

My Woman 431

Chapter 431

"Mommy Qing, are mommy and daddy giving birth to a younger brother?" Donghuang Li asked innocently, as she was very happy. 'Daddy and mommy finally reconciled, so I don't have to worry about them. I can honestly be a playful little girl. It will be fun to play with my younger brothers in the future.'

Qing Ya was helpless, thinking that the current Donghuang Baizhi should be happy, right? She said, "Yeah, so let's not disturb them."

"Oh, then when are we going to meet them?"

"Uh, wait for four or five days." Qing Ya can only say that. If it wasn't for her pregnancy, Ye Hua would have caught her a long time ago.

Thinking of Ye Hua's ferocity that night, Qing Ya became afraid.

'I hope Donghuang Baizhi can withstand the first wave of damage.'

If Donghuang Baizhi knew that she was being sold by Qing Ya, she would spare no expense to let Qing Ya taste Ye Hua's rudeness.

The first wave of damage had already been neutralized.

At this time, Donghuang Baizhi had only one thought, that is, to conceive a child earlier.

Ye Hua got more and more obsessed with his wife's delicate body, the kind that will ignite a fire at first sight. He basically spends the entire day in bed.

The next day was the same.

Donghuang Baizhi wanted to run away, but she didn't even have the strength to talk.

In the evening, there was not a single customer in the entire bar, while the Seven Bar to the opposite was overcrowded.

Tang Wei, Zi Shan, and Xun Fang didn't care because they were angry at something else.

Look at Ye Hua, how much he would hurt his wife. After they returned, he didn't come downstairs for two days.

Also, the Madams are much luckier.

Looking at themselves, their man doesn't even move! It feels as if they're widowed!

At this time, Zi Shan, Tang Wei, and Xun Fang sat on the deck next to each other, their faces full of resentment.

"What do you think these men think? Why can't they be high-ranking people?" Zi Shan said angrily. She lived for thousands of years, yet doesn't even know what it was like to be a woman.

'I hadn't met someone I liked before, but now that I do, it's still the same as before. It's too annoying.'

Xun Fang sighed: "You guys are lucky. At least your men have meat. Look at mine, his bones are hard, and I have to use a cushion."

Xun Fang let out a long sigh: "It's just stuck at this point. He doesn't ask because he's shy, while me being a girl makes me feel like I really want it."

"Don't you want to?" Zi Shan was straightforward, making Xun Fang's pretty face flush.

These are simply three resentful women. It's not that their men can't do it, but that they don't like them at all.

"Tang Wei, what about you? Uncle Wei didn't move?" Xun Fang asked curiously.

"Uncle Wei. I don't know what to say about him. I don't even give him any hints now. He can touch it whenever he wants."

It seems that Tang Wei has seen it thoroughly, no matter how crazy she implies, Uncle Wei will not understand.

She was naked and stood in front of him, while Uncle Wei actually said, "Oh, why don't you wear clothes? You'll catch a cold, so put them on quickly."

Since then, Tang Wei has completely given up. She will be afraid if she keeps suggesting it, it will cause internal injuries.

Zi Shan said in distress, "I shouldn't have agreed with Yi Hong in the first place."

Tang Wei smiled and said, "Zi Shan, with your figure, it will just take a little temptation. My Uncle Wei doesn't even get tempted."

"Tang Wei, you think I haven't tried it? I went to Jingdong to buy a transparent suit, but do you know what Yi Hong said?"

Tang Wei and Xun Fang became curious. It would be a miracle if a man could resist her temptation.

"Yi Hong actually said that a sale would be coming soon. Then I can go and buy them at a discount. I want to discount his legs!" Zi Shan irritably replied.

Tang Wei and Xun Fang also smiled.

"I'm already dressed like this, yet he actually thought of a discount. Oh God." Zi Shan covered her pretty face.

Tang Wei patted Zi Shan's shoulder: "It seems that we have met honest and just men."

Xun Fang let out a sigh of relief, 'Little skeleton should not be so honest, after all, he has no meat, so I can't do anything about it.'

At this moment, Tang Wei whispered, "Do you know Jue Tian?"

Xun Fang and Zi Shan nodded, they had met him but were not familiar.

"I heard Uncle Wei say that he has two women and they do it every day."

These three women were bored to death. They even started to gossip about things like this. If others heard this, they would start drooling, making them envious.

Xun Fang also whispered: "Lie Gu seems to be the same. I really envy them."

The three women sighed and looked at their man not far away.

Of course, they weren't discussing such vulgar things. It's simply vulgar! Too vulgar!

Wei Chang held his mobile phone and frowned tightly: "Death Mage, how many goals did you bet upon?"

"Three goals, Manchester United will win!" Death Mage was full of confidence and made a direct bet.

Gamble? This is the strength of this mage. If he didn't brag so much, he could definitely lead everyone to be well-off.

"What did you bet, Yi Hong?" Lu Hong Lu glanced at him, while Yi Hong immediately shrank.

Lu Hong raised his hand and clapped: "Don't think that you have a wife and I won't dare to beat you. Your wife also told me to keep an eye on you, so let me see."

Yi Hong paused and said in a low voice, "Don't tell her. The money was originally saved to buy her a bag."

"Okay, okay, I won't say anything."

When Lu Hong saw the bet, he gasped: "Fuck, aren't you afraid of being beaten by your wife?"

This guy even bet 5,000 yuan! That's his salary for two months. He and Zi Shan only get a total salary of 5,000 yuan a month, and they are all gambled.

Lu Hong seemed to have seen his younger brother kneeling on the keyboard, and Zi Shan sat aside and watched coldly.

"The multiplier is high. If we win, it will become tens of thousands. Besides, Big Brother skeleton said that he is the god of gambling." Yi Hong said with blind trust.

You must know that the Death Mage used to live in a villa. Now he sleeps under the flyover after the game.

"Elder Brother, how much did you bet?" Yi Hong glanced at him for a moment, and then exclaimed, "Ten thousand!" [Can also be gang leader or boss.]

"Shhh! Be quiet, these are all my savings."

Wei Chang felt that he could trust his subordinate. He had tens of thousands of savings, originally intended for marriage. Yet now they're getting gambled.

The bicycle will become a motorcycle. He wanted to give Xiao Tang a better wedding.

But is this what Tang Wei wants? She obviously doesn't.

Chapter 432

The death mage was confident in himself. He betted all his family's money. After winning, he'll get hundreds of thousands. After winning, he would act cool in front of Xun Fang and say: "If you want to recharge in the future, you have to call me uncle, otherwise there is no money for you."

This mage takes pleasure in cheating.

Wei Chang turned on the TV in the hall and put it on the TV5 channel. It's about to start!

The four men were very excited, it was a gamble that they couldn't lose.

The three women sitting at the side were curious. Why did the four men start watching football? Are you all so bored?

However, Xun Fang doesn't know about the dark history of Death Mage, because when she met him, Death Mage had sworn that he would never bet on football again, and henceforth has always been fishing.

So, without thinking much, the three women continued to chat about "vulgar" topics.

No way, this is a common topic, and the more they talked, the more energetic they got.

Little did they know that the men had begun to gamble.

Lu Hong was okay. He was alone and no one would care if he lost everything.

Yi Hong is different. A family man who has to support his wife.

The same is true for Wei Chang. Although he is not married, he has already regarded Tang Wei as his life partner.

The death mage was still the same, mysteriously confident.

"Goal scored! Manchester United scored the first goal of the game!"

With the high-pitched voice of the commentator, the four men hammered the table.

Boom!

The three women frowned and looked over. 'What are you excited about scoring a goal? I have never seen you watching football before.' They instantly became suspicious.

Wei Chang said in a low voice, "Calm down. Isn't it just to score a goal? Look at your appearance. Keep calm!"

The three subordinates were silent, 'Just now Uncle Wei, you hammered harder than us.'

Soon, the first half was over, and since the goal was scored, there was no other...

The mood of the four men was a little low.

The death mage said: "Don't worry, there is still the second half."

The second half began. Manchester United scored a goal instantly. 2-0!

The four men suppressed the excitement in their hearts.

