

My Woman 491

Chapter 491 (Drawing Blood(4))

Yi Hong had always wanted to prove that he was worthy of Zi Shan, showing his dignity as a man.

But Zi Shan didn't think so, as it was just a joke just now. She was in a rhythm so she couldn't stop from blurting it out.

In fact, what Zi Shan thinks is very simple, that is, a family of three can live together well and live a normal life. Zi Shan, who is thousands of years old, just wants a child now, especially when she sees other women going out with their beautifully dressed children. She was very envious, wishing that only they had one as well.

But Yi Hong doesn't give her a child, making her rather disoriented.

It is useless for Yi Hong to go out to find clues like this. In fact, Yi Hong mainly wants to go out to get some fresh air.

Lu Hong came to the Seven Bar.

"I'm here to find your lady boss." Lu Hong said with a sullen face to the tall and mighty foreigner in front of him.

His way to them was rather smooth as everyone knew that this man was the proprietress' favorite.

Lu Hong was standing at the bedroom door, thinking about how he should start the conversation.

'Why are you thinking so much? Are you afraid they will be sad? And why are you afraid that they will be sad? Could it be that you like them? If you like two vampires, it's not a question of being green or not, it's about being sucked to death!'

Squeak...

The door opened automatically, which surprised Lu Hong as he didn't even think about what to say.

He had no choice but to walk in. His gaze was on the big bed.

He saw two beauties lying on the pink bed, with their exposed legs. The elder sister, Serena, was very reserved, while the younger sister Celine bit her index finger, as her beautiful eyes kept sparkling~

Lu Hong took a deep breath. Basically, he has to withstand such temptations every day in order not to be sucked by them.

"That... I have a thing to ask you today." Lu Hong hesitated and said, sitting on the sofa next to him.

Serene said softly: "Don't say it's just a thing. My sister and I can help you with any number of things."

While talking, Serene floated over from the bed.

Yes, that's right, it's floating.

You will definitely think it's a ghost when you see her at night.

Celine was much better as she got out of bed and came over and asked, "You don't look very good today. What's wrong?"

"I will tell you, but don't be angry."

'Are you afraid that they will be angry? Is there something wrong with your brain?'

The two sisters laughed when they heard Lu Hong's words, as they both held his arm.

They were wearing low-cut pajamas, which showed their softness.

"Whatever you do, my sister and I won't be angry." Celine leaned on Lu Hong's shoulder and said softly.

"En." Serena also responded obediently.

Lu Hong is simply a winner in life. He was the only one in the whole team who had a pair of beautiful sisters, and moreover, they were twins!

This shows one thing; life needs to be green to be perfect. There will be pleasant surprises after a harsh start, so don't panic after being greened. The twins are waiting for you on the road next spring.

"How do I get your pure blood?" Lu Hong asked in a low voice, looking like a little virgin.

Well, in fact, the elder brother Lu is really an old virgin. His girlfriend made him green without even touching him, and he was only bragging in front of his younger brother. He just wanted to save face in front of his younger brother.

The two sisters blushed when they heard this, and started cuddling with Lu Hong.

Serena blushed and said delicately, "You can take whatever you want."

"Wrong, wrong, that's not what I meant. I mean, how did I get it?"

"Lu Hong, what do you want the pure blood for?" Serena asked curiously.

Lu Hong said in a deep voice, "For the Blood Pool Forbidden Technique!"

When the two sisters heard such a thing, their shy faces suddenly changed color, and they stared looking at Lu Hong warily.

He didn't know why, but when Lu Hong saw their eyes, his heart ached.

"You approached us because of the Blood Pond Forbidden Technique!" Celine shouted, wondering how Lu Hong knew.

"Listen to my explanation."

The two sisters shouted at the same time: "I don't want to listen, I don't want to listen."

"It's not what you think."

'Why are you so annoying, and are even putting your hands together?'

"Listen to me! If I want to, I can easily get it. What I mean to ask is, is there any other way to get the pure blood?" Lu Hong shouted in a deep voice.

"No! Even if you are our benefactor, we will not let you release the demon!" The two sisters were very firm in their choice.

Lu Hong really couldn't help it, and shouted: "This is what my boss asked, do you know why? Because he wants to help you eliminate the demon!"

The blood sisters were surprised when they heard this.

"Think about it, being sealed means that there is still a chance for him to come out. If my boss's boss kills him, won't this threat be eliminated?"

The two sisters nodded after hearing this.

"Look at your looks of not believing in me. It makes me sad." Lu Hong was very angry, and snorted coldly, unable to relieve his anger.

The two sisters knew that they had misunderstood. Serena stood behind to massage, while Celine grabbed Lu Hong's arm and acted like a baby.

Lu Hong felt that he was almost coaxed, so he calmed down and said, "Tell me, how do I get it?"

"If it's for use, just use a needle." Celine started preparing a needle.

Lu Hong held the needle in his hand, feeling sad. He was reluctant to use this needle for her first time.

'To poke the older sister or the younger one?'

"Take mine." Celine said boldly.

In order to complete Ye Hua's task, Lu Hong gritted his teeth. He just wanted to get this over with!

Lu Hong picked up the needle, and his gaze became firm, as if he was going to do something big.

He slowly lifted Celine's nightdress with his left hand and swallowed some saliva. He gradually drew the needle closer.

The two sisters were stunned when they saw Lu Hong's actions.

Celine exclaimed in surprise, and immediately covered her little nightdress: "What are you doing?"

Lu Hong was a little panicked: "That... drawing blood."

Selene said angrily: "If you want to draw blood, then just draw blood. What are you doing by lifting my sister's nightdress? Where exactly do you want to draw blood?"

"I... don't I draw from there?" Lu Hong's face turned red, it was so embarrassing.

Celine said angrily: "Just draw blood, idiot!"

"I'm sorry... I'm sorry... I thought it was..." Lu Hong hurriedly apologized, the misunderstanding was too big.

Chapter 492 (Broken(492))

The two sisters were in disbelief, and said coquettishly, "You scoundrel~"

Lu Hong was so helpless, and in the end, the matter of drawing blood was left to the elder sister.

Serena's technique was much better, as she drew the blood in a jiffy.

After handing the blood to Lu Hong, Serena said in a deep voice, "Lu Hong, don't lie to us."

"Don't worry, I, Lu Hong, will not deceive you." Lu Hong stood up and promised.

The two sisters nodded, feeling relieved. Celine bit her lip shyly and said: "Lu Hong, when will you come to draw blood next time~"[Euphemism for "intercourse".]

Pfft!

Lu Hong couldn't take it anymore and ran out of the bedroom. These two were indeed vampires, thinking about his blood all the time.

The two sisters in the bedroom were helpless.

"Sister, you scared Lu Hong away, again." Serena said depressedly.

Celine pursed her lips and said, "I don't understand why Lu Hong is so afraid of us."

"I hope it's because we are vampires." Serena was very disappointed, thinking that Lu Hong disliked their identities.

Celine didn't say anything, she was also very depressed.

Lu Hong, who walked outside, immediately contacted his younger brother. The two decided to meet under the Huanghua Bridge.

Under the Huanghua Bridge, a gust of wind blew. The green and red cloaks swayed, which looked very joyful.

"Brother! Is this the pure blood? I don't think it's any different from chicken blood." Yi Hong looked at the glass needle and said doubtfully.

Lu Hong raised his hand and smacked the back of his head: "Idiot, all blood looks the same!"

Crack!

Broken!

The green and red brothers were stunned.

Lu Hong shouted angrily: "You can't even hold a needle well. Don't you know how difficult it is for me to draw blood?"

What else could Lu Hong do? He had to run back again.

"Lu Hong, why are you back again? Have you figured it out?" Celine said shyly.

Lu Hong looked very embarrassed: "Well, I'm here to draw blood."

"I hate you~ My sister is not here. If I get my blood drawn by you, my sister will be unhappy."

'My sister and I will draw our blood together.'

"No, no... it's a blood draw, the blood from the arm." Lu Hong forcefully explained.

Celine's expression collapsed, she walked to the side silently, drew blood, and then let out a coquettish snort.

Taking the pure blood again, Lu Hong felt safe. It was more important to complete the task of the lord first.

The two brothers met again under the Huanghua Bridge.

Lu Hong decided not to give it to the younger brother this time, it would be safer to hold it in his own hands.

"Has anyone been found?" Lu Hong decided to deliver the goods to the door.

