You Cannot Afford To Offend My Woman

Chapter 221.1: Revealing their own might 1/2

During the final moment, it wasn't that Ling Tian discovered his own conscience!

And it was that, Ling Tian discovered that Xiao Yi was pretending to be injured all along!

As expected of the act cool king. Back then, my acting cool skills were taught by him, and who would have known, he would use a different kind of skill today, the skill of pretending to be injured!

Formidable! I have learned another skill from you, Xiao Yi!

Xun Yi shouted out as she withdrew back her sword. Immediately, sparks appeared within Ling Tian's hand.

"Brother Xiao! Today, we should fight with our all together! I don't wish that we were born in the same month and day, but I wish that we would die together in the same month and day!" Ling Tian shouted out, and a surging aura burst out from his body.

If one didn't know, they would think that Xiao Yi and Ling Tian were extremely close friends.

After finish speaking, Ling Tian even patted onto Xiao Yi's shoulder and said, "Be at ease, with me here, no one will dare to touch a single hair of yours!"

Meanwhile, Ling Tian thought to himself, "I reckon that Brother Xiao is most likely feeling extremely touched right now. That Tang Wushuang really has poor judgment, how could Brother Xiao, the act cool king, let go of such a chance to act cool?"

"Good brother! You hold them back first, while I go to the side and rest for a while first!" Xiao Yi said gravely, then walked to the side while using the Xuan Yuan Sword as a crutch.

Brother Xiao, you can't do this, don't scare me please, I have already announced that I will be siding with you!

"Hai Daisi! You go and stall Ling Tian first! Guang Tianlu! Let's besiege Xiao Yi together!" Xun Yi shouted out.

Guang Tianlu's brows became tightly wrinkled as three cards that were emitting out red lights suddenly appeared between his slender fingers.

Ice bone dragons!

Followed by Guang Tianlu tossing out the three cards, three ice bone dragons were immediately condensed out by the three cards.

Those bone dragons were not ordinary bone dragons. Their bones seemed to be formed by ice chunks, and they possessed sharp ice claws.

Roar!

The three huge ice bone dragons raised their heads towards the sky and roared. The dragon roars that were emitted out by the ice bone dragons were enough to make one exclaim in astonishment.

Guang Tianlu could be seen tossing out three cards once again, and each of the cards landed onto each of the ice bone dragons!

Gold lights flickered, and after the gold lights disappeared, a gold color armor could be seen being worn onto each of the ice bone dragons! The gold color armors caused the ice bone dragons to appear even more majestic, and adding on with the ice bone dragons' huge bodies, the ice bone dragons seemed much more terrifying than before.

As expected of Guang Family's family head!

Xun Yi wasn't willing to be outdone by Guang Tianlu. Although Cloud Sect was widely known for their sword skills, Cloud Sect's biggest trump card wasn't their sword skills, and it was...

"Thousand Mountains Emperor!"

Xun Yi shouted out, and a huge amount of spiritual energy gushed out from her body. Soon after, the spiritual energy covered onto the entire ground!

Bang!

A loud sound rang out, and a huge crack appeared on the ground. Soon after, a huge claw appeared out from the crack!

And afterward, another huge claw appeared, followed by a head, and then, an entire body!

The aura that was being emitted out from the beast caused everyone to gasp.

"Ancient godly beast!"

Ling Tian cried out in astonishment.

This woman actually summoned an ancient godly beast! How is this possible!

Not only was Ling Tian stupefied, everyone else besides from Xun Yi herself was stupefied too.

To actually summon out an ancient godly beast, from the looks of it, this should be Cloud Sect's trump card!

This woman sure is willing to light out her trump card like this. Usually, a sect definitely wouldn't light out their trump card unless they have reached the moment of life and death. I didn't expect that for the ancient godly item, this woman actually brought along her sect's ancient godly beast! What a waste!

Xiao Yi looked at the ancient godly beast in front of him, and his expression was grave.

The ancient godly beast looked a bit like a tyrannosaurus rex, and what was different was that, the ancient godly beast possessed two heads, and all four of its limbs were on the ground. And what was astonishing was that, the four eyes of the ancient godly beast actually possessed the ability to place its target into confusion! The black scales on the ancient godly beast's body were squirming at a slow speed and looks extremely disgusting.

As expected of the ancient godly beast, Thousand Mountains Emperor!

However, Xiao Yi and the others have not seen before Ying Family's Heavy Dust.

Compared to Heavy Dust, the ancient godly beast was a lot thinner and smaller, seemingly just like a baby that was just born.

For the three big powers to be able to stand above all of the other powers, it was only natural that the three big powers would possess their own trump cards.

However, Ying Family didn't even manage to light out their trump cards, and they were already suppressed by Ye Hua's absolute strength.

Chapter 221.2: Revealing their own might 2/2

"Brother Xiao, you quickly leave first, I will hold them back for you." Ling Tian looked just like a child who has his hands stretched out to receive red packets during Chinese New Year, yet shamelessly shakes his head and says that he doesn't want any red packets.

A raging fire ignited within Xiao Yi, and Xiao Yi's entire aura immediately began raising. Strong spiritual energy swept around Xiao Yi's surroundings like surging waves. Rumbling sounds began ranging out in the sky, and black clouds filled the sky within seconds.

The Xuan Yuan Sword seemed to have sensed its master's anger and a strong sword aura burst out from it. The sword aura that was emitted out from the Xuan Yuan Sword actually fused together with Xiao Yi's spiritual energy, and the huge power that was emitted out from the fusion of the sword aura and spiritual energy actually caused cracks to appear on the ice bone dragons' armors!

Tang Wushuang's face turned black. I didn't expect that Brother Xiao was actually pretending to be injured all this time! Not only is Brother Xiao fine, but his strength also seems to have become even more formidable than before too!

"Ling Tian, you step back, just me alone will do!" Xiao Yi's current state seemed as if he had gone back to back then where he yields the power to decide others' lives and deaths!

Upon hearing that, Ling Tian became exulted. As expected, Brother Xiao is going to begin acting cool now! Brother Xiao is indeed worthy to be titled Act Cool King Xiao.

"Hai Daisi, what are you still standing there in a daze for!" Xun Yi shouted out. This Xiao Yi seems to be even more formidable than I had expected!

However, if I recalled correctly, even when Xiao Yi was at his prime, he didn't possess this kind of power!

Naturally, Xiao Yi's state was all thanks to Wei Chang's black fog. Not only did the black fog saved Xiao Yi's life, it even increased Xiao Yi's strength by a certain amount.

The current Xiao Yi was most probably able to have a go with Death Assassin.

Of course, it was still impossible for the current Xiao Yi to have a go with Death Mage, unless Death Mage actually messes around again and fight cockily at close range against Xiao Yi.

As South Alliance's big boss, Hai Daisi naturally possessed some skills!

Now that everyone has lighted out their trump cards, it is time for me to let everyone have an eye-opening!

Hai Daisi could be seen using his finger to draw a spiritual formation within the air, and soon after, Hai Daisi shouted out, "Entirety invisible technique!"

Pew!

Asides from Xiao Yi, Ling Tian, and Tang Wushuang, everyone else, including the beast, disappeared!

Xiao Yi's expression sunk. This is not just a simple invisible technique, even their auras have been concealed too!

Three big shots joining hands to deal with Xiao Yi was indeed giving Xiao Yi an endless headache.

After summoning out his Black Tortoise Armor and wearing it onto his body, Xiao Yi said towards Ling Tian who was at his side, "I should remember today's favor. I will definitely repay this favor in the future!"

"What are you being courteous with me for, we are one family." Right now, Ling Tian has the intention to get on good terms with Xiao Yi. After all, if Xiao Yi's Xiao Family manages to get into the ranks of the Aristocratic Families, it would be a good thing for Ling Tian's Ling Family too.

Tang Wushuang who was at the side tightly clenched his fists.

I didn't expect that I would be played by Brother Xiao!

Xiao Yi, since you don't treat me as a brother, then, don't blame me for what I am going to do next!

At the scene, holding onto the Xuan Yuan Sword, and wearing the Black Tortoise Armor on his body, Xiao Yi looked exactly the same as during that day where he fought with Death Mage.

Suddenly, a cold light attacked towards Xiao Yi!

Xiao Yi hurriedly dodged to the side, and when he turned his head around to look at the spot where he was standing at just a while ago, the spot was filled with ice thorns!

Without having time to think too much, Xiao Yi hurriedly dodged again, and the spot that he was at just a while ago turned into a deep pit!

Since I am not able to see them, I will just break through his invisibility technique!

"Heavenly Punishment Sword Technique, Sky Break!"

Xiao Yi could be seen piercing his Xuan Yuan Sword into the ground, and the ground immediately began boiling like water as spiritual energy began gathering towards Xuan Yuan Sword!

Bang!

With Xiao Yi as the center, a gold color light spread out in a circular motion, and Xun Yi and the others who turned invisible just a while ago became visible!

Hai Daisi cried out in astonishment, “You actually broke my ability!”

Xiao Yi sneered at Hai Daisi, “There are no abilities that Xuan Yuan Sword can’t break!”

“Next, I will let you all witness Xuan Yuan Sword’s might!”

“Xuan Yuan Technique, Illumination!”

Xuan Yuan Sword began floating in the air, while Xiao Yi who was below the Xuan Yuan Sword began forming seals with his hands.

Xiao Yi’s spiritual energy became denser and denser, and within the spiritual energy, there was a trace of black fog. However, the trace of black fog wasn’t very eye-catching.

Pfft!

Xiao Yi’s expression sunk as he slowly lowered his head. A dagger could be seen to have pierced through Xiao Yi’s chest, and the blade of the dagger was currently dripping with Xiao Yi’s blood.

Xiao Yi turned his head around to take a look, and he discovered that it was actually Tang Wushuang!

Xiao Yi thought of every possibility, but never in his wildest imagination did he expect that Tang Wushuang would sneakily strike at his back!

Sneak attack!

In actuality, Xiao Yi underestimated the grievance that Tang Wushuang harbored against him. Xiao Yi thought that Tang Wushuang would fight against him honorably and didn’t expect that Tang Wushuang would actually make a sneak attack on him.

Furthermore, for the dagger to be able to pierce through the Black Tortoise Armor, it could be seen that the dagger wasn’t an ordinary dagger at all.

The dagger was lent to Tang Wushuang by Tang Wushuang’s master and has to be returned back. The dagger was an ancient godly item that looks pretty much like an ordinary dagger.

“Xiao Yi! You forced me!”

[**You Cannot Afford To Offend My Woman**](#)

Chapter 222.1: Sage doctor 1/2

The sudden sneak attack caused everyone to become stunned.

Everyone knew that the relationship between Xiao Yi and Tang Wushuang was pretty good, and even if they had a fall out with each other, it was unlikely for either of them to take a stab at the other’s back. After all, it was not a glorious matter to take a stab at the other’s back in such a situation like this, and if one of them were to actually do it, the person who did it would lose his face once words of the matter began spreading.

Regarding Tang Wushuang’s action, even if he managed to obtain the Xuan Yuan Sword, he won’t be able to get a passing grade in the Aristocratic Families’ evaluation, and the reason that the Aristocratic

Families would give for giving a failing grade to Tang Wushuang would be that, there is a problem with how this family head acts!

Right now, Tang Wushuang's gaze was no longer on the Xuan Yuan Sword, all Tang Wushuang wanted to do now was to kill this ungrateful brother of his!

"Tang Wushuang!" Ling Tian shouted out angrily as he struck his fist towards Tang Wushuang.

The fist that Ling Tian struck out possessed ferocious might, and along with the fist being struck out, Ling Tian's vigorous spiritual energy formed into a huge gold fist!

Tang Wushuang's eyes became focused as he pulled out the dagger from Xiao Yi's chest, then tightly held his right hand into a fist and struck his fist towards the huge fist!

Don't forget, Tang Wushuang was very strong too! If not, Tang Wushuang wouldn't have been able to land a sneak attack so easily onto Xiao Yi! Tang Wushuang wasn't called a soldier king for nothing!

