

My Woman 481

Chapter 481 (Another Accident(4))

"This is a good thing, it shows that Ah Li cares about people." Ye Hua said lightly.

Looking at little Ah Li's serious appearance, she looked really funny. If both of them don't make a match, they will feel sorry for her.

"Brother Fei, you really worry Ah Li. If Sister Qingyi runs away with others in the future, you will regret it." Seeing that Fei Bai hadn't moved yet, Donghuang Li couldn't help but want to stimulate him.

Not to mention, this stimulation is very useful.

Fei Bai grabbed Ziche Qingyi's shoulders: "Don't worry, Ah Li. Brother Fei will not let you down."

Ziche Qingyi glared at Fei Bai, seeing him performing his shenanigans in front of a child.

"Sister Qingyi, Brother Fei is actually quite good. Ah Li congratulates you." She said and cutely arched her little hands.

Ziche Qingyi squatted down and hugged Donghuang Li gently. Although the time they both got along was very short, she really liked Ah Li. She was a child on the surface, but she was actually very sensible.

"Ah Li, your sister will miss you."

Donghuang Li said comfortingly: "Well, Ah Li will miss you too."

This time, after traveling to the imperial capital, the family plans to return, so it is a farewell.

"Sir." At this time, Xi Tingting walked over slowly, and she was very beautifully dressed today.

Ye Hua nodded: "I will leave it to you to look after this from now on. Use the resources in your hands to develop it well."

"Sir, I understand, I will definitely not let you down." Xi Tingting thought that Ye Hua and his family were all good people. Those who say bad things about them don't understand them at all.

Brittany also appeared at this time. She went to pay homage to the grandfather who raised her. After leaving this time, she might seldom come here in the future.

"Okay, let's go." Ye Hua called lightly and stepped onto the spaceship.

Donghuang Li was held in her mother's arms, and waved to Fei Bai and Ziche Qingyi: "Goodbye~"

"Goodbye, Ah Li~"

Everyone watched the spaceship disappear and let out a deep breath.

"Still not releasing me?" Ziche Qingyi said coldly.

Fei Bai faltered in seconds, withdrew his hand, but still said with a smile: "Qingyi, I think Ah Li is right."

"Hmph~ You should go and rent a room!" With a cold snort, Ziche Qingyi turned around and left.

Fei Bai was very depressed. He was still struggling with the number of house openings, and he was really playing cards, nothing else.

Xi Tingting, on the side, had firm eyes. When she meets Ye Hua next time, she must let him see her achievements and make him proud.

Sitting in the luxury spaceship, Ye Hua leaned on the soft sofa, enjoying Baizhi's massage, feeling extremely comfortable.

However, at this time, Ye Hua's brows tightened!

Qing Ya, who was peeling the grape skins, noticed his expression. There are really few things that can make him frown. Something big must have happened!

Donghuang Baizhi also saw it, and hurriedly asked: "Ye Hua, what's wrong?"

Ye Hua didn't say a word, still listening to Wei Chang's report.

After a long time, Ye Hua said in a deep voice: "We are going back now, and the tour is temporarily suspended."

"Ye Hua, what's the matter?" Donghuang Baizhi asked anxiously.

Donghuang Li also frowned, just like Ye Hua.

Brittany was a little happy. It's best to go back early, as she still has to confront that liar!

"Baizhi, the news about your Longevity Fruit has been leaked." Ye Hua said in a deep voice.

Donghuang Baizhi exclaimed, unbelievable!

"How is this possible? Who leaked it?" Donghuang Baizhi asked hastily.

Ye Hua frowned because he didn't know the answer. Even Wei Chang and Jue Tian didn't find out. The secret enemy is very cunning!

They actually used the moves he had planned to deal with his wives!

"Let's go back and figure it out." Ye Hua said in a cold voice. Several people disappeared from inside the spaceship. This spaceship may have to fly until the energy is exhausted.

~Earth~

Long'an City, Leisure Bar, bedroom on the second floor.

Everyone returned to their original point. There was still a big box on the ground, and the clothes inside were still there.

"Ye Hua, I'll go back and have a look first." Donghuang Baizhi said anxiously. Ye Hua nodded, while Qing Ya also followed Donghuang Baizhi to help. Even the little guy, Donghuang Li, went to help mommy.

Ye Hua summoned his Seven Deadly Sins. One was to inquire about the situation at hand, and the other was to welcome Brittany back to the team.

When Ye Zizi saw Brittany, her jaw almost dropped to the ground, and she exaggeratedly asked, "Are you, Brittany!?"

Brittany rolled her eyes at Ye Zizi, who really hadn't changed at all. She still liked to make a fuss.

Ye Zizi found out that Brittany hadn't changed. She had always been so cold.

"Brittany, why has your hair turned white, and the color of your eyeballs has also changed? The main point is, why have you become shorter, and your breasts have disappeared? Hahahahahahahahahahaha..." Ye Zi laughed and rolled over, finally seizing the opportunity to tease Brittany.

This Brittany was so sexy in the past, everything was bigger than her. But now, it's all the opposite. How can Zizi not laugh out loud?

Brittany ignored Ye Zizi's ridicule. 'She is just a child, and she isn't as knowledgeable as me!'

Wei Chang and Lie Gu came at the same time. They were shocked when they saw the dwarf-like Brittany!

"Brittany, will you grow up again?" Lie Gu actually had thoughts about Brittany before, but Brittany didn't like Lie Gu at all, she just liked Jue Tian.

"It's none of your business." Brittany said lightly.

Lie Gu immediately shut up. Her temper is still like the past. If she sees Jue Tian now, won't she go berserk?

Wei Chang smiled without saying a word.

When Jue Tian, wearing a white suit appeared, he could clearly feel the anger emanating from Brittany.

Jue Tian was shocked when he saw the shrunken version of Brittany. 'Your Honor didn't tell me that Brittany is back!'

He ignored Brittany.

And Brittany ignored Jue Tian. Other people were caught in the middle, feeling the negative energy transmitted between them.

Ye Hua sat on the high chair at the bar, poured himself a glass of wine, and asked lightly: "What's going on? You don't have any information about the enemy?"

He was angry, and everyone knelt.

"Your Majesty, calm down, your subordinates are doing their best!"

"Have you found anything so far?" Ye Hua asked coldly.

Jue Tian respectfully said: "Your Majesty, this subordinate thinks that the matter of the Voidless Realm should be dealt with right now. No matter whether it is the south or the north, everyone is saying that the Voidless Realm is hiding secret treasures. Especially those small families in the north, as if they have been cheated."

"They are all ungrateful people!" Lie Gu snorted coldly.

The corner of Ye Zizi's mouth curled into an evil smile: "I see, we can kill them all! Then no one will dare to say anything!"

Chapter 482 (Cut in two(5))

Conquering with violence is not what Ye Hua wants, he wants to conquer people with virtue.

Ye Hua took a sip of his wine: "Where did the news come from?"

Jue Tian said in a deep voice: "My lord, the news came from the Guan family, a family in the north! It's just..."

"One of your wives is from the Guan family?"

As soon as Ye Hua said this, he felt that Brittany was about to riot.

"Your Majesty, she is my maid." Jue Tian hurriedly explained.

"Yes, a maid. Let's continue."

Jue Tian breathed a sigh of relief: "It's just that the entire Guan family was wiped out. Guan Yanxin is always with me, so she escaped."

This made Ye Hua very gloomy. The Guan family of the north was also an aristocratic family, whose strength should not be underestimated. Unexpectedly, all of them were wiped out!

It seems that the opponent is a bit formidable, and making such rumors is obviously aiming at him!

'It's a bit interesting. This is much more interesting than those arrogant bunch. Knowing that they are not opponents of this deity, they start from another place.'

'The deity likes such opponents, and defeating such opponents will show how high this deity's IQ is.'

They only heard the sound of footsteps on the stairs, as Qing Yutong yawned and walked down.

