

My Woman 441

Chapter 441

The female officer shouted: "Thank you, sir, for protecting the remains of my soldiers!"

"Get up. No thanks." Ye Hua said indifferently, with an unfathomable look.

Qing Ya and Donghuang Baizhi were embarrassed. This all started again, yet they had just arrived.

'Wow, daddy started to pretend again. It's amazing. Ah Li has to study a lot.'

The female officer looked at Ye Hua's face, her face flushed slightly, such a handsome man.

'There are women besides him. Their faces and temperament are really incomparable.'

When Qing Ya and Donghuang Baizhi saw the female officer's eyes, they immediately became vigilant. 'If you are here to rob my man, don't blame us for being ruthless!'

"Hello, sir, I'm Xi Tingting, a member of the noble faction. It's still very dangerous here. Please come with me, sir."

Donghuang Li said with a smile: "Miss, you are a good person."

Looking at Donghuang Li's cute smile, Xi Tingting showed a smile. The soldiers behind were surprised when they saw her smiling.

Ye Hua said lightly, "That's fine."

Qing Ya and Donghuang Baizhi immediately took Ye Hua's arm and declared their sovereignty to everyone.

"Thank you for your understanding, sir." After speaking, Xi Tingting raised her small hand. The soldiers put away all the corpses on the ground, and the two battleships immediately evacuated.

And just after leaving, a larger battleship appeared.

Looking at the people who had disappeared, a man shouted angrily: "Damn, they ran away! It's all a bunch of trash!"

This was a trap. Originally, ten armed aircraft could be dealt with, but four people suddenly showed up and killed their men.

On board the battleship, Xi Tingting arranged an upper-class cabin for Ye Hua's family of four. One can sense technology everywhere.

Qing Ya murmured, "We don't know how many years we will have to wait for such a technology to come out."

"Hundreds of thousands of years." Donghuang Baizhi said in a deep voice. These things can only be seen in movies. It's amazing.

With a swoosh, the door opened immediately, and Xi Tingting appeared at the door in a different dress.

Her body was quite hot.

Such a move is undoubtedly provoking Qing Ya and Donghuang Baizhi.

"Sir, ma'am, sorry to bother you." Xi Tingting looked polite.

For polite people, Ye Hua wouldn't be too tough. He sat beside the bed and said lightly, "En."

"I'm taking the liberty to ask, do you cultivate martial arts, sir?" Xi Tingting showed the etiquette of aristocratic girls, but in the eyes of Qing Ya and Donghuang Baizhi, she wanted to seduce their husband.

"Ah Li also cultivates martial arts."

Donghuang Baizhi held her daughter in her arms and said softly, "Okay, Ah Li, don't disturb daddy and big sister."

The corner of Ye Hua's mouth twitched. He often said that he was the king of vinegar, but the queen's vinegar was also very sour. [A way to say jealous.]

Xi Tingting was a little embarrassed: "Sir, I was rude. How dare I ask about your grade!?"

"Grade?"

"Yeah, sir. Our levels here are divided into Martial Apprentice, Warrior, Samurai, Martial Master, Martial King, Martial Emperor, Martial Spirit, and Martial Venerable. There are ten levels in each grade." Xi Tingting explained.

Ye Hua paused: "Then I shouldn't be among them."

"Uh"

Qing Ya and Donghuang Baizhi are speechless, you dare to pretend in front of the young lady. Do you think we are too old!?

Qing Ya smiled slightly: "I'm so sorry, my husband likes to joke a little bit, he's actually a Warrior."

The meaning was obvious: my husband is a spicy chicken, and you wouldn't want to gain his attention.

However, this was not the case.

"Ah! Sir, are you really a warrior? Can you do me a favor?" The excited Xi Tingting stepped forward and held Ye Hua's big hand.

Qing Ya and Donghuang Baizhi twitched at the corners of their mouths. Donghuang Li turned around and covered her face. This is so terrifying.

Creak

Creak

The titanium alloy armrest by the bed was deformed in the small hands of the two women.

Xi Tingting reacted immediately,

Stepping back again and again: "Sorry ma'am, I was too excited just now."

Seeing the twisted titanium alloy, Xi Tingting was extremely shocked: “Madam, dare I ask what your grade is?”

“Warrior.”

“Great!” Xi Tingting looked excited.

In fact, the three have long since left the division of this level, and even a Martial Venerable can be stabbed to death with a single finger.

But it seems that a Warrior can be very popular here.

“Are there very few warriors here?” Donghuang Baizhi asked curiously.

Xi Tingting sighed: “Madam, warrior training is very hard, requires talent, and it requires a lot of resources. Our Canglie Star is a planet with technology, and a pair of first-class armor can defeat a Warrior. But if you practice martial arts, even in the main city, you can get a great place.”

Martial apprentice? Warrior?

Is it really fine that your planet is so weak?

“Are there any Martial Kings?” Ye Hua asked curiously.

Hearing Ye Hua mention Martial Kings, Xi Tingting suddenly panicked: “Sir, Martial Kings are god-like beings. There are only three Martial Kings in the entire Canglie Star. They live in the imperial capital and are admired by thousands of people.”

In fact, each world has a measure of strength, and Canglie’s is divided according to the average value.

If there is a comparison, probably the tenth-grade warriors here have the strength of Xiao Yi, otherwise, how could Martial Kings be admired by thousands of people?

One can see how big the gap between the two is!

However, there are still very few people who practice martial arts in Canglie Star, which has become the product of the struggle of the powerful.

But even so, there is nothing to be afraid of, because Ye Hua knows that this planet is also controlled by deities. Even killing the overlords is akin to killing a chicken, not to mention the Martial Kings, who are just a bunch of clowns who are thousands of miles away from him.

“Okay, tell me what’s the matter?” Ye Hua asked.

Xi Tingting leaned over slightly, revealing her cleavage.

Creak

Creak

This is the sound of titanium alloy twisting.

Bowing deeply, Xi Tingting said in a deep voice: “Although I belong to a noble faction, my strength is meager. These two ships are the only weapons in my family, so the faction wants to remove my title.

When the rumors were revealed, my family suffered a terrible death. My father and brother were killed, while I was the only one left alive.”

What a poor young lady. Donghuang Li really wanted to comfort her.

Qing Ya and Donghuang Baizhi felt that there was something wrong with the last sentence. This is a crazy hint! Selling her body to bury her father! [It’s an idiom that comes from the story: Dong Yong and the weaving maiden. Here is the link if you’re interested:

“So what?” Ye Hua asked lightly.

“Sir, I know this is very difficult, but I still hope you can come with me and prove your identity as a Warrior.” All factions want to have friends like martial arts practitioners.

Ye Hua asked in a deep voice, “Why should I help you?”

Chapter 442

With a plop, Xi Tingting knelt directly on the ground, “Sir, if you can help my family escape this crisis, I, Xi Tingting, swear to Martial Venerable that I am willing to be a slave beside you to serve you.”

Ye Hua looked at his two sweet wives as if saying that this deity is now in demand. Don’t you feel any sense of crisis?

Qing Ya and Baizhi helped Xi Tingting up. Qing Ya smiled and said, “Miss, you are too serious. My husband was joking with you, we are here to help.”

“Thank you so much, Mr. and Mrs., I, Xi Tingting, will definitely remember your kindness.”

Ye Hua took a breath and said lightly, “Go out first.”

“Okay, sir.”

After Xi Tingting left, there was a sour smell in the room.

Ye Hua picked up his daughter and said with a smile, “Ah Li, what should I do if mommy is jealous?”

“Kiss mommy.”

‘Even my daughter knows it.’

“Hmph, who is jealous of you? Ah Li, don’t listen to your daddy. Come to mommy’s arms.” Donghuang Baizhi stretched out her hand and hugged her daughter in her arms.

Ye Hua said lightly, “We are here to travel. Is it good for you to meddle in other people’s disputes?”

Qing Ya and Donghuang Baizhi suddenly realized that they had just done something wrong. They were jealous, and the other party was also pitiful. In addition, they wanted to prove their strength.

Ye Hua says that a woman has long hair and short knowledge.

