

My Woman 511

Chapter 511 (Qing Tiandi)

"I'll never dodge you." Yi Hong hugged his wife tightly, and this time they would never separate again.

Looking at her husband's sincere gaze, Zi Shan yelled in a crying voice: "Kiss me!"

Everyone shouted that Zi Shan was too domineering, and even Ye Hua felt that his Zi Shan was really a heroine among women.

Everyone stretched out their heads to watch, but the scene seemed to have changed a bit.

The Death Mage also poked his head out, and was immediately pulled back by Xun Fang, giving him a deep look, as if saying, You dare to take a look?

"Wife, it's not good." Yi Hong felt a little embarrassed.

"You said just now that you would listen to me!" Zi Shan shouted.

"I..." Yi Hong felt that his brain was not working.

"Kiss me quickly, be more domineering!"

Lie Gu gasped: "This Zi Shan is tough. I admire her!"

"Yes." Wei Chang also murmured, if only Xiao Tang could be so domineering.

Lu Hong yelled, little brother, hurry up.

Jue Tian stood beside them, engrossed in his thoughts.

Ye Hua was also watching the development of the situation. If there is a fight later, he could stop them.

What else can Yi Hong do? He can only give up and kiss his wife, hard!

Fuck, it's so explosive, Gorefiend's eyeballs are about to pop out.

Not only the Gorefiends, everyone was fascinated by it.

The two mobile phones also recorded this exciting scene, and it became a romantic affair for the team.

Suddenly!

Everyone was surprised by Zi Shan's move.

Zi Shan was actually pulling Yi Hong's shirt!

Yi Hong exclaimed in surprise: "Wife, what are you doing?"

"I can't take it anymore! I have been an old maiden for thousands of years, today you must break me!"

"Ah!!!" Yi Hong blushed endlessly.

The people hiding behind watched it even more vigorously. This is too exciting, they're doing it in this kind of place!!!

Zi Shan was too crazy. Yi Hong held down the crazy Zi Shan: "Honey, it's really not suitable here, why don't we go home?"

"Okay! Let's go home!"

After finishing speaking, the two disappeared from the lobby. It seemed that Yi Hong was finally going to end his long-distance running tonight and squeeze into the ranks of men.

The people hiding behind looked disappointed, so you just showed me this?

Lian Gu shook his head: "Your Majesty, this Yi Hong must be punished. I'm too excited about it!"

Gorefiend nodded involuntarily, 'it turns out that there are such exciting things, it seems more interesting than harming the common people.'

Ye Hua glared at Lie Gu, 'what's so interesting about it? This deity also wants to see the interesting things about my subordinate's boudoir, but this deity will never do that kind of thing. It's really boring!

"Okay, let's leave!" After speaking, Ye Hua left first, he still wanted to sleep comfortably with his wife in his arms. 'What's so interesting about this kind of thing, I will definitely not watch it next time!'

Really interesting.

Everyone also left one after another. Gorefiend continued to mop the floor. 'It was cleaned just now and became dirty again after everyone stepped on it. I, Gorefiend, have to clean.

Lu Hong took a deep breath, his little brother did the correct thing tonight. What about his own affairs? The vampire sisters are still waiting for him to draw blood.

I smoked two cigarettes at once, as he was a little excited.

Soon, there was only the sound of the Gorefiend mopping the floor. It has to be said that the Gorefiend's ability to adapt is quite fast. If there is no skill, he will be a goner. He can mop the floor so seriously. It seems that common eyes can't judge Gorefiend.

At that time, a hotel in a small county town around Long'an City!

Feng Tian sat on a chair under the window, and the wounded Feng Di was lying on the bed.

The eyes under Feng Tian's mask were strange, half red and half gold now, which made people feel chills.

Knock! Knock! Knock!

There was a knock.

Feng Tian stood up, opened the door without thinking much, and saw a gentleman wearing glasses standing outside the door. He gave people a bit of a homey feeling.

However, the moment the man walked into the room, his demeanor changed instantly, and his eyes gave a bodacious feeling, giving people a calm feeling.

"The blood embolism given to you is still useful!" The man sat on the chair next to him, took out a tissue, and wiped his hands. He seems to love cleanliness.

Feng Tian sat beside the man, and said lightly: "Qing Tiandi, what do you want?"

Qing Tiandi folded the tissue in his hand again, put it on the glass table beside him, and then said lightly: "Feng Tian, this world is not yours. There are too many unknown factors."

"Qing Tiandi, you can hide in the city, but I can't do it. Now I have the blood of the Gorefiend, wait for me to build the prehistoric magic weapon! I'll rule the world!" Feng Tian's eyes flickered with madness, and he still had that obsession.

Qing Tiandi was expressionless, and he took off his glasses and asked, "Where are the five women?"

Feng Tian frowned, "Were you at the scene?"

"Well, I originally wanted to help you, but it doesn't seem necessary. "

"You were making a choice." Feng Tian sneered. If he died today, Tiandi would probably go to the Gorefiend.

"Yes, but I was still optimistic about you." Qing Tiandi said indifferently, sliding his fingers lightly on the glasses.

Feng Tian sneered, "Thank you so much."

"Come back to business, where are the five women? Do you know where they are?" Qingtian asked aloud.

"Who knows, they must have been crushed to death!"

"Are you sure they were crushed to death? Not like me?" Qing Tiandi chuckled with deep irony.

Feng Tian's face darkened immediately, and he looked closely at Qing Tiandi: "What the hell are you trying to say?"

"Don't you think that the pure blood came too easily? Do you really think that those five women were crushed to death? Do you really think that no one is behind all this?"

A few questions from Qing Tiandi calmed Feng Tian. 'Something is indeed strange, the pure blood came too suddenly, as if it was prepared by someone.'

'And those five women, if they were not ordinary people, they wouldn't even be able to see through them!'

"Actually, what I want to say is that there are too many powerful enemies in this world, and you cannot easily defeat them! We can only unite together and recruit more powerful people and build a perfect world together!"

Feng Tian chuckled lightly: "Qing Tiandi, just based on your words, can I trust you?"

"If you don't believe me, you will suffer a lot. In fact, you have already walked through the gate of hell tonight.

"Did you get scared?"

"Feng Tian, my goodwill has been conveyed to you. Call me when you figure it out. You can't do great things by yourself." After saying that, Qing Tiandi left first.

In the night sky, Brittany's beautiful eyes radiated a faint green glow.

Chapter 512 (Big Brother has a problem)

Brittany saw the meeting. She was just keeping tabs on him, but she didn't expect something like this to happen. 'Who is this man? It's interesting to see that he is stronger than that other man.'

Qing Tiandi, who was walking on the street, suddenly stopped.

A Rolls-Royce slowly parked beside Qing Tiandi, a white figure opened the car door, and said with a smile: "Mr. Qing, can we have a chat?"

Qing Tiandi looked at the extraordinary woman in front of him, showing a slight smile: "Of course, Ms. Bai Cixin."

"Mr. Qing, get in the car."

Qing Tiandi got into the car, and the Rolls-Royce drove towards Long'an City, but this part was ignored by Brittany.

As for why Bai Cixin came to Qing Tiandi, there was no other way.

When she went to Ye Hua, although she didn't get rejected, she knew the underlying meaning behind his words. It's definitely impossible to get help.

Therefore, Bai Cixin did everything possible to find a way and then found out about Qing Tiandi, who seemed to be recruiting strong people from all over the world. Today was also the first time they met.

If he really has that ability, she can still rely on him.

This night, someone loses and someone gains. It happens every day and it never stops for any reason.

The morning sun shines on the earth again, dispelling the darkness.

Yi Hong opened his eyes and looked down at his wife in his arms as he recalled last night's madness. Yi Hong felt a little embarrassed and even blushed.

'I have finally become a man. The burden on my shoulders is heavy again. I will have to raise children in the future.'

'But seeing her happy smile makes everything worth doing. I never want to see her sad again. It doesn't matter even if I suffer a little bit. Those negative emotions should be left outside the house, let alone venting to my wife.'

