jingshan shouted out as he walked up and hurriedly checked onto his son's injury. Immediately, Ying Jingshan's expression became scarily grave.

Liu Bi wept loudly, "Family head, the prince is so tragic, he was stamped into such a state while he was still lively."

Ying Jingshan's eyes were opened wide as he shouted out angrily, "Quickly call Godly Doctor Shen to come over!"

Yu He took a look attentively at her son, and immediately, she began feeling dizzy. My son's crotch area is filled with blood...

After quite a while, Godly Doctor Shen rushed over. At the same time, along with Godly Doctor Shen, Ying Hou could also be seen rushing over. Ying Hou's appearance was a bit lacking compared to Ying Kangshi's appearance. Below Ying Hou's chin, there was a mole there, which caused him to give others a feeling that he was cunning. Aside from Godly Doctor Shen and Ying Hou, Ying Family's various relatives also rushed over here.

Everyone sat at the main hall and waited for the result, while Liu Bi knelt down in the middle and wept softly.

Ying Jingshan suddenly slammed onto the table, "What are you crying for! Recount to me in detail about the course of the matter!"

While choking with sobs, Liu Bi recounted the course of the matter. Liu Bi did not add fire to the matter, and also did not leave out any detail of the matter. Honest people were just the best to bully...

The relatives that were sitting at the main hall finally knew what happened. From the looks of it, Ying Kangshi kicked onto an iron plate this time and ended getting beaten up.

A thin figured middle-aged man took the lead to speak out his view on the matter. The thin figured middle-aged man was called Ying Xiang, he was Ying Jingshan's little brother.

"The empress just passed on the news to us this morning, and yet, before a day has even passed, Nephew Kang caused such a joke of a matter to happen. If words of this matter were to spread to the empress's ears, how bad would that be? The empress would think that, are the men that Ying Family taught out all like this?" Ying Xiang's words were somewhat like throwing stones at a person while they were down, and even more, Ying Xiang's words were hidden with mockery.

Ying Hou who was standing behind his father did not make a sound. Right now, being silent was better than not being silent.

Liu Bi who was kneeling on the floor began speaking for his master, "The second prince only went to that bar to drink a few cups because he was feeling happy today. I reckon that the reason the prince ordered me to go and call over the two girls to join him was because the alcohol got into the second prince's head."

Ying Shan was the third child amongst Ying Jingshan and Ying Xiang, he was middle-aged and slightly obese. Ying Shan could be heard slowly saying, "It is fine if the girls were all adult women, but amongst the two girls, there is actually an underage child! Big brother, if words of this matter were to spread out, it would throw our Ying Family's face!!!"

"The second prince really didn't have any other thoughts towards the two girls. Back then, this humble one also did not really know just what happened. All of a sudden, the second prince's pants caught on fire, and the two girls immediately went to help extinguish the fire for the second prince by stamping onto the second prince's crotch area. I do not know why I wasn't able to move my body at that time, and all I could do was watch as the second prince get stamped while he was still completely lively..." Liu Bi hurriedly help to speak for Ying Kangshi.

Ying Jingshan took in a deep breath, then asked, "Are those two girls ordinary people?"

Liu Bi nodded his head, expressing that he did not discover anything peculiar about the two girls.

Within Ying Jingshan's mind, the first guess that he had was that his son was deliberately set up by someone else!

"Did you discover anything peculiar?" Yu He asked.

"There was a weird middle-aged waiter, he looked nervous during the whole time he was at our booth." Liu Bi said after thinking for a while.

Ying Hou who did not utter a single word the whole time suddenly froze for a moment.

Ying Jingshan got his initial judgment. Seems like the news of Kang'er going out was known by someone, and Kang'er was plotted against by that someone!

Right at this moment, an elderly man slowly walked into the main hall, then slightly bowed towards everyone.

"Godly Doctor Song, how is Kang'er situation?" Yu He asked worriedly.

Godly Doctor Song sighed, "I have already tried my best, the second prince no longer has his manhood."

Upon hearing such a result like this, Yu He's vision turned black and fainted.

"Yu He!"

"Mother!"

[You Cannot Afford To Offend My Woman](#)

Chapter 176.1: Completely empty 1/2

Yu He wasn't able to withstand such a blow like this and fainted. My son actually lost his manhood!

Ying Jingshan carried his wife back to the room to rest. Soon after, Ying Jingshan returned back to the main hall, and his expression was scarily grave.

On the other hand, the various relatives didn't really care about the fact that Ying Kangshi lost his manhood. To them, this matter may perhaps be an opportunity for them. If not, were they going to let

the empress marry a eunuch? How would that be possible? Within the huge Ying Family, Ying Kangshi was not the only man available.

Ying Xiang spoke, "Big brother, a day has not even passed, and Nephew Kang ended up in such a state, how are we going to explain it to the empress?"

"That's right, big brother, for such a matter like this to happen in Ying Family, it is already very embarrassing. Donghuang Family's betrothal gifts are going to be delivered over to us tomorrow. I reckon big brother to quickly think of a plan." Ying Shang followed along and said. If my son is able to marry the empress, it would be the tempo of soaring to success.

Furthermore, big brother only has two sons, and right now, one of the sons became a eunuch, so the other son will have to either marry over to the empress and leave the position of the family head unoccupied. Or, the other son can continue being the family head, and let another man marry over to the empress. They cannot possess both the fish and bear paw this time.

"This matter has to be investigated thoroughly! Ying Hou!" Ying Jingshan shouted out.

"Child is here."

"Bring over the bar's waiter and also the two girls! I want to see just who is the one that actually dares to offend my Ying Family!"

"Yes!"

For them to want to find Jiu Ye, it was practically impossible. All of Jiu Ye's information that was registered was fake, and furthermore, right now, Jiu Ye had already returned back to Long'an City. Jiu Ye's traces had already been wiped completely clean. However, Qing Yutong and Ye Zizi weren't that fortunate like Jiu Ye.

Ying Xiang hurriedly said, "Big brother, although it is important to track down the culprit behind the matter, the matter of how we are going to answer to the empress tomorrow is important too."

"Let me think about it, all of you go back and rest first." Ying Jingshan waved his hand. Right now, his heart was feeling heavy.

Unexpected to Ying Jingshan, Ying Shang suddenly said, "Big brother, Nephew Kang had set up a banquet at Sanji Hotel which invited everyone from everywhere. The banquet's date is tomorrow. Do we cancel this banquet?"

