

## **My Woman 621**

### Chapter 621 (You Shameless Person)

If it weren't for other factors, it would be quite beautiful.

Gradually, darkness once again shrouded the earth. Du Zui was lying on the ground panting heavily, with traces of blood on his body, but he was not dead!

It can be seen how powerful he is. The Death Mage was also a little curious, this person didn't die...

It's interesting!

He swung a black restraint and tied Du Zui up, waiting to deliver the blow.

"Damn alien! Why are you so powerful!" Du Zui still didn't want to believe this reality. How could his big move backfire on himself? This was unheard of.

The Death Mage took out his phone and typed a few big characters to show Du Zui.

"It's not that I'm too strong, it's that you're too weak."

"Puff!"

Du Zui couldn't help but spit out a mouthful of blood. He couldn't believe that there was such a terrifying existence. If he had known earlier...

Suddenly!

Du Zui seemed to have figured something out!

He suddenly cursed out loud, "Qing Tiandi, I'm going to kill you!"

Now Du Zui realized that he had fallen for Qing Tiandi's trick, using him as a pawn to kill others!

The son of a b\*tch!!! He must have known the situation here a long time ago and deliberately said it tonight, just to lure them to come and die!

At this moment, Qing Tiandi was eating instant noodles and watching a dating show, and he sneezed.

Muttering to himself, "It's already spring, why is it still so cold? I should wear more clothes..."

Shi Xiaotian vs. Bai Xiaozhen!

Shi Xiaotian, standing on the sand dune, showed a playful smile. Such a delicate woman was like a weak animal, and he could easily strangle her with a gentle pinch!

"Kneel down and kowtow to Brother Xiaotian a few times, and I will spare your life!" Shi Xiaotian twisted his muscular arm. At two meters tall, coupled with his physique, he looked like a small mountain in front of Bai Xiaozhen.

Because she was on the night shift, Bai Xiaozhen was wearing a long down jacket, but now she took it off, revealing a sportswear underneath, and her proud figure was exposed to the air.

This made Shi Xiaotian slightly stunned and he laughed, "What? Are you trying to seduce Brother Xiaotian? It's useless! I'm not interested in you!"

Bai Xiaozhen slowly raised her arm and pointed at Shi Xiaotian, then hooked her finger...

Bold flirting.

Shi Xiaotian sneered, he had never seen such a daring and reckless woman before, and he roared in anger!

Suddenly, a golden light emanated from his body, thick and strong veins protruded from his skin, and his muscles began to expand. Now, Shi Xiaotian looked like a stone man, with each muscle on his body seeming to explode like carbon fiber, and his huge fists seemed capable of crushing everything in the world.

Although such a muscular man was huge, he was definitely welcomed by young ladies, especially those who liked muscular men.

"I really don't have the heart to smash your body to pieces! But who told you to dare to provoke me!"

Shi Xiaotian roared, his right fist shining with a golden light, carrying a scorching breath as he punched towards the petite Bai Xiaozhen. With a height of only 168cm, Bai Xiaozhen was really too small in front of Shi Xiaotian, and his fist was as big as her face.

The violent shockwave blew Bai Xiaozhen's hair and her beautiful eyes were filled with the huge fist.

However, Bai Xiaozhen slowly extended her left arm.

This action made Shi Xiaotian laugh wildly: "You underestimate me! Go to hell! Be killed by my power! Haha!"

Boom!

Under the fist, the yellow sand instantly flew up and spread outwards, with a huge wave of air covering the sky and the earth.

This was a showdown of strength, without any calculation!

But Bai Xiaozhen was a bone-crushing expert, and her strength was also earth-shattering, leaving people speechless! [Bone-crushing is a pun here, Lie Gu means Cracked Bones.]

Just like Shi Xiaotian now, his crazy laughing face became stiff.

Only Bai Xiaozhen extended her slender index finger and tapped it on the giant fist. If the camera was zoomed in, it would be discovered that it was actually her nail that was tapping on the fist!

"You!" Shi Xiaotian murmured, completely unable to react.

Bai Xiaozhen's mouth slightly raised: "My strength is not bad."

"You! You! How dare you underestimate Brother Xiaotian! You will pay the price for your arrogance!"

A golden light emerged from Shi Xiaotian's skin, like a god descending to earth, and his hard face became extremely ferocious. He clenched his fists tightly and raised them high!

"You will pay a painful price! Go to hell!"

Shi Xiaotian's fists were full of golden light, and the hot breath echoed in the air, making people afraid.

In Shi Xiaotian's opinion, his punch would definitely hammer this woman into minced meat!

However...

How can a man who raises his fists protect his treasures on his body?

Bai Xiaozhen is not only strong, but also very fast!

As Bai Xiaozhen lightly shouted, her slender legs swept across Shi Xiaotian's crotch!

Shi Xiaotian, who was about to strike, was so surprised that his eyes nearly popped out of his head. He never thought that this woman would resort to such dirty tricks!

He himself had been through many battles!

In the world of martial arts, there were rules, and kicking someone's crotch was just a child's play!

Shi Xiaotian, who had just been full of confidence, suddenly covered his crotch, as if it were a cooked shrimp.

"You bitch, you actually attacked me!" Shi Xiaotian couldn't help but burst out, "Shameless woman! You will face retribution!"

Bai Xiaozhen whispered, "This is a technique to defend against wolves."

"Damn it! I am fighting with you, not trying to molest you! What kind of wolf are you defending against!" The pain in his crotch made Shi Xiaotian break out in a cold sweat.

"Oh, I see. I'm sorry, it was a reflex."

Bai Xiaozhen's words almost made Shi Xiaotian bleed with anger. Before he could react, Bai Xiaozhen's small fist hit him directly in the stomach.

The golden light on his muscles shattered like broken glass, and Shi Xiaotian didn't fly away not because Bai Xiaozhen's strength was not enough, but because he didn't want to.

"You! You! Cheap shot!!!" Shi Xiaotian covered his crotch with his left hand and his stomach with his right hand, and fell directly onto the sand dune.

These two attacks almost killed Shi Xiaotian. After all, Bai Xiaozhen's fists and feet were not for show. It was a miracle that Shi Xiaotian could still speak.

"Ah, I thought we were going to fight."

Shi Xiaotian: "....."

"You don't follow the rules of the martial arts world, I won't fight with you, you shameless woman!"

Before Shi Xiaotian could even see clearly, he was slapped in the face and sent flying.

Bai Xiaozhen's face was cold as ice, "In this world, besides Your Honor, and my husband, and no one is allowed to insult me!"

Shi Xiaotian lay on the sand dune, as if he had been hit silly, staring blankly at the stars.

This expression was a bit like someone who had gone insane, but Shi Xiaotian was not insane, he just couldn't believe that he had been slapped away by a woman who had no regard for the rules of martial arts, and would resort to violence without any sense of decency!

## Chapter 622 (Warm-up Exercises)

'It would have been so much better to study recipes and become a good chef, but instead, I ended up in this damn Voidless Realm. I must have lost my mind to be tricked by Qing Tiandi to come here!'

As this realization dawned on him, Shi Xiaotian felt enraged.

'I fell for Qing Tiandi's trick again! That bastard! May he rot in hell!'

Bai Xiaozhen walked over to Shi Xiaotian and looked down at him.

"What are you looking at? Let go of me... Ahh..."

Before he could finish his sentence, Bai Xiaozhen punched him in the stomach, leaving a deep pit in the sand. Despite the brutal attack, Shi Xiaotian was still alive. He must have been tough to have the courage to come to the Voidless Realm.

Meanwhile, there was a conversation between Wen Xia and Jiu Ling.

Both women were stunningly beautiful, and even in this weather, Wen Xia was only wearing a black leather jacket and pants that perfectly showcased her alluring curves.

She looked cold and sexy.

On the other hand, Jiu Ling was also quite arrogant. She wore a white evening gown and a white hat, resembling a noblewoman.

"Beautiful lady, are you interested in working with me?" Jiu Ling asked with a light laugh, a rare beauty herself.

"Not interested," Wen Xia replied coldly.

"Well, that's a shame. A beauty like you, I wouldn't even want to touch you."

"That's only if you can touch me," Wen Xia sneered. It had been a long time since she had fought, and her body was itching for it.

