

You Cannot Afford To Offend My Woman

Chapter 18 – Those are all delicacies...

Wearing a light blue security guard uniform, Wei Chang arrived at the castle gate and politely stretched out his hand to knock onto the gate.

“Knock, knock, knock.”

It must be said that, Wei Chang’s luck was quite good as today just so happens to be the date where the hitman organization would hold their regular meeting. Currently, they were discussing about the mission at Long’an City yesterday.

Deep within the castle, 10 higher-ups were currently having a solemn discussion. Their attire was appropriate to the occasion, just a look and one would know that those people were the elites within the upper class.

“Cold-blood is our S-Rank hitman, how could he had possibly failed!”

“I don’t know. I feel that we should set this request aside for now, China is not a good place.”

“If Kaiser was still here, he would definitely oppose this time’s mission. Moreover, cold-blood is Kaiser’s friend too!”

“Kaiser has already left, there is no need to talk about him!”

Wei Chang stood outside the gate and knocked for a full minute, and no one actually came to open the gate. Feeling a little impatient, Wei Chang suddenly shot out a black light from his fingertip. The black light was shot up to the sky and came to a stop at 100 meters above the ground. When it came to a stop, it formed into a black umbrella and enveloped the castle within it.

“Bang!”

The sound of a gun being fired rang out, and a lustrous yellow bullet was shot towards Wei Chang’s head. Just that, before the bullet was able to reach Wei Chang’s head, it was stopped by an incorporeal black light and fell to the ground powerlessly.

Wei Chang gazed at the sniper that was at the spire and stretched out his palm. There was no whatsoever high-end explosion, and instead, Wei Chang's arm transformed and turned into an unknown substance which had a big mouth. The sniper that was at the spire was stupefied, what fucking monster is this!

In the moment of distraction, the monster which had only a mouth already appeared in front of the sniper. Followed by the opening of the mouth, the frightening rows of sharp teeth and threads of gluey liquid could be seen.

Without waiting for the sniper to shriek, the malevolent big mouth already encased the sniper's head, and just like a snake, it straightforwardly swallowed the sniper. The super long arm was like a throat, and the swelling object that was moving in the super long arm was that sniper. The sniper was transported all the way to the inside of Wei Chang's body.

Licking his lips, Wei Chang's eyes turned completely black and mumbled, "The taste of a human is still as enticing as ever~"

The alarm sound suddenly rang and all the higher-ups that were in the castle immediately became startled.

"What's the matter? Did the international criminal police came?"

"Don't know, it should be that something happened outside."

"What is there to worry about, there would always be some fellows who think highly of themselves every year. Continue with the meeting."

Wei Chang laughed lightly, then spread out both of his arms. Both arms transformed and formed into countless big mouth monsters. Every big mouth monster seemed to have its own target. The countless big mouth monsters bore through the castle, and the huge castle seemed as if it was bound up by a huge octopus. The scene was frightening.

Furthermore, it could very clearly be seen that, within every 'throat', there was a swelling object moving towards the inside of Wei Chang's body.

"Burp~ This is precisely the taste. Having not tasted it for a few years, I have finally tasted it again today, his honor is truly benevolent."

The alarm sound suddenly disappeared and the higher-ups that were holding a meeting in the secret room all let out a sigh of relief.

“See, what did I say, it is but some small fries only.”

The others all laughed. Just that, within the entire castle, they were the only one remaining.

Wei Chang, of course, had to place the main course at the last. Declaring their death, this was an old custom.

After opening the gate and walking into the castle, various kinds of armors and oil paintings could be seen. Wei Chang casually seized all the armors and oil paintings, then walked towards the hall.

When Wei Chang arrived at the center of the hall, he came to a stop, then stepped onto the ground with his right foot!

Wei Chang immediately fell downwards, breaking through all kinds of mixed soil, and arriving at the lowest level's meeting room at the end, then looked at the 10 middle aged men who were currently holding a meeting.

The 10 higher-ups were discussing about the organization's direction, when all of a sudden, a person suddenly fell down from the top of the meeting room. The person who fell down was a stranger that was wearing a uniform. Those that knew Chinese all immediately saw the armband.