Bang, bang, bang!

Huge sounds erupted out in succession, and an astonishing amount of spiritual energy swept towards all directions. The sight was an astonishing sight to look at.

Xun Yi, Hai Daisi, and Guang Tianlu were exulted.

This Tang Wushuang has helped us greatly!

The Xuan Yuan Sword that was floating within the sky lost Xiao Yi's control and fell towards the ground while with the tip of its blade faced towards the ground.

Xun Yi was the first to react as she ran straight at the Xuan Yuan Sword.

Hai Daisi and Guang Tianlu came to their senses a few seconds later. After scolding Xun Yi for being shameless, the two hurriedly rushed towards the Xuan Yuan Sword too.

As for Xiao Yi, he retreated back quite a number of steps, then fell powerlessly onto the ground. Blood was gushing out from Xiao Yi's chest, however, if one were to look at Xiao Yi's wound, they would be able to see that a lump of black fog was currently slowly healing Xiao Yi's wound.

Xiao Yi didn't discover that as his eyes were currently looking at Tang Wushuang. Xiao Yi didn't dare to believe that Tang Wushuang would actually do something like this.

Xun Yi's speed was extremely quick, and she was the first to reach the Xuan Yuan Sword.

After grabbing onto Xuan Yuan Sword's hilt with her delicate hand, Xun Yi firmly pulled out Xuan Yuan Sword from the ground, then laughed unrestrainedly, "Xuan Yuan Sword belongs to me, Xun Yi!"

Right when Xun Yi was rejoicing, three ice bone dragons suddenly rushed towards Xun Yi and used their huge heads to attack onto Xun Yi.

Xun Yi snorted as she casually brandished the Xuan Yuan Sword that was within her hand. Immediately, gold light blossomed, and the three ice bone dragons were forcibly repelled!

"Guang Tianlu! What are you doing!" Xun Yi questioned coldly.

“Sect Master Xun, for you to snatch away the Xuan Yuan Sword just like this, I’m afraid that it’s not appropriate, right!” Anger appeared within Guang Tianlu’s calm face.

Xun Yi laughed loudly, “Guang Tianlu, before coming here, we have already agreed that whoever manages to snatch the Xuan Yuan Sword first, the Xuan Yuan Sword will belong to that person!”

“Hai Daisi! What are you still being in a daze for! Snatch the sword!” Guang Tianlu shouted out towards Hai Daisi who was at his side as he tossed out a card.

The three ice bone dragons could be seen to actually began merging together and transforming into a three-headed ice bone dragon king!

Hai Daisi’s expression was grave as he quickly formed a seal with both of his hands and shouted out, “Ice roar!”

A bunch of huge ices could be seen suddenly appearing around Xun Yi’s surroundings and the temperature around Xun Yi’s surroundings began decreasing rapidly.

Each of the ices possessed a majestic amount of spiritual energy, and when combined together, the ices formed into a strong ice formation!

Faced against the attacks of Hai Daisi and Guang Tianlu while being trapped in the ice formation, Xun Yi appeared to not be having it easy.

After all, Xun Yi had only just obtained the Xuan Yuan Sword just a while ago and still hasn’t had the time to unravel the marvels that were stored within the Xuan Yuan Sword.

Under Guang Tianlu’s control, the ice bone dragon king spurt out three ice flames.

Immediately, cold frost filled the sky, and a blizzard actually formed within the sky that was filled with dark clouds.

“Hai Daisi! Guang Tianlu! My Cloud Sect will remember the two of you!”

Hai Daisi sneered, “Xun Yi! Hand over the Xuan Yuan Sword obediently and you can still continue being your sect master, or else!”

“Dream on!”

[You Cannot Afford To Offend My Woman](#)

Chapter 222.2: Sage doctor 2/2

The ancient godly beast that was at the side let out a huge roar, and the might of the godly beast struck towards the two at full force! The scales that were on the ancient godly beast actually detached from its body, and like a bunch of bees that have gone berserk, the scales flew towards the two.

Hai Daisi and Guang Tianlu’s expression tensed up as they immediately began using techniques to defend against the scales that were flying towards them.

However, were the scales of the ancient godly beast fake goods? Evidently, they were not, and the black scales disintegrated the defenses of the two in mere seconds.

As expected of Cloud Sect's trump card, it was not something to belittle!

Guang Tianlu had no choice but to control the ice bone dragon king to attack the ancient godly beast. Immediately, the pressure on Xun Yi became much lighter.

"Hai Daisi! Go to hell!" Xun Yi used the Xuan Yuan Sword within her hand to break through the ice formation, then rushed towards Hai Daisi.

Hai Daisi was just simply a long-range ability user and he does not possess formidable close-range combat skills like Death Mage. Therefore, Hai Daisi could only choose to dodge.

Xun Yi began pursuing after Hai Daisi, while Hai Daisi began running away from Xun Yi.

Xun Yi seemed just like a shrew as she continuously swung the Xuan Yuan Sword at Hai Daisi, while Hai Daisi seemed just like a husband that was being mistreated, dodging the sword that was being swung at him in every way he could.

Xun Yi who was pursuing after Hai Daisi suddenly tightly wrinkled her brows.

I sense danger!

All of a sudden, a silver needle that was flickering with cold light flew towards Xun Yi and pierced into the back of Xun Yi's hand. Immediately, Xun Yi's hand turned numb, and she let go of the Xuan Yuan Sword.

A shadow flew by, and the Xuan Yuan Sword that was falling towards the ground immediately disappeared!

The three stopped attacking each other and looked towards the two people that appeared in the sky.

The back of Xun Yi's hand began turning purple at a speed that was visible to the eyes. Not daring to be careless, Xun Yi quickly ate a medicinal pill, then sat down cross-legged and began refining the medicinal pill.

Guang Tianlu shouted out gravely, "Sage Doctor Song Huang! Fu Xiu!"

Fu Xiu could be seen holding onto the Xuan Yuan Sword. From the looks of it, that shadow from just a while ago was him, and the person that was standing beside Fu Xiu was Sage Doctor Song Huang.

Song Huang was known for killing people with his left hand, and saving people with his right hand, and his title of sage doctor was also well-known by many, especially the people that were from the north.

The differences between Song Huang and Long Aotian were that one appeared early and did not meet with Ye Hua, while the other appeared late and had met with Ye Hua.

Song Huang was the one who shot out the needle from a while ago, and Song Huang would never lick onto a needle that had been smeared with poison.

On the other hand, Fu Xiu was the family head of an ordinary family. Fu Xiu's strength was so-so, but his speed was extremely fast! Fu Xiu's speed was fast to the point that he could somewhat travel through time.

With a smile on his face, Fu Xiu could be seen cupping his hands towards Song Huang who was beside him and said, "Thank you, sage doctor, for helping me."

"Family Head Fu, you are being too courteous. Back then, you helped me, thus, it is only right that I repay you the favor today." Song Huang said with a slight smile on his face, appearing very amiable. However, only Xun Yi knew just how vicious this Song Huang was.

Song Huang took a look at the Xuan Yuan Sword, and he didn't have any thought of possessing it. Song Huang preferred living a carefree and unconstrained life.

"Family Head Fu, since you have obtained what you wanted, I should take my leave now."

"Thanks a lot!"

Right when Song Huang was about to leave, his brows suddenly became wrinkled.

Fu Xiu's brows became wrinkled too as he looked at the Xuan Yuan Sword that was within his hand.

The Xuan Yuan Sword within my hand is actually trembling slightly, what is going on!

After taking a look at that Xiao Yi, he doesn't seem like he currently possesses the strength to control the Xuan Yuan Sword. So, just what is going on!

Everyone knew Fu Xiu to some extent. As long as something was taken away by Fu Xiu, it would be very hard to get it back from him. After all, Fu Xiu's speed was too fast, and no one could do anything about it, unless, there was someone who was even faster than Fu Xiu.

Furthermore, this time, with Sage Doctor Song Huang here to protect Fu Xiu, it was even harder for anyone here to snatch back the Xuan Yuan Sword from Fu Xiu.

Xun Yi, Hai Daisi, and Guang Tianlu were practically about to go mad from anger.

The north's Aristocratic Families are untrustworthy! However, after snatching away the Xuan Yuan Sword from us, the two are not hurrying to leave, and their expressions right now seem very strange.

"Fu Xiu! There is something wrong with this Xuan Yuan Sword, throw it away!" Song Huang shouted out hurriedly.

Fu Xiu didn't think too much as he immediately threw away the Xuan Yuan Sword that was in his hand.

When Guang Tianlu saw that the Xuan Yuan Sword was thrown into the air, he immediately controlled his ice bone dragon king to bite onto it!

"Xuan Yuan Sword belongs to my Guang Family!"

Guang Tianlu's face was filled with joy, and he seemed as if he was about to go insane from joy.

However, everyone did not look at Guang Tianlu, and instead, they were looking at the Xuan Yuan Sword that was currently being bitten onto by the ice bone dragon king.

The Xuan Yuan Sword could be seen trembling very strongly, seemingly like it was being pulled onto by a formidable power!

Bang!

Suddenly! The ice bone dragon king exploded and turned into ice powder and scattered within the air. Meanwhile, Xuan Yuan Sword stopped trembling and was quietly floating within the air!

Chapter 223.1: Long-range control 1/2

Long'an City, Leisure Bar, 10 minutes ago...

Currently, in Ye Hua's bedroom, Ye Hua was sitting on a sofa and silently smoking while with his legs placed onto the coffee table.

The family conflict caused Ye Hua to suffer misery that couldn't be described with words.

Both the palm and the back of the hand are equally important. Choose one and abandon the other? That's not possible. How could I, the Supreme Overlord, abandon a woman that belongs to me! Even if a woman of mine dies, I will bring her back from the grave and make her continue on being my woman!

However, those two women are truly very troublesome. One of them wants to split the custody of the child, while the other would rather die than submit. Why are their personalities so unyielding, they do not have the tenderness that a woman should possess at all.

"Subordinate pays respect to Your Honor."

Suddenly, Wei Chang appeared behind Ye Hua and shouted out respectfully.

"What's the matter?" Ye Hua asked faintly.

Hearing His Honor's tone, His Honor doesn't seem to be in a good mood at all. However, right now, I'm also feeling very gloomy. Xiao Tang has been ignoring me for the entire day.

How could Tang Wei not be angry with Wei Chang?

We could have lived together with just each other in the house, but suddenly, two non-mainstreams appeared within the house. Tell me, isn't this infuriating? Uncle Wei's straight man disease is too severe.

Wei Chang said lightly, "Your Honor, subordinate mentioned to you before that subordinate had left a bit of aura on the Xuan Yuan Sword, so that Your Honor could amuse yourself when the time comes. And right now, the time has come."

"Oh, is that Xiao Yi about to die again?" Ye Hua asked faintly.

"His situation is not looking very good, but he is able to still continue living."

Ye Hua shook his head, "Seems like I have looked too highly upon this Xiao Yi, he is not able to even kill a mere few people."

"It is precisely because this Xiao Yi is incompetent, Your Honor could amuse yourself by toying around with the likes of this Xiao Yi. Also, since Your Honor has been in a bad mood for those few days, killing people should be able to alleviate Your Honor's mood by a bit." Wei Chang said with a light smile on his

face. As a subordinate, what I have to do is to make the boss become happy. And making the boss become happy sure takes a lot of trouble.

If Wei Chang spent as much effort in treating Tang Wei, it was reckoned that Tang Wei would have been touched to death by Wei Chang and would straightforwardly push down Wei Chang by force.

Ye Hua sighed. My mood is indeed not really good right now. Since that's the case, I will just amuse myself by toying around with the likes of that Xiao Yi then.

"Wei Chang, you understand me the best."

"Then, subordinate should take his leave and not disturb Your Honor in amusing yourself." After finish speaking, Wei Chang disappeared from the bedroom.

Ye Hua waved his hand, and soon after, he found the aura that Wei Chang left on the Xuan Yuan Sword.

