

My Woman 331

You Cannot Afford To Offend My Woman

Chapter 331: Fly into a rage

The sudden change of event made all of the family heads turn silent. However, they were very excited that they were able to see the appearance of an ancient godly item.

Today, not only did I meet with people from Voidless Realm, but I was also fortunate enough to be able to see the appearance of an ancient godly item, this trip had been truly worthwhile!

Right now, even both Ye Xiao and Chu He also had a surprised look on their faces.

When did this Tang Wushuang obtain an ancient godly item? Furthermore, to join into the competition right when the victor was about to be announced, isn't he practically slapping Bai Family's face?

Originally, promoting to an aristocratic family was already definite for Bai Family, and yet, in the blink of an eye, everything was ruined by this Tang Wushuang. I reckon that this Bai Cixin most probably wants to kill Tang Wushuang now.

Looking at the ancient godly item, Mound Pierce, which he was holding in his hands, Yu Quan had a gloomy look on his face.

This ancient godly item can be counted as a lost exhibit, however, a hundred years have already passed since the incident happened, and who knows how many hands this ancient godly item had been passed around.

Standing at an impartial viewpoint, since Tang Wushuang possesses an ancient godly item, he is indeed qualified to join the competition, I cannot remove his qualification to join the competition just because of the incident that happened a hundred years ago.

"Old Chu, don't you feel that this dagger seems very familiar?" Ye Xiao's expression was grave, and his gaze was tightly fixed onto the dagger that Yu Quan was holding onto.

Chu He had the same thought, and upon hearing Ye Xiao's words, Chu He said gravely, "Could this dagger be... that dagger?"

"If I didn't guess wrongly, that dagger is precisely Dongfang Family's missing dagger, Mound Pierce!" Ye Xiao said while with his brows wrinkled.

Things are starting to become strange, why does Tang Family possess Dongfang Family's ancient godly item!

"Could it be that, Tang Wushuang is a descendant of Dongfang Family?" Chu He cried out in surprise.

Ye Xiao shook his head, then looked towards Gui Chengren, who was sitting beside Tang Wushuang, and said, "On the contrary, I feel that that man who is sitting beside Tang Wushuang seems more like a descendant of Dongfang Family."

"But, back then, Dongfang Family's males were all executed, and it was the same for even the male babies!"

Ye Xiao laughed lightly, “Did you see it happen with your own eyes?”

Chu He’s expression froze.

Indeed, the people who carried out the execution were the people from Voidless Realm, and only those people from Voidless Realm know if Dongfang Family’s males have all truly been executed or not.

“Furthermore, back then when Mound Pierce went missing, it was definitely a plot plotted by Dongfang Family themselves. Dongfang Family definitely hopes to restore their title, and perhaps, they may even be trying to search for evidence. After all, setting up an aristocratic family is as big as the crime of owning more than one ancient godly item!”

Upon hearing Ye Xiao’s deduction, Chu He immediately felt a sense of danger.

From the looks of it, the appearance of this dagger is a plot targeted at us north’s five aristocratic families, I must be on my guard!

Right at this moment, Bai Cixin could no longer just continue to remain seated. After standing up from her seat, “Respected envoy, to join the competition right when the result was about to be announced, isn’t this not right?”

After hearing what Bai Cixin said, everyone began discussing in a low voice.

“It indeed doesn’t seem right for Tang Wushuang to join in the competition all of a sudden when the result was just about to be announced. However, there isn’t a rule that particularly says that one can’t join in the competition right when the result is about to be announced.”

“In any case, it all depends on what Voidless Realm says, after all, Voidless Realm is the big power, not us.”

Everyone was waiting for Yu Quan’s answer, the two families’ future was resting in the elderly man’s hands.

Qing Ya didn’t intend on interfering in Voidless Realm’s matters.

This is after all Baizhi’s own matter, if I were to interfere in this matter, Baizhi may think too much.

Our family’s harmony is much more important, therefore, it is best that I don’t interfere in this matter.

“Tang Wushuang, where did you get this ancient godly item from?” Yu Quan didn’t straightforwardly give his answer, and instead, he asked Tang Wushuang where he got the ancient godly item from.

Tang Wushuang said respectfully, “Responding back to envoy, I got this ancient godly item by chance at a normal antique store.”

Antique store!!!

All of the family heads weren’t able to remain calm.

Something like that actually happened? This is practically the simplest way in all of history to obtain an ancient godly item!

The family heads feel that they should also go to an antique store and try their luck, and perhaps, they may be able to obtain an ancient godly item by chance, and at that time, it would mean that their family will be able to soar!

Yu Quan let out a light sigh. This matter is not a matter that I can make a decision on, I have to report this matter to the empress!

After keeping away the Mound Pierce, Yu Quan said gravely, "This is a matter of great importance. For now, I will be temporarily safekeeping this ancient godly item. This matter will be determined by the empress herself."

Tang Wushuang bowed and shouted out, "Thank you, envoy! Thank you, empress!"

Towards Voidless Realm temporarily safekeeping his ancient godly item, Tang Wushuang was not worried at the slightest bit, after all, Voidless Realm wouldn't throw away their dignity for just an ancient godly item.

"Envoy!" Bai Cixin was in disbelief, and she could be seen to have lost her composure as she shouted out in surprise.

Yu Quan said indifferently, "Bai Cixin, do you intend to go against Voidless Realm's decision?!"

The latter's body trembled, and a feeling of powerlessness raised from the bottom of her feet to her head.

"I wouldn't dare!" Bai Cixin said after letting out a breath.

However, only Wang Dabao knew that his wife was currently already on the verge of flying into a rage.

Everyone didn't dare to go against such a colossus like Voidless Realm, and all they could do was to comply unconditionally with whatever that Voidless Realm said.

Even Ye Xiao and Chu He also had no other choice but to lower their heads and comply with whatever that Voidless Realm says.

Yu Quan had to return back to Voidless Realm and call for a meeting. After saying their goodbyes to Qing Ya, Yu Quan and the two bodyguards stepped into the void and disappeared from the venue.

After Yu Quan left, everyone let out a huge breath. After all, when Voidless Realm was present at the venue, everyone felt extremely pressured.

However, right now, killing intent permeated the venue, and the killing intent was being emitted out from Bai Family.

From the looks of it, Bai Family and Tang Family were going to get into a fight.

Meanwhile, Xiao Yi was very relaxed right now, and he felt as if he had gone back to when he was still an immortal emperor where he was always in a calm-minded state.

From the looks of it, after rebirthing, I have started to become extremely impatient and restless. Withdrawing from the competition is perhaps a good thing for me.

“This concludes today’s auction!” After finishing speaking, Ye Xiao left while with a load on his mind.

The matter that happened back then must not get exposed!

Chu He also understood that point.

This Tang Family has to be eradicated!

Meanwhile, Chen Xuanzong was preparing to pay Tang Wushuang a visit.

And Song Huang was currently gazing at Qing Ya and Qing Yutong.

My spiritual stones are all gone!

You two have to return back those spiritual stones of mine even if you two have to go and sell yourselves!

However, looking at Chu Bo who was standing behind Qing Ya, Song Huang felt that he should find a helper, furthermore, the helper has to be someone who was able to force Chu Bo to leave!

Suddenly, a candidate appeared within Song Huang’s mind.

Chu Bo would most likely give some face to this person, and furthermore, this person would most likely be able to give a high price for those two women. If one of those two women is worth 50 spiritual stones, two of them would be 100 spiritual stones!

My breakthrough is near at sight, I must gain back the spiritual stones that I lost no matter what!

Immediately, Song Huang took out his phone and gave the person a call.

Soon after, Song Huang became exulted.

I didn’t expect that this person would be present at Yuanlinglong too, just that he didn’t bother to show up at the auction.

Song Huang hurriedly left his seat and went to find the person.

The person was called Ye Tai, and he was Ye Xiao’s eldest son.

Ye Tai was an extremely dissolute guy, and he wasn’t able to be happy without women.

Although that was the case, Ye Tai’s strength was not something to belittle, after all, no matter what was said and done, he was still Ye Family’s eldest son!

Song Huang came to a lounge that was located at Yuanlinglong’s side hall and knocked on the lounge door.

“Come in!” A man’s voice rang out from the lounge.

Song Huang pushed open the door.

There wasn’t anyone in the living room, and instead, the sounds of people panting were ringing out from the bedroom.

Song Huang let out a breath, then sat on the sofa and began waiting silently.

After quite a while, a tall and robust man who was wearing nightclothes walked out of the bedroom.

Looking at Ye Tai, he didn't seem to look like the kind of person who lives a life of debauchery, a superior aura was being emitted out from his entire body.

Song Huang had dealings with Ye Tai before, and he knew that Ye Tai was indeed a formidable person.

Ye Tai was someone who was collected and reserved, but deep within the surface, he was basically a man who likes women. If one didn't really know Ye Tai, one would think that Ye Tai was a young and promising eldest son of an aristocratic family.

Different from Chu Bo, when Ye Tai came across a woman that he likes, he would just straightforwardly snatch the woman for himself, he has no bottom line at all.

"Sage Doctor Song, long time no see." Ye Tai sat on the sofa, then took out a cigar from a cigar box.

You Cannot Afford To Offend My Woman

Chapter 332: Risking life

"Young Master Ye, looking at you, you are still as vigorous as before." Song Huang was neither servile nor overbearing, and he also had no intention of fawning upon Ye Tai, after all, he was here to make a deal with Ye Tai.

Ye Tai smiled faintly as he lighted up the cigar, "Sage Doctor Song, let's get to the main point, is what you said just now true?"

"Of course, it is a pity that Young Master Ye didn't show up at the auction, or else you would have been able to see just how beautiful those two women are."

"Haha, after all, what is there to see in a boring auction." Ye Tai came to Yuanlinglong together with his father, and upon arriving at Yuanlinglong, Ye Tai immediately snatched over a beautiful-looking woman.

Ye Xiao knew his son's moral conduct, which was why he said to Chu He that his son only knew how to indulge in sensual pleasures.

Song Huang didn't drag the conversation and straightforwardly quoted his price, "Young Master Ye, I, Song Huang, naturally wouldn't introduce you to those two women for free, 50 spiritual stones for a woman, 100 spiritual stones for both of them!"

"50 spiritual stones for a woman? Sage Doctor Song, your appetite sure is big!" Ye Tai was a bit dissatisfied, and his voice raised slightly.

Song Huang persisted on the price that he had in his mind, "Young Master Ye, you will understand once you have seen those two women with your own eyes. However, Chu Bo is with those two women."

"Chu Bo? That man who likes cucking others?"

"That's right. As long as you are able to make that Chu Bo back away, you are going to be in luck with two very beautiful women."

Ye Tai laughed lightly, "This Chu Bo will naturally give me face and back away. Alright! I, Ye Tai, will go and take a look at those two women that you are talking about. Sage Doctor Song, do not deceive me,

although you have a good reputation amongst a lot of people, I, Ye Tai, am not someone who can be messed around with easily!”

“Naturally!” A trace of maliciousness flickered in Song Huang’s gaze.

I, Sage Doctor Song Huang, am able to bring the dying back to life with my left hand, and make people suffer unspeakable misery with my right hand! Even when your father came across me, he also has to be polite to me, and yet you actually dare to threaten me?!

