

## My Woman 411

### Chapter 411

Yi Hong said in a deep voice: “Zi Shan, I’ve said it countless times in the past few days, I want to become famous before I’m with you... that’s why... I only have you in my heart...”

“You don’t like me anymore...”

“No, I like you.”

“Then you should raise it.”

“No, I want to make a career.”

“Forget it, I’ll go find my lord to grant me death.”

Yi Hong: “...”

Yi Hong has also been a little troubled recently. At first, Zi Shan was fine, as she even promised him. Gradually... at night, she began to talk about this issue. She mentioned her boredom and the urge to have a child for fun.

‘I, Yi Hong, am a man of my word.’

The water is already spilled.

However, the continuous refusal made Zi Shan angry, which puzzled Yi Hong. At first, she didn’t want to be in the same bed, and now she is angry when they are in different beds. Ridiculous!

Actually, Zi Shan had been very close to Tang Wei recently. After Tang Wei revealed her experience, Zi Shan became worried, so she frantically tried to test him.

As a result, this stupid boy gave the wrong response. This is not a good thing.

After all, Zi Shan didn’t want Yi Hong to be like Wei Chang or follow the footsteps of Tang Wei and Xun Fang.

However, after the current situation, it should be settled.

In the Leisure office, Wei Chang received a report from the death mage and said respectfully, “Your Honor, everyone has been cleaned up.”

“That’s good, you go back to rest early, this deity is also sleepy.” Ye Hua yawned, seemingly bored.

Wei Chang smiled and said, “Your Honor, have a good night’s sleep.”

“Sleep well? Haha...” Ye Hua sneered a few times, how could it be possible to sleep well when these two women are so troublesome? They incite all kinds of worries. ‘Don’t let this deity worry if you have the ability. Don’t get your face slapped by someone.’

Wei Chang knew what Ye Hua meant. He smiled awkwardly and then disappeared from the office.

Lying on the bed, Ye Hua once enjoyed sleeping alone. Now that there was no woman in his arms, it was not natural.

Before, they used to gamble in the Leisure bar.

‘Eh... if the two of you do not return, this deity is going to suppress you.’

~Tianfu~

The whole palace was brightly lit tonight. As the emperor, Zhu Chengxuan didn't go to sleep. He was sitting on his dragonic throne, awaiting any news.

The ministers below were hoping for the triumphant return of General Wuma.

Dawn arrived, illuminating the night sky. Zhu Chengxuan squinted and stared at the sky outside.

When dawn came, everyone realized a problem, General Wuma had not returned.

“Ying Wei, you go to prepare the items for the sacrificial ceremony. We can only rely on the Overlord.” Zhu Chengxuan's eyes were red, looking very terrifying. It seemed that he would fall into a rampage at any time.

“Yes.” Ying Wei said respectfully, then exited the hall.

Zhu Chengxuan sat unmovingly on the throne and murmured, “The bloody glow was true.”

Everyone fell silent after hearing this.

After a long time, Zhu Chengxuan stood up and walked out of the hall towards the royal altar.

The royal altar is located in the north of the palace. It is an independent space. Its size is similar to that of the entire palace. After all, an Overlord is a noble existence. If you are not devoted, why would the Overlord help you?

At this time, all the maids in the palace were transferred to help because there were too many things to prepare. Zhu Chengxuan didn't want to go to his imperial harem now, let alone the bedroom. He knew what those concubines would think.

A few hours have passed, and all the sacrifices have been arranged properly. There were countless godly items on the altar, including the rare ones. Although the rare ones are low in number, it still signifies the heritage of the royal family

“Your Majesty, everything is ready.” Ying Wei bowed and said.

“Then let's get started.” Zhu Chengxuan walked forward, picked up the knife on the side, cut his fingers and let his blood drip.

As the blood of the royal family was poured in, the entire altar changed, and the complex engravings around it slowly turned.

Zhu Chengxuan knelt on the emperor's mat with sincerity, chanting silently in his heart.

The rotating pattern on the ground, channeled an even more complex pattern. A blue light was emitted.

This blue light was getting brighter and brighter, like a blue flame, making people's eyes shine.

Puff!

The blue light rushed straight into the sky. The godly items on the altar disappeared in an instant, and the blue light shot into the clouds and disappeared.

In a small world, a man was playing the qin. The sound was intoxicating, while two teenagers were standing behind him. They had a respectful expression and longing in their eyes.

A blue light suddenly descended, and the man stopped playing: "Go and have a look."

"Yes father!"

The young man disappeared from place in an instant, and then came back immediately: "Father, they are all godly items sent by Tianfu."

"It's perfect. A lot of materials are needed to temper the Prehistoric Blade." The man sighed, it was too difficult to make a Prehistoric Blade.

"Father, it seems that Tianfu has encountered some trouble." Another young man said in a low voice as if he wanted to go and see.

With a flick of the man's hand, the strange qin disappeared: "Yi'er and Xing'er, I'll take you out for a walk."

"Thank you, father." The two teenagers were so excited that they could finally go out.

A beautiful woman walked out of the room: "Hong Tai, where are you going? Get ready to eat."

"Mother, father is taking us out."

Hong Tai looked back at his wife: "A signal came from the royal family of Tianfu. There should be an accident, I'll go check it out. It will take two or three days."

"Since it's an accident, Yi'er and Xing'er should stay at home."

"Mother, we are not children anymore!" Hong Yi choked on his mouth, very helpless.

"In mother's eyes, you will always be a child." Mrs. Hong said in a deep voice.

"Okay, the children have grown up, so it's time to go out and see the world. The situation is urgent, so we will not eat."

He left this small world with his two sons.

The woman watched her husband and children leave with a heavy heart, feeling that something bad was about to happen.

Zhu Chengxuan and Ying Wei stood on the altar, waiting for the Overlord to come.

In a flash, three people suddenly appeared in front of him.

This made Zhu Chengxuan and Ying Wei stunned for a while, and then they both shouted in unison: "Greetings my lord."

Hong Tai raised his hand and asked lightly: "This lord is very busy, what's the matter?"

## Chapter 412

Zhu Chengxuan didn't dare to talk in circles, and directly said the key point: "Your Honor, my son seems to have provoked an Overlord. That Overlord killed all my sons, and said that after three days, the imperial city would be washed with blood, and I couldn't do anything about it..."

"An Overlord is so bored?" Hong Tai chuckled. Obviously, he seemed a little unbelieving.

The Overlords are all powerful existences. Under normal circumstances, they will not appear at all. Furthermore, they don't get involved in any disputes. Of course, except for what happened a few years ago.

That perverted skeleton did something that even they were indignant about, and was retaliated against by all the Overlord. At that time, he and his master also fought.

However, his master died in that war.

But fortunately, the group of murderous monsters was killed, and the world became peaceful.

Ye Hua had the strength to kill the Overlord in those days, and now his strength has increased by many times. Even if the Overlord attacks him again, a fart can kill them.

"Your Honor, I didn't believe it at first. Yesterday, my general took a hundred thousand troops to investigate, and he hasn't come back yet." Zhu Chengxuan sighed, his stupid son provoked such a big shot. Now he has to help him wipe his ass.

He disagreed: "Seeing is believing. Tell me how did you anger that Overlord?"

Zhu Chengxuan repeated what his son said.

"It turned out to be for the blood of Nuwa and Donghuang. Yi'er, Xing'er, what do you think about this?" Hong Fei asked his two sons to gauge their thoughts.

Hong Yi said respectfully: "Father, I feel that in front of you, that Overlord is not worth anything."