Everyone looked at Qing Yutong. Qing Yutong guessed that Ye Hua was having a meeting, and was a little embarrassed.

"Uh... I'll just take a pack of spicy strips, you guys continue... I'll take my leave." After finishing speaking, she didn't even take the spicy strips. She turned around, and ran away.

Ye Hua took out a pack of spicy strips: "Your spicy strips."

Qing Yutong, standing on the stairs, said, "It's your spicy strips."

This was a perfect interaction between brother-in-law and sister-in-law, which ashamed the five subordinates. It seems that Madams will definitely have another person in the future. It is only a matter of time.

Putting the spicy strips aside, Ye Hua asked again: "Do you know who did it? Or are there any suspects?"

Jue Tian shook his head and said: "All of them were killed with one cut. It was very neat!"

"When did it happen?"

"Just last night. We also got the news today." Jue Tian said.

When Guan Yanxin heard that her home was completely destroyed, she passed out on the spot. Even when she woke up, she howled and cried. She has finally stabilized now, being accompanied by Dongfang Yuer.

Wei Chang respectfully said: "Your Majesty, the other party's intentions are very obvious. They want to release the news about the Longevity Fruit!"

"Then why did they destroy the sect? To silence it?" Ye Hua asked aloud.

All the subordinates were surprised that the exam of Your Honor came again.

Brittany didn't know the situation here yet, so she kept silent.

But this time, Ye Zizi suddenly raised her little hand, and said sweetly, "Your Honor, I know."

"Oh? Then tell me." Ye Hua didn't expect Ye Zizi to be able to answer questions now.

Ye Zizi smiled and said: "In fact, their real purpose was to destroy the Guan family. They just happened to know the whereabouts of the longevity fruit, but they are more afraid of the Voidless Realm. So, it can be judged that the opponent's strength is not that strong, as they are using rumors to attack the Voidless Realm!"

Ye Zizi's explanation stunned the people present. What brilliant reasoning!

Ye Hua was shocked. Ye Zizi, who never used her brain, could say such coherently now. It's simply amazing.

Wei Chang and Jue Tian agreed with Ye Zizi's conjecture, it is indeed very possible.

"Lie Gu, go find those corpses and see who they met before they were murdered." Ye Hua said lightly.

"Yes!"

"Jue Tian, you continue to investigate. I really want to know who is behind the scenes."

"Yes!"

"Wei Chang, pay attention to the movements of the north and south families and see what happens after they know about the longevity fruit."

"Yes!"

Ye Zizi waited for a long time but there was no task, so she hurriedly asked: "Your Honor, what about me?"

"Continue your school."

"..."

Looking at Brittany, Ye Hua got to arrange some tasks.

Brittany took the initiative to say: "Your Honor, I want to investigate with Jue Tian!"

"Your Honor, I can do it alone." Jue Tian said hastily.

Ye Hua was a little annoyed. It was okay before, as Jue Tian didn't have any women, so Brittany couldn't refute him, but now that Jue Tian has two at once, it's no wonder Brittany gets outraged.

How should he appease his subordinates? Should he order Jue Tian to marry Brittany?

This is a bit difficult. After all, both parties must be willing to do it. He should let them get along for a while. Maybe now that Jue Tian has experienced it, maybe he will accept Brittany.

"Brittany, I agree to your request. You and Jue Tian will investigate this matter together!"

It seemed like a big disassembly.

"Okay, today's meeting will end here." Ye Hua raised his hand and then walked up to the second floor.

Wei Chang, Lie Gu, and Ye Zizi immediately disappeared. These two people still have a lot to do.

Brittany stared at Jue Tian, but Jue Tian didn't give the other party a chance, as he looked aside.

"Jue Tian! What do you want?" Brittany shouted coquettishly, but it was a bit too precocious to say such words from such a body.

Jue Tian breathed a sigh of relief: "Brittany, it's been hundreds of years. Haven't you let go?"

"Jue Tian! Since I, Brittany, have taken a fancy to you, I won't make changes!" Her belief was firm even after so many years, not wavering one bit.

Jue Tian seemed to know that Brittany would say this: "Where is your fancy? Can I change it?"

"If you become a female cat, I will let you go!"

Fuck, there's really no way to change that.

Seeing that Jue Tian stopped talking, Brittany asked: "I heard that you have two wives?"

"They are maids." Jue Tian refuted.

"Okay! They are maids. Did you sleep with them?"

"Yes." They sleep every day.

Brittany's pupils shrank, and she disappeared from her place.

Jue Tian paused and hurriedly dodged.

"Brittany! Are you crazy?" Jue Tian shouted coldly, this Brittany wanted to cut his little brother!

Brittany held the dagger in her hand, and said solemnly: "Since I can't use it, no other woman can use it!"

Jue Tian: "..."

Jue Tian was desperate now. He didn't expect Brittany to be so crazy.

"Brittany! This isn't your place. If you break something, you will be punished by Your Honor!"

"Punish me after I cut your friend down!"

"You!!!"

Brittany said with a choked tone: "Back then you kept saying that you didn't like women, so I didn't do anything, but now, is the value of your words in farts?"

Chapter 483 (Jue Tian! I'll make you regret it!(1))

Due to Brittany's questioning, Jue Tian was powerless to refute.

Ye Hua actually listened all this time. 'Sure enough, Brittany would not be able to stand it. Jue Tian is also an honest person. Will he die if he tells a lie?'

'His personality is a bit similar to this deity. He never tells lies.'

Hearing Brittany's question, Jue Tian said in a deep voice: "Brittany, we are all adults."

"I'm not!" Little Brittany directly denied it, saying she was still a child.

Looking at the small body, Jue Tian said: "Well, even if your body is not that of an adult, your heart is. Can you solve the problem in an adult way?"

"Okay! Either you die or I die, or both of us die!" Brittany's tears finally couldn't help but fall down. 'This liar liked women from the beginning, and he lied to me for hundreds of years!'

Jue Tian also got angry, and said: "Brittany! Can you be more rational? Don't get angry at every turn. Look at other women, they are all gentle."

Ye Hua shook his head. 'You showed off in front of Brittany. For the love of god, has your brain been eaten by a dog?'

"You think I have a bad temper? And you say that other women are gentle? Jue Tian, I will die with you today!" Brittany's left hand held a white jade bow. With her right hand resting on the string, a heaven-destructive aura erupted. [Jue Tian means Heaven Annihilation]

"You're really crazy." Jue Tian whispered.

If this arrow is shot, it will cause a lot of casualties. Ye Hua had no choice but to stop them.

They both sensed Ye Hua.

Jue Tian, who was originally in a defensive posture, stood up straight. But the glazed arrow on Brittany's bow did not dissipate and was still aimed at Jue Tian.

Ye Hua's face darkened, and he shouted: "Brittany! Still not letting it go?"

"Your Honor, Jue Tian is a bully!" Brittany choked up and shouted, tears of grievance welled up in her eyes.

"Put down the weapon first, and speak up if you have something to say!"

Brittany sobbed and shouted: "Your Honor, Jue Tian won't talk to me properly!"

"I will order him to speak properly!"

Hearing this, Brittany slowly put down the white jade bow in her hand.

Ye Hua was also distressed. If it was him, he would choose the gentle type rather than the bad-tempered type, who would explode at a single point.

It seems Jue Tian thinks similarly.

"I don't want any disagreements in the team or the breakdown of the relationships." Ye Hua looked at the two of them and said calmly.

Jue Tian and Brittany bowed their heads in silence.

"Brittany, are you determined to marry Jue Tian?"

"Yes!" Brittany answered decisively, without any hesitation.

Ye Hua nodded. In fact, it is very good to have such a happy event in the Seven Deadly Sins. The key point is Jue Tian's wish.

"Jue Tian, do you like Brittany? Answer truthfully."

"No." Jue Tian's answer was also very decisive.

Brittany couldn't figure it out, and turned to ask: "Why don't you like me, but like those two human women!"

