

My Woman 281

[You Cannot Afford To Offend My Woman](#)

Chapter 281: The brains

“Look! Someone is falling from the sky!” One of the Cloud Sect disciples could be heard crying out in surprise while pointing at the sky.

Everyone looked towards the figure that was falling down from the sky at high speed, and in the blink of an eye, the figure landed within Cloud Sect.

A big hole didn’t form from the impact of the figure. Right when Jue Tian was about to land on the ground, he stabilized his figure and lightly landed on the ground. Jue Tian’s clothes were in tatters, but the mask that was worn on his face was still intact. Everyone felt that the mask must be some kind of high-grade mask.

Eh... Jue Tian wants to express that the mask he was wearing was just a mask that he snatched away from a child.

Back then when I snatched the child’s mask away from him, the child even cried.

Seeing that the outcome of the battle had been decided, everyone within Cloud Sect let out a breath of relief.

The empress and that heroine are truly formidable.

Although the battle was two against one, no one felt that it was inappropriate.

Qing Ya and Donghuang Baizhi slowly descended onto the ground, and their beautiful eyes were fixed onto Jue Tian.

If this person goes back on his words, there is really nothing that we will be able to do about it.

Faced against our big moves, this man didn’t suffer any injuries at all, all our big moves did was make his clothes become tattered. Meanwhile, when fighting against this man, my skin tore. It will be bad if I gained scars because of this. If there are scars on my body, wearing a bikini will be out of the question...

What time was it already, and one of them was still thinking about bikinis.

“The two of you are indeed formidable, this humble one accepts defeat!” Jue Tian shouted out loudly, seemingly like he was afraid others wouldn’t be able to hear what he said. Just based on this shout of Jue Tian’s that was filled with vitality, where were there even any signs that look like he had been defeated?

Jue Tian’s acting skills were no good. If Ye Hua was here, Ye Hua would definitely make it so that he was bleeding, and even poke a few holes in his own body.

The two women’s faces were indifferent, however, upon hearing that, both of them let out a breath of relief in their hearts.

“Since the two of you have won, this humble one should keep his words. As long as the two of you are in this world, we will definitely never appear in this world!”

“Goodbye!”

After finished speaking, Jue Tian disappeared from Cloud Sect.

The scene was extremely quiet, this turn of events was too quick, it was quick to the point that everyone still hasn't come back to their senses.

After quite a while, loud cheers began ringing throughout Cloud Sect. The calamity that had been terrorizing the south had finally been dealt with!

“Qing Ya, say, do you think that Ye Hua will flip out or not?” Donghuang Baizhi asked curiously.

Qing Ya smiled tenderly, “Not only will he flip out, he is also definitely going to pout his mouth and throw a tantrum.”

“However, Ye Hua looks extremely adorable when he is angry. Whenever I see that angry look on his face, I really want to pinch his cheeks.”

Qing Ya laughed, “If that is so, you are going to have to quickly seize the chance to do it while he is still in a weak state. Once his strength completely recovered, we won't be a match for him anymore.”

Donghuang Baizhi shrugged helplessly. What to do when this is the man that I fell in love with.

“Qing Ya, don't you feel that the person that we fought against just now seemed to be losing to us on purpose?” Donghuang Baizhi seemed to feel that something was fishy.

That man's strength is very strong. When faced against our bloodline powers, he was able to come out completely unscathed. If he were to continue fighting with us, we would have definitely been the ones that had lost.

And yet, that man actually admitted defeat just like that. This is very strange.

Qing Ya nodded her head, “We are going to have to be vigilant, I feel that that man is planning some kind of big plot.”

“En, I feel the same way too.”

The two women were both very smart. It was a mistake for Ye Hua to let Jue Tian be the one to act in this act. It would have been better if Ye Hua had gotten Wei Chang to be the one to act in this act. Wei Chang would have definitely acted well and made it so that there wasn't any flaw in the act.

Right now, the two women were already suspecting that Jue Tian lost to them on purpose. If the two women were to find out that their man was the director of all those acts, they would definitely collapse from anger, and Ye Hua would definitely be done for.

“Empress, heroine, on behalf of my sect, thank you for saving us from being killed by that man. If is it convenient for you two, how about staying here for a meal before leaving?” As Cloud Sect's sect master, Wu Hao naturally had to give his thanks. This was basic etiquette.

Of course, Wu Hao also had his own tiny motive for asking the two women to stay for a meal before leaving.

This heroine saved my life just now, thus, it is only natural for me to repay her, right? I wonder what this heroine thinks about me repaying her with my heart and body?

Donghuang Baizhi adjusted her mentality and once again revealed the aura that an empress should have, "For such a matter like this to have happened in the south, it truly pains my heart. Now that the enemy has been repelled, and peace has returned to the Cultivation World, there is no need for me and my good friend to be here anymore!"

After finished speaking, Donghuang Baizhi and Qing Ya disappeared from Cloud Sect.

"I didn't expect that the empress would be so amiable and approachable."

"That's right, leaving immediately after repelling the enemy, the empress is truly selfless!"

"En, this is something that the south's two big powers would never be able to do."

"That's right. What did that Ying Family say? That they had to recuperate their strength? Take a look at the empress, does she look like she is recuperating? Two big powers? From the looks of it, they might as well be called the two big cowards!"

The sound of people talking immediately rang out in Cloud Sect, and while praising the empress, those people were also criticizing the south's two big powers.

While looking at the spot that Qing Ya disappeared from, Wu Hao let out a deep sigh.

I have to increase my strength! I have to strive to have the strength to be able to help her in battle! At the least, I must not be a burden to her when in battle!

Qing Ya and Donghuang Baizhi didn't return to Leisure Bar, and instead, they returned to Voidless Realm. The first reason for returning to Voidless Realm was so that they can treat their wounds, and the second reason was that, they didn't dare to return home.

If Ye Hua were to find out that we actually disregarded our lives in order to save others' lives, he will definitely go crazy...

And in actuality, Ye Hua had already long known about that, and he already has his whip prepared for when the two of them returned back home.

The scene of Ye Hua whipping his wives with a whip would definitely be a scene to behold.

However, right now, Ye Hua was currently accompanying his daughter to watch Calabash Brothers: Save the Grandpa.

After Jue Tian was done with the act, Jue Tian appeared at Ji Family's gate.

Right now, Jue Tian was wearing a white color western suit, and a red color tie to match with the suit. Adding on with that confident smile that was on his face, Jue Tian looked very handsome.

Furthermore, the gold spectacles that he was wearing helped to add an intellectual look to him. Looking at Jue Tian, one would think that, this person is either a doctor or a teacher.

All those family heads that are holding a protest outside of Ji Family's barrier still do not know that the crisis has already been dealt with. However, I reckon that, they will receive news of it soon.

Therefore, I am going to have to quickly go into action and accomplish my order!

His Honor's intention is to get the humans to fight amongst themselves. As a subordinate, I naturally have to do things according to how His Honor wants things to be done.

However, looking at just how dispirited those people are right now, things are going to be a bit difficult, especially since His Honor does not want me to expose myself.

His Honor's orders sure are getting harder and harder to accomplish.

However, as the brains of the group, no matter how difficult His Honor's orders are, they won't be an issue for me!

Right when Jue Tian was preparing to stealthily go into action, Traceless Pavilion's Pavilion Master Ge Zheng suddenly stood up. Ge Zheng's looks could be seen to have changed drastically. In just a day, Ge Zheng had at the least become older by 10 years old!

"Ji Family's youngster, come out!"

Ge Zheng could be seen shouting loudly as he punched onto the barrier!

This punch was just a normal punch, Ge Zheng did not use any spiritual energy on this punch of his.

The other family heads turned their heads and looked at Ge Zheng, then shook their heads.

Yesterday, after landing attacks on the barrier for more than an hour, and finding out that the barrier still remained intact after enduring all those attacks, everyone came to recognize a fact, which was that the barrier was not something that they were able to break through.

In actuality, Ge Zheng also didn't expect this punch of his to be able to do anything to the barrier. All Ge Zheng was doing was merely letting out his anger on the barrier.

However...

Crack!

The spot where Ge Zheng's fist landed on cracked slightly.

Upon seeing that, Ge Zheng was stupefied.

When did my fist become so powerful? Could it be that, I broke through my current realm and stepped into another realm?

Ge Zheng shouted out loudly, and a formidable burst of spiritual energy exploded out from Ge Zheng's body as he struck his fist onto the barrier once again!

Crack... crack...

Just like a glass that had suffered a hit, spiderweb cracks that were visible with the eyes appeared on the barrier.

Everyone slowly stood their bodies up and looked in disbelief at the spiderweb cracks that appeared on the barrier.

“Everyone, together!” Ge Zheng shouted out.

Sure enough, few family heads immediately rushed over, and soon after, more and more family heads joined.

Once again, the barrier began enjoying the feeling of being bombarded with attacks.

Bang!

After 10 minutes of attack bombardment, they finally opened a hole in Ji Family’s barrier!

“Everyone, charge! Ji Family must give us an explanation!” Ge Zheng shouted out angrily as he took the lead to charge into Ji Family.

[You Cannot Afford To Offend My Woman](#)

Chapter 282: Show yourself if you have the guts

Ge Zheng was doing a good job in leading the tempo. In the flash of an eye, everyone had already charged into Ji Family!

Jue Tian slowly walked behind everyone.

Just now, the reason that Ge Zheng was able to make a crack appear on the barrier was naturally due to Jue Tian’s doing. If not, with Ge Zheng’s strength, how would he ever be able to deal any damage to the barrier?

It is fortunate that this Ge Zheng exists. Because of him, my plan is perfect now!

After walking into the barrier, Jue Tian raised his head and took a look. The hole that was made in the barrier was slowly restoring, and in no time, the hole disappeared, and the barrier restored back to how it was before!

“Today, everyone is going to have to die!” With a smile on his face, Jue Tian mumbled.

If Ye Hua knew that his subordinate, Jue Tian, had overthought the order that he gave to him and was currently planning on killing everyone, another big scolding was definitely going to be unavoidable.

I told you to make them bear grudges against each other, not kill all of them! If you killed all of them, where am I going to find people to toy with in the future?!

What has to be noted was that, the family heads of 90% of the south’s powers were gathered at Ji Family. If all of them were to die here, the south will definitely no longer be a match for the north anymore, and Ye Hua won’t be able to continue executing his plan anymore.

As expected of the brains of the group, Jue Tian was able to disintegrate all of the south’s powers in mere minutes, and furthermore, he was able to do it while with his identity kept secret!

Ji Zizhen who was currently enjoying a scrumptious breakfast suddenly wrinkled his brows.

They actually broke through the barrier!

How is this possible!

“Big brother, the situation is looking bad! Those people actually broke through the barrier!” Ji Ji rushed over and reported to his big brother about the current situation.

Ji Zizhen said gravely, “Do you not even know how to handle such a matter like this? Chase them all out!”

“Those people are smashing everything in their paths without any regard for their own lives at all! Without an order, the imperial guards also do not dare to do anything to those people. Right now, a few imperial guards had even been beaten up by those people!”