Security guard!

“Who are you!” One of the men stood up and shouted.

Wei Chang walked towards them unhurriedly, and some of the men already took out their gun.

“Bang, bang, bang!!”

The bullets were all totally not able to enter Wei Chang's body, and all of the bullets landed near Wei Chang's leg.

“I am called Wei Chang! I am Binge, one of the Seven Sins that is under His Honor, the Supreme Overlord's command. To be able to die under the Supreme Overlord's order, it is you guys' blessing. Therefore, please give up

on resisting.” Wei Chang spread out both of his arms and had a face of pleasure on his face. It seemed as if I had returned to back in those days, all of the images where we were massacring everyone are suddenly re-appearing in my mind. Also, those special lines, it has been a long time since I have read it out, my tone just now seemed like it was missing something, should I read the lines out again?

“What rubbish!”

Wei Chang took a glance at the man who spoke, and his arm immediately transformed into a big mouth monster and swallowed the man.

The remaining 9 people were all stupefied. What kind of monster if this! Is this a movie! Is this thing an alien!

Wei Chang’s arm could be seen transforming again and forming into 9 big mouth monsters this time. Each of the big mouth monster suspended above the head of each of the remaining 9 people. The gluey thick liquid could be seen dripping out from the big mouth monster and dripping onto the head of the person that was below it.

“Kaiser will not let...AHHHH!!!!”

Before even being able to finish what they wanted to say, the remaining 9 people were all immediately swallowed by each of the big mouth monster.

“Burp~”

Wei Chang let out a burp. Although there was not a lot, but I still had my enjoyment. Not sure how long I will have to wait for the next time. As for the Kaiser that they speak of? Burp...most probably a joke I guess.

“Evil Spirit; Death Mage.”

Same as that day, a skeleton who wore a black robe raised up from the ground, then afterward, kneeled down in front of Wei Chang and said, “Master.”

“Tidy up everything.”

“I will solemnly obey master’s order.”

Wei Chang casually opened a void black hole and traveled back to the bar.

And as for the death mage, it floated up to the sky and read silently with his mouth, then raised up his staff, "Hell flames!"

Immediately, countless fireballs appeared in the sky and bombarded the castle. After the bombardment, only a large piece of scorched earth was left.

Returning back to the bar, Wei Chang did not see Ye Hua. Wei Chang first placed the oil paintings that he took from the castle and placed them onto the bar's wall, then afterward contacted Ye Hua.

Currently, Ye Hua was sitting in the car and listening to Wei Chang's report. Looking at the watch, 26 minutes. However, there is another way that this matter could have been handled. Wei Chang's way of handling things is still the same as back then. Wait after I go back, I will have to properly educate him. When doing things, one has to use their brain.

The person who was driving the car was, of course, Qing Ya. The cold looking small face appeared to be fuming right now. This fellow is really lazy to a whole new realm, to not even know how to drive a car, and furthermore let a female drive the car for you, you are truly a big boss!

"Ye Hua, can you find a time to go get your license?" Qing Ya couldn't help but say.

Ye Hua opened the window and said indifferently, "You knowing how to drive the car is enough."

"But in the future when my belly becomes big, it will be difficult for me to drive the car!"

"Hire a driver then.'

Qing Ya was actually left speechless. This man was not only lazy, but he also doesn't even have ambition! Only knows how to tease me all day, that fiancé of mine is not even as arrogant as him.

"Qing Ya." Ye Hua called out lightly.

"What is it?"

“Don’t hope for me to do senseless things.” Ye Hua said indifferently, then took out a cigarette. But after pausing for a moment, he kept the cigarette.

Qing Ya who was about to get angry, upon seeing Ye Hua’s action, pursed her mouth and actually did not say anything. With Qing Ya driving the car, the two of them headed towards the suburbs.

At the north of Long’an City, there was a manor which occupied an enormous amount of space. Some of the big shots in Long’an City of course knew who the manor belonged to, Qing Family! This family which had a long history was rumored to be at the pinnacle during the Ming Dynasty. However, this was a rumor and no one was able to prove if it was true or not.

