

My Woman 471

Chapter 471 (Coming(4))

Brittany dared not disobey Ye Hua's order: "Are the others okay?"

"They're all fine, and they've found their other half." Ye Hua blurted out, unexpectedly hurting Brittany.

He patted Brittany's small shoulder: "Don't be discouraged, even if there is no Jue Tian, there are other good men."

Brittany looked at Ye Hua firmly: "Your Honor, you understand me."

'How could I not understand you? Well, she has a bad temper and is very stubborn. If she changes it, maybe someone will like her.'

'If Qing Ya and Donghuang Baizhi had this kind of personality, then this deity would have already...'

"Your Honor! There is someone!" Brittany said coldly.

Ye Hua smoked a cigarette and said calmly: "It is normal to have people. It would be abnormal if nobody came."

"Do you want your subordinate to kill them?" This sentence came from the mouth of the doll version of Brittany, which is really a bit weird.

Ye Hua carefully taught: "Brittany, while you are not with this deity, there are still many things you don't understand. Our way of dealing with problems is not as simple and rude as before. We must learn how to enjoy the process of killing."

"So a murder?" Brittany wondered.

"That's why you are young and don't understand anything. In the next few days, I will teach you what acting skills are..."

"Uh..."

At this time, the two brothers, Yuan Long and Jing Long hid so far away that even a martial king couldn't detect them. But Brittany was not a martial king, and Ye Hua was even more not so. They had already been discovered!

"Ye Hua, I think it's a bit expensive." Qing Ya is now displaying the president's bargaining mode, not forgetting her old profession.

Ye Hua said lightly: "Is it expensive? I think it's quite cheap, so add more."

Xi Tingting was speechless, 'money should not be spent like this. It's too wasteful.'

"That's why our family's money can't be controlled by you." Qing Ya snorted coquettishly and dragged Donghuang Baizhi to continue bargaining. Luckily, the intermediary was a woman, so she wasn't confused. If it was a man, maybe he would be cut in half.

Ye Hua thought for a while and suddenly had a good idea to gather everyone together. On the high tower more than ten kilometers away, Jing Long held the most advanced telescope and asked in confusion: "What are they talking about?"

"They should be discussing the price." Yuan Long said lightly.

Jing Long put down the binoculars: "Now is a good opportunity. They are all together. We will sneak attack and kill them all, and successfully complete the task."

Yuan Long still insisted on his own ideas, working slowly and carefully.

"Let's act tomorrow."

"This is my brother!"

In the manor, the price was quickly finalized. A round figure of 1 billion was really nothing. It's all small money.

In Qing Ya's words, what can money do? I don't even know what money looks like.

The servants were all robots. They worked 24 hours a day with ingenuity and hard work. The focus is on one-time buyouts and lifetime warranties.

At night, everyone sat at the dining table and ate the food made by the robot. Ye Hua said that it was okay, and it was on the same level as a takeaway. The point is that the crayfish here are really big and the meat is very delicious.

After all, it was airlifted from another planet, and the food was all luxury.

"Xi Tingting, how about handling my affairs in the future?" Ye Hua said lightly.

Xi Tingting, who was sitting at the dining table, was startled. She stood up, and said tremblingly, "Sir, are you sure?"

"Of course, you will be my agent here from now on." Ye Hua's words instantly turned Xi Tingting into a figure below one person and above ten thousand people.

Of course, she can withdraw from it in one sentence. It all depends on her performance in the future.

"Thank you sir for trusting me. I will not disappoint your expectations." Xi Tingting was overjoyed. 'Sir's background must be very powerful. He is not even afraid of anything. With the primordial divine weapon in hand, it is the wisest choice to be his agent.'

Ye Hua raised his hand and signaled Xi Tingting not to get too excited. Sit down quickly, what's so exciting about it? There will be more exciting things in the future.

"Ye Hua! Someone is coming!" Donghuang Baizhi's eyebrows tightened.

"I didn't expect them to be in a hurry. Let's go for a walk, lest they ruin the manor." Ye Hua wiped his mouth and stood up. 'Let's start with a warm-up match, don't let the audience down.'

Donghuang Li and Brittany were holding balloons and ran out first happily.

'Daddy is going to pretend~ Mama too...Ah Li too...hahahaha~'

Brittany didn't understand, 'wouldn't it be good to just kill them? Why do you want to do this? It's so boring.'

Ye Hua hugged Qing Ya and Donghuang Baizhi's willow waists as if taking a walk after dinner. The two children in front were playing, followed by Xi Tingting, who gave the vibe of a housekeeper.

One kilometer away, Yuan Long and Jing Long were wearing black clothes, which blended well into the night. Their plan now was a little ahead of schedule. This month is dark and windy, which is very suitable for murder and robbery.

"Brother, they came out!" Jing Long said with a sneer. This time the task was not so difficult.

Yuan Long frowned tightly, not feeling good. They seemed too relaxed. Was he overthinking? Isn't that how they should be under normal circumstances?

Yuan Long said in a deep voice: "Just kill the targets, and let the others go."

"Brother, our actions will definitely affect other people, not to mention they are so close." Jing Long said calmly. Life and death depend on life and wealth.

Yuan Long didn't say anything, and said after a while, "Then let's do it!"

"Ye Hua, they separated." Qing Ya said with a smile.

"Unexpectedly, no matter where it is, the greed for treasures will never change." Ye Hua said softly. There are always a group of people who think they are invincible in the world, but they don't know that they are just strong salted fish.

Regarding Ye Hua's exclamation, the two of them did not refute it. This is an indisputable fact!

"Here they come." Donghuang Baizhi said calmly.

Two silver sword auras came from the left and right sides, with a ferocious aura. Their clothes danced wildly!

At best, these two people only have the strength of low-end deities. This kind of sneak attack can be resisted through their bodies. Only Xi Tingting needs protection as she cannot protect herself.

Two destructive silver sword qi pierced Ye Hua in the blink of an eye, as accurately as a cruise missile.

Boom!

Boom!

There were such loud noises that even the ground trembled, and half of the huge manor sank. Ye Hua bought insurance, but it was bought this morning. It has not been over for a day, and it has become fragmented.

Chapter 472 (Laughter(5))

Dust filled the air, and inside the dust, Donghuang Li happily took out the prepared tomato sauce and applied it on her puffy face, and then helped Brittany to put some on. Throughout, Brittany looked very confused. 'Your Honor has really changed.'

In the past, no matter what enemies came, they would fight them directly, but now Ye Hua resembles those enemies.

Brittany's perception shows that Ye Hua has successfully transformed and has become witty and cunning. Just that nobody knows if this is a blessing or a curse.

At this time, Yuan Long and Jing Long were also very vigilant. They didn't show up, as they wanted to confirm their kill.

When the dust dissipated, they saw that they were successful. They saw the group of people lying on the ground in disorder, their bodies covered in blood, and only the man was alive.

The two were relieved and appeared on the scene in an instant.

"Brother, just like I said, it'll be a piece of cake." Jing Long grinned, looking very relaxed, and casually looked at Ye Hua who was standing unsteadily.

Yuan Long didn't say anything and sighed deeply. Their target was just this man, but the casualties included innocent people. It's a bit sad.

Ye Hua panted heavily, with "blood" flowing from the corner of his mouth, the sour and sweet kind: "Who are you!?"

Jing Long said with a smile: "We come from the imperial capital, under the order of His Excellency the President. We came here to retrieve the primordial divine weapon, so you better hand it over."

'It turns out that these people came by the orders of the president of the world.'

"Qing Ya! Baizhi! Are you fine!?" Ye Hua got what he wanted to know, and immediately hugged his two "dead" beloved wives. He also hugged Donghuang Li. Poor Brittany lay as if nobody cared about her. Of course, there was also Xi Tingting.

"You wanted the primordial divine weapon, but why did you kill my woman!?" Ye Hua asked in a deep voice.

Jing Long said calmly: "I'm sorry, this is collateral damage and cannot be avoided."

"Ah Li, wake up quickly, daddy hasn't found you a boyfriend yet."

Puff~

Donghuang Li started laughing.

Ye Hua was taken aback for a moment.