Overlord is also divided into nine levels.

"Hong Yi is right. Father's mana is boundless. Looking at the entire universe, we can't find anyone with the same strength as father."

It seems that these two teenagers also like to flatter.

However, Hong Tai had been hidden from the world for a long time, so he laughed when he heard his son's flattery.

“Emperor, don’t worry. This deity is in charge now. Even Overlords need to give me face, much less an unknown one.” Hong Tai seemed confident. After all, there is a treaty that Overlords can’t kill each other.

Zhu Chengxuan heaved a sigh of relief, since the Overlord had said so, it should be all right.

“Your Honor, the food and the room are ready.”

“Well, I haven’t tasted your Tianfu food for a long time.”

“Your Honor, don’t worry. I will definitely treat you well these few days.”

“Emperor, you are very kind.” Hong Tai seemed polite, but he still had an arrogant demeanor.

Hong Yi and Hong Xing, who followed behind, also wore disdainful smiles. They were born to represent extraordinariness. Because their father was an Overlord, they should enjoy the respect of everyone. Even if the other party was an emperor, he had to be respectful to them.

You can’t afford to offend the Overlord’s sons.

Hehe, Ye Hua says, you mess with his women?

This deity will teach you well, what you actually can’t afford.

Three days passed quickly. Today is Saturday, and the weather is sunny. Perfect for a family trip.

Ye Hua thought so too. ‘It’s been a long time since I took the team to do big things. The last time I went to the Ying Family and didn’t enjoy that bloodthirsty pleasure. However, this time, I hope these deities don’t disappoint me.’

‘I also hope that these deities will invite some powerful backers. I like surprises.’

He wore the black suit on the bed, fastened the tie, used some gel on his hair, then held down the hair and swept it back. He looked very handsome.

Looking at his reflection in the mirror, ‘This deity is still so handsome, enough to make people addicted.

He took out a cigarette and lit it. After that, he opened the bedroom door and slowly walked down the stairs.

More than a dozen people were chatting in the hall. When they heard the footsteps, they all stopped talking and stood up immediately.

“Your Honor!”

When Ye Hua appeared in front of everyone, everyone knelt on one knee and shouted respectfully.

Ye Hua raised his hand slightly, and an invisible force lifted everyone.

There were a lot of people today, even more than last time.

There are four of the seven deadly sins.

Wei Chang, Lie Gu, Ye Zizi, Jue Tian.

And their subordinates: Death Mage and Xun Fang, Tang Wei, Yi Ran, Wen Xia, Bai Xiaozhen, Zi Shan, and the Red and Green brothers. The two maids of Jue Tian didn't come because they are still ordinary people.

But Jue Tian just likes them like this because ordinary people can't hold on for long, and then they beg for mercy in every possible way. Jue Tian finds excitement in their beggings.

Of course, there was Qing Yutong in the crowd who was so excited that she didn't sleep all night.

'There is a big event today, and my brother-in-law will act cool again. My sister will miss the moment.'

This time, adding Ye Hua, the number reached 15, which made Ye Hua very happy.

After all, the previous seven deadly sins only had eight people, including him.

There will be more people in the future.

Looking at his subordinates, Ye Hua flicked the cigarette butt, and said in a deep voice: "Today, this deity only has one request."

"That is to go all out."

There was a wicked smile on the corners of everyone's mouth, even Zi Shan wasn't any different. There was Wei Chang's black mist in her body, which would make people crave blood and become addicted to killing.

"Let's go!" Ye Hua shouted coldly, and the 15 people disappeared from the bar in an instant.

At this time, in the Tianfu Imperial City, the streets and alleys were empty, akin to a dead city. The whole city was attentive. Although they didn't know what had happened, they were sure that something terrifying would happen.

Outside the gate of the imperial city, the Emperor summoned a million soldiers. They stood on the open grassland, waiting for the arrival of the enemy. They all wanted to protect their motherland.

The soldiers rode various high-level ancient beasts, some high-level ancient beasts were flying in the sky. There were hundreds of meters-long dragons with huge wings. Several heads seemed to cover the sky above the imperial city.

There were also many people in the army wearing all kinds of robes. These were the Patriarchs of all sects in Tianfu. Although they have not reached the level of the Overlord, their power should not be underestimated.

Zhu Chengxuan and Hong Tai stood on the city wall, watching... and waiting...

"Are those people too scared to come?" Hong Xing suddenly laughed.

Hong Yi at the side also nodded. In such a battle, even if an Overlord came, he would have to give him three parts face.

Hong Tai chuckled lightly: "If they dare to come, then this deity has to admire them."

Hong Tai's words fell, and 15 figures suddenly appeared in the open space in front of them.

## Chapter 413

Zhu Chengxuan and Hong Tai stared at each other, and so did the Celestial Master and others next to him. They really came!

"Haha, so hardly any people. They're not enough to fill the gaps between our teeth." Hong Yi laughed out loud, not feeling scared at all.

It's not just Hong Yi who thinks this way, others do too.

Hong Xing looked at the group and said disdainfully, "They have more women than men, and there is also a little girl. What kind of team is this? Is this a joke?"

"But these women are very beautiful." Hong Yi interjected, which made the people around him start to look at it. They are really good-looking.

"Your Majesty, that woman who seems to be the concubine of Prince Hou, Zi Shan!" Che Hongliang looked at Zi Shan and whispered in the emperor's ear.

Zhu Chengxuan said coldly, "No matter who it is, the people standing in front are the enemy."

"Your Honor, what do you think?" Zhu Chengxuan asked respectfully.

Hong Tai thought someone big would come, but there were just a bunch of underlinings. He didn't even find any Overlord there.

After all, he had seen 70 to 80% of all the Overlords. Although he had not seen the rest, they were definitely not like this group. Lazy attitude: not a bit like a master.

Especially the man in the front who was smoking a cigarette. How can he be so impolite?

"Emperor, don't worry about these people. I wouldn't even need to take action as they'd just be scared away." It is normal for Hong Tai to feel this way because he did not feel the aura of these people.

There are only two possibilities.

The first is that this group of people are all perverted, higher than his rank, and the second is that they hid their aura by some shocking means.

The first one is impossible. How can these 15 people be stronger than him? So it is the latter. A clever method was used to hide their aura.

Hearing the words of the Overlord, Zhu Chengxuan was relieved, but he still asked: "Your Honor, they have three Shi Kuns."

"It's just a Shi Kun, nothing to be afraid of."

Zhu Chengxuan was finally relieved, but the Celestial Master on his side was worried. Things were not that simple.

When Hong Tai looked at Ye Zizi, her eyes were a little strange, and he felt that he had seen this little girl before. She looked very similar, but her appearance was different.

'I'm overthinking. That group of people had all been killed a few years ago. How could they appear again?'

Ye Zizi is indeed a bit different from before, especially in terms of appearance.

Today, Ye Zizi was wearing a cute Lolita outfit, a small lace black skirt, mesh stockings, and small children's leather shoes. Her hair was tied with big bows. She oozed Lolita's aura. With a small bag in her hand, it didn't feel like she was there for a fight, but for shopping.

It was because of this dress that Hong Tai dispelled his doubts. He just thought she looked alike.

If Ye Zizi retained her previous figure, this Hong Tai would not say a word and run like a loose dog.

The positions on Ye Hua's side are very orderly. Of course, his sister-in-law Qing Yutong would stand beside her brother-in-law. Next are the four of the Seven Deadly Sins, and then the others.

Everyone knows that today is a big day, so the choice of clothing should be extra careful. After all, you can't lose face.

