

My Woman 541

Chapter 541 (He caught it!)

Qi Xuewen stabilized himself in the air, and his limbs were tightly pressed against the ring to increase friction. His fingers were stained with blood, leaving a long, shocking trail. After skating to the edge of the ring, he just stabilized, narrowly avoiding a fall if the ring was not big enough.

Ye Xiao was a little surprised, but he stabilized, which was impressive. The people in the south broke out in a cold sweat, relieved that they were stable. Meanwhile, the northerners laughed loudly, hoping that Qi Xuewen would fall so that Patriarch Ye could kill him later.

Ye Hua, who was watching from the stands, took notice of Qi Xuewen and was impressed by his perseverance.

Jue Tian's voice appeared in Ye Hua's mind, "Your Honor, he is the young man from last night."

Ye Hua thought that this young man was even more interesting and wondered what surprises he would bring.

Qi Xuewen stood in the field, anger boiling inside him as he heard the northerners' ridicule. 'Damn it!' he thought, 'I must win, I must!'

Without hesitation, he exchanged all of his dragon energy in the system for strength and speed, determined to keep up with Ye Xiao's speed.

After confirming the exchange in the system, Qi Xuewen felt a drastic change in his body, with increased strength and a lighter feeling. However, all the dragon energy he had saved for several months was gone. He had planned to build a dragon palace on the bottom of the sea, but now that seemed to be in vain.

Despite the loss, he had to win the game and at least place in the top three to comfort himself. His eyes turned cold, and he used the dragon energy to enhance his abilities. With a cold snort, he leaned forward and kicked off with tremendous force, breaking the solid bluestones in the arena.

Ye Xiao's face darkened as he saw Qi Xuewen's speed increase. Everyone was stunned by Qi Xuewen's abilities, which were hidden so deeply that they were only revealed when he exchanged his dragon energy. Ye Xiao dodged quickly, but Qi Xuewen adjusted his attack posture, violating gravity with ease.

Ye Xiao was startled and blocked Qi Xuewen's fist with his left hand, but Qi Xuewen still had his knee and pushed it up. Reflexively, Ye Xiao used his right hand to resist, breaking his own rule. The northerners were disappointed, while the southerners were ecstatic.

"Qi Xuewen, great job!" Xin Ba shouted, looking extremely excited. The people in the south followed suit, shouting in support. Meanwhile, the northerners stopped talking, and the southerners continued to shout.

Duan Hou calmly stated, "This Ye Xiao is getting old," and Jiang Yuanzhou agreed, "Yes, this young man is not simple, he hides very deeply."

Chu He added, "If they don't use their spiritual power, the speed of the two of them should be reduced to a lower level, but Ye Xiao's physical strength should be stronger than that young man."

Duan Hou said coldly, "No matter how strong the physical body is, it won't be able to withstand constant attacks. I hope Ye Xiao won't lose too embarrassingly."

Ye Xiao didn't plan to lose, but he didn't intend to lose to the unknown young man.

Both Ye Hua and his daughter were wrong about this, but Qi Xuewen is also an exception.

The huge dragon energy gave Qi Xuewen the ability to fight Ye Xiao, but only if spiritual energy wasn't used. If spiritual energy was used, the gap would be immediately evident since Qi Xuewen isn't a match for Ye Xiao.

However, the competition rules are set this way, and there's nothing that can be done about it.

"Young man, you're amazing!" Ye Xiao pushed Qi Xuewen away with his hands.

He didn't expect to lose so much face to this young man, and now he must kill him.

Aside from wanting to kill him, Ye Xiao was also surprised. This young man didn't have this speed earlier, but now he's exploded. He must have been hiding his strength, which is very meticulous.

Such a young person cannot be allowed to live, as they'll definitely be a disaster in the future.

Although Ye Xiao wants to drive the Queen from power, he remains loyal to the North.

Qi Xuewen could sense Ye Xiao's murderous intent and realized that he had angered Ye Xiao. Today won't end easily.

It seems that he must give it his all.

"Patriarch Ye, be careful!" Qi Xuewen didn't hold back anymore and initiated the attack.

His strange speed broke out again, and the "sharp turn" was a straight line impact, but a sudden turn made it difficult to defend against.

Ye Xiao snorted coldly, and an aura burst out, leaving everyone speechless. He still has this aura without using his spiritual energy, proving that he deserves to be the patriarch of the aristocratic family.

"You'll be beaten to death by me!" Ye Xiao's fist directly blasted out, and he chose to face Qi Xuewen head-on.

Boom!

An invisible airwave exploded immediately, sweeping the entire arena clean, capable of flattening everything.

The audience was silent once again.

Everyone from the North was stunned, but a small patriarch from the South had caught Ye Xiao's fist. How could this be?

When the Southerners saw Qi Xuewen catch Ye Xiao's fist, they cheered as if they'd been injected with chicken blood.

It was completely unexpected that Qi Xuewen could catch Ye Xiao's punch!

Even Qi Xuewen himself was a little confused, as he'd just caught a punch from the head of the family.

Chapter 542 (Angry from embarrassment)

Not only was Qi Xuewen confused, but Ye Xiao was also a little confused because he hadn't punched without spiritual power in a long time and didn't know the strength of his punch.

At this moment, Qi Xuewen was stunned by Ye Xiao, and he felt that his face was dull. Especially when he heard the whispers from the north, he became even more embarrassed and angry.

A burst of anger erupted from Ye Xiao's body, and he raised his right fist again. A terrifying aura burst out.

Qi Xuewen was not to be outdone, and slammed his right fist again.

The fists touched each other violently again, and the bluestone under their feet cracked instantly. The solid bluestone was shattered by physical strength alone, which surprised everyone.

This Qi Xuewen was worthy of being a new star in the south, amazing!

A huge wave of air swept across the entire arena. Qi Xuewen was confronted by Ye Xiao for several meters, and immediately spurted a mouthful of blood. Qi Xuewen was also fooled, thinking that he and Ye Xiao were about the same strength, so he used the same method to fight again, but he still suffered a disadvantage.

After all, he just added the dragon energy to the speed and not much power. How could it be possible to fight against Ye Xiao? This is what happens with overestimating oneself.

The northerners cheered again, as if Ye Xiao had made some amazing feat. The southerners looked at Qi Xuewen. Even if Qi Xuewen conceded now, they would not blame him, facing such a strong man, it doesn't matter even if he concedes.

But this punch did not break Qi Xuewen's confidence, and he even had a strong desire to fight in his heart.

Start cheating!

Qi Xuewen chose to overdraw his dragon energy to make up for his lack of strength! The intention of doing this is to defeat Ye Xiao and become famous in one battle! Replenishing his strength, Qi Xuewen took a deep breath, and just like before, he punched again.

Everyone thought that Qi Xuewen was crazy. He was bleeding from the beating just now, and he still chose to use fists. You should use speed!

Ye Xiao snorted coldly. He is really a young man who doesn't know the heights of the sky and the earth. 'So let me teach you how to be a man!'

Ye Xiao raised his right fist and slammed it out again! The two had another head-to-head confrontation.

This time, the bluestone under their feet cracked to a greater extent, and the airwaves generated were also more violent. Everyone stood up because the situation in front of them was too unbelievable!

Ye Xiao was knocked back five meters! Don't underestimate the five meters; Ye Xiao is the head of the aristocratic family!

And Qi Xuewen can be regarded as a ruthless character. He does not hesitate to overdraw his dragon energy to win. If he cannot repay the overdrawn dragon energy in time, the end will be very serious, even more serious than borrowing a loan!

"Ye Xiao was actually beaten back!"

"Our patriarch in the south actually beat back Ye Xiao!"

"Qi Xuewen!"

"Qi Xuewen!"

"Qi Xuewen!"

Everyone in the south began to shout in unison to cheer Qi Xuewen up, but everyone in the north seemed very depressed.