"Husband~"

Zi Shan, in his arms, squealed lazily. Such a sweet tone can definitely make every man hard! Yi Hong was no exception. His wife is so charming.

"What's the matter, wife?" Yi Hong asked with concern.

Zi Shan rested on his chest, and murmured: "Do you think I will conceive a child?"

'As for being able to have children, when I was younger, I thought that both men and women could have children after holding hands.'

Zi Shan was very happy, as she finally pushed Yi Hong down. It seems that Yi Hong's divorce this time was also rewarding.

"Husband, I love you~" Zi Shan opened her beautiful eyes and kissed him.

Yi Hong felt that after this time, Zi Shan was not as strong as before, and became much gentler.

"Wife, I love you too~" Yi Hong kissed Zi Shan's forehead and gave her a look of enjoyment. Nothing is more comfortable than lying in the arms of a man she loves.

After being tender for a long time, Zi Shan asked: "Husband, what do you want for breakfast?"

"I love whatever you make." Yi Hong smiled slightly. It seemed that after the last layer was pierced, their relationship became even better.

"Then I'll boil noodles for you."

"Okay, I like the sauce you serve with it."

"Mm, no problem."

After the two washed up, they went downstairs. Yi Hong saw his elder brother watching TV early in the morning, which was a little weird.

Zi Shan blinked, motioned for him to ask, and went to the kitchen alone.

"Brother, what's wrong with you?" Yi Hong asked as he sat beside him.

With a pair of panda eyes on his face, Lu Hong squinted at the younger brother, and said in a low voice: "You still ask me what's wrong? You two were making such loud noises. Have you considered my feelings? I... I'm a man who was hurt by a woman, I..."

At this point, Lu Hong couldn't continue. He was so envious of his younger brother, who could have a wife who loved him so much, but he, on the other hand, had been betrayed by a woman. Thinking about it makes him feel sour.

"Brother, those are all old things, you should forget them. This shouldn't happen again in the future." Yi Hong comforted him. It turned out that his elder brother hadn't gotten over this hurdle yet. Thinking about it, which man can understand him unless he turns green himself?

Lu Hong looked at the younger brother, and his face collapsed: "It shouldn't happen, could it happen again in your heart?"

"Uh...Brother, I didn't mean that."

"That's what you mean? You just want to make a joke out of your big brother."

"Big brother, it's really not like this." Yi Hong felt that his big brother changed overnight, and became... so weird.

It was very painful for Lu Hong, and he murmured: "You don't have to have money, a car, or a house. You can also have no dreams, or even have nothing if you're a woman. As long as they can marry rich people, it's enough. I have them all, but what about me? I have to face tremendous pressure every day. I want to succeed, but if I can't, I will be ruthlessly cuckolded by those women!"

At first, Yi Hong thought that his elder brother was talking about himself. He really had no money, no car, no house, and no dreams. He didn't realize until the end of the story that the elder brother was talking about women. It was dangerous.

"Brother, you are right, and then?"

Lu Hong looked at the younger brother seriously, and murmured, "I want to become a woman!"

Yi Hong: "..."

"Brother! Calm down. You can't get addicted to it just because you've been a woman for a few days. Wife! Big Brother wants to be a woman again!" Yi Hong grabbed his crazy big brother and shouted.

Zi Shan hurried over and looked at her elder brother: "Actually, being a woman is pretty good, I support you."

Lu Hong: "..."

Yi Hong: "..."

"Ah! I don't want to live anymore, you are bullying me." Lu Hong pushed the younger brother away and ran into the bedroom with strange steps. Why did Yi Hong feel that his elder brother's steps were like a scaredy-cat?

Seeing his elder brother become like this, Zi Shan stared at Yi Hong and said, "Husband, don't imitate your elder brother, or I..." Zi Shan took the spatula and inserted it. Yi Hong instantly understood and nodded silently.

"Husband is so good, I'll give you a kiss, okay~"

Yi Hong touched his cheek. Why did he feel that he was a puppy waiting to be fed?

'But now I have to take care of my elder brother's affairs. He has been a woman for a few days and can't come to his senses. It seems that I stimulated my elder brother last night. I was so happy, but my elder brother is so miserable. It seems that I have to help my elder brother!'

'And the only ones who can save the elder brother are the vampire sisters. I can let them wake up the manhood of elder brother.'

Zi Shan came out with hot noodles: "Honey, it's time to eat noodles."

Yi Hong walked to the dining table and said in a deep voice: "Honey, I'm going to talk to the vampire sisters later. Brother should understand that this is not the way to go."

"Then how can I help you?" Zi Shan asked with concern.

"Honey, no need, I can handle it myself."

"Okay, husband, go on~"

Chapter 513 (Big Brother's Black History)

After the meal, Yi Hong decided to take practical action, to repay his elder brother for his kindness over the years.

Arriving outside the Seven Bar, Yi Hong took a deep breath and walked in. Not long after entering, he ran into a foreigner.

Yi Hong said that he came to find the proprietress regarding his brother's situation.

Sure enough, the vampire sisters ran out in a hurry when they heard that it was regarding Lu Hong!

Seeing Yi Hong's stammering appearance, Serena and Celine hugged each other and wept bitterly.

"Lu Hong, why did you die? We sisters are still waiting for you to come back. Why did you have the heart to go alone?"

Yi Hong puzzlingly looked at the reaction of the two sisters. He didn't even say anything and yet they thought that Lu Hong was dead! Their overthinking prowess was too scary.

The two sisters have been worried for the past two days. They were afraid that Lu Hong would die, and they were even more afraid that someone would come looking for them, and then they blurted out Lu Hong's plan by accident. Don't ask why, it's always like this on TV. Tried and tested.

Unexpectedly, Lu Hong's little brother came, along with a heavy expression. The two sisters already knew that the worst had happened, and no one would come to draw their blood again.

"Don't cry, my elder brother..."

Before Yi Hong finished speaking, Serena asked, "Do you still have your elder brother's dead body?"

"My elder brother..."

"It doesn't matter if it's not a whole body, we will make him into a specimen." Serena said while choking on her sobs.

Yi Hong: "..."

"My elder brother is not dead!" Yi Hong finished this sentence in one breath. The two sisters have incredible overthinking prowess. No wonder his elder brother is so afraid of them.

The vampire sisters were startled and immediately wept with joy.

"But not far from death." Yi Hong added.

The joy on the faces of the vampire sisters froze, and they cried again in an instant.

It seems that Yi Hong must not go out to do errands alone. If he meets someone with a poor understanding ability, he will definitely be messed up like the vampire sisters.

"Don't cry, I mean, my elder brother is not dead, and is still alive, but life is worse than death."

This time Yi Hong finally said the whole thing.

The vampire sisters also understood that there was some setback in their relationship, and wiped away their tears. The two sisters sat down, while Yi Hong also sat on their opposite side.

Looking at the faces of the vampire sisters, Yi Hong was very happy for his elder brother. Although he was green before, how could he see a rainbow without going through the storm?

"What happened to your elder brother?" Serena asked softly.

"Yeah, why do I feel that your elder brother had a painful experience?" Celine asked aloud.

Yi Hong sighed deeply: "You don't know something."

The two sisters didn't speak, they looked at Yi Hong, wanting to hear about Lu Hong's past.

"Do you know? I have been with my elder brother since I was a child. When I was young, we often made mud castles together. My elder brother was responsible for fetching water, and I was responsible for making the mud castle. It's just that the smell of water is a bit strong, but we had a lot of fun. My elder brother also took good care of me." [It was piss]

As we grow older, we play house. My elder brother was the father, and he even let me call him father. I felt warm at that time, accompanied by my elder brother, and took care of me like a real father."

"To repay my elder brother's kindness, I deliberately did not pass the college entrance examination and chose to accompany my elder brother to prevent him from being alone. At that time, my elder brother taught me to do afro, saying that it was awesome. Although I knew it was stupid, I still listened to my elder brother. We also practiced dancing and sweeping dust together in Taiwan. What a happy day it was."