There aren't a lot of people here though, it wouldn't do much in alleviating my mood even if I killed all those people. And that Xiao Yi, he is lying down on the ground like a salted fish, he has truly disappointed me.

Ye Hua could be seen lifting up his hand, then stretched out his index finger. Ye Hua intends to control the Xuan Yuan Sword from a long distance.

"Haha, this Xuan Yuan Sword actually dares to resist, this is a bit interesting. However, in front of me, the Supreme Overlord, you are still not qualified enough to resist against me!"

Within seconds, Ye Hua intruded his way into the internal of the Xuan Yuan Sword.

Right now, Ye Hua was leaning on the sofa while with his eyes closed, and his index finger was slowly swaying around. Ye Hua seemed like he was savoring the aftertaste of something, and what Ye Hua was savoring was, the frightened expressions that appeared on those people's faces!

At the scene!

Hai Daisi looked at the Xuan Yuan Sword that was floating within the air, and after steeling his heart, he rushed towards the Xuan Yuan Sword, then soon after, grabbed onto the Xuan Yuan Sword, "Xuan Yuan Sword belongs to my South Alliance!"

Everyone remained silent while looking nervously at the Xuan Yuan Sword. What happened just now was too strange.

The explosion of the ice bone dragon king caused Guang Tianlu to become injured, and Xun Yi was currently sitting down cross-legged and detoxifying the poison within her body. At the scene, there weren't many people left.

However, there were quite a number of people hiding around the surroundings of the scene. Those people seemed to be looking for an opportunity to snatch the Xuan Yuan Sword away, and when those people saw what happened just a while ago, they decided to just continue watching in the dark and see what happens next.

You Cannot Afford To Offend My Woman

Chapter 223.2: Long-range control 2/2

Right when Hai Daisi was feeling exulted, the Xuan Yuan Sword that was being held in his right hand actually spun 360 degrees.

Ah!!!

Hai Daisi's entire right hand was chopped off by the Xuan Yuan Sword. The sudden turn of events caused everyone to become shocked.

Xiao Yi has already fainted, so just who is the one that is controlling the Xuan Yuan Sword? Is the Xuan Yuan Sword controlling itself? No, how would that be possible!

The severed arm was falling down towards the ground.

Ye Hua slightly moved his index finger, and the Xuan Yuan Sword began moving around at high speed. Afterimages of the Xuan Yuan Sword even appeared because of how fast the Xuan Yuan Sword was moving. Immediately, the entire arm was sliced into fine powder by the Xuan Yuan Sword.

Everyone gasped. With the arm sliced into fine powder, this Hai Daisi won't be able to even attach back his arm!

"Quickly run!" Song Huang shouted out loudly. This is a trap!

Fu Xiu's speed was extremely fast, and in a flash, he was already gone.

Ye Hua laughed lightly, "This guy runs rather fast."

Ye Hua slashed with his index finger, and the Xuan Yuan Sword turned into a gold light and chased directly after Fu Xiu who was currently located a few kilometers away.

Fu Xiu who was running away turned his head around to take a look, and immediately, his eyeballs almost popped out from his eye sockets.

That Xuan Yuan Sword actually chased up to me, and it is almost about to reach me!

Even more, that Xuan Yuan Sword is moving its body around, seemingly like it is mocking me!

"How is this possible!" Fu Xiu was in disbelief.

Even the experts within the Aristocratic Families also don't possess a speed such as mine, and yet, this ancient godly item, Xuan Yuan Sword, actually possesses such speed?

No! This Xuan Yuan Sword is definitely being controlled by someone!

Xuan Yuan Sword's speed could be seen to be faster than Fu Xiu's speed as it rushed to the front of Fu Xiu, then made a drift within the air!

Pfft!

Right through the stomach!

Fu Xiu looked dazedly at the Xuan Yuan Sword that pierced right through his stomach, and even up till now, Fu Xiu still felt that he was dreaming!

Originally, I thought that, with my speed, and adding on with Song Huang's protection, I would definitely be able to obtain the Xuan Yuan Sword. Right now, I have indeed obtained the Xuan Yuan Sword, just that, the Xuan Yuan Sword has pierced right through my stomach.

Just like this, the Xuan Yuan Sword dragged onto Fu Xiu's body and returned back to the scene.

Everyone at the scene thought that the Xuan Yuan Sword ran and didn't expect that the Xuan Yuan Sword actually went to bring Fu Xiu back!

Song Huang's face was filled with shock.

I am completely aware of Fu Xiu's speed. When it comes to speed, there are only a few who are faster than Fu Xiu!

And yet, such a person like this was actually brought back here by the Xuan Yuan Sword! If even Fu Xiu wasn't able to run away, I and the people that are here can forget about trying to run away!

Right now, everyone did not dare to make a move.

Ling Tian who was protecting Xiao Yi was fighting fiercely with Tang Wushuang. However, when they saw what was happening, the two stopped their fight.

Xuan Yuan Sword could be seen tossing Fu Xiu into the air.

Ye Hua's index finger moved around lightly, and at the same time, Xuan Yuan Sword slashed out a bunch of gold lights.

Fu Xiu who was in the air was slashed into pieces, and soon after, the pieces of Fu Xiu's body landed onto the ground. The scene was enough to make one's heart turn cold from fright.

Tang Wushuang felt that he didn't have time to think too much right now. If I don't run now, the one that would become dead next will be me!

While with his eyes closed, Ye Hua said coldly, "Want to run?! Not a single one of you are going to be able to run away today!"

Just like Fu Xiu, Tang Wushuang was stabbed through the stomach and brought back to the scene. However, Tang Wushuang wasn't killed off and was instead thrown onto the ground.

Ling Tian swallowed his saliva.

Just a while ago, I have tried out this Tang Wushuang's strength, and this Tang Wushuang was much formidable than he was in the past. However, this Tang Wushuang was still pierced by the Xuan Yuan Sword. Could it be, Xiao Yi? Is he actually pretending to be injured and is currently controlling the Xuan Yuan Sword to kill people!

"Act Cool King Xiao, don't pretend anymore, I know that it is you!" Ling Tian shook onto Xiao Yi, however, there was no response from Xiao Yi.

Everyone at the scene understood one thing. Whoever that runs, dies!

Even Song Huang had landed onto the ground and was looking cautiously at the Xuan Yuan Sword!

Whistle!

Xuan Yuan Sword disappeared once again, and when it appeared again, it brought along 30+ people with it, and all of them had a severed arm!

Song Huang wrinkled his brows.

Those people are the higher-ups within the north's powers. Seems like they were hiding at the side and observing the situation, or perhaps, they were also waiting for the perfect opportunity to snatch the Xuan Yuan Sword. But, unfortunately for those people, it seems like their luck has run out!

Right now, the Xuan Yuan Sword was just like a big brother overlooking everyone at the scene. And along with the swaying of Ye Hua's index finger, the Xuan Yuan Sword began swaying around back and forth in the air.

"Sage Doctor, what should we do now, this sword is very bizarre!" One of the people within the 30+ people asked.

Song Huang shook his head and did not say anything.

Right now, the Xuan Yuan Sword is basically the kidnapper, and we are the hostages. Our lives and deaths are currently all within the Xuan Yuan Sword's moment of thought. If anyone of us were to run, the result would be a stab through the stomach. Although that Tang Wushuang is still not dead yet, he is not far away from being dead.

"Alliance Master Hai, are you fine?" Guang Tianlu asked weakly.

Hai Daisi had already stopped his own bleeding, but his complexion was very pale, "I'm fine, what about you?"

"The aura that the Xuan Yuan Sword emitted out just now destroyed my dragon king, and because of that, I suffered some internal injuries."

[You Cannot Afford To Offend My Woman](#)

Chapter 224: Ah Li has killed a person

"Are you two intending to run away or not?" Xun Yi who was currently weak walked over slowly and asked.

The two shook their heads.

Right now, running away is equivalent to looking for death. If anyone here wants to get pierced right through the stomach, they can go ahead and choose to run away.

Right now, Ye Hua was lying down on the sofa, and his mood has become a little bit better.

From the looks of it, it seems like killing is the only way that can make my mood become slightly better. I should stop thinking about those two women for now.

Right when Ye Hua was preparing to kill off those people, Donghuang Li suddenly opened the door and walked into the room, then shouted out sweetly, “Daddy~”

Ye Hua opened his eyes and revealed out a light smile, “Ah Li, what’s the matter?”

Donghuang Li could be seen running to the front of Ye Hua and holding onto the arm that Ye Hua was using to control the Xuan Yuan Sword with both of her hands, then said adorably as she began shaking onto the arm that she was holding onto, “Daddy, come and play with Ah Li~”

Along with Donghuang Li’s shaking, Ye Hua’s index finger began swaying back and forth acutely, “Ah Li, daddy is currently working.”

“Hmmm~ Daddy, Ah Li miss you.” Donghuang Li could be seen increasing the strength in her hands, and the swaying of Ye Hua’s hand became faster.

Right now, the Xuan Yuan Sword seemed just like a drunk as it began flying around the air in disorder.

“Run!” Song Huang shouted out hurriedly.

Everyone began running away in all directions. However, the range that the Xuan Yuan Sword was flying around became bigger and bigger, and the speed of the Xuan Yuan Sword also became faster and faster. Many people who were running away were indescribably either chopped in half at the waist or beheaded.

When everyone saw that the Xuan Yuan Sword seemed to be going out of control, they began running away even harder than before.

In just seconds, the scene seemed just like purgatory, blood was flying around everywhere.

On the other hand, Tang Wushuang who was lying down on the ground managed to avoid this crisis.

And Xun Fang, Hai Daisy, and Guang Tianlu’s luck were much better compared to most of the others that were at the scene. The three of them managed to run away.

“Daddy~ How about Ah Li bring you to eat chicken and let you show off your might in front of Aunt Qing. And who knows, maybe after that, Aunt Qing will forgive you.” Donghuang Li said adorably while shaking onto Ye Hua’s arm.

Donghuang Li was truly mischievous. Who knows how many people have died because of her shaking onto Ye Hua’s arm?

“Alright, Ah Li can go and wait for daddy first, daddy will head over in a moment.”

“Then, pinky promise~” Donghuang Li extended out her pinky.

Naturally, Ye Hua would satisfy all of his daughter’s requests. After seeing that her daughter left, Ye Hua looked towards the scene, and immediately, Ye Hua’s expression sunk!

The Xuan Yuan Sword that was flying around in disorder also came to a halt.

They actually ran away!

Ye Hua let out a breath.

After thinking about it, accompanying my daughter is much more important.

Ye Hua moved his index finger, and the Xuan Yuan Sword immediately pierced through the ground that was situated right beside Xiao Yi.

Ling Tian looked dazedly at the scene in front of him, then said towards Xiao Yi who was currently unconscious, "And you still dare to say that you never act cool! I have never seen anyone who can act cool like you!"

"Quickly get up, everyone left already, there won't be anyone here to clap for this act of yours." Ling Tian shouted out helplessly at Xiao Yi.

Looking at the Xuan Yuan Sword that was right in front of him, Ling Tian did not dare to go and grab it. Ling Tian was afraid that the situation from just a while ago would happen again.

What happened just now was too terrifying! Take this Tang Wushuang for example, just now, the Xuan Yuan Sword actually stabbed into his crotch by accident. Who knows if he is still fine or not after that stab into his crotch.

Right now, not only was Tang Wushuang's stomach red, even his crotch was red too.

Without too long, Xiao Yi gradually woke up.

"Big Brother Xiao, you finally woke up!" Ling Tian cried out in surprise as he walked up and held onto Xiao Yi.

"What happened?" Xiao Yi asked with a blank look on his face.

Ling Tian rolled his eyes, "Brother Xiao, I know that you are modest, but if you continue being modest like this, you won't have any friends."

Xiao Yi's face was filled with confusion. Xiao Yi wants to express that he really didn't know what happened.

While being supported by Ling Tian, Xiao Yi slowly stood his body up.

"Brother Xiao, what do we do with that Tang Wushuang?" Ling Tian looked towards Tang Wushuang who was currently pretty much about to die soon and asked.