Hearing the shouts and cheers in his ears, Qi Xuewen suddenly felt that it was worth it.

But at that time, Ye Xiao was in a very bad state; his eyes were exuding a strange aura, his body was beginning to tremble slightly, and the shame in his heart was making his aura a little uncontrollable.

This damn kid actually didn't give him face! He made a fool of himself on such an important occasion! He must die!

A terrifying spiritual pressure immediately erupted, and Ye Xiao punched the void!

A fist-shaped aura attacking Qi Xuewen, exuding terrifying coercion!

It happened so fast that no one could react yet! This was the first time the patriarch of the northern family violated the rules and used spiritual energy to kill people.

Qi Xuewen regained consciousness immediately, and his aura burst out in all directions, making it impossible to conceal it. There was only a solid clash, and a golden spiritual wall immediately appeared in front of him, emitting a strong dragon aura.

However, when faced with Ye Xiao's fist, the wall seemed vulnerable, shattering instantly, but still weakened it somewhat.

Qi Xuewen placed his hands on his chest, and Ye Xiao's fist hit Qi Xuewen's arms hard. At that moment, Qi Xuewen felt as though his entire body was breaking apart, and his consciousness was detaching.

Suddenly, Qi Xuewen's body flew backwards, hitting the parapet hard and sinking into it. At this moment, he understood that the gap between them was unusually large, and then he passed out completely.

This result shocked everyone present. Ye Xiao had violated the rules and used spiritual energy to kill a future star in the south! It was really vicious! The people from the south immediately reacted.

"Ye Xiao, you are shameless!"

"Ye Xiao, you bastard, you violated the rules and used spiritual energy to sneak attack!"

"Spicy Chicken Ye Xiao, I look down on you! You're the head of an aristocratic family! Damn!"

At this moment, Ye Xiao's face was gloomy. He was in a rage just now, so he didn't think much about it. But it was good to kill him, so as not to develop in the future and become a potential opponent from the south.

Donghuang Baizhi didn't say anything, and Ying Jingshan saw that the Emperor didn't say anything, so he kept quiet.

At that time, Yu Quan appeared in the air, announcing the game's results.

"Ye Xiao, the Patriarch of the Ye family in the north, violated the regulations by using spiritual energy, and he will be disqualified from the competition! The winner is the Qi family in the south, Qi Xuewen!"

With a wave of Yu Quan's hand, several guards from the Voidless Realm pulled Qi Xuewen out of the protective wall, and then fed him the immortal water of the Voidless Realm.

Not long after, Qi Xuewen woke up.

This made Ye Xiao's jaw almost drop to the ground! This person wasn't dead; how was that possible?

If it weren't for the dragon energy body protection, Qi Xuewen would indeed have died, but unfortunately, Ye Xiao lost his wife and lost his army now. [Lost everything]

The northerners felt ashamed; this was a violation of the regulations to kill people, but the person wasn't dead, and they were saved by the Voidless Realm. It was too ironic.

At that moment, Ye Xiao had no face to stay at the scene and flew out of the arena in an instant.

Following Ye Xiao's departure, everyone in the south began to cheer for their first victory. Qi Xuewen took a deep breath, bowed to Her Majesty, thanked her for saving his life, and then bowed to Ying Jingshan.

Hearing everyone's cheers and fierce applause, Qi Xuewen felt that he had not lost anything. Although Ye Xiao had punched him away, without spiritual energy, it wasn't certain who would have won.

He returned to his seat, and Xin Ba hugged Qi Xuewen, saying, "Brother Qi, you are now my idol!!!"

"Cough, cough, cough..." Qi Xuewen coughed for a while, and there was also a slight internal injury that had not healed.

"I'm sorry... I didn't wish to hurt you." Xin Ba hastily apologized.

Qi Xuewen smiled and shook his head: "I won!!!"

"En! You won!"

The two looked at each other again, feeling that they had a romantic relationship...

In the stands, Donghuang Li said sweetly, "Daddy, you are going to sleep with Ah Li tonight."

"Okay... Daddy will accompany Ah Li tonight," Ye Hua said with a light smile.

Chapter 543 (Be careful, young man)

The entire northern stands seemed unusually sluggish.

On the other hand, people in the south had happy smiles on their faces, especially Qi Xuewen. After this battle, his name might resound throughout the cultivation world.

Yu Quan slowly announced the two sides in the next battle: "No. 100 against No. 200!"

Xin Ba was startled.

"Xin Ba, it can't be you," Qi Xuewen felt it was a coincidence, not a deliberate arrangement. Xin Ba was indeed number 100. He thought the number was auspicious, but he didn't expect to be in the second round.

"It's me," he smiled helplessly. Qi Xuewen patted Xin Ba on the shoulder to cheer him up. He took a few deep breaths, laboriously jumped up, stood on the top of the ring, and waited for his opponent. Everyone didn't know Xin Ba very well, so they assumed he was the new head of the family.

When Chen Xuanzong's figure appeared on the field, everyone in the north exclaimed. Chen Xuanzong was a dark horse in the north. If it were not for the lack of a godly item, he might be able to sit in the position of the family. Therefore, Chen Xuanzong's current strength had been pulled to the same position as the aristocratic family by everyone, and it should be impossible to lose.

The opponent in the last round was too insidious and hid too deeply. Otherwise, Ye Xiao wouldn't be so angry that he would resort to using spiritual powers.

Xin Ba had heard the story of Chen Xuanzong. This man became a dark horse in the north within a few months of his appearance. He heard that his strength was terrifying. "Master, what should we do? The opponent is very strong!" Xin Ba was in a hurry.

Qi Xuewen had just won a round, and he couldn't lose, otherwise, he would lose face. The crazy old man was silent for a long time and asked lightly, "Xin Ba, do you really want to win?"

"Yes, master, this is my fame battle, I can't lose." Xin Ba said anxiously. If he loses this battle, the road ahead will be even more difficult.

"Xin Ba, let me handle it, but I will only help you this time, and you will have to work hard on your own in the future!" The crazy old man seemed to be full of confidence.

Xin Ba suddenly felt a wave of confidence, and his whole body changed. "Thank you, master!"

"Xin Ba, relax your whole body, don't resist, there will be a little pain, and the master is about to enter your body."

"Master, come on, I'm not afraid of pain!" Xin Ba was ready to meet this strange pain. The crazy old man gave a soft smirk and immediately took control of Xin Ba's body. Sure enough, it was a little painful, but Xin Ba could still see the things in front of him.

Chen Xuanzong noticed Xin Ba's changes. If he was still a young man just now, he had now become an old man who had experienced many battles and had experienced numerous vicissitudes of life. Chen Xuanzong's brow revealed seriousness, the other party suddenly gave him a strong sense of oppression.

What's going on? Everyone felt the change in Xin Ba, and they were very curious.

"Qing Ya, it looks like your suitor is about to lose," Ye Hua said abruptly.

Qing Ya was getting bored on the side. 'This stingy husband became jealous.'

Donghuang Li exclaimed, "Ah, is this Qing Mama's ex-boyfriend?"

Qing Ya wanted to cry but had no tears. Where did Ah Li learn those words? Even "ex-boyfriend" came out.

Ye Hua was a little upset. He hugged his daughter and said, "Yes, this is Qing Mama's ex-boyfriend."

The words of her husband and Ah Li made Qing Ya speechless, and she explained, "Ye Hua, we were just friends before."

"The book says that there is no normal friendship between men and women unless the man is ugly," Donghuang Li's words gave Qing Ya a critical hit of 10,000 points. Obviously, this Chen Xuanzong is not ugly, but also very handsome.

Ye Hua also said, "Yes, there is no such thing as a normal relationship."

This time, Qing Ya was really enraged. Her beautiful eyes turned red in an instant, and a layer of water mist appeared. She felt so wronged to death.