"But this is not the point, the point is the first relationship of my elder brother. It was a girl selling sesame cakes. He will go to buy a few cakes every morning, whether it is raining or thundering, it is the same as always. He felt that the girl was also interested in him, because when buying the cakes, the girl did not dare look at him."

"He knew that girls were shy, and it was normal not to dare to look at him, so he didn't take it to heart. But one day he saw that girl getting into a Wuling Hongguang! All thoughts about the girl were lost. She went with someone else, and he proclaimed that he had been greened, so he dyed his hair green the next day, and went to question that girl." [It's a rather cheap car.]

"As a result, my elder brother and I were locked up for 10 days. He was heartbroken, and he was cheated on by the girl. Since then, he doesn't like women anymore."

Hearing this, Serena exclaimed: "Does your elder brother like men?"

"Are you two each other's true love?" Celine felt that in this story, Big Brother and Little Brother are the true love.

Yi Hong: "..."

"You two ladies, I am a man with a wife, so don't get me wrong. My elder brother and I are brothers! Not gay friends." Yi Hong hastily explained.

If Zi Shan misunderstood... then...

Hearing Yi Hong's affirmation, the two sisters felt relieved.

Yi Hong continued: "Brother was disheartened, and I never saw him say anything about girls. Not long after, we raised money to buy a Wuling Hongguang S. The car that took the girl had an extra S, so we took the one with less S to make the girl feel regret."

"But not long after, we saw the girl sitting in a Civic, very happy, brother... he... alas..."

After hearing this, the two sisters understood that Lu Hong was hurt by love, so he was unwilling to accept the two of them.

"My elder brother is just scared, you know? The feeling of being green is so painful that he dares not accept you. These days, we pretended to be women to complete a task, and as he is a little bit into drama, he said he wanted to turn into a woman. Only you both can awaken the hormones in his heart."

"Ah! Lu Hong, he wants to become a woman!" Celine exclaimed in surprise and suddenly felt a bad feeling. 'Ah, if Lu Hong turns into a woman, what will my sister and I do? We will forever die alone.'

Serena, who is the elder sister, even stood up directly and said, "Where is your elder brother now?"

"Uh...he's at home." Yi Hong said hastily, it would be great if she could help him return to his original state.

This emotional wound needs to be healed by a woman, and being a younger brother, he can't help much.

"Take us there quickly!"

"Okay!"

Without further ado, the three of them rushed back to the villa.

Yi Hong told the sisters about his brother's room. The two of them rushed directly in, for fear that it would be too late.

"You called so soon?" Zi Shan came up and asked.

"Yeah, big brother is emotionally unstable now. I'm afraid he will go to Uncle Wei and become a woman again."

"Why, isn't it good to be a woman?" Zi Shan stared.

Yi Hong smiled apologetically: "My wife is the best."

"That's not too bad, I will give you a kiss as a reward."

Chapter 514 (It's comfortable to be a man)

On the other hand, the vampire sisters rushed into Lu Hong's room and locked the door behind them in an instant! As if they were here to do something shady.

Then he stared dumbfounded at Lu Hong playing with stockings.

Lu Hong looked at the vampire sisters who came in suddenly with a dazed expression. It was so embarrassing. 'It's not what you think. I don't have stockings. These stockings were only worn yesterday and I was about to throw them away.'

"Lu Hong!"

"Lu Hong!"

Following the exclamation of the vampire sisters, Lu Hong paused. Perhaps because he was used to dressing as a woman in the past two days, he showed a weak look.

"Lu Hong, where is your masculinity?"

"Lu Hong, why did you become like this? Even if there were any bad memories before, it's all in the past. Now you have us, and we won't green you."

Lu Hong took a deep breath, and said lightly: "It seems that you both already know. Needless to say, it must have been said by my little brother."

"That's right! I, Lu Hong, have been cheated on by a woman, and the reason why I don't accept you is also because I am afraid. I am very cowardly, and I often look for a sense of superiority in front of my younger brother. In fact, I am even more cowardly than my younger brother, so I am not worthy of being a man."

The two sisters were confused. Lu Hong doesn't even want to be a man anymore, so how can they make him revert his decision? They will have to let Lu Hong know what it's like to be a man.

The two sisters directly pushed Lu Hong down the bed, forming a spicy sandwich posture.

"What are you two doing? Let go of me, or I'm going to scream!" Lu Hong struggled, but they were so strong that he couldn't get away. It seemed that he could only be slaughtered by them.

Serena said quietly: "Lu Hong, don't be a woman, in fact, it's fun to be a man."

"Yes, Lu Hong, my sister is right, being a man is captivating." Celine also added.

"How do you know it's good to be a man? I don't believe it." Lu Hong turned his face away, as if saying, "I wouldn't believe anything you say, unless you prove it."

Serena said in a low voice: "My sister and I will let you know that being a man is actually the most enjoyable."

As they spoke, the two sisters' little hands walked on Lu Hong's body, but he remained unmoved. 'I won't give in no matter what you do. I, Lu Hong, have a steel-like will. How could I be tempted by this kind of thing?'

"Si..."

Lu Hong gasped, these two goblins actually put their hands into his pants, so cool... Fuck... Fuck... It's so cool.

"Lu Hong, are you happy?" Celine asked with a low smile.

Lu Hong is very honest: "Happy."

Serena smiled slightly: "Do you still want to be a woman?"

"No!"

"Lu Hong, you made the right choice."

After Serena said this, she moved down with Celine and pulled down Lu Hong's pants.

Lu Hong tightly grasped the bed sheet with both hands, looking at the identical sisters, feeling like his soul was almost sucked. He felt as if he was in outer space.

It's so comfortable to be a man!

What follows is, of course, some scenes that are not suitable for children. The younger brother was broken last night, and the older brother was also broken the next day.

Lu Hong enjoyed the comfort of an emperor. As expected of a vampire, she sucks everything very well.

Sitting outside the living room, Yi Hong and Zi Shan covered their ears. The noise must have been too loud!

The point is not that the girl was screaming, but Lu Hong was screaming. What kind of horrible and supernatural things were happening in that room to make him shout like that?

Zi Shan grabbed Yi Hong and went upstairs.

"My wife, what are you doing?"

"We should also shout."

"Ah!!!" Yi Hong was stunned for a while. Is this a competition?

Morning in the Voidless Realm, fairy mist was lingering, and even in the place where the deities reside, there is no such environment.

On the bed, Ye Hua was still sleeping with his arms around Qing Ya, and the corners of Qing Ya's mouth were

drooling...

Ye Hua looked at the water stains on his chest, feeling very depressed. Why did Qing Ya's old problem recur? She's such an old woman, nonetheless, she's still drooling like a child. Look, she's still drooling now...

"Qing Ya, wake up." Ye Hua called her lightly.

"Yeah~ Don't~" Qing Ya hugged him and began to act like a baby. Girls, no matter how old they are, like to act like a baby in front of their spouses. The purpose is to let the husband love and coax them.

"What don't you want? Look at you, you're drooling again."

If she wasn't drooling, Ye Hua could still coax her, but now he had no intention of coaxing her.

Qing Ya opened her eyes, and looked at the water stains on Ye Hua's chest. Her pretty face blushed, why was she drooling again? It was so embarrassing.

"You're almost a mother, do you want to drool with your child?" Ye Hua asked lightly.

Qing Ya coquettishly snorted: "You keep scolding me, isn't it just drooling? I didn't mean it."

Seeing Qing Ya's aggrieved look, Ye Hua couldn't bear to reprimand her anymore: "Okay, don't drool from now onwards."

"Hmph, don't hug me to sleep if you have the ability." Qing Ya turned and ignored Ye Hua.

Alas, this Qing Ya didn't listen to him today, her wings have grown hard.

Ye Hua held Qing Ya in his arms domineeringly, and asked lightly: "What did you just say?"

"Hmph, you heard me." Qing Ya was not afraid of him.

"You have grown in courage."