Another goal and they would be able to turn their bicycle into a motorcycle.

Yi Hong began to fall into fantasy. He won the bet and got a lot of money. Will Zi Shan kiss him?

He was excited to think about it.

Yi Hong wasn't the only delusional one, as the other three were the same.

Seeing that 90 minutes are going to end, and the goal has still to be scored.

Death Mage cannot not cheat now! If they don't score after 90 minutes, then...

For the master, he has to cheat!

He emphasized that it was not for him, but rather for his master.

"3-0! Manchester United scored yet another goal!" The sudden news shocked the four. They won!

Death Mage: "Oh, oh, oh, oh, oh, oh, oh, oh, oh, oh, oh~ "

Lu Hong and Yi Hong also joined in the celebration very quickly. Now the Leisure Bar isn't facing bankruptcy anymore.

"Oh, oh, oh, oh, oh, oh."

Wei Chang was still calm. As the boss, how could he turn his butt to celebrate? He should tell Xiao Tang the good news.

The three women were speechless when they saw their sudden excitement. How old are they? They still act like children.

"Xiao Tang, come here, I'll tell you good news." Wei Chang waved to Tang Wei.

"Jie Jie Jie..."

Imperial translator: "Ugly woman, come here. Your brother has won money. Millions!"

Yi Hong was also very excited: "Zi Shan, I also have good news for you."

Lu Hong was the only one who couldn't share his joy with his girlfriend. He felt that life was so hard and he was the only single dog in the team.

The three women walked up to their man with curiosity, wanting to hear the good news.

Just when the three men were about to chatter, the narrator's excited words suddenly sounded on the TV.

"Manchester United scored again! It even scored another goal in stoppage time. Let us congratulate Manchester United for their 4-0 victory over their opponents!"

At this moment!

The smiles on the faces of the four men froze. The death mage didn't count, as he was always frozen.

4 to 0!

'Why is this happening? Why do you still need to add time when a game is played for 90 minutes?'

'Even if you have to add time, why do you have to score another goal? I don't know that many people will jump off the building because of it!'

'May I ask the brother who scored the last goal? Do you know that you are a murderer!'

This is akin to falling from heaven to hell.

'What should we do now?'

They called their wives, wanting to tell them the good news. Could it be that they have to explain about being a gambler and that they just won, yet lost again?

The three girls suddenly felt unusual. They had happy faces just now, yet when they heard about another goal, their faces instantly turned black...

Zi Shan smiled at Yi Hong and asked, "Husband~ What's the good news?"

'I'm so scared... I'm so panicked... How to answer? Should I look online?'

Xun Fang seemed to sense something, and asked Death Mage, "Did you bet on football?"

After Tang Wei heard this, she looked at Wei Chang in disbelief: "Uncle Wei~ you bet on football?"

"Yi Hong! You dare to gamble?" Zi Shan asked angrily.

Lu Hong suddenly felt very happy. This is the happiness of being a single dog. Look, even if he loses, there is no one to blame him.

The men were silent.

"Uncle Wei, why are you betting on football?" Tang Wei said resentfully, 'Uncle Wei, you are already infected with gambling, why don't you want to touch me?' ['Infected' and 'to touch' use the same word.]

The three pointed directly toward the death mage.

Death mage was stunned. 'In the beginning, I was the only one who started to bet. You were asking me what this was for. In the end, you couldn't help but be tempted to join. If you didn't join, would I have bet hundreds of thousands? At most one or two thousand.'

Xun Fang was furious and shouted: "You gamble all day long, but at least don't influence the others! Let me see how much you lose!"

Xun Fang lifted his phone and looked at the screen, feeling all dizzy.

Now they don't have any income left. This guy lost hundreds of thousands at once. Seems like they'll be sleeping at the bottom of the bridge.

She pulled up death mage's robe and picked up the scythe of death next to him, and scolded as she walked: "Well, you skeleton dared to lose so much money. Let's see how I will kill you when we return. Don't think about money for playing games in the future!"

The three men swallowed when they saw that the death mage was dragged away by Xun Fang. Fortunately, they gambled less...

But what is the difference? In the end, they gambled all their belongings.

Tang Wei glanced at Wei Chang's phone and felt a little dizzy...

But she didn't blame Wei Chang like Xun Fang did, and walked to the side and sat down.

Zi Shan also picked up Yi Hong's mobile phone and looked at it. The corner of her mouth twitched: "Yi Hong! You are getting better and better! You dare to bet 5,000 yuan!"

"Do you want to eat soil every month? You don't have to pay property fees, electricity and water bills, and gas bills? I don't need to pay for cosmetics as I don't use make-up, but I have to have one or two pieces of clothes! I don't think you have a successful career, so go back and give birth to the child first." Zi Shan is still quite clever, so she took advantage of the topic.

Yi Hong felt that his face was lost since he was despised by his wife... He must do something to make her not look down on him.

"Lu Hong, as the elder brother, why don't you persuade him?" Zi Shan said.

Lu Hong was a little embarrassed, but he quickly covered it up: "Zi Shan, do you think I can persuade him?"

"Forget it, let's pay for this month's expenses first."

Lu Hong's was a little green... 'If I had known earlier... I lost everything.

Chapter 433

Wei Chang sighed and walked towards Xiao Tang, sitting next to her.

Not knowing how to comfort Xiao Tang, he simply hugged her gently to express his apology.

Seeing Uncle Wei's success, Yi Hong wanted to follow suit.

However, Yi Hong overestimated his position as his ears were immediately caught.

"You explain! Why don't you want to have a baby?"

Yi Hong's attitude was rigid: "Wife, don't worry, I won't let you down!"

Zi Shan was slightly surprised, Yi Hong agreed so quickly, making herself a little shy.

"I will work harder in the future to be a man who is worthy of you. At that time, I would be willing to dedicate myself to you."

Hearing Yi Hong's words, the shy little face of Zi Shan froze. She wasn't sincere and said: "I'll slap you! You heartless man who only knows how to bully me."

The little fist beating on his chest was quite comfortable, and Yi Hong followed Uncle Wei's example, hugging his wife in his arms and comforting her carefully.

Lu Hong couldn't stand it anymore. 'Look at both of you; flexing your public display of affection! Learn from Your Honor. He never displays his affection in front of us.'

'Let's go out and get some air, maybe smoke a cigarette...'

'Relax. You can use your hands to reach your dreams when you return.'

Everything was arranged in a magnanimous manner.

Lu Hong smoked a cigarette and slowly raised his head to look into the air. 'Even at night, some birdmen appeared. What the hell...

Just when Lu Hong wanted to clear his eyes, the group of birdmen fell into the Seven Bar.

This stopped Lu Hong, who wanted to enter.

As the guardian of the Buried Love Family, he won't meddle with these matters, even if they lose their entire family and fortune.

Besides, Ye Hua didn't order him to take care of it, so why bother? They are vampires, not even human beings. Maybe they have sharp teeth they use to bite others with a click!

Thinking of this, Lu Hong shuddered and decided to leave...

Lu Hong suddenly looked up and saw the group of birdmen flying into the night sky just now, holding two pure white figures.

'I don't care... I don't care...'

Lu Hong sighed softly. Who calls him a good person? He can't watch others bully a girl. It's just that this girl is a vampire...

'But after all, she has the characteristics of a girl. I don't know if there are any, but it would be nice if I could take a look.'

'I'm unlucky today, and should mind my business.'

After thinking about the issue, he disappeared. Today he'll be a good person.

Seeing that the seven people in front had stopped, Lu Hong, who was following behind, also quietly hid and spied on them. 'These foreigners' forces were quite complicated, and it was shameless for five people to come to arrest two girls.'

'Look at Your Honor, he destroyed the Tianfu imperial capital with just a little over ten people. That is called style. The kind of hero who wins against more with less.'

'Wait until I save you two, but don't give me any promises. I won't accept a long-distance relationship...no... it is interracial.'

In the grove, seven people sat on small stones, and a bonfire was set up in the middle, emitting a faint light, illuminating their faces.

At this time, the two sisters were bound. Lu Hong has seen the binding method before. It was quite professional, commonly known as Asian binding.