The two women also thought about it, and what they did just now was really out of their minds.

“Ye Hua, we’re sorry, we didn’t consider it thoroughly.” The two women apologized to their husband.

Ye Hua stretched out his hand and pinched their faces, “You guys, be less jealous and use your brain more.”

In fact, when Ye Hua was not around, Qing Ya and Donghuang Baizhi were very smart, but as long as they were with Ye Hua, it was as if they had an invisible support. He is also satisfied.

The IQ of women in love is negative.

“Mommy, don’t worry, daddy will not leave you.” Donghuang Li also cheered for mommy.

The two women gave a charming laugh, feeling that they were indeed a little stingy, and it was easy to get jealous.

In fact, if Ye Hua was in their position, he might have already shot and destroyed the other party.

He is not called the vinegar king of the cultivation world for nothing.

The warship drove into a military base outside the city, and Xi Tingting arranged a car to take Ye Hua’s family back to the manor for dinner, and to the Martial Arts House in the afternoon.

Sitting in the suspended car, feeling the comfort of the seat, Ye Hua said lightly, “It’s much better than the one at home.”

Xi Tingting, who was sitting in the front row, turned around and smiled and said, “If you like it, sir, I will arrange one.”

“Forget it, I don’t have such technology in my world.” Ye Hua didn’t want to participate in this kind of world change. Time has to progress slowly. Too fast is not a good thing.

Xi Tingting seemed to understand too and said nothing.

“Wow, what is that, daddy? Is that a giraffe?” At this time, the motorcade was driving outside the city, and there were many wild animals in the outer city. This was also a major feature of this place as Ye Hua wanted to show it to his daughter.

They saw a huge creature walking beside them, with a neck of more than ten meters, a huge body, and roaring lightly from time to time.

“Ah Li, that’s Yanling, a large herbivore.” Xi Tingting introduced it carefully. She was already familiar with Ah Li.[It could be this thing, not sure: <https://storage.xpg.cards/image/CBLZ/JP040.jpg>]

Donghuang Li muttered, “It’s like the dragon that daddy summoned.”

Ye Hua “...”

Bullshit!

“What dragon?” Donghuang Baizhi asked curiously.

Donghuang Li was going to say something, but Ye Hua interrupted, "Oh, the big dragon doll that daddy bought for Ah Li. It's amazing."

Donghuang Baizhi chuckled lightly and then kissed her daughter's little cheek, which made Ah Li very happy.

"Daddy, that blue light is so beautiful." Donghuang Li pointed to a blue shock wave in the distance.

Xi Tingting's pupils gradually enlarged, and then she shouted "Retreat!"

But it was too late.

Boom!

The blue shock wave slammed hard on the suspended car.

Within the dazzling light, the two cars in front and behind were instantly swallowed up.

A battleship slowly appeared in the air.

A dozen figures flew towards this side to observe the situation.

When the flames disappeared, Ye Hua's two hovercars were safe and sound, even the paint was intact.

Xi Tingting in the front row was stunned. What happened just now and why didn't she die? Could it be that she was blessed by Martial King?

Ye Hua turned his head to look at the two wives. The latter bowed their heads slightly, obviously knowing that they were wrong.

Opening the door and getting out of the car, Ye Hua stood in the desolate land, with Qing Ya and Donghuang Baizhi following closely behind.

There was an angry man ahead, named Gao Yi. He wanted to assassinate them. Although he violated the law, he still didn't falter.

"Who are you? Where is Xi Tingting?" Gao Yi shouted angrily at Ye Hua. There were ten warriors behind him, and their overall strength could destroy a family.

Before Ye Hua could speak, Xi Tingting in the car stretched out her head and shouted, "Gao Yi, you are breaking the law."

"So what? The noble faction has abandoned you. Even after such a ruckus, they haven't come out to save you. It shows that you are already an abandoned person." Gao Yi couldn't stop laughing. 'I will kill you today.'

"Gao Yi, you can kill me if you want, but they are my guests."

"Hmph, they're just three martial apprentices. If I can't beat him, I will eat shit." Gao Yi didn't know who was standing in front of him. If he didn't act cool now, he would officially be an idiot.

This is an iron plate within an iron plate. You will be smashed to pieces if you kick it.

Snap.

A finger snapped.

Gao Yi was stunned when he heard this.

Boom!

His whole body exploded, turning into a blood mist. The warriors behind him had the same fate.

Ye Hua looked at Qing Ya next to him in disbelief. A good guy like him likes a woman who kills without blinking.

“Do you want to eat shit too?” Qing Ya said coldly. She hated others scolding her husband the most. She had no strength before, but now is not the same.

Gao Yi’s soul was shouting grievances. When did I scold anyone? Can’t you be reasonable?

Donghuang Li clapped her little hands, “Mommy Qing is amazing.”

“Ah Li, get in the car quickly, you can’t watch.” Qing Ya urged.

Donghuang Li sighed and got into the car, but still stuck her head out to watch.

Donghuang Baizhi’s strength was also different now. Looking at the battleship ready to run, Donghuang Baizhi’s right hand was transformed into a long purple sword.

Brush

Brush

Three purple awns attacked the battleship.

In the battleship, the deputy captain looked at Zimang coming from the big screen and shouted, “Run! Run! Why aren’t you running?”

Chapter 443

“Lieutenant, it’ll take five seconds.”

“Don’t worry about five seconds and run now.”

“Lieutenant, that won’t be optimal.”

“If I ask you to dance, you dance. Don’t sprout nonsense.”

With the sound of ‘biu’, the entire battleship disappeared in an instant, as if it was sucked away by space, and three purple awns flew far into the distance.

Missed.

The Queen lost.

The Queen was very angry.

Ye Hua patted Donghuang Baizhi's shoulder and held it with his right hand.

'Want to escape?'

'How is that possible?'

The escaped battleship was enveloped in an unknown force. The hard protective armor outside seemed to be squeezed by something, instantly deforming.

Boom

Boom

The battleship couldn't bear such a force. It exploded in the black hole of time and space.

Ye Hua's hand is more powerful than the infinity gauntlet.

The three got into the car, and Ye Hua said lightly, "Let's go."

"Oh yes." Xi Tingting swallowed her saliva. Worthy of being a martial artist.

As an ordinary person, Xi Tingting couldn't feel Ye Hua's aura and thought he was a warrior.

Soon, the suspension car entered the city. Qing Ya, Donghuang Baizhi, and Donghuang Li were attracted by the technology-filled city in front of them.

As if watching a sci-fi movie, many strange species are walking on the street, and some people even looked like octopuses.

"Wow, mommy. Look, Donald Duck." Donghuang Li was very excited. Daddy is amazing.

Qing Ya and Donghuang Baizhi were also very happy, like happy little girls.

Ye Hua was sitting like a big boss, but he was also looking at the city in front of him. It was really good, but the bodies of his beautiful wives were even better.

Secretly hugging Qing Ya and Donghuang Baizhi's willow waists, rubbing slightly, the faces of the two beautiful wives are flushed. This bastard is getting cockier and cockier.

"Sir, let's go eat first," said Xi Tingting in front.

'I didn't eat breakfast before leaving.' Ye Hua nodded.

The levitated car flew towards the tallest building in the city. When it flew to the side, a piece of glass from the building stretched out, and the levitated car parked firmly on it. The five people got off immediately.

Xi Tingting pressed the car shell, and the whole car turned into a capsule with a puff.

This technique is a bit geeky.

"Sir, are you satisfied?" Xi Tingting asked carefully.

Ye Hua glanced at the people on the floor, 'What are you spicy chickens looking at? The woman of this deity is so beautiful. If you have the guts, try to tease them.'

Ye Hua was going to be disappointed. These people don't even have a "Long Aotian". It's very boring.

Instead, these people pointed at Xi Tingting and whispered.

Xi Tingting knew what they were talking about and whispered, "Sir, I'm so sorry."

"It's okay. Where to sit?" Ye Hua said lightly. They are all salted fish. At best, they were more advanced salted fish with a little brain.