Xiao Yi took a look at Tang Wushuang, then said gravely, "Whether if he dies or lives, it will all depend on his luck. I, Xiao Yi, do not owe him anything."

Ling Tian nodded his head.

After the two left, a man appeared. While with his brows wrinkled, the man looked at his phone and said, "F**k, no more chapters again, I will break another leg of his when I return back!"

This man was Gui Chengren, Tang Wushuang's master.

Looking at his disciple's miserable state, Gui Chengren shook his head. This disciple of mine has truly thrown my face away.

"Master... save me." Tang Wushuang stretched out his hand which had blood on it.

Gui Chengren said coldly, "Don't touch me, your hand is dirty!"

"Master..." Tang Wushuang shouted out weakly.

Gui Chengren let out a sigh, then waved his hand, and the two disappeared from the scene.

The entire place became peaceful once again. The black clouds within the sky gradually scattered, and only the bloodstains that were on the ground could prove that a battle had happened here.

Within the bedroom, after thinking for a bit, Ye Hua decided to contact Wei Chang first.

I cannot let them off so easily!

"Your Honor! Have your mood become a bit better?" Wei Chang appeared within the bedroom and asked respectfully.

Ye Hua let out a sigh, "I was interrupted by Ah Li."

"The Little Honor definitely didn't mean to do it on purpose."

"I of course know that, which is why I called you over. Go and deal with those people from the north who managed to run away."

Wei Chang remained silent for a moment, then said, "Your Honor, there's something that subordinate doesn't know if he should say or not."

"Speak."

"For this time's fight for the ancient godly item, the north and south had an agreement beforehand. Therefore, I think that it would be much better if the three people that are from the south died in the north."

Ye Hua was startled. I didn't expect that Wei Chang would be able to possess such comprehension.

"Wei Chang, your performance lately has been really good! If you have any requests, you can go ahead and tell me!" Ye Hua was very happy.

It is a good thing for my subordinates to have brains, especially someone like Wei Chang, who went from brainless to having a brain. Wei Chang has truly changed greatly.

Wei Chang didn't dare to take the credit for himself as he said hurriedly, "Although Your Honor didn't say it, in actuality, what Your Honor was trying to do was to test subordinate's adaptability to changes. It is fortunate that subordinate managed to answer correctly."

Ye Hua was startled and he had a flabbergasted look on his face. Soon after, Ye Hua revealed out a smile and said, "To be able to perceive my true intentions, Wei Chang, you are truly becoming smarter and smarter!"

"Subordinate do not dare to take the credit for himself, this is all thanks to Your Honor's teachings. Also, subordinate does not have any requests, subordinate just hopes that Your Honor could increase subordinate's pay. After all, after having a girlfriend, my pay is somewhat unable to keep up with my expenses anymore." Right now, Wei Chang indeed did not have any money.

I'm currently in the situation where when I'm refueling the Porsche, the money that I used to pay for the fuel belongs to Xiao Tang.

Ye Hua nodded his head, "This is a small matter, I will double your pay."

"Thank you, Your Honor!" Wei Chang hurriedly gave his thanks. I have finally entered into the ranks of households that possess an annual income of 10k rmb and above.

"That's right, who do you intend on calling to go and deal with those three people?" Ye Hua asked curiously.

"Green and red brothers, those two require battle experiences. I will use those three people to give the green and red brothers a practice at battling."

Ye Hua said faintly, "That would be good. Give them more missions in the future so that they can increase their battle experiences, and thus be able to protect Ah Li properly in the future."

"Yes!"

"You can leave."

After Wei Chang left, Ye Hua rubbed onto his head and mumbled to himself, "When did this Wei Chang become so smart, I'm sort of not used to Wei Chang being so smart. However, after all is said and done, this is still a good thing."

Ye Hua arrived at Qing Yutong's bedroom, and it could be seen that, Ye Hua's daughter and Ye Zizi were currently playing with their games, while Qing Yutong was nowhere to be found.

"Daddy, Ah Li has already started playing, you can go back and continue sleeping." Donghuang Li was very serious in playing with her game because she was currently competing with Ye Zizi.

"Big brother, Big Sister Qing went to your office, she was called over by sister-in-law." Ye Zizi added.

Ye Hua's eyes lighted up. I hope that Qing Yutong's talk with Qing Ya would work. I will go and listen to what they are talking about with each other. Actually, forget about it! Am I, the Supreme Overlord, the kind of person that would eavesdrop on others! If words of it were to spread out, I would become a laughingstock!

A minute later, Ye Hua stood in front of the office's door and began eavesdropping on the conversation that was happening within the office.

While eavesdropping, Ye Hua thought to himself, if anyone saw what I'm doing, I will silence them by killing them.

[You Cannot Afford To Offend My Woman](#)

Chapter 225: It's time to get hard!

Within the office.

Qing Ya's surroundings were filled with tissues that were crumpled into balls. Qing Ya was currently wiping onto her tears and seemed very pitiful.

Qing Yutong was sitting at the opposite side of her big sister and sizing up her big sister.

It is good that big sister is able to cry and get angry. At the least, this shows that big sister still cares about brother-in-law.

If she really didn't care about brother-in-law anymore, she would be acting indifferent right now.

"This bastard, I am going to freeze his card!" While speaking, Qing Ya took out her phone and dialed the bank, then told the bank to freeze Ye Hua's bank card.

Ye Hua who was eavesdropping outside almost rushed into the office.

Just a while ago, I promised Wei Chang that I would increase his pay, and yet, in the blink of an eye, you froze my card! How am I going to act as the boss if you do this!

Qing Ya said while whimpering, "Boohoo, I will see just how he is going to afford to buy crayfishes to eat. Yutong... your brother-in-law is too much."

"Big sister, the current situation is already pretty good." Qing Yutong consoled as she took out a piece of tissue from the tissue box and handed the tissue over to her big sister.

Qing Ya asked while sobbing, "How is this situation counted as already pretty good!"

"Of course! Back then when brother-in-law wanted to make me a member of his harem, didn't you say that you would deliver protection over to me and brother-in-law if I were to become a member of brother-in-law's harem?"

"Qing Yutong! I called you over to help me think of a plan, not to let you speak nonsense!" Qing Ya shouted out indignantly. What time is it already right now, and yet this Qing Yutong is still making such a joke like this!

Ye Hua who was outside the office wished that he could smack onto Qing Yutong's butt right now.

Your big sister is already feeling angry enough, and yet you still went and add oil to the fire!

Qing Yutong said seriously, "Big sister, let's take a step back and think for a moment. That woman is basically brother-in-law's past love affair, and regarding the matter that the woman became pregnant with Ah Li, brother-in-law most probably didn't know about it at all. If brother-in-law knew about it, based on his attitude towards Ah Li during those few days, he would have long brought Ah Li back to the bar."

"Therefore, this shows that brother-in-law indeed did not know that Ah Li was his daughter until just a few days ago." Qing Yutong spoke based on facts and was being completely unbiased.

Ye Hua who was standing outside the door nodded his head. There is nothing wrong with Yutong's interpretation.

"However, that woman is indeed very beautiful, and brother-in-law is tempted to take that woman in."

What Qing Yutong said next caused Ye Hua's expression to sink.

What do you mean by I am tempted to take that woman in, that woman is my woman, therefore, it is only right for me to take her in!

Upon hearing that, Qing Ya began crying harder, "Your brother-in-law is basically a fickle bastard! In the past, I didn't know that he was such a fickle fellow, but right now, I have seen completely through him!"

"Big sister, which man isn't fickle? Those who aren't fickle, they all prefer men instead of women."

"Qing Yutong! Your big sister has been swindled by a man, and you are still all smiles here!"

Qing Yutong laughed dryly, "Big sister, you say that brother-in-law swindled you, but just what did he swindle away from you?"

"He... he... In any case, he swindled me!"

If not for Qing Ya being pregnant, Ye Hua really wanted to smack Qing Ya's butt.

This Qing Ya, she is basically placing an accusation on me by force.

"Did brother-in-law swindle you to get in bed with him, or did he swindle your money away from you?" Qing Yutong raised her eyebrows and said.

"Qing Yutong, get out!"

"Big sister, think back to those days during your honeymoon with brother-in-law. During those days, the two of you would constantly kiss ardently with each other while in front of me and Ye Zizi, and that tongue of yours would even extend all the way into brother-in-law's mouth. Tsk, tsk, tsk... I remember just watching the two of you kiss would make my entire body go numb~"

"Scram!" Qing Ya's face was flushed with both anger and embarrassment as she shouted out and threw a pillow towards Qing Yutong.

Qing Yutong let out a breath, then persuaded, "In actuality, I think that brother-in-law is pretty good. Brother-in-law cares very much about you, and aside from the fact that he likes to act cool, drink, and smoke, he doesn't seem to have any bad habits."

"Are those not counted as bad habits?! Amongst the five big bad habits, he already possesses two of them! As of now, he is basically only lacking gambling, visiting brothels, and doing drugs!"

(Five big bad habits – Smoking, drinking, gambling, visiting brothels, and drugs)

"Big sister, you know that brother-in-law definitely wouldn't go and visit brothels, after all, brother-in-law is only interested in you." Qing Yutong teased.

"Get out, get out, I don't want to listen to your fallacious reasonings, your brother-in-law definitely bribed you to say good things about him!"

Qing Yutong placed her hands onto her waist and said solemnly, "Big sister, you can insult other things about me, but you cannot insult my moral quality! No matter what, I, Qing Yutong, was born as one of the young pioneers. When someone tries to bribe me, I wouldn't even give them the time of day! Yesterday, I even went off on brother-in-law and told him that he can prepare to become divorced soon."

"Ah!" Qing Ya could be heard crying out in surprise. Soon after, feeling that her reaction was very big, Qing Ya immediately turned her head away from Qing Yutong.

Qing Yutong's face was filled with disdain. With the way you are acting, what are you even being angry at brother-in-law for? Upon mentioning divorce, you immediately become so nervous.

"You didn't see brother-in-law's expression at that time, he seemed as if his wife had died."

"Qing Yutong, who are you cursing to have died!"

"Big sister, I'm just making an analogy. Alright, I might as well just act and show you how brother-in-law acted yesterday."

Qing Yutong coughed lightly, then began to adopt Ye Hua's usual indifferent expression. After adopting Ye Hua's usual indifferent expression, Qing Yutong's expression collapsed in the next second as she began pleading, "Yutong, please quickly go and beg your big sister for me, I cannot not have her, if your big sister were to leave, you can forget about living too..."

Ye Hua took in a deep breath. If this Qing Yutong's talk ends up not having any positive effect, she can prepare to get it from me! Moreover, would I, the Supreme Overlord, beg a woman like this! What kind of a joke is this Qing Yutong even cracking?

"Yutong, your performance is a bit over-exaggerated, Ye Hua wouldn't say something like that." Qing Ya could be said to understand Ye Hua's personality rather well.

That Ye Hua is basically someone who wants to keep his own face no matter what, therefore, there is no way he would say something like that.

"Eh..."

"Don't pay attention to those minor details. Last night, brother-in-law had a conversation with me for about an hour, and you should have seen just how miserable he was..."

Thinking back to last night, brother-in-law even killed a few people, and in the end, under Ye Zizi's carry, brother-in-law ate a round of chicken dinner.

"Alright, I don't want to listen anymore, you can leave the room now." Qing Ya felt that she could not continue listening anymore.

The more I listen to Yutong talk, the softer my heart gets. I have to be a bit more resolute! That's right! I must be resolute in my own beliefs!

Qing Yutong felt that it was more or less enough.

Looking at how big sister is acting, she's basically just jealous and is currently unable to get over the situation.

Upon hearing Qing Yutong's footsteps getting closer to the door, Ye Hua immediately walked away from the office door and pretended that he was passing by.

After leaving the office and closing the office door, Qing Yutong walked up to Ye Hua and said with a smile, "Brother-in-law, don't pretend anymore, I'm sure you have heard everything, right?"

This sister-in-law really doesn't give me any face at all.