'As a vampire, I didn't expect them to have such a good figure.'

But that won't be attractive to Lu Hong. The more beautiful a woman is, the more she will lie. Lu Hong has suffered a lot, and he can't change his heart.

"Celine, Serena, it is your supreme honor to contribute to the great Lucifer." The person who spoke was named Julia, with a plump body and a very charming appearance.

But Lu Hong felt that this person was like an Obasan.[Grandmother]

'But who is this Lucifer? A big devil?'

'I didn't expect that they really exist in this world. So the European gods are also real?'

Serena said in a cold voice, "Even if we are wanted by a dog, we will not succumb to Lucifer!"

Lu Hong felt that Serena's words were a bit too much to describe. After all, humans and animals have a stronger taste.

Celine said softly: "Kill us! My sister and I will not give our pure blood."

"Hehe~ it's not up to you to give or not. My emperor will naturally have a way to pry open your legs." Taylor let out that obscene laugh, this man and one woman are two of the top ten demon generals in Lucifer's hands. They are four-winged dark angels, while the other three men are two-winged soldiers, nothing to be afraid of.

Lu Hong felt more shamelessness the more he listened. Back then, he liked Lucifer better, but he never thought that Lucifer would do such despicable things in reality.

'If it was me, I would definitely open their legs with love.'

When it was almost his turn to appear, Lu Hong took out the hair wax.

That's right, Lu Hong was carrying hair wax with him now, just to imitate Ye Hua's demeanor.

Pinch lightly.

Puff!

'Uh... it smells like fart.'

'Yes, it's a little embarrassing.'

“Ho!”

The bird people stood up immediately, looking around vigilantly, while the two sisters who were bound also looked around curiously. If someone comes to rescue them now, they must repay the heroes by devoting their lives to them.

Lu Hong hurriedly squeezed out the hair wax, put it on his hair, and brushed it back.

He took out a small mirror from his windbreaker and looked at it with an air of respect.

‘All right! Now it’s time to show up.’

Lu Hong was standing with his hands behind his back, imitating Ye Hua’s walking posture and demeanor.

Taylor and Julia looked suspiciously at the “green man” in front of them, while the two sisters who saw that Lu Hong was coming, their hearts were full of joy!

If they have a choice, they would rather give him the pure blood than Lucifer.

Lu Hong didn’t know what to say. He had also learned a lot from Ye Hua’s speeches, but the tone and momentum were too difficult to learn.

“You all have to die today.” Lu Hong said coldly. The atmosphere dropped to freezing point at this point. Lu Hong was very satisfied with the effect and felt that he was 0.1 mm close to Your Honor.

But...

Celine exclaimed, “Will my sister and I die?”

“No, no, I’m here to save you.” Lu Hong quickly explained.

But with this explanation, the atmosphere disappeared immediately.

‘Forget it, I can’t learn from Your Honor, so let’s go the tricky route.’

“Who are you?” Julia shouted.

Lu Hong touched his hair, feeling very cool.

At this time, Celine whispered, “Sister, he is so handsome.”

“Yeah.” Serena also nodded.

It seems that the aesthetics of foreigners are a bit strange.

“Good question, I’m the left guardian of the Buried Love Family. Lu Hong! My nickname is Big Brother Green!” He threw his windbreaker with both hands and pointed at the crowd. This pose was a bit handsome.

“So handsome...” The little fangirl Celine shouted at Lu Hong to cheer.

Lu Hong was a little uncomfortable. It was the first time that he had been praised like this in person. He was a little excited!

Wrong! This vampire is clearly hinting that he’s crazy.

"Don't be obsessed with this brother. I'm just a legend." Lu Hong said lightly, with a desolate tone and a hint of indifference.

Chapter 434

"So magnanimous." The little fangirl Celine shouted madly.

Although her elder sister Serena didn't show it, she felt that Lu Hong was very manly. He dared to rescue her and Celine alone. The other party was the devil general under Lucifer, his fighting power was terrifying!

With this courage alone, he had already obtained her affirmation, while her sister had been fascinated beyond words.

Lu Hong sighed softly, ever since he followed Ye Hua, he felt confident, energetic, and greener, and said to the two sisters, "You shouldn't misunderstand. Also, don't have other thoughts about me. It'll be meaningless."

"Sister, he is so good." Celine had a good idea about men, and when she suddenly encountered such a man, she couldn't hold back.

"Well, he must taste good." After speaking, she licked the corner of her mouth.

'Damn, you actually want to suck me. As expected of a vampire! Always thinking about sucking.'

"Shut up!" Julia shouted angrily, 'Still in the mood to talk about love!'

Lu Hong said to the two sisters, "When you are saved, take a taxi yourself. I don't have money."

"I have money." Celine said hurriedly.

'My God, they want to buy me with money!'

"Kill!" Tyler couldn't take it anymore, the four black wings behind him spread out instantly, and a two-handed sword was slashing toward Lu Hong.

Fierce sword energy swept all around, and the plump Julia attacked as well.

Facing the attack of the demon generals, Lu Hong stopped smiling and moved his hands together.

Unarmed naked sword!

'Just tell me if you are afraid!'

Boom!

Immediately, the dust flew up, and the sisters stared blankly at him. Did he just surrender like that?

Lu Hong's gesture of raising his hands made the sisters mistakenly think that he was surrendering. If Lu Hong knew about it, he would be at a loss for words.

'I am the subordinate of Your Honor's subordinate. Although the rank is the lowest, it is only in the team.'

The smoke cleared, making the two sisters stare in astonishment, their faces full of surprise. He actually caught the attack of the two demon generals with his bare hands!

How can it be? Incredible!

The ground under Lu Hong's feet completely disintegrated, but his body was standing upright, and the tall figure made the two sisters fall into a state of admiration.

Who doesn't like a hero who saved them? Originally, they thought they would become Lucifer's slaves, and never expected a hero to appear. Doesn't a beautiful woman deserve a hero like this?

Lu Hong secretly glanced at the two sisters, thinking that they must be attracted by his appearance.

Taylor and Julia were surprised, this mysterious oriental man could catch their attacks with bare hands!

How is this possible? Although it is said that the Orientals are very mysterious, it is impossible to be so powerful!

And he was ignoring them from beginning to end, flirting with those two vampires.

Lu Hong wanted to explain that he was not talking about love. 'Can you guys have some brains?'

"Withdraw." Julia gave the instruction, 'We're not this oriental man's opponent. This man is so terrifying.'

Lu Hong snorted coldly. 'Wanting to leave?'

'How can you bird people come and leave as you please?'

Immediately, five black veils of mist came out of his hand, restraining the five birdmen, abruptly dragging them.

Lu Hong looked at these birdmen with cold eyes. If they kidnap these two sisters today, maybe they will try to kidnap little Ah Li tomorrow. They can't be allowed to stay alive!

After the bloodbath in the imperial capital, Lu Hong is no longer the person he used to be.

Seriously, he is colder than anyone else!

"What are you doing?" Julia looked panicked and struggled hard.

Lu Hong walked over slowly and asked aloud, "I wonder what would happen if your wings were pulled out?"

"You!"

"I'll use your subordinate as an experiment first." Saying this, he grabbed the wings behind his subordinate's back and yanked them out!

Looking at the bloody wings in his hand, Lu Hong said slowly, "It would be great if it were chicken wings."

Speaking of chicken wings, he felt a little craving for KFC.

The wingless little brother suddenly screamed and turned into little black particles disappearing in the air.

However, Lu Hong did not know that pulling wings was the most severe punishment for angels, and the pain was unbearable.

These three will soon be freed.

“Lord Lucifer will not forgive you!” Julia did not beg for mercy and coldly stared at Lu Hong.

“Oh, I see.”

“Ah!”

Lu Hong forcibly pulled out a pair of black wings, which made Julia let out a terrifying wailing.

Immediately, his hands pulled her black wings, completely freeing the other party.

Taylor said in a deep voice: “The gods will not let you go! You will pay a painful price for your actions!”

“Oh.”

Taylor: “...”

Pulling out all their wings, the world was quiet again.

He walked over to the sisters and loosened the Asian bindings. In fact, they looked excellent when they were tied.