"I have given birth to a child. My belly is so big, and you still talk about me like that, making it seem like I am having an affair behind your back. How can you say this?"

Donghuang Baizhi looked back and then gave her daughter a hard look. It was really rude!

Ye Hua didn't expect such a big reaction from Qing Ya. He just made fun of her, but now that there are so many people, he is too embarrassed to comfort his wife.

Donghua Li also knew she was wrong. She jumped off her father's arms and walked to Qing Ya, whispering, "Qing Mama, Ah Li is wrong. Please forgive Ah Li."

No matter how angry she was, she couldn't let the anger affect the child. Qing Ya squeezed out a smile. "Qing Mama didn't blame Ah Li."

Qing Ya didn't like Ye Hua making such jokes very much because she was loyal to him, and he accused her of having an affair, making her very uncomfortable.

"Qing Mama, Ah Li will tell you a joke, please," Donghua Li looked at Qing Ya and begged. 'If you didn't listen to Ah Li's jokes, she was about to cry.'

Qing Ya, who was very sad at first, got better. But if Ye Hua wants to coax his wife well, he has to work hard. He is really self-inflicted. He insists on teasing his wife about this kind of thing.

Xin Ba stretched out his palm to grab it and held an ordinary longsword in his hand, while his left hand rested naturally on his back.

At first glance, it doesn't look very eye-catching, but the aura exuded by Xin Ba is amazing. Holding a long sword, he seems to be a long sword, giving people an unbreakable and unclimbable mountain.

Xin Ba's eyes were calm, like lake water. "Don't you want to choose any weapons?"

Chen Xuanzong felt that he had met an equal opponent this time, and this momentum alone would not lose to the Patriarch of the aristocratic family!

Not only him, but everyone in the south had such thoughts.

Qi Xuewen had amazed them, but Xin Ba's performance was even more astonishing!

Qi Xuewen in the stands was also dumbfounded. 'How could Xin Ba be so strong?'

It seems that he also hides his strength.

Qi Xuewen reached out and grabbed a long knife, immediately swinging it twice. This watermelon knife was a level 6 thief weapon.

"Be careful!" Chen Xuanzong shouted in a low voice.

Xin Ba remained indifferent, saying, "Young man, you are the one who should be careful."

Young man? As the Devil Emperor, it was the first time he was called that. Seeing the immature face of his opponent, Chen Xuanzong snorted coldly and retorted, "Big words!"

Finishing his words, Chen Xuanzong's big knife whistled toward Xin Ba with incredible speed, even faster than Ye Xiao!

Chapter 544 (Killed Twice)

This made everyone exclaim, "It really is the dark horse of the north! He is so powerful!"

"If he was not tough, how could Duan Hou invite Chen Xuanzong in person?"

But Chen Xuanzong really underestimated this Xin Ba, or the crazy old man in his body!

Crazy Old's body flicked, and he dodged the blow impartially. The long sword in his hand had already been stabbed out, and hit Chen Xuanzong's neck!

This picture froze in an instant!

Spike!

It's really a spike!

The little patriarch in the south once again defeated the strong man of the north!

Xin Ba stared blankly at Chen Xuanzong in front of him. He dodged and stabbed out with the long sword in his hand. These two movements seemed to be just subconscious reactions, without any sloppiness, and even gave people a very elegant feeling.

'Is my master so powerful? Can he be so powerful without using spiritual energy...'

In fact, the crazy old man can't use aura. He is just a soul. Where will the spiritual energy come from? This kind of battle is most suitable for the crazy old man.

Ye Hua looked at Xin Ba in the field and found him interesting.

"There is Qi Xuewen and this boy in the south. They will be suitable toys for the future."

Qi Xuewen was dumbfounded.

Chen Xuanzong's sword was extremely tricky, but Xin Ba dodged it with the smallest distance difference, and the blade even rubbed against the corner of Xin Ba's clothes.

Either it's luck, or it's because his own strength is so terrifying, and he is very confident in himself.

Chen Xuanzong held the sword, his eyes showing horror. The majestic demon emperor was can't defeat the young boy in front of him!

The coldness on his neck can be clearly felt, and he almost died on the spot!

'I'm making a fool of myself, especially since Qing Ya is still watching me, and that damned Long Aotian must be laughing at me!'

You think too much. Ye Hua is not in the mood to laugh at an ant.

"Surrender. I'm not interested in killing you," Xin Ba said calmly.

As soon as these words were said, there was a sensation in the audience!

The title of King of Kings had been confirmed. This pretense is too awesome!

Everyone in the south suddenly cheered.

"This Xin Ba is too powerful. He instantly defeated Chen Xuanzong, the dark horse!"

"Hahaha, the northerners are nothing more than that. A patriarch of an aristocratic family and a dark horse were all defeated by our young general."

"That's right. This Xin Ba is very good at pretending, but he said such a thing. Chen Xuanzong will probably be pissed to death in the toilet."

It was true. Chen Xuanzong was very angry, but what could he do?

Using his spiritual energy will result in a loss.

Thinking of this, Chen Xuanzong raised the sword in his hand, regardless of the sword on his neck.

Clang!

Chen Xuanzong raised the sword again, as if to split the opponent in two.

But there was another chill coming from his neck.

The raised sword stopped!

He clearly provoked with his sword just now, so why did it happen again?

"I don't want to kill you, please don't go too far." Xin Ba said in a low voice, a pair of calm eyes exuded a ghostly aura, which made Chen Xuanzong feel cold. 'Who the hell is this?'

There was another exclamation throughout the whole process, two attacks! He almost got killed twice!

This is not luck; this is simply him being overpowered!

Looking at Xin Ba in the field for a while, the corners of his mouth curled up: "This young man is not bad."

"Yeah, luckily we weren't drawn." Jiang Yuanzhou whispered, acknowledging Xin Ba's strength.

Chu He didn't say anything and didn't want to say anything. This martial arts competition was filled with a sense of conspiracy.

The three families in the south were also discussing.

"These two boys are very strong, we have to be careful as we can't use our spiritual energy." Murong Zhi smiled, and didn't care too much since there will be no rules when they leave.

The same is true for Wu Sheng: "They are indeed amazing. When they grow up in the future, they should be the main force in the south."

Qi Xuewen was also surprised again. His view of Xin Ba changed, and the trace of pure friendship in his eyes also quietly slackened.

Everyone in the north was speechless. They were beaten by the southerners in the first two rounds. It was embarrassing...

Chen Xuanzong in the arena breathed heavily. In fact, it doesn't matter if he lost face in front of these people. The point is that he lost face in front of Qing Ya. It is really a shame. She probably looks down on him now.

"Drop your weapon and surrender, don't waste time." Xin Ba said lightly.

Chen Xuanzong can be regarded as a rational man; otherwise, he would not be able to reach the level of the Demon Emperor. If he knew that he was not an opponent and continued to fight, he would be humiliating himself.

He put away his knife, cupped his hands, and returned to the seat.

All in one go, like a winner.

Yu Quan appeared in the void again.

"Chen Xuanzong admits defeat; Xin Ba wins!"

As Yu Quan called out the results of the game, the northerners sighed, while the southerners were elated.

The crazy old man quietly left Xin Ba's body, and Xin Ba also returned to the stage, standing beside Qi Xuewen: "Brother Qi, how was it just now?"

"Xin Ba, you're very powerful, and you've hidden it very deeply." Although Qi Xuewen was smiling, there was vigilance in the depths of his eyes.

Xin Ba didn't seem to feel it. He grabbed Qi Xuewen's shoulder and said with a smile, "Let's go drink tonight."

"Haha, okay."

The game was still going on. Ye Hua lost interest after watching two games. The first two games were still worth watching, but the latter ones were like children fighting. It was no fun at all.