"Hmph, that's right, I am a woman of my husband, and no one can afford to offend me, and neither can you."

Hearing Qing Ya's clamor, Ye Hua laughed out loud. 'Yes, nobody can afford to offend her husband's woman, including this deity.'

"Stop flattering me, get up." Ye Hua said with a faint smile.

Qing Ya stood up: "Who is flattering you, narcissist."

"Go get me water to wash my face." Ye Hua ordered her to do things like a big boss.

Qing Ya gave him a blank look and went out to fetch water for him to wash his face. Although these things can be left to the servants, Qing Ya felt that fetching water for him was also a kind of happiness.

Walking into the room with the washbasin in hand, Qing Ya made all the arrangements for Ye Hua.

Ye Hua washed his face and asked calmly: "How is the discussion between you and Baizhi?"

"En, you have to be careful."

Seeing Ye Hua's expression which seemed to know something, Qing Ya asked curiously: "What's wrong?"

"My men caught the Gorefiend last night."

"Ah! So fast! You just caught the Gorefiend?" Qing Ya exclaimed.

"En."

"Where's he?"

Ye Hua said lightly: "Mopping the floor at the Leisure Bar."

"What!!! Mopping the floor!? Isn't he a disaster for the people?"

Chapter 515 (I was wrong, sir)

After washing his face and putting the towel in the basin, Ye Hua said calmly, "Yeah, I'm also very disappointed."

"Ye Hua, you let it out?" Qing Ya dared to bet that this matter must be his doing.

Ye Hua nodded, without denying: "Well, I just wanted to see the so-called Gorefiend, and he turned out like this."

"Where are the people from who attacked the Guan family?" Qing Ya asked.

"Most of them were killed by the Gorefiend, and only the two bosses are left."

Qing Ya snorted coquettishly: "Ye Hua, you did it on purpose."

"Aren't you curious about their plans? Do you understand that I'm putting a long line to catch a big fish?" Ye Hua shook his head, no matter how good-looking this woman is, she has long hair but short knowledge, and even Qing Ya can't escape such a fate. A little better, but sometimes she's the same, a woman's common problem.

Qing Ya pouted her lips, rubbed her belly, and said, "Son, your daddy has scolded mommy twice this morning."

"Ouch~" Qing Ya suddenly frowned and yelled, holding her stomach with both hands as if she was in deep pain.

Ye Hua's expression became tense, and he hurriedly helped her to sit beside him: "What's wrong?"

"This little guy moved..." Qing Ya looked extraordinarily excited, and her smile became more charming.

Ye Hua breathed a sigh of relief, he thought something was wrong.

Donghuang Baizhi was not by his side when she gave birth, so Qing Ya had to accompany him. At this time, Ye Hua also imitated the man on TV, and slowly moved closer to Qing Ya's belly, feeling his son's restlessness.

Seeing Ye Hua's humane actions, Qing Ya's smile became softer, husband and son, what a perfect life.

"Did you hear anything?" Qing Ya asked curiously.

Ye Hua sighed, as if being teased by his son: "Nothing."

"You must have scared him that he dare not move." Qing Ya gave him a white look.

Ye Hua pursed his lips and didn't say anything. His son will come out in a few months, his first son.

"Daddy, morning, Qing mommy, morning." Donghuangli appeared at the door bouncing around.

Donghuang Baizhi, the emperor, didn't dare to look at Ye Hua. She ran away last night, so Ye Hua is probably very angry.

"Daddy, I'll leave mommy to you. I'll go play with my brother." As she said that, little Ah Li began to ask Qing Ya, did my brother move today, when will my brother be born, what does my brother like to eat...

Ye Hua whispered, "What did you run off to last night?"

"Okay, don't be angry, I was wrong, sir." Baizhi pleased him in every possible way. She cannot be seen by others, otherwise, she will lose her prestige.

Now that she admits her mistake, Ye Hua won't teach her a lesson. This has to be done slowly.

"By the way, the relationship between Yi Hong and Zi Shan has been resolved, so you don't need to worry." Ye Hua sat on the wooden chair, and Donghuang Baizhi sat beside him, making tea for him.

"Who lowered their head?" Qing Ya asked curiously.

Donghuang Baizhi laughed, and said softly: "It must be Yi Hong, Zi Shan is so strong, so will she admit her mistake?"

"Then, Baizhi, tell me who would admit their mistake, Brittany or Jue Tian." Qing Ya continued to ask.

It's hard to say about Jue Tian. He was not Yi Hong and had a sense of arrogance. How could he admit his mistake? And it was even more impossible for Brittany to admit her mistake.

"Do you have any good ways to solve their problems?" Ye Hua was also worried about this matter. Team harmony is the most important thing.

Qing Ya and Donghuang Baizhi shook their heads, this relationship problem is too difficult to solve, and cannot be resolved with just a single sentence. Besides, Brittany was so hurt that she was about to commit suicide, which showed her determination. Jue Tian lost this time. What a good wife, it's too late to regret it.

Seeing that they couldn't solve the problem, Ye Hua let out a sigh. It seemed necessary to talk to Jue Tian to understand his thoughts.

"When will you announce the martial arts competition you arranged?"

Donghuang Baizhi poured Ye Hua a cup of hot tea: "Tomorrow. The competition date is at the end of December, so it can be regarded as a year-end bonus."

"Where will it be held?"

Donghuang Baizhi said softly: "We plan to hold it at Ji's house. After all, such things cannot be known by the outside world.

"Someone will cause trouble." Ye Hua warned.

"We have our husband, don't we?" Qing Ya and Donghuang Baizhi cheekily replied.

"Yes, Ah Li has daddy~"

Ye Hua chuckled, and picked her up: "It seems that I have a big task. I must protect Ah Li."

"Hehe~ Ah Li does not need daddy to protect her. Daddy just needs to protect mommy~"

Ye Hua pinched her daughter's little nose: "Okay, you guys do what you want, and I'll talk to Jue Tian."

"Ye Hua, talk carefully, don't lose your temper."

"Yeah, don't just teach him a lesson."

"Daddy, be calm."

The corner of Ye Hua's mouth twitched, 'it seems that this deity is easy to get angry within your mind.'

Not only is he a violent type, but he is simply a tyrant who scolds his subordinates at every turn and even wants to teach his wives a lesson. Only Qing Ya and Donghuang Baizhi could bear such a man.

Ye Hua notified Jue Tian and told him that he would come over.

After Jue Tian received the message, he immediately prepared to welcome his arrival. He even brought Dongfang Yuer and Guan Yanxin out to pay homage.

Ye Hua looked at the two maids of Jue Tian and felt pitied. One's whole family was killed, and the other was captured by Brittany. Alas...

"Get up." Ye Hua said lightly.

"Thank you, Your Honor!" Jue Tian shouted in a low voice.

Dongfang Yuer and Guan Yanxin also shouted respectfully: "Thank you, Your Honor."

Ye Hua signaled Jue Tian to tell them to leave. After Dongfang Yuer and Guan Yanxin left, Ye Hua said: "I think this Dongfang Yu'er is looking pretty good."

"My lord, Yuer has only recently adjusted." Jue Tian said respectfully.

Ye Hua nodded: "Just thinking about it."

Jue Tian bowed his head and remained silent.

"I came here this time to ask you what you think about Brittany. If you still have a little affection, then chase after her. If you don't have any feelings, then just pretend that I didn't say anything."

After a long time, Jue Tian bowed his head and said: "My lord, I... I don't know what to do."

"Well, let me ask you simply, do you still like Brittany?"

Chapter 516 (Heart-to-heart talk)

If it was before, Jue Tian could boldly answer that he didn't like her, but when he saw her broken wings, his heart ached, as if he was being pierced by someone.

But he has rejected her for more than 800 years, and now if he says he likes her, isn't it a slap on his face? Especially in front of Your Honor.

"Okay, I know you like Brittany." Ye Hua said in a deep voice. He knows about Jue Tian's character. He just wants to save face.

