Chapter 201.1: Revenge has been sought 1/2

Donghuang Li's action caused Ye Hua to laugh.

Qing Ya who was at the side pouted her small mouth. When I want to play a few rounds, you wouldn't allow me to no matter what, and yet when Ah Li wants to play, you act like this, this is not far~

"I want to play too!" Qing Ya said petulantly.

"Alright, Ah Li will bring Aunt Qing to eat chicken~" Donghuang Li clapped her hands and smiled.

Ye Hua said faintly, "Your Aunt Qing is very noob."

"It's fine, Ah Li is already used to it."

Qing Ya, "....."

You two are being too much of a bully~

Ye Hua walked into Qing Yutong's room while carrying onto Ah Li, and soon after, Donghuang Li, Ye Zizi, Qing Ya, and Qing Yutong began quadra-queueing.

And with Ye Zizi and Donghuang Li playing together, the two were bound to compete with each other, and thus, a large scale of suicides and reports began happening again.

"Aunt Ye, you have one less kill than Ah Li, hehe~"

"Don't call me aunt! I am only 8 years old! (pretending to be young)"

"But, you are Aunt Qing's sister, if Ah Li were to call you big sister, then Ah Li would also have to call Aunt Qing big sister. Ah Li's head is so giddy~ Everything's so messy~"

Qing Ya and Qing Yutong laughed. Ah Li is truly adorable.

Ye Hua sat at the side and silently watched the four play their game. And in actuality, Ye Hua was feeling very vexed right now.

Ah Li showed up too unexpectedly, unexpectedly to the point that I am at a complete loss on what to do right now. It seems like, Qing Ya's position within my heart has already reached a very high place, if not, I wouldn't be feeling like this right now. If it was during the beginning where we just met, I would definitely not have these many misgivings.

What is the point of how strong my strength is, when I come across a household problem, it is all useless. Being a human sure is difficult.

Being a human was indeed difficult, and being a skeleton was much more relaxing. Take Death Mage for example, he has been living a great life at Ying Family during these past few days.

Every day, Death Mage would play mobile game with Xun Fang, and when he ran out of money in his game, he would get Dou Fushi to go and look for money. In the end, Ying Family was dug upside down by Dou Fushi.

Dou Fushi didn't expect that the island that Ying Family was located at was actually a precious fengshui location, and good things were buried everywhere on the island.

This matter caused Ying Family to grumble and complain endlessly.

Although those two do not meddle in our Ying Family's internal matters and would only play with their mobiles every day, if things were to continue on as it is, this precious fengshui location of ours will soon be destroyed by them. This is too infuriating, but we also do not dare to do anything to them...

Also, that youngster is the worst, every day, he would take his compass with him and begin calculating while walking all around Ying Family. And as long as he calculated until something, he would call over Heavy Dust and immediately get Heavy Dust to start digging...

I really want to steal away that compass of his...

F**k, those treasures were all buried by us Ying Family, and the purpose of us doing that was so that we could create an artificial precious fengshui location!

The heaven wants my Ying Family to die...

Right now, within one of Ying Family's side rooms, Death Mage and Xun Fang were lying down on the bed. Their expressions were solemn, and their fingers were continuously tapping onto their phone screens.

Xun Fang could be heard mumbling, "Die... die..."

Dead!

Under the situation where Death Mage's warrior had killed Xun Fang's character for over a hundred times, Death Mage's warrior had finally been killed by Xun Fang's human wave attack.

Looking at Death Mage's dead character, Xun Fang was stupefied. Her eyes gradually turned red, and she began whimpering. I finally killed him! I finally sought revenge!

Death Mage let out a sigh. In actuality, today, I walked into Xun Fang's trap on purpose. Seeing how pitiful she looks, I decided to just let her win against me for once.

Xun Fang could be seen suddenly turning her body around and sitting onto Death Mage's body, then began hitting onto Death Mage's breastbone, "Did you saw it, I killed you! Boohoo~"

Xun Fang's grievance during this past month exploded out completely. It is all because of this skeleton that I was mocked at by everyone and even drove out from Cloud Sect.

I finally found the main culprit, but I was completely unable to kill him. Despair... I was truly in despair back then, and I even felt like dying.

Since I am not able to kill you in the real world, I will kill you within the game.

The idea was good, but within the game, I was killed over a hundred times by that skeleton. And this time, I finally won, I finally sat on top of his body.

Death Mage stretched out his bone finger and wiped onto the tears on Xun Fang's face, then quickly typed onto his phone, "Wife, you look very good when you cry, you have to cry often in the future."

Xun Fang's small face turned red and she kicked onto Death Mage, "Cry your head."

Death Mage was kicked off the bed by Xun Fang. This woman is so violent, I am beginning to like this woman even more.

Chapter 201.2: Revenge has been sought 2/2

At Ying Family's main hall, a meeting was currently being held.

Anger could be seen to be on everyone's face.

With his eyes opened wide, and his chest heaving continuously, Ying Shang shouted out angrily, "Big brother! This Voidless Realm is being too much!!!"

Ying Jingshan who was sitting on the main seat, his expression was not very good too, and his eyes were currently filled with bloodshot.

Today, I received the latest news, the empress is searching for a little girl, and furthermore, the little girl that she is searching for is actually her daughter!

Illegitimate daughter!

I didn't expect that the empress would be this kind of person. If not for her words, how would such a great change had happened in Ying Family within just two days! If not for her words, my son wouldn't have died, and even more, he wouldn't have attracted over an even bigger disaster!

The empress's action is practically playing around with Ying Family's dignity!

Ying Kangshi's injuries were pretty much close to being completely recovered, and currently, he was sitting at the side. Ying Kangshi hurriedly said, "I don't mind that the empress has an illegitimate daughter, it will be fine as long as I'm able to marry over to the empress."

Hearing Ying Kangshi saying such words at such a time like this, everyone wished that they could slap him to death. From the looks of it, you are not someone who belongs to Ying Family, and instead, you are the empress's lackey!

With his eyes filled with bloodshot, Ying Jingshan said, "Voidless Realm's action is practically provoking us Ying Family! Although our Ying Family is low-profile, we definitely won't allow others to bully us like this! If the empress doesn't give us Ying Family an explanation! We should meet each other with weapons in hands!"

"Big brother, I agree with what you said!" Ying Shang suddenly stood up and shouted.

Ying Kangshi hurriedly tried to persuade, "The empress does not have the intention to provoke us, if you all want to blame, you all have to blame those two women, and also that group of people!"

“Unfilial child!”

Ying Jingshan could be seen suddenly appearing in front of his son and sending his son flying with a slap, “If not for your mother’s sake, I would have killed you for the words that you just said!”

Ying Kangshi held onto his face and looked at his father in disbelief, “Right now, the only thing that we can do is to join hands together with the empress and oppose those people! How can our Ying Family submit to others!!!”

“Who are you intending to oppose?”

Xun Fang could be seen walking into the main hall with unhurried steps. Followed behind her was Dou Fushi. Death Mage did not follow along, and who knows what he even went to do.

Today’s Xun Fang was exceptionally beautiful, seemingly like she has returned back to the Cloud Sect Sect Master from back then. Although Xun Fang only wore a simple gauze gown on her, strong confidence was emitting out from her. Even more, the slight arc on the corner of her mouth was causing others to not be able to take their eyes off her. As expected of the south’s prideful woman, Xun Fang.

And the reason for Xun Fang’s change was because, after having sought her revenge, she had finally untied the knot in her heart.

Dou Fushi who was following behind Xun Fang, during these past few days, he felt like had been sitting on a rocket. I have not even joined a family before, and yet right now, I have jumped over three ranks. Not only have I jumped over the families and aristocratic families, but I have also even jumped over the heads of the three big powers.

The most fortunate thing in this entire life of mine is that, during that night, I went out to catch ghosts, and even more, mistook the two for being ghosts... Although that matter was a bit embarrassing, without that day’s embarrassment, where would I be able to be where I am at today!

Ying Family! One of the three big powers! Even such a power has to treat me with respect! I’m practically on cloud nine right now. I have to properly repay this evil couple by earning more money for them to buy in-game currencies for their games.

However, I suddenly discovered that sister-in-law seems to be very happy today. The sister-in-law right now compared to the sister-in-law in the past is practically the difference between heaven and earth. Sister-in-law is so beautiful~ And big brother is so ugly... However, big brother is uniquely ugly. It is no wonder that big brother is able to make sister-in-law fall head over heels for him and unable to free herself away from him~

Chapter 202.1: Let them fight! 1/2

Ying Kangshi who was on the floor lowered his head and did not dare to look face to face at Xun Fang. Meanwhile, all of the Ying Family members who were within the main hall ran out, then cupped their hands and said respectfully, “Master Xun!”

Xun Fang nodded her head, then smiled lightly, “Don’t be nervous, I’m merely passing by, you all can continue with your meeting.”

All of them were startled, and Ying Jingshan said hurriedly, "Master Xun, don't misunderstand, our loyalty towards His Honor is as clear as the sun and moon."

"That would be the best." Xun Fang said.

After pausing for a moment, Ying Jingshan continued and said, "Master Xun, just a moment ago, we were all discussing about a matter that's regarding Voidless Realm."

"En?" Xun Fang was a bit confused. They are actually discussing about Voidless Realm? If I recall correctly, I robbed things that belonged to Voidless Realm quite a while ago.

Although Xun Fang was a sect master in the past, she was still very unfamiliar with the three big powers and had just merely heard of rumors regarding the three big powers. However, right now, it was different.

Ying Shang added, "Master Xun, Voidless Realm is one of the three big powers, and they are the one who controls all of the powers that are located within the north."

"What's the matter? They provoked you?" Xun Fang asked.

Ying Jingshan said gravely, "Master Xun, originally, Voidless Realm's empress wanted to have my son marry into her family. However, recently, then did we come to know that, the empress actually has an illegitimate daughter!"

"Hmmm? What is wrong with the empress having a daughter?" Xun Fang asked curiously. From the looks of it, the things that I robbed from Voidless Realm were originally going to belong to Ying Family, what a coincidence that is.

Everyone slightly lowered their heads, and Ying Jingshan continued and said, "The empress has always been known to be pure, noble, and holy. To be able to receive the empress's favor, my Ying Family feels honored about it too. However, the empress actually has an illegitimate daughter! Which means that, she deceived everyone that is under the heaven, and even more, trampled on my Ying Family's dignity! If it was truly just like that, my Ying Family could just endure and forget about the matter. However, right now, things are different, for her to trample onto Ying Family's dignity, she is also trampling onto His Honor's dignity!"

Ying Jingshan was not foolish. Confronting against Voidless Realm will definitely bring about losses for Ying Family. However, if His Honor were to help us out, confronting against Voidless Realm would be but a cakewalk.

With a light smile on her face, Xun Fang nodded her head, "The matters amongst you three big powers, His Honor wouldn't care, and also wouldn't personally involve himself in it."

"Master Xun, you have misunderstood. Since Ying Family is currently under His Honor's command, if Ying Family were going to confront against Voidless Realm, Ying Family naturally has to receive His Honor's consent on it first. After all, we wouldn't dare to cause a problem to arise within His Honor's grand cause." For Ying Jingshan to be able to become the family head, it wasn't a fluke, and his IQ was definitely on point.