Men wore suits and leather shoes, while women wore all-color dresses that were deep V-shaped, backless, and strapless.

They all seemed to be going to a dance party, rather than massacring the imperial city.

But this also shows that everyone was very relaxed.

"There are a lot of people." Ye Hua murmured as he looked at the million army soldiers in front of him.

'I haven't seen such a scene in a long time. I really missed it.'

"Your Honor, do you want to act now?" Wei Chang whispered.

Ye Hua smoked a cigarette and said indifferently: "Don't worry, we'll have a good time today. While they have hope now, this deity will bestow despair upon them."

Previously, they used to kill without saying a word. Simple and straightforward.

But they missed a lot of entertainment. For example, when they thought they were going to win, they slapped them in the face again. That kind of despair was much more entertaining than the former.

Lie Gu asked curiously, "What hope?"

Jue Tian said lightly, "They are now in hope, thinking that we are few in numbers and they can easily defeat us."

Ye Hua was stunned for a moment. 'Is that so? This deity was thinking of other things now, but I didn't expect Jue Tian to see my intentions. Good good.'

"Let them feel a wave of despair first." Ye Hua's mouth showed a slight arc, and the cigarette in his hand flicked.

The remaining half of the cigarette flew into the air, and then made a muffled sound, like a firecracker bursting.

The sparks scattered in the air, and everyone looked up, wondering about the intention of the other party.

“This person is good at pretending.” Hong Yi let out a low sneer.

“Hmph, pretending to be forceful in front of my father is really self-deprecating.” Hong Xing sneered, just a bunch of ignorant guys.

However, Hong Tai seemed to be much calmer, with a playful look in his eyes, akin to watching a clown performance.

Zhu Chengxuan also seemed to be infected by such a relaxed feeling, no pressure at all. He watched with an attitude of appreciating the performance.

It’s not just them, everyone in the city was the same, as well as the million heroes, and, of course, the Patriarchs of the major sects.

“They are just mobs. His Majesty calling us is just a waste of time.”

“Yeah, just order the killing.”

“Maybe they want to see the shocked expression of the other party?”

“Yes, they thought they were bigshots but found that in front of the Overlord, they’re nothing.”

“Look at the ancient beasts on our side, the giant dragons in the sky. What do they have? Just some beautiful women to support the scene? It makes me laugh.”

Judging from the current situation, Ye Hua’s momentum is lower than the opponent’s. After all, the lineup here is very strong, even if an Overlord comes, he has to give three parts face.

Just when everyone was making fun of them, boundless and powerful energy struck, sunning everyone.

Who is this? It released such powerful coercion before appearing.

Hong Tai stared at the horizon, feeling the ferocious aura. He looked surprised, but not to the point of fear.

Of course, he was a powerful Overlord, but others were different.

This pressure is like a mountain on their backs, making them breathless to the point of fainting.

## Chapter 414

Even deities panic about unknown species, not to mention unknown ones that have such strong pressure.

It is enough to make one's scalp numb!

"Your Honor, what the hell is this?" Zhu Chengxuan lost his natural state just now, and his face showed nervousness.

The wave of pressure made people breathless.

Hong Tai said indifferently: "It should be some kind of powerful creature."

Hong Yi and Hong Xing standing at the back seemed normal. After all, they are Overlord's children, born as if nothing in this world could scare them.

"Some kind of creature?" Zhu Chengxuan murmured.

The slightly squinted eyes of the Celestial Master suddenly widened. This situation seems to be written in an ancient book. The appearance of such a creature will bring destruction.

It was a giant beast from the Great Desolate.

Dark Blaze Dragon!

As soon as this dragon emerges, no life will be born.

"This should be the Dark Blaze Dragon." Celestial Master said in a deep voice.

Zhu Chengxuan's face changed wildly after hearing this. This fiery dragon should not have appeared in the territory of Tianfu.

"Celestial Master, are you mistaken?" Zhu Chengxuan said. It's simply impossible.

Celestial Master shook his head. The ancient book was not incorrect. These are the characteristics of the Dark Blaze Dragon.

Zhu Chengxuan took a deep breath, and then asked the Overlord: "Your Honor, this is the Dark Blaze Dragon?"

"This deity has naturally heard of the Dark Blaze Dragon. That dragon is the overlord of the Great Desolate. But you can rest assured, I can handle it" Hong Tai said very easily, but his heart was a little heavy.

Because the other party can actually call the Dark Blaze Dragon. This is simply unbelievable. Wild beasts have their pride. How can they lower their heads and obey others? Unless it is not the Dark Blaze Dragon!

The temperature of the air was gradually rising, and everyone's foreheads were dripping with sweat.

Not to mention the million heroes below. Their armor was already wet with sweat, and it even flowed to the blade in their hands, and dripped on the ground, splashing the fine dust.

Suddenly! Three black dots appeared in the sky.

It looked small like a mosquito, but everyone was sure that this terrifying pressure was coming from those three black spots.

As the black spot got closer, everyone couldn't help but take a deep breath.

The Celestial Master's head was already buzzing: "It's really a Dark Blaze Dragon, and three of them."

Zhu Chengxuan looked at the Supreme: "Your Honor, can you handle the three Dark Blaze Dragons?"

"Nonsense. Not to mention three, even if there are thirty dragons, they will be slashed under my father's sword." Hong Yi, who was behind him, spoke on behalf of his father. 'This emperor was so clueless, he was questioning my father's strength.'

Hong Xing is even more disdainful: "Isn't it just three dragons? My father can chop it into meat sauce in minutes. Right, father?"

Hong Tai smiled confidently: "That's natural, although Dark Blaze Dragon is powerful, in the eyes of your father, it's nothing."

Hong Yi and Hong Xing looked smug after hearing this. 'You spicy chickens have been frightened by the three dragons, wait for father to show you what strength is.'

But if someone carefully observes, Hong Tai looked very solemn. He was acting cool right now.

And these two children are also being dishonest about his strength.

But it's normal. They were pampered and raised thinking that their father is invincible.

However, there are many species that even the Overlords can't afford to offend. As Hong Tai said just now, he can repel one dragon, but now there are three dragons.

There was no suspense at all, but Hong Tai did not flinch. If the people on the opposite side knew that an Overlord was guarding them, they wouldn't dare to attack.

The Overlords are sheltered by the treaty. They cannot kill each other, otherwise they will become everyone's enemy.

With such a strong backer, Hong Tai was not afraid at all.

'But this bullshit has already been blown out. How should I deal with the three dragons? If I knew about it, I wouldn't have brought them with me. I just caused problems for myself!'

As the three Dark Blaze Dragons approached, the air seemingly boiled.

The place where the three fiery dragons passed instantly turned into scorched earth. Every time they flapped their wings, the ground turned into a sea of fire, and even huge cracks appeared on the surface.

Along the way, they also passed two cities and one sect, which are desolate now.

All that happened just because of flapping their wings. It is completely unheard of.

Roar!

The three dragons roared together, causing the sky to shatter. The world turned crimson.

How could millions of heroes stand up to such a roar? Their eardrums burst and the skin was burned. Their feet suddenly turned numb.

However, this dragon roar was just for greeting the Supreme Overlord.

Imperial translation: "Your subordinate is here at your service!"

When the Dark Blaze Dragons entered the venue, the flames on their bodies were sucked into their skin.

The three dragons looked exactly the same. Their scales were like steel magma, akin to blood, while their pupils were like a fiery sun, looking down on ordinary people.

Their blood-red wings spread out, reaching a kilometer long. The three dragons seemed to have covered the entire sky.