Jue Tian was taken aback for a moment and lowered his head firmly, but he didn't make any sophistry, which was regarded as acquiescing.

"Women are soft-hearted. I think you should have noticed something about Yi Hong's incident. Brittany and Zi Shan are a bit similar. They are both strong women. Yi Hong is willing to bow his head and give way to Zi Shan. It's not about saving face, this is the generosity of a man, and even this deity sometimes gives them the leash."

"So, let's be cowardly, the sea and the sky are broad, and this deity has experience." Ye Hua was also confiding in his heart. In fact, he has been coaxed a little by Qing Ya and Donghuang Baizhi. That's all, there will never be any more.

"Your Honor, I'm afraid that even if I confess this time, Brittany will not forgive me, let alone accept Yuer and the others." Jue Tian was very greedy, he wanted everything.

Ye Hua stood up and walked slowly to the garden outside, followed by Jue Tian.

"Jue Tian, we've been together for almost a thousand years." Ye Hua stretched out his hand and caressed the petals. Time is really not forgiving, but that's only for ugly people.

Jue Tian paused, and said respectfully, "It's been more than 1,100 years."

"If my guess is correct, you saved Brittany." Ye Hua said lightly.

Jue Tian brought back the injured Brittany and said that he picked her up on the road. At that time, Ye Hua actually believed him. It can be seen that his IQ was not online at all. Now that he thinks about it, something was really wrong.

A trace of surprise flashed in Jue Tian's eyes. It has been so many years, and Your Honor still remembers it. He quickly knelt: "This subordinate dare not lie, it was this subordinate who saved Brittany that day, so..."

"That's why Brittany is so devoted to you, and this time Brittany just wanted to give back what she owes; her life." Ye Hua took off the petals and gently stroked them with his thumb and index finger.

Jue Tian bowed his head and remained silent.

"Forget it, that's all for this deity's words. It's up to you to do it or not, as long as you don't regret it."

"Your Honor is worried about me!"

Ye Hua flicked off the petals in his hand, and lit a cigarette: "Let's talk business, the Guan family is gone. How are the other four families doing?"

"Your Honor, because of the news of the longevity fruit this time, and the change in the distribution of the longevity fruit, the other four families are all quiet. Maybe they are waiting for the news from the Voidless Realm."

"This deity will tell you the news. They decided to use the method of martial arts to distribute the longevity fruit, and unlike previous years, both the north and the south can participate." Ye Hua said.

Jue Tian's brows tightened: "Your Honor, if even the south wants to participate, the north will probably not agree. After all, they consider the longevity fruit to be theirs."

"It doesn't matter. This deity's original plan was to let them fight each other, and now there is a reasonable explanation." Ye Hua chuckled, unexpectedly going back to his original plan.

Jue Tian said in a low voice: "If this is the case, the northern family will not agree. In the past, even if they did nothing, they got their share, but now they have to participate in the competition. I'm afraid they won't take this risky endeavor."

"Oh god, dogs will jump over the wall. If they don't fight, give them a delicacy they prefer."

Jue Tian was puzzled for a moment, and his eyes lit up immediately: "Your Honor is wise, and he explained the troubles of this subordinate in one sentence."

These words sound comfortable. Walking in this yard full of flowers is really comforting.

"Your Honor, these are all planted with care." Jue Tian, who followed behind, whispered.

"The planting is pretty good, Qing Ya and Baizhi won't do this." Ye Hua sighed.

Jue Tian smiled lightly and said, "Of course, it's not worth their time."

"Actually, it's good to grow flowers. It can cultivate your mood, and they are too impetuous." Ye Hua picked up a pot of flowers and observed.

"After all, the two madams are human beings, and there must be a process of adaptation. I believe that in the future, they will gradually meet the requirements of the honored one."

Ye Hua put down the flowers and continued to walk forward: "They are still far from the requirements of this deity."

Jue Tian smiled and remained silent.

"By the way, you are responsible for the safety of this martial arts competition. Don't eliminate hidden dangers, just find out hidden dangers and see what they do." Of course, Ye Hua will not give up such an interesting game. There will definitely be troublemakers. He wants to know their purpose and catch them in one fell swoop.

"Don't worry, Your Honor, this subordinate will definitely handle it well." Jue Tian bowed beside Ye Hua, taking over this task.

Ye Hua turned around and patted Jue Tian on the shoulder: "Although work is important, you should also take care of Brittany. Send a meal or something, even if you are rejected, don't be discouraged. This is how women are."

"I understand."

"That's good, work hard. Brittany is a good woman, if you miss her, you will really regret it."

"This subordinate knows."

'Today's task is almost done. I have said everything that should be said. The ideological work of his is really a bit difficult.'

Back in the office, Ye Hua called Brittany and asked if she had any information.

Brittany knelt at Ye Hua's feet and told him what she had seen last night. Ye Hua frowned slightly after hearing this: "You should also keep an eye on that person. If you don't have enough manpower, tell me, and I will take care of the arrangements."

"Your Honor, there is no need. Just this subordinate is fine." Brittany said indifferently, and her expression was still the same, icy cold.

Ye Hua sighed slightly: "Alright then."

"Your Honor, if there is nothing to do, this subordinate will leave first."

"Wait, what's the rush?"

Brittany asked respectfully: "Is there anything else you want to explain?"

'If this deity didn't know you, this deity would have thought that you were a robot.'

"Brittany, I just want to ask you a few personal questions." Ye Hua said lightly, watching Brittany's expression, and was going to stop if there was any change. This Brittany is also very pitiful. It can be said that in the whole team, she is the most pitiful woman.

"Your Honor, what would you like to ask?" Brittany said indifferently.

Ye Hua lit a cigarette and asked aloud, "How much do you hate Jue Tian?"

"We can't live together."

'Damn, you guys are too hasty. It's not like it's revenge for killing your father. How could it become a feud? It's just a mess of nonsense.'

"Brittany, if Jue Tian apologizes to you, will you forgive him?"

Chapter 517 (Undercurrent Surges)

Brittany slowly raised her head and looked at Your Honor: "No!"

"What if this deity orders you?"

"Subordinate will definitely not dare to disobey, but this subordinate will commit suicide behind Your Honors' backs."

Brittany's tone was full of desolation, and it seemed that her anger hadn't been dissipated.

Ye Hua decided to stimulate Brittany.

"I just asked Jue Tian, and he is willing to marry you." Ye Hua said in a deep voice, only to find that Brittany didn't respond. Could it be that she is immune to Jue Tian?

"Subordinate will not be fooled again." Brittany said indifferently, without any emotional fluctuations.

It seems that Brittany became vigilant after being deceived by him and Jue Tian.

"What if it's true? This deity has never lied."

"Even if it is true, this subordinate will not marry a man like Jue Tian! Yi Hong is ten thousand times better than him."

Where are you, Yi Hong? There is a little girl here.

Ye Hua was embarrassed, he didn't expect Brittany to compare Yi Hong with Jue Tian.

"Okay, you go to work, but this deity will remind you that Jue Tian really regrets it. Think about it. Giving Jue Tian another chance is also giving yourself a chance."

Hearing his words, Brittany didn't say anything, bowed her head and stepped back, and disappeared.

Ye Hua breathed a sigh of relief. 'This deity is not only a matchmaker, but also a peacemaker. When did this deity start meddling in such nosy matters?'

'It's been a long time since I ate fried pepper crayfish. It also happened that Qing Yutong was at home.'

If he did not use his sister-in-law to peel crayfish, then what was her use?

Otherwise, he will teach a lesson to her butt.

Three days have passed in the blink of an eye, and the Voidless Realm has released a new piece of news.

The news annoyed the Northern families while pleasing the Southern families.

It was regarding the distribution of the longevity fruit with the help of a martial arts competition. Both the northern and southern families can participate, but each family can only send one member to participate, and only the top ten families will be awarded the longevity fruit.

In fact, the quantity was indeed a little less.

Many families in the south were starting to move, and the families in the north were starting to raise flags to protest. This is not fair! This is the matter of the north, so why are the southerners intervening? These two days, they have become more and more violent, and they almost put up a banner at the door of the Voidless Realm to protest.