"Your Honor asked."

Ye Hua: "??????"

Damn, the subordinate did something wrong, and he was blamed for it!

In fact, what Jue Tian said was also true. Ye Hua's orders were like that at the beginning. 'Everything needs to be reasonable'. Jue Tian had no choice but to use Lie Gu's trick to make them "surrender".

Although this was an order, Jue Tian seemed to like the taste. Anyway, seeing Guan Yanxin and Dongfang Yuer begging for mercy is very refreshing. Especially when it's Dongfang Yuer. It is getting more and more enjoyable, even making Jue Tian a little obsessive.

However, if he wants to like Brittany, it is simply impossible. After all, Brittany has a strong physique, and she will never show the look that satisfies Jue Tian. Moreover, she has a bad temper and likes to be a queen.

If Dongfang Yuer and Guan Yanxin were angling, Brittany would definitely be the female knight.

In fact, in the final analysis, Jue Tian never liked Brittany's character. Now that he has tried the tenderness of a human woman, he doesn't like her even more.

"Brittany, I didn't think about this matter carefully. Jue Tian was also forced to take action in order to complete the task assigned to him." For the harmony of the team, Ye Hua felt that he still needed to explain.

As Ye Hua had already spoken, Brittany stared at Jue Tian and said, "Is it really what Your Honor said?"

"Yes." Jue Tian said lightly.

"Then after you finish the mission, kill them both!" Brittany chose to forgive Jue Tian. After all, this is the mission of Your Honor, but they must not be kept.

"Impossible!" Jue Tian said firmly.

"You!!! You just like them. You lied to me!" Brittany shouted coldly, and the white jade bow came out again.

Jue Tian was also very irritable, and said directly: "Yes! I just like them!"

"You!!! Jue Tian, you were not like this before! You don't like me because I've become smaller and do not look good? It will be fine after a few years. I will still be very sexy." Brittany's tone changed to a pleading one.

Jue Tian shook his head, and shouted in a low voice: "Brittany, it's been hundreds of years. Haven't you figured it out yet? I don't like you at all!"

With Jue Tian's words, the atmosphere of the scene seemed to be still.

Brittany looked at Jue Tian in disbelief. Although he had said such words before, it was the first time Brittany had heard it in such a tone. She felt like she was being abandoned by the whole world.

Brittany was very sad about her grandpa's death. The grief was not over yet, and then she was brutally rejected by the man she liked. Brittany couldn't bear the successive blows.

Brittany's white hair gradually turned black. The original green eyes also turned black, and her small body was growing at the speed of the naked eye. She became an enchanting woman. There is no trace of fat on the whole body, and her towering breasts are simply too good to be true. The exquisite face makes all the men crazy. She is indeed an elf woman.

Because of the bursting of the clothes, Brittany was naked now.

Jue Tian didn't even look at it, but Ye Hua sighed softly as he covered Brittany with a blanket.

He wanted Brittany to come back again, but he didn't expect her to become a dark elf in the end. If he knew this, he would let Brittany stay in Canglie Star.

"Jue Tian, don't you even want to look at me now!?" Brittany asked coldly.

Jue Tian stood respectfully, and said lightly: "Brittany, we are all Your Honor's subordinates. Please maintain some respect in front of Your Honor!"

"Jue Tian! I will make you regret it! I will make you regret it!" Brittany uttered in a hoarse cold tone, sinking people's hearts. She disappeared.

Chapter 484 (Dongfang Yuer was kidnapped(2))

Looking at Brittany who disappeared, Ye Hua's expression was sore, but he still didn't say anything.

"Your Honor, forgive me for my incompetence."

Ye Hua shook his head: "It doesn't matter. Brittany is too persistent. If this hurdle can't be overcome..."

Jue Tian was stunned. Will Your Honor remove Brittany from the Seven Deadly Sins?

"Your Honor, Brittany is a bit stubborn and has a bad temper, but she is absolutely devoted to Your Honor! All the tasks have been accomplished excellently."

Ye Hua said calmly: "I naturally know Brittany's loyalty. You shouldn't have provoked her so much just now."

"This subordinate was telling the truth. I hope my lord will forgive me."

"Forget it. I don't want to take care of the things between you both." Ye Hua said lightly. Brittany's persistence is more difficult to deal with than Ye Zizi's. It cannot be changed overnight.

Force will also make things more complicated. Ye Hua originally thought that Brittany's return should be a happy event, but he didn't expect it to become like this. This Jue Tian is also hard-hearted.

If he tries to accept Brittany, maybe after getting engaged, Brittany will become an obedient woman.

Ye Hua also has experience now. Qing Ya and Donghuang Baizhi are good examples.

Suddenly, Jue Tian's expression changed: "Your Honor, this subordinate needs to leave immediately!"

Ye Hua turned his head and asked, "What's wrong?"

"Brittany kidnapped Yuer!" He said.

After finishing speaking, Jue Tian disappeared. Ye Hua sighed softly and followed to see what was going on.

In Zijin City, the original small house was changed to the Dongfang family's residence. Jue Tian soon appeared on the scene.

"Jue Tian, just now a naked woman took Dongfang Yuer away..." Guan Yanxin sat on the bed and cried loudly. Just now Dongfang Yuer was comforting herself when suddenly a naked woman appeared. The woman then asked who Yuer was.

Dongfang Yuer was honest with her reply and was taken away by Brittany right after she finished speaking.

Jue Tian's face was ugly. Dongfang Yuer has risen to a relatively important position for Jue Tian now. Unexpectedly, Brittany directly rushed here and took Yuer away!

"Jue Tian, you find a way to save Yuer, I..." Guan Yanxin was hit so many times today, she couldn't bear it and passed out.

Jue Tian checked her. It was just Qi deficiency. Nothing serious.

Ye Hua outside the door let out a sigh of relief. His subordinate actually kidnapped the other subordinate's wife. What is this? Isn't this nonsense?

Ye Hua could sense Brittany's aura, but unexpectedly, the other party hid it deliberately. It seemed that she was determined to make Jue Tian regret it.

"Your Honor!" Jue Tian went to Ye Hua and cupped his hands. The connection between Dongfang Yuer and himself was cut off by Brittany.

"Jue Tian, don't worry too much. Brittany is a woman. She won't do anything to Dongfang Yuer. After all, she doesn't have the ability." Ye Hua said lightly.

Jue Tian said in a deep voice: "Your Honor, Brittany will abuse Yuer. I know Brittany very well."

This is true. Brittany likes to abuse her captives. The kind of queen-like abuse.

"This deity will find a way." Ye Hua said in a deep voice.

"Thank you!"

"Let's put the task in your hand first. Go and find Brittany and Dongfang Yuer first." Ye Hua said coldly. This Brittany is getting more and more outrageous. This time, he has to severely punish her.

Jue Tian was moved, and leaned down: "Thank you for your understanding!"

"Well, I'm leaving first. Take good care of Guan Yanxin."

"Your subordinate thanks you."

Ye Hua nodded and disappeared.

At this moment, Jue Tian had a serious look. Brittany is really crazy! Can she do anything? Didn't she know that doing so would offend Your Honor?

Brittany is going all out. Even if Ye Hua punishes her, she must make Jue Tian regret it!

Ye Hua returned to the bedroom, just as Qing Ya returned.

"Hey, Ye Hua, where did you go just now?" Qing Ya poured a glass of boiling water and asked curiously.

Ye Hua sighed: "Little matters. Anyway, what happened in the Voidless Realm?"

"The Guan family was wiped out overnight, and the news of the longevity fruit made the big families ready to move. Everyone wants to get longevity fruit now. They want to take the high ground here." Qing Ya shook her head.

"Are there any countermeasures?"

Qing Ya shook her head: "Baizhi is very busy now. On the one hand, she has to investigate the murderer, and on the other hand, she has to stabilize all parties."

"Leave me to handle the murderer's affairs. You should deal with those greedy people."

