#### Chapter 43.1: He hit me 1/2

“Slap!”

“I dare you to hit me one more time! Do you know just how formidable my background is!”

“Slap!”

“My background can stab you to death with just one finger!”

“Slap!”

“My background...”

“Slap!”

“My back...”

“Slap!”

“It was me who smashed broken the phone.” The manager was actually slapped by Wei Chang to the point that he started crying. This was the life of someone who just wasn’t afraid of anything, no matter how formidable your background was, in any case, he was just going to slap your face.

Other than Ye Hua, everyone else was all astonished. This security guard had simply rewritten their world outlook. Although what the security guard did was indeed very venting of anger, he was still too impulse already. Right now, you are indeed feeling great, but have you thought of the consequences that will be coming to you later on?

Qi Xuewen was also very astonished. This uncle of Tang Wei’s is not simple eh, the speed of his slaps were all extremely fast, they were even fast to the point that it was almost able to catch up to my own speed. From the looks of it, it seems like he is a martial artist.

Right now, Tang Wei’s heart was drunk with infatuation. Uncle Wei actually risked his life to danger just to stick up for me. I’m so touched by Uncle Wei. Even when the manager said that he has a very formidable background, Uncle Wei was still not afraid of him. This is what I call a real man!

“Ye Hua, this employee of yours is too...”

“Too ruthless...” Qing Yutong helped her big sister finish the sentence.

Ye Hua said faintly, “You two have not seen the much more ruthless side of him, he is only merely playing around now.”

“Brother-in-law, can you please change this bad habit of yours of always wanting to act cool?” Qing Yutong poked onto her brother-in-law and said with a smile. Actually, I just love to watch brother-in-law act cool, it is just too interesting.

Qing Ya was currently still within Ye Hua's embrace, as she said calmly, "Your brother-in-law is even contracted with acting cool after smoking syndrome too. Every time after he finished smoking, he has to act cool."

"Ah, brother-in-law, you actually contracted a syndrome like this? Is there a cure for it?"

Qing Ya pouted her mouth, "From the looks of it, this is an incurable disease and there is no cure for it."

Slap!

A slap landed steadily onto Qing Ya's butt, and Qing Ya herself was stupefied after being slapped.

Qing Yutong cried out in surprise, "Big sister, upon seeing this scene, I suddenly recalled back to the scene in the past where you were slapped onto the butt by father when you were small."

"Hahahaha!!!" Ye Hua suddenly started laughing out loudly. This laughter of his seems to possess a kind of magnetism as everyone all looked towards the direction where Ye Hua was at.

Qing Ya wished that she could seal up her sister's mouth as she immediately separated herself from Ye Hua's embrace and sat at one side to calm herself down.

Qing Yutong was really stupefied this time. Just what did I say just now, to actually cause this aloof brother-in-law of mine to let out this kind of laughter. And this big sister of mine, being both bashful and angry at the same time, just what is going on...

#### **Chapter 43.2: He hit me 2/2**

Wei Chang also saw Ye Hua who was laughing out loudly and his heart sunk! I'm not sure if His Honor is satisfied with my performance earlier on or not... No, it was not enough! I have to show off my performance again, and this time, I have to make it seem like I have the brains.

Tang Wei saw the boss and lady boss... and she wasn't sure just which one was the lady boss. It couldn't be that both of them are the lady boss right? However, it doesn't matter, it is enough for me to just have Uncle Wei, my feelings towards the boss is just that of a fan towards her idol.

"Xiao Tang, how much did the phone cost?" Wei Chang was a lot more alert right now, just like a student who was taking his exam.

Tang Wei seemed to not want to create more trouble for Wei Chang as she said, "Uncle Wei, forget about it, the phone didn't cost much anyway."

Slap!

Wei Chang bestowed another slap to the manager, and the latter said in grievance, "I didn't even say anything."

"Your expression was speaking!" Wei Chang said coldly. I feel that what I just did would definitely be able to make His Honor feel satisfied, after all, I am able to accomplish discerning what someone is thinking by observing their facial expression.

The manager really wanted to die, without thinking too much, he immediately closed his eyes. This time, you won't have an excuse to hit me any more right!

Slap!

The manager was in despair...

"Why..."

Wei Chang said in a deep voice, "You were speaking with your body language just now."

