

My Woman 64

You Cannot Afford To Offend My Woman

Chapter 64.1: Banquet (5) 1/2

Attractiveness level was also a kind of confidence. When a woman with a high attractiveness level appeared, other women would instinctively compare themselves with the woman.

Xiao Yi and Tang Wushuang wrinkled their brows, but their identity was telling them that they cannot get angry, they were not the child that they were in the past anymore, getting into a fight just because of a disagreement. Adults have their own methods of fighting against each other, and if the methods don't work, we can depend on our martial strength!

Just that, they totally did not know that, no matter what methods they tried to use, they wouldn't be able to even affect Ye Hua in the slightest bit at all, all of their methods were futile in front of Ye Hua. And towards their methods, Ye Hua would only treat it as a small fun time within his holiday. What Ye Hua was truly having a headache about right now was this woman by his side. Educating her is truly not an easy thing to do.

Xiao Yi asked faintly, "Jiu Ye, what kind of funny matter did you recall? How about you tell it to us too and let everyone have a good laugh."

Jiu Ye's heart sunk. Do you want me to tell you about the joke about ugly ducklings and white swan?

"Actually, it wasn't anything much, that wife of mine had been complaining to me non stop about wanting to buy a diamond ring when she already had 10+ diamond rings at home. Therefore, I used the glass slag of a wine glass to make a ring, and in the end, she accepted the ring happily when I gave it to her. From then on, I decided that I will do that every time she complains to me that she wants to buy a diamond ring again, after all, that wife of mine is too prodigal."

A smile finally appeared on Tang Wushuang's face, "It seems like I can also imitate you. When I buy a ring, I have to buy 10+ rings at one time, and at this rate, my wallet won't be able to bear it."

"It is all because of you being fickle!" Mu Jieya said coquettishly.

Actually, what really made Ye Hua angry was the number problem, I actually lost in the amount of women I have compared to those humans!

"Although I am indeed a bit fickle, I sincerely love all of you. For example, the rings that I got for all of you are all real and are not glass slag. Anrong, the ring you are wearing is a 10 carat pink diamond ring, and Jieya, the ring you are wearing is a 11 carat blue diamond ring. Both of the rings add up together cost about 20 million, and furthermore, the currency is not in rmb but usd."

The two women went into a daze. The gifts that their husband give to them, they of course wouldn't go and search for how much the gifts they got were worth. But upon hearing just how much their two rings cost altogether, they felt touched by their husband.

"Xiao Yi, how about this ring of mine?" Nangong Xinyi asked tenderly. Because, looking at the size of the diamond, the diamond that was on Nangong Xinyi's ring was much bigger by a lot.

Xiao Yi said faintly, "This ring of yours is 24.78 carat, Graff pink diamond, it is unmatched in the entire world, and its price is 46 million USD. I felt that it looked nice so I bought it for you."

Jiu Ye was sweating from shame. You all are truly a bunch of prodigals, there is no need to go to this length just to fawn a woman, right?

"Xinyi, seems like your husband truly dotes on you, not like my Wushuang, stingy."

"That's right, that's right."

Tang Wushuang shook his head. Women's competing mentality never changes. Why don't you two compare yourselves with other women, if there is even one woman who is being doted on much more compared to you two, I will immediately cut off my bird.

Qing Ya was feeling a bit sad. Look at other's husband, being that willing to spend so much on a ring for them, then take a look at my husband... Not sure if this ring of mine even has 5 carat. I reckon it doesn't even have 5 carat...

"CEO Qing, what kind of ring are you wearing on your finger, can you let us take a look at it?" Quan Anrong asked, evidently having saw Qing Ya trying to hide her hand where her ring was worn on and immediately felt that Qing Ya was definitely feeling embarrassed to show her ring.

Qing Ya put her mood in order and said with a slight smile, "This is an engagement ring that my husband gave to me."

"Wow, red diamond!"

"It should be a green diamond I think?"

"Not right, it should be a purple diamond?"

"Yellow diamond?"

The few people who were observing the ring said with a face of disbelief. What kind of diamond is this! Looking at the ring from different angles, the color that you see will actually be different. Also, the craftsmanship of the ring is so heaven defying, the metal that was like a dragon claw was tightly grabbing onto the diamond, making the ring look very imposing!

Chapter 64.2: Banquet (5) 2/2

"This stone is not bad." Xiao Yi said lightly. It is the first time that I have seen a thing like this, diamonds are not like this, at the most, this thing can be counted as a strange stone.

