

My Woman 381

Chapter 381

"It's such a pity we couldn't see Madam Zi Yuan." Wuma An chuckled lightly and took a sip from the teacup.

Che Hongliang sighed lightly: "A lot of people will be disappointed. It feels like you don't want us to meet her."

"Alas, this woman doesn't give me face. I'm too embarrassed. Next time, next time." Hou Xue Lin smiled while thinking, 'Zi Yuan, you ran to the secular world to escape from me. Don't let me catch you, or else I'll teach you a lesson. We have been married for a few months, yet I haven't touched you yet! Is there no place for this prince in your eyes?'

"The royal family will start the hunt in a few days. Wuma An can team up with the prince for a good performance." Che Hongliang said softly, rather than an exhortation, it was a disguised irony.

After all, Che Hongliang's sister is the queen, but the queen's son is not the prince. The queen is inevitably a little dissatisfied.

Therefore, Che Hongliang and Wuma An were in opposing camps, but Hou Xuelin didn't take anyone's side. The two had repeatedly spoken good words, but Hou Xuelin was just clumsy.

Wuma An smiled and said, "The Prince is powerful. Naturally, he can perform well during the hunt."

"Indeed." Che Hongliang said indifferently.

"Okay, today is the prince's birthday, let's go out for a drink!"

The three got up and walked to the front yard while Hou Xuelin found his personal bodyguard, Lin Hong.

He ordered him to go to the secular world to find Madam Zi Yuan back. He also wanted to know how the three giants were doing.

Lin Hong looked like a 30 years old man.

After receiving the prince's order, Lin Hong called two lackeys and went to the secular world to find Madam Zi Yuan and see how the three giants were doing.

The three of them came to the Ji Family. Looking at the ruins in front of them, Lin Hong frowned deeply. Was this the Ji family, one of the three giants in the secular world? What's the difference between this and a dead city?

"Brother Lin, there is an aura of divine power here." A thin man called Sanqi asked. Lin Hong rescued him. In order to repay his kindness, Sanqi decided to follow Lin Hong.

At this time, another tall man also walked forward and felt the breath: "Brother Lin, the power is vigorous. It should be of Madam Zi Yuan."

This man's name was Li Li. He lived up to his name, as his muscles seemed to be exploding with power. His talents were appreciated by Lin Hong, and thus he followed him.[lǐ→plum, lì→power; force; strength]

Lin Hong's expression was grave. He glanced around: "Madam Zi Yuan must be in trouble!"

"How could someone in such a low-level world hurt Madam Zi Yuan?" Sanqi exclaimed, unable to believe it.

Lin Hong shouted in a deep voice: "Sanqi, how many times have I taught you, don't underestimate the enemy!"

"Yes!" Sanqi bowed his head and replied.

Although Li Li looks muscular, he definitely has a brain: "Brother Lin, the Ji Family seems to have been destroyed. It is possible that Madam Zi Yuan noticed the eccentricity and encountered those people!"

"Li Li, Your guess seems correct. Madam Zi Yuan wouldn't come down for no reason. She must have come down to help the Ji family, but she herself got caught!" Lin Hong felt that something was wrong.

"But who can capture Madam Zi Yuan?" Sanqi was having a headache. Although he was a god, it didn't mean he couldn't get headaches. He seems to have a low IQ.

Lin Hong said deeply: "We came down to find Madam Zi Yuan! Let's first go and check the situation of the other two giants and ask about the situation!"

"Yes!"

"Yes!"

The three of them disappeared in place.

~Voidless Realm~

Qing Ya and Donghuang Baizhi were sitting in Donghuang Li's small courtyard. Donghuang Li was sleeping in their mother's arms and murmured, "Ah Li wants daddy." The two women heard Ah Li's sleep and smiled helplessly.

But this smile was also bitter. It's been a month, and Ye Hua hasn't come to see them. Of course, they feel gloomy. No matter whether the wife ran away from the house, the husband should be there to coax them, yet this Ye Hua didn't even say a word.

Qing Ya touched her already bulging belly, while her pretty face was soft. She was about to become a mother. Qing Ya's temperament seemed to calm down, not as irritable as before when she would get angry at every turn.

"There is really no evidence." Donghuang Baizhi was very puzzled. This month, she checked all the details with Qing Ya and found no evidence. Either there was none, or it was covered up very well.

"There should be no evidence on Ye Hua's side either. If there were, things wouldn't be this quiet." Qing Ya said softly, feeling the little life in her stomach. Her mood was much better.

"Ye Hua is really annoying! Your belly is already round, yet he hasn't come and met you" Donghuang Baizhi was being sad in Qing Ya's stead.

Qing Ya said lightly: "Let him do whatever he wants. I'll raise my kid alone."

"Qing Ya, are you angry?" Donghuang Baizhi could still see that a pregnant woman ran away from home, and her husband didn't care.

Even if not for herself, Ye Hua knew that Qing Ya was pregnant.

Qing Ya shook her head: "Do I dare to be angry with him? He's the boss."

"Qing Ya, how about we send someone back?" Donghuang Baizhi asked. They hadn't seen each other for a month. She would be lying if she said she didn't miss him.

In fact, it was also good to be separated for a month. It helped them understand their feelings for each other.

"It should be alright to let Ah Li go back?" Qing Ya exclaimed.

"Ah Li calls her daddy every day during this time. I feel like a sinner." Donghuang Baizhi smiled bitterly, stroking her daughter's forehead lightly.

Qing Ya nodded. Ye Hua hadn't seen Ah Li for a long time.

"We can also ask Ah Li to go to her daddy's place to get some information." Donghuang Baizhi seemed to think that this method was good.

Qing Ya chuckled: "Ah Li is taught by you, and she turned out to be a petty spy. Suddenly I think it's better to let Ye Hua teach her."

"Qing Ya, whose side are you on? Be careful, or that Ye Hua will teach your son to become a big Demon King."

"At least I won't be bullied when I have a big Demon King." Qing Ya said lightly.

From the mother's point of view, Qing Ya certainly hopes that her son will grow up happily. She wants him to make a difference when he grows up, of course, the premise is that he is not bullied.

Whoever dares to bully my son will definitely go to hell.

"Your Majesty, three outsiders suddenly broke into the Voidless Realm, claiming to be deities!" A guard rushed over to report the emergency.

Donghuang Baizhi frowned.

"Baizhi, leave Ah Li to me. Go and see what's going on." Qing Ya said in a deep voice.

The deities suddenly came. Could it be related to the Ji family's affairs?

Donghuang Baizhi nodded, handed Ah Li to Qing Ya, and disappeared from the courtyard.

Yuan De and others were waiting in the palace while three men stood in the middle!

They were Lin Hong and lackeys. The barrier of the Voidless Realm is useless against them. After all, this barrier came from the hands of the prince.

Chapter 382

Among the three giants, the Voidless Realm was the most powerful, giving people the appearance that the prince favored the Voidless Realm.

But there is another possibility. He arranged the Donghuang Family within his jurisdiction, and now he's waiting for the awakening of its bloodline. Perhaps he wanted to absorb the bloodline, or for some other purposes.

Yuan De and others bowed and stood on both sides. They could clearly feel the divine power emanating from these three people.

Unexpectedly, after a thousand years, these deities appeared again. They were feeling uneasy. What is going on here?

Their faces don't seem good.

Donghuang Baizhi changed her clothes in the bedroom, slowly walked into the palace, and looked at the three people in the palace.

It was also the first time Lin Hong and others saw Donghuang Baizhi. They were amazed. 'This woman was even better looking than Madam Zi Yuan. Her aura was akin to the princes'. If it weren't for the disparity in identity, they'd kneel.

Sanqi was very upset. A person from a mere inferior world actually made an urge to kneel and shouted, "Do the Donghuang family not hold deities in their eyes?"

Of course, no one else knows about it, as the degree of confidentiality was very high.

Donghuang Baizhi watched the three people and felt the faint divine power. These three people were indeed deities, and there was nothing wrong with them.

'It's just that this deity has such a big tone!'

If it weren't for the rules handed down from generation to generation in the Voidless Realm, Donghuang Baizhi would not bother to talk to him at all.

Leaning slightly, Donghuang Baizhi said lightly: "I've seen the deities."

"Then what's up with your attitude!?" Sanqi sternly reprimanded.

