### **You Cannot Afford To Offend My Woman**

#### **Chapter 181.1: Leave from home 1/2**

Revenge! Right now, Donghuang Baizhi's entire mind was filled with revenge.

However, my original plan was that I would appear in front of that man while occupying the high ground and looking down upon him, and let him know just what kind of a woman did he missed his chance with, a woman who everyone would want to obtain!

Unfortunately, since you missed your chance, you can forget about obtaining me ever again!

Within the palace hall, eight elders began quarreling intensely with each other, while Donghuang Baizhi's entire mind was filled with Ye Hua's heartless face.

"Report!!!"

An imperial guard could be seen running into the palace hall at top speed.

"What is it?" Donghuang Baizhi asked coldly.

"Ying Family just sent over news, the betrothal gifts that were being sent over to Ying Family had been..." The imperial guard somewhat didn't dare to finish his sentence, because such a matter has never happened before.

Yuan De asked gravely, "Fell into the water?"

Xing Han asked curiously, "Fell into the river?"

He Xuan was speechless, "Can I ask the two of you, what is the difference of the two? Ying Family is located at the ocean, even if the betrothal gifts fell, the betrothal gifts would have fallen into the ocean."

Yuan De and Xing Han looked towards He Xuan at the same time. Can I ask you, what difference is there from what you just said to what we had said?

"The betrothal gifts were robbed! And everyone was killed!"

Soon after the imperial guard reported the actual situation, the entire palace hall suddenly turned quiet. Even if an embroidery needle was to fall onto the floor right now, one would be able to clearly hear the sound that was emitted out from the needle when it comes into contact with the floor.

To dare to rob Voidless Realm's things, and even more, kill everyone after finish robbing! Although this slap was not painful, the sound from the slap was very loud!

A sharp killing intent immediately erupted out from Donghuang Baizhi, and her tone seemed as if it was going to freeze the air.

"Who did it!"

The imperial guard was frightened by the empress's aura, "Don't... don't know."

Yuan De cupped his hands, "Empress, this matter definitely has a connection with last night's matter. As long as we captured those two ladies, everything will definitely come to the surface!"

"Remember! The family name, Donghuang, is not allowed to be trampled on by anyone!" Donghuang Baizhi shouted out gravely. A woman with such an aura, who would be able to withstand against her?

"Yes!" The eight elders shouted out in unison.

Right when the eight elders were prepared to leave, a maid hurriedly ran into the palace hall.

Upon seeing the maid, Donghuang Baizhi's brows became tightly wrinkled.

"Servant girl pays her respect to Empress."

Donghuang Baizhi had a bad feeling, "What's the matter?"

"Little Highness, she..."

"What happened to her!" Donghuang Baizhi's eyes opened wide, and a strong prestige pressure erupted out from her delicate figure. The entire palace was trembling! Right now, Donghuang Baizhi was even more frightening than she was before!

"Little Highness has gone missing."

Donghuang Baizhi tightly clenched her fists as she shouted out angrily, "Stop everything! Right now, everyone, prioritize on finding Ah Li and bring her back!"

Yuan De said hurriedly, "Empress, Little Highness is definitely just being playful and hiding somewhere. I will go and instruct some people to go and look for her and it will be fine."

An incorporeal hand immediately grabbed onto Yuan De's neck, and Yuan De's entire body suspended in the air.

"I will say it one more time! Everyone! Go and start finding where Ah Li is at! Whoever that goes against my order, kill!" Donghuang Baizhi's eyebrows raised from anger, her tender and beautiful lips were slightly trembling, and her beautiful eyes were just like flames.

Ah Li was Donghuang Baizhi's everything, if Ah Li wasn't here, Donghuang Baizhi would have long not had the will to carry on living!

Donghuang Baizhi casually flung her hand, and Yuan De shot out just like a bullet and landed onto the palace wall, causing the palace wall to collapse.

"All of you, listen well! Some things are still not up to you all to decide!" Donghuang Baizhi shouted out gravely. Soon after, Donghuang Baizhi's figure disappeared from within the palace hall and arrived at her daughter's courtyard house.

The remaining seven elders did not dare to utter a single word. The empress's fly into a rage caused everyone to feel inconceivable, but it also gave them a lesson. After all was said and done, they were merely the empress's subordinates, and nothing more! This was a lesson for them to learn to not forget about their own identity!

## You Cannot Afford To Offend My Woman

### **Chapter 181.2: Leave from home 2/2**

Donghuang Li had already long left Voidless Realm and was currently in the desert that was outside of Voidless Realm.

With the scorching sun hanging above the sky, a small figure silently walked in the desert. While throwing a small stone up and down with her hand, Ah Li said with her tender voice, "Now that Ah Li left, mother will become happy..."

After wiping away the sweat that was on her forehead, Donghuang Li raised her head and looked towards the sun, "It's so hot... It would be great if it rained now..."

Rumble...

The sound of thunder rumbling suddenly rang out within the clear sky! A bunch of black clouds suddenly appeared, and the sky immediately began raining heavily.

Donghuang Li was completely stupefied. Suddenly, Donghuang Li felt that her head was feeling very giddy. Soon after, Donghuang Li closed her eyes, covered her head with her hands and began running with her might, "Ah Li don't want rain anymore, Ah Li want to leave this desert."

Biu.

Little Ah Li went into a daze. The rain seemed to have come to a stop, but where am I right now? There is a road here... and there is also a prairie...

However, Ah Li's head feels very dizzy. Ah Li can't take it anymore... Ah Li is going to faint...

Little Ah Li finally couldn't withstand the dizziness anymore and fainted by the roadside.

Right at this moment, a godly car could be seen driving over from the distance. The car was a Wuling Hongguang car!

"Big brother! Quickly look at the roadside, there is someone there!" The youngster that was sitting at the front passenger seat said. The youngster's hair was dyed red.

The big brother who was driving the car also had his hair dyed. However, the big brother's hair wasn't dyed red, and was instead dyed green. From the looks of it, the two should belong to the same family.

The car came to a stop at the roadside, and the two took a look at the fainted Ah Li.

"Big brother, what do we do?"

"What else can do we do, why are you so stupid, carry her into the car of course!" As the big brother, the big brother felt very heart pained for how stupid his little brother was.

"Did this little girl get lost?" After carrying Donghuang Li into the car, the little brother asked curiously.

The big brother lighted up a stick of cigarette, "Should be. Let's wait for the little girl to wake up first, then ask her. I reckon that her parents must be quite worried right now."

"Big brother, you are truly a good guy, little brother truly admires you."

Big brother couldn't help but gave the little brother a knock on his head, "Are you stupid? The clothes that this girl is wearing are gorgeous, therefore she is definitely not an ordinary family's child. Once we found her parents, would her parents not give us any reward?"

The little brother immediately came to a realization and raised his big thumb, "Big brother is brilliant! Little brother willingly submits to big brother!"

"Watch me and try to learn more from me!"

"Yes, yes, yes!"

Not sure how long had passed, then did Donghuang Li woke up. While rubbing onto her head, Donghuang Li said with her tender voice, "Where is Ah Li at right now?"

The two that were sitting at the front became startled and the big brother immediately stopped the car at the side.

"Little friend, you woke up?" The big brother asked with a smile.

Ah Li pursed her little lips and said, "Uncle Green, hello..."

Big brother, "....."

The little brother immediately slapped onto his own thigh and laughed loudly, "Uncle Green, haha!!!"

The big brother stretched his hand and knocked onto the little brother's head. What do you all know about, this is this year's trendiest color.

Ah Li sat at the back with an obedient look on her and sized up the two curiously with her big eyes.

"Little friend, what is your name?" The big brother asked with a smile.

"Uncle Green, my name is Ah Li."

The little brother's thigh was about to become swollen from being slapped by the little brother himself.

"Why did Uncle Red cry?" Ah Li asked curiously.

Brother Green smiled, "Uncle Red's wife greened him."

(Context: In Chinese, saying someone got greened is practically the same as saying that person got cucked.)

Donghuang Li was completely confused.

Brother Red went into a daze for a moment. I feel that there is something wrong with what big brother just said.

"Ah Li, where are your daddy and mommy?" Big Brother Green asked. Such an adorable little girl, I have to quickly let her get back to her parents' sides. And also so that I can earn some money once she got back together with her parents.

Ah Li pouted her little mouth, "I hate the both of them!"

The red and green duo sighed. From the looks of it, this little girl left home in a fit of pique. This kind of children will become fine once you coaxed them.

Brother Red wiped his tears away, "Ah Li, it is wrong for you to leave from home, just how worried would your daddy and mommy be for you right now?"

"They wouldn't worry about Ah Li." While speaking, Ah Li's eyes turned red.

Upon seeing that, Brother Green immediately took out a lollipop, "Ah Li, uncle has a lollipop here."

### [You Cannot Afford To Offend My Woman](#)

#### **Chapter 182.1: Red and green brothers 1/2**

"En, thank you Uncle Green." Ah Li wiped her tears away. This is my first time eating a lollipop, it tastes incredibly great.

As Ah Li continue eating the lollipop, Ah Li felt that her stomach became very hungry, and said embarrassedly, "Uncle Green, Uncle Red, Ah Li's stomach is hungry."

"Not a problem, what do Ah Li want to eat?"

Ah Li pursed her lips, "Ah Li wants to eat McDonald."

The big brother and little brother took a look at each other. This McDonald isn't cheap at all. However, as long as we take good care of this little ancestor, we will definitely be able to recuperate our costs.

And not only will we be able to recuperate our costs, but we will also be able to make an enormous profit.

Right now, the most important task is to head to the city. The place that we are at right now is surrounded by small county towns, and those small county towns are not able to satisfy the little ancestor's request.

"Big brother, the route towards the city is very far, we have to top up gas." Little Brother Red took out his wallet. Within the wallet, there was a piece of red note, and a few pieces of shriveled five dollar and one dollar notes.

Big Brother Green steeled his heart. If one is not willing to make sacrifices, they would not be able to catch the wolf. This time, I am going to bet my hard-earned capital.

Big Brother Green took out his wallet and handed it over to his little brother, "Pool my money together."

After opening the wallet, it could be seen that there were actually 5 pieces of red color notes. Upon seeing that, Little Brother Red cried out in surprise, "You actually have 500 rmb! And yet, you still asked me to lend you 50 rmb this morning!"

"Is that so? I most probably forgot that I still have 500 rmb in my wallet..." Big Brother Green was feeling a little awkward.

On the road, they stopped by a gas station and added 200 rmb worth of gas. Immediately, they were confident in being able to make it to the city and drove straight towards the city.

Donghuang Li leaned forward on the window and curiously sized up the steel city. Donghuang Li's gaze was filled with curiosity. The outside is so much better than Voidless Realm, there are so many kinds of weird and strange things.

The two that were sitting at the front were also curiously sizing up the city. The way that city people dress is so old-fashion, they should learn from us and get themselves an afro, and dye a bright color on their afro. Like this, then would they be able to attract the opposite sex's attraction.

The eyes of the ladies in the villages would be stuck on you, and no matter where you go, you would attract others' attention. And even if you were in a city, it would be the same too!