Chapter 19 – I will deliver protection over to you!

But what could be confirmed was that Qing Family was very powerful right now. Within the country, Qing Family was one of the very best big corporations. Unfortunately, there was no male in the current generation of Qing Family, there were only 2 females! Although their talent was pretty good, they were still after all woman, and in the future, they would also have to marry.

Therefore!

If one was able to marry a woman belonging to Qing Family, it was equivalent to marrying with a mountain of wealth and becoming someone who other men would envy.

Ye Hua was precisely a man who was able to marry a woman belonging to Qing Family. Unfortunately, the reason that he married the other person was because of the child within that person’s stomach, and there was completely no affection evolved at all.

The air in the suburbs was much fresher, Ye Hua opened the window and slightly squinted his eyes.

“Your family such is rich, to even specially build a road.” Ye Hua said lightly.

Qing Ya let out a breath, “Having too much money is also worrying.”

“I can help relieve your worries by a bit.” Ye Hua said faintly.

“Ye Hua, do you really feel no shame in using my money? You are a man, don’t you know how to earn money yourself!” Qing Ya couldn’t help but reprimanded. Although I can support him for his entire life, I also don’t want to see him not having the motivation to better himself.

Ye Hua rubbed his temple, his tone still as calm as usual, “It is not that I don’t want to earn money, it is just that earning money is a boring thing.”

“Haha, can you not act cool...”

“Qing Ya, you act much more than me.”

“.....”

Just when the two of them was about to start quarreling, a red Ferrari F12 whistled past them, swirling up a bunch of tree leaves in its trail, and one of the tree leaves even fell onto Ye Hua’s shoulder.

According to Ye Hua’s habits 5 years ago, Ye Hua would have already used the tree leaf that fell onto his shoulder to cut the car into half.

Qing Ya wrinkled her brows and gazed at the Ferrari in front of her. Her beautiful eyes lighted up as she ferociously stepped onto the gas pedal.

No matter was, Audi A8 was meant for commercial use after all, how would it even be a match for the Ferrari F12. In a short while, the butt of the Ferrari F12 disappeared from Qing Ya’s sight and Qing Ya decreased the speed of her Audi A8 unwillingly.

“That fiancé of yours?” Ye Hua asked indifferently.

“No, but it is someone even more annoying than that man!”

Ye Hua’s interest seemed to be peaked. To be able to become someone who Qing Ya find annoying, the person should be quite a character right.

“Tell me about that person.”

“She is my sister, who has the same father as me but not mother, Qing Yutong!” Qing Ya said coldly, seemingly that her relationship was not that good with this sister of her.

However, Ye Hua’s interest became much bigger, “Is it that celebrity, Qing Yutong?”

“Well, is there someone else with that name? Wait, something is not right, don’t tell me that you are interested in her?” According to Qing Ya’s understanding of Ye Hua, this man was indeed not interested in the typical beautiful woman.

Ye Hua nodded his head, “ I am of course interested in her. However, Qing Yutong she herself did not come to my bar, but instead, her big sister came.” Thinking up to here, Ye Hua laughed out once. This was the good point of not controlling things, everywhere was filled with surprises and unexpected things.

A layer of cold frost immediately appeared on Qing Ya’s face as she said with a deep voice, “You are my husband right now, for you to say that you are interested in your sister-in-law right in front of me, I don’t think that it is appropriate right!”

“What is there that is not appropriate, passion between a male and female is normal.”

Screech!!!

The tires left a black trace on the ground, and Qing Ya’s face became much colder. From her expression, it seemed as if she wanted to perish together with Ye Hua.

“You say it one more time!”

“Do you want to quarrel with me again!” Ye Hua asked coldly.

“It is you who want to quarrel, you are my husband right now!”

Ye Hua couldn’t help but take a cigarette, then lighted it and said, “It is true that I am your husband now.”

“Then, why did you still say that you are interested in my sister!” Qing Ya questioned angrily.