Puff~

Puff~

When they heard Ah Li laughing, Qing Ya and Donghuang Baizhi also joined in. 'Ye Hua, don't joke around. Okay, you can be a matchmaker for your subordinates, but not our daughter.'

Ye Hua was very helpless, his wife and daughter were laughing out loud. What a fart this scene was! He stood up, took out a cigarette, and lit it.

Brittany had no choice but to get up. She licked the "blood" from the corner of her mouth. The taste was not bad. Xi Tingting, who was beside her, also stood up. The attack just now was very powerful!

"Daddy, I'm sorry, Ah Li just couldn't control it." Donghuang Li laughed again as she spoke. 'Daddy actually said to find a boyfriend for me. Daddy is so funny.'

Qing Ya and Donghuang Baizhi also leaned beside him and laughed. It turns out that he had already planned to find a boyfriend for Ah Li.

The whole family here was laughing, but Yuan Long and Jing Long's smiles froze.

'It was my all-out blow just now, and they were still laughing as if nothing had happened. Even hearing what the little girl said, she was acting just now.'

This fully demonstrated Ye Hua's acting skills in deceiving the two brothers.

"Why are you all alive?" Jing Long murmured, this is absolutely impossible! Why are they not dead?

Ye Hua said coldly: "What do you think we should do?"

"Shouldn't you all be dead!?" Jing Long couldn't think normally. It's like playing a game to fight a BOSS. Obviously, the BOSS dies but suddenly comes back to life, telling you it doesn't count.

"This deity can only tell you that the idea was good, but the reality is cruel."

"This is impossible, you are just a low-level martial master! It is impossible to survive the attacks of the two of us!" Jing Long still does not want to believe the facts. This is unscientific!

Ye Hua sneered: "Who told you that we are only at the level of a martial master?"

Ye Hua released a little bit of aura, and a sense of terrifying coercion instantly enveloped the two brothers.

Beads of sweat burst out instantly on their foreheads, their feet trembling, and their faces full of shock.

He is not a martial master at all! He is not a martial king either! He is even greater than a martial emperor or martial venerable!

The information was wrong!

"Jing Long! Leave!" Yuan Long yelled in front of his younger brother. The enemy is too powerful! Even without the primordial knife, they can be easily killed!

Jing Long did not run away, and shouted: "Let's go together, we must live and die together!"

"You are stupid! You are going to get married next month, while I'm just a loner. Go now!" Yuan Long shouted angrily. It's not time to act insensibly!

"Elder brother!"

"Leave!" Yuan Long slapped Jing Long's chest, and the latter flew upside down, stabilizing his figure in the air.

"Leave and inform the master!" Yuan Long shouted again.

Looking at his brother's back, Jing Long turned around and ran away without thinking!

"You need to go through me!" Seeing that his younger brother had already escaped, Yuan Long heaved a sigh of relief. He looked at Ye Hua and the others and burst out a strong aura. But this aura, for Ye Hua and the others, was akin to a gust of wind blowing by.

Brittany's left hand conjured up a golden jade bow. The bow was taller than her, looking very uncoordinated.

When Brittany's right hand rested on the string, a golden-glazed arrow suddenly shot out of thin air, exuding terrifying coercion. Yuan Long was unable to move! He can only foolishly watch the other party draw the bow!

Biu~

Brittany loosened her fingers, and the glazed arrow pierced through the air, drawing a beautiful line in the air with a piercing sonic boom, which looked like a shooting star from a distance.

"No!!!" Yuan Long turned his head to look at the golden arrow feathers. It caught up with his younger brother.

Jing Long, who was running away, felt a terrifying aura coming from behind him. He looked back slowly, he couldn't escape!

At this moment, the master, the elder brother, with whom he had lived together since childhood, and his future wife appeared in Jing Long's mind!

'I am not willing to die like this!'

Roar!

At that moment, Jing Long had a breakthrough!!!

But the golden-glazed arrow also hit the target mercilessly. It would be useless to break through again. It was like golden fireworks being released into the air, dazzling and eye-catching!

Ye Hua looked at Yuan Long in front of him and said lightly: "When you had such terrible intentions, you were already doomed. If you have a next life, don't come up with such terrible intentions."

"I'm going to kill you!" Yuan Long even broke through at this moment, broke free from the shackles of coercion, and attacked Ye Hua.

Chapter 473 (The meeting of a handful of spicy chickens(1))

Donghuang Baizhi called out her saber, her eyes cold, as she waved it casually.

A purple sword qi cut towards Yuan Long!

Yuan Long fell to the ground, full of remorse!

Ye Hua walked forward with Ah Li in his arms, and murmured, "Fortunately, there is still a place to sleep. Did Xi Tingting buy insurance?"

"Uh..." Xi Tingting was speechless.

"Just kidding, don't be nervous." Ye Hua said lightly, the latter breathed a sigh of relief. It seems that everything will be covered by insurance in the future.

After a pause, Ye Hua took out the Flowing Lotus Knife and swung it upwards!

Xi Tingting was stunned by this move, 'sir, can you stop throwing the primordial divine weapon as if it is garbage? It hurts so much.'

The Flowing Lotus Knife was not thrown away by Ye Hua, it just floated above the manor, exuding its aura, as if calling all the big-shots to come and try to seize it!

At this moment, everyone in Long'an City felt the aura emanating from the knife, and they all looked in the same direction with astonishment in their eyes. It really exists!

And the people near the manor looked at the knife floating in the sky and trembled involuntarily. The primordial divine weapon was so close!

Soon, a large group of people appeared near the manor, looking up at the primordial divine weapon in the sky, greed appeared in their eyes.

There are also a large number of spaceships around. There were also some journalists at the site. The appearance of the primordial divine weapon swept the entire Canglie Star in an instant. After all, in this civilized world, the speed of transmission was quite fast.

Many people couldn't sit still. Even if they can't grab it, they still want to observe the glory of the primordial divine weapon with their own eyes.

Ye Hua stood by the window, smoking a cigarette, staring at the spicy chickens in the air. It was really rare that so many people gathered in just a short while.

"What are you thinking about?" Donghuang Baizhi was wearing light-colored pajamas, as she gently hugged Ye Hua from behind and asked softly.

Ye Hua closed the window, drew the curtains, and said with a slight smile, "It's nothing. I'm just curious how long they'll be watching."

"Leave them alone, take care of me first." Donghuang Baizhi blushed.

Ye Hua hugged that hot delicate body with his backhand: "Baizhi, you are becoming more and more charming now."

"Come quickly~"

"I'm so impatient, this deity will bestow you supreme happiness."

Donghuang Baizhi: " ..."

He even has to act cool in front of his wife.

In the imperial capital, President Felisa held an emergency meeting again, with the same people as before.

"Wu Xiangwen, what's going on!? Why did it get exposed!" Felisa's fair face was full of gloom. At first, he just wanted to grab it secretly, but now everyone knows about it!

Wu Xiangwen said in a deep voice: "Your Excellency, my two apprentices have failed in their mission! They have already been sacrificed!"

Ji Yang said lightly: "You're careless. You shouldn't have sent them and should have gone in person!"

The other three martial kings also nodded. 'How can such an important matter be entrusted to others?'

"Director Ji, it's all because of you! Because of your wrong information, two of my apprentices died. How should this account be settled!?"

Ji Yang's complexion changed: "Wu Xiangwen, the task was yours. Now that you failed it, you're trying to push the blame on me?"

"Okay, stop arguing!" Felisa yelled angrily, even at this time are you still arguing here?

"If you have any good suggestions, sprout them out!"

Gao Han said in a deep voice: "Your Excellency, I think we should wait and see what happens. Now that the primordial divine weapon is exposed, many people will try their best to snatch it. We should sit on the mountain and watch the tiger fight."

"Your Excellency, I agree with the suggestion." Cheng Yan's voice echoed.

Felisa asked in a low voice: "Then what if it gets robbed?"

The three martial kings stood up and respectfully said: "We are willing to snatch it back for His Excellency the President!"

With the words of the three kings, Felisa was also very relieved: "Then it's decided! We will understand the situation before making any decision!"

"Yes!!!"

Although it was late at night, the entire Long'an City was brightly lit, especially around the manor, where the crowd was so large that there was no place to even stand upright.

