

My Woman 631

Chapter 631 (Exchange)

Bai Cixin could sense Shi Zhengao's determined mood.

Shi Zhengao also sensed that he would have to pay a price to get this woman, depending on the situation.

Bai Cixin smirked, "Director Shi, how about you understand my situation? After all, I have suffered a lot to catch this woman."

"How about, can Miss Bai give us this woman and let us take her away? Or do we need to fight you?" Shi Zhengao said softly. There was a serious threat in his words, as if saying, "If we really fight, you are not our match."

However, Shi Zhengao did not want to get into a fight, after all, there were rules in the Time-Space Bureau. What they were doing now was already breaking the rules. If it really escalated, he would not do it either!

But it was still possible to bluff people. How could they know these rules?

Perhaps what Shi Zhengao didn't expect was that Xiao Yi had unintentionally mentioned these rules before, and he didn't know if Wang Dabao took them to heart, but Bai Cixin remembered them.

"Director Shi, your actions like this should be against the rules, right?" Bai Cixin exuded a confidence that she didn't really have at first.

This sentence stunned Shi Zhengao and Wu Liu. How could this woman know about the Time-Space Bureau?

Bai Cixin added with a smile, "Don't be too surprised. One of my friends used to be an agent of your bureau and talked to me about your situation."

"Who was it! Who dared to reveal the secrets of the Time-Space Bureau!" Wu Liu shouted angrily, 'Don't you have a confidentiality agreement?'

"I'm afraid you won't find him. He is Xiao Yi."

Upon hearing Bai Cixin's words, Wu Liu's face became serious.

Shi Zhengao certainly knew Xiao Yi because he was also a reborn person, and his file was on record!

But what he didn't expect was how Xiao Yi became an agent of the Time-Space Bureau. It seemed that Wu Liu had done something behind his back.

At that time, Wu Liu did indeed hide it from Shi Zhengao. After all, Xiao Yi's strength was there, and he was suitable for being a thug. But he did not expect Xiao Yi to reveal the rules of the Time-Space Bureau.

It seemed that he had misjudged Xiao Yi. After being beaten up like that, he recruited him, but Xiao Yi repaid him with this kind of behavior!

It was really despicable! Die a good death!

"Miss Bai, you propose the conditions. What can we exchange for this woman?" Shi Zhengao gave in and decided to exchange rather than use force.

Bai Cixin felt that this was an opportunity. If there was something good to exchange, it would be natural to do so.

But she did not know Shi Zhengao's bottom line, so she could only say, "Director Shi, how much do you think this woman is worth?"

Shi Zhengao sneered in his heart. 'This woman was really smart, trying to trick me!'

The Time and Space Bureau has the most primordial spirits. Even the worst primordial spirit is something that everyone wants to have. After all, only strong cultivators can cultivate primordial spirits.

But Wang Dabao and Bai Cixin did not cultivate primordial spirits.

Shi Zhengao held out his palm, and a golden sphere emitting light appeared. When the primordial spirit was revealed, there was an uproar. Bai Cixin and Wang Dabao also felt the immense energy of the primordial spirit. For their current selves, it was a good thing.

But Bai Cixin also knew that this was probably not Shi Zhengao's bottom line.

"What is this thing?" Wang Dabao asked curiously.

Li Hun spat out a mouthful of blood from the side. "A bunch of idiots who don't even recognize primordial spirits!"

"primordial spirit!!!"

Bai Cixin and Wang Dabao did not expect this to be an primordial spirit! It was indeed very powerful!

"Are you satisfied? Exchange this woman for this primordial spirit," Shi Zhengao could see the greed in their eyes, which was good news.

Wang Dabao did not speak and relied on his wife to make the decision. He was not good at this.

Bai Cixin fixed her surprised expression and whispered, "Is one primordial spirit worth exchanging for this woman?"

At this moment, Li Hun suddenly let out a low laugh. "Foolish! primordial spirits are also divided into high and low. This primordial spirit is the worst."

Shi Zhengao's face sank, and his finger once again sent a blue light piercing through Li Hun's chest. This attack almost took Li Hun's life. Now he didn't even have the strength to speak.

Although he was facing death, Li Hun's body functions were quickly recovering. This was the self-healing ability of a strong person. If it weren't for the suppression of the giant cauldron, his injuries would have recovered even faster.

Bai Cixin lightly chuckled after hearing this. "Director Shi, how are primordial spirits ranked?"

"Miss Bai, how much credibility can you give to the words of this demon?" Shi Zhengao laughed lightly. He really wanted to chop off this demon woman's mouth.

Bai Cixin sighed lightly. "Then, it's difficult for me. After all, you know the usefulness of this woman."

"Miss Bai, you are quite greedy," Shi Zhengao said in a low voice. Another primordial spirit appeared in his hand, emitting a much stronger pressure than the previous one.

Shi Zhengao said heavily, "Miss Bai, two primordial spirits in exchange for this woman. But I also want you to know that I am the Director of the Time and Space Bureau!"

This was Shi Zhengao's serious warning. Don't take advantage of the situation! You need to know when to stop!

Bai Cixin of course knew this. Making more profit was what she wanted to do, and now she was very successful.

This demoness's role was only to increase the prestige of the Justice League, but the Justice League ultimately belonged to Qing Tiandi, not to Bai Cixin.

But this primordial spirit could be used by her to increase her strength!

So this transaction was definitely worth it!

As for the thugs? They would be killed to keep them from talking. Of course, Qing Tiandi couldn't find out about this.

Qing Tiandi seems to value her very much, otherwise he wouldn't have released so many ancient artifacts.

Bai Cixin reached out with slender hands.

Shi Zhengao laughed, and with a light flick of his palm, two primordial spirits flew into Bai Cixin's hands.

"Miss Bai is indeed a clever woman," Shi Zhengao said lightly. In fact, trading two such primordial spirits wasn't a big deal, but Bai Cixin's attitude made Shi Zhengao a little unhappy.

Bai Cixin said in a coquettish voice, "Director Shi should know how to use them."

Shi Zhengao breathed a sigh of relief, really wanting to slap this woman!

As Shi Zhengao waved his big hand, two primordial spirits entered the forehead of Bai Cixin and Wang Dabao.

A fierce pressure suddenly burst forth, and golden light radiated from the forehead of the two, unable to subside for a long time!

It was only after a long time that it stabilized!

Wang Dabao clenched his fist, feeling like he had undergone a complete transformation compared to before!

And Bai Cixin's face turned cold, slowly reaching out her slender hand towards her subordinates!

These people knew things they shouldn't have known! So there was only one result!

Death!

Chapter 632 (A Man Falling from the Sky)

As Bai Cixin's palm stretched out, everyone felt a strange spiritual pressure around them, as if something was squeezing them!

"Leader Bai! Leader Bai! What are you doing..."

"Leader Bai, don't kill us!"

"Yes, we don't know anything, don't kill us!"

Bai Cixin was not a kind-hearted woman, but rather decisive in killing. In this regard, she was stronger than Qing Ya and Donghuang Baizhi.

If Qing Ya and Donghuang Baizhi were here, they would not have killed their subordinates.

As Bai Cixin clenched her slender hand, the crowd of underlings suddenly exploded and died.

Feeling the surging power, Bai Cixin was very satisfied. The powerful entity just entered her body, making her stronger than her husband.

Wang Dabao, of course, didn't mind this, because the more powerful his wife was, the more accomplished he felt.

"Great technique." Shi Zhengao applauded, even if Bai Cixin didn't act, he would have done so.

After all, these people have seen and heard too much!

Bai Cixin smiled lightly, "Director Shi, this woman is yours now."

After saying that, Bai Cixin planned to leave with her husband. They couldn't go see Qing Tiandi yet, as the spiritual pressure was unstable and needed to be controlled well so that Qing Tiandi wouldn't find out.

"Miss Bai, wait a minute." Shi Zhengao suddenly had an idea.

This idea was similar to that of Wu Liu.

"Director Shi, is there anything else?" Bai Cixin turned around curiously and immediately began to weigh the pros and cons in her heart.

Shi Zhengao wanted to use Bai Cixin's identity to help him do things, so that the pressure from the Time and Space Bureau would be reduced, and the field agents below were relatively weak.

As for why he didn't distribute the primordial soul to others, it was also the rule of the Time and Space Bureau. What if the people below rebelled? It would be more troublesome to deal with them.