Right now, those family heads were indeed acting like a bunch of hoodlums, destroying everything in their paths, and had even beaten up a few Ji Family imperial guards. The scene within Ji Family was basically chaos right now!

“Wicked commoners! Those family heads are precisely a bunch of wicked commoners!” Ji Zizhen shouted out angrily.

Seeing that his big brother was flipping out, Ji Ji didn’t dare to speak too much.

After quite a while, Ji Zizhen finally calmed down. While drinking his high-grade spiritual porridge, Ji Zizhen said unhurriedly, “Beat up a few of them, then chase all of them out!”

“Yes!” Ji Ji quickly left the living room.

Soon after, Ji Teng walked into the living room and said gravely, “Big brother, this matter is very strange, for the barrier to break for no reason, could it be that there is someone intentionally messing with us?”

“Perhaps. However, no matter how ruthless or formidable the person that is trying to mess with us is, if he has entered into our Ji Family’s territory, I will make sure that he won’t be able to leave!” While with stern killing intent flickering in his eyes, Ji Zizhen said coldly.

After hearing what his big brother said, Ji Teng felt a lot more at ease, “I will go and help out second brother then.”

“Go on. However, don’t kill anyone right now! We will kill them in the future instead!”

“Understood!”

Right now, all of the family heads have already charged into Ji Family’s inner territory, and the imperial guards that were guarding the entrance to the inner territory have already been knocked down onto the floor by them.

Of course, those imperial guards were merely beaten up, and not killed. No matter how angry those family heads were, they still possess rationality.

Jue Tian unhurriedly followed behind the group and quietly waited for his chance to strike.

Suddenly, Jue Tian discovered that the man that was leading the group seemed to be very stirred up.

This guy should be it then!

Ge Zheng was currently fighting with his fists, however, he did not revolve his spiritual energy at all. And since that was the case, his punches would at the most hurt, and wouldn't be fatal!

"Stop! If not, I won't be courteous with you anymore!" A Ji Family imperial guard could be seen speaking to Ge Zheng while pointing his pike at Ge Zheng.

"Call your family head to come out and give us an explanation! We demand justice!" Ge Zheng who was in rage kicked away the pike that was pointed at him, then punched onto the imperial guard's stomach!

Bang!

The eyes of the imperial guard almost popped out from his eye sockets as he pointed at Ge Zheng and shouted out, "You dare to kill me! You actually dare to kill me!"

Ge Zheng's brows became wrinkled, and the surrounding imperial guards and family heads all stopped what they were doing and looked towards the imperial guard and Ge Zheng.

The imperial guard could be seen slowly collapsing onto the floor. After collapsing onto the floor, the imperial guard's entire body began twitching, and blood began spilling out from the corner of his mouth.

Upon seeing that, the other imperial guards immediately rushed over to check on the situation.

Faced with this situation, none of the family heads stopped the imperial guards from heading over to check on the imperial guard that had collapsed on the floor. Right now, the family heads were still a bit stupefied.

We were obviously just fighting without the intent of killing anyone, so why did this Ge Zheng suddenly kill an imperial guard!

Very quickly, the imperial guard stopped breathing.

Upon seeing that, the other imperial guards shouted out loudly, "To actually dare to commit a murder in Ji Family! What that will be waiting for all of you should be the most severe punishment there is!"

For a matter like this, the imperial guards definitely have to report the matter to their family head and let their family head decide on what to do.

However, not sure what was going on in the brain of one of the imperial guards, the imperial guard held onto his pike and thrust his pike towards the family heads, "You bunch of scoundrels, all of you should die! I am going to take revenge for my brother!"

In a flash, the imperial guard thrust two family heads to death. Those two family heads were brought here by a certain family head, and when that certain family head saw that his two good friends were killed by the imperial guard, his head turned hot!

Immediately, spiritual energy exploded out from the family head's body as he attacked the imperial guard!

Soon after, the imperial guard's body exploded, and blood splattered throughout the scene.

The change of events caused everyone to become shocked.

“Kill!” The imperial guards shouted out angrily.

Meanwhile, Ge Zheng was not afraid too as he shouted out, “Kill!”

Immediately, both sides began fighting with the intent to kill. Soon after the fight began, even more Ji Family imperial guards rushed out and joined the fight!

Jue Tian was very satisfied with the situation right now.

With just a snap of my fingers, they were made to kill each other by me. This kind of feeling sure is wonderful. It is no wonder that His Honor would prefer killing them this way. Killing them this way feels much greater than just straightforwardly killing them by myself!

From time to time, Jue Tian would kill a few imperial guards and family heads, which in turn caused both sides to become even angrier.

Jue Tian was very happy right now.

“All of you, stop!”

Ji Ji could be seen to have rushed over to the scene, then shouted out loudly.

Jue Tian disliked the person that appeared very much.

Those people were having a great time killing each other, so why did you have to interrupt them?

As expected, along with Ji Ji’s shout, everyone stopped and separated from each other. The imperial guards gathered at one side, while the family heads gathered at the other side.

The brows of Ji Ji, and Ji Teng, who had just arrived, were tightly wrinkled.

I only left for a moment, and over a hundred people have died on both sides!

If this matter were to spread out, my Ji Family’s face would be completely thrown away, and my Ji Family will be deemed as a power that bullies the weak!

However, no matter if Ji Family was in the wrong or not, how would Ji Family allow those wicked commoners to mess around in their territory?

“Audacious! To actually dare to kill my Ji Family imperial guards, do you all not know the consequences of doing that?!” Ji Teng landed on the ground and shouted out.

Biu.

A throwing knife shot out from the family heads’ group, and the speed at which that throwing knife was shot out was so quick that even Ji Teng also didn’t realize a throwing knife was shot out from the family heads’ group.

With the sound of a plop, the throwing knife pierced into Ji Teng’s chest. And although the speed at which the throwing knife was shot out was very fast, the might of the throwing knife didn’t seem to be very big as the throwing knife merely pierced through a small bit of Ji Teng’s skin.

Jue Tian who was within the family heads' group had a faint smile on his face.

"Who! Who dares to attack me while hidden in the dark! If you have the guts, show yourself!" Ji Teng was in disbelief. I was actually pierced by a throwing knife!

"Second brother, are you alright?" Ji Ji asked with concern.

"I'm fine, it's merely a small flesh wound!" Ji Teng said gravely while sweeping through the crowd with his eyes.

Biu.

Another throwing knife was shot out, and the throwing knife steadily pierced through Ji Teng's chest. Although the might of the throwing knife wasn't big, every throwing knife that pierced his chest was practically just like a pierce in his heart.

"Who! If you have the guts, show yourself!"

Biu.

Ji Teng lowered his head and took a look. Three throwing knives could be seen to have pierced his chest.

This is happening while with so many people watching, my face has practically been completely thrown away!

Ji Teng was angered to the point that his face became completely red, "Wicked commoners! All of you are a bunch of wicked commoners! There are always wicked commoners who want to harm me!"

Upon hearing that, the family heads couldn't stay silent anymore.

Your Ji Family is acting like a coward, not daring to deal with that unknown power, and yet you still dare to be so cocky?! Even more, do you think that you are an emperor!

"Who do you even think you are! Go and call your family head to come out, we want an explanation from your family head!"

"That's right, quickly scam and call your family head to come out!"

"That's right! If not, we are going to exterminate your Ji Family today!"

Such arrogance, to actually even think of exterminating our Ji Family!

Ji Ji and Ji Teng's eyes were about to start shooting flames, both of them were almost unable to hold themselves back anymore.

Biu, biu, biu...

Countless throwing knives shot out from all directions, and all of them pierced into Ji Ji and Ji Teng's chests.

The throwing knives that were pierced into Ji Ji's chest formed an "S", while the throwing knives that were pierced into Ji Teng's chest formed an "B".

Putting the two letters together, "SB" was formed.

You Cannot Afford To Offend My Woman

Chapter 283: Suffer retribution

Seeing the scene that was happening in front of them, words cannot express just how great the family heads felt, and immediately, all of them began laughing out loudly.

The reason that the family heads dared to laugh was because they were sure that Ji Family wouldn't dare to anyhow kill them, because, if Ji Family were to anyhow kill them, Ji Family would basically be doing something that would cause everyone in the world to go against them.

However, the family heads underestimated Ji Ji and Ji Teng's temper.

After being messed around with by the throwing knives, and even practically being ridiculed as "SB", how could they withstand it?

While hearing the family heads' laughter, Ji Ji took out a tray, and the tray seemed very similar to a flying guillotine.

However, this flying guillotine that Ji Ji took out was much more formidable than a normal flying guillotine, because this flying guillotine that he took out was an ancient godly item.

Ji Ji picked the one who was laughing the hardest and tossed the flying guillotine at the person!

The flying guillotine could be seen landing onto that family head's head, and afterward, the bottom part of the flying guillotine extended downwards and pierced through the family head's legs!

From the top to the bottom of the fully extended flying guillotine, there were quite a number of layers, and each layer possessed a sharp sawtooth blade. If the flying guillotine were to start spinning, everyone should be able to imagine just what would happen to the family head!

Ji Ji whose anger was soaring through the sky muttered something in a low voice, and the flying guillotine began to spin!

"Ji Family, you cannot kill me!" The family head who was bound by the flying guillotine shouted out angrily.

"You won't be the only one who is going to die, all of you are going to die!"

Biu.

Another throwing knife pierced through Ji Ji's chest, and immediately, Ji Ji's anger erupted!

Shnng!

The family head that was bound by the flying guillotine immediately turned into blood water. And afterward, the flying guillotine didn't stop, and instead, it flew towards another family head!

The scene immediately turned into chaos, and all of the family heads didn't care that much anymore, all they could do right now was to fight it out with Ji Family!

Ji Teng's body trembled, and the throwing knives that were on his chest shot out from his chest and killed a few family heads.

Soon after, a huge black metal sword appeared in Ji Teng's hand, and from the looks of it, just like the flying guillotine, this sword was an ancient godly item too!

Astonishment appeared in all of the family heads' eyes.

As expected of a big power! Ancient godly items are practically like cabbages to them!

Ji Teng suddenly rushed forth and brandished the huge black metal sword at the crowd! A huge sword energy struck at the crowd, and immediately, quite a number of family heads died!

Immediately, all of the family heads became flustered.

Ji Family has gone mad! They are actually massacring us family heads!

"Everyone, quickly run! Ji Family has gone mad!"

"Quickly run, we have to inform everyone of Ji Family's evil deed!"

"That's right, we have to make Ji Family become loathed by everyone in this world!"

All of the family heads began retreating. For such a thing like this to have happened, they must inform the people outside of it!

Looking at the family heads that were running away, Ji Ji and Ji Teng finally came back to their senses.

While with their brows tightly wrinkled, they thought to themselves, "We seem to have caused the matter to get out of hand!"

"I merely told you two to chase away those family heads, and yet, look at what you two had done!" Ji Zizhen suddenly appeared behind the two and said coldly while with his hands placed behind his back.

"Big brother!"

"Big brother!"

Ji Zizhen did not respond, and instead, silently looked at the scene in front of him.

