

My Woman 271

You Cannot Afford To Offend My Woman

Chapter 271: Big noob

Within Dry Zen Sect, all the Ding Family's corpses have disappeared, and there was not even a speck of dust on the glossy limestone floor.

Looking at this, who would have ever thought that rivers of blood had formed here!

Within the main palace hall, His Honor who was wearing a gorgeous mage robe sat on the throne, his eerie bone hands were placed on the armrests, and his empty eye sockets were gazing at his seven subordinates.

"My patience has been completely used up by those foolish humans!" The cold tone caused the seven subordinates to become startled and immediately knelt down on the floor.

"Subordinate has been negligent in his(her) duties!" Voices that were trembling with fear rang out in the empty main palace hall.

His Honor slowly stood up, "Since the humans do not dare to come, I should personally exterminate them one by one!"

"Yes!"

"Greed, pick three targets first for now!" His Honor said calmly.

Upon hearing that they were going to kill people again, everyone within the seven sins became excited.

"Yes!"

Greed could be seen taking out a bunch of bamboo sticks and writing the names of the various powers on the bamboo sticks, then placed the bamboo sticks into a wooden box and began to lightly shake the wooden box.

The sound of the bamboo sticks clattering rang out in the main palace hall.

The fate of all of the powers was currently grasped by the bamboo sticks, the first three bamboo sticks that fell out from the wooden box, being exterminated was going to be their fate.

Clatter.

One of the bamboo sticks fell out of the wooden box and onto the ground.

Greed picked up the bamboo stick and took a look.

"Reporting to Your Honor, the first target has appeared!"

"Who?"

"South's Zhi Family!"

Although everyone didn't know what kind of family Zhi Family was, they didn't really care, it was fine to them as long as there were people in the family.

Greed continued shaking the wooden box.

“Your Honor, the second target has appeared, South’s Traceless Pavilion!”

The shaking continues.

“Third target, South’s Cloud Sect!”

Greed kept the bamboo sticks. Those bamboo sticks can still be used in the future, this method of choosing which power to kill is very exciting.

His Honor said faintly, “We will kill one power each day. I am going to thoroughly enjoy the humans’ screams of agony.”

“Yes!”

Along with what His Honor said, it meant that a lot of people won’t be dying a quick death. Dry Zen Sect and Ding Family could be counted to be fortunate as they were able to die without any pain!

The eight of them disappeared from Dry Zen Sect’s main palace hall and headed towards their first target, Zhi Family!

Right now, Ye Hua and his family returned back to Leisure Bar. The little fellow was exhausted from playing at the amusement park and was currently sleeping within her mother’s embrace.

Qing Ya pushed onto Ye Hua and was preparing to head to the bedroom.

“Wait, let’s go and take a look at Ye Zizi and Qing Yutong and see just what they are doing right now.” Ye Hua suddenly said.

“What else could they be doing right now, they are most probably playing with their games.” Qing Ya smiled tenderly.

The two entered into Qing Yutong’s bedroom, and Qing Yutong and Ye Zizi could be seen to not be sitting in front of their computers, and instead, they were lying down on their beds and playing a certain game on their phones. Looking at the two, the two were extremely focused on playing the game that they were currently playing on their phones.

This is strange, those two are actually not eating chicken.

“What are you two doing?” Ye Hua asked.

“Brother-in-law, don’t speak, Zizi and I are busy killing the dragon right now.” Qing Yutong said carefully, seemingly like the enemies would be able to hear her if she spoke too loudly.

With her brows tightly wrinkled, Ye Zizi pouted her mouth and said, “Big brother, Zizi has lost a lot of rounds already...”

Just what game is it that is able to make Ye Zizi lose?

Ye Hua wants to express that he was very curious, and he could be seen indicating to Qing Ya to push him closer to Ye Zizi.

Right when Ye Hua saw Ye Zizi's phone screen, the word "defeat" could be seen on her phone screen.

A tender voice could be heard suddenly ringing out from their phones, "Are you two stupid? The enemies are already pushing into our base, and you two are actually still fighting the dragon!"

"Ah~ Ah~ Ah~"

Ye Zizi couldn't accept the fact that she lost again and began frantically rolling about on the bed, while Qing Yutong actually began trash talking against the primary school student.

Ye Hua snorted, "Look at you two, a mere game actually made you two get so agitated. Qing Ya, help me to download the game."

"Ye Hua, I think it's best for you to not play now, you should rest early." Qing Ya said tenderly.

Ye Hua took out his phone and said faintly, "Quickly."

Although I am not able to carry you two to eat chicken, would I also not be able to carry you two to victory in a mere mobile game? Haha!

Ye Zizi was already cheating, but she still wasn't a match for the enemies when four of the enemies ganged up on her alone. When Ye Zizi got ganged up by four of the enemies, Ye Zizi was infuriated to the point that she wanted to suck them dry.

Shameless humans! To only know how to use numbers to win against me!

"Yutong, what is the game that you are currently playing?"

"King of Glory. Brother-in-law, I think it is better for you to just go and rest, this game is not that simple to play."

Ye Hua sneered, "Games that are not simple are precisely my favorites!"

After finished helping Ye Hua download the game on his phone, Qing Ya accompanied by Ye Hua's side and watched him play. Meanwhile, Ye Hua, Qing Yutong, and Ye Zizi began queueing up together.

Upon arriving at the champion selection page, Ye Hua picked Di Renjie.

This champion looks rather handsome.

"Yutong, Zizi! Follow me!" Upon entering into the game, Ye Hua began giving out orders.

Everything is under my control!

The three walked to mid-lane together, and Ye Hua said faintly, "Take down the turret!"

Qing Yutong, "....."

Ye Zizi, "....."

"Brother-in-law, can you go bot-lane instead, I'm begging you..."

"Big brother, why are you more noob than primary school students..."

Qing Ya laughed lovably, then gave Ye Hua a kiss as encouragement.

Seeing on the sake of Qing Ya's kiss, I won't scold the two of you.

Ye Hua listened to the two and walked towards the bot-lane from mid-lane.

"First blood!"

While looking at his screen that was currently grey, Ye Hua thought to himself, "There were actually five people hiding in the brush... and they actually killed me!"

"Brother-in-law, please do not feed."

"Big brother, don't feed."

"Ye Hua, from the looks of it, you aren't good in this game." Qing Ya laughed.

Alright, I have my eyes on you, you cunning humans!

Ye Hua controlled his champion and walked to the bot-lane, and upon arriving at bot-lane, he immediately saw two enemy champions.

When have I, the Supreme Overlord, ever been afraid of something? One word, fight!

Qing Yutong held onto her forehead upon hearing her bot-lane had been double killed.

Ye Zizi even shouted out, "Big brother, don't feed anymore~ Can you just disconnect instead?"

Seems like this is a game that requires intellect. I should farm up my champion first, then fight against the enemies!

Sure enough, Ye Hua didn't feed anymore and was farming the minions peacefully...

"Brother-in-law, we are team fighting, what are you doing..." Qing Yutong was suffering.

"What are you shouting for, don't you see that I am still farming for my items! You all hold them back first, wait till I get my items, we will naturally win the game!" Ye Hua said while killing minions.

20 minutes later, Ye Hua finally got his items.

However, four of Ye Hua's teammates had just been killed, and facing against five enemy champions, Ye Hua was completely no match for them at all.

Defeat.

Do all games have some kind of animosity toward me!

Death Mage and Xun Fang who were far away at Ying Family were also playing King of Glory.

While leaning onto Death Mage's stiff shoulder, Xun Fang said with a smile, "This Di Renjie is so stupid, from the start till the end of the game, all he had been doing was farming the minions."

Jiejie.

Imperial translation, "That's right, this Di Renjie is more noob than primary school students."

If the two were to know that the person playing Di Renjie was His Honor, they would immediately choose to become actors.

(In game, when one is acting as an actor, it practically means that the person is trolling for the enemy team to win)

“Ye Hua, I’m going to go and rest first, don’t become too angry and end up damaging your health.” Qing Ya said lovably, and before leaving, she didn’t forget to give Ye Hua a long kiss.

However, right now, Ye Hua didn’t have the mood to enjoy the kiss. After Qing Ya left, Ye Hua stood up, then said to Ye Zizi, “Move inside a bit.”

Ye Zizi pouted her small mouth. This big noob still wants to continue trolling us.

While lying on Ye Zizi’s bed, Ye Hua said gravely, “I know how to play the game now!”

Outside of the window, the night turned into daytime, and right now, Donghuang Li had already woken up and was intending on giving her father a kiss. In the end, Donghuang Li discovered that her father wasn’t in the bedroom.

“Where did daddy go to?”

Donghuang Li pushed open Qing Yutong’s bedroom door, and immediately, she saw her father.

It could be seen that, Ye Hua’s expression didn’t look really good, while Qing Yutong and Ye Zizi seemed like they were going to die anytime soon.

[You Cannot Afford To Offend My Woman](#)

Chapter 272: Panic

How could Ye Zizi and Qing Yutong not look like they were about to die? Because Ye Hua was extremely noob in the game, Ye Hua’s addition into their team was basically raising the difficulty of the game for the both of them.

“Zizi, go and check the brush!”

“Big brother, I am a mage, and you are a tank!” Ye Zizi was very dispirited.

Ye Hua shouted out gravely, “If I, the tank, were to die, who would be there to help you all tank the damage, and at that time, would you all still even have the chance to kill the enemy champions?”

There doesn’t seem to be anything wrong with what His Honor just said...

“Yutong, protect me!” Ye Hua shouted out, and within the game, Huang Zhong could be seen gradually moving closer to Arthur, then stayed right beside Arthur’s side. The damage dealer can die, but the tank must not die!

With the way they were playing, it was no wonder that they have been losing for an entire night.

“Daddy, what are you all playing?” Donghuang Li jumped onto the bed and asked curiously.

“Oh, so you all are playing King of Glory. Ah Li is already a High King.”

The three looked toward Donghuang Li, and the look on their faces seemed to be asking, is High King formidable?

Right now, the three still haven't played ranked mode, and they don't even know what bronze was.

Upon seeing his daughter's sweet smile, Ye Hua's mood became much better, "Ah Li, is being a High King formidable in the game?"

"Of course, Ah Li is top 100 in the entire server~"

"Little Ah Li, please carry me~" Qing Yutong said hurriedly.

Ye Zizi hugged onto Donghuang Li, "Ah Li, come and carry me for one game!"

"Alright, alright, alright, let me go and find mommy and ask her for her phone first then."

However, one hour later, Donghuang Li finally understood what the meaning of "cannot be carried" was.

So, Aunt Qing and Aunt Ye are this noob... And the one who is the most noob is daddy. When daddy sees that I am being bullied, he would rush in without thinking at all.

Although daddy is really noob, I really like daddy~

Ye Hua who was currently playing with his game suddenly received news from Wei Chang.

"Your Honor, Zhi Family was exterminated!"

"Zhi Family? Never heard before." Ye Hua was engrossed in playing with his game. And in actuality, losing or winning wasn't important, the thing that was important was accompanying his daughter.

"Eh... In actuality, subordinate has never heard of this Zhi Family too. However, according to the news that Xun Fang told me, this group of counterfeits is extremely ruthless, and the way that they do things is extremely similar to the way Your Honor do things in the past."

"There is such a matter like that? If that's the case, leave them alone for now and see what happens."