Shi Zhengao nodded and said softly, "As a repayment, I will also provide some help."

Bai Cixin silently weighed in her heart. Qing Tiandi's ship was very unstable, and she really should find a partner. The Time and Space Bureau seemed like a good choice. If they could distribute the primordial soul, would they still be inferior in any way?

The important thing was that this was a cooperation. With Qing Tiandi, she was the subordinate, and there was a difference between the two!

"Miss Bai, what do you think?"

Bai Cixin pretended to hesitate, all for the sake of impressing Shi Zhengao. After all, she couldn't agree too quickly.

"What kind of help can you offer me, Director Shi?" Bai Cixin asked curiously.

"As long as you help me, I will naturally do my best to assist you. That's what cooperation is all about," Shi Zhengao replied.

"How can I trust you?" Bai Cixin asked back.

Shi Zhengao rubbed his chin and said ominously, "I think... if I killed two people now, no one would know."

Bai Cixin and Wang Dabao's faces darkened. Shi Zhengao was right.

"Okay!" After a long while, Bai Cixin agreed. It's better to have more friends than enemies.

"Miss Bai is a straightforward person. I wish us a pleasant cooperation," Shi Zhengao said.

"Pleasant cooperation," Bai Cixin replied. They shook hands and reached a consensus.

"Go bring the person over!" Shi Zhengao said calmly. They had a good harvest tonight.

"Yes!" Wu Liu replied respectfully. He knew that his private decision had caused the director to lose face in the negotiation, and he would definitely be scolded when he got back.

Bai Cixin and Wang Dabao didn't leave immediately. After all, they were now partners, and if there were any accidents later, they would have to help.

However, as soon as they thought of an accident, it happened...

"Ah!!!!" A scream echoed through the sky, as if a person falling from a great height was crying for help.

Wu Liu immediately became alert and looked up at the night sky.

A black shadow was approaching rapidly...

More precisely, it was rushing towards them!

"Ah!!!!" Dou Fushi let out a series of screams. He was so excited that he couldn't even land properly. He had no control over his power!

Shi Zhengao furrowed his brow tightly as the black shadow rushed towards the giant cauldron.

Wang Dabao could almost hear a dull thud as a lump of meat stuck to the giant cauldron.

As the shadow approached, everyone was curious about what was happening.

Boom!

A figure collided with the giant cauldron, but...

A terrifying pressure instantly spread in all directions. This was the aura emitted by the shattered ancient artifact!

The giant cauldron in the sky was shattered into pieces, falling to the ground one by one. Without the restraint of the giant cauldron, Li Hun also fell to the ground and couldn't move, but his recovery speed accelerated a lot!

The four people were stunned. The figure actually shattered the ancient artifact!

How is this possible!

Even Shi Zhengao was amazed. Ancient artifacts are much stronger than ancient divine weapons, and this person shattered it with his body alone!

How strong must he be!

Boom!

Dou Fushi smashed into the ground, and the four people's feet trembled slightly. A big pit appeared in front of them.

Poor Li Hun was so close to Dou Fushi that she disappeared. She was probably buried in the pit...

If Ye Hua found out about this, he would definitely think that he had a problem with his judgment of people. He asked him to save people, but he buried them instead!

He's really more stupid than a dog.

Dou Fushi lay in the big pit, staring blankly at the sky. He was scared to death, but luckily he didn't die...

Sitting up, Dou Fushi checked his body and found that he was in good condition. He didn't even lose a piece of skin.

But when he fell just now, he seemed to have shattered something that looked very valuable. Hopefully, he won't have to pay for it.

Suddenly, Dou Fushi seemed to have thought of something.

He came to save the little girl. He clearly felt her presence here. Where is she?

Dou Fushi stood up and looked around. He didn't see anyone around, but there were four people over there. He felt he had to go ask them. It would be troublesome if he couldn't find the little girl.

With a light leap, Dou Fushi landed in front of Shi Zhengao and the others, smiling. His white teeth looked pretty clean.

Only his clothes were a bit worn out.

"Have you seen a woman? She's very beautiful, very fierce, and likes to kill men?" Dou Fushi curiously asked, looking innocent.

He was almost going to say, "I'm an honest person."

The four people never expected that this man was actually looking for a demoness! They suddenly felt uneasy!

Wang Dabao casually pointed in a direction, "She ran over there."

Chapter 633 (Soul Separation with a Little Injury)

Dou Fushi looked in the direction Wang Dabao pointed at, slightly stunned, then smiled and said, "Thank you..."

After speaking, he disappeared from the spot, his speed was so fast that it was astonishing.

However, Dou Fushi was a bit puzzled. The man and woman he just saw seemed to have met somewhere before, but where? Why couldn't he remember?

The four of them saw Dou Fushi leave and breathed a sigh of relief. Although this person was very powerful, his brain wasn't functioning properly. Even if you told him to save a person, he would bury them in a pit.

"Fortunately, he's a "honest" person," Wang Dabao muttered.

Bai Cixin nodded. If they had encountered someone with a little more intelligence, they would have noticed that something was wrong.

"Honey, don't you think we've seen that man somewhere before?" Wang Dabao suddenly whispered.

As soon as her husband mentioned it, Bai Cixin immediately paid attention, recalling the man's appearance just now, and her face gradually became serious.

Suddenly, she remembered!

"Honey! At my brother's funeral!" Bai Cixin said in a low voice.

Wang Dabao also remembered. That man who spoke nonsense at the funeral seemed to be Tang Wushuang's person! But didn't his wife kill him?

"That's not right. Didn't you kill that person?" Wang Dabao questioned.

Bai Cixin breathed a sigh of relief and said lightly, "Maybe it's just a resemblance."

But Shi Zhengao was searching for information about that man in his mind, and found that he wasn't someone who had been reborn or transmigrated. So where did he come from?

Why was his strength so powerful!

"Director, we need to take the person away quickly!" Wu Liu reminded in a low voice. If that man noticed anything was wrong, he would definitely come back and kill them.

Shi Zhengao agreed. They needed to take the person away quickly, or they might have more troubles later.

"Hurry up!" Shi Zhengao said in a deep voice, feeling a bit uneasy now.

However, just as Wu Liu lifted his foot, a gust of wind came!

Dou Fushi's figure appeared again, and the four of them were suddenly shocked. He came back so fast!

He must have found something wrong. Sure enough, they couldn't fool him. This man was really clever!

Dou Fushi turned around and smiled, showing his white teeth again. "My phone fell when I landed just now. It cost me more than 10,000 yuan, and it's an iPhone Max with a beauty filter for selfies."

The four of them: "....."

Well, they overestimated him.

They didn't expect him to be a little bit childish.

Shi Zhengao laughed lightly. "It's really good. I'm using one too."

After speaking, he took out his own iPhone Max.

Dou Fushi stopped for a moment, and unexpectedly walked towards Shi Zhengao's direction, which made several people feel even more pressure.

'Why are you coming over here? Go find your phone!'

"My phone's battery drains pretty quickly. Do you have this problem too?" Dou Fushi looked at Shi Zhengao in confusion.

Shi Zhengao regretted taking out his phone, but still smiled and said, "Maybe your system hasn't finished downloading yet. Turning off some Bluetooth functions might help."

"Oh? Really? I just bought this phone not long ago and I don't know much about it. Can you teach me?"

Shi Zhengao: "....."

Bai Cixin was about to collapse on the side. Director Shi, why did you take out your phone? If someone finds their phone, they'll leave...

And that demoness was still buried in the soil. What if she suffocates?

Shi Zhengao had no choice. The man in front of him was very powerful, so he had to patiently answer his questions.

Several people were about to drive Dou Fushi crazy. He even asked how to take a screenshot...

"Don't you have the user manual to read?"

Bai Cixin finally couldn't hold it in anymore and whispered, "Handsome, you still haven't found your phone."

Dou Fushi suddenly slapped his forehead. He had forgotten about the main objective, which was to find his phone!

Big brother, your main objective is to find the girl, not your phone!

Dou Fushi once again came to the big pit and stood in the spot where he had been lying down. Sure enough, he saw his phone, worth ten thousand yuan.

He examined his phone and fortunately the screen wasn't broken. If it was, it would be very expensive to repair...

"I found it." Dou Fushi raised his phone in his hand.

The four people cooperated very well and all smiled, even celebrating with applause.