Yi Hong shook his head: "No."

Lu Hong: "..."

"You haven't found anyone, so who am I going to give this tube of blood to?"

"I don't know." Yi Hong replied.

Lu Hong was desperate.

Yi Hong patted his elder brother on the shoulder reassuringly.

Crack!

The two brothers looked at the shattered needle with dazed looks on their faces.

"Brother, it's not my fault, it's because you didn't hold onto it." After saying that, Yi Hong disappeared. The expression on Lu Hong's face was a bit funny.

"Yi Hong! Just wait for me!" Lu Hong let out a desolate growl.

Lu Hong came to the door of the bedroom of the bar again, trembling.

The door was quietly opened: "Lu Hong, why are you here again?" Serena asked curiously.

The sullen Celine was sitting on the sofa.

"I'm here to draw blood. This time I bought a plastic tube, which won't break." Lu Hong bought one for a yuan just now.

Celine snorted coquettishly: "You despise us being vampires, and yet you still suck our blood."

"Since when did I despise you? You can't talk nonsense!" Lu Hong retorted without thinking.

Celine snorted again: "Then why don't you want to touch us?"

"Emmm, it's too hasty to touch you casually. After all, I'm a serious man."

Serena said softly: "My sister and I are also decent women. We have never let other men hold our hands."

Lu Hong felt that if he didn't take off his skin today, he would definitely not get the third tube. [To compromise]

"Can you draw blood first? How about we talk about this issue later?"

The two sisters sat on the sofa together, and even in the same posture, and said in unison: "No!"

"My little ancestors, don't make trouble. I will make an apology afterward." Lu Hong wanted to grab his younger brother and beat him up. Both times, the tube was broken because of him.

"No!" The two sisters snorted.

'I, Lu Hong, won't obey anyone, but you two.'

"Okay, what do you want?"

Serena said shyly, "Promise us two conditions."

"Okay, you guys say."

"Kiss us first." Serena snorted softly, if you don't kiss us, then no blood for you.

Lu Hong was struggling in her heart. What if they sucked him while kissing?

Even if he doesn't want to, there is no other way. After all, he can't be sloppy while completing Ye Hua's task.

"Okay!"

Hearing that Lu Hong agreed, the two sisters blushed a little. They thought that Lu Hong would resist.

He came in front of the two sisters, who had closed their beautiful eyes.

Lu Hong's heartbeat quickened a little, and then his heart skipped a beat!

He hugged Celine and kissed her. It felt good, sweet, and fragrant!

Suddenly, Lu Hong opened his eyes wide!

'A small tongue is actually looking for my big tongue, is it about to be sucked... so miserable... my lord... I'm going to die... come and save me.'

After a long time, Celine let go of the dizzy Lu Hong. She must have sucked a lot of his blood just now.

"My turn." Serena said shyly.

The dizzy Lu Hong had no desire to go through it again, but he could only kiss her.

Serena was still very reserved, and it was just a kiss. Nothing else.

After doing this, Lu Hong felt as if he was drunk: "What else is there?"

Serena pulled her sister to discuss and then said softly: "After all this is done, you have to draw blood again. That kind of blood draw."

'Look, they are already addicted to it. They plan to turn me into a blood-forming stallion. It's so miserable.'

But he could only agree: "Okay, I promise you."

The two sisters were overjoyed and immediately drew blood for Lu Hong.

Standing outside the bar, Lu Hong saw how beautiful the sun was outside. Its rays felt warm and comfortable on his body.

This time, Lu Hong put away a tube of blood carefully, so it doesn't break again. Otherwise, who knows what excessive demands they will make?

Although he was cheated on once, he was also a principled man and not one of those casual types.

Chapter 493 (Brother, please(1))

He contacted his younger brother, as this guy didn't even go back to eat at noon. He was investigating outside...

You are afraid of the tigress at home. This poor brother married such a strong woman. Lu Hong couldn't help but think the appearance of the two vampires was actually quite gentle, not as strong as his sister-in-law.

'Motherfucker.'

'What am I thinking? Such a horrible thought came up. I should hurry up and cancel it!'

With this terrifying thought in mind, Lu Hong returned to the villa, only to see Zi Shan cooking lunch. Seeing that his younger brother could marry such a virtuous wife, Lu Hong was also happy for him.

"Brother, you're back." Zi Shan turned around and greeted him. Logically speaking, Zi Shan's age was almost at the level of Lu Hong's ancestor.

But if you marry a chicken, you follow the chicken; if you marry a dog, you follow the dog. Her husband's elder brother is also her elder brother.

"Zi Shan, it's really hard for you." Lu Hong also felt embarrassed. He felt that they should bring more living expenses in the future.

'Maybe I'll be able to move out soon, so I won't be the light bulb anymore.'

'Fuck! Lu Hong, what are you thinking? Why can't you get rid of this crazy idea in your mind? Are you really crazy!?''

'This race is wrong! Who knows what our child will look like?'

'That's not right, Xu Xian even dared to go up a snake, and their child didn't have any deformity.' [Xu Xian from the popular folktale called Legends of the White Snake. The original story was a story of good and evil, with the Buddhist monk Fahai setting out to save Xu Xian's soul from the white snake spirit, who was depicted as an evil demon. Over the centuries, however, the legend has evolved from a horror tale to a romance story, with Bai Suzhen and Xu Xian genuinely in love with each other even though their relationship is forbidden by the laws of nature. You can read the different stories at https://en.wikipedia.org/wiki/Legend_of_the_White_Snake and https://en.wikipedia.org/wiki/Xu_Xian]

Thinking about this, Lu Hong felt better.

"Hey, didn't Yi Hong come back with you?" Zi Shan looked around, but didn't find her husband coming home.

"Yi Hong is still collecting information." Lu Hong thought that this kid is quite tough, aren't you afraid to come back tonight and kneel on the keyboard?

"Oh."

Lu Hong guessed that she was very disappointed. She was quite energetic at cooking just now, but now she is listless.

Lu Hong walked forward and said with a smile: "Zi Shan, go and have a rest. I'll do it."

"Brother, you've been busy all morning, and I'm fine at home, so go and have some rest."

'Look, this kid really doesn't know what to do. Your wife is so virtuous, yet you don't even go home for dinner. Could it be that you had a fight?'

'Then I, the big brother, have to make peace.'

"Zi Shan, I grew up with Yi Hong, and I know his character very well." Lu Hong described with a sad tone, which made Zi Shan pensive. Her husband must have had a bad life.

Lu Hong felt that his sister-in-law's expression was in place, and continued: "I remember that year, we played pee and mud, I peed, he was mud." [Funny enough, it's also Chinese slang (funny mud pee), which basically means stop motherfucking lying. Used to fight back against people who called COVID-19 the "Chinese Virus".]

Zi Shan: "??????"

"Growing up, we played house, and he likes to call me daddy, while I call him son. He had a great time."

Zi Shan: "??????"

"I also taught him how to perm his afro."

Zi Shan clenched her fists tightly, 'it turns out that my Yi Hong was spoiled by you.'

If Yi Hong knew that his elder brother had said this to his wife, he would definitely have looked horrified.

"Zi Shan, actually, I didn't mean anything else when I said these things. Yi Hong has been very innocent since he was a child. Anyone who knows him thinks he is easy to bully. And that's right. He is indeed easy to bully."

Brother, do you think this is fair? You should have considered the image of your younger brother.

"But Zi Shan, let me tell you, it's actually not the case. Although Yi Hong is honest, he is also a dignified and good man who is willing to help others. He often helps goats cross the road."

Brother, stop talking, I beg you.

Lu Hong sighed deeply: "Yi Hong never knew who his father was since he was a child."

Ten thousand critical hits hit Yi Hong's chest. Fortunately, Yi Hong was not there. Otherwise, he would have exploded.

"It was my mother and me who cleaned up his feces and urine."

When Zi Shan heard this sentence, Yi Hong had already passed out in the toilet.

Looking at Zi Shan's suspicious gaze, Lu Hong knew that he had made a slip of the tongue.

"My mother cleaned it inside the house, while I cleaned it outside." Lu Hong explained in detail.

Big brother, please don't bring it, your little brother kneels down to you.

"This kid is not confident. The main reason is that something happened in elementary school."

Brother, are you helping me or hurting me? Don't talk about my black history.

"What was the matter?" Zi Shan asked in a deep voice.

"Oh, first love."

Zi Shan's face paused, "Yi Hong said that I was his first love."