"Beautiful lady, you talk big. Let's see if you can back it up!" Jiu Ling's face turned cold, and she conjured two daggers with her hands. They were no ordinary daggers, as they emitted powerful spiritual pressure.

"I won't hold back either," Wen Xia replied coldly. She was even more aloof than Zi Shan, hardly ever smiling, even when facing danger.

Perhaps it was precisely because of this attitude that Zi Shan was particularly fond of her. She liked her cold demeanor and found it very enjoyable to spar with her.

Jiu Ling shouted and disappeared from her original position in an instant, reappearing behind Wen Xia. Her shining dagger was aimed at Wen Xia's delicate neck.

However, Jiu Ling's expression suddenly changed, and she withdrew her dagger, even taking a few steps back.

So much had happened in that instant!

When Jiu Ling appeared behind Wen Xia, she was overjoyed. She thought that she could kill this beautiful woman with just one blow. However, as she was about to strike her delicate neck, she stopped abruptly.

Suddenly, Jiu Ling saw Wen Xia's gaze fall on her, and a sense of crisis immediately swept over her. Without thinking, she immediately put some distance between them.

"You!" Jiu Ling's forehead broke out in a cold sweat. She could already feel the gap between them from just that one look!

This woman could actually detect her, which means her speed must be extremely fast, even possibly surpassing her own!

Wen Xia slowly turned around and looked at Jiu Ling. "Were you afraid, which is why you moved away?"

"Afraid of you?! Don't make me laugh!"

"Are you really not afraid?" Wen Xia said this as she appeared behind Jiu Ling, even leaning in close to her ear.

Jiu Ling's face changed drastically. She hadn't even noticed this ghostly speed of hers. How was this possible? How could this woman be faster than her?

Jiu Ling's dagger drew a beautiful arc in her hand, and her white round hat flew into the sky due to the force, landing in the yellow sand.

Wen Xia grabbed Jiu Ling's wrist and said softly, "I really don't want to kill a woman like you."

Jiu Ling felt the strength in her wrist and couldn't move at all. She attacked with her left hand, but Wen Xia seemed to have already anticipated it and grabbed her wrist.

With both hands held tightly by Wen Xia, Jiu Ling's pretty face showed panic.

"Hah!"

Jiu Ling shouted, and a terrifying aura burst out of her body, as if she wanted to break free from Wen Xia's grip.

But was Wen Xia someone so easily intimidated? She didn't fear Jiu Ling's spiritual pressure at all.

"Who are you?!", Jiu Ling asked in a deep voice, as the pain in her wrist made her drop the dagger into the yellow sand.

Wen Xia snorted coldly, "Who am I? I serve the Supreme Overlord!"

After saying that, a terrifying aura suddenly burst out of Wen Xia's body, making the air tremble.

"Pfft!"

Jiu Ling was forced to spit out blood by this terrifying pressure, and her beautiful face immediately became distorted, revealing her true appearance.

Looking at Jiu Ling's appearance, Wen Xia said coldly, "So it turns out you are already old and can't even match me by a single bit."

Hearing this, Jiu Ling spit out another mouthful of blood. The opponent's strength was overwhelming, and she was even holding back some of her abilities. Even if she had used all her powers, it would have been useless. This woman was too powerful!

Just this aura alone made her spit out blood. What was happening to this planet?!

Without further ado, Wen Xia punched Jiu Ling in the abdomen. This punch immediately shattered Jiu Ling's spiritual energy, or in simpler terms, it disabled Jiu Ling.

At the same time, Wen Xia released Jiu Ling.

Jiu Ling had blood dripping from the corner of his mouth, and a withered face revealed his terror. He pointed at Wen Xia and shouted, "You woman! How wicked!"

"Wicked? You should think I'm kind, I didn't take your life!" Wen Xia said coldly, with no color in her eyes, emotionless.

After a pause, Wen Xia added, "Of course, I don't know if you'll have a life later because you'll have to wait for judgment!"

Wait for judgment? Jiu Ling thought of the Supreme Overlord that Wen Xia had just mentioned!

'These people were all subordinates of the Supreme Overlord. What kind of existence did the Supreme Overlord have!'

'Why didn't the news shake the world?'

'Or did the news shake the world, but they intentionally suppressed it!'

Now Jiu Ling realized that he had been duped by Qing Tiandi again and had been made a pawn! This was vicious!

Wen Xia grabbed Jiu Ling's neck and walked back, saying, "You're still too weak, I didn't get to use my full strength."

This woman was so arrogant that Jiu Ling was about to explode, but he was helpless and could only be held by Wen Xia.

'Damn Qing Tiandi, even if I die, I will wait for you on the Naihe Bridge!'[Naihe Bridge (also known as Naiheqiao or Bridge of Helplessness) is a bridge in Chinese mythology that leads to the underworld. It is said that after a person dies, their soul must cross Naihe Bridge to enter the underworld, and they will be stopped by two guardians, Meng Po (the Old Lady of Forgetfulness) and Yan Luo Wang (the King of Hell). Meng Po will give the soul a bowl of soup which will make them forget their past lives, and Yan Luo Wang will judge the soul and decide where they will go in the underworld.]

On the other side was Zi Shan vs. Chu Ying.

Zi Shan turned her neck, twisted her small waist, and did some stretching exercises. She smiled and said, "Do some warm-up exercises, you might get cramps."

The previous Zi Shan was so traditional, but now that she's with Yi Hong, she has been infected with Yi Hong's teasing nature.

Chapter 623 (It turns out we're fellow villagers)

"Don't worry, you can just watch," Chu Ying said softly, watching the woman in front of him do chest expansion exercises.

In the distance, Lu Hong whispered, "Brother, your wife is too... you have to talk to her about this later, it's just unbearable to watch..."

Yi Hong's mouth twitched. His wife was doing chest expansion exercises in front of another man. He knew it was just part of the warm-up routine, but someone who didn't know might think she was implying something. He had to talk to her about it tonight! She was too unruly!

Lu Hong even reminded him in a low voice, "Don't forget about the painful memories, Brother..."

Yi Hong looked at his wife in the distance, still full of absolute trust. How could Zi Shan do something like that? His brother was just scaring him.

The husky squatting next to them was listless. 'I also have human rights. Don't ignore my existence just because I'm a dog.'

Zi Shan finally did a set of radio calisthenics. "Okay, let's start."

Chu Ying retched and took out a long knife with his right hand.

Zi Shan also condensed a colorful long sword, exuding unique spiritual energy.

"Not bad, you're a formidable character. Where are you from, deity?" Chu Ying asked curiously.

"Oh? You know deity?" Zi Shan was slightly surprised that this person knew about the existence of deity.

Chu Ying chuckled, "Of course, I'm also a deity."

"I'm from Tianfu, where are you from?"

The two of them started chatting like old acquaintances.

Lu Hong nudged his younger brother, "See, they're already chatting. Be careful."

At first, Yi Hong was still confident, but when he saw his wife chatting with that person, seeming quite happy, like an old friend he hadn't seen in a long time, he instantly became upset and jealous.

Upon hearing Zi Shan's answer, Chu Ying laughed and said, "Linwei, it's a small place, not as big as Tianfu."

"Linwei?"

"A small place, nothing compared to Tianfu," Chu Ying said with a smile.

Zi Shan nodded. So she was from a small place. "How long have you been here?"

"A long time, I don't even remember anymore. And you?"

"I came here just last year."

Chu Ying nodded, "I heard that the capital of Tianfu was very magnificent, and I've always wanted to go see it, but never had the chance."

"Unfortunately, you'll never have the chance again. The capital is gone," said Zi Shan with a soft laugh, making Yi Hong instantly uncomfortable... his wife was laughing.

"Oh? What happened to the capital?" Chu Ying asked curiously.

"Well, everyone died. It was very tragic."

Chu Ying frowned, her eyes filled with doubt. How could such a powerful place like the capital be destroyed?

Yi Hong couldn't take it anymore and ran directly to his wife's side, whispering, "What are you doing?"

"Husband, this is my fellow villager. We just chatted for a bit, and this is my husband." Zi Shan actually started introducing them, making Yi Hong dizzy. She was never like this before.

Chu Ying nodded at Yi Hong, as if greeting him.