He simply dragged Qing Ya out of the arena. Chen Xuanzong saw this, and his hands were tightly clenched. It seemed worse than losing!

"Are you angry?" Ye Hua asked calmly as he pulled Qing Ya into the nearby woods.

"Hmph!" Qing Ya snorted coquettishly. The meaning was obvious: shouldn't she be angry

Ye Hua said in a deep voice, "If I don't kill Chen Xuanzong, I am already giving you a lot of face!"

"Are you still angry with me because of him?"

Qing Ya bit her lip. Ye Hua was too domineering.

"I am not angry with you because of him, I am angry because you don't believe me," Qing Ya cried instantly.

Ye Hua realized that he had learned the wrong lesson and misunderstood the situation.

The deity suddenly panicked. How could he coax her?

Search online.

"Well... the weather is nice today, Qing Ya. Don't you think so?" Ye Hua hesitated, as he was not good at coaxing his wife.

Qing Ya cried pitifully, feeling hurt that he suspected her of being unfaithful.

Ye Hua sighed softly, wiped the tears from the corners of Qing Ya's eyes, and gently hugged her. "I'm sorry, I blamed you."

Chapter 545 (I disagree!)

Qing Ya beat his chest with her small fists and said, "Ye Hua, how could you doubt me like this?"

Ye Hua followed his wife's back, also quite speechless.

Ye Hua said helplessly, "Okay, it's alright if I'm jealous." Coaxing your wife is really a technical job; it's really embarrassing not to have any unique skills.

"We've all gone through so many things, don't you still understand me? I'm also slowly changing for you." Qing Ya choked up and said. In fact, Qing Ya was also under a lot of pressure in her heart when she did such a thing.

Ye Hua said softly, "Well, I know it all, I am narrow-minded."

"You scoundrel, you only know how to bully me. When my son comes out, I will let my son teach you a lesson, and you will only know how to bully my mother."

"If he dares, his butt will be swollen," Ye Hua said disdainfully. He caressed Qing Ya's long hair and said, "Okay, don't be angry, if Ah Li sees you crying, your image will be gone."

"It's all your fault," Qing Ya wiped the tears from the corners of her eyes.

"Okay, okay, it's all my fault." Seeing Ye Hua's helpless look, Qing Ya let out a chuckle. He is really a man that she loves and hates at the same time. She will be in his care for the rest of her life, so he will expertise in coaxing her.

"Let's go back to rest first. I haven't hugged you well these days."

"Hmm," Ye Hua put his arms around Qing Ya's waist and walked towards the dormitory generously. This martial arts competition is no longer interesting.

As for Chen Xuanzong who was peeping, he would find an opportunity to kill him in the future. How could he mess with the woman of the deity? Chen Xuanzong was indeed peeping from a distance, and seeing Qing Ya crying, his heart was about to bleed. But seeing that Long Aotian coaxed Qing Ya back with sweet words, he felt even more uncomfortable. This Long Aotian is really the most flamboyant character, and will never change!

'Wait, Long Aotian, sooner or later this Demon Emperor will take your life, and let Qing Ya see your true face, then sneak in and embrace the beauty.'

The next two days of competition were still in full swing. The south was considered a complete victory, while the north became more and more depressed and almost became autistic. Even the patriarchs of the aristocratic families lost the battle, just watching the southerners compete for the fruit.

The northerners put all such grievances on the head of the Voidless Realm.

In the blink of an eye, the last day of the competition came. This day was sunny and suitable for family outings. Of course, this was true for ordinary people, but for both the North and the South, today was a big day.

The southerners were vying for the final place, while everyone in the north was planning a usurp.

The atmosphere in the entire arena was very depressing! The casualties in the contest this time were not that exaggerated. Maybe because some people conceded defeat at the beginning, and if they couldn't beat them, they also conceded, which became the norm.

The northern family sitting below began to discuss in low voices.

"This time, the Emperor brought a total of 50 guards, which is not a lot, so we don't need to worry," Jiang Yuanzhou said.

"Who will be the first to start?" Ye Xiao asked lightly.

Duan Hou said softly, "We don't need to. Those northern patriarchs can't help but question. Don't worry, everything has been arranged. We just need to use our words."

"That's good," Jiang Yuanzhou breathed a sigh of relief. At this point, there was no turning back.

Chu He's face was heavy, and he really wanted to report these troublemakers.

In the stands, only Donghuang Baizhi and Ye Hua were present. Qing Ya took Donghuang Li and waited in the dormitory. After all, the scene was a little bloody, and children couldn't see it.

In fact, Donghuang Li knew about it and also understood her parents' intentions.

She seemed very obedient and well-behaved, not noisy, and talked with Qing Ya, or chatted with her unborn brother.

Ye Hua said calmly, "Baizhi, it seems that the top three are all from the south."

"That's right. There is only one person in the top ten in the whole north, so he's rather lucky," Donghuang Baizhi said helplessly. This was obviously a scheme against her. Many people deliberately lose, and it seems that they are all planning to usurp.

"This Qi Xuewen and Xin Ba are pretty good," Ye Hua said indifferently as they competed for the championship and runner-up.

Donghuang Baizhi chuckled, "That's right. The champion and runner-up of this martial arts competition are not the patriarchs of those aristocratic families but these little patriarchs."

"They hid deep," Ye Hua said as he took out a cigarette and lit it. Smart people are not scary, but people who play dumb are scary.

"After today, the north may be suppressed by the south," Donghuang Baizhi said with a melancholic tone, full of helplessness.

Ye Hua exhaled a puff of smoke and said lightly, "It's not so easy to be an Emperor."

"Sometimes I really don't want to be."

"Soon."

Donghuang Baizhi was a little confused. What did he mean by soon? Ye Hua always wants to take revenge. There is a vast world over there, and there is no need to be so restrained.

Qi Xuewen and Xin Ba fought in full swing, and Xin Ba obviously had the upper hand. It seems that the crazy old man is indeed very strong.

At this moment, Qi Xuewen felt something. The person in front of him was not Xin Ba at all, but an old man!

"Brother Qi, admit defeat," the crazy old man imitated Xin Ba's tone and said.

Qi Xuewen was thinking about whether to continue to overdraw the dragon energy, but he felt it was not worth it. The difference between the first place and the second place is 30 longevity fruits. Can these 30 longevity fruits be exchanged for those precious dragon energies?

It seemed a bit uneconomical.

Thinking of this, Qi Xuewen made up his mind, let go of his fist, and cupped his hands. "I admit defeat!"

After Qi Xuewen finished speaking, everyone in the south applauded, and Yu Quan also stood up and shouted, "The champion of this martial arts competition belongs to Xin Ba, the patriarch of the Xin family in the south!"

Yu Quan stood in the void, waved his big hand, and saw the guards of the Voidless Realm bring out the prize: longevity fruits! The bright red fruits exuded a delicious smell, making everyone salivate.

Xin Ba received one hundred longevity fruits, which was a lot, and Qi Xuewen received seventy.

This time, all the longevity fruits were divided up by the south. Looking at the delicious fruits, the northerners couldn't sit still and seemed to want to rush and snatch them.

The South was already anticipating it. The men and horses on both sides were already at war!

"I disagree!" someone shouted loudly in the northern crowd, expressing dissatisfaction with the competition's result. However, it was obvious that the entire Voidless Realm was aimed at.

Chapter 546 (Feast of Blood)

This surprised everyone.

The patriarchs in the south thought they were dissatisfied, but they immediately started clamoring. "A group of spicy chickens will complain if they are beaten. You should go home and hug your wife to sleep."

"That's right, it's embarrassing to come out, if you can't even afford to lose!"

"I thought how powerful the Patriarch of the North is, but they're all spicy chickens."

Qi Xuewen and Xin Ba put away the fruits of victory in the field and returned to the people in the south, lest the northerners suddenly explode and catch them in seconds.