After parking the car, the red and green brothers got off the car, and immediately, they gave rise to a commotion. All of the people that were passing by moved their gaze towards red and green brothers.

Big Brother Green said proudly, "I told you to dye your hair green and you wouldn't listen to me. Take a look at the city people, they are all stunned by my appearance."

"Big brother, I feel that they are looking down on us." Little Brother Red felt that there was something wrong with the gazes of the city people.

Big Brother Green tsked, "That is jealousy. If I were to do a windmill right now, they would definitely become completely stunned."

"Wow, is this McDonald? It looks exactly the same as the pictures." Ah Li could be seen jumping out of the car, then looked towards the McDonald that was in front of her. Her big eyes were filled with surprise.

Just that, when Little Ah Li appeared, the gazes of the people became even more curious. Two non-mainstreams bringing along such an adorable child, the two non-mainstreams couldn't be child traffickers right!

However, looking at the little child hop around joyfully, the little child doesn't seem to have been threatened. On the other hand, those two non-mainstreams have a bitter look on their faces.

The three walked into the store. McDonald's business was very great, and the three had to queue up.

"Ah Li will go and queue up~" Donghuang Li was very courteous and did not cut in line. Donghuang Li stood behind a big sister and began waiting excitedly. The look of anticipation on Donghuang Li's face caused the people in the McDonald store to want to hug onto her.

Meanwhile, the red and green brothers were like bodyguards, waiting to pay the bill for Donghuang Li.

After queueing up for about 10+ minutes, it was finally Little Ah Li's turn. However, the counter table was too high and Little Ah Li wasn't able to reach it.

"Uncle Green, Ah Li can't reach the counter table." Ah Li turned her head around and looked pitifully at Big Brother Green.

Big Brother Green sighed and carried the little ancestor onto his shoulder.

“Wow, there are so many delicious foods. I want McFlurry, cola, mala drumstick burger, lots of chicken wings, and also chicken meat roll, and also corn cup, and also... and also...”

### You Cannot Afford To Offend My Woman

#### **Chapter 182.2: Red and green brothers 2/2**

Looking at the cashier rapidly pressing onto the menus that Little Ah Li ordered, Little Brother Red couldn't help but look at his wallet, then looked towards his big brother.

Big Brother Green let out a breath. We will let the little ancestor eat whatever she wants first. When the time comes, and the little ancestor's parents know how well the two of us treated her, they would definitely give us more money.

In no time, Little Brother Red carried the foods to the table. Donghuang Li was already at the point where she couldn't wait anymore. When the foods arrived, Donghuang Li grabbed onto a food with each of her hands and began wolfing down the foods.

If Donghuang Baizhi were to see her daughter's table manners right now, she would definitely give her daughter a lesson.

“Ah Li, after you finished eating, we will go and look for you daddy and mommy, okay?” Big Brother Green asked with a light smile.

The two ordered only a cup of cola to share with each other because they couldn't bear to spend money to buy 2 cups. The cola that is sold here is so expensive. Right now, our main focus is to feed the little ancestor and let her have her fill.

Donghuang Li was already enchanted by the delicacies that were in front of her. Without thinking at all, Donghuang Li replied, “Alright.”

Hearing that Donghuang Li agreed to go and look for her daddy and mommy after she finished eating, the two brothers let out a breath. This little ancestor is not someone that we can provide for.

Half an hour later, Little Ah Li rubbed onto her stomach, “Ah Li had her fill.”

The red and green brothers looked at the crumbs that remained from the foods. I'm really curious about just how this little ancestor managed to stuff all those foods in her stomach. However, it's great as long as she had her fill.

“Ah Li, let's go and look for your daddy and mommy now, alright?” Big Brother Green endured the pain in his heart and said. Just this meal alone cost me a month's worth of expenses.

Donghuang Li pouted her small mouth, “Ah Li does not want to go back.”

Pfft!

If you don't want to go back, how are we going to be able to receive the money!

Little Brother Red hurriedly persuaded, “Ah Li, if you don't go back home, your daddy and mommy will be worried.”

Donghuang Li remained silent... Would mother be worried about me? Mother most probably wouldn't be worried, she doesn't even like Ah Li, Ah Li feels so heartbroken.

Upon thinking up to here, Ah Li began crying.

The f\*\*k, what kind of situation is this right now? The situation caused the red and green brothers to become stupefied, and a lot of people were starting to look towards their direction.

Little ancestor, please don't cry, the ones that should be crying should be us.

"Uncle Green, Uncle Red, Ah Li has caused trouble for you two, Ah Li will just leave on her own now..." While speaking, Donghuang Li wiped her tears away and got off from the stool while with a dispirited look on her face.

Right now, the issue is not about whether you are causing trouble for us or not, we have already invested our money on you, we can't let our investment go to drain now.

The red and green brothers immediately chased up to Donghuang Li.

"Ah Li, you are thinking too much, how would you be causing trouble for us." Big Brother Green squeezed out a smile and said.

Ah Li sniffled a few times. Suddenly, Ah Li recalled of her Aunt Qing. Aunt Qing said that she was going to bring me along to play, thus, I might as well just go and look for Aunt Qing.

"Ah Li wants to go back now..."

The f\*\*k, the little ancestor has finally come around, this is great!

Big Brother Green hurriedly asked, "Ah Li, where is your house at?"

"Long'an City." I remember that Aunt Qing said that she lives in a bar that was located at Long'an City.

Upon hearing the city's name, the red and green brothers were dumbfounded. I have never heard of such a city before.

"Check and see where this Long'an City is located at, I feel that it shouldn't be too far away." Big Brother Green said happily. We should be able to receive at least 1000 rmb worth of thank you fee, right?

Little Brother Green took out his phone and searched for Long'an City. Immediately, he got the result.

"Big... big brother..."

"Straighten your tongue!"

"This Long'an City..."

"What's the matter?"

"Long'an City is located 3000+ kilometers away from here! It is located in the south!!!"

"3000+ kilometers!!!" Big Brother Green was practically about to cough out blood. The toll charges and gas money for traveling to Long'an City are not a small sum of money!

Little Brother Red said in a low voice, “Big brother, how about we forget about it? This business deal is not worth it.”

Big Brother Green let out a heavy sigh. Right now, we have already invested close to 400 rmb, if we are to give up halfway, all of the money that we have invested will be going down the drain!

After pondering for a bit, Big Brother Green decided to gamble this one time, and hope that a bike would be able to turn into a motorbike from this gamble!

### You Cannot Afford To Offend My Woman

#### **Chapter 183.1: Big brother, the police are here 1/2**

“I still have a card here with me, and within the card, there is 5000 rmb. 5000 rmb is enough for us to travel to Long’an City!” Big Brother Green could be seen taking out a bank card.

Little Brother Red was stupefied, “Big brother, within this 5000 rmb, is it yes or no that the 4900 rmb belongs to me!!!”

Big Brother Green patted onto his little brother’s shoulder, “Don’t mind those details, as long as we accomplish this business, we will be able to strike it rich!”

“Big brother, let’s break up.”

“Break your head, go and drive the car! We will head to the bank and withdraw money first!” Big Brother Green knocked onto the little brother’s head.

“Big brother, I don’t have a license, this big city is unlike the countryside.”

“I told you to get your driver’s license since long ago and you just wouldn’t listen!”

“I mean, all the money went to you after all...” Little Brother Red said with grievance.

“This is all for your sake, I’m helping you store the money so that you can get yourself a wife in the future. Right now, we are in need of using money, so we will use the money first.”

Donghuang Li stood at the side, tapped the tip of her toes on the ground, and thought to herself, “Uncle Green and Uncle Red don’t have it easy too, I will properly repay them back in the future.”

It could be said, the proudest thing that the green and red brothers had done was saving and helping out Donghuang Li, Donghuang Li was truly their little ancestor.

Arriving at the bank, Big Brother Green ran to an ATM machine, but unexpected to him, all of the ATM machines were lacking cash right now, and he had no choice but to go to one of the counters to redraw money. However, there were many people inside the bank, and Big Brother Green had to queue up too. Upon recalling that the car was not parked at a car parking spot, Big Brother Green ran back and reminded his little brother, “You wait here and watch the surrounding, I am going to go and redraw money, if the traffic police come, notify me.”

Little Brother Red nodded his head, then began being on the alert. The gains wouldn’t make up for the losses if we were to get issued with a violation ticket, I heard that there are various kinds of violations

tickets in the big cities. The big cities are unlike the countryside, where we can park our car anywhere as we want.

The moment Big Brother Green walked into the bank, he immediately attracted the security guard's attention. What to do, Big Brother Green possessed the face of a bad guy.

After getting the ticket, Big Brother Green went to queue up. Feeling very melancholy, Big Brother Green took out a stick of cigarette and lighted it up. The surrounding people had a disapproval look on their faces.

The Little Brother Red that was outside was looking around in all directions.

Suddenly! From the car mirror, Little Brother Red saw a police motorbike driving over. The traffic police were already beginning to issue violation tickets. Immediately, Little Brother Red's expression changed as he hurriedly got off the car and ran towards the bank.

After rushing into the bank, Little Brother Red immediately saw that lump of bright green hair and shouted out loudly towards the green hair's direction, "Big brother, the police are here!"

Along with Little Brother Red's shout, everyone that was in the lounge immediately went into a daze. After remaining silent for a second, shrieks and screams immediately rang out from the lounge.

"There is a robbery!!!"

Big Brother Green was startled. In the next second, Big Brother Green ran over and pulled onto his little brother, then continued running, "What are you still being in a daze for, quickly run! There is a robbery happening here right now!"

The two quickly ran out of the bank. However, a security guard could be seen immediately rushing out of the bank right after them and shouting towards them, "Don't run! Quickly catch the two of them!"

Big Brother Green was stupefied. What are you trying to catch me for, are you crazy!

However, upon seeing the expressions on the two traffic police, Big Brother Green's conditioned reflex was to run away. In the countryside, I have gotten into quite a few fights.

After entering into the car, Big Brother Green immediately started the car and drove away. The two traffic police that were behind went into a daze for a moment, and soon after, they rang the siren and began chasing after the car! Furthermore, one of the traffic police began reporting the matter to the command center.

Donghuang Li who was sleeping at the back of the car was woken up by the noise. While dazedly rubbing onto her eyes, Donghuang Li heard the sound of siren ringing out from behind. After opening the window and taking a look, Donghuang Li waved her small hand and shouted out, "Hello police uncles~"

The expressions of the two traffic police that were chasing behind changed greatly. There is actually a little girl waving at us and crying for help!

These two not only tried to rob the bank, they even kidnapped a hostage! This is a big case!

## [You Cannot Afford To Offend My Woman](#)

### **Chapter 183.2: Big brother, the police are here 2/2**

Big Brother Green snorted, "In the countryside, I am Dongming Mountain's car god, if you can catch sight of my taillight, I will count that you win!"

"Big brother, calm down! We are currently being chased by the police."

Big Brother Green said gravely, "As a person, one must have a heart that seeks to win, if not, what difference is there between being a salted fish!"

"Big brother..." Little Brother Red was about to cry...