"Daddy, let's sit by the window. Ah Li wants to see the scenery." Donghuang Li pulled the corner of Ye Hua's clothes and pointed to the position where no one was sitting. If one were to lean against the window, the scenery would indeed be good.

It doesn't matter if Ah Li wants to take a seat. If she wants the entire Canglie Star, Ye Hua will satisfy her.

But if his son, fight for it on your own.

Ye Hua now also has the idea of raising a rich daughter and a poor son. It seems that he is also poor.

In fact, Ye Hua overlooked one thing. The travel costs. The earth is okay, as his wives have money, but in this star, Yuan will not be in use.

If you want to talk about Ye Hua's responsibility of making money, don't think about it too much.

That's why he reluctantly did Xi Tingting a favor. In exchange for the help, Xi Tingting had to cover the travel expenses.

"Sir, that position is not good." Xi Tingting said anxiously.

Ye Hua looked back at Xi Tingting and said lightly, "With me, it'll be fine."

'Such a handsome man.'

Qing Ya and Donghuang Baizhi smiled and said nothing. Even if they go out to travel, he has to pretend to act cool.

The five sat down immediately,

Donghuang Li was sitting beside the big transparent window, looking at the strange world in front of her, showing a lovely smile.

"Daddy, it's so beautiful." Donghuang Li murmured.

The city was equipped with three super-large satellites in the sky. This is the beauty of artificial adjustment, and it has the most scientific basis. The arrangement of all the plants and even the buildings were all aesthetics.

Suddenly, a man holding a stack of papers handed out flyers with a humble smile.

Soon, he came to Ye Hua's table.

The man took out a piece of paper and put it on the table and said with a smile, "The General Administration of Time and Space, five insurance and one housing fund, with two-day holidays, with annual leaves. Join us now."

Just after finishing speaking, three-four warriors wearing high-tech armor came over, held the man up, and then took off.

Ye Hua picked up the leaflet and looked at it. The nature of the work is quite interesting. Catch time and space criminals.

"The nature of the work of the General Administration of Space and Time is quite good. Why do they hire people in such a way?" Ye Hua asked curiously.

Xi Tingting said respectfully, "Sir, you don't know, the work of the General Administration of Time and Space is very dangerous, and they have to travel all year round. It is hard to say whether they can come back alive. Plus, with the poor treatment and low pension, it is better to be a policeman on this planet."

Qing Ya asked curiously, "Why don't they improve the treatment?"

"The General Administration of Time and Space is sent by the royal family. The profits are almost scrapped by them, only leaving an insignificant bit."

Ye Hua paused and asked, "You are a noble faction, and now there is a royal faction. What other faction is there?"

"Sir, there is another one called the bishop's faction. The one who attacked us today was them. In the imperial capital, each faction has a martial king in charge, and their strength is very terrifying."

Ye Hua let out a long sigh, expressing his 'fear'.

"Sir, I'm sorry, because of me, you offended the bishop faction. I will be kicked out of the aristocratic faction for disturbing your travel plan." Xi Tingting expressed her apology for causing trouble to Ye Hua's family.

Donghuang Li stood on the sofa and said with a smile, "Sister Xi, don't worry. Daddy is amazing."

Xi Tingting smiled, this martial artist is indeed very powerful, but it is only so in this small city. If one were to go to the imperial capital, then being a martial artist was nothing.

"Yo, I think who it is. It's Xi Tingting. She doesn't know if this is a special seat for Feng Lulan."

Hearing a sour voice, a plump woman was holding a handsome man.

When the man saw Qing Ya and Donghuang Baizhi, he was shocked. 'How could there be such a beautiful woman in the world?'

Xi Tingting was not cowardly, she stood up and said, "You shouted in front of the warriors, Feng Lulan. You are being rude."

Chapter 444

"You are warriors?" Feng Lulan's face changed instantly and he asked with a flattering tone. It can be seen how popular warriors are. If Xiao Yi knew that warriors here are so popular, he would definitely stay here to develop.

Ye Hua didn't say anything, while Donghuang Baizhi, as the empress, also didn't make a sound. Only Qing Ya came to speak on behalf of the family.

"That's right." Qing Ya said lightly.

Donghuang Li also pointed to herself and said, "Ah Li is also a warrior."

Feng Lulan was shocked.

Not only Feng Lulan was shocked, but all the people from the noble factions present were shocked.

Unexpectedly, Xi Tingting, who was about to be expelled, brought four warriors here for dinner. Now, no one dared to underestimate Xi Tingting. She has amazing friends.

Slap

A loud slap sounded in the dining room.

Everyone looked at Feng Lulan. This woman was so cruel to the point of inhumanity.

Ye Hua and the others were also very puzzled. They were doing fine. Why did you suddenly slap your man?

The man covered his face. Even he was stunned, his head was buzzing. He couldn't understand what he did to deserve the slap.

Feng Lulan smiled at Xi Tingting and said, "Tingting, this man deserves to die for seducing me. Fortunately, I didn't continue to fall for his tricks."

Xi Tingting sneered.

'The man didn't do anything just now, yet you slapped him for no reason and said he seduced you.'

'It's so shameless, who seduced you?'

"Tingting, it's obviously Feng Lulan who seduced me. Listen to my explanation." The man knelt in front of Xi Tingting, begging bitterly. He knew that Xi Tingting was going to rise now.

Feng Lulan said coquettishly, "Tingting, don't believe this man's words. He is full of sweet words. Although he was your fiancé before, he shamelessly came to seduce me. I am ashamed."

This man was indeed Xi Tingting's fiancé until he was seduced by Feng Lulan. She showed off her male pet, and it was the same today.

Just seeing Xi Tingting with a warrior beside her, they all started begging for good. It can be seen that a warrior was really popular.

“Tingting, don’t listen to her nonsense. It was this woman who drugged me. I am sorry. She also threatened me that if I didn’t kneel and lick her, she would beat me.”

Feng Lulan yelled, “Come on, someone, drag this shit out, and fulfill his wish.”

Immediately, several men fully armed and wearing mechas came and dragged the man away, but the man was still struggling, “Tingting, I know I was wrong. Please help me, I will never dare to do anything again and serve you well.”

But Xi Tingting didn’t respond. She still remembers how the two of them treated her back then.

This kind of handsome man would only be a dog for a powerful aristocratic woman. After playing enough, she will just kill him.

It’s the same in any world; the strong are respected and the weak are the prey.

“Honorable warrior, I’m so sorry for disturbing your meal. You can eat whatever you want. You can look out for me if you are in need of entertainment.” This Feng Lulan was a smart woman, knowing that her first impression was not very good, so she didn’t directly talk business, but expressed her apology and complimented the warriors.

“Sir, this is my business card. If you are confused, you can contact me. My 9949 holographic mobile phone is on 24 hours a day.”

Ye Hua accepted her business card, which made the latter overjoyed while she left happily.

‘I accepted this business card just in case the travel expenses run out. At least I will have someone to come with the money. It is a great honor to pay for this deity.’

“Sir, this woman is very good at deceiving people.” Seeing Ye Hua with the business card, Xi Tingting tried to prevent him from being deceived.

The corners of Ye Hua’s mouth curled up, and he said calmly, “The only ones who can fool me are the two of them.”

Qing Ya and Donghuang Baizhi glanced at Ye Hua.

‘You’re so shameless that you say that we are deceiving you, but in the end, you were the one to deceive us.’

Xi Tingting felt that their relationship was really good.

‘What a match made in heaven, incomparably perfect, even the daughter is so cute and well-behaved.’

A variety of dishes came up soon.

Not to mention, these dishes tasted very good. The heat was just right, and the tenderness and the compactness were just right. It is extremely refreshing.

‘Advanced civilization is good. I guess the cooks are all robots.’

‘Regardless of the nutritional value, this tastes really good.’

"It's so spicy, so spicy, so spicy." Donghuang Li shouted to her mother.

Donghuang Baizhi now also has the mineral water, the "jade immortal dew" of the Voidless Realm.

It's used to quench the child's thirst.

Donghuang Baizhi motioned in the air, and a bottle of water appeared in her hand.