Qing Ya smiled sweetly, hugged her husband tightly, and buried her head on that strong chest: "Husband~ you are so kind~"

"How can I let you suffer?" Ye Hua said coldly, stroking Qing Ya's back.

Qing Ya was delighted in her heart, and asked curiously: "What do you mean by the little thing you just said?"

"Brittany and Jue Tian broke up." Ye Hua smiled wryly.

"Ah! Is it really a collapse?"

Qing Ya and Donghuang Baizhi had actually guessed it. They both felt that the possibility of a breakup was very high, but they didn't expect it to be true.

"Well, Brittany captured Dongfang Yuer, to make Jue Tian regret it."

"What!?" Qing Ya was stunned. This is not a trivial matter, and is clearly a major event!

"Then leave us alone and deal with this matter first." Qing Ya said hastily, still thinking of Ye Hua.

Ye Hua said lightly: "It's okay, there are a lot of people on my side."

"Brittany is actually a pitiful woman, so don't make it too difficult for her."

Ye Hua said in a low voice: "Don't worry about it. Yes, I have made plans."

"Okay then, I'll go back to the Voidless Realm first. Baizhi and I won't be able to accompany you these few days." Qing Ya kissed Ye Hua and said with a slight smile.

"We will settle the old accounts in the future."

"Dead face~" [A curse used by close people.]

Watching Qing Ya leave, Ye Hua walked towards the office. He happened to see Ye Zizi coming out.

"Your Honor, did they quarrel?" Ye Zizi asked curiously.

"Go and do your homework. You don't need to worry about it."

"Stingy~ Stingy~" Ye Zizi grimaced and went downstairs to get spicy sticks.

Sitting on the sofa in the office, Ye Hua took out a cigarette and lit it. Lie Gu's report will be completed soon.

"Your Honor, this subordinate has completed the investigation."

"Show." Ye Hua said flatly.

Lie Gu showed what the dead saw when they were alive. As if watching a three-dimensional movie.

Chapter 485 (Brittany vs Dongfang Yuer(3))

Looking at the images of those dead bodies, Ye Hua frowned slightly.

"Your Honor, the opponent has some strength." Lie Gu said aloud.

They used the technique of confinement to block the entire Guan family. A large group of masked men in black began to slaughter inhumanely, but Ye Hua also saw their boss.

This should be the perspective of the Patriarch of the Guan family. Their boss is also dressed in a black suit, and his face cannot be seen, but the question he asked made Ye Hua curious.

"Lie Gu, what kind of skill is this blood pool forbidden technique?"

"I don't know."

Ye Hua saw that the patriarch took out a red fragment and handed it to the boss, trying to survive, but the boss didn't seem to have any ideas to spare him.

Sure enough, to survive, the Patriarch revealed the secret of the Voidless Realm!

Ye Zizi's speculation was accurate.

"Your Honor, these people don't seem to be targeting us." Lie Gu said respectfully.

"Oh? Let's talk about it." Ye Hua chuckled, when will this Lie Gu use his brain? Isn't he always thinking with his lower body?

Lie Gu looked serious, but he actually got the news an hour ago. Why didn't it to Ye Hua before?

He hurried back and asked his three big-star wives. They still have higher IQs than Lie Gus.

It took an hour of analysis to conclude. Although they don't know if it is right, it is at least a little possible.

"Your Honor, the real purpose of these people is the blood pool forbidden technique, and the news of longevity fruit is just through luck."

"Then why did they spread it?" Ye Hua asked.

"To threaten the east and strike to the west!" The corners of Lie Gu's mouth began to rise. This was the conclusion drawn by his wives. It is an idiom, and it can relay the purpose of the whole incident. [It means to create a diversion.]

Sure enough, Ye Hua was surprised when he heard this, and immediately said: "Lie Gu, you did a good job!"

Hearing the praise from Ye Hua, Lie Gu almost showed his original body.

"Go on."

'Go on? Is there more to say?' He was stunned when he heard Ye Hua. His wives didn't tell him any follow-up.

"What's wrong?"

"Uh... this group of people, just... just want..."

Ye Hua's brows tightened. When did this Lie Gu learn to take his time? Do you want to be stewed by the deity: "Then what?"

Seeing Ye Hua's gaze, Li Gu was startled. 'Your Honor must be thinking about how to stew me.'

"They just want to use this method to divert people's attention to the Voidless Realm, so they can do things as they want!" Li Gu said it all in one breath, not knowing whether he was right or not.

Hearing Lie Gu's words, Ye Hua leaned back slightly and leaned on the sofa. This is somewhat possible.

They used the longevity fruit to divert everyone's attention, and then quietly do things in the dark. After all, they went for the blood pool forbidden technique at the beginning, not the longevity fruit.

"It's a good guess." Ye Hua said in a deep voice.

Lie Gu was overjoyed. He didn't expect his nonsense to be affirmed by Ye Hua. Today, he was really lucky.

"Thank you for your praise!"

"Look for Brittany's whereabouts. She and Jue Tian had a falling out, and Dongfang Yuer was also kidnapped."

"Ah! Brittany kidnapped Dongfang Yuer, and Jue Tian got angry over it?" Lie Gu was surprised. After all, he would impart his teachings to Jue Tian from time to time. Lie Gu was also very generous, imparting his knowledge to Jue Tian without reservation.

"Find them first and then we can talk." Ye Hua decided to put Brittany under house arrest in the bar after finding her.

Jue Tian said it so clearly, why can't she just let it go?

Brittany couldn't let go of Jue Tian, as she loved Jue Tian for hundreds of years. The fact that she didn't kill Dongfang Yuer and Guan Yanxin on the spot was already very generous.

However, Brittany put Dongfang Yuer in a very cold place.

~Arctic~

At that moment, Dongfang Yuer was wearing a thin summer dress and sitting on the cold ice, surrounded by ice and snow. Pieces of ice floated on the sea surface, and the cold wind blew from time to time. It made Dongfang Yuer tightly hug her legs while her whole body was trembling.

On the other hand, Brittany stood naked in front of Dongfang Yuer, looking down at the weak woman in front of her.

She didn't understand why Jue Tian liked such a woman. Besides her delicate appearance, what's her use? She can kill her with just a light touch!

Outrageously weak!

However, such a woman has never uttered a word of mercy.

But it was this kind of behavior that made Brittany even angrier. Why didn't she beg for mercy? 'If you beg for mercy, I will be at ease!'

'It was you who stole my man, and yet you are so poised!'

"Do you know who I am?" Brittany asked coldly.

Dongfang Yuer used silence to fight against violence.

"Speak!" Brittany grabbed Dongfang Yuer's chin. Dongfang Yuer just looked at Brittany, feigning silence.

Her silence made Brittany even angrier. She really wanted to crush her throat, but she finally held back.

Brittany flicked violently, and the weak Dongfang Yuer fell on the ice. This woman must want to catch her and threaten Jue Tian. Even if she dies like this, Jue Tian will not be threatened.

Time passed by every minute and every second, and the cold wind was getting stronger and stronger. She couldn't bear the cold. A thin layer of ice gradually appeared on her body, making her hands and feet stiff. Her consciousness was becoming blurry. The figure of Jue Tian appeared in her mind, as she showed a faint smile.

When Brittany saw Dongfang Yuer's smile, it felt like a cold knife stabbed her heart. 'This damned woman was still thinking about my man when she died!'

If she just let her die like this, it would be too cheap for her!

She picked up Dongfang Yuer and disappeared from this cold world.

After an unknown period of time, Dongfang Yuer opened her beautiful eyes and looked around. 'Am I in a hotel? I have a quilt on my body. Did Jue Tian come to save me?'

Just when Dongfang Yuer thought she was rescued, the sound of high heels sounded, and the tall Brittany appeared. Dongfang Yuer hugged the quilt tightly.

