

My Woman 63

[You Cannot Afford To Offend My Woman](#)

Chapter 63.1: Banquet (4) 1/2

It is all because of Yutong, leaving behind her best actress and insisting on wanting to work as a game streamer. And now, she even harmed my husband. Look at Ye Hua right now, he is totally addicted to the computer game. These two people are really continuously giving me headaches.

“Boss, lady boss.”

Jiu Ye wished to the stars and the moon and hope that he wouldn't meet these two here today. In the end, great, the moment I walked in, I immediately saw the two of them. Tell me, would it better for me to walk up to them and greet them, or would it be better for me to act as if I did not saw them. It is really hard to choose between the two. However, upon thinking of Wu Ye's word of advice right before he died, I still chose to walk up to them and greet them. Even up till today, I still remember what Wu Ye said to me.

“Jiu Ye, no matter who you provoke, you must never go and provoke Leisure Bar's boss. Remember this at all times! Remember this at all times!”

The advice kept on replaying in his mind and Jiu Ye let out a sigh. It is better to believe my big brother's advice. I cannot feign that I did not saw this big thigh, and even more, I have to tightly hold onto this thigh and not let go!

“Oh, it's you.” Ye Hua said indifferently.

Although Qing Ya did not know about the relationship between the two, she felt that her husband was being very uncourteous and couldn't help but pinch onto Ye Hua and said with a tender smile to Jiu Ye, “Hello.”

“I have not read many books in this life of mine and I really cannot find the words to describe lady boss's beauty. Lady boss, you are much beautiful compared to the last time I met you!” Jiu Ye gasped in surprise. I finally understand now, those women that I found for the boss were truly just a bunch of cosmetics. Compared to the lady boss here... No! They are not even comparable at all!

Towards other's praise, Qing Ya would always smile sweetly. However, this smile caused Jiu Ye to go into a daze.

“What are you looking at!” Ye Hua shouted lightly to express that he was not happy about it. To actually reveal such an infatuated look in front of me.

“Ye Hua!” Qing Ya shouted tenderly. Other people are just looking at your wife for a bit only and it's not like they are going to do anything, what are you even having a bad temper for.

However, towards Ye Hua's pettiness, Qing Ya still felt somewhat happy in her heart. This shows that Ye Hua cares about me. Could it be that this fellow was someone that has a blade mouth and tofu heart?

Ye Hua was indeed someone that has a blade mouth, however, his heart was even sharper than his mouth, just that he still hasn't revealed it out only. After all, he was still currently cultivating humanity.

Jiu Ye laughed out somewhat awkwardly. It is mainly because that the lady boss is too beautiful already. In this entire place, I can't even find another woman that is at the lady boss's level.

"Jiu Ye!"

At this time, while bringing along his two wives, Tang Wushuang walked over and greeted with a smile.

"Young Master Tang, long time no see." Jiu Ye cupped his hands and responded, showing off a behavior that was neither servile nor overbearing. This made Qing Ya felt a bit confused, just who is this Jiu Ye? Even Zijin City's Tang Family's family head also has to call out 'Jiu Ye' to him, and yet he is trembling with fear when he is in front of Ye Hua.

During the last time, it was Xiao Family, and this time, it was Tang Family. This Jiu Ye is truly a riddle.

To speak the truth, even Ye Hua himself also does not really know how formidable Jiu Ye is, Ye Hua only remember back then when he met with that Wu Ye and asked that Wu Ye to help him set up his identification.

However, this was but a small matter, no matter how deep or big others' background were, in Ye Hua's point of view, they were but a bunch of salted fish. No matter how hard they try to raise up, they were still but an advanced salted fish. Even my own woman would be able to easily destroy them. Of course, the precondition is that I unseal the seal on the ring.

Chapter 63.2: Banquet (4) 2/2

"Jiu Ye look as elegant as ever. It was fortunate that I have Jiu Ye's help back then, if not, I wouldn't have been able to get over the crisis that easily."

"Young Master Tang, it is but a small matter, you don't have to mention it." Jiu Ye acted very modest. Although Tang Wushuang was down and out back then, the Tang Wushuang right now has raised to power. Although other people were being courteous to you, you cannot view the courteous as if that was how they should have acted. Jiu Ye was a very smart fellow.

"Jiu Ye, let's have a few rounds of mahjong tonight?" Tang Wushuang sent out his invitation, causing the surrounding people to feel incessantly envious of Jiu Ye. Jiu Ye is indeed Jiu Ye, to even be able to have Tang Wushuang be so courteous towards him.