After finish speaking, Wei Chang secretly took a glance at His Honor. I am even able to discern one's body language now, it should be able to add points for me right.

The manager swore that he definitely did not move at all just now. This damn security guard is basically just looking for excuses to hit me!

Slap!

Tears started sliding down the manager's sturdy face as the manager held onto his face and whimpered, "I closed my eyes just now and didn't move at all, why did you..."

"You were speaking in your heart!" Wei Chang felt that he did well enough already, I am even able to discern one's thoughts now.

Qing Ya and Qing Yutong were both laughing hard. This handsome uncle is too amusing, you have already hit the manager to the point that he is in despair, and the reasons that you gave for hitting the manager are really... formidable.

A slight smile appeared on the corner of Ye Hua's mouth. Wei Chang's performance today is pretty good, to be able to discern a human's thoughts from every aspect, he can be counted as having improved by a small bit.

"Xiao Tang, how much did your phone cost?" Wei Chang turned around and asked lightly.

Tang Wei right now was currently in the state of being infatuated. When Wei Chang hit the manager, he was so cold, but he is this gentle and kind when he speaks to me.

Eh... Wei Chang wants to express that, is this truly the expression of being gentle and kind? It doesn't seem like it, right?

No matter what, within Tang Wei's eyes, Wei Chang was indeed gentle and kind, once again proving the point that women were complicated.

"1888 rmb." Tang Wei said softly.

Wei Chang nodded his head, "Pay up for the phone!"

Big brother, couldn't you have say it earlier, isn't it just merely money? If you said it earlier, I would have already pay you the money for the phone.

"What is going on, why is it so noisy! Don't you know that I am receiving important guests right now!" A middle-aged man could be seen unhurriedly walking down, his aura was out of the ordinary. Behind the

middle-aged man, there was a young male and female. The male was handsome, wearing an unique white western suit, and the watch on his hand should be an Audermars Piguet watch. The material used for this watch was 18k rose gold, showing off grandness and richness, and the selling price of it was a shocking 8 digits price.

The female was incomparably gorgeous. With a devil-like figure, an exquisite face that was filled with the brilliance of a woman of the east, that gentle expression on her face, a gown that was very unique, from the looks of it, the gown was custom-made, and on her hand, there was also a rose gold watch. It seems like the watch that both of the male and female were wearing was a couple watch.

Seeing that his savior had come, the manager didn't care about the risk and crawled in a rush to the front of Jiu Ye and hugged onto Jiu Ye's leg. While hugging onto Jiu Ye's leg, he pointed to Wei Chang and said in grievance, "Jiu Ye, he hit me..."

Half of Jiu Ye's face immediately turned black. This shop was opened together with a very mysterious person, just that the mysterious person was very low-profile and did not like to open a big shop, which is why this shop is only at this scale right now. If it was up to me, I would have definitely made this shop as grand as possible.

However... a subordinate of mine actually got hit to the point that he became a pig head, and the main point is that, this subordinate even acted like a child, running to the front of his parent to complain. My face have all been thrown away by this subordinate!

"You can scram already!" Jiu Ye said in a deep voice. This kind of person is not of any use at all, to not even have the courage to hit back.

The manager looked at Jiu Ye with teary eyes. Why did everything became like this, am I in the wrong for not being a match for that security guard! Am I in the wrong for bringing out my background! Am I in the wrong for asking for help when I am not a match for that security guard! Why are all of you like this, I am not playing anymore!

"Jiu Ye, your subordinate sure is interesting." The young man who was at the back laughed lightly.

Jiu Ye sighed, "Young master Xiao, madam Xiao, excuse me for this unsightliness."

Nangong Xinyi smiled sweetly and did not say anything. Each and every gesture of hers revealed the demeanor of being a part of an influential family.

Looking at the people that were walking down, Qing Ya was slightly astonished, and Ye Hua felt Qing Ya's slight astonishment, thus asked, "What's the matter?"

Ye Hua looked over. This man's appearance is not bad. The woman's appearance is not bad too. However, when compared to my woman, she is inferior. Do you know why she is inferior when compared to my woman? It is because Qing Ya is my woman, and by being my woman, she is naturally far more superior than all women.

"Nothing, I am just a bit surprised that they would appear here." Qing Ya said lightly.