They want to get closer, but they dare not. The number of people was still increasing. If the spaceships in the air were not careful, there would be a risk of rear-end collision.

Although there were many people, no one dared to move, because they didn't know what the consequences would be.

Suddenly, a luxurious spaceship slowly approached the primordial divine weapon.

"Master, I think it's better to forget about it. Everyone is watching." In the spaceship, an old man tried his best to persuade him.

The young man sitting in the back looked indifferent: "They're all idiots! They can't grab the primordial divine weapon. They will just continue watching it! It all depends on the person who strikes when the iron is hot!"

"Master, please think about it once more."

"Don't think too much. Just go over and get it."

The speed of the spaceship increased. The crowds in the sky and on the ground were all looking at this spaceship. If they can really succeed, even their intestines will turn green.

As the distance got closer, everyone held their breath. Will they make it?

Obviously not.

They saw the ground below the primordial divine weapon begin to squirm, and countless tree roots emerged, looking extremely thick and pointy at the top.

"What the hell is that?"

"I don't know, I heard that the primordial divine weapon is guarded by monsters!"

"Then what kind of monster is this? I've never heard of it!"

Countless roots rushed straight with their whistling bodies aimed at that spaceship.

The spaceship seemed to want to run away, as it released an energy shield. Although it was just a domestic spaceship, this energy shield could resist ordinary attacks.

But these are definitely not ordinary attacks. Countless thick tree roots were mercilessly inserted into the spaceship, as it got penetrated.

Before it was over, other tree roots also scrambled to penetrate into the spaceship. The spaceship was like beef pierced by countless toothpicks.

The tree root didn't seem to be satisfied with just penetrating in, as it pulled hard, and the spaceship was split open, revealing the internals!

Boom!

The spaceship that was broken in half finally exploded. It looked very beautiful in the night sky, and of course, it was also scary.

The tree roots did not continue to search for the target, which made many people breathe a sigh of relief. The roots even returned to the ground, as if they had never been there.

When this happened, all the spaceships retreated outside the one-kilometer radius, so as not to be accidentally injured.

But this is a primordial divine weapon, and many people will try their best to grab it, even if it means risking their lives.

The forces of all parties held an emergency meeting on how to snatch this primordial divine weapon. Although they were in the sky, there was a monster underground watching covetously.

Many forces have decided to give it a go, wanting to change their destiny.

Chapter 474 (Teaching my wife to snap her fingers(2))

Wouldn't it be great if they were able to create a country and become the president with this weapon?

High risk equates to high reward.

The light of dawn illuminated the entire land. Many people stayed up all night, and some more people came over quietly.

Suddenly, a rather strange thing happened.

"Look at the manor! It seems that someone has come out!"

"Yes, a man and a child!"

They were Ye Hua and Donghuang Li. Ah Li woke up her father early in the morning. Ye Hua worked the night shift last night and was awoken by his daughter just after two hours of sleep.

'But it was agreed yesterday that I want to accompany Ah Li to get up early. As a father, I shouldn't lie!'

That's why this scene happened.

Everyone watched the father and daughter trotting around the manor. They were dumbfounded when that monster didn't appear!

"Daddy, there are so many people?" For running, these many people aren't necessary. Donghuang Li just wants to get close to her daddy.

Ye Hua yawned, 'Baizhi's demands are getting bigger and bigger, and the quality must be guaranteed. I'm really helpless.'

"Well, they are all here to grab the spicy chicken weapon."

Donghuang Li held back her mouth: "They are here to grab that spicy chicken weapon? It's really strange."

"That is a spicy chicken in our eyes, but in their eyes, it is the supreme treasure." Ye Hua explained carefully. Indeed, a lot of people came, and the aim was achieved.

"Daddy, do you still have many spicy chicken weapons like this?" Donghuang Li asked innocently.

"Yes, many."

Donghuang Li suddenly realized: "So daddy is a collector of spicy chicken weapons."

Ye Hua: "..."

Everyone on Canglie Planet watched the father and daughter through the video broadcast, with smiles on their faces. They didn't seem afraid of anything, as they were still talking freely.

What kind of father-and-daughter pair is this?

Suddenly, industrial spaceships came one by one. They were transporting soil which soon made a big pit in the manor.

Why don't these spaceships attack!?

Everyone was confused.

A group of robots appeared again, spread a layer of fresh grass, and then left safely.

This is so weird. It's even hard to figure out.

What was even weirder was still behind. A few robots came out with seats and were serving dishes. While a woman dressed as a housekeeper waited beside them.

Then two glamorous women and a child walked out, and the running father and daughter also came over.

They actually ate breakfast on the monster's head!

Who gave them the courage?

What about monsters? Hurry up and kill them! Aren't you ashamed that these people are eating breakfast on your head?

But leave those two women behind. It was the first time they had seen such beautiful women. They had a physical reaction just by looking at them. Especially the cold and arrogant beauty, with a pleasant smile on her face. If they get her, they will get great satisfaction.

In the meeting room of the imperial capital, there were still those six people!

"Look! This man doesn't take me seriously!" Felisa slapped the table and shouted, knowing what happened last night.

"Your Excellency, please calm down. He is a man with a primordial divine method, and his strength must be extraordinary. From the results last night, it can be seen that ordinary people are no match for him." Ji Yang put forward his own point of view, which was very pertinent.

"Then tell me what to do? This is simply slapping me in the face. He shows contempt for the entire Federation!" Felisa shouted in a low voice, his fair skin turning red with anger.

Everyone was silent. They obviously didn't have full confidence. This man was too powerful! They would definitely die if they went there rashly!

"Your Excellency, why don't you try to make friends with him?" Zhuang Hong suggested.

Felisa stared wide-eyed, and said in disbelief: "You asked me, the president of the Federation, to be friends with a traveler?"

"If you don't choose to make him your friend, then you have to fight him! Your Excellency the President, I want you to think carefully!" Gao Han said loudly, this is the best choice.

Felisa's eyes turned cold: "Is my Grand Federation still afraid of a traveler? Which of you is willing to fight for me?"

"Your Excellency, think twice!"

"Yes, Your Excellency!"

"I hope Your Excellency will think twice!"

Such rhetoric couldn't stop Felisa, who ran away violently, looking at the man in the video with a leisurely attitude. He didn't take him seriously!

"Mobilize all the combat power of the Federation! I will personally take command, and let him know that the strength of our Federation is not something he, an outsider, can dare to compete with!"

The five people sitting there had no way to stop him. The president's words are heaven. They could only obey!

Calling all the combat power. This was something that has never happened since the peace of the entire Federation!

Felisa also brought his own primordial divine method, the hammer of fighting.

To be honest, Felisa didn't like this weapon. It looked like a blacksmith's hammer, and it didn't fit the demeanor that a president should have.

Fighting with others with a hammer and while holding a golden sword are two different concepts.

Following the order issued by the president, all the federal ground forces began to assemble, ready to attack Long'an City!

Moreover, there are various arms, such as flying troops, and even a thousand-man army composed of warriors, which can sweep any planet!

Such a considerable team was prepared to deal with one person with a knife, which can be regarded as taking him seriously.

However, Ye Hua still doesn't know the actions of the empire. If he knew, he might be a little excited.

"Xi Tingting, are we on TV?" Ye Hua asked curiously.

Xi Tingting sat aside and said respectfully: "Sir, yes."

"Those black spots have blocked the sunlight for this deity! Qing Ya, what do you think?"

Qing Ya sighed helplessly. Does she not know the meaning of Ye Hua's words? He just wants to test her.

"You're right~"

"Qing Ya. This is my good wife. She is thinking about me." Ye Hua gently held Qing Ya's hands, quietly unsealing the ring.

Qing Ya laughed. With such a husband, she had already resigned to her fate. If he wanted to go to hell, she would also fall with him.

"Qing Ya, try snapping your fingers." Ye Hua had a smirk on his lips.

Qing Ya put down the knife and fork and said suspiciously: "Snap my fingers?"

"Well, span them a little lighter. I'm afraid you won't be able to control it well." Ye Hua gave a little warning. Don't snap your fingers too hard, or the entire Cang Lie Xing will disappear...

Qing Ya didn't know what was going on, but she still stretched out her right hand according to Ye Hua's request, her delicate thumb, and her middle finger touched together.