Looking at their side's giant dragon again, they seemed a little small now. Those ancient beasts felt the breath of the Dark Blaze Dragons and bowed their heads to surrender. The ones in the air fell directly, lying on the ground motionless. Even if their master reprimanded them, they didn't move at all.

There was just a little reaction, that is, their whole body was trembling.

Everyone in the city looked at the huge dragons in front of them and were lost for words.

Even the always arrogant Hong Yi and Hong Xing were shocked by the bodies of the Dark Blaze Dragons. It was the first time they had seen such a huge dragon. If they could ride on their backs, it would be so majestic and powerful.

The three dragons slowly landed, setting off a cloud of dust.

Everyone felt threatened. It seems that this is the opponent's main force. There is no chance of winning, and they can only rely on the Overlord.

Hong Tai was also thinking the same. 'This is probably the entire strength of the other party. Really good!'

However, a surprising thing happened. The three giant dragons embraced each other, and their tails crossed over their heads, forming a platform.

Ye Hua and the others appeared on it instantly. At this time, they were truly condescending, overlooking the entire imperial city and the despicable deities.

Ye Hua took out an ordinary wooden chair, sat on it slowly, lit a cigarette, and said aloud.

"You don't have to be nervous, this is just a cushion for this deity!"

## Chapter 415

"It won't hurt you."

Everyone was speechless...

Wouldn't it hurt anyone?

You are talking nonsense with a straight face.

People thought so in their hearts, not daring to say it directly. The scene in front of them happens once in ten thousand years.

Dark Blaze Dragons hugged together with their claws tightly clasping the other's body.

Just how sharp are the claws of the Dark Blaze Dragon?

Everyone was shocked by the scene in front of them. They don't have the words to describe the current scenario.

Who are they?

Hong Tai chuckled lightly. He thought that the other party would attack directly, but it turned out that he had no such plan at all. They seemed to know about his father's existence, thus not daring to act rashly.

"Father, your prestige has frightened them." Hong Yi smiled confidently. In addition to being shocked, he also felt fortunate that he was born into an Overlord's family.

Hong Tai said lightly: "This deity can naturally calm them down, Emperor, you should rest assured now."

"Right." Zhu Chengxuan now pinned all his hopes on the Overlord. It seems that the other party is still gauging them. Otherwise, why would such a strong beast not attack, but instead do this?

If Ye Hua knew his thoughts, he'd say "You know shit."

"Do you know what style is?"

"You stand on the city wall, while this deity sits on the dragon. A gap is immediately formed."

'In fact, these are just small beasts, but I appreciate the surprising faces of these deities. It makes my heart comfortable.'

'The previous approach was all wrong. Every time I attacked, I could have done this, thus improving my status.'

When he thought of standing on a Lei Gu before, Ye Hua didn't feel good. One skeleton standing on another skeleton. The scene was really a bit irritating. Those were all black history and must be erased.

Qing Yutong stood next to her brother-in-law. She felt much better than the last time she went to the Ying Family. These high-ranking deities are all cowardly characters. Her brother-in-law randomly brought three dragons to suppress the opponent's arrogance.

However, the purpose of calling three dragons was just to build a high platform, which seemed very cool.

'As expected of my brother-in-law, who has the act cool after smoking syndrome. My sister and Baizhi are really stupid, they missed this scene twice in a row.'

'If they were here, they could have done whatever they wanted. But, they aren't used to brother-in-law's temperament.'

‘You guys always oppose him.’

‘This baby is much smarter, and I really love my brother-in-law. Muah. Your sister-in-law will spank your ass~’

‘Humhumhum~’

It is estimated that Ye Hua now asks Qing Yutong to come and sleep, and Qing Yutong will take off in seconds.

In Qing Yutong’s words, it’s enough to hug her brother-in-law’s thigh for the rest of her life. She wouldn’t have to worry about anything.

When Qing Yutong’s system saw such a scene, it was also intoxicated.

This system can act cool in the system world for a lifetime.

The seven deadly sins are not used to it, but the feeling was different from before.

Tang Wei, Xun Fang, and the three big stars were also shocked, but they quickly got hold of themselves.

But the green and red brothers were in a state of shock. The scene was so magical that it felt like a dream.

It is normal for two brothers to have such thoughts. Some things need to be digested slowly. Facing such a big scene made the brothers a little uncontrollable.

Ye Hua also has plans in this regard. Letting these newcomers understand the world will be helpful in the future.

Zi Shan in the team seemed to be calm, but her heart was very excited. The people below were all the royal family that she used to respect and wouldn’t even be able to raise her head in front of them. She was forcibly added to the harem by Hou Xuelin. For a woman, this is the saddest thing. To offend the royal family is akin to committing suicide.

However, the royal family that was aloof in the past is now looking up tremblingly. This feeling is incomparable.

She secretly glanced at Ye Hua who was sitting on the wooden chair. All this was bestowed by this man.

In Zi Shan’s heart, Ye Hua is a complex person. Sometimes he seems to care about his subordinates, but his way of caring for people is really weird. Just like her and Yi Hong, all kinds of threats, and then all kinds of touching moments, after which they finally got together.

Thinking back to the beginning, it seems Ye Hua Shang had already made the arrangements. She and Yi Hong were firmly in control of him. He was really a man of both good and evil.

Fortunately, he didn’t fancy her. It’s very stressful to get along with such a man, and she really admires the two ladies.

Yi Hong is better for her. Although he’s a little bit silly, at least he’s sincere and takes care of her in every possible way. That’s enough.

“Oops!” Ye Hua suddenly thought of something and patted the armrest.

This made his subordinates’ hearts sink. They immediately bowed and apologized.

This move made the people below dumbfounded. What’s the situation?

“Father, look at their faces full of fear.” Hong Xing said in a low voice. This scene made people laugh.

Hong Yi smiled and said, “They must have been frightened by father.”

Hong Tai was silent, the man who was sitting just now seemed to have said something, and then the people next to him were very frightened. This explained one thing.

His subordinates are very afraid of him or are very respectful to him.

Actually, it is both.

Ye Hua sighed softly: “I forgot to bring Ah Li here. Today’s a rare opportunity.”

He wanted to train his subordinates, but he forgot to train his child. Ah Li was almost three years old. Now, it’s time to teach her.

“Your Honor, your subordinate can go and pick up little honor.” Wei Chang said respectfully, and the people next to him breathed a sigh of relief.

Ye Hua frowned and seemed to be considering whether to do it or not.

Jue Tian respectfully said: “Your Honor, you are going to pick up your child. This is out of the father’s love for the child. It does not mean that you’re admitting defeat.

“It’s normal, and besides, Your Honor has not seen little honor in a long while. She must be missing you as well.” Wei Chang softly persuaded. Quarreling couples are the worst thing for their children.

Ye Hua also misses Ah Li very much. It’s been more than a month since they saw each other, and it’s because of those two stupid women.

“Wei Chang, when you go to pick up the child, you say that this deity wants the child, and will send her back in over a week.” In order to teach his daughter such a lesson, Ye Hua also took the initiative to ask for the child.

“Yes.”

## Chapter 416

“Speak carefully.” Ye Hua urged.

Everyone smiled. Your Honor has a sharp mouth yet a soft heart. In fact, they got scared for a moment.

Wei Chang’s disappearance made the people on the other side a bit confused. Why did he suddenly leave, and what was he going to do?

"He got scared away?" Hong Yi sneered. Even before the fight started, they scared one.

Hong Xing smiled and said, "I thought everyone would be scared."