"I don't agree either!"

"I don't agree either!"

The whole north shouted their hearts out, even turning it into a chorus of shouts. Everyone's eyes were on Emperor Donghuang Baizhi on the high platform.

At this time, everyone in the south knew that what they were dissatisfied with was their own giant, Voidless Realm.

Ying Jingshan remained silent. The Emperor did not speak, and he did not dare to act rashly.

The Patriarchs of the northern families laughed in their hearts, 'Emperor! Today is the day you step down!'

Donghuang Baizhi sighed lightly. "What is meant to come, will come."

Standing up slowly, Donghuang Baizhi shouted softly, "Who are you dissatisfied with?"

"The Voidless Realm!"

"The Voidless Realm!"

"We don't accept the Voidless Realm!"

The Patriarchs in the north were very excited, shouting with red faces. Shouting about their Emperor in front of the southerners is completely disrespectful.

"Why don't you accept me?" Donghuang Baizhi asked lightly.

"The Longevity Fruit is clearly under the control of the Emperor. Why do you want the southerners to participate? You are a giant in the north, not their southern giant!" One of the patriarchs asked loudly, very rhythmically. Following his shout, everyone nodded in response.

Donghuang Baizhi asked calmly, "Then what do you want?"

"Since the Emperor can't take care of us in the north, then we'll choose another giant!"

As soon as these words came out, the audience was silent, and the people in the south were dumbfounded. Those who were emotional were ready to force the palace! Who gave them such courage?

Donghuang Baizhi looked at the aristocratic family in the north. "What do you think?"

Dongfang Yu'er remained silent because she already knew what was going to happen next, so she acted indifferently. However, the faces of the other four people were a little gloomy. At this time, there was no turning back.

Duan Hou stood up slowly. "Your Majesty, I think what these patriarchs say makes sense."

"Your Majesty, this magnate wants to protect the interests of the northern forces, and your actions are thoughtless." Jiang Yuanzhou also said with his hands clasped.

At this time, Ye Xiao also stood up and said with a smile, "Your Majesty has worked hard these past few years, why not retreat to the city and enjoy life?"

Chu He was silent, feeling bad.

The corner of Wu Sheng's mouth twitched. "We just want ancient artifacts, but they are awesome enough to want the entire Voidless Realm!"

He Tian was also quite shocked. "Yes, these northern families have such a big appetite."

"Maybe it can be done, after all, such a practice of Voidless Realm will indeed cause public anger." Murong Zhi said lightly.

Donghuang Baizhi scanned the entire northern forces and asked, "You want me to abdicate?"

After a while, he still seemed very respectful and said, "Your Majesty, the interests of the north are the most important thing. This time, the entire north did not get the longevity fruits, and all of them were taken by the southerners. Our interests were all given away by you, Your Majesty."

"Patriarch Duan is right. Your Majesty doesn't care about our interests, so let someone else be the giant!"

"That's right! Change to someone who can protect the interests of the north."

"Your Majesty, you should go back with your men and have a baby."

"Ha ha ha ha!"

Everyone in the north laughed.

Donghuang Baizhi took a deep breath and said lightly, "Since you are determined to do so, then let's vote and choose. Those who want me to abdicate will stand on the ring."

Ye Xiao and the others were overjoyed, they seemed to be planning to compromise after hearing what the queen meant.

This is also normal. Facing everyone's questioning, and it is formal questioning, how can she justify it?

The northern forces began to make choices, while the southerners were watching a show, which was much more interesting than a martial arts contest.

Not long after, the entire arena was filled with black people, and only twenty people were still sitting there, not moving.

Among them was Chen Xuanzong. Although he hates the man above, he will not oppose the Voidless Realm because of Qing Ya.

Ye Xiao, Duan Hou, and Jiang Yuanzhou also stood up, and the meaning was obvious.

"Chu He, aren't you coming?" Duan Hou looked at Chu He coldly and asked.

Chu He was silent and sat with Dongfang Yu'er.

Ye Xiao snorted coldly, "Chu He, don't regret it!!!"

After all, Chu He didn't stand in the arena and chose to support the Emperor.

Donghuang Baizhi frowned deeply. Although her face was calm, her heart was turbulent. She didn't expect so many people to dare to turn against her. She was really disappointed.

It turns out that a longevity fruit can arouse their selfishness. No wonder they have to hide it for so many years.

Duan Hou cupped his hands and said, "Your Majesty, you have also seen that this is the voice of all the northern Patriarchs, and there is nothing we can do about it."

"Your Majesty, the matter has come to this. Please decide," Jiang Yuanzhou said in a deep voice, very threatening.

Ye Xiao looked even more arrogant, raised his head slightly, and shouted, "The giants in the north should be made by those who are in charge, not those who betray the interests of the north! Don't you think so?"

"Patriarch Ye is right!"

"That's right. We don't need such giants!"

"We want a giant who thinks of the North, not the convenience of the South!"

And the guards of the Voidless Realm still stood by, without any movement, which gave people the illusion that the Emperor seemed to be about to compromise.

The southerners began to whisper, guessing that the Emperor would abdicate.

If she doesn't abdicate, how will she solve the anger of these people? Is it possible to kill them all?

"It should be impossible. This Emperor should not have such courage. After all, she is a woman, not as firm as a man."

"This Emperor has been the head of the Voidless Realm for many years, and this is the first time I have encountered such a situation. Maybe you think that this Emperor is a little indecisive, but your performance today has shown me how to be an Emperor correctly!" Donghuang Baizhi's face was covered with a layer of frost, and a murderous aura suddenly emerged. Her slender hands clenched into fists.

The ring in her hand emitted a blue light, covering the entire arena, and the feast of blood was coming!

Everyone in the venue turned pale with fright. What did the Emperor mean? Was she crazy?

Chapter 547 (Kill innocent people, indiscriminately)

At this time, everyone in the arena was a little panicked because the queen's move was releasing bad news.

However, what makes everyone curious is that the guards in the Voidless Realm still don't make any moves, and Ye Xiao, Duan Hou, and Jiang Yuanzhou's complexions turned a little dark.

"What does the Emperor mean? Are you going to kill us all? Aren't you afraid of the accusations of the people in the world?" Duan Hou stepped out of line and pointed at Baizhi in an arrogant posture that did not let her go unnoticed.

Ye Xiao shouted angrily, "Emperor, all the forces in the north are here today. Don't you want to learn from the Ji family?"

"Emperor, if you dare to touch one of our hairs today, you will be ridiculed by the world!" Jiang Yuanzhou also shouted loudly.

The Northern Patriarchs behind them also began to clamor and even insult the Emperor with dirty words.

The people in the south were also a little worried. What if the Emperor gets angry and kills everyone? But seeing their giant sitting there, they felt a little relieved. Fortunately, the Ying Family were here; otherwise, they might even piss themselves.

Suddenly, Ye Hua, who had been sitting still, stood up and went to stand beside Donghuang Baizhi, while Donghuang Baizhi stepped back a few steps and stood by the side of her throne.

Ye Hua sat down, and Donghuang Baizhi just stood beside him. The actions of the two made the people present puzzled. 'What do you mean? I don't understand it at all,' they thought.

Ye Hua took out a cigarette and a lighter, the crisp sound of lighting seemed to ignite fear in everyone's hearts. Sparks radiated from the cigarette butt, a puff of blue smoke rose slowly, and Ye Hua squinted his eyes as he looked at the crowd, flicking the ash. "You want my woman to step down, have you asked my opinion?" he asked.

"Aren't you the Emperor's man, what a fart!" Someone in the crowd shouted disdainfully.

Meanwhile, Chen Xuanzong in the stands looked as if he was watching a good show, and Long Aotian liked to pretend as always.