Xun Fang nodded her head, "Makes sense, I will report this matter to the upper ups."

Dou Fushi was about to become drunk. Sister-in-law is so impressive, and her aura is so strong. Those high and mighty Ying Family members are completely being kept under sister-in-law's control, and they don't even dare to raise their heads in front of her.

If Dou Fushi were to know that Xun Fang possesses a token that was able to allow her to destroy Ying Family in an instant, he would understand just why those Ying Family members lowered their heads when they were in front of Xun Fang.

Their lives were all currently being held within Xun Fang's hands. Thus, it wouldn't be strange for them to fawn upon Xun Fang, let alone lower their heads in front of her.

Xun Fang gestured with her hand, indicating to them to continue on with their meeting.

I won't be taking part in your meeting. Instead of taking part in the meeting, I might as well go back and continue playing with my game. After buying some more in-game currencies, I will go and kill that skeleton a few more times. Feels great~

"Master Xun, I still have one more matter to report!" Ying Jingshan took a step forward and shouted out hurriedly.

Xun Fang stopped her footsteps, but did not turn her body around, "Speak."

"This matter is caused by the fight over the ancient godly item from quite a while ago. The north openly snatched over the ancient godly item from the south, thus, we..."

Before Ying Jingshan had even finished speaking, Xun Fang began to continue walking. While walking, Xun Fang said calmly, "For this kind of small matter, you all can decide on your own, His Honor do not have the time to pay attention to such things."

The corner of Ying Family's relatives' mouths twitched slightly. I have seen before one who is formidable, but I have never seen before one that is this formidable. If a matter like this is a small matter... What kind of matter would be a big matter?

Regarding what kind of matter would be a big matter, it was without a doubt, family conflicts.

[You Cannot Afford To Offend My Woman](#)

Chapter 202.2: Let them fight! 2/2

After Xun Fang returned back to the side room, she told Death Mage about the matter where Ying Family was planning to confront against Voidless Realm.

When Death Mage finished listening, he remained silent for a while. I heard master said that His Honor currently wants to spark the conflict between the north and the south as soon as possible. However, I should seek His Honor's opinion on the matter first. Of course, I must not skip over the ranks and straightforwardly report the matter to His Honor, I have to first report the matter to master.

In the next moment, Death Mage reported the matter to his master via WeChat.

Wei Chang immediately replied, "In the future, do not contact me via WeChat, you are wasting my data usage!"

Death Mage was greatly startled after receiving his master's reply and guaranteed that in the future, if he had something to report about, he would report in person.

Ye Hua had been watching the two big and two small play for two hours. Suddenly, Ye Hua heard Wei Chang had something to report about to him, and thus stood up and went to the office.

A short moment after Ye Hua arrived at the office, Wei Chang's figure appeared in the office. Kneeling down with one of his knees, Wei Chang shouted out respectfully, "Subordinate pay respects to Your Honor."

"En?" Ye Hua responded faintly as he took out a cigarette and lighted up the cigarette.

"I just received news from Xun Fang's side." Wei Chang said while slightly arching his back.

Standing by the window, Ye Hua puffed out a mouth of smoke, then indicated to Wei Chang to continue speaking.

After taking a moment to think back on the details of Death Mage's report, Wei Chang said, "The power that Your Honor subdued during that day is one of the three big powers, Ying Family. The three big powers control all of the powers within the north and south, and Ying Family belongs to the south."

"En." Ye Hua responded faintly, seemingly to not have the mood to bother stirring up troubles amongst the three big powers.

Wei Chang knew about the matters that His Honor was currently vexing about, however, he still had to continue on reporting, "This Ying Family was originally going to connect with another big power through marriage. However, this Ying Family seemed to have been deceived by the other big power, and because of that, Ying Family felt that their dignity had been trampled on, and wants to confront against the other big power and gain back their dignity."

Ye Hua said faintly, "Let them confront against the other big power then. However, we won't be meddling in their matters. It would be boring if one side wins against another side with an overwhelmingly advantage."

"Subordinate has already informed them that we won't be meddling in their disputes."

"Good. Who knows just which of the three big powers will be the first to fall, and after they fall, who knows whether if another power will come in to fill their spot or not? If there is such a rule where another power can fill in the spot of a fallen big power, things will get interesting." Ye Hua sneered. When I'm feeling vexed, only fresh blood would be able to calm me down.

Wei Chang said respectfully, "Subordinate will go and inquire about that. There is another matter, which is regarding the fight for the ancient godly item from a while ago. South has the intention to seek revenge against the north."

"Let them seek revenge then. In any case, that was what I had planned to happen. Watch closely on that Xiao Yi, don't let him die, I have use for him!"

"Yes! For the sake of making it convenient for Your Honor to toy around with that Xiao Yi, subordinate has left a trace of aura on Xiao Yi's Xuan Yuan Sword." Wei Chang said with a slight smile. Seems like my

action from back then was correct. When His Honor is in a bad mood, only by killing people then would His Honor's mood become better. Who knows just who is it that is going to be the unlucky one?

Ye Hua was satisfied with Wei Chang's doing, "You did well."

"The moments where subordinate is able to help with Your Honor's worries and difficulties are the most honored moments for subordinate."

Ye Hua laughed lightly, then patted onto Wei Chang's shoulder, "How are things going with you and Xiao Tang?"

"Erm... still the same as before..." Wei Chang laughed awkwardly. Who knows just when the time where I would be able to push over Xiao Tang would come? Recently, Xiao Tang has been frequently simmering tonic soup for me to drink, and I have been drinking tonic soup to the point where I am about to explode.

Ye Hua sighed lightly, "Sometimes, we should learn from Lie Gu. Where are there even so many things to pay particular attention to, just push over will do."

"Although it's true that Lie Gu's method is convenient and quick, it cannot be compared to Your Honor's method. Just how noble are the madams? The madams naturally cannot be compared to normal women. It is easy to conquer the body, but it is hard to conquer the heart."

Wei Chang's words could be said to have touched the bottom of Ye Hua's heart. Hearing that, Ye Hua laughed lightly, "Wei Chang, you are after all the one who truly knows my intentions."

"Subordinate is merely just speaking facts." Wei Chang revealed out a smile on his face too. His Honor's praise feels much better compared to killing people. In the past, His Honor always says that I am stupid. However, things are different now, I am finally able to help with His Honor's worries and difficulties.

"If Jue Tian were here, I would definitely let over the spot of wisest to you." A slight arc appeared on the corner of Ye Hua's mouth. Thinking about happy things was after all useful in improving one's mood.

Wei Chang was very humble, "Subordinate's brain is not as good as even half of Jue Tian's brain, and even more, subordinate's brain is much inferior compared to Your Honor's brain."

"Alright, you can go back and accompany your girlfriend. In the future, if there aren't any big matters, don't report to me. My motive is to just make the south and north fight with each other. As for how you all are going to make the south and north fight with each other, you all can do as you wish."

"Subordinate should solemnly obey Your Honor's order!"

Chapter 203.1: Make the empress kneel on keyboard 1/2

Looking at the time, it's about to be noon soon, we should go out and eat.

Ye Hua walked into Qing Yutong's room, and the four were currently still playing ardently. Looking at my child standing on the stool, twisting her small butt left to right, and her hand that is not even as big as the mouse, she's just too adorable.

“Uncle, quickly come and play with us, Ah Li will bring you to eat chicken. Ah Li guarantee that she won’t snatch the limelight away from you~” Donghuang Li turned her head around and shouted out with a smile, revealing out two adorable dimples.

Ye Hua had heard Ah Li say those words countless times already. Ah Li always doesn’t keep her words, this bad habit of hers has to be changed. Also, she definitely learned this bad habit from her mother.

Qing Ya laughed lovably, “Because you always snatch away uncle’s limelight, your uncle is now afraid of you.”

“It’s not like Ah Li did it on purpose~ If not, should Ah Li just stay still and watch as uncle get killed by other players~” Donghuang Li pouted her small mouth and said. This caused everyone to laugh.

Being teased by his own child, Ye Hua was rather speechless. However, Ye Hua wasn’t angry and said, “Ah Li, what do you want to eat for lunch?”

“Erm, Ah Li can do with just eating buns, Ah Li has to help uncle to save money.”

Qing Yutong felt heart pained after hearing that, “Ah Li, uncle and aunts have lots of money, you can eat whatever you want.”

“Really? During the journey to the bar, Ah Li used up all of uncle green and red’s money, causing uncle green and red to have to starve. Ah Li does not want you all to starve too.” Donghuang Li pouted her mouth, and her eyes turned red in no time.

Thinking up to here, Ah Li began whimpering, “No matter where Ah Li appears at, Ah Li would bring harm to people, boohooohoo...”

Upon seeing that, Qing Ya also felt very heart pained. Qing Ya held Donghuang Li into her embrace and consoled, “Ah Li is so sensible. Sensible children should not cry, okay?”

“But... but, Ah Li just can’t help it~” Donghuang Li nestled in Qing Ya’s embrace and said pitifully.

When Ye Hua saw his own child being so broken-hearted, he didn’t feel very good in his heart. What is that mom of hers even doing! How could she let her own child suffer grievances!

If not for Ah Li’s sake, I would definitely tie her up and give her a good beating, let her know that, as a mother, she should not let the child suffer grievances!

Ye Hua carried Donghuang Li up from the stool, then said gravely, “Ah Li, whatever that you want to eat, you can say it, I am able to let you eat whatever that you want in this world.”

“Uncle, you treat Ah Li so well, you treat Ah Li even better compared to how mother treats Ah Li~” Donghuang Li hugged onto Ye Hua’s neck and said with her tender voice.

Upon hearing that, Ye Hua felt very great in his heart. However, upon recalling that Ah Li’s mother made Ah Li kneel on a keyboard, Ye Hua immediately felt angry. Just you wait! When the time comes, I will make you kneel on a keyboard too! To even dare to mistreat my child!

Ye Hua stroke onto Donghuang Li’s back and said towards everyone, “Let’s go, let’s go and eat lunch first.”

Everyone smiled and stood up from their seats.

Qing Ya asked her sister in a low voice, "Yutong, don't you feel that Ye Hua is very attentive towards Ah Li?"

Qing Yutong paused for a moment, then held onto her big sister's arm, "It's most likely because brother-in-law likes children. And adding on with the fact that the child in your stomach still hasn't born yet, thus... eh..." Qing Yutong was somewhat unable to continue making up any more explanation.

"Because brother-in-law is yearning for the child to be born, it caused him to treat Ah Li as if she is his own child." Qing Yutong felt that this was a good explanation.

Qing Ya wrinkled her brows, "Really?"

"If not, would it be fake? After all, Little Ah Li is so adorable, no one is able to not like her upon seeing her, and even flowers would bloom when they see her."

Qing Ya tapped onto her sister's forehead and said petulantly, "Only your brain would have that many nonsensical reasonings. Let's go."

Qing Yutong let out a breath. Ever since I saw brother-in-law reveal his godly might on that night... No, incorrect, ever since I saw brother-in-law reveal his acting cool skills on that night, I feel that brother-in-law is not ordinarily formidable. And for someone like brother-in-law who is that formidable, is it even possible for him to be so attentive towards an unfamiliar child?