"Yes!"

Ye Hua didn't expect that the group's way of doing things would actually be extremely similar to the way that he does things in the past. While feeling that the matter was very interesting, Ye Hua also felt very confused.

Qing Ya and Donghuang Baizhi suddenly appeared, and the expression that was on their faces was very grave.

Ye Hua knew that they definitely found out of the news.

"Ye Hua, I am going to take a trip back to Voidless Realm."

"I will be tagging along with Baizhi." Qing Ya said.

Ye Hua placed his phone away and asked gravely, "What are you two going to Voidless Realm for?"

Donghuang Baizhi blinked her beautiful eyes, then said, "I'm just going back to hold a meeting."

"What about you?" Ye Hua asked Qing Ya.

"Baizhi said that she was going to teach me how to use techniques."

Ye Hua thought for a bit, then said gravely, "If you two dare to not tell me anything and make decisions on your own, I will smack you two's butts till they swell!"

"Daddy, handsome~" Donghuang Li gave her father a thumbs up.

Mommy is so obedient in front of daddy, much more obedient compared to when Ah Li is in front of daddy.

The two women promised with a smile on their faces.

"After you two leave, who will be taking care of me?" Ye Hua asked the question that he was concerned about.

Qing Ya took a look at Ye Zizi, then took a look at her sister, "Yutong, I will be handing your brother-in-law in your hands while I'm away."

"Ah!!!" Qing Yutong cried out in surprise, then looked at her brother-in-law while shivering.

After finished speaking, the two women left.

And after finished playing a round of the game, Donghuang Li immediately left.

Aunt Qing and Aunt Ye are really noob, and daddy is the most noob. I should go and watch cartoons instead.

After his daughter left, Ye Hua said faintly, "Yutong, what are you waiting for, come and help me change my clothes."

"Brother-in-law, you don't have to act anymore, my big sister is not here." Qing Yutong said while pouting her small mouth. I have already been trolled by you for an entire night, so please let me off already.

Ye Hua's face immediately became solemn, "You are not listening to me? Come over and lie down on my legs!"

Ye Zizi curled up at the corner, hoping to not get dragged into this.

"Brother-in-law, you~"

"Hurry up! After not educating you for a few days, you have become very naughty, huh!" In actuality, Ye Hua wanted to educate Qing Yutong because his hands were feeling itchy.

Qing Yutong looked towards Ye Zizi for help, and the latter straightforwardly covered her head with her blanket.

"Brother-in-law, don't hit too hard." While with her face red, Qing Yutong lied down on Ye Hua's thighs.

My butt is going to be smacked by brother-in-law again, I feel so happy~

A beautiful symphony began ringing out within the bedroom.

After quite a while, Ye Hua left the bedroom while in his wheelchair and headed to his own bedroom to sleep.

Qing Yutong rubbed onto her butt.

My butt hurts and feels numb~

“Big Sister Qing, does it feel good?” Ye Zizi stretched out her small head and asked curiously.

“Feel good your head! I’m exhausted to death, I’m going to go to sleep now.” Qing Yutong said petulantly, then lied down on the bed with the front of her body on the bed, she didn’t dare to lie down on the bed with the back of her body on the bed.

“Masochist.” Ye Zizi mumbled, then went to sleep too.

While the few of them were sleeping, the entire Cultivation World was in a mess, everyone was panicking and worried about their own life.

Outside of the aristocratic families’ houses, there were a bunch of people seeking the aristocratic families for an explanation. And amongst those people, there were family heads, sect masters, and so on.

“Those aristocratic families are all cowards! The moment something happened, all of them shrunk back into their shells like turtles!” One of the family heads said indignantly.

Every year, I handed so much money over to those aristocratic families, and yet, when a serious matter like this arises, they are ignoring the matter and leaving the matter unattended!

“It has been only a few days, and Dry Zen Sect, Ding Family, and Zhi Family have all been exterminated! I heard that, even up till now, screams of agony that could send shivers down one’s spine still ring out from Zhi Family!”

“No, this won’t do, we have to get the aristocratic families to deal with that group of people! Those aristocratic families possess ancient godly items, if they don’t dare to go and deal with that group of people, they should hand over their ancient godly items!”

“Hand over the ancient godly items, you all do not deserve to possess the ancient godly items!”

“Hand over the ancient godly items, you all do not deserve to possess the ancient godly items!”

“Hand over the ancient godly items, you all do not deserve to possess the ancient godly items!”

Shouts continuously ring out outside.

And the four aristocratic families’ family heads that were sitting inside were having a hard time too.

The big powers that are above us are not willing to go and deal with that group of people, so what else could we do? If we were to go and deal with that group of people, it would be no different from us sending ourselves to our own death.

“Since they are being heartless, there is no need for us to be loyal!” Diao Lang stood up from his seat, then straightforwardly walked outside.

The three others immediately followed after Diao Lang.

It is not that we do not want to take care of that group of people, it is that we do not possess the power to deal with that group of people.

Diao Lang stood in the air and shouted out to the few hundred people, “Fellow family heads, fellow companions, and fellow brothers and sisters! Do not be flustered!”

“Companions your mother! Quickly go and kill that group of people!” The people below completely did not give face at all, and right after Diao Lang spoke, they immediately began cursing out at Diao Lang.

When have the aristocratic families ever been cursed at like this before? However, with how the situation was right now, it was inevitable for them to be cursed at.

Wu Sheng’s temper was not really good, and he could be seen shouting out, “All of you, shut up!”

As expected, martial strength was the only way to suppress those people!

Diao Lang let out a light sigh, “Everyone, I have already reported this matter to the big powers, but the big powers are completely avoiding this matter! We, the aristocratic families, are also at a loss of what to do right now!”

“How is that possible! One of the big powers’ responsibilities is to maintain order in the south, you are definitely lying to us!”

Immediately, the scene became just like a market, with everyone shouting and screaming. All of those people were the head of a power, and yet right now, they were acting just like a bunch of peddlers.

“Ying Family’s power became greatly weakened because of their battle against Voidless Realm, thus Ying Family rejected to deal with that group of people. And as for Ji Family, they completely ignored us. We, the aristocratic families, are having it hard too!” Diao Lang shouted out, and his voice was filled with helplessness.

If you all want to look for help, you all should go and look for the big powers for help, what use is there in looking for us for help.

Ding Family was exterminated by that group of people in mere seconds, so what makes you all think that we are able to deal with that group of people?

[You Cannot Afford To Offend My Woman](#)

Chapter 273: Court death

All of the family heads have heard that there was a big battle between Ying Family and Voidless Realm, and now that the battle was confirmed by Diao Lang, they still couldn’t help but exclaim in astonishment.

For the south's glory, Ying Family waged war with Voidless Realm, meanwhile, this damned Ji Family, their strength is intact and strong, and yet they are hiding and avoiding dealing with that group of people!

"Let's get Ji Family to deal with that group of people!"

"That's right, that's right, Ji Family's strength is the strongest right now!"

"Everyone, don't panic, we will head to Ji Family together and pressure Ji Family to go and deal with that group of people! Aristocratic family heads, the four of you should lead us to Ji Family!"

"That's right! We should head to Ji Family and pressure them to deal with that group of people!"

"I will go and buy the loudspeaker megaphones!"

"I will go and buy the banners!"

"I will go and call more people to join us!"

The four aristocratic family heads looked at each other.

What should we do, the situation is getting even more out of hand!

"Forget it, we will bring them to Ji Family, and the rest of the matter is not of our concern." He Tian said gravely.

Because of this matter, I have constantly been having a headache. This group of people, when they become afraid of something, they end up becoming not afraid of anything else.

The three others silently nodded their heads. Right now, this is the only way to get those people off us.

Meanwhile, at Voidless Realm, Donghuang Baizhi brought along Qing Ya to take part in an important meeting.

In the beginning, Qing Ya rejected to take part in the meeting, but Donghuang Baizhi said that, they were a family right now, and there wasn't anything that was needed to be hidden from Qing Ya.

In the end, Donghuang Baizhi dragged Qing Ya to the main palace hall.

At the main palace hall, Qing Ya expressed that she will sit at the lower seats and listen, she won't sit together with Donghuang Baizhi at the main seat.

Without choice, Donghuang Baizhi arranged a seat for Qing Ya in the lower seats.

At the main palace hall, besides from Yuan De, Xing Han, and He Xuan, five new military officers of Voidless Realm were present in the meeting too.

The five new military officers were puzzled about Qing Ya who was sitting right below their empress, but they didn't say anything. After all, in their eyes, Qing Ya was a family with their empress, and during the battle against Ying Family, Qing Ya's contribution to the battle wasn't small as she was the one who repelled Ying Family at the end.

Yuan De and the two other elders didn't say anything. In their eyes, Qing Ya possessed the bloodline of Nuwa, and as someone who possessed the bloodline of Nuwa, it was fine even if Qing Ya sat on the same level as their empress.

"Your Majesty, the south is currently faced against a big calamity, should we help them out or not?" Yuan De raised the most important topic in today's meeting, should they help out the south or not?

He Xuan cupped his hands and said, "Your Majesty, this matter is south's own matter, it is best that we, the north, do not get involved in their matter."

Xing Han agreed with what He Xuan said, "Your Majesty, Voidless Realm's strength has already been greatly weakened from the battle against Ying Family, it is not suitable for Voidless Realm to go into another battle again so soon!"

How would Donghuang Baizhi not know about those things? But upon hearing that family after family was exterminated, she couldn't bear to just ignore the matter.

"Qing Ya, do you have any opinion towards this matter?" Donghuang Baizhi chose to ask Qing Ya.

Qing Ya also understood everything.

Standing at Voidless Realm's point of view to look at things, Voidless Realm indeed shouldn't go into battle again, but standing in justice's point of view, this evil force has to be eliminated!

"I think that Voidless Realm shouldn't get itself involved in this matter."

After considering the entire Voidless Realm, Qing Ya gave her own opinion. After all, Qing Ya couldn't joke around with others' lives.

Donghuang Baizhi let out a light sigh, she understood what Qing Ya was trying to say.

"All of you can leave, we will discuss about this matter again later on." Donghuang Baizhi waved her hand.

Very quickly, only two people remained in the main palace hall.

"Qing Ya, it should be fine for you to speak your mind now." As an empress, Donghuang Baizhi's ability at discerning things wasn't a joke.

Qing Ya laughed lightly, "Baizhi sure understands me."

After pausing for a moment, Qing Ya continued and said, "The strength of this group of people is very strong, therefore, even if you were to send lots of people over to the south to deal with that group of people, those people would only be throwing away their lives."

"So, what you are saying is?" Donghuang Baizhi asked while with her brows wrinkled.

"The two of us can go to the south and deal with that group of people ourselves."

Donghuang Baizhi didn't expect that Qing Ya's guts would be this big. After being astonished, Donghuang Baizhi began praising Qing Ya in her own mind.

As expected of the woman that Ye Hua chose, Qing Ya is not just a flower vase, and this courage of hers is truly remarkable!

“Alright! The two of us will go to the south and deal with that group of people!”

Donghuang Baizhi immediately agreed with Qing Ya’s idea.

However, soon after, the excited look that was on Donghuang Baizhi’s face collapsed, because a problem came to her mind.

“Qing Ya, since your relationship with Ye Hua is the best, you should go back and plead Ye Hua to let us go to the south.” Donghuang Baizhi said stealthily, seemingly like she was afraid that Ye Hua would find out if she spoke too loudly.