Although, it must be said, Big Brother Green's driving skills were really good, or perhaps, it could be said that Big Brother Green was bursting with luck, and he actually managed to get away from the traffic police's chase.

After stopping at the outskirts, Big Brother Green saw that his little brother was very silent.

"Be at ease, this is just a misunderstanding, let's listen to some music and alleviate our mood." Big Brother Green patted onto the little brother's shoulder and consoled.

Opened the radio.

"Right now, our radio station has a piece of important news to announce. Today, at 3 pm afternoon, two weirdly dressed men attempted to rob a bank, and even kidnapped a little girl as a hostage. The two weirdly dressed men were discovered by two traffic police, and a chase unfolded at the downtown. The suspect that was driving possessed outstanding driving skills and managed to escape from the chase of the two traffic police. Right now, the police have already issued an order for arrest. The car that the suspects were in was a Wuling Hongguang car, the car's license plate number is xxxxxx. If any resident discovered the two suspects, please report to the police without delay, the two suspects are dangerous people!"

The old drivers that were listening to the news gasped with great surprise.

"The f\*\*k, the suspect is a car god."

"Formidable! Requesting to become an apprentice of the suspect!"

"The suspects actually escaped using a Wuling Hongguang car! Such talent!"

Right now, within the car, it was completely silent.

Donghuang Li said in a low voice, "Uncle Green, Uncle Red, let's surrender to the authorities."

Two rows of tears flowed out from Little Brother Red's eyes. In the morning, I left the house in high spirits, and yet, within just a few hours, I have turned into a wanted criminal...

Big Brother Green silently took out a stick of cigarette. Surrender to the authorities? That is not possible in this entire life of mine. Even if I am going to surrender myself, I have to first send Little Ah Li back home safely!

"Ah Li, you be at ease, Uncle Green guarantee that he will send you back home!" Big Brother Green flicked the cigarette bud and said gravely.

Looking at his big brother who was sitting at his left, Little Brother Red suddenly felt that his big brother's entire body was emitting out gold light, seemingly just like a buddha descending into the humane world.

"Go and remove the license plate, we will take the countryside road and head to the south!" Big Brother Green was still rather smart. Right now, we definitely cannot get on the highway and national road.

"Big brother, please receive little brother's bow!"

Big Brother Green was very gratified, "Live together, and die together!"

"Can you send me home first... I'm scared."

Big Brother Green raised his hand and gave his little brother a knock on his head, "Look at this ambition of yours!"

After removing the license plate, they continued heading towards Long'an City.

Donghuang Li felt that she was an inauspicious star. Mother doesn't love me, and when I'm outside, I bring trouble to others.

"Uncle Green, Uncle Red, Ah Li is sorry, Ah Li caused trouble for the two of you." Donghuang Li said while sniffing.

Little Brother Red said with a smile, "Ah Li, don't worry, compared to us, your daddy and mommy are more anxious right now."

Right now, Donghuang Baizhi was indeed very anxious. The empress's anger was not something to be amused with. Within a short period of time, the entire Voidless Realm was searched upside down. Right now, it can be confirmed that, my daughter is no longer at Voidless Realm anymore!

The world outside is so big, and Ah Li is not even three years old, if anything were to happen to her... Donghuang Baizhi did not dare to continue on thinking, and even more, tears of regret began flowing out from her eyes. I have been too strict towards my daughter.

Soon after, Donghuang Baizhi issued an order, the entire Voidless Realm was to search and bring back Ah Li at all costs!

However, Voidless Realm's people were all curious about one question, which was, who was Ah Li? And not sure who was the one, someone spread the news that Ah Li was called Donghuang Li, and that she was the empress's daughter!

This news caused the entire Voidless Realm to become shocked! The empress actually has a daughter! And no one actually knew about it! Then, who is Donghuang Li's father? And who is the empress's husband!

Illegitimate daughter!

Everyone realized just how serious the matter was. Donghuang Family was going to have to endure everyone's criticisms, especially the empress!

Ever since the empress had succeeded the throne, she was the representative of pure, holy, and dignified. And yet, right now, an illegitimate daughter actually appeared! With that, the empress's public persona collapsed in an instant!

Not only the empress, the entire Voidless Realm was also going to be implicated, and even more, Voidless Realm might even get pulled down from their position!

After all, the north's five aristocratic families were all covetously eyeing at Voidless Realm!

How would Donghuang Baizhi not know of the consequences that this matter would bring forth? However, so what? This entire life of mine, I am living only for Ah Li. Without Ah Li, what would I even need that prestige for! I have already endured for close to three years!

Now, I will let everyone know that, I, Donghuang Baizhi, has a daughter! And she is called Donghuang Li!

As for the consequences that would arise from this matter, I, Donghuang Baizhi, will shoulder all of it!

### [You Cannot Afford To Offend My Woman](#)

#### **Chapter 184.1: he two that can't remain idle 1/2**

A single mother, giving birth to the child while enduring huge pressure, and having to lock her own child in the house due to being compelled by circumstances, that kind of pain, only Donghuang Baizhi herself would understand.

How would Donghuang Baizhi not want her daughter to be able to enjoy the joy that children her daughter's age would be able to enjoy? But, for the sake of the entire Voidless Realm, Donghuang Baizhi endured, and endured.

However, right now, Donghuang Baizhi couldn't endure any more! Everything that had been repressed in her heart had all exploded out now.

Whoever that dares to make thoughtless remarks behind my back, kill!

The news was currently only being spread about at Voidless Realm, but it could be believed that, without long, the news will begin spreading out within the entire Cultivation World.

What does the matter of your Ying Family's second prince becoming a eunuch even count as? The empress has an illegitimate daughter, and the empress was even searching everywhere for her illegitimate daughter!

Relatively speaking, right now, Ye Hua was actually quite tragic too.

Ye Hua was taking photos like a robot, and even had to wear different kinds of smiles on his face. Even more, I had to listen to the words of a person that is called a photographer, you tell me, isn't this infuriating?

If not for being able to hug onto this foolish woman, I would have long quit the photoshoot.

However, it must be said that, when wearing wedding dresses, Qing Ya is really beautiful to the max.

Ye Hua decided that he was going to properly keep this woman with him for the entire rest of his life and let her accompany him till the end of time!

However, upon recalling that he had to continue taking the photos till nighttime, Ye Hua almost couldn't endure it anymore.

On the other hand, Qing Yutong and Ye Zizi were very relaxed. The two each lied down on a beach bench. The big one wore a sexy bikini, while the small one wore an adorable version bikini. While drinking their fruit juice, the two enjoyed the gazes of the countless people.

Ye Zizi hugged onto her little bear and said while feeling bored, "Big Sister Qing, let's find something to do, I'm so bored..."

"We have sat here for such a long time already, and yet no one came to provoke us, what can I do about it..." Qing Yutong who was wearing a pair of sunglasses let out a long sigh. I have already worn until so sexy, and yet no one has any reaction. Could it be that, all of them know that I am digging a hole for them to jump into, and all of them are highly intelligent?

Ye Zizi smiled mysteriously, "Big Sister Qing, Zizi has a good plan."

"What good plan?"

"Do you still remember the conversation between the two men during the morning? The person that we stepped on last night is a big shot, and yesterday, he even sent someone over to kill us."

Towards the hitman that came over last night, Qing Yutong and Ye Zizi both tacitly knew about it. Qing Yutong of course knew that Ye Zizi was not an ordinary person, or to be precise, Qing Yutong knew that the people that were at her brother-in-law's sides were all not simple people. Similarly, Ye Zizi also knew that Qing Yutong was not ordinary.

Qing Yutong nodded her head, "I remember. That hitman is truly stupid to death, he practically threw the face of the hitman world."

"Aiyo, Big Sister Qing, I am not talking about the hitman~"

"Then, what are you talking about?"

"Big Sister Qing is so stupid, what I'm trying to say is that we can go and find that idiot from yesterday." Ye Zizi already has a plan in her mind. This is definitely going to be fun! If it isn't fun, I won't demand any money~

Qing Yutong suddenly came to a realization as she hugged onto Ye Zizi and pressed Ye Zizi into her embrace, "My Zizi is truly so smart."

"Hmmm, hmmm, hmm, I am going to suffocate to death."

The surrounding people were dazed from looking. I really want to become the loli and get pressed into the beauty's chest by the beauty.

"Then, let's quickly think of a plan. How are we going to get captured?" Qing Yutong couldn't wait anymore. This is so exciting~

Ye Zizi looked at Qing Yutong's growth, then look a look at her own growth, and felt that it was really not balanced...

"Don't look anymore, wait until you grow up, yours will definitely grow tremendously." Qing Yutong pinched onto the little fellow's face and said, while completely having no idea about the fact that Ye Zizi was only able to grow until this big. Qing Yutong's words were a bit hurtful towards Ye Zizi.

Ye Zizi pouted her little mouth. Zizi do not feel happy right now.

"Let big sister have a kiss~"

Lots of the surrounding men had to walk while arching their backs, and some even sat on the ground awkwardly and looked up towards the sky.

A child's temper could be said to come quickly and leave quickly.

"Big Sister Qing, let's go out to sea~"

"Good idea, let's go out to sea!"

After finish speaking, the two went and rent a luxurious yacht, then proceed to head out to the sea. After stopping the yacht at the sea, the two began waiting for people to come and catch them.

#### **Chapter 184.2: The two that can't remain idle 2/2**

While lying down at the front part of the yacht, Qing Yutong was starting to feel a bit sleepy, "Zizi, we have already waited for an hour, and I still don't see anyone coming. The sun is going to set soon."

Ye Zizi felt that things can't continue on like this. Those people are all blind, we beauties have already delivered ourselves to their doorstep, and they still don't have any reaction. Ye Zizi lightly flicked with her finger.

An incorporeal force struck onto the outside of the barrier, causing the seawater within the barrier to begin surging, and actually formed a huge wave. The huge wave then began surging towards the island that Ying Family was located at.

The Ying Family and Ying Family's relatives that were currently holding a meeting sensed that the barrier shook, and the expression on all of their faces changed greatly. It has been a thousand years where the barrier did not shake in the slightest bit! I didn't expect that the barrier would actually shake so much today!

Ying Jingshan brought along everyone and flew out of the conference room. After flying out, they could see that a 100 meters tall huge wave was surging towards the island. The appearance of the 100 meters tall huge wave caused everyone's scalps to feel numb.

Of course, they were just surprised that this sea area which has remained calm for a thousand years actually set off such a huge wave.

Ying Hou could be seen standing out and shouting out loudly as he pushed both of his palms outwards, "Protect!"

Suddenly, the violently surging huge wave gradually descended downwards, and in no time, the sea became tranquil again.

Ying Jingshan felt that something didn't feel right. There have been too many things happening during these two days, and every single thing was all targeted at Ying Family. And right now, the barrier even shook! Just who is the one that caused the barrier to shake!

"Hou'er, go out and investigate!"

"Yes!"

Ying Xiang smiled and stepped out of the group, "Nephew Hou, let uncle follow along with you and take a look at what's going on."

"I will have to thank uncle for the help then." Ying Hou cupped his hands and said, appearing very courteous!