Ying Kangshi had already ended up in that kind of state, and he couldn't even stand up right now, so what is the banquet being set up to celebrate about now? Celebrate that there was another eunuch in this world right now?

"Cancel it." After finish speaking, Ying Jingshan left the main hall and headed to check on his son.

The various relatives shook their heads. After chatting a few sentences with Ying Hou, all of them left too.

After everyone left, a trace of smile appeared on Ying Hou's face. This Jiu Ye's proficiency when it comes to getting things done is truly out of one's expectations. What this Jiu Ye did was even more ruthless

compared to killing someone. I reckon that the two girls must have been hired by Jiu Ye. This Jiu Ye played it beautifully.

What is there good in being Ying Family's family head? Being the empress's man is much more interesting!

As for those two girls, I naturally cannot catch them and bring them back here. If I were to bring them back, and they ended up confessing, I would be done for. Since that is the case, I will have no choice but to silence the two girls. There is still a bit of use in keeping Jiu Ye, so I will let him continue living for the time being.

You Cannot Afford To Offend My Woman

Chapter 176.2: Completely empty 2/2

Within Ying Kangshi's room, Liu Bi accompanied by Ying Kangshi's side and tended after Ying Kangshi attentively. Right now, the prince's complexion is pale, and he already has the look of a eunuch on his face... The prince is so tragic.

"How is Kang'er?" Ying Jingshan walked into the room and asked.

Liu Bi answered respectfully, "Godly Doctor Song said that there is no problem with the second prince's life, and that the second prince will wake up in no time."

Right after Liu Bi finished speaking, Ying Kangshi who was on the bed wrinkled his brows and woke up.

"Eh, father, Liu Bi, you all are here." Ying Kangshi said with a slight smile on his face. Right now, Ying Kangshi still hasn't come to realize that a part of his organ was missing.

Seeing that the two had a strange look on their faces, Ying Kangshi immediately recalled of what happened just now. Lowering his head and looking towards his crotch, Ying Kangshi felt that... it was empty...

"Prince, don't touch it, Godly Doctor Song just finished applying the medicine a while ago." Liu Bi reminded urgently.

The corner of Ying Kangshi's mouth began twitching. Upon seeing that his crotch area was flat, Ying Kangshi's expression immediately changed greatly.

"Kang'er, calm down!" Ying Jingshan was not feeling good too. After all, who would be able to put up with it if their son were to get crippled?

"Father, save me, I... I don't want to be rodless! If I don't have my rod, how am I going to marry the empress!"

Two hours ago, Ying Kangshi was still on cloud nine and fantasizing about the empress's body, and yet, right now...

"Kang'er, just what happened?" Ying Jingshan did not want to give his son a blow. Kang'er, it is definitely not possible for you to marry the empress any more.

Ying Kangshi's expression immediately turned malevolent, "Father, it is those two girls! Those two girls definitely did it on purpose! I want to chop both of them into million pieces!!! And make them work as prostitutes for the rest of their lives!!!"

"I heard Liu Bi said that, amongst the two girls, one of them was actually an 8 years old girl?" Ying Jingshan questioned. Although Ying Jingshan felt heart-pained for his son, he also felt hateful towards his son's moral conduct. If it were not for you lusting over the two girls, how would such a thing have even happened! Even more, you actually tried to lay your hands on a child, my face has been completely thrown away by you!

Ying Kangshi immediately recalled of Ye Zizi's looks, Ye Zizi's petite figure, and also Ye Zizi's double ponytail.

Unfortunately, even if he wanted to grab onto the double ponytail and crazily release himself now, it was no longer possible for him, and it was also no longer possible for the entire rest of his life.

"Father, I merely invited them over to drink with me, I didn't have any other motives." Ying Kangshi hurriedly explained.

Ying Jingshan let out a deep sigh.

"Father, I still have to conduct the banquet tomorrow, I..."

"I have already helped you to cancel the banquet. You just stay at home and properly recuperate. The people that injured you are currently being captured by Ying Hou." After finishing speaking, Ying Jingshan walked out of the room. Right now, Ying Jingshan's mood was very horrible.

Cancel! How can the banquet be canceled! If the banquet gets canceled, won't I get ridiculed by everyone!

Being ridiculed for standing them up was better than being ridiculed that you were a eunuch, right?

Ying Jingshan's thinking was very simple. Words of this matter cannot be spread out, if there is a need, Kang'er can just stay at home for the entire rest of his life, Ying Family cannot afford to throw away its face like this.

However, what Ying Jingshan was hoping for was impossible, Ying Family's face was definitely going to be thrown away this time!

"Prince..." Liu Bi shouted out with concern.

Ying Kangshi's gaze was absent-minded. Ying Kangshi was not foolish! What father was trying to say just now was very obvious, right now, without my manhood, it is impossible for me to marry the empress!

I'm unable to accept such a fate, I was so careful when I went out tonight! I must have definitely been discovered by someone when I went out! Big brother possesses the biggest suspicion!

Upon recalling of his big brother's expression during the morning, Ying Kangshi seemed to have confirmed that his big brother was the mastermind behind the matter. Ying Kangshi silently thought to himself, "What I am not able to obtain, you can forget about obtaining it too!!!"

Looking at his prince's gloomy and cold eyes, Liu Bi felt very worried.

At Sanji Hotel, after finish bathing, Qing Yutong and Ye Zizi wore onto their adorable nightclothes. They looked truly beautiful to the max. It was normal for Ying Kangshi to have had such thoughts towards them. Even if there wasn't Ying Kangshi, there would still be other rich tyrants that would invite Qing Yutong and Ye Zizi over for a drink, and their outcomes would more or less be the same as Ying Kangshi's outcome. Ying Kangshi could only blame himself for being extremely unlucky, he was destined to not be able to become the empress's man.

"Zizi, you were truly clever just now." Qing Yutong pinched onto Ye Zizi's small cheek. Originally, when I saw that Ye Zizi was playing around with a lighter, I seized the opportunity and toppled the cup of alcohol. And right after I toppled the cup of alcohol, Ye Zizi was able to think of what to do in no time as she flung out the lighter towards that guy's pants.

The two that were able to cause destruction were sticking together, thus, it was obvious what was going to happen.

This was also the reason why Ye Hua did not want Ye Zizi and Qing Yutong to be together. To Ye Zizi, being able to react to what Qing Yutong was trying to do and thus flung out the lighter was but a child's play to her.