Lu Hong was startled, and hurriedly explained: "Yi Hong was not lying, because it was a first love that ended before it even started."

Poof!

Yi Hong had already vomited blood and died in the toilet. Brother, you are taking revenge on me.

"The love letter was written with my help, but before Yi Hong could give it to her, the boys in the class snatched it and ran to the podium to read it aloud. Since then, Yi Hong has been autistic."

Really... it is Yi Hong's good fortune that he was not at the scene.

Lu Hong sighed, and looked out the window: "Since then, Yi Hong didn't seem to be interested in women anymore."

Zi Shan: "..."

"I suspected that he was gay for a long time, until one day, I found out that he was writing a pornographic book. I finally knew that my little brother is not gay and just flirtatious."

"But Zi Shan, don't care about these details. You know, before, he didn't dare to look at other girls."

Zi Shan held back her mouth: "I don't dare now."

'My sister-in-law is awesome.'

"At the same time, Yi Hong is also a person who is easily hurt. Based on what I know about him, I know it's his good fortune to have a wife like you. That's why he wants to show you that he is a useful and responsible man."

'Zi Shan, believe it or not, but I believe it anyway.' Lu Hong added silently in his heart.

Zi Shan sighed softly. After hearing Lu Hong's words, Zi Shan also felt that her slip of tongue had hurt Yi Hong's self-esteem.

Lu Hong patted his sister-in-law on the shoulder and said in a deep voice: "Zi Shan, Yi Hong is a good man. Don't put too much pressure on him."

"I didn't put pressure on him. He put pressure on himself." Zi Shan bit her lip and said softly. When did she put pressure on him?

Lu Hong coughed lightly: "My little brother told me that you wanted a child."

"Is it wrong for me to want a child?" Zi Shan asked, frowning her brows.

"That's right, it's pressure on Yi Hong to have a baby, and he's also afraid." Lu Hong said in a deep voice.

"What is he afraid of?"

"He's afraid that all this is a dream, because it's so beautiful."

After a long time, Zi Shan took a deep breath: "Brother, you are really partial, and you only help the little brother, not me!"

Chapter 494 (Strict Wives(2))

"Zi Shan, don't worry, I will teach Yi Hong how to become a real man!"

Looking at Lu Hong's firm gaze, Zi Shan was a little scared: "Forget it, let me teach Yi Hong how to become a real man."

Lu Hong: "??????"

The atmosphere was so embarrassing. Lu Hong hurried to the living room and sat down. 'Your big brother can only help you this much and the rest is up to you.'

After the meal, Zi Shan reminded: "Brother, come back early tonight, I will make Yi Hong's favorite braised fish."

"Okay, I have to drag him back for you!"

"Thank you, brother."

Lu Hong first contacted Yi Hong to ask about his location.

Unexpectedly, he went to Death Mage.

'Not bad, I knew he needed help.'

According to the address mentioned by Yi Hong, Lu Hong came to Jingxiu Tianyuan in Long'an City. 'This is one of the luxurious residential areas. Brother Mage is really awesome and rich.'

However, he was stopped by the security guard at the door, because Lu Hong did not look like a good person at first glance. If a person who is green from head to toe appeared in front of you, you would feel the same way.

After confirmation, Lu Hong successfully entered as there was really no other way.

After all, Lu Hong is also a polite person, so it seems a little inappropriate to fly directly to Death Mage's house.

He rang the doorbell, and saw Death Mage opening the door, which surprised Lu Hong, as he immediately shouted: "Hello, Death Mage."

"Oh, come in." Death Mage said weakly.

Because they are all Wei Chang's younger brothers, they can understand Death Mage's words.

Walking into the and taking a look, wow, all kinds of high-end goods. It's nice to have money.

Xun Fang got a lot of benefits from the Ying Family at the beginning. Knowing that Death Mage likes to gamble, she controlled the property. If it was given to Death Mage, it would definitely be squandered. Otherwise, how could the two of them live in such a place?

They would already be under the Huntian Bridge.

"Lu Hong, come come. Sit down and help yourself with some water." Xun Fang is worthy of being a suzerain-level woman. She was quite feminine, besides, she was also a former southerner, so she was quite beautiful.

It's just that... Lu Hong didn't expect Death Mage to have such a status in the family... you know.

What can Death Mage do? He has to serve this fleshy ugly woman well before she pays him.

Lu Hong hurriedly bent over to take the water handed by Death Mage. It's hard to be a man.

His younger brother is like this, and so is his brother mage.

"Sister-in-law, Your Honor recently gave us brothers a task. I would still need your help." Lu Hong smiled slightly. As a team, we need to help each other.

Xun Fang smiled slightly and said: "Lu Hong, Yi Hong told me all about it just now. Don't worry, everyone here serves Your Honor. I have already asked my little apprentice to inquire about it, and I will let you know if there is any news."

Now that the suzerain of Cloud Sect has a good relationship with Xun Fang, of course, he will give her some face. Besides, this is also a matter of eradicating evil, nothing else.

"Thank you sister-in-law for your help. If there is anything you need in the future, please don't be polite." Lu Hong was very touched. This is the feeling of home! This is the strength of the team!

Xun Fang smiled sweetly: "Don't shirk it when the time comes~"

"Sister-in-law, don't worry!"

The two brothers sat down for a while, but feeling that the atmosphere was a bit strange, they left.

After the two brothers left.

"My shoulders are a little sore." Xun Fang squeezed her shoulders and murmured.

Death Mage paused and quickly ran behind Xun Fang. He stretched out a pair of bony hands and kneaded gently.

"En~ Not bad, comfortable. Here, here, it is for you." Xun Fang took out her mobile phone and sent 100 yuan to Death Mage.

'I am a fucking death mage, and I have fallen to this state. If I gamble again in the future, I will live broadcast killing myself!'

The two brothers walked into the elevator. Lu Hong looked at the younger brother who had been silent, and asked curiously, "What's with your expression? Why are you frowning."

"Oh, this task is very difficult. After all, no clue is to be found." Yi Hong felt a little lost and was scared that he wouldn't be able to complete the task. He wouldn't be able to give his wife a satisfactory answer. He vowed to work hard!

Lu Hong grabbed his shoulders: "So? Shouldn't you go back for lunch?"

Maybe some people will be overwhelmed when they suddenly get such strength, and wouldn't even acknowledge their kin, but Lu Hong knows that this strength is bestowed by Ye Hua, not through hard work. Under normal circumstances, life is still the same as before. You only use your strength when you get the order from Your Honor.

Lu Hong also knew Yi Hong's character, as he comforted him: "Zi Shan is a good girl. Don't let her down."

"I know. I'm trying to be the man she dreams of."

"Yi Hong, you never thought that what Zi Shan likes is the current you and not what you imagined?" Lu Hong said in a deep voice, his little brother needs to be enlightened, otherwise, he will fall to his death.

After hearing this, Yi Hong was silent, thinking silently.

"Okay, don't be so sad. Let's go relax in the afternoon. My treat."

Yi Hong twitched his mouth and said, "Brother, I'm a married man now."

Lu Hong raised his hand and smacked him: "Fuck you! Anyway, I am now too..."

"What is it?" Yi Hong asked.

"It's nothing." Lu Lv said hesitantly.

"Brother, have you fallen in love with the vampire sisters?" Yi Hong grinned, and his mood brightened a lot.

Lu Hong cut him out: "I will like them? Even if I, Lu Hong, have to starve to death, I won't."

"You're smelling good."

Raising his hand, he clapped again: "You kid knows how to make fun of your big brother?"

"Brother, the vampire sisters are pretty good. Although this is an interracial relationship, look at Death Mage and sister-in-law. They can't even converse. Isn't it good? Sister-in-law doesn't dislike Death Mage, even when he's a skeleton. Love... is without borders, and it can also cross races."

"You boy, I want to look at you with admiration now. How did you learn so much?"

"It 's without borders."

"Can I be the same as you?" Lu Hong's words were a bit duplicity, it would be a lie to say that he doesn't like vampire sisters, but he has said it before and was forced to pretend.

Lu Hong was very depressed and didn't know how to deal with his emotional problems, so he dragged his younger brother to play games.

Of course not eating chicken.[PUBG]

They were playing King of Fighters '98.

Oh! Scatter!

Ha! Dig a hole!

Lightning Fist.

Chapter 494 (Strict Wives(2))

"Zi Shan, don't worry, I will teach Yi Hong how to become a real man!"

