

My Woman 661

Chapter 661 (Breaking the Barrier)

Inside the Voidless Realm.

Ye Hua was currently in Qing Yutong's palace. In the past month, he had spent more time with his sister-in-law than with his two wives. It seemed that Qing Yutong knew how to please a man.

"Brother-in-law, are you comfortable?" Qing Yutong asked with a coy expression, biting her cherry lips.

Ye Hua was enjoying himself and casually replied, "Not bad. My skills have improved recently, so you can apply a little more pressure."

"Okay."

"Move down a bit and apply lighter pressure," Ye Hua instructed, closing his eyes and looking truly comfortable.

Following Ye Hua's instructions, Qing Yutong moved downward and asked, "Brother-in-law, is this comfortable?"

"Yes, very comfortable."

"Hehe, I just learned these techniques," Qing Yutong said proudly and started showing off.

Ye Hua sighed and said, "If your sister and Baizhi were half as devoted as you, things wouldn't be like this for me."

"Oh~ If they were more devoted, then I wouldn't have a chance," Qing Yutong pouted.

Ye Hua said in a deep voice, "Stop talking and focus on your work."

"What does massaging have to do with talking?" Qing Yutong retorted. Ye Hua was sitting on a chair, and Qing Yutong stood behind him, gently kneading his back.

"Of course it's related. I need to experience it carefully," Ye Hua replied.

Qing Yutong lowered her voice and whispered in Ye Hua's ear, "Brother-in-law, how about going to bed? Yutong has learned many new techniques~"

Ye Hua twitched his mouth and helplessly said, "Are you trying to suck the life out of me?"

Just as Qing Yutong was about to act coquettishly, they heard the footsteps of Qing Ya and Donghuang Baizhi outside the door. The two of them maintained their postures, as if they hadn't been doing anything inappropriate.

Qing Ya was momentarily stunned when she saw the appearance of her husband and younger sister, but quickly adjusted.

This kind of situation had happened before. It was nothing more than Ye Hua letting his younger sister-in-law give him a massage, exercising the privileges of being an older brother-in-law.

"Why did you both rush over here?" Ye Hua took a grape, peeled it, and placed it in his mouth. He frowned slightly, as if it was a bit sour.

Qing Yutong also knew the situation, so she sat down beside them.

Donghuang Baizhi sat next to Ye Hua and propped her forehead with her hand. "There are some people knocking at the door outside."

"Oh? Knocking at the door? If they can reach this place to knock, it seems their strength is not bad," Ye Hua found it interesting. He waved his hand gently, and a white mist appeared in front of him.

Gradually, a scene appeared within the mist. Ye Hua saw over a dozen people attacking the barrier of the Voidless Realm.

"Oh? These two people seem familiar. Have we met somewhere?" Ye Hua looked at Ji Yang and Zhuang Hong, feeling a sense of recognition but not quite certain.

It was understandable because when Ye Hua caused trouble on the Canglie Star, it was so far away that he only paid attention to the president. No one bothered to notice others. At most, they would glance at them without giving them a second thought.

"I also feel like I've seen them somewhere, but I can't recall," Qing Ya furrowed her eyebrows, trying to recollect in her mind.

Donghuang Baizhi, who was beside them, had the same feeling but couldn't remember either.

It seemed that the three of them only remembered the president, and they didn't recognize anyone else. After all, who would remember a small fry?

"I want to take a look too," Qing Yutong also ran over to see the scene.

However, Qing Yutong didn't recognize anyone. She had been playing games at home during that time they went on a trip.

After watching for a while, Ye Hua and his two wives still couldn't remember.

At that moment, Donghuang Li and Ye Yan suddenly rushed in. The two little ones were sweaty and out of breath from playing.

"Daddy, Mommy, what are you looking at?" Donghuang Li jumped into her father's arms, and Ye Yan didn't want to be left out, so he squeezed in as well.