More than half of those family heads have died. If this matter were to spread out, the consequences that would follow would be unimaginable!

After remaining silent for a while, Ji Zizhen let out a breath, then said, "Since things have come to this point, don't let any one of them escape!"

"Yes!"

"Yes!"

From the looks of it, Ji Zizhen has prepared himself for the worst.

A big power massacring their subordinates, such a matter like this definitely cannot get spread out to the outside world! All of those family heads must die!

The family heads who have arrived at the barrier discovered that they have arrived at a dead-end! The hole that they made in the barrier had actually been restored back to normal. Right now, the situation

that the family heads were faced against was that, a dead-end was in front of them, and soldiers were catching up to them from behind!

All of the family heads' faces were filled with despair.

Meanwhile, Jue Tian had transformed into his true form, and was currently standing on a roof and watching the show. Furthermore, Jue Tian could be seen holding onto his phone and recording the scene.

In no time, Ji Family's army surrounded the remaining few hundred family heads.

"Ji Family's youngsters, even if I am going to die, I am going to drag along a few of you with me!" Ge Zheng took the lead to rush into Ji Family's army.

During the moment of life and death, Ge Zheng actually broke through his realm, and formidable spiritual energy burst forth from his body.

Ji Ji snorted coldly, then tossed out the flying guillotine that was in his hand, and immediately, the flying guillotine landed on Ge Zheng's head!

Right after, Ge Zheng who was in the air turned into mere blood water.

"Kill!" Ji Ji shouted out coldly.

Immediately, the sounds of people cursing vulgarities, begging for mercy, and wailing in pain rang out in the scene.

After 10+ minutes, while looking at the last family head collapsed on the ground, Jue Tian clicked his tongue continuously.

This video is definitely going to shock the world! However, I must say, for Ji Family to actually dare to massacre the family heads of 90% of the south's powers, their guts are truly big.

Ji Family imperial guards could be seen quickly cleaning up the battlefield, and after the corpses were dealt with, and the battlefield had been cleaned up, it seemed as if nothing had happened here.

Seeing that his job here was done, Jue Tian kept away his phone and left.

Since I'm done with my job here, I should report to His Honor about it.

Perhaps, the entire Ji Family would have never thought that, while they had other people's lives grasped in their hands, Ye Hua had their lives grasped in his hands.

"Your Honor, I have completed my task." Jue Tian contacted Ye Hua and said.

Right now, Ye Hua was currently playing around with his daughter.

"Just how much do you think those family heads hate Ji Family right now?" Ye Hua asked curiously.

Jue Tian responded respectfully, "Those family heads' hatred for Ji Family is most likely extremely high. After all, they even fought with Ji Family."

Ye Hua laughed involuntarily, "Oh? They even fought with Ji Family? This is a bit interesting, how many of them died?"

"All of them died."

Ye Hua, "....."

When Donghuang Li saw that her father became dazed, she asked curiously, "Daddy, what's the matter?"

"Ah Li, you go and play with Aunt Qing first, daddy has something to do." Ye Hua said faintly.

Donghuang Li was very sensible, after nodding her head, she ran to the room that was at the side.

Meanwhile, Ye Hua stood by the window and ignited a stick of cigarette, "Are you sure that all of them died?!"

"Subordinate is very sure. Subordinate did what Your Honor told subordinate to do. Subordinate ignited their anger, and as expected, Ji Family couldn't hold themselves back after being angered and ended up massacring all of the family heads. Furthermore, subordinate has everything recorded on phone. Ji Family is definitely going to have to bear responsibility for this matter!"

Ye Hua shouted out angrily, "When did I f**king told you to get all of the family heads killed! Now that all of those family heads died, where am I going to look for people to toy around with!"

"Your Honor, quell your anger!" Jue Tian said while terrified.

"I have already emphasized enough to you that all you have to do is to get them to fight amongst each other. How could you let Ji Family just kill all of the family heads like this!"

Jue Tian hurriedly explained, "Your Honor, subordinate did things according to what you told subordinate to do, which was to make them fight amongst each other. Just that, those family heads were too weak and all of them ended up being killed by Ji Family."

"If that's the case, do you not know how to help out those family heads!"

"Your Honor, if subordinate helped out those family heads, wouldn't subordinate's identity get revealed?"

Ye Hua, "....."

Ye Hua finally knew why his group ended up being exterminated by those overlords back then.

Great, now that pretty much all of the south's family heads have died, how is the south going to have the strength to fight against the north anymore? Without at least a hundred years to recuperate, it is going to be impossible for the south to raise their strength back to normal.

This is annoying!

"I will come over right now!"

"Subordinate should respectfully wait for Your Honor's arrival then."

Ye Hua began gathering the Seven Sins. This could be counted as a small reunion.

Right now, Ji Family was currently holding an emergency meeting in the main hall.

On the family head seat, Ji Zizhen appeared to be very calm, and was currently drinking tea.

Meanwhile, Ji Family elders were extremely indignant with Ji Zizhen's doings.

"What this Ji Zizhen had done is something that violates the heaven's law! To have done such a thing like this, our Ji Family will definitely suffer retribution!"

"That's right!"

While listening to the elders jabber on and on, Ji Zizhen suddenly said faintly, "Don't speak anymore, all those people have already died, what is there to even continue talking about."

"Family head, if we end up causing those people above to become angry, our Ji Family will have to face the fate of being destroyed!" One of the elders said gravely.

The existence of the big powers was to uphold justice, and yet, what justice was there in what Ji Family had done?

"Those people don't exist anymore. They have not appeared for thousands of years, and naturally, they also won't appear in the future!" Ji Zizhen said faintly, completely not worried about this problem.

After pausing for a moment, Ji Zizhen continued and said, "Furthermore, the deaths of those people can be pushed onto that group of people. This matter does not have anything to do with our Ji Family."

"Big brother is brilliant!"

"Big brother is brilliant!"

Ji Zizhen placed his teacup down on the table, then said gravely, "Right now, our main task is to annex Ying Family! Then afterward, annex Voidless Realm!"

"Family head, you mustn't do that!"

Ji Zizhen's gaze turned cold as he shouted out, "Drag him out of the meeting!"

A few imperial guards could be seen walking in and dragging the elder away from the meeting. However, right after they dragged the elder a few steps away from the main hall, they came across five strangers.

[You Cannot Afford To Offend My Woman](#)

Chapter 284: – If I moved a step, I lose

The man that was in front of them had a cigarette in his mouth, and had a look that was practically saying, "I am a big boss". However, the expression that was on the man seemed to be looking a bit unhappy, seemingly like he had just been diagnosed with constipation.

The four people that were following behind the man were very strange too. Amongst the four people, there was a handsome uncle, a youngster, a young man that wore a pair of gold spectacles, and an adorable loli.

This group of people was naturally Ye Hua and the four sins.

However, the look on Jue Tian's face didn't look really good, because he didn't manage to accomplish his order correctly.

Ye Zizi was yawning, and her small hand was patting onto her lips. Today, Ye Zizi was wearing a princess dress as usual, and a big ribbon bowknot was tied to the top of her head. Ye Zizi looked extremely adorable.

Meanwhile, Wei Chang and Lie Gu both had a smile on their faces, seemingly like they were here to visit an old friend.

"Who are you guys!" The imperial guards looked vigilantly at Ye Hua and the others.

Who are these five people, I have never seen them before in Ji Family!

Ye Hua didn't have the mood to speak with some mere salted fish, and as subordinates, it was only natural for them to have to understand what was going through their boss's mind!

Jue Tian said faintly, "Lead us inside!"

The elder and the two imperial guards went into a daze for a moment, then soon after, said respectfully, "Please come in."

Jue Tian's strongest ability was that he was able to change a person's thoughts, or to put it simply, hypnotism was Jue Tian's strongest ability.

Also, Jue Tian possesses another very formidable skill, and that skill was speed!

Within the group, Ye Zizi was the symbol for power, and Jue Tian was the symbol for speed.

Wei Chang's strength was relatively comprehensive, there wasn't any point of his strength that really stood out. However, Wei Chang's true body alone was enough to make others tremble in fear.

As for Lie Gu, there was no need to say too much, he was the king in air combat.

Naturally, the three other sins also have their own characteristic.

Ye Hua's entire group was able to dominate the sky, land, and sea. And it was precisely because of this, all of the Overlords had to gather together in order to be able to eliminate Ye Hua and his group.

Back then, as the leader of the group, Ye Hua's physical attacks were the weakest amongst the group, but his magic attacks were the strongest. And because all of those Overlords knew that, they put aside their differences and made a series of battle plans to fight against Ye Hua and his group. At that time, the Overlords could be said to have truly achieved the state of being willing to share their treasures with each other!

Therefore, it must be said, Ye Hua and the Seven Sins were targeted by the Overlords. After all, Overlords have their own pride, and such a thing like Overlords being willing to share their treasures with each other was never before heard of. Even more, even Demonic Overlords were involved in the plan to eliminate Ye Hua and the other sins.

In the end, although the Overlords managed to exterminate Ye Hua and the other sins, the Overlords themselves also suffered tremendous losses.

However, what the Overlords do not know was that, the skeleton from back then did not die, and instead, the skeleton's strength had become even more powerful than before, and the same could be said for the skeleton's subordinates.

If the Overlords were to find out about this, it was reckoned that the Overlords would start panicking and won't be able to even sleep in peace.

The elder and the two imperial bodyguards respectfully lead the way for Ye Hua and the others.

While smoking his cigarette, Ye Hua looked at the people that were in the main hall and thought to himself, "Those damn fellows are the ones who messed up my entire plan! I really want to call the police and get them all arrested! Those murderers!"

Ji Zizhen who was inside the main hall was currently formulating a series of annexation plans. Suddenly, Ji Zizhen saw a few figures appeared outside the main hall, and immediately, his brows became wrinkled.

Upon seeing the peculiarity that appeared on their family head's face, everyone couldn't help but looked towards the direction that their family head was looking at.

Ye Hua and the others walked to the center of the main hall, and after Ye Hua swept his eyes over everyone that was in the main hall, Jue Tian who was standing behind Ye Hua shouted out, "What are you all waiting for? Quickly kneel down and pay your respect to His Honor!"

Ye Zizi took out a lollipop from her small pocket, took off the lollipop's wrapper, then placed the lollipop into her mouth. An adorable smile was on Ye Zizi's face, and the color of her scarlet pupils was becoming even brighter.

His Honor is definitely going to allow me to have my fill today.

Upon hearing Jue Tian's words, everyone from Ji Family became extremely dumbfounded, especially the elders.

After coming back to their senses, all of the elders kneeled down and said respectfully, "This one pays respect to Your Honor!"

Ji Zizhen didn't believe that the people in front of him were the rumored deities.

No, this is impossible! The deities have already disappeared for more than a thousand years, so why would they suddenly descend into the mortal world out of nowhere? Those people are definitely not deities!

Ji Ji and Ji Teng looked towards their big brother.

Just what is going on? Should we kneel and pay our respect too? Those elders have already kneeled down.