"En~ Not bad, comfortable. Here, here, it is for you." Xun Fang took out her mobile phone and sent 100 yuan to Death Mage.

'I am a fucking death mage, and I have fallen into this state. If I gamble again in the future, I will live broadcast killing myself!'

The two brothers walked into the elevator. Lu Hong looked at the younger brother who had been silent, and asked curiously, "What's with your expression? Why are you frowning?"

"Oh, this task is very difficult. After all, no clue is to be found." Yi Hong felt a little lost and was scared that he wouldn't be able to complete the task. He wouldn't be able to give his wife a satisfactory answer. He vowed to work hard!

Lu Hong grabbed his shoulders: "So? Shouldn't you go back for lunch?"

Maybe some people will be overwhelmed when they suddenly get such strength, and wouldn't even acknowledge their kin, but Lu Hong knows that this strength is bestowed by Ye Hua, not through hard work. Under normal circumstances, life is still the same as before. You only use your strength when you get the order from Your Honor.

Lu Hong also knew Yi Hong's character, as he comforted him: "Zi Shan is a good girl. Don't let her down."

"I know. I'm trying to be the man she dreams of."

"Yi Hong, you never thought that what Zi Shan likes is the current you and not what you imagined?" Lu Hong said in a deep voice, his little brother needs to be enlightened, otherwise, he would fall to his death.

After hearing this, Yi Hong was silent, thinking silently.

"Okay, don't be so sad. Let's go relax in the afternoon. My treat."

Yi Hong twitched his mouth and said, "Brother, I'm a married man now."

Lu Hong raised his hand and smacked him: "Fuck you! Anyway, I am now too..."

"What is it?" Yi Hong asked.

"It's nothing." Lu Lv said hesitantly.

"Brother, have you fallen in love with the vampire sisters?" Yi Hong grinned, and his mood brightened a lot.

Lu Hong cut him out: "I will like them? Even if I, Lu Hong, had to starve to death, I wouldn't."

"You smell good."

Raising his hand, he clapped again: "You kid knows how to make fun of your big brother?"

"Brother, the vampire sisters are pretty good. Although this is an interracial relationship, look at Death Mage and sister-in-law. They can't even converse. Isn't it good? Sister-in-law doesn't dislike Death Mage, even when he's a skeleton. Love... is without borders, and it can also cross races."

"You boy, I want to look at you with admiration now. How did you learn so much?"

"It 's without borders."

"Can I be the same as you?" Lu Hong's words were a bit deceitful. It would be a lie to say that he doesn't like vampire sisters, but he has said it before and was forced to pretend.

Lu Hong was very depressed and didn't know how to deal with his emotional problems, so he dragged his younger brother to play games.

Of course, not eating chicken.[PUBG]

They were playing King of Fighters '98.

Oh! Scatter!

Ha! Dig a hole!

Chapter 495 (I Like You(3))

In the winery, on the outskirts, Jiu Ye was holding a goblet and drinking high-grade red wine. His small eyes were shining brightly, and even he couldn't decipher his thoughts.

Suddenly, the 8848 titanium mobile phone in his pocket rang.

Jiu Ye hurriedly took it out and took a look. His master sent him a WeChat message.

[[You will receive a package in a moment. You need to personally deliver it to this address: Long'an City, Changlin Street, to the owner of Yongsheng Gym.]]

Jiu Ye hurriedly replied confidently: "Okay, master."

Putting down the phone, Jiu Ye laughed lightly. 'You have no idea how many masters I have.' [Jiu Ye means Nine Masters]

Sure enough, after waiting a long time, Jiu Ye's subordinate received a package and handed it over to Jiu Ye.

Although Jiu Ye was curious about the contents of the package, he would not do stupid things. He just needed to do his best, and his master would naturally reward him.

He ordered his subordinate to prepare the car, as Jiu Ye went straight to the Yongsheng Gym. [Yongsheng means eternal life]

Half an hour later, when he arrived at the destination safely, Jiu Ye said calmly, "You guys wait here."

It was afternoon, so there were quite a few sweating brothers and sisters in the gym. There were also strong personal trainers teaching novices how to build muscles.

"Sir, do I need to apply for a fitness card?" A young lady walked up to Jiu Ye respectfully. She sensed Jiu Ye's extraordinary bearing. He looked like a boss at first glance.

Jiu Ye was not used to it. Some too many people want to get rich without working hard, especially these women.

"I have something to talk about with your boss." Jiu Ye said lightly, while his aura changed instantly, making the young lady a little scared.

"I don't know if the boss is here."

Jiu Ye snorted coldly: "Let your manager come out."

The young lady ran away in a hurry, this man is so fierce.

Not long after, a muscular man in a suit came over: "Are you looking for our boss?"

The man in the suit seemed to understand Jiu Ye's intention: "Come with me."

Jiu Ye followed the man in the suit to the boss's office and saw a man in a floral shirt playing golf, but seeing the way he swung, one could guess that he was just a rookie.

"Someone wants to meet you." The man in the suit said in a deep voice.

The boss responded, and the man in the suit left the room immediately, while Jiu Ye walked over slowly, and said calmly: "My master asked me to hand it to you."

Feng Tian ignored him and continued to swing with his uncoordinated body. This made Jiu Ye a little upset, but without knowing the opponent's strength, Jiu Ye didn't mess around.

After standing there for more than 10 minutes, Feng Tian wiped his forehead with a towel and looked at Jiu Ye.

Jiu Ye also saw Feng Tian wearing a mask on the left side of his face. The material was unknown, but Jiu Ye saw that under the mask was a golden pupil.

Feng Tian stretched out his palm and said nothing, Jiu Ye handed the package to the other party, turned around, planning to leave.

"Don't you want to see what your master sent?" Feng Tian sneered and sat on the sofa next to him.

Jiu Ye's eyes were fixed on the guy. 'This guy is not simple!'

"The things the master sends naturally have a reason. As servants, we just need to handle them well."

Feng Tian smiled disdainfully: "In this room, only you are the servant. The things your master sent are to form an alliance with me."

This amount of information is overwhelming. 'My master actually sent something to form an alliance!'

'Then this man should be very strong!'

"It was a slip of the tongue. I'm sorry." Jiu Ye hastily expressed his apology. This is the way Jiu Ye lived, boot-licking people when meeting people, and boot-licking ghosts when meeting ghosts.

Feng Tian didn't even bother to argue with an ordinary person, so he ignored him, while Jiu Ye left respectfully.

"Brother." The man in the suit came in and said respectfully.

"Feng Di, we have been searching for it for thousands of years! Finally, it is in our grasp!"

Feng Tian's eyes suddenly became gloomy and cold, and the box in his hand suddenly turned into powder, revealing a bright red thing, like a red tile.

He flipped it to the left side!

A round blood plate appeared in his hand, but there was still a corner missing. That corner happened to be symmetrical with this one!

The little blood embolism seemed to have found a companion, exuding a strong bloody glow.

Bang!

The small blood embolisms were automatically embedded into the blood plate!

With fanaticism in their eyes, Feng Tian and Feng Di both knelt on the ground and worshiped: "The Gorefiend is on the apex!"

The red glow from the blood plate enveloped the whole room. In the red glow, a sheet of blood slowly formed. The face looked hideous and terrifying.

"Who are you!?"

"We are waiting to serve the Gorefiend!" Feng Tian shouted respectfully.

"You are not from my family! What is your purpose!?"

Feng Tian raised his head slightly, and said in a cold voice, "To torment the common people!"

The Gorefiend was stunned for a moment, and then laughed wildly: "Okay! What a good sentence! To torment the common people! I like you!"

Feng Di almost sputtered after hearing the latter sentence. This Gorefiend was too direct.

"Thank you, Gorefiend, for your praise!"

"Damn, Desolate God! He has imprisoned me for so long! I will settle this account with you slowly!" His resentment was getting stronger and stronger, and so was the red glow.

Feng Tian respectfully shouted: "Don't worry, Gorefiend! I will definitely do my best to assist you!"

"Very good! Have you found the pure blood!?"

"Don't worry, Gorefiend, the whereabouts of the pure blood will be found within a month!"

The Gorefiend laughed wildly after hearing this: "Okay, I have endured it for so many years, so I don't mind waiting for just a month more! After getting released, I will not treat you badly!"

"Thank you, Gorefiend!"

With a maniac sound, the red light in the room gradually merged into the blood plate.