It seemed like Dou Fushi had done something amazing, which made their scalps tingle.

Just as Dou Fushi was about to leave the big pit, a pile of dirt next to him suddenly slid down, revealing a small white hand!

This made the four people's hearts sink to the bottom. It's over!

Dou Fushi was stunned for a moment. A hand appeared! What's going on?

'It's probably a corpse. Let's not worry about this kind of thing and focus on finding the girl.'

Yes!

Don't bother with it.

They only saw Dou Fushi walking towards the four people.

This move left the four people stunned, completely unaware of what Dou Fushi meant! You said you wanted to find someone? She's right there, why aren't you going over there...

Dou Fushi just didn't want to get involved in other people's business.

But seeing Dou Fushi's action, the four of them breathed a sigh of relief. Luckily this powerful person had some problems with his mind, otherwise it would have been hard...

However, Dou Fushi suddenly stopped in his tracks!

This sudden stop almost made the hearts of the four people stop as well.

This man is really annoying. He's been going back and forth like this, making the waiting people nervous and frightened.

And now what does he want to do?! Bastard! Can't you just finish everything at once?

Dou Fushi thinks... he is an honest person.

The greater the power, the greater the responsibility. Saving one life is better than building a seven-story pagoda, even if it is just a corpse...

Watching Dou Fushi walk towards the demoness, the four people's scalp felt a little numb...

Didn't you see that they all left just now? Why are you going back now? You've suddenly had a conscience?

That's really true.

Dou Fushi turned on the flashlight on his phone, lightly tapping the fair arm. Not to mention it was quite smooth, it should belong to a woman.

Looking at the color of the skin, it should be a beauty, but it's a pity...

Dou Fushi grabbed the arm of the detached soul and pulled it hard...

But it couldn't be pulled out, how could that be...

Dou Fushi glanced at the four people, feeling a little embarrassed, he couldn't even pull a person out.

So he pulled hard.

Dou Fushi didn't even adapt to his own strength yet, he had no idea how heavy his pull was...

Only seeing the delicate body of the detached soul like a bomb, hitting the nearby dirt pile, suddenly causing dozens of meters high dust to rise.

Seeing this scene, the four people's jaws almost dropped to the ground.

They felt that this man was here to kill the demoness, not to save her.

Dou Fushi was also a little confused, when did his power become so great, that he could cause such an effect by pulling a person?

It's just too brutal, it's a sin, it's a sin... he actually abused a corpse.

Dou Fushi quickly ran to the pit on the opposite side to find the body, and soon dug out the delicate body of the detached soul.

Chapter 634 (You're Saved)

When Dou Fushi saw the dying Li Hun, his whole being felt uneasy. Wasn't this the young lady he was supposed to protect?

"How did it come to this..." he murmured.

He quickly wiped a hand across the young lady's face to confirm.

"Yes... That plum blossom mark on her forehead is too distinctive. It's her!"

Your Honor had tasked him with protecting her, but he had just...

Dou Fushi swallowed hard. This was a big problem, and judging by the young lady's condition, it seemed like she was about to die. What should he do?

The four individuals standing in the distance did not take any action. Dou Fushi wondered what this man was here for!

He carried Li Hun out of the place and placed her on the ground.

The young lady's injuries were severe. Her abdomen... her chest... her shoulders... were all riddled with holes.

But her chest was still rising and falling. Dou Fushi glanced at it briefly, then averted his gaze. It's quite big...

First, he needed to wake the young lady up. If she died, he wouldn't be able to explain himself properly. He would be betraying Your Honor's trust.

Gently brushing aside the young lady's beautiful hair, Dou Fushi couldn't help but admire her, especially with that plum blossom mark on her forehead. It was simply stunning.

She was even more beautiful than Madam Zi Shan, but just a little bit. It was all thanks to the effect of this plum blossom.

Dou Fushi took a deep breath, puffed his cheeks, and then pried open Li Hun's cherry lips.

Puh, puh, puh...

Could artificial respiration make such a sound? It was truly an eye-opener. At least Shi Zhengao thought so. But from this, one could also infer that this man was here to save her. Things were getting complicated.

Wang Dabao saw Dou Fushi's actions and couldn't help but nod. Indeed, one could take advantage of the situation. Cultivators could save people like this too. It was a lesson learned.

Did he save her with artificial respiration even in such a condition?

He's taking advantage!

Dou Fushi might be misunderstood here. He was just a humble grave robber. He only knew the conventional method of first aid, even if he had the ability to do something else, he wouldn't know how to save her. So he could only resort to artificial respiration. There was absolutely no intention to take advantage.

After all, Dou Fushi was an honest person. How could he do such a despicable thing as taking advantage?

Although he thought the young lady had a sweet mouth...

Li Hun also woke up. Despite her already severe injuries, she had been rapidly recovering ever since the restraint from the giant cauldron disappeared.

However, a powerful force scattered the spiritual energy she had gathered and buried her in a mound of soil, almost suffocating her.

And then, something happened. She was lifted into the air, almost causing her internal organs to shift. Even the healing speed increased significantly.

She had just heard the sound of puh, puh, puh in her ears, and her lips seemed to have moved strangely. There was also air blowing into her mouth.

So she opened her eyes.

But when she saw a man! A man!

When that dirty mouth of his came close to hers, Li Hun almost died of anger. She hadn't even let that stinky man touch her, not even hold her hand, and now she had been kissed by a man!

Puh!

Li Hun was so furious that she spat out another mouthful of blood.

It seemed that there was a reason for Li Hun's death at the hands of an adulterous scoundrel. How could she not be angry when she didn't allow others to touch her and yet they dared to do so?

Seeing Li Hun spitting blood, Dou Fushi felt relieved and said softly, "Okay, just spit out the stagnant blood and you'll be fine."

Li Hun's beautiful eyes swelled with anger. 'Spit out the stagnant blood? What the hell!'

If her body could move right now, she would definitely tear this man to pieces!

Li Hun looked at the four people nearby, her gaze filled with murderous intent. Those four bastards! Once she recovered, she would take their lives!

"Don't turn your head if you're injured. It's not good for your neck." Dou Fushi kindly adjusted Li Hun's head.

Li Hun couldn't believe it. Did my injury have anything to do with my neck?

The four individuals felt that they couldn't stay any longer and disappeared on the spot. If this Li Hun could speak, there would definitely be trouble.

And now, Li Hun wanted to kill the man in front of her even more. He had just used both hands to grab her head!

Dou Fushi didn't pay attention to the four people. He only wanted to protect Li Hun, and nothing else mattered to him.

Seeing Li Hun's peculiar gaze, Dou Fushi chuckled lightly. "Alright, you don't need to thank me for saving you. I was just doing a good deed."

Li Hun was furious in her heart. 'Do I still need your help? You worthless wanderer, just like those men, you're all scoundrels!'

"Actually, we've met before, you know? Last time, you were standing on the street, and I warned you to be careful. Do you remember?"

"Oh well, I guess you don't remember."

"But how did you end up with these injuries?"

"If I had come a little later, you would've been finished."

"Fortunately, I managed to save you in time. It was really close." Dou Fushi felt a bit guilty as he said these words. Could it be that he was the one who caused her to end up like this?

Listening to Dou Fushi's rambling, Li Hun felt like she was going to cough up blood from her chest once again.

Hey! Do you plan on sitting here babbling all night?

"I'm called Dou Fushi, what about you?"

"Forget it, silent and aloof beauties usually don't talk. I understand."

"But someone has to protect you, you little troublemaker." He said, reaching out and lightly touching Li Hun's cheek.

Puh!

Li Hun was so infuriated that she spat out another mouthful of blood.

Seeing Li Hun spitting blood, Dou Fushi reassured her, "Just spit out the stagnant blood, and you'll be fine."

Li Hun: "....."

Dou Fushi looked at the mark on Li Hun's forehead and reached out to touch it. "This mark is really beautiful, did you draw it?"

As he rubbed it a few times, he added, "It seems like it's not drawn. You... "

Dou Fushi noticed Li Hun's expression and suddenly became a bit tongue-tied. He cleared his throat and said, "Sorry, I was just curious and touched it. Don't look at me like that."

Indeed, Li Hun's gaze was about to shoot fire. How dare he touch her birthmark!

No man had ever touched her birthmark before! Bastard, no man was any good!