Of course, this was all instigated by the other four great families. These longevity fruits belonged to them in the first place, but now they have to be shared among others. There are even fewer than before. How come they won't be angry?

Now there are only five great families left in the north. Of course, the Dongfang family is squeezed out, and they don't get any face whatsoever.

And now the four Patriarchs are all having a meeting, and the content of the meeting was to conduct a discussion on the stance of the Voidless Realm.

Ye Xiao of the Ye family, who has yet to find his son.

The Chu He of the Chu family.

The Matriarch of the Duan family, an ugly woman, Duan Hou.

Jiang Yuanzhou of the Jiang family, but his stupid son was not there.

"We should go to the Voidless Realm to protest together!" Jiang Yuanzhou slapped the table and shouted.

Duan Hou stroked her veil lightly, and her slender fingers rang across the water glass: "For many years, we have been at odds with the South, and now the Emperor has offended every family in the North this time."

With a sullen face, Ye Xiao said calmly: "Now that the deal is sealed, is there any other way?"

Chu He took a deep breath and remained silent, because his son said... he should stop being greedy, let alone get involved in the plots of these people.

Duan Hou picked up the teacup and blew it gently: "The Emperor has offended the whole north, I think it's time."

Ye Xiao and Jiang Yuanzhou nodded. They can use the flow and usurp the throne. They just need to use the whole north to force her to step down, as this is not a problem that can be solved by force.

"Chu He?" Ye Xiao asked in a deep voice.

Chu He was still thinking about his son's words in his mind. "Father! Don't have any thoughts about the Voidless Realm. We can't afford to offend these people."

"Patriarch Chu?" Duan Hou called out.

Chu He came back to his senses, looked at the three in front of him, and said in a deep voice: "My Chu family doesn't want to participate."

Chu He's words stunned the three present.

"Chu He, what do you mean? Do you want to snitch on us?" Jiang Yuanzhou asked in a cold voice. This guy was tight-lipped till now, and after listening to the meeting, he said he would not participate.

Chu He looked at the three and said solemnly: "Don't worry, I, Chu He, will definitely not snitch on you."

"How can we believe your words?" Ye Xiao laughed. Everyone was an adult. Could we not be so childish?

"I, Chu He, dare to guarantee with my life."

After a while, the veil was removed, only to see that the skin under the veil was wrinkled, as if scorched by fire.

"Chu He, it's too late for you to get off the boat now! The four of us are already in the same boat, both in the past and present. You should understand what I mean." These words made Chu He's face extremely gloomy.

These words were to remind him of the past. If it was leaked, everyone would be finished.

Jiang Yuanzhou got up and walked to Chu He's side, put his hands on his shoulders, and pressed down: "Chu He, the four of us will either live together or die together. How can it be possible if you want to run away alone?"

Chu He's face was darkened, 'these people are right, this boat has already boarded. How can I escape now?'

After a while, he said lightly: "Okay, let's discuss how to force the Emperor to abdicate."

"If you want her to abdicate, you must not use force. We are not her opponents." Ye Xiao said.

Jiang Yuanzhou regained his position: "We can't use force, and can only use the voice of the northern family to force her to abdicate!"

After a while, he nodded: "If all the benefits of this martial arts competition are taken by the southerners, the major families in the north will definitely not give up. I heard that Xiao Yi, Tang Wushuang, and Bai Cixin hate the Voidless Realm to the bone!"

"The enemy of an enemy is a friend." Ye Xiao took a sip of water and exuded a faint murderous look.

Duan Hou's eyes gleamed viciously: "This time, it is inevitable!"

In desperation, Chu He stretched out his hand and reached a contract. He felt that this time, it was 10,000 times more dangerous than the last time. If they don't succeed, he can only hope for them to be benevolent.

'I should listen to my son today, and not come here!'

But even if he didn't come, what could he do? They won't let him go.

As for the southern aristocratic family, the Ding family was destroyed at the beginning, and the other four great families took people to attack the Ji family.

At this time, they are also discussing the upcoming contest.

Except for the Ding family, which was wiped out by the fake Ye Hua.

Wu Sheng from the Wu family, Diao Lang from the Diao family, He Tian from the He family, and Murong Zhi from the Murong family have arrived.

Chapter 518 (We have to form a team)

The four of them sat together, their faces were not as serious as before, and looked rather relaxed.

"This time the Emperor is kind. Our four families should get some special items from Voidless Realm." Wu Sheng leaned back on the chair, with his legs resting on the table.

Diao Lang closed his eyes and was listening to music in his earphones, and said: "The overall strength of the south has declined, and only our four families and the five northern families have a bit of strength to snatch the item."

"You're right. Now that there's a wave of the anti-Voidless Realm in the north, the Emperor has a lot to do." He Tian said lightly, smoking a stick of tobacco.

Murong Zhi chuckled: "Perhaps those aristocratic families in the north will start targeting the Voidless Realm, and might even try to overthrow the Voidless Realm."

"Take down the Voidless Realm? How is it possible? You guys are overthinking." Wu Sheng laughed, a giant as powerful as the Voidless Realm, and wanting to bring it down? It is simply impossible.

"If they unite all the families in the north, then maybe." Diao Lang took off his earphones and put them on the table, and said while looking at the three of them.

The other three nodded. If there was someone who could unite all the families in the north, then maybe.

"But it doesn't matter to us, as long as we get the longevity fruit."

The four heads of the family nodded. What do they care about northern affairs? The Emperor is really a good person, and she also took into account the feelings of the entire southern people. It is no wonder that the northern families are rebelling.

Does this count as crushing one's own foot while trying to maneuver a rock? [Is it a metaphor for wanting to harm others, but ending up harming oneself.]

This is also what Ye Hua wanted, to destroy the compassion in the hearts of his wives. In this world, there are only interests involved. You are so good to the south, but in the end, they are the ones cheating you.

~In the Wang family's villa in Gaohai City~

Wang Dabao and Bai Cixin entertained four distinguished guests.

Qing Tiandi, Feng Tian, Feng Di after recovery, and Xiao Yi!

Qing Tiandi was still dressed in the same lazy way, looking like a college student who had just graduated.

Xiao Yi was called here today by Bai Cixin. The two families had alliances in the north, and now they are in the south together, so they must advance and retreat together.

"Xiao Yi, this is Qing Tiandi, Feng Tian, and Feng Di." Bai Cixin introduced people with a smile, while Wang Dabao stood behind, not agreeing with his wife's behavior, because this Qing Tiandi cannot be seen through, and Feng Tian is also very strange.

However, with his wife's insistence on cooperating, how could he disagree? He just hoped nothing would happen.

Xiao Yi stood up and said lightly: "I, Xiao Yi, will never be someone's lackey in my life!"

If people from the Time and Space Bureau heard Xiao Yi's words, they would definitely beat him up. Can you not pretend to be forceful?

Qing Tiandi smiled and said: "Xiao Yi, we are a team, and we ought to help each other. I just organized this team. Have you seen The Avengers? You are all my teammates, not lackeys."

"I like Thanos." Feng Di shook his hands, as if he wanted to snap his fingers.

Qing Tiandi said with a faint smile: "If we have more strong people joining, then the team's combat effectiveness will rise."

"Why did you organize so many people together?" Xiao Yi asked curiously.

Suddenly, Qing Tiandi's face looked very solemn: "Darkness is invading. We should be fully prepared to meet the terrifying darkness."

What?

Wang Dabao didn't understand: "What kind of darkness is invading? I've only seen the invasion of darkness, it's very scary." [Invasion of darkness; or the English name, the Descent.]

Qing Tiandi's serious expression collapsed in an instant, and he exclaimed: "You have seen the invasion of darkness? I have seen it too."

"Can you be more serious?" Feng Tian at the side said in a deep voice. Sometimes he really can't stand this Qing Tiandi, he must have a split personality.