Lin Hong Yang gestured Sanqi not to talk nonsense: "Donghuang Baizhi, although you are a powerful person in this world, you're incomparable to our lord! Please show some respect!"

"Your Lord?" Donghuang Baizhi asked doubtfully.

Lin Hong said lightly: "There are some things you shouldn't pry on."

'It's been a long time since I have been stationed as the Emperor, and this is the first time I have met such a rude person. Are all deities like this?'

Donghuang Baizhi didn't feel any respect at all.

In fact, Donghuang Baizhi's attitude changed due to Ye Hua. Although it is not a big deal, it makes Donghuang Baizhi feel that she does not need to obey anyone in her life.

"Is there anything the deities have come to do today?" Donghuang Baizhi asked indifferently, her expression remaining the same. She didn't mean to give them any face.

Sanqi and Li Li expression's sank as if they wanted to teach her a lesson.

Although Lin Hong was angry, the prince valued the Donghuang family very much. There could not be any mistakes.

Lin Hong said in a deep voice, "I will report your attitude to the lord. You need to bear the consequences!"

"This emperor can naturally bear it!" Donghuang Baizhi said calmly, slowly sitting on the throne, looking down at the three of them.

Lin Hong snorted coldly: "That's okay, I hope you can bear the anger of our lord!"

Yuan De and others' faces changed suddenly, as they didn't understand why the Queen suddenly became so reckless. This is a deity!

It's easy for them to destroy the Voidless Realm. We can't offend them!

If Ye Hua was here, he would've praised his wife. 'The woman of this deity does not need to be afraid of anyone or anything. This deity will let them experience what it means to be in despair!'

"If the three of you are all done, leave the Voidless Realm."

Yuan De's heart sank when he heard that the Queen wanted to expel them. She didn't give them any face.

Lin Hong didn't expect this Donghuang Baizhi to be so arrogant. If it weren't for the prince, he would have killed her today!

Taking a deep breath, he calmed his temper: "Donghuang Baizhi, I have a few things to ask you."

'The lady is also very good. She will be defeated by the prince, and then accepted as one of the harem members. She just hasn't seen anyone powerful. If she had, her attitude would've been different.'

"How did the Ji family collapse?" Lin Hong asked in a deep voice.

'Seems like these deities came down to ask about the Ji family. It's normal for them to ask about it.'

"This emperor only manages the north. The Ji family's affairs are not very clear. When this emperor went there, it was already in ruins." Donghuang Baizhi said.

"Have you ever seen this woman?" Lin Hong took out a portrait!

Donghuang Baizhi looked at the woman in the portrait and felt it was very familiar!

'Where have I seen it? Where have I seen it?'

'Right! That's Zi Shan! Yi Hong's wife! My God, is that Zi Shan a deity? But Yi Hong is Ye Hua's younger brother!' Donghuang Baizhi was a little confused. But she can't mess up right now. Ye Hua has caused a big problem!

"I haven't seen her before. Does the woman in this portrait have anything to do with the Ji family?" Donghuang Baizhi asked.

Lin Hong put away the portrait and said lightly: "This woman is the prince's concubine, and the last place she appeared was in the Ji's Family!"

Donghuang Baizhi's heart sank but said calmly: "I see."

"Since you don't know, that's fine. But I'll make my report about you today." After speaking, Lin Hong disappeared with the others.

After the three left, Donghuang Baizhi sat on the throne in a daze. 'These things are all connected, so everything is clear! Got to talk to Qing Ya about this!'

"Your Majesty?" Yuan De shouted.

"Go down."

After speaking, Donghuang Baizhi appeared in the other courtyard.

"What's the matter?" Qing Ya asked with concern.

Donghuang Baizhi motioned for the maid to carry her daughter into the room to sleep. Qing Ya looked at Donghuang Baizhi's face and knew that something bad happened.

Next, Donghuang Baizhi explained what had just happened.

"The deities were here for the Ji family's affairs?"

Donghuang Baizhi shook his head and said in a deep voice: "No, to be precise, they came to find a woman!"

"Women?"

"Remember that day when we were at the Ji family mansion? We felt a divine power. It's of the woman they are looking for!"

Qing Ya asked with deep doubt in her eyes, "Is it related to Ye Hua?"

As expected of the woman valued by Ye Hua. Whenever anything happens, she'll think of her man.

Donghuang Baizhi nodded.

This surprised Qing Ya.

“And we both know that woman!”

“Know?” Qing Ya was even more shocked this time.

“It’s Yi Hong’s wife! Zi Shan!”

“Ah!!! It’s her!!!” Qing Ya stood up in shock.

Donghuang Baizhi hurriedly supported: “Be careful of the child.”

“Yes, it’s Zi Shan. That Zi Shan is also the concubine of the prince!”

Qing Ya sat down slowly and said with a taut face: “We were there that day. The soot found by the Ji family?”

“It should be Ye Hua’s.” Donghuang Baizhi sighed. Her husband is shrouded in mist day by day.

Chapter 383

A sense of powerlessness emerged from Qing Ya’s heart. ‘Who is Ye Hua? Why is he becoming more mysterious? Isn’t he just a bar’s boss? Isn’t he a cultivator who avoids his enemies?’

“Was the Ji family destroyed by Ye Hua?” Donghuang Baizhi asked in doubt.

Qing Ya shook her head. This matter is not easy to judge.

The two women were silent for a while, feeling that their husband was hiding a lot of things from them.

They don’t understand why he hides stuff from them. Does he not trust them? They are his wives, and if he has anything to say, why does he keep it a secret?

Ye Hua was worried that they would not be able to accept his identity. It was fine if some things were not said. Of course, Ye Hua felt that some things were unnecessary. After all, they were all trivial matters.

But these little things are big things for Qing Ya and Donghuang Baizhi!

What women don’t care about whether their men take them to heart? But Ye Hua doesn’t know what these women think.

However, Ye Hua at this time didn’t know that the deities had come, and his two wives already knew about his secret. Although they didn’t tell the deities about it, they were still very unhappy that he kept everything from them.

Ye Hua stood at the door of Leisure Bar and looked at the Audi A8 parked next to him. There was no driver inside. He opened his mobile phone and looked at the change in WeChat. There were only 100 yuans left.

‘Yesterday, I went to Lie Gu’s house for a meal. Today, let’s go to Wei Chang’s house for a meal. As for Qing Yutong, who is playing games, I can’t control her anymore.’

“Brother-in-law~Wait for me~” Qing Yutong rushed out and hugged Ye Hua’s arm.

And Ye Hua's arm was deeply immersed in her soft place.

Qing Yutong doesn't need to wear makeup when she goes out, because she is much prettier than before.

"What are you doing out here?"

"Going to dinner with my brother-in-law?" Qing Yutong said with a smile.

"Don't you have any money?"

"Brother-in-law, do you think I have money? Hurry up and bring my sister back, or we'll have to resort to begging."

Ye Hua sneered: "Even if I starve to death, I won't go."

Qing Yutong had a look of disbelief.

"Just in time, you drive." Ye Hua said lightly.

Qing Yutong stretched out her slender hand.

"What's wrong?"

"Brother-in-law, the car needs to be refueled. The fuel was almost all used up when I drove back yesterday."

Ye Hua raised his hand and slapped her ass: "Why didn't you refuel it then? You only know how to drive!"

"People need money for that. It hurts~" Qing Yutong said pitifully. When other people spank, they do it out of sentiment, but the spanking by my brother-in-law is a real spanking.

Ye Hua could only take out his mobile phone and click.

It didn't take long for a cab to drive over. Ye Hua will take his sister-in-law to eat.

The old driver in front was amazed when he saw such a pair of men and women getting into the car. This woman is so good-looking, that he had a physiological reaction just by looking at her.

"Brother-in-law, it's not a problem for us to continue like this."

The old driver was about to rear-end. 'They turned out to be sister-in-law and brother-in-law! Looking at their intimate appearance, this little sister-in-law could not wait any longer so she said such words.' He was speechless. Playing with your sister's husband behind her back. [Chinese have a fetish for sisters-in-law. Akin to Japanese having one for their sisters.]

Ye Hua said lightly: "Go and make money for me."

The old driver almost overturned the car. 'This brother-in-law asked his sister-in-law to sell herself and make money for him. It was extremely cruel!'