Ye Zizi revealed out two adorable dimples, "Humph~ I could not stand looking at him from very early on. Originally, I wanted to burn him alive."

"The heck, Zizi, you are so violent. This won't do, as a girl, you have to be a bit more gentle and well-behaved." Qing Yutong earnestly guided Ye Zizi.

"Big Sister Qing, Zizi learned it all from you, back then, you were stamping so happily onto that person."

"....."

Qing Yutong shook her eyebrows.

Ye Zizi immediately understood.

The two opened their computers. Going to sleep without eating chicken first was impossible.

However, right when the two were beginning to eat chicken, the hitman that Ying Hou sent over has already arrived!

[You Cannot Afford To Offend My Woman](#)

Chapter 177.1: The noble social circle sure is messy 1/2

This person could be seen to be wearing a black color martial outfit and concealed himself very well within the dark night. For a hitman of his caliber, he totally did not have the need to sneak into the hotel at all, all he had to do was to just fly into the sky and enter through the window.

The mission this time is to merely kill two ordinary people, it is truly too relaxing. While lightly floating on the balcony, the black-clothed man took out a short dagger and smeared a layer of poison onto the short dagger.

Secretly looking at the bedroom that was at the side, the bedroom's light was still lighted up. With a malevolent smile on his face, the black-clothed man began to walk towards the room.

However!

"Zizi! There is someone outside the window!" While wearing onto a headphone, Qing Yutong could be heard shouting out.

The black-clothed man that was outside immediately became startled. How did they discover me! Wasn't it specified in the information that the two were ordinary people!

While controlling her character, Ye Zizi shouted out, "I had long heard of his footsteps, watch just how I am going to kill him!"

The black-clothed man turned pale with fright as he immediately crawled down at the balcony. I have come across two problematic targets!

Qing Yutong could be heard shouting, "Do you think that I won't be able to see you just because you crawled down!"

The black-clothed man was about to go insane! I haven't even discovered my targets, and yet, I ended up being discovered by my targets!

What was the thing that hitmen worried about the most? It was that their position was exposed!

After waiting for a while, the black-clothed man felt that it became quiet again. Could it be that I was imagining things? It should be, all those from a while ago must have all been illusions, how could I possibly get discovered?

The black-clothed man secretly walked into the room. The living room's lights were turned off, while the bedroom's lights were turned on. Seems like the targets must be inside the bedroom.

The black-clothed man revealed out a ruthless smile on his face and he subconsciously licked onto the blade of his dagger.

I seem to feel that something isn't right...

If I recalled, I seemed to have smeared poison on the dagger just now! F**k! What happened just a while ago caused my state of mind to become uncalm. and now, I actually licked onto the poison!

The black-clothed hitman immediately took out the antidote and drank it. After letting out a breath, the black-clothed hitman began moving towards the bedroom.

"There is the sound of footsteps!" Qing Yutong could be heard shouting out.

Qing Yutong's shout caused the black-clothed man to lean onto the wall. As expected, they are formidable, I practically did not make any footsteps sound at all, and yet, they are actually able to still hear the sound of my footsteps.

Ye Zizi laughed lovably, "Big Sister Qing, we have cornered a fool."

The black-clothed man's expression began to change. Could it be that, this is actually a trap! I actually jumped into a trap that was set up by them!

"Zizi, don't move, wait for me first, I'm going to go and get a weapon. I am going to smash his head in!" Qing Yutong could be heard shouting out again. This caused the black-clothed man to become scared. I actually really entered into a trap!

No, this won't do! This mission is too hard, I have to go and call over a few people to help me out with the mission!

The black-clothed man began retreating by taking small quick steps,

"Still want to run?! Zizi, smash his head in!"

"Alright~"

The black-clothed man couldn't afford to care about too much anymore as he straightforwardly broke through the window and escaped from the room. This room is filled with traps! There is a mistake with the information! I have to rethink of a new plan!

Within the bedroom, Qing Yutong wrinkled her brows as she looked towards Ye Zizi, "Zizi, I heard the sound of someone jumping out of the window a while ago."

Ye Zizi blinked her eyes towards Qing Yutong, "Seems like someone jumped out of the window."

"Seems like there is still someone within this P City." Qing Yutong let out a breath.

A trace of evil smile could be seen appearing on the corner of both of their mouths. This game is truly just too fun.

The room that was at the side belonged to Ye Hua. The sound of the window breaking caused Ye Hua to open his eyes, and soon after opening his eyes, Ye Hua waved his hand.

The black-clothed man that was currently rejoicing that he managed to escape, while flying, his body gradually disappeared. It was truly a painless way to die.

Ye Hua lightly caressed onto the woman that was within his embrace. It seems like she did not wake up from the noise. A slight trace of arc appeared on the corner of Ye Hua's mouth.

"Ye Hua, someone jumped through the window... come over quickly..." Qing Ya pursed her lips. It seems like she was sleep talking.

Ye Hua shook his head helplessly. This woman, she's playing game even when she is dreaming. It is fortunate that I am here.

"Ye Hua~ How did you get headshot by someone else, I will help you to seek revenge~"

Ye Hua, "....."

This foolish woman, I really want to smack her awake and properly give her a lesson.

Chapter 177.2: The noble social circle sure is messy 2/2

Early morning.

Qing Ya woke up very early because today was a good day, it was the day that she was going to go and take her wedding photos. Just thinking about it is making me feel excited.

Qing Ya could be seen to have finished changing into her clothes and was pulling onto Ye Hua who was still on the bed, "Ye Hua, quickly get up~"

"Are you crazy, it is only 6 am right now!" Ye Hua said gravely.

Qing Ya shook onto Ye Hua's arm, "Husband~ I'm feeling excited right now~ Quickly come and get up~"

"I really cannot stand you!!!" Ye Hua sat his body up, then held onto Qing Ya's waist and kissed onto her.

"Satisfied now? Quickly get up~" Qing Ya rolled her eyes at Ye Hua. It is early in the morning and you are already being touchy, you are really being too much now. However, I really like the current Ye Hua, the current Ye Hua is much better compared to the Ye Hua from the past.

Ye Hua sighed. After finish washing up, Ye Hua brought along Qing Ya and went to wake up the other two.

Qing Yutong and Ye Zizi went to bed only at 4 am, and currently, they had only slept for 2+ hours. And yet, right now, after sleeping for only 2+ hours, they were being dragged out of their bed.