Donghuang Baizhi's beautiful eyes turned cold, and the ring on her hand shone red. Suddenly, the man who had just yelled burst into a cloud of blood mist, and the scorching blood dripped on the bodies of the people around him. Such a move scared everyone! The southerners' scalps felt a little tingly.

The people in the arena were even more shocked. They couldn't accept the Emperor's sudden change. 'Isn't this a tyrant? Totally unreasonable,' they thought.

Jiang Yuanzhou's face darkened, and he shouted: "Your Majesty, what do you mean! You dare to kill an innocent northern patriarch, you are still a northern giant?"

Donghuang Baizhi's ring flashed red again. Jiang Yuanzhou's complexion changed drastically. He felt his body being pulled violently, and the aura in his body seemed to explode! In an instant, Jiang Yuanzhou's body exploded just like the one before. Ye Xiao and Duan Hou were covered in blood, both of them looking very shocked. This Emperor really dared to kill! No, she was demonstrating, killing chickens to make an example to the monkeys.

But what kind of ring was that? It could kill a small patriarch in an instant, but also kill a patriarch of an aristocratic family in an instant. What was it?!

Ying Jingshan was shocked by the ring in Donghuang Baizhi's hand. If it was him, his back would feel cold.

Ying Kangshi behind him was very proud. 'That is my fiancée, amazing! I met my fiancée in my dream last night. I had a great time,' he thought.

Wu Sheng and the other three looked confused. 'Is this the strength of a giant? It's completely unreasonable! Killing people is like killing chickens!' they thought.

Ye Hua took a deep breath. "You may not realize that when I talk, I don't like to be disturbed!" he said. "So, let me ask again, did you just want to drive my woman off the throne?" Ye Hua's eyes flashed with cold light. This group of people was really courageous.

"So what? We don't need a giant who kills innocent people indiscriminately!" one of them shouted.

"The Emperor should step down!" others joined in.

Hearing such roars, Ye Hua sneered. "Then I'll show you what it means to kill innocent people indiscriminately!"

The ring on Donghuang Baizhi's finger immediately emitted a blue light.

Fifty Patriarchs walked out of the arena, and it could be seen from their expressions that they were controlled.

"What are you doing? Let me go!"

"Damn woman, let me go!"

"I don't want to play anymore. Don't you dare touch me! Let me go!"

Fifty Patriarchs walked slowly to the bottom of the high platform, neatly kneeling on the ground and lowering their heads.

At this moment, the guards of the Voidless Realm finally moved, walking toward the fifty people with heavy steps and standing beside everyone in an orderly manner.

A man was kneeling and stretching his head, and a guard with a knife stood beside him, which seemed to remind people of something.

The faces of the Southerners were full of fear, and they felt that their breathing was a bit difficult!

And Wu Sheng and others swallowed hard. This...this will be a cleansing, the Emperor's iron-blooded cleansing!

The originally clear sky had been covered by dark clouds, and the gloomy weather made the entire martial arts arena even more depressing, making it hard to breathe.

Fifty Patriarchs knelt on the ground, feeling the people around them, wanting to look up, but they couldn't control their bodies.

Ye Hua exhaled a puff of smoke and said lightly, "If you want to kill innocent people indiscriminately, then I will show it to you!"

With a big hand move from Ye Hua, the guard of the Voidless Realm immediately pulled out the blade in his hand.

Clang!

The knife and the scabbard made a heavy metal sound, the knife was shining with white cold light, and the faces of the fifty guards were calm. When they dared to turn against the Voidless Realm, it was already a death penalty!

Brush!

Uniform movement!

Fifty heads rolled to the ground, fifty corpses fell down, a large amount of blood sprayed out, scarlet liquid flowed instantly on the ground, and some corpses were even struggling feebly.

Such a scene stunned everyone, not only the North, but even the heads of the Southern families showed terrified faces. This Emperor is so ruthless!

After today, she will become a Crimson Emperor!

Looking at the corpses, everyone in the arena felt their legs were numb, their lips were trembling, and they wanted to run, but they couldn't use any strength at all.

Ye Xiao and Duan Hou were also stunned. The most terrifying thing happened. This empress really dared to kill!

Ye Hua leaned slightly on the throne, took a last breath of the cigarette, and flicked off the cigarette butt. The slight flame drew an arc in the air and fell into the pool of blood, extinguishing it.

"I will tell you, my woman, you will never be able to provoke her in your life!"

Chapter 548 (Killing without mercy)

"Domineering!" yelled Xin Ba. His eyes exuded admiration. "This is a real man!"

Qi Xuwen stared at Ye Hua, as if he had refreshed his worldview. "No wonder he was able to win the favor of the Emperor and the heroine. Just based on what he just said, no woman cannot not love him."

Wu Hao, the suzerain of Yun Family, seemed to have stopped talking about what he was thinking, this man is not something he can surpass, and he can't learn such a majestic look. He can't even learn that low tone; he's too manly!

Chen Xuanzong was also stunned for a moment. "This Long Aotian is too good at pretending. Qing Ya must have been tricked like this!"

The queen unexpectedly appeared with a pretty face.

Ying Jingshan was also shocked in his heart. Such words from Your Majesty are truly unprecedented. He can only admire her, worship, and serve her."

Ying Kangshi behind him tightly clenched his fists. One day he would be able to do the same, and the Emperor would definitely fall in love with him at that time. Thinking about it, he was a little excited.

When people in the south marveled at Ye Hua's aggressiveness, they were also frightened by this iron-blooded method. The scarlet blood made people shudder, and the heads and eyes were wide open, as if they couldn't believe this reality.

Murong Zhi murmured: "The north has changed."

"That's right, the realm of Voidless is going to change!" Wu Sheng looked at those headless corpses and those guards in the Voidless Realm. His throat wriggled up and down.

He Tian was speechless. His whole body was numb.

At this time Yu Quan appeared again and shouted in a cold voice: "All the Patriarchs in the north have offended and blatantly disrespected Her Majesty, and forced Her Majesty to abdicate in order to achieve the purpose of usurping her!"

After Yu Quan announced the result, the audience was silent again. All capital offenses?

The people in the south were astonished. With this slash, the entire northern power fell directly, just like the original south!

"Donghuang Baizhi! You have no right to condemn us, everyone revolt!" Ye Xiao roared, his handsome face became distorted and terrifying.

Duan Hou even planned to have a sinking boat and shouted: "Donghuang Baizhi!"

Donghuang Baizhi looked very calm now, and she couldn't see the turmoil in her heart at all. As her slender hands tightened, the ring in her hand emitted an orange light.

Horrible things happen! More than 400 people in the arena screamed in horror, like howling ghosts and wolves, it was extremely miserable.

The sky became dark, and bursts of roaring sounded suddenly, adding a bit of horror to the atmosphere.

"This... what is that!"

"Their spiritual energy has been drawn away, how is this possible!"

"How on earth can this be done? It can actually extract spiritual energy from a person's body!"

Waves of white aura floated out from everyone, even Ye Xiao and Duan Hou. This aura was no less painful than bone grinding, worse than death.

Originally, Donghuang Baizhi didn't plan to kill them, but she did not expect that they would dare to continue to rebel and wipe out the last pretense.

The title of Crimson Emperor is considered solid.

In the following time, Donghuang Baizhi became even more cruel and ruthless. Later, people gave her the resounding title, the Goddess of Despair.

The miserable cries continued, and a large group of white spiritual energy gathered in the air. With a snap of Donghuang Baizhi's fingers, the huge spiritual energy dissipated into the air, submerged into the clouds, and raindrops slowly fell, drenching everyone's bodies.

Originally, everyone was already chilled, but the rain made it even worse, as if their entire bodies were about to freeze.

More than 400 people in the arena had been stripped of their spiritual powers, and were no different from ordinary people. They gasped heavily, their eyes full of fear, their clothes soaked by the heavy rain, and the rain sliding across their terrified faces. They were completely unable to speak.