"Hum hum hum~ I don't want to do it. Brother-in-law, you can do it."

The old driver almost choked to death by his saliva. This is definitely the most bizarre brother-in-law and sister-in-law. Selling all kinds of things!

“Get the hell out of here.”

Qing Yutong held back her mouth. She isn't a star anymore, how boring. It's better to play games at home and be happy.

Twenty minutes later, the two finally came to Wei Chang's old apartment.

“Let Wei Chang sell the apartment. He can sleep in the storage room.” Ye Hua murmured.

Qing Yutong chuckled lightly.

Hearing her laughter, Ye Hua asked: “What are you laughing at?”

“Your subordinates are pitiful.”

Ye Hua: “...”

He raised his hand and slapped her ass, causing Qing Yutong's pretty face to turn red. She won't be able to sit down for a while.

“Brother-in-law, we forgot about Ye Zizi.” Qing Yutong suddenly remembered Ye Zizi. This child hasn't finished school yet.

“Just let her come on her own.”

The two walked toward Wei Chang's building. As soon as they walked downstairs, they saw Wei Chang and Tang Wei going out.

“Boss.” Wei Chang exclaimed.

Tang Wei hurriedly saluted Ye Hua. Ye Hua signaled to stop and keep everything simple outside.

“What are you doing here?” Ye Hua asked, ‘Just as I was about to come to eat, you went out, it's very disrespectful.’

Wei Chang said respectfully, “Boss, we are preparing to go to Brother Lu Hong's house. Yi Hong is giving me a treat today.”

Ye Hua frowned. ‘I didn't even receive an invitation. Do you want to die? Maybe Yi Hong doesn't dare to invite me.’

Ye Hua had a drastic change now. Wherever there is food, he will rub his nose there. But he must maintain a supreme demeanor.

‘But when I think of Xiao Hong, I remember Zi Shan. I don't know what their situation is now. I forgot about it.’ [Xiao: Little]

‘It's been almost two months now, has this little Hong made her bow her head? If not...’

Ye Hua stood silently, waiting for Wei Chang's invitation, ‘do you want this deity to take the initiative to go?’

Wei Chang felt that his superior was going to say something, so he lowered his head slightly, ready to listen.

It seems that Jue Tian is the smartest.

“Boss, why don’t we all go together.” Tang Wei on the side said respectfully.

Ye Hua reluctantly said, “Then this deity will go and see.”

Qing Yutong wanted to laugh but didn’t dare, her brother-in-law wanted everything.

Wei Chang’s current car is a Cayenne, which is a bit more upscale than Ye Hua’s A8.

Tang Wei drove, while Wei Chang sat on the co-pilot seat. Ye Hua and Qing Yutong sat in the back.

Wei Chang turned his head and asked, “Your Honor, do you have any plans for today?”

“Yesterday I went to see Lie Gu, and today I came to see how you were doing.” Ye Hua said calmly.

Wei Chang suddenly felt flattered: “Your Honor loves your subordinates.”

“That’s natural.”

Qing Yutong wanted to expose her brother-in-law’s true face, but she just ran out of food to eat.

“By the way, how are Yi Hong and Zi Shan getting along?” Ye Hua asked.

Wei Chang paused: “The relationship between the two is better than before, but they haven’t met the requirements of your honor.”

“Oh? Is Zi Shan not pregnant yet?”

“No.”

“This Yi Hong is not good.” Ye Hua said lightly.

Chapter 384

The driving Tang Wei’s heart sank. Even Wei Chang felt there was something wrong with Your Honor’s words.

Wei Chang smiled and said, “Your Honor, there is a big gap in the identities of Yi Hong and Zi Shan. They need time to adjust. Besides, isn’t there another half a month left? Maybe she will get pregnant?”

“Not really. If that Zi Shan is still the same, just kill her.” Ye Hua said lightly. He hated the deities because they acted so pretentious, unlike him.

Of course, Wei Chang did not object: “Yes!”

Qing Yutong, on the side, didn’t say anything. She knew that it would be of no use.

If Qing Ya were here, she would definitely stop him.

This is the difference between the two sisters, each with their characteristics.

After half an hour, they finally arrived at the villa where the Green and Red brothers lived.

Wei Chang got out of the car and opened the door respectfully. Ye Hua and Qing Yutong looked at the villa in front of them.

Qing Yutong tugged her brother-in-law as if to say, 'look at your younger brother living more dashing than you.

"Let's go." Ye Hua said lightly. 'No matter how rich he is, he is still the subordinate of this deity. The gifts given by this deity can be taken back!

Wei Chang and Tang Wei led the way, and Tang Wei rang the doorbell.

The one who opened the door was Zi Shan.

She was wearing a white apron, seemingly cooking. When she opened the door, she had a faint smile, but when she saw Ye Hua outside, she immediately stopped smiling. As if she saw a ghost.

Ye Hua noticed all this. 'It seemed that in more than a month, she did change a bit. But it's not enough.'

In fact, Zi Shan has changed quite a bit in a month. In the past, she was hostile to everyone, but now at least, she is not hostile towards Wei Chang and Tang Wei. At least she showed a faint smile when she opened the door.

At this time, the green and red brothers hurried out to greet them and respectfully called out, "Your Honor."

"Let's go in!" Ye Hua said lightly, dissatisfied with Zi Shan's attitude.

Yi Hong felt it too. Zi Shan's attitude towards him has obviously changed during this time.

She used to be so cold, but now she laughs from time to time and even talks more often.

The most obvious thing is that Zi Shan has started to learn to cook!

And to be extra careful, she took online help. The grams of sugar and salt were all accurate.

The food made was of course very delicious. It allowed Yi Hong to truly appreciate Zi Shan's intentions. Although there is no skin-to-skin relationship, this kind of life is already very satisfying that he almost forgot the two-month deadline.

Today, Ye Hua suddenly arrived, breaking Yi Hong's dream and thinking of a two-month agreement.

Not only Yi Hong remembered it, but also Zi Shan. They knew that Ye Hua came here for that matter.

But they were incorrect! Ye Hua was just here to eat, but seeing Zi Shan's attitude, he seemed to have changed his mind again.

Walking into the villa, Ye Hua was sitting on the sofa, and Qing Yutong was sitting next to him peeling oranges for him.

Others were standing beside them, not daring to do anything.

"What are you doing standing here? Those who should cook will cook." Ye Hua said lightly, he just ate instant noodles at noon and was a little hungry.

Zi Shan went to the kitchen, and Tang Wei followed to help.

"Brother-in-law, here." Qing Yutong peeled the orange and gave it to Ye Hua.

Ye Hua took it in his hand, and said lightly, "Sit down."

"Thank you, Your Honor."

Big brother Lu was also worried about his younger brother, and he would uphold his request for Ye Hua today.

Wei Chang just felt helpless.

"This orange is quite sweet." Ye Hua said involuntarily.

Qing Yutong was very sensible, and said with a coquettish smile: "Brother-in-law, I'll peel it off for you again."

"Yeah."

Ye Hua asked lightly, "Yi Hong, how have you been lately?"

Standing up, he looked very nervous: "Your Honor, I've been good recently."

Zi Shan in the kitchen looked back at Yi Hong, silently worried in her heart.

Tang Wei on the side asked in a low voice, "Zi Shan, have you and Yi Hong done that?" After hearing this, Zi Shan's face flushed slightly as she shook her head.

"Zi Shan, there's still some time now, you'd better hurry up." Tang Wei reminded her. 'At first, I felt that Yi Hong and Zi Shan really didn't match, but after getting in touch, they were actually quite good. They both complement each other.

Zi Shan didn't say a word. She originally thought that she'd die just like that, but now she became more and more reluctant to leave something. Even Zi Shan didn't know what she was unable to part with. Was it Yi Hong?

Maybe.

Ye Hua on the sofa nodded after hearing this, and then asked, "Have you been in the same room?"

Yi Hong's heart sank, but he still said: "Your Honor, not yet." Yi Hong did not dare to be deceptive.

"Is she not willing?"

Yi Hong hurriedly explained to Ye Hua, "Your Honor, you misunderstood. It's my problem."

"You young people can't do this? Go buy some medicine." Ye Hua shook his head. The human body is not good enough.