Brittany was wearing an exquisite dress, which perfectly set off that voluptuous figure. Brittany, who was wearing high heels, was at least about 1.88m tall, compared with the 1.65m Dongfang Yuer, Brittany looked like a giantess. [6'2 and 5'5]

Sitting on the edge of the bed, Brittany seemed much calmer as she said lightly: "I thought you weren't afraid."

Chapter 486 (Brittany's Revenge(4))

Dongfang Yuer, who was holding the quilt with both hands, was indeed very scared. But when she heard what Brittany said, she immediately let go, pretending that she was not afraid, and continued to remain silent.

After a long time, Brittany said lightly: "Jue Tian told me before that he doesn't like women!"

This sentence made Dongfang Yuer very surprised, this beautiful and sexy woman knows Jue Tian! What is going on?

"You know Jue Tian?" Dongfang Yuer finally spoke.

The two women spoke in different tones, one was domineering while the other was delicate.

Brittany glanced at Dongfang Yuer, and said in a deep voice: "I have known him for 838 years!"

Obviously, Dongfang Yuer was shocked again, they had even been together for so long!

"Then we separated for 5 years! That Jue Tian who never liked women actually got you!" Brittany gradually revealed a cold, murderous look.

"You like Jue Tian too?" Dongfang Yuer asked out loud.

"Yes! I have liked him for more than 800 years, and he rejected me for more than 800 years. But this time he rejected me for you! I can't bear it, I want to take my revenge! I'll make him regret it!"

Dongfang Yuer never heard Jue Tian mentioning this matter. She felt that this woman was quite pitiful.

Brittany noticed Dongfang Yuer's pitiful gaze, and said coldly, "Put away your pitying eyes!"

"Actually, you can have a good talk with Jue Tian." Dongfang Yuer said softly, with a comforting tone.

"Talk? We can't talk it out! Do you know why I kidnapped you?"

Dongfang Yuer shook her head.

"Because he said you are gentler than me!" Brittany clenched her fists tightly. This Jue Tian actually disliked her for not being gentle enough!

"Really?" Dongfang Yuer asked reflexively. During the time she was with Jue Tian, he never said good things about her.

Brittany laughed angrily at this sentence, this weak woman actually showed off in front of her!

Brittany stood up slowly and pulled down the zipper on the back of the skirt, exposing her body.

Even Dongfang Yuer sighed, she was really sexy.

"What are you going to do?" Dongfang Yuer was a little scared when this woman took off her clothes in front of another woman.

Brittany sneered: "What will I do? Doesn't Jue Tian like you very much? Then I will smear you! I will make a video and send it to him!"

Sure enough, there was a mobile phone at the end of the bed, which Yuer hadn't noticed till now.

"You! Don't come near me!" Dongfang Yuer was scared at this moment, shrinking back like a frightened bunny.

But Dongfang Yuer was no match for Brittany. She was directly held down by Brittany and was unable to move.

"I want Jue Tian to see how his woman has sex with me!" Brittany said with a sneer, tearing up the clothes on Dongfang Yuer.

"Don't be like this..." Dongfang Yuer's tone didn't pose any threat at all, it would only make the villains more excited, just like Brittany now.

"I seem to have discovered why Jue Tian likes a woman like you. He likes your expression of helplessness!"

"You!!!" Her beautiful eyes were wide open, while she was kissed by force. 'I am not pure anymore! I am sorry Jue Tian.'

'No, she's just a woman, she can't...'

Just when Dongfang Yuer was feeling rejoiced, Brittany stretched out black wings from his back. They had the beauty of death.

However, this is not the point. The point is that there are four whiskers on both sides of the wings, shaking violently.

Seeing two of the black whiskers get into the quilt in an instant, Dongfang Yuer opened her beautiful eyes wide, while letting out a painful cry. She couldn't help grabbing Brittany's ears with her hands.

The most sensitive part of the elves is their long ears. Brittany moaned seductively when Dongfang Yuer grabbed her like that.

The scene is extremely hot, making it a visual feast. It turns out that people can do it like this.

Dongfang Yuer, who was an ordinary person, passed out within ten minutes. Brittany stood up, blushing.

She picked up the mobile phone placed at the end of the bed and watched the video once. It was not bad!

Jue Tian, who had no clue what was going on, was instantly excited when he heard Brittany's voice.

"Brittany, come to me if you have anything you want! Don't hurt Yuer!"

"Heh! I will just torture her. Don't worry, I won't kill her."

"You! Brittany, we have been together for more than 800 years! Is it necessary for you to do this!?"

"Jue Tian! Then how did you treat me!?"

"It's impossible for us to be together!"

"Okay, Mr. Impossible. I'll show you something good. Add my WeChat account."

Jue Tian's face darkened: "Brittany! You're abusing Yuer!"

"That's right. I used a man's way to abuse her!"

"You!!!"

After adding his WeChat, Brittany directly sent the video, and also said that it would continue to be updated.

Jue Tian stared blankly at the screen on the phone. When the sound reached his ears, his whole mind was stunned!

'This Brittany actually greened me!'

Boom!

The mobile phone was directly smashed by Jue Tian! He didn't expect Brittany to take revenge on him this way! There is simply no bottom line!

Brittany was very satisfied because she knew that Jue Tian must be half-dead with anger now. But, it's a pity that she can't appreciate Jue Tian's angry look.

Looking at Dongfang Yuer who had already fainted on the bed, the wings behind Brittany reappeared as she continued to take her revenge.

In the days to come, Jue Tian would receive a new video every day.

The main reason is that the Dongfang Yuer was very resistant at first, but gradually...it changed...

Even if she resisted it, a blush still appeared on her delicate face. Brittany even proclaimed, your woman will become my woman!

This was a blast for Brittany.

On the luxurious big bed, Brittany hugged the "dying" Dongfang Yuer, looked at the mobile phone at the end of the bed, and smiled.

"Yuer, say hello to Jue Tian." After speaking, she kissed Dongfang Yuer on the lips.

Dongfang Yuer lay powerlessly in Brittany's arms, without any strength in her body. She had been "tortured" for the past few days and felt her soul leave her body.

"Jue Tian! Let me tell you, Dongfang Yuer is mine now! She doesn't like you anymore! What she likes now is me, and has surrendered to me!"

When Jue Tian saw the latest video, it was almost unbearable. Brittany is a complete pervert!

Seeing the woman he liked being rubbed and abused by the woman who liked him in the past, Jue Tian had become numb.

Chapter 487 (Break all ties(5))

Jue Tian was going to report Brittany's evil, and even outrageous deeds!

Ye Hua sat on the sofa in the office, listening to Jue Tian's report. He took a deep breath of the cigarette.

"Your Honor, Brittany is going crazy!"

"You shouldn't have provoked Brittany that day." Ye Hua said in a deep voice. Women go crazy and don't care about the consequences at all, let alone Brittany, one of the seven deadly sins.

Jue Tian was also pressed by Brittany that day. He wanted to cut this mess quickly, but it completely angered Brittany.

"It's lucky that Dongfang Yuer is fine now."

"But Brittany abuses her every day. Your subordinate really can't stand it!"

Ye Hua was silent for a while, and said lightly: "Try to trick Brittany."

"Deceive her?" Jue Tian was taken aback.

"This is the only way for you to save Dongfang Yuer." Ye Hua was actually thinking about it for a few days. Only Jue Tian could trick Brittany out, otherwise, if Brittany wanted to hide, no one would find her.

Jue Tian was silent, thinking for a long time, as he said in a low voice: "Your Honor, if you really deceive Brittany, I'm afraid she..."

In fact, Jue Tian couldn't bear it. After all, they have lived together for so long.

"You decide for yourself." Ye Hua had nothing to do, as it was too nerve-wracking.

Jue Tian struggled for a long time but finally nodded.

Seeing Jue Tian leave, Ye Hua was very distressed. He will slowly teach Brittany in the future when the current situation is resolved.

After returning home, Jue Tian waited for Brittany to contact him. After a day, she finally called.

Brittany's sweet voice rang in his head.