"Success!" Feng Tian clenched his fists and said excitedly.

"Congratulations, brother!" Feng Di cupped his hands and congratulated him.

Feng Tian took a deep breath to calm down the excitement in his heart: "The goal is almost achieved! The pure blood! You must find it for me!"

"Yes!"

After Feng Di left, Feng Tian held the blood plate for a long time. The golden pupils under his mask looked even more vivid!

These people are the men in black who massacred the Guan Family. Ye Hua will not know that these people disguised themselves as ordinary people and opened a gym. The purpose of doing this was just deception!

On the other hand, the two brothers sat in the game hall for the entire afternoon before leaving.

"Brother, you go back first. I'll check to see if there are any clues." It seemed that Yi Hong was still embarrassed about going back and facing Zi Shan.

Chapter 496 (I'm a fucking fool(4))

Lu Hong squeezed his brother under his armpit: "Now you can't say that your big brother is not truehearted. I said a lot of good things about you today, and promised Zi Shan to bring you back."

"Big brother, don't make trouble!"

"Trouble your sister! You are a man. Also, Zi Shan made your favorite braised fish!" Lu Hong was angry because Yi Hong had such a petty temper. Zi Shan was just joking!

Hearing his elder brother's words, Yi Hong didn't struggle anymore. He originally planned to go back after completing the task, so that he would be manly and could raise his head in front of Zi Shan.

The two brothers went back on the bus, like a pair of good friends. It happened to be after the school holiday, and everyone's eyes were focused on them.

Of course, the two of them are no longer dressed like they used to be but looked rather stylish.

They reached it after nearly 40 minutes.

Walking towards the villa, Yi Hong looked very nervous. He lost his temper at noon and didn't return, so he was hoping that Zi Shan wouldn't be angry.

"What kind of expression is this? Are you going to the execution ground or something?" Lu Hong chuckled lightly, his little brother was so afraid of his wife.

Yi Hong sighed deeply, it wasn't because he was afraid, but because he was afraid that Zi Shan would be disappointed in him. The disappointed look in her eyes made him seem hopeless. After all, Zi Shan used to be a deity.

This was a hurdle in Yi Hong's heart, just like Lord Pan. Of course, he was trying to do what was best for Snow White. [Pan is a Greek God, the son of Hermes. His tales are accompanied by lecherousness.]

"Open the door, what are you dozing off about?" Lu Hong was really anxious.

Yi Hong opened the door, changed his slippers, and went in with his elder brother, only to see Zi Shan sitting at the dining table with her chin propped up. The dining table was full of scrumptious delicacies cooked by Zi Shan.

The air is filled with the aroma of dishes, making one's mouth water.

Maybe it's because Zi Shan was thinking about something but she didn't notice the two of them walking in. Yi Hong felt that she was so heavenly when he saw Zi Shan like this. He still had doubts about this heavenly girl being his wife. She even cooked a table of delicious food for him.

'How can I let you treat me like this?' Yi Hong felt even more ashamed.

"Zi Shan, we're back." Lu Hong shouted with a smile.

The dazed Zi Shan came back to her senses and then smiled happily: "Honey, brother, you are back. Sit down quickly while I heat up the dishes."

"Zi Shan, don't worry, the dishes are still hot." Lu Hong laughed and poked Yi Hong beside him.

'Damn it, go to your wife.'

"Zi Shan, thank you."

Lu Hong: "..."

'You are so polite to your wife.'

Yi Hong has always been polite to Zi Shan, never overstepping his boundaries.

"You guys sit down quickly, while I serve the meal. Do you want some wine?" Zi Shan also tried to please her husband in every possible way, but she didn't know that such behavior made Yi Hong feel even more ashamed and felt that he didn't deserve her.

If Zi Shan scolded him now, Yi Hong would have felt a bit better.

"Sure." Lu Hong patted his younger brother, you are dumb.

"Okay."

Zi Shan prepared everything as she poured wine for her husband and elder brother. Lu Hong was satisfied with his sister-in-law. She was both virtuous and sensible, and even his vampire sisters were outstanding.

'Oops! What happened to me!? Thinking of the vampire sisters again!'

"Come on, let's have a toast first." Lu Hong raised his glass and smiled.

Zi Shan raised her wine glass with a smile, while Yi Hong was a bit heavy-hearted, but he still raised his glass.

Both Lu Hong and Zi Shan took a sip, while Yi Hong was a bit sullen.

Lu Hong winked fiercely, his little brother is stupid. Even in front of Zi Shan, you throw a tantrum. Are you crazy?

Zi Shan smiled softly and didn't take it seriously. She reached out and picked up a piece of fish and put it into her husband's bowl: "Yi Hong, your favorite braised fish."

If it was last night, Yi Hong might have been very happy.

But now...

Looking at the delicate fish in the bowl, Yi Hong felt very sad. 'Zi Shan treats me so well, but I don't even have a decent career to show her. Even now, I am running around like a headless chicken, and I have not reached the level of respect at all.'

'I am not only an embarrassment to Your Honor but also, to Zi Shan. They are all so kind to me, but I am so stupid!'

Thinking of this, Yi Hong took the wine bottle and poured himself some wine. He then drank it all in one gulp, then continued pouring, and drinking again.

"Yi Hong! What are you doing!?" Lu Hong's face tightened, and he shouted loudly!

'Is this what being a husband looks like? Zi Shan has been busy all afternoon cooking a meal. You aren't even showing her a good face and just focusing on drinking!'

Zi Shan sitting next to Lu Hong also frowned, and her smile gradually disappeared. 'I have already given in and made your favorite food. Why are you still like this?'

However, at this moment, Yi Hong actually drank more baijiu, getting furious. [Baijiu, also known as shaojiu, is a colorless Chinese liquor typically coming in between 35% and 60% alcohol by volume. Each type of baijiu uses its own type of qū {is a type of East Asian dried fermentation starter grown on a solid medium and used in the production of traditional Chinese alcoholic beverages.} for fermentation to create a distinct and characteristic flavor profile.]

Lu Hong couldn't stand it anymore, so he grabbed the wine.

"Brother, what are you doing?" Yi Hong said with a blushing face. In fact, when they are not using their strength, they could get drunk like ordinary people.

Lu Hong said in a deep voice: "What am I doing? I should ask this question! What are you doing? Who are you showing this attitude of yours to?"

"Brother, give me wine." Yi Hong stretched out his hand and said in a low voice.

How could Lu Hong give it? Who knows what crazy things this fool will say? Maybe he would make his wife run away in anger.

"Brother, give him the wine." Zi Shan said lightly.

Lu Hong felt bad when he heard it, so he could only give it in desperation, but he didn't leave. If they fight, he can persuade them.

Yi Hong took the wine and started drinking again and soon became dizzy.

"Yi Hong! Tell me what's wrong with you? In front of big brother!" Zi Shan said softly. She was also a little unhappy.

Yi Hong chuckled lightly, with a hint of disdain.

At this moment, Yi Hong was thinking, Zi Shan just felt sorry for him. That's why she became his wife. Otherwise, who would be willing to be his wife? That's impossible!

"Yi Hong! What do you mean!?" Zi Shan stood up abruptly and asked.

Lu Hong hurriedly persuaded: "Zi Shan, this kid is drunk. He will definitely talk nonsense."

Yi Hong laughed with the strength of the wine: "Nonsense? No, I will not talk nonsense!"

"Okay! Then tell me!" Zi Shan shouted.

Seeing Zi Shan put on a posture, Yi Hong also hardened: "That's right! You are a deity, and I, Yi Hong, am not good enough for you! Is this alright? I can't give you the life you want! I am a fucking idiot!"

Lu Hong was stunned.

And so was Zi Shan.

She never expected Yi Hong to say such hurtful words.

Zi Shan's eyes turned red, and she tightly clenched her fist.

The emotional history of the two was full of twists and turns. Either he dies or she dies. Logically speaking, after such valorous events, their love should last forever.

If other factors are ignored, it would indeed last forever, but Yi Hong was born in a rural area, and except for being close to his elder brother, he had no contact with others and thus created a strong sense of inferiority.

Even if he has strength now, he still can't get rid of his inferiority complex. In today's mission, Yi Hong was deeply aware of his own shortcomings, and there was nothing he could do about them. He feels inferior and blames himself. The strong sense of guilt makes Yi Hong feel worthless and unworthy of care.

Such negative emotions exploded immediately. Why are there such negative emotions? It is because Zi Shan has always been very strong in Yi Hong's eyes.