"Okay, you two talk less and observe more." Hong Tai reprimanded the two children like their mother. 'Spoiled. No vision at all. It's not that the other party is planning to leave, they are obviously preparing something.

As their father suddenly got angry, Hong Yi and Hong Xing did not dare to say anything.

"Emperor, let your army withdraw first. They won't be enough to fight the enemy." Hong Tai said lightly. The opposition has the strength of his level, and the army is useless.

Zhu Chengxuan also thought the same, but he did not dare to withdraw the army without the Overlord's order, otherwise, it would cause a misunderstanding.

Ye Hua watched the opponent's army withdraw and didn't say anything. Those will be cleaned up later. For now, their main force had to be killed first.

There is also an Overlord here. Time for revenge!

Good luck to you.

~Voidless Realm~

The Queen has moved...

The peak was completely burned out by her daughter, which made Donghuang Baizhi angry and helpless.

Only one more peak could be chosen as the palace, and the reconstruction work was still going on. Two vicious incidents have occurred in the past two months which made Donghuang Baizhi very distressed.

Looking back, she used to be safe and sound in the Voidless Realm. Since seeing Ye Hua again, bad things have happened one after another. He is really unlucky.

In the other courtyard, Qing Ya and Donghuang Baizhi were resting in the pavilion. They have been busy these days. They could finally rest after so long.

Donghuang Li was hiding not far away, secretly observing her mother's face, knowing that she had done something bad. Donghuang Li was scared to death, for fear that her mother would slap her butt.

Qing Ya sipped the tea and said slightly: "Baizhi, Ah Li is still young. Don't blame her."

"She's almost three years old. Still young. Don't worry about her. I'll make her understand her mistakes. In the future, there will be no such chaos." Donghuang Baizhi said angrily since her daughter's personality changed after following Ye Hua.

She used to be a well-behaved child, but now, all she knows is fighting.

Qing Ya burst out laughing: "You have to blame Ye Hua. He's the one to indiscriminately teach her."

"I also want to blame him, but he won't come." Donghuang Baizhi held back her mouth. "You can go back and admit your mistake."

"Then let's go together."

Qing Ya glanced at Donghuang Baizhi, and ruffled her hair: "I won't go back and admit my mistake."

"Then I won't go back either."

Qing Ya was helpless after hearing this. She smiled and touched her bulging belly. It felt good. Although Ye Hua was not by her side, at least his son was with her.

Biu

Wei Chang's figure appeared.

"Hello, Lady Boss." Wei Chang bowed slightly.

Seeing Wei Chang suddenly appear, Qing Ya and Donghuang Baizhi were overjoyed. It must be Ye Hua wanting to save face. He didn't come. Instead, let his subordinate come.

Then do they agree to it?

No sincerity at all.

Donghuang Li, who was hiding by the side, was also overjoyed. She felt that Uncle Wei appeared not to pick up Mama, but to pick her up.

'Hurry up and pick up Ah Li, otherwise Ah Li will be killed by Mama.'

"Wei Chang, what's the matter?" Qing Ya asked with a stern face, pretending to ask if she wanted to take a step down.

Wei Chang smiled slightly and said, "Lady boss, the boss misses you very much."

Wei Chang! This deity wants to kill you. When did this deity say such a thing?

In fact, Wei Chang followed the instructions of Ye Hua and said his words carefully...

Sure enough, after hearing her husband's thoughts, Qing Ya and Donghuang Baizhi's pretty faces gradually relaxed, with a hint of blush.

Ye Hua, you are too shameless to let your subordinates convey such words.

Seeing the faces of the two madams, Wei Chang felt that the preparation was almost done: "But he misses the child more."

Qing Ya: "..."

Donghuang Baizhi: "..."

He is obviously here to bring the child back, not them.

The good feelings that had just sprouted were gone.

“Uncle Wei, Ah Li also wants daddy~” Donghuang Li knew that her father must be missing her. She ran out instantly and jumped on Wei Chang’s body, and even whispered, “Uncle Wei, take Ah Li away. Mama has been very angry recently.”

Looking at her daughter’s reaction, Donghuang Baizhi sighed.

“Two Lady Bosses, the boss said, that he would play with Ah Li for a week, and then send her back.” Wei Chang explained and found that Lady Bosses, who was ruddy just now, were cold and frosty. Their personality change was too fast. Did he say something wrong?

Qing Ya didn’t say anything. After all, Ah Li was the child of Donghuang Baizhi.

The anger is another matter, but Ye Hua has not seen the child for a long time. They have even been busy at the Voidless Realm, so she can’t watch her herself. Ye Hua taking her would be the best.

“Alright then.” Donghuang Baizhi said lightly.

Wei Chang smiled and said, “Don’t worry Lady Boss. With the boss watching, nothing would happen.”

Donghuang Li nodded fiercely.

Donghuang Baizhi nodded helplessly.

“Madam, do you have anything to tell me?” Wei Chang asked, feeling that it was necessary to convey their thoughts back.

Qing Ya said lightly: “No.”

Donghuang Baizhi said the same: “No.”

“Okay, then the subordinates will go back first.” After speaking, Wei Chang disappeared with Donghuang Li.

The two women sighed at the same time.

It only took a few minutes for Wei Chang to return.

Donghuang Li didn’t pay much attention around her. Her eyes were on her father, so she rushed over and shouted sweetly, “Daddy~”

After speaking, she kissed her father’s cheek to express her love.

Holding his daughter in his arms, Ye Hua found that his daughter had grown a bit taller and heavier, but she was still so cute. Ye Hua showed a father-like smile: “Ah Li, have you listened to your mother during this time? ”

“Well, Ah Li has been very well-behaved during this time. I didn’t cause any trouble for Mama.” She added another sentence, only two burning peaks.

Ye Hua squeezed the little guy, and said, “Today daddy will take Ah Li to a class.”

"Ah Li likes class the most." After speaking, she began to look around and found that her father was surrounded by acquaintances. She greeted them sweetly, but when she saw the deities below, her little mouth was shaped like O. Such a spectacular scene.

## Chapter 417

Ah Li was still dazed. Ye Hua asked lightly, "What kind of attitude do they have?"

Wei Chang paused and said in a low voice, "They told me to convey to you that they miss you very much."

If Qing Ya and Donghuang Baizhi heard this, they would definitely go berserk.

When did they say such a thing? Wei Chang, you will have to give me an explanation!

After hearing this, Ye Hua was very happy. 'Since you said so, come back and bow your head to admit your mistake. Then this deity will forgive you.'

Donghuang Li came to her senses and thought that Uncle Wei was very smart.

"Yeah, Mama misses daddy. They call your name in their dreams." Donghuang Li was not lying... they did call his name...but not intimately... but Ye Hua, you bastard.

"Hahaha!"

Ye Hua suddenly let out a joyous laugh, which confused the deities at the bottom, why is he so happy? Is he crazy?

In fact, they were even confused about the man's sudden disappearance, and then reappearing with a child in his arms.

As soon as this child appeared, the man became very happy, it seemed that this child was very important to him.

"Father, this child should be his weakness." Hong Xing said aloud.

"If this child is caught, they won't dare to do anything." Hong Yi also said.

In fact, both of them put forward their views and ideas, thinking that their father would be relieved.

However, Hong Tai did not praise them.

"Daddy, who are they?" Donghuang Li jumped out of her father's arms and stood beside the platform built by the dragon's tail. Looking down, her legs felt numb.

Ye Hua also stood up slowly, and said lightly, "They are the ones who bullied Ah Li and Mama."