At the other side, Qing Ya, who was carrying onto the asleep Donghuang Li, was intending to leave the venue, and Qing Yutong was following along with her big sister while feeling giddy.

Chu Bo who was walking behind them wanted to go over and lend a supporting arm to Qing Yutong, but he didn’t dare to.

His intuition was telling him that, if he were to touch Qing Yutong, it would be GG for him.

The few of them walked over the stone bridge, and the other family heads could be seen leaving in their cars while with a happy expression on their faces.

Today, those family heads could be counted to have broadened their view.

“You can leave already.” Qing Ya said faintly.

The words that Qing Ya just said were for Chu Bo, and the latter was currently thinking about other things and didn’t hear what Qing Ya said.

Qing Yutong said giddily, “Youngster, you can leave already, if you continue to follow us, you are going to be done for.”

Chu Bo came back to his senses.

With the sound of a swoosh, Chu Bo opened his folding fan. After all, his chance has finally arrived.

“Ladies, I, Chu Bo, am Ah Li’s underling, so naturally, I have to follow along with Ah Li. Moreover, this place is very far from the urban district, so just let me give you all a ride. Guaranteeing that you all are able to safely arrive back home is something that an underling should do.” While swaying his folding fan, Chu Bo said courteously, and what he just said does make sense.

The three of them came to Yuanlinglong by Song Huang’s car, and right now, that Song Huang was definitely not in the mood to send them back home.

Of course, Qing Ya could just teleport back home, but as someone who wants to live an ordinary life, unless she had no choice, she didn’t want to anyhow use her powers.

Seeing that Qing Ya and Qing Yutong weren’t speaking, Chu Bo knew that they agreed with what he said, and he said with a smile, “Please wait for a moment, I will go and drive my car over.”

Looking at the giddy look that was on her sister, Qing Ya shook her head.

After waiting for a while, a Benz G-Class drove over to them, and Chu Bo got out of the car and opened the door for them like a gentleman.

Qing Ya said thanks to Chu Bo, then entered into the car.

Chu Bo didn't expect that Qing Ya would be so courteous.

What a truly gentle woman, women like her are very rare in this world.

Chu Bo set up his GPS according to the address that Qing Ya provided to him, then began driving towards the destination.

"Are you sure that this is the correct path?" Qing Ya asked confusedly.

When that Song Huang drove us over to Yuanlinglong, the road to Yuanlinglong was smooth, but the road that this Chu Bo is currently driving on is very bumpy.

Chu Bo was very confused too, "I'm just following the GPS, perhaps this is a shortcut."

It was indeed a shortcut, but it has already been ages since anyone has ever bothered taking this path.

However, this gave Ye Tai and Song Huang an opportunity!

Suddenly, the car came to a sudden brake.

Qing Ya hurriedly stable herself, and Ah Li even almost knocked her head onto the car seat.

Meanwhile, Qing Yutong's head knocked onto the car seat, and she was currently rubbing onto her head.

Qing Yutong was currently about to fly into a rage.

Is your driver's license picked up from the ground?!

"Why did you stop the car!" Qing Ya asked gravely.

Chu Bo pointed to the front and said, "There are two people in front blocking the car's path."

Qing Ya and Qing Yutong took a look, and there were indeed two people. Furthermore, one of the two people was Song Huang.

"Big sister, seems like there's trouble." Qing Yutong shook her head.

Qing Ya sighed.

As expected, this Song Huang is indeed not a good fellow! For him to actually come and block our path, it is obvious just what kind of a person he is.

The three got off the car.

Song Huang said towards Ye Tai, "Young Master Ye, what do you think, are they worth 50 spiritual stones each?"

Ye Tai's gaze was tightly fixed onto Qing Ya and Qing Yutong.

I didn't expect that there would be such beautiful women in this world. If I have them, what would I even need other women for? Other women are nothing but background characters when compared to them!

“Yes, they are indeed worth 50 spiritual stones each!” There was excitement in Ye Tai’s voice, and greed was flickering in his eyes.

I must take these two women for myself. In the future, I won’t need to look for other women anymore.

Chu Bo opened his folding fan, then said with a smile, “And I thought who were blocking my path, so it is Ye Tai and Song Huang.”

“Young Master Chu, it’s been a few years since we last met and you are still as dissolute as ever.” Ye Tai greeted with a smile.

Looking at them, it felt as if Ye Tai and Song Huang were here to reminisce about the past with Chu Bo.

However, Qing Ya was able to sense that Ye Tai and Song Huang harbored ill intentions. Even more, she felt that Chu Bo was together with those two. After all, Chu Bo was the one who drove the car to this place.

Chu Bo had a relaxed look on his face, “Young Master Ye, do you not mingle in bars anymore? When did you get into robbing other people? Furthermore, you are even teaming up with Sage Doctor Song to rob people. Tsk, tsk, tsk.”

Ye Tai stretched out his hand and rubbed onto his forehead, “What fun is there in mingling in bars. Once I have those two women behind you, I, Ye Tai, will start being a neet and stay at home all day!”

Upon hearing what Ye Tai said, Qing Ya and Qing Yutong’s gazes turned cold.

Chu Bo didn’t have any intention of backing away, “Young Master Ye, this wish of yours is not going to happen, I advise you to go back home and wash up, then go to sleep, you shouldn’t continue staying here and throw your face away.”

“Chu Bo! If you leave now, we will take it as nothing has ever happened, how about it? Even more, I will prepare a big gift for you.”

Chu Bo’s expression changed slightly.

From the looks of it, those two are determined to carry out what they are here to do!

However, this is a good opportunity for me to act as a hero and save the beauties!

“Ye Tai, who do you take me for! I will say it here and now, if you want to lay your hands on them, you are going to have to get through me first!” Chu Bo kept away his folding fan and said heroically.

Meanwhile, Chu Bo was thinking to himself, “Those two beautiful women behind me must be touched by what I said, right?”

However, both Qing Ya and Qing Yutong were considering Chu Bo as a suspect, and they didn’t feel touched by what he said at all.

Right now, all Song Huang wanted was to gain back the spiritual stones that he lost, and he didn’t care about anything else.

Compared to beautiful women, Song Huang cared about his own strength more.

Ye Tai snorted coldly, “Chu Bo, do you intend on spoiling the relationship between Ye Family and Chu Family?!”

“Ye Tai, I truly have to give it to you, to actually have the face to do such a thing like snatching away women by force. If not for your father, you would have long been killed by others!”

Ye Tai let out a deep breath, “Since you don’t intend to back away, I have no choice but to kill you!”

“Oh? You dare to kill me?!” Chu Bo was a bit surprised, he didn’t expect that Ye Tai would actually go to such lengths for beauties.

Song Huang was a bit stupefied too.

Kill the son of an aristocratic family? If such a matter were to be found out by others, he would be done for!

Ye Tai clenched his fists tightly, and immediately, a substantial amount of spiritual energy surged into his fists.

Right after, Ye Tai jumped towards Chu Bo and struck his right fist towards Chu Bo’s head!

Song Huang was really startled by Ye Tai’s action.

This Ye Tai is actually risking his life for those two women?!

[You Cannot Afford To Offend My Woman](#)

Chapter 333: Snap

Chu Bo was also startled, he didn’t expect that Ye Tai would be so insane.

“Big sister, they don’t seem to be acting.” Qing Yutong said in a low voice.

Qing Ya nodded her head. Indeed, it doesn’t seem like they are acting.

Chu Bo shouted towards his back, “Quickly leave this place while I stall them!”

After finished speaking, a formidable amount of spiritual energy surged into his fist, and his fist could be seen emitting out a white light.

Immediately, Chu Bo’s fist collided with Ye Tai’s fist.

Bang!

Soon after, an airwave spread out in a circular motion, and the Benz G-Class’s windows were all shattered into pieces.

“Song Huang! What are you standing there in a daze for?! Quickly come over and help me!” Ye Tai shouted out towards Song Huang.

This Chu Bo’s strength is formidable, my strength is neck to neck against his strength, but with Song Huang joining into the fight, we will be able to overwhelm Chu Bo’s strength.

Song Huang was hesitating if he should help Ye Tai or not.

If I were to help Ye Tai, the consequences would be too horrible to contemplate. The crime of killing the son of an aristocratic family is not something that I can afford to shoulder!

“Song Huang! You are already counted as an accomplice of mine even if you don’t help me deal with Chu Bo!” Ye Tai turned his head around and shouted out angrily.

This Sage Doctor is gutless!

Song Huang scolded Ye Tai for being shameless in his own mind.

And in the end, Song Huang was also a shameless person, for the sake of the spiritual stones, Song Huang went for broke and joined into the fight.

“Ladies, you two can be at ease, as long as I, Chu Bo, am still here, they won’t be able to harm even a single hair of yours!” While speaking, Chu Bo charged towards Ye Tai.

Meanwhile, Chu Bo thought to himself, “My back definitely looks very charming to them right now, I reckon that they are currently already charmed by me.”

Qing Yutong let out a sigh, “This Chu Bo isn’t able to win against the two of them, and yet he still intends to send his head over to them.”

“Well, in any case, he meant well.” Qing Ya said faintly.

Chu Bo could be seen fighting as one against two people, and the disadvantage was very evident. In a flash, a wound has already appeared on Chu Bo’s body.

This Ye Tai fights openly, but that Song Huang actually plays with poison needles, shameless!

“Chu Bo! End your own life and I should allow you to die with an intact corpse!” Ye Tai shouted out arrogantly.

Chu Bo shouted out angrily, “As long as I, Chu Bo, am still here, the two of you can forget about harming those two ladies!”

“Humph, I should let you become a dissolute ghost then!”

Ye Tai shouted out coldly as he struck out both of his fists, “Strength sealing fists!”

At the same time, Song Huang suddenly appeared behind Chu Bo and shouted out sinisterly, “Soul freezing ice needle!”

Being attacked from both sides, Chu Bo tightly wrinkled his brows and he used a bizarre movement technique to try and escape from their attacks.

However, in the end, Chu Bo wasn’t fast enough, and he was struck by their attacks.

Pfft.

Chu Bo spat out mouthfuls of blood, and the spiritual energy that was within his body was actually sealed by Ye Tai’s strength sealing fists, while Song Huang’s soul freezing ice needle began eroding his five viscera and six bowels.

I'm afraid that I am most probably going to die here today! Ah, but there are still so many young married women waiting for me to go and save them...

However, even if I am going to die, I still have to act cool, and at the least leave an undestroyable impression within those two women's hearts!

"Quickly leave this place, I will stall time for you all!" Chu Bo stood in front of the two women and protected them from the two men.

Chu Bo's body was currently slightly arched, his western suit was in tatters, and blood was constantly flowing out from his mouth.

Without waiting for Qing Ya to reply to Chu Bo, Ye Tai and Song Huang slowly walked over.

The two had different expressions on their faces, Ye Tai had an excited look on his face, while Song Huang had a restless look on his face.

"Chu Bo, why even do this? Wouldn't it have been best if you had just shown me some face and backed away? Is it worth it to die for two women?" Ye Tai sneered.

However, upon thinking that he was going to be able to enjoy those two beautiful women soon, his heart began beating incredibly fast.

Chu Bo spat out a mouth of blood, then said coldly, "Since you dare to kill me for them, I dare to die in order to protect them!"