The latter also nodded helplessly. They are a polite team and don't randomly kill people.

"Alright, husband, you should go now and don't disturb me in battle." Zi Shan hurriedly pushed Yi Hong away, thinking to herself, 'He's always so jealous.'

"Then stop chatting, okay?"

"I know."

Watching her husband leave, Zi Shan smiled, "My husband is jealous. He gets upset if he sees me talking to other men."

"Hehe, it seems you found the right person."

"Yes, I'm pretty lucky." Zi Shan looked at Yi Hong, who was looking back at her every few steps. She even blew him a kiss to reassure him.

Chu Ying's face gradually darkened, and she said lightly, "Let's begin!"

Zi Shan sighed lightly and said in a tender voice, "You should give up resistance, because there's no chance of winning."

"Why?" Chu Ying asked in a low voice.

"Do you know who destroyed the capital?"

Chu Ying remained silent.

"It was us, and of course, the great Supreme Overlord." When she mentioned the Supreme, Zi Shan's eyes revealed a burning admiration, making her seem like a different person from before.

"You destroyed the capital!!!" Chu Ying couldn't believe it. The capital was filled with skilled fighters, how could it be destroyed?

"Yes, surrender and maybe you'll get a proper burial." Zi Shan continued to persuade them. Since they were fellow townspeople, there was no need to fight.

The large sword in Chu Ying's hand emitted a fierce and aggressive aura. "As a man from Linwei, I will never surrender!"

Zi Shan understood and didn't try to persuade her any further. "Alright, take care!"

Chu Ying didn't say anything, but the big sword in his hand suddenly swung out, and a fierce sword energy surged out, illuminating the entire sky in an instant, as if to penetrate the heavens and the earth.

"Puff!"

Chu Ying's face turned dark as he slightly lowered his head, revealing a sharp sword tip on his chest, which was shining with his own blood!

"Surrender, you're no match for me!" Zi Shan whispered, feeling that this person was still decent, so she didn't want to be too harsh.

Chu Ying's face was tightly strained, and his heart was surging. He didn't even know when this woman had appeared behind him, only feeling a coldness in his chest...

'When did such a powerful person appear in Tianfu? Could what she said be true?'

'Did they really destroy the imperial capital?'

In the distance, Yi Hong was quite happy: "Big brother, see that? My wife is still awesome."

Lu Hong did not deny it: "Indeed awesome."

In the arena!

Chu Ying didn't care about the long sword on his chest at all. He swung his big sword again towards the Zi Shan, fiercely and ferociously, not hesitating even if it meant pulling his wound!

Looking at the empty ground in front of him and feeling the chilling sword intent on his neck, Chu Ying's face turned gloomy.

"Move again! I'll kill you!" Zi Shan changed her attitude and spoke with a killing intent.

The sword intent emanating from the long sword in Zi Shan's hand had already cut Chu Ying's skin, and a row of blood flowed from his neck, which looked frightening.

Just as Chu Ying was about to strike again, he suddenly saw a black-robed figure walking towards the bonfire, followed by Du Zui!

Bai Xiaozhen appeared immediately after!

She was actually holding Shi Xiaotian's neck and dragging him over, while Shi Xiaotian was like a dead fish, completely unresponsive.

Another woman also came over, and she directly threw Jiu Ling over!

He couldn't even sense Jiu Ling's spiritual energy!

"Your companions are like this, do you still want to resist?" Zi Shan asked faintly.

The big sword in Chu Ying's hand fell to the ground. If he still had a bit of fighting spirit just now, seeing this scene, he had no confidence left. The other three had all been defeated!

## Chapter 624 (Who Are They)

"Let's go," said Zi Shan calmly.

Chu Ying walked towards the bonfire like a soulless person.

Zi Shan put away his long sword, but she was not satisfied. The opponents were too weak.

All four of them were taken down and stood next to the bonfire. Although they were all injured, they were not fatally wounded.

They still stared at the four intruders and coldly ordered, "Kneel!"

An aggressive aura erupted from Yi Ran's body. The immense spiritual pressure was like a mountain pressing down on their backs. They couldn't bear it and knelt down together.

"You can kill us or chop us, but please, but don't insult us!" Du Zui angrily shouted.

Yi Ran, being the senior wife of Lie Gu, temporarily spoke. "Insult you? You are overthinking it." She gestured to Lu Hing to inform Wei Chang to come, but he shouldn't report up the chain of command.

"Who are you people? How can there be people like you in the Voidless Realm? This is impossible!" Jiu Ling still couldn't understand this issue. The Voidless Realm was powerful, but not powerful enough to reach this level.

"You have many questions, but as losers, you should look like losers and keep your heads down," Zi Shan said calmly.

"Hahaha!!! Lower my head, to you? Dream on!" Du Zui laughed loudly without any fear.

Bai Xiaozhen's beautiful eyes narrowed, and she slapped the air.

Smack!

The sound was loud and forceful, knocking out Du Zui's teeth.

"Motherf\*\*\*er, you damn woman! Even if I become a ghost, I'll still kill you!" Du Zui spat out a mouthful of blood and roared at Bai Xiaozhen.

If she could, Bai Xiaozhen wanted to kill this person. He was too disgusting.

But there were no orders from the superior, so she had to leave it for now.

Lu Hong also reported the situation to Wei Chang.

At this time, Wei Chang was sound asleep with Tang Wei in his arms. He woke up immediately after hearing the report. Someone dared to come!

Wearing his pajamas, Wei Chang came directly.

A black vortex appeared next to the bonfire, and all four kneeling people saw it. Their eyes were filled with horror as they felt the aura emanating from the vortex.

It was too terrifying!

However, when they saw a man in pajamas walking out, their mouths twitched. This was not what they expected...

"Uncle Wei!" Everyone present respectfully called out, even Yun Lang bowed his head.

"It has to be said that the four kneeling people were amazed. These people were already terrifying, but they actually showed such respect for a man in pajamas!

This is a bit frightening! Who exactly is this man in pajamas?

"What's going on?" Wei Chang frowned tightly, annoyed to be woken up from his sleep.

The Death Mage respectfully said, "Master, these people were planning to attack Voidless Realm tonight, but we intercepted them!"

Wei Chang turned to look at the four kneeling people, his deep gaze making people afraid to make eye contact.

The four people didn't even dare to lift their heads. No wonder losers should bow their heads, because they didn't have the courage to lift their heads at all...

"Who are you people?" Wei Chang asked in a low voice.

Jiu Ling didn't have time to think much and quickly explained, "It's a misunderstanding... we were all deceived into coming here!"

"Oh, by whom?"

"Qing Tiandi! He's the leader behind the Justice Alliance, and he has always wanted to attack the Voidless Realm!" Du Zui also quickly explained, after realizing that they can't retaliate against the man in pajamas, he couldn't even muster any resistance.

"Qing Tiandi." Wei Chang murmured.

He had originally planned not to inform Your Honor, but since it involved Qing Tiandi, he still wanted to ask Your Honor's opinion.

At this time, Ye Hua was not sleeping with his wife, but was holding his daughter and son in his arms. The two little ones snuggled up in their father's arms and slept soundly, even with smiles on their faces in their dreams.

Ye Hua, who was sleeping well, was awakened by Wei Chang.

"Wei Chang! If you don't give this deity an explanation, see how this deity will teach you a lesson!" Ye Hua coldly hummed. It was really unlike him. He had said it many times that after 10 p.m., he didn't want to be contacted unless it was a big issue!

Wei Chang's expression became respectful, even though Ye Hua wasn't in front of him, he still bowed his body.

And the others, seeing Wei Chang's demeanor, knew that Your Honor was angry and also bowed their heads.

This move completely stunned the four kneeling people. Who exactly were these people!

The terrifying man in pajamas had become so fearful, as if he was afraid of something!

"Your Honor, there are attackers outside." Wei Chang explained.

But this explanation didn't satisfy Ye Hua. "Just kill them! Do we need to report such a small matter!"

"But they said it was Qing Tiandi who deceived them."

When it came to Qing Tiandi, Ye Hua's gaze became sharp. He wanted to ask about the situation.

After ending the call with Your Honor, Wei Chang breathed a sigh of relief. He knew Your Honor was already resting, but he still got scolded.