"What is your big sister's situation right now?" Ye Hua asked gravely.

Qing Yutong shook her eyebrows at Ye Hua, having a look on her that seemed like she was saying, you understand, right?

"Tonight's dinner will be meat, and I won't leave out your portion." Ye Hua said petulantly.

"Hehe~ Thank you, brother-in-law~ In actuality, big sister is just jealous, there isn't any big problem at all. Brother-in-law, if you just give big sister the cold shoulder for half a month, I guarantee you that big sister will come running to you and seek reconciliation with you." Qing Yutong said very relaxedly, seemingly like she was very experienced in such matters.

Ye Hua felt that Qing Yutong's suggestion won't work. After all, Qing Ya was serious this time.

Qing Yutong could be heard adding on another sentence, "Brother-in-law, sometimes, when it's time to get hard, you should get hard."

"What do you mean?"

"My big sister is just an ordinary human, so, you tell me, what do I mean by getting hard?" Qing Yutong rolled her eyes at Ye Hua. This brother-in-law of mine, to not even be able to understand something like this...

Ye Hua immediately understood what Qing Yutong was trying to say.

"Brother-in-law, good luck~ Get hard a few times, and my big sister will naturally give in."

"Yutong, once this crisis passes, if you have anything that you want, you can tell brother-in-law." Ye Hua was very generous. As long as he could become reconciled with Qing Ya, he doesn't mind giving away anything that he could give.

Qing Yutong pouted her mouth, "Brother-in-law, you are penniless right now, you should look after yourself first before you make such a promise. Let me tell you first, I don't have any money~"

After finish speaking, Qing Yutong left.

Ye Hua lightly let out a breath. After I am done with coaxing Qing Ya, I will naturally have money again. How could I let this little wealthy woman of mine slip away from me so easily?

Right now, it's time for me to get hard!

Ye Hua opened the office door.

"Yutong, I told you, I don't want to speak with you right now!" Qing Ya said.

"It's me!"

Qing Ya could be seen taking a look at Ye Hua, then immediately lied down on the sofa while with her back faced against Ye Hua.

"What did you come here for, leave!" Qing Ya shouted out coldly.

Ye Hua walked to the front of the sofa and said faintly, "Qing Ya, I will give you one second to change your mind, if not, I'm going to start using tough methods!"

"Ye Hua! Don't think that I, Qing Ya, am afraid of you!"

"Are you going to get up or not!"

"Go and die!"

Shoot, to actually tell me to go and die, you are starting to become just like that Donghuang Baizhi!

[You Cannot Afford To Offend My Woman](#)

Chapter 226: What are you going to do about it

Ye Hua could be seen carrying Qing Ya up from the sofa and into his embrace, while Qing Ya cried out in surprise, "Ye Hua! What are you doing! We are still quarreling, you are not allowed to touch onto me!"

"So what if we are quarreling! I can do whatever that I want to!" Ye Hua shouted out gravely, while Qing Ya began kicking and punching within Ye Hua's embrace.

"Don't flail about like this, be careful of the child!" Ye Hua shouted out coldly.

In actuality, even if Qing Ya flailed around crazily, nothing bad would happen to the child. After all, it was very difficult for the fetus which possessed Ye Hua's lineage power to suffer a miscarriage.

Qing Ya's face was cold as ice as she shouted out coldly, "Ye Hua! Please show respect to me!"

"Then, have you shown respect to me! Do I not treat you well!" Ye Hua questioned.

This unreasonable woman, what's the big deal with having another woman?

Take a look at that Lie Gu, he has so many wives, and yet, when I have just one more woman, this Qing Ya's temper immediately exploded.

Qing Ya seemed to be powerless in retorting Ye Hua's questions as she ignored Ye Hua's questions and said, "In any case, you are a swindler, you swindled my feelings! I don't want to be hugged by you, let me down!"

"Let you down? That isn't possible! Do you not realize that you smell very bad right now?! It has been almost a day since you last showered!"

Qing Ya wrinkled her willow brows. It has indeed almost been close to a day since I last showered.

In actuality, Qing Ya's body still smelled really good even though she hasn't taken a shower for almost a day. Ye Hua only said that Qing Ya smelled bad on purpose.

After carrying Qing Ya to the bedroom, Ye Hua let her down in the bathroom, then said, "Go and properly take a shower, you smell really bad right now!"

After finish speaking, Ye Hua closed the bathroom door.

Right after the bathroom door was closed, the sounds of things being smashed rang out from the bathroom.

“Whatever that you break, you will have to call people over to fix it!” Ye Hua shouted out, then lied down on the bed and began waiting.

It has been almost a day since I last hugged this woman, I really miss the feeling of hugging onto her.

After Ye Hua finished speaking, the sounds of things being smashed became even louder.

A trace of a smile appeared on the corner of Ye Hua’s mouth. I, the Supreme Overlord, just precisely like this kind of woman, a woman like this feels much comfortable to hug onto.

Half an hour later, Qing Ya walked out of the bathroom. After taking a look at Ye Hua, Qing Ya was prepared to immediately run out of the bedroom.

Ye Hua laughed. Qing Ya, you are too naïve, why do you think I brought you to the bedroom?

Qing Ya of course knew why Ye Hua brought her to the bedroom, and therefore, she was preparing to run away.

However, before she even reached the door, her body floated into the air and began floating towards Ye Hua’s embrace.

“Ye Hua! You cannot act so shamelessly!” Qing Ya who was floating within the air shouted out.

“I am a cultivator, what are you going to do about it...”

What Ye Hua said almost caused Qing Ya to explode from anger as she said indignantly, “If you touch me, I will... I will...”

Ye Hua tightly hugged onto Qing Ya and asked curiously, “What will you do?”

“I will bite you to death!”

After finish speaking, Qing Ya bit towards Ye Hua’s arm.

Ye Hua laughed bitterly. Last time, I was threatened and cut onto by Qing Yutong, and right now, I am being bitten onto by Qing Ya.

The pain that I suffer are all from those two women, I am truly speechless...

Qing Ya bit very ferociously onto Ye Hua’s arm, and only after she tasted blood in her mouth, then did she come to her senses.

After Qing Ya moved her mouth away from Ye Hua’s arm, teeth marks could be seen remaining on Ye Hua’s arm, and blood was oozing out from the teeth marks.

“Are you happy?” Taking the opportunity of this hard to come by chance, Ye Hua questioned coldly.

Qing Ya sort of didn’t dare to look straight at Ye Hua’s eyes as she said indignantly, “Let go of me! If not, I am going to bite again!”

“You can go ahead and bite then, best you bite off my arm!”

“You! You are acting just like a scoundrel!” Qing Ya tried with all her strength to struggle free from Ye Hua’s embrace. But unfortunately, her strength wasn’t enough.

Ye Hua remained silent as he hugged tightly onto Qing Ya.

This feels so comfortable. I wonder how it would feel to hug onto that Donghuang Baizhi.

However, unfortunately for her, if she wants to get onto my bed, she has to practice more first.

After a while had passed, Qing Ya asked coldly, "Aren't you a cultivator? Are you not able to heal such a small wound like this?"

Ye Hua said faintly, "Why should I heal the wound that is on my arm? I will leave the wound as it is and wait for it to get infected, then go to the doctor for arm amputation."

"In the future, when our child asks me about my missing arm, I will tell our child that my arm was bitten off by you during a few years back."

Qing Ya looked at Ye Hua in disbelief. This guy is truly shameless!

After 10+ minutes passed, while looking at the wound that was still bleeding, Qing Ya was feeling rather worried.

If his arm really gets infected and ends up having to be amputated, what should I do?

This guy is basically a scoundrel, to use self-harm to threaten me!!!

"Let go of me!" Qing Ya shouted out coldly.

"Not going to."

"Let go of me, I'm going to go get the first aid kit and help you treat your wound, lest you become a single-arm hero!" Qing Ya said indignantly.

You have a woman and a child outside, and yet I am the one who has to console you, huh?

Ye Hua became exulted. Seems like the things that are said on the internet are sort of effective.

Upon hearing that, Ye Hua let go of Qing Ya.

Qing Ya went to get the first aid kit. After getting the first aid kit, Qing Ya placed the first aid kit on the bed, then carefully began to disinfect Ye Hua's wound, followed by binding up the wound.

Looking at the serious look on Qing Ya, Ye Hua said lightly, "Not angry anymore?"

"Do you think that that is possible?" Qing Ya said coldly.

From the looks of it, this plan isn't working at all. Immediately, Ye Hua retracted his arm away, then said, "If that's the case, don't bother with the wound anymore, just let me become a single-arm hero. When the child is born, I will tell the child about how I became a single-arm hero."

"You! Why are you acting like a child?" Qing Ya said indignantly.

This fellow, he is even planning on tattletale on me to the child. I have never seen someone as shameless as him.

"Don't need you to care." Ye Hua snorted coldly.

“Move your arm over to me!”

“Not moving!”

“Are you going to move your arm over to me or not!”

“Qing Ya, we are currently still in a quarrel with each other, so please act like how you are supposed to act when you are in a quarrel.” Ye Hua said faintly.

The look on Ye Hua right now really made one want to punch onto him.

And Qing Ya was indeed angered rather heavily by Ye Hua.

I am being kind by trying to help you, and yet you still say such words, you are being too much!

“You can just go and die then!” Qing Ya snorted, then turned her face to the side and began ignoring Ye Hua. However, she did not get off the bed.

After quite a while, Ye Hua took a glance at Qing Ya, then said faintly, “Qing Ya, let’s reconcile, okay? Let’s not quarrel any more.”

“We are currently still in a quarrel with each other, so please act like how you are supposed to act when you are in a quarrel!”

Alright, I, the Supreme Overlord, have just been retorted by my own words.

Ye Hua was really having a headache with the situation.

How about I just give her a round of beating on her butt and let her know just how formidable I am? However, I can’t bear to beat her... Ah, this is such a headache!

“The wound has become swollen!”

Ye Hua could be heard crying out in surprise.

Qing Ya immediately turned her head around and looked towards the wound, and the wound had indeed become swollen.

“Why are you so worrisome!” Qing Ya said angrily as she took out the disinfectant from the first aid kit and began helping Ye Hua to disinfect his wound.

A trace of a deceitful smile appeared on the corner of Ye Hua’s mouth.

Such a small thing like making my wound become swollen is something that I can easily control.

And this woman still says that she doesn’t care about me. If that’s the case, what is she being so worried about me for? Qing Yutong is right, this woman doesn’t mean the things that she said when she is angry.

Tonight, I will be able to sleep while hugging onto her again, this feels great~

Also, right now, I have Little Ah Li to hug onto too. Life is so perfect. Seems like my vacation on earth has to be extended.

“Eat some anti-inflammatory medicines.” Qing Ya handed two amoxicillin pills over to Ye Hua.

“Water.”

“You are truly a big boss!” Although that was what Qing Ya said, she still went to pour water for Ye Hua.

Looking at Qing Ya’s back, Ye Hua said, “Qing Ya, without you, I really do not know how my life will become.”

Qing Ya who was pouring water paused for a moment, then said faintly, “Without me, your life will still continue, and there is still Donghuang Baizhi to take care of you.”

“But, the one that I like is you.”

“Ye Hua! Let me tell you, it’s too late for you to try and be romantic and say love words to me! I won’t listen to what you say!” Qing Ya heavily placed the cup onto the bedside cabinet, and some of the water even splashed out from the cup.

Everything on the internet is all lies, I, the Supreme Overlord, won’t ever believe the things that are on the internet anymore!

Ye Hua also has his own temper.

When have I ever been so submissive before? I have already said so much, and yet this woman still doesn’t give me face at all!

“Qing Ya! Let me tell you, you are stuck with me forever for the rest of your life! Even if I have to tie you up to keep you by my side, I will do it!”

“Ye Hua! You scoundrel!”

“Scoundrel? Scoundrel it is then, what are you going to do about it?”