Ye Tai suddenly began laughing at the top of his voice, "Who would have thought, Chu Family's great prince is actually a righteous hero! You have my respect!"

Seeing that the two women behind him were still standing still in their spots and not leaving, Chu Bo shouted out gravely at them, "What are you two still being in a daze for, quickly run away!"

"They won't be able to run away. Even if you died, I am still going to be able to get my hands on them!" While appreciating Chu Bo's final moments, Ye Tai took out a stick of cigarette and ignited the cigarette.

"Sage Doctor Song, how about having a stick of cigarette?"

"No." Song Huang said gravely. I am truly unlucky to the maximum today!

Ye Tai patted Song Huang's shoulder and said, "Be at ease, 50 spiritual stones for each of those two women, right? I won't give you anything less than 100 spiritual stones!"

Qing Yutong immediately became dissatisfied and shouted out, "Am I only worth 50 spiritual stones? Are your eyes blind?!"

Qing Ya laughed dryly. We are currently in this kind of situation, and yet this sister of mine is still being mischievous.

Chu Bo almost spat out another mouth of blood. Now is not the time to be upset about how much you are worth!

"Within this Sage Doctor's eyes, you two are worth 50 spiritual stones each, but in my eyes, you two are priceless." Ye Tai said while with a lecherous look on his face, and his eyes were tightly fixed onto Qing Ya and Qing Yutong's bodies.

Qing Yutong shouted out, "Today, I should cut you up into 100 pieces!"

"Let me deal with them." Qing Ya said faintly.

"Big sister!"

"Be obedient."

Qing Yutong let out a sigh, then leaned on the car door while panting with anger.

Qing Ya, who was carrying Donghuang Li, said lightly, "You two's guts are truly big!"

Ye Tai grinned, "Young lady, that is only natural, after all, I dare to even kill the son of an aristocratic family."

"Do you know who my husband is?" Qing Ya said with a slight smile.

Qing Ya felt that it was very enjoyable to bring up her husband in front of others.

"Your husband? All I know is that, to actually leave such a beautiful woman like you alone to yourself and let you come out at night, that husband of yours is practically a stupid fool!"

Right after Ye Tai finished speaking, he suddenly felt a sharp pain in his head, and a frightening aura began spreading from his heart to his entire body.

However, the pain and frightening aura only stayed for a moment, then immediately disappeared right after.

Qing Ya and Qing Yutong's faces came to a froze.

Someone actually called brother-in-law a stupid fool? Nothing else has to be said, this guy is definitely done for, this is the first time that I have heard someone call brother-in-law a stupid fool.

Qing Ya was glaring at Ye Tai. To actually dare to insult my husband, you must be tired of living!

"Beauty, you can be at ease, when you are with me, I definitely won't let you leave the bed." While speaking, Ye Tai began laughing with a perverted look on his face.

Chu Bo was becoming weaker and weaker, and it seemed as if he was about to faint at any moment.

Qing Ya slowly stretched out her delicate hand, and a green light appeared on her palm.

Immediately, the green light flew over to Chu Bo and enveloped Chu Bo.

And upon being enveloped by the green light, Chu Bo felt his vitality recovering at an incredibly high speed.

"Not bad, so you are actually a cultivator too!" Ye Tai became even more fond of Qing Ya.

Good, since she is a cultivator, I will be able to cultivate dual martial techniques with her.

Meanwhile, Song Huang had a bad feeling. As a Sage Doctor, he knew that Chu Bo was about to die anytime soon, and yet, Chu Bo's vitality was currently recovering at an astonishingly high speed.

"Move away." Qing Ya calmly said towards Chu Bo, and the aura of her blood vessels began to gradually emit out from her body.

Upon sensing the aura that Qing Ya was emitting out, not only did Ye Tai have no intention of giving up, but he also ended up wanting to possess Qing Ya even more.

This woman is a top-quality woman! Her entire body is filled with haughtiness from top to bottom, just how great would it feel if I were to press her down on my body?

Chu Bo stood up and moved away from Qing Ya while with a very awkward look on his face.

Originally, I wanted to act as a hero and save the beauties, but who would have thought, I ended up being saved by a beauty... This is so embarrassing...

"Song Huang, together!" Ye Tai shouted out.

Right now, Song Huang didn't have the leisure to think too much anymore.

Immediately, an astonishing amount of spiritual energy erupted forth from the two, and a surging wind began blowing out in all directions. The trees began swaying acutely, seemingly as if there was a level 8 typhoon happening.

"Raging fire fist!"

"Silk dragon!"

A huge might pressure struck towards Qing Ya and the others.

Ye Tai's entire body turned into a fire fist as he charged towards Qing Ya.

Meanwhile, Song Huang turned his spiritual energy into silk, and the silk formed into the shape of a dragon. As the silk dragon charged towards Qing Ya, a dragon roar was actually being emitted out from the silk dragon. If one didn't know, one would think that a dragon has appeared.

Surging spiritual energy swept throughout the entire area, and killing intent filled the entire sky and ground.

As expected of the son of an aristocratic family and north's Sage Doctor!

Qing Ya slowly raised her tender arm, and her tender and lovely fingers were able to make others have improper thoughts.

Qing Ya could be seen lightly pressing her thumb onto her middle finger.

Snap!

[You Cannot Afford To Offend My Woman](#)

Chapter 334: Cigarette smell

Right after Qing Ya snapped her fingers, the entire world seemed to have turned quiet. Whatever biting cold killing intent, whatever surging spiritual energy, all of it disappeared completely.

All that was left were the two people that came to a freeze within the air.

Qing Ya said faintly, "Don't wake up Ah Li."

Chu Bo who was standing behind Qing Ya had his mouth opened wide, and at the least 20 ham sausages could be stuffed into his mouth.

She defeated Ye Tai and Sage Doctor with just a snap of her finger. And yet, just now, I actually... Ah, this is embarrassing!

No, wait a moment! If this beautiful woman herself is already this powerful, just how formidable is her husband? My god! My god!

Qing Yutong, who was at the side, let out a sigh.

Big sister is starting to act cool again, she really doesn't give me even the slightest chance to act cool. In the future, I won't be playing together with big sister anymore.

Furthermore, big sister even learned from brother-in-law to snap fingers. What, is it a big deal that you possess the power of blood vessels?

When there comes a day where brother-in-law is in a very good mood, I will ask brother-in-law to help me to obtain blood vessels too.

It was fortunate that the seal of the ring that Qing Ya was wearing on her finger had not been removed, otherwise, the snap of her fingers would contain even more might.

Ye Tai and Song Huang were currently unable to remain calm anymore.

She merely snapped her fingers, and the spiritual energy that is within my body immediately dissipated! This is impossible!

"Just who are you!" Ye Tai asked gravely, he didn't possess the calmness that he possessed just now anymore, and instead, he was currently feeling very panicky.

Qing Ya said faintly, "I am merely an ordinary woman. Just that, I am pretty, I have money, and I have an adorable husband."

Qing Yutong covered her ears.

I can't hear... I can't hear... Big sister is really too good at acting cool.

Even Chu Bo also felt the same way as Qing Yutong.

Acting cool was contagious. Thinking to back then, Qing Ya was such a pure girl. But ever since she had been taken by Ye Hua, she has gradually become depraved and likes to act cool.

Ye Tai and Song Huang struggled with all of their strength, but it was to no avail.

“Do you know just who I am! If you dare to touch even a single finger of mine, you will be done for!” Ye Tai had a panic look on his face.

This woman’s strength is extremely frightening. After being in this trade for 20 years, today, I have finally stepped onto a nail.

Qing Ya brushed her hand onto the air, and a piece of tree leaf slowly floated up from the ground, “I know that you are the son of an aristocratic family, and he is a Sage Doctor.”

“Since you know that, quickly let me go!”

Qing Ya shouted out coldly, “Just now, you actually dared to insult my husband! For you, death punishment may be avoided, but corporal punishment cannot be avoided!”

“You!” Ye Tai stared at Qing Ya, and he completely did not have the cockiness that he had just now.

The tree leaf could be seen emitting out a green light, then immediately struck towards the two people.

The green light turned into a flowing green light as it danced around in the pitch-black night sky.

Slash, slash, slash.

The tree leaf was currently just like a sharp blade, opening wounds after wounds on the two people’s bodies.

“Ah!!!”

“Ah!!!”

Ear-splitting screams rang out in the venue and looking at the wounds that were deep enough to the point that bones could be seen was enough to make one feel a chill running down their back.

“Qing Ya! Stop! I just saved your grandma today!” While enduring the pain, Song Huang hurriedly shouted out.

The tree leaf came to a stop, and not even a drop of blood was on the tree leaf. From this, it could be seen just how fast the tree leaf was.

“Heroine, I won’t dare to do such a thing anymore! I really won’t dare anymore, please spare my life!” Ye Tai gave in and begged for mercy.

This kind of torture is too painful, I would prefer dying a quick death than to suffer this kind of torture any longer.

Chu Bo said in a low voice, “Lady Qing, you will be put into a rather troublesome situation if you were to kill this Ye Tai.”

Qing Ya’s brows became slightly wrinkled.

My parents are still living in the north, and in the end, I will be going back to the bar to be with Ye Hua, I won’t be able to stay by my parents’ side for a long period of time.

If I were to kill this person, it would be very troublesome when Ye Family begins to carry out an investigation. Of course, there won't be any problems if I were to just exterminate Ye Family.

However, I can't exterminate Ye Family just because of one scum, the other people from Ye Family are innocent.

Right at this moment, Qing Ya's decision was being affected by her blood vessels, and she couldn't bring herself to be ruthless.

While looking at Ye Tai, Qing Ya said faintly, "In the future, if you dare to snatch women by force again, I will definitely not let you off this easily!"

"Heroine, you can be at ease, I won't dare to do bad things again anymore." Right now, all Ye Tai could do was to beg for forgiveness, and he was willing to promise to whatever conditions that Qing Ya brought up.

Qing Ya looked towards Song Huang, and faced against Qing Ya's deathly glare, the latter became startled and didn't dare to raise his head.

"Let's go back home." Qing Ya let out a breath.

Qing Yutong cried out in surprise, "Big sister, you are going to let them go just like this?! Just now, they were actually intending to..."

"Alright, Yutong, let's go back home." Qing Ya said tenderly as she patted onto her sister's shoulder, then entered into the car.

Qing Yutong looked towards the two people who were confined within the air.

The two of you are lucky that big sister is benevolent. If it was me, I would have cut each of you up into 100 pieces!

Chu Bo continued assuming the role of a driver and began driving the three people back home. However, his heart still wasn't able to calm down even after a long while had passed.

These two women that are behind me are too frightening, I don't even dare to anyhow speak anymore.

Ye Tai and Song Huang were still hung within the air, seemingly just like two kites.

After quite a while had passed, the two came to a free-fall and fell onto the ground.

Looking at the wounds that were on their bodies, although the wounds were all just flesh wounds, the pain that was coming from their wounds wasn't light at all.

"Song Huang! Your guts sure are big, to actually dare to set me up!" Ye Tai shouted out angrily at Song Huang.

Originally, I was having a great time with a woman on my bed, and suddenly, this Song Huang gave me a call and told me that he had two high-quality women.

That's right! Those two women are truly high-quality women, high-quality to the point that I can't afford to offend them!