At this moment, everyone was watching Qing Ya's actions, completely confused about what she was going to do.

Snap!

There was a slight snap of fingers.

Chapter 475 (The president's style(3))

Everyone was stunned for a moment, as they noticed a small ball of light that looked like a crystal bubble, constantly expanding, appearing between those delicate fingers.

Everyone was attracted by this bubble. It was so beautiful and dazzling.

Even Qing Ya herself was attracted, but the beauty was tinged with terror.

When the bubble touched the first spaceship, the latter faded!

This disappearance was followed by more spaceships. It was too late when people started realizing what was happening!

That crystal bubble swallowed up all the spaceships in the sky! The people close to the spaceships also disappeared. Not even a single scum was left.

Crack~

Ye Hua picked up a knife and fork and threw them out, bursting the bubble. All the people on this planet will disappear if the bubble is left unattended.

'After all, this deity is not the kind of person who kills innocent people indiscriminately. I'm a man with principles!'

The sunlight shone down, lighting up Qing Ya's astonished cheeks.

Qing Ya didn't expect that she would cause such damage by snapping her fingers. Just like Thanos. How could it be like this?

She looked at the colorful ring on her finger, then at Ye Hua. She seemed to understand what was happening.

'This bastard kept it secret.'

Donghuang Baizhi at the side looked at Qing Ya, that ring is really beautiful.

In fact, Donghuang Baizhi has been jealous for a long time. 'Why does Qing Ya have one, while I don't?'

"Cough! Cough! Cough!" Donghuang Baizhi coughed lightly while propping her chin, as she raised her little hand.

Ye Hua asked with concern: "Baizhi, did you catch a cold?"

'What an idiot!'

"Ye Hua, do you think there should be something more in my hands?" Donghuang Baizhi said while stretching out her delicate hands.

Ye Hua understood the implication. In fact, it has been prepared for a long time. The ring of the same style, as he will definitely not favor anyone.

When Donghuang Baizhi saw the ring in Ye Hua's hand, she suddenly became shy, as she retracted her hand. Unexpectedly, Ye Hua was ready all along.

"Hand." Ye Hua said lightly.

"I..." Donghuang Baizhi's face turned red instantly, and Xi Tingting who was standing beside her was heartbroken.

Qing Ya teased: "Baizhi, don't you often complain that you don't have a ring? Why are you so cowardly now?"

"Yes, mommy. Dapa wants to give you a wedding ring~" Donghuang Li said happily.

Her Majesty lowered her head slightly, then stretched out her hand.

Ye Hua held that little hand and put the ring on the ring finger. Now, the Empress is trapped for a lifetime.

When Donghuang Baizhi looked at the dazzling ring on her ring finger, a happy smile filled her pretty face.

It's just that no one witnessed it.

"Daddy~" Donghuang Li also stretched out his small hand, obviously wanting one too.

Ye Hua patted his daughter on the head: "Ah Li will receive a ring in the future, but it won't be from daddy."

"Hey~ Ah Li wants daddy~" Donghuang Li said aggrievedly.

Ye Hua took out a gold and white bracelet. Donghuang Li was instantly fascinated because the bracelet was shining with stars.

"Do you like it?" Ye Hua smiled slightly.

Donghuang Li held it in her palm carefully: "Well, Ah Li likes it."

Qing Ya and Donghuang Baizhi obviously liked it too, but they are embarrassed to take their daughter's gift.

'Ye Hua must still have a lot of good things on his body, yet he hides them from us. How stingy!'

Ye Hua took out another golden token and threw it to Xi Tingting, who took it hastily, as she almost dropped it on the ground.

"Use it when you are in a life-or-death crisis." Ye Hua reminded.

Xi Tingting panicked for a while, and hurriedly said: "Thank you, sir."

Looking at the golden token in her hand, Xi Tingting took a deep breath.

As he said, it can only be used at the time of life or death, making it a life-saving talisman. But this also shows that he won't stay here for long and will leave soon.

Thinking of this, Xi Tingting felt a little lost.

After distributing the rewards, Ye Hua continued to enjoy the peaceful breakfast, as it became much quieter.

It's quiet here, but those who escaped looked terrified, as they desperately got on various vehicles to leave this devil city!

And people all over the world saw that bubble and how it disappeared people. They all were bewildered.

If such a strong move was made with painstaking efforts, everyone wouldn't have thought highly of it. Rather, such a move came from a woman who lightly snapped her fingers!

Such a result was unacceptable! With just one snap, everyone was dead, and those who were not dead were scared to death. This is simply not the strength that human beings should have!!!

What kind of family is this?

They originally wanted to change their destiny, but after seeing this, they dare not have this idea anymore. There is no hope, so what is the point? They might as well be bystanders.

Just as everyone frantically fled the city, the sky lit up, almost blinding people!

Everyone raised their hands to cover their eyes, it was so dazzling.

When they saw who was coming, they stopped their footsteps. It was the battle flag of the Federation, and amongst them was even a golden battle flag, which meant that the President of the Federation was here as well!

The fleeing people began to cheer, the Federation did not abandon them, and immediately came to support them after getting the news. As expected of the mighty President!

A row of battleships appeared in the sky, neatly arranged, and a thousand strong martial artists stood above them.

"My God, that's the President's Self-Defense Force!"

"There are one thousand martial masters!"

"There are also various arms and weapons!"

"There are also three martial kings! My God! My God! I actually saw the three martial kings!"

The battleship slowly flew towards the manor, and those who were about to escape all ran back, wanting to see how the president would teach that ignorant man a lesson.

Ye Hua, who was eating breakfast, turned his head and looked not far away. The huge battleship seemed to be right in front of him, and a supreme aura rushed toward his face. Ye Hua was slightly stunned seeing such a big scene.

"Sir! This is the president of the Federation!" Xi Tingting was about to collapse. After following Ye Hua for a few days, her whole cognition was overturned. Money turned out to be so easy to earn while killing people only required a snap of the fingers.

Ye Hua said lightly: "So it's the president. Not bad. But he's still not half as good as the real one!"

"Daddy, this scene is so spectacular." Donghuang Li murmured.

Ye Hua looked at the two wives' surprised faces again.

Everyone was stunned for a moment, as they noticed a small ball of light that looked like a crystal bubble, constantly expanding, appearing between those delicate fingers.

Everyone was attracted by this bubble. It was so beautiful and dazzling.

Even Qing Ya herself was attracted, but the beauty was tinged with terror.

When the bubble touched the first spaceship, the latter faded!

This disappearance was followed by more spaceships. It was too late when people started realizing what was happening!

That crystal bubble swallowed up all the spaceships in the sky! The people close to the spaceships also disappeared. Not even a single scum was left.

Crack~

Ye Hua picked up a knife and fork and threw them out, bursting the bubble. All the people on this planet will disappear if the bubble is left unattended.

'After all, this deity is not the kind of person who kills innocent people indiscriminately. I'm a man with principles!'

The sunlight shone down, lighting up Qing Ya's astonished cheeks.

Qing Ya didn't expect that she would cause such damage by snapping her fingers. Just like Thanos. How could it be like this?

She looked at the colorful ring on her finger, then at Ye Hua. She seemed to understand what was happening.

'This bastard kept it secret.'

Donghuang Baizhi, at the side, looked at Qing Ya. That ring was really beautiful.

In fact, Donghuang Baizhi has been jealous for a long time. 'Why does Qing Ya have one, while I don't?'

"Cough! Cough! Cough!" Donghuang Baizhi coughed lightly while propping her chin, as she raised her little hand.

Ye Hua asked with concern: "Baizhi, did you catch a cold?"

'What an idiot!'

"Ye Hua, do you think there should be something more in my hands?" Donghuang Baizhi said while stretching out her delicate hands.

Ye Hua understood the implication. In fact, it has been prepared for a long time. The ring is of the same style, as he will definitely not favor anyone.

When Donghuang Baizhi saw the ring in Ye Hua's hand, she suddenly became shy, as she retracted her hand. Unexpectedly, Ye Hua was ready all along.

"Hand." Ye Hua said lightly.

"I..." Donghuang Baizhi's face turned red instantly, and Xi Tingting, who was standing beside her, was heartbroken.