The answer is evidently no. Unless, Ah Li is precisely brother-in-law's child. And looking at the concern and care brother-in-law is showing for Ah Li, it is most likely that Ah Li is indeed brother-in-law's child.

It is fortunate that big sister did not perceive that Ah Li is brother-in-law's child. A woman truly becomes foolish for three years when they become pregnant. However, if brother-in-law continues on concealing the truth from big sister, when the time comes where big sister finds out, would big sister be able to endure the truth? It's truly making me worried.

Chapter 203.2: Make the empress kneel on keyboard 2/2

Everyone arrived downstairs, and green and red brothers could both be seen holding onto a black color pill and were currently hesitating...

"Uncle Green, Uncle Red~" Donghuang Li shouted out.

Little Brother Red was startled, and the black color pill that was within his hand fell onto the ground and smeared onto a layer of dust. However, Little Brother Red did not mind it as he picked up the black color pill from the ground and placed the pill into his pocket.

"You two can come along too." While carrying onto Donghuang Li, Ye Hua said faintly.

Green and red brothers were startled for a moment. Right now, I know that this man is the bar's boss, thus, I presume that he must be very rich. Which means, we are going to tag along with them to eat some good foods. Woohoo~

The green and red brothers walked at the back of the group and talked to each other in a low voice.

"Big brother, you say, is the black color pill that Uncle Wei gave to us poison?" Little Brother Red had a very conflicted look on him.

Big Brother Green let out a sigh, "Uncle Wei said that this pill is able to make us become able to fly. But, I just keep on feeling that..."

"Feeling that the pill is very unreliable, right? I saw that the two pills appeared within Uncle Wei's hand after he stretched his hand into his crotch and moved his hand around his crotch. The two pills couldn't have been..." Little Brother Red had a look on him that seemed as if he knew the truth, and he almost threw away the pill that was in his pocket.

"Sigh, I took a sniff of the pill just a while ago, the pill shouldn't be that kind of thing."

"F**k, big brother, you actually sniffed it!" Little Brother Red had a surprised look on his face.

Big Brother Green raised his hand and slapped onto Little Brother Red's head, "Are you an idiot? I sniffed the pill to check if it was poisonous or not."

"Big brother, would you even be able to make out if the pill is poisonous or not by sniffing the pill? I'm afraid that instead of being poisoned to death, you would get stifled to death by the smell." Little Brother Red stretched out his hand and took a sniff onto his hand. I held onto the pill with my right hand just now, and as expected, there is a bit of a smell.

Big Brother Green was very vexed right now, "Forget it, forget it, we will decide if we should eat it or not tonight."

The black color pills were great things, and towards other people, the pills could even be said to be an extreme treasure. However, when the pills landed within the hands of the green and red brothers, the two brothers were actually hesitating if they should eat the pills or not. But, the two brothers weren't to blame, after all, the pills were taken out from Wei Chang's crotch, and who knows just what those two pills even were...

Everyone walked out of the alley, and Qing Yutong said with a smile, "Ah Li, do you want to eat hotpot? There is a hotpot store across the road, and the taste of that hotpot store's foods are not bad."

Donghuang Li looked towards the hotpot store that Qing Yutong was talking about, and afterward, she immediately buried her head within Ye Hua's embrace, "Ah Li doesn't want to go to that hotpot store, there are bad guys in that hotpot store~"

"Ah Li, what's the matter?" Qing Ya rubbed onto Donghuang Li's head and asked.

"Ah Li doesn't like that store. Uncle, can we not go to that hotpot store to eat..." Donghuang Li pleaded with a pitiful look on her face, and the pitiful look on Donghuang Li's face caused Ye Hua to feel very heart pained.

Ye Hua said gravely, "The two of you, come here!"

While feeling a bit nervous, green and red brothers immediately walked forward.

“Why doesn’t Ah Li want to go to that hotpot store?” Ye Hua asked coldly.

Green and red brothers took a look at each other, then Big Brother Green said, “Boss, we passed by that store last night, but when that store’s boss saw that our clothes were dirty and messy, he tried to shoo us away from the store. Because of that, my little brother and I went into the store and tried to reason it out with him, and in the end, we were chased out of the store by the store’s chefs, and the chefs even continued chasing after us after they had chased us out of the store.”

Tried to reason it out with him, Big Brother Green’s usage of words was truly incisive. Back then, the green and red brothers clearly ran into the store and flipped tables.

Ye Hua finally understood what happened and asked Donghuang Li who was within his embrace, “Ah Li, is that what happened?”

“Uncle, Ah Li was indeed very dirty at that time and was affecting others’ appetite.” Donghuang Li’s words made everyone felt heart pained for her.

And Ye Zizi’s eyes even turned red somewhat.

The Little Honor was actually disdained by someone! Just who is it that doesn’t f**king want to live anymore!

[You Cannot Afford To Offend My Woman](#)

Chapter 204.1: An opponent who possesses IQ 1/2

A mere human actually tried to shoo my child away from the store, and even more, my child was chased after by some mere humans!

After hearing such news, Ye Hua’s expression became scarily grave.

Seeing that Ye Hua’s expression didn’t look good, Donghuang Li pulled onto Ye Hua’s collar and said, “Uncle, don’t be angry.”

Ye Hua said gravely, “Ah Li, be obedient, uncle will teach you something today.”

Donghuang Li pursed her lips, then nodded her head and said, “En, Ah Li will definitely properly learn from uncle.”

How would Qing Ya not know about the preposterous reasonings that Ye Hua has in his mind? Qing Ya hurriedly said, “Ye Hua, don’t misguide a child.”

Ye Hua did not pay attention to Qing Ya as he walked towards Song Prince Mansion Hotpot Store while carrying onto Donghuang Li. Ye Zizi and green and red brothers followed closely behind Ye Hua.

“Big sister, let’s go.” Qing Yutong shouted out lightly.

Qing Ya let out a light sigh, then followed after her sister.

When Ye Hua arrived in front of Song Prince Mansion Hotpot Store, he paused for a moment. I feel like there’s something wrong!

Before Ye Hua even entered into the store, he could hear the customers that were within the store shouting out angrily.

“What is going on with this store! Why did the taste of the soup base change!”

“That’s right! What kind of garbage taste is this! Call your boss to come out!”

“F**k, to serve something like this to us customers, this store is trying to take unfair advantage of us customers!”

Ye Hua knew why he felt like there was something wrong, there were too little customers!

In the past, when noon arrives, there would be a bunch of people queueing outside the store. However, there wasn’t such a situation today, and the customers actually even said that the food didn’t taste good.

“Big brother, when we passed by here yesterday, I remembered that there was a long queue outside of the store. Why isn’t there anyone queueing up today?” Little Brother Red said confusedly as he looked around the store’s surroundings.

Big Brother Green stretched out his hand and slapped onto Little Brother Red’s head, “Fool, don’t you know that people in the cities love to hire phony customers to lure in real customers!”

At this time, a western-suited man hurriedly walked downstairs and arrived at the front of the customers who were making a scene, “Everyone, may I ask what’s wrong?”

“What’s wrong?! You taste the food and tell me, is this something that humans eat!”

The man said embarrassedly, “I’m truly sorry, today is currently only the first day where I have taken over the store, if the taste doesn’t taste right, I will immediately get the chefs to improve on it. As for today’s meal, you all can take it as my treat, free of charge!”

“F**k, who would even want to eat here even if it’s free.” Those customers said with disdain, then picked up their things and left. Immediately, there was not a single customer left in the store.

The man sighed, then shook his head.

Big Brother Green said gravely, “Wasn’t the boss from yesterday someone who is a bit fat? Why is that thin fellow over there the boss now?”

“Big brother, have you not discovered that all of the store’s employees have been changed?” Little Brother Red sized up around the store. The waitresses from last night have all been changed.

The two took a look at each other, and without minding the boss’s astonished gaze, the two rushed into the back kitchen, then came out of the back kitchen after a short while.

“F**k, even all the chefs have been changed too.” Little Brother Red couldn’t believe it. The chefs last night were all fatties, and the chefs today are all skinny. Could it be that, those fatty chefs all lost 50 pounds in a night?

The boss walked to the front of Ye Hua and said with a smile, “Do you all want to eat here?” After finish speaking, the boss felt a bit embarrassed.

"Is it him?" Ye Hua asked gravely.

Donghuang Li shook her head, "Uncle, he is not that bad uncle."

Ye Hua asked coldly, "Where is the former boss?"

The boss sat powerlessly on a stool, "Sigh, I have really made a big loss this time!"

"I'm asking you where is the former boss!" Ye Hua shouted out lightly.

Donghuang Li hurriedly said, "Uncle, don't be angry, being angry will bring harm to your body."

Ye Hua patted onto Donghuang Li's back, "Uncle is not angry."

"Uncle is obedient~"

The boss stood up and sighed, "How would I know where he ran to, it hasn't even been a full day since I took over the store. The guy said that he would give me the correct recipe, and at that time, when I tried the recipe that he gave to me, the taste was the same as what the hotpot store was originally selling. However, when I opened the store for business during this noon, the taste changed, and none of the customers are staying because of that. This is angering me to death!"

Big Brother Green came to the front of Ye Hua and said in a low voice, "Boss, all of the store's employees have been changed."

The hotpot store's boss said indignantly, "Swindler! I am going to go and report that man to the police!"

Chapter 204.2: An opponent who possesses IQ 2/2

Ye Hua took in a deep breath, then walked out of the hotpot store.

Looking at the small alley that is opposite the road, if I were to stand on the third floor of this hotpot store, I should be able to see until my own room, which is located on Leisure Bar's second floor.

Looking around my surroundings, asides from this store being a food store, the rest are all clothing stores.

"Ye Hua." Qing Ya called out tenderly.

Ye Zizi changed her usual mischievous behavior and said solemnly, "Big brother, we are being monitored!"

Qing Ya looked at Ye Zizi in surprise. Why do I feel that Ye Zizi is even more experienced than me?

When the green and red brothers heard what Ye Zizi said, they almost pissed their pants.

What does she mean by that? Being monitored? I am a wanted criminal... Could it be that... they are also wanted criminals?

F**k, we have entered into a bandit den...

"Ah Li, we will go and eat MacDonald, all right?" Ye Hua said towards Donghuang Li who was within his embrace and did not say anything towards what Ye Zizi said.

Donghuang Li nodded her head. As expected, no matter where I go, I would bring harm to people...

Everyone arrived at MacDonald and began ordering various kinds of foods. At the MacDonald, Ye Zizi returned back to her abnormal state. This caused Qing Ya to have a slight headache.

Green and red brothers were finally able to enjoy the taste of fried chicken legs. Hmmm, so delicious~

While playing around with Donghuang Li, Ye Hua contacted Wei Chang.

"Your Honor!"

"Wei Chang, do you still remember just when that Song Prince Mansion Hotpot Store was opened?"

"Eh... It should be not long after Your Honor opened the bar. About two months after Your Honor opened the bar, I think. Your Honor, for you to ask that, is there something wrong?"

"We have been monitored for quite a long time already."

"Ah!" Wei Chang exclaimed in surprise.

Wei Chang said gravely, "Your Honor, let subordinate handle this matter!"