It was all because of these four idiots! Was Voidless Realm the place they should come to!

Eight people and a dog stood respectfully by the bonfire, which made the four kneeling people feel heavy.

"They seem to be waiting for someone to come out! Who could it be? The four of them are not sure, but what is certain is that it is definitely a more terrifying presence! Or it could be that Supreme Overlord!

Ye Hua's figure quickly appeared, draped in a military coat, looking very... very sloppy. At least that's what the four kneeling people thought.

"Subordinates greet Your Honor!" The shouts of the eight people were very intimidating on this quiet night, as if they had broken through the clouds.

"Woo woo woo~" Yun Lang also followed suit and lay down.

Ye Hua raised his hand and everyone stood up respectfully.

Du Zui's mind was blank. This was the Supreme Overlord! They originally thought he was the pajama guy! They never expected him to be this military guy!

Jiu Ling looked at Wei Chang. This man was already very powerful, but she didn't expect there to be an even stronger one!

In Chu Ying's heart, these people had already become terrifying to the extreme, and that pajama guy was even more terrifying!

But he didn't expect there to be more!!!

How can people live like this?

And these people were so respectful to the military man, even with fear! My God!

What have they done to attract such beings?

Shi Xiaotian remained silent throughout the whole process. As a big guy, being beaten up by a woman, it was embarrassing... he even felt embarrassed to speak...

"Just them?" Ye Hua whispered.

Wei Chang stood respectfully behind Ye Hua and replied, "Yes, Your Honor."

Ye Hua pointed at Chu Ying and asked calmly, "Did Qing Tiandi send you all here?"

Chu Ying nodded and said in a low voice, "Yes, we were all deceived by Qing Tiandi, so we came here."

Ye Hua then looked at Jiu Ling and asked, "What is your relationship with Qing Tiandi?"

Jiu Ling didn't dare to conceal anything, and the man's questioning voice made her feel like her heart was about to explode.

"We all come from the Divine Realm, and used to be assassins there." Jiu Ling even revealed this old background, which shows how scared she is now.

Ye Hua pointed at Du Zui and asked, "Why isn't Qing Tiandi with you guys?"

Du Zui quickly replied, "Your Honor, although Qing Tiandi is with us, he's naturally sly. We've suffered losses from him before, and this time he made us the cannon fodder to test you!"

"You mean Qing Tiandi is your leader?" Ye Hua asked calmly. Qing Tiandi indeed had a good mind and was very adept at reading people's hearts.

Jiu Ling lowered her head and said, "Your Honor, Qing Tiandi was originally one of us. We really didn't mean it. Please spare us."

"What was your purpose in attacking the Voidless Realm at night?" Ye Hua sat down by the campfire, stretched out his hands to warm them, and stared at the golden flames.

After a brief silence, Chu Ying said in a low voice, "Voidless Realm is a small world, and we wanted to get something from it."

Chu Ying thought this would shock him, but to his surprise, he didn't react at all, and neither did the others.

The dog even ran to the side and urinated!

How could you pee in such a serious situation? Have some decency!

"So you came for this. Too bad." Ye Hua stood up and tightened his military coat. The night in the Yellow Sand Desert was a little cold.

The four people didn't understand Ye Hua's meaning and were puzzled.

"Kill them," Ye Hua said calmly. There was no reason to let them live.

"Yes!" Wei Chang respectfully replied, showing no mercy. If Your Honor wanted them dead, they wouldn't survive to see the sun in the morning.

The four people kneeling down couldn't believe they were really going to be killed! And the way he said it was so arrogant!

They weren't even afraid of being struck by lightning.

Just as Wei Chang was about to attack, Chu Ying suddenly burst into laughter, and Shi Xiaotian, who had been silent on the side, suddenly came to his senses. Even Du Zui and Jiu Ling felt it.

"At this point, we have to take a gamble!" Chu Ying said, and her body emitted a faint light.

Not only Chu Ying, but Jiu Ling, Du Zui, and Shi Xiaotian also emitted the same light.

Ye Hua took out a pack of cigarette from his coat and lit one up. "Many people have wanted to take a gamble in front of me, and they all ended up gambling in hell."

Chu Ying sneered: "Who knows who will go to hell!"

The four quickly made hand gestures, and a terrifying aura suddenly emanated from each of them.

Wei Chang was about to kill the four, but Ye Hua stopped his actions and decided to see what they were up to.

"Gathering Spirit Transformation!"

The four shouted, and a huge whirlwind suddenly swept over the scene. A tornado descended from the sky, enveloping the four.

Ye Hua chuckled: "Interesting, strengthening power at the cost of life."

"Your Honor, let me fight and take on the enemy," Zi Shan said with a girlish gesture. This was the opponent she wanted.

Ye Hua calmly said: "I haven't played for a long time, step aside."

"Your Honor~" The three wives of Lie Gu whined.

Every time they encountered a slightly powerful opponent, Your Honor wanted to take them on. This left them, as subordinates, with no opportunity to show off their skills.

Wei Chang frowned: "This is nonsense! How dare you disobey Your Honor's orders!"

The four women quickly knelt down and apologized. They didn't mean to do it on purpose.

"Alright, forget it this time. I don't want it to happen again." Ye Hua said softly. As subordinates, they should act like subordinates. Playful during gatherings, serious during business.

"Thank you, Your Honor. May Your Honor live long and prosperous."

Ye Hua didn't say anything. He thought, 'Do you not have any new vocabulary? It's always the same few phrases. I'm tired of hearing them.'

Feeling the aura inside the tornado, Ye Hua was surprised. It seemed that they had already reached the level of the highest deities. Gathering Spirit Transformation was a good thing, but the price was too high. Ye Hua could feel their lives slipping away.

What's the point? It's better to leave quickly and enjoy life more.

When the tornado disappeared, Ye Hua was quite satisfied with their new form.

Their size was huge, reaching three meters in height. The head was that of Chu Ying, the shoulders belonged to Du Zui and Shi Xiaotian respectively, and the chest position was Nine Spirits.

Ye Hua guessed that the crotch position should belong to Qing Tiandi. No wonder he had tricked them.

"Power! Is this power?! Hahaha!!!" Du Zui could feel the surging power, as if he could crush this planet with one punch. This feeling was incredibly strong.

Jiu Ling did not expect this move to be so powerful. Her confidence instantly returned, and she let out a sinister laugh: "Even if I die, I will drag you down with me!"

Chu Ying took a deep breath and said, "No matter how powerful you are, you will die in this desert."

Ye Hua had heard too many such words before. They were the confidence given by power, the belief that they could crush their opponents. But how could they know that Ye Hua was the source of that power?

"Die! Tremble under my power!" Shi Xiaotian roared. His huge body suddenly shone with golden light, and the power surged wildly. The entire yellow sand area was shaking, and even the sky seemed to feel the power and began to rumble.

Ye Hua raised his right hand slightly and said faintly, "Even power must kneel before me!"

As his thumb and middle finger tapped together, the four arrogant individuals were momentarily stunned, as if they had been frozen in place. Even their expressions were the same.

A gust of wind blew, and the huge body collapsed like a pile of sand, blending with the yellow sand on the ground!

Watching Ye Hua display his power, everyone immediately kneeled down and shouted, "Your Honor is boundless!"

"Alas, I'm the origin of power. I need to retire." After speaking, Ye Hua disappeared next to the campfire.

Hearing Your Honor's lonely tone and seeing his desolate figure, everyone sighed in their hearts. It was no wonder that he was their leader. His arrogance was terrifying.

Your Honor's snap of his fingers was so cool.

Ye Hua was also helpless. Now he was showing off in front of his subordinates, but there were no spectators...

It was really boring to go on like this.

Back in his room, Ye Hua found his two little ones sitting on the bed.

"Daddy~"

"Daddy~"

Ye Hua hugged the two children tightly. "Why are you both awake?"

"Sister said Daddy went to find Mommy and won't sleep with Yan'er anymore." Yan'er had become increasingly attached to her father and often followed him around, much to Qing Ya's helplessness.

Donghuang Baizhi was the same. Her daughter also followed her father and ignored her as a mother.

## Chapter 626 (Even the Supreme Overlord Throws a Tantrum)

She even monopolized her husband's bed at night, crying and making a scene if he didn't comply, which made the adults shake their heads and sigh.