Qing Ya shook her head, “Ye Hua likes it when you act all high and mighty. You should go back and exhibit your empress aura in front of him and get him to allow us to go to the south.”

Donghuang Baizhi immediately cowered, “I don’t dare. Qing Ya, I think it is best for you to go and plead Ye Hua.”

“How about we go back together and seduce him into agreeing to let us go to the south?” A good idea appeared in Qing Ya’s mind.

“Would that work?” Donghuang Baizhi asked curiously.

“Definitely!” Qing Ya was very sure that it would work.

Donghuang Baizhi smiled tenderly, “Come, I will teach you how to use techniques first.”

“En, we are going to have to speed things up.”

If Ye Hua were to know of what was going through their minds, he would definitely give them a lesson.

Do the two of you think that you two are playing house, where the two of you can run away if you two aren’t able to defeat that group of counterfeits? These two wives of mine truly do not know how high the heaven is.

Early morning, Ye Hua who was on the bed slightly opened his eyes, then moved his hand to his side, but his side was completely empty.

They actually didn’t return home! What is the meaning of this! Do they not know that there is a handicapped at home that needs to be looked after!

“Your Honor! Traceless Pavilion has been exterminated, but the pavilion master, on the other hand, is still alive.” Wei Chang’s voice rang out in Ye Hua’s head.

Right now, Traceless Pavilion’s Pavilion Master Ge Zheng was currently heading towards Ji Family, and was still completely unaware that his Traceless Pavilion had been exterminated. And it was because that Ge Zheng wasn’t at Traceless Pavilion, he ended up surviving from a calamity.

Ye Hua said, “The speed of this group of counterfeits is rather fast, they are exterminating one power each day.”

“Your Honor, should we start doing something now?”

“Do what? Call the police instead.”

“.....”

After cutting off the connection with Wei Chang, Ye Hua got off his bed, then lighted up a stick of cigarette.

Standing by the window and looking at the hotpot store that was not far away, Ye Hua thought to himself, “Is someone manipulating things to try and force me to show up? Or am I just thinking too much?”

“There are always some people who think that they can challenge me. And in the end, their fate would be but a word, death. Why do some people just like courting death?”

A ripple suddenly appeared in the bedroom, and Ye Hua could be seen immediately jumping onto his bed.

Qing Ya and Donghuang Baizhi could be seen appearing in the bedroom.

While looking at Ye Hua who was sleeping soundly, the two of them smelled a cigarette smell drifting in the air.

This Ye Hua, he is able to smoke while sleeping?

“Ye Hua, wake up.” Qing Ya shook onto Ye Hua and tenderly called out to him.

Ye Hua opened his eyes and looked at the two women, “The two of you have come back.”

“Were you smoking just a while ago?” Donghuang Baizhi asked curiously.

Eh...

“I have indeed smoked a stick of cigarette just a while ago, and I went back to sleep after finished smoking that stick of cigarette.”

Looking at the cigarette butt that was on the window ledge, Qing Ya asked confusedly, “Why is the cigarette butt on the window ledge?”

F**k, what is the meaning of this! Are you two questioning me! I still haven’t even talked to you two about the matter that you two stayed out all night!

“I threw the cigarette butt all the way over there from the bed. What did the two of you go to do! To actually not even come back home!” Ye Hua began changing the subject and asked while with a solemn expression on his face.

Qing Ya and Donghuang Baizhi took a look at each other. It is time to begin with our plan.

The two women could be seen suddenly lying on Ye Hua’s sides, then stretched their delicate hands into Ye Hua’s clothes and caressed onto Ye Hua’s sturdy chest.

“Ye Hua~~”

The two women called out lovably, and even gave Ye Hua a kiss.

This caused Ye Hua to become engrossed in what the two women were doing.

No, something is wrong! They wouldn't suddenly fawn upon me for no reason!

The two of them actually tried to seduce me! Truly brilliant! There is no need to say much, this is definitely Qing Ya's idea.

"Ye Hua, we are intending to go to the south and deal with that group of people by ourselves." Qing Ya kissed onto Ye Hua's cheek and said tenderly.

Donghuang Baizhi did the same too.

Right now, Ye Hua's face was filled with red kiss marks. As a man, to be able to enjoy such treatment from those two women, Ye Hua should really feel content.

Is this all you two have to offer? If this is the case, the two of you are looking down on my willpower!

"No! The two of you are not allowed to go to the south!"

Qing Ya and Donghuang Baizhi knew that it would end up like this, and the two of them finally steeled their hearts and stretched their delicate hands into Ye Hua's pants!

This caused Ye Hua's brows to twitch.

These two are ruthless enough! This feels so comfortable...

Donghuang Baizhi said shyly, "Ye Hua, let us go please~"

"En~ We will head to the south tomorrow, then return back on the day after tomorrow and accompany you to sleep~" Qing Ya bit onto her lips, and this action of Qing Ya's caused Ye Hua to almost go crazy.

This Qing Ya, she is too alluring!

This feels great~

[You Cannot Afford To Offend My Woman](#)

Chapter 274: Wife pamperer

Ye Hua who was feeling like he was in heaven nodded his head.

However, the moment Ye Hua nodded his head, those delicate hands disappeared, and the comfortable feeling immediately disappeared too.

Opening his eyes to take a look, there was no one else in the bedroom at all.

If not for the body fragrance that was still lingering in the air, Ye Hua would have thought that everything was just a dream.

Ye Hua rubbed onto his forehead and thought to himself, "Those two swindlers! To actually dare to even swindle me!"

“Great, I ended up allowing them to head to the south to deal with that group of counterfeits. Should I go back on my words? No, this is not something a person of my character would do.”

“The words that I spoke, even nine dragons wouldn’t be able to pull them back.”

“However, my plans are all messed up now. Just base on the capabilities that those two possess, they are practically sending themselves to their own death. Seems like, I am going to have to go and deal with that group of counterfeits myself!”

“Since they are intending on going to the south tomorrow to deal with that group of counterfeits, I will help them take care of that group of counterfeits tonight.”

“Also, it is about time for me to go and meet with that group of counterfeits!”

“Wei Chang!” Ye Hua said faintly.

“Your Honor, do you have any orders for me?”

“We will pay that group of counterfeits a visit tonight and exterminate them.”

“Yes!” Although Wei Chang did not know why His Honor suddenly wanted to deal with that group of counterfeits, Wei Chang did not ask any question and merely responded respectfully.

Meanwhile, right at this moment, in preparation for tomorrow’s big battle, Qing Ya was currently undergoing Donghuang Baizhi’s devilish training. The two were completely unaware that Ye Hua was going to help them sweep away their obstacle tonight.

As expected of Ye Hua, the wife pamperer.

News of Traceless Pavilion had been exterminated swept through the entire south in no time, causing the panic to become even more critical. All of the sects and families were going on a lockdown and scattering their disciples and members throughout the south.

Meanwhile, the people in the north were sort of rejoicing in the south’s misfortune.

Ji Family was situated in a jungle that was located within the southwest, and pretty much the same as Voidless Realm, there was a layer of barrier that covered Ji Family’s territory.

However, Ji Family’s barrier was a lot weaker compared to Voidless Realm’s barrier.

Of course, to Ye Hua, no matter what barrier it was, it was just a matter of one cigarette butt.

Right now, outside of the barrier, several thousands of people could be seen to have gathered. Banners, speakers, and megaphones could be seen everywhere.

“Not good! Not good!” A man could be seen appearing in the air and shouted out while with a flustered expression.

“What’s the matter! Did something happen again!”

“Traceless Pavilion has been exterminated!”

Right now, Ge Zheng was currently holding onto a megaphone and cursing at Ji Family for being shameless and still has not noticed the situation that was behind him.

“Pavilion Master Ge! Don’t shout anymore, something big happened!” Someone that was behind Ge Zheng patted onto Ge Zheng and said.

Ge Zheng turned his head around and shouted out, “What matter is it? Right now, the most important matter is to pressure Ji Family to come out!”

“Your Traceless Pavilion has been exterminated!”

Ge Zheng’s expression immediately froze, and the megaphone that was in his hand fell onto the ground, “What did you say! My Traceless Pavilion has been exterminated?!”

“That’s right, news of this matter just arrived a while ago!”

Ge Zheng suddenly held onto his forehead, and he seemed like he was about to collapse onto the ground. Luckily, someone that was behind him held onto him.

After a long while, Ge Zheng stood his body up. With his eyes filled with bloodshot, Ge Zheng gathered spiritual energy into his right hand and smashed his right fist onto the barrier, “You bunch of cowards! Come out!”

Bang!!!

Ge Zheng’s fist which landed on the barrier didn’t even cause a ripple to appear on the barrier.

Upon seeing that, everyone became silent.

Faced against that group of people, we are helpless against them, and even a big shot like Ji Family do not dare to go and deal with that group of people. If this is so, what can we even do against that group of people!

“What are you all being in a daze for! Today, my Traceless Pavilion is the one who gets exterminated, and tomorrow, your power may perhaps be the next to be exterminated! If this Ji Family doesn’t go and deal with that group of people, we are all going to die at the hands of that group of people!”

What Ge Zheng just said was quite effective. After hearing what Ge Zheng said, all of the big shots began attacking Ji Family’s barrier. However, their attacks were pretty much useless to the barrier.

At the inner part of Ji Family.

The three brothers were seated at a pavilion and drinking tea, completely not caring about the lives and deaths of those people that were outside.

“Big brother, should I just go outside and kill them all? Look at just how much of a scene they are making outside our Ji Family!” Ji Ji snorted. Ji Ji simply despised those people.

Ji Teng laughed, “Second brother, if those people were to all be killed, we would become infamous.”

“If not, do we have to listen to those people curse at us every day?” Ji Ji was very gloomy.

I didn't expect that there would come a day where others would curse at us, and yet I am not allowed to do anything to those people.

As the family head, while with a smile on his face, Ji Zizhen slowly placed his teacup onto the table, then said, "After cursing at us for a few days, those people will get tired and leave. At that time, we can just casually charge them with a crime, then kill a few of them to intimidate the rest."

"Big brother is brilliant!" Ji Ji calmed his anger, then cupped his hands and said.

"However, it must be said that, that unknown power sure is cocky. If not for the sake of taking down the two other big powers, that unknown power would have long been exterminated by our Ji Family." Ji Zizhen laughed lightly.

Ji Zizhen picked up the teapot, then poured tea for himself and his two brothers.

"Thank you, big brother."

The corner of Ji Zizhen's mouth slightly raised, "In the future, there are still a lot of difficult matters that I will have to trouble you two to help with."

"Doing things for Ji Family is a part of my duty, big brother, you are being too serious with your words!"

The two brothers stood up and said respectfully.

Ji Zizhen was very satisfied with his two brothers' attitude.

Today, Ye Hua didn't have anything to do, and both of his wives were not by his side too, therefore, Ye Hua went to accompany his daughter to watch cartoons.

"Daddy, why is Wolffy not able to eat till any of the goats every time? Wolffy is so pitiful." While lying in her father's embrace, Donghuang Li asked curiously.

This question made Ye Hua become a bit happy.

Seems like my daughter takes after me.

Ye Hua laughed lightly, "Wolffy is merely playing around with the goats, if he really wanted to eat them, he could easily do it."