“Okay, you are safe, go home.” Lu Hong threw the rope in his hand, which turned out to be a spiritual weapon.

The sisters looked at each other and knelt in front of Lu Hong.

This shocked Lu Hong, who hurriedly helped the two up, unable to see it.

“Lu Hong, thank you for accepting me and my sister.” Celine lowered her head slightly and whispered.

‘Nani? When did I accept you? You shouldn’t try to scam me. Don’t bully me for being honest and ignorant!’ [Nani → What; also the scam here was pengci, a widespread fraud in PRC involving deliberately crashing cars and then demanding compensation.]

Lu Hong smiled and said, “Misunderstanding.”

“But you helped us get up just now.” Celine said, aggrieved.

“Ah?” Lu Hong exclaimed.

Serena said in a deep voice, “Just now, my sister and I used the greatest ceremony of the blood clan. You accepted us as you helped us get up.”

“But you didn’t say anything.”

"You didn't ask." Celine said pitifully.

Lu Hong was losing his mind. 'I give you full marks for this scam.'

"Really, you really misunderstood. We are not suitable." Lu Hong hurriedly explained. It was not that he was playing hard to get, but he really didn't like vampires. If the other party were two ordinary girls, he would definitely accept them.

After the two sisters heard this, they silently lowered their heads.

"Then do it." Serena said lightly.

Lu Hong was at a loss: "What to do? This place is not suitable."

"The ceremony has been performed. If you don't want to accept us sisters, then please execute us. You can rest assured, we sisters will not complain. Yes, you are a powerful king and we are not worthy of you. I am sorry for the inconvenience caused to you, my sister and I are sorry."

'Dang! Now that the stick didn't work, you're trying a soft approach?'

"Since you want to die, then I will fulfill your wish."

Chapter 435

The sisters did not complain after hearing this, and slowly closed her beautiful eyes. At least it was better than being Lucifer's slave.

However, after waiting for a long time, there was no movement. They opened their beautiful eyes to take a look.

There was nobody in front of them.

"Sister, have we become ugly? No one wants us anymore." Celine was very disappointed. She finally found someone she liked, but the other party looked down on her.

As an older sister, Serena was a lot calmer: "Sister, a man as strong as him would act with modesty."

"Is it so? I feel like he cares about our identities."

Hearing her sister's words, she was a little lost.

Lu Hong, who returned to the Leisure Bar, breathed a sigh of relief. 'How can you suck me?'

"Brother, where have you been?" Yi Hong was getting off work.

Lu Hong smiled, "I went to save a girl."

Tang Wei joked, "Then why didn't you bring her back?"

"Uh, long story, long story."

Zi Shan wiped the table and said, "Lu Hong, you are Yi Hong's eldest brother. It's time to look for someone now."

"Yeah brother. As your little brother, I'm worried too. What if I never get a sister-in-law? Who will take care of you?"

"Fuck you." The elder brother raised his hand and slapped his head. 'Actually making fun of your elder brother.'

Wei Chang smiled and said, "I'll tell you one thing, little lord's birthday is coming soon. Prepare your gifts."

Everyone nodded and started planning what to do. They're so rich, she will definitely not like anything ordinary. Should they just prepare some dicey gifts, such as dolls and toys? Don't children like them?

It's hard to give presents with their meager money.

Is Your Honor such a vulgar person? Sending these things is completely despising him.

A few people walked out, thinking about the issue, when they happened to encounter Serena and Celine standing at the door.

Lu Hong's face changed, 'What are you doing? Am I the only man in the world?'

A woman is a very strange creature. When she has feelings for you, she will not turn back.

"Who are you looking for?" Tang Wei asked curiously.

The two sisters pointed at Lu Hong at the same time, which surprised everyone. 'It is a joke, right?'

Yi Hong patted his elder brother on the shoulder, "Brother, they are pretty good. You should have told us before."

After talking, he left with his wife, not being a light bulb.

Tang Wei also took Wei Chang to the Cayenne and went home.

Lu Hong looked at the two vampires in front of him, and said in a deep voice, "In the end, you fancy me, but I'm not good enough."

Celine pursed her lips, lowered her head, and said, "You are so arrogant."

Puff

This is really hard. The truth was revealed in one sentence.

"Seriously, if you were human, I would definitely associate with you, but you are a vampire, so I feel really awkward." Lu Hong told the truth.

Serena whispered, "Lu Hong, our bodies are the same as human girls. We can also have children. As long as it's something human girls can do, we can do it as well."

'It's true? Don't try to lie to me. I am a man who has been deceived once. I am always vigilant.'

"I do not believe it."

Serinyi walked up directly and said softly, "Then you'll know when you touch us."

Not only are they throwing money at him, but they are also seducing him. They must be trying to suck him.

How can the same mistake be made twice?

"I'm a good man." Lu Hong said in a deep voice.

The sisters nodded, indicating that they knew.

'Why can't you understand it? I'm rejecting you. I'm just being a little kinder as I don't want to hurt you.'

"Lu Hong, are you hungry? We have a delicious supper over at our place, and a lot of wine. You can eat whatever you want." Celine stepped forward and took Lu Hong's arm.

At this time, Lu Hong felt the majesty and grandeur of her chest. His arm sank deep into the valley.

"I'll ask someone to arrange it." Serena was a little more reserved.

These two women could not seduce him, but they tempted him with delicious food.

Even if my Lu Hong starved to death, he wouldn't come to your place to eat.

"Are there any crayfish?"

Serena was overjoyed, "Well, there are many."

"Uh, then let's eat." Lu Hong said reluctantly.

In the Seven Bar, there is also a bedroom, where the two sisters live on weekdays.

"Lu Hong, you are the first man to enter our room." Celine said shyly. Compared to her elder sister, she was much more straightforward.

Looking at the pink world in front of him, 'It doesn't match my green at all.'

"Actually, we can just go out to eat. I'm afraid I'll dirty your room." Lu Hong said embarrassedly, 'It would be great if these two were ordinary girls.'

Serena said softly, "I'm afraid of disturbing you outside."

'This is not only a temptation of delicious food, but also a sweet offense. If it was my younger brother, he would definitely fall into this trap!'

'But I am the man who was once greened.'

'I'm the man you'll never get.'

"Open your mouth." He saw that Celine had peeled a shrimp, and put it next to Lu Hong's mouth.

Lu Hong opened his mouth to eat.

‘Really good.’

“Lu Hong, stay here tonight. My sister and I will serve you well.” Celine said tenderly and deliberately blew at Lu Hong’s neck.

But this act made Lu Hong feel that they wanted to suck him tonight.

Looking at the veins of his neck, they must have wanted to bite down in the moment of excitement.

Then they’ll suck him hard until he dies!

Dong Dong Dong

“Come in.” Serena said lightly.

The foreigner man was a little surprised when he saw that Her Royal Highness was leaning on a man intimately, but still said, “His Royal Highness, a man who calls himself Jiu Ye wants to see you.”

“No.” Celine said coldly, ‘Didn’t she see that she was with her sweetheart?’

“Yes.”

“Wait a minute, why don’t you meet him?” Lu Hong heard Uncle Wei talk about this ninth master, and wanted to know what this ninth master was doing here. [Jiu Ye means nine masters.]

The foreign man was in a dilemma, not knowing whom to listen to.

Serena said lightly, “Didn’t you hear him?”

“Yes, Her Royal Highness.”

Lu Hong stood up and said, “I’ll eavesdrop.”

The two sisters knew what it meant and nodded.

Lu Hong didn’t hide, instead jumped directly onto the big bed of the two sisters, covered the quilt, and pretended to sleep.

‘It’s so fragrant. I haven’t smelled such a woman’s fragrance for a long time.’

Jiu Ye walked in with a smile. He was as cunning as before.

“Your Highnesses, the two princesses.” Jiu Ye said respectfully, with Western etiquette.

The two sisters were a little shocked that this ninth master knew their identities.

Jiu Ye glanced secretly at the big pink bed, ‘There is a man on it.’

‘Don’t think about it. It must be the male pet of Her Royal Highness. I really envy these guys.’