"No need, I like this kind of surprises. If everything were to go all according to plan, it would be boring. I want to see just what other surprises the other party will be able to give to me!"

"Subordinate over-worried."

After cutting off the connection with Wei Chang, Ye Hua silently thought to himself, "I have finally come across a decent opponent. To have started monitoring over me since four years ago, and the people that they used were all humans... Not bad! If Ah Li didn't show up, I reckon that they would have still continued monitoring over me!"

Suddenly, Ye Hua thought of a possibility as to why those people suddenly withdrew.

Could it be that, they knew of my relationship with Ah Li? They knew that I was going to come over to take revenge on them, therefore, they decided to withdraw last night?

Cunning humans, I will use my brain and play around with you all this time round and make you all admit defeat willingly!

Also, the vigilance of these two brothers is not bad. Since they were able to protect Ah Li well during their entire journey to the bar, I will allow them to continue looking after Ah Li's safety issues. After all, it is indeed not good if my child does not have a few guards around her.

However, their attires...

"Qing Ya, give them a bit of money to let them buy clothes with." Ye Hua said lightly. Their clothes are all worn out, if others were to know that they are my people, wouldn't I get laughed at for having no money!

Qing Ya nodded her head. The clothes that these two are wearing right now are indeed a bit...

At this moment, Big Brother Green wiped his mouth, then said nervously, "Boss, I have a matter to tell you."

Ye Hua drank a mouth of sprite, then said faintly, "Speak."

Big Brother Green hurriedly said, "Last night when my brother and I brought along Ah Li to look for you all, we went to a bar, and that bar's boss actually wanted to capture Ah Li. From what I saw, I reckon that the bar's boss is a child trafficker. Fortunately, we managed to run away from the bar. However, while we were running, the bar's boss sent people to chase after us. And it was also because of that that we somehow entered into your bar."

"That's right, that's right, that's right, that woman was extremely bad, and that man too." Little Brother Red added.

Donghuang Li placed down the chicken bone that was in her hand and said with her tender voice, "If not for uncle green and red, Ah Li would have been captured and sold away last night..."

"Those people are truly detestable!" Qing Ya said indignantly. I hate child traffickers the most. Just how many children were trafficked by them and thus became homeless!

Chapter 205.1: Let's be brothers again in our next life 1/2

While I wasn't by my child's side, something like this actually happened! And furthermore, such a thing like that even happened one after another!

Do they really think that I have no temper at all!

Ye Hua said gravely, "We will head over to that bar later on!"

Qing Ya was filled with worries, she was afraid that Ye Hua would act drastically.

Qing Yutong and Ye Zizi were very excited. I can finally watch brother-in-law act cool again. As long as brother-in-law personally set out to deal with things, the scene would definitely be a sight to see!

On the other hand, the green and red brothers were feeling very worried. Do we really have to head to the bar with them? Looking at them, I'm afraid that only my brother and I possess the ability to fight. Seems like my brother and I are going to have to fight again.

Donghuang Li felt very warm in her heart, and this kind of warmth was something that she had never felt before. I'm starting to become fonder of uncle, and my fondness of uncle is about to exceed my fondness for mother~

It must be said that, this was the advantage of bloodline. No matter how long the two have not met with each other, as long as they come close to each other, that particular warm feeling would appear.

Thus, although the two currently still haven't formally acknowledged each other's identity, their relationship right now was practically the same as they had already formally acknowledged each other's identity.

"Lead the way!" Ye Hua said coldly while carrying onto Donghuang Li.

Big Brother Green was feeling a little awkward as he said in a low voice, "Boss, it is my first time coming to a big city, thus, I'm not familiar with the big city. However, I know that the bar's name is called Hundred Crossings Bar!"

"Navigation!" Ye Hua said gravely. Why do I feel that I have taken in two idiots? I have to personally teach them everything.

Little Brother Red immediately took out his phone, then began walking at the front with his big brother and lead everyone to the bar.

Such a group like this caused the passersby to exclaim in astonishment.

There is a child, beautiful women, a little loli, and non-mainstreams...

Could this be this year's trendiest group arrangement? A group like this would definitely be able to become famous after they performed their first public performance.

Without long, Ye Hua's group arrived at the entrance of Hundred Crossings Bar. It was currently still 2 pm, and the entrance of the bar was tightly closed.

However, there were two men smoking by the entrance.

"Boss, that guy over there who wears a jacket is the one who brought us into the bar last night." Big Brother Green hurriedly walked forward and said. With the boss supporting us, what is there to be afraid of. However, I have to prepare to protect Little Ah Li.

Also, it's rather inconvenient to fight against those people while having three women in our group.

Although I, Big Brother Green, am out of the ordinary when it comes to fighting, I am unable to resist against the opponent's human wave attack.

"Big brother, if a fight really happens later on, you protect Ah Li, and I will protect the lady boss." Little Brother Red's expression was very serious, unprecedentedly serious, seemingly like he had come across the hardest moment in his life.

Big Brother Green let out a heavy sigh, "Alright, if big brother were to unfortunately die today, remember to take good care of my mother."

"Big brother, be at ease. If little brother were to unfortunately die today, I request big brother to take good care of my father."

Green and red brothers could be seen tightly holding onto each other's hands.

"We will still be good brothers in our next life!"

"Good brothers!"

"Uncle green, uncle red, what are you two doing, quickly come in~"

"....."

Green and red brothers turned their heads around and looked. When did they all enter into the bar? Where did the two men go?

I have just finished adjusting my mood, and my aura was bursting out unprecedentedly, but they actually already entered into the bar!

“Big brother! Those two men must have definitely captured the boss!”

“Quick! Rush into the bar and save the boss!”

“Alright!”

[You Cannot Afford To Offend My Woman](#)

Chapter 205.2: Let's be brothers again in our next life 2/2

Green and red brothers squeezed out a killing intent from their bodies and straightforwardly rushed into the bar.

A minute later, green and red brothers stood behind everyone while with a blush on their faces. I wish that I can dig into a hole and hide right now, I'm so embarrassed.

Qing Ya and Qing Yutong covered onto their mouths and laughed lightly, while Donghuang Li laughed to the point that she couldn't take it anymore.

Ye Hua also revealed out a slight smile on his face, which was a very rare sight.

Ye Zizi shook her head helplessly, are you two here to make people laugh?

Green and red brothers want to express that they were indeed here to make people laugh...

However, although they were here to make people laugh, they were startled by the scene in front of them.

Those two men are actually floating within the air, and their hands seem to be tied behind their bodies. Also, looking at their expressions, they seem to be in a lot of pain. Is this really not a magician show?

“Call your boss to come out.” Ye Hua said indifferently.

Of course, the one who dealt with the two men was not Ye Hua and was Ye Zizi!

Those insects were still not worthy for Ye Hua to have to personally deal with them.

The two young men who were tied up within the air were in a lot of pain, and they seemed to not even have the strength to speak.

Qing Ya slowly turned her face away from the two men, she couldn't bear to look at the scene.

“Uncle is so formidable. However, they don't seem to be able to speak while they are tied up within the air, right?” Donghuang Li said innocently.

Ye Zizi immediately placed one of the two men down onto the floor, and as expected, that man hurriedly went to make a phone call to call over backup.

“Don't get cocky just because you are an ability power user. Let me tell you all! Our boss also knows people that can use ability powers, you all are dead for sure!”

Ye Zizi moved her small hand, and the man that was shouting out cockily was tied up within the air again.

“Ye Hua, just give them a slight punishment would do, don’t take it too far and cause them to die.” Qing Ya said in a low voice.

Ye Hua said faintly, “Qing Ya, not only am I going to teach Ah Li, but I am also going to teach you too! Being too soft-hearted will not only bring harm to yourself, but also to people around you!”

Qing Ya wrinkled her willow brows. However, she did not dispute with Ye Hua, after all, they were currently outside right now.

“Qing Ya, if those two brothers weren’t there to protect Ah Li, do you think that Ah Li would still be able to be here right now? If not for the two brothers being there to protect Ah Li, who knows where Ah Li would have already been sold to right now! You are pitying them now, but if the situation was different, who would pity Ah Li!”

Hearing Ye Hua’s reprimand, Qing Ya wasn’t able to retort at all, because what Ye Hua just said was true.

“Uncle, don’t bully Aunt Qing, it is all Ah Li’s fault.” Donghuang Li hurriedly persuaded. Aunt Qing looks so pitiful, how could uncle bully Aunt Qing like this?

Ye Hua rubbed onto Donghuang Li’s head, “Ah Li, taking pity on your enemies is the equivalent of being cruel to yourself. You can amuse and mess with your enemies, but you definitely must not take pity on them! Do you understand?”

Donghuang Li nodded her head. Donghuang Li didn’t really understand what Ye Hua meant, but she felt that what Ye Hua just said sounded awesome.

Ye Hua was very gratified. My child is easy to teach right now, and as for Qing Ya, I will have to take things slowly. I definitely have to change this bad habit of hers.

“Big brother, what are you doing?” Little Brother Red was astonished. I actually saw my big brother writing down notes on a notebook, my god!

Big Brother Green said gravely, “I must note down the boss’s words of wisdom. In the future, we are going to be following after the boss, thus, we have to learn some... what is it called again?”

“High-end and impressive reasonings?”

“That’s right, what you just said.” Big Brother Green lowered his head and wrote those words down on his notebook.

Little Brother Red smiled, “Big brother, I will just copy what you wrote down after we returned back.”

“You are able to recognize those oracle bone inscriptions of mine?” It could be seen that, the words on Big Brother Green’s notebook were like a group of dragons dancing wildly, normal people would really not be able to recognize those words.

Little Brother Red smiled, “Big brother, I have been copying your homework for that many years, those oracle bone inscriptions of yours have long been learned by me.”

“Formidable, I didn’t expect that you actually managed to secretly learn another one of big brother’s special skills again.”

“That’s right, I frequently got zero marks along with you, and went from being the top of the class to the second of the class, when counting from the back.”

Big Brother Green asked curiously, “Then, who is the top of the class, when counting from the back?”

“Big brother, how would I dare to snatch your number one away from you!”

“Good brother, big brother truly didn’t misjudge you.”

About half an hour later, a man and a woman brought along 10+ people and entered into the bar.

The man and woman were precisely Kun Chong and Qing Lian from last night. When they saw Donghuang Li, who was currently within Ye Hua’s embrace, they immediately knew the reason why Ye Hua and the others came to their bar to make a scene.

However, that man who is carrying onto the child looks a bit familiar...

Qing Lian felt that she has seen Ye Hua from somewhere before.

[You Cannot Afford To Offend My Woman](#)

Chapter 206.1: Teach attentively 1/2

Suddenly, Qing Lian recalled. Isn’t this guy the boss of that Leisure Bar? Last year when I was at Leisure Bar, I was fortunate enough to see him appear at the bar for a while. He is truly so handsome.

“Brother Kun, he is that Leisure Bar’s boss.” Qing Lian’s expression was grave.

Back then, because that Leisure Bar’s business was prosperous, lots of bosses were envious of the bar and wanted to stir up some troubles.

In the end, all of the bosses that tried to stir up troubles, all of them were done for, they either disappeared immediately or disappeared after closing down their stores. After that incident, no one dared to go and provoke that bar anymore, because that bar was too mysterious and unfathomable.