Donghuang Li looked at the people on the screen and exclaimed, "Hey, Daddy, Li recognizes those two people."

Ye Hua was taken aback and looked at his daughter in his arms. "Ah Li, where did you see them?"

"Daddy, don't you remember? We saw them on that planet during our last trip," it seemed that children had much better memories.

Ye Hua suddenly slapped his forehead and remembered.

"It's them!" Donghuang Baizhi exclaimed.

Qing Ya became even more puzzled, "How did they find their way here???"

Ye Hua was also amazed and impressed. "I didn't expect them to find my stronghold, and with such a small group. Did they come prepared, or are they overflowing with confidence?"

"It shouldn't be. Haven't they learned their lesson from last time? Even if they came for revenge, this scale is indeed small," Qing Ya muttered.

Qing Yutong exclaimed, "Ah! What happened when you went on your trip last time? It sounds so interesting. Why didn't you take me with you?"

Donghuang Baizhi chuckled lightly. "What do you mean, 'why didn't you take me'? You were clearly busy playing games at home."

Ye Hua gently stroked the heads of the two little ones and smiled, "It seems they don't know that I'm here. As for why they came, I'm curious as well."

"Play a little?" Qing Ya blinked mischievously.

Ye Hua nodded, and the three of them looked at Qing Yutong simultaneously.

This made Qing Yutong cross her arms and say, "What are you guys... What are you planning to do..."

Outside the barrier of the Voidless Realm.

Ji Yang, Zhuang Hong, and Shi Zhengao stood by while a group of guards relentlessly attacked the barrier. However, their attacks couldn't cause any damage at all.

Zhuang Hong looked at the massive barrier in front of him and said softly, "It seems to have some strength. This barrier would be considered top-notch even where we come from."

Although Ji Yang disliked Zhuang Hong, he also agreed with this point. The strength of this barrier had exceeded his imagination.

It was unlikely to find such a barrier on other planets.

Shi Zhengao respectfully said, "The achievements of the Voidless Realm today are closely related to this barrier. Until now, no one has been able to break it."

Zhuang Hong sneered and laughed, "Just a barrier. Can it stop me? They're overthinking it!"

He took a step forward and shouted, "Clear the way!"

The guards in front quickly moved aside.

Shi Zhengao was also excited. He was about to witness a powerful move from a prominent figure. Surely this barrier of the Voidless Realm couldn't withstand a single blow.

Ji Yang crossed his arms and silently watched from the side.

"Haa!"

Zhuang Hong angrily shouted, and a tremendous spiritual pressure burst forth from his body, stirring up a cloud of dust.

And this spiritual pressure continued to rise infinitely, causing the yellow sand beneath his feet to tremble, and the range of the pressure expanded.

Shi Zhengao stared wide-eyed at Zhuang Hong. This person's strength was indeed formidable. No wonder he could argue with Director Ji and not be at a disadvantage. He truly had exceptional skills, much stronger than himself!

Zhuang Hong's face twisted into a sinister smile. He stomped his left foot forward, and a wave of energy instantly spread out in all directions. Meanwhile, his right fist, positioned near his abdomen, emitted a terrifying aura.

"Break for me! Heavenly Annihilation Fist!" With Zhuang Hong's explosive shout, a deafening surge of spiritual energy erupted, carrying a scorching heat as it collided with the barrier of the Voidless Realm.

Chapter 662 (You Can't Afford to Offend Me)

Boom!

A series of explosions reverberated through the heavens and earth. Although Zhuang Hong's fist didn't touch the barrier, the released pressure struck it solidly. The entire barrier revealed its true form and trembled slightly.

A massive gust of energy howled across the sandy ground. Shi Zhengao raised his hand to cover his face, his eyes filled with astonishment. Indeed, impressive!

Under this single punch, the barrier of the Voidless Realm trembled, as if it was about to shatter. Truly worthy of the upper echelons!

Ji Yang stood silently beside, watching Zhuang Hong show off. His mind was contemplating something...