Qing Tiandi coughed lightly in embarrassment, and his face became heavy again: "In our world, there are many unknown factors, which are very terrifying."

"Then you must have seen Silent Hill." Wang Dabao suddenly interjected. [It is both a survival horror game and movie.]

Qing Tiandi's complexion changed again, and he said with a smile: "Yeah, it was very good. I really liked the atmosphere."

"Wang Dabao! Can you be quiet?" Bai Cixin couldn't take it anymore. Why do masters have such a habit?

Qing Tiandi smiled at Wang Dabao, as if to say that we would discuss the movie together later.

Qing Tiandi's face sank again: "Our world is at the center of the universe. All about reincarnation, regressors, etc. I believe everyone is not local, or rather, they are from another world. Like the former Immortal Emperor."

Xiao Yi was shocked suddenly. Why did this man know about his affairs?

"I also know that you are working for the Time and Space Bureau." Qing Tiandi's words shocked everyone.

Bai Cixin asked in a deep voice: "What is the Time and Space Bureau?"

"It's to catch those who have been reincarnated, regressed, etc." Qing Tiandi said lightly.

Feng Tian and Feng Di are not from Earth either, but this is the first time they have heard about this mysterious space-time division.

"Miss Bai, do you have egg tarts here?" Qingtian asked curiously.

Bai Cixin was also a little depressed: "I'll order some."

"I'll have one too." Feng Di raised his hand and said.

Wang Dabao touched his nose: "I want a beef ball and pasta."

Bai Cixin was embarrassed, so everyone would just eat: "Xiao Yi, how about you?"

"Give me some chaos."

Bai Cixin looked at Feng Tian again: "What do you want to eat?"

"Let's have a hamburger set, no Coke but Sprite."

Bai Ci was so dizzy. What happened to these people?

"Mr. Qing, please continue." After Bai Cixin ordered it, she continued to ask, seemingly craving knowledge.

Qing Tiandi nodded, and his face sank again: "The darkness before dawn is coming soon, and this time there will be terrifying reincarnates or traversers. That's the reason I want to call everyone to work together, to defend our homeland!"

"Will we be paid?" Wang Dabao asked curiously.

Qing Tiandi paused, stood up suddenly, and clenched his fists: "How can we talk about things like money while talking about such things? We are like the Avengers, resisting the invasion of aliens."

"Sorry, I don't have the time to save the world with you." Xiao Yi's face turned cold, and he stood up and prepared to leave.

Qing Tiandi slowly leaned on the sofa and said, "Have you forgotten to take revenge on the killer of your wife so quickly?"

Xiao Yi stopped in his tracks immediately, and slowly turned his head to look at Qing Tiandi: "What do you mean?"

"Evil is everywhere. We should eradicate evil and restore justice to the world!"

Ding dong! Ding dong!

Wang Dabao exclaimed: "The takeaway is here, let's chat while eating."

Chapter 519 (Five-year round)

Wang Dabao went out and brought in all the takeaways, and placed them on the table. Everyone took their own orders and then continued to listen.

"This egg tart is good, which one is this?" Qing Tiandi asked curiously.

"Mr. Qing, if you like it, I will send it to you every day."

"Then I would like to thank Miss Bai." Qing Tiandi smiled, why does he look like the leader of CX?
[CX→Customer experience]

Feng Tian asked aloud: "Qing Tiandi, can you continue?"

"Have you heard of the five-year round?" Qing Tiandi took out a tissue and wiped his mouth, then folded and put it aside.

Everyone shook their heads.

"It started a long time ago, so you won't know about it. Anyway, there will be reincarnates and regressors coming every five years, and the next five-year round is coming soon!"

Xiao Yi sat down again and asked: "Then who came in the last five-year round?"

"Haven't you already encountered him?" Qing Tiandi asked back. This made Xiao Yi's face change wildly, and his chest heaved violently.

Who the hell is this Qing Tiandi? Why does he know so many things? He's completely unpredictable!

Having said that, Qing Tiandi's face darkened, as if he wanted to say something.

Wang Dabao looked at the egg tart in front of Qing Tiandi and asked, "Mr. Qing, would you still eat that egg tart?"

Qing Tiandi's face collapsed, and he said with a smile: "Of course."

After finishing speaking, he swallowed it in one gulp, as if he was scared of someone stealing him.

However, everyone looked at Wang Dabao, try saying something again and I'll kill you!

Everyone looked at Qing Tiandi wiping his mouth, as he folded the napkin, and felt that their nerves were going to explode. Can you give it a little more information, and stop procrastinating?

"Where did I just say?" Qing Tiandi looked at everyone and asked curiously.

Bai Cixin squeezed out a smile and said: "Mr. Qing, you said that the next five-year round is coming soon."

"That's right."

Qing Tiandi's face darkened, and everyone saw this expression as a little unnatural. They feared that he would laugh again.

"I've done the math. Next year! It will be the scariest year, and this time the person who appears will probably be the strongest person ever."

Wang Dabao swallowed, and said with a smile: "Well, everyone is full, let's go... let's go."

Feng Tian had an impulse to crush Qing Tiandi to death, so he asked in a cold voice, "What are you trying to say?"

Qing Tiandi smiled and said: "Although the enemies are fierce, the treasures they bring are beyond your imagination."

"What is a godly weapon? Even if it is a prehistoric divine weapon, what is that? You must know that the greater the risk, the higher the reward."

Everyone understood that this is how to form a team to fight monsters, and even gain a good reputation, which seemed pretty solid.

"With so many of us together, plus Xiao Yi's internal news, are we still afraid that we won't be able to catch those invaders?" Qing Tiandi looked at Xiao Yi, showing a knowing smile.

Indeed, Xiao Yi also knew that some reincarnates were so strong that even the bureau just watched and didn't do anything. If those people were captured, that's will be a lot of gains.

"I'll join!" Xiao Yi said in a deep voice. It seems very good to use the convenience of his position to earn some extra money, and he can even escape the control of the Time and Space Bureau.

Bai Cixin said in a deep voice: "I'll join too!"

Seeing that his wife had joined, what else could Wang Dabao say: "Join!"

Qing Tiandi looked at Feng Tian and Feng Di. This Feng Tian is the main thug, and he cannot be missed.

"How to divide the loot?" Feng Tian asked.

Qing Tiandi said lightly: "The one who contributes more will naturally get more. I will make an evaluation report for every fight, so you can rest assured."

"Okay! Then let's find someone to test first, to see if your evaluation report is reliable."

Qing Tiandi nodded: "Of course. Xiao Yi, you should choose a target first."

"The Tang family! Tang Wushuang!" Xiao Yi said coldly.

There is obviously his personal vendetta involved.

Xiao Yi wants Tang Wushuang to die!

Wang Dabao and Bai Cixin knew that there was enmity among them, but they kept silent. Anyway, this was just a test to see if his assessment was accurate.

Qing Tiandi also smiled without saying a word, with an indifferent attitude.

"Tang Wushuang is a good target!" Feng Tian said in a deep voice, already gearing up.

Qing Tiandi smiled slightly: "Then we'll do so tonight! Everyone should have time. If you can't work overtime, please take a leave."

Everyone chuckled a few times. Obviously, the joke wasn't funny.

Xiao Yi's eyes were full of excitement. He did not expect such an unexpected harvest this time. 'Tang Wushuang! You betrayed me! Don't blame me for being cruel!'

Ye Hua has been living in the Voidless Realm for the past few days. On one hand, the environment here was not bad, and he had nothing to do.

Tonight it was Baizhi's turn to attend the bed-chamber, and Ye Hua also showed his masculinity. He only stopped when the Queen begged for mercy. Those who oppose him can only beg for mercy.

Holding the faint, Ye Hua felt very comfortable. Smelling the fragrance of Donghuang Baizhi, he gradually fell asleep.

After an unknown period of time, Ye Hua was woken up by Qing Ya.

"Ye Hua, go and open the door." Donghuang Baizhi said lazily. Every time after serving him, she wanted to lie in bed the next day, feeling weak yet feeling like she was in euphoria.