"You all are deities?" With a gloomy look on his face, Ji Zizhen asked.

Wei Chang could be heard shouting out, "Impudent! How could those garbage deities ever be able to be compared to His Honor!"

Ye Zizi who was sucking on a lollipop said, "En, en, en~ Deities are all garbage."

"State your identities, if not, we will deem you all as invaders and deal with you all just as how we would deal with invaders!" Ji Ji took out his flying guillotine and shouted out gravely.

Ye Hua let out a mouth of smoke, then said faintly, "My identity is not something you insects are worthy of knowing. Furthermore, your Ji Family has long been invaded by me!"

Jue Tian understood, and immediately, he flung out a throwing knife, and the throwing knife once again pierced into Ji Teng's chest!

With a dazed look on his face, Ji Teng lowered his head and looked at the familiar throwing knife.

Ji Teng suddenly stood up from his seat, then shouted out while pointing at Jue Tian, "Big brother! He is the one! He is the one who kept on flinging throwing knives at us, causing us to become enraged and thus ended up killing those family heads!"

Everyone that was in the main hall gasped. It was only now that most of them come to realize that they had been plotted against this whole time!

"Talkative!" Jue Tian laughed lightly.

A throwing knife appeared once again, just that, different from before, the throwing knife pierced through Ji Teng's right cheek and came out from the left cheek. The throwing knife's blade perfectly sealed Ji Teng's oral cavity.

"Audacious!" Ji Ji flung out his flying guillotine, and the flying guillotine flew towards Ye Hua's head!

Ye Hua said faintly, "If I moved a single step today, I will count it as I have lost!"

Right when the flying guillotine was about to land onto Ye Hua's head, Lie Gu who was standing behind Ye Hua grabbed onto the flying guillotine's sharp blade, and after the flying guillotine's sharp blade struck onto Lie Gu's hand, the sharp blade actually became blunt.

This youngster actually made the blade of an ancient godly item become blunt with his mere hand!

In actuality, just now, Lie Gu stealthily transformed a part of his dragon bone onto his palm.

Meanwhile, while all that was happening, Ye Zizi's hair moved stealthily, and right now, her hair had already appeared on top of Ji Ji's head. The hair could be seen forming into a mouth, and the mouth was currently looking at Ji Ji's head.

"Ji Ji! Be careful!" Ji Zizhen who was sitting on the main seat shouted out loudly.

However, it was already too late. The small mouth immediately bit into Ji Ji's head, then began feasting on Ji Ji's insides.

While being feasted by the small mouth, Ji Ji's eyes rolled upward, and his four limbs twitched continuously.

“Stop!” Ji Zizhen shouted out loudly and was preparing to attack at Ye Zizi.

“If I didn’t allow you to move, then do not move!” Ye Hua said lightly.

Ji Zizhen felt a formidable pressure pressing down onto him, causing him to sit back down onto his seat and not be able to move his body!

The feasting was still going on, and Ye Zizi’s beautiful eyes had currently turned into crescents.

So tasty~ Slurp~

Looking at the scene that was in front of them, everyone from Ji Family was completely terrified.

An elder shouted out while hitting on the ground with his hands, “Retribution! This is retribution!”

After sucking Ji Ji dry, Ye Zizi tossed Ji Ji to the side. Afterward, Ye Zizi licked onto her lips, seemingly to not have had enough yet.

When Ye Zizi’s eyes swept through everyone from Ji Family, all of them couldn’t help but tremble!

Ye Hua could be heard saying faintly, “Everyone, sit down, let’s discuss how you all should die.”

Ye Hua walked to Ji Ji’s seat and sat down.

As for the four sins, the four of them stood behind Ye Hua.

Suddenly, one of the elders shouted out loudly, “You moved a step! You lost!”

Ye Hua went into a slight daze, then soon after, said faintly, “I am not one who keeps his words.”

Everyone from Ji Family, “.....”

How could you be like this! You were evidently the one that said you would count it as you have lost if you moved a single step! And right now, you are saying that you don’t keep your words! How could you do this!

However, right when Ye Hua was about to have some fun, outside of the main hall, a gold light suddenly descended from the sky! The formidable might pressure that was being emitted out from the gold light caused everyone to become astonished.

After the gold light dispersed, two men and a woman could be seen to have appeared outside of the main hall.

The two men wore robes, had their hair tied onto hair crowns, while the cold and haughty-looking woman wore a blue dress.

You Cannot Afford To Offend My Woman

Chapter 285: Filled with grief and pain

Ye Hua was curious about the three that suddenly appeared, therefore, he suppressed everyone from Ji Family to prevent them from doing anything stupid.

Meanwhile, Lie Gu looked towards the woman, then licked his lips, and even swallowed a mouth of saliva.

This woman is not bad, should I request His Honor to bestow this woman to me? Will His Honor agree to my request?

Jue Tian was not interested in women, after taking a look at the woman, Jue Tian didn't pay any more attention to the woman.

Wei Chang's heart was filled with Xiao Tang, and no other woman was able to enter into his heart.

From this, it could be seen that Lie Gu was someone that has a huge heart.

Ye Zizi rolled her eyes at Lie Gu. This lecherous dragon is going into heat again.

As for Ye Hua, right now, his heart was split into two pieces, one piece for Qing Ya, and the other piece for Donghuang Baizhi. No other woman was able to enter into Ye Hua's heart anymore.

Amongst the three people, the woman was actually the one who was walking in the front. Evidently, the woman was the boss amongst the three.

Lie Gu licked onto his dry lips.

Ye Hua felt that this woman was much more able to act cool compared to Qing Ya and Donghuang Baizhi.

If not for being curious about those three, Ye Hua really wanted to end the woman's life right now by giving her a slap on the face.

"What are you all still being in a daze for? Quickly kneel down and pay your respect to Madam Zi Yuan!" One of the men who was standing behind the woman shouted out gravely.

The shape of Lie Gu's mouth turned into an O shape.

The wife of a deity... This is so exciting!

Madam Zi Yuan's original name was Zi Shan, after marrying into the prince mansion, she was granted the title "Madam Zi Yuan". In actuality, Madam Zi Yuan's strength was very formidable, but because she wasn't willing to serve upon the prince, even though she possessed an outstanding appearance, the prince wasn't fond of her, and towards Madam Zi Yuan, the prince just casually threw a sinecure to her and left her on her own.

Today, while she was bored, she saw that there was peculiarity at Ji Family, and thus decided to come down to the profane world to relieve boredom, and at the same time, give Ji Family a punishment while she was here in the profane world.

Those three big powers are after all some small trump cards that the prince left in the profane world, thus it is only right for me to discipline them when they do something wrong.

Upon arriving at Ji Family, Madam Zi Yuan immediately sensed the grievances of the souls who had died unjustly at Ji Family's territory.

Seems like this Ji Family just finished killing a bunch of people not too long ago.

After walking into the main hall, Madam Zi Yuan felt rather baffled as she sensed that those people from Ji Family were trembling with fear.

The more Lie Gu looked at Madam Zi Yuan, the more fond he became of her.

This woman's skin is that of a beautiful white, and furthermore, her demeanor is different from my three other women. Right now, I precisely lack such a woman like this.

Yi Ran belongs to the gentle and lovely kind, Wen Xia belongs to the cool kind, and Bai Xiaozhen belongs to the adorable kind. Right now, all I'm lacking is the cold and haughty kind.

Moreover, recently, because those three wives of mine have gone to shoot for their shows, it has been hard for me to fall asleep.

And right now, isn't it just nice that this woman has sent herself to my doorstep? This is great!

"Who are you all!" Ji Zizhen who was being suppressed by Ye Hua asked. Although Ji Zizhen was currently being suppressed, his mind was still clear.

One of the men who was standing behind Madam Zi Yuan shouted out, "Impudent, to actually dare to be disrespectful in front of Madam Zi Yuan!"

After finished speaking, the man raised his hand and slapped onto the air.

"Pa!"

The sound of the slap was truly loud, and immediately, the imprint of five fingers appeared on Ji Zizhen's face.

Madam Zi Yuan said lightly, "A mere big power also dares to be so impudent? Seems like I am indeed going to have to give you all a good discipline."

Ji Teng shouted out loudly, "Discipline your mom!"

"You are courting death!" Madam Zi Yuan shouted out.

One of the men that was standing behind Madam Zi Yuan immediately appeared in front of Ji Teng and grabbed onto Ji Teng's neck with just one hand. After sealing off Ji Teng's spiritual energy, the man straightforwardly choked Ji Teng to death.

Ye Hua took out a stick of cigarette, assumed the sitting posture of a big boss, then lighted up the cigarette.

I didn't expect that those people are here to give Ji Family a lesson too. However, for this woman to not actually place any of the three big powers in her eyes, this is rather interesting.

My interest has been piqued, and my mood has become slightly better too.

In such a short period of time, Ji Zizhen who was sitting on the main seat has witnessed both of his little brothers die a miserable death in front of him. Right now, Ji Zizhen's eyes could be seen to be filled with bloodshot.

I didn't expect that those three are actually deities. If that is so, those five people who appeared at the beginning, could they be those people who had been going around massacring people during those past few days?

Madam Zi Yuan moved her gaze to Ye Hua.

This man's expression is indifferent, seemingly like he doesn't fear me at all. Furthermore, for him to smoke onto whatever that he is smoking right now while he is in front of my presence, he is simply being disrespectful towards me!

Lowly human! To actually dare to be so insolent while you are in front of the presence of a deity!

Ye Hua released the suppression that was on everyone from Ji Family. Ye Hua was very curious as to just which side would Ji Family choose to side with.

Everyone suddenly felt their bodies became lighter, and confusion appeared in their eyes.

No matter what is going on, now that the deities have appeared, we have to pay our respect to them!

"This one pays respect to you deities!" Aside from Ji Zizhen, everyone from Ji Family knelt respectfully on the ground.

Of course, Ye Hua and the other sins did not kneel too.

After taking a look at Ye Hua, then taking a look at Madam Zi Yuan, Ji Zizhen made his decision.

Ji Zizhen slowly walked to the front of Madam Zi Yuan, then knelt down in front of her and shouted out, "This one pays respect to you deities!"

Madam Zi Yuan lightly raised her hand, and everyone was propped up from the ground by an incorporeal power, "To know to recognize your own mistake and mend your mistake, you guys still have hope. However, some people on the other hand are beyond hope!"

Madam Zi Yuan looked towards Ye Hua and the other sins.

Ji Zizhen seemed to have forgotten that this woman's subordinate had just killed his little brother just a while ago and could be seen saying hurriedly, "Deity, this group of people are invaders, if not for the fact that you had appeared here, I reckon that my Ji Family would have been exterminated by them!"

Ye Hua flicked his cigarette ash, then said, "You seem to be mistaken, even with those three here, the fate of your Ji Family being exterminated still won't be prevented."

"Audacious!" The two men shouted out gravely.

Madam Zi Yuan raised her hand and signaled her two subordinates to not do anything. Madam Zi Yuan still had some questions she wanted to ask.

Ye Hua did the same too.

"Who are you?" Madam Zi Yuan asked.