In Haigang City, Qing Tiandi was still awake, muttering to himself as he watched TV, "You can all go die in my pants!"

Ye Hua's guess was spot on. It was indeed Qing Tiandi's pride that had been hurt. He was truly a petty man.

This was Qing Tiandi's real goal, to use someone else to do his dirty work!

Ye Hua seemed to have fallen behind in this competition, and he was well aware of that. He was interested in Qing Tiandi, who had a good mind and was quite intriguing!

Ye Hua was also thinking about how to regain his position and how to strike a blow to Qing Tiandi to make him feel hopeless.

Directly showing his strength in front of him? That was too low.

That was not his style. He was using his brain now.

In the blink of an eye, another month had passed.

The voice calling for the elimination of the Voidless Realm seemed to have diminished a lot because there was no way to eliminate it, and they couldn't even find a place to do so. Besides, no one dared to go to the Yellow Sand Land because it was too dangerous, and people could die any minute.

Faced with this helplessness, everyone was at a loss.

However, another event had shifted everyone's attention: the sudden appearance of a female demon who specialized in killing men!

Men were afraid to leave their homes, and the situation was getting worse and worse, with a growing impact. As members of the Peace Association and the Justice League, they had to take action to solve this problem.

However, the people sent out never came back, and both organizations were at a loss because the enemy was too powerful!

This action further angered Li Hun. She even killed men she saw on the street. Men who were walking alone were safe, but if there was a woman with them, she would not hesitate to stab them.

It was simply too cruel.

At this point, single men felt grateful that they were single. Why bother looking for a girlfriend when all men with girlfriends are dead? It was truly pathetic.

Of course, Ye Hua knew about this, but he just let it go and didn't interfere.

But, Donghuang Baizhi, as the Empress of the Voidless Realm, had a responsibility to eliminate this danger. This was her duty.

Ye Hua couldn't let Donghuang Baizhi act recklessly. After all, this female demon was a bargaining chip in his confrontation with Qing Tiandi.

But this also made Donghuang Baizhi a little angry. She hadn't talked to Ye Hua in three days.

Ye Hua was too lazy to coax her. If he went to coax her, then what? He needed to think about this problem first.

"Ye Hua, Baizhi hasn't eaten in a day. Go and coax her," Qing Ya said softly as she sat in Ye Hua's arms.

Ye Hua snorted coldly and lightly stroked Qing Ya's elegant hair as he said, "If she doesn't listen, why bother coaxing her?"

"You know, Baizhi is pregnant and her belly is getting bigger. Even if you don't care about her, you should care about the little one. Besides, pregnant women's emotions can be a bit irrational, so you should understand," Qing Ya advised carefully. She probably never thought she would ask her man to coax another woman.

Ye Hua thought Qing Ya was right. After all, they were both carrying his blood, so it was normal for their tempers to be a bit off.

Looking at her husband's expression, Qing Ya knew what to do. She got up and brought a bowl of porridge, saying, "Here, coax her well."

"You! Always siding with others," Ye Hua said irritably.

Qing Ya giggled and pinched her husband's cheek. "It's for the sake of your harem, isn't it?"

"Heh, are two still considered harem? If you have the ability, find me seven or eight more. That's a harem," Ye Hua retorted.

"Ye Hua!!!" Qing Ya put her hands on her hips and looked like she was about to get angry.

Ye Hua snorted lightly. Would this deity argue with a woman? The deity will go coax his wife.

This was the last time he was going to coax her. Don't expect him to do it again next time! He was also a man with dignity!

Entering the Empress's bedroom, Ye Hua saw the Empress sitting on a chair lost in thought. She must be missing him.

"Ahem!" Ye Hua cleared his throat, reminding her that he had arrived and she should come greet him.

"Hmph~" Baizhi, the Empress, snorted softly and completely ignored him.

Oh, she had quite a temper. Did she believe he would coax her with that attitude? Did he have to be subservient?

Ye Hua placed the porridge next to the Empress and said in a low voice, "Drink it!"

Baizhi immediately turned her head away and refused to look at Ye Hua. Was this the attitude he had to coax his wife? Where was the humility?

Seeing his wife's attitude, Ye Hua seemed to have made up his mind.

Gently holding Bai Zhi's delicate hand, she was ready to fight back, but when she saw Ye Hua's expression, she was shocked.

She had never seen Ye Hua's expression like this before.

The pouting and pitiful eyes made Baizhi's hair stand on end.

Especially what he said next.

"Wife, don't be angry, okay~" He even shook her hand while speaking.

Do you know who Ye Hua is studying from?

He's studying from his own son. Ye Yan often begs his mother not to get angry like that.

Honestly, Donghuang Baizhi was shocked by Ye Hua, and it was the kind of shock that left her speechless.

"Ye Hua, let's talk it out. You should recover." Donghuang Baizhi quickly said. Ye Hua seemed to have changed into a different person and she preferred the old cold and aloof Ye Hua.

Ye Hua was shameless in order to please his wife and quickly regained his composure. "Drink it quickly."

"Then don't show that expression again. I'm afraid of you." Donghuang Baizhi quickly picked up the porridge next to her.

"What's wrong with my expression?"

Thinking of Ye Hua's expression just now, Donghuang Baizhi couldn't help but laugh, and the porridge in her mouth spurted onto her husband's clothes.

"Sorry, I couldn't help it." Donghuang Baizhi giggled. If she had taken a picture of her husband's expression just now, it would have been so interesting to look at it when she had nothing to do.

With a cold snort, Ye Hua sat on a nearby chair.

"Don't worry about this. I have a plan." Ye Hua said carefully.

Donghuang Baizhi sighed softly and put down the porridge, lowering her head slightly.

"You should learn from Qing Ya and not take everything on yourself. Some things are beyond your control."

"Husband, am I useless?" Donghuang Baizhi murmured, feeling like she wasn't a very competent Empress.

Ye Hua pulled Donghuang Baizhi into his arms and gently caressed her slightly bulging belly. "My Empress, how can you be useless when you've given birth to my second child?"

"Oh come on, so you're saying that my only use is to bear your children~" Donghuang Baizhi pouted and acted cute in her husband's arms. It seemed that Ye Hua's weak point was his wife's coquetry.

"Of course not, you also take care of me."

"But I don't want to be just a vase~"

Ye Hua was pleased with his wife's thoughts and whispered, "Don't worry, when the children are a little older, I'll take you somewhere where there are many of my enemies. You can show your fists and feet then."

#### Chapter 627 (Brother-in-law and Sister-in-law Series)

"Ye Hua, do you still have many enemies?" Donghuang Baizhi curiously asked. She had heard Ye Hua mention it before, but this was the first time he mentioned it in front of her.

Ye Hua patted Donghuang Baizhi's cheeks, "Don't worry, I'll tell you when the time comes."

Ye Hua thought, if she revealed her true identity in front of Qing Ya and Donghuang Baizhi, their expressions would be priceless. They would probably be scared stiff.

"Hubby, tell me, tell me," Donghuang Baizhi immediately started acting cute, her curiosity piqued. Ye Hua was becoming more and more mischievous.

Ye Hua pinched the Empress's chin and smiled, "I'll tell you when both of you serve me together."

"Ah, pervert, I won't talk to you anymore!" Donghuang Baizhi snorted and left her husband's embrace to handle the affairs of Voidless Realm.

Ye Hua didn't chase after her. The mission of coaxing his wife was over for today, and he finally solved the problem of the Empress.

After leaving the Empress's palace, Ye Hua stopped in his tracks and looked at the palace where his sister-in-law lived. He decided to go and see Yutong, who seemed to be depressed lately.

As soon as he walked into the palace, Ye Hua saw Qing Yutong in the garden, wearing a green dress and holding a small basket, gazing at the sky of the Voidless Realm.

That exquisite chin, the fair skin, and that sexy neck were all tempting Ye Hua's nerves.

Faced with this undeveloped sister-in-law, Ye Hua chose to avoid her, so as not to be unable to resist and do something to her. Qing Ya would definitely fight him if he did.

But Yutong was getting more and more beautiful, as if waiting for a man to come and develop her.