Donghuang Li didn't really understand what Ye Hua said.

Ye Hua guided attentively, "Strong beings disdain killing weak beings, but strong beings can control the weak beings and use the weak beings to entertain themselves."

Now that Qing Ya and Donghuang Baizhi weren't here, Ye Hua began instilling his daughter with his fallacious reasoning.

"Then, is Ah Li a strong being or a weak being?" Donghuang Li pointed to herself.

Listening to what daddy said, I seem to be a weak being.

Ye Hua laughed, "In the future, Ah Li will naturally become a strong being, and everyone is going to have to listen to what Ah Li says."

“Is that so? Will Ah Li become a strong being in the future? But Ah Li wants to accompany daddy forever.” Donghuang Li hugged her father. She seemed to have thought that if she were to become a strong being, she wouldn’t be able to be with her father anymore.

While patting onto his daughter’s back, Ye Hua said faintly, “Ah Li, every child has to become independent sooner or later. You can’t stay by daddy and mommy’s sides forever, there will come a time where you would have to soar.”

“Hmmm~ Ah Li does not want to become independent, Ah Li wants to be together with daddy forever and take care of daddy~”

Ye Hua was helpless.

Children are like this, they are especially attached to their parents. I will talk about this topic again with Ah Li in the future, and if worse comes to worst, I will just “release” Ah Li into the wild.

My children have to learn to stand on their own feet, no matter if they are a boy or a girl. This is all for their own good!

In this world where the strong prey on the weak, one can only depend on themselves, and as a father, the most I can do is to guide Ah Li to become independent and strong.

After finished watching the cartoon, in the afternoon, Ye Hua began teaching Ah Li techniques.

It must be said that, Ah Li was very quick in learning things, no matter what techniques Ye Hua tried to teach Ah Li, Ah Li was able to grasp the basics of the techniques after being taught just once or twice. For a child, this could be considered a very remarkable feat.

The sky gradually turned dark, and after eating dinner, Ye Hua played King of Glory with his daughter, Ye Zizi, and Qing Yutong. And after Ye Hua was done trolling the three girls in the game, Ye Hua placed his daughter who was currently asleep onto the big bed, then placed a spell on his daughter which allowed his daughter to sleep soundly.

Afterward, Ye Hua used a mirror image spell, and a mirror image of Ye Hua could be seen sleeping on the bed.

If my wives came back and saw that I am not home, it won’t be good.

This time, Ye Hua didn’t intend on bringing too many people, and he only brought along Wei Chang with him.

You Cannot Afford To Offend My Woman

Chapter 275: Two His Honors facing against each other

The two arrived at the sky above Zhi Family and looked at the Zhi Family that was below them.

This Zhi Family is rather rich, this manor that they live in sure is luxurious.

As expected, I am a good house husband who doesn’t spend much money.

Right now, minute screams of agony could still be heard coming out from Zhi Family, and judging from the screams, the situation within Zhi Family was definitely not very hopeful. However, Ye Hua didn't really care about that.

"Your Honor, subordinate is able to take care of those people alone, Your Honor can just stay here and watch while subordinate take care of those people." Wei Chang slightly arched his body and said, his tone was filled with sincerity.

Ye Hua took out a stick of cigarette and ignited the cigarette, "There is also a counterfeit of me, I am quite interested in meeting with my counterfeit."

"This group of counterfeits was dead the moment they offended Your Honor! Your Honor's dignity is not allowed to be trampled on by anyone!" Wei Chang shouted out gravely, and the aura that erupted out from him was even denser than during the day where Ying Family fought with Voidless Realm.

Wei Chang's aura attracted the attention of the people that were below them, and those people could be seen looking towards the sky.

Ye Hua said calmly, "Wei Chang, follow me."

"Yes!"

After finished speaking, the two landed within Zhi Family's manor. The manor was permeated with the smell of blood, and severed limbs were scattered all around. Just this scene alone was enough to make one feel like puking.

While smoking onto his cigarette, Ye Hua walked at the front, and Wei Chang respectfully followed behind Ye Hua.

"Save me... save me..." When a man that was lying on the ground saw Wei Chang and Ye Hua appeared, the man hurriedly called out to the two of them for help as he slowly crawled towards the two of them, leaving a trail of blood on the lawn.

Ye Hua silently took a look at the man, then continued walking towards the luxurious house that was not far away from him.

Wei Chang took a look at the man, then lightly waved his hand and ended the man's misery.

The man died while with his eyes opened wide, evidently to not have died in peace.

The man originally thought that the two that appeared were here to save Zhi Family, but who would have thought...

From the very beginning, Ye Hua was never a good guy, and as his subordinate, Wei Chang was no different too.

Ye Hua and Wei Chang stood beside a fountain, and right now, the water of the fountain had already been dyed red by blood, and the fountain was currently spraying out bright red watery blood. It was a frightening sight to behold.

The screams of agony that were coming out from the house suddenly stopped. From the looks of it, the people inside the house must have discovered Ye Hua and Wei Chang.

"Wei Chang, look at those families, they sure know how to enjoy life." Ye Hua flicked his cigarette ash, then sighed.

Back then, I too enjoyed life with material things, but in the end, material things are ephemeral. As long as I am with people who are important to me, life is an enjoyment no matter where I am.

Wei Chang said respectfully, "The reason humans earn money is so that they could live life more enjoyably, this is how it has always been throughout all ages."

"Indeed. Oh, that's right, I will be increasing your wages to two times your current wages."

Wei Chang immediately kneeled down and said while feeling touched, "Thank you, Your Honor!"

"There is no need to thank me, Qing Ya is the one who increased your wages. I am even poorer than you." Upon thinking of Qing Ya, Ye Hua couldn't help but laugh dryly.

"Ah!!!" Wei Chang cried out in astonishment.

Ye Hua's expression changed and said coldly, "Regarding this matter, it is fine that you know about it, but if words of this matter were to spread, I will order you to break up with your Xiao Tang!"

"Subordinate wouldn't dare!" Wei Chang hurriedly said. Right now, Wei Chang felt that he knew too much, and that wasn't a good thing.

The door of the house could be seen opening, and four figures slowly walked out of the house.

Upon seeing the four figures, Ye Hua was a bit surprised.

This skeleton is too similar to me! That expression, the way he walks, and that acting cool aura, how is it possible for all of it to be so similar!

Also, that mage robe, up to this day, that mage robe is still in my ring, so, how is it possible for him to possess that mage robe too!

Ye Hua couldn't help but gasp in astonishment. The skeleton was too similar to him!

Afterward, Ye Hua looked towards Ye Zizi's counterfeit.

Although Ye Zizi's counterfeit doesn't look exactly like her, the expression that is on the counterfeit's face embodied the essence of Ye Zizi.

As for that man who is wearing a suit, he should be Wei Chang's counterfeit. Not bad.

And that youngster over there, he should be Lie Gu's counterfeit, his entire body is emitting out a dissolute aura.

"Who are you!" Counterfeit Ye Hua asked calmly.

Haha, even the tone of this counterfeit is so similar to my tone. This is a bit interesting.

In order to prevent his corporeal body from being damaged, Ye Hua revealed his true form.

Biu.

A skeleton frame appeared within the four's eyes.

Counterfeit Ye Zizi looked at the real Ye Hua while with a dumbstruck expression on her face, then looked back and forth at her left and front. There are two His Honors!

Not only was Counterfeit Ye Zizi dumbstruck, even Counterfeit Ye Hua was dumbstruck too.

Counterfeit Wei Chang came back to his senses and shouted out angrily, "Audacious! To actually dare to imitate His Honor!"

Counterfeit Wei Chang's arms suddenly transformed into ferocious beasts. The teeth of the ferocious beasts seemed like they were able to bite all kinds of items in this world in half, and the sticky saliva that was drooling out from the ferocious beasts' mouths was enough to make one feel both disgusted and terrified at the same time.

After seeing that, Wei Chang himself was also very surprised. This counterfeit is too similar to me!

The two ferocious beasts attacked Ye Hua.

Ye Hua took a puff of the cigarette, and without his corporeal body, similarly to Death Mage, the smoke began leaking out from his skeleton body.

"Wei Chang, do you perhaps have a little brother?" Ye Hua turned his head around and asked curiously.

Wei Chang smiled humbly, "Your Honor, subordinate do not have any siblings."

"What a pity."

"Your Honor, you can hand those three counterfeits to subordinate." Killing intent appeared within Wei Chang's eyes. To actually dare to be impudent while in front of His Honor! This is unforgivable!

"Take your time to play with them, don't end up scaring them too quickly."

"Yes!"

Wei Chang's right hand began wriggling, and similarly to Counterfeit Wei Chang, Wei Chang's right hand transformed into a beast!

All three beasts looked exactly the same, however, the size of the beast that Wei Chang's right hand transformed into was a lot bigger!

And when the beast's size was bigger, it also meant that the beast's mouth was bigger!

With a bite, the large beast bite onto the two beasts, then forcibly tore the two beasts off of Counterfeit Wei Chang's arms and swallowed the two beasts whole.

Counterfeit Wei Chang was very astonished as he retracted back his arms. And when Counterfeit Wei Chang's arms transformed back to normal, his arms could be seen to still be intact.

"The three of you, come over!" Wei Chang pointed at the three counterfeits and shouted out, then walked to the side.

Counterfeit Ye Hua said faintly, "Go on."

It was only natural for a boss to fight against a boss, and underlings to fight against underlings.

"I have a few questions that I want to ask you." Ye Hua said faintly.

"I also have a few questions that I want to ask you." Counterfeit Ye Hua said faintly.

The tone of the two was exactly the same, it was impossible to differentiate who was who from their tones.

If one really had to differentiate who was who, they would only be able to do it by judging the two's strengths.

Ye Hua flicked his cigarette ash, then asked, "Where did you come from?"

"Naturally, I came from another world. Then, where did you come from?"

Oh? He actually came from another world too? Could it be that, he came from the same place as me? Or could it be that, he came from a place that the humans refer to as "parallel universe"?

This is truly mystical. What a big surprise this is!

Ye Hua said faintly, "Naturally, I came from another world too."

After hearing Ye Hua's answer, Counterfeit Ye Hua's expression was still very calm, meanwhile, when Ye Hua heard the counterfeit's answer a while ago, his expression was much expressive compared to the counterfeit.

Looking at the counterfeit in front of him, Ye Hua felt that the counterfeit seemed exactly like how he was five years ago.

"Last question, how did you come to this world!" Ye Hua asked gravely. This question that Ye Hua asked was very crucial!

Counterfeit Ye Hua took in a deep breath, then looked at the sky and said, "I was conspired by the hateful humans! However, I will definitely take revenge on those humans!"

Ye Hua couldn't help but gasp in astonishment once again.

This... isn't this too nonsensical!

Is he a counterfeit of me, or is he the past me?

"Then, how did you come to this world?" The counterfeit asked the same question that Ye Hua asked him.

The two seemed like two old friends chatting with each other, meanwhile, on the other side, the four were fighting fervently, and the luxurious manor had been reduced to debris by them.

Ye Hua's thought went back to the past, "I was the same as you, I was conspired by the humans. However, rather than saying that I was conspired by the humans, I might as well say that it was because of my arrogant leadership that caused me to end up coming to this world."