Ye Hua said calmly, "I am a good person."

Pfft!

Everyone from Ji Family began cursing out at Ye Hua in their minds. If you are a good person, there won't be any bad person left in this world!

"He is the one who barged into Ji Family and killed my second brother! Deity, this person killing someone from Ji Family is a small matter, but this action of his is basically trampling on you deities' dignity!" Ji Zizhen was smart, but what he did wrong was that he chose to side with the wrong side. Although, even if Ji Zizhen chose the right side, the aftermath would still be the same.

Since Ye Hua had already decided on what he was going to do, it was not going to be easy for him to change his mind.

"Is what he said true?" Madam Zi Yuan questioned gravely.

Ye Hua said, "What he said is true, but that is because they messed up my plan and killed a lot of innocent people. Right now, my heart is still filled with grief and pain!"

Grief and pain!

Ye Hua didn't lie, he was indeed filled with grief and pain, but the reason he was filled with grief and pain was because his plan got messed up.

"Deity, do not believe him!"

Ye Hua said faintly, "Jue Tian, let her have a look."

Jue Tian took out his phone, then walked to the front of Madam Zi Yuan and played a video for Madam Zi Yuan to watch.

From the video that was played, Ji Family's ruthlessness was on full display. The video was concrete proof of what Ji Family had done.

"Those people are all my people! And yet, in the end, they were all killed by this Ji Family. All I'm here to do is to take revenge by exterminating this Ji Family. There's nothing wrong with what I'm trying to do, right?" Ye Hua said gravely.

Madam Zi Yuan turned her head around and looked towards Ji Zizhen, "What do you have to say for yourself!"

"Deity, I..." Ji Zizhen really did not know how to explain.

Madam Zi Yuan said faintly, "For deceiving a deity, you should be punished by having your soul destroyed!"

Madam Zi Yuan could be seen slapping onto the top of Ji Zizhen's head.

Ji Zizhen's eyes were opened wide, he couldn't believe what had just happened.

She is killing me just because I told a lie? This man also did the same just a while ago, so why isn't he dead?

An unknown fire began burning from the inside of Ji Zizhen's body, and in no time, Ji Zizhen's entire body was enveloped in flames.

Afterward, Madam Zi Yuan turned her head around and looked towards Ye Hua, "Only I am allowed to kill my people! You are not allowed!"

You Cannot Afford To Offend My Woman

Chapter 286: A lot of people

The woman in front of Ye Hua made him recalled of the past.

Back then, just how many humans who were very confident in themselves have act cool in front of me?

Just that, only at the very final moment, then did those humans all come to realize just how great of a thing is it to live without trying to act cool. After all, when the difference in strength is too big, acting cool is no different from seeking death.

This so-called deity, I really wonder who gave her the courage to actually dare to utter such words. To dare to act cool in front of me, do you know that today is going to be the last day that you are going to be able to act cool?

Seeing that the woman was being impudent towards His Honor, Ye Zizi, Jue Tian, and Wei Chang who were standing behind His Honor were already itching to kill the woman.

Even Lie Gu who was somewhat fond of the woman was also somewhat itching to kill the woman. This woman is too conceited! His Honor can only be revered and cannot be disrespected! Being disrespectful towards His Honor is a huge sin!

Ye Hua raised his hand, indicating to his subordinates to not do anything. Although this woman is being very disrespectful towards me, there are still some things that I want to know. For example, just what are those three big powers, and just who is this deity.

I wonder if this deity in front of me is on the same side as those deities that I know. Or perhaps, they are just colleagues? Or even more, one side may be the boss, and the other side may be the subordinate.

My interest has been piqued once again.

Ye Hua took in a deep breath of smoke, then asked curiously, "I, the Supreme Overlord, am curious. You deities, are all of you all so conceited?"

Madam Zi Yuan's interest seemed to have been piqued as well and she could be seen indicating to the two people behind her to not do anything.

I have never before seen such a reckless and bold man. I will play along with him and see just what he has to say!

Madam Zi Yuan walked to Ji Teng's seat and sat on Ji Teng's seat. Meanwhile, her two subordinates tossed Ji Zizhen and Ji Teng's corpses to the side.

Everyone from Ji Family didn't dare to even breathe too heavily, because all of those people were not people that they could afford to offend.

From Madam Zi Yuan's sitting posture, it could be seen that she was not like Donghuang Baizhi, who would display a dominant look when she was in front of others, and instead, her sitting posture was just like that of a married woman.

Madam Zi Yuan's good-looking face was just like a calm lake, there was no emotions fluctuation on her face, and instead, there was only a trace of curiousness in her eyes.

And it was seemingly because of her curiousness, Ye Hua and the others still have not died yet.

But little did she know, the reason that she was still alive was because, just like her, Ye Hua's curiousness was piqued too.

Madam Zi Yuan said lightly, "It is only natural for us to be conceited. After all, deities are above all living things."

"How many Overlords have been consecrated by you deities?" Ye Hua asked curiously.

Back then, I have killed quite a number of Overlords. From the number of Overlords that are backing those deities, I can judge just how strong this group of deities are. If the number of Overlords is high, it would mean that this group of deities is strong. And if the number of Overlords is low... Haha...

Madam Zi Yuan laughed lightly. It must be said that, the smile that was on Madam Zi Yuan's face looked rather pleasing to the eyes. However, right now, Ye Hua was not interested in other women, and Wei Chang was the same too. As for Jue Tian, he doesn't care about women, and thus, Lie Gu was the only one whose heart had slightly palpitated upon seeing Madam Zi Yuan's smile.

However, the reason his heart palpitated this time was different from the reason his heart palpitated during the first time he saw Madam Zi Yuan.

The first time his heart palpitated, it was because he wanted to make Madam Zi Yuan his woman. And this time, it was because he wanted to give Madam Zi Yuan a whipping.

To actually dare to be disrespectful towards His Honor, this woman should really be treated upon with candles and whippings.

"Overlords are majestic and supreme beings, to consecrate them is a disrespectful action to them."

After pausing for a moment, Madam Zi Yuan continued, "For you to address yourself as an Overlord, this action of yours is already a blasphemy towards the Overlords. With this action of yours, death will not be something that you will be able to easily escape from."

Ye Hua laughed lightly, having been amused by what Madam Zi Yuan just said, "If Overlords are majestic and supreme beings, what kind of a being would a Supreme Overlord be?"

"Supreme Overlord? Doesn't matter if it is now, or in the future, such a thing like a Supreme Overlord won't ever appear." Madam Zi Yuan said lightly, and looking at the look on her face, she seemed to have lost her patience.

Ye Hua lightly flicked away his cigarette ash, then said calmly, "Congratulations, the Supreme Overlord that you just said would never appear is currently sitting in front of you. According to what you said just now, right now, to show your respect towards me, should you not be kneeling down in front of me?"

"Impudent!" An astonishing godly might exploded from the two men who were standing behind Madam Zi Yuan, and immediately, all of the members from Ji Family that were in the meeting hall spurt out a mouth of blood and died.

Soon after, the two rushed towards Ye Hua. However, when they were a meter away from Ye Hua, their figures came to a halt, and soon after, they returned back to where they were standing just a while ago.

There was nothing peculiar with the two men's expressions, just by looking at them, one wouldn't be able to tell that those two had been controlled.

Jue Tian naturally knew His Honor's intentions. Killing people is not His Honor's original intention, His Honor's original intention is to toy around his enemies in the palm of his hand.

Madam Zi Yuan's expression slightly sunk. Madam Zi Yuan naturally knew that her two subordinates were acting abnormally, but she did not know the reason why they were acting abnormally!

Those people couldn't have done anything while they are in front of me. Could it be that, my husband gave those two some kind of restrictions? This is perhaps the only explanation as to why they are acting abnormally.

Ye Hua said faintly, "The conversation should end here. Madam, I will give you a bit of time to consider whether if you should kneel down or not."

"Wei Chang, Ye Zizi, didn't the two of you wanted to have a competition with each other? Although there aren't a million people here, there are still at least over ten thousand people here, you two can go ahead and have some fun." Ye Hua said faintly, evidently not intending to leave anyone from Ji Family alive.

Madam Zi Yuan could be seen shouting out, "This Ji Family is my husband's servant! You are not qualified to decide the fate of this Ji Family!"

After finish speaking, a godly might exploded out from Madam Zi Yuan's body, and from all directions, spiritual energy began gathering towards her. Madam Zi Yuan seemed to have turned into a dazzling sun, and soon after, the spiritual energy that gathered to her exploded forth in all directions. Immediately, the entire building was turned into ashes, and even the corpses were no exception too.

As expected of a deity, all Madam Zi Yuan did was exude her aura, and yet, with just her aura alone, she was already this formidable.

However, in Ye Hua's eyes, what Madam Zi Yuan just did was simply gaudy and lacking in essence.

"For offending a deity, I should bestow death upon you all!" Madam Zi Yuan shouted out.

Ye Hua let out a light sigh, "I have already said that I will give you some time to consider if you should kneel down or not, so why are you in such a rush to rush to your death?"

Ye Hua lightly flicked his finger, and immediately, seemingly like her power source had been cut off, Madam Zi Yuan who was dazzling like a sun stopped dazzling. Afterward, Madam Zi Yuan powerlessly took a few steps backward, then collapsed on the ground while in a dazed state.

Madam Zi Yuan looked dazedly at Ye Hua.

This is impossible! He is actually able to seal my power in an instant! Even my husband is not able to do such a thing, and yet this man is actually able to do it!

Could it be that, he is really...?

No, this is definitely impossible! Overlords are beings that stand above all else, so how could an Overlord be living in such a low-grade world!

"The two of you, what are you two still waiting for, quickly finish up so we can head back." Ye Hua said faintly.

Ye Zizi smiled happily, "Gluttonous Monster, let's have a competition then~"

"As you wish." Wei Chang said with a slight smile.

Ye Hua's subordinates sure are amiable. Look at Ye Zizi and Wei Chang, then take a look at those two subordinates of Madam Zi Yuan's...

As the group's leader, right now, Ye Hua was not as strict to his subordinates as he used to back then. Right now, Ye Hua was able to even joke around with his subordinates.

Wei Chang and Ye Zizi did not move from their spots.

Wei Chang's hands turned into countless tentacles, and those tentacles seemed just like a bunch of pythons. If one has trypophobia, this scene would definitely cause them to throw up.

Meanwhile, Ye Zizi's hair began extending outward from her spot.

Immediately!

Miserable shrieks began ringing out in the entire Ji Family.

Looking down from the sky right now, Ji Family seemed as if it had been twined around by a bunch of pythons and countless strands of red hair. The scene was eerie enough to send a chill down one's spine.

Madam Zi Yuan was gazing at Wei Chang and Ye Zizi.

Those tentacles of Wei Chang's were transporting things toward Wei Chang's body, and looking at the shapes of the things that were being transported, the things that were being transported were evidently humans.

Looking at the scene, even Madam Zi Yuan couldn't help but start retching. This person is simply not a human!