After all, if Ying Hou wanted to receive support, he had to satisfy the appetites of those relatives of his.

Ye Zizi let out a yawn. I controlled my strength quite well just now, if I were to use a bit more strength, that barrier would have broke. And even more, if my power didn't disappear after breaking the barrier, everyone within the barrier would have been killed by my power, and if that were to happen, it would be boring.

Suddenly, 10+ people appeared out of nowhere. Ye Zizi became exalted, "Big Sister Qing, they are here, they are here!"

Qing Yutong who had fallen asleep woke up and cried out in surprise, "Where, where?"

Could the two of you at least give those people some faces? Those people are flying up in the sky. As normal girls, shouldn't you two be astonished right now? Or at the least, you two should open your mouth wide, point to the sky, and shout, 'demons', and not be like right now, having an excited look on your faces...

"Big Sister Qing, pay attention to your acting, you are over-exaggerating it!!!" Looking at Ye Zizi, she has an afraid look on her face, and her body was already curled into a ball.

Qing Yutong just woke up a while ago and still haven't come back to her senses.

Right now, after coming back to her senses, Qing Yutong immediately hugged onto Ye Zizi and her entire body began trembling. Qing Yutong's eyes were filled with fear, but deep within her eyes, she was incomparably excited.

"Eh? Those two girls look very similar to the two girls that Liu Bi described." Ying Xiang smiled and said, then slowly flew towards the yacht. After landing at the front part of the yacht, Ying Xiang began sizing up the two girls curiously.

Killing intent appeared within Ying Hou's eyes. Last night, the matter with the hitman disappearing indescribably all of a sudden has already made me feel very vexed.

Although I don't know if these two girls are really the two girls that Liu Bi came across, but looking at their appearance and age, these two girls are pretty much the same as the two girls that Liu Bi described yesterday!

If uncle didn't follow along with me, I would be able to just kill these two to prevent any secrets from being divulged. However, with the situation as it is right now, now is not a good time for me to make any moves!

"Who... who are you all..." Qing Yutong's acting immediately went online as she protected onto Ye Zizi who was within her embrace and asked while being frightened.

Right now, Ying Xiang finally knew why his Nephew Kang invited the two to have a drink.

These two girls are indeed very beautiful. The big one is sexy, and the small one is adorable, the two are truly not bad.

"Don't be nervous, I just merely have a question that I want to ask the two of you." Ying Xiang revealed out a gentle smile and said. It would have been great if nephew wasn't here. If nephew wasn't here, I would be able to bring these two girls back and make them my slaves. How great would that have been?

Ye Zizi hugged onto Qing Yutong, and even squeezed out tears, "Big sister, Zizi is afraid~"

### [You Cannot Afford To Offend My Woman](#)

#### **Chapter 185: He is practically a beast 1/2**

This loli, just looking at her is enough to make one want to pamper her. This little loli sure is great.

"Don't be afraid, uncle is not a bad person, uncle just wants to ask you a question regarding last night. During last night, did you two drink together with a man, and helped the man extinguish the fire that was on his pants?"

Qing Yutong immediately revealed out hesitation within her gaze. And when the old, crafty, and sly Ying Xiang saw the gaze that Qing Yutong revealed, Ying Xiang thought to himself, "There is no need to think too much anymore, these two are definitely the two girls from last night."

On the other hand, Ye Zizi proceeded to act out just how a little girl would act.

"Uncle, last night, big sister and I did indeed help a big brother to extinguish the fire that was on his pants. Now, can you let us go?" Ye Zizi shouted out with fear, vividly and thoroughly displaying out how a little girl would act.

Qing Yutong who was at the side felt that Ye Zizi could go and be a child star.

Ying Hou tightly wrinkled his brows. Are these two girls hired over by Jiu Ye or not? Looking at their expressions, they don't seem to have been hired by Jiu Ye, these two are just two ordinary girls.

However, you are completely unaware of their strength...

Ying Xiang bent his waist forward, and upon seeing that, Qing Yutong who was hugging onto Ye Zizi immediately moved backward with fright. As expected of a best actress, Qing Yutong's acting skills were splendid.

“Don’t come over... I am going to call the police...”

Ying Xiang straightened up his body and said, “I’m afraid that the two of you will have to take a trip with me, there are some things that I have to ask clearly.”

Ying Xiang could be seen waving his hand, and Qing Yutong and Ye Zizi began floating in the air afterward.

Ye Zizi fainted right away.

Qing Yutong felt that Ye Zizi’s acting skills were a bit exaggerated. At the least, you have to be astonished first before you faint. This way, it would seem truly real. Watch me!

“What! Why am I suddenly flying, let me down, quickly let me down...” While with a face full of fluster, Qing Yutong’s head fell to one side and fainted...

Ying Xiang laughed. Two girls that are like this actually managed to burst Nephew Kang’s eggs, I truly have to hand it to these two girls...

Ying Hou remained silent. I still feel a bit worried about this.

A group of goats brought along two wolves back into their goat pen. The goats were still too young and inexperienced. Or perhaps, it could be said that, not all goats possessed the same luck as the goats that were in the cartoons.

After passing through the barrier, Ying Xiang immediately brought Qing Yutong and Ye Zizi towards the main hall. At the main hall, the two were going to have to face trial.

Ye Zizi who had ‘fainted’ didn’t expect that she would come across that many delicious foods. Eating one of them is essentially the same as eating ten thousand ordinary people. I sort of can’t hold myself back anymore.

However, for the sake of fun, Ye Zizi continued pretending to have fainted. Sometimes, it is rather interesting to tease your enemies, and let them get eaten while they are in despair. Haha~ I am truly a genius.

“These two are the two girls from last night?” Ying Jingshan asked gravely.

Ying Hou said gravely, “We are still not very clear about it, we have to wait for little brother to come and confirm it.”

“En, wake them up and cover them up with gowns. The girls within the profane world right now are truly becoming more and more indecent.” Back then when Ying Jingshan went out to experience the world outside, which girl would even dare to wear like this outside.

After covering each of them up with a gown, Ying Hou woke up the two of them.

The two sat their bodies up while in a daze. The dazed look on their faces was truly perfect. After a while, the two took a look around their surroundings, and soon after, they hugged onto each other and shivered in fear.

If this scene was to be seen by Ye Hua, the butts of the two were definitely going to be beat swollen. Who would even tease their enemies like the two of you, do you two not know that they are feeling very despair? You two have to be benevolent and bestow upon them a painless death.

Ying Family's relatives didn't expect that the culprits would be these two girls. After all, in their eyes, these two girls could be described to lack even the strength to truss a chicken.

Ying Jingshan himself couldn't even believe it. These two girls are the ones that ruined my son's life! How is this possible!!!

### [You Cannot Afford To Offend My Woman](#)

#### **Chapter 185.2: He is practically a beast 2/2**

The main hall was completely quiet. Qing Yutong and Ye Zizi remained silent as they wait for the eunuch to arrive. Although the two were remaining silent, they were sizing up their surroundings. The middle-aged over there should be the big boss, and the youngster that is standing behind the big boss should be the big boss's son. Then, what is the identity of the guy whose eggs were burst by us?

Liu Bi could be seen supporting onto Ying Kangshi and walking into the main hall. Ying Kangshi walked in while limping, and when he saw the back views of the two that were within the main hall, he recognized who the two were, and immediately, he went berserk.

"I am going to kill the two of you!!!" Even if they were to turn into ashes, Ying Kangshi would still be able to remember them. My manhood was stepped broken by these two!

Ying Jingshan's brows became wrinkled. A barrier appeared and protected onto Qing Yutong and Ye Zizi, while the pitiful Ying Kangshi took a few steps backward from the vibration. Ying Kangshi fell onto the floor, and because of the fall, his wound began hurting, causing his entire face to become distorted. Soon after, Ying Kangshi looked at his father in disbelief.

"Father, let me kill the both of them!!!" Right now, there was already no whatever face left to talk about, Ying Kangshi knelt in front of his father and pleaded.

Ying Jingshan shouted out gravely, "I still have things to ask them about!"

"Father!"

"Shut up!" Ying Jingshan shouted out coldly.

Ying Kangshi remained silent and stood up silently. Looking at the two women that were within the main hall, Ying Kangshi wished he could hang the two of them, then violently lash the two of them and listen to their screams that were filled with pain.

Ye Zizi felt that it was time for her to perform.

"You... don't come over... Big sister... I'm afraid." Ye Zizi looked at Ying Kangshi like she was looking at a devil and proceeded to lean towards Qing Yutong's body with all her might.

Qing Yutong immediately understood Ye Zizi.

“You beast, to not even let go of a child!” Qing Yutong displayed out the image of a big sister very well, not afraid of power, yet at the same time, protecting her little sister.

When the Ying Family’s relatives heard what the two said, they more or less understood just what happened, and all of them sighed and shook their heads.

Meanwhile, Ying Kangshi almost spat out blood. You two were evidently the ones that stepped onto my manhood, and right now, you two are actually making a false accusation against me!

“Father, don’t believe them!”

The interrogation hasn’t even begun, and my son has already been crowned with the title of having bully an underaged girl. Right now, my son’s reputation is already smelly enough, and now, there’s this... Does he want to cause the entire Ying Family to smell too because of him!

Qing Yutong’s performance was very great, especially that expression of hers that seemed like she wasn’t afraid of anyone, it was truly godly!

Alright, perhaps, this couldn’t be said to be a performance, Qing Yutong was just merely acting out how she truly felt.

“Don’t think that just because you all have an advantage in numbers, you all can bully me and my little sister! Zizi, don’t be afraid, big sister is here.” While lightly caressing onto Ye Zizi who was within her embrace, Qing Yutong said with anger.

Ye Zizi pointed towards Ying Kangshi while sniffing, “It’s fine if you want to bully me, don’t bully big sister anymore...”

Pfft!

Ying Kangshi felt blood was rushing upwards from his chest. You two are obviously the ones that are bullying me!

Looking at the two pitiful sisters, Ying Shang said gravely, “Big brother, I’m afraid that this matter has to be deliberated over.”

Ying Jingshan thought for a while, then asked, “You two tell me, why did you two wound my son!”

Qing Yutong pointed towards Liu Bi and said solemnly, “During that night, it was him who invited me and my sister to drink with your son.”

Liu Bi went into a daze for a moment and did not retort Qing Yutong’s words. What this girl just said is indeed correct.

“And your son, he actually proposed such an excessive request, wanting me and my sister to accompany him to... accompany him to... my sister is only 8 years old! How could there be such a malicious person in this world!” While speaking, Qing Yutong began crying bitterly, giving rise to the relatives’ pity.

“She’s lying, I have never proposed such a thing before!!!” Ying Kangshi shouted out loudly. Because he was too agitated, his eyes had turned red.

However, Ying Kangshi's words appeared to be very powerless. It is normal for Nephew Kang to possess such thoughts, after all, these two girls do indeed look unusually outstanding. It would have been fine if he didn't cause such a problem to arise from his actions, but since such a problem had risen from his actions, he is a disgrace to the Ying Family!

Qing Yutong could be heard continue speaking, "My sister and I were almost made drunk by him, but not sure what happened, his pants suddenly got on fire."