"You are the ninth master?" Serena asked aloud.

Jiu Ye said respectfully, "Just call me Xiao Jiu, Your Royal Highness."

Celine was silent on the side, thinking that it was such a good feeling to be conquered by a powerful man. She could not wait to give her most precious pure blood to him.

Serena used a fan, and said indifferently, "Is there something wrong?"

"My master knows that Her Royal Highness has been a little troubled recently, so he specially asked me to come over and give you some small gifts." Jiu Ye said with a smile. He didn't have much else, except that he had many masters. Now that he has lost contact with one, there is still one more.

Jiu Ye took out an exquisite small box. When it was opened, the whole room was engulfed in an ocean.

Serena saw a thing in the box and exclaimed, "This is the Sea God's Spear."

Jiu Ye was shocked when he saw it for the first time. He heard from the master that this was a piece of a prehistoric artifact. Although it is only a part of it, if you find the other parts, you will be able to own a real prehistoric artifact.

The prehistoric magic weapon has the power to open up the world, yet his master even gave it willingly.

"Her Royal Highness, this is indeed the spear of the Sea God. If you can find the other three pieces, then you won't have to be afraid of anyone." Jiu Ye explained.

Serena said in a deep voice, "Do you have any requests?"

"Actually, my master didn't ask for anything. He just wants to have a meal with Her Royal Highness. I hope Her Royal Highness will give him face."

The two sisters sneered in their hearts. Wanting to exchange a quarter of the Seagod's spear for their pure blood? Delusional.

"Ninth Master, please go back. This Sea God's Spear is very precious and it must be kept well."

Sure enough, as his master guessed, it would not be so smooth. After putting the things away, Jiu Ye smiled and said, "This is my business card. If the two princesses change their minds, you can call this number at any time. My 8848 titanium gold is turned on 24 hours, don't worry."

Serena raised her hand, Jiu Ye bowed and stepped back, sighing in her heart, 'Why bother?'

'You're forcing my master. He will not give you face in the future.'

When Jiu Ye went out, the two sisters jumped.

Lu Hong, who was thinking something, was startled. He felt a faint fragrance coming from his side.

"Don't mess around. I'm an upright man." Lu Hong hugged the quilt and looked at the two sisters vigilantly.

Serena said faintly, "Lu Hong, you heard it just now. Many people want us. Sooner or later, we will be killed for that pure blood."

“Lu Hong, I beg you, just accept our pure blood.” Celine begged bitterly. She might as well give it to the one she likes, rather than giving it to strangers. At least she won’t regret it.

‘How can you beg someone like this? I’m really drunk.’

Putting away the frivolous face, Lu Hong said seriously, “You can keep your pure blood but don’t worry, I will protect you.”

The sisters were stunned for a moment.

Protect!

Since the vampire clan was hunted, only the two of them were left without any protection. They lived in fear, but today they were rescued by a man. They wanted to give their pure blood to him.

But not only did he not want it, but he also said he wanted to protect them.

‘God, there are still such good men in this world. Fortunately, I met him. So lucky.’

The two sisters leaned against Lu Hong.

Serena said softly, “Lu Hong, if you want, we can give it to you anytime.”

‘God, you can do anything as long as you don’t suck me.’

‘Why are you holding my hand? I’m not such a superficial man. Wow, your skin is so smooth.’

‘I can’t stand it.’

“I’ll go first. See you tomorrow.” After speaking, Lu Hong disappeared.

The two sisters let out a low laugh because Lu Hong said that he would see them tomorrow. This is a man who has a sense of justice, even if they try to seduce him, he can still hold on. It can be seen that he is not a casanova.

At this time, in the bedroom on the second floor of the Leisure Bar, the battlefield full of gunpowder had just subsided.

Ye Hua gently stroked his wife’s delicate body. Very addicted.

As if he wanted to be poisoned, but this made Donghuang Baizhi miserable.

“Ah Li’s birthday is coming.” Ye Hua said softly.

Donghuang Baizhi made a heavy nasal sound.

“We should be able to receive a large sum of money.” Ye Hua smiled. His subordinates would definitely give something of great value.

Donghuang Baizhi made a nasal sound again, not because she didn’t want to speak, but because she had no strength. Her soul seemed to float out.

Ye Hua said lightly, “Lord Queen, you seem to be dissatisfied with me from your expression. Then I will make you satisfied again.”

“No!”

Before Baizhi could stop him, this shameless guy started a new round of conquest.

Qing Yutong and Ye Zizi next to them had already gone to sleep in the office as they couldn't stand it.

The morning sunlight came in through the window, Ye Hua opened his eyes and looked down at the pitiful woman in his arms.

‘If this method had been used earlier, there would not have been such a mess.’

“Don't!” The sleeping Baizhi called out tenderly, almost making Ye Hua impulsive again.

‘This deity can no longer be addicted, but the sleeping Donghuang Baizhi is so attractive. I can't help but move her just by looking at her.’

‘I'll let her go today, it's been really hard for her these two days.’

After covering the quilt, Ye Hua got up to take a shower, and then went out to buy breakfast for his wife.

‘As long as you can follow this deity's will, this deity can spoil you.’

Ye Hua had just stepped out of the bar when he received a call from Wei Chang.

“Your Honor, I have something to report to you.”

“Say.”

“Last night, Lu Hong received two pieces of valuable information. The first one was that Lucifer, the self-proclaimed Demon King in Europe, wanted to capture the sisters in the Seven Bars for their pure blood. The second one was that Jiu Ye's master tried to exchange a part of a prehistoric artifact, wanting to have a meal with the two sisters.”

“Oh.” Ye Hua replied. ‘These are all trivial matters. What to buy for breakfast for Baizhi is the big one. Have I been too partial recently? I'll go to comfort Qing Ya in a few days, lest she starts complaining. After all, I'll stay by her side in both rain and dew.’ [Happiness and sadness.]

“Your Honor, what should you do about this matter?” Wei Chang asked.

“Don't ask this deity about such trivial matters.” After speaking, he cut off the call.

Wei Chang also conveyed the latest instructions to Lu Hong. The honor said, you can do it yourself.

After Lu Hong received the order from Ye Hua, he immediately felt a little pressured.

After all, it is a very honorable thing to be praised by Ye Hua.

Chapter 437

Ye Hua went into the alley and saw that the aunt was making fruit pancakes.

‘Should this deity go to the aunt and pretend to act forceful?’

‘When I went to buy pancakes, I was ridiculed by this aunt. Looking at the whole world, this deity only obeyed this aunt.’

“Four pancakes, eggs, and ham.”

The aunt looked back and said with a smile, “Handsome guy, you look good today. Your wife is back.”

“Hmph, how dare they disobey me. I educate them every minute.”

As a supreme being, he sneered in front of the aunt. Alas, the aunt smiled without saying a word, making Ye Hua very uncomfortable. ‘Isn’t she very good at retorts?’

“Don’t underestimate women, they are used to you because they love you.”

‘Used to this deity.’

“You are wrong, I dote on them.” Ye Hua said disdainfully.

The aunt laughed again without saying a word, which made Ye Hua speechless. ‘This aunt is really awesome. She even acted unpredictably in front of me.’

After a while, the aunt handed over the four pancake fruits, “I plan to owe it today.”

Ye Hua “...”

This sentence almost made Ye Hua bleed. The powerful enemies are not those with absolute strength, but the aunt who sells pancakes.

“Will I still owe you something?” Ye Hua said in a deep voice, turning around and walking towards the bar.

But listening to this aunt’s nagging, it felt good. ‘Is this deity used to it?’

He took out a pancake and took a bite. Today’s is extraordinarily fragrant.

In fact, what the aunt said was very reasonable. Qing Ya and Donghuang Baizhi are really used to Ye Hua. Take Donghuang Baizhi as an example. She hadn’t gotten out of bed for the past two days and tried her best to meet Ye Hua’s needs.

He gave two pancakes to his sister-in-law and Ye Zizi. Today is the weekend and Ye Zizi was on holiday.

Walking into the bedroom, seeing Baizhi’s white fragrant shoulders sticking out, Ye Hua’s lower abdomen burst into flames again.