"Your Honor has misunderstood. It's because I'm not ready."

Ye Hua's eyes froze: "You aren't ready, or she isn't."

"I don't want it!" Zi Shan came out from the kitchen and shouted.

After hearing this, Yi Hong's face changed, and he explained, "Your Honor, this is the subordinate's unwillingness, not Zi Shan's."

Qing Yutong knew what was going on. The two actually liked each other, and it was clear that Zi Shan couldn't do it.

Ye Hua said deeply, "Since neither of you are willing, let's have the last meal today!"

Yi Hong was frightened, and knelt directly in front of Ye Hua: "Your Honor, I am willing to replace Zi Shan. You can punish me."

Ye Hua took the orange from Qing Yutong's hand: "Stop it now. Eat first!"

"Your Honor..."

Wei Chang shouted deeply, "Yi Hong!"

Yi Hong looked at Zi Shan and found that her eyes were red. She seemed very distressed.

"What are you doing still standing there? Hurry up and cook!" Ye Hua shouted while watching Zi Shan not moving.

'Why is this woman so stupid? Doesn't she know how to please this deity? Still resisting!'

These are women. It is more difficult for them to bow their heads than to ascend to the heavens.

Wei Chang glanced at Tang Wei, who pulled Zi Shan into the kitchen. At this time Zi Shan was no longer in the mood to cook.

Tang Wei understood her and started to do it by herself.

When she saw Yi Hong kneeling to plead for her just now, Zi Shan felt heartbroken. A feeling she had never felt before.

And he said that today was the last meal, so he probably wanted to kill her now.

Seeing Yi Hong just sitting there silently, Zi Shan suddenly felt a little reluctant to die. This was not the fear of death, but the reluctance to let go of Yi Hong.

The scene of Yi Hong avenging her at that time could not help but appear in her mind, making her heart suddenly ache.

Ye Hua successfully changed a deity.

To be precise, it was Yi Hong who moved a deity with his sincerity.

Ye Hua turned on the TV and said to Qing Yutong, "Yutong, peel an apple for me."

Chapter 385

"Brother-in-law, we have to eat later."

"Someone else is treating."

Wei Chang and others were a little puzzled. Your Honor, are you hungry?

Ye Hua seemed to realize his words and said in a low voice: "This deity likes fruit recently."

I see...

Qing Yutong smiled without saying a word. She took the apple and carefully cut it.

After half an hour, the meal was finally ready. The sky outside gradually dimmed.

"Your Honor, can we have dinner?" Tang Wei came over and asked respectfully.

Ye Hua stood up: "Let's go."

Qing Yutong also helped them serve food.

'I haven't seen such a sumptuous dinner for a long time. Since they left, my life seems to have returned to the past. I feel very weird.'

Three women sat on one side, while three men sat on the other side, with Ye Hua on the main seat.

"Eat. What are you waiting for?" Ye Hua said lightly, taking the first chopsticks to taste it, 'Good... A woman's life is comfortable.'

Qing Yutong was not polite anymore as she was starved to death alongside Ye Hua these days.

Qing Yutong can eat indiscriminately without an image, but Ye Hua can't. He has to eat with respect. What is the method of eating with respect, you ask? It is to eat slowly with style.

As a result, Ye Hua saw his sister-in-law gobbling food. He glared fiercely at her. 'This deity has not even started to eat, and here you have eaten a bowl.'

However, Yi Hong and Zi Shan, at the dinner table, had no appetite.

Ye Hua looked at them but didn't say anything.

It's their own choice.

However, for Wei Chang and Tang Wei, this was the most boring meal.

It should be said that when someone sits and eats with Ye Hua, they can't be informal. Even the sound of chewing has to be suppressed, for fear of affecting ye Hua's appetite.

After half an hour, the dull meal was finally over.

Except for Ye Hua and Qing Yutong, everyone else felt extremely depressed.

Qing Yutong didn't feel depressed like others. Of course, this is thanks to Qing Ya, otherwise, how could Qing Yutong have the title of a sister-in-law, and have a strong backing?

After the meal, Ye Hua sat on the sofa and ate fruit while the girls washed dishes in the kitchen.

Boom!

There was a sound of shattering plates in the kitchen. Ye Hua turned his head and glanced, and saw Zi Shan standing there blankly.

Tang Wei said: "Zi Shan, let me wash the dishes. You can go and rest."

"No need."

Qing Yutong on the side sighed. 'Is face really so important? The same is true for my sister. It seems that shamelessness can be invincible in this world, just like myself, haha.'

After more than ten minutes, the bowl was finally washed, which also meant that something bad will happen.

Zi Shan didn't seem to want to face it, so she picked up the mop and mopped the floor.

It seems that even if she dies, she must clean the house.

Of course, it might just be her procrastinating and wanting to stay a little longer.

Qing Yutong and Tang Wei seemed to feel it. They looked at Ye Hua who was sitting on the sofa. He was quiet as well.

An hour later, Zi Shan finally cleaned up and said softly, "I'm going to take a shower."

Ye Hua didn't stop her.

When she reappeared, she was wearing the same clothes she wore on the first day. So she could return as she came.

Ye Hua took out a cigarette and lit it, looking at Zi Shan standing in front of him. Yi Hong was standing with a tense face, while his elder brother was also frowning.

"Yi Hong, do you still remember what I said at the beginning?" Ye Hua said aloud.

Yi Hong lowered his head and said, "Yes."

"Repeat my words!"

Yi Hong paused, his fingers were trembling. He seemed as if he couldn't say it.

However, Zi Shan said lightly: "If I can't get pregnant within two months, Yi Hong will kill me personally."

Ye Hua nodded: "Although it has not been two months, the two of you seem to be the same. If you don't want to, then..."

There was a long sword in Ye Hua's hand, exuding a slight golden glow. A golden dragon was engraved on the sword.

Ye Hua threw this heaven-defying weapon on the coffee table: "This is the Dragon sword."

"Do it!" Wei Chang couldn't figure out the situation.

Qing Yutong and Tang Wei also looked nervous.

Zi Shan looked at the anti-dragon sword on the table and seemed to accept her fate. Between her and Yi Hong, one of them would die.

If that's the case, she might as well let herself be punished.

"Yi Hong, do it."

Yi Hong picked up the anti-dragon sword on the coffee table tremblingly, looked at Zi Shan, and then knelt on the ground with a plop: "Your Honor, I am willing to be punished in Zi Shan's stead!

When Ye Hua was about to speak, Wei Chang's face changed slightly, and he hurriedly whispered something to Ye Hua.

"Your Honor, there is news from the death mage that three deities have gone to the Voidless Realm, and they seem to be looking for Zi Shan!"

Ye Hua frowned slightly after hearing this. It seemed that the deities finally made a move. He was beginning to think that they were all fools.

"Wei Chang, tell them that they are here!"

"Yes!"

With a sigh of relief, Ye Hua looked at the kneeling Yi Hong and said lightly, "Yi Hong, will she do the same for you?"

"This is voluntary."

Ye Hua nodded, seemed to agree with this sentence, and then said: "Yi Hong, this deity can agree to your request and even lift the constraints between you both."

It was too sudden and unexpected for Yi Hong. They all were shocked and didn't know what to say.

Zi Shan didn't expect Ye Hua to let her go.

They all are still too young. Ye Hua just changed his mind.

"Yi Hong, are you willing to use your strength in exchange for her freedom?" Ye Hua asked aloud.

Such a choice is really difficult for people.

Strength. This is a world where strength is respected. Without strength, Yi Hong would still be a little gangster from before, but with strength, he could surpass many people.

However, to use all the strength in exchange for the freedom of a woman who doesn't love him back? It seems that many people have their answers ready.

But Yi Hong is still the same. He was not inflated by strength.

"Your Honor, I am willing!"

"Yi Hong, think about it clearly, she might go back, and you will be nothing!" Ye Hua reminded again.

“Your Honor, I have made up my mind. Thank you for your care during this time. It was I who failed your expectations!”

Big Brother Lu sighed. How many men will give everything for their woman? He didn't know that his younger brother would do the same.

Ye Hua said in a deep voice, “Okay!”

He stretched out his hand and immediately sucked out the power from Yi Hong's body. Some black mist emerged from Yi Hong's face, making him howl in pain.