"Although he possessed evil intentions, we cannot just do nothing and watch him die right? Thus, my sister and I joined hands and helped him to extinguish the fire. Because we helped him to extinguish the fire, he did not get burned to death by the fire. However, because we were feeling afraid, we left just like that after helping him to extinguish the fire."

Such a perfect explanation, Qing Yutong felt that she could go and write a novel already.

### [You Cannot Afford To Offend My Woman](#)

#### **Chapter 186.1: Godly deduce 1/2**

"Utter rubbish! You two stepped and destroyed my manhood, return me my manhood!!!" Ying Kangshi's face was malevolent, and he could be seen trying to rush towards Qing Yutong and Ye Zizi again, however, he was pulled back by an incorporeal force.

Ying Hou who was at the side let out a breath of relief. Seems like it was truly just an accident.

The veins on Ying Jingshan's forehead bulged somewhat. This is truly a family misfortune!

"The last question. Is this matter an accident, or were you two ordered by someone!" Ying Jingshan questioned coldly.

Qing Yutong and Ye Zizi's minds seemed to be connected as one.

Both of them cast a quick glance at Ying Hou who was at the side, then immediately kept back their glances.

Their actions were very quick, and normal people may perhaps not be able to catch what they just did. However, the people that were here were all people that possessed formidable strengths, so how would they not be able to catch their actions!

Everyone looked towards Ying Hou, and Ying Hou himself was completely dazed...

What did you two meant by that quick glance towards me! Motherf\*\*kers!!!

Ying Kangshi had all along been guessing that his big brother was the one behind it, but he wasn't completely sure if it was his big brother or not, and in his heart, he also didn't really want to confirm his guess, because, no matter what, Ying Hou was his big brother!

However, when Ying Kangshi saw the two girls' quick glances towards Ying Hou, his body froze completely, and his gaze gradually looked towards his big brother. Blood spilled out from the corner of Ying Kangshi's mouth as he shouted out, "Ying Hou, I'm going to kill you!!!"

Qing Yutong and Ye Zizi secretly laughed in their hearts. Without any effort at all, we managed to make you all turn against each other, this is truly too fun.

Ying Hou came back to his senses and said indignantly, "Come back to your senses, they are obviously trying to frame me, and make us turn against each other!"

"Zizi and big sister really don't know him." Ye Zizi said while sniffing, appearing very afraid of Ying Hou, and seemingly like she had been threatened by Ying Hou before.

The words of a child possessed large destructive power, moreover when the child was an adorable little loli.

Ye Zizi's words seemed to have added another stab onto Ying Hou, causing Ying Hou to become really angry.

"I am going to kill you two sluts!" While speaking, Ying Hou moved.

Upon seeing that, Qing Yutong protected onto Ye Zizi. If no one is going to move and stop this guy from attacking us, I will have to prepare to strike back. In any case, I have already had enough fun.

However, with how the situation was right now, would it be possible that no one would stop Ying Hou? Ying Xiang and Ying Shang appeared at the front of Qing Yutong and Ye Zizi and repelled back Ying Hou.

Ying Shang said gravely, "Nephew Hou, I don't think it's good to try to silence them by killing them, right?"

"Third Uncle! These two demonesses are trying to delude people with lies! They cannot be kept alive!" Right now, Ying Hou could be said to have gotten worked up and taking actions without thinking things through. To want to kill the two girls, Ying Hou was practically admitting that he was indeed the one behind it.

"Big brother! It was really you! From today onwards, we are no longer brothers!" Ying Kangshi raised his hand and swore. From now on, the ties between Ying Kangshi and Ying Hou have been severed, and all that was left was hatred.

Ying Jingshan tightly clenched his fists. If it was possible, I really wished that these two girls didn't appear!

"Speak! You two don't have to be afraid!" Ying Jingshan shouted out.

Qing Yutong hugged onto Ye Zizi, and the two trembled in fear, seemingly like they were afraid to speak.

If this matter were to be confirmed, it would be a chance for Ying Xiang and Ying Shang.

"Ladies, you two don't have to be afraid, with I, Ying Shang, here, no one would dare to hurt the two of you, all you two have to do is to just speak the truth." Ying Shang said with a smile.

As an adult, Qing Yutong definitely could not speak as she wishes. Right now, as long as I keep up my performance and continue performing well, they will definitely start fighting with each other.

Right now, it was time for Ye Zizi's turn to perform.

“Really?” Ye Zizi opened her eyes wide and asked curiously.

No one would question a scared little loli’s desire to survive.

“Of course.” Ying Shang revealed out an amiable smile.

The expression of Ying Jingshan who was sitting on the main seat seemed very grave. These two unfilial sons! Both of them have been ruined within the hands of women!

Ye Zizi wiped her tears away, this action of hers made her seemed very pitiful. Soon after, Ye Zizi pointed towards Ying Hou and said, “This uncle gave big sister a huge sum of money and told us to dress sexily and appear at the bar.”

“Nothing else?” Ying Shang asked.

Ye Zizi shook her head, “Nothing else.”

Everyone’s expression changed greatly. This is a scheme that is filled with brains! To be able to think up of such a scheme like this, there is no need to think too much, it is definitely the big prince, Ying Hou!

### [You Cannot Afford To Offend My Woman](#)

#### **Chapter 186.2: Godly deduce 2/2**

Ying Xiang sneered, ‘Big brother, you have taught out a great son! If words of this matter were to spread out, what face would our Ying Family even have anymore!’

Ying Shang walked around back and forth, and slowly deduced out the entire scheme.

“When Nephew Kang goes out, he would normally go to Sanji Hotel’s bar. You calculated that during that night, your little brother would be in a great mood and would go out to have a drink. Thus, you used money and bribed these two ladies. As for the reason that you bribed these two ladies, it is because you are very clear of you little brother’s characteristic, and you are sure that your little brother would definitely ask these two ladies to accompany him to drink if he were to see them at the bar.”

“And in actuality, these two ladies’ role was merely to act as a cover for the attendant!”

Along with Ying Shang’s deduce, everyone began pondering, and after pondering, they came to a conclusion, which was, there was nothing wrong with Ying Shang’s deduce.

On the other hand, Ying Hou’s expression became even more gloomy.

Ying Shang continued and spoke, “The people who went to investigate the matter discovered that all of the attendant’s details were fake, and the attendant disappeared right on that night. If I didn’t guess wrongly, the person who caused Nephew Kang’s pants to catch on fire was that attendant. However, because these two ladies are compassionate and benevolent, they made a huge blunder. As for how Liu Bi’s movements were controlled, I suppose that everyone should know even if I don’t explain it.”

Liu Bi suddenly looked towards Ying Hou. What a malicious man this Ying Hou is!

On the other hand, Qing Yutong and Ye Zizi were about to burst out laughing. Compassionate and benevolent, such wonderful words, I didn’t expect that you were able to see out that I am compassionate and benevolent.

Stifling indignation filled the entire main hall. Ying Family's biggest taboo was harming against each other, even if they were to fight over authority and power, they were not allowed to harm each other's lives. And Ying Hou's action of destroying Ying Kangshi's manhood was even more malicious than just killing off Ying Kangshi.

All of the relatives were eager for Ying Hou's crime to be confirmed. Because, if Ying Hou's crime was confirmed, the position of the family head would become vacant.

"As for why Nephew Hou did not just kill off Nephew Kang, it should be because that Nephew Hou did not really want to kill off Nephew Kang. After all, no matter what is said, they are still brothers who are related by blood." After finishing speaking, Ying Shang's aura suddenly erupted out as he shouted out loudly towards Ying Hou, "Am I correct or not!"

"Utter rubbish! I precisely wanted to kill..."

The main hall turned completely quiet. Ying Shang's sudden burst of aura was so that he could attack onto Ying Hou's will. Adding on with the fact that Ying Shang's strength was stronger compared to Ying Hou's strength, as expected, Ying Hou who was not being on guard against Ying Shang's sudden action immediately lost his judgment for a brief moment and spoke out the truth. However, just these few words that Ying Hou spoke out during that brief moment was already frightening enough.

This Ying Hou actually really tried to kill his little brother!

Ying Xiang said gravely, "Seems like that attendant's mission was to kill off Nephew Kang, and these two girls' actions somehow saved Nephew Kang's life."

Right now, even Qing Yutong and Ye Zizi were stupefied too. This plot seems to have extended by quite an amount... This Ying Hou actually really tried to kill his little brother, formidable... This show is much better than watching television!

Qing Yutong was currently thinking in her mind, "Seems like Jiu Ye has an affair with this man. This is interesting. I reckon that this Jiu Ye possesses a much bigger secret. I will keep him aside and slowly find out his secret."

The huge reversal caused a continuous buzzing noise to appear in Ying Jingshan's head. My big son was actually jealous of his little brother to the point that he tried to kill his little brother! If not for the unexpected event caused by the two girls, right now, my small son would have already been dead!

"Big brother, for such a matter like this to have happened, we feel very sad about it too. However, if there are no rules, there won't be order!" Ying Xiang said, completely not giving any face to Ying Jingshan at all. And in actuality, for a family like this, if something that could be used against you were to fall into the hands of someone else, it would practically mean dying without an intact corpse.

Ying Hou was feeling very regretful right now. If I had known that this would happen, I would have personally gone and done the job myself last night!

[You Cannot Afford To Offend My Woman](#)

**Chapter 187.1: Mom, forget about me 1/2**

Although these two girls were blathering nonsense, I did indeed think of killing my little brother! However, what is laughable is that, I actually got baited into speaking out the truth, I am truly foolish!

Ying Kangshi knelt in front of his father and said angrily, "Father! Ying Hou violated the family rules, I hope for father to punish Ying Hou according to the family rules!"

Along with Ying Kangshi speaking out, all of the relatives stood up, cupped their hands together, and shouted out, "Hope for family head to punish Ying Hou according to the family rules!"

Ying Hou knew what fate was awaiting him. Instead of staying here and waiting for my death, I might as well try to run away!

Ying Hou could be seen suddenly rushing towards the outside. This kind of thought was very stupid, but towards the current situation, Ying Hou did not have any other choices.

The relatives easily captured Ying Hou and made him kneel down beside Qing Yutong and Ye Zizi.

Ying Hou glowered at the two girls beside him, and Ye Zizi could be seen suddenly making a face at Ying Hou, "Bleh, bleh, bleh~"

Ye Zizi's action caused Ying Hou to become even more infuriated, and Ying Hou could be seen trying to kill these two girls with all his might. However, the result of Ying Hou's action just merely served to further prove that Ying Hou was guilty.

"I am going to kill the two of you! I am going to kill the two of you!" Ying Hou's expression was distorted, and ferociousness appeared in his gaze as he shouted towards the two girls that were beside him.

Ying Jingshan remained silent, but how could his heart not be feeling pained right now? The mere words of the empress actually caused Ying Family's brothers to harm against each other, and for the position of the family head, the relatives even want me to kill my own son!

What an irony! What a great irony!!!

A day ago, the relatives were crazily jealous of my family, my big son was going to take up the role of the family head, and my small son was going to marry the empress, just how glorious was it for my family? But, a day later, my small son lost his manhood, and my big son wants to kill his little brother, what a disgrace this is!