Of course, Kun Chong had also heard of Leisure Bar’s boss too.

I didn’t expect that the child that I tried to kidnap yesterday is actually his child!

This matter has become rather troublesome.

Looking at his two underlings who were floating within the air, Kun Chong did not reveal out any astonishment on his face, and instead walked forward with a smile on his face, “It seems we have some noble guests, I apologize for not coming over to meet you all earlier.”

Ye Hua did not pay attention to Kun Chong and instead looked towards Donghuang Li and asked, “Is it them?”

Donghuang Li nodded her head, then buried her head within Ye Hua’s embrace, seemingly to be very afraid.

“Ah Li, don’t be afraid when coming across matters, you have to be courageous and confront against those matters.” Ye Hua taught attentively. When I wasn’t by my child’s side, my child actually formed such a habit like this, this is not a good thing.

I really don’t know just how her mother even taught her.

It was very normal for Donghuang Li to behave like that, after all, she was still just a child.

With a guardian by her side, it was only natural that Donghuang Li would behave a bit delicately. And in actuality, Donghuang Li just wanted to receive a bit more concern and care.

“Uncle, Ah Li understands.” Donghuang Li was very obedient, she did not hide anymore and looked towards the man and woman that were in front of her.

Qing Lian revealed out a smile and said apologetically, “Boss, I’m truly sorry, we did not know that she was your child.”

Ye Hua slowly raised his head, then said with a chilling cold tone, “If she had landed into your hands, what would have happened to her?”

Kun Chong and Qing Lian’s expression twitched slightly. Seems like this matter won’t be able to be settled easily.

“Boss, look at what you are saying, if she had landed into our hands, we would have definitely properly taken good care of her.” Kun Chong said with a fawning tone, after all, in Kun Chong’s eyes, the man in front of him was very mysterious.

This time, Ye Hua did not ask Donghuang Li, and instead asked Qing Ya, “Qing Ya, how do you think they should be dealt with?”

Qing Ya who was standing behind Ye Hua paused for a moment, then said, “Ye Hua, let’s call the police.”

“If the child who was involved in this matter was our child, would you still choose to call the police?” Ye Hua asked gravely.

Qing Ya’s heart paused for a moment. If it was my child... then there would be only one kind of conclusion for them!

Seeing that Qing Ya did not respond, Ye Hua had the answer in his heart. Ah Li is after all not her own child.

“Ah Li, how do you think that uncle should deal with them?” Ye Hua asked curiously.

Donghuang Li was somewhat at a complete loss because she had never come across a matter like this before.

Donghuang Li said with her tender voice, “Ah Li doesn’t know.”

Right now, Kun Chong and Qing Lian’s smile was a bit stiff. Could it be that, this boss intends to shed all pretense of cordiality with us!

Shed all pretense of cordiality, Kun Chong and Qing Lian were looking too highly upon themselves, they were at the most objects for Ye Hua to use to educate his wife and child.

“Boss, it isn’t good to act like this, right?” Kun Chong squeezed out a trace of smile on his face, he was at the point where he could hardly contain his anger anymore.

Qing Lian kept away her smile and said coldly, “Boss, we can compensate you, but you cannot humiliate us like this!”

Ye Hua still did not pay attention to them and continued teaching his child.

“Ah Li, you think about it for a second, if green and red uncles weren’t there to protect you last night, and you were captured by them, what do you think would have happened to you? Do Ah Li not dislike them?” Ye Hua asked softly.

Donghuang Li slightly wrinkled her brows, then said in a low voice, “Ah Li dislikes them.”

“Ah Li is not the only one that they wanted to kidnap, there are a lot of other children that are as big as Ah Li who had been kidnapped and sold away by them. Ah Li, do you feel that people like them should be allowed to live in this world?” Although Ye Hua had never taught a child before, he had taught before Ye Zizi, who was one of the Seven Sins. Therefore, Ye Hua could be said to be quite experienced when it comes to teaching.

Alright, fine, Ye Hua’s teaching was purely just him guiding someone towards his wanted train of thoughts.

“No.”

As expected, Ah Li’s answer was very straightforward.

Qing Ya who was at the side could not stand to continue watching Ye Hua misguide Ah Li anymore. Qing Ya snatched away Ah Li from Ye Hua, then said, “Ye Hua, Ah Li is only this big right now, how can you teach her something like this!”

I have achieved my goal for today’s teaching.

What Ye Hua wanted was to hear his child’s answer towards the last question that he gave to her.

Very decisive! As expected of my descendant, she possesses an innate thirst for blood!

As for Qing Ya, I will have to take things slowly.

[You Cannot Afford To Offend My Woman](#)

Chapter 206.2: Teach attentively 2/2

“Boss, you are being too much by acting like this!” Qing Lian shouted out, and she actually took out a female small gun.

Green and red brothers who were at the back turned pale with fright and immediately squatted down while covering onto their heads with their hands.

The people in the cities are too scary, taking out a gun at the drop of a hat. The cities are unlike the countryside, where the most we would do was bring a water pipe along with us to fight with, we weren't even allowed to bring knives to fights.

The muzzle of the gun was aimed at Ye Hua's group.

Qing Ya tightly protected Donghuang Li within her embrace, and cold light was flickering within Qing Ya's gaze.

"Qing Ya, they are intending on killing me, do you still insist on calling the police?" Ye Hua took out a stick of cigarette, ignited it, then sat down on a chair like a big boss.

Qing Ya sighed, "You can do what you want."

A slight arc appeared on the corner of Ye Hua's mouth.

Seems like I didn't come here for nothing today. I have to find more of this kind of teaching material in the future so that I can bring them along with me and continue teaching them stuff. Take a look at my sister-in-law, she is much sensible compared to Qing Ya.

Qing Lian's gaze turned cold, and Qing Lian, who's heart was just like that of a snake pulled onto the trigger continuously.

Bang, bang, bang!

A bunch of gunshots rang out, and gold color bullets flew towards Ye Hua and the others.

Suddenly, a few sparks appeared within the air, and soon after, a few gold glistening bullets landed onto the floor.

Ye Zizi stretched out her small hand and took a yawn. A strand of Ye Zizi's hair silently stretched back to her.

Qing Lian tightly wrinkled onto her brows. As expected, gun is indeed useless towards them!

Green and red brothers practically almost pissed their pants. This is practically like the gunfights within the Hong Kong films, this is so scary!!!

"Are you two still not going to go and call for backup?" Ye Hua asked lightly.

What meaning is there in killing two small fries, it would be much more meaningful to kill the person that is standing behind them!

Kun Chong knew that the other party wasn't going to let the matter rest, but he still tried to persuade, "Boss, if you let the matter rest, you all can leave. But, if I were to make this phone call, the consequences that would follow would be very serious, and even I myself would feel afraid of those consequences that would follow."

Ye Zizi suddenly laughed. This human is so funny. However, why are His Honor and the others not laughing? For me to be the only one who laughed, it makes me seem so stupid... Ye Zizi immediately kept away her smile.

“Make the phone call.” Ye Hua wants to see just who was it that was standing behind this Kun Chong.

This fellow’s brag is almost about to reach the heaven, even I myself have never bragged like that before. I have always been low-profile and have never killed humans for no reason. And even more, I would never exterminate families at the drop of a hat like I did in the past.

Kun Chong immediately went and make a phone call. However, within Ye Hua’s eyes, their death timers have already begun ticking.

“I have already given you all a chance! So, don’t blame me for whatever that will be happening next.” Kun Chong laughed. After making this phone call, my entire body feels so much more at ease.

Qing Lian leaned onto Kun Chong and placed one of her hands onto Kun Chong’s shoulder, “Brother Kun, from what I see, this boss is nothing much too. Seems like rumors are just rumors, one should only believe what they are told after seeing it for themselves.”

Kun Chong stretched out his hand and slapped onto Qing Lian’s smooth and round butt, “There are so many people here and you still act frivolously.”

“It’s because I know that you like it when I act like this~”

Qing Ya immediately covered onto Donghuang Li’s eyes. Small children cannot look and cannot listen to this kind of thing.

Little Brother Red who was at the back stretched out his hand and covered onto his big brother’s sight, “Big brother, if you look too much, you will be shot at later on.”

“If that is so, why are you still looking!”

“So that I can describe to you what I saw later on.” Little Brother Red looked at the two with keen interest.

Big Brother Green stretched out his hand and slapped onto Little Brother Red’s head, “How are you even going to be able to describe such a scene like this to me!”

[You Cannot Afford To Offend My Woman](#)

Chapter 207.1: I am the son of Ding Family 1/2

10+ minutes later, a rumbling sound rang out from the outside of Hundred Crossings Bar. Just from hearing the rumbling sound, one would know that it was a supercar that possesses an engine above v10.

Sure enough!

From quite a distance away, a car that not only possesses a short and robust body, but also smooth body lines, could be seen driving towards the bar.

The car caused the men on the streets to reveal out fervent within their gazes, while the women on the streets wanted to see just who was it that was driving the car, and if possible, they would like to have the chance to sit in the car and enjoy the air conditioner of the car.

A Lamborghini could be seen stopping at the entrance of Hundred Crossings Bar. The scissor doors opened up from both sides, and two youngsters walked out of the Lamborghini.

The one who came out from the driver seat wore a pair of sunglasses and possessed an impressive appearance, causing the women on the streets to become smitten.

Meanwhile, the one who came out from the passenger seat had a respectful look on him. From the looks of it, he was the underling of the other guy.

“Young master, master is still waiting for you to return home.” The underling name was called Chang Sheng, and he looked rather handsome.

Ding Yuanwu stretched his neck around, “We will head back home after we finished giving some people who don’t have eyes a lesson!”

Ding Yuanwu was Ding Aristocratic Family’s son. Although he was the youngest amongst all the sons, he was birthed by the woman who was favored the most by Ding Family’s Family Head, Ding Yuan. This caused Ding Yuanwu to have been pampered and spoiled since he was young, and within the profane world, he was a famous playboy. Chasing after women was Ding Yuanwu’s biggest hobby, and this Hundred Crossings Bar was opened by Ding Yuanwu. Whenever he was free and had nothing to do, he would come to this bar of his to look for a target to chase after.

This time, Ding Yuanwu was preparing to return home, and just by chance, while he was returning home, he received a phone call from one of his underlings saying that there were people making a scene in the bar, and thus, he decided to head over to the bar and take a look at the situation.

As someone who possesses the noble identity of Ding Family’s son, how could he stand to have people standing over his head? It was fine if he didn’t know that people were making a scene in his bar, but now that he knew, it was definite that he had to give the people who were making a scene in his bar a lesson.

Bringing along his underling, Ding Yuanwu walked into the bar.

While helplessly following behind Ding Yuanwu, Chang Sheng thought to himself, “It won’t do for young master to continue on like this, especially since young master’s brothers are currently glaring at young master like a tiger glaring at its prey, and the fact that those brothers have long viewed young master as an eyesore.”

When Ding Yuanwu walked into the bar, he immediately took off his sunglasses and looked dead on at Qing Ya, Qing Yutong, and Ye Zizi.

If I am able to seize those three for myself, I won’t get off my bed for the entire rest of my life!

Kun Chong did a good job this time, he should be rewarded!