Only then did Zi Shan react, and she shouted desolately: “No!”

Sucking the black mist out of Yi Hong's body, Ye Hua lifted the seal of Zi Shan and said coldly, “You are free.”

Chapter 386

But Zi Shan couldn't feel the joy of freedom. Seeing Yi Hong's pain, is this the kind of freedom she wants?

“Yi Hong.” Zi Shan ran towards Yi Hong and hugged him. Her heart was aching.

Yi Hong was just a little collapsed, but seeing that the person he liked was all right, Yi Hong was satisfied and said with a smile: “Zi Shan, you are finally free.”

“Why are you so stupid?” Her fist hit his chest lightly, just like a coquettish girlfriend.

Yi Hong smirked and said, “Big brother often says I'm stupid.”

After she finished speaking, Yi Hong faced Ye Hua and shouted respectfully, “Your Honor, thank you.”

“No, because the next step is up to you! ”

These words surprised Yi Hong and Zi Shan.

Suddenly three powerful breaths appeared, which changed Zi Shan's pretty face. These are the prince's people!

“Zi Shan, it looks like someone has come to pick you up home.” Ye Hua said calmly, the group came quite quickly.

Yi Hong stood up slowly, her physical strength recovered a lot, and said with a smile, “Zi Shan, then I'll send you back.”

Big Brother Lu can't wait to shoot it directly. She obviously wants to stay with you, yet you are making her go. Did you lose a muscle in your brain?

“Then go out and say goodbye. Don't disturb my mood, and let me watch TV.” Ye Hua said calmly, curious if Zi Shan would leave.

Yi Hong really thought that Zi Shan would leave, so he wanted to say goodbye.

"Let's go!" Yi Hong's tone was still full of reluctance, but what could be done? He could only keep her body but couldn't win her heart.

Yi Hong took Zi Shan's little hand and walked out of the villa.

After the two left, Qing Yutong shook his head: "What a fool."

Everyone couldn't help nodding, even Ye Hua thought that Yi Hong was stupid enough and didn't understand women's hearts.

'This is something to learn from this deity.'

However, Yi Hong seemed embarrassed and ignored them.

The two walked out of the villa and happened to meet the group of Lin Hong.

Zi Shan didn't want to do anything at the door of the house. She disappeared with Yi Hong.

The three of them were stunned for a moment and followed. They were surprised because the man seemed to be holding Mrs. Zi Yuan's hand just now.

Zi Shan came to an open plain. At this time, Yi Hong was a little dizzy. He couldn't bear to fly over so fast without his strength. He was bleeding from his nose.

Seeing that Yi Hong had a nosebleed, Zi Shan wiped off the blood with her sleeve.

At this time Yi Hong was laying in Zi Shan's arms. He opened his eyes in a daze, looked at Zi Shan's chest, and murmured: "It's so big, so round."

Zi Shan: "..."

If this had been left more than a month ago, Yi Hong's impression would have disappeared. Perhaps she would have left as well.

Yi Hong seemed to wake up, looked at herself lying in Zi Shan's arms, left immediately, and explained, "I'm sorry, I didn't mean to."

That's right, Yi Hong has always been this polite to Zi Shan. Polite, but also caring. It's just that his emotional intelligence was a bit low, which gave Zi Shan a headache.

"Forget it." Zi Shan said indifferently.

Yi Hong breathed a sigh of relief, she was going to leave, but he couldn't bear to leave a bad impression.

"Zi Shan, will you come back?" Yi Hong asked weakly.

Zi Shan imitated Lu Hong, and slapped Yi Hong on the back of his head for asking such a stupid question!

Without waiting for Zi Shan to respond, Lin Hong and the three also rushed to the scene, knelt on one knee, and shouted, "Subordinates Lin Hong, Sanqi, and Li Li greet Madam Zi Yuan!"

Yi Hong looked at the three people in front of him, 'did these people come to take Zi Shan?' He was feeling very lost.

"Get up." Zi Shan exuded a noble aura at this time as if she had become an aloof god, which made Yi Hong unable to tell which one was the real Zi Shan.

The three of Lin Hong stood up and stared at Yi Hong.

Sanqi sternly shouted: "Insolent! Madam Zi Yuan is not someone that a low-class person like you can touch!"

Yi Hong was still holding Zi Shan's little hand at this time. Hearing the other party's shout, Yi Hong sighed and loosened his grip.

He was not frightened by the other party, but he was reminded that Zi Shan will leave him.

Although it hasn't been two months, each day was happier than before. Eating food made by Zi Shan and watching Zi Shan busy in the kitchen was also a kind of happiness.

This made Yi Hong realize that love is sweet yet sour.

Lin Hong said respectfully: "Madam Zi Yuan, the prince invites you back."

Zi Shan took a deep breath and seemed to have made a decision. Her previous life was not what she wanted.

"Call me Zi Shan." The three of them were startled, not understanding what Madam Zi Yuan meant.

"Tell Prince Hou, I won't come back." Zi Shan's next words left the three of Lin Hong dumbfounded.

Yi Hong was shocked. His mouth was wide open in disbelief.

Just now, Zi Shan said she couldn't go back!

Lin Hong reacted and squeezed out a smile: "Madam Zi Yuan, please don't play with us, today is Prince Hou's birthday."

"What does his birthday have to do with me, my husband is him!" Zi Shan took Yi Hong's big hand, also encouraging him while making a statement.

Even a fool can understand the meaning, let alone Yi Hong. Of course, he can understand it.

Not only is Zi Shan not going back, but she also admitted his identity within her eyes.

'God! This happiness is too sudden. This time I really have a wife!

Lin Hong observed Madam Zi Yuan and murmured: "Madam, have you fallen into sorcery? Don't worry, Prince Hou will save you!"

Zi Shan snorted coldly: "Sorcery?"

She wrapped her hand around Yi Hong's waist, tiptoed slightly, and kissed her.

Yi Hong's mind was blank the whole time. Compared with the first kiss, this time it was extra sweet.

As a man, Yi Hong certainly wouldn't let Zi Shan bear the pressure on her own. He put his arms around Zi Shan's waist and enjoyed Zi Shan's cherry lips.

Such a situation. Both of them took the three of them as air. They were flabbergasted, looking at the prince's concubine kissing a low-level person.

After a long time, the two gradually separated. A long silver thread was connecting their lips.

"Zi Shan, are you really not leaving?" Yi Hong couldn't help but want to make sure.

Zi Shan showed a natural smile, looked at Yi Hong in front of her, and said: "If I leave, who will cook for you."

"That's great." Yi Hong was excited like a child and hugged Zi Shan.

Giving is rewarding. If Yi Hong didn't sacrifice, Zi Shan would not fall in love with him.

In this world, there is no free lunch. You won't win a lottery of five million out of thin air. If the two brothers didn't help Ah Li, they would not have achieved what they are now. Good people are rewarded, just that the reward might be late.

Chapter 387

Of course, there is also another possibility. Stupid people are blessed, which is unexplainable.

So far, in Ye Hua's entire subordinate team, there are three lucky ones.

The first one was the Death Mage, who caught Xun Fang with his skeleton body. They even had a language barrier. Ye Hua couldn't understand how Death Mage got Xun Fang.

Ye Hua even imagined that if he revealed his true body to Qing Ya and Donghuang Baizhi, the two women would definitely faint.

The second was Jue Tian. His luck is also very good because he has a woman who everyone wants to bully, Dongfang Yuer! After all, Dongfang Yuer grew like that, someone with a weak demeanor. However, only Jue Tian can bully her, so Jue Tian is also a lucky one.

The third lucky one will belong to Yi Hong, of course. The difference between his and Zi Shan's identities was great. Although she is bound by Ye Hua, Zi Shan was not scared even in the face of death.

However, under the care and consideration of Yi Hong, Zi Shan seems to have gradually fallen. In fact, she started falling on the day he "died", because this is the first time she saw a man crazy for her and vice versa. This feeling is unexplainable.

Yi Hong moved Zi Shan with a sincere heart, while Jue Tian and Death Mage conquered with brute force. There is a difference.

Let's talk about the most unlucky person.

Of course, it is Ye Hua. This unfortunate thing is that he is lucky enough to meet two women who even he can't offend. Of course, Ye Hua likes them, otherwise, why would he spoil them? Even if they are separated now.