"Continue!" Donghuang Baizhi yelled coldly.

Ye Hua was very satisfied with Baizhi's attitude. 'After this, this deity's woman would annihilate the kindness in her heart. This was a good beginning!'

The heavy rain became heavier and heavier, and the pool of blood on the ground formed a small, bright red pond, which was terrifying and desperate.

This time, Donghuang Baizhi didn't use a ring to control them, but the guards of the Voidless Realm brought them down.

"No! Your Majesty, please spare me. I know I was wrong. I will never dare again!"

"Your Majesty, don't kill me. I didn't mean to. Please spare me this time."

"Your Ladyship, I miss my wife and children. Please don't kill me."

"Your Majesty, my wife just gave birth to a child, and I haven't seen the child yet. Please spare me."

The people escorted by the guards began to beg desperately, and even a few of them had weak legs. However, they were dragged away by the guards, and then escorted to kneel beside the corpses.

The Patriarchs who had been stripped of their aura lowered their heads firmly, fear and panic written on their faces. They were especially afraid when they saw the corpse in the pool of blood because they knew that would be them soon.

Seeing this situation, the surviving northern Patriarchs felt very lucky. Fortunately, they did not rebel, otherwise, they would have become corpses.

Chu He was afraid after thinking about it for a while. "God bless my Chu family..."

The downpour fell like silk threads, and the audience was silent, all watching the fifty people kneeling on the ground.

Donghuang Baizhi waved her hand.

Clang!

The sound of the blade suddenly rang out again, and the rain fell on the blade, washing away the blood and making the blade look even sharper.

Every guard of the Voidless Realm showed no mercy, and the rain slid over those firm faces.

"Kill!" Donghuang Baizhi yelled lightly.

"Your Majesty, please spare me!"

"Your Majesty, don't kill me!"

"Who will save me? I don't want to die!"

"I really don't want to die!"

The knives swung neatly, silver light flashed, and the whole world was quiet, with only the sound of the rushing raindrops.

There was already a sea of blood under the high platform, even the guards' boots were drowned.

Donghuang Baizhi, wearing a gorgeous purple robe and gold crown, looked on indifferently. "Continue!"

The sound of begging for mercy resounded throughout heaven and earth, and the people on the ring cried out, pleading with God for mercy. They didn't want to die, so couldn't their crimes be forgiven?

The heavy rain showed no signs of stopping; it only grew stronger, soaking everyone's vision. It was as if the heavens were mourning and crying for this scene, but there was nothing they could do.

Groups of people were detained under the high platform and received the most severe punishment without any sympathy or mercy.

The flash of the knife continued repeatedly, and the corpses piled up higher and higher, with their heads already submerged in blood.

Everyone in the south was numb. The killings taught them the iron rules. If they broke the rules, there was only one end.

Chapter 549 (Deities, save me)

Looking at the queen on the high platform and the man on the throne, everyone felt uneasy, for they were both unnervingly calm. Has the pity in their hearts been erased?

Fewer and fewer people remained in the arena; some fainted from fear, but none could escape death. Until only Ye Xiao and Duan Hou were left.

The guards of the Voidless Realm dispersed once again to protect the area. Their silver-white armor was stained with blood that the heavy rain wouldn't wash away anytime soon.

Donghuang Baizhi watched everything unfold with indifference. "The authority of the Voidless Realm cannot be violated by anyone," she said.

Duan Hou suddenly laughed and chuckled. "The authority of the Voidless Realm? Haha! I'm laughing! Why didn't you mention authority when the Dongfang Family suffered the tragedy, Chu He? Do you think you can escape? We framed the Dongfang Family together back then."

Dongfang Yu'er, who had been silent for a long time, was moved to tears as they finally admitted their wrongdoing. "As for Donghuang Baizhi, your father killed all the male members of the Dongfang Family. What kind of authority is that when he knows the Dongfang Family is innocent? It's all a load of rubbish!"

Chu He turned pale with fright. He didn't expect the empress to implicate herself before she died. He hurriedly knelt and pleaded, "Your Majesty, please spare me."

"Chu He, how many people begged for their lives earlier? They all turned into headless corpses. Do you think Donghuang Baizhi will spare you? She's a devil! A murderer!"

"Haha! Donghuang Baizhi, you'll face retribution. You've killed so many people, just wait for the deities to descend! They'll destroy your Voidless Realm, hahaha!!!" Ye Xiao was completely out of his mind, and his speech seemed incoherent.

Duan Hou also laughed loudly. "Yes, Duan Hou calls on the deities to execute this damn Donghuang Baizhi!"

A golden glow descended from the sky! The heavy rain stopped instantly, the dark clouds dissipated, and the mild sun illuminated the earth again.

This situation made everyone stunned. Had they really called on the deities? It was like a deity had answered their call.

Ying Jingshan was very excited and stood up. Only three figures could be vaguely seen in the golden light.

This allowed Ye Xiao and Duan Hou to see their last hope. The deities had descended, and those in the Voidless Realm would receive the severest punishment.

The two sneered inwardly. Punishment?

Now it's Donghuang Baizhi's turn!

A wave of divine power immediately spread out, affecting everyone.

It was truly a deity...

Ying Jingshan was stunned, and immediately bowed down. All the people from the north and the south followed, bowing respectfully. Even the Ying Family knelt. There was no reason for them not to.

However, Ye Hua and Donghuang Baizhi watched indifferently.

Gradually, the golden light dissipated. Three figures appeared in the center of the ring. In front stood a woman, wearing a white shirt and skirt, her long hair cascading down her back. Her delicate skin resembled white jade, and she exuded a coquettish aura, having been well-moisturized by a man recently. Her purple shirt looked radiant.

Standing behind are Hong brothers, wearing green and red robes, with a bunch of long hair reaching their waist, looking very stylish.

The three of them came here today for a guest appearance because Ye Hua knew that they would pray to the deities, so he will give them hope!

All the people present swallowed their saliva when they saw the three people who came out of nowhere. Is this a deity?

"That woman is so beautiful, and behind her... Are the deities so fashionable? Hair dyed... Forget it, ignore these details, these are real deities. In these two days I have not only seen giants but also deities, I am content in this life!"

Qi Xuewen whispered, "Is this a deity? It's so powerful!"

"Yeah, I can't breathe because of the divine power," Xin Ba looked at the three people in the field with horror.

Wu Sheng and the others also knelt down obediently, worthy of being deities, the divine power exuded made people fear in the heart, that lofty aura seemed to be able to dominate everything!

Zi Shan is a deity in the first place, and it couldn't be easier to unleash divine power.

"Lord deity, save us!" Ye Xiao knelt on the ground and crawled in front of Zi Shan, and kowtowed vigorously, his forehead was immediately stained with blood, and he kowtowed desperately.

The same is true for Duan Hou, the veil in the kowtow fell off, and everyone saw the face of Duan Hou, compared with the high deities, it is simply...

Duan Hou begged and shouted, "Lord deity! Donghuang Baizhi killed innocent people indiscriminately in an attempt to disturb the world. Look at these corpses. They were killed by that damn bitch Donghuang Baizhi. Please give us justice."

"Lord deity, this Donghuang Baizhi is inhumane, deprived us of our spiritual energies, and killed countless innocent people. We respectfully ask the deities to choose someone else for the position of the giant." Ye Xiao still doesn't give up and wants to drive Donghuang Baizhi from power.

After hearing this, Zi Shan ignored it and walked forward with the two "deities" behind her.

Everyone watched this scene, their hearts beat faster, and they were trembling with nervousness.

Will the Voidless Realm fight with the deities? Obviously impossible. It seems that the Emperor is going to suffer a disaster today. After all, she is encountering such a powerful deity. How can the entire Voidless Realm be the opponent of a deity?