“There is nothing wrong with my leadership! Do not speak nonsense!” Counterfeit Ye Hua’s tone seemed to have changed by a bit, Counterfeit Ye Hua was very angry right now.

Upon hearing that, Ye Hua laughed his head off, “You are exactly the same as I was five years ago. That arrogance, that unwillingness to accept what had happened, you still haven’t realized your own mistakes.”

“The things that I had done, all of them are right! And even if they are wrong, they are still right wrongs!”

[You Cannot Afford To Offend My Woman](#)

Chapter 276: Gap

After hearing that, Ye Hua sighed.

Thinking to back then when I first arrived on this planet, I wished I could immediately go back and kill all of those humans.

Fortunately, back then, because Wei Chang and Lie Gu were gravely injured, I decided to stay on this planet and wait for them to recover first. And while waiting for them to recover, I decided to study the humans and improve myself.

As time went by, five years had already passed since I first arrived on this planet.

It was fortunate that I decided to stay on this planet, if not, I wouldn’t have met Qing Ya and Donghuang Baizhi, and I also wouldn’t have been able to have such an adorable daughter.

“I am not here to persuade you to mend your ways.” Ye Hua said calmly.

To speak the truth, this counterfeit could serve as a good subordinate. However, for him to have dared to impersonate me, death is the only fate for him!

Red lights flickered in Counterfeit Ye Hua’s empty eye sockets, “Your tone is very cocky, just like those humans! Want to impersonate me? You are still lacking by a bit!”

“Jiejie...” Ye Hua laughed. This laughter of Ye Hua’s was enough to make one’s hair stand on its end.

“You are but version 0.0 of me, and right now, I am already at version 3.0. Our strengths and brains are not on the same level!”

Without saying anything, Counterfeit Ye Hua stretched out his bone hand, and a black color flame appeared on his bone palm.

Flame of the abyss.

Right now, Ye Hua was already done with being surprised.

This flame of the abyss was obtained by me after going through countless hardships. Thinking to back then, using this flame, I razed countless cities to the ground.

However, right now, flame of the abyss is but one of the countless flames that I possess.

Ye Hua took out a stick of cigarette, then placed his index finger below the cigarette. Right after, flame of the abyss appeared on the tip of Ye Hua's index finger and lighted up the cigarette.

After igniting the cigarette, Ye Hua said, "Want to play with fire with me? You are still not skillful enough!"

Counterfeit Ye Hua snorted, and the flame of the abyss that was on his palm flew towards Ye Hua.

Meanwhile, Ye Hua continued remaining still and silently smoked onto his cigarette.

"If you don't dodge, you are going to die for sure!" Counterfeit Ye Hua warned.

Ye Hua took a puff of the cigarette, then said faintly, "As a Supreme Overlord, if I have to dodge against such an insignificant thing like this, wouldn't I basically be throwing my face away?"

"Moreover, this world does not need two His Honors."

Bang!

When flame of the abyss touched Ye Hua's body, the flame enveloped Ye Hua, then soared through the sky. The sky seemed as if it was going to get split apart by the flame. The might of the flame was truly terrifying!

The temperature around Ye Hua raised rapidly, and everything that was on the ground began melting away at high speed, and then evaporate!

In no time, the entire manor was razed to the ground, and the destruction was even spreading to the manor's surroundings.

"My flame of the abyss is not something that a counterfeit like you would be able to withstand!" Counterfeit Ye Hua's face was calm, seemingly like he had just killed an ant.

"Hahaha!"

Ye Hua's laughter rang out from the black flame, and this caused Counterfeit Ye Hua to instinctively become alert.

This is unexpected, my flame of the abyss actually didn't burn him to death!

"A counterfeit is still a counterfeit after all is said and done. Even this flame of the abyss is but an inferior version of the real flame of the abyss." Ye Hua laughed at himself for having guessed wrong.

Ye Hua waved his hand, and the black flame that was soaring through the sky gathered on the tip of his bone finger.

Blow~

Ye Hua blew on the flame, and the flame was easily extinguished by Ye Hua's blow.

"Impossible! How did you do it!" Counterfeit Ye Hua's tone changed slightly, he was very surprised and couldn't believe what had happened in front of him.

While smoking his cigarette, Ye Hua said calmly, "If you are able to reach my level, you wouldn't be surprised about this. Even my Ah Li's flame is stronger than this flame of yours."

"Impossible! Human, I have had enough with your tricks, die!"

After finished speaking, Counterfeit Ye Hua began chanting spells, and countless spells began flying toward Ye Hua.

"Death wither!"

"Soul turmoil!"

"Siphon life!"

"Despair of darkness!"

Various kinds of high-level spells flew toward Ye Hua, and faced against those spells, Ye Hua didn't use any defensive spells. Instead, Ye Hua resisted those spells with just his skeleton body alone. However, Ye Hua did use a barrier on his cigarette to prevent his cigarette from being destroyed.

Cigarettes are very expensive, and furthermore, those two women have begun with their plan to make me quit smoking, saying that I have to quit smoking if I want to have another baby with them.

Look at Ah Li, isn't she completely fine?

Various kinds of death spells lingered around Ye Hua's body.

Ye Hua took a deep puff of the cigarette, then blew out a mouth of smoke.

Immediately, all of the spells were wiped out by the smoke.

Upon seeing that, Counterfeit Ye Hua couldn't help but took a step backward.

"I have long stopped using those spells. Recently, I much prefer to use brute strength." Ye Hua said faintly, and a two meters long blade could be seen suddenly appearing in his hand.

Under the moonlight, the slender body of the blade emitted out a silvery light, and even more, eerily cold air was also being emitted out from the blade.

Counterfeit Ye Hua pointed at Ye Hua's blade and mumbled, "Why is my night's fallen moon in your hands!"

"Why is it in my hands? Do you really not have the slightest clue at all?" Ye Hua lightly waved his hand.

Over a hundred weapons appeared within the sky, and all of them were emitting out dazzling lights. Any one of those weapons was able to cause a great war to happen, and yet, in Ye Hua's hands, those weapons were left at a corner to collect dust.

Counterfeit Ye Hua looked dazedly at the sight in front of him, "All those weapons are mine! You stole my weapons! Shameless human!"

Ye Hua kept away those weapons, and with his left hand holding onto the blade, and his right hand holding onto the cigarette, Ye Hua said, "Perhaps, you should think about why you have the memory of possessing those weapons, and yet do not possess those weapons."

"No! Impossible! Where did all my weapons go to!" Counterfeit Ye Hua held onto his head with his hands, and he seemed to be searching his memory.

Ye Hua said faintly, "The person that created you is able to give you the memory that you have right now, but there are a lot of things that that person is not able to give you."

"How could I have possibly been created by someone! You are lying!" Counterfeit Ye Hua's anger seemed to have been ignited, and an astonishing amount of spiritual energy surged out from his body.

"Come on out! Giant Abyss Demon!"

The ground began shaking, seemingly like a level 9 earthquake was happening.

Suddenly, the ground split apart and a huge gap was formed! And soon after, five huge fingers appeared from the huge gap and grabbed onto the ground.

A giant that was 50 meters tall appeared from the huge gap! The giant's entire body was red like lava, and the moment it appeared, the temperature around its surroundings raised extremely high, and everything began burning.

Looking from far away, this place looked just like a huge fireball, and the huge fireball was still expanding.

Roar!

Giant Abyss Demon roared at Ye Hua, and the loudness of the roar actually caused an airwave to form. The airwave spread out in all directions, and the intensity of the fire became even more intense.

A forest fire was definitely going to be unavoidable.

Ye Hua tossed the cigarette butt to the side, then slashed at the giant with the night's fallen moon that was in his left hand.

A silvery light that was thin as a thread flew towards Giant Abyss Demon's head.

After passing through Giant Abyss Demon's head, the silvery light continued flying towards the horizon, then gradually disappeared.

"Giant Abyss Demon possesses incredibly strong defense! Even if you have night's fallen moon, you still won't be able to harm it in the slightest bit!" Counterfeit Ye Hua was very confident.

In response to what Counterfeit Ye Hua said, Giant Abyss Demon let out another roar at Ye Hua.

Plop!

Giant Abyss Demon's head that moved slightly suddenly slid off from its body and fell onto the ground. The cut on the Giant Abyss Demon's neck was incomparably clean. Soon after, Giant Abyss Demon's body collapsed onto the ground and set off a bunch of sparks.

“That depends on who uses it.” Ye Hua said faintly.

While with his mouth opened wide, Counterfeit Ye Hua looked dazedly at the Giant Abyss Demon that had collapsed onto the ground.

This person is a thousand times stronger than those Overlords!

“Alright, I have had enough fun, it’s time to go back and accompany my child.” Ye Hua didn’t want to continue wasting time here, he was no longer interested in this counterfeit.

“Wait.” Suddenly, Counterfeit Ye Hua called out to Ye Hua.

“Are you going to beg for mercy?” Ye Hua asked gravely. If the counterfeit was really going to beg for mercy, Ye Hua was going to be very disappointed.

As a Supreme Overlord, when have I ever beg for mercy? Even more, I have never thought of running away at all no matter what situation I was faced with.

“Can you spare my subordinates?” Right now, Counterfeit Ye Hua was very clear about the difference in each other’s strengths.

I didn’t expect that I would end up getting killed for a second time!

Ye Hua transformed back into his corporeal body, and when he heard what the counterfeit said, a very astonished look appeared on his face.

Right now, Ye Hua felt like there was something grabbing onto his heart.

Back then, right before I died, I seemed to have said what this counterfeit just said to those Overlords.

You Cannot Afford To Offend My Woman

Chapter 277: His Honor was duped

“No!” Ye Hua rejected.

As a Supreme Overlord, how can I forgive such a crime like this?

I am not a lay practitioner of Buddhism, and I won’t pity you just because you possess my memories!

When all is said and done, your subordinates are your subordinates, they are not my subordinates!

“Wei Chang! Stop playing around anymore!” Ye Hua shouted out gravely.

A confident smile appeared on Wei Chang’s face as he said to the three counterfeits in front of him, “I will let you all die a worthwhile death!”

After finished speaking, Wei Chang’s body could be seen to begin expanding. Wei Chang’s handsome face began distorting and transformed into a huge head that only had a huge mouth on it, and the huge mouth possessed sharp teeth that had sticky liquid dripping out from them. Meanwhile, Wei Chang’s body transformed into over a hundred tentacles, and those tentacles helped to prop up the huge head. At the end of each and every tentacle was a small head, and all of the small heads were biting onto the ground with their sharp teeth!

This was Wei Chang's true form, a monster!

Even Ye Hua himself was also not clear just what monster Wei Chang was.

When Ye Hua first met Wei Chang, there were a bunch of similar monsters all around. However, all those monsters ended up being devoured by Wei Chang.

To speak it frankly, Wei Chang devoured all of his kind and became the one and only existence of his kind.

When the three counterfeits saw Wei Chang's form, they were a bit stupefied, and from not far away, Counterfeit Ye Hua could be heard shouting out, "Quickly run away!"

Without having time to think too much, the three counterfeits shot out at high speed.

"Want to run?" Wei Chang's tongue was very wrong, and the tongue was reckoned to be at least 50 centimeters long. Tang Wei will most likely be very happy in the future.

After licking his teeth, the tentacles that were below Wei Chang's head slightly bent, then catapulted!

Wei Chang's first target was Counterfeit Ye Zizi.