As for Ye Zizi, her hair had already turned bloody red. An immeasurable amount of blood was being absorbed by her hair and transported into her brain. With the naked eye, Ye Zizi's pupils could be seen becoming redder and redder.

[You Cannot Afford To Offend My Woman](#)

Chapter 287: Matchmaker

About two minutes later, Wei Chang and Ye Zizi returned back to normal.

Wei Chang, "Burp~"

Ye Zizi, "Burp~"

Ye Hua asked faintly, "Who won?"

"Your Honor, subordinate won by an inch." Wei Chang said modestly.

Ye Zizi was not willing to admit defeat, "Shameless! You ate even the corpses that had been sucked dry by me."

Wei Chang laughed lightly.

"Alright, I will deem it as a draw." Ye Hua said.

Ye Zizi pouted her small mouth, while Wei Chang rubbed onto Ye Zizi's head while with a smile on his face.

Looking at the two people that were standing behind Madam Zi Yuan, Ye Hua said faintly, "Go and deal with them."

Ye Zizi took the lead and extended two strands of her hair towards the two people, and while in front of Madam Zi Yuan, Ye Zizi sucked the two people dry, turning them into mere skins.

"Your Honor, the taste of these deities sure are different. It has been such a long time since I last enjoyed sucking a deity." Listening to Ye Zizi's words, from the looks of it, she wanted to suck the woman that was in front of her too.

I want to suck this woman too, I am sure that she tastes exceptionally good.

Even Wei Chang was beginning to purse his lips too.

This woman should be very tasty, right? Looking at that tender skin of hers, chewing onto her should most likely be an exceptional enjoyment.

Meanwhile, Lie Gu wasn't willing to let the woman be eaten.

This woman has to be given to me...

"Have you thought it through? I do not have that much patience." Ye Hua said lightly.

"You are really an Overlord!" Madam Zi Yuan said gravely.

"It has already been quite a number of years that I have stopped being an Overlord. Quickly make your decision, they still haven't had their fill yet." Ye Hua urged.

In actuality, Ye Hua wanted to spare this woman's life.

My woman is actually this woman's servant, how could such a thing be allowed! This matter cannot be left alone, I will slowly deal with this woman!

The deities have their own servants who help them to do things, and the three big powers were precisely such servants.

Madam Zi Yuan naturally knew just how strong Ye Hua was.

For this man to be able to seal my power this easily, no matter what it is, his strength is at the minimum of that of an Overlord.

If he is an Overlord, it is indeed necessary for me to pay my respects to him, but... just the thought of having to pay my respects to him makes my heart feels uncomfortable!

Right now, it feels as if I had been ruthlessly slapped on the face by this man.

Madam Zi Yuan slowly stood her body up, then paid her respects to Ye Hua by slightly bowing forward while standing in front of Ye Hua.

Looking at Madam Zi Yuan's action, Ye Hua said faintly, "Is this how you deities pay your respects to an Overlord? Are you not intending on kneeling down?!"

"Overlords are indeed beings that we deities have to look up to. However, although you do indeed possess the strength of an Overlord, your title as an "Overlord" was not conferred to you by the firmament!"

Ye Hua lighted up another stick of cigarette.

It is this sentence again, this is truly hilarious.

Wei Chang shouted out gravely, "Kneel down!"

Plop!

Under the huge spiritual pressure, Madam Zi Yuan finally kneeled down in front of Ye Hua.

Looking at Madam Zi Yuan who was kneeling down in front of him, Ye Hua said gravely, "Firmament? Firmament is nothing but garbage to me. However, on the other hand, the fact that my wife is actually one of your servants, tell me, just how should I punish you?"

Madam Zi Yuan gasped heavily for breath. Her face was currently flushed red with anger, but there was nothing else she could do right now.

As a high and mighty deity, aside from kneeling to heaven and earth, I have not kneeled down to anyone, not even my husband, and yet, today, I was actually forced to kneel in the profane world!

"Since you are not going to speak, I should first issue you your punishment then. From the looks of it, you seem to have been married already... You should remarry then." Since my wife is a servant of this woman's husband, I should make this woman serve upon a subordinate of mine. I wonder just what expressions those deities will have when they find out that this woman has become the wife of a subordinate of mine. I am truly looking forward to when that day comes.

Madam Zi Yuan, "....."

Lie Gu felt that his chance has arrived. I love deities' wives.

Madam Zi Yuan shouted out gravely, "You cannot do this! I am someone who has a husband!"

Ye Hua said gravely, "Why, unhappy with this punishment? You should rejoice that I didn't make you become a servant!"

Madam Zi Yuan wanted to resist, but her entire body was being suppressed and she was not able to move her body in the slightest bit.

Faced against someone that was much more formidable than her, she really was unable to do anything at all.

"Jue Tian, how about I bestow this woman upon you? What do you think?" Ye Hua asked curiously. In actuality, Ye Hua knew that Jue Tian was not interested in women, and furthermore, this woman wasn't worthy enough to become Jue Tian's wife.

Jue Tian replied respectfully while with a smile on his face, "Thank you, Your Honor, but subordinate am not interested in women."

Lie Gu who was at the side was in ecstasy. Your Honor, quickly call out for me, I know that you understand me the best, bestow this woman upon me!

Ye Hua rubbed onto his forehead, "Wei Chang, amongst my subordinates, who is still not married yet? Or, who still doesn't have a girlfriend yet?"

Lie Gu's expression sunk as he said hurriedly, "Your Honor! How about bestowing this woman upon me?"

"You already have three women, what do you want another one for!" Ye Hua berated.

Lie Gu let out a heavy sigh. Who wouldn't want to have a lot of wives? My deity wife is gone just like this...

Wei Chang said respectfully, "Death Mage is currently stuck like glue together with Xun Fang, and furthermore, Your Honor, you were the one who played matchmaker for them. As for who still doesn't have a girlfriend yet, the green and red brothers are the only ones who still don't have a girlfriend yet."

Madam Zi Yuan's willow brows were tightly wrinkled.

This Overlord is actually trying to matchmake me with one of his subordinates.

Also, just what the hell are the green and red brothers?!

What should I do! With my power sealed, I am unable to run away!

Ye Hua said faintly, "The green and red brothers have been performing quite well. Not only did they escort my daughter back home, their performance in their first mission was outstanding too. I am very satisfied with these two. Wei Chang! Call the two of them to come over here."

Right now, the green and red brothers were currently... currently...

The scene was a bit comical.

The television could be seen to be turned on, and an exercise practice was currently being played on the television.

One, two, three, four... two, two, three, four... three, two, three, four.

Green and red brothers could be seen wearing green and red skintight clothes, and green and red sweat-absorbing headbands. Of course, brother green wore green, and brother red wore red.

Right now, Big Brother Green was truly green from head to toe, while Little Brother Red was festive red from head to toe.

"Come! Scatter your sweat, jump with me!" The instructor's voice rang out from the television.

"Big brother, say, what kind of wife should I look for in the future?" Little Brother Red asked curiously.

Big Brother Green paused for a moment, then said, "Little brother, you shouldn't set your expectations too high, after all, there is currently a lot of bachelors in this world."

"Then, big brother, what expectations do you have for your wife?" Little Brother Red asked.

Big Brother Green let out a light sigh, "Big brother doesn't have high expectations, it would be fine as long as the woman is half as good as sister-in-law."

"That's right, if I have a wife who is like sister-in-law, I would be fine with even decreasing my life span by half a day." Little Brother Red let out a sigh.

"The two of you, come over for a while!" Suddenly, Wei Chang's voice rang out in green and red brothers' minds.

Without thinking too much, the two left without changing their clothes. The two completely did not expect that they were going to be heading over to a blind date!

[You Cannot Afford To Offend My Woman](#)

Chapter 288: Grant

When green and red brothers appeared at the scene, Ye Hua was shocked by their outfits.

"Your Honor!"

"Your Honor!"

Green and red brothers shouted out hurriedly.

Why didn't Uncle Wei told us earlier that His Honor would be here too? If we had known, we would have definitely dressed up a bit more nicely. Green and red capes definitely cannot be left out when we are in His Honor's presence.

Look at our outfits right now... Skintight shirt and shorts... This is so awkward...

Eh? There is a woman kneeling on the ground. What is going on?

Wei Chang coughed lightly, "Green and red brothers, His Honor has bestowed you a marriage!"

Green and red brothers were stunned.

We were just discussing about wives just a while ago, and in the next moment, His Honor is bestowing a marriage upon me. His Honor truly empathizes with us subordinates!

Could this woman who is currently kneeling on the ground be the person who is going to become my wife? Although I can't see her face, judging from her figure, she shouldn't look too bad!

Madam Zi Yuan slowly turned her head around to take a look at just what exactly were the "green and red brothers".

And when Madam Zi Yuan saw the green and red brothers, she thought to herself, "Indeed, they truly live up to their name, green and red."

Green and red brothers saw it! They saw the woman's face!

My god, so beautiful... This woman is so beautiful! So, so, so beautiful!!!

I'm so excited right now, His Honor is truly so nice to us.

Ye Hua gestured with his hand, and the green and red brothers immediately came to the front of Ye Hua and knelt down in front of Ye Hua.

"Are you satisfied with this woman?" Ye Hua asked faintly.

How can I not be satisfied?! I am simply extremely satisfied right now! This woman is pretty much a woman who I can only wish to have in my dreams!

"Subordinate is satisfied!"

"Subordinate is satisfied!"

Madam Zi Yuan's mental state was currently falling apart.

He actually asked such two humans if they are satisfied with me! What he is doing is simply trampling on my dignity!

Ye Hua let out a light sigh, "I will let you know firsthand, this woman has already married before once. Do you mind?"

"I don't mind!"

"I don't mind!"

Ye Hua asked curiously, "Little red, tell me, why do you not mind?"

"Your Honor, in this age, women that are still pure are scarce, most of the women have all already pretty much been taken before by a man. From the start, all that subordinate asks for his other half is that it would be fine as long as she is a female. However, subordinate didn't expect that His Honor would worry about subordinate's matter and even bestowed a marriage upon subordinate. Subordinate is truly touched..." While speaking, Little Brother Red actually began crying.

Asides from my mother, His Honor is the only one who treats me so well.

Ye Hua agreed with Little Brother Red's viewpoint.

Amongst tens of thousands of women, only Qing Ya and Donghuang Baizhi were able to catch my attention. From this, it could be seen just how scarce women that are still pure are...

“Since you two don’t mind, you two should discuss with each other on who should be the one to take over this woman. I, the Supreme Overlord, should uphold a marriage for whoever that will be taking over this woman!” Ye Hua was in a pretty good mood.

Only now did the green and red brothers came to realize a problem, which was that there was only one woman.

Big Brother Green did not utter a word, and Little Brother Red also didn’t utter a word.

“The relationship of those two brothers isn’t going to crack just because of a woman, right?” Wei Chang thought to himself.

“Little brother, how about we use the old method to decide on this matter?” Big Brother Green said after taking in a deep breath.

Little Brother Red nodded his head, “Alright, three rounds, the winner should be whoever who won two rounds!”

“Scissors, paper, stone!”

“Scissors, paper, stone!”