By looking at this rhythm, it seems that Ye Hua intends to create the most caring team.

Hehe, don't think too much.

Lin Hong's eyes revealed murderous intent, and shouted, "Madam Zi Yuan, please pay attention to your words! You are smearing Prince Hou's reputation!"

Yi Hong put down Zi Shan. Now that Zi Shan loves him back, he will not let her go!

"Listen to me, Zi Shan won't leave. You should go back and sleep!" Yi Hong shouted.

Sanqi shouted angrily: "Where did this ant come from? He even uttered such rude words and took advantage of Madam Zi Yuan. I think you don't want to live!"

Zi Shan pulled Yi Hong behind her. After all, the current Yi Hong has no strength. They can kill him with a single flick.

"Go back and tell Prince Hou that our marriage is over."

Lin Hong asked in a deep voice, "Madam Zi Yuan, you should think about the consequences of what you are doing now. It will cause trouble for Prince Hou..."

"Lin Hong, you don't need to explain, I know... but I also want to advise the prince that there are others stronger than him. He shouldn't mess around." Zi Shan learned the meaning of hugging thighs now.

If Ye Hua is your backing, you don't need to be afraid of any princes. Even if the royal family comes, you don't need to be afraid.

Lin Hong sighed. A giant black blade appeared in his hand. Sanqi had a long whip in his hand, and Li Li had a pair of claws.

These three weapons are godly items.

"The Prince ordered to bring back Madam Zi Yuan. Forgive our insolence. Go!" After Lin Hong finished speaking, he jumped while the giant blade slashed at Zi Shan.

She raised her head, making her hair dance.

A ribbon emerged from her sleeve, exuding a blue-white glow. It was dancing marvelously in the night sky.

"Bang!"

The two made a metal-like collision sound, which made a huge wave of air.

Although Yi Hong became an ordinary person, he was protected by a Zi Shan. Blood was flowing from her ears, and her eyes were red.

Such pressure is simply not something that an ordinary person can bear.

Sanqi and Li Li in the back joined the battle in an instant, Zi Shan did not dare to be careless. These three are the compelling subordinates of Hou Wangye. Their combat effectiveness is extraordinary.

If Yi Hong knew he was being a burden, he would have run away, so as to not cause any trouble for Zi Shan. Or go back and call his big brother.

Lin Hong looked at Yi Hong who was escaping, and shouted at Sanqi: "Catch that man!"

"Yes!"

Zi Shan looked at Sanqi who went to catch Yi Hong and hurriedly tried to stop him. But, Li Li and Lin Hong restrained her. She watched Yi Hong being captured by Sanqi.

With the hostage in hand, Lin Hong and Li Li both stopped.

"Let him go!" Zi Shan looked at Sanqi pinching Yi Hong's neck, her beautiful eyes were blood red. The pressure gradually rose, and pieces of dark clouds were summoned.

Lin Hong said lightly: "It's okay to let him go, but you have to go back with us!"

"Okay, I'll go back with you!" Zi Shan agreed without thinking.

"No...don't..." Yi Hong was strangled by Sanqi, and it was hard to say anything.

Sanqi smiled disdainfully, and exerted a slight force in his hand: "This low-level ant dares to climb the dragon and the phoenix."

"Don't you dare touch him!" A hostile aura erupted from Zi Shan's body, and there was a net of blood behind her.

Lin Hong's heart sank, and he hurriedly said, "In order to prevent Madam from escaping, the subordinates must use some means."

Lin Hong stretched out his palm, a red string appeared in his hand. He threw it toward Zi Shan.

The red rope exuded a brilliant light. It seemed to be a godly item. It instantly tied Zi Shan.

Seeing that Zi Shan was captured, the giant blade in Lin Hong's hand flashed forwards.

Puchi!

The giant blade pierced from the back, and the tip of the blade was exposed on the chest.

Yi Hong looked down at the tip of the knife on his chest and spat out a mouthful of blood.

Sanqi and Li Li were deeply ridiculed. Even a low-level person dared to touch Madam Yi Yuan.

Zi Shan was completely dumbfounded, watching them kill Yi Hong. She was so stupid to think that they would let Yi Hong go. They didn't plan to let him go at all!

Lin Hong held Yi Hong's body high with the giant blade in his hand, and the blood flowed as if he had opened a faucet.

Putting Yi Hong in front of Zi Shan, Lin Hong said in a low voice, "Madam Zi Yuan, your fate won't be any better!" 'How dare you give Prince Hou a green hat! This is the only woman in this world who dares to do that!' [Giving someone a green hat→ It's an interesting story. A woman's man was out of town most of the time. She had affairs with other men. Whenever he used to leave the town, she'd make him wear a green hat, to tell the others that he was leaving. Thus, the saying.]

Yi Hong's eyes were half open. He smiled at the Zi Shan in front of her, and comforted her: "Zi Shan, it's fine... I have thick skin so I won't die."

But after speaking, blood came from his mouth.

Zi Shan couldn't hold it any longer, and two lines of clear tears fell from her eyes: "Yi Hong, stop talking."

"I'm afraid if I don't say anything today, I'll never get the chance in the future." Yi Hong always had a smile on her face. It seems that Zi Shan will not be sad this way. But seeing Yi Hong like this, Zi Shan is even sadder. Even at a time like this, he still thinks for her. 'Why is he so stupid...'

Chapter 388

"I know what you mean." Zi Shan's tears were like bursting a dike. Zi Shan has never shed so many tears in her life, but today she shed tears for an ordinary person.

Yi Hong smiled stupidly: "That...my money is hidden behind your dressing table. I originally wanted to save it for your birthday. It seems that I can't use it now, but even if I can't use it, you can keep it. Big brother used to cheat my money. Although I know it was for my own good...Is this joke not funny? I'll change it."

"Yi Hong, don't say anything."

Lin Hong's giant blade hand shook, making Yi Hong spit out a mouthful of blood. He looked at Zi Shan weakly, trying to tell a joke to make Zi Shan happy.

Lin Hong said in a deep voice, "Madam Zi Yuan, Lord Hou will be very angry!"

After he swung the giant blade in his hand, Yi Hong's body slammed into the ground and smashed a groove.

How could Yi Hong, an ordinary person, be able to withstand such a force? Yi Hong, who was deep in the soil, had no trace of life. His eyes were open, filled with reluctance. But there was a slight smile on the corner of his mouth, thinking with such an action Zi Shan will not be so sad.

Zi Shan looked at Yi Hong. Her tears stopped, and her pretty face was extraordinarily calm. But the depths of her beautiful eyes were burning with anger.

"Lin Hong, not only Hou Xuelin will be angry, but I will also be very angry!" Zi Shan slowly turned her head, and her beautiful eyes stared at Lin Hong, exuding a cold air, giving people a feeling of being hated.

Lin Hong said with a smile: “Madam Zi Yuan, I know you are very angry, but this bundle of spiritual ropes is not a toy.”

Zi Shan chuckled, ‘let’s try it then!’

Suddenly, Zi Shan’s pretty face exuded a lot of killing intent, akin to a thousand horses running side by side. Without Yi Hong, and his love, what’s the point of living?

Boom boom boom.

There were bursts of thunder in the sky, which made people have tinnitus. The aura between the heavens and the earth gathered towards Zi Shan, forming a vortex. The air seemed to boil. Zi Shan was like a dazzling sun, exuding the aura of heaven and earth.

The huge net of blood reappeared behind Zi Shan again.

Suddenly, a ghostly aura erupted, making Lin Hong and the others take a step back!

Madam Zi Yuan actually broke through because of her sorrow!

“Let’s go!” Lin Hong gave the order. After the breakthrough, Zi Shan can kill them like a chicken.

Zi Shan shouted: “Where are you leaving? Stay here!”

Under the strong pressure of Zi Shan, the binding rope vibrated violently and suddenly broke apart.

And the blood net behind Zi Shan turned onto them.

Sanqi and Li Li looked at each other with determination.

“Brother Lin, leave!”

“Brother Lin, Li Li can’t follow you anymore!”

Sanqi and Li Li both knew that if they didn’t make sacrifices, they might not be able to leave!

Lin Hong looked back at his subordinates who had been following him, but now is not the time to be hypocritical: “Prince Hou will avenge you!”