"I have never forced others, on that day, it was also you who was willing to do it. If it was your sister who sent herself up to my doorstep, I would not reject her." Ye Hua straightforwardly lay out everything bare. Qing Yutong was a woman that Ye Hua relatively admired. 5 years ago, she went all the way from a small extra, to gradually becoming an international superstar, and Ye Hua witnessed the whole process. If it was changed to my own world, Qing Yutong would be an existence that would in the future become a female overlord.

Hearing Ye Hua's promise, Qing Ya let out a sigh of relief, "Be at ease, she won't be like me and let you eat her up!"

"What if it happens then?"

"I will deliver protection over to you!" Qing Ya said ruthlessly.

"Haha!" Ye Hua let out a bright laugh. Although this woman sometimes makes me angry, but sometimes, she also seemed very...what is it again? Using human's words to say it, it should be adorable I guess. Actually, forget it, she is just stupid only...

"You still dare to laugh! I am going to fight you to the death!"

To speak the truth, Ye Hua was not good at fighting like this, facing against Qing Ya's pinching technique, he did not have any way to retaliate at all because he was afraid of harming his own child. When Qing Ya discovered that Ye Hua was not retaliating, Qing Ya started going over the line.

"Enough already!" Ye Hua couldn't help but shout out. Don't go too far and stop it now!

Qing Ya snorted and drove the car towards the manor that was in front of them.

2 security guards stood outside the black iron gate. Just that, the uniform that the 2 security guards were wearing was much more high-grade compared to Wei Chang's uniform. The uniform that the 2 security guards were wearing was at least western suit grade.

"Big miss!"

Qing Ya said coldly, "Open the gate!"

The 2 security guards looked at Qing Ya entering into the manor foolishly. After a few minutes, they were still in a daze.

“The big miss seemed to have changed...” One of them said foolishly.

“En, she became much more beautiful, more beautiful compared to the second miss! However, I feel that the second miss is still...”

“Conquering the second miss would feel much satisfying right, after all, the second miss is an international celebrity right now.”

“Indeed, there is no need to argue about the second miss’s figure. However, who is that man? Didn’t the big miss’s fiancé already came?”

“I feel that there will be a good show to watch today. The man that we saw in the car just now seems quite formidable.”

Ye Hua who was sitting in the car laughed out once again, he heard the conversation of the 2 security guards.

“The 2 security guards are comparing you to Qing Yutong.”

“Humph!” Qing Ya snorted. Although my sister’s fame is very high, but I am not to be underestimated too!

The building style of the manor was inclining towards the European style. At the house’s door, there was a rock garden fountain, displaying out a grand aura, and at the side, there was a helicopter. The Ferrari F12 from just before was already parked at one side. Parked near the Ferrari F12, there were a Rolls-Royce and Bentley. Just that, right beside the Bentley, a Passat was also parked there, seemingly sort of pulling down the quality of the cars near it.

When Qing Ya saw that Passat, her brows wrinkled. I did not expect that Long Aotian would come this early. This car is even the car allocated to him by the company, this man sure is anxious huh.

“When will you get a car for me?” Ye Hua closed the car’s door and said. In any case, I just precisely want to see the look of Qing Ya when she gets angry, she seems just too stupid when she gets angry~

Qing Ya said petulantly, "Isn't the card with you? Whatever you want to buy, go and buy it yourself."

"Not sure how much the most expensive car would cost." Ye Hua said in a low voice.

And Qing Ya almost sprained her leg when she heard that. This bastard!

"Ye Hua! Please don't mess around anymore, we are already at my house right now, you have to listen to everything I say from now!"

"Alright."

Qing Ya sighed. I hope that everything won't be messed up later on.

Qing Ya could be seen walking to the front of Ye Hua and using both of her hands to slightly tidy up Ye Hua's collar. Until she was satisfied with how it looked, she then held onto Ye Hua's arm and walked towards the door.

And as for Ye Hua, his brows were slightly wrinkled. Just now, for a sudden split second, it felt very strange, it felt as if I was not that lonely anymore.