This made Xi Tingting dumbfounded.

'What kind of space technology is this? Their family is really amazing. It feels like they are not afraid of anything.'

'And with two such beautiful wives by his side, isn't he afraid of accidents? After all, their beauty is really eye-catching.'

"Mommy, help Ah Li open it, Ah Li's hands are full of oil." Ah Li waved her hands, it's so spicy.

Donghuang Baizhi smiled and opened the bottle.

A captivating fragrance emanated from the mouth of the water bottle, and this fragrance soon permeated the entire hall.

Everyone closed their eyes, enjoying the comfort of this moment. Their brains were extremely relaxed, as if all their troubles had disappeared.

Xi Tingting, who was the closest, could sense this smell even more. She seems to be familiar with the smell.'

'I remember going to the imperial capital with my father back then.'

'I was lucky enough to stand in the crowd and see the emperor. At that time, the emperor seemed to open a bottle of national wine for celebration. The legend has been preserved for thousands of years.'

'And when the bottle of wine was opened at that time, it also a fragrance that captivated the people.'

Everyone looked their way. After all, the restaurant is only so big, so one can find the spot soon.

"Is that the imperial wine?" One of the nobles muttered.

"How can it be the imperial wine? It is the treasure of the emperor, and it will not be taken out until major festivals are celebrated."

"Yeah, the current Martial King got a small bottle, but he regards it as a treasure."

"But this smell is really like the description, making people intoxicated."

Donghuang Baizhi pinched her daughter's face and said dotingly, "Extend your hands."

Donghuang Li stretched out her small hands.

Donghuang Baizhi opened the bottle and poured the water.

Everyone stared hauntingly, this was too prodigal.

This prodigal woman actually used such water to wash her children's hands.

Even if it is not the imperial wine, it is a high-end counterfeit product, a valuable thing. Too prodigal!

Chapter 445

Donghuang Li washed her hands clean. She held the bottle in both hands and drank the whole bottle in one breath.

Hiccup

"The water is so cold." Looking at her daughter's cute appearance, Donghuang Baizhi stretched out her hand and straightened her daughter's hair. After all, she was outside, so she needed to pay attention to her image.

Donghuang Baizhi simply took out another bottle.

Xi Tingting, who was sitting opposite, was dumbfounded. 'No wonder she used it to wash her hands, she still has a lot more.'

All the nobles were also flabbergasted after finding out that the beautiful woman had more water.

Do these guys want to buy a bottle?

Qing Ya opened the bottle cap and poured a cup for Xi Tingting, which spooked Xi Tingting, as she received the cup with both hands.

When the nobles saw that Xi Tingting could drink such 'wine', they were jealous and desirous.

Xi Tingting felt very honored, 'This family is so nice.'

Holding the cup, Xi Tingting took a sip.

This feeling is akin to being in the sea, while her whole body and mind were relaxed. This joy was incomparable to any drug. This is the sublimation of the soul.

'No, no no. More!'

"Sir, I don't want to drink anymore."

Ye Hua frowned slightly.

Xi Tingting didn't say anything, 'I want to act cool and drink slowly in the future.'

Ye Hua's brows gradually unfolded. 'For them, this water may be a treasure, but for this deity, it is just good enough for washing my daughter's hands.'

The spring of no void is really unique. There may not be so many springs in the entire galaxy.

It would be a lie to say that people are not jealous. Some nobles started whispering and discussing something with devious intentions.

After the meal, Xi Tingting took Ye Hua's family to the Martial Arts House.

Every city has a Martial Arts House as a tool to test martial artists.

The ratings are all generated at the Martial Arts House. The higher the level, the larger the city. A city like this is relatively small scale. Of course, this is only in Canglie Star, as even this small city is the size of a province.

Looking at the two-story Martial Arts House in front of him, Ye Hua felt it was too shabby.

"Sir, our place is a small place, and there are not many people who learn martial arts, so the scale is very ordinary." Xi Tingting explained.

Compared to other buildings, this Martial Arts House is indeed rather shabby, but quite a few people are coming in and out.

'There are humans as well as other races. It's really eye-opening. I wonder if I can see Wei Chang's relatives.'

"Mommy, do you think they will pay attention to Ah Li when I ask to take a photo with the strange uncles?" Donghuang Li hugged her mother's thigh, looking at those aliens. She really wanted to take a photo with them as a souvenir.

Donghuang Baizhi smiled and said, "Ah Li, you should ask politely."

"But Ah Li is too shy to go." Donghuang Li buried her face in Baizhi's lap.

Don't mind Ah Li's carelessness, as she still acts very shy when she sees other races.

Walking into the house of martial arts, the atmosphere was a little heavy.

Bang

With a muffled sound, the test result came immediately: "Liu Feifei, grade-one martial apprentice."
[First is the lowest, while the tenth is the highest]

"Lu Mang Mang, grade-one martial apprentice."

"Hai Xiaoxiao, grade-one martial apprentice."

However, if you think they will be disappointed, you are wrong.

Even if they are ranked one martial apprentice, it also symbolizes that the road to the future can lead to a martial king, making them happy. They feel that they can stand on top of the world and look down on everyone in the future.

However, they don't know the hardships of the cultivation route. Some people become martial artists, but they get stuck for a lifetime and can no longer move forward.

Some people just gave up because they were afraid of dying.

All in all, the road to martial arts was very difficult, but as long as you stand out, it is a matter of honoring your ancestors.

For poor children, this was the only chance. In this room, many gorgeously dressed people were also waiting in line for the test.

As Ye Hua entered the field, several groups of people followed him. It seems that someone has already moved the wrong way.

Of course, Ye Hua knew it. They could follow along as long as they don't do anything.

Once done...

Hehe, then prepare to bear the wrath of Ye Hua.

"Ah Li, go try it." Ye Hua changed his mind temporarily and asked Ah Li to try her hands.

"Okay, daddy."

Donghuang Li immediately queued up.

"Sir, Ah Li... she..." Xi Tingting was a little worried.

Qing Ya said lightly, "Don't worry."

Donghuang Li stood in the line and looked very short.

Because most of them are adults, and there are only a few teenagers, but there were simply no children.

An adult walked up to the front of the device, took a deep breath, and let out a loud shriek.

He punched the device.

Boom!

"Unqualified, next."

When the adult heard the result, his face showed frustration. He didn't expect to fail after practicing for so long.

At this time, several machines were testing at the same time. A man in gorgeous clothes walked onto the stage, causing bursts of screams.

"Who is that?" Ye Hua asked curiously.

Xi Tingting said, "Sir, that is the young master of the Gao family. The person who attacked us today was his brother."

There was a muffled bang.

The staff announced "Gao Can, grade-three martial apprentice."

There was an uproar.

"As expected of the young master of the Gao family, he is a third-rank warrior at a young age."

"I heard that his elder brother Gao Yi is a warrior."

“This bishop is incredible and he took all the limelight away.”

“Gao Can is so handsome.”

Gao Can, on the stage, shook his head, and the bangs on one side flew, causing some women to scream again and again.

At this time, another man came onto the stage, dressed in ordinary clothes, but the reaction this time was very strange.

Ye Hua was curious and asked, “Who is he?”

“Sir, he belongs to the royal family. His name is Zhou Zhiye. He was also very strong before. He reached the fifth rank of warrior at a young age and was called the youth with the most potential of the year. But for some reason, he suddenly became weak. He fell off the altar and thus lost the support of his family.” Xi Tingting explained.

Qing Ya and Dong Huang Bai Zhi felt that this young man was quite persevering and was not knocked down by difficulties.

Ye Hua didn’t feel much after hearing it. It was just a story of a hard-working young man who finally reached the pinnacle of life after untold hardships.

Too old-fashioned.

Zhou Zhiye walked upstairs slowly, and some mockery sounded behind him. He remembered that they were the ones flattering him in the past.

“Young Master Zhou, don’t waste your time. It’s like this anyway. It is bad to just eat and wait to die?” [Living life without worries]

“Hahaha, that’s right. Young Master Zhou, you are no longer the genius Zhou you used to be.”