Tang Wushuang followed along and said, "CEO Qing, where did you buy this stone from? I also want to buy a few stones like this and play with it."

The typical case of saying that grapes were sour when they weren't able to eat the grapes.

The three women couldn't help but stretched out their hand and compared their ring to Qing Ya's ring. Besides the diamond being big and the price of the ring being expensive, my ring is totally not the same level compared to her ring!

However, luckily the diamond of my ring is big, and the price of my diamond ring is expensive, if not, besides from attractiveness level, even my ring would lose when compared to her ring.

Just when the three women were feeling gratified, something inconceivable happened.

Crack!

The sound was very clear, just like the sound of a glass shattering.

All three of the women looked towards their big diamond ring at the same time, and they saw a crack appeared on their diamond ring!

This phenomenon made even both Xiao Yi and Tang Wushuang to become stupefied. What is the situation! Why did the diamond crack by itself!

Mere stars also dares to fight for glory with the sun and moon? The infinity ring also has its own temper. Although I am currently sealed, to actually dare to use those kinds of garbage to compare with me, this is simply throwing my face!

Xiao Yi and Tang Wushuang's expression was grave. Immediately, they tried sensing the fluctuation in their surroundings. However, they didn't sense anything abnormal. So, why did the diamond crack!

If it was just a crack, it would have been too simple. It could be seen that the crack on the diamond of the three rings was gradually widening.

The sound of shattering rang out and the diamond of the three rings shattered into pieces and fell onto the floor. And meanwhile, Qing Ya's ring was safe and sound, and under the light's shine, it was radiating out a dazzling radiance, seemingly like it was giving out a warning to the people in the banquet, don't f**king use those kinds of garbage to lower my status!

Actually, Qing Ya was just like the other three women, being in a complete daze. The diamond of their ring shattered into pieces, and yet mine is safe and sound. And furthermore, my ring currently seemed just like a child who stirred up trouble and was showing off its accomplishment.

The atmosphere was a bit awkward. Xiao Yi and Tang Wushuang did not know what to say. I had only just spoke about how many carats the diamond was, and how much I spend to buy the ring, and yet, in the blink of an eye, the diamond shattered into pieces... Isn't this basically me slapping onto my own face!

"Xiao jiu, did the glass slag ring that you give to your wife shattered?" Ye Hua asked indifferently.

Jiu Ye who was in a daze did not think much and answered straightforwardly, "Of course not."

Just that, right after he said that, he immediately thought to himself, "Not good, aren't I basically saying that their diamond ring is inferior compared to a glass slag ring? Boss, this hole that you dug for me sure is deep... And the important point is that I actually jumped into the hole myself."

Jiu Ye had no choice but to suffer in silence.

Qing Ya felt very good and couldn't help but opened her fan and lightly fanned the fan onto herself. Upon fanning onto herself, she immediately felt carefree and relaxed. This demeanor of hers, when saw

by others, they felt that she was just like a haughty white swan and winning against those ugly ducklings was but a very matter for her.

However, towards the matter just now, I have to apologize to Ye Hua, I shouldn't have had that kind of thinking, I shouldn't have blame Ye Hua for not buying a good and expensive ring for me. To express my apology, I will allow him to play his computer game tonight, however, he must stop before 10 pm!

"Young Master Xiao, Young Master Tang, you two have to pay a bit more attention in the future and be careful of actually buying counterfeit goods again. Money is a small matter, hurting your wives' feelings is a big matter." Qing Ya consoled while fanning the fan onto herself.

Originally, she came to the banquet with the intention of hugging on a thigh, but in the end, her tempo was brought into disorder by Ye Hua, and it turned it her coming to the banquet to act cool.

Tang Wushuang was rather smart, immediately, he said indignantly, "That damned swindler! Both of you, don't be angry, your husband will go and settle that swindler tomorrow for both of you!"

Xiao Yi pat onto her wife's shoulder. Although he did not say anything, his gaze was ice-cold, seemingly having the intention to go and find the unscrupulous businessman who sold him the ring. To actually make both me and my wife lose face like this, I definitely cannot tolerate this!

However, carefully thinking about this for a bit, I feel that this matter is not that simple, there is definitely someone playing tricks on us in the dark. But who is it that actually dares to play dirty tricks in front me, and furthermore, I didn't even sense it when he did it! This person's capability is definitely not ordinary! To actually be able to hide from these eyes of mine!
