

My Woman 581

Chapter 581 (Wait for me to call my Big Brother)

Dou Fushi's punching speed was not fast, as if it were the same as an ordinary person, but it was precisely because of this that the punch hit Jue Tian's face hard.

Jue Tian never expected that this man would really dare to hit him!

Brittany also did not expect that Jue Tian would not dodge, but she was still relieved in her heart. 'Well done!'

Ye Hua and others admired Jue Tian. If you can hit Jue Tian with one punch, it means that you've passed the test of courage.

Ye Hua said to Wei Chang, "If Dou Fushi is still alive after this, bring him in."

"Yes, Your Honor." Wei Chang respectfully said.

Lie Gu muttered, "I haven't even hit Jue Tian's face yet..."

Dou Fushi felt very happy, raised his fist and shouted, "Kid! Don't think I won't hit you just because you're handsome. Even if your big brother comes, I'm not afraid. Do you know who my big brother is? You'd be scared if I told you who he is."

"Okay, ignore him, let's go." Brittany walked over and pulled Dou Fushi away.

However, Jue Tian didn't ignore him. Instead, he pulled Brittany into his arms, held her face with both hands, and kissed her!

Dou Fushi was shocked. 'You, little white face, actually took the initiative to kiss the blind date girl in front of me? Wait for me to beat you to death!'

He finished thinking and raised his fist to hit Jue Tian.

Unfortunately, someone was faster than Dou Fushi. Brittany punched Jue Tian and sent him flying, creating a large hole in the roof.

Dou Fushi looked at Brittany in surprise. 'You are even more ruthless than me. You sent someone flying with just one punch.'

Ye Hua sighed. Jue Tian's courage was not small. He just kissed her directly, and he was lucky to have only received a punch.

The one-star warriors were very unsettled. They thought it was just an ordinary fight between ordinary people, but they didn't expect it to be so powerful that one punch sent someone flying into the sky.

Brittany wiped her lips, his face slightly red, cursing Jue Tian for being shameless. He actually kissed her forcibly! Bastard!

Brittany was furious, and the ground cracked under her feet. She shot out like a rocket.

Dou Fushi followed suit. That damn man actually took advantage of his blind date girl. He will let him see his strength later. He was the famous Tomb Raider, with dragon-hunting and cave-exploring skills that were unbeatable.

The main characters changed venues, and Ye Hua and others followed suit. The show was just beginning.

Is there a battle between Jue Tian and Brittany?

Brittany stands in the void, looking coldly at Jue Tian: "Do you know what you just did?"

"I know, it felt great!" Jue Tian's lips still had some lipstick on them, but he felt great at the moment.

Brittany became even angrier and prepared to teach this damn man a lesson.

"Stop!" Dou Fushi arrived late. They had flown so high and he had climbed up here with great difficulty.

Brittany looked at Dou Fushi, and her eyebrows furrowed.

"Brittany, let me handle this!" Dou Fushi took out his peachwood sword and bit his finger, smearing the blood on the wooden sword, which immediately emitted a faint red light.

"You little white face! How dare you bully my woman! Don't you know who I am? If my big brother comes, you'll be done for! Surrender now while you still can!" Dou Fushi protected Blet and pointed his sword at Jue Tian, shouting loudly.

Looking at his serious expression, it didn't seem like he was joking.

Jue Tian sighed in his heart, somewhat understanding what his lord meant, but where did Your Honor find such a weird person?

"She's my woman! Do you understand?" Jue Tian didn't want to say much to Dou Fushi, after all, he was summoned by Your Honor, and the punch he just threw was for Brittany, so he wouldn't hold it against him.

Dou Fushi coldly shouted: "What woman of yours? How shameless of you! Surrender now, or I'll call my big brother! My big brother's big brother is even more powerful and invincible! I'm not bragging, he could kill you with just a pluck of his fingers!"

Ye Hua twitched his mouth. This Dou Fushi could really brag.

"You can go now." Jue Tian said calmly.

Dou Fushi looked at Jue Tian in disbelief: "You're not afraid? I'll call my big brother now!"

Dou Fushi actually took out his phone and called the Death Mage, but the Death Mage's phone was turned off.

"Sorry, the user you are calling is currently unavailable."

Dou Fushi felt a little embarrassed, he looked at Brittany and then at Jue Tian, and said, "Don't worry, my big brother is busy, let me call a few more times!"

The Death Mage in the team was speechless. Didn't he know it would be even more awkward?

"Kid, go home, it's none of your business." Jue Tian said softly.

Dou Fushi was so angry that Jue Tian called him a kid. He couldn't lose face in front of the beauty.

"Wait and see, I'll call my sister-in-law, and you're done for!"

As soon as Xun Fang's mouth twitched, she immediately took out her phone and turned it off.

The person next to him saw Xun Fang's actions and then looked at the fighting in the arena. Suddenly, he realized how pitiful Xun Fang was, being held mercilessly by his older brother and sister-in-law.

"Hello, the phone you are trying to reach is turned off!"

Dou Fushi's face turned black... how could both phones be turned off? They were game masters and never let go of their phones!

After a while, Dou Fushi forced a smile and said, "My brother and sister-in-law must be busy with something. I'll wait on the side for a bit. You'll see something good!"

Dou Fushi was quite clever, realizing that the opponent was stronger than him, he immediately called for his big brother.

While others could fly up to the clouds without a change in their complexion, and even take a punch from Brittany, he himself would fall just by standing on this thing.

But Dou Fushi's words made Ye Hua and others look at the Death Mage and Xun Fang, their eyes seemingly asking, "How will you handle it?"

Xun Fang's face immediately turned red. How could they be doing anything? Dou Fushi was just overthinking.

"Brittany, don't be afraid. Once my brother and sister-in-law finish their business, they'll come!" Dou Fushi turned back and said seriously. As a man, he should protect his woman.

Brett coldly said, "You go stand aside."

"Huh?"

"Stand aside! Don't you understand?" Brittany's beautiful eyes turned cold, scaring Dou Fushi into trembling. This woman was so unpredictable. She had just treated him one way and now she was like this.

Dou Fushi walked pitifully to the side, looking at the two of them, feeling depressed.

"It's really pitiful," Lie Gu muttered. Although it was just a mission, it was really discouraging.

But Dou Fushi could withstand this kind of setback. A good night's sleep and everything would be fine.

"Brittany! If I can defeat you, will you be with me?" Jue Tian shouted loudly.

"Humph! Beat me first!"

Chapter 582 (Something Happened)

As soon as the words were spoken, they started fighting without any further ado. It's really embarrassing!

But at this moment, a voice rang out: "Stop!!!"

The two who were about to start fighting stopped.

Standing next to them, Ye Hua wished he could slap the person who shouted to stop. He had been looking forward to watching his subordinates fight, why did you have to ruin the fun!

Not only did Ye Hua feel disappointed, but so were his other subordinates. They were halfway through taking off their pants, and someone came to inspect the room. It was so irritating! [The phrase "halfway through taking off our pants" is an idiomatic expression in Chinese, which means being caught off guard or unprepared.]

Two moon level experts arrived, and they came straight towards them with a wary look in their eyes.

They stopped in the empty space next to them, and one of them shouted, "We are from the Peace Association. Fighting and brawling in the city's airspace is prohibited!"

Peace Association?

Ye Hua had only heard of them, but this was the first time he had ever come into contact with this group of people. It felt a little interesting.

He didn't know who the boss of the Peace Association was.

Would they come looking for trouble with him? And then he would have a reason to fight back. It was a little exciting to think about.

Jue Tian and Brittany looked coldly at the people from the Peace Association, who suddenly felt their hearts skip a beat.

These two were also figures from the cultivation world before, otherwise, they wouldn't have a moon. However, Long'an City was in the south, and Jue Tian had only shown himself in the north, so he didn't know Jue Tian at all.

"Detained for 15 days for fighting in the city's airspace without permission! Come with us!" One of the men was very arrogant and hadn't even distinguished the strength of both sides.

Duo Fushi shouted, "It was this man who caused trouble. The woman is innocent."

"Don't talk. You come with us too!"

Duo Fushi's mouth twitched slightly. "You guys are not distinguishing right from wrong. Who gave you the right?"

"Who? You guys are not qualified to know. Just remember one thing: from now on, the Peace Association calls the shots. If you dare to resist, you will be killed!"