She was so strong that Yi Hong thought that Zi Shan was showing off her status as a deity, even though it was not the case.

But now that he had said it all, he felt satisfied.

Zi Shan felt very heartbroken, 'when did I ever ask you to gain status? For you, I did not hesitate to kill all the people in the Hou Mansion. Do I, Zi Shan, still care about those imaginary things?'

'What's more, I didn't expect that I would turn out to be such a woman in your heart. It's heartbreaking...'

"Yi Hong! Apologize to Zi Shan! Zi Shan, don't take it to your heart, this guy is an idiot."

The words made Yi Hong even more irate.

"That's right! I'm stupid. I'm so stupid that I can't do anything. I'm so stupid that I think you liked me. I'm so stupid that I think that after these things, we can be together forever!"

Hearing Yi Hong's roar, Zi Shan leaned on the dining table, looking at Yi Hong with red eyes.

She asked, "Do you think I don't like you?"

Yi Hong smiled miserably: "You are a deity, and I'm just a wild boy from the countryside. I'm just your random everyday passerby. You won't like me at all."

"Yi Hong! You've let me down!" Zi Shan shouted desolately, with tears streaming from her eyes. Her heart was crushed by Yi Hong.

"Yes, I will only let people down. I can't do any big things at all, and I can't become your dream man." Yi Hong smiled and shed tears.

Zi Shan asked in a deep voice, "Then what do you want?"

"Zi Shan, let's get a divorce." After speaking, Yi Hong felt his whole body relax.

Because of having a wife like Zi Shan, Yi Hong was a little out of breath.

Zi Shan looked at Yi Hong in disbelief, never expecting that Yi Hong would propose a divorce! 'What's wrong with me!? Where did I not do well!?'

"Why did you propose a divorce?" Zi Shan grabbed Yi Hong's collar with both hands in anger and questioned, her face covered in tears.

Looking at Zi Shan in this state, Yi Hong gave a miserable smile: "I really don't have the qualifications. You are a god, and I'm just a mortal. We are people from different worlds."

It's over...

Zi Shan stared at the indifferent Yi Hong, her face was terribly gloomy, and she pushed him away.

Yi Hong's back slammed into the wall behind and cracks appeared.

"Okay! See you at the Civil Affairs Bureau tomorrow!" After saying that, Zi Shan ran out of the house, covering her cheeks.

Lu Hong looked at his younger brother, and then at the door. He was at a loss.

Yi Hong patted his clothes, breathed a sigh of relief, sat down again, and ate the piece of fish in the bowl. This might be the last thing he ate made by Zi Shan.

While eating, the tears in the corners of Yi Hong's eyes slid out. In fact, he shouldn't have thought about Zi Shan in the first place, because the difference between his and Zi Shan's identities is too large. So large that he dare not even hope.

Lu Hong also sat down, took the wine and poured himself a glass, drank it in one gulp, and said, "Are you out of your mind?"

"Brother, don't you think Zi Shan is too perfect? I don't deserve her at all."

Lu Hong thought so at the beginning, but after some incidents, he felt that they could still be together, provided that they abandoned their previous identities. After all, the difference is still too large.

Lu Hong said in a deep voice: "Yi Hong, think it over, the marriage between you and Zi Shan was done by Your Honor. If you divorce now, can you even fathom the consequences? I'm afraid something will happen to you and Zi Shan! Have you ever thought about Zi Shan? She is homeless now!"

His words paused Yi Hong. 'Yes! My marriage was presided over by Your Honor. If I divorce her, wouldn't that be the same as not giving face to Your Honor?'

Once Your Honor gets angry, it doesn't matter if he suffers, but if Zi Shan gets involved, then he will be the greatest sinner!

No! This divorce can't happen!

'I am really stupid! I didn't expect this!'

"Still not chasing her!" Lu Hong shouted.

Without even thinking it through, Yi Hong chased after her, but there was no sign of Zi Shan outside. She had long since disappeared, and even after searching around, he couldn't find her.

Yi Hong walked home helplessly: "She's gone."

"Do you really want to leave her?" Lu Hong asked in a deep voice.

"Brother, do you really think I am a match for Zi Shan?" Yi Hong asked back.

Lu Hong remained silent. Seriously, Zi Shan is really perfect. She and his younger brother were like people from two different worlds.

The two of them remained silent, sitting at the table drinking wine.

Suddenly, a voice sounded in Yi Hong's mind.

"Come here!"

Hearing the cold order from Your Honor, Yi Hong guessed it. Zi Shan went to find Your Honor.

"What's the matter?" Seeing that Yi Hong's expression was not right, Lu Hong hurriedly asked.

Yi Hong calmed down: "Zi Shan went to find Your Honor, and I just got an order to meet him."

"Even Your Honor is involved? My God! Don't mess around, you silly boy. You and Zi Shan have also worked so hard!" Lu Hong persuaded in a deep voice, hoping that this little brother would stop destroying his marriage. If he gets angry and says something that offends Your Honor, then even the gods will not be able to save you!

Yi Hong nodded: "Well, I know."

After speaking, Yi Hong disappeared from the villa.

On the other hand, in the office on the second floor of the Leisure bar.

Ye Hua was standing at the window smoking a cigarette. There were desolate cries in his ears. Three women were hugging each other and crying bitterly.

Brittany was thirsty after playing games and wanted to drink a bottle of wine when she heard crying from the office, so she went over to have a look.

When she met Zi Shan, who was also hurt by love, she hugged and cried as well. After a while, Qing Yutong came out to look for Brittany, and when she saw them crying, she joined in as well.

Qing Yutong: "Men don't have a single good thing."

Brittany: "Men don't have a single good thing."

Zi Shan: "Men don't have a single good thing."

Chapter 498 (Apology with death(1))

Ye Hua almost choked when he heard this. This brat messed up the rhythm. He said in a low voice: "Qing Yutong! Why are you crying?"

Qing Yutong wiped her tears and snot, and replied: "Because of the atmosphere I cried casually."

The three women wailed and howled again. Ye Hua felt that he was not well. It was better to live in the Voidless Realm during this period of time.

'My own place is almost becoming a desolate place.'

Just when the three women were crying, Yi Hong's figure appeared in the office, and Li hurriedly knelt in front of Ye Hua.

Qing Yutong: "Smelly man!"

Brittany: "Smelly man!"

Zi Shan: "Stinky man!"

Ye Hua said coldly: "You two get out and play your games."

Qing Yutong and Brittany held hands and said, "We're going to judge this stinky man together!"

"Get lost!" Ye Hua snorted coldly.

Qing Yutong and Brittany paused, and immediately said: "Okay."

After Qing Yutong and Brittany left, Ye Hua stared at them with a sullen face. The matter between Jue Tian and Brittany was already very troublesome.

He didn't expect that Yi Hong and Zi Shan would also have a play!

"Do you think this deity is idle? Or do you think this deity is getting more and more talkative?" Ye Hua put out the cigarette butt, sat on the sofa, and didn't even look at the two of them.

Zi Shan knelt on the ground and choked softly, while Yi Hong knelt on the ground and lowered her head firmly. The two of them fell silent for a moment when they heard his angry tone. They were afraid that he would kill the other party in a fit of anger.

"Your Honor, Yi Hong bullied me, saying to get a divorce." Zi Shan cried bitterly, and thinking about the past broke her heart. She did her best for Yi Hong, but she did not expect Yi Hong to say such hurtful words.

Yi Hong didn't refute, as he remained silent.

After hearing this, Ye Hua said coldly: "Since you hate him so much, then you should kill him!"

Zi Shan cried a lot after hearing this. How could she be willing?

"Yi Hong! You said you were going to divorce Zi Shan, didn't you?" Ye Hua looked at Yi Hong and asked in a deep voice. 'Your marriage was presided over by this deity, and it was the first time for this deity to preside over my subordinate's marriage. Getting divorced within a few months, isn't that a slap in the face of this deity?'

'Who among my subordinates would dare to let this deity preside over their wedding in the future?'

Yi Hong hurriedly said: "Your Honor, it's just a misunderstanding."

"Are you two playing with me?" Ye Hua shouted angrily. These people are getting more and more courageous!

"Subordinates don't dare." Yi Hong firmly touched his forehead to the ground.

Ye Hua heard Zi Shan's crying, and became a little impatient: "Enough! Don't cry!"