‘This Donghuang Baizhi. How can this deity be so fascinated by her?’

Holding the fruit pancake, it reached the mouth of Donghuang Baizhi.

Her little nose started sniffing. The cold and arrogant Baizhi was acting very cute at this moment. If it weren’t for the tired state of Donghuang Baizhi, Ye Hua would definitely have jumped up again and enjoyed her body.

Baizhi opened her beautiful eyes slightly, looked at her husband, and showed a gentle smile, "Is the fruit pancake from the entrance of the alley?"

"Yes, dear."

"Feed me" Baizhi acted so coquettishly that even Ye Hua couldn't bear it anymore.

Sitting sideways by the bed, Ye Hua said lightly, "Do you know how charming you are?"

Seeing her husband's eager eyes, Baizhi suddenly shrank, "Can you give me a day's rest?"

"I originally wanted you to rest for two days. I didn't expect that you only need one day, my Queen. It shows that you are very dissatisfied with your husband."

"Disgusting." Donghuang Baizhi slapped Ye Hua angrily. That shy appearance is really beyond words to describe, this woman can be so beautiful.

After eating the love pancake fruit bought by Ye Hua, Donghuang Baizhi touched her belly: "Ye Hua, do you think I'm already pregnant?"

"If we step up, we should be able to."

"Ye Hua, you have changed."

Ye Hua chuckled lightly, "Has it gotten bigger?"

Donghuang Baizhi was speechless, and said softly, "It has changed color."

"Because of you."

"You've also become sloppy." Donghuang Baizhi added. Although her husband had changed, he had become more perfect. That kind of cold Ye Hua is not what she wants.

Ye Hua smiled, it was true, after meeting them, he changed a lot.

Hope this is a good start.

"What should we do for Ah Li's birthday?" Donghuang Baizhi leaned against her husband's arm and murmured.

Ye Hua gently stroked her soft body and said lightly, "We'll live together as a family."

Nothing is more important than having a family. This is what Ye Hua has learned.

Donghuang Baizhi suddenly sealed Ye Hua's lips,

With gentle eyes, he said, "Love me, Ye Hua."

"Baizhi, you are getting bolder and bolder." Ye Hua chuckled and decided to continue loving Baizhi. She even openly provoked him.

Qing Yutong and Ye Zizi in the next room were wearing headphones to block the noise.

In the evening, Ye Hua walked out of the bedroom and stretched his muscles. 'It was really cool.'

When he got to the office, Ye Hua pulled out a cigarette. It would be better to take his daughter to play somewhere for her birthday. Somewhere unforgettable.

'It seems boring to go abroad to play. Let's go to other planets to play and appreciate their beauty.'

'It's a good idea.'

"Daddy."

Ye Hua, who was thinking, did not notice that Qing Ya and Donghuang Li appeared.

Turning around and holding his daughter in his arms, he kissed her fleshy cheek, while the latter also gave her father a big kiss.

"Daddy, Ah Li misses you so much." Dong Huangli said sweetly while laying on her father's chest.

"Daddy also misses Ah Li." Ruffling his daughter's hair, Ye Hua felt that his life was perfect at that moment. He had a lovely wife, children, and a group of subordinates. He wouldn't die in vain.

Ye Hua smiled and said, "Ah Li, go and meet mama. You can sleep with her."

"Well, then Ah Li won't disturb daddy and Qing Ma." The little guy was quite sensible and ran out immediately.

Ye Hua and Qing Ya were left in the office.

Looking at Qing Ya's bulging belly, Ye Hua reached out and stroked her gently, whispering, "Qing Ya, thank you."

Hearing her husband's heartfelt voice, Qing Ya's beautiful eyes instantly turned red, and she smiled and said, "No need for thanks, we're an old couple."

"Do you still hate me?" Ye Hua asked lightly, holding Qing Ya in his arms gently.

Qing Ya hugged her husband's tiger body and said softly, "Ye Hua, I want to apologize to you."

'Is this stupid woman trying to move me to death? It seems that I can only take care of you tonight.'

"Forget it, it's all over." Ye Hua said softly.

Qing Ya murmured, "Ye Hua, you have your position, and I have mine, but I forgot that you are my husband, and I should support you unconditionally, instead of helping others to criticize you."

Ye Hua was a little surprised. He didn't expect Qing Ya to have such an awareness. This is a good thing, a happy event.

'Since you have taken back a few steps, this deity has to coax you, and not make you feel wronged.'

"I'm also at fault. I shouldn't yell at you like that, especially when you're pregnant."

Hearing his words, Qing Ya was moved, and she started crying. Qing Ya experienced it all when Ye Hua was not by her side during her pregnancy. She couldn't fathom how Donghuang Baizhi survived in the past.

This sensationalism was almost over, so Ye Hua decided to push Qing Ya down again tonight.

Chapter 438

He picked up his charming wife Qing Ya. How can he let her go?

"Ah, what are you doing?" Qing Ya exclaimed, her pretty face turning red.

Ye Hua said indifferently, "Tonight, you have no excuses."

Qing Ya knew it would be like this. She could still find excuses for her early pregnancy. Now that it's over, this guy will definitely be unable to bear it.

"Wait, I want to ask you a question, answer honestly, or I will..."

He carefully pressed his wife under him and gently lifted her hair, Ye Hua sighed. The beauty of these two women is completely different. Qing Ya belongs to the delicate type, while Donghuang Baizhi has a prideful demeanor. Pride. It's a visual treat.

"Otherwise, what will you do?" Ye Hua asked lightly.

"Otherwise, I'll ignore you." Qing Ya said with a blushing face, but such a threat sounded coquettish.

"Go ahead."

"Is Jue Tian your man?"

This question is very difficult. Does he want to admit it?

But looking at Qing Ya like this, she should have guessed a little, but there is no evidence.

But now that they are reconciled, it doesn't matter. She's family.

Ye Hua nodded.

"Okay, you actually-"

Before Qing Ya could be finished, Ye Hua kissed her, and the latter struggled a little. She was honest now.

Looking at her beautiful face, Ye Hua said lightly, "There is a lot of ugliness in the world, in fact, I don't want you to see it. Just like Dongfang Yuer, who met with Jue Tian, her family was framed and destroyed. I just asked my subordinates to help me put the souls filled with grievances in peace."

There's nothing wrong with what he said, and now he doesn't even blink an eye when he speaks a lie, but the next sentence seems to be true.

"I just want you to enjoy the happiness in this world, and leave the dirty work to your husband."

Qing Ya didn't expect Ye Hua to think like this. She was very moved, and felt ashamed of her actions.

“Ye Hua, is it my ignorance?” Qing Ya felt that if Ye Hua didn’t forgive her, she would not be happy in her life. Her husband just wanted to give her a good environment, but she didn’t understand what he meant. His wife is stupid.

“Okay, I forgive you.”

“Thank you Ye Hua.”

The corner of Ye Hua’s mouth evoked a sinister smile, “I prefer you to thank me with your body.”

“Take it easy, don’t be like last time.” Thinking of that night, Qing Ya’s face turned red, it was an unforgettable night.

Of course, Ye Hua won’t mess around, but there’s no need to worry about the child. ‘This deity’s blood is very rigorous, and no matter what happens, nothing will go wrong.’

But he had to take care of his wife’s feelings.

“Okay, I promise you.”

Hearing her husband’s words, Qing Ya blushed and slowly closed her beautiful eyes.

Seeing Qing Ya like this, Ye Hua can’t wait to take back what he just said. She was waiting for his love.

He gently took off his wife’s clothes, and then caressed her.

A beautiful rhythm comes from Qing Ya’s vocal cords, which is simply the most beautiful voice in the world.

After one round, Qing Ya was lying on her husband’s chest with a flushed face. Really comfortable.

“I’ll let you go today. After the baby is born...”

Qing Ya glared at her husband, but still said, “Got it.”

‘As expected of the woman of this deity, she is becoming more and more sensible now.’

“Ah Li’s birthday, where are we going to celebrate?” Qing Ya asked curiously.

Ye Hua thought about it for a while, and said lightly, “To be honest, our family of four has never seriously gone out to play. Taking advantage of Ah Li’s birthday, how about we go out to relax together?”