"Um, let's go back, it's getting cold here." Dou Fushi helped Li Hun up.

This was the first time he supported a woman, but Dou Fushi's posture was a bit awkward, and he touched places he shouldn't have.

"What did you put on yourself? It feels so soft..." Dou Fushi curiously asked.

Li Hun once again spat out a mouthful of blood and collapsed into Dou Fushi's arms.

Dou Fushi was taken aback for a moment but smiled and said, "Just spit it out, and you'll be fine."

The two of them then disappeared from the spot. Dou Fushi had finally completed the first step of his mission, finding Li Hun, although he had almost killed the mission target.

Dou Fushi arrived at his hometown, Wei Yang Village.

He decided to leave the girl here for a few days and let her recover from her injuries.

Entering the earthen-brick house, there was no one inside. Dou Fushi's family had all passed away, and the only property left was this old house.

The main hall was pitch-black. Dou Fushi walked towards the small room on the right and pushed open the wooden door, illuminating the room with a lamp.

Then he gently placed Li Hun on the bed.

Chapter 635 (Dismember One First)

Dou Fushi examined the several small holes on Li Hun's body and was surprised to find that they had healed quite a bit. This woman was truly miraculous.

However, seeing her dirty clothes, he decided to help her change to avoid dirtying his bed. The blanket was difficult to wash as well.

He was supposed to protect her as ordered by Your Honor, but now he found himself taking care of her. What a hassle.

Leaving the room, Dou Fushi started boiling water and fetched a few pieces of clean clothes. Although the style was a bit outdated, he would make do with them for now, so as not to be seen as stingy.

Pouring out the hot water, Dou Fushi tested the temperature and added a bit of cold water. It was just right.

At this moment, Li Hun woke up from her unconscious state. She glanced around, feeling a bit confused, but quickly focused on recovering from her severe injuries.

'Just a few hours. Once I'm healed, all of you will die!'

'Especially that man who dared to touch and kiss me, even touching my birthmark. He must be killed to silence him. Men were all despicable!'

"You're awake." Dou Fushi walked over with a basin in his hands, smiling slightly.

Li Hun stared fixedly at Dou Fushi, as if her gaze could kill him. She wanted to curse at him, but no sound came out.

"Your expression seems a bit off. I saved you and brought you back," Dou Fushi said as he placed the wooden basin on the ground and picked up the towel on his shoulder, dipping it into the water to wash.

Li Hun watched Dou Fushi's movements, furrowing her eyebrows tightly. 'What was he up to?'

Dou Fushi wrung the towel dry and said carefully, "I noticed that your body was a bit dirty, so I kindly decided to clean you up. Don't misunderstand, I just don't want you to soil the bed. It's hard to wash."

Li Hun's mouth twitched slightly. 'Who cares about you! Get lost! Did I ever give you permission to touch my body?'

She thought that way, but Li Hun could only express it through her eyes. She couldn't speak at all.

"Don't be too upset. Everyone has their fair share of beatings. I held your hand, and if you didn't protest, I took it as consent."

'Bastard! Once I'm healed, I will definitely kill you!!!'

Seeing that Li Hun remained silent, Dou Fushi sighed inwardly. 'This woman just wanted to take advantage of me, thinking I wouldn't know?'

'I, Dou Fushi, am a dignified man. If it weren't for the orders from Your Honor, how could I possibly have any connection with you?'

Gently holding Li Hun's small hand, Dou Fushi carefully wiped away the dirt on her fingers, not missing even the nails.

"Your hands are really beautiful," Dou Fushi couldn't help but exclaim.

Li Hun's palms were delicate and soft, giving a pleasant sensation when touched.

Dou Fushi couldn't help but blush. It was his first time touching a girl's hand, and he felt a bit shy.

Li Hun was trembling with anger. This bastard was playing with her palm. He was a pervert!

Looking at Li Hun's slightly flushed face, Dou Fushi became even more embarrassed. They were alone together, and it was a sin, a sin...

'It's all part of the mission... It's all part of the mission.'

Lifting up Li Hun's sleeve, Dou Fushi couldn't help but exclaim, "So fair."

Hearing these words from Dou Fushi, Li Hun almost fainted from anger. She felt a deep sense of despair. Even if this man did something to her, she couldn't resist.

"I'm sorry, I was just stating the truth. You are truly beautiful," Dou Fushi affirmed Li Hun's allure. Upon hearing this, the originally infuriated Li Hun coldly snorted inwardly. 'Isn't that obvious?'

Men only know how to sweet-talk. She had seen enough of it.

After cleaning Li Hun's arms, Dou Fushi changed the water in the basin. "Let me clean your face; it's covered in blood."

He took the towel and gently wiped Li Hun's delicate face, while she maintained a gaze that could spew fire.

Their eyes met, and Dou Fushi immediately turned his face away. After cleaning her face, it became even more beautiful. 'Dou Fushi, hold yourself together. Don't be captivated by the enemy. She's definitely trying to seduce you now!'

"Um... Your clothes are all torn, so I found a new set for you. I'll help you clean your body too. Don't misunderstand, I'm just doing it out of goodwill. If you don't want me to, just say so, and you can clean up by yourself."

Li Hun really wanted to shout at him to get lost, but all that came out was a whimper.

"Whimper, whimper~"

Dou Fushi was startled and hurriedly said, "I'm not that kind of casual man. If you want to be in a relationship with me, we should take it slow. We can't rush things."

Li Hun: "....."

She felt like she was going to faint now. How could there be such shameless men? It felt so hopeless.

"Don't worry, I'll cover the important parts so I won't see anything."

Li Hun gritted her teeth tightly. She now wished she could devour his flesh.

Dou Fushi was still very upright. After undoing Li Hun's clothes, he covered the important parts to ensure he wouldn't look.

At this point, Li Hun had given up resistance. Once she rested well overnight, she would chop him up tomorrow morning! She might not even wait until morning.

To take advantage of her while she was injured, it was utterly shameless!

After cleaning Li Hun's entire body, Dou Fushi breathed a sigh of relief and helped her change into new clothes.

Although she was originally a classical beauty, Li Hun suddenly looked like a rural woman in Dou Fushi's hands.

"Alright, get some rest. Goodnight," Dou Fushi said to Li Hun and walked out of the room to rest on the other side.

As she listened to Dou Fushi's departing footsteps, Li Hun slowly closed her beautiful eyes. Her main goal now was to recover her strength and then kill that man from earlier! Chop him into minced meat and feed him to the dogs! She needed to wash away her shame!

With that goal in mind, Li Hun entered a state of meditation, rapidly recovering her energy.

Meanwhile, Dou Fushi took a shower and lay down on the bed to sleep. It was really annoying; the sheets got dirty, and he would have to wash them tomorrow.

If he were to find a wife, he would definitely look for someone who could cook and do laundry. Although this woman was good-looking, she wasn't his type.

He had heard that Brother Yi Hong was henpecked and had no status at home. Thinking about those terrifying days, he wondered how Brother Yi Hong managed to endure it.

Your Honor was really awesome. His two esteemed wives were so beautiful and powerful, and they were obedient in front of him. That was his goal—to become a man like Your Honor.

Lost in these thoughts, Dou Fushi drifted off to sleep. He was indeed quite tired today.

After all, he hadn't yet adjusted to such a strong power all at once, so he slept particularly soundly.

Late at night, when everything was quiet, Li Hun suddenly opened her beautiful eyes, clenched her fist, and murmured, "Your time to die has come!"

It must be said that Li Hun's recovery speed was incredibly strong. Just a few hours ago, she was on the verge of death, and now she was completely healed.

Sitting up, Li Hun pushed open the door and decided to go and chop that stinking man into pieces.

Li Hun walked to the edge of the bed, looked at the sleeping Dou Fushi, and a solidified long sword formed in her hand. The sword emitted a chilling aura, matching Li Hun's gaze. Dou Fushi was as good as dead.

Chapter 636 (I Just Can't Stand It)

Dou Fushi was sleeping soundly, completely unaware of anything, not even noticing the aura emanating from Li Hun's sword.

Li Hun looked at Dou Fushi's face and almost fainted from anger. Especially that slight upward curve of his mouth, as if he was so happy!

'Why is he happy? He must be mocking me, pretending to be happy!'

'Die, scumbag!'

Without much thought, Li Hun aimed the sword at Dou Fushi and thrust it forward!