Qing Ya teased: "Baizhi, don't you often complain that you don't have a ring? Why are you so cowardly now?"

"Yes, mommy. Dapa wants to give you a wedding ring~" Donghuang Li said happily.

Her Majesty lowered her head slightly, then stretched out her hand.

Ye Hua held that little hand and put the ring on the ring finger. Now, the Empress is trapped for a lifetime.

When Donghuang Baizhi looked at the dazzling ring on her ring finger, a happy smile filled her pretty face.

It's just that no one witnessed it.

"Daddy~" Donghuang Li also stretched out his small hand, obviously wanting one too.

Ye Hua patted his daughter on the head: "Ah Li will receive a ring in the future, but it won't be from daddy."

"Hey~ Ah Li wants daddy~" Donghuang Li said aggrievedly.

Ye Hua took out a gold and white bracelet. Donghuang Li was instantly fascinated because the bracelet was shining with stars.

"Do you like it?" Ye Hua smiled slightly.

Donghuang Li held it in her palm carefully: "Well, Ah Li likes it."

Qing Ya and Donghuang Baizhi obviously liked it too, but they are embarrassed to take their daughter's gift.

'Ye Hua must still have a lot of good things on his body, yet he hides them from us. How stingy!'

Ye Hua took out another golden token and threw it to Xi Tingting, who took it hastily, as she almost dropped it on the ground.

"Use it when you are in a life-or-death crisis." Ye Hua reminded.

Xi Tingting panicked for a while, and hurriedly said: "Thank you, sir."

Looking at the golden token in her hand, Xi Tingting took a deep breath.

As he said, it can only be used at the time of life or death, making it a life-saving talisman. But this also shows that he won't stay here for long and will leave soon.

Thinking of this, Xi Tingting felt a little lost.

After distributing the rewards, Ye Hua continued to enjoy the peaceful breakfast, as it became much quieter.

It's quiet here, but those who escaped looked terrified, as they desperately got into various vehicles to leave this devil city!

And people all over the world saw that bubble and how it disappeared people. They were all bewildered.

If such a strong move was made with painstaking efforts, everyone wouldn't have thought highly of it. Rather, such a move came from a woman who lightly snapped her fingers!

Such a result was unacceptable! With just one snap, everyone was dead, and those who were not dead were scared to death. This is simply not the strength that human beings should have!!!

What kind of family is this?

They originally wanted to change their destiny, but after seeing this, they dare not have this idea anymore. There is no hope, so what is the point? They might as well be bystanders.

Just as everyone frantically fled the city, the sky lit up, almost blinding people!

Everyone raised their hands to cover their eyes, it was so dazzling.

When they saw who was coming, they stopped their footsteps. It was the battle flag of the Federation, and amongst them was even a golden battle flag, which meant that the President of the Federation was there as well!

The fleeing people began to cheer, the Federation did not abandon them, and immediately came to support them after getting the news. As expected of the mighty President!

The battleship slowly flew towards the manor, and those who were about to escape all ran back, wanting to see how the president would teach that ignorant man a lesson.

"Daddy, this scene is so spectacular." Donghuang Li murmured.

Ye Hua looked at the two wives' surprised faces again.

'They are shocked by this kind of scene. It seems that this deity has to teach them what real pomp is.'

Chapter 476 (Fear(4))

The warship stopped at the gate of the manor.

A blue laser shot out from the lower plate of the battleship, paving the entire ground.

Immediately, other battleships slowly descended, and the hatches were opened.

Tread! Tread!

There was a clanging sound of footsteps, and the battleship with the golden battle flag actually played a BGM!

Well, it's the Federal March, and it sure burns.

Especially with the footsteps of the soldiers, it is simply invincible!

However, the crowd standing around watching the play also sang along, supporting the president.

When all the soldiers were in place, the only floating battleship also slowly descended. But not all of them descended and were almost a hundred meters away from the ground.

Suddenly, a red carpet was laid out, with federal soldiers standing on both sides, holding the federal flag.

At this time, the hatch was slowly opened. A golden ladder fell to the ground, and when Felisa's figure appeared, the BGM stopped.

"The president is here!" All the soldiers began to shout in unison!

"The president is here!"

Behind Felisa followed the three major martial kings, Ji Yang, the director of the General Administration of Space and Time, and the old man Wu Xiangwen.

New reporters came one after another and sent this picture to all parts of the world. This is the majesty of the President!

His majestic figure, calm face, and strong muscles are as delicious as a sandwich. His majestic steps are convincing enough.

"The president is mighty!"

"The president is mighty!"

"The president is mighty!"

The people outside cheered loudly. The president was too powerful. With his appearance, they can suppress the opponent!

Look at what they have; a broken house, and then there is nothing. Only the primordial divine weapon above their heads.

Of course, there are those two stunningly beautiful women~

That child can become a child bride, and she will definitely look good when she grows up~

"Ye Hua, don't you plan to act?" Qing Ya said hastily, don't you usually like to act cool? Now that others had acted cool in front of him, why didn't he respond?

Even Donghuang Baizhi said: "Ye Hua, we can't lose to others. We must be magnificent!"

"Daddy~ call Dark Blaze Dragon." Donghuangli was talking about the three-headed dragon.

But will Ye Hua use the same trick twice? That's impossible. It can't set off his heroic appearance!

Seeing Felisa raising his hands, the whole audience fell silent. The atmosphere was very serious, while all the soldiers were watching that family!

That kid was still drinking!

She didn't know how to be afraid!

But looking back, children are innocent. What do they know?

Felisa waited for a while, but he didn't expect to be ignored. He motioned to Ji Yang beside him to shout.

Ji Yang walked out respectfully: "Who are you?"

Ye Hua stood up slowly, everyone was on alert, obviously a little scared.

Just when everyone was wondering, Ye Hua spread his hands.

Ye Hua looked down at the crowd and said calmly, "You ask who I am? This deity is someone you can't afford!"

When his sentence was completed, a cloud of purple clouds slowly floated over, covering Ye Hua and others.

Everyone was baffled. Is this throwing a smoke bomb and preparing to escape? What the hell are you doing?

Felisa was also very confused, and asked in a deep voice: "What kind of move is this?"

The five people behind shook their heads. They had never seen it before.

Suddenly, the purple clouds and smoke changed, falling slowly from the sky. It actually formed a staircase!

God, that's a cloud. Why does it feel like it has materialized? They had never seen such a beautiful staircase, which looked red and gold, giving people a very strong sense of illusion!

As the ladder materialized, the clouds and smoke above the ladder also began to materialize.

This weirdness gave people a depressing feeling.

Finally, an exquisite and majestic throne appeared, on which the man was sitting.

Two women stood next to the throne, along with the two children. Xi Tingting stood a little further away.

Seeing such a scene, everyone swallowed their saliva. It was really spectacular!

The width of the steps is wider than that of all federal soldiers, and the entire platform above the steps was several kilometers long, wider than the president's battleships!

Boom!

Boom!

Boom!

Metallic bursts suddenly resounded through the sky.

A group of people suddenly appeared on both sides of the platform.

This is a group of warriors wearing colorful battle armor, walking forward step by step with a majestic aura.

However, no one knew where these fighters came from. The top of the platform on both sides was empty, but these fighters just appeared out of nowhere.

Ye Hua felt that it was a bit quiet, so he also came with his first BGM!

Want more burning, the kind that sounds like you want to fight!

Ye Hua does know that there is a song!

"Superstar in Chaos"[<https://www.youtube.com/watch?v=tNYnyMoobrw>]

Hearing this kind of song, if you see a gangster on the road, that motherfucker will take a U-turn.

Suddenly, there was a burst of music between the sky and the earth. When the music sounded, some people couldn't help shaking their heads to the rhythm.

The reporters who followed the film on the air were dumbfounded. Did this man install a speaker in the sky, so the whole world could hear it?

Such a feeling boils into an urge to fight in groups on the street!

Thousands of colorful fighters walked down and then dispersed. Every step was so majestic, it made people feel ashamed.

After a long time, they finally stopped!

However, looking down from the sky, the number of colorful fighters is at least five times that of the Federation!

And because of the unity of the costumes, it looks more deterrent. Just standing alone makes people shudder, and there is even a terrifying thought of fleeing without fighting.