"Why is this room's window broken?" Qing Ya asked curiously.

While wearing her nightclothes and hugging onto a little bear, Ye Zizi walked out of the bedroom while with her eyes closed.

On the other hand, Qing Yutong was wearing an eye mask and hugging onto a quilt. Right after the two walked out of the bedroom, they straightforwardly lied down on the sofa, totally having a look on them that seemed like they were saying, I won't get up even if you beat me to death.

Ye Hua walked to the window's side and lighted up a stick of cigarette. Who is it that wants to deal with the two of them? This is truly a bit interesting.

Under Qing Ya's various kinds of techniques, Qing Yutong and Ye Zizi finally wore their clothes and left the hotel room. Ye Zizi was still continuing on with the little princess fashion route, but was different today was that, she was hugging onto a little bear this time.

On the other hand, Qing Yutong finally turned back to normal. Wearing a long dress, Qing Yutong gave off a fairy-like feel.

The hotel's breakfast was free of charge and was the self-service kind. Various kinds of delicious foods were laid out.

When Qing Yutong and Ye Zizi saw the delicious foods, they immediately came back to life.

Ye Hua sat at a table and continued acting like a big boss.

What is the biggest use of a wife? That would be to use to hug onto while sleeping at night and letting her serve upon you during the day. If not, what is the point of getting a wife? It would be completely meaningless.

How would Qing Ya be unaware of Ye Hua's character? Qing Ya went and helped Ye Hua to get a youtiao and a bowl of porridge.

After taking a look at his own food, Ye Hua looked at the other three's food and compared their food to his, then asked, "What are these in front of me?"

"Big brother is so stupid, those are your breakfast of course." Ye Zizi said with a smile.

Ye Hua took a glare at Ye Zizi, and the latter immediately shrank.

Qing Ya laughed lovably, "Alright, alright, I was just joking around with you, I will go and help you take, what do you want to eat?"

"Forget it, I don't have any appetite right after waking up in the morning." Ye Hua said faintly, then drank a few mouths of porridge.

Qing Yutong sized up around the surroundings. Last night, there was such a large number of people in the hotel, why did the number of people decrease by so much today?

"Brother-in-law, don't you feel that this hotel is a bit strange?" Qing Yutong asked curiously.

Ye Hua had long felt that the hotel was a bit strange, however, he didn't really place it into his heart.

Suddenly, two men placed their breakfasts onto the table that was behind Ye Hua's table and sat at the table. Soon after, they began talking to each other in a low voice.

"I heard that today's banquet has been canceled, I rushed all the way over here for nothing. I still have to rush back and attend my child's parent-teacher conference later on."

"Same here, I didn't even attend my party's raid last night."

"I heard that the second prince's eggs got burst by someone else, and as a result, today's banquet was canceled."

"Is that true or fake? The second prince's eggs were burst by someone? Just who is it that is so formidable?"

"The Cultivation World's forum exploded yesterday, some people were saying that the second prince sexually harassed an underage girl."

"666, the second prince is already going to marry the empress, and yet he still did such a thing, formidable!"

"That's right, is he not afraid of being roasted by the empress?"

When Ye Hua heard the words 'underaged girl', he immediately looked towards Ye Zizi. Thinking back upon last night's hitman, there is no need to say much more, the matter that the two men are discussing about is definitely the doings of these two.

Qing Yutong and Ye Zizi silently ate their breakfasts, acting like they don't know about anything at all.

On the other hand, after listening to the twos' conversation, Qing Ya's face was filled with confusion. What second prince marrying to the empress? The noble social circle sure is messy.

Chapter 178.1: All round stimulation 1/2

"What are today's plans?" Ye Hua asked lightly.

Qing Ya wiped onto her sexy small mouth, "I have already contacted them a while ago, we should be shooting indoor today. We have to strive to finish with the indoor shoot in a day. And tomorrow, we will be shooting outdoor. As for the two of you, you two can go and have fun and enjoy yourselves. Yutong, you will have to look after Zizi properly."

"Alright." Qing Yutong nodded her head. Does Zizi even need anyone to look after her?

Upon hearing that she could go and have fun, Ye Zizi immediately became excited again. I feel that the person that I stamped onto yesterday should be a big shot, and if nothing unexpected happens, we will come across that person again. I have to properly discuss with Big Sister Qing about how to play around with that person. Just thinking about it is making me feel excited. It is a pity that Big Skeleton Dragon and Gluttonous Monster are not here.

"Shooting indoor for a day! And there is still an outdoor shoot tomorrow! Is it not possible to finish everything in an hour?" Ye Hua was in disbelief. Taking some photos actually requires two days!!! Two days are enough for me to watch so many episodes of Calabash Brothers: Save the Grandpa.

Qing Ya knew that Ye Hua would not be able to bear with it, and thus she began coaxing Ye Hua, just like how a person would coax a child, "It will be very quick, there are only 10+ sets of clothes~ Moreover, you can hug onto me during the entire duration of the shoots~"

"That is more like it!"

Qing Ya was feeling a bit headache. It sure is vexing when your husband is so clingy towards you. Looking at Ye Hua right now, he practically wishes he could hug onto me for 24 hours a day. Ye Hua is truly becoming more and more adorable, especially how he looks when he stiffens his face.

If Donghuang Baizhi was able to hear Qing Ya's thoughts, who knows what kind of reaction Donghuang Baizhi would have? Just thinking about it was enough to make one feel a bit excited.

Seeing that everyone was more or less done with eating, Qing Yutong pulled onto Ye Zizi and said, "We are done eating, we will be going back to our room to sleep."

"Remember to call someone to change the glass window, it's dangerous to leave it just like that." Qing Ya reminded.

"Alright."

"Big brother, sister-in-law, Zizi won't be accompanying with the two of you anymore." Ye Zizi waved with her hand that was holding onto the little bear and said with a smile.

Ye Hua gave a warning to Ye Zizi, telling her to not go overboard, while Qing Ya had a smile on her face as she thought to herself, "Little Zizi sure is adorable."

In order to be able to receive information that was much more accurate, Ye Hua contacted Wei Chang.

"Is there any information to report?"

"Your Honor, give subordinate a minute."

Wei Chang immediately contacted Death Mage.

"Is there any information to report!"

Right now, Death Mage was no longer staying in the park anymore, and was currently staying in a hotel. Although the hotel was not very high quality, at the least, there was a bed now.