Ye Hua and the others were very surprised. They didn't expect the Peace Association to be so arrogant. They really didn't live up to their name.

Looking at the bosses of the Justice League, they were all very low-key. Just a bowl of old tank pickled cabbage noodles could send them away.

Bu Lai Te snorted, "What a bunch of nonsense. How dare you shout in front of me!"

After speaking, he slapped the empty space in front of him.

The man who didn't curse directly flew out, and judging from the height, he flew out of the atmosphere at least.

The man felt very wronged. "Why did you beat me when I didn't say anything? Did you hit the wrong person?"

The man who cursed was stunned. With a slap, he sent a Moon-level strongman flying. 'Who are these two!'

"You dare to plot against law enforcement officers, you will be executed, and you are finished!!!" After speaking, he turned and ran, and it was a kind of reckless running.

Brittany snorted, and a jade bow suddenly appeared in her delicate hand. She pulled the bow and shot an arrow!

From the ground, it looked like a meteor, exceptionally beautiful.

The man died instantly in the air without any pain. He, who had insulted the Seven Deadly Sins, didn't deserve to live anymore.

Jue Tian froze and didn't dare to be careless because the arrow flew back again!

As fellow members of the Seven Deadly Sins, Jue Tian knew Brittany's weakness and she was very afraid of close combat. Once he got close, her combat power would drop by half.

When she was careless, he used his crazy speed and tightly locked her in a rear-entry position.

Lie Gu exclaimed, "The posture is good."

The girls next to him couldn't help but give Li Bone a blank look. The taste changed when everything fell into his eyes.

Dou Fushi saw this situation and was also stunned. He felt that his spiritual energy was not enough.

"Beauty! You hold on, I'll call Big Brother." After saying that, Dou Fushi had no choice but to land, otherwise, he would experience free fall and shatter into pieces.

Jue Tian firmly held Brittany, and her weakness was revealed at this moment, with no way out.

The golden arrow feathers rushed towards the two.

Is she planning to die with him?

Ye Hua's face became a bit solemn, and the people behind him also became nervous. The relaxed atmosphere suddenly became heavy.

"Fuck, are these two crazy!" Lie Gu couldn't help but mutter.

Ye Hua didn't say anything. Brittany is probably scaring Jue Tian.

Jue Tian held Brittany tightly and whispered in his ear, "If death can make you forgive me, I'm willing!"

"Jue Tian! Even if you die, I won't forgive you!" she shouted. The golden arrow feathers suddenly shone brightly and carried a terrifying aura towards the two.

Ye Hua swallowed his saliva. What is Jue Tian planning to do!

At this moment, Ye Hua was considering whether or not to take action. If something unexpected happened, it would be hard to say. After all, Brittany's jade bow was not just for show. After charging up, it could kill even an overlord in an instant.

As the golden arrow feathers drew closer and closer, as if about to pierce through the two of them, Brittany had already closed her beautiful eyes. She was so tired... so tired... it would be okay to die like this. Your Honor would not force her to marry anyone, and she could make Jue Tian suffer for the rest of his life. It seemed like a pretty good deal.

But how could he allow her to die? He knew that she would not let this go and would keep fighting.

So...

He suddenly threw her out of his arms, and the golden arrow feather carrying a deadly aura pierced through Jue Tian's abdomen, even blasting a fist-sized hole!

Ye Hua was stunned...

Everyone was stunned...

Even Brittany was stunned...

As one of the Seven Deadly Sins, even the weapons of the overlord could hardly cause them harm. Only they themselves could hurt each other, and this was Brittany's charged attack, not just a simple stab!

Jue Tian suddenly spewed out a mouthful of blood, and his entire body fell into darkness, falling from the sky.

Brittany just stared dumbly, like she had been struck by lightning, her mind buzzing.

There was no longer any reason for anyone to hide. They all revealed themselves!

Ye Hua quickly caught Jue Tian, and the wound on his abdomen was extremely horrifying, and it was even eroding his body!

There was no time to think. Ye Hua directly took Jue Tian back to the Leisure Bar, or he might die!

When everyone returned to the bar, no one spoke. Brittany was still in a daze, staring blankly at Jue Tian on the table.

Ye Hua took out all the healing medicines, such as the Clear Nourishing Spirit Pill, Six Yin Returning Qi Pill, Tai Shang Gathering Spirit Pill, and Heavenly Demon Grass, and so on.

"Sui Han Buddha Tower!"

Only to see a delicate pagoda appear in Ye Hua's hand, slowly floating onto Jue Tian's body, emitting a Buddha light shining on Jue Tian's body.

He slowly returned to his original form, a strange-haired cat lying weakly on the table, but his chest still rose and fell. This made everyone breathe a sigh of relief. He was still alive...

"Your Honor, what's wrong with Jue Tian?" Wei Chang respectfully asked.

Chapter 583 (One Trouble After Another)

Ye Hua glanced at Brittany and said in a deep voice, "That blow almost killed him. Now we can only keep him alive. Perhaps he can transform into human form in a few hundred or thousand years."

The crowd looked horrified. They never expected it to be so serious.

Brittany fainted on the spot after hearing this.

It was such a blow that even Brittany, one of the Seven Sins, fainted. What kind of impact did it take to do that?

Ye Hua shook his head. He really didn't expect that Jue Tian would have the determination to risk his life to save Brittany.

This situation was not like that of Zi Shan and Yi Hong, where just a wisp of black mist from Wei Chang could make them come back to life. Jue Tian's strength was terrifying, and even Ye Hua could only temporarily save him. If there were two more injuries just now, Ye Hua wouldn't be able to save him.

Ye Zizi suddenly came down from upstairs, took a look at the dying Jue Tian on the table, then looked at the fainting Brittany, shook her head, and immediately carried Jue Tian in her arms and went upstairs.

This stupid cat was actually risking his life for a woman. It was really embarrassing.

Ye Hua sat on a high chair and said nothing, drinking in silence.

No one dared to speak up. They all stood obediently, while Zi Shan and Tang Wei supported the fainting Brittany.

This was something that no one had expected. Jue Tian actually had the determination to risk his life, which was unimaginable.

Especially Wei Chang and Lie Gu, Jue Tian was not the kind of man who died for love. He didn't even care about women before. Now they knew that Jue Tian was just pretending to be cool. Actually, Brittany had been in his heart for a long time.

It was just because of his face that he didn't accept her.

Now, he was almost dead, what's the use of face?

If they knew what would happen today, why did they even bother in the first place?

After a while, Brittany woke up quietly and saw that Jue Tian was gone, leaving behind a pool of blood. She burst into tears, as if she had lost her husband.

"That's enough! Why are you crying? He's not dead yet!" Ye Hua frowned and shouted coldly. He just wanted to scare her. Now she regrets it.

"Your Honor, I'm sorry..." Brittany heard that Jue Tian was still alive, she steadied herself and quickly apologized.

"What's the use of apologizing to me! Look at what Jue Tian has become because of you! He was already kneeling before you, yet you were still stubborn!" Ye Hua angrily shouted. If it were his old self, he would have slapped Brittany a few times for being so immature!

Brittany knelt weakly on the ground, tears falling on the floor.

People only knew how to cherish something after they lost it.

Yi Hong looked at Brittany and thought of herself and Zi Shan. If Jue Tian could be saved just like him, it would be great.

But...

"Wei Chang, go and inform the family of Jue Tian," Ye Hua said solemnly. Such a big thing happened, and they needed to be informed.

"Yes!" Wei Chang disappeared from the Leisure Bar, and soon brought Dongfang Yuer and Guan Yanxin with him.

The two of them didn't know what had happened, so they knelt down and respectfully greeted Ye Hua, "Greetings, Your Honor."

"Please rise," Ye Hua said in a low voice.

Dongfang Yuer and Guan Yanxin stood up and noticed that something was wrong. There were bloodstains on the table beside them, and Brittany was sitting on the ground crying.

Moreover, Jue Tian was not in the team.

A bad feeling lingered in the minds of the two women.

"Jue Tian is injured and needs to rest here for a while," Ye Hua lit a cigarette and said in a deep voice. He didn't know when Jue Tian would recover.

Dongfang Yuer and Guan Yanxin couldn't believe that Jue Tian had been injured. He was the subordinate of the Supreme Overlord, who could hurt him!