Although Zi Shan stopped crying, she still kept choking. Her shoulders shrugged slightly, feeling as if she was bearing the weight of the whole sky.

Yi Hong's heart ached when he saw her.

"Tell me, what do you two want? There's nothing that can't be solved by death!"

The two remained silent again. How could they hope that the other party would die? In fact, it was just a young couple having conflicts and quarreling, which was very common.

But if this kind of trivial matter comes to Ye Hua, it shouldn't be.

Seeing that the two were silent, Ye Hua said in a deep voice: "Well, you two should separate for a while. Calm down, and don't come to me for everything. I don't have time to take care of your family affairs!"

Zi Shan choked up and said: "Your Honor, I know I was wrong."

Seeing Zi Shan's attitude of admitting her mistake, Ye Hua's anger also calmed down a little: "Yi Hong, how is the task going?"

"It's almost done."

"Then what if it's not done properly?"

"Your subordinate will apologize with death!" Yi Hong kowtowed.

Ye Hua sneered: "Okay! You have a lot of backbone. I'm looking forward to your performance."

Zi Shan, on the side, looked at Yi Hong blankly and really wanted to slap him in the face.

'Speak thoughtfully! If you die and leave me alone, then what's the point of my life?'

"Zi Shan, you are staying here for a while. Yi Hong, you can go to work. Remember what you said, I am serious this time!"

"Yes! This subordinate will not let you down!" Yi Hong said in a deep voice. If this matter is not handled well, he will have no face to be his subordinate, nor will he be qualified to be Zi Shan's husband.

"Go."

"Yes!"

After Yi Hong left, Zi Shan sat down on the ground. Ye Hua took a look at Zi Shan and disappeared from the office.

'My Leisure bar has become a shelter for married women.'

When Ye Hua came to his daughter's little courtyard, he saw Donghuang Li rushing out of the room:
"Daddy"

Ye Hua hugged his daughter in his arms: "Ah Li."

"Daddy, Ah Li misses you very much." His daughter's words made the depressed Ye Hua much happier, and for the time being, he decided to put aside the messy affairs between his subordinates.

If there is a little conflict, they will come to him. Who will he turn to when he has a conflict?

He should also call his subordinates together to find a way.

"Ah Li, where's mommy?" Ye Hua asked.

Donghuang Li pouted: "Mommy and Qing mommy are still discussing some things. They don't have time to accompany Ah Li."

"Let's go, Daddy will take Ah Li to find mommy."

"Alright."

Ye Hua hugged his daughter towards the Emperor's bedroom. The journey was unimpeded.

Seeing the bright lights in the room, Ye Hua sighed softly. 'What is the big deal? Is it necessary to work so hard?'

Hep pushed open the door.

Qing Ya and Donghuang Baizhi inside, were stunned. No one in the Voidless Realm would dare to push the door with such strength, except;

Ye Hua.

"Ye Hua, why are you here?" Qing Ya and Donghuang Baizhi asked at the same time.

Donghuang Li said obediently: "Daddy is feeling bored, so he came here."

"You child." Donghuang Baizhi chuckled and hugged Ah Li in her arms while kissing her.

Ye Hua sighed, expressing that he was very troubled.

Qing Ya pressed Ye Hua on the chair, then stood behind and massaged him lightly: "What's wrong? What made my man sigh?"

"It's just some subordinate nonsense." Ye Hua said lightly.

"Has Brittany made a fuss again?" Donghuang Baizhi asked curiously.

Donghuang Li asked curiously: "Aunt Brittany is actually quite pitiful. Uncle Jue Tian is too cruel."

"You child, what do you know?" Donghuang Baizhi pinched her daughter's small face.

"Hmph, don't mistake Ah Li as a kid. I actually know everything."

This sentence made the three adults smile. Ah Li is like a pistachio, making everyone smile during gloom.

After coaxing Ah Li back to sleep, the two of them leaned on Ye Hua's arms, enjoying this moment of peace.

"Tell us, what's the matter? Maybe we can give you some advice." Qing Ya smiled softly.

Ye Hua reached out and stroked their hair, and said lightly, "Yi Hong and Zi Shan are arguing about getting a divorce."

Chapter 499 (What a good idea(2))

Qing Ya and Donghuang Baizhi were slightly taken aback after hearing this.

Qing Ya asked softly: "No way, I think they looked pretty good. Why do they want a divorce?"

"Yes, Zi Shan can't be the one who wants to divorce." Donghuang Baizhi said.

Even Donghuang Baizhi thought it was Zi Shan who proposed it. It can be seen how pessimistic she was about Yi Hong, as he does not seem to have the personality to propose a divorce.

"You guessed wrong this time. The divorce was proposed by Yi Hong." Ye Hua said.

Qing Ya murmured and asked: "Is Yi Hong so courageous?"

It seems that Zi Shan's title of a strict wife is a solid one.

"Maybe Zi Shan puts too much pressure on him." Ye Hua said silently. As a man, he still understands a little bit.

The two wives nodded, and Donghuang Baizhi said: "Yes, Zi Shan used to be a deity, and Yi Hong is the complete polar opposite. There are bound to be some differences between the two when they get together."

"Their differences are a child." Ye Hua chuckled, feeling quite speechless, Yi Hong was strong-willed. Such a beautiful wife begged him for a child, but he refused to give it. Ye Hua was very optimistic about such a firm-minded man.

Qing Ya and Donghuang Baizhi were a little confused.

Ye Hua explained lightly: "Zi Shan wants a child, while Yi Hong wants to make a career and then have a child. Zi Shan is forcing him every day, and Yi Hong wanted me to give him a task. This time, I gave the task to the two brothers, but maybe the result will not be satisfactory."

Qing Ya said in a low voice: "This Yi Hong is not bad, he wants to have a career to show to Zi Shan."

"Even if he has no career, Zi Shan would still have other options. This is probably the reason why Yi Hong is unwilling to have children." Donghuang Baizhi said.

Ye Hua chuckled lightly: "Let me tell you, can this Zi Shan run away after giving birth to a child? This Yi Hong has a brain."

Qing Ya and Donghuang Baizhi glanced at Ye Hua.

"Of course, you men think so. As long as you get started, it doesn't matter." Qing Ya snorted coquettishly.

"That's right." Donghuang Baizhi also echoed from the side.

Ye Hua said in a deep voice: "I don't care about you."

He picked them up one by one and walked towards the bed, planning to have a double battle.

"Ye Hua, let me down."

The two girls were very shy. Just like this, they became more and more lustful.

"We're an old couple, so what can I do if I don't sleep with you both?" Ye Hua planned to make a push tonight, otherwise, who knows how long he would have to wait.

They both looked at each other.

Qing Ya hugged Ye Hua's neck and kissed him.

This made the hand holding Donghuang Baizhi a little loose, and Donghuang Baizhi took the opportunity to slip away.

After parting, Ye Hua looked at Qing Ya who was flushing red in her arms, and said lightly, "You are quite loyal."

"I'll stay with you longer tonight."

"All night?"

"If you don't feel sorry for me, feel free."

Ye Hua laughed, stretched out his index finger, and slid across Qing Ya's delicate cheeks: "You really are getting cuter and cuter."

Looking at his affectionate gaze, Qing Ya smiled sweetly. She closed her eyes and offered her red lips again to express her love.

On the other hand, Yi Hong returned to the villa in a daze. His mind was in a mess and he couldn't think normally at all.

"How's the situation?" Lu Hong hurried over and asked.

Yi Hong breathed a sigh of relief, and said softly: "I issued a military order in front of Your Honor."
[Military order → promise to get a job done, and accept severe penalties if unsuccessful.]

Lu Hong's face froze, and he raised his hand to clap: "When I was young, I knew you lacked a muscle in your brain. Seems like you haven't connected it yet!"

Yi Hong touched the back of his head and said with a wry smile, "I won't be able to connect for the rest of my life."

"How is your wife?"

"Your Honor, let us separate and calm down."

"It's good for you to be separated for a while." Lu Hong let out a breath. They should think carefully about how to get along with each other.

"Brother, let's find a way to handle the affairs of Your Honor!"

Lu Hong nodded, the most urgent task is to complete the task that Your Honor has given, so that Yi Hong can feel more comfortable.

But now they have no clue what to do.

The two brothers were silent for a while, and Yi Hong asked aloud, "Brother, since we can't find them, let them come to us!"

"Huh?" Lu Hong was puzzled.