“You should leave so as not to lose the Zhou family’s face here.”

Chapter 446

Listening to the taunting sounds, Zhou Zhiye clasped his hands tightly. ‘These are just some minor villains. I’ll let them know how powerful their father is when I recover my strength.’

Standing upright, Zhou Zhiye clenched his fist with his right hand, and immediately shouted “Ahhh!”

Boom!

Everyone is waiting to announce the result. This punch seemed to be powerful. Has he regained his strength overnight?

“Zhou Zhiye, grade-one martial apprentice.”

There were a lot of boos at the scene. They thought that this Zhou Zhiye had recovered, but he turned out to be the same weakling.

“Zhou Zhiye, I heard that you are still the same today. The She family wants a divorce.”

“It’s a pity for She Sihan of the She family.”

“Yeah, whoever follows such a spicy chicken will definitely not be able to stand him.”

Donghuang Li felt that the little brother on the stage was pitiful and was ridiculed by everyone, but she still admired the little brother’s perseverance. It seemed that he was used to it.

Zhou Zhiye was used to it, looked at the group of sinister villains coldly, and shouted angrily, “Thirty years of Hedong, thirty years of Hexi, don’t bully young poor.”[Line from Battle Through the Heavens. This line is about how the Yellow River was not fixed in the past and often changed its course. A certain place was originally on the east side of the river, but after a few years, due to the diversion of the Yellow River, this place will become on the west side of the river. This sentence is a metaphor for the rise and fall of personnel.]

These remarks were powerful and shocked everyone for a moment. However, after a while, the audience burst into laughter.

Gao Can pointed his finger at Zhou Zhiye and shouted, “Look at this idiot, he has no strength and is still trying to act cool. Quickly go back. The She family has already reached your house. You should leave some words for your fiancée.”

“Hahaha.”

After Gao Can finished speaking, the audience burst into laughter again, and Zhou Zhiye, with a gloomy face, remembered those laughing faces in his mind.

‘I’ll figure it out myself later.’

With a cold snort, Zhou Zhiye stepped off the stage and walked outside.

Boom!

‘Who knows who stumbled and tripped Zhou Zhiye, but he fell on dogshit, making everyone burst into laughter again.

Zhou Zhiye was so angry that his chest was about to explode. ‘These spicy chickens should wait for me to recover. I want you to pay the price for today.’

“Little brother, are you alright?” A pleasant voice sounded.

Zhou Zhiye raised his head slowly and saw a little girl in a princess dress with concerned eyes appear in front of him.

In the face of the little girl’s concern, Zhou Zhiye thought it was an irony. When was it his turn to be concerned about by such a little girl? He stood up and said in a cold voice, “Don’t worry about it” and then walked away.

Donghuang Li held back his tears and walked into the line again. Now she finally knew why everyone was bullying her. It was really not likable.

Donghuang Baizhi looked at her sullen daughter, put her arm on Ye Hua, and said, "Ye Hua, our daughter is angry."

Qing Ya was also a little unhappy, "My poor little Ah Li. Obviously, she wanted to do something good, but others don't appreciate her."

Ye Hua said nothing. Not all good deeds result in rewards. His daughter should understand this. About why he is laughed at by everyone. It was not unreasonable.

Standing in front of Donghuang Li was a young girl. At least she was considered young in the entire arena. Her looks were pretty good, and she could be regarded as a beauty.

The woman turned around and squatted down, comforting, "Don't be sad. Big sister here has also encountered such things before."

"Really?" Donghuang Li raised her head and asked cutely.

The girl was also taken aback by Donghuang Li's appearance, and said with a smile, "Of course, many times."

"So there are many such things. Ah Li understands."

"Ah Li? That's your name?" the girl asked curiously.

"My name is Donghuang Li. What's your name, Miss?"

The girl smiled and said, "My surname is Ziche and my given name is Qingyi."

Donghuang Li seemed very polite, stretched out her hand, and said, "So it's Sister Qingyi. Hello."

"Hello, little Ah Li." Ziche Qingyi smiled.

"Ah Li, are you here alone?"

Donghuang Li shook her head, and pointed at her parents not far away, "No, I came here with daddy and mommy."

Ziche Qingyi also looked over and saw Ye Hua and the others. She asked curiously, "Ah Li has practiced martial arts at such a young age? It's amazing."

Donghuang Li was very proud, "Of course, Ah Li has been practicing martial arts since she was a child."

Ziche Qingyi smiled and said nothing. 'You are a child now. How much younger can you be? Ah Li's parents probably just wanted her to exercise a bit.

"Little one, it won't be bad if your little fist can pierce through a piece of paper." A young man standing beside her laughed.

Ziche Qingyi looked at the man and said softly, "Fei Bai, you are so shameless that you want to bully a little girl?"

Fei Bai was a handsome boy and one of the young people present.

“Qingyi, I’m just telling the truth.” Fei Bai spread his hands, and some people around nodded. What kind of strength can a little girl have?

Donghuang Li kept quiet, but she was looking very angry. ‘If it weren’t for daddy and mommy watching, I would have punched him now, and let him know that Ah Li’s little fist can not only pass through paper but also through your body.’

“Little guy, go back to your parent’s arms. This is the world of adults. It’s very dangerous.” Fei Bai smiled and immediately stepped onto the stage.

Ziche Qingyi also stepped up.

Ziche Qingyi took a deep breath, let out a shout, and punched.

Boom!

“Ziche Qingyi, grade-three martial apprentice.”

The whole audience was in an uproar. It’s really awesome to have reached the third rank of martial apprentice at such a young age. As expected of Ziche Qingyi, the proud girl of heaven.

Fei Bai at the side was not to be outdone, a faint aura emanated from his body, and the entire venue became quiet. His aura kept leaking out.

Boom!

The sound made everyone’s ears go numb.

“Fei Bai, grade-four martial apprentice.”

There was an uproar. Even Gao Can’s face was gloomy. This Fei Bai is also from the bishop’s faction. Although they’re in the same faction, he stepped on his head. It’s time to let his brother teach him a lesson.

Little did he know, his brother had already died.

The three old men sitting next to them showed satisfied smiles. They are all good young people, and they have a bright future.

It’s time for Donghuang Li’s turn.

Both Qing Ya and Donghuang Baizhi were excited, as they held onto Ye Hua’s hand tightly. Although they knew Ah Li’s strength, seeing and knowing are two different things.

Originally, Donghuang Li was only so big that she was impossible to spot it standing in the crowd. Now everyone laughed when they saw Donghuang Li on stage.

Ye Hua and his wives were very angry. These damned salted fish were actually laughing at their daughter. They wanted to kill them directly.

“Little guy, go home and watch cartoons.”

“Yeah, little guy, it’s very dangerous here.”

“Little guy, go back quickly. Don’t make your parents worry.”

Although they were laughing, it was due to Donghuang Li’s cuteness. This was not mockery. After all, there has never been a little girl here.

Donghuang Li kept her quiet. She was angry.

She jumped slightly.

Chapter 447

Her little fist struck out!

There was a bang, which wasn’t that loud, reached everyone’s ears.

Everyone admired the little guy’s ability. This posture is very good, and she will be a good martial artist in the future.

Donghuang Baizhi was relieved to see that her daughter was calm.

“Ah Li is in a good mood.” Ye Hua said lightly, taking out a cigarette and lighting it.

Qing Ya poked Ye Hua, and then pointed to her stomach, do you want to poison your son?

Ye Hua shook his head helplessly and put out the cigarette.

Ziche Qingyi off the field felt that Donghuang Li’s posture was pretty good, but she was too young...

“She’s pretty good.” Fei Bai was surprised and praised.

However, as everyone was amazed, something even more surprising came!

The huge device actually emitted blue smoke, and then began to shake violently. Cracks appeared on the surface!

With a bang, it was torn apart!

Donghuang Li snorted, liking everyone’s shocked expressions.

It seems that like father like daughter. They like to see other people’s surprised expressions as if they had eaten shit.

The three old men were stunned. This device could withstand a single blow from a samurai. How could it explode? There must be something wrong with the device itself.