Unless...

The two women looked at Brittany crying on the ground.

"Your Honor, how is Jue Tian?" Guan Yanxin trembled, her red lips and pretty face tightening.

"He is hanging by a thread," Ye Hua could only describe it like that.

Guan Yanxin paused after hearing this. Her whole family was killed, and now even Jue Tian was dying. Such a blow made Guan Yanxin fall backwards.

Dongfang Yuer appeared weak, but she did not collapse like Guan Yanxin. Instead, she turned her head and looked at Brittany!

Everyone watched as Dongfang Yuer, who used to be afraid of Brittany, walked towards him. But this time, Dongfang Yuer showed no fear.

Standing in front of Blet, Dongfang Yuer raised her arm high!

Everyone remained silent. Brittany had really gone too far this time. Who wouldn't be angry?

However, Dongfang Yuer's slap did not land. Tears welled up in her eyes as she said, "Why are you so heartless? Jue Tian loves you so much, but you still hurt him! Why? Say something!"

Dongfang Yuer shook Brittany's shoulders, and a sense of sorrow filled the air.

Brittany did not answer, and quietly said, "I'm sorry... I didn't mean to... I didn't want this to happen..."

Hearing this, Dongfang Yuer collapsed on the ground, crying bitterly.

"This deity is telling you all, he's not dead yet! Stop mourning!" Ye Hua shouted angrily, flicking his cigarette butt onto the ground.

Seeing the deity angry, everyone lowered their heads and dared not speak.

In fact, Ye Hua was the most annoyed. He had designed everything with good intentions, but almost caused someone's death. It was like lifting a rock only to drop it on his own feet. He would never do such a despicable thing again, it was karma!

Suddenly, a white light flashed in the bar, and Qing Ya and Donghuang Baizhi appeared.

Seeing her husband and subordinates standing together, one woman fainting, and two women sitting on the ground crying, they looked puzzled.

"Greetings to the two deity wives!" Everyone respectfully shouted.

Even Brittany and Dongfang Yuer choked up.

"What's going on?" Qing Ya walked over and asked.

Ye Hua didn't expect his wife to show up, and casually said, "Nothing, Jue Tian had some trouble."

"Jue Tian is in trouble?" Donghuang Baizhi was even more puzzled, as if saying, "Your subordinates are so powerful, how can there be trouble?"

Seeing them crying so sadly, it seemed like it wasn't a small matter!

"Is there a strong enemy?" Qing Ya asked in a deep voice.

What kind of strong enemy, it was caused by himself.

"Wei Chang, you speak, I don't want to talk!" Ye Hua was very depressed. He had lost one of his powerful warriors in one shot, and he was really angry. The key was that he caused it himself.

"Yes!"

Wei Chang responded, speaking in a low voice, "Today the deity arranged for Jue Tian and Brittany to meet."

????

Ye Hua was confused.

Qing Ya and Donghuang Baizhi almost knew what had happened after hearing this, and they looked at their own men. Wasn't this just worrying for no reason!

After hearing the explanation, they felt even more so.

Seeing the unfriendly looks of the two wives, Ye Hua changed the subject and asked, "Why did you suddenly come here?"

Qing Ya said weakly, "Ah Li and Yan'er are missing, so we came to ask you."

Chapter 584 (Starting the First Wave of Trials)

"Ah Li and Yan'er are missing again!?" Ye Hua exclaimed.

From this sentence, it can be seen that the two little guys have disappeared more than once, hiding whenever they can and causing the adults to worry. They've played this game several times now.

Now there's nothing anyone can do about it. If you scold them, they cry, but the next day they continue to play hide-and-seek.

But Qing Ya and Donghuang Baizhi are not worried now. After all, Ah Li has already shown her strength before, she's very powerful, so even if she's playing with her little brother, it's okay.

At first, Qing Ya was very worried, after all, Yan'er was so young. But later, she became speechless. Basically, she could only see her son at night, he would disappear during the day.

Donghuang Li has been the same since he had a younger brother. Donghuang Baizhi can only see her daughter at night, unless she locks up the two little guys.

They've really tried it before, but the two little guys quickly escaped. It's really a helpless situation.

"Yes, the sun is about to set and they haven't come back yet." Qing Ya shook her head. She really can't do anything about it. Her son is even more mischievous than she imagined.

Ye Hua is very relaxed: "Don't worry too much about them, they will come back sooner or later, nothing will happen to them."

Qing Ya sighed: "He's still so young, and he's already like this. What about in the future?"

"Yes, Ah Li is the same now." Donghuang Baizhi shook her head. Ah Li used to be so well-behaved and sensible, but now that she has a playmate, her mischievous personality has come out.

Ye Hua said in a deep voice: "Then next time I'll just lock them up."

"Don't, it will traumatize them."

"Okay."

There's nothing more Ye Hua can do. These two women always have their own ideas.

"Okay, you all can disperse now. Let Jue Tian recover slowly, and Brittany, you can stay with Jue Tian these days." Ye Hua carefully arranged it. If Jue Tian is not present, the Dongfang Family will be in danger. He let Brittany go over to keep an eye on things, and also to get along with them. In the future, Jue Tian will enjoy the same benefits as Lie Gu, three of them!

There's only two for Ye Hua, but his subordinate has one more!

"Your Honor, I want to see Jue Tian." Brittany pleaded, not as cold and arrogant as before.

"What do you want to see? Do you want things to get even more chaotic? Get out!" Ye Hua gave a light scold, hoping to separate them for a while.

Brittany didn't dare to defy Ye Hua's wishes, nor did Dongfang Yuer.

The group returned to their respective positions, and Ye Hua drank the wine in his hand: "Let's go! Let's find those two little guys, their courage is getting bigger and bigger!"

"Ye Hua! Calm down, they didn't mean to do it." Qing Ya and Donghuang Baizhi quickly held back the man, afraid that Ye Hua's explosive temper would lead to a direct beating.

Ye Hua turned around and asked in a deep voice, "Isn't this what you were looking for? Isn't this what you wanted to teach them a lesson? Are you going to find them or not? Are you going to scold or not?"

Qing Ya hurriedly comforted him, "The children are still young and like to play outside. Please calm down."

"That's right, Ah Li is watching them. What could go wrong?" Donghuang Baizhi also joined in, afraid that Ye Hua would hit the children.

Meanwhile, Ye Hua laughed in his heart, 'Ah Li and Yan'er, dad can only help you until here. Don't worry about playing, your mother won't come looking for you.'

In the yellow sand in the north, two small figures were playing on a sand dune.

It was Donghuang Li and Ye Yan, who had sneaked out. As for how they got out, it was of course through Ah Li's teleportation.

With a "biu," they came out.

"Sister, do you think Dad can hold Mom back?" Ye Yan sat on a skateboard, with Donghuang Li standing behind him.

"Don't worry, Dad is very capable. We can play a little longer today." Donghuang Li smiled sweetly and rubbed her brother's head.

Ye Yan patted his chest, "Mom is too scary, sister is the best. Push me, please."

"Okay, hold on tight, brother. I'll push you."

"Okay~"

Donghuang Li gently pushed, and Ye Yan sat on the skateboard and slid down the sand dune, screaming as he went. It seemed like he was having fun.

When he slid down to the bottom, Ye Yan shouted, "Sister, come down quickly."

"Okay." Donghuang Li raised her hand and also slid down the sand dune.

Watching her sister's graceful figure, Ye Yan clapped his hands and shouted, "Sister is so amazing!"

Donghuang Li patted her little butt, "Of course, how else could I be your sister?"

"Haha, sister, let's go find the big crab to play with."

"That's not a crab, it's a scorpion, and there's also a rattlesnake." Donghuang Li patiently taught him.

Ye Yan felt that his brain wasn't enough, and he laughed foolishly, "Sister is still the best. Yan'er can't remember."

"Then let sister teach you."

"Okay~"

Donghuang Li clapped his hands and shouted, "Little Yi! Come out quickly!!!"

With Donghuang Li's shout, the ground began to shake, as if a huge creature was lurking beneath the yellow sand.

Suddenly, a whirlpool appeared, and a giant head popped out of the sand pit! Its two rows of antennae were densely packed, which would definitely make anyone with trypophobia feel sick. Its eyes were shiny like scales.