Of course, Qing Yutong knew that her brother-in-law had come. She posed in such a way, humph, to seduce her brother-in-law and make him fall for her. She now left whenever she saw me, as if she were a beauty. This was too annoying.

She used to get spanked by her brother-in-law, but now he didn't even lay a hand on her. How could you be such a brother-in-law? Did you just want to pat her butt and leave?

Seeing that Ye Hua still hadn't responded, Qing Yutong turned to look at him and smiled, her beautiful eyes curved like crescent moons, "Brother-in-law~"

To be honest, Ye Hua felt a little guilty. He had boasted about taking care of his sister-in-law, but it had been delayed until now, making him look like he had been relegated to the cold palace. You could tell just by looking at his resentful expression.

"Go play, don't stop me," Ye Hua said, trying to scare his sister-in-law away with his gaze.

Qing Yutong spread her arms and said, "Brother-in-law, if you leave today, I'll tell my sister you spanked me."

"You! Qing Yutong! How dare you!" How could he let his sister-in-law threaten him like that?

Looking around the entire world, who would dare threaten him, even his own wife wouldn't dare!

"I'm just brave. What are you going to do about it?" Qing Yutong also stood her ground.

"Move aside!" Ye Hua said sharply.

Qing Yutong turned into a gust of fragrant wind and flew directly into Ye Hua's arms, offering him her first kiss.

Ye Hua was a little bewildered. This sister-in-law wasn't following the usual script! Excellent men were like this, helpless in the face of such situations.

After a long time, the two of them finally parted.

Ye Hua put on a cold look and said in a deep voice, "Qing Yutong! Do you know what you're doing?"

"Hmph, I know that you're attracted to me, brother-in-law," Qing Yutong said playfully.

Ye Hua: "..."

It was so awkward. His temper had been a little too hot lately.

Seeing her brother-in-law's embarrassed look, Qing Yutong slyly asked, "Brother-in-law, was my first kiss sweet? I still have a lot of firsts left... they're all for you."

This was practically a crazy hint. This sister-in-law was getting more and more mischievous.

"Alright, don't let your sister catch us," Ye Hua's tone softened a little, but he still felt very stimulated inside. No wonder so many men wanted to cheat. This feeling was pretty good.

Qing Yutong seemed to know what her brother-in-law was thinking. "Brother-in-law, do you find it exciting?"

"What's so exciting about it?" Ye Hua slapped her butt, making a loud sound.

"Ow, brother-in-law, why did you hit me again and so hard?" Qing Yutong asked, rubbing her butt.

"You're not behaving!" Ye Hua scolded.

Qing Yutong didn't care and just liked her brother-in-law. She grabbed Ye Hua's neck and kissed him again. Ye Hua didn't seem to resist, even touching her. This undeveloped girl, Qing Yutong, was suddenly touched so much that her whole body trembled, and the whole world seemed uninteresting.

"Brother-in-law, you're so bad~"

Oh my god, this is simply... Brother-in-law and younger sister-in-law having an affair series.

"Are you satisfied now? Hurry up and go back." Ye Hua shook his head. Younger sister-in-law was really stimulating.

"Brother-in-law is mean, I want to go back and change my pants~" Qing Yutong said and ran back to the room.

Ye Hua breathed a sigh of relief, thinking to himself, 'Qing Ya, it's your younger sister who tempted me. I just cooperated a little bit. I'm not taking the blame for this.'

Just as he walked out the door, Ye Hua saw Qing Ya coming towards him and instinctively wanted to turn around, as if he had done something wrong.

But then Ye Hua thought, 'how could I, the great husband, be afraid of my wife? I was just overthinking things.'

"What are you doing, Ye Hua?" Qing Ya asked curiously as she walked towards him.

"I just chatted with Yutong for a bit." Ye Hua said lightly, looking like a gentleman. He wouldn't bother with such things as having an affair.

Qing Ya silently nodded her head. "As her brother-in-law, you should advise Yutong not to have such high standards. She's almost thirty years old."

"That's right, I just said that but Yutong doesn't listen to me." Ye Hua nodded silently. Maybe you don't know how thirsty Yutong is, Qing Ya.

Qing Ya sighed softly. "If it doesn't work out, I want Yutong to marry you so I can rest assured."

'Ha ha, Qing Ya is trying to trick me. Do you think I'm stupid?'

"Qing Ya! What are you saying? Watch your words!" Ye Hua sternly reprimanded her. She was challenging the moral bottom line by saying such things and destroying interpersonal relationships.

Qing Ya pursed her lips and said seriously, "I'm serious. If you don't agree, forget it."

Ye Hua saw Qing Ya's attitude and realized she wasn't trying to trick him. 'Could it be that she really intends to give her sister to me?'

'Truly worthy of being my wife! This is something that must be praised!'

Chapter 628 (There is an Enthusiastic Man Here)

Ye Hua nodded and said, "Actually, your idea is not bad. We are all family."

As soon as he finished speaking, Ye Hua felt two unfriendly gazes.

Damn it, Qing Ya was really trying to trick him, and he actually believed it naively. He was too honest.

"Do you think you can deceive me with such a small trick? I know everything. A little probing and it all comes out," Ye Hua quickly explained, fearing his wife. There was no such thing as "fear", he was just maintaining family harmony.

Qing Ya snorted and walked into her younger sister's bedroom.

Ye Hua breathed a sigh of relief. Qing Ya was becoming more and more mischievous.

Speaking of which, that kid Lu HongLü had two identical twins. As the leader, he couldn't fall behind.

Although Qing Ya and Qing Yutong weren't twins, their facial expressions were quite similar. If they could team up with the Empress, the scene would definitely be explosive.

It seemed like he had a new goal again.

But this was a long-term plan. He needed to deal with the current situation first. He was going to give Qing Tiandi a hard time this time!

Summoning his subordinates, Ye Hua decided to hold a small meeting.

The location was, of course, the hall of the Leisure Bar. He wanted to go to the restroom, but he couldn't fit in. Moreover, there were more ladies now, and it would be inconvenient to hold a meeting in the men's restroom.

"Subordinates pay our respects to Your Honor!" The subordinates respectfully greeted him.

Ye Hua nodded, feeling quite comfortable hearing such words.

"Recently, there's a female demon outside causing a lot of trouble," Ye Hua sat at the bar and said lightly while smoking.

Immediately, Lie Gu stood up and bowed, "Your Honor, I'm willing to eliminate evil for the people!"

"Who told you I wanted to get rid of her!" Ye Hua glared. He hadn't even finished speaking, and you're already coming out!

Lie Gu immediately stepped back, feeling a little embarrassed. He had originally wanted to show off in front of Your Honor, but he didn't expect to be scolded instead.

Ye Hua took a puff of his cigarette and said in a deep voice, "This female demon is indeed quite powerful, but she can't defend against hidden weapons. So, I want one of you to go and protect her. Who's willing to go?"

The whole room fell silent...

No man stood up.

The reason was simple. They all had girlfriends or wives. How could they go protect a woman? Their wives would be extremely jealous.

In the team, Zi Shan whispered, "Yi Hong, this is a good opportunity. Take the mission quickly."

Yi Hong didn't know Zi Shan's little scheme yet. She was constantly probing every day, even when she went out for a walk at night, she would point to the women around her and ask if they were pretty.

Yi Hong was now trained to have a tough and strong body through martial arts practice.

"Zi Shan, the person I want to protect in my lifetime is you."

The perfect answer! Yi Hong was impressed with himself.

Zi Shan was very satisfied with her husband's answer and her pretty face lit up with a smile.

Only Gorefiend and Dou Fushi were present without a girlfriend.

Gorefiend was not interested in women and was now promoted to the management level of the bar, handling things in an orderly manner, and Ye Hua's pocket money was increasing.

So only Dou Fushi was suitable for this task.

But now Dou Fushi had become smarter, standing obediently at the back of the team, not speaking even if killed, and not accepting any tasks!

It was not that Dou Fushi did not want to accept, but because Dou Fushi had also heard of that female demon who was extremely fierce and killed men on sight.

If he accepted, he would definitely be killed. He would rather die than go.

While Dou Fushi was thinking, his left hand was suddenly pulled up by someone.

Lu Hong immediately exclaimed when he saw it: "Dou Fushi, you're great!"