Felisa was also stunned by the situation in front of him. Compared with the enemy, his side is just playing child's games...

But if you think it's over, then that's a big mistake!

Suddenly, a dragon chant sounded from the top of the platforms on both sides. This dragon chant shocked the world. Before the dragon appeared, its coercion was rolling like seawater, making people breathless.

Finally, the face appeared!

Everyone was shocked by the huge dragon's head, and felt that a battleship could be bitten to pieces with one bite. It was a giant dragon with antlers and a snake's body, with a colorful body.

When its whole body was hovering in the air, the stalwart posture made everyone swallow their saliva, their eyes full of fear. This is Shenlong! [Like the green dragon in Dragon Ball Z.]

Ye Hua stood up and spread his hands again.

All the colorful warriors shouted in unison: "Fear! Be afraid under the power of the Supreme!"

The two huge colorful dragons uttered a dragon chant again. This sound suddenly resounded in the universe, symbolizing the supreme power!

Chapter 477 (The feeling of powerlessness(5))

The entire Canglie's population were struck stupid!

Looking at the scene in front of them and the dragon's chant in their ears, they were at a complete loss.

Who are they? Somebody tell us!

Your Excellency the President is already very cool and imposing, and the other party only has a few people. How did so many fighters suddenly come over? Even if they forgot about the fighters for a second, there were still two huge dragons.

A sense of powerlessness rose from the bottom of their hearts!

Coupled with the roar of the dragon, it knocked down everyone's final line of defense. It was the worship of supreme power, and it could not arouse the slightest thought of resistance.

Everyone in Long'an City could see the giant dragon. Neither could they move, nor did they have the strength to speak.

Felisa was already shocked by the scene in front of him at this time, as he opened his mouth slightly. Even the three major martial kings behind him were the same, falling into a demented appearance.

Compared with him, this is really a small ostentation for me. Looking at other people's fighters. The armor on their bodies exudes colorful light, which can almost blind people's eyes. And those two huge dragons can't be resisted!

Now looking at the primordial divine weapon suspended in the middle, it really doesn't seem so important.

Ye Hua was very satisfied with this kind of ostentation. It feels much cooler than last time, but today is the first time he acted cool in front of his wives. If it was not for the sake of face, he would have turned around to see their expressions.

Ye Hua's guess was right. Although Qing Ya's expression was calm, she was shocked in her heart. She never thought that Ye Hua had such abilities. Her understanding of Ye Hua went a step further.

'No wonder he likes to act cool so much, but he has the qualifications to act cool.'

Donghuang Baizhi's heart was beating fast. She is used to seeing big scenes, but she has never seen such a big scene, especially the colorful, ginormous dragons next to her. In comparison, the opponent's battleship looks like a toothpick, thin and small.

For Ye Hua to have such strength, Donghuang Baizhi was very happy and surprised. The greatest luck in her life was that day, at that point, she walked into that bar, had a relationship with Ye Hua, and gave birth to her precious daughter, Ah Li.

Although there was a little misunderstanding in the middle, it was resolved, and the rest was only satisfaction.

Donghuang Li had seen such a scene last time, so she was surprised for a while and then calmed down.

And Brittany's expression didn't change at all, as if she had seen it often before. This was just one of Ye Hua's many pretentious ways. He has hundreds of ways to act cool.

As a local, Xi Tingting's mind is full of fear. In fact, when the colorful fighters appeared, her mind was a little dizzy. And when she saw the dragon, she couldn't think normally!

'It's no wonder that Sir's family is not afraid of anything. It turns out that they have such strength, which is too terrifying!'

Brittany, who received the order from Ye Hua, walked slowly a few steps, and shouted coldly to the bottom: "Kneel!"

A frightening aura emanated from Brittany. The air seemed to be pressed by a mountain.

Everyone, including the president, all knelt on the ground with a plop, smashed a small hole in the ground with their knees, and propped their hands on the ground, their faces were full of horror, and their eyes were wide open!

This kind of scene was suffocating and everyone on the Planet can see it clearly!

Their own president knelt!

The President of the Federation is on his knees! And the Three Great Martial Kings, who are admired by thousands of people, also knelt! Even the Self-Defense Forces of His Excellency the President knelt!

All submit to the power of that cold-faced man!

Canglie's sky is about to change!

Felisa looked at the grass in disbelief. He was the president of the planet, yet he knelt in just one sentence!

It is a great shame to kneel towards the enemy. If his appearance is seen by his people, what will happen to his image as a president?

The aura made the people present tremble.

Brittany shouted: "Get up!"

With the sound of these words, everyone felt that the mountains on their backs disappeared, while their breathing became smoother, as if they could climb seven or eight floors in one breath.

"President!"

"Your Excellency President!"

"President!"

The three Martial Kings next to him all stood up. Seeing that the President was still lying on the ground, they hurried forward to help him up.

Felisa's eyes were bright red, and he seemed to want to get angry, but he didn't dare to get angry. This made others anxious. The President was bullied by outsiders!

Those who were not at the scene must have thought so, but Felisa was at the scene, and he felt the aura emanating from Shenlong, so he really didn't dare to lose his temper.

Ye Hua stretched out his hand!

This action surprised everyone. What was this man going to do? Are you ready to kill?

Does Your Excellency the President have the ability to resist?

Obviously not.

The camera showed the primordial divine weapon in the middle.

They saw that the blade of the primordial divine weapon seemed to be slowly distorting, like a piece of iron spinning.

My goodness! That man was actually planning to destroy a primordial divine weapon in front of everyone!

That is a primordial divine weapon, which is also a blue knife, which is better than the president's hammer in terms of appearance.

Boom!

The primordial divine weapon finally couldn't take it anymore and blew itself up!

Suddenly, a huge airwave was generated, sweeping across the entire city, like a level-10 wind. But for such a high-tech city, a level-10 wind is nothing.

They saw the primordial divine weapon fall to the ground in two pieces.

Seeing this scene, many people couldn't take it anymore. Why did you ruin the primordial divine weapon? Even if you don't want it, there are still a lot of people who want it!

Felisa and the other Martial Kings were not thinking about this, rather they were thinking about something more dreadful!

This man could easily destroy the primordial divine weapon! Why does such power exist?

Ye Hua said in a deep voice: "Don't panic, this deity has a lot of spicy weapons like this! I just want you to be clear about one thing. What you regard as treasure in your eyes is just spicy chicken in this deity's eyes!"

Nobody has ever seen such an arrogant man, but it was also undeniable!

He has the capital to act arrogantly. His arrogance makes people hover on the edge of fear.

"What do you want!?" Felisa yelled.

"What I hate the most is that someone pretends to act cool in front of me. And you are one of them!" Ye Hua's tone made Felisa's heart beat wildly.

This is when a king meets another king, and then one gets face-slapped by the other. This feeling makes people want to die.

Seeing the tall man, guarded by two dragons, and the colorful warriors on the ground, Felisa felt powerless.

Chapter 478 (For the Federation(1))

'I am the majestic president of the Federation. Today, I lost beyond recognition. I lost completely. There is not even a little room for recovery!'

'Why does such a man appear? Why is this man so perfect? Even if he just sits like this, he feels a few grades higher than me. Why is that stalwart figure so prominent?'

'Every sentence pierces deeply into my heart, and it hurts so much!'

"Your Excellency, we can't be so passive!" Wu Xiangwen said in a deep voice. How could the entire Federation bow its head in front of an outsider? That is absolutely impossible! Someone must stand up!

Felisa shook his head and said weakly: "Is there a better way? The opponent is too powerful, so don't make redundant sacrifices."

"There is no precedent for surrender without a fight!" Wu Xiangwen said in a low voice, staring at the man sitting on the throne.

Felisa took a deep breath: "Then which one of you is willing to fight for the Federation to face the enemy!?"

The three Martial Kings were silent...

Ji Yang, director of the General Bureau of Space and Time, was also silent.

Wu Xiangwen from the Martial Arts House clasped his hands and said, "Your Excellency, let me take the blame for my crimes and perform this meritorious deed! It just so happens that I also have to avenge my apprentices!"

Felisa was very pleased. Only Wu Xiangwen was reliable at critical times, and the others simply did not dare. Not to mention his own self-defense force was shaken with fright.