However, when the giant centipede saw the two little guys, it seemed to tremble a bit.

This all started half a month ago when the centipede was sunbathing on a beautiful day. Suddenly, it felt a human's conversation on its back. How dare these puny humans ride on its body!

One minute later, the centipede hurriedly fled. It was simply too cruel and inhumane!

And that was just the beginning. Over the next ten days, the centipede was played with by the two siblings like a dog. Ye Yan even forced the centipede to learn how to bark like a dog and even demonstrated it.

"Yan'er, this is a crab." Donghuang Li proudly showed off to his little brother, feeling so satisfied to finally have someone who admired him. "Little Er, Little San, Little Si!"

Boom, boom, boom...

The sand trembled again as a giant scorpion, a massive rattlesnake, and a standing lizard, like Godzilla, appeared. Although they looked fierce, when they saw the even more ferocious siblings, they didn't dare to move.

Donghuang Li began to teach his little brother about animals, which was difficult for these four giants of the Yellow Sand. Even if Donghuang Li made a mistake, they still had to nod in agreement. It was really painful. Who's the naughty child? Take him away quickly and don't cause any more trouble for others.

By now, the sky had gradually darkened in the southern winner's area.

Following the orders from the Death Mage, Ying Jingshang began to release the first wave of ancient divine tool fragments.

This was a jade flute, originally owned by He Tian. It was finally going to be put to use this time.

Dividing the jade flute into three pieces, Ying Jingshan cleared his throat and threw them into the sky, shooting a huge burst of spiritual energy from his fingers, making the ancient divine tool fragments sparkle and fly off in different directions.

.

Chapter 585 (You're Responsible for Crying, I'm Responsible for Shouting)

After finishing everything, Ying Jingshan laughed lightly and returned to his own mansion, waiting for good news from outside.

And these three white rays of light appeared in the darkness, looking so unique and shining. Everyone saw these three rays of white light and their eyes were full of amazement. Many cultivators saw this situation and immediately chased after it. This must be a heavenly treasure!

Among them was Xin Ba, who had joined the Peace Association and had also withdrawn from the control of the giants because it was too difficult to stand out there. There were more opportunities in the new place.

And just as Xin Ba thought, he was appreciated in the Peace Association and now he was a middle-level manager. Maybe he will become a high-level manager in the future.

Everyone in the Justice League also saw it, but they were not interested.

"Brother Qing, what is this?" Wang Dabao looked up curiously and asked.

Qing Tiandi licked his ice cream and replied, "It's a fragment of an ancient divine weapon."

"What? An ancient divine weapon is also divided into three parts? This is too ridiculous." Feng Di couldn't help but ridicule. They really didn't care about such weapons anymore.

Feng Tian leaned against the door and said lightly, "It's nothing to us, but for some newcomers, it is a treasure."

"So, does the appearance of this fragment of an ancient divine weapon cause a riot?" Wang Dabao murmured.

Qing Tiandi held the ice cream in his mouth and poked it back and forth. "Yes, Chen Xuanzong, don't you want to go see it?"

"What to see?" Chen Xuanzong sat in a chair and asked calmly.

"Of course, to inquire about the news, see the development of the situation, and we can also formulate the next plan." Qing Tiandi licked his lips. This ice cream was pretty good.

Chen Xuanzong nodded and followed another white light.

"Bai Cixin, how many people have we recruited recently?" Qing Tiandi asked lightly.

All the big and small matters in the Justice League were managed by Bai Cixin, which greatly satisfied Bai Cixin's vanity. She felt that she was no different from the Empress of Voidless Realm, and in terms of numbers, she was superior!

"In the past week, we have recruited 100,000 new people." Bai Cixin felt very pleased. Every day, when she sat in the main seat during meetings, she enjoyed everyone's worship. The feeling was incomparable.

And Wang Dabao was also very happy. He saw his wife sitting high above him and he could also press her down and play with her every night. It was so exciting.

Qing Tiandi smiled, "We are now waiting for an opportunity, and then we can replace the Voidless Realm."

"What opportunity?" Bai Cixin also wanted to replace the Voidless Realm because it was the Voidless Realm that had driven her out of the North and turned her into a stray dog!

"I don't know..." Qing Tiandi shrugged, truly clueless.

Bai Cixin was speechless, turned and walked into the room, with Wang Dabao following, going to sleep with his wife.

Meanwhile, Donghuang Li and Ye Yan had already left the Huangsha region and arrived at the nearest city.

"Sister, I want to eat french fries." Ye Yan rubbed his stomach, grabbed his sister's hand, and looked at the KFC next to them.

Donghuang Li also licked her lips. It's been a while since she had a meal.

Besides, after playing for so long, she was hungry. But what to do now that they didn't have money.

"Little brother, let's go back and eat." Donghuang Li suggested. It's getting dark, and their mother will start to worry if they don't go back soon.

Ye Yan was a little greedy and bit his finger. "Sister, let's eat first and then go back."

"But your sister doesn't have money." Donghuang Li felt helpless. As the daughter of the supreme overlord, she was having a hard time with money. It seems that the kind of father determines the kind of daughter, they were both lacking money.

"Sister~" Ye Yan grabbed Donghuang Li's small hand and shook it, infinitely coquettish.

Donghuang Li had no choice, after all, she was his sister.

She dragged her little brother aside, and when they reappeared, they looked like two little beggars.

"Yan'er, you're responsible for crying later, and I'll shout."

"I got it~" Ye Yan nodded vigorously. It was so much fun.

The siblings then sat outside the KFC door.

The little actors immediately got into their roles.

"Bahh~" Ye Yan cried loudly. His loud voice could be heard several blocks away.

Donghuang Li was not to be outdone and shouted, "We are so pitiful, we have been without parents since childhood, we are so poor and alone, my little brother is about to starve to death, how miserable..."

If Ye Hua and the others saw them like this, they would be shocked. Especially that part about being without parents since childhood, it was as if they had jumped out of a crack in the stone.

Ye Yan's cry of pain, combined with Donghuang Li's sweet shouts, immediately attracted a lot of onlookers.

Some people took out their phones and filmed them, uploading it to Douyin, "Poor little brother and sister..."

If Ye Hua and others see them like this, they would be absolutely shocked, especially the phrase 'without parents', as if they jumped out of the cracks in the rocks.

Ye Yan's crying voice, along with Ah Li's sweet shouting, instantly attracted many onlookers. Some people took out their phones to shoot and uploaded it to Douyin. [Sister app of Tik Tok.]

As they watched the money in front of them grow more and more, the siblings worked harder and harder, as if they lived in a world of unimaginable misery.

"Thank you kind person, I'm going to take my brother to get something to eat, he's starving to death..." Donghuang Li quickly stuffed the money into her clothes, and pulled Ye Yan into KFC.

Although the siblings were waiting in line, many boys and girls were still filming around them, hoping that their account would go viral and they would have many fans, becoming internet celebrities and making money.

But the siblings didn't pay attention and continued to wait in line.

However, the siblings were not tall enough, and Donghuang Li had to carry her brother. Even then, Ye Yan could only see the counter with his eyes.

"Sister, I want a burger, cola, chicken wings, ice cream, and french fries, all in double portions." Ye Yan took the money handed over by his sister and threw it on the counter.

"I only have this much, can you make it fast? My sister and I are starving to death..."

The waitress was completely charmed by Ye Yan, and the money was definitely enough, with some even left over.

It didn't take long for the delicious food to arrive, and the waitress brought it over. Ye Yan stood on the chair, while Donghuang Li sat down, and the siblings began stuffing their faces, as if they hadn't eaten in days.

Seeing how pitiful the siblings were, many kind-hearted people bought some food and sent it over, and the siblings thanked them repeatedly.

An hour later, the siblings were finally full, and walked out of KFC with bulging stomachs.

"Sister, if Yan'er dies from being too full, don't tell Mom and Dad, it's so embarrassing..." Ye Yan exhaled, feeling so full...

Donghuang Li was the same, she hadn't eaten this much in a long time.

Seeing the oil stains at the corners of his brother's mouth, Donghuang Li reached out to wipe them away. "Then let sister die with Yan'er."

"Sister is so kind~" Ye Yan exclaimed happily. If Ye Yan had to pick who he liked the most, first would be his sister, second would be his father, and third would be his mother.