This sword was aimed at Dou Fushi's arm. Li Hun wanted to chop off those wicked hands that had touched her entire body!

Ding~

The sword tip pierced Dou Fushi's arm, producing a low sound, but not even a piece of skin came off!

This left Li Hun dumbfounded. She looked at the sword in her hand. 'Could it be fake?'

Dou Fushi pursed his lips, slapped his own arm, and then rolled over to continue sleeping.

So, it turns out he thought it was just a mosquito...

Li Hun was at a loss. Her weapon couldn't harm him at all. How was that possible? Could it be that her strength hadn't fully recovered yet? No, that couldn't be right! She had already fully recovered!

Regardless, Li Hun picked up the long sword and fiercely swung it, the sword light flashing wildly.

A few minutes later, Li Hun's breathing became somewhat rapid, but Dou Fushi on the bed was still sleeping!

Her attacks had no effect on him at all. It was as if the sword was a toy. But even a toy should have woken him up, right?

And he was even scratching himself!

'Did my attacks only tickle you? Bastard!'

'I don't believe I can't kill you today!'

'Dirty man! I'll make you explode!'

Li Hun opened her hands, conjuring a pink mist that looked nothing but sinister. It was easy to imagine that it would make a man explode with its touch!

"You will die in agony, and I will enjoy your suffering," Li Hun let out a creepy laughter, fantasizing about Dou Fushi exploding and his blood splattering across the entire room!

As Li Hun moved her arms, two streams of pink mist surged towards the sleeping Dou Fushi, entering his nostrils.

Witnessing this outcome, Li Hun coldly snorted, "You dared to mock me. Repent in hell!"

Dou Fushi sneezed and rubbed his nose before continuing to sleep.

Li Hun stood by, watching.

One minute later.

Li Hun became a little puzzled. 'Why hasn't it taken effect yet?'

Five minutes later.

Li Hun furrowed her brows tightly.

Ten minutes later.

Li Hun started feeling uneasy. 'Why is there still no effect? This man is even snoring!'

Surely it's because she didn't fully recover her strength. It must be the reason...

Just as Li Hun was comforting herself.

Pfft~

Dou Fushi let out a fart!!!

However, this fart was quite potent, and a cloud of black and pink powder floated out!

So, that pink mist she released earlier was just expelled by Dou Fushi, with some black unidentified object mixed in.

Li Hun was standing relatively close and got a whiff of it. She felt as if she was turning green!

This man actually farted, and she could smell it. Suddenly, a wave of nausea surged through her chest. But after the urge to vomit passed, she felt a ball of intense heat forming in her abdomen. Her whole body felt hot, and her skin turned pink!

Li Hun was shocked. Could she be experiencing a backlash? That's impossible!

Without thinking much, Li Hun immediately sat cross-legged, attempting to resist this strange fire. But...

As she tried to use her techniques to withstand it, the discomfort intensified. It felt like her body was about to explode.

It was at this moment that Li Hun realized that this was the effect of her own technique. Trying to resist it only accelerated the explosion. Damn it!

How could this happen! It was even more vicious than her intended target. Her entire body itched unbearably!

"Ah!!!" Li Hun couldn't help but cry out.

Her scream woke up the slumbering Dou Fushi. He rubbed his eyes and looked at Li Hun sitting by the bed. His drowsy mind seemed to clear up a bit.

"Why are you out here?" Dou Fushi curiously asked.

At that moment, Li Hun almost fainted because that was a male voice! Even simple conversation was driving her almost crazy.

Seeing the painful expression on Li Hun's face, Dou Fushi asked with concern, "Are you okay? Does your wound hurt?"

She had come here to kill him, but ended up like this. Li Hun was on the verge of suicidal thoughts.

Indeed, Li Hun was now considering suicide, but her desires had become stronger than the thought of ending her life.

Looking at Li Hun on the ground, Dou Fushi couldn't do anything. He stood up, reached out, and held Li Hun's fragrant shoulders. "Sit on the ground, it's cool. Your wounds haven't healed yet."

This time, it was a male hormone coming from him!

Li Hun could smell it, and she could even feel it. Especially when those large hands touched her shoulders, her whole body trembled for a moment. It felt much more comfortable, but then came an even stronger desire.

Dou Fushi also noticed that something was wrong with Li Hun. Frowning, he said, "Miss, what happened earlier was only because of the circumstances. Although I saw a little, as long as I don't mention it, no one else will know. If you insist on offering yourself to me, please allow me a few days to consider. After all, this is a significant matter, and I don't know if you're my type. I can't be hasty."

Dou Fushi felt that his rejection was still quite gentle and wouldn't be a blow to her.

"Alright, go back and get a good night's sleep. We can talk about it tomorrow if there's anything. Actually... I'm a good person." After saying that, Dou Fushi believed that the young lady should be able to understand.

Li Hun couldn't bear it anymore. Every word from Dou Fushi was like a depth charge landing in her heart. He had just said hundreds of words at least, and her endurance had reached its limit!

Li Hun grabbed Dou Fushi's clothes and stared at the man in front of her, wanting to kill him!

Even if it meant both of them perishing, she didn't hesitate. But...

She couldn't bring herself to kill him now. There was even a disgusting thought in her mind.

"What... What are you doing? Talk to me!"

"Who said we were going to talk!" Li Hun directly pressed Dou Fushi onto the bed, tearing his clothes apart!

Everything happened too quickly. Dou Fushi hadn't even reacted before he was mounted.

"What the hell do you want to do? I'm not the person you think I am!" Dou Fushi began to struggle intensely, but Li Hun firmly held his hands down.

Looking at Li Hun's stunningly beautiful face, Dou Fushi tried to persuade her again. "Even if you want to be in a relationship with me, there should still be a process! You're skipping too many steps like this! Besides, I don't even know what your personality is like. Listen to me first, and don't take off my pants!"

Li Hun coldly shouted, "Shut up!"

Although her voice was cold, her expression was alluring, giving people a strange feeling.

But Dou Fushi was also a strong man. How could he let Li Hun easily have her way?

Li Hun seemed to understand. She looked at Dou Fushi coldly and said, "Hurry up!"

Dou Fushi felt furious. 'If I don't resist, let's see what you can do.'

Chapter 637 (No! No! I'm not going!)

"Why are you like this? Isn't it just because I saw a little bit? Is it necessary to be so direct? Let's sit down and have a proper conversation. If our personalities don't match, we'll just end up arguing. Besides, I don't like strong-willed women. I prefer those who are gentle, can cook, do laundry, and take care of children." Dou Fushi blurted out his requirements in one breath.

Li Hun didn't even hear it. Right now, all she wanted was to have him, but this man wouldn't allow it!

Damn it!

Frustrated, Li Hun pulled at her clothes, and they instantly disappeared. Seeing this scene, Dou Fushi felt a rush of heat surging in his nose, and he couldn't help but feel respect!

Li Hun sensed the opportunity and mercilessly sat down.

This made Li Hun so comfortable that she moaned softly, as if every pore on her skin had opened up.

"You! You manipulative woman! To think you would resort to such methods! It hurts so much..." Dou Fushi couldn't help but shout, feeling that it was inhumane. She forced herself on him without considering his feelings, and it was so violent. It was his first time experiencing something like this!

But Li Hun felt the same way.

The storm continued to rage, and the wooden bed made creaking sounds, never stopping throughout the night, the frequency even getting faster.

Outside, a light rain gradually started to fall, turning into a beautiful melody as it landed on the ground, but Dou Fushi was in no mood for it.

This woman had been going at it for an hour already and still hadn't stopped. It was simply shameless!

But at this point, Dou Fushi felt that this was fate. 'Well... I, Dou Fushi, am also an old-fashioned man in my thinking. Since we've already reached this point, I should take responsibility.'

However, there were certain conditions she had to agree to before he took responsibility. Otherwise, he would refuse.

Li Hun was in a heightened state of excitement, with every cell in her body screaming with exhilaration.

Suddenly, Li Hun felt a void because this man refused to give it to her!

He refused to give her the pleasure she desired, and Li Hun wished she could kill him!

"What are you doing?" Li Hun questioned, attempting to fulfill that void once again.

Dou Fushi said in a deep voice, "You can't go too far! I have someone above me!"

"Don't stop me!" Li Hun snorted and her beautiful face was filled with desire.