"Old Wu, you are the one who should be respected by everyone in Canglie!" Felisa said in a deep voice. At this critical moment, only the older generation stood up. How worthy of respect.

However, people like this have always kept a low profile. The world only knows the three major martial kings, but looking at them now, the three major martial kings are trembling with fright.

Wu Xiangwen's face was serious, and he cupped his hands and said, "For the Federation!"

What a morale-boosting remark that shocked Felisa. What he did was for the sake of the entire Federation!

Felisa, who was originally depressed, gradually became confident, and his back straightened up. He immediately raised the hammer in his hand, and shouted: "For the Federation!"

The soldier's body calmed down, revealing the aura that a soldier should have!

Then they roared and shouted: "For the Federation!"

The shouts of thousands of people shocked the sky. The Federation did not back down in the face of a powerful enemy!

Whether one was watching the battle with their eyes or watching the video from anywhere in the world, the right hand was clenched and the fist was placed on their heart.

"For the Federation!"

"For the Federation!"

"For the Federation!"

Loud noises spread throughout the entire Cang Lie Star.

"Join the fight."

"Give your life for the Federation!"

"Fight for the dignity of the Federation!"

"Destroy powerful enemies for the Federation!"

With the sudden rise of the president's aura, the murderous aura at the scene became much stronger.

Ye Hua watched all this silently, looking very calm, not frightened by the opponent's aura. In fact, he has seen such a scene unfold many times. There are always some rotten apples in a race, but when it comes to life and death, it seems that they can instantly unite. No matter how powerful the enemy is, they will use all their strength to protect their homeland!

'I was replaced with someone else, there would still be a chance, but you met this deity.'

'Struggling will only bring more despair.'

It was the first time Qing Ya and Donghuang Baizhi had seen such a scene. They were both itching to go down and fight.

Donghuang Li's little hands were itching as well, but daddy didn't speak, so little Ah Li didn't dare mess around.

Xi Tingting was almost overwhelmed by the opponent's aura. It was the first time that the people of the Federation could be so united.

Wu Xiangwen walked out of the team slowly, majestic, with a strong aura exuding around his body, he shouted loudly: "Do you dare to fight the old man!?"

Ye Hua stared at the old man coldly, and waved his hand!

Out of the tens of thousands of colorful fighters, one walked out!

This is absolutely ironic! Great shame!

The other party sent a small soldier to fight! Why are they humiliating the people of our Federation like this!?

Wu Xiangwen looked coldly at the colorful soldier walking in the front row. He was neither the captain nor the general. He was just a soldier!

'I feel like my old face has been slapped by the opponent! He even sent a small soldier to humiliate me!'

The president and others in the back also had gloomy faces. The other party's behavior was showing their deep contempt. Now they can only rely on Wu Xiangwen.

We must let that man know that the entire Federation is not so easy to mess with!

Wu Xiangwen thought the same way, as his old body leaned down slightly, forming a tiger's predation: "Pull out your weapon!"

However, the colorful warrior was unmoved, standing tall and straight, without any movement.

Swish!

A red blade appeared in Wu Xiangwen's hand. A strange red flame was burning on the knife, and the temperature on the spot rose by more than ten degrees!

Immediately, a violent murderous aura surged out, and a strong wind blew. Wu Xiangwen's eyes flashed intensely.

Wu Xiangwen, who had never been humiliated before, erupted at this moment. Endless anger was burning his mind, and his entire chest seemed to explode.

'I want to kill the man in front of me with absolute power!'

"Fate destroys the holy spirit!"

With Wu Xiangwen's loud shout, a blaze of light rushed straight up. The red flame on the blade turned into fiery red, and the strong wind swept all around with his feet at the center. Even the sky gradually dimmed.

Seeing this scene, everyone seemed to see hope. Such a powerful blow would definitely kill thousands of people!

The most surprising thing is that the president and the three kings of martial arts were next to him.

"Old Wu is about to break through martial king!" Gao Han murmured, unbelieving.

Felisa breathed a sigh of relief. 'As expected of Wu Lao. He finally released his full strength! Amazing!'

"Fight!"

Wu Xiangwen shouted angrily, as his entire body was wrapped in red flames. He looked like a raging fire, as his aura reached its peak state.

That mass of red flames turned into a huge knife and charged toward the colorful warrior with a scorching aura. The ground instantly turned into scorched earth, and even the soil burst into flames.

Such a move left everyone dumbfounded.

"So powerful!"

"Too powerful! It will instantly kill this group of scums!"

"The Federation is mighty!"

The colorful warrior slightly raised his head to look at the red flames, and slowly raised his right hand.

Chapter 479 (I admit defeat(2))

Boom!

The red flames covered the sky and covered all the colorful fighters in an instant. The huge spiritual pressure even made the whole ground tremble, and even cracks appeared. The air was burning and rolling, and the people of the entire Federation stood up, staring at the screen!

Wu Xiangwen actually killed tens of thousands of fighters on the opposite side in seconds with one move! So amazing! This is real strength!

Cheers resounded from every corner of Canglie. The soldiers of the Federation have proved that even outsiders can't usurp them. Under the attack of Wu Xiangwen, you all will be reduced to dirt!

Felisa was also overwhelmed by Wu Xiangwen's strength. This move was simply too fierce, and he even saved the Federation's face. It turns out that the enemy was not as terrible as imagined. It was just a bluff, and there was nothing to fear!

However, after a while, everyone's happy smile froze!

This...how is this possible!?

Such a fire did not devour those soldiers!

The fire gradually disappeared, and all the colorful fighters reappeared on the scene, without any injuries on their bodies. Not even the slightest burn! Still standing tall and straight, motionless.

They... they must have cheated! This is all an illusion! It's all a lie!

Even if the fighters behind are fine, the one-on-one fighter must have been smashed to pieces!

However, when all the red flames disappeared, everyone in Canglie couldn't accept it anymore!

What on Canglie is this? Why does a small soldier have such great strength? He even grabbed the blade with one hand and was unharmed!

That's right, the colorful warrior's right hand tightly grasped the knife in Wu Xiangwen's hand, and he didn't even lift his head!

It seemed that such an attack could not make him think of raising his head at all!

Wu Xiangwen stared blankly at his own knife and the opponent's helmet, looking in disbelief and inexplicable fear!

He wanted to pull away the knife but found that the knife was tightly held by the warrior. He couldn't even move it.

The colorful warrior drew his sword!

The speed of drawing the knife was so fast that Wu Xiangwen didn't even notice it.

Puff!

The blade in the colorful warrior's hand sank directly into Wu Xiangwen's body, directly piercing his heart!

The colorful warrior grabbed the blade with his right hand and pierced their hopes with his left hand. What a simple move!

Such a small figure defeated the most powerful figure in the Federation, and at the same time broke everyone's hope.

Blood flowed down the colorful blade, and Wu Xiangwen stared at Ye Hua, as if he wanted to kill him with his stare.

With a flick of the colorful warrior, Wu Xiangwen's old body flew out like a cannonball, smashing a big hole in the ground.

Then he turned around, walked into the team, and put the knife into the sheath, acting as if nothing had happened.

However, looking at these tens of thousands of colorful fighters, people feel desperate. They can't even find the colorful fighter just now as they look so similar.

Is this the strength of a soldier? He killed the strongest figure in the Federation with one blow. If every fighter has such strength, how can the Federation even dream of resisting?

There are still those two divine dragons staring at them.

As the president of the federation, Felisa couldn't process it. All this happened too fast. Wu Xiangwen was beheaded and killed by the opponent in an instant, and he didn't even get the chance to retreat.

It would be fine if Ye Hua did such a thing, but the problem is that it was a soldier who did it.

Looking at the colorful warriors not far away, the president, who was still domineering just now, suffered a deep blow. There was no hope of victory at all. It was his own inconsideration that made Wu Xiangwen sacrifice himself in vain.

The three Martial Kings were shocked again, not daring to have the slightest thought of resistance.

Ji Yang, director of the General Administration of Space and Time, was also stunned. He was unable to accept the facts in front of him. This is too fake!

It's total cheating!

Ye Hua stood up slowly and looked down at the common people: "Don't make unnecessary struggles. What you saw was just the tip of the iceberg!"