If Qing Ya knew the order in which her son ranked people, she would definitely be so angry she'd spit blood. She almost died giving birth to him, and in the end, she was ranked third. It was so heart-wrenching...

However, the sudden appearance of three white rays of light caught the attention of the siblings.

Chapter 586 (Child, Don't Blow...)

"It's so beautiful..." Ye Yan murmured as she looked up at the night sky.

Donghuang Li was also mesmerized. "Yes, it's so beautiful."

"There seem to be a lot of people following behind, sister, do you see them?" Ye Yan hurriedly pulled her sister's hand as if she had discovered a new continent.

Donghuang Li had naturally seen them too.

"Sister, let's go take a look. Maybe it's something good, and we can give it to our parents. They'll be happy, and won't blame us for coming back late."

"Yan'er is really smart. Let sister give you a kiss." Donghuang Li smacked her lips, making Ye Yan overjoyed.

"Sister, let's fly quickly, or we might lose it..."

"Okay, Yan'er, hold on tight to sister."

"Okay."

After speaking, the two siblings disappeared from the spot at an astonishing speed, leaving those who were observing them rubbing their eyes in disbelief. Where did they suddenly go?

Of course, they appeared next to the white glow.

"Wow... is this a treasure?" Ye Yan looked at the shiny jade flute next to him and asked.

"Quick, take it, let's go find others."

"Okay."

Ye Yan grabbed the jade flute with his little hand, and the white glow disappeared...

The people following behind were confused, how did it suddenly disappear? Some even rubbed their eyes.

But many people rushed towards another white glow. However, just as they arrived, it disappeared again...

The crowd was once again confused and didn't know what to do. What was going on? It disappeared just like that...

When they saw the last white glow, everyone rushed towards it as if their lives depended on it.

And then...

It disappeared again!

Thousands of people were standing in mid-air, looking around, and then...

"Oh my god! You guys are from the Justice League!"

"Oh my god! You guys are from the Peace Association!"

As soon as they disagreed, they started fighting, and the sky suddenly emitted colorful light, very lively.

Meanwhile, in the small forest below, two little guys were looking at the treasure they had picked up.

"Sister, it's broken, it must not be a good thing." Ye Yan was very disappointed. After all, it turned out to be broken after all the effort, and he wanted to take it back to make his parents happy.

"Yan'er, don't be disappointed, look at sister."

Only saw Donghuang Li neatly arrange the three-section jade flute, and condensed a spiritual energy in her small hand, making the jade flute.

"Wow... sister, it's starting to come together!" Ye Yan clapped his hands excitedly. 'Sister is really amazing, Yan'er can only look up to her.'

The three-section jade flute suddenly closed with a bang, emitting a huge pressure and even a green light.

The people fighting above stopped immediately and looked down at the small forest.

Ye Yan held the jade flute in his hand and looked at it curiously. He even knocked on a big tree and said, "Sister, this is a small green stick, it's not very useful."

"Yan'er, this is for blowing." Donghuang Li laughed lightly, her brother is so cute and adorable.

Just as Ye Yan was about to blow it, there was a banging sound around them.

Countless figures fell from the sky, holding all kinds of weapons, staring at the brother and sister.

That little guy's jade flute was actually an ancient divine weapon! It must have been the three white rays of light just now, but why did it fall into the hands of two children?

Chen Xuanzong also saw Donghuang Li and felt familiar. Where did he see her before?

During the martial arts tournament, Donghuang Li appeared on the high platform, but now she was dirty and he couldn't see her true appearance.

But Chen Xuanzong was not interested in ancient divine weapons, he just wanted to see what would happen.

Xin Ba in the team was also extremely surprised. How did the ancient divine weapon fall into the hands of two children? Should he grab it?

But it seems a little inappropriate to snatch things from children.

Ye Yan asked his sister curiously, "I haven't even blown it yet, why are so many people coming?"

"They are all bad guys." Donghuang Li began to teach her brother on behalf of her father.

"Oh, they are the bad guys that mom and dad talked about. Yan'er understands." Ye Yan nodded. 'So bad guys look like this, how can Yan'er tell them apart?'

Xin Ba walked out of the team with a smile and said, "Little friends, we are not bad guys."

"Hmph~ only bad guys say they are not bad guys, and deceive children." Ye Yan pouted, angrily.

Donghuang Li looked at everyone cautiously and was ready to protect her brother at any time.

However, this move fell into the eyes of these people, and they thought Donghuang Li was very cute and brave.

"Hmph! Xin Ba, is this how your peace association bullies children!" A person from the Justice League stood up, pointing at Xin Ba and shouting, but he was slowly approaching the siblings.

Chen Xuanzong frowned when he saw this person.

Xin Ba's expression tightened and he shouted, "Be careful!"

The big man leaped and pounced towards Ye Yan.

Ye Yan was startled, picked up the jade flute in his hand, took a deep breath, and then blew it hard!

Wu wu wu!!!

A sound wave spread from the jade flute, and the pressure from the ancient divine machine swept around. A huge wave of shock spread from Ye Yan as the center.

The big man closest to him was completely unprepared, and his whole body was frozen in mid-air. The sound waves caused the air to distort, and blood flowed from his facial features. He convulsed a few times and fell to the ground.

Not just the big man, but everyone was the same. They couldn't withstand the attack of the ancient divine machine, and their eardrums were all shattered and bleeding.

Ye Yan was still young and didn't understand how to use his spiritual energy. If he were to add spiritual energy to his attack, the effect would probably be even better. It was likely that if he had done that just now, only a few dozen people out of the thousands would have been left.

Ye Yan put down the jade flute in his hand and curiously asked his sister, "Sister, what's wrong with him?"

"Uh... he's asleep," Donghuang Li explained a little bit. Her little brother was still young, and she couldn't let him know what really happened.

"Oh, I see. Uncle really loves to sleep," Ye Yan pursed his lips and seemed to want to practice his flute again.

This move scared everyone. If he blew a few more times, they would probably all be killed.

"Little friend, let's talk it out. Don't play your flute," someone said.

"Yeah, yeah, children shouldn't play the flute."

"Yes, besides, it's already late now. If we disturb someone's sleep, it won't be good."

Everyone started to persuade him one after another. It turned out that this was the power of the ancient divine weapon. In the hands of an ordinary child, it had such power. If they were the ones who got it, they would probably fly away.

Ye Yan also felt that it made sense and said seriously, "Yeah, we shouldn't disturb others' sleep."

Everyone was relieved. The little guy could still play his flute, as long as he played softly.

"But if I play softly, it won't disturb them," Ye Yan added.

Everyone: "..."

Chapter 587 (Mom and Dad!)

Ye Yan tightly furrowed his little brows and spoke in a childish voice, "Are you guys saying that because you think I play badly?"

As soon as everyone heard this, they became anxious. This brat is truly a rascal.

"No no no!!! Little friend, you play so beautifully that even uncle is entranced."

"That's right, it's like heavenly music."

"Exactly, anyone who says it's not good, I'll be mad at them!"

After hearing this, Ye Yan's little face blossomed with a smile. It turns out that he was still quite clever.

"Okay, then I'll play one more time for you guys."

Everyone felt like dying. Why was this little kid like this? He was really difficult to appease.

"Little friend, you should save such beautiful music for an important occasion."

"That's right, the environment here is so terrible. It's practically a violent and brutal place."

"We must arrange a grand theater for our little friend to perform in. At that time, you will become world famous!"

After hearing this, Ye Yan felt that there was some truth to it. After all, he was his father's son, how could he lose face for his father?

"Sister, they said I play well," Ye Yan was a bit proud. After all, he was still just a child and enjoyed hearing others' praise.

Donghuang Li patted her little brother's head, "Of course, Yan'er is very talented."

"Really?" Ye Yan looked at the jade flute in his hand, seemingly fond of it.

However, Donghuang Li never would have thought that because of this incident, his little brother would later become the God of Flute with his catchphrase being so powerful!

"Believe it or not, I'll blow you to death!"

Xin Ba was really hoping to get the jade flute from Ye Yan, but at the same time, didn't want to hurt the little kid. They looked so innocent and pure.

This was ultimately Xin Ba's personal opinion and did not represent the opinions of others. After all, this was an ancient divine weapon, and everyone wanted to possess it.

