

My Woman 56

You Cannot Afford To Offend My Woman

Chapter 56.1: Supreme Overlord Got Killed Three Times 1/2

“Brother-in-law~” With a crying tone, Qing Yutong threw herself into Ye Hua’s embrace.

Qing Yutong was not pretending to be scared this time and was actually really scared. Just what kind of f**king game is this! I jumped out from the plane, landed, picked up a pistol, then went to open the door. But immediately after I opened the door, I was shot to death.

There was another round. I picked up a 98K happily, and right after I walked upstairs, bang, bang, bang, and I’m dead again... Qing Yutong felt that this game was totally unplayable. The map is so big, and although there are only 100 people, it feels like there are 99 people who have their gaze on me.

The main point was that, the shooting sound that appears all of a sudden was simply scaring Qing Yutong’s soul away. The system said that I have to adjust the volume to the loudest so that I will be able to hear the sound of others’ footsteps, therefore I turned the volume to the loudest. However, Qing Yutong was only able to hear her own screaming sound.

Although Qing Yutong has the system’s help, she was still after all a girl, and her mental state wasn’t that good, being very easily scared by unknown things.

“What happened?” Seeing that his sister-in-law was feeling grievance, Ye Hua asked in a deep voice. Who dares to even bully my sister-in-law!

Qing Yutong pointed to her computer and said pitifully, “They bullied me!”

Ye Hua walked towards the computer and took a look. It is but a game, what is there to even make a fuss about.

“Brother-in-law, help me get revenge~” Qing Yutong wasn’t happy with losing in the game. Brother-in-law seems very formidable, he is definitely good at eating chicken!

Ye Hua let out a sigh. The games that humans developed are too childish. What is the point of fighting and killing in a virtual world, it is so boring! However, when the sister-in-law gets bullied, as the brother-in-law, and as the Supreme Overlord, I have to help her get back the face that she lost!

“How to play?” Ye Hua lighted up a cigarette and asked faintly.

“Open the parachute, land on a location, then pick up guns and kill.” Although Qing Yutong only played a few rounds, she had already comprehended the main fundamental of the game.

Ye Hua thought that the game would at least be a little more complicated than this and said faintly, “Go and bring me an ashtray.”

“Alright~” Qing Yutong joltingly went to get the ashtray, and at the same time, she even got soda and spicy sticks for Ye Hua. Even more, after getting the things, she stood behind Ye Hua and started giving him a massage. The service was simply worthy of a five-star.

“Brother-in-law, click onto that to start queueing up for a game.”

Ye Hua unhurriedly clicked onto where Qing Yutong pointed at and began queueing up for a game. Shortly after queueing up, he got into a game.

“Brother-in-law, you have to wear the headphone to be able to play, if not you won’t be able to play the game well.” Qing Yutong reminded lovably.

Ye Hua flicked the cigarette ash, “Just watch will do.”

“Oh~” Qing Yutong pouted her mouth. Brother-in-law sure is formidable, to not even need to wear the headphone.

When the new scene just appeared, Ye Hua squinted his eyes and immediately pressed F.

“Brother-in-law, why did you press F so quickly, you have to look at the map first before pressing F.” Qing Yutong cried out in surprise.

Ye Hua said in a deep voice, “Quiet!”

“Oh~”

Controlling the keyboard and mouse, Ye Hua managed to land onto the ground without any mishap.

“Brother-in-law, there is someone there, he is running towards you! Quickly run away!” Qing Yutong immediately became agitated as she continuously pat onto Ye Hua with both her hands and hurried him to quickly run away.

What kind of joke are you cracking? As the Supreme Overlord, do I even need to run away? Back then when I faced against an opponent who was 10 times stronger than me, I wasn’t even scared. For a mere human to want to make me run away? Childish!

“Brother-in-law, he is about to reach you, hit him!”

Ye Hua snorted. A mere small fry dares to show off his might in front of me!

“Brother-in-law, quickly move your character!” Qing Yutong shouted out hurriedly.

Ye Hua pressed onto the mouse hurriedly, a punch!

And the other person suddenly jumped and punched too!

The screen went dark...

Ye Hua, “.....”

Qing Yutong, “.....”

The other person’s voice suddenly emitted out from the headphone that was placed on the table, “Little fellow, if you want to exchange blows with me, the fist emperor, you better train more first.”