Qing Ya felt that Ye Hua’s proposal was quite good, and said softly, “Where shall we go to relax?”

“I haven’t figured it out yet, but it’s definitely a foreign place.”

“Well, then we’ll listen to your arrangement.” Qing Ya said softly.

“By the way, the aunt at the alley owes more than 200 yuan, and you will have to pay it back tomorrow morning.”

Qing Ya is really intoxicated after hearing this, ‘If I’m not by your side, your life is really poor.’

“You, why didn’t you tell me about being broke?”

Ye Hua said disdainfully, "Am I the kind of man who asks women for money?"

"Okay, you are the best."

In fact, Qing Ya and Donghuang Baizhi are the women who dote on Ye Hua the most, and they were really tolerant.

Ye Hua felt that after this time, they would not mess around again, because no matter how bad he is, it is all because of them. They are the real murderers, while he is an accomplice at best.

"Qing Ya."

"Dear."

"I want to do it again."

"Don't want to."

"Follow the lead, it'll be alright."

"You go to Baizhi."

"I've already."

"It's your last time."

"Okay, one last time tonight."

"..."

Qing Yutong and Ye Zizi felt that it was time to move or to make a layer of super sound insulation. How can they sleep like this?

October 16th was little Ah Li's birthday. The little guy was dressed up as a little princess today.

The bar was closed that evening.

It seems that there were no guests.

Ye Hua's subordinates were all present to celebrate little Lord's birthday.

Donghuang Li was about to be held in the air, and the smile on her little face never stopped.

However, at this time, Ye Hua came to the office and opened the gifts sent by his subordinates, but when he looked at the gifts sent by his subordinates, he thought it was very rude.

Wei Chang sent a giant panda. If it was real, it would have been okay, but it's a furry doll.

Lie Gu gave a set of doll toys, the kind that can wear clothes. 'Do the child of this deity play with these childish things?'

Jue Tian sent a study machine.

Ye Zizi was simpler. She bought a princess dress for Ah Li's. Ye Hua was very relieved to hear that Ye Zizi bought it frugally.

There are even toy guns, remote control cars. How can a girl play with such things?

'If no one gave money to hold a banquet, this deity would not have lost money.'

'As for the treasures that should have been given, do you understand only if this deity speaks?'

'In the future, if you give birth to a child, or if it's your birthday, the deity will come and you won't be given a single hair.'

~Downstairs~

Lie Gu said with a smile, "Your Honor will definitely like it this time. I used to give some treasures, so I thought Your Honor was also annoyed."

"Yeah, this time it's a proper gift, and Your Honor should be very happy." Wei Chang also smiled.

Jue Tian walked up to the two respected ladies and said respectfully, "Madam, please forgive me for the situation that day."

Qing Ya and Donghuang Baizhi were not stingy women, and Ye Hua had already explained that he was helping Dongfang Yuer.

Chapter 439

Donghuang Baizhi has also thought about it. If her father made a wrong judgment, then, as his daughter, she would wash away the grievances of the Dongfang family, and the people involved would not be taken lightly.

"Jue Tian, Yuer is also my junior, treat her well." Qing Ya smiled at Dongfang Yuer.

Jue Tian respectfully said, "Don't worry, Lady Boss, your subordinate will take good care of Yuer and Yanxin."

However, Dongfang Yuer and Guan Yanxin, who were standing behind Jue Tian, lowered their heads. The so-called care of Professor Jue was simply unimaginable.

"That's good." Qing Ya said with a gentle smile, with the aura of a respected lady, similar to Donghuang Baizhi beside her.

The subordinates felt that this was the attitude that Lady Boss should have, and she was worthy of Your Honor.

"Wei Chang, look at Dongfang Yuer." Lie Gu walked to Wei Chang's side and said in a low voice, with envy in his eyes.

Wei Chang said, "Jue Tian's women have a good relationship. He used to say he was not interested in women, but now he has two."

“There is no cat that doesn’t steal fish in this world. As long as you experience the beauty of women, you will be unable to extricate yourself.”

Wei Chang was lost in thought after hearing this and looked at the seductive Little Tang. When will he be able to push her down?

As a single dog, Lu Hong stood aside holding a wine glass, and sighed.

‘Everyone has wives, either one or two. Lie Gu has most of them, and that too, three big stars. I envy them.’

‘And that Dongfang Yuer is really good. I don’t even know what to say. He is really lucky.’

‘I am utterly unlucky. I am spotted by two vampires who want to suck me all the time. It is really annoying.’

Ye Hua, upstairs, lit a cigarette and flicked it.

A three-dimensional version of the galaxy appeared in front of Ye Hua, rotating, zooming in, or shrinking with the movements in Ye Hua’s hands.

There are about 1.5004×10^{74} stars in the entire Milky Way galaxy. The Solar System is just one of the insignificant galaxies. Among them, there are more developed galaxies, such as the planet where he used to live, which is the strongest one.

But this time he was traveling with his wives and daughter. Of course, he wouldn’t choose to go there. Anyway, he will have to go back for revenge sooner or later.

After all, the entire galaxy only has one hundred Overlords, and sooner or later, they will be wiped out.

Ye Hua opened the galaxies one by one to find the target. Although the environment of the retro martial arts is good, it is almost the same in the Voidless Realm. Baizhi and A Li are both familiar with it, and the Xianxia world also seems to be similar to the Voidless Realm.

An apocalypse is full of disgusting monsters. It’s not like traveling, it’s almost like looking for excitement.

‘I don’t know where the most civilized planet in the galaxy is.’ Ye Hua directly searched for it, which felt like a Baidu search.

When an azure planet appeared in Ye Hua’s eyes, Ye Hua expressed a bit of interest. Outside the planet, a huge battleship was parked, while the inside was a sky-high high-tech building, and the vehicles were all floating.

It is indeed the most advanced civilized world. It is a bit interesting to integrate technology and martial arts.

‘The environment on the ground is excellent, and the artificial creation also has that kind of unique beauty. Qing Ya and the others must have never seen it before. He even saw such a world for the first time, making him curious as well.

That’s it.

Canglie Star

Dong! Dong! Dong!

Donghuang Baizhi walked in and said softly, "Ye Hua, it's almost midnight, come down to celebrate our daughter's birthday."

Ye Hua stood up and hugged his sweet wife for a while and kissed her.

"Don't make a fuss, everyone is waiting below." Donghuang Baizhi stopped being drowned in Ye Hua's kiss.

Holding her willow waist, Ye Hua said lightly, "Tomorrow we will go out to play."

"Where?"

"Secret." Ye Hua smiled mysteriously, which further piqued her curiosity.

When they came downstairs, they saw a giant cake pushed out from the side, and there were four little people on it.

It is very cute.

A group of killing gods sang happy birthday,

It was quite a feeling of joy. Donghuang Li was wearing a birthday hat and folded her hands together to make a wish, hoping that daddy, mommy, and Ah Li would be forever together.

With that, she blew out the candles.

Lie Gu and Jue Tian rang the flower cone, the atmosphere was very happy, Ye Hua looked comfortable, 'Where are the other three guys? They still haven't returned to the team. Do I need to find them one by one?'

At this time, Ye Hua called Wei Chang and Jue Tian aside.

"This deity is going to go to a distant place in the past few days. The two of you can take care of any matter in between. If it is not a big deal, don't contact me."

Jue Tian nodded and asked respectfully, "How many days are you going to go?"

"A week if faster; a month if slower."

"The subordinates obey." The two responded in unison.

Everyone celebrated until two o'clock in the morning, and then went back to their respective homes to find their respective mother. [This one has many different interpretations. One is just the simple old goodbye, which is the one in the context. The second, in love, has two endings: either go back to their own homes, find their mothers, or turn your mother into my mother.]

The little birthday star slept in her mother's arms for a long time. Donghuang Baizhi scurried away with her daughter to sleep, not giving Ye Hua any chance.

Ye Hua could only capture Qing Ya, resulting in Qing Ya begging in various ways. He kept pestering her every day and night these days, although she was very happy that Ye Hua was obsessed with her, but she doesn't know what to say.