However, this feeling went by in a flash. Looking at the building on me, it somewhat resembles that palace of mine. However, this building is lacking a bit of an austere aura, meaningless.

Chapter 20 – Quarreling is nothing out of the ordinary

Opening the door and entering into the house, Ye Hua couldn't help but sighed for a bit. This woman's family is not just the typical rich, however, only this kind of family would be able to teach out this kind of woman.

If I did not see wrongly, this floor should be sandalwood, where a square meter is at a few thousand rmb. For such a big house, just the floor alone is already quite a big expenses, not mentioning the other furniture, if it is in the lower amount, it would be around a few hundred thousand rmb, and if it is in the higher amount, it would be around a few million rmb.

"Your family such is rich." Ye Hua said indifferently.

Qing Ya said lightly, "We do okay I guess."

This woman is beginning to get cocky again, seems like I cannot praise her.

"Big miss, you have finally come back." An old man who wore a butler outfit could be seen walking over with a smile. When he saw Ye Hua, he slightly went into a daze, but very quickly regain his composure and returned back to how he was before.

Qing Ya revealed out a shallow smile which could be rarely seen, "Uncle Fu."

"Second miss and Mister Long have already arrived." Uncle Fu said with a smile.

Qing Ya nodded her head, took out a pair of female slippers from the shoe cabinet and gracefully took off her high heels.

Uncle Fu sighed repeatedly. The big miss seems a bit different this time, and it seems like she has become much prettier.

"Slippers." Ye Hua said indifferently.

Qing Ya wished she could give a tight slap to Ye Hua. Is there someone who acts like that much of a boss? To even want me to help you take the slippers! However, when she saw that Ye Hua was carrying that much gifts with his hands, she reluctantly helped him to take the slippers.

This time, it was Uncle Fu's turn to become astonished. The big miss actually squatted on the floor to help him change into the slippers, I am not blind right! Just who is this man, her friend? If it was her friend, she wouldn't be that intimate with him, her boyfriend? But that shouldn't be, the big miss's fiancé is still currently sitting inside, and his identity was even confirmed by the master.

"It's too small." Ye Hua said indifferently.

Qing Ya almost flipped out. Don't think that just because you are the child's father, you can act like this!

Uncle Fu said with a slight smile, "Mister, I will go and find a pair for you, please wait for a moment."

"There is no need for that Uncle Fu, there is still another pair here."

This time, Ye Hua was finally able to wear the slippers and did not have any more reasons to make things difficult for Qing Ya.

“Big miss, mister, inside please.”

Qing Ya was a little nervous, after all, she came to lay her cards on the table today, and refused to be an obedient girl.

“Uncle Fu, is my mom home yet?” Qing Ya asked.

“The master is together with big madam. The second madam is also here too.” Uncle Fu said.

Ye Hua was a bit curious, what is the meaning of second madam? Originally, I thought that Qing Ya’s mother had already passed away, after all, she said she and Qing Yutong had the same father but different mother. But from the looks of it, it isn’t as what I had imagined.

Her father actually had 2 women and even openly brought both of them home. This is a bit interesting.

Seeing that Ye Hua was laughing, Qing Ya immediately knew what Ye Hua was thinking about, and immediately became angry and stepped onto Ye Hua.

When Ye Hua saw the layer of slipper print that was imprinted onto his pure white sock, his mysophobia mentality immediately erupted.

“Do you want to quarrel with me here?” Ye Hua said coldly. This woman is very cocky huh!

“Humph!”

How could Ye Hua be able to tolerate the stain on his sock, just seeing the stain on the sock makes him want to rip the sock apart, “Bring me a new pair of socks!”

“You!” Qing Ya was also extremely angry. Isn’t it just a small black stain? Is there a need to make such a big deal out of it!

“Quickly!” Ye Hua said in a deep voice, not being able to tolerate the stain for another half a minute.

Uncle Fu hurriedly walked up, "Mister, please wait a moment."

"Uncle Fu, don't bother with him!" Qing Ya was also angry now. If I was to get a new pair of socks for him to change now, what about in the future then! He will just become much worse in the future!