A staff member came out and explained: “I’m sorry, there is a problem with this device.”

“What about me? What level?” Donghuang Li pointed toward herself and said.

The staff laughed and said, "You can strike again."

Donghuang Li pouted, because he didn't believe Ah Li... well then! Ah Li can only make a bang!

Donghuang Li walked to the side of the device, still in the same posture as before.

Boom!

The small fist hit it hard, and then...

Boom!

Boom!

Boom!

The whole device flew upside down, punching a hole in the wall.

The audience was silent, rubbing their eyes, are they dreaming?

How could it be possible!?

A little girl actually blows the instrument away, which can block the blow of a samurai! Incredible! Too fake!

Donghuang Li was very satisfied with the effect. She clapped her little hands, and waited to hear the announcement for her grade.

But they don't know shit.

The staff came out with a smile and said, "Everyone, I'm so sorry, both devices are broken. Please come back next time."

"Ah, what about Ah Li's level?" Donghuang Li was unwilling and asked. After so long, why didn't they assign her a grade?

The staff member smiled and said, "My little friend, there is no way to judge your level. When we buy a new device, you can come and test it again."

Donghuang Li let out a sigh in relief. 'Is it so hard for daddy to pretend to act cool? It seems that Ah Li still has to learn a lot from daddy and strive to have half of daddy's demeanor as soon as possible.'

The helpless Donghuang Li stepped off the stage, looked at Ziche Qingyi in front of her, and sighed deeply.

'This kind of feeling is like saying, Ah Li is really depressed, if I knew it, I would hit it lightly, so as doesn't fly away.'

"Ah Li is really powerful." Ziche Qingyi smiled slightly. Although she didn't know how strong Ah Li was, it was certain that Ah Li was at least stronger than her.

Donghuang Li smiled embarrassedly and said, "It's okay."

"Uh... Ah Li, right? Brother, I just misunderstood you." Fei Bai came up hesitatingly and said, feeling that it was embarrassing to apologize to the child.

Donghuang Li pursed her lips: "Little brother, Ah Li accepts your apology."

"..."

'When did I apologize just now?'

Ye Hua smiled as he watched his daughter mingle with the older children.

"It feels like my daughter has grown up." Donghuang Baizhi was a little sentimental, as if her daughter would leave her when she grew up.

Ye Hua hugged her lightly: "Ah Li will marry someone sooner or later."

"I can't bear it." Donghuang Baizhi became more and more sentimental, her eyes were red, and the thought of her heart and soul being married by someone else made her feel bad.

Ye Hua smiled: "Then don't let Ah Li marry, so that she does not leave your side."

"That's the only way to go." Donghuang Baizhi thought the same, her daughter can't marry out.

Qing Ya rubbed her belly, luckily her's is a boy, so she didn't worry at all.

"Hello, is Donghuang Li your child?" One of the three old men walking over to ask.

Xi Tingting immediately shouted respectfully: "President Kang!"

The House of Martial Arts is the fourth largest force, but it does not participate in any power struggle. There are schools in major cities, and this Kang Yu is the dean.

Donghuang Li will be a new star in the future. How can he be willing to let her go? She is a martial king material. Maybe she can reach the realm of martial emperor or martial spirit, or even a high grade martial venerable.

Ye Hua nodded to the polite old man in front of him.

Kang Yu was overjoyed: "Donghuang Li is very good, if you let this old man teach her, she will definitely be extraordinary in the future!"

'Does this deity's daughter still need you, an old man, to teach her? But seeing your attitude, forget it.'

"No." Ye Hua said indifferently, hugging his wives and watching his daughter and others talking.

Kang Yu frowned and motioned to Xi Tingting next to him to say something nice. Xi Tingting shook her head. Although she had just contacted them, Xi Tingting felt that this gentleman didn't like to say stuff for the second time, otherwise, he would get angry.

'I had to beg this Sir to stabilize this relation. I can't disturb or make him angry now!'

Kang Yu stood for a while, this matter needs to be notified to the top management, this Donghuang Li is so amazing!

A perfect material for Martial King!

The people at the scene were almost gone, and Donghuang Li was also about to return to her parents, but she had two big friends now and wanted to hang out with them.

“Ah Li, brother will take you out to play, will you go?” Fei Bai grinned and said, in fact, this person’s heart is not bad at all, he just likes to make jokes.

Ziche Qingyi frowned and said, “Where do you want to take Ah Li?”

“Qingyi, look at your eyes, where else can I go? Of course, I will go to Zhou’s house to watch a good show.”

Donghuang Li was also interested ‘Oh, it’s boring to play with mommy and daddy, sometimes I’m not allowed here or there.’

“Ah Li wants to go, but Ah Li is afraid that daddy and mommy won’t agree.” Donghuang Li looked worried and secretly glanced at her parents not far away.

Fei Bai smiled and said, “Ah Li, when I was your age, I already went out and walked around alone.”

“Hehe, and was beaten every day.” Ziche Qingyi’s sudden revelation made Fei Bai very embarrassed.

Donghuang Li felt that she needed to talk to her daddy and mommy: “Brother Fei, Sister Qingyi, Ah Li will go and talk to daddy and mommy. You come with Ah Li, otherwise Ah Li will be afraid.”

Chapter 448

Fei Bai looked calm, and patted Ah Li’s head: “It’s on Brother Fei!”

Ziche Qingyi was helpless, but she also liked Ah Li, a very interesting little girl.

Donghuang Li pulled the two of them, and came to her parents tremblingly, lowering her head...

Ye Hua silently looked at the boy and girl behind his daughter. The latter shrank suddenly, the man’s eyes were so terrifying.

Donghuang Baizhi looked at her daughter and remembered when she was a child and wanted to go out to play but was caught and beaten by her father.

“Daddy, mommy, can Ah Li go out with brother and sister?” Donghuang Li asked in a low voice.

Looking at her daughter’s expectant eyes, Donghuang Baizhi wondered if she should follow her father’s example and discipline her well. Such a young child still wants to go out to play with older friends.

Ye Hua was also thinking, his daughter was fully capable of protecting herself, making him not worry about her safety.

He should also let his daughter have her friends and circle. He can’t always tie his daughter to him and make her have her own ideas and opinions.

Seeing daddy's stern face, Donghuang Li lowered her head and poked the ground with her shoes, looking pitiful.

Fei Bai summoned up his courage and said, "Uncle and aunt, don't worry. In Long'an City, as long as I'm here, no one will dare to bully Ah Li."

Ziche Qingyi also nodded silently.

Xi Tingting said softly: "Sir, the two of them are very prestigious in Long'an City."

Ye Hua asked curiously: "Is this also called Long'an City?"

"Yes sir."

'What a coincidence, even the name is the same.'

His daughter finally made new friends. Although she is not the same age, it is not easy. If he refuses now, his daughter will definitely be sad. Donghuang Baizhi was also thinking the same.

'My daughter has lived in a different courtyard since she was a child, and she is always in contact with maids. She has no friends at all. Now that she has two new friends, she must be very happy.'

"What time will you be back?" Ye Hua asked lightly. He decided to let his daughter go out to play and let her see the world through her eyes. Even if there is danger, he will know it, and with the strength of his daughter, it is also worth looking at the entire Long'an City to find an opponent.

Hearing her father's words, Donghuang Li was overjoyed.

"Uncle, don't worry. We'll take Ah Li for dinner and bring her to Sister Xi's house. Do you think it's alright?" Ziche Qingyi said seriously, feeling a lot of pressure. Ah Li's parents are definitely not idlers.

Ye Hua nodded silently: "Okay, Ah Li, remember to come back after dinner."

"Well, daddy, I know. I promise to be back on time~" Donghuang Li became enthusiastic and jumped with joy.

If this was an ordinary family, she would definitely not be allowed, but as the daughter of the Supreme Overlord, how can she compare with ordinary children? Ye Hua also wants his daughter to experience it earlier.

There are many kinds of friends, and he hopes Ah Li has a clear vision. Whoever treats her well will try to take advantage of her!

"Mommy, Ah Li will go out to play, so I won't disturb your honeymoon~" After saying that, Donghuang Li took Fei Bai and Ziche Qingyi's hand and ran away.