To actually dare to impersonate Zizi, you are truly tired of living!

Immediately, Wei Chang swallowed Counterfeit Ye Zizi, then soon after, swallowed the other two counterfeits.

All those counterfeits did not possess the strengths to even transform into their true forms. From this, it could be seen that those counterfeits were not perfect.

"Your Honor, I have dealt with those three counterfeits." Wei Chang who had transformed back into his corporeal body landed beside Ye Hua and said respectfully.

Ye Hua nodded his head.

While looking at the counterfeit in front of him, Ye Hua kept away the night's fallen moon that was in his left hand, then took out a cigarette and lighted the cigarette with a gold color flame that appeared on his fingertip.

"This ardent burning sun flame should help free you from this world."

After finished speaking, Ye Hua flicked the gold color flame that was on his fingertip.

There wasn't really any special visual effect. When the gold flame landed on Counterfeit Ye Hua's bone head, like a parasite, the gold flame began spreading throughout the counterfeit's body, and in no time, the counterfeit's entire skeleton frame turned into gold color.

The counterfeit's empty eye sockets were staring at Ye Hua, seemingly like he was telling Ye Hua that this matter won't be over this easily.

A breeze blew by and blew away Counterfeit Ye Hua's bone ash, and even the mage robe that was worn on the counterfeit was turned into ashes too.

"Boring." Ye Hua sighed. Being invincible sure feels empty.

Wei Chang said with a slight smile, "Your Honor's strength knows no bound, therefore, it is only natural for Your Honor to be able to be above everyone."

"But, there are two women who had been placed high up above me by me myself." Ye Hua laughed lightly.

"That is because Your Honor loves the madams very much, subordinate completely understands."

"Wei Chang, it seems that the number of things that you know is increasing as the days go by."

Wei Chang laughed dryly. If it was possible, subordinate wouldn't want to know so many things.

"That's right, there are still a few more of those counterfeits to deal with, I will hand them to you to deal with, I will be heading back first." Ye Hua yawned, then said. I'm not sure if my daughter has woken up or not, that little fellow is not a deep sleeper.

Right when Wei Chang was about to reply to Ye Hua, four figures suddenly landed from the sky.

Ye Hua unhurriedly turned around, then said faintly, "And I was just about to leave."

Amongst the four, Greed appeared to be a bit agitated, and glistening tears were even flowing out from his eyes.

"Your Honor~"

Greed could be seen suddenly running out from the group, then knelt down on the ground and hugged onto Ye Hua's thigh.

Ye Hua who was currently smoking onto his cigarette was stunned, and Wei Chang who was standing behind Ye Hua was stunned by this scene too.

"Jue Tian?" Ye Hua cried out in surprise.

Jue Tian took off his gold eyeglasses, then transformed into his true form.

Upon seeing Jue Tian revealed his true form, Ye Hua and Wei Chang knew that the person in front of them was definitely Jue Tian, because there was no one else who possessed a more adorable form than Jue Tian's true form!

A small cat.

But different from ordinary cats, Jue Tian's hair possessed different colors, and the colors intertwined with each other. Jue Tian was what one would describe as, gorgeous but deadly.

"Your Honor, subordinate has finally found you." Jue Tian transformed back into his human form, and he cried just like a child.

The three sins that were behind Jue Tian looked curiously at the scene that was in front of them.

Ye Hua coughed lightly, "The reason that I came here today was to look for you."

Upon hearing that, Jue Tian became extremely touched, "To be able to receive Your Honor's care and concern, subordinate will never forget this day, boohooohoo..."

Right now, Ye Hua finally understood everything.

No wonder those counterfeits possessed our memories, Jue Tian was the one that created those counterfeits. This also explains why those counterfeits' memories stopped at five years ago.

"Tell me, what's with your situation."

Jue Tian began recounting his five years on earth.

Five years ago when Jue Tian first arrived on earth, because he was not familiar with earth, and adding on with his longing to see His Honor and the other sins again, Jue Tian spent five years to create high-quality imitations of His Honor and the other sins. What Jue Tian wanted was to go back to the past and be together with everyone.

Not long ago, Jue Tian finished with his creations, and thus immediately decided to come out and terrorize the humans that were on this planet. Those few days were the happiest Jue Tian had been during his five years on earth, as he was able to enjoy terrorizing the humans with everyone.

"Jue Tian! You dare to order His Honor!" Wei Chang shouted out.

"Jue Tian wouldn't dare. Although Jue Tian did create an imitation of His Honor, Jue Tian didn't act disrespectful in the slightest bit to His Honor's imitation. What Jue Tian wanted was to merely live under His Honor's might. Only His Honor's imposing aura is able to make Jue Tian be able to sleep in peace."

Wei Chang said, "if that's the case, the imitation of His Honor that you created was too foolish!"

Ye Hua, "....."

"Eh... Jue Tian created His Honor according to how His Honor was in the past."

Wei Chang revealed out a smile on his face, "His Honor is no longer the same as he was five years ago."

Ye Hua said faintly, "Wei Chang, you are also no longer the same as you were five years ago."

"Your Honor has overpraised subordinate." Wei Chang said respectfully.

Ye Hua said faintly, "It isn't convenient to talk here, let's change to another location."

Biu.

Everyone appeared at Leisure Bar's toilet.

"Your Honor! Please lead us towards the direction of glory once again and exterminate all of the humans!" Jue Tian properly adjusted his own mental state. Now that I have finally found His Honor, I can start going on a massacre now! This is great!

Ye Hua let out a light sigh. Jue Tian and Ye Zizi are still the same as how they were back then, wanting to kill everyone.

“Jue Tian, do not use the way you look at things in the past to look at the current His Honor.” Wei Chang reminded.

Although Ye Hua was very happy to have found Jue Tian, Ye Hua still criticized strictly, “Jue Tian, do you know that you have spoilt my plan!”

“Subordinate do not know!” Jue Tian said sincerely.

Ye Hua, “.....”

“Wei Chang, explain everything to Jue Tian, I will go and smoke a stick of cigarette first.”

“Yes!”

Wei Chang used about 10 minutes to explain everything to Jue Tian, and Jue Tian was very shocked after listening to everything.

I didn’t expect that His Honor would have changed so much!

“Subordinate knows his wrong now. Your Honor is no longer the same as five years ago, and right now, Your Honor even possesses superhuman intelligence. Subordinate is truly ashamed when compared to Your Honor. Subordinate’s cheap trick must have been seen through by Your Honor with just a look.”

Jue Tian thought too much, during the start, Ye Hua even thought that the counterfeit was his past self.

“If I am not able to even see through this cheap trick of yours, how would I be able to be you guys’ leader?” Ye Hua said gravely. I was actually almost duped by my own subordinate.

“That’s right, where did you go to just now?” Ye Hua asked curiously.

Jue Tian was a bit awkward as he said hesitatingly, “Because subordinate is a vegetarian, subordinate went to a vegetarian skewer shop that is located in a nearby city to eat supper.”

Chapter 278: Crazy wife pamperer

Wei Chang asked curiously, “Did you pay for your food?”

“Erm...”

In the past, Jue Tian was the brains of the group.

For Wei Chang to ask me this question, there is definitely a profound meaning within this question. If I trace back to what Wei Chang had said just now, I should be able to deduce the answer to Wei Chang’s question.

After pondering for a moment, Jue Tian said respectfully, “Of course, I am a good citizen who abides by the law.”

“Not bad, Jue Tian. I am very happy that you are able to come to such a comprehension in such a short time.” Ye Hua was very gratified. As expected of my trusted adviser, his brain revolves around quick.

“After having been separated for five years, to once again be able to receive Your Honor’s praise, subordinate is truly happy.”

Ye Hua nodded his head, then said faintly, “Jue Tian, since you have come back, I will give you a test.”

“Subordinate will definitely not disappoint Your Honor!”

“Tomorrow, the two madams will come and look for you. At that time, you have to lose to them on purpose while keeping your true identity a secret from them.”

After hearing that, Jue Tian was greatly startled, “But, subordinate absolutely do not dare to exchange attacks with the madams.”

Wei Chang recalled of Lie Gu. I reckon that that fellow is most probably hiding at home and shivering in a corner. On that day, that fellow injured Madam Donghuang. And if not for the fact that His Honor’s plan succeeded, that fellow would most likely be boiled by His Honor.

“There is one more matter. Get those family heads to fight with Ji Family. Afterward, I will bring along everyone to exterminate Ji Family!”

After hearing that, Jue Tian and Wei Chang became excited.

His Honor is planning to dispatch everyone again, and furthermore, this time, we are going to exterminate a family, not subdue a family!

“Subordinate should solemnly obey Your Honor’s orders!” Jue Tian shouted out respectfully.

“Remember, do not mess up tomorrow! If not, I will sell you to a pet shop!” Ye Hua reminded coldly.

Originally, I was intending on wiping out all of the counterfeits tonight and didn’t expect that Jue Tian would appear. However, it is better now that Jue Tian appeared.

I will let those two foolish women have some fun and let them enjoy the feeling of being a hero. As for me, I should act as the bad guy!

After taking a look at Pride, Envy, and Wrath, Ye Hua said gravely, “Get rid of these counterfeits, just looking at them is making me feel annoyed.”

In the future, if the real Pride, Envy, and Wrath came back and saw those counterfeits, they would think that I miss them very much. Furthermore, I haven’t fallen to the state where I have to use counterfeits. Those counterfeits are completely unable to reflect the seven sins’ true strengths.

Without any hesitation, Jue Tian nodded his head, “Yes!”

“You can leave now and start preparing for tomorrow.”

Very quickly, Jue Tian disappeared from the toilet.

“Wei Chang!”

“Subordinate is here!”

“Spread the news that, tomorrow, Voidless Realm’s empress will be bringing along... how do I say it?” Ye Hua asked curiously.

Wei Chang said, “Close female friend?”

“No, that won’t do. We will say, the empress will be bringing along a towering figure amongst women with her to go and suppress the unknown power!” During those past few days, Ye Hua could be said to have been frequently racking his brain for his wives. Ye Hua’s title as the “crazy wife pamperer” was already confirmed.

“Subordinate understood.”

After Wei Chang left, Ye Hua laughed lightly, “The two of you want to be nameless heroes, but I just precisely won’t allow it. You two’s magnificent feat has to be known by everyone under the heaven.”

I will make those two women into true female heroes, and then embrace onto one of them with my left arm, and the other with my right arm! Just how great would that be!

Go on and envy me! Humans!

Go on and hate me! Humans!

You all will never know that the female heroes within you guys’ hearts are being bullied by me every day!

Thinking up to here, Ye Hua began laughing out loudly.

Returning back to the bedroom, Ye Hua saw that his daughter had kicked the quilt off the bed and was currently sound asleep while hugging onto a pillow. The expression that was on Ah Li’s face while she was asleep was very adorable.

Ye Hua lied down on the bed, then lightly took away the pillow from Ah Li’s embrace.

Shortly after, Ah Li smelled till a sweet smell from beside her, and she could be seen hugging her father while with a comfortable expression on her face.

Ye Hua let out a light breath, then thought to himself, “Those two women are probably going to become very complacent after tomorrow.”

At Voidless Realm, Qing Ya decided to train throughout the night, and Donghuang Baizhi was standing by Qing Ya’s side and attentively teaching Qing Ya on how to fight.