Song Huang also didn't expect that those two women would be so strong, "Ye Tai, how would I know that those two actually possessed that kind of strength!"

"F**k, not only did I not obtain the two women, but I also ended up suffering injuries, and my reputation has been ruined too!" Ye Tai punched his fist angrily onto the ground, he practically suffered a double loss while winning nothing at all.

"My spiritual stones?" Song Huang asked.

Ye Tai looked at Song Huang and laughed, "You actually still have the cheeks to ask me for spiritual stones? Do you even have any shame?!"

"Ye Tai! The reason that you weren't able to snatch over those two women for yourself is because you are not capable enough! And yet, you are actually blaming me? Do you not know that I was risking my life with you too!"

"You were risking your life?! Before you gave me a call, I was having a great time with a woman on my bed! If not for you, would I have ended up in this state? Once that Chu Bo tells others of what happened here, where am I going to place my face at?!" The more Ye Tai spoke, the angrier he became, and all of a sudden, he punched his fist towards Song Huang's face.

Song Huang dodged Ye Tai's fist, then said coldly, "Ye Tai! I will forget about the 100 spiritual stones, but you have to give me 50 spiritual stones no matter what! This will count as my mental damage fee."

"50 spiritual stones? I won't give you even a single spiritual stone!"

After Ye Tai finished speaking, the two seemed as if they were going to get into a fight anytime soon.

However, after quite a while, the two didn't end up getting into a fight with each other...

The atmosphere was currently a little awkward.

And the reason the two didn't fight was because the two had wounds on their bodies, and the wounds hurt very much.

"Just who is that woman's man!" Ye Tai sat down on the ground as he couldn't endure the pain anymore.

After sitting on the ground, he began to slowly recover his spiritual energy.

Song Huang did the same too.

Upon hearing what Ye Tai said, Song Huang said, "I don't know, but her man seems to be a formidable person."

"Then, how did you come to know the two of them?"

"I met them when I was treating their grandma's illness at their home today. I brought them to the auction to have fun, but I didn't expect that I would get set up by them and end up losing my spiritual stones."

Ye Tai sneered, "After being set up by them, you actually came to set me up! Very good! Song Huang, I will remember you!"

"Humph, don't blame me just because you are incapable."

"Oh, and you are capable? In the end, you still ended up being played by those two women!"

Right after Ye Tai finished speaking, the two began cursing out at each other, and while cursing out at each other, they ended up pulling onto their wounds, which made them feel painful to the point that their tears even came out.

Immediately, the two stopped talking and focused on recovering their spiritual energy.

After all, right now, whoever finished recovering first would have the upper hand.

A light breeze blew over, and Song Huang suddenly wrinkled his brows.

Why do I smell a cigarette smell?

"Ye Tai, you are smoking?" Song Huang asked coldly.

Ye Tai shouted out coldly, "I smoke your sister! How would I have the f**king mood to smoke right now!"

"Then why is there a cigarette smell in the air?" Song Huang said confusedly.

Upon hearing that, Ye Tai sniffed a few times.

There is indeed a cigarette smell in the air.

Where is this cigarette smell coming from?

The two began looking around in all directions, and suddenly, their gazes were attracted by a red light.

That should be where the cigarette smell is coming from!

Someone is actually smoking within that forest!

And yet, I didn't discover that up until now!

Chapter 335: Threatening me, the Supreme Overlord?

Ye Tai and Song Huang's expressions tightened up as they slowly stood up from the ground.

Looking at the shadowed figure, Ye Tai shouted out, "Just who is it acting all mysterious over there! Quickly come out and show yourself!"

Song Huang didn't speak, but his eyes were tightly fixed onto the shadowed figure.

The shadowed figure who was standing within the forest slowly walked out from the forest, and a cigarette could be seen to be in the man's mouth.

The two people were sizing up the man who was standing in front of them.

The man had a calm look on his face as he smoked onto his cigarette. He wore silk nightclothes that had flower patterns imprinted on them, and on his legs were actually a pair of Peppa Pig edition slippers.

“Who are you!” Song Huang asked gravely.

After taking a puff of his cigarette, the man said, “I am the stupid fool that you two were talking about!”

That’s right!

This person was precisely Ye Hua!

In actuality, Ye Hua immediately sensed it when Donghuang Li asked for help in her own mind, and after leaving a mirror image on the bed, he appeared at Yuanlinglong.

I want to see just who is it that dared to provoke my child!

But who knew, Ah Li was completely fine, and she was just merely competing in poems with another person. Even more, Ye Hua discovered that his underlings were helping Ah Li to cheat.

Cheating in games is fine, but to have to resort to cheating when bullying others, that definitely won’t do. In the future, I have to properly teach Ah Li that it is wrong to cheat.

However, Ah Li indeed didn’t throw my face away, she should be praised when the praise is due.

Afterward, Ye Hua decided that he might as well continue staying at Yuanlinglong till the auction ends.

When he saw Xiao Yi, overall, he felt that Xiao Yi knows how to conduct himself well and has performed rather well.

Of course, he also saw Chen Xuanzong, and when he first saw Chen Xuanzong, his first thought was to kill him. However, Qing Ya’s attitude made Ye Hua feel very happy, and thus, he decided to not kill Chen Xuanzong.

During the auction, Ye Hua didn’t discover anything interesting. However, something interesting did happen.

Originally, I thought that after Xiao Yi withdrew from the competition, Bai Family will naturally be able to promote into an aristocratic family, but who would have thought, Tang Family actually cut into the competition.

However, that isn’t the main point, the main point is that there seems to be a story behind Tang Family’s dagger. I have to find a time to ask Baizhi about that dagger, things have seemed to become interesting.

Originally, after the auction ended, Ye Hua wanted to head straight back home, but he was a little worried that Qing Ya and the others may get into trouble, and thus, he trailed after them.

And as expected, an incident happened. As the incident unfolded, Ye Hua stood quietly at a side and watched his wife act cool.

It must be said, the words that Qing Ya said made Ye Hua feel very great.

This Qing Ya, when she says the word “husband”, she says it so sweetly. However, when she is at home, she doesn’t call out to me sweetly like that, and all she does is call out to me as “Ye Hua”. Only when she is acting cute to me, then would she call me darling.

However, Qing Ya is still not decisive enough. There is no need to spare this kind of people as their nature will never change.

If you let them off once, they will think of a way to continue harassing you, and the troubles will keep coming endlessly.

More importantly, these two actually dared to insult my wife and sister-in-law! Just this crime alone is enough for them to die over a thousand times!

Furthermore, to actually dare to call me a stupid fool!

Since Qing Ya is benevolent and isn’t willing to kill them with her hands, I should stand in for her and help her kill them!

This was basically a situation where the wife was at the front letting off people, while the husband was at the back killing the people that had been let off.

Upon hearing Ye Hua’s words, the two were confused for a moment.

Soon after, Ye Tai said while feeling surprised, “You are Qing Ya’s husband!”

“I am naturally her man. After all, only such a woman like her is worthy enough to be the wife of someone so outstanding like me.” Ye Hua let out a puff of smoke, and an unordinary aura was being emitted out from his entire body.

The aura of narcissism.

Looking at Ye Hua acting cool, both Ye Tai and Song Huang understood why Qing Ya was so good at acting cool. From the looks of it, it was all thanks to the man who was currently standing before them.

“What do you want?” Song Huang asked coldly.

Ye Hua extinguished his cigarette, then said, “What do I want? Do you foolish humans not have the slightest idea in your own mind?”

The two began to slowly move backward, and Ye Tai hurriedly said, “Your wife has already let us off! You cannot make her go back on her word!”

“Within my home, only what I say counts, and what they say doesn’t count.” Ye Hua said faintly.

Ye Hua wanted to smoke another cigarette, but after checking his pockets, he couldn’t find any more cigarettes. The number of cigarettes that he could smoke in a day had been limited to a certain number by Donghuang Baizhi.

While looking at Ye Hua’s action, Ye Tai suddenly had a bright idea and he immediately took out the box of cigarettes that he had on himself, “Big brother, please have a stick of cigarette!”

"Not bad, you know how to act." Ye Hua took over the cigarette box, took out a stick of cigarette, then placed the cigarette box into his pocket.

After igniting the cigarette and taking a puff of the cigarette, Ye Hua's brows wrinkled slightly.

Taking a look at the brand of the cigarette, the brand was Hetianxia.

"I prefer smoking Furongwang's cigarettes more than Hetianxia's cigarettes, therefore, you still won't be exempted from your crime!" While speaking, Ye Hua took in another puff of the cigarette.

This cigarette tastes pretty nice, just that, this cigarette is a bit more expensive compared to the cigarettes that I normally smoke.

Right now, my funds are being controlled by my wives, and I am only given 100 rmb to spend every day, I can't afford to smoke expensive cigarettes...

This fellow actually dares to brag in front of me, this can't be forgiven!

Ye Tai and Song Huang were both people that were smart.

If that Qing Ya is already that formidable, as someone who is her husband, this man is definitely even more formidable.

"Big brother, I really didn't mean to do it, everything happened because of him. I only did such a foolish thing because of a moment of impulse." Ye Tai pointed at Song Huang and shouted out.

Song Huang said while feeling upset, "Ye Tai, I didn't drag you over here by force, you came here willingly by your own will!"

Ye Hua waved his hand and said faintly, "Alright, don't argue anymore. You should focus on enjoying your final moment in this world."

Ye Tai shook his head. I am still young, I don't want to die.

"You cannot kill me, I am the son of an aristocratic family! If you killed me, my father won't let you off, and Voidless Realm also won't let you off too!" Ye Tai couldn't help but threaten Ye Hua.

Right now, only by doing this, then would I perhaps be able to have a slight chance of surviving.

Ye Hua let out a breath and said faintly, "I forgot to tell you, I have another wife. She is called Donghuang Baizhi, and she is precisely Voidless Realm's empress. Just now, I was even hugging her while sleeping."

Ye Tai and Song Huang opened their eyes wide, and both of them had a look of disbelief on their faces.

How could the empress be this man's woman!

"Therefore, don't use that puny Ye Family of yours to threaten me. I could exterminate your Ye Family with just a flick of my finger." Ye Hua said as he flicked away his cigarette ash.

Song Huang suddenly recalled what happened tonight!

It is no wonder that those people were so respectful towards Qing Ya! It is no wonder that those people from Voidless Realm wanted to sit beside her!

If the empress is this man's woman, it is only natural that Qing Ya knows the empress!

Thinking up to here, Song Huang's entire body became powerless.

After finishing smoking the stick of cigarette, Ye Hua extinguished the cigarette, then said, "Alright, what else do you have that you want to threaten me with?"

"Even if the empress is your wife, you are unable to dominate over the whole Cultivation World! Within the south, there is still Ying Family!" Ye Tai bellowed.

Ye Tai wanted to give himself some confidence by bellowing, but it was completely no use.

Ye Hua said faintly, "Ying Family's Ying Jingshan is already the subordinate of a subordinate of a subordinate of mine. For Ying Family to dare to attack Voidless Realm, do you think that they would dare to do it without my permission?"

Looking at Ye Hua who was speaking leisurely, Ye Tai really didn't want to believe in what Ye Hua said, but deep in his heart, he believed everything that Ye Hua said.

This man actually let his subordinate attack his wife's power! This man is practically inhumane!