"Little friend, Uncle also has a flute here. How about we exchange?"

"Uncle also has one, which looks better than his. You can see it's even emitting colorful lights."

"Little friend, Uncle also has a lollipop. How about we exchange?"

Ye Yan looked at the bad uncles' things in their hands, pouted his little mouth, and said, "I'm not a kid... unless you give me two lollipops, I won't exchange."

"..."

Two lollipops, but there's only one, what should we do?

"Can we buy another one later?"

Ye Yan lifted his chin, "No."

The little guy was quite stubborn and refused to change his mind.

The uncle couldn't stand it and shouted to the crowd, "Buying one lollipop at a high price! I'll exchange it with a spirit tool!"

Surprisingly, there was a man who responded, "Hey, I'll exchange my spirit tool for your lollipop." The man lowered his voice wanting to change his spirit tool for the ancient divine weapon. What a profitable deal!

The uncle's face darkened. "Brother, that's not fair."

"What's unfair? Let's make a bet, whoever wins can keep the lollipop."

"Let's do it! I'm not afraid of you!"

The two men walked aside and started a fierce battle for the lollipop, fighting tooth and nail.

There were also some people who wanted to wait for them to both lose and then rob them.

The goal? Two lollipops!

It seems like in the future, we need to prepare more lollipops, which are the best medicine to soothe a child.

The members of the Peace Association began to discuss how to take the lollipops away and looked at Donghuang Li. As long as they could capture Dong Huangli, the little child would listen to them.

After hearing this, Xin Ba fell into deep thought. In the end, he compromised, but the premise was not to harm the child.

The members of the Peace Association shook their heads after hearing this. In this cannibalistic world, there was no need for kindness, or else one would only wait for the butcher's knife.

But Xin Ba was still a big shot, and everyone had to follow his orders.

Donghuang Li actually wanted to learn from her father. Thinking back to when he was in Tianfu, her father was so majestic and unparalleled.

But she couldn't learn at all and didn't even know how to start. It was really frustrating.

Just as Donghuang Li was pondering how to learn from her father, a rope made of spiritual energy suddenly bound her.

Donghuang Li's face changed. 'These were really bad uncles who bully children. Ah Li was not easy to deal with!'

A terrifying spiritual pressure erupted from Donghuang Li's small body, and the rope made of spiritual energy was on the verge of shattering!

"Not good! Let's all attack together! This little girl is very strange!" One after another, they transmitted their spiritual energy, stabilizing the situation.

"Damn it! What are you people from the Justice League doing?! Help!"

The members of the Justice League were also intimidated by the pressure released by Donghuang Li and didn't expect this little girl to be so powerful! They could only choose to cooperate in suppressing her together.

The spiritual energy released by thousands of people was very terrifying, and Donghuang Li's little face looked a bit ferocious. These were all bad people!

Ye Yan was scared and cried, only reacting now and asking, "Sister...sister...are you okay?"

"Yan'er, don't cry, sister is okay."

"Waaah, sister looks so painful, Yan'er wanted to save his sister..."

Hearing this, someone from the Peace Association shouted, "Kid, hand over the jade flute in your hand and we'll let your sister go."

"That's right, hand it over and we'll let her go."

Ye Yan didn't even think about it and threw the jade flute in his hand away. Even if he liked it, his sister was more important.

The jade flute drew a beautiful arc in the air, and the eyes of thousands of people followed its trajectory as they chased after it. Donghuang Li also broke free from her restraints at this moment.

"Sister~ I'm sorry~ Yan'er is useless." Ye Yan immediately threw herself into her sister's arms and cried, feeling weak and helpless for not being able to protect her sister from being bullied.

Donghuang Li felt distressed and comforted her, "Good...Yan'er, don't cry. You're still young, but when you grow up, you'll be able to protect your sister."

Ye Yan was immersed in endless self-blame and his crying only grew louder.

"Father...mother..."

"Father...mother..."

"Father...mother..."

Ye Yan shouted to the sky, shaking the heavens and the earth!

Even the people next to her who were fighting over the ancient divine instrument were startled. This little guy was so scared that she just called out for her parents. It was really speechless.

Even if your parents came, it wouldn't help!

Perhaps it was the noise caused by the ancient divine weapon that attracted many people to come over.

Xin Ba saw this situation and shook his head. They were all going crazy! They were killing each other for the sake of the ancient divine weapon! He needed to go back and report the situation.

Chen Xuanzong didn't join in and just watched coldly on the sidelines.

Meanwhile, Ye Yan's cries couldn't be stopped, and in the Leisure Bar, Ye Hua and Qing Ya's hearts sank as an overwhelming killing intent surged out!

Yan'er was actually asking for their help!

Chapter 588 (One-on-One!)

Ye Hua and his two wives arrived at the scene in an instant!

Watching Yan'er cry in Ah Li's arms, the parents' hearts were breaking!

"Mommy..." Ye Yan felt his mother's presence and ran over.

Qing Ya hugged her son and her eyes turned red. Looking at her son's dirty little face, she felt extremely heartbroken. "Yan'er, be good. Mommy is here."

"Yan'er is useless, couldn't protect sister. Sister was bullied by a bad uncle..." Yan'er cried out in pain.

Donghuang Baizhi also held her daughter in her arms, wiping the dust off her face. "Ah Li, are you hurt anywhere?"

Hearing her mother's gentle concern, Donghuang Li burst into tears. "Wuu...Ah Li is useless, couldn't even protect little brother..."

The older sister blamed herself for not protecting her younger brother, and the younger brother blamed himself for not protecting his older sister. These two little ones really...

Ye Hua was furious!

His children were bullied! How could he, as a father, let it go so easily!

Could these ants really bully his children, who was a Supreme Overlord!!!

"Daddy, I'm sorry..." Donghuang Li looked at her crying father and apologized.

Yan'er also shouted, "Daddy, Yan'er let you down..."

Ye Hua touched the heads of the two little ones and said in a deep voice, "You are both good children. It's just that the world is too dangerous these days."

Qing Ya and Donghuang Baizhi glared coldly at the thousands of people fighting not far away, wishing they could kill them all!

Chen Xuanzong, not far away, had a stiff expression. The girl was actually the Empress's child, and the boy was Qing Ya's!

'And that Long Aotian! Damn Long Aotian! Today, as the Demon Emperor Chen Xuanzong, I will expose your ugly face!'

Ye Hua looked at the thousand people fighting over there and held out his palm!

Suddenly, the Jade Flute flew out from the hand of one of the people and was caught firmly by Ye Hua.

The thousand-person battle stopped immediately, all looking towards Ye Hua and the two women not far away!

It seems that the parents of those two children have arrived!

Thousands of people fell, and their minds were already heated from killing. They looked at Ye Hua and shouted, "Hand over the jade flute, or we'll kill your whole family!"

"Kill my whole family?" Ye Hua's face darkened. "Do you even have the right to say that?"

"Haha! Where did this little pretty boy come from? He talks big, but let's see if he can kill me! It all depends on the blade in my hand!"

Ye Hua lightly gripped his large hand!

Crack!

The jade flute was directly snapped and fell to the ground.

A violent aura spread out, and Ye Hua appeared with a blood blade in his hand. "Today, I shall show mercy! I grant you all death!"

As soon as he finished speaking, Ye Hua disappeared from where he was standing. Qing Ya covered her son's eyes, and Donghuang Baizhi did the same.

But both women fully supported their husband's actions. Even if he didn't take action, they would have done so themselves.

Ye Hua was like a wolf among sheep, and the crowd immediately erupted in screams. Without even a moment to react, they were all cut down by Ye Hua. In less than half a minute, the entire team of thousands of people fell into a pool of blood.

Ye Hua could have killed them all in one go, but that wasn't enough!

Only by condemning their souls to eternal imprisonment in hell could he relieve his anger! And this blood blade in his hand had the power to do just that!

Holding the blood blade, Ye Hua stood among the crowd like a god of death, terrifyingly powerful.

If it were before, Qing Ya and Donghuang Baizhi might have felt uncomfortable. But now, they felt especially relieved, as if Ye Hua had done a great thing.

Putting away the blood blade, Ye Hua slowly walked towards his wife and son. This matter is not over yet!

Just wait for the wrath of the Supreme Overlord!

"Long Aotian!"