The two smiled, and then looked at the oncoming blood net.

Nature’s Dark Will!

God Sealing the Devil!

Li Li and Sanqi simultaneously used their strongest moves. The sky was flickering with cyan and golden light. It was dazzling and gorgeous. They attacked the blood net at the same time with huge destructive power!

However, when it hit the blood net, their moves could only stop the net for 1 second. Although they could only stall for a second, this gave Lin Hong enough time to return to Tianfu to report today’s situation.

The two looked back and breathed a sigh of relief. Brother Lin is saved!

Sanqi and Li Li watched him leave, smiled, and then bumped their fists.

“Let’s be brothers in the next life!”

“Good brother!”

They couldn’t stop the blood net. Sanqi and Li Li were swallowed up in an instant, leaving no residue.

The blood net in the air gradually disappeared, and Zi Shan spit out a mouthful of blood. This huge load was very painful for Zi Shan. But compared to what Yi Hong felt, it was nothing.

Dragging her heavy body, Zi Shan came to Yi Hong. Yi Hong can only be saved if she rushes him back.

After all, he also lived last time.

Holding Yi Hong, Zi Shan disappeared from the scene.

In the villa, Ye Hua ate the grapes that his sister-in-law had peeled.

“Your Honor, why don’t you go take a look?” Wei Chang asked carefully.

Ye Hua lit a cigarette and said indifferently: “This Zi Shan should not go away. I’m letting the two of them go out and realize their relationship. After all, there are three villains.”

“???” Wei Chang was confused.

Ye Hua shook his head, ‘Wei Chang, why are you so straightforward? Can’t you see Tang Wei beside you showing contempt?’

“They’re lacking strength, things should be even spicier now.”

Wei Chang made an understanding look. But does he actually understand? It doesn’t matter.

Something shocking happened. It was so shocking that everyone stood up.

They saw Zi Shan returning to the villa with a dead Yi Hong. She collapsed after the door was opened. That fight used all of Zi Shan’s power.

Lu Hong hurried over, seeing the appearance of his younger brother and Zi Shan he hurriedly asked, “What happened?”

“Save Yi Hong.” Zi Shan shouted weakly.

Ye Hua stood up, walked over, looked at Yi Hong, and frowned: “What happened?”

“It’s all my fault, please save him. I will absolutely listen to you in the future! I dare not treat you disrespectfully, Your Honor!” Zi Shan knelt in front of Ye Hua after saying that.

“I’m asking you what happened!” Ye Hua shouted coldly, his own subordinate’s subordinate was killed. Isn’t this the same as slapping him in the face?

‘I thought that Zi Shan’s ability was enough to protect Yi Hong, but I didn’t expect him to die!’

Zi Shan told the tragedy.

This made Ye Hua very upset.

“Your Honor, let me destroy them! After all, Yi Hong is my subordinate!” Wei Chang took the lead in asking for orders. These deities have gone senile after living for a long time! Not even looking at who they are offending.

Tang Wei also respectfully said: “Your Honor, I am willing to go with Wei Chang.”

“Your Honor, I am going to take revenge too!” said Lu Hong with red eyes.

Ye Hua took a deep breath, looked at Zi Shan, and said, “What about you?”

Zi Shan slowly raised her head. Her beautiful eyes were full of coldness, and she said: “Your Honor, I’m willing!”

“Okay, Zi Shan. I’ll give you this opportunity to avenge Yi Hong! This is a blood tank. When you fill the blood tank, I can resurrect Yi Hong! But if you can’t, you should know the consequences.” Ye Hua stretched out a white container.

Qing Yutong looked at how it looked like a bottle of red wine. Looking at the dining table, and sure enough, it was gone!

Zi Shan heard there was a way to revive Yi Hong she hurriedly stood up: “Who should I kill?”

Chapter 389

“Kill the deities. The more you kill, the better.” Ye Hua took the Dragon Sword and threw it to Zi Shan.

He continued, “Wei Chang, treat her.”

“Yes!”

A black mist emerged from Wei Chang’s palm. Zi Shan knew that this was not an ordinary mist. She took a deep breath and slowly closed her eyes.

After half a second.

Zi Shan suddenly opened her eyes. Her pupils were extremely dark. She felt with this power, she could split open the entire Tianfu continent!

“Go and return quickly.” Ye Hua said lightly.

“Yes!” After saying that, Zi Shan disappeared from the villa.

After Zi Shan left, Ye Hua said to Wei Chang, “Save him.”

“Okay, Your Honor.” Wei Chang smiled, looking really awkward.

Once again, a cloud of black mist was seen. After it made its way to Yi Hong, his face gradually turned rosy.

In less than a minute, he opened his eyes and asked, "Where did Zi Shan go?"

Lu Hong slapped abruptly, "Still not thanking Your Honor? He saved a fool."

Yi Hong hurriedly thanked Ye Hua. Ye Hua was very generous. Not only did he give him strength but also saved him. He even paired him with such a good wife. As long as Ye Hua says a word, he would go through fire and water!

Ye Hua walked to the sofa and said lightly: "Wait for your wife to come back, then remember to pretend to be dead."

Lu Hong told him what happened just now.

Yi Hong was moved to death after hearing it. It turned out that Zi Shan still liked him.

"Yutong, peel an orange."

"Brother-in-law, you have eaten too much." Qing Yutong held back her mouth.

"Then go and cut a watermelon. After eating this watermelon, Zi Shan should be back."

Qing Yutong felt it made sense. It's not like they can come back to a subordinate's house again.

Ye Hua was really upset when he heard about Yi Hong's death. He wanted to directly kill the other party. But after calming down, he felt that it should be better to let Zi Shan go, after all, he's on a break.

At this time, the Hou Mansion was brightly lit. The birthday banquet was obviously not over yet, but all the important people had left.

Hou Xuelin sat on the main seat, watching the dance of young women, wondering whom to sleep with.

At this time, everyone saw Lin Hong running towards the mansion. Everyone looked at the guard's panicked expression with doubts, 'did something happen?'

Hou Xuelin frowned slightly, he rarely saw Lin Hong like this.

When he reached Prince Hou, Lin Hong said softly: "Prince Hou, Madam Yi Yuan has been found, it's just..."

"Just what?" Hou Xuelin was a little excited.

Lin Hong said in a deep voice, "Madam Yi Yuan has a man outside!"

Hearing this, Hou Xuelin suddenly sneered, the corners of his mouth twitched rapidly, and his fists clenched. His divine energy radiated out.

The dignified Prince Hou wore a green hat! If this matter spreads out, his face will be lost!

The guests also felt Hou Wangye's anger, something big must have happened!

Just when everyone was wondering, a figure suddenly walked in slowly.

"Oh my God, this... this is Madam Yi Yuan!"

"Is this Madam Yi Yuan? She is beautiful."

“She is akin to an angel. Her figure is wonderful.”

“The prince is blessed to have such a wife.”

“If I had such a beautiful wife, I wouldn’t take the second step out.”

That’s because you haven’t seen Qing Ya and Baizhi. They’re truly the ones who are stunning. At least one level higher than Zi Shan. Just looking at them will give you a physiological response.

However, they discovered the blood on Madam Yi Yuan’s dress, the Dragon sword in her hand, and felt the faint murderous aura.

Hou Xuelin stared closely at the approaching Zi Shan, “Damn, woman! You still have the face to come back!”

Zi Shan silently looked at his hideous face and suddenly found that Yi Hong was thousands of times better than him.

If he hadn’t sent someone down, Yi Hong wouldn’t have died!

“This Prince is going to kill you, a shameless woman. I’ll sacrifice your head as an offering to the sky!” Hou Xuelin no longer hid his strength and burst his divine might. Everyone present was shocked. ‘Is Prince Hou crazy?’

‘Killing his wife?’

Zi Shan said indifferently: “I will use your head to pay homage to my love!”

After hearing this, everyone gasped, ‘no wonder the prince was so angry. It turns out that Zi Shan has a man outside!’

‘She is even more arrogant to come here and talk about killing the Prince. She is courageous.’

“My lord! I’m here to help you!”

“My lord, I’m here to help too. A woman like this should be sliced with a thousand swords!”

“I hate women who cheat the most!”

Zi Shan snorted coldly, and the Dragon sword in her hand shook. She then raised it!