“Young master, those people are the ones that came to the bar to make a scene.” Kun Chong walked over to the front of Ding Yuanwu in quick steps, completely oblivious to the fact that he had only less than 10 minutes to live.

Ding Yuanwu patted onto Kun Chong’s shoulder and said, “You did well.”

“Thank you, young master, for the praise.”

Ding Yuanwu walked past Kun Chong and walked to a spot that was not far away from Ye Hua's group, then said after looking at the two men that were floating within the air, "Your strength is not bad, but you are still but a frog at the bottom of the well and nothing more."

Ye Hua said faintly, "Yutong, bring along Qing Ya with you and leave first, the scene that will be happening next won't be pretty."

"Alright, brother-in-law."

Ding Yuanwu wanted to speak and stop them from leaving, but when he was about to speak, he discovered that he wasn't able to move his entire body. This caused his expression to become a bit panicky.

Big Brother Green and Little Brother Red followed behind Qing Yutong and was preparing to leave too. The cities are too scary.

"You two stay here!" Ye Hua said faintly.

Big Brother Green and Little Brother Red's heart sank as they walked back to where they were standing a while ago.

Chapter 207.2: I am the son of Ding Family 2/2

Seeing that Qing Ya and Qing Yutong left, Ye Hua stood up unhurriedly, then said coldly towards Kun Chong after taking a look at Ding Yuanwu, "Do you still have anyone else standing behind you?"

"Who are you!" Underling Chang Sheng shouted out. To actually dare to be disrespectful towards young master, this man is courting death!

Ye Hua did not reply. Speaking to those insects is already something beneath my dignity, if it was not for seeking justice for my child, I wouldn't have even bothered coming here and getting myself involved with those insects.

Chang Sheng's expression sank, and his figure immediately disappeared. Such a speed like this was a bit faster compared to Long Aotian's speed. Possessing such a speed like this was enough to make others exclaim in astonishment.

In the blink of an eye, Chang Sheng appeared behind Ye Hua, and the dagger within Chang Sheng's hand stabbed towards Ye Hua's temple without any mercy. Chang Sheng's action was extremely decisive.

Ding Yuanwu whose entire body was being controlled sneered. You all are completely ignorant towards my underling.

However, a second later, Ding Yuanwu became dazed as he shouted out hurriedly, "Chang Sheng, what are you being in a daze for, quickly stab him!"

Chang Sheng stood behind Ye Hua's back, and the dagger within his hand was merely only a centimeter away from Ye Hua's temple.

“Seems like you don’t have any more backup. Zizi, you can have all of them.” Ye Hua extinguished the cigarette bud, then walked towards the outside.

Ye Zizi grinned, “Thank you, big brother~”

After Ye Hua left, Chang Sheng’s front view appeared in front of everyone’s view. It could be seen that, a strand of hair pierced through the back of Chang Sheng’s head, and came out from Chang Sheng’s forehead.

Chang Sheng’s entire body was faintly shivering, and his eyes were rolled upwards. It seemed as if the top of Chang Sheng’s head was being absorbed by something.

Green and red brothers hugged together tightly. Why does this scene seem like something out of an alien movie...

Upon seeing Chang Sheng’s appearance, everyone gasped, especially Ding Yuanwu, he seemed as if he had just seen a ghost.

My underling’s strength is able to rank up in the tops within the family, and yet, he was actually killed off instantly! How is this possible! Just who is that little loli!

“I am Ding Family’s son! If you dare to kill me, you can prepare to get chased after by Ding Family!” Ding Yuanwu’s gaze was vicious. Those people are too arrogant! Once they know of my identity, they will definitely kneel down and beg me for forgiveness!

Ye Zizi licked onto her scarlet red lips, then walked forward unhurriedly. As Ye Zizi walked, Chang Sheng moved along while suspended within the air, and while moving, Chang Sheng’s entire body could be seen trembling acutely, and his skin and meat were degrading at the speed where it was visible to the naked eyes.

“Little brother, so you are Ding Family’s son? If I have the time, I will help you inform your family about your death. You can be at ease, the pain will go away very quickly.” Ye Zizi’s loli voice was particularly alluring, but matching with a scene like this, her voice was like the whispers of a devil, trembling the heartstrings of others.

Ye Zizi’s ponytail slowly floated upwards, and countless strands of hair shot out like poisonous snakes.

“A ghost!”

“Someone save me!”

Kun Chong and Qing Lian couldn’t care about their image anymore as they immediately began running towards the outside.

Their desire to live was very strong, but unfortunately, the person that they were facing against was Ye Zizi. To a certain degree, Ye Zizi’s strength was even stronger compared to Ye Hua’s strength!

Strand after strand of hair mercilessly pierced through the back of everyone’s head. Fresh blood dyed the strands of hair red, and the blood transmitted all the way towards Ye Zizi’s brain, which in turn caused Ye Zizi’s beautiful scarlet eyes to become even more bright and beautiful.

"I am Ding Family's son! My father won't let you all off! He will kill all of you!" Ding Yuanwu who was suspended within the air had been practically repeating the same lines over and over.

And the line that he had repeated the most was, "I am Ding Family's son".

Ye Zizi patted onto her small mouth and yawned, then said sweetly, "I have seen too many people like you. After your father came, the lines that your father would utter would definitely remain the same, then afterward, your grandfather would come, and afterward, if your great grandfather is still alive, the lines that your great grandfather would utter would most probably change."

"For example, your great grandfather would say, I won't let you off even after I become a ghost!" Ye Zizi imitated a tone that she heard in the past and revealed out a scared look on her.

Ding Yuanwu felt that everything within his body was being absorbed and he was finally afraid. I'm still young, I still don't want to die yet!

However, before Ding Yuanwu even began begging for his life, Ye Zizi said pitifully, "Don't kill me, I have money, I have lots of good things, I will give them all to you~"

Soon after, Ye Zizi smiled sweetly, "Were you preparing to say those words? Looking at your expression, I know that I guessed correctly."

"You!!!"

"Alright, I have had my fun, and have had my fill. I still have to go back and play with my computer game, so, bye bye~"

Everyone turned into dried corpses in an instant, then fell heavily onto the ground.

Ye Zizi pouted her mouth, "That action that His Honor did was very handsome, Zizi wants to learn it too~"

Ye Zizi could be seen stretching out her right hand.

Snap~

Finger snap was indeed not just a name in vain. At this moment, all of the corpses turned into dust, and even the interior decorations of the bar also turned into dust too.

Ye Zizi let out a breath, "That was dangerous, it was lucky that I managed to keep the power of the finger snap under control."

"Hey, how long are you two going to hug each other for? Time to leave." Ye Zizi shouted out towards green and red brothers, then hopped towards the outside of the bar.

Green and red brothers took a look at each other and felt that their postures were a bit ambiguous right now and they immediately let go of each other.

"Big brother! I have decided!"

"Little brother! I have decided too!"

The two brothers silently took out a black color pill, then closed their eyes and swallowed the pill. It's so bitter... and there is also a weird salty taste...

Chapter 208.1: Squish squish 1/2

Everyone returned back to Leisure Bar, and Qing Yutong and Ye Zizi began playing another round of game, while Donghuang Li had long fallen asleep within Ye Hua's embrace. Donghuang Li was a child after all, after a child had their fill, the child would usually take a nap.

As for green and red brothers, they were temporarily working as Leisure Bar's security guards.

Within the bedroom, Ye Hua placed Donghuang Li onto his own big bed, then lightly covered a quilt onto Donghuang Li. How can this tiny thing be so adorable?

Qing Ya sat on the sofa that was at the side and looked at her husband's tender actions. When I bought a doll for hugging when I am going to sleep, he burned the doll and even said that, on the bed, besides from me, nothing else was allowed to appear on the bed. If I recalled, he said that before we went to Sanya.

And yet, right now, Ah Li has become another person who is allowed to be on the bed. Although I don't mind that, Ye Hua's astonishing actions are making me feel very worried.

"Ye Hua, you come over, I have something to speak with you." Qing Ya really couldn't bear it anymore. I have to ask him clearly about this matter!

"Shhh." Ye Hua indicated to Qing Ya to be softer a bit, so that she doesn't wake up the child from her sleep.

Ye Hua slowly stood up and walked to Qing Ya's side. Upon reaching Qing Ya's side, Ye Hua stretched out his hands and held onto Qing Ya's tender waist, then straightforwardly kissed towards Qing Ya's lips.

It has been a few hours since I last kissed Qing Ya, I quite miss kissing her.

However, Ye Hua wasn't able to have his way this time, his lips kissed onto Qing Ya's palm instead of her lips.

"What's the matter?" Ye Hua asked confusedly.

Qing Ya pouted her mouth and said in a low voice, "After coming back home today, you have been acting very abnormal!"

Ye Hua was startled, have I been acting that obvious?

"How have I been acting abnormal?" A trace of a smile appeared on the corner of Ye Hua's mouth and Ye Hua's hand sneakily made its way into Qing Ya's shirt.

Qing Ya grabbed onto that mischievous hand, "Don't mess around! I am talking about serious things with you, so be serious a bit!"

Ye Hua sighed lightly, "Alright, what do you want to ask?"

“Do you have something that you are keeping a secret from me?” Qing Ya’s gaze was tightly fixed onto Ye Hua, and she was being completely serious.

Ye Hua was also looking dead on at Qing Ya’s eyes. Should I tell her right now? Or should I wait for a period of time and let her get along with Ah Li first?

“How would that be possible?” Ye Hua said, and right after he finished speaking, he pulled Qing Ya into his embrace.

Qing Ya did not struggle and instead hugged onto Ye Hua and said in a low voice, “Ye Hua, I like you, but you mustn’t lie to me, okay?”

Ye Hua’s heart thumped for a moment.

If Ah Li’s mother has a brain, she would definitely come to my place and check to see if Ah Li is at my place or not. Thus, it is just a matter of time that Ah Li’s mother would come face to face with Qing Ya. And as for what would happen when the two meet each other, only god would know...

It is true that I like surprises, but I do not really like this kind of surprises.

However, I have already denied that I have something that I am keeping a secret from her just a while ago. Come clean with her that I am indeed keeping something a secret from her now? Then, wouldn’t I be smacking my own face...

Right now, all I can do is brace myself for whatever that will be ahead.

“En.”

When a lie was made, more lies would be made to cover up for the first lie that was made, and in the end, everything would be but lies. This was the humanity that Ye Hua was going to experience.

Qing Ya suddenly pushed Ye Hua onto the sofa, then began kissing wildly onto Ye Hua...

Towards this, Ye Hua naturally liked it very much.

While enjoying Qing Ya’s roughness, Ye Hua thought to himself, “This woman is making me like her more and more. And in order to not make her become broken-hearted, I actually told a lie.”

“Uncle, aunt, are you all thirsty? Ah Li will go and pour water for you all to drink~”

Not sure since when, Donghuang Li stood beside the two while with her eyes opened wide.

Uncle and aunt are actually sucking onto each other, seemingly like they are very thirsty. Furthermore, uncle’s hand is within Aunt Qing’s shirt too. Aunt Qing is definitely feeling a bit itchy, and uncle is helping Aunt Qing to scratch onto her itch.