You Cannot Afford To Offend My Woman

Chapter 227: I wasn’t convenient during that day

Qing Ya straightforwardly jumped onto the bed, sat on top of Ye Hua, then picked up a pillow and began hitting onto Ye Hua with the pillow.

Soon after, Ye Hua turned his body over and pressed Qing Ya down on his body, then shouted out coldly, “You dare to hit me!”

“So what if I hit you!”

Right at this moment, the door was pushed open, and Donghuang Li who saw the scene that was within the bedroom cried out in surprise, “Daddy, you have reconciled with Aunt Qing, this is great!”

Qing Ya used all her strength to try and push Ye Hua who was currently above her away from herself.

Ye Hua didn’t want to hurt till Qing Ya, thus got up from the bed and carried onto his daughter, “Ah Li, your Aunt Qing came over to admit her mistake.”

Qing Ya was feeling very indignant. However, she didn’t say anything because Ah Li was here.

“Daddy is so dashing~” Donghuang Li gave a thumbs up to her daddy.

"The best thing that one can do when they make a mistake is to admit their own mistake. Ah Li, have you bear what daddy just said in your mind?"

Donghuang Li nodded her head muddleheadedly. Soon after, Donghuang Li said, "Daddy, Ah Li has become tired from playing and wants to sleep now."

"Let Aunt Qing accompany Ah Li to sleep, okay? Aunt Qing is tired too as she didn't have a good sleep last night." Ye Hua knew that Qing Ya wouldn't reject Ah Li.

With Ah Li here to accompany Qing Ya, I will be able to relax for a bit. I will let Ah Li break into the enemies' bases first, then slowly disintegrate everything from inside out.

Donghuang Li blinked her big bright eyes, then said, "En."

"Qing Ya, take good care of Ah Li." Ye Hua said faintly after placing his daughter onto the bed.

In actuality, Qing Ya felt very complicated towards Ah Li. On one hand, she really likes how sensible and clever Ah Li was, while on the other hand, Ah Li was the child of Ye Hua and another woman.

If I were to say that I do not have any hostility towards that woman, I would be lying. However, after listening to that woman's recount, she is rather pitiful too. She went to the bar to look for Ye Hua when she was pregnant, and yet she was met with Ye Hua's ignore. And after being ignored, she still went ahead and gave birth to the child and raised the child on her own. Just how hard must it have been for her?

If not for Ah Li running away from home and came all the way to the bar to look for us, the people who she met online in a video game, Ye Hua most probably wouldn't have come to know that he has a child outside. Sigh, we are all pitiful women...

But what I just can't stand is that, even after telling a lie, that Ye Hua still acts like a big boss.

He obviously did something wrong, and yet he is not remorseful about it in the slightest bit! What's worse is that he still has the cheek to talk about others' wrongs!

Even if you are a cultivator, you cannot be so unreasonable! I am your wife, not your mistress!

Ye Hua walked out of the bedroom, then closed the bedroom door.

I will let the two of them interact amongst themselves first, while I go downstairs and educate that Donghuang Baizhi. These two women have to be educated, so that they know just how to be a qualified madam. Especially that Donghuang Baizhi.

Looking at things now, this is the second time that I have met face to face with that Donghuang Baizhi, and yet, our daughter is already close to three years old... This is truly unimaginable.

Arriving downstairs, Ye Hua saw that Donghuang Baizhi was sitting at the worn-out bar counter and drinking alcohol. Donghuang Baizhi's gaze was currently a bit blurred.

Without the support of the spiritual energy, Donghuang Baizhi was basically just an ordinary human. Therefore, it was only natural for her to become drunk when drinking alcohol.

Upon seeing Donghuang Baizhi's state, Ye Hua let out a sigh.

Back then, if I had come downstairs, I reckon that nothing would have happened between me and Qing Ya. It is fortunate that I did not come downstairs, if not, I would not have been able to meet with Qing Ya.

Just that, with how the situation is right now, I have to slowly make it up to this Donghuang Baizhi for the hardships she had suffered.

Ye Hua walked to Donghuang Baizhi's side and sat beside her, then went ahead and poured himself a drink.

The two just sat at the bar counter and drank one glass after another, and neither of them opened their mouth to speak.

"Does your butt still hurt?" In the end, Ye Hua couldn't hold himself back anymore as he opened his mouth and asked.

In this battle of remaining silent, Donghuang Baizhi won.

When has Donghuang Baizhi's butt ever been smacked before? Upon hearing Ye Hua's question, Donghuang Baizhi sneered, "Weren't you having a great time when you were smacking onto my butt?"

"If you didn't make me angry, would I have smacked your butt?" Ye Hua said calmly.

If Ye Hua was swapped with another man, the man would definitely plead and apologize in every possible way. This way, Donghuang Baizhi's heart would become soft, and thus be willing to become reconciled.

After all, before coming to the bar, Donghuang Baizhi had thought about it.

If Ye Hua sincerely apologized, for her daughter's future, Donghuang Baizhi was intending on bringing Ye Hua back to Voidless Realm.

But in the end, Donghuang Baizhi didn't expect that, not only was Ye Hua not an ordinary human, he was even more formidable than her too.

Based on the fact that Donghuang Baizhi had intended on bringing Ye Hua back to Voidless Realm, it shows that she was willing to shoulder the slanders and rumors that would come from bringing Ye Hua back to Voidless Realm.

As an empress, for her to marry an ordinary human, such a matter like this was a big joke. But for her daughter, Donghuang Baizhi was still resolute on her decision on bringing Ye Hua back to the Voidless Realm.

Of course, that was what Donghuang Baizhi thought before she had come to the bar.

From this, it could be seen just how important Donghuang Li was to Donghuang Baizhi. And of course, her feelings towards Ye Hua was very vague. Donghuang Baizhi had hated Ye Hua for three years, thought about him for three years, and missed him for three years. Every time when Donghuang Baizhi saw her daughter, she would be reminded of Ye Hua.

Ye Hua's figure had long taken root within Donghuang Baizhi's heart. Back then when Donghuang Baizhi heard that Ye Hua had become married, Donghuang Baizhi became angry and decided that she was going to take revenge on Ye Hua by cucking him.

However, before she was even able to take revenge on Ye Hua, she had been captured and held prisoner in the bar by Ye Hua.

"Why didn't you come downstairs back then during those few days?" While propping onto her chin with one of her hands, Donghuang Baizhi asked.

Why is this woman so fixated on this question, what is the point of being so fixated on this question? It has already been so long since that matter.

This question may perhaps be unimportant to Ye Hua, but to Donghuang Baizhi, Ye Hua's answer to this question was what she was going to use to decide if she was going to forgive Ye Hua or not.

Ye Hua didn't know what to say.

Just what should I say?

Should I tell her that, back then during those few days, I was in a very bad mood because Lie Gu bit my internet cable into half while he was dreaming, causing me to not be able to watch Calabash Brothers?

This is all Lie Gu's fault. If he didn't bite my internet cable into half, I would have still been in a good mood, and perhaps, I would have come downstairs and met with this Donghuang Baizhi, then began living together with this Donghuang Baizhi.

And since I would have begun living together with this Donghuang Baizhi, I wouldn't have met Qing Ya.

Eh...

After thinking about it, Lie Gu did a good job of biting the internet cable into half.

After pondering for a while, Ye Hua said faintly, "I wasn't convenient during those few days."

Upon hearing Ye Hua's explanation, Donghuang Baizhi laughed mockingly, "Wasn't convenient? Did your big aunt come during those few days?"

(大姨妈: Big aunt – In Chinese, the word big aunt can be used to refer to menstruation)

"Big aunt? I don't have any relatives." Ye Hua didn't understand the meaning of big aunt and was thinking to himself about just what correlation does being inconvenient has to do with a big aunt.

Donghuang Baizhi said, "To not even understand something like this, how did you even act as that woman's man?"

What is this woman even talking about? This woman couldn't have gotten drunk from the alcohol, right?

"Regarding the matter that happened three years ago, I will slowly make it up to you in the future." As a man, I should put an end to the matter that happened in the past, whatever that I will have to do to make it up to her, I will do it.

After all, only if the entire family is harmonious, then would I be able to be at ease and concentrate on doing other things. If the entire family is in a mess, how would I even have the mood to go and care about other trivial matters?

“Make it up to me? How are you going to make it up to me? Are you going to help me assemble the pieces of my broken heart back together?” Donghuang Baizhi was leaning onto the bar counter while resting her head onto her own arm. Looking at Donghuang Baizhi, she looked very drunk right now.

After letting out a breath, Ye Hua took a small sip of the alcohol, then said faintly, “I can make it up to you however that you want.”

“Haha, I don’t need you to make it up to me, all I want is Ah Li. Ah Li and I are living very well, we don’t need you to come into our lives.”

Bang!

The wine glass that was within Ye Hua’s hand broke into pieces. This woman is really obstinate!

“What? Want to beat me again? Go ahead and beat me then, it would be best if you beat me to death... This way, there won’t be anyone to disturb you anymore.”

After hearing what Donghuang Baizhi said, Ye Hua immediately became angry.

Back then, even Qing Ya also didn’t act like this. The most that Qing Ya had done was make powerless threats like wanting to take me down with her and so on.

Why do those women always like to use death to threaten me? If it wasn’t for the fact that you all are my women, I wouldn’t have cared if you all are alive or dead!

Ye Hua got off the chair and said coldly, “You can be at ease, I won’t beat you! But, you can forget about leaving this bar for the entire rest of your life!”

After finish speaking, Ye Hua turned around and walked to the stairs.

Two rows of tears flowed down from Donghuang Baizhi’s beautiful eyes as she picked up the wine bottle and threw it towards Ye Hua, “Ye Hua! I hate you! I won’t ever forgive you in this entire rest of my life!”

Chapter 228: First time

The wine bottle landed onto the air wall and fell onto the ground, while Donghuang Baizhi lied on the table and cried just like a child. Three years ago, Donghuang Baizhi didn’t even cry like this before.

Hearing the crying sound that was coming out from the downstairs, Ye Hua let out a heavy sigh.

I really don’t know just what I should do. Requesting for help, I am currently online waiting... Very urgent...

At Wei Chang’s rented apartment, Wei Chang was currently drinking the wolfberry ginseng tea that Tang Wei made for him.

During those few days, my entire body feels so hot, and it feels like my body is going to explode any time soon...

Furthermore, the amount of wolfberries that Xiao Tang has been putting in the tea has been increasing as the days go by. In just a single day, I have to drink quite a few cups of this tea that Xiao Tang made for me.

Using Xiao Tang's words, she said that I have to drink plenty of this tea, because the tea is good for my body, and is even able to treat my illness.

Towards what Tang Wei said, Wei Chang was rather puzzled.

I don't have any illness, so why do I have to get treated for an illness that I do not have?

However, that worried look on Xiao Tang's face makes it seem as if I have gotten an incurable illness or something.

"The two of you, come over for a while, I have a mission for the two of you." Wei Chang shouted out towards the green and red brothers.

Green and red brothers were currently drinking wolfberry tea too because all of the boiled water within the house have been boiled with wolfberries in it.

I really do not understand, only those elderlies in our village would drink so much wolfberry tea.

After thinking of Wei Chang's age, followed by thinking of Tang Wei's age, green and red brothers immediately understood why.

When men reached middle age, they have no choice but to take tonics to boost their bodies, and it seems like Uncle Wei is currently at that age.

With a smile on their faces, the two walked over to Wei Chang while clasping onto their own cup of tea.

Uncle Wei said that he has a mission for us? Could it be that the boss has been chased out of the house? Or could it be that Uncle Wei wants us to clean up the house? Or could it be that Uncle Wei wants us to go downstairs to buy groceries?

Right now, green and red brothers could be seen to have changed their hairstyles. Their hairstyles have been changed from an afro hairstyle to a center parting hairstyle.

Seems like the two have acknowledged in admitting a certain someone as their boss.

It must be said that, now that the two brothers changed into a center parting hairstyle, they looked much more fresh-looking. However, their hair was still very long, their hair was long enough to reach their chins.

It must also be said, their hairstyles make them look a bit artistic. And of course, their hair colors were still the same.