Jiu Ye of course did not reject, "It would be my honor."

At this time, Tang Wushuang looked towards Qing Ya and revealed out a smile that he felt was very handsome, "CEO Qing, together?"

Qing Ya of course wouldn't give up on such a good opportunity like this. However, before she even spoke, Ye Hua said indifferently, "She is not free."

Qing Ya tightened her grip onto Ye Hua's arm. Don't be so rude and not give any face at all!

"This is?" Tang Wushuang asked curiously. Actually, from the beginning, he had neglected Ye Hua's existence, and right now when he asked that question, he was acting as if he had just discovered Ye Hua and was mocking him with that question.

Qing Ya originally thought that this Tang Wushuang was refined and courteous, however, the moment when he asked that question, Qing Ya's impression of him changed. My man doesn't need to be pointed at by other people!

"He is my husband." Qing Ya said coldly, and she herself also didn't give any face.

Jiu Ye who was at the side was having a headache. If they were to become unhappy with each other, it would be basically forcing me to choose a side to stand on. One side is two big families of Zijin City, and the other side is the advice that my big brother gave to me before he died. It is really hard to judge just whose side I should stand on.

Tang Wushuang's wives also gradually kept their smiles. These two people really do not know what's good for them, for us to invite you, is it giving you face!

The gunpowder smell was ample, pretty much looking like they were going to fight the moment they come to a disagreement.

Qing Ya held onto Ye Hua's arm. Want to bully my husband? You will have to ask me first if I allow it or not!

Ye Hua laughed. This foolish woman, there is no need to be so nervous, you can play them however you want, it is fine even if you want to give them a slap to their face.

It must be said that the humanity that Ye Hua had cultivated up to now was pretty good. If it was placed in the past, this lowly human that was in front of him would have long become a corpse, simple and rough.

However, after learning for those past few years, I discovered that being simple and rough is too straightforward, and there are many interesting things that I would miss out when I do things through the simple and rough way.

In actuality, Ye Hua felt nothing towards killing and fighting right now, and what he was paying much more attention to right now was the process that goes by before killing them, chasing after a kind of artistic feeling.

There are a hundred ways to kill the man in front of me, but I won't feel anything from it, just like killing an ant, it won't trigger even a slight bit of billow in my heart.

"So you all are here, I searched for you guys for quite a while." Nangong Xinyi and Xiaoyi walked over unhurriedly.

Tang Wushuang revealed out a smile, "Sister-in-law is becoming more and more beautiful as the days goes by."

"You are being too nice, these two wives of yours are the one that are outstandingly beautiful." Nangong Xinyi smiled and said tenderly.

Quan Anrong and Mu Jieya was a bit embarrassed, and Mu Jieya said shyly, "Sister-in-law is the one who is outstandingly beautiful, we wouldn't dare to take on that praise."

“That’s right, this gown that you are wearing makes you look just like a princess, Brother Xiao is truly fortunate to be able to have you.” Quan Anrong praised.

Not sure why, Jiu Ye had the urge to want to laugh and he was trying very hard to hold back this urge of his. In this place, people who have a discerning eye would be able to see just who is the most beautiful here, but these three women are praising one another simply because they want to neglect the lady boss. However, they do not know that, no matter how much an ugly duckling boast, they would still be an ugly duckling. The thing is that, even if you want to boast, you also shouldn’t boast in front of a white swan, do you know that it makes you look very foolish when you do that?

Comparing outfits, Qing Ya’s outfit was indeed paling compared to these three women, however, Qing Ya purposely dressed up like this. Furthermore, even if Qing Ya’s outfit was paling compared to these three women, it doesn’t mean that Qing Ya doesn’t look beautiful, and on the contrary, she was more beautiful compared to all the women in the banquet.

“The three madams are indeed incomparably beautiful.” Qing Ya smiled lightly, immediately looking incomparably beautiful. This was a smile that radiates confidence, and although the three women were beautiful, they were lacking in confidence right now.

What to do when they didn’t have confidence in themselves, and to even need to boast about each other to boost their morale?

Ye Hua laughed lightly, this wife of mine, her way with words is indeed formidable, she is really mischievous.

Jiu Ye couldn’t bear it anymore and laughed out, and his saliva even sprayed out and landed onto Quan Anrong’s gown.

“I’m sorry, I recalled of a very funny matter just now.” Jiu Ye hurriedly spoke nonsense to cover up himself, and Quan Anrong had a face full of anger, her calmness that she had a while ago had completely vanished.