Suddenly, a voice rang out, causing the family of five to stop in their tracks.

Of course, Ye Hua knew it was Chen Xuanzong. He had spared him earlier out of curiosity as to what he was up to. Now, he was about to find out!

Qing Ya also saw Chen Xuanzong coming over and asked in confusion, "Chen Xuanzong."

"Qing Ya, today I will tell you a secret!" Chen Xuanzong was thrilled. He was about to expose the despicable and shameless Long Aotian, who had disguised himself as someone else. It was truly detestable!

"Chen Xuanzong! What do you want to do?" Qing Ya shouted angrily, "Why are you so stubborn? That's all in the past."

Chen Xuanzong laughed wildly and said, "Qing Ya, don't you know? This Ye Hua is actually Long Aotian transformed! Don't be fooled again! And Empress, he deceived you too!"

"Long Aotian, do you have anything to say, you fraud!" Chen Xuanzong pointed at Ye Hua and coldly shouted, feeling satisfied that this day had finally come. 'Qing Ya, don't be so stubborn anymore, this demon emperor is your best choice.'

'Even if you have a child now, this demon emperor won't mind and will treat them as his own.'

Ye Hua thought of the original Long Aotian, and if it weren't for Chen Xuanzong mentioning it, he might have forgotten about him.

"Chen Xuanzong, have you gone crazy? What Long Aotian?" Qing Ya felt that Chen Xuanzong was truly insane, actually mistaking Ye Hua for Long Aotian.

Donghuang Baizhi said calmly, "Chen Xuanzong, it seems you're still a northerner at heart. If you leave now, I'll spare your life!"

Chen Xuanzong was puzzled. What kind of magic did Long Aotian use to make them so convinced that they didn't believe him?

"Look closely, he is Long Aotian!"

Ye Hua thought Chen Xuanzong was going to make a big deal out of something and had actually mistaken him for Long Aotian. What was this guy thinking?

Qing Ya was also angry and coldly shouted, "Chen Xuanzong, if you say it again, don't blame me for disregarding our past friendship."

Qing Ya was also afraid that Ye Hua would misunderstand something. This guy's jealousy was extraordinary.

"Qing Ya! Why don't you believe me? I love you, and Long Aotian is just deceiving you!" Chen Xuanzong couldn't contain his inner feelings and expressed his love.

"Enough! Chen Xuanzong, from now on, we have nothing to do with each other!" Qing Ya was so angry that her face turned red. How could she say such things in front of her husband and son? She was so embarrassed.

Chen Xuanzong's face turned pale after hearing this and he couldn't help but take a step back.

Ye Hua was unhappy. Chen Xuanzong was confessing his love in front of him. Did he think he was invisible?

"Chen Xuanzong, my wife is indeed outstanding, but only a man as outstanding as myself can have her. As for you, you're just an ant, not even qualified to kneel and lick my boots!"

Chen Xuanzong suddenly became fierce and said, "Long Aotian! You still like to show off, and your true nature is hard to change. Today, I'll make you reveal your true form!"

Ye Hua laughed and asked, "How do you want to do it?"

"Long Aotian! I, Chen Xuanzong, challenge you to a duel!" Chen Xuanzong's hand appeared six shadow moons, pointing his spear at Ye Hua!

"I'll grant your wish!"

Chapter 589 (I Just Like Your Wife)

Ye Hua had long wanted to get rid of Chen Xuanzong. He was secretly in love with wife, which was simply reckless!

Now the opportunity has come. If he kills Chen Xuanzong, Qing Ya won't say anything, and even if she does, he will get angry. Don't forget, Ye Hua is the vinegar king of the cultivation world!

Qing Ya stood by and didn't say anything. If she spoke up now, Ye Hua would still suspect that she had something going on with Chen Xuanzong. That wouldn't be a good thing, and for the sake of family harmony, Qing Ya wouldn't say anything.

As for her childhood friend, Qing Ya had already done everything she could to persuade him not to pursue this any further. But he was still stubborn!

He even said that Ye Hua was Long Aotian? They were clearly two different people, and Long Aotian had even met Ye Hua before.

Donghuang Baizhi didn't really care whether Chen Xuanzong lived or died.

Qing Ya and Donghuang Baizhi sat beside their sleeping children, waiting for the outcome.

Ye Hua was very satisfied with Qing Ya's behavior. She was truly the woman of the supreme me, always considering things from his perspective, unlike before. It was not in vain for him to love her so much.

"Show me your weapon. I, Chen Xuanzong, won't attack an unarmed person!" Chen Xuanzong, with the Six Paths Shadow Moon in hand, exuded a heroic aura that was quite impressive at first glance. But he had fallen in love with a woman he shouldn't have.

Ye Hua took out a cigarette, lit it up, and took a puff. "You think too highly of yourself. Do I need a weapon to kill you? A cigarette is enough."

"Long Aotian! I won't let you act cool today! I'll kill you!" Chen Xuanzong's hands shook, and the Six Paths Shadow Moon in his hand suddenly attacked Ye Hua. The huge energy wave spread out, worthy of being an ancient divine weapon!

Ye Hua's mouth slightly curved up, holding the cigarette in his hand and stabbing it towards the glowing gun barrel.

Clang!

A metallic sound echoed, and the collision of the cigarette butt and the gun barrel emitted a fierce aura that made people shudder!

Chen Xuanzong stared in disbelief at the sight before him. Long Aotian had actually blocked his ancient divine weapon with a cigarette butt!

How was this possible!

"I told you! I don't need a weapon to kill you!" Ye Hua flicked the cigarette ash and took a light puff, exhaling a puff of green smoke.

Chen Xuanzong didn't dare to be careless and jumped back to create some distance.

However, a voice rang out from behind him, "What's wrong? Are you only distancing yourself because you're afraid?"

A smell of smoke entered Chen Xuanzong's nostrils. He was shocked and scared, and even though it was just a simple contact, he already knew the gap between them!

Long Aotian was so powerful that he could block with a cigarette butt, and his speed was so fast that it was frightening!

It seemed that he had to use his ultimate move to have a chance of winning!

"Four-Faced Heavenly Net!" Chen Xuanzong shouted loudly and inserted his six-way shadow moon into the ground!

A terrifying aura instantly spread in the air, and the huge pressure made the sky change color. There were deafening thunder sounds between heaven and earth, as if it was the end of the world!

A fierce spiritual pressure shot directly into the sky from the tip of the gun, and suddenly the light was brilliant, and the clouds rotated like a vortex!

Only a huge gun head pierced through the clouds, bringing the power of heaven and earth, and the whole world seemed to be forbidden!

"Hahaha! Long Aotian! You're going to die! You can't escape my Four-Faced Heavenly Net!" Chen Xuanzong laughed wildly, as if he had already seen Ye Hua being pierced to death, and then he could take the beauty home.

Ye Hua sighed lightly. Humans were ignorant and didn't understand his power at all. They were still making arrogant remarks here, foolish!

The huge gun in the sky was golden, with an extremely surging killing intent, slowly falling down. The whole earth was suppressed by this spiritual pressure, and all the towering trees were crushed, and the surrounding corpses turned into blood and merged into the earth.

This was too powerful! From a visual perspective, it felt comparable to a sci-fi blockbuster!

The speed of the huge gun's descent became faster and faster, and the ground collapsed along with it, rumbling.

Ye Hua casually took a puff of smoke and then blew it towards the huge gun.

In an instant!

The once arrogant giant gun dissipated like foam, as if it had never appeared before, and the world returned to calm.

He blew away his Four-Faced Heavenly Net in one breath!

Chen Xuanzong's eyes were about to pop out. Was this fake?

"Chen Xuanzong, you're still a little worse compared to me." Ye Hua said, gesturing with his finger.

Although it was just a simple gesture, the gap between them contained the universe.

"This is impossible!" Chen Xuanzong shouted, and his six-way shadow moon attacked again.

Ye Hua once again took out the almost finished cigarette butt and blocked it slowly, saying, "Qing Ya will always belong to me in this lifetime, and only I can enjoy her tender body. As for you, you don't even have the qualification to fantasize!"

Qing Ya naturally heard what Ye Hua said, and gave her husband a fierce look. Men always like to use these kinds of things to show off their abilities.

