

My Woman 65

You Cannot Afford To Offend My Woman

Chapter 65: Banquet (6)

Could it be this man in front of me who is messing with me? However, I don't feel any energy fluctuation coming from him, so just who is it who is messing with me!

Ye Hua have to properly praise Qing Ya for a bit, what Qing Ya said just now, not only gave them a way out of the embarrassing situation, but at the same time, was obscuring mocking them. However, they had no other choice but to follow up with Qing Ya words, unless they were intending to shed all pretense of cordiality. However, if they do that, it would be my turn to take the field. But honestly, dealing with humans like them would basically dirty my hands.

As my wife, her intelligent can be counted as a pass. Of course, her beauty, and that wildcat-like aura of hers were also a pass. To actually dare to push me, her guts is rather big.

The only shortcoming of hers is that she is not obedient enough. If she is obedient, she would be the strongest woman in the entire universe, and no other woman would be able to compete against her.

"Aiyo, what a big spectacle! Young Master Xiao, Young Master Tang, why didn't you two invite me over for a get together when you two came to the south."

A young man who wore a leisure western suit and a pair of sunglasses could be seen walking over in large strides with an arrogant expression and manner. Behind the young man, a woman and two men could be seen following behind him. Looking at the three's outfit, they should be the young man's bodyguards. Just that, that woman's looks were very good looking, being at the same level of Nangong Xinyi, and yet, she was only just a bodyguard.

"Aiyo, CEO Qing, you are here too! All of you are not nice, none of you actually invited me for a get together when you all came to the south, it makes me feels very sad." Wang Dabao took off his sunglasses and revealed out an astonished look on his face. Why does the Qing Ya seemed like she has become even more beautiful? She's gotten even more beautiful to the point that my heart is beating much faster when I saw her.

Nangong Xinyi took in a deep breath, "So it is Young Master Wang, excuse me for not going out to welcome you."

"Xinyi, you are not nice, no matter what, we were at least classmates in the past." Wang Dabao was very carefree and casual, seemingly just like a newly rich.

Xiao Yi's expression sunk. This man actually dared to tease my woman, he really f**king doesn't want to live anymore!

"CEO Xiao, you sure are fortunate, back in the past, I even chased after Xinyi for a very long time. Sigh~" Wang Dabao spread out his hands. He was evidently here to make a scene at Xiao Yi's banquet.

Ye Hua on the other hand felt a bit interested in this Young Master Wang and asked towards Qing Ya who was at his side, "Who is this person?"

Qing Ya laughed bitterly, "He is called Wang Dabao, High Ocean City's famous prodigal. However, what is different is that, no matter how he prodigally spends and investment, he would still be able to earn a profit in the end. For example, if he bought a piece of land that was not worth anything, in the next few days, the price of the piece of land would suddenly increase in price. In any case, no matter what he buy, he would be able to profit from it in the end."

"Oh, this is a bit rather interesting." Ye Hua said faintly.

"Ye Hua, let's go back home now, it is better for us to not get mix into their affairs." Qing Ya didn't really want to get dragged into that social circle, after all, that social circle was too complicated.

Ye Hua on the other hand had a change of mind now, "Let's stay and play for a bit more."

"Weren't you complaining about wanting to go back home to play your computer game just now?" Qing Ya wished she could drag Ye Hua back home right now. Just that, Ye Hua wasn't willing to go back home now. These three people can be counted as the much more formidable ones within the humans, I'm not sure if there are any humans who are at an even higher level compared to them. Perhaps those humans who are at an even higher level compared to them would be able to trigger a slight billow in my heart. But to want me to personally deal with them, they would still not be qualified yet.

Qing Ya lightly stroke onto Qing Ya's willow waist, "Didn't you want to look for collaboration and earn money? It is still too early to go back home now."

This scoundrel, touching my waist in front of so many people. And furthermore, what collaboration can I even look for now when I actually acted cool in front of them just now? I would be glad if they didn't come looking for trouble with me in the future.

"It is all your fault~" Qing Ya immediately threw the blame to Ye Hua. The previous time, I was also affected by Ye Hua, and this time, I was also affected by Ye Hua too. If this continues on, sooner or later, I would offend everyone, and at that time, I would be not far away from going bankrupt.