“Wait a moment!” Madam Zi Yuan immediately interrupted the two.

How can my fate be decided by such a thing like scissors, paper, stone!

Ye Hua looked towards Madam Zi Yuan and asked faintly, “What’s the matter?”

Madam Zi Yuan was not foolish, she knew that she wouldn’t be able to escape, and she reckoned that, even if she wanted to die, it would also be very difficult for her to do so.

If I really have no choice but to marry one of those two, at the least, I should be the one who decides on who I am going to marry to! I will submit for now and then look for the chance to escape in the future!

“Since it has come to this point, I want to be the one to choose which one of them I am going to marry to.” Madam Zi Yuan said gravely.

Such a humiliation like this, I will definitely seek my revenge in the future.

Ye Hua felt that it was fine and asked the green and red brothers, “What do you two think?”

The green and red brothers took a look at each other, then nodded their heads.

“Alright, you can stand up.” Ye Hua said to Madam Zi Yuan.

Ye Hua unexpectedly liked the feeling of acting as a matchmaker.

Seems like, as the boss, I should indeed help out with my subordinates’ happiness. Also, this Jue Tian, it is not a good thing that he is not interested in women, I should find a chance to have a good talk with him in the future.

Madam Zi Yuan stood up and walked to the front of the green and red brothers.

Madam Zi Yuan’s expression was calm, she was not nervous, and also wasn’t shy.

On the other hand, the green and red brothers' faces were red as an apple. Even more, the two were currently nervous to the point that they were holding onto each other's hands.

"I pick him!" Madam Zi Yuan said faintly.

Big Brother Green's mouth gradually opened wider and wider. He was in disbelief!

Meanwhile, Little Brother Red hugged onto his big brother and shouted out excitedly, "Big brother, I have a wife now! Haha! This is great!"

Big Brother Green was dumbfounded.

Why did she pick little brother and not me?

In actuality, Madam Zi Yuan had her own motive for picking Little Brother Red.

This Little Brother Red looks a bit foolish and seems to be very easy to deceive. From his gaze, I am able to determine that I will be able to control him, and thus achieve my goal of escaping!

On the other hand, that Big Brother Green, although he seems frivolous, in actuality, I can see that he is actually calm-minded and cautious. Evidently, he isn't the kind that is easy to control.

Little Brother Red who was extremely excited gave his big brother a big kiss on the cheek.

This caused Ye Hua to laugh brightly. It could be seen that Ye Hua was rather happy.

The four subordinates who were standing behind Ye Hua also revealed a smile on their faces.

His Honor is truly going to a lot of trouble for us subordinates.

"Big brother, little brother is going to have to break up with you, you have to take good care of yourself when I'm not by your side, understand?" Little Brother Red was reluctant to part with his big brother.

Big Brother Green had nothing to say.

"Little green, don't feel disheartened, I will look for a partner for you in the future." Ye Hua said with a smile on his face.

Just based on the fact that they brought Ah Li over to me, don't say one wife, even if it is a group of wives, I will also be able to find for them too!

Upon hearing His Honor's words, Big Brother Green immediately recovered back to full health, "Break up it is then. His Honor will definitely introduce a much better partner to me in the future."

Little Brother Red held onto his big brother's hand and said with gratitude, "Big brother, little brother will be settling down first. Little brother hopes that big brother will be able to walk further and further on this path of being single."

Big Brother Green, "....."

"Ah, I spoke wrongly. Heaven never bars one's way, big brother will definitely be able to get a wife in the future. Big brother, your little brother will be taking a step ahead now."

Big Brother Green slapped onto Little Brother Red's head, "You are intending to forget me now that you have a wife, huh!"

"Alright, quiet down." Ye Hua said faintly.

Green and red brothers immediately became quiet.

"Little red, leave your wedding to me, I will help you to set up your wedding." Ye Hua was very thoughtful when it came to the green and red brothers, and this was all naturally because of Ah Li.

Little Brother Red immediately knelt down, "Thank you, Your Honor!"

"It is still too early for you to thank me, because I still have a mission for you." Ye Hua said gravely, and in his tone, there was faint killing intent.

Everyone who was present at the scene was startled.

His Honor has been very normal since the beginning. For His Honor to suddenly emit killing intent, what is going on?

"Your Honor, please tell subordinate what the mission is, even ten thousand deaths also won't be able to prevent subordinate from accomplishing the mission that Your Honor gave to subordinate!" Right now, Little Brother Red was basically His Honor's fan.

Whoever who dares to speak badly of His Honor, I will exterminate their entire family!

Ye Hua said solemnly, "I will give you two months, if she doesn't get pregnant by two months, I will kill her personally!"

Right now, only Wei Chang understood His Honor's intentions.

Back then, Death Mage and Xun Fang were scared by His Honor just like this. It seems that His Honor truly treats the green and red brothers really well.

"Subordinate understood!" Little Brother Red responded.

Isn't it just making a child? This is no big deal!

[**You Cannot Afford To Offend My Woman**](#)

Chapter 289: Little Brother Red

Madam Zi Yuan's expression was gloomy.

Shameless! This guy is truly shameless!

"What is your name?" Ye Hua asked Madam Zi Yuan.

"Zi Shan."

Ye Hua nodded his head, "Since you are the one who picked him, you best properly cooperate. Do not be 10 meters away from him, or else, this subordinate of mine is going to have to return back to being single again."

Madam Zi Yuan's expression became even more gloomy.

He is basically trying to destroy all my chances of escaping!

“Alright, have a kiss with each other to show us that you two are truly a couple now. It’s about time for me to leave too.” Ye Hua said faintly. Ah Li is still waiting for me to go home.

Kiss with each other!!!

Looking at Little Brother Red who was dressed entirely in red, Zi Shan didn’t want to have physical contact with him no matter what.

Big Brother Green gave Little Brother Red a push.

Right now, Big Brother Green wasn’t gloomy anymore. After all, His Honor already told him that he will be introducing a partner to him in the future.

Little Brother Red was pushed to Zi Shan’s side.

Zi Shan was about 1.7m tall, while Little Brother Red was about 1.72m tall. Looking at the two of them standing next to each other, the two looked rather fitting for each other.

Right now, Little Brother Red was shyly scratching onto the back of his head, not knowing what to do. Little Brother Red did not dare to touch the woman who was in front of him.

This woman’s aura feels very similar to my class teacher’s aura.

“Haha~ Haha~”

Little Brother Red kept on laughing foolishly while scratching onto the back of his head.

“Go on and kiss her, what are you being in a daze for?” Big Brother Green shouted out anxiously.

This little brother of mine is making me become anxious to death. Back then when he wrote novels, the contents of his novels were so explosive, and yet, when it is his turn now, he doesn’t even dare to kiss the woman.

Ye Hua said faintly, “Little red, as a man, your guts should be a bit bigger!”

“Understood, Your Honor!” Little Brother Red took in a deep breath, then breathe out... However, he just kept on repeating his action of breathing in and breathing out...

Suddenly, Zi Shan grabbed onto Little Brother Red’s collar, pulled Little Brother Red towards her, then... Children were not allowed to watch the following scene.

With his eyes opened wide, Little Brother Red had a shocked expression on his face.

The softness that is on my lips feels so real... Is this how it feels to kiss? This feels so nice...

Meanwhile, Zi Shan had different thoughts.

For now, I will make them think that I have accepted my fate and have given up on thinking of escaping.

However, I didn’t expect that my first kiss would actually be given to a lowly human!

In actuality, Zi Shan was still a virgin. Because she wasn't willing to serve upon the prince, she was punished to take on a leisure position that possessed no authority. When the punishment ends, and the prince discovered that his beloved wife had disappeared, and had actually become married to an unorthodox person, the prince would definitely explode from anger!

Right now, Little Brother Red could truly be counted as having won a 5 million rmb lottery, and in actuality, Little Brother Red had obtained something even better than winning a 5 million rmb lottery.

After all, the woman that had been bestowed to him was a deity.

"I will prepare a new house for you two, but for now, Wei Chang, the two of them should live at your place." Ye Hua stood up and said faintly.

"Understood!"

"Today's matter should conclude here, all of you can go back now." After finish speaking, Ye Hua disappeared from the scene.

Soon after, Jue Tian, Ye Zizi, and Lie Gu disappeared too.

Wei Chang looked at Little Brother Red and said with a smile, "What are you still being in a daze for? Now that you have a pretty wife, you have to treat us to a meal! Let's go outside to eat for lunch!"

Big Brother Green placed his arm over his little brother's shoulder and teased, "How did it feel? Great? Stop smiling foolishly already."

Little Brother Red was currently still smiling foolishly... Little Brother Red felt that his happiness came too suddenly.

Meanwhile, Zi Shan's expression was calm.

The four returned back to Wei Chang's rented apartment, and in the kitchen, Tang Wei could be seen washing the vegetables. From the looks of it, she was preparing to make lunch.

"Ah, you all are back. Quickly go and help me buy some green onions from the market." Tang Wei shouted out from the kitchen.

Wei Chang laughed, "Xiao Tang, don't bother with making lunch anymore, today is a happy occasion for Little Red, let's go to a restaurant to have lunch."

"Happy occasion?" Tang Wei turned her head around and took a look.

An extremely beautiful looking woman who was dressed up nobly appeared in Tang Wei's eyes.

"She is?" Tang Wei asked curiously.

Wei Chang placed his arm onto Tang Wei's shoulder and said with a smile, "This is Zi Shan, she was bestowed to Little Red by His Honor."

Tang Wei had an astonished look on her face, and soon after, she said happily, "Little Red, congratulations! You definitely have to treat us to a meal!"

"Of course... of course... Lunch will be my treat..." Little Brother Red said embarrassedly while with his head lowered. And from time to time, Little Brother Red would sneak a peek at Zi Shan.

So beautiful... I actually have such a beautiful wife... It feels like I am dreaming...

"But, there aren't enough rooms in this house..." Tang Wei pursed her lips.

Originally, this apartment was supposed to be me and Uncle Wei's romantic love nest, and yet, right now, more and more people are staying in this apartment.

Wei Chang rubbed onto Tang Wei's head, "His Honor is very meticulous this time, he has everything planned out already."

Big Brother Green said hurriedly, "I will sleep on the sofa for the upcoming days, the two of them can have the room to themselves."

"Big brother, you are truly so nice to me, let's not break up anymore..." Little Brother Red said gratefully.

Big brother is finally acting like a true big brother for once.

Big Brother Green blushed with shame and said hurriedly, "Who would want to get back together with you!"

Everyone was smiling happily except for Zi Shan. From the beginning till now, Zi Shan had a calm look on her face.

They possess such formidable strengths, and yet, they are actually living such a quality of life... I really do not understand them!

Little Brother Red had a limited amount of money, thus, the five merely went to a small fast-food restaurant and ordered a table of food.

.....

When Ye Hua returned back to the bar, it was already noon.

Originally, because his plan was messed up, Ye Hua was feeling quite gloomy. But who would have expected, after he helped Little Brother Red get a wife, his mood became better by quite a bit.

Standing by the window, Ye Hua lighted up a stick of cigarette.