"There is! There seem to be some big movements at South's Sanya. Originally, I thought that the people that gathered at Sanya was going to start fighting with each other, but in the end, this morning, more than half of the people that came to Sanya left Sanya!"

It's fine as long as there is information, what I'm afraid of is that there isn't any information at all.

Wei Chang replied, "Alright! You did well, continue on with what you are doing!"

"Yes! Master!"

Death Mage took a look at the unconscious Xun Fang who was lying right beside him, then began focusing on playing his game. I didn't expect that such a piece of information like this would be able to allow me to receive master's praise, this is truly great.

Wei Chang proceeded to report the information to Ye Hua, and after hearing the information, Ye Hua praised Wei Chang, "You are finally doing things right, however, you have to take a step further in investigating this matter."

"Yes! Your Honor!"

Afterward, Wei Chang contacted Death Mage and ordered Death Mage to further investigate the matter.

Death Mage who was lying on the bed naturally accepted the order unconditionally. However, Death Mage was having a bit of a temper right now...

Chapter 178.2: All round stimulation 2/2

"Jiejiejie..."

Imperial translation: "What kind of garbage game is this, I have never f**king win in this game before. This game is practically scamming my money! I am going to uninstall this game and withdraw from the mobile gaming world from now on!"

After finish speaking, Death Mage really went and uninstalled the game. His determination was truly frightening!

Opening the international news, Death Mage began reading through the news. This was a skeleton who cared about the major events that were happening in the world...

Suddenly, an advertisement attracted Death Mage's attention.

"Hello everyone, I am Zhazha Hui! I have acted in many shows before, but when it comes to games! I like playing Blue Moon Fantasy! Upon entering into the game server, you will be able to earn money! Selling a blade for 999 rmb is not a dream."

Death Mage's attention was attracted by the advertisement's words, especially the part where it said that one would be able to earn money upon entering into the game server. Is this game this formidable?

Death Mage who had vowed that he would never play mobile games ever again just a while ago immediately downloaded the game. This game feels pretty decent, I topped up 648 rmb, and didn't expect that there was actually a cashback system, this is truly a pretty decent game, or perhaps, it should be said that, this is a game that has a conscience. Death Mage wants to express that he was feeling very happy right now.

The character that Death Mage picked was naturally warrior.

First, I will buy all the various kinds of equipment, then follow along with the missions. And afterward, I will begin killing in all directions. This feels so great.

F**k, the fishing game is practically garbage, this Blue Moon Fantasy is much more interesting.

"What game is this?" Not sure when, Xun Fang woke up. While looking at Death Mage's phone screen, Xun Fang asked suddenly.

"Jiejiejie..."

Imperial translation: "A game where you can earn money!"

After looking at Death Mage's phone screen for a while, Xun Fang was suddenly struck with an epiphany. This game that this skeleton is playing seems to be a fighting game. If I'm not able to kill you in real life, it is not possible that I am not able to kill you within the game!

"Wait for me! I am also going to play the game!" While speaking, Xun Fang leaned against the bedhead, picked up her phone, and began downloading the game. After finish downloading the game, Xun Fang even specially asked Death Mage which server he was playing at, then proceeded to enter into the server secretly, intending to attack Death Mage by surprise.

"Knock, knock, knock." The sound of door knocks rang out.

Death Mage was currently enthusiastically playing with his game, after casually waving his hand, the door was opened.

With an excited expression on his face, Dou Fushi walked into the room, and right after walking into the room, Dou Fushi covered his face. I am still a child, is it really fine for the two of you to be like this?

Xun Fang seemed to have already become numb. While leaning against the bedhead, Xun Fang asked faintly, "What's the matter?"

Dou Fushi said with a serious look on his face, "Sister-in-law, I gave a go at calculating our luck just a while ago, and I got the result that there is a fortune waiting for us today."

Xun Fang silently tapped onto the top-up button, and 648 rmb was gone immediately...

"Oh..."

Looking at the two that had no intention of getting off the bed, Dou Fushi felt very hurt.

"Big brother, sister-in-law... It is not possible for this younger one to provide for the two of you forever, there will come a day where I run out of money."

"Ha! Ha! Ha!" The sound of the warrior chopping rang out.

Dou Fushi was a bit in despair. These two blood-sucking insects...

"If we are able to successfully acquire the fortune, big brother, sister-in-law, the two of you won't have to worry about not having money to top up in your games, and becoming rank 1 in whatever games that you all are playing won't be a problem at all!"

As expected, Death Mage and Xun Fang slightly raised their heads.

Death Mage wanted to become the game's rank 1.

While Xun Fang wanted to kill the person who wanted to become the game's rank 1.

Death Mage typed on his phone, "Let's do it!"

Dou Fushi became exalted as he said hurriedly, "I calculated that there would be a fortune being transported over from the north. It is most probably some experts that would be transporting the fortune. Since big brother and sister-in-law possess formidable fighting strength, as long as we are able to intercept the fortune, we will not have to worry about clothes and food anymore in the future!"

As long as Xun Fang was able to kill the skeleton that was beside her, she could do anything that was asked of her.

"Open your mouth." Xun Fang said faintly.

"Huh?"

"Open your mouth!"

Dou Fushi opened his mouth helplessly, and Xun Fang flung her hand right afterward. Dou Fushi could only feel that he swallowed something.

"You have already eaten my half dead half alive pill, if you dare to bluff me, I won't give you the antidote for the pill!" Xun Fang shouted out coldly, and her aura of that of a sect master exploded out at this moment.

Dou Fushi immediately swore that he won't ever bluff her.

"Go outside and wait." Xun Fang said coldly.

After Dou Fushi left the room, Xun Fang took out the packet of maltesers that was under the blanket, then ate one of the maltesers chocolates. This is rather delicious.

“Jiejie...”

Imperial translation: “Nice manipulation.”

Xun Fang took a glare at Death Mage, “Jie your head, quickly get up and prepare to work!”

After finish speaking, Xun Fang got off the bed and began changing her clothes. Xun Fang did not avoid from Death Mage at all when she changed her clothes.

Meanwhile, Death Mage immediately turned his head away from Xun Fang. This shameless woman, actually trying to seduce me during broad daylight.

Although I am just a skeleton, playing the fishing game has allowed me to train the speed of my fingers. My fingers are able to vibrate 100 times per second! Even more, I can control how deep my fingers go and give you an all round stimulation, guarantee to leave you wanting for more.