"You agree to some conditions, and then I won't stop you."

"Speak!"

"Fine, since things have gone this far, you are now my wife. As my wife, you should adhere to the principles of being a good wife and mother. Doing laundry and cooking are essential skills for daily life. From now on, I'll make decisions on major matters at home, as well as minor ones. That's all for now. I'll tell you the rest once I've figured it out."

"Is that all?" Li Hun felt like she was going crazy, unable to suppress the excitement in her heart.

"Just give me a word. If you refuse, then leave. If you agree, then we'll continue."

Li Hun took a deep breath and said, "Fine, I agree!"

Dou Fushi nodded seriously, assuming a dominant posture, and said in a deep voice, "Come."

Li Hun smiled, her expression truly beautiful, once again humiliating Dou Fushi.

The rain outside grew heavier and the passion in the room continued without stopping.

One day... Two days... Three days...

By the evening of the third day, Dou Fushi felt like his eyes were about to roll back. This woman had no humanity at all! She had tormented him for three days!

There was no other choice. The pink mist that Dou Fushi inhaled was now mixed with a black mist, doubling its effect. If Li Hun didn't do her part, she would explode and die.

What a self-inflicted disaster. If Li Hun knew the outcome would be like this, she definitely wouldn't have come to kill Dou Fushi. She couldn't kill him at all and ended up being the one harmed.

Dou Fushi held Li Hun's delicate body, his gaze somewhat lost and helpless. He had never even had a girlfriend before, and now he had jumped straight to having a wife. Moreover, this woman was so proactive, making him feel uncomfortable.

A typical icy goddess shouldn't be so approachable, right? How did she end up like this?

Just as Dou Fushi was feeling lost, he heard the voice of Wei Chang in his ear.

"Dou Fushi! Your Honor is asking for you!!!!!" Wei Chang's voice carried a stern questioning tone.

It had been three days already, and the female demoness had disappeared. No one knew where she had gone!

Ye Hua had asked Dou Fushi to protect Li Hun, not to sleep with her, or rather, reverse sleep with her.

But with the female demoness gone for three days, Ye Hua was not happy. He wanted to use her to deal a blow to Qing Tiandi.

Dou Fushi hastily replied, "She... she's here with me. She's injured, so I'm treating her."

"Your Honor said to make her go out and kill! It's been days since she killed anyone, and people are starting to forget!"

"Alright, alright, I'll make her go out and kill right away." Dou Fushi hurriedly agreed.

After disconnecting from Wei Chang, Dou Fushi felt a bit desperate because so much had happened in these three days, like now...

"Little Dou, let's continue."

That's right, just like that. Dou Fushi was on the verge of despair. The previous Li Hun seemed like a fake.

Look at her now, that's what one calls real. Let her perform again.

"Just wait, go pour me a cup of water!" Dou Fushi said with a stern face.

"Mhmm."

Li Hun got out of bed and poured a glass of water for Dou Fushi, then laid back down.

Dou Fushi felt helpless. He didn't understand why Li Hun was so obedient. At first, he thought she was pretending, but then he realized that she wasn't pretending at all. She really followed his orders, willing to do anything, even washing socks.

Dou Fushi started to suspect that this woman was acting. It was just too illogical.

Perhaps Dou Fushi didn't know that his fart had a slight chemical effect. The pink mist carried an aphrodisiac effect, while the dominant and fierce black mist in Dou Fushi's body, when combined, underwent a qualitative change.

It wasn't about making Li Hun into a submissive woman; it was just making her unable to resist. Maybe even she didn't know why.

"Li Hun, um... shouldn't you go kill a man?" Dou Fushi panicked because the current Li Hun seemed to have lost her hostility towards men.

"Not interested, don't want to go," Li Hun said softly.

Dou Fushi knew it would be like this and persuaded her, "That won't do. You have to stick to your principles and not give up halfway."

"Not going... not going... not going... I'm not going..." Li Hun repeated.

Dou Fushi covered his face. What should he do now? The task assigned by Your Honor couldn't be completed.

"Listen, be good. If you don't go kill, I won't play with you anymore," Dou Fushi threatened, willing to do anything, but now she refused to go kill anyone.

Li Hun pursed her lips. "It's okay, I'll amuse myself."

Dou Fushi: "..."

"Don't be difficult, weren't you the one who said you would obey?" Dou Fushi could only coax her. How could this woman change her mind so quickly?

Chapter 638 (Really Don't Want to Live Anymore!)

"No!" Li Hun said firmly, her little hands starting to play around, and then it began again.

Dou Fushi didn't know what to say anymore. He felt like he was going crazy. Your Honor would definitely scold him to death.

'Why did this happen? I don't want it, Your Honor... Save me...'

A week quickly passed by. Ye Hua was feeling a bit restless lately. On one hand, it was because of that female demoness. Why did she disappear for so long? On the other hand, it was because of his sister-in-law.

Since that day, his sister-in-law seemed to have changed. She used to be afraid of him, but now she wasn't afraid at all. Even spanking didn't work anymore.

Just like now, he was having an affair with his little sister-in-law again...

It was so awkward.

"Brother-in-law, what will my sister do if she finds us lying together like this?" Qing Yutong lay in Ye Hua's arms, curiously asking.

In fact, they didn't do anything outrageous, just hugging and cuddling. Ye Hua still had control over himself. After all, if he really crossed the line with Qing Yutong, he would feel sorry for Qing Ya.

"You seduced me," Ye Hua said calmly, smoking a cigarette.

"Whimper~ Brother-in-law, how can you say that?"

"Alright, let's stop here today. I have some things to take care of," Ye Hua extinguished his cigarette. He felt that he couldn't handle his sister-in-law anyway, but this stimulating feeling made him quite pleased.

It was normal for Ye Hua to have such thoughts because there was nothing else in this world that could excite or make him nervous anymore.

Only having an affair with his little sister-in-law gave him such a feeling. Otherwise, it wouldn't be like this.

"Brother-in-law, don't go~ When can we make love?" Qing Yutong pleaded.

"Forget it. Don't daydream all the time," Ye Hua tapped Qing Yutong's forehead, and she pouted, pitifully on the verge of tears.

But Qing Yutong didn't give up. "Brother-in-law, look at my sister and Sister Baizhi. They're both pregnant, so they definitely won't let you touch them. But I'm not, so come on~"

"When your sister agrees, then we can talk about it," Ye Hua stood up. As the Supreme Overlord, he had principles. It was one thing to have a secret affair for excitement, but he shouldn't cross certain boundaries. He had to consider Qing Ya's feelings and, of course, the Empress.

Qing Yutong deflated like a punctured balloon. "Brother-in-law, please have mercy on me. I don't want to be a little girl anymore."

"I think you should go back and play games with Zizi," Ye Hua sighed deeply. He needed to stabilize himself lately. He couldn't push his sister-in-law away, fearing that one day he wouldn't be able to resist pushing her.

Watching Ye Hua disappear, Qing Yutong angrily grabbed a pillow and started beating it. The "Topple Brother-in-law" mission had failed.

"Master, your brother-in-law is the Supreme Overlord. It's not easy to bring him down so easily. Besides, you've been too proactive. You should keep him guessing."

Upon hearing the system's words, Qing Yutong sat up and smiled. "I didn't expect you to be quite clever. Why didn't I think of that?"

"The Supreme Overlord is still a man. Master, you can do it!"

Qing Yutong had a plan. She had indeed been too proactive recently. Next, hehe~

'Brother-in-law, if you miss today, there won't be such an opportunity again~'

Ye Hua was unaware of his little sister-in-law's scheme. He appeared at Wei Chang's house, deciding to personally inquire about the situation with Dou Fushi. Why had there been no movement for so long?

Wei Chang quickly found Dou Fushi's aura, and the two of them directly appeared inside Dou Fushi's old house.

Ye Hua and Wei Chang furrowed their brows as they stood in the main hall.

They could hear peculiar sounds.

Ye Hua's face turned dark. He asked Dou Fushi to protect the female demoness, and he actually ended up sleeping with her!

How could there be such a subordinate in his team!

"Go and fetch him for me!" Ye Hua said in a low voice. This was unacceptable. He must properly punish Dou Fushi today!

It seemed that he had been too lenient. They didn't take his orders seriously!

"Yes!" Wei Chang responded solemnly.