"Jue Tian, how about it? I told you that you will regret it."

"Brittany, you actually did it!" Jue Tian said in a deep voice.

Brittany was stunned, she didn't expect Jue Tian to give up so quickly. Now she didn't know how to answer.

"Come back! You have already taken revenge on me, so don't hurt others."

"Do you feel bad? Don't worry, I will take care of Yuer."

"Brittany, I am willing to marry you and give up both of them."

Jue Tian's words made Brittany's pupils shrink. She was so excited that she stood up: "You... Is what you said true?"

"Your Honor also agrees." Jue Tian could only take Ye Hua's name because, in Brittany's heart, her lord would not lie to her.

"Your Honor agrees! That's great!" Brittany felt that it was too sudden, as she sat on the ground, howling and crying. After waiting for more than 800 years, it finally boiled down to this.

Jue Tian breathed a sigh of relief: "Well, I'll wait for you at home."

After speaking, the two cut off the call.

Jue Tian sat on the chair in the hall, feeling very heavy. 'Is this really okay? But what she's doing can't go on like this!'

After waiting for nearly two hours, Jue Tian saw the void in front of him twist.

Brittany wore a fiery red dress with a V-neck, festive and sexy, as she was even smiling!

Jue Tian had never seen Brittany smile.

But with Brittany, there was no Dongfang Yuer. This was the source of his anxiousness.

Jue Tian stood up and stared at Brittany, while Brittany looked like a little girl, bowing her head shyly.

"Are you really willing to marry me?" Brittany said in a low voice, not daring to look Jue Tian directly in the eyes. The former cold and fiery Brittany suddenly changed.

Jue Tian walked slowly to Brittany's side, and hugged Brittany in his arms: "Yes."

Hearing Jue Tian, Brittany cried again, akin to a child. It was not in vain to wait so long.

Jue Tian took a deep breath and asked aloud: "Where's Yuer?"

Brittany's pretty face froze, as she said lightly: "I killed her."

"What!?" He questioned.

Seeing Jue Tian's pained expression, Brittany's joy was trampled on: "Why? Do you feel distressed?"

"Brittany! You are really crazy!" Jue Tian shouted angrily. She was a killer!

"Jue Tian, didn't you say you wanted to marry me? Why do you care about Yuer?" Brittany started laughing crazily.

"Your Honor, come out. This was all planned by you!" Brittany said to the air. Her heart was completely torn into pieces.

Ye Hua's figure appeared next to her, and he took a deep breath: "Brittany, we are doing this for your own good."

Brittany suddenly let out a maniacal laugh, making Ye Hua and Jue Tian feel very uncomfortable. She had never acted like this before. Even when she killed her sister, there was no reaction.

"You don't understand me at all!" As soon as he finished speaking, her black elf's wings spread out, and a long green knife condensed in her hand.

Ye Hua fixed his gaze, and shouted coldly: "Brittany!"

The golden light of restraint directly entangled Brittany, but Brittany's speed was even faster. The left half of the wing was cut off.

Cutting their wings is the cruelest way to kill elves. It is said that the elves whose wings have been cut off will never be reincarnated.

Brittany doesn't want to see Jue Tian in this life, or even in the next life, so she cuts her wings.

The black wings fell to the ground in a puddle of blood, while Ye Hua and Jue Tian were stunned.

If Ye Hua had been slower just now, Brittany would have disappeared by now.

Moreover, the pain of a broken wing is not something an elf can bear. Look at Brittany now, her face was pale, but she didn't cry out in pain.

Moreover, for Brittany, the broken wings were also a great loss of strength. She won't recover unless she grows them again.

"Your Honor, take me away. I don't want to see him again." Brittany felt lifeless, like a body without a soul.

Ye Hua picked up the broken wing on the ground, as he was thinking of a way to connect it.

"Brittany!" Jue Tian couldn't help shouting.

Brittany said coldly: "Don't call me again! We will have nothing to do with each other from now on!"

Helping Brittany up, Ye Hua patted her on the shoulder. Just look away, don't do anything stupid.

When leaving, Brittany told Jue Tian the location of Dongfang Yuer, and from then on she planned to cut off all ties with Jue Tian.

Looking at the blood on the ground, Jue Tian had a look of loss, not knowing what to do.

After returning to the Leisure bar, Brittany collapsed directly, crying heart-piercingly, while hugging Ye Hua.

Ye Hua sighed and comforted Brittany. If she feels comfortable crying, then it's fine, but don't be too sad.

Jue Tian also found Dongfang Yuer and was relieved to find that she was fine.

Chapter 488 (Men do not have a single good thing(1))

Brittany was crying at this time, it was so miserable that even Qing Yutong upstairs noticed it and came down to check the situation.

"Brother-in-law, what's the situation?" Qing Yutong was confused.

Seeing such a situation, Yutong's first reaction was that her brother-in-law was finished. It must be the former confidante.

'Fortunately, she didn't bring a child with her, otherwise, my brother-in-law would definitely die.'

"Your Honor, you lied to me." Brittany retorted with a light punch to his chest, making Qing Yutong speech stuck, her brother-in-law cheated another girl.

Seeing Qing Yutong's expression, Ye Hua said calmly: "Don't overthink."

"That...brother-in-law, who is she to you?"

"This is Brittany. You saw that little dwarf at the meeting that day." Ye Hua said in a deep voice. Conflicts among subordinates are very annoying.

Qing Yutong was startled, and murmured: "She's growing so fast."

"Okay, please enlighten her. She was hurt by love." Ye Hua felt that only women can comfort each other.

Qing Yutong patted her chest: "You can trust me."

Qing Yutong sat next to Brittany, and said earnestly: "Men do not have a single good thing."

Ye Hua: "..."

Brittany left the arms of Ye Hua, and hugged Qing Yutong: "You are right, Men do not have a single good thing."

Ye Hua: "..."

Letting Qing Yutong comfort her was really the wrong choice.

He picked up the broken, withered wing on the side. Ye Hua was afraid that it wouldn't be able to hold onto it any longer.

Walking behind Brittany, Ye Hua said calmly, "Stretch out your wings."

Brittany obeyed his orders and called out the broken wings on her back.

Ye Hua frowned and took out a bottle of potion from his ring.

"Brother-in-law, is that 502 glue?"[A brand]

"Qing Yutong, can you not talk!" Ye Hua glared, while the latter held back her mouth. Her brother-in-law is very fierce.

The holy liquid in Ye Hua's hands has a powerful repair function. It was snatched from a certain supreme being. As for whether it will work or not, even Ye Hua can't give a definite answer.

He covered the broken wing and then dripped the holy liquid on it. The wound emitted a blue light alongside a strong fragrance.

Ye Hua paused, and a white glow shot out from his palm. It seemed that a white laser was repairing the broken wing.

"Ah!!!" The severe pain caused Brittany to scream, the process of repairing hurts more than the process of cutting!

Ye Hua was very serious when dealing with her broken wing. After all, it was his subordinate who was injured.

But only they can hurt themselves.

"Phew." Ye Hua exhaled, it was finally finished. Now she just needs to take a good rest.

"Brother-in-law, she fainted."

Being able to make Brittany, one of the seven deadly sins, pass out from pain shows its terrifyingness.

"Let her take sufficient rest." After finishing speaking, he put a restraint on Brittany to prevent her from running around again.

"Okay."

Sitting next to the bar, Ye Hua pinched the bridge of his nose. Alas, it was resolved, but the relationship between Jue Tian and Brittany was completely broken, which was not a good thing for the whole team.

This Jue Tian is also a deadhead, he already has two women, so why is he not willing to marry Brittany? Others would die for being in your shoes.

Now the love of the past has become the hate of the present.

With the sound of Biu, Jue Tian's figure appeared next to him: "Your Honor."

Ye Hua didn't speak; just sighed.

"Your Honor, how is Brittany?" Jue Tian asked with concern.

"She's all right."