A thin silver wire appeared in the air, invisible to naked eye.

This thin silver wire cut off everything in its path. No matter what was touched by the wire, everything was sliced into two parts.

“A woman who can’t tell life from death. Trying to use these meager skills in front of this Prince!” Hou Xuelin immediately summoned a sword!

When the sword appeared, there was a shocking divine might! This weapon is definitely above the realm of godly items.

“Go to hell! Sumeru Sword Intent!” Hou Xuelin shouted angrily. [Sumeru is a sacred mountain in Buddhist and Jain tradition]

The sword energy soaring to the sky condensed together. The terrifying sword energy swept in all directions, and the sword energy in the center attacked Zi Shan.

The silver thread passed through the sword energy, the long sword in Hou Xuelin's hand, Hou Xuelin's neck, and even the buildings behind.

This was all, while Hou Xuelin still maintained a hideous smile.

That terrifying sword energy did not disappear and attacked Zi Shan. The place turned into a mess.

However, when it was about to reach Zi Shan, the energy was divided into two halves and attacked the surrounding crowd!

Suddenly there were screams all around. The two sword energy attacked the crowd. Some people instantaneously turned into a bloody mist, while some were even more miserable. After all, they had to endure pain such as broken arms.

However, countless blood energy has been collected into the container in Zi Shan's hand. It was one-tenth filled!

"Zi Shan, I didn't expect you to still have some strength left. Eat my sword!" Hou Xuelin didn't feel any eccentricity in his neck. He just felt a cooling sensation.

Zi Shan said lightly, "You must have a sword first!"

Hou Xuelin's eyes narrowed, and he saw that his sword broke from the tip.

Hou Xuelin was amazed by the neat incision. Hou Xuelin immediately questioned: "Zi Shan, what kind of sorcery did you use?"

Chapter 390

"Why don't you look at your hand first?" Zi Shan said softly, with no emotional fluctuations in her tone.

Hou Xuelin looked at the hand holding the sword. A neat bloodshot emerged from his skin. The middle and ring finger began to split.

"No...no...it's impossible!" Hou Xuelin was horrified. Looking at Zi Shan, he suddenly felt a little cold in his neck... it seemed to be moving. The world in front of him was hazy.

With no head, blood spilled into the sky like a fountain. His body fell to the ground.

Hou Xuelin wanted to reach out and clear the liquid on his face, but it was useless.

'No...it's impossible...'

"Lord Hou!" Lin Hong exclaimed.

Hou Xuelin's eyes were still moving, indicating he wasn't dead. It could be seen that the deities were not so easy to die.

“Take me away!”

Lin Hong hurriedly hugged Hou Xuelin’s head and quickly fled the scene, but when he turned around, he saw Zi Shan.

Zi Shan held the Dragon sword and slashed!

The whole world seemed to be quiet.

Hou Xuelin was cut into two halves again, and Lin Hong had a bloody explosion. But Hou Xuelin still had his primordial spirit.

Zi Shan grabbed the void, and the primordial soul went straight to Zi Shan’s little hand!

“What else do you want to do, you shameless stinky woman!” The soul started shouting.

Zi Shan didn’t make a sound, but her left hand gradually exerted force.

Hou Xuelin panicked: “Zi Shan, what are you trying to do? Stop it!”

“Zi Shan, after all, we are husband and wife. A couple for eternity!”

Zi Shan said coldly, “I have nothing to do with you. Only hate.”

Bang!

Zi Shan directly expelled Hou Xuelin’s primordial spirit!

She didn’t expect the primordial soul to raise the blood container by a third.

It’s just that this scene scared the people still alive. Prince Hou was one of the top ten masters, yet he died at the hands of his wife. This is too cruel!

Moreover, the godly item on the ground was directly cut in half. What kind of weapon has such great power?[I think the author made an error, the sword was above the godly item’s realm]

‘This is not a woman, this is a female devil! A mad woman who kills without blinking!

To save Yi Hong, Zi Shan was willing to fall. Yi Hong saved her twice, and she understands his kindness. She is not cold-blooded and was moved by Yi Hong’s tenacity.

People should learn from Yi Hong about chasing a girl. One can see how good he is to her. As long as you break her last line of defense, she will be all yours from then on.

Just like how current Zi Shan’s heart has only Yi Hong. For Yi Hong’s sake, she even started a series of killings here, blood-washing the entire Hou mansion!

~After a long time.~

Seeing that the blood in the container was full, Zi Shan sighed in relief.

Glancing around, the place was full of corpses!

After massacring everyone, Zi Shan disappeared from the Hou mansion.

However, not long after Zi Shan disappeared, a large number of people rushed to the mansion.

People from all directions rushed towards the mansion. Under the night, those long dragon-like creatures were easily identifiable.

Several troops all rushed to the gate of Hou Mansion. Looking around the whole bloody Mansion, it seemed that countless innocent souls were screaming in agony!

Part of it was the people who came from Wuma An's group, another part was from Che Hongliang, and the last bunch was from the crown prince, Zhu Zhengqing!

The prince had a dignified appearance with a scholarly face.

But Wuma An knew that the Crown Prince was actually very romantic.

In the beginning, he even thought of stealing Zi Shan from Hou Xuelin, but unfortunately for him, Hou Xuelin was also a prince. Even the crown prince did not dare to grab her directly.

After all, Prince Hou and Zhu Zhengqing were sworn brothers.

"Greeting the crown prince!"

"Greeting the crown prince!"

Wuma An and Che Hongliang shouted respectfully.

Zhu Zhengqing looked into the mansion, his eyes solemn: "I sensed huge energy from Hou Mansion, which made me worried. That's why I brought my guards to check it out!"

Wuma An dismounted, half-kneeled, and said, "The Crown Prince was worried about his people. You're a model for us."

Seeing this, Che Hongliang could only dismount and half-kneel.

Zhu Zhengqing enjoyed the moment very much.

Originally, he came to check the affairs of the Hou Mansion, but it turned out to be a flatter fest. The people's grievances were still howling inside!

"Get up everyone."

Zhu Zhengqing patted the unicorn under him. The snow-white beast looked like a fluff ball.

"Come on! Let's go and see what's going on inside!" Zhu Zhengqing shouted.

The two guards responded, ran to the gate of the Hou Mansion, and pushed the gate open!

Boom!

They saw a blood glow rushing out of the house, startling everyone. The prince almost fell off the unicorn!

Roar! Roar!

The blood glow turned into a human face and kept shouting. There were numerous human faces here. Weirdly enough, the blood glow seemed to be unable to rush out of the Hou Mansion, as if it was imprisoned here.

It might be the passive ability of the Dragon sword, unknown to even Zi Shan. It can imprison the soul of the dead, thereby achieving the effect of torture.

There are countless deaths in this mansion. All the souls collectively formed a bloody glow. This kind of thing rarely happens, a rare occurrence in a thousand years!

Che Hongliang looked at the roaring face in front of him, and murmured, "This is a bloody glow!"

After saying this, everyone's face sank, even Wuma An was the same. Only Zhu Zhengqing's face was covered in doubt. 'What the hell is a blood glow?'

"Wuma An, what is a bloody glow?" Zhu Zhengqing asked aloud.

Wuma An hurriedly knelt: "Crown Prince, I dare not say!"

Zhu Zhengqing snorted coldly: "Even if you dare not say anything, this prince orders you to say it!"

"But..."

"No buts!"

Wuma An looked at Che Hongliang, but he seemed to avoid his gaze, as if to say 'don't look at me, the prince ordered you to say it.

"Come on! Do you want this prince to punish you?"

Wuma An hurriedly said: "Prince, there is a saying, "when a blood glow emerges, the country will face a catastrophe."

Zhu Zhengqing was stunned after hearing this, and then laughed: "What nonsense! A bloody glow scared you into such a state!"

"Prince, it is related to the fortune of the country, it is better to report to the Emperor!" Che Hongliang suggested.

"Imperial father has already gone to bed. Can't I be in charge of this trivial matter? Come in this prince to see what's going on!" After that, he jumped off his unicorn, drew his sword, and took the lead!

A sword slashed towards the blood glow. The tip of his sword emitted a dazzling golden light, and the blood light instantly dissipated.

This blood glow is a symbol of the dead or a prophecy. It doesn't have any offensive properties.