Chapter 208.2: Squish squish 2/2

The two turned their heads around and looked towards Donghuang Li. Immediately, they separated from each other. We have to pay attention to our image when we are in front of a child.

"Ah Li, why aren't you sleeping anymore?" Qing Ya carried onto Donghuang Li and asked. Right now, Qing Ya's mood was very great.

Donghuang Li rubbed onto her big eyes and yawned, "Ah Li woke up after hearing until a bunch of squish squish sounds."

Squish squish?

Qing Ya petulantly pinched onto Ye Hua. It is all your fault.

Women are just this unreasonable. You were obviously the one who pushed me onto the sofa and began touching all around my body.

"Is that so? What do Ah Li want to eat for dinner?" Qing Ya immediately shifted the subject.

When food was mentioned, children would become more excited than anything else.

"Don't know~"

Qing Ya said lovably, "Do Ah Li want to eat crayfish? Crayfish is very delicious."

"Really?"

"Of course, uncle also likes eating crayfish~"

"Whatever that uncle likes, Ah Li likes it too~" Donghuang Li's smile was at the point where it was going to blossom. Although this place is much, much smaller compared to mother's place, everyone here cares a lot about me. It feels so warm being here.

Ye Hua immediately stood his body up, "Alright! We will be eating crayfishes tonight!"

"Yay! Ah Li likes crayfish~"

Qing Ya laughed helplessly. From the looks of it, my suggestion of eating crayfish was practically me looking for trouble for myself.

Within Voidless Realm, which was located a few thousand miles away from Leisure Bar.

Within the palace, Donghuang Baizhi sat on her throne, and the eight elders stood below her while with a respectful expression on their faces.

"How many days have passed! Where is she!" Donghuang Baizhi shouted out coldly, and an austere aura immediately erupted out from her.

Xing Han took a step forward, "Empress, Little Highness has the protection of the family name, Donghuang, thus, she will definitely be all right."

"Empress, please quell your anger. The search radius is gradually expanding, we will definitely find until the Little Highness and bring her back in one piece." Right now, Yuan De did not dare to anyhow propose ideas for the empress. The warning that Donghuang Baizhi gave to Yuan De last time had evidently worked well.

Donghuang Baizhi was feeling extremely anxious, and during those past few nights, Donghuang Baizhi hasn't been able to fall asleep. Every time when she closed her eyes, the image of Donghuang Li smiling would appear in her mind.

"I will give you all three days! If you all still aren't able to find her after three days have passed, you all can wait and see just what would happen!"

"Empress! Subordinate still has one matter to report." He Xuan stepped forward and said gravely.

Donghuang Baizhi waved her hand with impatience, "Speak!"

"Ying Family contacted us and told us to give them an explanation, if not..."

Donghuang Baizhi's beautiful eyes turned cold, "If not what!"

"If not, they would pledge to fight it out to the end with us!"

"Alright! I am going to see just how Ying Family is going to fight it out to the end with us!" The fierce glint within Donghuang Baizhi's eyes was strong, her face was filled with frost, and a terrifying aura emitted out from her body.

"Yes!" The eight elders kneeled down and said.

Donghuang Baizhi's figure disappeared from the throne, and when she appeared again, she arrived at Donghuang Li's courtyard house.

Right now, within the courtyard house, I am not able to hear Ah Li's joyful voice and am not able to see Ah Li running out happily from the house, then hug onto me and act coquettishly towards me.

Sitting at the pavilion of the courtyard house, Donghuang Baizhi silently pondered.

The outside world is dangerous, and Ah Li is only that big. Although Ah Li learned some self-protection techniques, she is still at risk of danger.

If Ah Li were to get captured by a child trafficker and sold away by the child trafficker...

Thinking up to here, Donghuang Baizhi felt extremely remorseful, and her hands were tightly held into fists. If anyone were to cause Ah Li to suffer any grievances when Ah Li is in the outside world, I will exterminate their entire family!

Donghuang Baizhi knew that it would be very difficult to search for Ah Li. After all, the world was very big, and finding a person in such a big world was pretty much the same as finding a needle in a haystack!

This is all his fault! If not for hearing about news of him, how would I have acted so abnormal!

Forget it that he hurt me, but right now, even the child is gone because of him! This scoundrel, bastard!

Donghuang Baizhi's fist ruthlessly slammed onto the stone table, and the entire stone table turned into dust. From the looks of it, Donghuang Baizhi wanted to smack Ye Hua to death with her fist and took the stone table as Ye Hua.

Suddenly.

Donghuang Baizhi's expression turned stiff. Ah Li couldn't have gone and look for him, right!

Chapter 209.1: The boss is done for 1/2

No matter if Ah Li went to find him or not, I have to personally go and check for myself. And while I'm there, I will give that bad man a lesson!

Thinking up to here, Donghuang Baizhi returned to her bedroom and changed into a white color dress, then disappeared from Voidless Realm.

Donghuang Baizhi did not tell anyone that she went out. After all, she was going out to look for that fickle fellow, and there was no need to make a big deal out of it.

I will head back after giving that man a lesson. If he kneels down and admits his mistake, admits that he was blind during back then, looking on Ah Li's sake, I can bring him back to Voidless Realm and properly look after him!

After all, Ah Li needs a father. Sometimes when Ah Li was dreaming, she would call out for her father in her sleep.

Ye Hua who was within Leisure Bar would have never expected that Donghuang Baizhi was currently coming over to look for him! Right now, Ye Hua still thought that he still had a period of time before Donghuang Baizhi would come looking for him.

Black clouds gradually floated over to Long'an City's sky and covered up the entire city. From the looks of it, a storm was about to come.

Upon seeing the weather, the people on the streets hurried back home, to prevent from being drenched by the rain.

Meanwhile, on the second floor of Leisure Bar, everyone was currently enjoying the deliciousness of the crayfishes.

"Ye Hua, have a crayfish."

"Uncle, have a crayfish."

"Brother-in-law, have a crayfish."

"Big brother, have a crayfish."

Ye Hua was like a big boss, enjoying this special treatment.

As expected, my child does not need me to teach her and she would take the initiative to peel the crayfishes for me, she is truly sensible.

Qing Ya was helpless. When Ah Li saw that everyone was peeling crayfish for Ye Hua, she also began peeling crayfish for Ye Hua. Ah Li isn't very good at peeling crayfish, and she would need at least two to three minutes to peel one crayfish. But, even if that was the case, Ah Li still persevered and peeled the crayfishes. Ah Li this child is much sensible compared to other children, it would be great if my child is half as sensible as Ah Li.

"Alright Ah Li, you can peel for yourself now, aunt will help uncle to peel." Qing Ya smiled tenderly.

Donghuang Li was very attentive when peeling the crayfish, and she said seriously, "That won't do, uncle treats Ah Li very well, therefore, Ah Li has to treat uncle well too."

Qing Yutong said with a smile, "Ah Li sure is sensible."

"Hehe, of course." Donghuang Li was very proud of herself as she placed the crayfish meat that was within her small hand into Ye Hua's bowl. Although Donghuang Li peeled to the point that there was only a bit of meat left, Ye Hua still felt very touched. This crayfish meat is peeled by my daughter...

Seeing that his child was so sensible, Ye Hua felt very gratified. However, some things still had to be said, "Ah Li, in the future, it is fine for you to peel crayfishes for uncle, but you can't peel crayfishes for others, okay?"

"En, Ah Li will listen to uncle." Right now, Donghuang Li was extremely obedient towards Ye Hua, and she would listen to whatever that Ye Hua said.

Qing Ya took a glare at Ye Hua, "In the future, Ah Li has to peel crayfishes for her husband too, just like what aunt is doing right now."

"Is that so?" Donghuang Li asked naively.

Ye Hua's expression immediately sunk, "Even if the crayfishes have to be peeled, the male should be the one to peel for Ah Li!"

Immediately, Qing Ya was dissatisfied and said, "Then, why don't you peel crayfishes for me."

Qing Yutong and Ye Zizi laughed secretly. Can you all stop clowning around, we are eating right now.

"I am I, and others are others! Ah Li, do you understand?" Ye Hua didn't care that much. How could my daughter attend to other people!

Donghuang Li nodded her head muddle-headedly, "Ah Li understands."

"What you are doing is misguiding a child."

"Aunt Qing, I feel that what Uncle Ye said makes sense." Donghuang Li said sincerely while with an experienced and conceited look on her, causing everyone to not be able to help but laughed.

Ye Zizi thought to herself, "In the past, I was everyone's happy pill, and right now, Ah Li has taken my place as the happy pill. With that, I can finally relax now."

Donghuang Li could be seen clasping onto the big cup of cola, then taking a sip with her small mouth.

Burp~

Everyone laughed once again. Ah Li's adorableness was at the point where no one could resist it.

And when Little Ah Li saw that everyone was so happy, she felt very happy too. But little did Ah Li know, right now, her own mother has arrived at the entrance of the bar's alley!

[You Cannot Afford To Offend My Woman](#)

Chapter 209.2: The boss is done for 2/2

When Donghuang Baizhi appeared on the street, she immediately attracted everyone's attention. Donghuang Baizhi wore a white color long dress, her eyes were like autumn water, and her brows were like the faint moon.

Donghuang Baizhi's appearance was picturesque, and she was like a pure and holy white lotus, but that haughty expression on her made her seemed just like an empress that was out of others' reach. When looking at her, one would feel intimidated and wouldn't dare to enter into a reverie.

No matter if it was male, female, young, or old, they were all looking at Donghuang Baizhi.

Bang!

A tailgating incident happened on the road, and the two drivers immediately got off their cars. However, they did not argue with each other and instead looked towards the woman who wore a white color long dress.

That woman seems to be sad.

Seems to be at a loss.

Seems to be afraid.

And seems to be indignant.

That was indeed the case, Donghuang Baizhi was feeling extremely complicated right now.

It has been three years! This city has changed a lot, but this alley entrance is still the same as it was three years ago.

Back then when I was pregnant with Ah Li, I had entered and exited this alley entrance for a total of half a month, and even after half a month had passed, he still did not show up to meet me.

What is ironic is that he actually married a woman and that woman is currently pregnant with his child! This action of his is practically slapping my face in front of everyone!

Today, I am going to seek justice for myself, and seek an explanation from him!

Donghuang Baizhi entered into the alley.

This place did not change in the slightest bit, each and every brick and wood just seem so familiar, it is as if I had come here yesterday.

Donghuang Baizhi stretched out her slender fingers and touched onto the wall, feeling the roughness of the wall. Soon after, she looked towards that familiar second floor.

Three years ago, I stood here and raised my head countless times, hoping that he would shout out to me. However, it was all just my own delusion. And right now, the second floor did not change in the slightest bit at all, it is still the same as it was in the past, where the lights on that floor are turned on!

Rumble!

Thunder started rumbling within the sky, seemingly as if it had sensed the grievance within Donghuang Baizhi's heart, and a rainstorm began pouring down.

Donghuang Baizhi slowly walked towards Leisure Bar. Every step that she took was very hard for her, because what she was about to do was to face against the fact that she didn't dare to confront against.

When the frantic rain reached the top of Donghuang Baizhi's head, the frantic rain was blocked by an incorporeal power and landed away from Donghuang Baizhi's body.