Chapter 65 – Banquet (6) 2/2

Xiao Yi could be heard faintly saying, "Let's all go into the side room to chat instead, it is too noisy here."

"Young Master Xiao, don't tell me that you are intending to kill me in the side room? If you are intending to do that, I will have to prepare to call the police." Wang Dabao laughed with a face full of 'fear'.

Nangong Xinyi laughed lightly, "Young Master Wang sure is funny."

Tang Wushuang said faintly, "If we want to kill you, wouldn't it be a very simple thing for us to do?"

"You dare!" The female bodyguard that was behind Wang Dabao shouted out lightly, then took a step forward, and immediately cracking the granite floor with that step of hers. This caused Qing Ya to have a shock.

Ye Hua lightly held onto his lovely wife, "Their relationships don't seem to be good."

Leaning on her husband's side, Qing Ya felt that she was safe and said tenderly, "There are a lot of big families in Zijin City and Xiao Family and Tang Family are two of the big families. Each of the big families has its own competitors. Take this Wang Dabao for example. Although his headquarters was at High

Ocean City, his wife on the other hand belonged to Zijin City's Bai Family, and it just so happens that Bai Family was the arch-enemy of both Xiao and Tang Family. This is pretty much why their relationships aren't so good."

"Oh, so that is how it is. What about you then?" Ye Hua asked curiously.

"Thanks to you, after today, I won't even have the qualification to rank last." Qing Ya rolled her eyes at her husband. This fellow who always bring my tempo into disorder.

"Do you want to step on top of them?"

Qing Ya's heart sunk as she said hurriedly, "Ye Hua, don't act recklessly, I just want to live a peaceful life right now."

In the past, Qing Ya really wanted to stand at the peak to look at just how the scenery looks like from the peak. However, ever since she has gotten pregnant with the child, her mindset changed, and everything became insignificant to her, and only the child in her stomach was the most important to her.

Looking at Qing Ya caressing her stomach, Ye Hua seemed to somewhat understand just what she was thinking. What a foolish woman.

The few people walked into the side room. In actuality, the side room just was like a living room, and was mainly for the guests to use for discussing business-related matters, or brag about stuff.

"In the next moment, about what I am going to talk about next, all of you have to keep it confidential, if not, be careful of the consequences." Xiao Yi said calmly. In actuality, he was saying it for Ye Hua, Jiu Ye and Qing Ya to hear, because, in his view, all three of them were ordinary people.

Wang Daobao laughed in disdain, "Keep it confidential? Do you think that Jiu Ye doesn't know about what you are going to talk about next? And also this Qing Ya sister~ And of course, this handsome brother here too."

Xiao Yi sneered, "Wang Dabao, coming to the south this time was not my intention."

"It would be fine if all you northern people just be well-behaved and stay at the north. Whatever matters that happen in the south, it is not all to you all to care about it."

Everyone who were here were all smart people, and they all understood each other's strength. Therefore, fighting was out of the question, so why not make the other look bad or feel disgusted instead?

Tang Wushuang sneered, "This is the above's order. Long'an City has been unstable, with lots of special-power users appearing here. Those special-power users need to be supervised."

Wang Dabao did not approve of what Tang Wushuang said, "So what? Aren't the place that you guys are from the same?"

After pausing a moment, Wang Dabao continued, "It's not like you all don't know, our world is situated at the space disorder point. Xiao Yi, back then when you died, how did you come back to life? I don't think you need me to explain it to you right? Also, Tang Wushuang, back then when you went to serve in the army, you disappeared for 5 years, where did you go to in those 5 years?"

Xiao Yi and Tang Wushuang appeared to be very calm. This kind of thing, as long as one went to investigate it, they would definitely be able to get an answer. However, the answer that they would get is but just an assumption, an assumption without any evidence to back it up.

It was the first time that Ye Hua had heard of a theory like this. This place is actually the space disorder point. If this theory is correct, it also explains why I appeared here.

Quan Anrong said mockingly, “Young Master Wang, 5 years ago, you were still a prodigal who only knows how to squander money recklessly. The reason as to why you were able to suddenly earn profit when you prodigally squander money, you should know it yourself right.”