Ye Hua looked at the screen in a daze. Qing Yutong understood very well just how his brother-in-law was feeling right now and consoled, “Brother-in-law, don’t worry, get back up on your feet and queue up for another round.”

How is it possible! A mere human actually killed me with his fist! This is simply an extraordinary humiliation! And I even received a console from my sister-in-law!

Chapter 56.2: Supreme Overlord Got Killed Three Times 2/2 Lighting up

Lighting up another cigarette, Ye Hua queued for another game. I was just careless during that round.

“Brother-in-law, don’t be anxious, let’s jump off at a place where there are lesser people.” Although Qing Yutong’s guts was small, she still has some brains. With our standard right now, we definitely cannot jump off at places where there will be a lot of people.

Ye Hua opened the map. How can I jump off at a place where there are lesser people, that is the display of being scared! As the Supreme Overlord, I have killed countless of people, and when have I ever been scared before!

“Brother-in-law, why did you land at this place where so many houses are crowded together. I was killed here just now by a sneaky and sinister player.”

“Quiet!” Ye Hua said in a deep voice. Would a mere lousy game even be difficult for I, the Supreme Overlord!

Qing Yutong pouted her mouth. Seems like brother-in-law is more noob than me... and yet he still wants to act as if he is a pro.

Ye Hua observed for a bit. There are at least 10+ people who landed here. Let me show all of you the consequences of provoking me, the Supreme Overlord!

“Brother-in-law, quickly go into the house and pick up a gun!”

Ye Hua totally did not have the intention of going into a house at all as he stood in the open and said in disdain, “Guns are what children use, the fist is what truly matters!”

Qing Yutong was dazed as she said in a daze, “Brother-in-law, can you not act cool?”

Just as she finished speaking, bang, bang, bang, the screen turned dark again.

Shameless human! To actually sneakily attack me while hiding! To not even have the courage to fight against me one on one, you are no different from those humans in the past, bastard!

Don’t think that Wei Chang’s stubbornness and one-track minded came without any reason. Whatever kind of boss would have whatever kind of subordinates.

“Brother-in-law, how about... how about you let me take over?” Qing Yutong said tenderly. Brother-in-law’s face doesn’t look very good, it is currently completely black.

Ye Hua remained silent and queued for another game!

Ye Hua landed on the same place again, however, this time, Ye Hua did not stand in the open. Despicable humans, you all are destined to bear the Supreme Overlord’s rage!

“Brother-in-law, gun, gun!!!” Qing Yutong pointed to the corner of the house.

“I’m not blind!”

Ye Hua very slowly picked up the M16 that had 60 bullets. Who would have thought that there would come a day where I the Supreme Overlord would use a gun. It is truly an irony!

However, right after he had just finished searching the entire small bedroom and turned around...

“Bang, bang, bang!”

A burst of spray ended Ye Hua’s character life and the screen turned dark again. The cigarette that Ye Hua was smoking had come to an end, and the cigarette ash was just like Ye Hua’s mood, falling down unhurriedly.

I actually got killed 3 times by the humans! A total of 3 times! This is a huge humiliation! Do you all believe that with just a snap of my finger, I can make all of you die!

“Brother-in-law, I told you to wear the headphone, and yet you didn’t want to listen to me You are so noob~”

I actually got look down upon by my sister-in-law!

“Brother-in-law, don’t be angry, sister-in-law will help you get revenge~”

Even more, my sister-in-law actually offered to help me get revenge. If words of this were to spread out, where would my face be!

“Brother-in-law~ Why are you so shameless, I want to play too~” Qing Yutong just experienced the joy of playing video game, whereas Ye Hua was madly angered by the game.

“Brother-in-law, how about you go and buy another high-end computer and place it here. That way, we will be able to play together. The computer that is at your office is definitely not good enough to run the game.”

Ye Hua was a person who would get his revenge if he could. Besides from Qing Ya, this game has made Ye Hua felt very angry!

“You help me buy!”

“Your handphone~” Qing Yutong stretched out her hand. Who would have thought that I would unintentionally create a situation where I would be playing a video game together with brother-in-law. With this, it won’t be long until I push over my brother-in-law.

Ye Hua handed his handphone over to Qing Yutong, then went to stand at the balcony and smoke a stick of cigarette to calm down his mental state. Cunning humans, the reason that I am experiencing humanity is so that I can fully understand all of you!