Such a turnaround like this caused the relatives to feel astonished, but also laughable at the same time. This is a hard to come by chance for us!

In actuality, the main culprits are currently sitting in the main hall, just that, all of you are blind.

However, it must be said that, Qing Yutong and Ye Zizi really saved Ying Kangshi's life. If not for the two, Ying Kangshi would have definitely been poisoned by Jiu Ye.

"Hou'er, Kang'er..." The weak Yu He could be seen running into the main hall from the outside. Seeing that both of her sons were kneeling down on the ground, tears immediately fell like rain from her face.

"Just what are you two doing, get up, what misunderstanding is there that cannot be resolved!" Yu He shouted out heart painfully.

Ying Xiang said faintly, "Big sister-in-law, your big son wants to kill his little brother and in thus violated the family rules!"

"What! That is not possible, how would Hou'er want to kill Kang'er, that is not possible! Hou'er! Tell your mom that it's not true!" Yu He shook onto her son and said with a hoarse voice. She had cried for quite a long while because of her small son's matter, causing her vocal cords to become hoarse.

And right now, she was told that her own big son wants to kill his little brother. This was practically like a thunder appearing from a clear sky to her!

Ying Hou who was kneeling down on the ground did not have the face to face against his mother. With his head lowered down, Ying Hou remained silent.

Yu He ran to the front of her small son and wailed, "Kang'er, you are the most obedient towards mother's words, how could your big brother want to kill you, there must have definitely been a misunderstanding!"

Ying Kangshi did not look at his mother, and instead said gravely while with his head lowered, "Ying Hou is guilty and deserves to be punished! Ying Hou should be punished according to the family rules!"

Yu He fell onto the ground in shock and could not believe it. The big brother wants to kill the little brother, and the little brother is requesting for his big brother to be punished according to the family rules! Why! Why did a fine family suddenly turn into such a state within just a day!

"Jingshan, quickly say something! You cannot kill Hou'er, he is our son!!!" Yu He kneeled down in front of her husband and pleaded.

Everyone remained silent and did not speak, because the result has already been set.

Listening to her wife's plead, how could Ying Jingshan not want to save his son? But, sitting on this position, how do I even save Hou'er! What can I even do to save Hou'er!

"Jingshan, I'm begging you, if you are going to kill Hou'er, let me substitute for Hou'er to die instead!" When all was said, in the end, Yu He did not commit any mistakes, she just merely wanted to save her own son.

However, when one marries into such a family like this, although they could enjoy the benefits that were brought forth from authority and power, there were a lot of things that they have to be prepared to lose too.

#### **Chapter 187.2: Mom, forget about me 2/2**

"Mom!"

Hearing her big son calling out to her, at this moment, Yu He's heart broke into pieces.

Within Ying Family, things were different from the profane world, there were even rules regarding on how to address other people, and this was the first time that Yu He has heard her big son calling her mom.

Yu He came to the front of her big son and pulled onto his hands, "Hou'er, mother will save you, you be at ease."

A man's tears shouldn't fall from his eyes easily, this was the kind of education that Ying Hou received, and currently, Ying Hou's eyes were thoroughly red, but from the start to end, no tears fell from his eyes.

"Mom, this will be the last time that I will be calling you mom! Don't plead anymore..." Ying Hou of course knew that all kinds of pleadings were powerless to change the current situation. Looking at her mother shouting and pleading, Ying Hou felt that his heart was being hacked into thousands of pieces. This is most probably my punishment, I guess.

"What they said is correct, I indeed wanted to kill little brother, I am guilty and deserved to be punished. Mother, Hou'er is unfilial, to not have been able to grow any face for you and to have failed Ying Family's ancestors. Please receive these three kowtows from Hou'er, Hou'er is grateful for mother's grace of raising Hou'er!"

Ying Hou could be seen taking his hands off of his mother's hands, moved a few steps backward, then kowtowed towards his mother!

Bang!

Ying Hou's forehead ruthlessly knocked onto the floor, causing the hard stone floor to immediately split open, and the entire main hall to shake for a moment.

Bang!

The hard stone floor couldn't handle it anymore and actually sank downwards, and countless cracks extended out from the area where Ying Hou knocked his forehead onto.

Bang!

A small hole was forcibly knocked out by Ying Hou's forehead. Right now, Ying Hou's entire face was filled with blood, and everyone was moved by Ying Hou's actions.

Even Qing Yutong and Ye Zizi who were at the side were dazed too. I completely did not expect that this Ying Hou would do something like that, I originally thought that he would choose to not admit to his crime no matter what happens.

"Mother, go back, just treat it as you have never had me as a son."

Yu He looked at her big son whose face was filled with blood and her heart felt like it was being cut apart. Yu He held her big son into her embrace, just like how she did back then when her big son was still small, "Mother won't leave, mother will accompany you."

Ying Hou heavily let out a breath as he enjoyed this last moment of warmth. Soon after, Ying Hou lightly stroke onto her mother's forehead, and Yu He gradually fell asleep.

A maid quickly carried away Yu He who had fallen asleep, and the entire main hall became quiet once again. Right now, Ying Kangshi was still kneeling down in front of his father and pleading while with his head lowered, completely not having the intention of forgiving his big brother at all.

Ying Jingshan said gravely, “Ying Hou! For trying to kill your little brother, you have violated the family rules, and thus, I hereby sentence you to enter into Heavy Dust’s Cave!”

After hearing the announcement, all the relatives let out a breath. Heavy Dust’s Cave, once one enters into it, there will be no chance for them to come out.

When Ying Kangshi heard the sentence, he finally felt balanced!

When Ying Hou heard his sentence, his expression did not change much. From the looks of it, he most probably had already guessed what his sentence would be.

On the other hand, Qing Yutong and Ye Zizi were curious about just what kind of place that Heavy Dust’s Cave was.

“As for the two of you.” Ying Jingshan immediately glowered at Qing Yutong and Ye Zizi. If the two of them did not appear, such a thing like this wouldn’t have happened!

“For not knowing the severity of things when you two acted out your actions, causing Ying Family’s descendant to not be able to reproduce anymore, the two of you are hereby sentenced to enter into Heavy Dust’s Cave!” Towards such a punishment like this, no one had any objections against it. Although these two ladies saved Ying Kangshi’s life, they have also destroyed his manhood, and it is only natural that them saving Ying Kangshi’s life can’t offset the fact that they destroyed his manhood.

However, to be sentenced to enter into Heavy Dust’s Cave, this sentence is indeed a bit heavy, the family head might as well have just sentenced them to be beheaded.

Since there was no place for Ying Jingshan to let off his anger at, Qing Yutong and Ye Zizi basically got shot while lying down.

However, the two were curious towards Heavy Dust’s Cave and wanted to go and see just what kind of thing that Heavy Dust’s Cave was.

I am curious about this Heavy Dust’s Cave, they seemed to be very afraid of this Heavy Dust’s Cave.

When some relatives heard the two ladies’ sentences and knew that they were going to die, they couldn’t help but sigh in their hearts. It is a pity...

#### **Chapter 188.1: Ancient ferocious beast! 1/2**

For a matter like sending the three to enter into Heavy Dust’s Cave, it was a big matter for the entire Ying Family, and all of the Ying Family’s members and imperial guards arrived at the scene.

Qing Yutong and Ye Zizi curiously watched Ying Family’s family head, Ying Jingshan, pay tributes to the heaven. They are acting as if paying tributes to the heaven would be able to make them feel reassured, instead of relying on the heaven, it is better to just rely on yourself.

“Big Sister Qing, are you afraid? If you are afraid, we can just rush out of here right now.” Ye Zizi asked in a low voice.

Qing Yutong mumbled, “Don’t, let’s go in and see what’s inside the cave.”

"That's exactly what I have in mind too." Right now, Ye Zizi was incomparably curious towards Heavy Dust's Cave. Is there a huge monster inside the cave? I love fighting monsters~

The Heavy Dust's Cave was located at the back of the island. Looking from the outside, the cave seemed to be stretched towards the bottom of the ocean, and shivering cold air would blow out from the cave from time to time.

After the tribute ceremony ended, Ying Jingshan took a last look at his son, then turned his body around and shouted out loudly, "Enter into the cave!"

An imperial guard escorted the three towards the Heavy Dust's Cave, and when Ying Hou passed by his little brother, he said gravely, "Take good care of mother."

Ying Kangshi coldly looked at this big brother of his that wanted to kill him and did not speak a word.

The imperial guard urged the three to move on, and the three slowly walked into Heavy Dust's Cave. Immediately, cold air blew towards them, and the temperature dropped to below zero degrees in an instant.

Since we have already entered into the cave, there is no need to continue acting anymore.

"Lalala, lalala, this is so fun~" While swinging the little bear that was within her hand, Ye Zizi hopped down the flight of steps which depth could not be seen.

"Zizi, slow down, don't fall~" Qing Yutong warned Ye Zizi to be careful.

Ye Zizi ran back up the stairs and said with a sweet smile, "I know~"

The two looked at Ying Hou who was being silent and felt that it was very odd. Right now, it is the perfect opportunity for this guy to kill us.

After quite a while, Qing Yutong and Ye Zizi finally couldn't resist the curiosity in their hearts anymore.

"Hey, why are you not killing us?" Qing Yutong asked curiously, while Ye Zizi waited for Ying Hou's answer.

Ying Hou whose face was filled with blood sneered, "It would be too relaxing for you two if you two were to be killed by me. Being killed by Heavy Dust would be the most painful experience for the two of you, so why should I personally kill the two of you and let you two die that relaxingly."

"What thing is this Heavy Dust? You all seem to be very afraid of this so-called Heavy Dust." Ye Zizi asked curiously while hugging onto the little bear with both her hands, and on her face, ten thousand whys were written on her face.

Ying Hou snorted, deriding at their ignorance.

"Heavy Dust is an ancient ferocious beast. It is incomparably vicious and has already been suppressed in this place by Ying Family for a few thousands of years!"

Ye Zizi moved her hands around and exclaimed in surprise, "Wow, ancient ferocious beast, just thinking about it is making me feel so excited."

“Your little sister has already gone mad.” Ying Hou laughed.

Qing Yutong spread out her hands. I have still never seen before what an ancient ferocious beast looks like.

In actuality, Qing Yutong had already eaten before the meat of great desolate beasts... An ancient ferocious beast was not comparable against a great desolate beast at all.

After quite a while, the three finally arrived at the end of the steps. The area in front of them seemed to be very spacious and empty, however, the area was pitch-black, and the cold air was extremely freezing. Furthermore, there was a formidable might pressure being emitted out from the area in front of them.

Ying Hou let out a deep sigh, “I will wait for you two at the other side!”

After finish speaking, Ying Hou walked towards the darkness.

Roar!

Ha!

A roar rang out, followed by the sound of Ying Hou retaliating. However, before a second had even passed, the entire world became quiet again, and Qing Yutong could even hear the slight chewing sound that was being emitted out from the darkness.