"The Cultivation World's tendency is controlled in my hands, what else do you have to threaten me with? I will bestow you the chance to continue on threatening me!"

Ye Tai lost his stable and fell onto the ground, "Fake! Everything that you said is fake!"

Right now, Song Huang's brain was buzzing continuously.

If everything that this man said is the truth, the entire Cultivation World is indeed really controlled in his hands.

"Well, there is no harm in bestowing you with another piece of information. Ji Family was exterminated by me!"

Upon hearing that, both Ye Tai and Song Huang didn't have the strength to struggle anymore. Both of them lied down on the ground, and there wasn't any light within their eyes, it was as if the two of them were corpses.

Chapter 336: School is about to open

Ye Hua let out a light sigh.

I am only able to act cool in front of these two salted fish, just when will I be able to act cool at a big event?

When the time comes where I am able to act cool at a big event, the scene is definitely going to be spectacular. All of those people, they think that they have everything under their control, but in actuality, they are merely playthings that are dancing around on my palm.

I am really looking forward to when that day comes.

I will remember this debt that Ye Family owes to me for now. I am a petty person, I will slowly make Ye Family pay for it in the future!

Looking at the two people who seemed lifeless, Ye Hua lightly tapped onto the air with his finger, and right after, tree roots could be seen growing out from the two people's legs!

The tree roots grew out from their flesh, then pierced into the ground!

"Ah!!!"

"Ah!!!"

Right after, branches and tree leaves began growing out from their entire bodies at an incredibly high speed.

The tree roots, branches, and tree leaves were all transformed from their blood and meridians, the pain that they were suffering was totally unimaginable, but they were unable to faint from the pain, and instead, they were able to feel the pain very clearly.

Afterward, Ye Hua slowly turned his body around.

Since the two of you actually dared to try and lay your hands on my woman, I shall bestow the two of you with this extremely painful punishment!

As Ye Hua's body disappeared, there were now two more big trees in the venue.

Ye Tai and Song Huang didn't die. While looking at their surroundings, they wanted to scream, but they weren't able to.

This punishment that was given to them was even worse than dying. Every tree leaf that fell from their bodies, or every branch that ended up breaking was practically torture to them. After all, the tree leaves and branches were a part of their bodies.

As long as the world doesn't come to an end, they were going to have to keep on remaining at the exact same spot and suffer endlessly. Or perhaps, if a forest fire were to happen, they would be able to be freed from their suffering.

.....

Returning back to the bed, Ye Hua continued hugging onto the empress, and his hands began lightly rubbing onto the empress's body.

"Hmmm~"

Donghuang Baizhi who was in her dreams let out a moan. Afterward, she turned her body around and leaned into Ye Hua's embrace, then stretched out her hands and hugged onto Ye Hua's body.

Looking at the empress who seemed just like a kitty, Ye Hua laughed lightly, then hugged onto the empress and gradually fell to sleep.

However, tonight, Ye Hua had an unpleasant dream. In his dream, he dreamt of his two women getting into a quarrel with him again.

How is this possible? Where did they get the confidence from to quarrel with me?

“Ye Hua... Ye Hua... Time to wake up!” Donghuang Baizhi’s voice rang out in Ye Hua’s ears.

Ye Hua slowly opened his eyes, and the beautiful Donghuang Baizhi entered into his eyes.

Today, the empress actually put on makeup!

With Donghuang Baizhi’s looks, she looked beautiful even if she didn’t wear makeup. However, after putting on makeup, although the makeup didn’t add much to her beauty, it did indeed make her look a tiny bit more beautiful than usual.

Donghuang Baizhi had a different kind of distinctive appearance when she had makeup on, and Ye Hua really liked it.

Furthermore, the empress’s attire today was very mature-looking. She could be seen to be wearing a floral print dress which revealed her pure white arms, and her jet-black hair was tied to the back of her head. She was dressed up just like a married woman.

Looking at Donghuang Baizhi, Ye Hua said, “Who are you preparing to entice by dressing up like this?”

Donghuang Baizhi said petulantly, “Who else but you.”

Music to my ears.

Ye Hua aggressively pulled Donghuang Baizhi into his embrace, then pressed her onto the bed and began kissing onto her.

“My lipstick is getting messed up!” Donghuang Baizhi pushed away Ye Hua and said while with her face red.

“You can apply the lipstick again later on.” After finishing speaking, Ye Hua straightforwardly kissed onto Donghuang Baizhi’s lips.

After a while, Donghuang Baizhi said, “Don’t mess around anymore, a strange matter happened last night.”

Ye Hua stopped taking advantage of the beauty, however, he was still hugging onto Donghuang Baizhi.

Ye Hua asked while already knowing what happened, “What happened?”

“Last night was supposed to be the day where Voidless Realm announced the sixth aristocratic family, but a situation happened, and the situation is a bit thorny.”

Donghuang Baizhi wanted Ye Hua to help her think about how to deal with the situation. After all, the situation was connected with an incident that happened very long ago. Furthermore, now that Donghuang Baizhi has a man to depend on, Donghuang Baizhi’s reliance on Ye Hua was a bit heavy.

Ye Hua asked curiously, “What situation happened? And why is it a bit thorny?”

Donghuang Baizhi began telling everything to Ye Hua, and Ye Hua finally understood everything.

So this ancient godly item is connected to the incident that happened a hundred years ago! Interesting! This is really interesting!

This Tang Family has piqued my interest! Since that's the case, I should give this Tang Family a chance and let them properly act out a show for me!

"Baizhi, it is fate that Tang Family was able to obtain the ancient godly item. Furthermore, it has already been a hundred years since that incident happened, this generation shouldn't have to shoulder a mistake that was done by a generation of the past."

Donghuang Baizhi raised her head and looked at her husband, then asked tenderly, "Ye Hua, you are saying that I should let Tang Family join into the competition?"

"Since your Voidless Realm has already said that anyone who possessed an ancient godly item is allowed to join the competition, if you don't allow Tang Family to join the competition now, your Voidless Realm would basically be going back on its word. Other people wouldn't care about the origins of the ancient godly item, and all they would care about is that your Voidless Realm actually went back on its word."

There was nothing wrong with what Ye Hua said, and just based on his words, one would come to the conclusion that he was concerned for Voidless Realm's prestige, but in actuality, Ye Hua was preparing to secretly help Tang Family.

Donghuang Baizhi felt that what Ye Hua just said made a lot of sense.

What Ye Hua just said is true, Voidless Realm can't go back on its word.

"En, I got it." Donghuang Baizhi smiled tenderly.

"Aren't you going to thank me?" Ye Hua held onto the empress's chin and said faintly.

Donghuang Baizhi charmingly rolled her eyes at her man, then pressed him down onto the bed and kissed forcibly onto him.

Haha, I precisely like how dominating this woman is.

After being lovely with each other, the two walked out of their bedroom.

Right now, Ye Hua has already broken away from being restricted to crutches. Looking at him right now, he seemed to have already "healed" completely.

Just now, Ye Hua saw the message that Qing Ya sent to him, and when he saw the message, he laughed lightly, then replied "Love you too" back to Qing Ya.

Of course, he also saw the videos that Qing Yutong sent to him.

Today was the day that Ye Zizi was going to report to school, and Ye Hua and Donghuang Baizhi were going to accompany Ye Zizi to her school.

Ye Hua wanted to accompany Ye Zizi to school because he was worried that Ye Zizi would cause trouble, while Donghuang Baizhi wanted to accompany Ye Zizi to school merely because she was concerned for Ye Zizi. After all, Ye Zizi was her husband's cousin.

Knock, knock, knock!

Ye Hua knocked onto Qing Yutong's bedroom door.

Knock, knock, knock!

After knocking for quite a while and seeing that there was no response, Ye Hua's brows became wrinkled.

This Ye Zizi couldn't have run away, right?!

Ye Hua straightforwardly pushed open the door and entered into the bedroom.

When Ye Hua saw Ye Zizi who was lying down on her bed, he let out a breath of relief.

If you had run away, I would have made sure that your butt gets beaten till it becomes swollen!

Ye Zizi was very sad.

Last night, she saw the videos that Qing Yutong sent to her, and she felt extremely envious of Qing Yutong.

They are all able to go outside and act cool, and yet I have to suffer going to school...

"What time is it already and you are still in bed?!" Ye Hua shouted out gravely.

Donghuang Baizhi pulled onto Ye Hua.

"What are you shouting at a child for, sleeping in is a normal thing to do." While speaking, Donghuang Baizhi went over to wake Ye Zizi up.

"Hmmm~ Hmmm~ Hmmm~ I don't want to get up from bed, I don't want to go to school, I want to go out and play~ I want to play computer games~"

Ye Zizi was merely pretending to be asleep, and when she sensed that Donghuang Baizhi was walking over to wake her up, she began throwing a tantrum and flailing her four limbs.

Donghuang Baizhi hurriedly walked over and said, "Zizi, going to school is something that everyone has to experience in their life."

"Big brother himself has never gone to school before in his life!" Ye Zizi said while panting with anger.

Wei Chang and the others don't have to go to school, so why do I have to go to school?

Ye Hua's gaze turned cold as he shouted out gravely, "You are going to have to go to school today no matter what, or else, you can scram!"

Ye Zizi immediately began crying out loudly as she hugged onto Donghuang Baizhi, "Sister-in-law, look at brother-in-law, he's bullying me again..."

Donghuang Baizhi rolled her eyes at Ye Hua.

However, since Ye Hua is acting as the bad guy, all I have to do is to just act as the good guy.

“Alright, your big brother means well for you. Come on, let’s get up from the bed.”

Ye Zizi knew that she wasn’t going to be able to escape from having to go to school unless she scrams. However, she didn’t want to scam, thus, she had no choice but to go to school.

“Big brother, get out, I’m going to change my clothes!” Ye Zizi didn’t hesitate to use her identity as His Honor’s cousin to be rude to His Honor.

[You Cannot Afford To Offend My Woman](#)

Chapter 337: I want a Ferrari

After walking out of the bedroom, Ye Hua came to the bar counter and poured himself a glass of drink.

Not long after, Donghuang Baizhi brought along Ye Zizi, who had a gloomy look on her face, and walked over to Ye Hua.

Today, Ye Zizi was dressed up prettily by Donghuang Baizhi.

Ye Zizi could be seen to be wearing a pink color princess dress, a big bowknot was tied onto her ponytail, a pair of super long white color socks, and also a pair of pink leather shoes.

Looking at Ye Zizi, she looked just like a little princess that came out from a fairy tale, or perhaps, a character from the two-dimensional world.

Seeing that Ye Hua was drinking alcohol, Donghuang Baizhi advised, “Don’t drink while on an empty stomach.”

Ye Hua put away the wine bottle, then held onto his lovely wife’s waist, having a look on him that was practically saying, “This woman is mine, are you jealous?”

With a gloomy look on her face, Ye Zizi was holding onto Donghuang Baizhi’s hand.

My degenerate lifestyle is about to come to an end. From now on, I am going to have to go to sleep early and wake up early. For such a lazy person like me, this is practically torture...

It was still the same Audi A8. Within the car, the empress sat at the driver seat, Ye Hua sat beside the empress, and Ye Zizi sat at the backseat while with a depressed look on her face.