Ye Hua stroked her, and the door opened automatically. Qing Ya walked in with an anxious expression: "Why are you still sleeping? It's already 10 o'clock! Ah Li has already finished her morning class."

Ye Hua hugged Qing Ya, and then quickly hugged the two wives in his arms. His wish was finally half fulfilled.

"Ye Hua, stop making trouble. Something happened! That group of people came out again!" Qing Ya said in a deep voice.

Ye Hua was a little puzzled, the group being watched by Brittany?

"Isn't that group of people arranged by Ye Hua?" Donghuang Baizhi asked softly.

Qing Ya shook her head: "It's that group of people who wiped out the southern sects and the Ding Family back then."

Ye Hua: "..."

"How is it possible? Didn't we defeat that person at the beginning? Didn't he say that he wouldn't show up!" Donghuang Baizhi sat up immediately, her body was really sexy.

Qing Ya let out a sigh of relief: "Last night, the entire Tang family was wiped out."

"Which Tang family?" Ye Hua asked curiously.

"Tang Wushuang." Qing Ya said.

Donghuang Baizhi frowned: "Tang Wushuang is quite strong. How could he be killed?"

"I don't know." Qing Ya shook her head.

Chapter 520 (Qing Ya's guilt)

A hint of doubt appeared between Ye Hua's brows. In his opinion, Tang Wushuang was a man with many wives.

"All dead?" Ye Hua asked.

Qing Ya nodded with a sullen face: "Well, all... the forums in the cultivation world exploded, and everyone was discussing this matter. Did that group of people appear again?"

Ye Hua can be sure that it was not done by his own people. These killers are rather inhumane.

"I'm going to ask about the situation. Be careful." Ye Hua said lightly and disappeared from the bed.

Back in the Leisure Bar's bedroom, Ye Hua took a shower and put on a clean black suit. His neckline was slightly open, with a hint of rebelliousness.

"Brittany!" Ye Hua called lightly.

Brittany's figure slowly emerged, and she respectfully called out: "Your subordinate greets Your Honor."

"Did those people do anything last night?" Ye Hua leaned against the window and looked at the hot pot restaurant not far away again.

"They have!"

"Did they destroy the Tang family?"

Brittany said indifferently: "They did kill one last night, and it should be the Tang family that Your Honor mentioned."

"Reason?" Ye Hua took a puff of the cigarette. 'It really is this group of people.'

Brittany said in a deep voice: "For testing the evaluation."

"Evaluation test?" Ye Hua turned to look at Brittany.

"Yes, this subordinate heard about it yesterday. They said that there would be five-year rounds, and next year would be the beginning of the next one. There will be a lot of reincarnates and regressors, stronger than ever, so they plan to form a team to rob those powerhouses."

Ye Hua frowned at Brittany's words, every five years?

'This deity's appearance seems to be at this point. That is to say, after five years, will there be more powerful people? Interesting.'

"Who are they?" Ye Hua asked in a deep voice.

"Qing Tiandi, Feng Tian, Feng Di, Xiao Yi, Bai Cixin, and Wang Dabao. They are recruiting a large number of strong people and plan to form a team."

"Xiao Yi..." Ye Hua whispered. He really didn't expect this Xiao Yi to appear again, with his owner changed.

"Your Honor, this Xiao Yi is a field worker of the Space and Time Bureau." Brittany added.

Ye Hua was a little surprised, and a smile even appeared on the corner of his mouth: "If I remember correctly, Canglie Planet is the HQ of the Space and Time Bureau."

"Well, it controls the laws and regulations of the entire galaxy. Every node where an accident occurs, they will set up a branch, and the earth is one of them."

"So that's how it is. This deity has been here for five years, so why didn't the Bureau come to arrest this deity?" Ye Hua asked curiously, looking at the hot pot restaurant.

"They have a complete system. They will slowly observe the powerful ones and will not take action without authorization, while for the weaker ones, they will send out field personnel to subdue them."

Ye Hua snuffed out the cigarette: "So that's it, they are afraid of this deity."

"Your Honor can only be admired!" Brittany shouted in a low voice, as if not allowing others to slander him.

"Brittany, don't get excited. This deity is not so narrow-minded anymore."

"That's Your Honor's magnanimity."

He has indeed been generous since he got a wife. It was the fault of the two of them that he was about to become a philanthropist.

Brittany asked respectfully: "Your Honor, do you need to get rid of this group of people?"

"No, just keep watching. I want to see what else they can do." Ye Hua actually didn't want Brittany to make a move, but rather wanted Qing Ya to do so. After all, she was pleading for Xiao Yi at the time. He wants her to know that Xiao Yi is not worthy of her going against him.

"This subordinate will abide by Your Honor's wish!"

Ye Hua was quite satisfied with her attitude: "Jue Tian said..."

"Your Honor, Jue Tian has nothing to do with this subordinate anymore. I beg Your Honor not to mention him anymore."

"Forget it, I won't mention him in the future." Ye Hua shook his head. Brittany was determined not to reconcile.

"Thank you, Your Honor, for your understanding!"

"Go, don't overwork yourself."

"Yes!"

Watching Brittany disappear, Ye Hua lit a cigarette again. 'What do these people want? It will definitely not be for such a simple purpose.'

'That Qing Tiandi is a bit interesting. This deity hopes he can give a little surprise, and not be too weak.'

'Now this deity has to tell Qing Ya this "good news". It's really exciting and good news.'

Back in the Voidless Realm, Ye Hua summoned them and told them about his findings.

Sure enough, Qing Ya's face darkened. She didn't expect Xiao Yi to be involved in it even after he was beaten to death. She thought Xiao Yi was a pitiful person before, so she even had conflicts with Ye Hua, but she didn't expect him to be this kind of scum. Killing people all over the house!

Donghuang Baizhi's index finger tapped rhythmically: "The only reason for destroying the Tang family was to test the evaluation. This is outrageous!"

Ye Hua nodded: "It's really outrageous. I hate this kind of person the most."

Qing Ya apologetically glanced at him. She shouldn't have treated him like that.

Receiving Qing Ya's guilt-ridden eyes, Ye Hua felt refreshed.

"How are you going to handle this matter? After all, it happened in the south, so you have no reason to intervene." Ye Hua was very curious about their plans.

Ye Hua hoped that they could kill decisively, and stop being benevolent. Such people will die sooner rather than later.

Donghuang Baizhi said in a deep voice: "I will think about it carefully."

Qing Ya bowed her head and remained silent.

"Okay, if you don't want to do it, I can do it." Ye Hua said lightly. In fact, he didn't want to dirty their hands.

Qing Ya said in a low voice: "Ye Hua, leave this matter to us."

Ye Hua chuckled lightly: "Okay, then I will not meddle in between and just provide information for you."

After finishing speaking, Ye Hua stopped bothering their discussion and went to accompany Ah Li, like a good father.

Donghuang Li was also very happy. Daddy can accompany her for a day. Laughing all day long, she took him to walk around the whole Voidless Realm. Everywhere was filled with the laughter of little Ah Li, and the people of the Voidless Realm, seeing the little princess being so happy, also laughed.

If you told them that Ye Hua was the one who created the catastrophe back then, they wouldn't continue smiling. After all, so many of their relatives died in that battle.

In the evening, Qing Ya cooked a sumptuous dinner to reward Ye Hua. Of course, Ye Hua knew her intentions. He feels relieved that his efforts were not in vain.

However, just after eating, Qing Ya pulled Ye Hua to the boudoir and pushed Ye Hua down on the bed without saying a word.

This confused Ye Hua, Qing Ya was very active today.

Even very...very aggressive. He used to enjoy her passiveness, but tonight she retorted using her offense, which made Ye Hua act like a "lying corpse" for a while. He watched her frantically trying to curry his favor, or rather, to lessen her guilt.

After a long time, Ye Hua hugged Qing Ya tightly and asked aloud: "What happened tonight?"

Qing Ya, who was in Ye Hua's arms, let out a small cry, which panicked Ye Hua.