### [You Cannot Afford To Offend My Woman](#)

#### **Chapter 188.2: Ancient ferocious beast! 2/2**

Ye Zizi shook her head, “Originally, you could have still lived, but you just had to head towards your death. Even if you waited at the other side for an eternity, you still won’t be able to see us.”

Qing Yutong smiled, then took out a stone from her system and threw the stone up towards the air, and immediately, the entire area was lighted up!

With the area lighted up, the two finally saw how Heavy Dust looked like. A lion head and an alligator body, this Heavy Dust is most probably a hybrid I suppose...

“This is the ugliest ancient ferocious beast that I have ever seen.” Ye Zizi mumbled.

“This is truly a sore to the eyes, I didn’t expect that an ancient ferocious beast would be this ugly.” Qing Yutong couldn’t stand looking at Heavy Dust anymore.

These two have pretty good taste in aesthetics, but in actuality, despite what they said, Heavy Dust still looked rather mighty and impressive. Heavy Dust’s body length was close to 300 meters, and when it stood up, its height was around 10 stories high. The hair that was at the bottom of its neck was just like a bunch of incomparably sharp golden thorns, and the scales on its body caused its defense power to be extremely high. To want to break through its defense, it was not an easy thing at all.

And the important point was its four huge claws that were each radiating out a cold light.

Standing at the front of Heavy Dust, Qing Yutong and Ye Zizi seemed just like two black dots, appearing incomparably insignificant compared to Heavy Dust.

Heavy Dust could be seen slowly crawling towards Qing Yutong and Ye Zizi. Every time Heavy Dust moved, the entire cave would tremble for a moment.

All ancient ferocious beasts possessed intelligence. These two weak humans actually dare to disregard me and moved their faces away from me! Don't think that just because you two look good, I will spare you two's lives!

Roar!!!

Heavy Dust let out a huge roar. The huge roar's might was soaring and was definitely the perfect move to scare little children.

When the Ying Family that were outside the cave heard Heavy Dust's angry roar, while feeling astonished, they sighed.

But unexpected to them, a louder angry roar emitted out from within the cave, and a frantic aura swept out from within the cave and blew away the altar and everything.

Ying Xiang said gravely, "This Heavy Dust's strength became somewhat stronger again..."

What kind of joke was this Ying Xiang even cracking, that angry roar from just now belonged to Ye Zizi.

And right now, Heavy Dust who was still all-mighty just a while ago was actually currently hiding at a corner, hiding its head in its chest and shivering, seemingly just like a small cat that was hurt.

In actuality, Qing Yutong was also rather shocked by Ye Zizi. Ye Zizi's strength is not ordinarily strong, that loli voice of hers is not made by a voice changer, right?

"Lalala, lalala, ultraman fighting a little monster~" While swinging the little bear that was within her hand, Ye Zizi hopped to the front of Heavy Dust, then stretched out her leg and kicked onto Heavy Dust's sharp claw.

"Big Sister Qing, quickly come over, this ferocious beast actually painted black color nail polish on its claws, this ferocious beast is so coquettish..."

Heavy Dust: "You liar! My claws are naturally black in color okay! Don't think that just because you are strong, you can slander such a good beast like me!"

Qing Yutong walked over and let out a breath, "Black color is not nice, how about we paint the claws into red color?"

"Alright, Zizi likes red color~"

The ancient ferocious beast Heavy Dust was feeling very despair right now.

While speaking, the two actually really began painting Heavy Dust's claws, completely not joking around at all.

"What are you being shy for, lower down your claw, I can't even reach it."

"Stretch over that claw to me, you are acting just like a little lady, you must have never experience the outside world."

Heavy Dust: “.....”

Under Qing Yutong and Ye Zizi’s roasts, Heavy Dust wished it could die from despair. These two are practically inhuman, painting the claws that I am the proudest of into bright red color. Even more, they want to make me wear contact lens, I really f\*\*king want to die!

Qing Yutong patted onto her hands, “Zizi, how is it, do you think it looks beautiful?”

Looking at Heavy Dust who had a face full of grievance, Ye Zizi hugged onto the little bear and said, “Won’t we know about that once we bring it out for a walk?”

“Hehe, makes sense. Zizi is truly smart, quickly come and let big sister have a kiss.” While speaking, Qing Yutong hugged Ye Zizi into her embrace and kissed onto Ye Zizi.

“Aiyo, Big Sister Qing, you saliva monster...”

Heavy Dust covered its face, I am still a child...

Qing Yutong could be seen taking out a multi-colored magic wand. After lightly waving the magic wand, Qing Yutong immediately kept away the magic wand.

### [You Cannot Afford To Offend My Woman](#)

#### **Chapter 189.1: Big brother is here! 1/2**

Heavy Dust who was originally lying down on its stomach and staying motionless gradually stood its body up. Heavy Dust’s gaze was no longer filled with despair, and instead, it was filled with the desire to make others feel despair. The humiliation that I suffered here, I am going to make others payback for it!

Roar!

Heavy Dust walked up the stairs like a robot, and along with Heavy Dust walking up the stairs, countless rocks began falling down. The entire cave was about to collapse anytime soon.

Just a while ago, Qing Yutong removed Heavy Dust’s seal, and her motive for removing the seal was very simple, it was to make it so that Heavy Dust was able to go out and play. This beast has been caged in this place for such a long time that it is about to become mentally deficient.

“Big Sister Qing, let’s go out and play.”

“Alright.”

The two held onto each other’s hand and followed behind Heavy Dust. Ye Zizi’s sweet laughter would ring out from time to time. Just that, this laughter was enough to make one have their hair stand on its end.

Currently, Ying Family’s members were sitting in the main hall and discussing about who should become the next family head. Ying Jingshan’s heart was filled with indignant, my son has only just died a while ago, and they already can’t wait to discuss about who is going to become the next family head!

Suddenly!

The entire main hall began shaking, and Ying Family's members immediately turned pale with fright. This aura...

"Heavy Dust!" Ying Shang couldn't believe it. How did Heavy Dust manage to come out from the cave!

The entire island was shaking, seemingly just like an earthquake was happening, and the ruthless aura that Heavy Dust was emitting out was making everyone who sensed it to feel intimidated.

Ying Jingshan did not have the slightest hesitation as he shouted out gravely, "Put all of Ying Family's ancient godly items to use! We must reseal Heavy Dust back in the cave again, we can't let it run amok outside!"

When faced against a crisis, everyone in Ying Family was able to work together as one, otherwise, Ying Family wouldn't have been able to become one of the three big powers.

When Heavy Dust came out of the cave, it immediately raised its head up towards the sky and roared, seemingly like it was trying to tell everyone, the day that all of you are going to die has arrived, I am going to use my red color claws to crush all of you!

Every step that Heavy Dust took, a few of Ying Family's luxurious buildings would turn into oreo cookies, and even more, who knows if there were any people or not under Heavy Dust's feet?

Qing Yutong and Ye Zizi slowly walked out of the cave. While looking at the moonlight within the sky, the two took a stretch.

"Big Sister Qing, hug hug, I'm tired~" Ye Zizi stretched out both of her hands and expressed that she didn't want to move anymore.

Qing Yutong carried onto Ye Zizi, "Let's go and see how the huge beast is going to fight against the ultramans."

"Oh, that's right, what time is it now? If big brother finished shooting his wedding photos and discovered that we were missing, we are going to be done for."

Qing Yutong took a look at the sky, "I also didn't bring my phone with me. Looking at the color of the sky, it should be still early, right?"

"Big Sister Qing, you are the one who said that okay~"

"Little fellow, only knows how to throw the blame onto me." Qing Yutong pinched onto Ye Zizi's small nose, and the latter laughed out heartily.

Right now, Heavy Dust was just like a war machine, half of Ying Family's buildings have already been razed to the ground, and everyone within Ying Family was starting to attack at Heavy Dust. Various kinds of colors were shining out from the weapons within their hands. With one look at how gaudy those weapons were, one would know that those weapons were cheap goods.

"Big brother! This Heavy Dust is very strange, it seems to be very irascible!" Ying Shang was holding onto a pike, the pike was black in color and there was lightning revolving around the pike! This pike was an ancient godly item!

Right at this moment, Ying Xiang flew over. Ying Xiang was holding onto a huge blade which resembled a lot like Green Dragon Crescent Moon Blade, just that, the huge blade was yellow in color. This huge blade was another ancient godly item.

What the three big powers do not lack the most were ancient godly items.

“Big brother, why did this Heavy Dust’s claws turn into red color... It’s a bit strange.”

Ying Jingshan also felt that it was strange, why do those sharp claws seem like they have been painted with nail polish!

“Alright, don’t talk anymore, let’s first focus on suppressing this Heavy Dust, then seal it up once again!”

“Yes!”

“Yes!”

The orders of the family head were not allowed to be violated. Rules were rules, no one within Ying Family could place themselves above Ying Family’s rules!

### [You Cannot Afford To Offend My Woman](#)

#### **Chapter 189.2: Big brother is here! 2/2**

Ye Zizi who was nestling within Qing Yutong’s embrace pouted her mouth, “The little fellow seems like it isn’t a match against those people.”

“En, the weapons within their hands are very strong.” Qing Yutong said.

The two hid at a remote location and observed the battle. I didn’t expect that this Ying Family’s foundation would be this strong, if they were to be given a little bit more time, they would definitely be able to seal up Heavy Dust once again.

The two observed the battle for another 10 minutes. Right now, Heavy Dust was already on the verge of collapsing, facing against Ying Family’s crazy bombardment of attacks, Heavy Dust could not persevere on anymore.

“They are being too much, few thousand people fighting against one beast.” In actuality, Qing Yutong rather dislikes those people. Compared to those people, that Ying Hou could at least be counted as a man.

Ye Zizi snorted, “Big Sister Qing, let’s go and help out the little beast, it is so pitiful...”

“Alright, let’s let them experience what is called true despair.” Qing Yutong stretched her body. Finally, I can let myself loose in a big fight.

Right when the two were preparing to enter into the battle, Ye Zizi’s expression changed!

“Big Sister Qing! Wait!!! Don’t go!!!” Ye Zizi kept away her constant smile and shouted out solemnly.

Qing Yutong turned her head around and asked curiously, “What is it, Zizi?”

“Big brother is here...” Ye Zizi’s expression sunk as she began pondering where she should go and hide at.

“Ah! Brother-in-law is here!!!” Qing Yutong was startled too. I feel that my butt is starting to hurt a little...

Hide...

The two immediately understood each other's intentions, let's hide...

Half an hour earlier.

Ye Hua who was within the wedding dress store felt that his body and mind were both exhausted. Instead of taking wedding photos, I would rather have a fight with Ye Zizi. Upon recalling that there was still going to be another day of photoshoot tomorrow, Ye Hua felt that the entire sky was collapsing down onto him and a feeling of powerlessness emitted out from his body. Faced against such a thing like this, no matter how strong I am, what difference does it even make?

Sometimes, I really want to go back to the past and just be a little skeleton who feels apprehensive every day. Sigh...

Qing Ya who was wearing a pure white wedding dress walked over. Upon seeing Ye Hua's bitter face, Qing Ya laughed in her heart, “Alright, don't be angry anymore, I will give you a massage when we go back.”