Wei Chang was straightforward. He walked to the door and shouted, "Dou Fushi! Come out!"

The noises inside immediately stopped, and a sense of panic could be heard.

Within a minute, Dou Fushi hurriedly ran out. Seeing Your Honor had come, he was almost frightened, as Your Honor's expression was very grim.

"Sub... subordinate pays respects to Your Honor!" Dou Fushi quickly knelt down.

At this moment, Li Hun also came out wearing clothes. Seeing Ye Hua and Wei Chang, and her little Dou kneeling on the ground, trembling all over, her expression changed.

"Little Dou, get up quickly! What are you doing? Who are they?" Li Hun's face changed, and she had the idea of helping Dou Fushi.

Dou Fushi was frightened by Li Hun's words and quickly shouted, "Li Hun, kneel down!"

"Little Dou, don't be afraid. I'm powerful," Li Hun showed no fear towards the two people in front of her and had a look of arrogance.

Dou Fushi's frivolous expression disappeared, and he sternly commanded, "Li Hun! Kneel down!"

Li Hun furrowed her eyebrows, not understanding why Dou Fushi acted this way. But she had never seen Dou Fushi yell at her before. Clever Li Hun knew that Dou Fushi must be in a difficult situation, so she chose to obey and kneel down.

One should know that Li Hun had never kneeled before.

Seeing Li Hun kneel down, Dou Fushi breathed a sigh of relief and quickly said, "Your Honor, Li Hun doesn't know any better."

Ye Hua sat on the chair in the hall, while Wei Chang respectfully stood beside him.

"Oh? She doesn't know any better, and you choose to be ignorant as well? What did I send you here for? To sleep with her?" Ye Hua coldly questioned, showing his anger!

Dou Fushi quickly lowered his head and said, "Your Honor, please forgive me. I know my mistake."

Li Hun couldn't bear it anymore and looked at Ye Hua, shouting, "Who do you think you are? What business is it of yours regarding me and Little Dou?"

"Li Hun! Don't speak!" Dou Fushi's heart almost jumped out of his chest. This was his boss's boss's boss!!

Wei Chang's face darkened, and he raised his hand and delivered a slap. Li Hun, who was kneeling on the ground, was instantly sent flying, creating a large hole in the ground from the impact.

"To disrespect Your Honor! Seeking death!" Wei Chang said ominously.

Seeing this scene, Dou Fushi's face turned ashen. Over the past few days, he had developed some feelings for Li Hun. How could he bear to see her get hurt?

It was said that there's a hundred days of grace between newlyweds, and it had been several nights already. Dou Fushi had developed some affection for Li Hun.

"Your Honor, it's my fault. Li Hun doesn't know anything," Dou Fushi said while bowing and knocking his head against the uneven ground, leaving a large pit.

Ye Hua's eyes deepened as he calmly said, "Dou Fushi, who gave you the right to plead for her!"

Chapter 639 (I Slept with Him)

Dou Fushi's inclusion in the team was entirely due to Jue Tian and Brittany's reasons. Although the outcome was not satisfactory, it was ultimately accomplished, and Dou Fushi was allowed to join the team against the rules.

Before this, there were the Green and Red Brothers, and Ye Hua thought they were well disciplined and capable of handling important tasks. However, from this mission, it seemed that he had overestimated them!

He entrusted Dou Fushi to protect someone, but instead, he slept with them. In broad daylight, he was fooling around in bed, completely ignoring Ye Hua's orders!

Looking at the whole team, there was no one who dared to disregard Ye Hua's words, except for Dou Fushi!

He slept with someone just because they looked good. He probably used his power to coerce them. The fact that such scum appeared in Ye Hua's team meant that he had failed in his judgment of people!

If Dou Fushi knew what Ye Hua was thinking, he would definitely protest. It wasn't him who slept with her; it was she who slept with him.

To please her, Dou Fushi had tried his best to fulfill her requests. He didn't want things to turn out this way either, urging her to go out and kill men.

"Your Honor is asking you a question! Answer honestly!" Wei Chang growled, even if you smash the ground, it won't change anything!

Dou Fushi didn't even scrape his forehead; there was just a little dust.

"Your Honor, I don't have the face to plead. It's my fault for not handling things properly." Dou Fushi didn't explain anything and quickly admitted his mistake.

Beside him, Li Hun stumbled out, blood flowing from the corners of her mouth. But she showed no fear and exclaimed, "Little Dou, get up! We don't have to be afraid of them!"

Dou Fushi's face couldn't be worse. 'You foolish woman, don't you see the situation clearly? There's only one way forward now.'

"Your Honor, Li Hun didn't mean to say such things. Spare her life," Dou Fushi pleaded desperately. If he angered Ye Hua, the consequences would be severe.

Ye Hua looked at Li Hun, and she met his gaze without flinching.

"If you weren't somewhat useful, I would have killed you right now!" Ye Hua said softly. This woman was meant to deal with Qing Tiandi. Otherwise, he wouldn't have sent Dou Fushi to protect her, and now she ended up in bed with him.

"Who exactly are you people?" Li Hun seemed to have just realized it and asked in a tender voice.

Dou Fushi remained silent, kneeling on the ground.

Wei Chang wanted to say something, but Ye Hua stopped him.

"I admired your methods of killing. I was afraid something would happen to you, so I had Dou Fushi protect you. But I never expected... you, a woman who hates men, would become dependent on a man. It's truly ironic."

Li Hun listened silently and then asked, "Why do you want me to kill? Why?"

"There are many uses for you, so you're still alive because you still have some value. But this... I, as the Supreme Overlord, had him protect you, and yet he slept with you..."

Before Ye Hua finished speaking, Li Hun softly interjected, "I slept with him."

Ye Hua and Wei Chang were momentarily stunned, then they turned their gaze to Dou Fushi, seemingly questioning if it was true.

Feeling the scrutiny from the higher-ups, Dou Fushi guiltily said, "Your Honor, it's because of my inadequacy that I got slept with..."

Ye Hua initially thought it was Dou Fushi's lust that led him to use his bestowed power on someone else, but he never expected that it was Li Hun who slept with Dou Fushi.

Li Hun is quite attractive, so why would she sleep with Dou Fushi? Ye Hua and Wei Chang couldn't quite understand.

"And then you just kept sleeping and didn't do anything?" Ye Hua asked in a low voice. Although he had misunderstood Dou Fushi, he still hadn't fulfilled the mission properly! There should be consequences!

Li Hun said in a tender voice, "It was me who refused."

"Why?" Ye Hua asked, puzzled.

"Killing disgusting men was enjoyable before, but being with Little Dou is even more enjoyable."

Damn, that explanation is quite powerful. Even the higher being couldn't argue against it. As long as it's enjoyable, this woman's demands are quite low.

"Your Honor, in fact, Li Hun asked me to accompany her for a few days, and then she would go out to kill men." Dou Fushi sincerely explained. That was indeed the case. Dou Fushi begged earnestly, and Li Hun compromised to spend a few days together before going out to kill men.

Today was the last day, and Your Honor arrived.

Ye Hua looked at Li Hun, and she calmly said, "Little Dou is right."

Ye Hua let out a sigh and looked at Dou Fushi, saying, "How should I punish you?"

Without waiting for Dou Fushi's response, Li Hun walked up to Dou Fushi, slowly knelt down, as if realizing the reality.

"Little Dou is innocent. If there's anything, come at me!" Li Hun asserted dominantly. She, who had completely lost faith in men, seemed to have found it in Dou Fushi.

Ye Hua was waiting for this statement. He whispered, "I want you to continue killing! The more chaos, the better."

"Okay!" Li Hun didn't hesitate and agreed directly.

Ye Hua was pleased with Li Hun's attitude. He looked at Dou Fushi and said, "I will give you one last chance. Continue to protect her. If you disappoint me again, you will be expelled! Understood?"

"Thank you for your forgiveness, Your Honor." Dou Fushi quickly expressed gratitude. The fact that Your HonorLord spared him in such a situation proved that he was indeed a good leader.

Knowing that it was a misunderstanding, Ye Hua had no intention of punishing Dou Fushi. However, he was still under observation. If he didn't prove himself suitable, he would still be expelled. His team had no room for wasteful individuals.

"You all go and handle the matter. I hope to see the reports soon!" Ye Hua said before leaving the scene with Wei Chang.