"Are those people from a few days ago?" Donghuang Li asked curiously.

"En." Ye Hua nodded.

Donghuang Li said angrily: "Daddy, they are all bad people, they want to beat Mama, but fortunately Ah Li drove them away~"

"So daddy came here today to settle the accounts for Ah Li and Mama! Well, Ah Li also wants to vent her anger."

Ye Hua was very happy with his daughter's attitude, but luckily she didn't follow her temper.

Ye Hua raised his hand, indicating that Wei Chang could start.

Wei Chang looked at the deities in front of him, and shouted, "Who is in charge?"

All the deities took a breath. Finally, the moment came!

Zhu Chengxuan glanced at the Overlord beside him, and the latter said lightly: "You say."

"I am the Emperor of Tianfu, who are you?" Zhu Chengxuan shouted.

Wei Chang shouted: "My Lord is here to settle the accounts. Make that prince come out."

Sure enough, it was because of the prince. Zhu Chengxuan said in a low voice, "Overlord, it is possible that this Overlord also wants the blood of Donghuang and Nuwa. He wants to kill me?"

"Don't worry, I'm here. They won't dare to do anything to you." Hong Tai said indifferently.

Zhu Chengxuan shouted, "Please tell me what he did."

Ye Hua motioned for Wei Chang to step back, and said in a low voice, "What's the matter? He dares to harass the women of this deity. You guys are so bold!"

"You killed hundreds of my sons." Zhu Chengxuan refused to accept it, harassing your woman, and you will kill all my sons. There is no justice!

Ye Hua sneered: "This deity killed your sons. Why does it matter to you?"

"..."

There was an uproar in the crowd. They had seen unreasonable people, but never to such an extent.

You killed someone else's son and said it was irrelevant?

What is relevant then?

Zhu Chengxuan was very angry at this sentence. He killed his son and said that he should care about his own business. Too arrogant!

"Your Honor, you have to be the judge." Zhu Chengxuan could only ask for help from the Overlord. This man was too arrogant.

Hong Tai nodded and lifted off slowly to level with Ye Hua.

"Which Overlord are you?" Hong Tai asked in a deep voice.

"Do you want to interfere in this deity's affairs?" Ye Hua asked lightly.

Hong Tai didn't expect the other party to give no face to him. Now he won't give the other party any face.

"This deity protects them, and naturally wants to intervene. That prince harassed your woman, which is wrong, but you also killed a hundred sons of the emperor. It should be considered even!" Hong Tai still wanted to retreat without fighting. After all, these three dragons are no joke.

Ye Hua was itching to kill this Overlord, but if he kills him now, then they will no longer have hope. First, he needs to give them hope, then replace it with despair.

"That's just a warning notice. The women of this deity, you deities dare to offend? You think your life is too smooth sailing?"

"Then what do you want?" Hong Tai said coldly.

Ye Hua said lightly: "Kill."

"Come on, daddy~" The little guy cheered her father up. The people standing opposite her father were all bad guys.

Hong Tai glanced at Donghuang Li and thought about how to avoid fighting.

"How about this? We will send our men to fight one-on-one. Whoever secures two rounds out of the three will win. If we win, then you take a step back. If not, then I will take a step down."

Ye Hua felt that Hong Tai's suggestion was feasible, although it was a one-sided situation, it would give them hope.

"Yes."

Hong Tai nodded, and then went down to discuss with the emperor who to send to fight.

Ye Hua looked at his subordinates and asked lightly, "Who among you wants to try it out?"

"Daddy, Ah Li wants to go." Donghuang Li seemed very positive, but Ye Hua was not going to let his daughter go. Today, she was just here to observe, nothing else.

Seeing that daddy ignored her, Donghuang Li held back.

"Your honor, your subordinate is willing to fight." Tang Wei walked out slowly and bowed.

She wore a tube top dress with white flowers. Wei Chang is really lucky.

"Okay, don't let me down." Ye Hua said lightly.

"Yes."

After speaking, Tang Wei jumped down like a superwoman.

Tang Wei landed on the ground with a bang. The ground under her feet cracked, and a wave of air emanated.

This way of entrance is very beautiful. Ye Hua couldn't help nodding, and said to Wei Chang: "You taught her well."

“Thank you for your praise.”

Lie Gu secretly negotiated with his three wives. They must seize the opportunity and do their best in front of Ye Hua, then he will also be praised by him. Look at Wei Chang now, he looks so sullen.

Due to the retreat of the millions of troops, a large open space was left, and the appearance of Tang Wei made these deities smile in disdain.

Although this way of entrance was very beautiful, many people can do it. Because she is a woman, many people didn't take her seriously.

## Chapter 418

The Hong brothers on the city wall carried a contemptuous gaze. Are the others so scared that they sent a woman out to die? It's a pity for such a beautiful woman. This dress is really tempting... so big... so deep.

“Emperor, who's going to fight?” Hong Tai asked aloud. This is the best way to avoid a battle.

He can also keep his prestige. After all, these three dragons are no joke.

“Father, why don't you let this child fight?” Hong Yi, who was beside him, asked him to fight. It would be inappropriate if he didn't show his face in such a scene. He needed to flaunt people with his strength.

Hong Tai still knew what his son wanted to do, he just wanted to show off.

“Father, this child is also willing to fight!” Hong Xing said. As an Overlord's child, he was born with a golden spoon, and now he is half a foot into the Overlord's ranks. If he is quick, within the next ten thousand years, there will be two new Overlords.

This is simply bullying till death. Seeing that Tang Wei was just a girl, they wanted to bully her.

If Wei Chang was not sure, he wouldn't have sent Tang Wei to play.

To put it bluntly, even if Tang Wei was fighting against an Overlord, there was still a chance of winning. So now that she is going to fight, it is obvious that she's the real bully.

This is the reason why Hong Tai can't see the strength of Ye Hua and others. Everyone is higher ranked than him. This is something that he never dared to imagine.

Although the Seven Deadly Sins all call Ye Hua an Overlord, even he is not very clear about his strength.

If one takes the current Seven Deadly Sins to be an Overlord, then he is already above them. Because there is no title, he can only be called the Supreme Overlord.

The Seven Deadly Sins could team up against all the Overlords back then, indicating that they already had the strength of Overlords, not to mention now that their strengths have reached a perverted level.

Wei Chang can easily create a supreme team.

Just like the green and red brothers, from 0 to 100 in a matter of seconds.

So, they don't even know what kind of team they are facing. This team is the definition of a cheater.

Tang Wei alone is enough.

At this time, Tang Wei was no longer a young college student. She was completely calm in the face of such a scene.

Ye Hua also saw it and hoped that everyone on the team could be on their own so that he could relax.

Suspected of being lazy.

At this time, Zhu Chengxuan was hesitating about who to send. Although the Overlord's son asked him to battle, the Overlord didn't express his opinion. It seemed that he wanted to gauge the strength of the opponent.

Tang Wei stood on the vast plain. Although her small body looked petite, she gave off an extraordinary feeling.

As a woman, she could have such composure on this occasion. The other party admired her, yet felt pity.

"Who dares to fight me?" Tang Wei shouted in a cold voice.

'This is the first time I'm performing for Your Honor, I can't afford to make any mistakes. It won't be a shame for myself, but I can't bring him any shame.'

So, she doesn't only want to win, but to win cleanly.

Everyone could hear her sweet voice. The deities' faces were a little dark. They were despised by a woman!

"Your Majesty, I'm going!" From the sect, a handsome man walked out. He was wearing a simple white robe with no decorations. He looked refined yet naive, making it seem like he hadn't explored the world.