Chen Xuanzong was stimulated and his speed became even faster. The gun shadows were like illusions, and Ye Hua's cigarette butt was the same, with a slight spark.

Bang!

Ye Hua suddenly grabbed the gun and kicked Chen Xuanzong.

Chen Xuanzong flew backwards. This was a one-sided fight. Ye Hua only gave Chen Xuanzong the time to smoke a cigarette. Now that the cigarette was finished, Chen Xuanzong was done for!

Ye Hua slowly walked over with Chen Xuanzong's weapon.

Under Ye Hua's kick, Chen Xuanzong became half-dead, with all his organs displaced, even his spiritual energy was dispersed!

Chen Xuanzong lay motionless on the ground. He couldn't even take a single blow from the other side!

'When did Long Aotian become so powerful!'

Turning his head to look at Qing Ya beside him, he whispered, "Qing Ya, you know me... I have liked you since I was a child, even now I haven't changed."

Qing Ya held her son and slowly turned around, not wanting to see this scene.

Seeing Qing Ya turn away from him, Chen Xuanzong chuckled softly. He didn't expect that even after regressing, he still couldn't win Qing Ya's heart. Life is unfair!

Ye Hua looked down at Chen Xuanzong and said coldly, "Chen Xuanzong, if you have another life, remember! My woman is not someone you can think of!"

"Humph! I, Chen Xuanzong, don't speak in riddles! I just like your wife!"

This statement really angered Ye Hua, and Chen Xuanzong saw Ye Hua's expression change and laughed out loud. "I fucking like your wife in this life, the next life, and the next next life!"

Ye Hua's face darkened and he aimed his six shadowy moons at Chen Xuanzong's heart and stabbed down, piercing him directly.

Chen Xuanzong immediately spewed blood, but there was no fear on his face.

Chapter 590 (Very Strong)

"Qing Ya! Remember me! There is still a man in this world who loves you!" Chen Xuanzong shouted loudly, his face turning pale after he finished speaking.

Ye Hua tightly held him and whispered, "Remember me! My name is Ye Hua, not Long Aotian!"

His body began to crumble, and cracks appeared instantly!

Boom!

As he exploded, Chen Xuanzong's body dissipated, and even his soul disappeared completely.

In fact, Chen Xuanzong was similar to Xiao Yi, both being stubborn people.

Xiao Yi's stubbornness came from his power and authority, while Chen Xuanzong's stubbornness was his love for Qing Ya. If he had been a bit more flexible, such a thing would not have happened, and perhaps they would have lived happily ever after.

But this was reality, especially for Chen Xuanzong, who even in death spoke his heart without any regrets.

Ye Hua's face was gloomy, feeling especially unhappy, especially with Chen Xuanzong's last words, which completely disregarded Ye Hua and boldly declared his love for his wife. This angered him!

Ye Hua disappeared from the spot.

Qing Ya and Donghuang Baizhi saw their husband disappear, knowing that he was unhappy and had nowhere to vent his anger.

"Qing Ya, give Yan'er to me and go comfort him," Donghuang Baizhi said with a bitter smile. Sometimes, Ye Hua could be like a child when he was angry, and if you didn't comfort him, he would sulk.

Qing Ya sighed deeply, handed her son to Donghuang Baizhi, and disappeared.

Donghuang Baizhi hugged the two little ones and returned to the Voidless Realm. Today was really not an easy day.

Ye Hua returned to his office, turned on the TV, and played the classic Chinese animation "Calabash Brothers" to adjust his mood. He had almost been driven crazy by Chen Xuanzong's behavior.

Not long after, Qing Ya also walked into the office, and Ye Hua glanced at her before continuing to watch TV.

Qing Ya sat down slowly beside Ye Hua and leaned gently against him.

The two of them didn't say anything, just quietly watching TV.

Ye Hua's frustration dissipated a bit. Qing Ya was still his woman, and it was normal for others to like her when she appeared in public.

In fact, Ye Hua was not angry about the fact that Chen Xuanzong loved Qing Ya, but rather that they had grown up together as childhood friends. If it had just been a regular admirer, Ye Hua would not have been so upset.

After an hour, Qing Ya softly said, "It's late, let's go to bed."

Ye Hua knew that Qing Ya was giving herself an out, so he didn't continue to make things difficult. He picked up Qing Ya and walked towards the bedroom.

Tonight, he was going to possess her fiercely. Qing Ya was his woman, and nobody could touch her!

Qing Ya, who was being held in his arms, looked helpless. She was the one who got herself into this situation.

What was supposed to be just a small conflict had turned into such a tragic ending, nobody could have predicted it.

Xin Ba was lucky to be alive. If he had not left, he would have probably died here. He was really fortunate!

But with such a large number of casualties, the members of the Justice League and the Peace Association would definitely find out. As for the perpetrator, they probably wouldn't be able to find them, as there were no eyewitnesses.

There was only one Xin Ba, so did two kids really take down a team of a thousand people?

Who would believe that?

Inside the Justice League, Qing Tiandi was eating an egg tart when he suddenly paused. "Ah, Chen Xuanzong is dead."

"Ah!" Wang Dabao was eating roasted pig's feet, which tasted really good.

"Alas, we have lost another great general." Qing Tiandi swallowed the egg tart, expressing regret with his words but his expression remained unchanged.

Feng Tian leaned aside and said lightly, "Although Chen Xuanzong was a bit weak, it would still require a strong person to kill him."

"Could it be that a reborn person has appeared?" Bai Cixin asked.

Qingtiandi shook his head. "No, but I can feel that the next person to be reborn will be a very powerful one!"

As soon as the group heard this news, they immediately became serious, because this strength was being mentioned by Qing Tiandi, which showed how terrifying it would be.

"Brother Qing, how powerful is this person?" Wang Dabao asked in a low voice.

"Haha, I was just joking. Let's lighten up the mood a bit, don't be so serious." Qing Tiandi chuckled and picked up another egg tart to eat.

Everyone was speechless. Was it necessary to be like this?

Feng Tian snorted coldly and went upstairs to rest. Wang Dabao continued to gnaw on the pig's feet, while Bai Cixin saw her husband's oily mouth and couldn't help saying, "You're sleeping on the couch tonight!"

Wang Dabao looked at his wife going upstairs to rest, then glanced at Qing Tiandi and sighed, "Finally, I can rest for a night."

"Perfect, let's attack Shabak tonight!" Qing Tiandi laughed, seeming a bit addicted to the game.

"No problem, I've already got my equipment ready. We can slaughter them all!" Wang Dabao spat out a piece of bone.

"Let's go online first! Tonight, I'll be the king of Shabak!"

"Haha."

The death of Chen Xuanzong did not bring any sadness to the team. Everyone was as casual as usual.

Meanwhile, at the headquarters of the Peace Association!

Xin Ba was reporting on the work: "President, should we go out and recruit more people?"

A man standing by the floor-to-ceiling window turned around. If Ye Hua saw him, he would definitely say, "Xiao Jiu, you're here."

Yes, the president of the Peace Association is Jiu Ye!

"No need to go out. They're not good people anyway." Jiu Ye held a cane and looked at the dark night outside. He finally had power himself! It was great!

Xin Ba nodded and replied.

"If there's nothing else, go back and rest."

"Yes, President!"

After Xin Ba left, Jiu Ye poured himself a glass of wine and swayed it gently. His 8848 titanium phone in his pocket rang.

"People are all dead! Spread the word that it was done by the Voidless Realm!"

Upon seeing the message from one of his masters, Jiu Ye immediately replied.

Without the help of these masters, he would not have been able to establish the Peace Association in such a short time.

"Xiao Jiu..."

Suddenly, a voice made Jiu Ye tremble all over. He saw a figure sitting on a nearby chair.

"Master!" Jiu Ye knelt without hesitation.

The figure stood up and walked over, revealing his face. It turned out to be Qing Tiandi, who had come over during a bathroom break.

"Xiao Jiu, you've done well during this time. The Peace Association will play an even greater role in the future."

"I'll follow the master's arrangements!"

"This is a reward for you. Do a good job." Qing Tiandi threw a storage bag at Jiu Ye and disappeared from the room.

Jiu Ye breathed a sigh of relief. His masters were generous, rewarding him with bag after bag.

Jiu Ye opened the storage bag and saw three or four ancient divine weapons and various elixirs. This was amazing!