Seeing Your Honor and Uncle Wei leave, Dou Fushi collapsed to the ground. He had been truly frightened, feeling as if he had walked on a wire of death.

Li Hun looked at Dou Fushi's state and smiled, "Little Dou, were you there to protect me?"

"Yes, but I ended up being slept with by you and almost killed by Your Honor. I..." Dou Fushi was in great agony. What had he done wrong? Why was he constantly being bullied? Was this how an honest person should be treated?

Li Hun gently embraced Dou Fushi, who was on the verge of tears. "Alright, alright, Little Dou, stop crying. It's not a big deal."

"Isn't it big enough? My heart can't calm down for a long time."

"In that case, let's do it again, and then you'll feel calm."

"What! Do it again? I still want to live!"

"It's fine, everyone has left. We'll do it once more and then get to work. Hurry up, I want to..."

Dou Fushi: "....."

With a sense of despair, Dou Fushi was dragged into a small dark room. The pleading look in his eyes was like a signal sent to the entire universe. Although Li Hun was obedient, the demands were too high. This wasn't the kind of wife Dou Fushi wanted...

On the other side, Ye Hua arrived at Wei Chang's house.

"Xiao Tang isn't at home today?" Ye Hua curiously asked.

Chapter 640 (The Revenge of the Sister-in-Law)

"Your Honor, Xiao Tang has found a job outside."

"Hmm? Isn't she working at the bar anymore?"

Wei Chang poured a cup of wolfberry tea for Ye Hua. "She is. Doing one job during the day and another at night."

Ye Hua took a sip and said in a deep voice, "That's where you're wrong. The girl is working hard outside, while you're just enjoying yourself at home."

"Your Honor, didn't you say that a man should have a position?" Wei Chang whispered softly. 'Everything I did was learned from you, Your Honor.'

Ye Hua: "....."

'Indeed, you do have a position. You let Xiao Tang go out to work and support you. I really don't know what to say.'

'Forget it, I should interfere less in their personal matters. Let them handle it their own way.'

"Your Honor, actually, the matter with Dou Fushi and Li Hun is also a good thing." Wei Chang stood respectfully beside him and said.

"Hmm?"

Wei Chang smiled slightly. "It's much simpler for Your Honor to deal with. Just one act and the problem can be solved."

Ye Hua understood Wei Chang's meaning. This Li Hun just needed a little cooperation, and the problem would be resolved.

Whether they cooperate or not, the result is the same. They can still achieve the desired effect.

"I really don't understand. How did this woman end up sleeping with Dou Fushi? Does Dou Fushi have such great charm?" Ye Hua curiously whispered.

"Your Honor, everyone has their own preferences. Maybe Li Hun just happens to like Dou Fushi."

"That's true. You go ahead. I'll return to the Voidless Realm first."

"Send-off, Your Honor!"

Back in the Voidless Realm, it was time for lunch. Donghuang Baizhi had to handle the affairs of the Voidless Realm, so Qing Ya had learned to cook. It made Ye Hua very happy.

'A woman should know how to take care of a man. Cooking is a basic skill.'

'Although it's not necessary, having this attitude makes me very pleased.'

Entering his "harem," if it can be called that, even though there are only two people.

As soon as he entered, he saw his sister-in-law playing with two children. From a distance, Ye Hua noticed a slight change in Qing Yutong.

Although they had just had an affair, it seemed like...

She became even more attractive, as if she had put on makeup and dressed more elegantly and virtuously. It was the kind of dressing that Ye Hua liked. She truly knew how to please him, his sister-in-law.

'The women I choose won't disappoint me. They are truly alluring.'

"Daddy~"

"Daddy~"

The two little ones saw their father and ran over, and Ye Hua held one in each hand. "How was your morning study?"

Donghuang Li nodded quickly. "Good, I taught my little brother addition, subtraction, multiplication, and division."

"Daddy, it's really hard," murmured Ye Yan, pouting his lips.

Ye Hua chuckled softly. "Ye Yan, then you have to work hard."

"Yes, Ye Yan will work hard and make Daddy proud."

"You're such a good son of mine. Let's go, we'll go have a meal." Ye Hua was very happy and walked toward the palace, carrying the children.

Qing Yutong didn't say anything and obediently followed behind.

"Daddy, put Ye Yan down quickly. I'll go serve the food for Mommy."

"Ah Li, you can come too."

Ye Hua felt that his children were quite sensible. Watching the two little ones run out, he slowly sat down.

Qing Yutong played with her beautiful hair and sat opposite Ye Hua, propping her chin up and looking outside.

Not to mention... this angle of Qing Yutong was very captivating. Even Ye Hua, who was used to seeing women like Qing Ya and Donghuang Baizhi, was enthralled.

Qing Yutong also knew her advantages and made good use of them.

If it were before, the current Qing Yutong would definitely seek excitement, such as kissing her brother-in-law while her sisters weren't around. That had become a daily occurrence.

But now, she didn't make a move at all.

This made Ye Hua a little frustrated. Taking the initiative with his sister-in-law seemed too eager, and he felt embarrassed.

But seeing the breathtaking profile of Yutong, Ye Hua's heart started to itch. He felt restless. What kind of tea was Wei Chang giving him? It was making him a bit agitated.

Although Qing Yutong didn't look at her brother-in-law, she could sense his ill intentions.

'Hmph~ After taking the initiative for a few days, now it's the turn of my brother-in-law to take the initiative. This is interesting. It shouldn't be too easy to get, otherwise, how can it be cherished?'

Until the little ones brought all the dishes, Qing Yutong still didn't make a move. This made Ye Hua angry. What is this younger sister-in-law trying to do, teasing his appetite like this!

Her audacity is growing!

The family of six began to enjoy their cozy lunch. The two little ones didn't even need to be fed; they ate with big bites.

Watching these three women eating was also a kind of enjoyment. And today, Qing Yutong seemed particularly attentive, which was not something she used to do.

This puzzled Qing Ya. "Oh, our Yutong is taking the gentle and virtuous route today."

"Sis~ If I'm not gentle anymore, no man will want me. When are you going to introduce someone to me? It's so lonely being alone." Qing Yutong sighed lightly, as if she couldn't go on without a man in her life.

Ye Hua, who was eating, paused. This younger sister-in-law really had the guts to say such things in front of him.

Although he knew she was doing it to provoke him, he still felt annoyed.

Donghuang Baizhi smiled gently. "Yutong, this guy in the Voidless Realm is good. He won't mess around. There are a few high-ranking generals who are still single. Let me know which one you're interested in."

Qing Ya also laughed beside her. "Yes, some of them seem honest and decent."

Both little ones stopped eating with big bites and looked at the adults, showing curiosity.

Qing Yutong pouted after hearing that. "Doesn't our family listen to what Brother-in-law says? Yutong relies on Brother-in-law's decision."

Ye Hua almost sprayed the food in his mouth. 'This sister-in-law really knew how to play, she was ruthless!'

Qing Ya and Donghuang Baizhi looked at their men, expecting them to say something at least.

What could Ye Hua say? Just a few hours ago, he was playing "Flight Chess" with his younger sister-in-law in bed. Apart from the very end, they had basically played everything. [Flight Chess(similar to Ludo or Parcheesi) is a board game where players move their pieces around the board based on dice rolls. The objective is to be the first to move all pieces from the starting point to the finish line. Players can strategically block and capture opponents' pieces, adding a competitive element to the game. In the context, it's a playful way to describe engaging in activities while in bed.]

But now he had to say something.

Ye Hua put down his chopsticks and said calmly, "We shouldn't rush into this kind of matter. I will investigate thoroughly. If he's straightforward, it could work."

Qing Yutong snorted in her heart. 'Brother-in-law was so bad, he even wants to investigate...'

Qing Ya also thought it made sense. "Marriage is indeed a serious matter. Baizhi, Yutong will give you some trouble."

"No problem, I'll take care of it. I'll arrange for you to meet a few people and get to know them."

"Then Yutong thanks Sister Baizhi." Qing Yutong said with a smile, as if she was very happy.

This made Ye Hua even more annoyed. She was definitely retaliating against him. Is he spoiling her or what? If she wants to go, then go!

After the meal, the two little ones took a nap, and Ye Hua refreshed the news on his phone. Sure enough, the demoness, soul reaper, the serial killer, made an appearance and caused quite a commotion.

This slightly relieved Ye Hua.