It seems that the deities are going to attack the Voidless Realm. The Emperor is going to be unlucky, and that man is going to be very unlucky!

If you offend someone like a deity, you have no chance to survive. What a pity... it's a pity...

Faced with the sudden change in the situation, everyone mourned silently in their hearts. After all, no matter how powerful the Voidless Realm is, it is impossible to be stronger than the deities. Even if the deities come with only three people, they can destroy the Voidless Realm.

"Subordinates see the Emperor!"

Following Zi Shan's coquettish shout, the three of them knelt to Donghuang Baizhi.

At this moment, everyone is dumbfounded. Is this an auditory hallucination? Or hallucination?

The deity actually knelt in front of the Emperor and claimed to be her subordinate.

"How can this be?"

This is a deity, an existence stronger than a giant. How could she kneel in front of the Emperor?

Ye Xiao and Duan Hou were dumbfounded. They stared blankly at the kneeling deity. They couldn't believe that the deity had knelt to Donghuang Baizhi.

'It must be an illusion. It's a hallucination,' they thought. 'It's all fake!'

Ying Jingshan was also stunned, but he felt relieved when he thought of the Supreme Being's strength. However, other people couldn't digest such information. This deity was too terrifying.

Ye Hua was very satisfied and didn't let Zi Shan honor him. After all, it was his wife's game, so he let her have all the attention.

'This deity was a good man who loved his wife, never killed innocent people indiscriminately, and was a law-abiding citizen.'

Chapter 550 (The Emperor is Wise)

Donghuang Baizhi raised her hand slightly, and Zi Shan and the others stood up, waiting respectfully for the order. This attitude makes people shudder, as the Voidless Realm is so huge that it drives people mad. Even the deities have to bow their heads!

At this moment, Xin Ba hastily asked his master, "Master, is this really a deity?"

"Judging from their aura, they are indeed deities," the crazy old man said lightly, appearing indifferent.

"Why are you so calm, Master?"

"Because, as your teacher, I am also a deity."

Xin Ba was astonished; he didn't expect his master to be so powerful, let alone have a deity as their master.

Ye Xiao and Duan Hou went mad, believing that the deities had come to save them and that they would eradicate the Voidless Realm. They did not think that the deities were subordinates of the Voidless Realm. The two of them could not accept this fact, and they insulted Donghuang Baizhi loudly.

Lu Hong and Yi Hong moved so quickly that people believed they had not moved at all. Ye Xiao and Duan Hou's heads rolled on the ring. Even in death, they would not believe that this was true.

The people of the south gasped, realizing that the deities were all on the side of the Voidless Realm. When they considered threatening the Voidless Realm, they were so frightened that their legs went numb. Voidless Realm could kill them all in one go! It felt like even the Ying could not save them.

Donghuang Baizhi looked at Chu He, who was kneeling beside her. He felt the Emperor's gaze and lowered his head firmly. "Chu He, I think you should reflect during this time. Your punishment will be light. You will be stripped of your title and your cultivation will be abolished," Donghuang Baizhi said coldly.

Chuhe was overjoyed; he had a new lease on life today. He thanked the Emperor for sparing him and vowed not to trouble her in the future. He clenched his fists and hit his dantian hard, breaking up the cultivation he had gathered. From then on, he would become an ordinary person who could not gather spiritual energy.

Donghuang Baizhi looked away from Chu He and scanned the only remaining people in the north. They knelt and shouted, "Your Majesty the Emperor is holy!" All the southern patriarchs also shouted, "Your Majesty the Emperor is wise!"

Donghuang Baizhi sighed in her heart. Only iron and blood methods could achieve this effect. She had killed so many people, which was no different from the Ji family, but they still shouted her praises!

First of all, it was her reason, and usurpation was often a life-and-death game; she was justified in killing her enemies. More importantly, she had a powerful husband like Ye Hua, and no one dared to provoke her.

Ye Hua stood up, hugged Donghuang Baizhi's willow waist in front of everyone, and said that only he could use his wife to pretend to be aggressive. Only he could enjoy such a powerful woman.

"It's all done!" Ye Hua shouted softly, and Donghuang Baizhi disappeared from the high platform. Zi Shan and the other three also disappeared from the ring.

However, Ye Hua still passed a secret word to Ying Jingshan. Ying Jingshan received the order from him; he didn't dare to say more, he just had to follow it.

As Ye Hua and Donghuang Baizhi left, the pressure on the entire arena instantly decreased, and everyone was greatly relieved. The Emperor was still very sensible. She only killed the rebels and would not kill innocent people indiscriminately.

Ying Kangshi was depressed for a while. His fiancée left without even looking at him, but it didn't matter. When he became stronger in the future, he would naturally win the attention of the Emperor.

Chen Xuanzong looked at Ye Hua's actions and felt that he was not worthy of Qing Ya. 'Just wait for me!'

"I was scared to death. I thought I was going to die," Xin Ba patted his chest. Just now, he was so scared that he was about to pee.

All the news today is too shocking. The Voidless Realm has become so powerful that the deities will hug their thighs.

Everyone was thinking about whose thigh the deity was hugging. Judging from the performance just now, it should be the thigh of Donghuang Baizhi.

As for Donghuang Baizhi's man, they could only say that he is very lucky to have such a powerful wife.

They were really envious, jealous, and hateful. Why didn't such a good thing happen to them? It's an honor to be the Emperor's little boy, and they wouldn't need to make a fool of themselves.

Looking at the corpses all over the ground, everyone couldn't help but shudder. It was so cruel.

The guards of the Voidless Realm began to clean up the corpses, and everyone in the south also left one after another, eager to announce what happened today to the world.

Of course, the content is to praise Her Ladyship for defeating the traitors. What crazy slaughter?

She did the right thing. Such traitors should be killed. Why keep them?

When everyone was leaving, Ying Jingshan called the three patriarchs from the south to the inn where they were staying to discuss matters.

The three Patriarchs were also a little surprised, but they were still there, sitting on wooden chairs obediently and watching Ying Jingshan.

Ying Jingshan was calm and drinking tea slowly.

Closing the lid of the cup, Ying Jingshan said softly, "You should have seen what happened today. Although the north has suffered heavy losses, the weight of the Voidless Realm is beyond imagination."

Wu Sheng nodded and cupped his hands, saying, "Master Ying, although the background of Voidless Realm is strong, the potential of our south is still great."

"That's right, Xin Ba and Qi Xuewen performed well this time. I think we can focus on training them," He Tian followed suit.

"After a few years, when the ancient magic weapon appears, it is only natural for the two of them to fill the position of the family." Murong Zhi's expression was very serious, as if he was discussing the future of the south.

Ying Jingshan took a deep breath and said lightly, "It seems that you didn't understand what I meant."

The three of them were very puzzled after hearing this. Did they say something wrong? There is nothing wrong with the feeling. The Voidless Realm is very powerful, and they are not bad.

Murong Zhi cupped his hands and said, in doubt, "Master Ying, I will definitely work hard to cultivate and strive to make the South prosperous and glorious."

Ying Jingshan sighed softly, shook his head, and said, "Some things cannot be achieved with hard work because, no matter how hard you try, you cannot catch up with the other party."

This time, the three of them understood that he was a little discouraged. Seeing that the Voidless Realm was so powerful, they felt powerless.

Thinking about it, Voidless Realm had the support of the deities, and based on this alone, the Ying was far behind.

'It's deserved,' He Tian thought to himself.

"Master Ying, as long as we in the South work together, we can still fight against the North," He Tian said, thinking that he should cheer up Master Ying. "You are the only giant in the South right now, and you will lead us to glory."

Ying Jingshan smiled helplessly and said, "You still don't understand what I mean."

The three of them looked confused, wondering what he meant.

Ying Jingshan picked up the teacup, blew on it, took a sip, and then said, "We should bow our heads and surrender."