Zhu Chengxuan evoked a smile: "Then I would have to trouble you, sect master."

"Your Majesty is being polite. It is my duty as a cultivator to eradicate evildoers." He seemed extremely respectful, but don't be fooled by his illusion. Although it seems respectful in front of the emperor, he wanted to show off in front of the Overlord, which would be extremely beneficial for his sect and himself.

Zhu Chengxuan said happily: "Okay, this emperor will await your triumphant return."

"Wen Lu, patriarch of Sea Mountain School!" After speaking, he flew towards Tang Wei.

The Hong brothers almost choked. This guy is such a show-off!

Gently landing on the ground, Wen Lu took a look at the woman in front of him. From the perspective of appearance, this woman was a rare beauty, but judging from her clothes, she did not appear to be powerful, rather she resembled a rich woman. The woman is average, but from the perspective of momentum, she can be regarded as a hero in women's middle school.

“Wen Lu, Sect Master of Sea Mountain School.” Tang Wei paused, ‘Should I continue with my name? Like on TV.’

“Tang Wei, a senior student at Long’an University!” Tang Wei could only say that. There is no sect established by Ye Hua, and she has no position, unlike Uncle Wei who has the role of one of the seven deadly sins...

He was a little surprised. This girl was just a student, and he was the sect master. If she won, he wouldn’t be able to show his face anywhere.

“Haha, this woman is still a student. It seems that the other party has no one who can fight.” Hong Yi continued to laugh at the other party.

The surrounding royal family didn’t say a word, this man just relied on his father to be the Overlord. He never suffered any hardship.

Without hardships, how can you understand the cruelty in this world?

Ye Hua sat on the wooden chair with his daughter in his arms, and asked, “Tell me how many moves for Tang Wei to win?”

Uh... this is a really hard question.

“Little Green, tell me.” Ye Hua asked.

Lu Hong was frightened. How would he know? He could only guess: “Your Honor, three moves should be fine.”

“Lie Gu, you tell me.” Ye Hua continued to ask.

Lie Gu touched his chin and said softly, “Your Honor, two moves.”

“Aunt Tang can do it in just one move.” Donghuang Li, who was in Ye Hua’s arms, suddenly said. It seemed that she had immense confidence in Tang Wei.

Ye Hua touched his daughter’s head: “Wei Chang, what do you think?”

“Little Honor is correct. One move is enough.”

“Ah Li knows that aunt Tang is very powerful.” Donghuang Li said happily, ‘Daddy, come and praise Ah Li. Ah Li is ready.’

Ye Hua said indifferently: “That’s good, if she uses two or more moves, then this deity will criticize you.”

Wei Chang bowed slightly to imply that he was overly concerned.

If these deities could hear the conversation between Ye Hua, they would definitely say aloud, “This is the famous Sect Master, who is extremely powerful. If he cultivates for another ten thousand years, he will definitely become a powerful Overlord.”

You actually said three moves, two moves. Just one move!

Where does your confidence come from? Wen Lu might be able to deal with her in a single move.

On the field, Wen Lu took the lead in taking out his weapon.

It was a very thin and long sword, akin to an embroidery needle. As soon as it appeared, a powerful wave erupted, and the sky and the earth were all discolored, and the wind was surging.

“This is Venus Tear, a godly item. Take out your weapon.” After speaking, Wen Lu’s aura erupted with full force. His eyes were as deep as stars, as if he was the only one in the world, and the others were just ants. [Might be the shortened version of lí huā dài yǔ which means the tear-stained face of beauty.]

In an instant, the gust of wind suddenly rose, and an invisible pressure burst out. A powerful breath echoed between the heavens and the earth, even the people in the imperial city felt it. They wanted to kneel and worship it.

## Chapter 419

The other sect masters were very shocked, this Wen Lu is so strong. No wonder he dared to fight.

Hong Tai was also a little surprised. This person is half a step into the realm of the Overlord. If given enough time, he will be able to become an Overlord in the near future.

As for how long? Maybe tens of thousands of years.

After all, becoming an Overlord is not that easy.

The deities felt the pressure of Wen Lu and were joyful.

“There is hope. The sect master will surely win.”

“This goes without saying. It’s overkill.”

“It’s a waste to kill chickens with a butcher’s knife.”

The deities felt hopeful even before the battle. Some of them even started to celebrate their first victory.

Ye Hua looked at these salted fish and chuckled lightly.

‘Laugh, be happy. Laugh for the rest of your life. Despair has just begun!’

In the field, Wen Lu’s aura had reached its peak. He felt that one hand could pinch the opponent’s white jade neck.

“Show your weapon.” Wen Lu said in a low voice. Facing his aura, the other party turned out to be indifferent. Either she came prepared or was frightened.

It should be the latter. Besides, if the opponent doesn’t even show her weapon, he will be completely unperturbed.

What is there to show off to win against a woman? Let alone a woman without weapons.

Tang Wei's pretty face didn't show the slightest bit of movement. The wind blew on her body, making her hair flutter, and the dress on her body rattle.

"My hands are the best weapons." Tang Wei clenched her pink fists and said slowly.

Hands?

The deities were stunned for a moment and then burst into laughter. This woman is crazy.

Shameless!

To actually use your hands to fight against the sect master with a godly item. This is the way towards self-destruction.

This woman is dreaming about winning with her hands.

Wen Lu's face changed slightly. This woman was so arrogant, she even said such arrogant words. She simply didn't take him seriously.

"Good! I'll show you what real strength is."

After he stopped, the pressure increased a little again. The Venus Tear in his hand emitted a dazzling white light.

"Heart-destroying sword!"

The surrounding temperature instantly increased, as if all the water molecules were drained, akin to a desert. A sword light swept over, with the tendency to turn over and overturn the sea. It seemed to crush everything in the world. This sword reached the state of unity between man and sword.

For Wen Lu, performing such swordsmanship is a kind of enjoyment, akin to a beautiful melody. At this moment, time seemed to stop, and there was only the sword in his eyes.

All the deities held their breaths when they saw the killing move at the beginning of the battle. They were shocked by the heart-destroying sword in front of them. This is the strength of a sect master.

He lives up to his reputation. In this battle alone, his fame will inevitably sweep the entire Tianfu and overwhelm the heroes.

At this time, those sect masters regretted not showing off earlier. If they were decisive and won this battle, then their sects would also usher from now on.

At that time, no one cared about Tang Wei's actions. Against such a powerful move, she would turn into dust. It will not be difficult for Wen Lu to win this round.

Tang Wei's beautiful eyes looked at the menacing sword light, and her right foot slammed back.

Boom!

The ground was torn apart by her high heels, and the right fist was slowly tightened and placed on the waist.

A black aura slowly radiated out, condensing on Tang Wei's pink fist, and at this time, Tang Wei's emotionless eyes were pitch black.

As Tang Wei gathered her strength, the ground under her feet gradually collapsed, and the black aura on her body became darker and darker, akin to a black flame.

Tang Wei's actions made the deities freeze their smiles. What's with this situation?

The next instant.

Tang Wei stepped up on her right foot again.

Boom boom boom!

At a radius of a hundred kilometers, the ground started shaking, as if the arrival of an earthquake of magnitude 9. The ground seemed to be split open, and gaps appeared. From Ye Hua's point of view, the cracks extend to the sky.

The imperial city immediately activated the defensive state, otherwise, it would be completely destroyed under this kick.

This is Tang Wei's true strength. This is the first time in history that her strength was fully released.