"That's good." Jue Tian heaved a sigh of relief. After seeing Brittany trying to commit suicide just now, he was truly frightened.

Ye Hua asked in a low voice: "Don't you dislike her? Why are you asking this now?"

"Your Honor, forgive me." Jue Tian firmly bowed his head and admitted his mistake.

"I shouldn't have asked you to take on that task." If Ye Hua knew that such a thing would happen, Ye Hua would definitely not let Jue Tian do the work. It is said that he was the brains of the seven deadly sins. Apparently, he only has IQ and no EQ.

Jue Tian bowed his head and remained silent. His heart was in a dilemma. When he thought of Brittany's appearance just now, he felt incredibly uncomfortable.

Ye Hua lit a cigarette: "Forget it, you can go back. Don't worry about things here!"

"Your Honor is magnanimous." Jue Tian bowed and said.

"Now I need to deal with you both!" Ye Hua shouted coldly and then disappeared from the bar.

Jue Tian straightened up, as he looked towards the second floor. He sighed and disappeared from the bar.

At this time, Ye Hua came to the Voidless Realm. Qing Ya and Donghuang Baizhi hadn't come back for a few days, so he decided to come here to have a look. Last time he directed a big play here and didn't have time to appreciate it. The environment here is really good.

Ye Hua's appearance surprised many people, but they also knew that he was the Emperor's husband, so they all greeted him respectfully. [Will be using Emperor for Baizhi to signify her authority.]

After all, the Emperor's husband saved them last time.

Ye Hua walked in like a boss while also nodding slightly.

But you must not learn to walk like this. There was once a person who walked like this, and now the grass on his grave is two meters high.

The people in the Voidless Realm were also delighted to see the Emperor's husband.

Ye Hua walked directly toward the newly built palace. No one stopped him along the way, and even the guards bowed their heads respectfully.

In such a scene, Ye Hua seemed very natural as he walked into the palace.

At this time, Donghuang Baizhi and Qing Ya were having a meeting with the generals to discuss how to solve the problem. Ye Hua just walked in and saw Baizhi sitting on the throne, wearing a purple-gold yellow robe along with a crown.

'The makeup looks good. It would be very exciting to let Baizhi dress like this the next time.'

Qing Ya was sitting a little below Donghuang Baizhi. The two girls saw Ye Hua walking in, and the corners of their mouths twitched. He still likes to put on a show.

Everyone present knew Ye Hua, and respectfully shouted: "Master Ye."

As the Emperor's husband did not have a title, they used the more usual word "master" to show respect.

Ye Hua waved his hand and walked towards the throne.

Donghuang Baizhi was going to stand up, intending to give up her seat to Ye Hua, but was stopped by Ye Hua's gaze.

'This is also my woman's territory. Of course, I have to give face. This deity will not do things that lose face of my women.'

Donghuang Baizhi showed a warm smile, Ye Hua was still thinking about her.

The pair have been together for a long time, and they know what the other party was trying to express with their every word and deed.

"Come here, give this Emperor's husband a seat!" Donghuang Baizhi shouted in a low voice.

A golden chair was placed not far below, just opposite Qing Ya.

Chapter 489 (A Very Awesome Character(2))

Ye Hua looked at Qing Ya's stomach. She would give birth in four or five months.

"Keep talking!" Donghuang Baizhi sipped lightly, exuding the aura that an Emperor should have. This Donghuang Baizhi made Ye Hua feel a sense of accomplishment.

'See, this is the woman of this deity. Her words are laced with strong self-confidence. Only when this deity presses her under, will she show the appearance of a little woman.'

Yuan De said aloud: "Your Majesty, those families in the south are protesting collectively, wanting..."

"What do they want?" Donghuang Baizhi asked coldly.

"They hope that Her Majesty will share some of the longevity fruits." Yuan De said with his head bowed.

Donghuang Baizhi's face darkened. 'When I went to rescue the crisis in the south with Qing Ya, those people were extremely respectful. Now, when they hear that I have something good, they completely forget who saved them at the beginning!'

Ye Hua sat aside and didn't speak, 'now you know, it's useless for you to be nice to them. They will only fear evil, not a kind Emperor.'

"What are the thoughts of the Ying Family?"

"The Ying Family didn't express any opinion."

"What is the specific situation in the north? Have you found any clues?" Donghuang Baizhi asked in a deep voice.

Xing Han cupped his hands and said: "Your Majesty, except for the aristocratic family, all the families in the north expressed their protest. They also want the longevity fruit, and are claiming that the Emperor and the aristocratic family have lied to them for a long time."

They were blinded by profit, and even said that the Emperor lied to them!

"Have you found the murderer of the Guan family?" Donghuang Baizhi asked coldly.

The people below shook their heads, they were all without clues.

"What is the Blood Pond Forbidden Technique?"

When everyone was silent, Ye Hua asked this question nonchalantly.

Except for Qing Ya, everyone's eyes fixed on him, and their faces became ponderous.

"Ye Hua, did you find something?" Donghuang Baizhi asked aloud.

"The people who exterminated the Guan family did it for the Blood Pool Forbidden Technique, and the matter of the longevity fruit is purely a coincidence. Let's talk about what this Blood Pool Forbidden Technique is."

"Answering Master Ye, this Blood Pool Forbidden Technique is just a legend. " Yuan De said in a deep voice.

Ye Hua chuckled: "I like legends."

Yuan De continued: "It is rumored that in ancient times, there was a blood clan that refined many clans in order to increase their strength. But in the end, they were all sealed. It is said that only the pure blood of vampires can be used to uplift the seal."

Ye Hua's curiosity was piqued after hearing this.

"Ye Hua, how did you know that?" Qing Ya asked curiously.

"One of my subordinates discovered this information about the group of masked men in black. The news of the longevity fruit was released just to attract attention from them."

Donghuang Baizhi frowned after hearing this: "It seems that this group of people is very powerful. Strong enough to destroy all of the Guan family."

"The real question is why does the Guan family have that blood embolism? Baizhi, do you have any idea?" Ye Hua said lightly.

Donghuang Baizhi shook her head. She did not know about this matter at all.

Ye Hua continued: "The blood embolism should be the seal. If they use the pure blood of the vampires, maybe they will really break the seal and release the blood clan."

"That would be a disaster!" Yuan De exclaimed.

Is it a disaster? For Ye Hua, this is a very interesting thing, and he really wants to see what this "cruel" blood race is like.

"The most urgent thing is to solve the reputation problem of the Voidless Realm." Ye Hua said.

Donghuang Baizhi whispered: "It's because what they want is outside their capabilities."

"Then give them what they lust after." Ye Hua said lightly. What's so good about hiding the longevity fruits?

Donghuang Baizhi: "..."

"If you continue to act rigidly, it will only make things more complicated. People would be willing to kill at the sight of this life-prolonging fruit. You should hold a martial arts competition. Each family sends someone out to fight, and then you distribute the fruits according to their ranks."

Ye Hua's words made the eyes of the audience shine. It is indeed a good way to continue. He is worthy of being the husband of the Emperor. Alongside a strong strength, he also has a good head on top. The Empress is so lucky to find such a husband.

"This method is feasible." Qing Ya also agreed with Ye Hua's proposal.

Donghuang Baizhi also nodded: "Then let's discuss the details."

Ye Hua stood up and said lightly: "You guys discuss it while I'll go back first. Your Majesty, remember to come home today." After speaking, he disappeared.

Donghuang Baizhi's face was slightly flushed. This Ye Hua actually teased her in front of so many people. 'Let's see how I deal with you tonight! I won't let you stop for a second!'

After returning to the Leisure Bar, Ye Hua went to Qing Yutong's room to see how Brittany was doing.

At the sight...

"Where did that man hit me?" was Brittany's query.

"He's on the top of the mountain. Didn't you see him?" Qing Yutong replied.

"Bastard! You actually sneaked up on me! Men do not have a single good thing!" Brittany grinded her teeth angrily.