Zhuang Hong was quite satisfied with the impact he just made, allowing the young man to see the vast disparity. After all, he was one of the Three Martial Kings of the Canglie Star!

Zhuang Hong stood tall and clapped his hands. "As long as I make a move, no matter how formidable the barrier, it will crumble to dust."

Shi Zhengao almost shouted "666" beside him but quickly held back his voice. "Impressive!" [Internet language to say awesome, cool etc.]

Zhuang Hong heard this and chuckled lightly, seeming indifferent, but deep down, he truly enjoyed it. It fulfilled a bit of his vanity.

The barrier of the Voidless Realm trembled slightly, but within a few seconds, it stopped... concealing itself once again.

Zhuang Hong: "?????"

Shi Zhengao: "..."

Ji Yang smiled and said, "Zhuang Hong, it seems it won't work."

He seized this opportunity to mock, and Zhuang Hong's expression began to darken. How was it possible that the barrier didn't break under his punch?

"Haa!"

With Zhuang Hong's furious shout, his body erupted with an even more powerful surge of spiritual energy.

"Upgraded version, Heavenly Annihilation Fist!"

The punch seemed as if it could split the heavens and earth. Shi Zhengao's body was blown backward by the gust of energy but managed to stabilize himself to display his strength.

Boom!

The barrier of the Voidless Realm once again trembled...

Zhuang Hong let out a sigh of relief. "This time, it will definitely succeed!"

"Impressive!" Shi Zhengao immediately clapped his hands and exclaimed. The guards around also followed suit, but from their applause, one could sense a tinge of awkwardness.

Within a few seconds, the barrier of the Voidless Realm disappeared again...

Zhuang Hong's face turned red, his fists clenched tightly. Even in his upgraded version of the Heavenly Annihilation Fist, the barrier remained intact, without any signs of cracking. This... was inconceivable.

Ji Yang clapped his hands and shouted, "Zhuang Hong, did you not eat enough breakfast?"

Zhuang Hong coldly exclaimed, "I was careless just now! This time, I'll be serious!"

"Oh, is this a serious series now? Let's wait and see," Ji Yang shouted loudly, a mocking smirk on his face.

Zhuang Hong could feel it. He immediately assumed a sturdy stance, his gaze filled with solemnity. This time, he must break through this damn barrier that had made him so embarrassed!

The yellow sand in the desert began to rotate slowly. Suddenly, the sand soared into the sky, creating a spectacular scene!

Veins bulge on Zhuang Hong's forehead, thick and prominent.

"The Ultimate Version! Heavenly Annihilation Fist!"

With Zhuang Hong's furious roar, a colossal phantom appeared behind him. The massive fist carried a terrifying aura as it slammed into the barrier.

This time, the barrier of the Voidless Realm violently trembled, as if it could shatter at any moment.

After executing this move, Zhuang Hong's breathing became a bit heavy.

Shi Zhengao, who had been observing, snapped out of his trance and applauded once again. "Amazing!"

The guards also hurriedly clapped their hands, but their applause was tinged with helplessness and awkwardness.

However, the barrier of the Voidless Realm did indeed shake violently. But after a minute, it disappeared once again...

This left Zhuang Hong completely baffled. What on earth was happening?

Shi Zhengao was bewildered as well. Was the barrier of the Voidless Realm really so formidable? Even a master like Zhuang Hong couldn't break through?

He heard that the Ying Family broke through the barrier when they attacked the Voidless Realm in the past. How did they do it?

Ji Yang also felt a bit puzzled. The barrier of the Voidless Realm had exceeded his expectations. If they could take it away, it would be a good thing. However, he wondered how strong the people inside really were.

Just as everyone was wondering, a ray of light flashed by...

They saw Qing Yutong dressed in a white gown, stunningly beautiful. All the men present were captivated. They couldn't believe there was such a woman in this world!