After arriving at the entrance of Leisure Bar, Donghuang Baizhi slowly turned her body around and looked towards the signboard.

This feeling feels as if I have returned back to that day, back to those countless days and nights. Today, I will put an end to this grudge!

Ye Hua! You are going to have to give me an explanation today!

After pushing open the heavy wood door, Donghuang Baizhi walked into the bar.

The inside of this bar is still the same as it was in the past. Just that, there are a few more paintings compared to before, and the business right now is paling a lot compared to back then.

Donghuang Baizhi sat on the seat that she sat on back then. She did not order any beverages and just sat there and waited quietly.

Ye Hua! If you have the guts today, then don't come down and be just as heartless as you were back then!

Green and red brothers who were currently on duty saw Donghuang Baizhi. It wasn't possible even if they didn't want to see Donghuang Baizhi, after all, there was only one customer in the entire Leisure Bar, Leisure Bar's business was too tragic.

"Big brother, this woman is just as beautiful as the lady boss." Little Brother Red said in a low voice.

Big Brother Green nodded his head, "Although she is just as beautiful as the lady boss, this temperament of hers is too haughty. I feel that the lady boss is better with her gentle temperament."

Little Brother Red sighed, "Big brother, you say, is this beautiful woman here to look for the boss? Because, even though I am standing so far away from her, I can still sense a heavy grievance coming out from her."

Big Brother Green wrinkled his brows and looked attentively at Donghuang Baizhi for a bit, "If that woman is really here to look for the boss, the boss is done for."

"What are you all talking about! What is it about the boss being done for?" Wei Chang who had finished changing his clothes walked out from the back.

Big Brother Green pointed towards Donghuang Baizhi, "A woman came to the bar, and the woman is the kind of woman that looks very pretty."

Wei Chang looked towards the direction that Big Brother Green was pointing at, and immediately, Wei Chang's mouth was opened up wide. Soon after, Wei Chang said gravely, "The boss is done for..."

You Cannot Afford To Offend My Woman

Chapter 210.1: She's here! 1/2

Green and red brothers looked at each other in disbelief. Could it be that, that woman is really here to look for the boss!

My god, the boss is too formidable, he already has such a beautiful lady boss, and yet, another lady boss is here looking for him! Furthermore, this other lady boss is the super haughty kind of lady boss. The boss is formidable!

"You all watch after her! Don't act blindly without instructions!" Wei Chang said gravely.

Seems like the truth is as I had expected, Ah Li is birthed by this woman. If Ah Li wasn't birthed by this woman, this woman wouldn't have all of a sudden came all the way to the bar.

However, isn't it too quick? Ah Li has only just arrived at the bar during this morning, and right now, the night has just descended, and Ah Li's mom has already come to the bar to look for her!

In actuality, it couldn't be counted as being quick. Donghuang Baizhi had already been searching for her daughter for 10+ days, and the reason that she came to the bar was not only to look for her daughter, but to also settle the old scores with Ye Hua.

Right now, Wei Chang was like an ant that was on a hot pan. If the madam were to know of this matter, the madam is definitely going to have a fall out with His Honor again. Adding on with the fact that His Honor's temper isn't really good, if His Honor isn't able to hold his temper when the madam has a fall out with him...

This won't do! I have to call over Lie Gu and get him to help keep the situation under control. We definitely must not let His Honor go berserk, if not, everyone is going to be out of luck.

Thinking up to here, Wei Chang immediately contacted Lie Gu.

Lie Gu was currently enjoying the delicacies that his three lovely wives made. Upon hearing Wei Chang's words, Lie Gu choked onto the food that he was eating. Immediately, Lie Gu hurried over to the bar.

"What's the situation! What's the situation!" Lie Gu secretly looked towards Donghuang Baizhi.

The feeling that the scene at this moment gave out was very fascinating, four heads were stretching out from a corner and forming into a vertical stroke.

Upon seeing Donghuang Baizhi, Lie Gu swallowed his saliva. Back then when I was lying down outside of the bedroom, I saw His Honor bringing that woman into the bedroom. I didn't expect that, after three years had passed, this woman has become even more haughty. His Honor's eyes sure are sharp, the women that he found, all of them stand out from the masses.

After retracting back his head, Lie Gu asked nervously, "What do we do!"

"How would I know what we should do!" Wei Chang said while feeling jittery.

The two suddenly looked towards green and red brothers.

Green and red brothers became startled, "What are you all looking at us for, we don't even know her..."

At this time, Tang Wei who had finished changing her clothes walked over and asked curiously, "What's with you all? What are you all standing here for?"

"Xiao Tang, you head back by yourself first." Wei Chang decided that he should get Tang Wei to go back first. Who knows what would happen when His Honor becomes angry?

Tang Wei was very puzzled, however, upon seeing that both Wei Chang and Lie Gu's expressions were grave, she thought to herself, "Perhaps something bad happened."

"Alright, I will head back first then. Uncle Wei, if there is anything wrong, give me a call, don't make me worry." Tang Wei was very clever, she knew that there were some matters that she shouldn't participate in.

Wei Chang nodded his head.

Lie Gu tightly wrinkled his brows, and after quite a while, he said, "Say, how about we kidnap her and bring her away from the bar first?"

"Have you gone crazy? She is the Little Honor's mother! Right now, she is someone who we would have to call madam! Are you thinking of being disrespectful to someone who is above you!" Wei Chang shouted out coldly.

Lie Gu scratched onto his head and said gloomily, "Then, you say, what do we do? His Honor is also truly irresponsible, why does he not wear protection when he is doing it? Gluttonous Monster, you have to remember, when you are doing it, you definitely have to wear protection."

Wei Chang rubbed onto the protection that was kept within his pant's pocket and sighed lightly. I am always prepared for when the moment comes, however, I haven't been able to get the chance to use it yet.

"How about this, I will go and sound her out first. Perhaps, the reason that she came here isn't what we are thinking of right now." Wei Chang said gravely, although he himself also didn't believe in what he just said.

Lie Gu nodded his head. That's all we can do currently.

Chapter 210.2: She's here! 2/2

Wei Chang tidied up his clothes, then straightforwardly walked towards Donghuang Baizhi.

When Donghuang Baizhi saw Wei Chang walking towards her, she did not have any extra expression on her face. It is still this man...

"Madam, do you want anything to drink?" Wei Chang squeezed out a smile.

Donghuang Baizhi said faintly, "What's the matter? Pretending that you don't know me?"

"Oh~ So it is you! My memory isn't as good as it used to be after getting old." Although Wei Chang's performance was a bit exaggerated, the words that he used were very exquisite, there was not a single loophole in his words at all.

Donghuang Baizhi looked at Wei Chang and said, "You still look the same as you used to look back then."

"That's right. On the other hand, madam, you have become much more beautiful."

I remember that three years ago, this security guard wasn't this talkative. Seems like three years is enough to change a person.

Seeing that Donghuang Baizhi did not speak, Wei Chang asked with a smile on his face, "May I ask, what are you here for this time?"

"My purpose for coming here is the same as before."

His Honor is done for!

Wei Chang's heart sunk. As expected, she is here to look for His Honor!

Donghuang Baizhi continued and said, "You go and tell him! He can choose to not come down! But I will burn down this bar of his!"

F**k, this madam's temper is much bigger compared to Madam Qing's temper, to want to burn things at the drop of a hat... Did those tables and stools provoke you?

Indeed, Donghuang Baizhi felt that everything within the bar was an eyesore to her.

Wei Chang walked back and shook his head towards Lie Gu.

Seeing Wei Chang shook his head, Lie Gu let out a heavy sigh.

Right now, green and red brothers' minds were currently in the state of crashing.

His Honor? Madam? Little Honor? Ah Li's mother?

This information is too huge. The woman that is over there is Ah Li's mother, and the boss is Ah Li's father. However, Ah Li's father has another woman. My god!

That woman over there is practically here to catch the third party!

On the second floor.

Donghuang Li who had pretty much eaten her fill rubbed onto her round stomach, "Uncle, Ah Li is so full~"

Ye Hua pinched onto his daughter's small nose and said with a smile, "Who told you to eat that much."

"Ah Li couldn't help it, the crayfishes were too delicious~" Donghuang Li likes Ye Hua's touch because Ye Hua's touch felt very warm.

It was fortunate that Donghuang Baizhi did not straightforwardly rush up to the second floor, if not, if she were to see how happy this family that was on the second floor looked right now, she would definitely go berserk even faster compared to Ye Hua.

I was feeling so worried while I was at Voidless Realm, and yet you all are here eating merrily, have you all ever thought of others' feelings?

Fortunately, the scenario where Donghuang Baizhi rushing to the second floor didn't happen. Ye Hua's luck could be counted as relatively good.

Right when Ye Hua was about to talk to Qing Ya, Wei Chang's voice rang out within his head. Immediately, Ye Hua's brows became wrinkled.

"Your Honor! Something big has happened!"

"Wei Chang! How did I teach you! Remain calm before danger, no matter how big the matter is, there is me!"

"But, Your Honor! This matter is not a typical big matter! That woman is here at the bar!"

After listening to what Wei Chang said, Ye Hua was stupefied. Isn't this surprise coming a bit too quick? F**k off with remaining calm before danger, I am currently losing my head!

She is here!

So quick?!

"Ye Hua, what's the matter? Not feeling well?" Qing Ya asked concernedly. Ye Hua was still fine just a while ago, but his complexion changed all of a sudden.

Ye Hua revealed out a smile that was uglier than crying, "Nothing, I just recalled of an unhappy matter."

"Uncle Ye, Ah Li will dance for you~ That way, you will become happy~"

Qing Yutong said with a smile, "Wow, Ah Li knows how to dance?"

"En, en, en, I often dance for mother to watch so that I could make mother become happy." While speaking, Donghuang Li walked to the side.

Donghuang Li's so-called dancing was practically her twisting her little body around. However, Donghuang Li's dance still seemed rather decent, and everyone laughed endlessly when watching Donghuang Li dance.

However, right now, Ye Hua did not have the mood to watch Donghuang Li dance.

Originally, I wanted to let Qing Ya and Ah Li come into contact with each other for a period of time and let them cultivate their relationship with each other.

During then, I didn't expect that she would come to the bar so quickly!

Although I guessed that she would maybe come to the bar to look for Ah Li, I didn't expect that she would come so quickly!

"Qing Ya, you bring Ah Li to go wash her face first, her mouth is filled with grease." Ye Hua said faintly. I will send Qing Ya away first, then go downstairs and meet with that woman.

Qing Ya was completely oblivious to the fact that there was a woman downstairs looking for Ye Hua. Qing Ya carried Ah Li while with a smile on her face, "Ah Li, let's go and wash our faces~"

"Haha, Aunt Qing's mouth has grease on it too~"

“Muacks~” Qing Ya straightforwardly gave Donghuang Li a kiss.

Donghuang Li was not willing to take it lying down as she kissed towards Qing Ya’s face, then began laughing heartily afterward.

After the two left, Ye Hua stood up and said gravely, “I will go downstairs and smoke a stick of cigarette first.”

Qing Yutong felt that her brother-in-law was acting fishy, while Ye Hua ordered Ye Zizi to try her best to prevent Qing Ya from going downstairs.

Upon receiving her order, Ye Zizi expressed that she understood.