Lie Gu also said, "As expected of a newcomer, this courage is admirable!"

Wei Chang also nodded: "As a newcomer, he is brave enough to take on tasks. He has courage!"

"Dou Fushi, you're great."

"Complete your task well for Your Honor."

Dou Fushi was completely stunned, as if his arm had been lifted up by some spiritual energy. It must be them!

'They're bullying me, they're bullying me! I don't want to go...'

Dou Fushi stepped forward and knelt down on both knees: "Your Honor...I..."

Before Dou Fushi could finish speaking, Ye Hua nodded and said, "Since you are so enthusiastic, this difficult task is now entrusted to you."

Dou Fushi: "..."

"What are you still standing there for? Thank Your Honor," Wei Chang reminded him, but Dou Fushi was still stunned.

Dou Fushi had never felt so hopeless before. 'That woman could kill a man without blinking. Am I not going to my death?'

Of course, Ye Hua knew that Dou Fushi was no match for that woman, and he nodded to Wei Chang. Wei Chang's finger emitted a black mist that instantly entered Dou Fushi's nostrils.

And Dou Fushi trembled all over, then felt numbness...and even rolled his eyes.

After finishing the matter, Ye Hua's gaze suddenly sharpened. His subordinates dared not be careless and respectfully listened.

"I have decided to return in five years! During these five years, I hope you all study well and fill yourselves with knowledge through books and education!" Ye Hua declared.

Hearing this, the subordinates all shouted in unison, "Knowledge brings us joy, and learning makes us grow!"

The slogan coming from this group of people's mouths was indeed unbelievable. It was like a group of demons being forced by Ye Hua to take the high school entrance exam.

However, despite not understanding everything, the Seven Sins were still excited to hear that Your Honor had set a return date. Others who did not understand looked at Ye Hua's serious expression and were sure that he was going to do something great!

Instantly, their bodies were filled with excitement, and they wished they could leave now.

Yi Hong also saw hope. This way, she could show her manly side and make Zi Shan admire him.

"Dismissed. Go back and prepare," Ye Hua said calmly.

"Yes!"

Instantly, everyone left, leaving only Dou Fushi lying on the ground foaming at the mouth and Gorefiend.

Gorefiend was not envious of the strength that Dou Fushi was given by Your Honor. On the contrary, he was quite satisfied with his current life, as all that fighting and killing outside was really not his thing.

It turns out that making cocktails and cooking was his true passion. Only now did he realize this!

Ye Hua looked at Gorefiend and said, "Study cooking well. I will leave the food responsibility to you in the future!"

Gorefiend was overjoyed. It was an honor to cook for the Supreme Overlord, and he didn't want to cause trouble for mortals anymore.

"I obey, and I will make the most delicious food in the world for your enjoyment, Your Honor!"

"Good! I will remember that. Practice well for these five years!" Ye Hua said.

"Yes!"

Gorefiend felt his blood boil, and he felt even more excited than in battle. He took a giant leap and charged into the kitchen, full of energy.

Ye Hua's mouth twitched slightly. People can't judge by appearances. Gorefiend was really not someone who would cause trouble for mortals.

He looked again at Dou Fushi lying on the ground foaming at the mouth and covered his face. This Dou Fushi was probably the most silly member of his team.

## Chapter 629 (Demon Entrusted to me for Protection)

"Wuwuwu~" Yun Lang suddenly cried out.

Ye Hua sighed deeply. These two are so silly...

After drinking a glass of wine, Ye Hua returned to the Voidless Realm. The children still needed to be taught, and in five years they would have to bear the banner of Your Honor themselves!

But even after five years, Ye Yan would only be five years old. It was pitiful to think that such a young child would be thrown out into the world by his father to be tempered.

When Dou Fushi woke up, he was completely bewildered. He looked around and saw that Your Honor had already left.

He felt like his life had lost all its color. Was Your Honor really asking him to protect a female demon? Was he joking?

Standing up, Dou Fushi saw that Blood Demon was carefully wiping a glass, his concentration making Dou Fushi's scalp tingle.

"Gorefiend, can I have a drink?" Dou Fushi sighed lightly. Why did he always get these kinds of tasks that no one else wanted?

Blood Demon glanced at Dou Fushi and said flatly, "Give me money."

"Come on, Gorefiend, we're all on the same team." Dou Fushi couldn't believe it. They were all in the same group, and yet he still had to pay?

Gorefiend said in a low voice, "This is Your Honor's command. Even if Madams wants to drink, they need to pay for it."

Dou Fushi: "..."

Was Your Honor really that short of money?

Dou Fushi suddenly thought of a good solution. He wondered if bribing Your Honor would work. He could try it another day.

"Forget it, I'll go and complete the task." Dou Fushi whispered. He couldn't be careless with Your Honor's orders. If he failed, he might be kicked out by Your Honor.

As a man, Dou Fushi also had his pride. How could he fail to carry out Your Honor's orders?

Leaving the bar, Dou Fushi went to the street and got into his 1990s Santana. Then he took out his phone and checked the news.

He could find out where the female demon was just by checking the news.

After searching, Dou Fushi confirmed the woman's whereabouts. She was killing men in Nanyang City. It was terrifying.

And when Dou Fushi saw the photo of the female demon, he felt like he had seen her somewhere before. Suddenly, he remembered that day!

He had divined that he was going to die, was it because of her?

It was so close. He almost died. It seemed that what was said online was true. This female demon only killed men who had girlfriends.

Dou Fushi started the Santana calmly, and a black mist rose from behind it, making a thumping sound like a tractor.

When Dou Fushi arrived at Nanyang city, it was already evening. He first went to eat egg fried rice and ordered a basket of steamed dumplings to fill his stomach. Once everything was ready, he went to find the female demon.

After experiencing the power of his body, Dou Fushi felt as if he had been reborn. Flying in the sky was no longer as difficult, and he could jump from here to there effortlessly.

'Why did I even drive here earlier? I'm so stupid,' he thought.

Dou Fushi was seen jumping around in excitement, his face filled with wonder. He never thought that his big brother would teach him such powerful kung fu. It was amazing!

"Thank you for your kindness, Your Honor. I, Dou Fushi, will do my utmost to protect the young lady and ensure that she doesn't get hurt," he said, bowing respectfully.

Meanwhile, outside the suburbs of Nanyang city, Li Hun had been ambushed!

More precisely, it had been poisoned by an ancient and magical toxin, which was terrifying!

In order to eliminate this soul, Qing Tiandi had also put in some effort, but he still hadn't found a way to deal with it.

In the presence of Wang Dabao and Bai Cixin, the Justice League leaders, Li Hun was temporarily sealed by an ancient artifact. The delicate body had different wounds, and the originally beautiful lips were black, emitting a scent of death!

If it wasn't for the poison, it would have been impossible to seal it with an ancient artifact. That woman who sold milk tea was so cruel!

"I killed stinky men for you, and you, women, repay me with enmity!" Li Hun said, looking at the people who had trapped her.

Wang Dabao looked at the trapped soul and said in a deep voice, "Wife, this woman can't be killed even with an ancient artifact!"

Bai Cixin was also amazed. Li Hun had been poisoned by an ancient artifact before, and now it was trapped by one. But it still wasn't dead! It was even healing and would probably recover soon!

As expected of a reincarnated person, she was really strong!

"Qing Tiandi still wants her, but it seems impossible..." Bai Cixin sighed lightly. Qing Tiandi wanted to subdue this woman, and her strength was indeed very strong.

Of course, Qing Tiandi also said that if it was impossible, he would kill her. She couldn't block his way.

Wang Dabao felt that he could still make a final attempt and shouted at Li Hun, "If you obey us, we'll let you go!"

Li Hun had a green cauldron floating above her head, emitting a terrifying aura. A golden cage had trapped her, and golden whips were whipping her delicate body.

Every whip would create a shocking aura, but Li Hun's face remained unchanged, even though she was poisoned.

"Hmph! Stinky man! When I get out, you'll be the first one I kill!" Li Hun slowly raised her head, staring at Wang Dabao with a fierce gaze.

"Don't try to persuade her anymore, it's useless!" Bai Cixin's beautiful eyes turned cold, and a spear appeared in her hands!

As soon as the spear appeared, thunder and lightning roared and echoed through the sky.