Especially Zhuang Hong. He couldn't believe that such a stunning beauty existed on this mediocre planet. If he could capture her... hehe...

Ji Yang furrowed his brows deeply, feeling that something was not right. This woman gave him a sense of familiarity, especially the aura between her eyebrows. It seemed like... he had seen it somewhere before!

He had encountered many beautiful women, but ones of this level were few and far between.

If we have to count, it should be... those two from that day!

This woman is in no way inferior to them. In fact, she surpasses them in certain aspects.

Shi Zhengao searched for information about this woman in his mind but couldn't recognize her. She wasn't the Empress.

Qing Yutong felt a bit angry. It was because of these people that her sister and Sister Baizhi had come running. Otherwise, with her own abilities, she could have easily coaxed and deceived her brother-in-law into bed, letting him enjoy himself, and then received his praise. That would have been so satisfying!

'These bastards showed up at such an inconvenient time, ruining my secret rendezvous with my brother-in-law!'

Zhuang Hong stood straight, chuckling lightly. "Hmph! It seems like this barrier is about to break. They actually sent someone to fight!"

Shi Zhengao shouted, "That's right!" and applauded once again.

The guards behind him followed suit.

Qing Yutong said in a coquettish voice, "You people are really annoying! Like a bunch of flies!"

The expressions of the crowd changed. This woman's tone was so arrogant! She actually compared them to flies!

"Who do you think you are?" Zhuang Hong pointed at Qing Yutong and yelled, secretly pondering.

Shi Zhengao quickly shouted, "Quickly identify yourselves! These two are important figures! You can't afford to offend them!"

Qing Yutong laughed inwardly. 'Can't afford to offend them?'

'With my powerful backing, I can do whatever I want to whoever I want.'

"Young man, don't be so sure of yourself. I also had my doubts when I was your age," Qing Yutong smiled at Shi Zhengao, assuming an air of superiority.

Ji Yang appeared more composed and calmly asked, "Miss, who are you? What is your connection to the Voidless Realm?"

"Why are you so eager to know who I am? Is it really that important to you? You guys are not my type. Here, I'll give you a 'Good Person' card."

Everyone: "..."

Zhuang Hong started to get angry. Since when did a woman start lecturing him?

Seeing that Zhuang Hong seemed about to take action, Qing Yutong hurriedly shouted, "Wait! Before you hit me, I want to tell you, I am not someone you can afford to offend. Think twice before you act."

"Hahaha! What a joke! I can take on the heavens themselves!" Zhuang Hong looked up to the sky and let out a long roar, exuding an extraordinary aura, as if he possessed an unbeatable power.

Chapter 663 (Brother-in-law, Sister, Someone Wants to Beat You into Shit)

Qing Yutong pursed her lips. "You're provoking the heavens, and you can't even handle my brother-in-law and sister."

Zhuang Hong laughed out loud again after hearing that. "Brother-in-law? Sister? Hahaha!!! Call them out, and watch me beat them into shit!"

Qing Yutong stared at Zhuang Hong in disbelief, then slapped her hand on her forehead. "Damn, you're done for. You actually want to beat my brother-in-law and sister into shit..."

"Hmph! Of course, I never lie!" Zhuang Hong's arrogance was palpable, and he even raised his chin slightly, as if trying to prove something.

Qing Yutong looked at Ji Yang and Shi Zhengao.

"What about you two?"

Ji Yang remained silent, feeling uneasy. Shi Zhengao, seeing Ji Yang's silence, kept quiet as well.

Qing Yutong understood. It seemed that only this person wanted to beat her brother-in-law and sister into shit.

She shouted loudly, "Brother-in-law, sister, did you hear that? He wants to beat you into shit!"

Before Qing Yutong could finish her sentence, she was hit on the head.

"Ow~" Qing Yutong pouted, certain that it was her brother-in-law who had hit her. He really knows how to hit precisely.

Ye Hua stood behind Qing Yutong with his two charming wives.