If there were doubts before, then now, no one would disagree with Ye Hua.

Believe it or not, this is the truth without any exaggeration.

"He is a devil!"

"Why did such a devil appear?"

"Yeah, why is there no justice warrior to kill this devil?"

People began to pin their hopes on God, hoping that God would send a powerful messiah to save their lives.

But that is impossible. Even if there was someone, it would only add to the number of unnecessary casualties.

"What on canglie do you want?" Felisa shouted in a deep voice, unable to calm down. He lost the calm attitude that the president should maintain.

Ye Hua said lightly: "Admit defeat!"

Ye Hua will not start a massacre as there is no need for that. After all, he is not the kind who kills innocent people indiscriminately.

"Admit defeat?" Felisa whispered silently. The president of the Federation has never surrendered.

Ye Hua said again: "If you admit defeat, everyone on this planet will be saved, or else..."

This was a warning from a supreme being, and Felisa understood what Ye Hua meant. Admit defeat, or this army will massacre on his own planet. Why is there such a blood-lusty man in the world? God is not fair!

"President, think twice!"

"President, we can't admit defeat!"

"Yes, if we admit defeat, we won't have any face left!"

'Just throw in the towel, we have no hope of winning at all.'

Viewers watching the video stared at their president, thinking that the president would fight off the invaders, but at the same time, they were hoping he'd admit defeat.

People all over the planet are waiting for the president's answer, as his answer was related to the lives of all people.

It's time to make a choice!

"I admit defeat!"

Three words floated out of Felisa's mouth.

Although everyone wanted to hear it, they felt a deep shame after hearing it!

But in front of such an absolutely powerful opponent, what else can they do? Their president has made the wisest choice! Instead of confronting him in anger, he exchanged his dignity to fend off the disaster!

When Felisa said these three words, he immediately felt dizzy. Ji Yang hurriedly supported him. His eyes did not show contempt, but he admired him even more!

This kind of pressure is not something ordinary people can resist. As the president of the most advanced civilization in the Milky Way, he uttered these three words, which shows how severe the blow was!

"Is this your attitude while admitting defeat?" Ye Hua asked in a cold voice. 'You just said these three words?'

Chapter 480 (Little Matchmaker(3))

Felisa stared at Ye Hua in the air, seeming to understand his intentions.

He pushed Ji Yang from him.

"Your Excellency!" Ji Yang shouted.

Felisa murmured: "For the sake of Canglie, I have to do this."

As soon as the words stopped, Felisa fell to his knees on the ground with his noble head lowered.

Seeing their president kneel down, everyone choked up. Some young ladies started crying.

There were bursts of sounds in the squares of the major cities and in various other cities.

"Your Excellency is doing great!"

"Your Excellency! We still have the power to fight!"

"Your Excellency actually knelt for us, woohoo."

The three martial kings behind Felisa exclaimed: "Your Excellency, you absolutely must not do this!"

"Then you go!" Felisa shouted angrily.

When the three kings of martial arts heard his words, they fell silent instantly. They couldn't afford him, or they would die as soon as they went up.

Ye Hua, standing in front of the throne, paused for a moment, and said lightly: "Our family is only here for sightseeing. Since you have sincerely surrendered, this deity will not make you look bad."

Damn it!

'This isn't bad? Then what is bad?

Ye Hua would say that the end of the imperial capital of Tianfu was bad.

But everyone was relieved to hear that Ye Hua didn't plan to pursue it anymore. This person is not too bad.

Some people even think that Ye Hua's family just came here for tourism, and the president came to snatch the other party's weapon. So it is still the president's fault.

Ji Yang immediately helped the president up. It was fine to kneel, but he couldn't just keep kneeling all the time.

Ye Hua pulled Xi Tingting out, and said lightly: "In the future, she, Xi Tingting, will be the agent of this deity!"

Felisa thought that Ye Hua wanted to take away his presidential seat, but he didn't expect him to just choose a woman as an agent. Lucky for him.

"Let's go." After acting cool like this, Ye Hua had no intention of continuing the act. One of the goals of this trip has been achieved.

With Ye Hua's wave of his hand, the colorful dragon, the colorful warrior, and the majestic throne all turned into clouds and disappeared into the sky.

This move shocked everyone. Are those all created by the illusion of clouds? It is so powerful!

Felisa was also a little confused, it turned out that it was really all just colorful clouds.

The three martial kings thought it was a good opportunity. After using such a powerful spell, he must not be able to use it a second time.

However, what if he can still use it? That is courting death. They immediately dispel this terrible thought.

Felisa bowed to Ye Hua, and all the soldiers stepped onto the battleship again and disappeared from the location.

There was only one thought in their hearts, that they were finally able to leave alive. They are so lucky!

As soon as the president left, everyone also left quickly. They would roll as far as they could if they ever met him in the future. Who knows how many people will die if he loses his temper?

In fact, Ye Hua doesn't take the initiative to start a fight. The people are the ones who come to fight him. Even if there is no deterrence in Canglie, there will be more in the future.

Xi Tingting went back first. Her brain had to digest too much information.

Donghuang Li and Brittany walked into the room without disturbing Ye Hua.

Ye Hua embraced the waist of his two lovely wives. Looking at their silly expressions, he felt that it was possible to have a beautiful life tonight.

Thinking of putting Qing Ya and Donghuang Baizhi on the bed together, Ye Hua couldn't bear it anymore.

"Don't you want to say something?"

Ye Hua asked after waiting for a long time, seeing that they hadn't spoken yet.

Qing Ya and Donghuang Baizhi looked at each other, and then stood beside them and shouted coquettishly: "Ye Hua, amazing~; Ye Hua, amazing~"

Ye Hua smiled wryly, 'they are the only ones who call me awesome. But what I want is not this.'

Hugging the two little naughty kittens, Ye Hua said softly, "Don't go out today. You two will accompany me."

Qing Ya and Donghuang Baizhi knew his implications. All he wanted was to hug the two of them on the bed and bully them together!

But the hurdle in their heart is hard to overcome. They want to meet his needs, but they still resist this method.

Seeing that the two of them stopped talking, Ye Hua knew that they still didn't want to do that.

"Oh, life is so depressing." Ye Hua sighed for a long time, as if to say, others have such huge harems, and look at me, there are only the two of you. Can't you satisfy this deity's little wish?

Donghuang Baizhi said softly: "Ye Hua, give us a little time."

"Yes, don't force us." Qing Ya said pitifully. She was willing to do anything for him, but this was something she resisted.

"Then how long do you guys want to wait?" Ye Hua asked in a low voice. He could have used violence to press them down, but Ye Hua wanted to convince them with virtue.

"Ye Hua~"

"Ye Hua~"

Two such women act like a baby together, even Ye Hua couldn't resist them. This deity can have everything in the world, but he can't offend his two wives.

Feeling helpless, Ye Hua walked into the house with them in his arms. The tour had to continue.

Although the tour would continue, once Ye Hua appeared, the crowd ran away at once.

Only Donghuang Li's two new friends, Fei Bai and Ziche Qingyi, did not. Sometimes Donghuang Li would go out with them.

A week had passed in the blink of an eye. To be honest, they haven't visited all of Long'an City. If this small city was so big, wouldn't the main city be even bigger, and what about the imperial capital, the center of the entire Canglie?

Ye Hua felt that he needed to improve his progress, as he wanted to go directly to the imperial capital. After all, it was the capital of Canglie.

It was time to go to the imperial capital, but Xi Tingting didn't follow, because the focus was on Long'an City, which was Ye Hua's base.

Seeing her daughter and new friend thinking about it, Ye Hua chuckled.

"Brother Fei, sister Qingyi, you must be together. Ah Li is coming to drink your wedding wine." Donghuang Li took the two of them by the hand, persuading them earnestly.

Ziche Qingyi blushed slightly, while Fei Bai looked embarrassed. Wouldn't it be embarrassing to be persuaded by a child?

"Brother Fei, you have to take the initiative, or you won't have a wife in the future."

"Sister Qingyi, just give Brother Fei a chance." Donghuang Li persuasively said.

Seeing her daughter like this, Donghuang Baizhi laughed softly: "My daughter is just like you. She became a little matchmaker at such a young age."