The sky gradually turned white, and Qing Ya raised her head and looked at the horizon, “Ye Hua should be very angry right now, right? We have not accompanied him for two days already.”

“We are doing this for the sake of the people of this world. At worst, we will go back home tonight and properly make it up to Ye Hua.” Donghuang Baizhi said shyly. Donghuang Baizhi’s “make it up” was definitely going to be her making it up to Ye Hua with her body, and this was precisely Ye Hua’s favorite.

Qing Ya laughed lightly.

It is more or less time for us to leave.

“This ancient godly item is called Purple Forest Armor. It provides immunity to poison and possesses very high defense.” Donghuang Baizhi could be seen handing over an ancient godly item to Qing Ya.

In actuality, Donghuang Baizhi only had two ancient godly items, one sword, and one armor. The rest of the ancient godly items had already been distributed to her subordinates.

Right now, Donghuang Baizhi naturally wouldn’t go and look for her subordinates and ask her subordinates to hand over their ancient godly items to her. If she were to do that, they would definitely come to know that she and Qing Ya were going to go and deal with that group of unknown power by themselves, and would definitely stop her and Qing Ya from going.

“If you hand this over to me, do you still have an ancient godly item for yourself?”

Donghuang Baizhi laughed lightly, “I have a sword.”

Donghuang Baizhi’s sword was a new one because her previous sword was destroyed by Lie Gu.

“I think it is better for you to have the armor for yourself, I am stronger than you after all.” Qing Ya returned the Purple Forest Armor to Donghuang Baizhi.

“Qing Ya, what you just said is heartrending. Quickly wear onto this armor, if not, I will go and find Ye Hua and tell on you.”

Qing Ya laughed dryly, “You don’t act like an empress at all.”

“In the past, I felt that being an empress was very awesome, but now, I feel that being a woman is much more pleasant than being an empress.”

“That’s right, being a woman is actually quite good, especially when the man that we met is a man like Ye Hua.”

That’s right, and this man of yours has even planned another great show for you and Donghuang Baizhi.

Qing Ya wore onto the Purple Forest Armor, and immediately, she changed from a virtuous and able wife to a female general. Purple breastplate, and a purple gown underneath the breastplate, those two items helped give Qing Ya a unique look. The might of the ancient godly item gradually spread out from Qing Ya, and the spiritual sword that Qing Ya was holding in her hand helped to further increase her charm.

Meanwhile, Donghuang Baizhi wore a gold color empress armor and looked both powerful and domineering. Her face that was beautiful beyond words was enough to make one’s heart feel itchy and wonder just what kind of scenery was underneath that gold armor.

Ye Hua wants to express that he knows what kind of scenery was underneath the gold armor. Underneath the gold armor is a body that you all wouldn’t be able to imagine, and that body is extremely sensitive.

The two women took a look at each other, then disappeared from Voidless Realm and appeared in the sky that was above Zhi Family!

However, the ground below them had already been scorched, and the forest that was not far away from them was still burning. Near the forest, lots of fire trucks could be seen to have been dispatched.

Donghuang Baizhi let out a breath, then waved her delicate hand.

Immediately, a bunch of clouds gathered in the sky, and in no time, heavy rain began falling from the sky.

“Where did that group of people went to? From the looks of it, a big battle happened here not too long ago.” Donghuang Baizhi said puzzledly.

“There is a formidable power fluctuation coming from southeast!” Qing Ya cried out in surprise.

From their southeast, Cloud Sect was not far away!

“Qing Ya, they are intending on exterminating Cloud Sect!” Donghuang Baizhi said.

The two women disappeared once again.

At Cloud Sect.

Right now, with a gaudy red color robe worn on his body, and a goat mask worn on his face, Jue Tian was walking on the flight of stairs that led to Cloud Sect’s palace hall.

This morning, Cloud Sect’s disciples rushed back to their sect because they heard that there was going to be a meeting. And in the end, right after they returned back to Cloud Sect, they came across Jue Tian, and up till now, Jue Tian had already killed a few of Cloud Sect’s disciples.

Suddenly, a youngster flew out from Cloud Sect’s palace hall! The youngster was extremely handsome, and the green robe that the youngster was wearing was different from the robes that the other disciples were wearing.

“Sect Master!” Upon seeing the youngster, the disciples greeted.

That’s right, right after Xun Yi died, this youngster was the one who went from being a senior brother to a sect master!

This youngster was called Wu Hao!

This youngster was someone who possessed aspirations, and back then, his main goal was to make Xun Fang become his woman. However, when he heard that his goddess had thrown herself into the arms of a bad guy, his heart died.

However, because of the state that he entered after becoming broken-hearted, he entered into qi deviation while cultivating, and by coincidence, when he was in qi deviation, he actually managed to open his conception and governor vessels, and from then on, his strength began soaring!

After Xun Yi died, he began challenging every great elder, then took over the position of sect master after defeating all of the great elders.

Chapter 279: Give them a whipping

“Your distinguished, who are you, to actually dare to break into my Cloud Sect!” Wu Hao shouted out with a stern voice and surrounded Jue Tian with his disciples.

With a relaxed tone, Jue Tian said, “The reason I came here today is to exterminate your Cloud Sect!”

“You belong to that group of people!” Wu Hao said gravely, and the expressions that were on the other disciples also became extremely grave.

“That’s right! Today is your Cloud Sect’s death date, no one will be able to save you all, and if there is someone who is able to save you all, that person would definitely be a brave and courageous warrior!”

After finished speaking, a formidable aura burst out from Jue Tian’s body and sent everyone flying away. However, those people who were sent flying away did not die and were merely gravely injured.

“Stop!!!”

A shout could be heard erupting out from the horizon. The person has not even arrived, and yet the person’s voice had already first arrived. From the looks of it, the person was definitely an expert!

Very quickly, two beautiful figures appeared within Cloud Sect!

Jue Tian still has not met the two madams, and this was his first time meeting the two madams. When Jue Tian saw the two madams, he almost kneeled down and greet the madams.

I didn’t expect that my first time meeting with the two madams would be in such a situation, this is truly regretful.

Everyone from Cloud Sect looked at the two pretty ladies who appeared within their sect, and evidently, they were all attracted by the two pretty ladies’ looks.

Meanwhile, Wu Hao who had fallen onto the flight of stairs was currently looking dazedly at the two ladies, and his heart which had died was slowly coming back to life. Wu Hao had finally found a new goal in life.

“This... isn’t this the rumored Voidless Realm’s empress!”

Everyone in Cloud Sect didn’t know who the empress was, but a disciple could be heard suddenly crying out in surprise while pointing at Donghuang Baizhi. And in actuality, this disciple was a Ying Family member who was disguising as a Cloud Sect disciple. This person’s acting skills were pretty good.

Yesterday when Xun Fang received her orders, she used a secret technique to pass down an order to all the disciples, and the order that the disciples received was to return back to the sect. Afterward, she planted people from Ying Family into Cloud Sect to corporate with Jue Tian’s act.

“The empress has come to save us! Voidless Realm’s empress has come to save us!” Another disciple could be seen standing his body up and shouting out with all of his strength.

“I didn’t expect that the empress would actually come and deal with south’s trifle matter! Empress, you have my respect!”

“The other person who is beside the empress is definitely a heroine too! Their bravery is not falling short when compared to men!”

“Take a look at the north’s big power, then take a look at the south’s big powers, Ji Family and Ying Family. This is the difference between the north’s big power and the south’s two big powers!”

“That’s right, Voidless Realm’s empress actually came all the way from north to south to save us! I am truly touched by the empress! Even if I have to sacrifice my life for the empress, I will not hesitate to do it!”

Qing Ya and Donghuang Baizhi were a bit giddy. Didn’t all the big sects already send all their disciples back home? So, why are all of Cloud Sect’s disciples gathered at their own sect?

And also... the words that are coming from their mouths are truly embarrassing...

With the help of his disciples, Wu Hao stood his body up, then cupped his hands at the empress and said, “This humble one is Cloud Sect’s Sect Master Wu Hao. Thank you, empress, for helping my Cloud Sect, my Cloud Sect will never forget this deed of yours!”

Donghuang Baizhi said lightly, “Sect Master Wu, you are being courteous, getting rid of evils is one of the objectives of my Voidless Realm. Today, along with my good friend, we will definitely eradicate this group of evil people!”

One of Ying Family members who was disguised as a Cloud Sect disciple suddenly shouted out, “Long live the empress, long live the heroine!”

Soon after, few others followed along and shouted out the same thing, and as more and more people began shouting, what everyone was shouting became, “Long live the two empresses~”

Qing Ya and Donghuang Baizhi were both a bit giddy right now.

Aren’t those people too passionate?

Originally, Qing Ya and I wanted to secretly eliminate that group of evil people, and we didn’t expect to end up making such a big scene.

However, this was still not the end.

Lots of black dots could be seen appearing from the horizon, and soon after, those black dots landed in Cloud Sect. Most of those people were loose cultivators. Earlier on, when they heard that Voidless Realm’s empress had come to the south to help the south deal with the evil power, they decided to come over to Cloud Sect to take a look, and upon arriving at Cloud Sect, they discovered that the empress actually really came to the south!

Looking at the scene that was in front of them, those people knew that the empress had most likely managed to stop the evil power from destroying Cloud Sect, because, if the empress didn’t manage to stop the evil power, Cloud Sect would have definitely already been exterminated by that evil power!

“For the empress to be willing to come and help out the south, as a south’s cultivator, I feel truly ashamed.”

“That’s right, that’s right, south’s big powers closed their doors and are not willing to come out, and yet, for the sake of helping out the south, the empress went to the trouble of traveling from north to south. Empress, you have our respect.”

“Also, this heroine, you are truly a towering figure amongst women, you have my respect too!”

Immediately, various kinds of praises rang out in Qing Ya and Donghuang Baizhi’s ears, and those praises caused the both of them to feel rather embarrassed.

Meanwhile, Jue Tian did not make any move, and instead, just stood still and watched as the madams get praised by those people.

It must be said that, for the madams to actually dare to come and take on the “evil power”, the madams’ courage are truly outstanding. The madams have my utmost respect!

What was supposed to be a dangerous battle turned into a praising convention. Everyone seemed to have forgotten Jue Tian’s existence.

“Cough, cough, cough! Are you all done speaking!” Feeling that it was more or less enough already, Jue Tian coughed lightly.

If you all continue praising the two madams, what else would there be left for me to praise!

After Jue Tian spoke, then did everyone realized that there was still such an existence here right now, and all of them couldn’t help but become afraid.

Jue Tian slowly walked towards the two madams, then greeted well-manneredly, “For you two heroines to come here, I reckon that your motive is to prevent me from killing those people, right? You two have my respect for possessing such courage.”

“Look! Even the enemy is praising them!”

“That’s right, that’s right, the moment they arrived here, this guy’s aura was suppressed by them!”

“I’m about to become the empresses’ fan.”

“Who do you all think is more beautiful? The empress, or the heroine?”

“Only a child would choose which to pick. If it is up to me, I would say that both of them are equally beautiful.”

While looking coldly at Jue Tian, Qing Ya shouted out, “Evildoer! Surrender to us while you still can!”

“Although this humble one respects you two’s heroic act, I’m afraid that it is impossible for this humble one to surrender to you two!” Jue Tian’s aura gradually increased, and this caused everyone to not be able to help but fall back, so as to prevent from being killed.