However, when Ji Yang and Zhuang Hong saw those three familiar figures, their whole bodies stiffened!

They even rubbed their eyes, making sure it wasn't an illusion. 'Why were they here!'

The entire galaxy was so vast, with trillions of planets. How could it be so coincidental to encounter them!

Shi Zhengao was excited at this moment. "Director Ji, this is the Empress, and the person next to her is her man."

Ji Yang now wished he could slap Shi Zhengao to death. This man is a Supreme Overlord! And you said he was a regressor! Are you tired of living?

Qing Yutong obediently stood behind Ye Hua, and she even stood behind her sister, indicating her position.

In fact, Qing Yutong didn't want to stand side by side with her sister. She liked the current life where she could have an affair with her brother-in-law. There was nothing more satisfying than that.

Especially hearing her brother-in-law's pleasurable murmurs, it was particularly fulfilling and gave her a sense of accomplishment.

"I heard you want to beat me into shit?" Ye Hua asked Zhuang Hong calmly.

Shi Zhengao seemed to have not noticed the change in their relationship yet, and he was extremely excited. Today, the Voidless Realm should be finished.

However, before Shi Zhengao could react, both Ji Yang and Zhuang Hong immediately kneeled without hesitation.

Seeing their own Bureau Chief kneeling down, Shi Zhengao was completely confused. 'What was happening? Why would Director Ji kneel? What's the reason behind this?'

Ji Yang kept his head low, cold sweat dripping from his forehead. He couldn't believe what was happening today. The chances of encountering such a situation were one in a billion.

Zhuang Hong was even more terrified. He had just said that he would turn them into shit. It was over! Completely over!

Shi Zhengao was momentarily bewildered and dared not make any move. He quickly followed Ji Yang's example and knelt down obediently.

The guards behind them, witnessing their leader kneeling, hurriedly followed suit, not daring to raise their heads.

Observing the situation, Ye Hua sneered and asked calmly, "As esteemed guests, isn't it inappropriate for you to show such a grand gesture on my territory?"

"Supreme Overlord, we had no knowledge that you resided on this planet," Ji Yang's voice trembled, filled with fear. The memories of their past actions were still fresh in his mind. Facing the man before them, he couldn't muster any resistance.

Kneeling beside him, Shi Zhengao widened his eyes in astonishment. The Supreme Overlord! This man was the Supreme Overlord!!!

In his own records, he was merely ranked at D or E level. It seemed his intelligence had been mistaken!

This was it. He had hoped to bring down the Voidless Realm, but now he was done for...

"If I had known, I definitely wouldn't have disturbed your peaceful cultivation. We are deserving of death..." Ji Yang begged repeatedly, cursing Zhuang Hong and Shi Zhengao inwardly. They remained silent when trouble arose. They were like mute fools. Weren't they acting all mighty just a moment ago?

"That's right, you indeed deserve death," Ye Hua's words made the three of them swallow hard. As long as this man spoke, there was no escaping...

Pausing for a moment, Ye Hua continued, "However, I am not someone who indiscriminately slaughters innocents."

Everyone fell silent.

Even the three women standing in the back felt like fainting. This statement was truly exaggerated. He was so good at pretending.

"Being invincible is so lonely," Ye Hua sighed.

Everyone was left speechless. Damn it, we also want to be invincible. Can't you give us that, you show-off?

Qing Yutong loved her brother-in-law's demeanor. She really wanted to pin him down on the bed and indulge in pleasure. She adored her brother-in-law.

Qing Ya and Dong Huang Baizhi were helpless. Ye Hua enjoyed this kind of situation and couldn't be stopped.

Feeling emotional, Ye Hua asked in a low voice, "How do you plan to resolve this matter today?"

Ji Yang's heart sank. This was an extremely difficult question. Giving the right answer meant survival, while giving the wrong answer meant death...