Ye Hua pointed towards the roadside youtiao stall and said, “Baizhi, stop the car here, let’s eat breakfast over at that stall.”

“En.”

After stopping the car, the three got off the car and went over to the stall to eat breakfast.

Majority of the people that saw the three of them thought that they were a family of three.

The man is handsome, the woman is extremely beautiful, and the child is adorable to death, this family’s attractive index is almost at the point of exceeding the sky.

“Boss, I will have five youtiaos and three bowls of porridge!” Ye Hua shouted out to the boss.

From the looks of it, Ye Hua was a frequent customer of this stall.

“Alright, please wait a moment, I will start frying your youtiaos right now.”

The three sat down at a table, and Donghuang Baizhi began wiping on the chopsticks with a napkin, then placed a pair of the chopsticks in front of Ye Hua, practically acting just like a good wife.

When the food arrived, Ye Hua dipped a youtiao into his porridge, then took a big bite of the youtiao.

Delicious!

Right after, Ye Hua ate a piece of Chinese pickled vegetable.

Hmm, the combination of porridge, youtiao, and Chinese pickled vegetable is the best!

On the other hand, Donghuang Baizhi’s table manners were much more elegant, just like Qing Ya.

Ye Zizi was angry to the point that she didn’t have any appetite to eat.

“Still throwing a tantrum?” Ye Hua took a look at Ye Zizi and said.

“Big brother, it is fine that you want me to go to school, but I have a request.” Ye Zizi said as she pouted her small mouth.

“What is it?”

“I want to buy a Ferrari.”

Ye Hua, “.....”

Looking at Ye Zizi who was pouting with her small mouth, Ye Hua laughed lightly, “How about I buy for you an airplane?”

“No, I want a Ferrari!”

“How about an aircraft carrier?”

“No, Ferrari is the only thing that I want.”

This Ye Zizi wants to drive a Ferrari to school? She must be delusional. I, the Supreme Overlord, don’t even have a car, and yet she wants a Ferrari?

The money that I won have all been taken away by Qing Ya, and I’m currently only given 700 rmb a week for my living expense.

Once Qing Ya returned back home, I definitely have to hold a family meeting. Qing Ya has to at least give me back half of the money that I won from the bet. I shouldn’t have given all of the money to Qing Ya back then.

“Alright, after you reported to your school, I will bring you to buy a Ferrari!” Ye Hua said faintly.

Ye Zizi became exulted, “Really?”

Ye Hua nodded his head as he thought to himself, "To actually believe in whatever that I said, Ye Zizi, you are still too young."

Donghuang Baizhi remained silent and didn't speak.

Ye Hua's money is being controlled by Qing Ya and I, so where does he even have the money to buy a Ferrari? It's not that we are trying to save money, it's just that we want Ye Hua to go out more often and not just stay at home all day long.

Yingyu Primary School, the entire city's top primary school. It was rumored that the school's entrance exam's questions were very difficult, and even some adults weren't able to solve the questions.

Today was the school's reporting day, there were many adults who accompanied their children to the school, and all of them were dressed neatly and brightly.

Donghuang Baizhi parked her car not far away from the school, and the three walked over to the school.

Ye Hua took out a stick of cigarette from a cigarette box, then lighted up the stick of cigarette. Upon seeing that, Donghuang Baizhi asked faintly, "Ye Hua, where did you get this box of cigarettes from?"

"Eh... I picked it up from the bar counter this morning." Ye Hua said quick-wittedly.

Donghuang Baizhi stretched out her tender hand, and Ye Hua helplessly handed over his cigarette box to the empress.

"Since we are already preparing to have another child, you should stop smoking already!" Donghuang Baizhi persuaded petulantly.

Upon hearing that, Ye Hua replied, "What does smoking have anything to do with having another child? Look at Ah Li, isn't she smart?"

"I'm just trying to be precautious."

"There is no need to be precautious, I have everything under control." Ye Hua said smugly.

Looking at Ye Hua who was smoking onto his stick of cigarette, Donghuang Baizhi didn't bother to even argue with Ye Hua. After all, every time when Ye Hua was smoking a cigarette, the entire world belongs to him.

Looking at the other families, mothers were holding onto their children's hands, and the fathers were looking around and sizing up their surroundings.

Ye Hua was currently doing the same thing as those fathers.

This school is so-so, I hope that Ye Zizi will be able to endure this ordeal.

When Ye Hua, Donghuang Baizhi, and Ye Zizi walked over to the school, the three of them attracted a lot of people's gazes.

What an attractive-looking family of three...

Many children were looking at Ye Zizi and thinking to themselves, "What an adorable looking girl, I must chase after her."

Bringing along the documents provided by Lie Gu, they went and look for the school's dean. The dean behaved very honestly and respectfully brought Ye Hua and the others to a classroom.

In the classroom, Ye Zizi received her textbooks, schoolbag, and school uniforms.

Ye Zizi helplessly carried onto the heavy schoolbag while with an unhappy expression on her face.

The boys from the nearby classrooms ran over to Ye Zizi's classroom to look at Ye Zizi, and the boys that were from Ye Zizi's class seemed to be much more excited compared to the boys from the nearby classrooms.

I didn't expect that a new student would join our class, she looks so adorable...

Meanwhile, envy appeared on the girls' faces.

This girl is really adorable...

"Class monitor, that girl is really adorable, she's more adorable than the class's belle." One of the students within the classroom said to the class monitor.

The class monitor's name was Liu Chuanfeng, a very formidable primary school student, and the student who was talking to him was his underling, Wang Ji.

Liu Chuanfeng noticed Ye Zizi the moment she entered the classroom, and even more, he was attracted by Ye Zizi's beauty.

This girl looks even better compared to those big sisters.

"I will decide on what to do tomorrow since tomorrow is where the school's new term starts." Liu Chuanfeng said gravely. Looking at him, he doesn't look any bit like a child at all, that expression on his face seemed like that of an adult.

And that was truly the case. Liu Chuanfeng's soul was that of an adult, just that, he rebirthed back to when he was still a child.

Liu Chuanfeng was very gloomy about the fact that his body was still that of a child. After all, along with the body of a child comes the pain of being short and powerless...

Looking at the primary school students within the classroom, Ye Zizi really wanted to just kill all of them.

Ah, this is angering me to death!

"Mr Ye, the procedures have all been handled, all you have to do now is to bring your child to school tomorrow." The dean said politely.

"En." Ye Hua responded faintly.

Ye Zizi's performance up till now is not bad, she didn't cause any trouble for me.

Seeing that Ye Zizi left the classroom, the surrounding students began chattering amongst each other about the new student.

Returning back to the car, Ye Zizi placed her bag on the seat, then said, "I want a Ferrari!"

“Baizhi, bring her to go buy a Ferrari!” Ye Hua said faintly.

Donghuang Baizhi was speechless. This fellow definitely wants me to pay for it.

However, Donghuang Baizhi thought wrongly, and so did Ye Zizi.

Looking at the bicycle shop that was in front of him, Ye Hua said faintly, “Pick whichever bicycle you want, I will help you carve the word ‘Ferrari’ on the bicycle you picked.”

The corner of Ye Zizi’s mouth twitched intensely, and soon after, Ye Zizi pouted her mouth and shouted, “Big brother! You liar!”

“You are thinking of buying a Ferrari? Do you even have a license?! You aren’t even tall enough to reach the pedal when you sit on the driver’s seat!” Ye Hua shouted coldly.

This Ye Zizi is really outrageous, she’s not obedient like my daughter at all, just how did I raise her in the past for her to end up like this?

“Humph~ I don’t care, I want a Ferrari~” Ye Zizi stamped her feet, then hugged onto Donghuang Baizhi’s long leg.

Chapter 338: Ye Zizi’s slight change

Donghuang Baizhi didn’t know what to even say anymore.

“You can scram then.”

“Hmmm~ Zizi doesn’t want to scram, Zizi wants a Ferrari.”

Ye Hua glared coldly at Ye Zizi, and the latter retracted her head.

His Honor has become angry...

“Alright, Ye Hua, what are you scaring Zizi for?” Donghuang Baizhi stepped in and speak up for Ye Zizi.

Ye Hua was rather scary when he had a stern look on his face.

“Ye Zizi, you are really lacking discipline! In the future, you will be taking the bus, end of discussion!” After finished speaking, Ye Hua held onto Donghuang Baizhi’s hand and left.

Meanwhile, Ye Zizi shouted out in her own mind, “His Honor is a big scoundrel, jealousy king, act cool king! To actually bully a child, shameless...”

Upon returning back home, Ye Zizi closed her room’s door by slamming the door, expressing her rebellion in her own way.

Meanwhile, Ye Hua shouted to Ye Zizi who was within her room, “Either you go to school tomorrow, or you leave this house tomorrow!”

Donghuang Baizhi said tenderly, “Alright, Ye Hua, don’t scold the child anymore.”

“This Ye Zizi is basically lacking discipline!” Ye Hua said angrily. Within the seven sins, this Ye Zizi is the only one who is mischievous!

Ye Zizi kicked off the shoes that she was wearing to the side, then sat on her bed, hugged onto her pillow, and continuously cursed at His Honor in her own mind.

His Honor from back then is much better than how His Honor is right now...

I have decided, I won't go to school even if I get beaten to death! I am going to leave this house! I am never going to play with His Honor anymore!

The next morning, 6 am, Ye Zizi was woken up by the alarm.

While rubbing onto her hazy big eyes, Ye Zizi thought to herself, "It has been very long since I last woke up this early."

After finishing washing up, Ye Zizi wore her brand-new school uniform, then carried onto her schoolbag and left the house.

Ye Hua who was standing by the window and hugging onto the empress said faintly, "I will count her as sensible."

"Ye Hua, I still want to sleep." The empress said lovably as she caressed onto Ye Hua's chest.

Listening to the empress's request, it was only natural that Ye Hua was going to satisfy the empress's request.

While walking on the road, Ye Zizi kicked onto a small stone that was on the road. She was currently feeling very gloomy.

However, Ye Zizi who was wearing a blue color school uniform looked rather adorable. If she were to tie a red scarf around her neck, she would look even more outstanding.

"Zizi, going to school?" The aunt who was selling Chinese crepe at the alley entrance greeted with a smile.

Ye Zizi nodded her head while remaining silent, seemingly to not be fond of conversing with people. However, when Ye Zizi saw the Chinese crepes, she couldn't help but lick onto her lips.

"You still haven't eaten breakfast, right? Let aunt make a crepe for you to eat."

Ye Zizi fished out a few rmb from her pockets, 2 rmb was for her bus fare, and the rest was for her school lunch, she didn't have any spare money at all.

The seven sins' poorest sin, Ye Zizi.

The aunt seemed to know what Ye Zizi was trying to say and said generously, "I won't take your money."

Upon hearing that, Ye Zizi immediately became happy and revealed a smile on her face. However, she still didn't speak at all, causing it to seem as if she has speech anxiety or something.

If Ye Hua were to know that the aunt gave Ye Zizi a free Chinese crepe, he would definitely come over and have a discussion with the aunt.

Why do I, the Supreme Overlord, has to pay for the Chinese crepes, and yet a child doesn't have to!

Holding onto the piping hot Chinese crepe, Ye Zizi's mood became much better.

As Ye Zizi walked over to the bus stop, there were quite a number of people waiting for the bus.