The two were also wearing a windbreaker jacket, and matching with their hair colors, it was truly a sight to behold. No matter where they went to, they would be able to act as a beautiful scenery, and even more, they could even act as green and red lights.

“Uncle Wei, do you want us to go and buy groceries? I feel that we should buy some vegetables to eat.”
Big Brother Green’s body was also feeling rather hot.

My body feels so hot because we have been drinking so much wolfberry tea lately, and the two of us are unlike Uncle Wei, we do not have a girlfriend.

Little Brother Red nodded his head seriously, “Uncle Wei, it is good to eat vegetables, eating vegetables can help to decrease the internal heat in our bodies.”

Wei Chang felt that what the two said made sense, “Makes sense, the two of you can go and buy some vegetables back home for dinner then.”

“Alright, we guarantee that we will complete the mission that you gave to us.” Green and red brothers stood up, and Big Brother Green could be seen stretching out his hand.

Big Brother Green was requesting money from Wei Chang.

“Cough! The mission that I am talking about is not for you two to go and buy vegetables. You two can go and buy the vegetables after you two are done with your mission.” Wei Chang added. I almost got brought into their tempo.

Big Brother Green immediately clapped his hands, “I knew that Uncle Wei wouldn’t give us such a mission like this since we are after all within the boss’s social circle. The mission that Uncle Wei has for us is definitely something that has to do with punishing evil and upholding justice.”

“Big brother, I feel that we are going to become famous soon. Look at my outfit, it should be presentable enough for when we get interviewed by reporters, right?”

“Little brother, be at ease, us, the green and red lights combination will definitely become famous!”

“Cheers!”

“Cheers!”

Wei Chang said faintly, “Your mission is to go and kill three people.”

Pfft!

Pfft!

Green and red brothers spat out the tea at each other, then slowly turned their head towards Wei Chang and asked curiously, “Uncle Wei, are you sure that the mission for us is to go kill three people, and not save three people?”

“You two have to train your skills in killing people. Just nice, there are three people who have offended the boss today, so you two can go ahead and deal with those three people. After you two are done with dealing with the three, place their corpses at somewhere that is eye-catching.”

Green and red brothers swallowed their saliva.

How did it go from buying groceries to killing people? I’m really not used to killing people. There should at least be a process first, right? For example, our first mission could be to go and bash someone up?

Then afterward, the next mission could be to go and cripple someone. And yet, we haven't even gone through such a process, and the first mission that we got is to go and kill three people...

"It can't be that you two are afraid, right? Last night, didn't you two say that you two have quite a few lives in your hands? And that you two wouldn't blink an eye when taking lives?" Wei Chang asked curiously.

F**k, is there even a man in this world that doesn't brag? Moreover, I indeed do not blink when killing a chicken. One chop and the chicken is dead.

After counting, I already have more than a hundred lives in my hands.

While with his brows tightly wrinkled, Big Brother Green said hesitatingly, "Uncle Wei, you can be at ease. Offending the boss means to offend Little Ah Li, and to offend Little Ah Li, it means to offend us brothers. We guarantee that we will accomplish the mission given to us!"

"Not bad, the boss will definitely appreciate this mentality that you two have. I will give you two five minutes to prepare, we will be leaving in five minutes time."

Green and red brothers turned their bodies around, and immediately, their expressions collapsed.

The two walked to the side, then talked in a low voice to each other.

"Big brother, what should we do?"

"What else can we do. Bring your weapon along, we are going to risk it all with our lives!"

"But, I am afraid..."

"What are you afraid of, we are already wanted criminals, and after we are done with killing the three people that offended the boss, our title as wanted criminal will thus become justified."

Little Brother Red covered onto his face with his hands, "Why do I feel that our lives are becoming more and more brilliant."

"As long as we work under the boss, we will definitely become famous in the future."

"That's right! Not only will we become famous, but we will also become killers."

Five minutes later, the two were done preparing and were currently standing in a straight line in front of Wei Chang and waiting for their next order.

Wei Chang picked up his thermos cup with one hand, then waved with his other hand, and a black whirlpool immediately appeared within the living room, "You two, follow along with me."

Green and red brothers took in a deep breath, then followed along with Wei Chang and stepped into the black whirlpool.

After walking into the whirlpool, the two took a look at their surroundings, and all they could see were the blue sky and white clouds~

Little Brother Red pointed to an eagle and shouted out, "Big brother, quickly look, that eagle is flying so close to the ground."

Big Brother Green was confused for a moment. Feeling that something wasn't right, Big Brother Green slowly lowered his head, and immediately, Big Brother Green began sweating cold sweat.

Little Brother Red followed along his big brother's line of sight and looked below.

The two of them froze.

We are actually standing in the sky! And looking at how far we are away from the ground, we should be at least a few kilometers high in the sky!

Wei Chang looked towards the north, then said casually, "The two of you stay here and wait."

"Uncle Wei, where are our targets?" Green and red brothers were holding hands with each other.

"In a few moments, you two will be able to see three people flying over toward your direction, those three people are your targets." After finish speaking, Wei Chang opened the lid of his thermos cup, then drank a mouth of the wolfberry tea. Afterward, Wei Chang stepped into the whirlpool and disappeared.

Green and red brothers went silent for a while, and their expressions could be seen gradually turning from being nervous to being excited.

"Big brother! We can fly!"

"That's right, we have turned into birds." Big Brother Green said. A few days ago, we were enduring starvation, and yet, today, we have turned into superheroes, the kind of superheroes that kills people.

Indeed, looking at the sky from the ground, it seemed as if there were two big birds in the sky, one that was green in color, and another that was red in color.

Right when the brothers were feeling excited, three black dots could be seen flying at high speed toward their direction.

The three black dots were precisely Xun Yi and the other two.

"Big brother! They are here!" Little Brother Red suddenly began feeling nervous.

"Yeah, I can see, I'm not blind!" Big Brother Green was feeling very nervous too.

Looking at the figures that were getting closer and closer, Little Brother Red suddenly asked, "Big brother, I recall that the characters within wuxia films have to announce their titles when they come across others. How should we announce our titles?"

"Watch and learn from me later on!" Big Brother Green had long thought up his own title.

Little Brother Red became reassured. Big brother is indeed clever and quick-witted.

Xun Yi and the other two also saw green and red brothers. Upon seeing the two, the three were very puzzled.

"Alliance Master Hai, are those two your people?" Guang Tianlu asked.

The reason Guang Tianlu asked Hai Daisi that question was because the two that were in front of them were dressed up very strangely and looked like people who belonged to the ability power world.

Hai Daisi shook his head, "Although us ability power users are hidden throughout the cities, we are all people who possess identities, we wouldn't dress up like how those two are dressed up."

"The people in my Cloud Sect wouldn't dress up like this too."

[You Cannot Afford To Offend My Woman](#)

Chapter 229: I belong to Buried Love Family

Guang Tianlu said gravely, "We are currently still not out of the north's boundary, could the two be..."

The expressions of the three became grave.

Seems like we are faced with a disaster. Adding on with the fact that we are all injured, this is basically one disaster on top of another.

In the blink of an eye, the three arrived at the front of green and red brothers.

Looking at Xun Yi, green and red brothers swallowed their saliva.

Why is there a woman amongst the three? This woman is so beautiful! Wouldn't it be a pity to kill her?

"Who are you two!" Xun Yi shouted out.

Although I am injured, I cannot show them any signs that I am injured, I have to pretend that I am fine.

Big Brother Green said coldly, "Since you have asked us with sincerity, I will be merciful and tell you who we are! I am Buried Love Family's green protector!"

After finish speaking, Big Brother Green struck a very cool pose.

Little Brother Red understood what to do in no time. After striking a pose first, Little Brother Red shouted out, "I am Buried Love Family's red protector!"

The three were still very puzzled.

When did a family that is known as Buried Love Family appeared within the north? Why is the name of the family so weird? And furthermore, those two look rather dim-witted.

"Why are you two blocking our path!" Hai Daisi asked.

Right when Big Brother Green was about to speak, a spanner fell out from his windbreaker jacket, and Little Brother Red caught onto the spanner by reflex.

The atmosphere became awkward.

Green and red brothers were currently conversing with each other with their eyes.

"Big brother, we are killers, we can't expose our identities like this!"

"I know, but the spanner had already dropped out from my windbreaker jacket."

"Then, big brother, you try and make something up to cover up yourself."

"I guess that's all I can do for now."

Big Brother Green took over the spanner from Little Brother Red, then said with a smile, "This... as a repairman, it should be normal to carry a spanner along with me, right?"

Right after Big Brother Green finished speaking, a plastic pipe dropped out from Little Brother Red's windbreaker jacket.

Little Brother Red hurriedly caught onto the plastic pipe. With a very unnatural look on his face, Little Brother Red scratched onto his head, then said, "Erm, as a plumber, it should be fine to carry along a plastic pipe with me, right?"

Xun Yi and the other two had a very strange look on their faces, they were completely dumbfounded by the two that were in front of them.

A spanner and a plastic pipe, are those two preparing for a street fight?

Suddenly!

A kitchen knife fell out from Big Brother Green's windbreaker jacket, and Big Brother Green immediately caught onto it.

"F**k, big brother, you even brought the kitchen knife along with you!"

Big Brother Green gave his little brother a glare, then explained to the three, "In actuality, not only am I a repairman, but I also work as a knife sharpener on the side."

In order to prove his occupation, Big Brother Green coughed lightly, then shouted out, "Knife sharpening~ Knife sharpening~ If anyone wants to have their knives sharpened, visit my store~"

Big brother is formidable, there are often people shouting out those lines in the village, I didn't expect that big brother would be able to imitate them so well.

Xun Yi and the other two were quite shocked by the two, however, they were also angered very much by the two.

We have actually just been toyed with by those two!

"I am Cloud Sect's sect master! If the two of you are clever, the two of you best scram now!" Xun Yi shouted out.

Upon hearing Xun Yi announced her title, green and red brothers felt a bit pressured.

"Big brother, it's Cloud Sect! Within novels, Cloud Sect is a very formidable existence!"

Big Brother Green rubbed onto his chin and said, "I heard that a lot of protagonists are from Cloud Sect."

"That's right. Whatever starting from being crippled, or starting from marriage being declined, all of them have all kinds of cheats. I reckon that this sect master here is going to get defeated by the protagonist that is in her sect soon."

"Perhaps, the protagonist is currently playing around with woods at the Cloud Sect's woodshed."

"Or perhaps, he had just been slandered by his senior brother, and is currently preparing to go and slap his senior brother's face?"

“Or perhaps, he is currently at his junior sister’s room... Hehe~”

The two laughed slyly.

Hearing the two insult her Cloud Sect like this, Xun Yi felt very furious.

However, after hearing what they said, there is indeed this one disciple within my Cloud Sect who is very outstanding and has been doing quite a few big matters recently.

“Audacious fellows, to dare to insult my Cloud Sect, watch my sword!”

Xun Yi could be seen condensing out a sharp sword, and with a sharp killing intent, she stabbed towards the two with the sword.

Faced against the sword that was stabbing towards them, green and red brother became dazed, especially Little Brother Red. Little Brother Red closed his eyes, not daring to look at what was going to happen next, then stretched out both of his hands to block onto the sword.

Ding~

A light sound rang out.

Upon feeling that the palm of one of his hands was feeling a bit itchy, Little Brother Red slowly opened his eyes.

The tip of the sword is stabbed onto the palm of my hand, but the sword didn’t pierce through my palm... What’s going on? A fake sword?

Little Brother Red pinched onto the tip of the sword.

Crack!

The crisp sound gave Little Brother Red a scare and caused Little Brother Red to jump.

The entire sharp sword could be seen to begin breaking apart starting from the tip of the sword. And in just moments, only the sword hilt remains of the entire sword.

Everyone was stupefied.

“Little brother, how did you do it?” Big Brother Green asked curiously.

“I don’t know, I just merely touched onto it.”

“Let me give it a try too.”

After finish speaking, Big Brother Green touched towards Xun Yi’s body.