Before Ji Yang could speak, Zhuang Hong quickly made excuses, "Great Supreme Overlord, it was him! He orchestrated this operation. We were merely unknowing accomplices."

"Is that so?" Ye Hua turned to Ji Yang and asked.

Ji Yang was so angry that his lungs were about to explode. He pointed at Zhuang Hong and cursed angrily, "You fucking dog's fart! It was clearly your idea to come here! Now you're blaming me? Do you have any shame left?"

"Great Supreme Overlord, please believe me. My loyalty to you is unquestionable," Zhuang Hong clenched his fist and placed it on his chest. It was the highest etiquette on Canglie Star.

Ye Hua took out a cigarette and lit it. "However, I just heard someone wanting to turn me into shit. How should we account for that?"

Zhuang Hong took a few steps forward while kneeling and quickly explained, "It was my mistake, a slip of the tongue. I... I..."

He raised his hand and slapped himself in the face, hitting with great force. Each slap made a loud sound, and even his teeth were knocked out by himself.

Losing teeth was nothing compared to facing the Supreme Sovereign. That would be life-threatening!

So Zhuang Hong slapped himself even more earnestly. His entire face became swollen.

Ye Hua didn't stop him, and Zhuang Hong kept slapping himself.

"Who are you?" Ye Hua ignored Zhuang Hong and asked Shi Zhengao.

Shi Zhengao was truly frightened now. Although he didn't fear Chief Ji Yang as much, he was still cautious. But seeing Zhuang Hong in his current state, he... simply couldn't tell a lie.

Shi Zhengao lowered his head and said, "Respected Supreme Overlord, I am Shi Zhengao, the director of the Time-Space Bureau stationed on Earth."

"The Time-Space Bureau... During the incident on Canglie Star, it seemed that the Time-Space Bureau was recruiting, right?" Ye Hua murmured to himself.

Ji Yang quickly continued, "Respected Supreme Overlord, I am Ji Yang, the Chief Director of the Time-Space Bureau."

Chapter 664 (Invincibility is Lonely)

"Oh, so you're the Chief Director, and he's your subordinate. What brings you here this time?" Ye Hua felt that this was truly incredible. The jurisdiction of Canglie Star was unexpectedly vast.

"Respected Supreme Overlord, I came here this time to inspect the branch offices of various planets."

"Then why did you come to me?" Ye Hua asked casually.

Ji Yang respectfully replied, "My subordinate mentioned that the Immortal Voidless Realm is the most powerful force on this planet and that there are regressors hidden within. Zhuang Hong asked me to come and help resolve the issue, so I disturbed your meditation."

Upon hearing this, Shi Zhengao's face turned pale, and his kneeling legs became weak.

"Oh? Regressors in the Voidless Realm? Who are they?" Ye Hua asked softly.

Ji Yang dared not say too much, but since the Supreme Overlord asked, not saying anything seemed even more miserable.

"It is none other than the great Supreme Overlord," Ji Yang said in a low voice, as if afraid to speak loudly.

"Oh? How did you know that I am a regressor?" Ye Hua looked at Shi Zhengao.

Shi Zhengao's eyes revealed a lifeless expression, and unconsciously he said, "We have information on those who have regressed, and I have been monitoring them."

"Monitoring, huh? Is the hot pot restaurant outside my bar also under your surveillance?"

"Yes," Shi Zhengao didn't dare to lie, and he stated the truth.

However, the three women behind were puzzled. Ye Hua was a regressor? What did that mean?

Was Ye Hua a regressor? But why couldn't they see any traces of a regressor...

Ye Hua finally understood who had been monitoring him. It turned out to be someone from the Time-Space Bureau. It was truly unexpected.

"In the past few years, I didn't notice it at all. Your monitoring skills are quite impressive," Ye Hua said softly, affirming Shi Zhengao's work.

Being able to escape the scrutiny of the Supreme Overlord should be considered an honor.