This Chinese crepe that the aunt makes sure is delicious.

While eating the Chinese crepe, Ye Zizi got onto the bus and paid 1 rmb for the bus fare.

As the bus began traveling on the road, more passengers got onto the bus, and Ye Zizi was currently sitting on her seat and looking outside of the window.

"Little friend, quickly let your seat over to me." A middle-aged woman who had a wavy hairstyle said towards Ye Zizi, and the tone of the woman was very domineering.

Ye Zizi turned her head around and took a look at the woman, then turned her head back and looked outside the window.

"Hey! Little friend, you have no manners! Everyone, quickly come and take a look at this little friend!" Upon seeing Ye Zizi's action, the aunt immediately attempted to pressure Ye Zizi with the moral high ground.

Ye Zizi's face was turning blue, and right now, she really wanted to kill the aunt by giving the aunt a slap on the face.

This was exactly Ye Hua's motive. In actuality, Ye Zizi's tolerance wasn't really good, enemies just had to slightly agitate her, and she would immediately take the bait.

At this moment, a grandpa stepped forward, "Woman, what is wrong with you, you are still young and yet you are using your age to pressure others. It's not like you don't have legs or hands, so what are you bullying a child who doesn't know any better for?"

Upon being chided by the grandpa, the aunt felt that her face had been thrown away. Furthermore, the people on the bus were pointing and talking about her too.

In actuality, when Ye Zizi was holding herself back from killing the woman, in other people's eyes, Ye Zizi looked very helpless and pitiful, and they couldn't bring themselves to say anything about this little girl.

"Old man, what does this matter have anything to do with you? If you have the capability, you can go ahead and get her to let her seat over to you!" Not willing to back down, the aunt said harshly.

Ye Zizi suddenly stood up from her seat and pulled onto the grandpa, and her intention was very evident.

The grandpa said with a benevolent smile on his face, "Don't need, grandpa's body is very fit."

Ye Zizi shook her head, then pointed to her seat.

With a smile on his face, the grandpa sat down on the seat that Ye Zizi let over to him, then said towards the aunt, "Look at this child, how does she have no manners at all? You are the one who has no manners!"

The aunt felt extremely awkward from having her face thrown away, and when the bus came to a stop at the next stop, she immediately got off the bus.

Ye Zizi used her head.

If Ye Hua were to find out about that, he would definitely be very gratified. Don't think that this was just a small matter, if Ye Zizi were to be willing to use her head elsewhere, Ye Hua's objective could be counted to have been achieved.

"Little friend, where are you going to?" Seeing that Ye Zizi was wearing a school uniform, the grandpa asked curiously.

Ye Zizi's impression of the old man was a tiny bit favorable, "Yingyu Primary School."

"The grandpa went into a daze for a moment, then said hurriedly, "Little friend, you took the wrong bus, you should be taking bus 118."

"Oh." Ye Zizi replied indifferently.

So, I took the wrong bus. Should I be feeling nervous? Or sad?

How about I just skip school today? If I do that, I will become very happy.

Seeing that Ye Zizi doesn't seem to behave like other children, the grandpa asked with concern, "Do you not know how to go to your school?"

Ye Zizi shook her head.

"Where are your father and mother?"

Ye Zizi shook her head once again.

My father and mother? They are most likely dead, I think.

The grandpa was very worried for Ye Zizi, and he decided that he might as well just see Ye Zizi off to her school.

Upon reaching the next stop, the grandpa and Ye Zizi got off their bus. Afterward, the grandpa brought along Ye Zizi and got onto the correct bus.

Ye Zizi felt that the grandpa was very strange.

Why is this person so worried about my own matters? Does he not have anything else to do? He must have nothing else better to do.

Half an hour later, the two arrived at Yingyu Primary School. It was currently already 7.50 am, and the school's gate has already closed.

Ye Zizi was late for school on her first day of school.

"What are you two here for?" The security guard who was at the gate shouted out.

The grandpa said with a smile, "This child took the wrong bus and thus ended up being late for school."

The security guard took a look at Ye Zizi who had a cold look on her face and seeing that Ye Zizi was indeed wearing their school's school uniform, he said, "Go on in, don't be late again next time!"

Ye Zizi's brows were wrinkled, and she seemed to be making a hard decision.

"Thank you."

After finished speaking in a low voice, Ye Zizi ran into the school.

For someone like Ye Zizi who does not have any good opinion towards humans to actually say thank you to a human, if Ye Hua were to know of this, his jaw would definitely drop to the ground.

[You Cannot Afford To Offend My Woman](#)

Chapter 339: Qing Ya's confusion

In actuality, Ye Zizi had been influenced by Donghuang Li. Donghuang Li was very courteous, even when she was playing games, she would say, "I'm sorry that I killed you."

Or perhaps, "Thank you for letting me kill you."

It could be said that the current environment was completely different from the environment Ye Zizi was in back then. Thinking to the environment back then, everyone was practically comparing who has the most kill count, and the topics that were brought up in conversations were all bloody topics.

While carrying onto her schoolbag, Ye Zizi walked on the school's pathway, and the students that were above in the classroom were looking at Ye Zizi curiously.

She's actually not in class at this time, is she not afraid of getting scolded by her teacher? At that time, she's going to end up having to call her parents to come over to the school.

Ye Zizi didn't really care that she was late as she walked towards her classroom.

When Ye Zizi arrived at her classroom, she discovered that a woman was currently talking on the lectern. However, Ye Zizi didn't say anything to the woman as she walked straight into the classroom and sat in the last row of the classroom.

All of the students were looking at Ye Zizi with a dumbstruck expression on their faces.

This girl is so formidable, to actually not place the form teacher in her eyes and just straightforwardly walked into the classroom like that!

Mrs Ma was an outstanding primary school teacher, however, in her twenty years of working as a teacher, this was the first time that she had come across such a formidable student.

This child is currently only a grade 2 primary school student, if she were to be like this when she goes to junior high school or senior high school, it would be very bad. Furthermore, this child looks very good too... I definitely have to bring her back to the correct path and stop her from going astray.

"Class monitor, this girl sure is formidable, she's actually not afraid of the form teacher." Wang Ji said secretly to his deskmate, Liu Chuanfeng, and there was admiration on his face.

Liu Chuanfeng didn't feel anything about Ye Zizi's action, after all, he possessed the thoughts of an adult, "That's right, she's very formidable."

Ye Zizi squeezed her schoolbag into her drawer, then propped onto her chin with both of her hands and began waiting for school to end.

All this time, Mrs Ma had been glaring at Ye Zizi, seemingly wanting to use her aura to scare Ye Zizi and make Ye Zizi become well-behaved.

However, Ye Zizi didn't feel anything at all and was even letting out a yawn.

Mrs Ma was very indignant.

No student has ever been able to escape from my deep glare!

"Ye Zizi!"

Hearing that someone was calling out to her, Ye Zizi looked towards the woman who was at the lectern, and she discovered that the woman was glaring at her.

Is she trying to provoke me?

As His Honor's subordinate, how could I be afraid of challenges!

Ye Zizi immediately glared back at Mrs Ma, and Mrs Ma suddenly retreated a step backward.

What a formidable little girl!

In my 20 years of teaching, today, I was actually startled by a little girl's glare! This is truly unforgivable!

"Ye Zizi, why were you late on the first day of school!" Mrs Ma changed her strategy and questioned Ye Zizi.

Ye Zizi didn't utter a word, she didn't want to respond to anyone in the classroom.

"Your teacher is asking you a question!" Mrs Ma shouted out.

Ye Zizi still didn't utter a word, and even more, she lay down on her table and went to sleep.

This caused Mrs Ma to explode with anger, "Call your parents to come over to the school, I have never seen such a child like you before, this is angering me to death!"

Ye Zizi still didn't utter a word...

Seeing that all of her moves weren't working, Mrs Ma walked over to Ye Zizi while with a grave look on her face, "Ye Zizi! Ye Zizi!"

No respond... No respond...

This obstinate little brat! I definitely have to have a talk with her parents!

Mrs Ma hurriedly went to look for the telephone numbers of the child's parents.

Currently, Ye Hua and Donghuang Baizhi just woke up a while ago, and right after Ye Hua had finished washing up, Ye Hua immediately received a phone call from Ye Zizi's teacher.

“Baizhi, I will be going to the school for a while.” Ye Hua said gravely.

It is only the first day of school and this Ye Zizi is already misbehaving!

Donghuang Baizhi was currently washing up, and upon hearing that Ye Hua was going to take a trip to the school, she thought to herself, “It must definitely have something to do with Ye Zizi.”

“Ye Hua, wait for me, I will go along with you.”

Donghuang Baizhi didn’t feel reassured to let Ye Hua go to the school on his own and felt that it would be better if she tagged along.

The two immediately head straight to the school without even eating breakfast.

Within the office, Mrs Ma was glaring at Ye Zizi, and Ye Zizi was looking outside of the window while with a melancholy look on her face.

Right at this moment, Ye Hua and Donghuang Baizhi arrived at the office.

And when Ye Hua saw Ye Zizi’s attitude, his anger immediately soared.

To actually dare to go against me, this Ye Zizi’s guts are getting bigger and bigger!

“Ye Zizi, see if I don’t beat you to death today!” While speaking, Ye Hua straightforwardly rushed towards Ye Zizi.

The teachers within the office were scared stupid by Ye Hua’s attitude.

This guy is not acting, he is being serious! To actually be willing to lay his hands on such an adorable child like this, this man is practically inhumane!

Donghuang Baizhi pulled onto Ye Hua, “Ye Hua, no matter how insensible Zizi is, you shouldn’t resort to violence!”

“Baizhi, let go of me, I am going to smack this brat to death today!” Ye Hua shouted out angrily.

Ye Zizi appeared to be very afraid as she retreated to a corner and shivered at the corner.

Originally, I wanted to have a chat with this child’s parents, but I didn’t expect that this child’s father would be this violent. It is no wonder that the child would have that kind of a personality, from the looks of it, it is due to her father.

“Don’t be agitated, in actuality, Ye Zizi didn’t do anything really bad, she just merely arrived late to school today.” Mrs Ma hurriedly persuaded.

Ye Hua went into a daze for a moment, and not only did he not calm down, but he also even said with a cold tone, “Ye Zizi, you actually dare to be late for school! How did I teach you?! You need to have a concept of time! I am going to smack you to death today!”

Thinking to back then, this Ye Zizi would often be late to battles, and the reason would be because she overslept. This Ye Zizi does not have the slightest bit of concept of time at all!

Faced against His Honor’s anger, Ye Zizi stood pitifully at the corner.

Mrs Ma turned pale with fright.

I didn't expect that such a small thing like being late for school would make him become so angry. This Ye Zizi won't get beaten to death by him, right?

"Don't be angry, Ye Zizi explained herself to me already just now. She studied till very late last night, and today, she was late to school because she helped a grandma to cross the road. Ye Zizi is a good child, she deserves to be praised." Mrs Ma's attitude truly took a 180-degree spin.

Ye Hua looked at Ye Zizi, seemingly to be asking if what the teacher said was true or not.

Ye Zizi nodded her head with fear.

"Alright, let go of me." Ye Hua said towards Donghuang Baizhi.

Donghuang Baizhi was speechless.

I didn't expect that Ye Hua's attitude towards Ye Zizi would be this fiery, continuously wanting to beat her at the drop of a hat.