The spear was surrounded by electric currents, and the small fry standing behind could clearly feel the difference!

It turned out that the Justice League was so powerful that even this female demon could be subdued.

Li Hun also saw the spear in Bai Cixin's hand and her expression became serious.

"Demon! I'll ask you one last time!"

Before Bai Cixin could finish speaking, Li Hun snorted coldly, "You will eventually die in the hands of men!"

"Fine! Then let this Godslayer send you back!" Bai Cixin shouted and threw the Godslayer high into the air!

As the Godslayer flew out, the white electric current seemed to penetrate the ground, and the dazzling light made people close their eyes!

Li Hun wanted to break free from the bondage, but the poison of the ancient divine weapon seemed to be tailored specifically for her. Plus the suppression of the giant tripod on her head, she couldn't break free for a while!

And this Godslayer...

Pfft!

There was no suspense, the Godslayer pierced through Li Hun's delicate body, leaving a large hole in her abdomen!

This was a chain reaction. As long as the ancient divine weapon was used properly, it could completely kill powerful opponents! Just like Li Hun, if she wasn't poisoned or suppressed by the ancient artifact, she wouldn't have been penetrated by the Godslayer!

Li Hun suddenly spurted out a large amount of blood, and her abdomen kept bleeding. Her whole body instantly became weaker, making her face pale.

## Chapter 630 (Arrival of the Time-Space Bureau)

When the young gangsters saw the female demon in her current state, they cheered loudly, declaring that the Justice League had once again upheld justice in the world!

At that moment, two figures descended from above.

"The Time-Space Bureau is taking over!"

Wang Dabao and Bai Cixin furrowed their brows as they looked at the two descending figures.

Even in Qing Tiandi's mouth, they had heard of the Time-Space Bureau. Xiao Yi had previously worked as an agent for the bureau and knew what they were in charge of: catching those who had traveled through time and space.

But now, they showed up only after the people had been beaten half to death? It was downright shameless.

The other gangsters behind them looked bewildered. It was their first time hearing about the Time-Space Bureau.

Wang Dabao scrutinized the two figures. One of them was obviously the leader, with an imposing aura, flowing long hair, and a mole below his lips.

Wang Dabao was relieved that he wasn't that handsome, and the mole had the effect of "adding the finishing touch" and destroying his entire face.

The other one standing next to him was not bad-looking.

That was Wu Liu, Xiao Yi's former boss, while the other man with the mole was the head of the Time-Space Bureau, Shi Zhengao.

Their appearance at this moment was just as Wang Dabao had suspected. They only showed up now that the people had been beaten to such a state.

This powerful woman was beyond the reach of the Time-Space Bureau's abilities, so they could only monitor her activities for now. However, there was no need to do so actively as she was so brazen that anyone with a phone could tell where she was at any given time.

"You may leave," Wu Liu said expressionlessly, taking a step forward towards Bai Cixin and Wang Dabao, as if he were the boss here.

But before Bai Cixin could respond, the gangsters from the Justice League behind them protested.

"Who the hell are you?"

"If we want to leave, we'll leave. Who do you think you are?"

"What kind of bullshit Time-Space Bureau is that? I've never even heard of it!"

Shi Zhengao's expression remained unchanged as he stood with his hands behind his back, as if nothing could ruffle his emotions.

With a serious face, a massive surge of spiritual energy suddenly spread out, and he swung his hand towards the void!

A huge blast of energy swept the minions off their feet, sending them flying.

"How dare you! Shouting and screaming in front of the director!" Wu Liu shouted in anger. If there weren't any rules, he would have killed these people. They were shameless.

Bai Cixin and Wang Dabao stood still. If they were also blown away, that would be embarrassing.

Suddenly, Shi Zhengao patted Wu Liu on the shoulder. "Don't be so angry. It's not good for the children."

Wu Liu respectfully lowered his head and stepped back behind Shi Zhengao.

"You are the leader of the Justice League, right? Let me introduce myself first. I am Shi Zhengao, the director of the Space-Time Bureau. We have been monitoring this fugitive for a long time, and tonight we planned to arrest her, but we didn't expect this to happen. We apologize for any offense caused."

This sounded pleasant to Bai Cixin and Wang Dabao, at least it gave them face.

But!

Wang Dabao's face didn't look good.

'Shi Zhengao...'

'Why is this name so unique? Can a person's name be "Historically High"? Why not call him Shi Zhenchang?'[The joke is a play on words in Chinese. The name Shǐ Zhēn Gāo sounds similar to Shǐ Jí Gāo), which means "historically high" or "unprecedentedly high". So, Wang Dabao is making fun of the fact that his name sounds like an exaggerated expression of height, which is he suggests that he should be named Shǐ Zhēn Cháng, which means "historically long". Shǐ Zhēn Cháng sounds a bit odd and unusual in Chinese, which is why it's funny in this context. Additionally, the suggestion to use Shǐ Zhēn Cháng shows how ridiculous the original name Shǐ Zhēn Gāo sounds.]

Wang Dabao looked twisted as he tried to suppress his laughter, as if he was about to hit someone.

This kind of expression seemed to indicate that they were going to fight.

At this moment, Li Hun sneered, "Do you really think you can kill me like this? Wishful thinking! Damn man, I'll use your blood to polish my shoes later!"

Shi Zhengao furrowed his brow and raised his index finger!

With a "biu" sound, a green beam of light shot out from his finger, piercing through Li Hun's right shoulder. Li Hun, who was already injured, suffered a second injury, and blood gushed out.

Shi Zhengao whispered, "You haven't realized your situation yet."

"Despicable!" Li Hun weakly exclaimed.

Shi Zhengao shot another green beam of light from his finger, piercing through Li Hun's left shoulder!

At first glance, Li Hun's arms hung weakly, but even after such heavy injuries, she didn't cry out, which showed how strong her willpower was.

In fact, Li Hun didn't want to show weakness in front of these stinky men. It was because of this that she was killed by that adulterous couple in the past. She wouldn't let that happen again!

Never again!

Shi Zhengao's actions made Bai Cixin and Wang Dabao tremble slightly. The director of this time and space bureau was indeed very powerful!

He himself had to use an ancient artifact to be able to harm Li Hun. And yet, the director could do it easily. Was everything he said true?

Was what happened tonight just a coincidence?

Actually, it wasn't.

If Li Hun was at full strength, Shi Zhengao would have been helpless. Although he could fight Li Hun, he would be at great risk. Shi Zhengao wouldn't put himself in danger or do anything uncertain.

In the end, it was just a matter of being unable to win, but Shi Zhengao could completely suppress the injured Li Hun. Therefore, Shi Zhengao had the ability to harm Li Hun.

Just like what happened just now.

Bai Cixin was now also considering a question: this woman was of great importance to the Justice League, even as a corpse!

If this news were to spread, the position of the Justice League would rise to a higher level. After all, this woman had killed so many people and had long aroused public outrage.

If she were just handed over like this, Bai Cixin would feel reluctant, and so many people were watching.

Once she was handed over, where would she put her face?

"Director Shi, as you know, this woman has killed many people this month, and I have to explain to everyone," Bai Cixin said softly. This merit was obtained by herself and her husband at the risk of their lives. How could they just hand over the person?

Shi Zhengao did not refute and agreed: "Indeed, you are right. This woman's appearance has caused a lot of damage."

"So, if I just hand her over to you, it doesn't seem appropriate." Bai Cixin was not afraid of this director. She had an ancient artifact in her hand, and with her husband's strength, she could still fight them. If Qing Tiandi came over, the situation would be better.

But whether Qing Tiandi would come over, Bai Cixin couldn't be sure. This man was too cunning. She didn't know what he was thinking all day long.

"Indeed, it is not appropriate. However, this woman is also very useful to me, and I hope Miss Bai can understand." Shi Zhengao also had his own difficulties. Recently, he had to produce some results.

Because he heard that Ji Yang, the director of the Time and Space Bureau, was inspecting the work below, and he might come here!

If he didn't have a good report card, it would be a very embarrassing thing. Li Hun's appearance was Shi Zhengao's target, and with what she had done recently, Shi Zhengao concluded that someone had to solve the problem, and he could just take her away when the time came.

Why not complete the work without using violence?