After finish changing her clothes, when Xun Fang turned her head around and saw that Death Mage was looking towards the outside of the window, she snorted.

If Death Mage possesses a human body right now, it was reckoned that he would have a shy look on his face.

Chapter 179.1: Robbery! 1/2

The three walked out of the hotel, then hailed a cab and headed towards the outskirts. Right now, Death Mage knows to wear a mask and gloves when going outside. And in actuality, the mask and gloves were all prepared by Xun Fang, to prevent needless trouble from happening.

The cab driver was feeling a bit worried. These three people are very weird, the youngster that is sitting at the front seems to be using his right hand to calculate something, but no matter how I see it, it seems as if his right hand is convulsing, and the expression on his face doesn't seem really good too.

As for the masked black robe that is sitting at the back, he has been playing with his phone ever since he got into the car, and furthermore, he opened his phone's volume to such a loud volume. Peculiar sound that would make one's hair stand on its end would ring out from the black robe's phone from time to time.

The female is the only normal one. The female looks so pretty, just like a fairy.

However, ever since she got into the car, she has also been playing with her phone. Listening to the game sound that is coming out from her phone, it seems that she is playing the same game as that black robe. Could the game be Blue Moon Fantasy?

As time went by, the further the driver drove, the location became more and more remote. Right now, beads of sweat were dripping out from the driver's forehead. This isn't a robbery, right?!

“Stop!” Dou Fushi shouted out suddenly.

The driver hurriedly stepped onto the brake, and the two that were sitting behind immediately bumped into the seat that was in front of them.

However, the two of them didn't mind it. Xun Fang pulled onto Death Mage's robe, "Transfer 2000 rmb over to me."

Xun Fang didn't have any more money to buy in-game currency, and if she doesn't buy in-game currency, how would she be able to kill Death Mage in the game?

Death Mage was not someone that was miserly. Immediately, Death Mage transferred 4000 rmb over to Xun Fang. In any case, I am going to become rich soon.

After the three got off the car, the driver immediately stepped onto the pedal. I don't ever want to come across these three people anymore.

Dou Fushi took out a Chinese compass and shouted out gravely, "When searching for a dragon, look for the coiling mountains, each coil represents a trial, if there are a thousand of trials ahead of the entrance, it means that there is definitely an aristocracy living within!"

Although Death Mage didn't really understand what Dou Fushi was talking about, he felt that the words that Dou Fushi was shouting out sounded formidable.

Xun Fang slowly lifted up her head and asked, "Isn't this tomb searching chant? What correlation does it have with this time's robbery?"

Dou Fushi smiled, "Sister-in-law, this chant is usable for myriads of situations, it can even be used in the casino."

"Aren't you someone who catches ghosts?" Xun Fang laughed, then continued playing with her game.

"Sister-in-law, it's hard to get by these days. Besides from catching ghosts, I also have to go and earn some extra income. Therefore, I would go and search around some tombs, then sell the golds, silvers, jewelry and so on that I found." Dou Fushi let out a long sigh. It is all lies within those f**king novels. Where would there be that many tombs in this world? And even if there really were that many tombs, most of the tombs most likely have already been searched empty by others. There would not be even a scrap left to find if I were to go and search in those searched tombs. I even wanted to subdue some ghosts for myself while I was in some of the tombs, but there was not even a single sight of a ghost at all. You tell me, isn't this infuriating?

Xun Fang received the money that Death Mage transferred over to her. This skeleton is rather generous. There is no need to think too much, I will buy in-game currency with all 4000 rmb! Time to get a full set of equipment!

The further the three walked, the more remote the place got. Suddenly, while holding onto the compass, Dou Fushi shouted out, "It is right here!"

Death Mage and Xun Fang sized up around the place. What is this place? A worn-down factory?

"What did you bring us here for? Are there golds underneath the ground?" Xun Fang asked.

With a profound look on him, Dou Fushi stretched out his finger and shook the finger, "Big brother, sister-in-law, there are no golds underneath the ground. However, there are indeed golds within the sky!"

Death Mage kept his phone away, "Jie jie jie~"

Imperial translation: "Interesting!"

Xun Fang sensed it too, and a look of disdain appeared on her face.

Bang!

Dou Fushi watched his big brother and sister-in-law soared towards the sky, and soon after, he shouted out, "Big brother! Sister-in-law! Bring me along too! I don't know how to fly!"

[You Cannot Afford To Offend My Woman](#)

Chapter 179.2: Robbery! 2/2

After soaring into the sky, Death Mage and Xun Fang gazed towards the empty sky that was in front of them.

The Sickles of Death suddenly appeared within Death Mage's hand, while Xun Fang slightly moved her delicate hand, and a purple gold sword appeared within her hand.

"Who dares to block Voidless Realm's path!"

50 people who wore red gowns could be seen suddenly appearing within the empty sky. Amongst the 50 people, 30 people were carrying chest boxes that were made with top-grade redwood on their shoulders. Without having to think too much, it was obvious what things were stored within the chest boxes.

As for the other 20 people, they were the guards. Upon seeing a black gowned person and a woman appearing in front of them, they immediately drew out their swords.

However, don't underestimate the 30 people that were carrying the chest boxes. The 30 people placed down the betrothal gifts that they were carrying on their shoulders on the empty air, then drew out their weapons in succession.

Upon hearing the name that was shouted out, as someone who was once a sect master, Xun Fang naturally knew what kind of existence Voidless Realm was.

Going against Voidless Realm is no different from trying to get yourself killed. I didn't expect that the people that we were going to rob were going to be people that belongs to Voidless Realm, the heaven is truly toying around with me!

However, so what if those people belong to Voidless Realm? I hope that this Voidless Realm possesses a bit of capability. After robbing their goods, I hope the experts that they would dispatch after us would have the capabilities to kill me and Death Mage. That way, I would be able to die contentedly.

Death Mage unhurriedly took out his phone and typed on his phone, then held the phone screen towards the people that were in front of him. On the phone screen, a rainbow color word could be seen moving around, "Robbery!"

However, Xun Fang's speed was faster, right before Death Mage held his phone towards those people that belonged to Voidless Realm, Xun Fang had already rushed into those people.

Xun Fang seemed sort of like a wolf entering into a flock of sheep. After all, Xun Fang herself possessed the strength of that of a sect master, and adding on with the fact that she broke through her realm during that day where she became upset from being provoked, right now, the strength that Xun Fang possessed was completely able to allow her to fight against Xiao Yi, and even more, be the one that possesses the upper hand during the fight. If Xun Fang were to possess an ancient godly item, she may even be able to defeat Xiao Yi.