Upon seeing that, Little Brother Red shouted out, “Big brother, you are so lowly!”

What I touched is the sword, and yet you are trying to touch the woman!

Xun Yi came back to her senses. Concentrating her gaze, surging spiritual energy erupted out from her left palm, and Xun Yi struck her left palm towards Big Brother Green.

The two palms, one big and one small, collided onto each other.

Pa~

Xun Yi straightforwardly flew out while coughing out a huge amount of blood from her mouth, and her beautiful eyes could be seen to be completely filled with shock.

Hai Daisi and Guang Tianlu were stunned too.

That red hair just touched onto the sword for a bit, and the sword broke. And as for that green hair, he didn't seem like he used a lot of strength, and yet, he actually sent Xun Yi flying away!

"Big brother! You will be single for the rest of your life if you act like this!" Little Brother Red cried out in surprise.

That woman is so beautiful, and yet big brother is still willing to lay his hands on her.

Big Brother Green didn't expect that he would be so formidable as he laughed, "It's fine, big brother still has you!"

"Big brother, I am not into that kind of thing."

Guang Tianlu could be seen taking out three cards, then snorted coldly, "The two of you can stop being arrogant!"

Little Brother Red cried out in surprise, "Playing cards!"

Little Brother Red's figure immediately disappeared, and when he returned, he was holding onto three playing cards within his hand.

"Big brother, aren't you very fond of playing with playing cards? Take a look at these three cards, what do you think these cards can do?"

Big Brother Green raised his hand and smacked onto Little Brother Red's head, "What are you doing! We are currently trying to kill people, and the other party is currently attacking at us! If you snatched away that person's weapon, how is he going to attack us? Quickly go and return his cards back to him! You are so rude!"

Little Brother Red scratched onto his head, then said with grievance, "I was just curious about just what abilities these cards possessed."

Guang Tianlu and Hai Daisi were stupefied, especially Guang Tianlu.

He is actually holding onto my summoning cards in his hand! This is nonsense, right!

Even Xiao Yi also wouldn't dare to hold onto my cards like this, and yet, this red hair is actually holding onto my cards!

This is not possible! This is definitely not possible! They are definitely cheating!

Pfft!

Pfft!

Pfft!

Guang Tianlu's eyeballs almost popped out of his eye sockets as he slowly lowered his head.

Three playing cards could be seen to have pierced into Guang Tianlu's body.

"Ah! Big brother, I didn't do it on purpose, I thought that he would dodge..." Little Brother Red became flustered and immediately did not know what to do.

Big Brother Green hurriedly went and consoled his little brother, "This is not your fault, that person chose to not dodge."

"Really?"

"Really."

"If that's the case, I can be at ease." Little Brother Red patted onto his chest in relief.

Guang Tianlu spat out a mouth of blood from his mouth.

That green hair actually said that I chose to not dodge! You have to at least give me some f**king time to react so that I can dodge, right!

Upon seeing what happened, Hai Daisi knew that things were bad.

In such a short moment of time, the two of them have already been defeated. I have to quickly run away now!

"Big brother, that single-arm hero is running away!" Little Brother Red shouted out loudly.

Big Brother Green could be seen taking out a wok spatula from his windbreaker jacket.

"Big brother, you actually even brought along a wok spatula with you, you have my respect."

[You Cannot Afford To Offend My Woman](#)

Chapter 230: We are all good people

"Didn't you bring the frying pan along with you?" Big Brother Green took a look at his little brother's butt, and there was evidently a frying pan hidden in the back of the little brother's pants.

Looking at Hai Daisi who was currently running away, Big Brother Green took aim, then threw the wok spatula at Hai Daisi.

A muffled sound rang out from far away, and a black figure could be seen falling towards the ground from the sky.

Big Brother Green let out a breath, "We are done with them."

"But... but they are still not dead yet." Little Brother Red said worriedly.

Big Brother Green pondered for a while, then said, "Let's gather them together and land on the ground first, then we can start thinking about how to deal with them."

Little Brother Red nodded. After gathering the three injured people, they landed at the mountain forest that was below them.

Green and red brothers looked at the three that were lying on the ground and did not know what they should do.

Right now, the three were in a very weak state, but they still haven't died, the spiritual energy that was within their bodies was slowly restoring their injuries.

"Big brother, what should we do?" Little Brother Red asked anxiously.

How would Big Brother Green know what to do? Big Brother Green patted onto his little brother's shoulder and said, "At a time like this, one requires guts. I, your big brother, already has enough guts, therefore, you can go ahead and train your guts by ending their lives. After you are done, we can head back to eat dinner."

After hearing the conversation between the two, the expressions of the three immediately sunk.

It seems like it is going to be very hard for us to escape death today!

"If you two are going to kill us, then make it quick! However, I won't let you two off even after I have turned into a ghost!" Although Guang Tianlu was currently in a very weak state, his tone didn't sound weak at all. From this, it could be seen that the three weren't going to die any time soon.

Meanwhile, on the other hand, Xun Yi's attitude was different from Guang Tianlu's attitude. Xun Yi was a woman, and she had an advantage compared to the other two.

"Little brothers, if you two can let me off, I can satisfy all of your requests." After finish speaking, Xun Yi even revealed out a shy look on her, causing the green and red brothers who were looking at her to become very excited. Unconsciously, the two bowed and gave their respects toward Xun Yi.

In their minds, Hai Daisi and Guang Tianlu scolded Xun Yi for being shameless.

From the looks of it, this is how you managed to become a sect master, right!

"Big brother, I can't bear to put my hands on such a beautiful woman. Big brother, I will let you deal with her." After finish speaking, Little Brother Red turned around, then closed his eyes and covered his ears.

Big Brother Green was rather brave when killing chickens, one chop, one chicken head. But when it comes to killing people...

Xun Yi seemed to have saw that there was hope for survival and she hurriedly said, "Little brothers, you two can be at ease, my skills are good."

Hai Daisi and Guang Tianlu's faces were filled with disdain.

"I know that your skills are good, but you don't have to brag about it, so zip it!" Big Brother Green shouted out.

This woman is truly coquettish, to actually brag that her skills are good.

Who doesn't possess good skills?

I have been under the sun for 50 billion years, but have you seen me brag about it? As a human, one has to be humble and stay low-profile.

Xun Yi was a bit giddy. From the looks of it, this person here is still a boy and not a man.

Hai Daisi and Guang Tianlu laughed.

Go on and act coquettishly more, those guys are not falling for your tricks at all.

Green and red brothers squatted at one side and began discussing about how they should deal with the three.

“Little brother, big brother has always treated you well, right?”

“That’s right, you would often not pay me back my money after lending money from me.”

“That’s because big brother doesn’t want to see you get infected with diseases. You have to understand big brother’s good intentions.”

“Big brother, I know what you want to say, but I’m scared.”

Big Brother Green let out a sigh, “I’m scared too. Especially when the knife goes into them, their eyeballs would bulge. Just thinking about it is frightening.”

“That’s right, we should let them die in peace and without pain.” Little Brother Red clasped both of his palms together and said.

“You are right, we are good people after all.”

Little Brother Red nodded his head, agreeing with what his big brother just said, “Then, what should we do to let them die in peace and without pain?”

“I heard the drugs that people use for euthanasia are the best, but it is a pity that we do not possess any of those drugs. The second-best option should be to bleed them, right? I heard that this method is not very painful, as while the person is being bled, they would faint due to loss of blood, and soon after, they would die while they are still unconscious.”

“This method is good, we will bleed them then!”

Little Brother Red agreed on the second-best option.

Big Brother Green held onto the kitchen knife and walked over to the three, “You all can be at ease, I will let you all die peacefully and without pain.”

“Little brother, I’m begging you, I have lots of money, and lots of treasures.” Xun Yi didn’t want to die, it hasn’t been long since she became a sect master and she didn’t want to die just like this.

Big Brother Green let out a sigh, “If you all want to blame, blame it on yourselves for provoking someone that you all shouldn’t have provoked.”

The three became startled at the same time.

Could it be, Xiao Yi? That’s not possible, if Xiao Yi had such strong underlings, he would have long used them! Then, just who could it be!

Hai Daisi hurriedly asked, “Big brother, you two couldn’t have recognized the wrong people, right?”

"Erm... Little brother, we didn't recognize the wrong people, right?" Big Brother Green asked.

"I don't know too." Little Brother Red shook his head.

The three were currently close to breaking down.

You two aren't even sure if we are the people that you two are looking for, and yet you two are intending on killing us! Is this really fine?! You two should at least confirm if we are the people that you two are looking for first, right?!

Big Brother Green could be seen grabbing onto Hai Daisy's remaining arm and said faintly, "Since the three of you are in a group, it means that we aren't wrong."

"En, we are killing according to the number of people in the group, and not according to appearances."

The three were really in despair. Who would actually kill according to the number of people in the group!

Xun Yi asked, "Then, what if there were only two of us who appeared just now?"

"Oh, then it would mean that you all aren't our targets." Little Brother Red revealed out an expression on him that was saying, are you an idiot, to actually ask such a childish question.

The three let out a breath at the same time. Why didn't we split up to escape just now...

"Endure for a bit." Big Brother Green warned with concern, then cut onto Hai Daisy's wrist with the kitchen knife.

After the main artery of the wrist was cut, blood began spilling out crazily.

Next was Guang Tianlu, then followed by Xun Yi.

"Sect master, it will be slightly painful, just endure it for a bit and everything will be over soon." Big Brother Green slightly rubbed onto Xun Yi's small hand.

My heart feels so painful, it's so white, and so tender.

"Just kill me."

"But, I don't dare."

Blood spilled out from the corner of Xun Yi's mouth, and the blood spilled out because she was greatly angered.

If I could move my body, I would have already killed myself, to avoid being toyed around by those two!

Big Brother Green slashed again with the kitchen knife, and blood began spilling out crazily.

Green and red brothers immediately ran away and began waiting at a spot that was far away, seemingly as if they had just set off firecrackers.

"Big brother, how long do we wait for?" Little Brother Red was very nervous.

"Eh... Let's wait for 10 minutes, I guess."

10 minutes later...

"You go and check if they have died." Big Brother Green shouted out.

Little Brother Red took in a deep breath as he stood up and went to check on the three. Soon after, Little Brother Red could be heard shouting out, "Big brother, they are still not dead yet."

"Huh?!"

Big Brother Green hurriedly ran over, and indeed, the three were still not dead yet.

"Kill me."

"Kill me..."

Right now, the three were wishing for death.

To them, this method of being bleed out till death was pretty much the cruelest kind of torture.

The spiritual energy within their bodies could create blood, and therefore, while their blood was spilling out from their wrists, the spiritual energy within their bodies was creating blood and recovering the blood that they lost.

Although the creation of the blood was slower than the speed that their blood was spilling out, it would take a very long time for them to die from blood loss.

Even more, while their blood was spilling, their brains were still conscious.

What people were afraid of wasn't death, what people were afraid of was waiting for death. Nothing was more painful and cruel than knowing that you were going to die soon, and yet you weren't able to do anything to change your fate.

"Big brother, what do we do!" Little Brother Red was very flustered.

"How would I know!" Big Brother Green was feeling very fidgety.

Suddenly, a black whirlpool appeared, and Wei Chang could be seen stepping out of the black whirlpool while holding onto a thermos cup.

"Uncle Wei."

"Uncle Wei."

The three looked at Wei Chang.

I don't recognize this guy...

Meanwhile, when Wei Chang saw the state that the three were in, Wei Chang went into a daze for a moment, then said happily.

"You two did very well. This method of bleeding them is indeed very ruthless and inhumane. I will report this matter to the boss, the boss will definitely reward the two of you."

Green and red brothers had a completely dazed look on their faces.

How is bleeding them considered ruthless and inhumane? It is not like we are killing them...

However, when the three heard what Wei Chang said, they were greatly startled.

These two are subordinates, and the one who just appeared is also a subordinate! If that is the case, just who is their boss!

Why do I not even know that such a big shot like this actually exists!
