

## My Woman 55

### You Cannot Afford To Offend My Woman

#### Chapter 55.1: Sister-in-law's scream 1/2

Not right! Brother-in-law is definitely trying to play hard to get since he is embarrassed about it. I am his sister-in-law after all, it is hard to avoid from feeling a bit embarrassed about it.

"Brother-in-law~" Qing Yutong opened the office door with a smile and saw that her brother-in-law was currently smoking by the window.

Ye Hua did not turn his head and just responded with an 'en'.

"Where is big sister?"

"She went to work."

"Oh~" Qing Yutong tapped onto the floor with her feet and tried to figure out her brother-in-law's thoughts. I cannot attack head-on right now, I have to use retreat as advance!

"Brother-in-law, I will go back to my room first then." Qing Yutong said tenderly. And the moment she turned her body, she shouted out in her heart, "Quickly call out to me, quickly call out to me, I know you have been tolerating very hard, don't be reserved anymore~"

A minute later, Ye Hua extinguished the cigarette, then looked at Qing Yutong who was frozen at the door and said, "Aren't you going back to your room?"

Qing Yutong was hurt once again. Brother-in-law is truly not giving any bit of face at all. When big sister is around, he would hold onto my small waist. And when big sister is not around, he wouldn't even look straight at me.

"Master, your brother-in-law is not any typical man."

"That's right, any typical man would have already jumped over and pushed me down." Qing Yutong went back to her room helplessly. I have to properly rethink my thought.

Long'an City's Qingcheng International Building was where the previous general headquarters was located at. However, for the purpose of expanding, the general headquarters was moved to High Ocean City. After all, High Ocean City was a first-rate business city.

After parking the car at the company's parking lot, Qing Ya carried her bag and opened the car door. At this moment, she transformed into the icily aloof female CEO once again. Currently at this timing, it was the rush hour where people were going to work, and there were quite a few employees at the parking lot, and all of them were looking at this mysterious woman.

"My god, when did such a beautiful woman started working at the company?"

"Could it be the new director? But that shouldn't be possible, I heard that the position of the director was already decided behind closed door."

"I really want to hug onto her thigh and kneel down and fawn upon her. She has entered into the elevator, I have to charge ahead first my brothers."

Immediately! Lots of 100 meters dash champions emerged.

“Brother, what are you running for?”

“I don’t know, I saw them running so I followed along and ran.”

“.....”

Qing Ya’s face was cold as frost as she swept her eyes through the employees that were in the elevator. Don’t tell me that they don’t even recognize their CEO now!

Well, Qing Ya guessed correctly, the employees did not recognize this CEO of theirs! Qing Ya’s changes during these few days could be said to be very big, especially today. If it was not someone who was able to often see her, they would really not dare to confirm if she was even Qing Ya at all. After all, the Qing Ya right now could not be described with words.

“It smells so nice...”

“Why does this fragrance smell so special?”

“It must be the fragrance of that woman behind us. Through the experience of my years of hard work, I’m guessing that this fragrance should be body fragrance.”

“Is there even this kind of body fragrance? My wife also has body fragrance, but her body fragrance would always make me want to die.”

Listening to the provoking tone of her employees, Qing Ya’s face became even colder. How does this Liu Hang even manages the company, for there to actually be employees with this kind of inner quality!

This time, it was Qing Ya who misunderstood. For you to look so beautiful, how could the men even be able to endure it. All they could do was just run their mouth off for a bit.

Upon reaching the hall, the elevator opened.

“CEO Liu!”

“CEO Liu!”

“CEO Liu!”

All of the employees went into a daze for a while, then shouted out towards the man that was standing in front of the elevator. Their expression was very respectful.

Liu Hang was already used to it. Just when he was about to walk into the elevator, his gaze congealed and he hurriedly shouted out, “CEO Qing!”

CEO Qing? All of the male employees that were in the elevator went into a daze. Who is CEO Liu calling CEO Qing? And he is even bowing and being so respectful.

Immediately, they thought of the woman that was behind them, then they thought to themselves again, for CEO Liu to be this respectful, and the person he called out has the surname Qing, there is only one person! And that person is the cold and aloof CEO, Qing Ya!

“CEO Qing!”

“CEO Qing!”