Donghuang Baizhi smiled bitterly. It seemed that her daughter had always wanted to go out and play like this, but she was also very worried. After all, her daughter was only so old.

Ye Hua patted Donghuang Baizhi's shoulders: "Don't worry, Ah Li is smart. She can't play with us as children need their own space."

"Ye Hua, I didn't know that you knew so much." Qing Ya teased, holding his arm.

Ye Hua lowered his head and said softly: "The thing I know the most is your body."

Qing Ya squeezed Ye Hua's waist hard, this bastard is really getting more and more shameless.

"Okay, children play with children, and we adults should also play with adults. Xi Tingting, do you have any bars here?" Ye Hua asked lightly. He wanted to see what an advanced and civilized bar is like and have a good time learning other people's technology and using it when he returns, lest he goes bankrupt.

Xi Tingting asked, "Sir, what type of bar do you want to go to?"

"The most exclusive one, with the best business."

"Got it!"

In Long'an City, there are countless entertainment facilities, but only a few high-end ones.

After Donghuang Li ran outside, she was so happy that she finally got rid of the halo of being numb.

"Ah Li, your daddy looks so fierce." Ziche Qingyi said softly, although he didn't do anything, he made them feel that he was difficult to get along with.

"Sister Qingyi, my daddy is actually pretty easy to talk to, as long as you don't provoke him." Donghuang Li laughed. All the people who provoked mommy were killed by daddy.

'Daddy is the protector of the family. It is really a blessing to have such a lovely daddy. Ah Li feels that she is so lucky to be their daughter.'

Fei Bai asked curiously: "Ah Li, how strong is your daddy?"

"Ah Li doesn't know how strong, but he's very strong. What are we going to do? Play in the playground or with dolls?" Donghuang Li couldn't wait.

Fei Bai laughed loudly: "Those are children's games."

"Ah Li is a child."

"..."

Ziche Qingyi smiled slightly, making Fei Bai a little lost as he shook his head.

"Ah Li, let's go and see if we can break off a marriage. That scene would be amazing." Fei Bai suggested.

Donghuang Li frowned: "Is that the little brother who was laughed at by everyone?"

"Yes, their family is treating guests today, but this Zhou Zhiye's test is still the same, thus his fiancée will definitely come to break off the marriage." Fei Bai couldn't wait to see it. Looking at Zhou Zhiye's helpless and angry look, wasn't he very condescending before?

"Ah Li will only go along with Sister Qingyi." Donghuang Li said while holding Ziche Qingyi's slender hand.

Ziche Qingyi looked at Fei Bai and seemed to be asking, why are you begging me?

“Qingyi, we have been friends for many years, I...” Before Fei Bai finished his words, Donghuang Li exclaimed: “Brother Fei, do you like Sister Qing Yi?”

!!!

Fei Bai was choked by his own saliva, while Ziche Qingyi turned her flushed face away.

“Ah Li, why do I like Qingyi? No, no.” Fei Bai hurriedly explained.

Ziche Qingyi said in a cold voice, “Who asked you to like me? Shameless!” After speaking, she pulled Donghuang Li away and left.

“No, no... Qingyi, listen to my explanation.” Fei Bai hurriedly followed.

“Go and explain it to other women!”

Donghuang Li thought his elder brother and sister were very interesting. They seemed to like each other, but they refused to acknowledge it.

Chapter 449

‘This is a bit similar to daddy and mommy’s situation, it seems that Ah Li can also be a matchmaker, hahaha.’

Fei Bai had no choice but to follow. He was a little messed up by Ah Li’s words.

In fact, Fei Bai and Ziche Qingyi have known each other since childhood, and their prestige in Long’an City is also prominent. Fei Bai’s family belongs to the bishop’s faction, while Ziche Qingyi belongs to the royal family’s faction, making them destined to become rivals in the future.

But that is something that happens when one grows up. When they were young, they would hang out with each other. Ziche Qingyi is the most outstanding girl among the three factions. She is liked by many boys, including Fei Bai. But he just can’t state that, as he is from the bishop’s faction.

At that moment, an octopus suddenly came, holding a microphone in his hand.

“Hello, I’m a street interviewer.” The octopus grinned, his whole head was covered with tentacles. Donghuang Li went numb just looking at it and hid behind Ziche Qingyi.

Fei Bai and Ziche Qingyi weren’t fighting anymore.

Fei Bai said, “It’s interesting, what’s the interview about?”

“I have a device here, just by taking a picture of your face, you can know the number of house openings.”[House opening means the number of times you went to the hotel to have intercourse.]

Fei Bai was shocked at his words. How many house openings?

Fei Bai hurriedly said: “There’s nothing to test, let’s go for a walk...”

“Wait, I think the test is pretty good.” Ziche Qingyi said lightly.

“Qingyi, this thing is not allowed, I will invite you to eat ice cream.”

Ziche Qing Yi simply ignored him. The octopus was very happy, breaking up a pair was his way of taking revenge on society.

The test results came out quickly, and the record of opening a house was zero.

This made Fei Bai secretly happy. Qingyi had never opened a room before, she was a good girl.

“Qingyi, didn’t you say you liked a dress last time? I’ll buy it for you.” Fei Bai immediately changed the subject.

“Test.” Ziche Qingyi said coldly.

Donghuang Li also whispered: “Brother Fei, don’t you dare?”

“Hehe, who said I dare not, isn’t it just a test? Let’s do it!”

Fei Bai could only bite the bullet.

However, the results were amazing, opening up to 53 times at such an age!

Seeing such a result, Ziche Qingyi was cold.

“Thank you for your cooperation, and I wish you all a long life.” Octopus ran away after saying that, worried that he would be hammered.

“Qingyi, listen to me, I only went to play cards with my friends. It’s not what you think.”

Ziche Qingyi said lightly: “Whatever, it’s not my business!”

Fei Bai explained all the way, not knowing how to explain such a thing.

Ziche Qingyi took Donghuang Li around and bought delicious food for her.

In the middle of this, Ziche Qingyi received a call from her father to attend the banquet held by the Zhou family. After all, they belonged to the royal family.

This time Fei Bai got his wish fulfilled. Although he was a bishop, he was still able to participate in such a banquet because of his young age. The elders would not say anything. But this won’t be the case when he becomes an adult.

The sky gradually dimmed, and the three of them appeared at the gate of the Zhou family. This is a very technologically-driven mansion. The ecosystem is self-adjusting, while people admire the comfort brought by technology.

Many people came to the banquet, and while most of them were from the royal family, there were also young people like Fei Bai who came to experience such an event.

Donghuang Li also looked very curious. This trip was so much fun, and she would need to travel frequently in the future to gain such insights.

“Donghuang Li, follow closely.” Ziche Qingyi reminded.

“Yeah.”

“Qingyi, don’t worry, I’m watching Ah Li.” Fei Bai said with a smile.

Ziche Qingyi let out a sigh of relief: “You take good care of Donghuang Li, while I go say hello.”

Looking at Ziche Qingyi’s father not far away, he straightened his hair: “Should I pay my respects to my uncle?”

“Fuck off!”

“Okay.”

Ziche Qingyi left temporarily, and Donghuang Li tugged at Fei Bai’s clothes: “Brother Fei, do you like Sister Qingyi?”

“Does a child like you know what love is? ” Fei Bai sighed lightly.

Donghuang Li refused to accept it, raised her chin, and said, “My daddy and mommy were arguing a few days ago, and I coaxed them.” This little guy is bragging.

“Ah Li, you don’t understand our situation here. Even if our love is mutual, we will only become enemies in the end.” Fei Bai seemed very disappointed. It would be great if they were in the same faction.

Donghuang Li understood that she didn’t understand these things, and said innocently, “Wouldn’t it be good for the two of you to like each other? Why do you want to be enemies?”

Fei Bai smiled and said nothing.

“You aliens, it’s really troublesome.” Donghuang Li sighed in an old-fashioned manner.

Fei Bai also laughed and teased: “You little alien is quite mature.”