“Don't think that just because you said a few nice things, my anger would disappear.” Ye Hua said gravely. In just this day alone, I have changed into 10+ sets of clothes, and right now, I am even wearing a bright red western suit. Even more, the shoes and socks that I am currently wearing are all red in color too.

Qing Ya could be seen walking over to Ye Hua's side, then lowered her waist and lightly kissed onto Ye Hua's cheek, “Will it do now?”

The boy who was holding onto the end of the wedding dress was stupefied. This woman is so beautiful, and yet she is actually fawning over the man, and even took the initiative to present her kiss to the man. There is no need to say too much, this man possesses mines, and even more, he possesses a lot of mines.

Ye Hua pursed his lips. Qing Ya actually took the initiative, seems like I have educated her well.

“Quickly go and change your clothes.” Ye Hua said petulantly.

Qing Ya stretched out her index finger and hooked onto Ye Hua's chin, then blinked her beautiful eyes and said lovably, “Little darling, wait for me~”

Ye Hua dazedly looked at Qing Ya as she leaves. This woman is really... really... Ye Hua did not know how to express how he was feeling right now. She actually dared to try and tease me!

Wait after we head back, see just how I am going to take care of you, you are practically undisciplined and out of control right now...

Although those were what Ye Hua was currently thinking, the corner of Ye Hua's mouth was rather honest, there was a slight arc there.

Suddenly...

Ye Hua heard the sound of a light roar. This caused Ye Hua to feel very curious. In the middle of the night, just who is bringing out their ferocious beast for a walk?

To be able to hear Heavy Dust's roar, to Ye Hua, it was very normal. After all, the distance between Heavy Dust and Ye Hua was not very far, and adding with Heavy Dust being excited about finally being able to come out of the cave, and thus roared very loudly, Heavy Dust's roar naturally transmitted all the way into Ye Hua's ears.

Of course, others wouldn't be able to hear until Heavy Dust's roar. Even if Xiao Yi was called over, he also wouldn't be able to hear until Heavy Dust's roar.

This was a kind of aura transmission, only super experts would be able to sense it, and adding on with the fact that there was a layer of barrier on the island, the difficulty of being able to sense the aura was increased.

### [You Cannot Afford To Offend My Woman](#)

#### **Chapter 190.1: All members move out 1/2**

Opening the window, Ye Hua looked towards the pitch-black ocean. From that direction, Ye Hua sensed until Ye Zizi's existence. As expected, she is up to no good again, and there are quite a number of people there too.

After pondering for a while, Ye Hua decided to call over Wei Chang and Lie Gu and have a meeting. After arriving at the toilet and closing the door, Ye Hua began to summon his two underlings.

Wei Chang and Lie Gu arrived in a split second.

"Subordinate pay respects to Your Honor!"

"Subordinate pay respects to Your Honor!"

Ye Hua said faintly, "Don't kneel down, the floor is dirty."

Wei Chang and Lie Gu both let out a breath.

"Thank you, Your Honor, for empathizing."

"Thank you, Your Honor, for empathizing."

When they raised their heads and saw Their Honor who was dressed entirely in red, Wei Chang and Lie Gu were stunned. His Honor is usually dressed entirely in black, suddenly seeing His Honor dressed entirely in red feels truly awkward.

"I am currently pondering over a matter, and I want to hear your opinion on it." Ye Hua took out a cigarette and said faintly.

What! An exam in the middle of the night!

Wei Chang and Lie Gu immediately pricked their ears.

“Zizi is currently stirring up trouble in a power, and I am thinking of taking the opportunity to subdue that power. What do you two think?” Ye Hua exhaled out a mouth of smoke and said.

Lie Gu secretly pulled onto Wei Chang. Aren’t you very good at this kind of question?

“Subordinate thinks that...” Wei Chang was preparing to start speaking his thoughts, but Ye Hua cut him off, “Let Lie Gu speak.”

Lie Gu, “.....”

Your Honor, you are fully aware that subordinate is not good at thinking over things, subordinate is only good at thinking with the lower half of his body.

However, right now, no matter what, I have to brace myself and speak. Lie Gu coughed lightly, then said, “Your Honor, I feel that what you are thinking of is truly great!”

Finished.

“Nothing else?” Ye Hua asked gravely.

“No, no, no, no, no, no, no, no, no, no.” Lie Gu immediately said ten no in a row.

“Speak!”

“Subordinate feels that what Your Honor is thinking of doing is... what is it called again? Binding around... before it...”

Wei Chang reminded, “Binding around with silk before it rains.”

(Binding around with silk before it rains – Prepare for something in advance)

“Yes, that’s right, binding around with silk before it rains. Right now, within the humans, aside from Xun Fang who is still being taught, there are no other powers that are controlled by us. If Your Honor were to subdue the power that Ye Zizi is currently at, that power would be able to help play a role in Your Honor’s plan.” After finish speaking, Lie Gu began waiting to get berated.

Ye Hua paused for a moment, then said gravely, “Not bad, the progress of the plan right now is indeed a bit slow, if I were to subdue a power and make use of the power, it would make doing some things become convenient.”

“Your Honor is brilliant!”

“Your Honor is brilliant!”

“Since we are going to subdue the power, what kind of battle disposition should we assume so that we would be able to make that power feel shocked?” Ye Hua thought back to back then. Back when the Seven Sins still exist, every time when we went out to campaign, there would always be eight people, and the aura that the eight of us emitted out was truly incomparable!

Wei Chang and Lie Gu also thought back to back then. However, right now, we don’t have that many people.

Suddenly, Wei Chang had a sudden bright idea and he suggested out, "I can call Xiao Tang over, and Lie Gu can call over his three celebrities. Also, I can also call over my underling, and my underling's woman. Like this, the number of people needed to hold up the scene would more or less be enough."

"Call a few women over to hold up the scene?" Ye Hua was a bit displeased.

Wei Chang hurriedly explained, "After that outing that we went on, they have already become completely revered towards Your Honor's power. If Your Honor were to show off your abilities to them once more, they would definitely become Your Honor's sharp blades and pierce through the enemies' veins! Thus, by calling over them, not only will Your Honor be able to shock the enemies, but Your Honor will also be able to shock them!"

"What you just said does make a bit sense, the people in this world still have yet to experience my power. This night, I might as well let them experience what frightening power truly is!"

Wei Chang and Lie Gu both didn't care whether if the floor was dirty or not anymore as they kneeled down and said in unison, "Your Honor's might should awe everyone under the heaven!"

"Gather everyone, we will take off in five minutes!"

"Yes!"

"Yes!"

Ye Hua let out a breath. I feel an indescribable excitement within me, seemingly as if I have gone back to the past, this feeling feels truly great!

### [You Cannot Afford To Offend My Woman](#)

#### **Chapter 190.2: All members move out 2/2**

After arriving at the outside of Qing Ya's makeup room, Ye Hua walked into the makeup room.

"Ye Hua, what's the matter? Don't be anxious, I will be done soon." Qing Ya smiled tenderly.

Ye Hua said faintly, "My cigarettes have run out, I'm going to go and buy a pack of cigarettes."

"En, I will wait for you here. Be careful on your way and watch out for cars." Qing Ya reminded.

Ye Hua laughed lightly, then pinched onto Qing Ya's nose. Watch out for cars? Even if a car were to crash into me, it wouldn't be able to hurt me in the slightest bit.

Ye Hua entered into the toilet once again, and in the next second, Ye Hua's figure appeared above the ocean. After taking a deep breath, Ye Hua took out a stick of cigarette once again and ignited it.

At a certain hotel that was located at Sanya City, Death Mage and Xun Fang were currently lying on the bed and playing with their mobile game.

Right when they were enthusiastically playing with their mobile game, Death Mage received his master's order.

His Honor is going to have a big movement!

F\*\*k!!! Regarding His Honor's big movement, it is definitely going to be rivers of blood and thousands of miles filled with skeletons!

What! I have to bring along this woman that is currently beside me! Are you kidding me!

Time was pressing and Death Mage did not have time to think too much. Death Mage grabbed onto Xun Fang's shoulders and let out a bunch of jiejiejie.

Imperial translation: "Quickly go and change your clothes, don't wear your nightclothes anymore, I am going to bring you to meet His Honor!"

This time, Xun Fang really did not understand what Death Mage was trying to say. With her brows wrinkled, Xun Fang said, "What are you doing, you are hurting me."

Death Mage immediately began typing on his phone.

Looking at that anxious look on Death Mage, even Xun Fang herself also began feeling nervous. What matter is it that is able to make this skeleton become so anxious?

Death Mage showed his phone screen towards Xun Fang.

"I am going to bring you to meet master, quickly go and change your clothes! Change into that attendant's clothes!"

Xun Fang was completely confused as she asked curiously, "Aren't you the boss?"

Jiejiejie...

Imperial translation: "Boss? What nonsense are you speaking, quickly go and change your clothes!!!"

Death Mage who was incomparably anxious forgot to type on his phone again.

When Xun Fang saw the words that Death Mage typed out on his phone, Xun Fang's mood immediately became bad. This skeleton isn't the boss? And instead, he is the underling of someone's underling...

Then, just who is the boss of his boss!

Xun Fang immediately went and found a set of attendant clothes to change into, then hurriedly ran back.

Death Mage held his woman into his embrace, then stepped into the black void.

Above the ocean, Ye Hua was currently smoking.

Wei Chang could be seen to be the first to arrive. Wei Chang brought along Tang Wei. Tang Wei was currently wearing that black color maid outfit from before. Just that, compared to before, Tang Wei's expression was peculiar, there was fear in her expression.

"Subordinate pay respects to Your Honor!" Wei Chang kneeled down within the air and shouted out loudly.

Tang Wei was startled, and she immediately kneeled down within the air and shouted out, "Subordinate pay respects to Your Honor."

Ye Hua remained silent, and the two continued kneeling down.

Very quickly, Lie Gu also arrived. Lie Gu brought along Yi Ran, Wen Xia, and Bai Xiaozhen. All three of them were currently wearing black color maid outfits too.

The four slowly kneeled down in unison and shouted out loudly, “Subordinate pay respects to Your Honor!”

The three women didn’t dare to even pant. Just a while ago, when they were told of the boss’s identity, their souls almost scattered away from being shocked.

Soon after, Death Mage could be seen to have arrived too. Just that, Death Mage’s position was located at the most back.

“Subordinate pay respects to Your Honor! Subordinate pay respects to master!”

Xun Fang was a bit stupefied. Looking at the people that were kneeling down within the air, Xun Fang felt a bit giddy.

Death Mage immediately pulled onto Xun Fang. What are you still standing there foolishly for, quickly kneel down!

Xun Fang understood what Death Mage was trying to convey to her. Xun Fang imitated how everyone was currently kneeling down and said, “Subordinate pay respects to Your Honor!”

Ye Hua let out a breath of smoke, then said calmly while with his back behind everyone, “All of you can stand up now.”

The eight people behind slowly stood their bodies up, then began standing according to their statuses.

Lie Gu and Wei Chang stood behind Ye Hua, behind the two of them were their girlfriends, and at the most back were Death Mage and Xun Fang.