However, Death Mage possessed the capability to kill Xiao Yi in an instant, therefore, that was still a gap between Death Mage's and Xun Fang's strength.

Watching Xun Fang dance around the group of people, blood splattering in all directions, and limbs flying around everywhere, Death Mage was a little enchanted. Right at this moment, this woman suddenly became so beautiful, especially when the enemies' blood splattered onto that pure white face of hers, and that gaze of hers that does not possess any humanity, all of it is making her seem so attractive!

Dou Fushi still did not know what was happening within the sky and was currently waiting anxiously while on the ground. While looking at the sky, all of a sudden, Dou Fushi saw a black dot appearing within the sky.

Dou Fushi wrinkled his brows. What is that black dot? As the black dot drew closer and closer to the ground, Dou Fushi became startled. That black dot is actually a severed arm!

Dou Fushi immediately avoided the severed arm. Soon after, more severed arms and limbs appeared within the sky, causing Dou Fushi to become scared as he hid at a corner while shivering. These two evil spirits who are husband and wife are too frightening.

In no time, amongst the 50 people, only 10 people were left. Xun Fang was feeling extremely pleased right now, the pain that was being repressed in her heart had been vented out. After venting out the pain, Xun Fang felt a lot better.

"The two of you have big guts, to dare to rob Voidless Realm's goods, and also kill Voidless Realm's people, the two of you can prepare to wait to be drowned out by disaster!" One of the men shouted out loudly. Soon after, he nodded his head towards the remaining other people, and all of them began running away in different directions. They were intending to return back to Voidless Realm to report back about this matter.

Xun Fang flung her hand, and the purple gold sword transformed into a rainbow and stabbed through a person's body. However, she was not able to kill the remaining other people that were running away.

Death Mage was very disdainful towards these people. What rubbish Voidless Realm, my master would be able to destroy all of you with just a move of his hand, and His Honor would be able to kill all of you with just one sentence.

And as for me!

Jiejiejie~

Imperial translation: "Tentacles of Darkness!"

Countless round, big, and coarse tentacles appeared out from the empty air and attacked towards all directions. This move was the move that caused Xiao Yi to run away in all directions in fright.

Faced against the unequalled Death Mage, the people from Voidless Realm were not able to do anything. All they could do was watch as the tentacles stabbed into their bodies, and proceed to get devoured by the tentacles. This seemed very similar to Wei Chang's move.

It was the first time that Xun Fang had seen Death Mage used a technique. After seeing that technique, Xun Fang thought to herself, "If I am to face against this technique, what would happen to me? If my speed is not fast enough, I would most probably end up just like them, being devoured by those tentacles. This damned skeleton, why is he this formidable!!!"

After recalling back his tentacles, Death Mage looked towards Xun Fang. I will ask you, are you afraid or not after seeing that many tentacles!

Death Mage waved his hand, and the 15 boxes of betrothal gifts followed along with Death Mage and descended downwards. Xun Fang sighed, then followed along and descended downwards.

Upon seeing them descend, Dou Fushi immediately ran over, "Big brother, sister-in-law, you two are truly too formidable!"

After finish speaking, Dou Fushi began opening the boxes of betrothal gifts in succession. After opening all the boxes, Dou Fushi's eyes were almost blinded by the golds that were in front of him, "There are so many golds! F**k! There are so many treasures too, and they all belong to the kind where there is a price, but is unbuyable! Look at this helmet, and look at this weapon, my god! Who do these treasures belong to, the f**k! What the f**k, there is even an ancient godly item here too!"

[You Cannot Afford To Offend My Woman](#)

Chapter 180.1: Let him regret for back then 1/2

Upon seeing the ancient godly item that was stored within the last chest box, Dou Fushi was frightened to the point that he retreated back a few steps. It would be fine if the things that are stored within the chest boxes are just golds, but the more I look at the things that are stored within some of the chest boxes, the more frightened I am feeling. To be able to possess this kind of wealth, the person is definitely not anyone ordinary!

Xun Fang walked to the last chest box and took a look. It could be seen that, there was a feather fan stored within the chest box. Xun Fang picked up the feather fan with her hand, then fanned the feather fan towards the worn-down factory.

Bang!

The entire factory rose from the ground! Dou Fushi was completely dumbstruck.

Soon after, Xun Fang fanned the fan again, and the factory that rose from the ground abruptly landed back onto the ground. Dust began flying around from the impact.

When the dust scattered, the entire factory had already turned into a flat 'biscuit'.

"As expect of an ancient godly item, God Leaf Fan!" Xun Fang said.

Dou Fushi was scared to the point that he collapsed on the floor. While on the floor, Dou Fushi mumbled, "Just who did you all rob from?"

"Voidless Realm." Xun Fang lightly swayed the God Leaf Fan that was within her hand. The wind that is coming out from this God Leaf Fan feels very comfortable.

Dou Fushi was completely confused. I have never heard of such a sect before.

"A huge power that stands above the aristocratic families." Xun Fang added on with a smile on her face.

Pfft!!!

Dou Fushi became giddy and felt that his vision was spinning around. I have only heard of aristocratic families, and have never seen them before. And yet, right now, I actually robbed from a power that stands above the aristocratic families! I'm finished! Let me die from poison right now, and at the least, there won't be any pain for such a death like this.

Suddenly! Xun Fang's gaze turned cold as she abruptly fanned the God Leaf Fan that was within her hand towards Death Mage.

Hurricane crazily attacked towards Death Mage, and Dou Fushi who was at the side was completely stunned. Just what is the situation between these two people? Just a while ago, they were still joining hands to rob Voidless Realm. Could it be that, sister-in-law is intending to take all the goods for herself, and therefore, she killed big brother? However, why didn't she kill me?

Could it be that!!!

Could it be that sister-in-law took a fancy for my looks, and the reason she killed big brother is to let me take over big brother's position!

The f**k, sister-in-law is truly a real woman. I, Dou Fushi, should reluctantly accept your love, I guess.

Seeing that Death Mage turned into a shooting star within the sky. A trace of arc finally appeared on Xun Fang's face. However, before a second had even passed, the trace of arc disappeared.

Because, that skeleton hand had once again held onto her waist, and that skeleton face was moving closer to her face.