“Believe it or not, I can help you get sister Qingyi.” Donghuang Li smiled mysteriously. She really has Ye Hua’s genes.

“Donghuang Li, if you can help me get Qingyi, I’ll do anything for you!” Fei Bai patted his chest. He is not an adult yet, so some rules don’t need to be followed.

Donghuang Li seemed very confident: “Leave it to me!”

Fei Bai patted Donghuang Li’s small shoulder, indicating that your brother understands your affection, but there are some things that children don’t understand.

The banquet was held in the form of a buffet, with gorgeously dressed people chatting in groups, and robots passing through the crowd delivering drinks.

And Donghuang Li pulled out a bench, stood on it, and started eating. It was so delicious...

This cream cake is simply delicious.

The people present were all members of the royal family, and the buffet was seldom touched. Even young people were embarrassed to eat like this, but Donghuang Li was a child, so she looked quite cute.

"Donghuang Li, is it delicious?" Ziche Qingyi held the cake, cut a piece, and fed her.

Donghuang Li took it happily, her big eyes narrowed: "Yummy~"

Fei Bai at his side was drinking fruit wine, looking like a gentleman.

"Sister Qingyi, let me tell you a secret." Donghuang Li said with a smile.

"What secret?"

"Brother Fei just told me that he has liked you for a long time." Donghuang Li said with a smile.

Puff!

All the fruit wine in Fei Bai's mouth was sprayed out, and he hurriedly explained: "Qingyi, Donghuang Li is spouting nonsense."

Ziche Qingyi gave Fei Bai a silent glance and let out a cold snort.

Donghuang Li sighed: "Brother Fei, you will become a single dog in the future, just like my Uncle Green."

"What is a single dog?" Fei Bai asked curiously.

Chapter 450

Donghuang Li pursed her lips: "Uh... it's just a boy who can't find a wife, a lone wolf."

"Hehe, how could I, Fei Bai, can't find a wife? In just one minute, I can get many women to marry me."

"Then go look for them." Ziche Qingyi sneered.

Donghuang Li shook her head. This brother Fei is a straight male terminal cancer patient.

In the crowd, many people were paying attention to Donghuang Li. The rumors of the imperial wine. Xi Tingting of the noble faction found some warriors who opened imperial wine while eating, which caught a lot of people's attention.

They want to know if it's true!

"Hey, isn't that Zhou Zhiye?" Fei Bai said, pointing at the boy not far away.

Donghuang Li also saw it. Tonight, Zhou Zhiye was wearing a decent white dress and looked polite, but no one paid any attention to him, which made him look a bit desolate.

Fei Bai smiled and said, "I wonder if the people from the She family will come tonight? If they come, it will be a really good show to watch."

"You like watching it so much?" Ziche Qingyi asked lightly.

"Hmph, it's not like you don't know how arrogant he is when he had strength. Look now, no one pays any attention to him."

Donghuang Li shook her head helplessly. Sister Qingyi didn't mean that at all. Is he really an idiot or what?

Suddenly, four people came from a distance!

"I'm going, people from the She family are here!" Fei Bai exclaimed!

Everyone looked at the people of the She family. The girls among them were quite good-looking. They were similar to Ziche Qingyi, but their temperament was different. Ziche Qingyi seemed approachable, but She Sihan seemed arrogant.

All the people stared at these four people, discussing quietly.

"The She family probably chose to come today to break off the marriage."

"Yeah, this Zhou Zhiye used to be a powerful man, but now he's trash. How could the She family let She Sihan marry him?"

"He has been reduced to such a level."

"Hey! That man looks very familiar."

"My God, it's Liu Qing. A samurai! It seems that the Zhou family will be slapped in the face tonight!"

"There are still two warrior-level masters. Is this royal faction going to engage in fighting?" Among the four was a handsome man with a cold look in his eyes, as if he was aloof from everyone.

This kind of small city is a spicy chicken, and even warriors can be kings and hegemons here.

When the Zhou family saw the arrival of the four, their expressions changed slightly. Zhou Zhiye clenched his fists, as he obviously already knew the intention of the other party!

It's really a tiger falling from Pingyang being bullied by a dog! [Rich getting bullied because of changed situation]

"That's Lord Liu Qing. I didn't expect the She family to invite such a person!" Fei Bai was surprised. A samurai! What an awesome existence!

Donghuang Li ate the oversized chicken wings in her hand and asked curiously, "Is this Liu Qing very powerful?"

Ziche Qingyi took out a tissue and wiped the corners of Donghuang Li's mouth, and said silently, "Well, I heard that he is also a person of considerable status in the main city."

"This She family has such a big hand." Fei Bai sighed with emotion.

Donghuang Li continued to eat the chicken wings. "They were all little people. What's so surprising? The chicken wings are still delicious and fragrant~"

In Long'an City, there has been no such person for a long time!

Everyone was shocked.

“Uncle Zhou, hello!” She Sihan walked to Zhou Yutang, the head of the Zhou family, and shouted politely.

Zhou Yutang was a burly middle-aged man with a faint smile on his face, but now he couldn’t continue to smile.

The other party’s intentions are already obvious! This She family really isn’t giving them any face. They chose to do this on such an occasion!

“Sihan, I haven’t seen you for a few months, and you are still beautiful.” Zhou Yutang held back his anger, and at this time Zhou Zhiye stepped aside and looked at this woman who swore never to leave him before!

She Sihan smiled and said, “Uncle Zhou is flattering me. Today, I came here to talk about one thing.”

With She Sihan’s words, everyone held their breath. They really came to break off the marriage!

Hiccup~

A strange voice sounded. Everyone was dumbfounded. Donghuang Li squatted down embarrassedly, she was too full and hiccupped.

After the little episode, She Sihan smiled and said, “Uncle Zhou, if you don’t have anything to say, Sihan will say it directly.

“Hehe, of course not, Sihan. If you have something to say, just say it.” Looking at the masters behind him and two other warriors, Zhou Yutang didn’t dare to say anything more.

She Sihan glanced at Zhou Zhiye, and said lightly, “My father wants our two families to terminate the engagement. Sihan is really sorry.”

Everyone gasped after hearing that. She really said it! A slap in the face directly!

However, She Sihan said it euphemistically, in a more polite way.

She Sihan raised her hand and Liu Qing took out a small box.

She Sihan said lightly, “Uncle Zhou, this is a Spirit Gathering Pill for Zhou Zhiye. I hope he can find a better girl in the future.

“!”

The wine glass in Zhou Yutang’s hand was shattered. He was slapped in the face by a yellow-haired girl in front of so many people. What a shame! [Yellow-haired means young]

Looking at his father’s red face, Zhou Zhiye said coldly, “She Sihan, take your things and get out! I don’t welcome you into the Zhou family! Also, I’m the one who is divorcing you!”

Zhou Zhiye actually took out a letter to tear. It seemed that he was already prepared!

“Zhou Zhiye, I’m trying to save your father’s face. I hope you don’t smear your father again.” She Sihan said disdainfully, you used to be the favored son of heaven, and everyone had to flatter you, but now, who do you think you are?

Zhou Yutang took a deep breath: “Sihan, is this really what your father meant?”

“My own affairs are my own, and Uncle Zhou, I also ask you to take care of your son. Don’t let him act shamelessly in front of so many people.”

Hearing this, Zhou Zhiye shouted angrily: “She Sihan! Remember what you said today. I, Zhou Zhiye, swear to heaven that you will regret it!”

“Enough! Don’t say anything anymore!” Zhou Yutang shouted to his son, isn’t this shameful enough?

She Sihan said indifferently: “Uncle Zhou said it very clearly. Look at your position clearly and recognize your own strength. Don’t repeat that sentence, ‘thirty years in Hedong, thirty years in Hexi, don’t bully young poor’. I don’t want to laugh at you anymore.”

“You! You!” Zhou Zhiye angrily pointed at She Sihan and even tried to punch her.

However, before that, his father stretched out his hand and slapped him.

Snap.

Loud and sad.

Zhou Yutang was doing it for his son’s good. It wouldn’t just be a punch in the face if the opponent attacked.