Qing Ya just wants to say one thing, "You said at the beginning that you only touch a woman once, but look at you these days, I don't know how many times you've touched me."

Ye Hua just replied, "I take back what I said."

Every time Ye Hua wanted to continue, Qing Ya deliberately said that her stomach was uncomfortable. Ye Hua knew that Qing Ya was pretending, but he let her go.

But it's not enough, it's not enough in this life.

The next morning, the family of four got up early. Donghuang Li was very excited. 'Daddy and mommy Mama are taking me out to play.'

Qing Yutong would rather stay at home than go out. Of course, her brother-in-law tried to act cool, and she called 666 from the side. [666 means cool, awesome, etc.]

"What are you doing?" Ye Hua asked suspiciously.

Qing Ya and Donghuang Baizhi were packing their clothes, and little Ah Li also got a small box, stuffing her little doll inside.

"You must bring clothes when you go out." Qing Ya said softly.

"Daddy, Ah Li will pack your clothes for you."

Ye Hua said lightly, "Okay, you don't need to pack up my clothes. It's not very far."

Qing Ya and Donghuang Baizhi were taken aback.

Donghuang Li instantly had a bitter face. 'What? Didn't daddy say that they were going out to play? Why is it not far away?'

"Daddy lied"

Donghuang Baizhi picked her up and said, "Ye Hua, how can you lie to your daughter? What a bad example you're setting up."

'Before my words are finished, you put a liar title. Is this really okay?'

"Ah Li, you have to listen till your daddy finishes, you know?"

Donghuang Li, who was in her mother's arms, nodded pitifully. 'If they didn't get out of Long'an City, Ah Li would cry, and the kind of crying that couldn't be coaxed.'

“Because the place we’re going to this time is a bit far away, ordinary means of transportation can’t reach it,” Ye Hua said.

Hearing daddy’s words, Donghuang immediately became interested: “Can’t you go by plane?”

“It’s far, far away.” Ye Hua gestured as he spoke, but he made his daughter laugh.

Not only was Donghuang Li curious, but his two lovely wives were also curious.

“Ye Hua, where the hell is this?” Donghuang Baizhi couldn’t help but give her husband a blank look, which made Ye Hua a little bit eager to move.

Ye Hua smiled lightly: “You all close your eyes.”

“Daddy, do you want Ah Li to do so as well?”

“Yes.”

“Okay then.”

Ye Hua slowly positioned Canglie Star, because the distance was a bit far, so he couldn’t be very accurate.

The four disappeared into the bedroom, with unpacked clothes lying on the ground, giving people the feeling that they were suddenly kidnapped.

Canglie Star was huge! Very huge! It can be as big as 10,000 Earths!

As the saying goes, where there are people, there are rivers and lakes, not to mention the most developed civilization in the Milky Way. Although the entire planet is controlled by the Federation, there are many factions under the Federation, fighting openly and secretly!

This is an unavoidable power struggle.

“Daddy, are you all right? Why did Ah Li smell a strange smell?” Donghuang Li asked with his eyes closed.

Qing Ya and Donghuang Baizhi frowned slightly, why is there a bloody smell?

And the corner of Ye Hua’s mouth twitched slightly, this scene is so beautiful!

There were corpses all around, and there was a bloody smell.

The two beautiful wives opened their eyes immediately and were shocked by the scene in front of them. Donghuang Li also opened his eyes and didn’t say anything. There was no sign of discomfort on his small face. As if this scene was completely adaptable.

“Ye Hua!”

Qing Ya and Donghuang Baizhi are really angry with Ye Hua. Their daughter is only three years old, yet he took her to see this kind of thing!

This is really insensible!

Ye Hua didn't expect to be teleported to such a place. It was an accident.

"Wow what a big star!" Donghuang Li raised his head and murmured.

They saw three huge planets outside the blue sky as if they could fall at any time.

If one ignores the corpses in this place, the view does have charm.

"Daddy, where is this?" Donghuang Li asked curiously.

Ye Hua breathed a sigh of relief and said lightly: "This is the most advanced civilized planet in the Milky Way, Canglie Star!"

The mouths of the two lovely wives were all O-shaped. Ye Hua looked at their little mouths and his ego swelled.

"Daddy, how far are we from home?" Donghuang Li seemed like a curious baby.

"About fifty thousand light years." Ye Hua said lightly.

Donghuang Li asked again, "How far is five light years?"

"Why don't you ask mommy about this question?" Ye Hua looked at his wives.

The father and daughter looked at Qing Ya and Donghuang Baizhi, and the two became puzzled.

After waiting for a long time, Donghuang Li said again: "Daddy, mommy doesn't know."

"Ah Li, mommy doesn't read much, so don't blame them."

"Ye Hua!" Qing Ya and Donghuang Bai Zhijiao said angrily, how could he make fun of his wives in front of their child?

Donghuang Li felt it was reasonable, and said in a milky voice, "Don't worry, daddy, Ah Li will study hard in the future."

Qing Ya and Donghuang Baizhi didn't want to say anything.

"Ah Li, 30 billion kilometers is equal to 0.003 light-years, how far do you think we are from home?" Ye Hua said lightly.

The two lovely wives were also shocked, so far!

Ye Huayou added: "We have just crossed the entire radius of the Milky Way."

After he finished speaking, he put on the appearance of a big boss. 'Do you think this deity is very powerful? Come and worship me.'

"Daddy is amazing." Donghuang Li acted like a little fan.

Qing Ya and Donghuang Baizhi smiled. They had seen how powerful Ye Hua was, no matter which aspect.

However, at that moment, more than ten black spots appeared in the sky!

Ten jet-black armed machines flew in, the whole shape was like a black beetle.

In the blink of an eye, the four of them were surrounded.

“You are surrounded! Put down your weapons, stop resisting, raise your hands and surrender!” One of the aircraft began to warn.

Donghuang Li raised his hands in an instant. This move was really cute.

“Ye Hua, I don’t even know what to say about you anymore.” Qing Ya smiled bitterly. ‘You said that we were traveling, and just as we arrived, we were surrounded. It’s a shame.’

Donghuang Baizhi picked up her daughter, who raised her hand and surrendered.

“Wow daddy, it is so exciting. Like watching a Marvel movie. Ah Li really likes it.”

Ye Hua snorted coldly: “Did you hear that, my daughter likes this.”

Qing Ya chuckled and asked curiously, “Then what are you going to do?”

“Since they have disturbed our family’s journey, naturally, kill them.”

“This is all a misunderstanding. If you kill them, we will become wanted criminals, so what are we going to do?” Qing Ya gently took Ye Hua’s arm and said softly.

Hearing her soft rhythm, Ye Hua couldn’t help but nod and immediately reacted. ‘Qing Ya can actually bewitch me. Amazing!’

“You misunderstood us.” Qing Ya hadn’t finished her words yet.

Six missiles came from a distance, accompanied by a whistling sound. Ye Hua felt that this was not an ordinary missile, and there was still spiritual energy in it!

It really is a planet where technology and martial arts are integrated, which is a bit interesting!

Boom! Boom! Boom!

Six loud bangs erupted in the sky, turning into six huge fireballs smashing to the ground.

Donghuang Li’s big eyes are excited, this is tourism!

The four aircraft immediately turned around and retreated. It seems that they are people who can’t be offended!

Two black dots slowly appeared. These are two small warships. Even if they are small, they are as big as the current aircraft carrier.

They slowly stopped not far away, setting off heavy dust.

A lot of people came down from the battleship, wearing uniforms, and the last one who came down was a handsome female officer. [Yes, handsome.]

Ye Hua glanced at the black silk uniform.

“What are you looking at!?” Donghuang Baizhi reminded Ye Hua in a low voice not to peek at other women.

Ye Hua was helpless, the two of them were fine, but he couldn’t look at other women.

The female officer walked towards Ye Hua with hundreds of heavily armed soldiers!

They stopped not far away.

Ye Hua was very curious. ‘What are you trying to do? Don’t have bad thoughts, or you will die.’

Suddenly, everyone clenched their right fists on their left chests and bowed slightly. The scene was very imposing!