"That's right, all men are bastards. Let's play the next game."

Ye Hua was really helpless, this Brittany was actually playing a game with Qing Yutong. How did she heal so quickly? In the blink of an eye, she was alive and well.

"Cough!" Ye Hua signaled these two women, whom no man wanted.

Qing Yutong and Brittany looked back, shrank immediately, and continued to play games.

But seeing Brittany like this, Ye Hua was also slightly relieved. It was better than her being on the thin line between life and death.

But Ye Hua felt she was merely pretending, and one day, she would explode. He hoped Jue Tian could give Bright a good life.

Back in the office, Ye Hua turned on the TV and watched Conan with his chin propped up.

It is said that this kid on TV will die wherever he goes. He must have been cursed by death.

Blood Pool Forbidden Technique, the purest of blood.

After an unknown amount of time, the Emperor's call sounded from behind.

Ye Hua took a look and patted his thighs.

Donghuang Baizhi gave him a tender look, and sat sideways on his thighs, lying in Ye Hua's arms and feeling his powerful heartbeat.

"Baizhi."

"Hm?"

"You look good today."

"Really?" Donghuang Baizhi asked shyly. Ye Hua seldom compliments others.

Ye Hua raised her chin, and said calmly: "I want to see it."

Now that Ye Hua had asked for it, of course, Baizhi would satisfy him. Standing in front of Ye Hua, she had a big transformation in an instant.

Ye Hua turned into a wolf and rushed toward her.

"Ye Hua, it's not even night yet~"

"I can't wait for the night after seeing you like this."

"..."

Chapter 490 (New Task(3))

When the morning sun shone in through the window, Ye Hua felt that the beautiful woman beside him had left. The corner of her mouth showed a slight curvature. 'Her Majesty is really a workaholic, she went back after sleeping for just a few hours.'

Sitting up, Ye Hua cracked his neck. In fact, life with a wife is much better. Putting on some clothes, Ye Hua summoned Wei Chang.

"Your subordinate greets Your Honor!" Wei Chang said respectfully, half-kneeled. Ye Hua stood by the window smoking a cigarette, staring at the hot pot restaurant.

Ye Hua asked softly: "Have you heard of the Blood Pool Forbidden Technique and the pure blood of the vampires?"

"The pure blood was mentioned by Yi Hong."

"Oh? Where is it?" Ye Hua asked curiously.

"It's the bar next to ours. Those two proprietresses, aren't they vampires? I heard from Yi Hong that they have pure blood."

Ye Hua laughed. It turned out that the key to unlocking the seal was with him all along, just that he didn't know.

"This pure blood is related to the activation of the Blood Pool Forbidden Technique."

"Your Honor, do you want to destroy the pure blood?" Wei Chang asked in a deep voice.

Ye Hua shook his head and took a sip: "No, we need to help them open the seal. I really want to meet that demon!"

"I understand."

"Leave this matter to the green and red brothers. It will also give Yi Hong a little confidence. This Zi Shan has come to look for this deity once." Ye Hua still remembers the day when Zi Shan came to look for him.

Ye Hua also found it funny after hearing this. During the time they met Zi Shan the first time, she was the unwilling one, but now she still came to beg him to give Yi Hong a chance.

"This subordinate will go over now to pass on the orders of Your Honor."

"Go."

After Wei Chang left, Ye Hua stubbed out the cigarette butt and was about to go out to buy breakfast. Of course, it was a pancake.

"One piece of fruit pancake." Ye Hua looked at the aunt and said lightly.

And the aunt nodded and started to make one.

Ye Hua felt that there was something wrong with the aunt today. She used to like to tease him, but she didn't say anything today. Did the sun come out from the west?

Ye Hua took the fruit pancake that the aunt handed over. The aunt seemed preoccupied.

"Don't you want money?" Ye Hua asked lightly.

"Ah? Didn't you give it just now?"

Ye Hua took out his mobile phone and scanned WeChat, and then showed it to the aunt: "Look clearly, I counted the money."

The aunt nodded, her brows filled with sadness.

Ye Hua glanced at her, frowned, and walked back to the Leisure Bar. Every house has troubles.

Even this deity also has some.

At this time, Wei Chang came to Yi Hong's villa and conveyed Ye Hua's order.

Zi Shan, who leaned over to the side, was overjoyed. Your Honor finally sent a task for Yi Hong. Now he will have nothing to say!

Yi Hong was very excited, and shouted excitedly: "This subordinate will definitely complete the task assigned by Your Honor!"

Lu Hong looked a little reluctant, but still agreed: "This subordinate will complete the task."

"Remember, don't expose yourself." Wei Chang exhorted and disappeared from the villa.

Yi Hong was so happy that she hugged Zi Shan and circled around: "Your Honor finally gave me a task."

Zi Shan gave him a sweet kiss: "Don't disappoint Your Honor's expectations."

"The task must be done flawlessly." Yi Hong agreed, patting his chest.

"It's not too bad, I'll make breakfast for you." Zi Shan smiled softly as she tied up her apron, and walked into the kitchen.

Yi Hong's happiness was already bursting through the rooftop: "Zi Shan, thank you for your hard work."

Zi Shan in the kitchen clenched her fist and cheered him up: "Come on, eat."

'My Zi Shan is really cute. I'm so happy.'

"Brother, we can finally go on a mission together, why are you frowning?" Yi Hong hugged Lu Hong's shoulder, as he said in a tone filled with excitement.

Yi Hong has been with the blood sisters from time to time and has also cultivated a little affection for them. Although there was no substantial progress, hearing the request of Ye Hua, he felt a little uncomfortable. The cause was the blood sisters.

'I promised them that I would protect their pure blood, but now I have to give it away.'

Yi Hong was in a problematic situation. 'How could this happen? If I had made my stance clear with them, Your Honor would not have given such an order.'

'God! What am I thinking? Could it be that I fell in love with two vampires?'

'Certainly not. That is just out of sympathy. Yes! It is sympathy.'

"Big brother! Big brother!" Yi Hong shook him.

Lu Hong came to his senses: "What's the matter?"

"Aren't you on good terms with the blood sisters? I leave the matter of collecting the pure blood to you." Yi Hong had a smirk on his face, giving him an understanding look.

"Collect? How to collect? Do I suck it with my mouth?" Lu Hong raised his hand angrily and clapped it.

At this time, Zi Shan in the kitchen shouted: "Brother, if you beat my husband again, you will lose your share of the food."

Yi Hong sighed, only his wife is the best one in the world.

Yi Hong said in a low voice: "Brother, if you don't smoke, do you want me to? Brother, I am a man with a family now. Besides, the blood sisters like you." [The first one is a self-explanatory idiom. If not you, then me?]

Lu Hong rubbed his temples irritably, and then said, "I'll ask about the situation."

"Well, I'll wait for good news." As soon as he finished speaking, Lu Hong disappeared, looking very anxious.

At this time, Zi Shan had also made noodles and came out: "Where's elder brother?"

"He went to complete Your Honor's task."

"Then you should eat all of it."

Looking at such a big bowl, Yi Hong smiled apologetically and said, "Honey, I can't finish so much food."

"Even if you can't finish eating, you have to eat it! Who told you to lose money by gambling? I have to eat dirt after following you." Zi Shan said angrily, rolling his eyes.

This sentence hurt Yi Hong a bit. He was so incapable that a woman like Zi Shan suffered with him.

Looking at the noodles made by Zi Shan, Yi Hong felt that he was not qualified to eat them.

When Zi Shan saw his change of expression, she knew that her words had hurt him, so she hurriedly explained: "Yi Hong, I didn't mean that."

"Zi Shan, don't worry. I will become the man of your dreams." Yi Hong ate the noodles as quickly as possible, then walked out of the house to look for clues.

Zi Shan exhaled lightly, she didn't mean it.

Although it was unintentional, it was very hurtful to Yi Hong, because subconsciously, Yi Hong felt that he was not worthy of Zi Shan.