The wedding of a subordinate's subordinate naturally has to be grand, and as the boss, it is my duty to see it through that the wedding is planned properly.

Also, now that most of the south's bosses have died, it is going to take quite a while for the south to recover their fighting strength...

Forget it, I will leave those things at the side for the time being.

Thinking up to here, Ye Hua decided to discuss with his two wives about how to set up the wedding of his subordinate's subordinate.

Suddenly, Ye Hua's brows tightly wrinkled, he sensed spiritual energy appearing in the room.

Immediately, Ye Hua tossed away his cigarette. However, this time, he did not jump onto the bed, instead, he fell onto the ground, and his hand was even stretching towards his wheelchair.

Furthermore, he was making an expression that seemed like he was trying his best to reach his wheelchair.

Qing Ya and Donghuang Baizhi decided to come back home. After all, there was still a crippled and a daughter at home that they needed to look after.

“Ye Hua!”

“Ye Hua!”

The two women cried out in surprise as they immediately went up to Ye Hua and held onto him.

“Let go of me. You all still know to come back home, huh?” Ye Hua shook his body, shaking away their hands.

Qing Ya and Donghuang Baizhi took a look at each other.

As expected, he is very angry.

Qing Ya said fawningly, “We are sorry, don’t be angry anymore~ Darling, be obedient~”

“Let go of me, don’t obstruct me.” Ye Hua said faintly as he used all his strength to climb towards his wheelchair, then got onto the wheelchair by exerting all the strength he could muster.

Ye Hua has successfully made it known to the two women that he was indeed slowly recovering.

Upon seeing that their husband was now able to get onto the wheelchair, both of them became exulted.

Ye Hua finally got a little bit better. Just that, he is still throwing a tantrum now, what do I do about this?

Donghuang Baizhi signaled to Qing Ya to do something, and looking at Donghuang Baizhi’s expression, she seemed to be saying, “Go on and do something, Ye Hua likes you the most.”

“Don’t think of seducing me, such a thing like this no longer works on me!”

Qing Ya could be seen leaning to Ye Hua’s ear and saying something.

Afterward, with his brows tightly wrinkled, Ye Hua asked, “Really?”

“When have I ever bluff you?” Qing Ya said petulantly as she pinched onto Ye Hua’s cheek.

Since you two are so sincere, I will forgive the two of you this time.

[You Cannot Afford To Offend My Woman](#)

Chapter 290: Are you in a good mood today?

“Alright, I will forgive the two of you. But, in the future, if you two do this again, you two should see just how I will punish the two of you. So, how did things go with what you two went out to do?” Ye Hua asked.

Qing Ya and Donghuang Baizhi told Ye Hua about what happened, and also told him about their suspicions.

Upon hearing that the two of them suspect that everything may have been planned by someone, Ye Hua was rather startled.

They actually suspect that everything may have been planned by someone! This is not a good thing, I have to use another matter to shift their attention away from this matter.

“Do you still remember the green and red brothers? Little red is going to marry soon.”

Qing Ya naturally still remembers the green and red brothers. Qing Ya’s impression of the two was that the two were good people.

The green and red brothers are good people, if not for them, who knows what would have happened to Ah Li.

However, Donghuang Baizhi has only met the green and red brothers once and did not know what the green and red brothers had done.

Qing Ya told Donghuang Baizhi about what the green and red brothers did, and Donghuang Baizhi was the kind of woman who would repay kindness with kindness.

“In actuality, I have already taken the two brothers in as my subordinate’s subordinates. Also, I will be in charge of setting up the entirety of little red’s wedding. Do you two have any objections regarding those two matters?” Ye Hua asked faintly. Just that, his expression seemed to be saying, if you dare to have any objections, you will be practically forcing me to throw a tantrum.

Donghuang Baizhi naturally did not have any objections.

And Qing Ya naturally also didn’t have any objections. However, Qing Ya asked curiously, “Ye Hua, do you have the money to help set up the wedding of your subordinate’s subordinate?”

“Isn’t what yours mine? Don’t ask me this kind of foolish question.” Ye Hua slapped onto Qing Ya’s butt, causing Qing Ya to become embarrassed and hit lightly onto Ye Hua.

After finish flirting with each other, Ye Hua sat on the sofa, and his two wives sat on his sides and nestled onto him.

“From the looks of it, my injuries should become completely healed soon. What do you two have planned for the future?” Ye Hua asked curiously.

Qing Ya who had her eyes closed and was resting her head on Ye Hua’s shoulder said faintly, “Safely give birth to the child.”

“What about you, Baizhi?” Ye Hua asked.

Donghuang Baizhi said shyly, “Give birth to another child~”

This is the tempo that I want, this feels great!

Ye Hua decided that he was going to place his attention on his wives and children for the upcoming few years.

Without a few years, there is no way that the south will be able to recover their strength. Since that is the case, I have no choice but to delay my plan.

There is also no need for Xun Fang to monitor after Ying Family, there is no point for her to do that anymore.

As for Jue Tian, since he wants to go and work as a professor, so be it then. In any case, I do not have any task to assign to him right now.

Lie Gu has three celebrities to look after him, he is living a pretty good life.

Wei Chang is still currently thinking about just how to push over that Xiao Tang of his. I reckoned that even after little red had a child, there still wouldn't be any progress on Wei Chang's end.

As for that Ye Zizi, all she does all day is mingle around with Qing Yutong. Ye Zizi's school is about to start, and since I am pretty much free now, I should supervise Ye Zizi and make sure that she goes to school.

"Ye Hua, I want to meet the green and red brothers and thank them for helping Ah Li." Donghuang Baizhi said tenderly.

It is fortunate that my daughter came across them, if not, who knows what would have happened if she came across bad people instead.

Ye Hua laughed lightly, "Alright. In actuality, I have already repaid the green and red brothers. I was the one who set up little red with someone, and I have already promised little green to set him up with someone in the future."

"Ye Hua, how were you able to set up someone with little red when all you do is stay at home? Is there still any other woman that you know of that I do not know of?" Qing Ya hooked onto Ye Hua's chin and asked curiously.

Looking at Qing Ya's gaze, she seemed to be asking, "Are there still other women that you are hiding outside and keeping a secret from me?"

Donghuang Baizhi was also looking at Ye Hua.

F**k, I spoke too fast without thinking!

"No matter what, I am still someone from the cultivation world. Not too long ago, I recalled that I had once saved a woman from the cultivation world, and that woman kept on wanting to repay me back for saving her, therefore, I got Wei Chang to contact that woman and set the woman up to a blind date with little red. Afterward, when the woman and little red met with each other, they fell in love with each other at first sight. For this matter, I could be counted to have done a good deed." Ye Hua said faintly, and he did not even blink once while lying.

"Oh." Qing Ya responded. Afterward, Qing Ya said lovably, "Let me give Wei Chang a call to confirm what you just said."

“Do as you wish.” Ye Hua expressed that he didn’t mind.

The mind of a woman is indeed truly scary, I have to be more careful in the future. As for now, I should hurry up and contact Wei Chang and inform him on what to say when Qing Ya call him.

After ending the phone call, Qing Ya hugged onto Ye Hua’s arm and said happily, “Ye Hua, you are so great, you even know how to act as a matchmaker now.”

“Who was it that was suspecting me just a while ago? Tell me, how are you going to make it up to me.” Ye Hua snorted.

Qing Ya looked lovably at Ye Hua, then raised her butt up. The scene was truly alluring.

This woman, she really has my heart grasped in her hand.

“Let’s head over to Wei Chang’s place tonight then, lest you say that I am petty.” Ye Hua said faintly. Since Baizhi wants to go and thank the green and red brothers, let’s go then.

Afterward, Ye Hua informed Donghuang Li that they were going to go and meet the green and red brothers tonight. Upon hearing that, the little fellow became rather excited.

When Wei Chang found out that His Honor was going to come over tonight, Wei Chang informed the green and red brothers. Of course, Wei Chang also informed Zi Shan and warned Zi Shan to not anyhow speak, if not, the consequences will be very serious.

In actuality, the atmosphere right now was still very awkward, especially the atmosphere between Little Brother Red and Zi Shan.

Little Brother Red has already been smiling foolishly for a few hours. If one didn’t know him, they would think that he was a fool.

Meanwhile, looking at the foolish smile that was on Little Brother Red’s face, Zi Shan felt like wanting to die.

Should I just kill myself? I really can’t stand to live on like this.

“Big brother, what should I say to her?” Little Brother Red could only request his big brother for help.

Based on his experience, Big Brother Green said, “Don’t be nervous, right now, you can go and ask her if she is in a good mood.”

Ask Zi Shan if she was in a good mood? Big Brother Green’s advice was truly too formidable.

Little Brother Red naturally listened to his big brother’s advice. After sitting at Zi Shan’s side, Little Brother Red asked in a low voice, “You... Are you... in a good mood today?”

Zi Shan really wanted to give Little Brother Red a smack on the face.

You are asking me if I am in a good mood today? As if I am a product, I was tossed over to you by your boss, and now you are asking me if I am in a good mood? Furthermore, I have to become pregnant with your child in two months, if not, I am going to have to die!

You tell me, am I in a good mood or not!

Seeing that Zi Shan was remaining silent while with an ugly look on her face, Little Brother Red returned to Big Brother Green's side.

"She isn't willing to speak." Little Brother Red said helplessly.

Right now, Big Brother Green was a little glad that Zi Shan didn't pick him.

This woman is practically an ancestor.

Big Brother Green patted onto his little brother's shoulder and said, "Don't be disheartened, perhaps she is just excited to the point that she isn't able to speak."

"Is that so? Why do I feel like she wants to kill me?"

"If that is what you feel, it means that what you are feeling isn't wrong." Big Brother Green let out a sigh.

Little Brother Red had a bitter look on his face.

I have a wife, and yet it seems as if I don't have a wife. It is no wonder that big brother is no longer jealous of me anymore.

"Big brother, you say, just what should I do right now?"

Big Brother Green scratched onto his head, then said, "How about this, go and ask her if the weather is good or not. If this question doesn't work, continue asking her questions like, what movies does she like to watch, what food does she like to eat, where does she like to travel to, how many family members does she have, how many villas does she have, how many racecars does she have, how many mines does she have."

"Big brother, look at her clothes, she is definitely someone who is rich, therefore there is no need to ask her those last few questions. I will go and ask her if she liked the food that she ate at the restaurant." After finish speaking, Little Brother Red walked towards Zi Shan again.

Big Brother Green wanted to pull onto Little Brother Red, but he was too late.

She didn't even eat a single thing at the restaurant, so what use is there in asking that question?

"Zi Shan, was the fish just now delicious?" Little Brother Red actually really asked, and upon seeing that, Big Brother Green held onto his forehead.

Zi Shan couldn't stand it anymore and shouted out lightly, "Don't annoy me!"

Little Brother Red was startled, and the complexion on his face gradually turned pale, seemingly like he had just suffered a serious injury.

"Big brother, she is bullying me!" Right now, Little Brother Red finally came to a realization.

What use is there in having a wife, having a big brother is what truly matters.