Looking at Mrs Ma who was in front of him, Ye Hua said faintly, "If Ye Zizi dares to misbehave at school, you can give me a call, I will put her in order when she comes back home!"

Mrs Ma's expression turned stiff as she persuaded, "About that... problems won't be solved by beating the child."

"If I don't beat her, she won't learn her mistakes! Remember what I said, give me a call if she misbehaves." After finishing speaking, Ye Hua brought along Donghuang Baizhi and left.

All of the teachers who were in the office let out a breath of relief.

This parent's temper is too big, I really feel worried for this little child, this little child is so adorable, but her body is most likely full of wounds.

Mrs Ma let out a sigh, "Ye Zizi, you can go back to your classroom."

Ye Zizi didn't say anything and silently left the office.

This is so boring...

His Honor's acting skills are too lousy, acting as if he wants to beat me, but purposely gets pulled back by sister-in-law.

Too fake.

However, this is good too, that Mrs Ma won't dare to anyhow tell on me anymore.

Sitting inside the car, Ye Hua was still feeling very angry.

This Ye Zizi is truly unruly!

"Ye Hua, what's the matter with you today, why was your temper so big?" Donghuang Baizhi was very confused.

Ye Hua let out a light sigh, "Nothing, let's go back home."

Seeing that Ye Hua wasn't willing to talk about it, Donghuang Baizhi didn't continue probing on the matter.

Donghuang Baizhi felt that Ye Hua had many secrets. She wanted to ask about those secrets of his, but at the same time, she was afraid that Ye Hua would get angry.

Meanwhile, Qing Ya who was far away at Zijin City was feeling puzzled about last night's auction.

There is a problem with their attitude towards me, especially that Xiao Yi, his attitude towards me is practically a mix of humbleness and unwillingness.

There is definitely something going on that I do not know of!

You Cannot Afford To Offend My Woman

Chapter 340: Qing Ya's questioning

During those two days, Qing Ya and her sister have been accompanying their mothers and didn't go outside.

As for Chu Bo, during that night, after sending Qing Ya and the others back home, he immediately returned back home and reported Ye Tai and Song Huang's scandal to his family. Immediately, Chu Family became furious, they didn't expect that Ye Tai would actually team up with Song Huang to try and kill Chu Bo.

Naturally, Chu Family was definitely going to seek justice for Chu Bo. However, Chu Family wouldn't just blindly completely believe in everything that Chu Bo said, therefore, Chu Family sent people to search for Ye Tai and Song Huang... And up till now, they still haven't been able to find either one of them.

Qing Family's villa, Qing Yutong was currently hugging onto Donghuang Li and watching Pleasant Goat and Big Big Wolf.

It was fine if Donghuang Li was the only one focusing on the show, but Qing Yutong was actually also focusing on the show. From time to time, Qing Yutong would discuss about the show's plot with Donghuang Li and guess which goat would get eaten first.

Qing Ya was sitting at the side and pondering about something.

"Yutong, have you been keeping in touch with the Sage Doctor?" Wang Muqing asked.

Qing Yutong laughed, "Mom, how would the Sage Doctor possibly fall for me, he has already stopped contacting me."

"Foolish child, you can take the initiative to contact him if he doesn't contact you."

Qing Yutong immediately became speechless.

This mom of mine sure is materialistic.

Zi Han, on the other hand, asked Qing Ya, "Ya'er, have you got in contact with Chen Xuanzong?"

Qing Ya was still pondering about something in her own mind and didn't realize her mom was talking to her.

"Ya'er?" Zi Han called out.

"Mom? What's the matter?" Qing Ya asked as she came back to her senses.

Zi Han let out a light sigh, "What were you thinking about on your mind?"

"Oh, nothing, what's the matter?"

"Have you met with Chen Xuanzong?" Zi Han asked

Qing Ya wrinkled her brows.

Seems like my own mom still has her eyes on Chen Xuanzong.

"Mom, I am already someone who has a husband, is it really good for you to act like this?"

Zi Han let out a sigh helplessly.

The two moms took a look at each other, and their eyes were filled with gloominess.

Standing up from the seat, Qing Ya said lightly, "I will be going out for a while to buy roast duck. Yutong, want to tag along with me?"

Qing Yutong was not interested in going out to buy roast duck, "I'm not going, you can go ahead and go by yourself."

"Ah Li, do you want to tag along?" Qing Ya asked.

Donghuang Li replied, "Ah Li doesn't want to tag along."

"Alright, since the two of you don't want to tag along, I will go by myself." Qing Ya appeared to be sulky, but in actuality, she was laughing in her heart.

This move is known as using retreat as advancement.

Those two are after all Ye Hua's eyes. Just now, if I were to straightforwardly say that I was going to go out, Yutong would definitely be suspicious of what I am going out for. Therefore, I tried to lower her guard first by asking if she wants to go out along with me, and as expected, it worked!

Qing Ya didn't bother changing clothes. While wearing a short-sleeved shirt and jeans, Qing Ya casually took a car key and went out.

Qing Yutong did not properly do her duty as a spy.

Qing Ya was intending on paying Xiao Family a visit, she really wanted to know why Xiao Yi would suddenly pay the money that he lost from the bet.

In actuality, Qing Ya has been perplexed about this question for a very long time, and when Xiao Yi acted so respectfully towards her during the auction, she became more curious about the question.

Since Ye Hua isn't willing to tell me, I will go and ask Xiao Yi myself.

Because of Qing Yutong's negligence, Ye Hua's peaceful family was going to experience another round of storm.

While driving a BMW 740, Qing Ya straightforwardly head towards Xiao Family.

40 minutes later, Qing Ya parked her car outside of Xiao Manor.

Looking at Xiao Manor, Qing Ya felt rather shocked.

This manor sure looks imposing, Ye Hua is much more low-profile compared to this Xiao Yi.

Qing Ya misunderstood Ye Hua, Ye Hua was merely used to living a high-profile life, and thus decided to try living a low-profile life.

"Miss, what matter do you have here?" The guard who was guarding Xiao Manor's gate asked.

Qing Ya said faintly, "I'm here to look for Xiao Yi."

"May I ask for your name?"

"Qing Ya."

"Please wait a moment."

After finished speaking, the guard went to report to Xiao Yi, and without long, Xiao Yi himself came out to welcome Qing Ya.

"CEO Qing." Xiao Yi greeted with a smile.

"CEO Xiao." Qing Ya said with a gentle smile.

Xiao Yi hurriedly began leading Qing Ya into the manor, and as they walked within the manor and listened to the sound of the flowing stream nearby, Qing Ya said, "CEO Xiao, your manor's environment sure is unique."

"This masterpiece of an environment is thanks to my wives." Xiao Yi was following by Qing Ya's side, and if one were to look attentively, they would discover that Xiao Yi was acting like an escort instead of acting like the owner of the manor.

Even Qing Ya was able to sense that.

"CEO Xiao sure is fortunate to be able to have so many wives." Qing Ya said with a smile. Ye Hua, on the other hand, was not as fortunate as Xiao Yi.

Xiao Yi said, "I am indeed fortunate to be able to obtain their adoration. CEO Qing, how about we head inside and have a cup of tea?"

Qing Ya nodded her head.

Soon after, the two arrived at the main hall. Shu Nan personally boiled a pot of tea and brought over the pot of tea, and when Xiao Yi's wives found out that Qing Ya came over, they went over and greeted Qing Ya.

The topics revolved around family trifle matters, and Xiao Yi was curious as to why Qing Ya suddenly paid him a visit.

Looking at Yu Qi's bulging belly, Qing Ya said towards Xiao Yi, "Congratulations, CEO Xiao, you are going to be a father."

Xiao Yi was of course happy about that, "Haha, this child is extremely mischievous."

Qing Ya rubbed onto her own belly, and Qing Ya's action was spotted by Shu Nan, "CEO Qing, are you pregnant?"

Qing Ya appeared to be very happy as she slightly nodded her head, "That's right, it has been a few months already, and it is only recently that there are some big reactions coming from the baby."

"Congratulations, CEO Qing. I wish that you will be able to give birth to a noble child."

"Same to you, same to you." Qing Ya said courteously.

Speaking up to here, everyone appeared to be a little awkward as they do not know what other things to talk about.

Meanwhile, Qing Ya discovered a strange thing.

Why is Nangong Xinyi not here?

"CEO Xiao, where did Madam Nangong go to? Why don't I see her?"

The moment Qing Ya finished speaking, Xiao Yi and his wives' expressions froze for a moment.

Qing Ya was currently very sensitive, and she immediately discovered their peculiarity.

Could it be that, something happened to Nangong Xinyi?

Suddenly, a maid brought over a child to the main hall.

"Daddy, let's go and play soccer." The child was precisely Xiao Yi's son, Xiao Yun.

Xiao Yi revealed out an affectionate smile on his face, "Yun'er, there is a guest at our house right now. Come over, this person over here is Aunt Qing."

Xiao Yun was very polite as he shouted out towards Qing Ya, "Hello, Aunt Qing."

This child looks rather good.

With a smile on her face, Qing Ya asked, "Whose child is this?"

Shu Nan said with a smile, "This is Big Sister Nangong's child."

Qing Ya beckoned at Xiao Yun, and Xiao Yun walked over to the front of Qing Ya.

This aunt is so pretty.

"Little fellow, where did your mom go to?" Qing Ya asked curiously.

Xiao Yun's small face sunk, "Daddy said that mommy went out on a business trip and it's going to take a very, very long time till she is able to come back home."

After finishing speaking, Xiao Yun immediately began missing his mommy, and thus he threw himself into his father's embrace and said, "Daddy, Yun'er misses mommy, can you bring me to go and meet with mommy now?"

The corner of Xiao Yi's mouth twitch slightly, and the expression on his face looked very abnormal.

"Yu Qi, bring Yun'er to his room." Xiao Yi said gravely.

Xiao Yun immediately began bawling and shouting out that he wants his mommy.

Only after a few maids came over, then did they manage to carry Xiao Yun away from the main hall. However, Xiao Yun's bawling could still be heard coming from afar.

Right now, Qing Ya was absolutely certain that something happened to Nangong Xinyi, and furthermore, Xiao Yi sealed off the information on what happened to Nangong Xinyi.

"CEO Xiao, in actuality, the reason I came over here today is that I have a question that I want to ask you." Qing Ya told Xiao Yi her intention.

Xiao Yi nodded his head.

Qing Ya asked faintly, "That 500 million from back then, why did you suddenly decide to pay up?"

Why did I suddenly decide to pay up?

Everyone from Xiao Family recalled what happened that night.

Faced against that incomparably formidable skeleton, what other choice did they have? Not only did they have to pay up, but they also even had to pay a human life as interest!

To Xiao Yi, the blow that he suffered from that night was too heavy even for him.

My beloved was forced to death by the other party, but what is laughable is that I actually went and begged them, and even ended up working for my enemy!

Thinking of this matter, Xiao Yi clenched his fists, and spiritual energy which had the aura of anger gradually began emitting out from his body.

"Cough, cough, cough!" Shu Nan let out a few light coughs, reminding her husband to pay attention to his actions.

Although we do not know who the mastermind is, if the mastermind is actually really that Leisure Bar's boss, that means even more that we can't afford to offend this Qing Ya.