“Evildoer! Where are your companions!” Donghuang Baizhi asked gravely.

Jue Tian laughed loudly, “Empress, for sure a mere thing like exterminating Cloud Sect, do you think that I would require help from my companions?”

“Arrogant!” Wu Hao shouted out.

When I am chatting with the madams, what are you, a human, interrupting us for!

Jue Tian slapped on the air, and an incorporeal sharp blade struck towards Wu Hao’s forehead!

Qing Ya's figure immediately disappeared.

Dang!

The blade of a sword could be seen to have been positioned right before Wu Hao's eyes. During Wu Hao's moment of life and death, Qing Ya saved Wu Hao's life!

Looking at the figure that was in front of him, Wu Hao made a decision.

For the rest of my life, my goddess should be her!

"Formidable! To actually be able to block my attack." Jue Tian clapped his hands and praised.

Qing Ya shouted out, "I still have even more formidable things installed for you!"

"Heroines, how about we have a bet with each other?" Jue Tian said.

Donghuang Baizhi shouted out sternly, "What kind of crafty plot are you planning on plotting!"

"Empress, you are overthinking it. The bet that I want to make is that, if I lose against the two of you, I will put a stop to the massacre! And as long as you two are still in this world, I will never appear in this world!"

Qing Ya and Donghuang Baizhi took a look at each other. This is a good chance.

Qing Ya asked, "What about your companions?"

"My thoughts are precisely their thoughts too!" Jue Tian said.

"What if we lose?" Donghuang Baizhi asked gravely.

Jue Tian laughed lightly, "If you two lose, Cloud Sect will be exterminated! That's all! But, of course, even if you two lose, Cloud Sect can still avoid being exterminated!"

"What's the condition?" Donghuang Baizhi asked.

"The condition will be, whether if you two would be willing to sacrifice your lives in exchange for Cloud Sect's safety!"

Qing Ya and Donghuang Baizhi's hearts sunk to the valley.

The two looked at the surrounding Cloud Sect disciples, pain and fright could be seen to be filled on the disciples' faces.

Although I don't know them, the reason that I came here today is precisely to save them!

The two women nodded their heads at each other.

Qing Ya said gravely, "If we lose, we hope that you will keep your words and spare Cloud Sect!"

Right now, Ye Hua was currently using Jue Tian's eyes to observe what was happening at Cloud Sect, and when he heard the two women's decision, he almost died from anger.

"These two foolish women! They are actually intending to throw away their lives for some salted fishes! Do they not know that there are still a crippled and a daughter at home that need to be looked after!"

“They are angering me to death! When you two come back, I am definitely going to give you two a whipping!”

You Cannot Afford To Offend My Woman

Chapter 280: Formidable

Why do those two women not know how to use their brains? One of them is pregnant, and the other is a mother, and yet, the moment their heads become hot, they immediately agreed to throw their lives away for a bunch of salted fishes! I have never seen before such irresponsible mothers.

I can be counted to be rather unreasonable. But when compared to those two, my unreasonable can be considered to be nothing much!

“Jue Tian! Give them a bit of a lesson, let them know that, it is not that easy to be a heroine!” Ye Hua was very angry.

Originally, I was intending on pampering the two of you and let you two have some fun. But right now, I have become angry, and this anger of mine won’t pacify even if Ah Li coax me!

Upon hearing what His Honor said, Jue Tian was shocked.

Give the madams a bit of a lesson? Just how much is a bit of a lesson? If I go too easy on the madams, His Honor won’t be satisfied, and if I go too hard on the madams, His Honor won’t be happy.

“Your Honor, so, should I dislocate the madams’ arms, or should I dislocate the madams’ legs?”

“Erm... Forget about it, just make it so that they suffer some superficial wounds will do, I will give them a lesson by myself!” Ye Hua said gravely.

Those two women are too worrisome, they totally do not know how high the heaven is, and how deep the ground is. If it was not for the fact that they have someone strong like me to support them, they wouldn’t even know it when death hits them.

Superficial wounds are definitely a must, if not, this whole act would seem too fake. Moreover, superficial wounds cannot even be counted as wounds to them since they are able to heal superficial wounds in mere seconds!

Currently, at Cloud Sect!

When everyone heard that the empress and the heroine were actually planning on using their lives to exchange for Cloud Sect’s safety, everyone became extremely touched.

In this day and age, good-hearted people actually do exist!

Cloud Sect disciples were no cowards, after seeing that the empress and the heroine were willing to sacrifice their lives in exchange for their safety, they began standing up one after another.

“Empress, heroine, we still have the strength to continue on fighting!”

“That’s right, we are willing to fight against the enemy with you two!”

“Fight against the enemy with the empresses!”

Cloud Sect disciples began conveying their thoughts one after another.

Right now, there wasn't even any need for actors anymore.

As a big power that belongs to the north, Voidless Realm has never been liked by the people of the south, and yet, today, Donghuang Baizhi obtained the support and respect of the people of the south.

And in contrary, Ying Family and Ji Family's positions within the hearts of the people of the south fell greatly, especially Ji Family!

All of those loose cultivators were currently criticizing Ji Family for not willing to uphold justice and praising Voidless Realm for being benevolent.

Not only did Ye Hua gave his wives a chance to act cool, Ye Hua also made Ji Family's reputation become greatly damaged, killing two birds with one stone.

Donghuang Baizhi shouted out loudly, "I appreciate everyone's kindness, but I hope for everyone to not be impulsive and prevent needless injuries and deaths from happening!"

Just how benevolent is the empress? I didn't expect that the north's big power would be this kind-hearted. I really want to migrate to the north.

Qing Ya and Donghuang Baizhi looked at each other. From the looks of it, right now, they were able to converse with each other with their eyes!

The two flew towards the sky, and upon seeing that, Jue Tian laughed lightly.

The madams have already gained enough good reputation. Right now, all that is needed for this act is a final push!

The three could be seen flying all the way high up above the clouds!

Without hesitation, Qing Ya and Donghuang Baizhi stopped suppressing their auras and fully unleashed their auras.

Meanwhile, Jue Tian unleashed his aura too. Of course, Jue Tian controlled his aura to stop at a level that was just a level higher than the two madams' auras. Soon after, Jue Tian's hands turned into sharp claws, and he began fighting with the two madams!

The spiritual energies that were released by both parties caused the clouds to roll about, and the dense spiritual might that were being released by both parties caused everyone that was on the ground to be unable to raise their heads. The loose cultivators and Cloud Sect disciples' gazes were filled with astonishment, all of them didn't expect that the three would be this formidable!

Those three are completely not on the same level as us, their strengths are too frightening!

Biting cold killing intent filled the entire sky, and wave after wave of spiritual energy swept through the heaven and earth.

Endless killing intent burst out from the two women's bodies as the two women attacked Jue Tian from Jue Tian's both sides!

Meanwhile, Ye Hua who was watching Qing Ya and Donghuang Baizhi through Jue Tian's eyes was slightly surprised.

There is no need to say much about Donghuang Baizhi, her fundamental fighting skills are not bad.

But Qing Ya is different, even though she awakened her bloodline, she still does not have any experience in combat. And yet, after just a few days of learning how to fight, Qing Ya's combat skills seem quite decent, and even more, she is able to coordinate pretty well with Donghuang Baizhi. Right now, the two of them seemed to have even formed a unique disposition and trapped Jue Tian within the disposition!

If Death Mage were to face against those two and get trapped in this disposition, Death Mage would most probably not be a match for them, unless Death Mage is able to escape from the disposition.

Also, those two women's speeds are extremely quick.

It is fortunate that Jue Tian is the one that is facing against them, the two of them won't be able to defeat Jue Tian no matter what.

The longer the two women fought, the smoother their moves became. Meanwhile, Jue Tian who had suppressed his strength was having a hard time. The two women's strengths, adding together with their coordination, were not something easy to deal with.

"This is more or less enough already, quickly use a big move, then admit your defeat, there are still other things waiting for you to go and do." Ye Hua's voice rang out in Jue Tian's head.

Jue Tian shouted out angrily, causing the two women to get pushed away from him.

Afterward, Jue Tian began forming hand seals with his hands at high speed.

A huge spheroid could be seen to be forming slowly. Thunder lingered around the huge spheroid, and a terrifying aura was being emitted out from the huge spheroid.

In the blink of an eye, the color of the sky changed, black clouds filled the sky, and thunder began booming continuously!

Everyone that was on the ground was not able to see what was happening above the clouds, and all they could sense was that a terrifying aura was currently congregating above the clouds.

The gale blew onto the two women's hair, causing their hair to flutter in the air. Looking at their eyes, there was no fear within their eyes, and instead, their eyes were filled with immeasurable righteousness.

Looking at his wives' gazes, Ye Hua felt that his head was in pain.

No, this won't do, I must lead the two of them astray!

The two women kept away their weapons, then pushed onto the air with their delicate hands!

"Power of bloodline!" The two women shouted out in unison.

This move that Qing Ya was using was taught to her by Donghuang Baizhi.

Although Donghuang Baizhi didn't inherit the power of Donghuang Bloodline, she was still after all a descendant of Donghuang, and a little bit of the power of Donghuang Bloodline still resides in her body!

On the other hand, Qing Ya inherited 100% of her bloodline's power.

Right now, Qing Ya still did not know that Nuwa's descendants were the weakest when they were pregnant. And yet, while Qing Ya was in her weakest state, she was actually still this strong! From this, it could be seen that, if Qing Ya was not pregnant, it was reckoned that she would be able to fight against Jue Tian one on one. Of course, the chance of Qing Ya winning against Jue Tian was still very slim.

Nuwa's descendants become stronger as they grow older. Right now, Qing Ya was still only a youngster. Perhaps, after a few hundred or thousand years have passed, Qing Ya would be able to defeat any one of the seven sins easily.

However, it was rumored that, because the power of Nuwa's descendants were all too enormous, only one Nuwa descendant can exist in this world! If there was already a Nuwa descendant in this world, another Nuwa descendant was not allowed to appear in this world! And yet, right now, Qing Ya was currently pregnant with a Nuwa descendant in her stomach...

The two women revolved their bloodline power, and a huge faint image appeared behind Donghuang Baizhi's back!

The huge faint image was a Three-Legged Golden Crow!

Meanwhile, the huge faint image that appeared behind Qing Ya was Qing Ya herself. However, the faint image of Qing Ya possessed a human body and a snake tail. The snake tail was a trait of the Nuwa Clan!

The two bloodline powers erupted together at the same time, and this caused Jue Tian to become a little astonished. Without choice, Jue Tian raised his strength by a bit.

Right now, a huge volcano seemed to have appeared in the sky and was currently erupting. The sound of thunder rang out continuously, lightning was continuously being discharged, the mountains were shaking, and the ground was trembling!

The scene seemed just like the end of the world was coming. Everyone was pressed onto the ground by the might that was being emitted out from the sky, however, their eyes were still looking at the sky.

Boom!

Suddenly, the entire sky seemed to have turned into a white color sun, the dazzling white light caused everyone to not be able to help but close their eyes.

Immediately after that, seemingly just like the explosion of a galaxy, a strong airwave erupted out in all directions. Right now, everyone was actually able to see the outer space through the sky, it was truly an astonishing sight to behold!

Ye Hua who was lying on the bed and watching the live broadcast through Jue Tian's eyes was startled. These two women are truly wild! I like it!