After all, earth is her home, so she tries to suppress her strength as much as possible. And not only Tang Wei, but everyone is the same.

But here it is different. She can fully let go and fight.

Every deity was staring stupidly. There is such a powerful destructive force in her foot.

Is she still a woman? This is simply a humanoid monster, the King of Destruction!

Tang Wei's kick was even more shocking than the "Heart-destroying destroying".

As an Overlord, Hong Tai was shocked that this woman had such a powerful strength. He couldn't even assess her strength.

This is clearly half a foot into the ranks of the Overlord.

Hong Tai looked up at the more than ten people above the dragons, 'Are they all?'

Emperor Zhu Chengxuan's mind was blank, he thought that a woman was nothing against Wen Lu, the sect master of Sea Mountain School.

But...

But Tang Wei's foot completely crushed the hopes of the deities.

Ye Hua was very satisfied with Tang Wei's actions. 'This is a good step. Not only shocking but also stepping on the faces of these deities to let them know that you, Tang Wei, are not easy to mess with.'

Wei Chang looked at his woman with admiration in his eyes. As expected of the woman he liked, this aura had the style of his own from back then.

When Tang Wei stepped on like this, the high heels under her feet did not break in the slightest. It is really amazing.

With Tang Wei's step down, the right fist was struck.

"World-destroying Punch"

The kick just now was a way to pave the path for this punch. The so-called borrowing force to exert even more force.

This fist blasted out, producing a huge sonic boom. The black malevolence wrapped around Tang Wei's pink fist, like a black sun.

Boom!

The two forces suddenly collided, and a loud roar resounded through the sky. All the mountains collapsed, and the dazzling rays of light shot straight into the sky, dispersing the black clouds.

A ferocious aftermath spread around, and when it touched the barrier of the imperial city, the entire barrier trembled, as if it were about to burst open.

The sun shined onto the earth again, but the ground that was originally level has been deeply sunken with countless bottomless cracks.

Chapter 420

The faces of all the deities remained demented. Their mouths were wide enough to stuff ham in them.

It's like finding out after an orgasm that the other person was a man.

This woman was so terrifying. To actually survive the attack of the Sect Master. Simply a miracle.

However, many people found that the godly item in the hands of the sect master had disappeared.

~In the field~

Wen Lu's face was unusual. Tang Wei stood up and looked very graceful. It was as if she hadn't hit him just now.

"Impossible. It's impossible." Wen Lu murmured in a low voice.

The scene just now was replayed in his mind, and the opponent's fist hit him directly.

Accurately towards the tip of his sword.

Previously, he was still overjoyed, yet now a woman was capable of suppressing his godly item with her fist.

But what happened next surprised him. Before the little fist could touch him, his Venus Tea vibrated violently, and it began to dissipate from the tip of the sword.

Then the whole sword turned to dust.

The godly item turned into powder under the fist. Unless she is an Overlord, how could it be possible to destroy a godly item with her flesh?

Wen Lu slowly raised his head and asked in a low voice, "Who the hell are you?"

If he didn't ask this question, he would die an incomplete death.

Tang Wei said lightly, "I'm just an ordinary college student, and of course, I'm the subordinate's subordinate of my lord. Also, the wife of a subordinate."

Hearing this answer, Wen Lu's eyes widened. He slowly looked up at the man sitting in the chair.

The subordinate's subordinate have such strength. What kind of strength do subordinates have? And what kind of strength does their lord have?

They are a bunch of demons... demons...

He suddenly laughed, he died because of his actions.

A gust of breeze drifted by, and Wen Lu dissipated, turning into dust...

Not even the primordial spirit was left behind, which shows how terrifying this punch was.

Such a scene was unbelievable to the deities. This was one of the top ten masters of Tianfu. He couldn't even take a punch from the opponent. This is unbelievable.

The ones who were preparing to celebrate just now are now dumbfounded, and their hearts were full of fear.

It was like a child hitting an adult. Everyone thought that the adult would win, but he didn't expect the child to knock on the adult. Even more so, knocked down without any force.

After completing the task, Tang Wei returned to the tail of the dragon, leaned slightly, and said respectfully: "Your Honor."

Ye Hua nodded and said lightly, "You did a good job."

"As it should be." Tang Wei behaved very modestly. But in the eyes of these deities, such humility was a different thing.

Surprisingly, such a powerful woman is respectful to that man.

Ye Hua raised his hand, motioning for Tang Wei to return to the team. Tang Wei bowed and retreated to the back of the team.

At this time, all the deities reacted, and the woman seemed to be standing at the rear of the team.

Then what the hell is standing in the front?

Those sect masters changed their minds. This is not a fair fight anyway. Fortunately, they didn't go just now. Otherwise, they'd be dead.

"Your Highness...this can't be good..." Zhu Chengxuan asked in a deep voice, even the sect master could not win.

Hong Tai's face was calm, he underestimated their strength. Where did these people come from?

Hong Yi and Hong Xing behind them didn't dare to speak anymore, acting like good babies.

Tang Wei's move stunned the two of them. As the sons of an Overlord, their strength is indeed good. The realm that others have cultivated for tens of thousands of years can be achieved in a thousand years.

Their strength was not very different from Wen Lu's. Thinking about the battle just now. If their father allowed them to fight, they'd be the ones to die.

It's their father's wisdom...

Anyone who was sent up there would have died in that situation.

"Emperor, don't worry. This deity promised to protect you. I'll naturally keep my word."

After speaking, Hong Tai flew out of the barrier. For him, such a barrier was nothing.

Seeing this Overlord appear, Ye Hua sneered in his heart and couldn't sit still.

"Overlord, why don't we learn from each other?" Hong Tai stood above the void and asked aloud.

'Since becoming an Overlord, the second fight felt so useless. The first time was five years ago, when I was fighting against that group of aliens.'

Without waiting for Ye Hua to speak, Donghuang Li made a face at Hong Tai: "You are so weak, I won't learn from you."

This dignified Overlord was called a weak chicken by a child, and that too on his face.

Seeing the three dragons, Hong Tai held back.

Until now, Hong Tai was afraid of the three dragons, not the dozen or so people.

Ye Hua looked at this familiar face and said, "Children usually tell the truth. If you want to learn from me, you're really not enough..."

Although this is a light statement, everyone agreed. Ye Hua deliberately told everyone.

The other party's Overlord held disdain for them. Even his tone was filled with ridicule. Everyone's heart was in their mouth. What will happen next?

"You! Don't think that, just because of the Overlord's Treaty, I won't dare to do anything to you!"

Hong Tai was very angry with Ye Hua. He originally wanted to use this treaty to protect himself, but now he said that Ye Hua is relying on the treaty. He is really shameless.

Ye Hua chuckled lightly and stood up slowly: "Overlord's Treaty? I don't even remember how many Overlords I killed."

"You! You killed a lot of Overlords?" Hong Tai's face sank, he asked in a cold voice.

Ye Hua felt that the act was almost over. He has no interest in watching it anymore. Now he should give them the last wave of despair. This Overlord would be helpful in that regard.

“Yes, a lot...a lot...” Ye Hua took out a cigarette and lit it. He squinted slightly to look at Hong Tai. He liked his expression very much, the fear in his nervousness.

Hong Tai suddenly laughed: “Do you think you can scare me? Do you think that you’re scary?”

As he spoke, a supreme aura exuded. The power of the aura is very important, especially at the level of Overlords. The more powerful one will win.

And the deities below only saw them talking and didn’t hear the content, but it seemed from the action of the Overlord that a fight was about to commence.