“CEO Qing!”

The employees that were in the elevator gasped. Thinking back to what they said in the elevator just now, their heart froze. I actually provoked the CEO, I’m finished!

Qing Ya responded with a deep sounding ‘en’. Not sure who was the one who secretly ran off first, immediately, the elevator that was full just a while ago became empty, with only Qing Ya left alone in the elevator.

“CEO Liu, you have to check on the employees’ inner quality issue.” Qing Ya coldly warned.

Liu Hang did not dare to speak much as he hurriedly nodded his head and responded, then carefully walked into the elevator and pressed the top floor button.

### [You Cannot Afford To Offend My Woman](#)

#### **Chapter 55.2: Sister-in-law’s scream 2/2**

When the elevator closed, the entire hall went into an uproar.

“What happened to you all just now? Why did all of you ran out of the elevator?” A female asked curiously.

“Damn it, I was scared to death! I actually provoked CEO Qing just now...”

“I’m finished, I can forget about ever promoting in the rest of my life. And I was even prepared to compete for the position of the group leader.”

“What! CEO Qing came to the company!”

All kinds of gossips could be immediately heard coming from the hall. Some said that the reason CEO Qing came back was to prepare for her wedding, after all, the matter regarding Long Aotian was spread fiercely in the company. Unfortunately, Long Aotian himself was still currently cultivating in the mountain and won’t be able to come back any time soon.

Standing not far away, there was a security guard. The security guard was somewhat handsome. As the security guard listened to the surrounding conversations, he slightly wrinkled his brows.

This CEO Qing was the target of the organization’s final mission. It is likely that this woman is greatly connected with the organization’s destruction. However, to speak the truth, although this woman is very beautiful, her capital is not enough to destroy the organization, so just who was it that destroyed the organization! To be able to destroy the organization in an instant, the person’s capability is definitely very strong. However, I myself am not weak too!

Arriving at the top floor, Liu Hang said respectfully, “CEO Qing, the conference room has already been prepared.”

“There’s no need for the conference room, we will hold a videoconference today, I have some matters that I need to brief on. In the future, we will just hold the meetings through videoconference.” Qing Ya

said faintly. I cannot be negligent while I'm pregnant, I have to properly rest and take care of myself, if not, Ye Hua that fellow will definitely make a big fuss about it. Not sure just what reaction he had when he read the note that I left for him. I reckon that he must have been angered to death. When I return back in the afternoon, I will not talk back to him for today I guess.

Liu Hang dare to confirm that this matter definitely had something to do with that man, but he didn't dare to anyhow speak, "CEO Qing, I understand."

"Go and gather the higher ups for the meeting!"

"Yes!"

Qing Ya mainly wanted to brief about the company's developing path in the next few months, and also regarding buying a live broadcast platform for her sister. For the sake of quickness, purchasing a small company will do. With my sister's fame, she would be able to immediately let the small company become a big company.

While Qing Ya was hard at work, Ye Hua was boringly watching Pleasant Goat and Big Big Wolf, however, he was somewhat absentminded when watching Pleasant Goat and Big Big wolf. After examining his own body, he found that there was nothing wrong with his body.

Opening the computer, Ye Hua searched on Baidu to check on just what was going on with him.

"What are those answers, they are all totally stupid!" Ye Hua said in displeasure.

How could I possibly be absentminded because of a woman, it is truly a big joke! It is definitely not possible! Drooling saliva when sleeping, panting while she is dreaming like a panting monster, and furthermore, even likes to go against me. All kinds of bad habits are practically assembled onto her body. If she didn't become pregnant with my child, it wouldn't even be possible for me to look at her in a good light. Misconception! This is definitely a misconception!

Taking out a stick of cigarette, Ye Hua began smoking. This woman has truly thrown my life into disorder!

"Ah!!!"

Ye Hua wrinkled his brows. This sister-in-law really likes to make a big fuss for no reason.

10 minutes later!

"Ah!!!"

The corner of Ye Hua's mouth slightly twitched.

"Ah!"

Ye Hua suddenly stood up. Pushing open the sister-in-law's room door, the sister-in-law could be seen paralyzed on the chair as she looked at the computer screen in a daze, seemingly as if her soul has been scared away.