"Didn't they want the pure blood? Let's ask Uncle Wei to help us and spread the word that we have the pure blood!"

Lu Hong was stunned for a moment, and then clapped again: "You have a little IQ."

"Brother, you took away that tendon of mine." Yi Hong said helplessly.

"Brother, you're getting smarter being around me! Otherwise, how could you have thought of such a way?"

"But how can we two look like people with pure blood?" Yi Hong asked in distress. Even a fool would not believe that two big men were carrying the pure blood.

Lu Hong pondered for a while: "Let's go to Uncle Wei. He must have a solution."

"Okay, we can only ask Uncle Wei for help."

After talking, the two of them were going to ask Wei Chang for help.

When Wei Chang heard the proposal of the two, he felt that it was feasible. Since the other party did not show up, they should induce them to show up.

Wei Chang not only agreed to the request of the two brothers but also let their secret agent from the Ying Family let the wind out. It was perfect!

After the two brothers came back from Wei Chang's house, they were in a dazed state.

"Little brother, isn't it too hasty for us to do this?" Lu Hong said in a deep voice, only to see that he had changed now! With a delicate female face and long green hair, he looked very coquettish, and with that unique voice, he was really a beauty.

The same is true for Yi Hong, with fiery red hair, an angelic face, and firm chest muscles, coupled with that perfect figure, he was simply impossible to ignore.

Yi Hong looked at his elder brother's face, and couldn't help nodding: "It's really a bit too sloppy."

"What if I can't change back?" Lu Hong said in a deep voice.

Yi Hong swallowed some saliva and reached out to touch his crotch. His face suddenly changed wildly!

The elder brother touched his little brother when he saw Yi Hong like this, and his expression darkened immediately!

"Motherfucker, it's all your 'good idea'. I'm not even married yet! There are two young ladies from the vampire family waiting for me to draw blood." Lu Hong rushed over immediately.

Lu Hong pressed his hands on his younger brother's chest.

The two brothers stared at each other, and Lu Hong couldn't help pinching it. 'It feels good, it's very soft, and it looks like the real thing.'

Immediately, Yi Hong covered his chest with his hands, and said in disbelief, "Brother! What are you doing?"

"Sorry, I didn't adjust it all at once." Lu Hong immediately stood up.

Yi Hong, who was covering his chest, suddenly felt the softness in his palms, and immediately put his hands down. This is really embarrassing.

Chapter 500 (Long'an City Courtesan(3))

Neither of the brothers regained their composure. Yi Hong couldn't help but say, "Brother, let's finish the task quickly. Uncle Wei...it's too real."

"It's true, let's hurry up and finish the task."

"Then we should change our clothes?"

"Wear your wife's?"

"That's the only way."

Saying that, Yi Hong walked into the bedroom and picked out two more sexy and revealing clothes. Although they were not famous brands, as long as it works, it's fine.

It didn't take long for the two of them to change their clothes.

Yi Hong was wearing a tight red skirt, which was tightly wrapped around his body. The skirt was so short that it just reached the base of his thighs.

Yi Hong looked rather hot in such a skirt!

And Lu Hong was wearing a camisole, palm-sized jeans. His slender long legs were exposed to the air. So sexy as hell.

Lu Hong couldn't help but say: "Little brother, why haven't I seen your wife wear it? It's very sexy."

Yi Hong's face darkened when he heard Lu Hong's words. His eyes seemed to ask, "Brother, are you "treating" my wife?"

Lu Hong knew he had said the wrong thing, and hurriedly explained: "Uh... don't misunderstand. How could your elder brother like your wife? Elder brother is a man with a woman."

Hearing what Lu Hong said, he joked: "Brother, you finally admitted that the vampire sisters are pretty good, at least better than Zi Shan..."

When it came to Zi Shan, Yi Hong was silent.

Lu Hong patted his younger brother's "fragrant shoulders": "Zi Shan is still your wife no matter what. Even if she is a little bit stronger, it is still her character, and she will gradually change in the future. You shouldn't hurt her so much."

Yi Hong remained silent after hearing this. Zi Shan's dominance put a lot of pressure on him, and it wasn't easy for him. It didn't mean that he didn't like her anymore.

"Okay, big brother. Let's hang out outside these days."

Lu Hong said with a coquettish smile, "Then you have to call me big sister, don't let it slip up."

"Okay big sister."

"Little sister is so good."

The two brothers were silent for a while, and immediately turned their backs to retch. It was so disgusting.

In the past two days, the two "sisters" have been hanging out in various bars in Long'an City, causing quite a stir. The green and red "sisters" have suddenly become social butterflies in Long'an City.

What the "sisters" do is attract those mysterious people, and then... deliver the pure blood to their door.

No one couriers like this.

~Desolace Bar~

Ye Hua was not at home, and the four women teamed up to eat chicken. Now, even Zi Shan has been corrupted.

The four women took down the last man and successfully ate the chicken.

They stretch their shoulders.

Qing Yutong's eyes flashed brightly: "Let's go out and have fun?"

Zi Shan and Brittany thought it was okay.

Ye Zizi yawned and said, "You guys go, I have to go to class tomorrow."

Ye Zizi is now a good student, which shows that Ye Hua's training is pretty useful.

"Yutong, where are we going to play?" Brittany asked lazily.

Zi Shan pursed her lips, and said melancholy: "Yes, where are we going?"

"We're going to take revenge on men!" Qing Yutong said slyly.

When Brittany and Zi Shan heard this, their eyes lit up with gold. Especially the words, "revenge on the man", which ignited anger in their hearts.

Brittany and Zi Shan are not normal women, and when they are irate, they can kill your whole family.

Ye Zizi hugged her Peppa pig plushie and sighed, "Women..." as if she wasn't a woman.

As soon as she said that, Qing Yutong generously took out her sexiest clothes. When three effervescent women put them on, it would definitely make men stand up in respect on the spot.

Qing Yutong clenched her fists tightly, and vowed: "Let the men suffer!"

Bright: "Kill them!"

Zi Shan: "Hack them to death!"

When the three girls walked downstairs, Wei Chang gave her a puzzled look but kept mum. After all, she is Your Honor's sister-in-law, and she might become his wife in the future, so he still needs to respect her.

But looking at their outfits, they don't look like they are going to eat supper, rather they look like they are going to seduce a man.

Tang Wei, on the side, held back her mouth: "Uncle Wei, what are you looking at?"

"Oh, it's nothing."

Tang Wei said softly, "Uncle Wei, I also have clothes like that. Do you want to see them?"

"No, the weather has been cold recently and you'll catch a cold. Remember to wear more clothes."

Tang Wei: "..."

The Audi A8 drove up to the door, and the three women headed straight for the city, and not to the nearby bar, as that would be too boring.

"Yutong, let's go to that bar to kill a man!" Brittany's hands were already itchy, and even her teeth were itching when she thought of Jue Tian.

Zi Shan had a gloomy face: "I'm going to kill ten scumbags tonight!"

Qing Yutong's mouth twitched, feeling like she had brought two female killers out: "That...brother-in-law said, we are all legal citizens and should not kill people casually. Let's just rub and abuse men, step on their balls, and explode them. Don't be too cruel."

This shit is more vicious than killing...

The three chose a relatively large nightclub. There must be men who don't want their eggs.

In the nightclub, the "sisters" have been "coquettish" for two mornings.

Lu Hong and Yi Hong were frantically twisting their waists and limbs on the dance floor. At this moment, they had devoted themselves to it, turning into enchanting and beautiful girls.

And besides the "sisters", a large group of men booed and whistled around.

After a hot dance, the two "sisters" walked to the edge of the bar. Naturally, a man treated them to a drink.

"Miss, how about some skewers at night?" The handsome man beside them was drooling, this is simply a top-notch woman and her breasts can tackle watermelons.

Yi Hong licked the scarlet cocktail, hinting crazily. The handsome guy was ashamed to see it...

Lu Hong immediately slapped him. His younger brother was into acting.

The little handsome guy was about to explode, these two young ladies are simply too deadly!

Suddenly, a burst of whistles sounded in the direction of the door, and the two "sisters" looked over immediately along with the handsome guy.

The lighting guy was also very good, and immediately shined the lights.

Three kingdom-toppling young ladies were slowly entering. Their arrogant demeanor and temperament attracted everyone. They are simply the darlings of heaven!

The little handsome guy looked at the three women over there, and then at the one beside him. He suddenly felt the difference; those three were goddesses, and these two were sluts.