"Big miss..."

Ye Hua's gaze became colder and colder, and there was even sort of a tendency of him going into a rage, "Qing Ya, I'm warning you for the last time!"

"I will also warn you for the last time, I am not your maid, I am your wife, there is a limit to my patience too!"

Uncle Fu's eyes were opened wide as if he had just seen Thanos invading the earth. The big miss actually said that...she is his wife! What is going on!

It was still the first time that Ye Hua had met with such an arrogant woman, he was practically at the edge of bursting with rage, if it was not for the child in the stomach...

"Take off the socks for me!" Ye Hua breathed in and out repeatedly, controlling his anger. His temper had become better and better in those few years, if it was placed in the past, he would have long begun massacring everyone.

Oh? This man actually gave in, and I still thought that he was going to persist and quarrel with me to the end.

Since you have taken a step back, I will also take a step back too then.

Qing Ya obediently squatted down and took off Ye Hua's socks. Only then did Ye Hua's anger settled down.

Uncle Fu felt that his world was changing. What is going with the big miss, for her to even squat down to help this man take off his socks.

"You better not contradict me in the future, my temper is not good." Ye Hua said coldly.

Qing Ya snorted coldly, "I am a pregnant woman, you better not make me angry!"

Pregnant woman!!! Uncle Fu had a feeling of wanting to faint. My god! Are they merely acting for me to see or are they being serious!

But, isn't their atmosphere a bit too strange? Both of them are not willing to bother with each other, but at the same time, they also seem so intimate with each other. I hope that the big miss won't go too overboard today, great master and master have been worrying a lot for this matter.

The corridor was not very long, along with Uncle Fu pushing open the double door, a few people appeared in front of Ye Hua's eyes, and those few people also looked over towards him.

Long Aotian had arrived here since early morning. Of course, his purpose was very clear-cut, which was to come and win over the favor of the people of Qing Family, helping them check their pulse, and talking a bit about things that are good for maintaining health.

Qing Ya's grandfather was 80 years old this year, and there were various kinds of ineradicable disease on him. However, ever since Long Aotian appeared, all of his symptoms had been gotten control over and even slowly gotten better. Also, his spouse, son, and 2 daughters-in-law have all been treated by Long Aotian too.

I didn't expect that my old battle companion would have such a formidable grandson. If Qing Ya is to become a pair with him, it will definitely be a blessing for the Qing Family.

"Aotian, how have you been getting along with Qing Ya?" Qing Chengren drank the tea which his big daughter-in-law Wang Qing boiled and asked with a smile.

Long Aotian's appearance is pretty good, he can be counted as being able to squeeze into the category of handsome guys. He looks very clean while wearing a leisure outfit, however, he is lacking a bit of dignified aura. However, that doesn't really matter.

And right now, Long Aotian was currently looking at the big celebrity, Qing Yutong. Just now when Qing Yutong walked in, he was even dazed, why is the big celebrity Qing Yutong here, so she is actually Qing Ya's sister, and is birthed by the second madam, Zi Han.

Being able to see Qing Yutong herself in person, I feel so happy right now. Temperament which is refine and clean, just like a fairy, white color long dress, revealing out a small part of each of her arms, beautiful hair which is smooth and soft like a waterfall, extremely clear beautiful eyes, which are like spring water, not containing the least bit of impurity at all, graceful sitting posture which reflects out her good upbringing, and the curve of her body that is revealed is incessantly alluring.

Her figure makes one's heartbeat speed up, and wish that they could immediately kneel down and lick her feet. From her head all the way to her feet, not a single blemish can be found at all. This woman is simply a top quality among women. No, no, no, she is already at the category of fairies already.

Furthermore, a woman like this is not in the slightest bit lacking compared to Qing Ya, and the main point is that she is even my sister-in-law, my god! This is the tempo of me going to be able to embrace two beautiful women in my embrace. I, Long Aotian, have to express that I am feeling very great right now. Although it seems that she disdains me right now, but what can be confirmed is that, she is going to become my small wife in the future, this is how the plot line should expand.