I didn't expect that even the ancient godly item would be useless against him! Just let me faint right now.

However, I'm not able to faint this time, and I am even able to feel my lips... I really want to die...

Dou Fushi turned his face around. Big brother is too formidable, I have decided to reject sister-in-law's love for me and follow along big brother's footsteps.

Sister-in-law, big brother is handsome and cool, you should just forget about me, I am not able to bear your love.

Looking at sister-in-law holding onto big brother's neck, the two seemed to be caught in a passionate kiss. I am still a child, is it really okay for you two to be like this? Shouldn't you two be worrying about Voidless Realm's revenge? At the least, you two should act like you all are a bit nervous. Seeing you two act like this, it is causing me to feel not really worried about Voidless Realm's revenge anymore...

"Jiejie~"

Imperial translation: "Taste pretty good."

Xun Fang flew into a rage out of humiliation. How many times have I been kissed by this skeleton by force, you tell me, isn't this infuriating! Xun Fang raised the God Leaf Fan that was within her hand once again.

However, Xun Fang's wrist was grabbed onto by Death Mage. Soon after, Death Mage typed on his phone, "This lousy fan is useless towards me, you can just be at ease and be my wife."

Wife!!!

When did I f**king became your wife! You this shameless skeleton!

However, after thinking about it, if I were to understand more about him, wouldn't it be helpful for me? At that time, when I know of his weakness, I will kill him off with one strike!

This plan seems pretty good. After thinking through everything, Xun Fang didn't retort the word 'wife' anymore.

Death Mage waved his hand and kept the 15 boxes of betrothal gifts away. I definitely have to keep a part of the goods for myself, and afterward, I will have to send some over to master, and also send a big share over to His Honor. After all, His Honor cares so much about his subordinate's subordinate. Although those goods are not anything good, they are able to convey my respect and boundless admiration for His Honor.

Chapter 180.2: Let him regret for back then 2/2

Ying Family!

Right now, with Ying Jingshan at the lead, behind him stood Ying Family's relatives. While wearing gorgeous clothing and adornments, all of them walked out of the city gate and await to welcome Voidless Realm's people!

What was a rare sight was that, Ying Kangshi was within the group too. Ying Kangshi's complexion was pale and feeble, and right now, he was already starting to give off the feeling of a eunuch. At Ying Kangshi's side, Liu Bi carefully served upon him.

“Little brother, if you are not feeling well, you can stay in the house and rest, big brother will stand in on your behalf.” Ying Hou said with a slight smile on his face, however, he was feeling uneasy in his heart. The hitman that I despatched out last night still hasn’t returned back. It is most likely that an accident happened.

Ying Kangshi sneered, “There is no need for big brother to worry about it, I will handle my matters on my own.”

“But, with the state that you are in right now, how are you going to be able to handle it?” Ying Hou said heart-painedly. Soon after, he remained silent and looked towards the distance.

Ying Kangshi tightly clenched his fists. The hatred of destroying one’s manhood is absolutely irreconcilable! And the one who is behind this matter is definitely you!

Right at this moment, Ying Xiang who was within the group slowly walked out, “Big brother, the auspicious time has already passed, why have they still not yet arrived?”

Ying Jingshan looked towards the distance and said faintly, “Let’s wait for a bit more and see.”

After about half an hour passed, almost everyone within Ying Family was starting to get a little impatient. We have already given a lot of face by coming out of the city gate as a whole to welcome them, and yet, there is no sight of even a single person here!

“They are bullying us too much! The empress has most likely come to know of last night’s matter, but to not even inform us of anything and just let us wait for them like this! The empress truly does not place our Ying Family in her eyes!” Ying Shang couldn’t bear it anymore as he opened his mouth and scolded.

Ying Jingshan wrinkled his brows and called out, “Hou’er, go outside and check if there is any abnormality.”

“Yes!”

Ying Hou could be seen rushing out while bringing along the guards with him. Death Mage who was currently sitting in the cab and returning back to the hotel sensed it. However, he didn’t place the matter in his heart, his game was much more important to him.

Without long, Ying Hou discovered the corpses of Voidless Realm’s men, it was a sight too tragic to look at!

Just who is it that is messing with the marriage between Ying Family and Donghuang Family! Whoever it is, they are going against me, and all that goes against me would not end up well!

Ying Hou hurriedly returned and reported the matter. After listening, Ying Jingshan took a deep breath. My small son got crippled, the betrothal gifts got robbed, and Voidless Realm’s men got killed. From the looks of it, this matter is not as simple as it seems on the surface, there is a huge plot hidden within this matter.

Voidless Realm.

Donghuang Baizhi was currently sitting on the purple gold throne and discussing about last night’s matter with the eight elders.

"Empress, I really didn't expect that Ying Family's second prince possessed this kind of moral quality, subordinate has failed in his duty." Yuan De kneeled down and kowtow-ed while with an ashamed look on his face.

Xing Han said gravely, "Empress, although this second prince's moral quality is extremely bad, but from this matter, we can also see that, someone wants to destroy the marriage between our Donghuang Family and Ying Family!"

"The one who possesses the most suspicions is Ji Family!" A bald elder walked out and said, this elder's name was He Xuan.

Donghuang Baizhi did not say anything. She was completely not interested in this matter at all, and right now, all she was currently thinking of was about her daughter. I seem to have hurt my daughter's heart last night.

"However, we have already sent the betrothals gifts over to Ying Family, what should we do about this." Yuan De said anxiously, seemingly like his empress wouldn't be able to marry a man after this.

Xing Han pleaded, "Empress, since Ying Family's second prince no longer possesses his manhood, we can only choose someone else now. What do you think, Empress?"

Donghuang Baizhi said faintly, "You all can do as you see fit."

Everyone became exalted. The empress has finally grown up, she knows what is important now!

Wrong, it was just merely that Donghuang Baizhi's heart had died.

If it were to say that Donghuang Baizhi did not think of Ye Hua at all during these three years, that would be a lie. Every time when Donghuang Baizhi looked at her daughter, she would recall of that Leisure Bar's boss. However, it couldn't be counted as that Donghuang Baizhi missed Ye Hua. To be more accurate, it could be said that Donghuang Baizhi wanted to make Ye Hua regret, regret for being heartless, and regret for not coming downstairs back then. We are both women, and yet, why are you so thoughtful when it comes to that woman, and yet when it comes to me, you show no interest at all.