Shi Zhengao quickly pleaded, "Great Supreme Overlord, I really didn't know. Please forgive my ignorance."

"It's all part of the job, and casualties are unavoidable. Chief Director Ji, am I right?"

Ji Yang didn't dare to say it was wrong. 'Even if you said shit smelled nice, I would have to agree that it smelled nice.'

"Supreme Overlord, please forgive my ignorance. May the divine light shine upon me and forgive my foolishness," Ji Yang pleaded, only hoping to save his own life. He had no time to worry about anyone else. Even if he wanted to save them, he wouldn't be able to.

Zhuang Hong was still slapping himself. His face was already covered in blood, but he still didn't dare to stop.

Ye Hua flicked the cigarette ash in his hand. The gray-white ash slowly fell onto the yellow sand and disappeared with a gust of wind.

"Chief Ji Yang, how do you think they should be dealt with?" Ye Hua asked in a low voice. The Supreme Sovereign never indiscriminately killed the innocent...

Ji Yang secretly rejoiced, but he didn't show it. He said solemnly, "For committing such a grave crime, the only way to cleanse it is through death."

"Oh? So you mean they should all die?" Ye Hua asked curiously. Such strict rules, always resorting to death for cleansing. The Supreme Overlord was much more merciful. When subordinates made mistakes, at most, they would be scolded. It's just verbal bashing.

But looking at them, they would rather die directly...

Ji Yang nodded, "Yes!"

Shi Zhengao beside them completely collapsed on the yellow sand. His face had lost all color. He came here today to eliminate the Voidless Realm, but before he even entered, he was going to die in this desert.

Zhuang Hong, who was nearby, also stopped and stared fiercely at Ji Yang with bloodshot eyes. "Damn you, traitor!"

"Zhuang Hong! You better show some respect in front of the Supreme Overlord!" Ji Yang now knew how to flatter as well. It's true that when you're under someone's roof, you have to lower your head.

"You backstabbing scoundrel! I'll fight you to the death!" Zhuang Hong knew his fate today, although he didn't dare to make a move against the Supreme Overlord, he could still confront Ji Yang. Even if he was going to die, he would take him down with him!

Ye Hua paid no attention and watched them fight.

Zhuang Hong threw three punches in a row and slapped himself for so long. His physical strength and spiritual energy couldn't keep up, greatly reducing his strength. At this point, he could only perform at half his usual level.

Meanwhile, Ji Yang was in peak condition. Before Zhuang Hong's three moves were over, Ji Yang had firmly restrained him.

"Ji Yang! I'll remember you, and you! I'll be waiting for you in hell!" Knowing he was going to die, Zhuang Hong had nothing to fear. He vented his anger and cursing the Supreme Overlord felt good.

Ye Hua had been cursed by people before. It used to happen frequently. If you couldn't win a fight, you would curse. It was a common human flaw.

"Well, you might be disappointed. I oversee hell!"

"You!!!" Zhuang Hong couldn't even come up with any words to threaten anymore.

Ji Yang took out a white revolver emitting a faint orange light. It was obviously not an ordinary item.

"Soul-Annihilating Gun!" Zhuang Hong exclaimed in shock.

Raising his hand slightly, the silver muzzle pointed at Zhuang Hong's forehead, emitting a terrifying aura.

"Zhuang Hong, if you want to blame someone, blame yourself for provoking the great Supreme Sovereign!"

"Ji Yang, you damn son of a bitch, I won't let you off!"

Ji Yang didn't say anything more. He lightly pressed his index finger, and the revolver could be seen spinning.

"Bang!"

A gunshot rang out in the desert, and a bullet hole appeared on Zhuang Hong's forehead. His gaze carried resentment and indignation as he slowly fell down.

After dealing with Zhuang Hong, Ji Yang walked to Shi Zhengao's side and pointed at the back of his head.

Shi Zhengao was terrified and pleaded bitterly, "Spare my life, Supreme Overlord. I truly didn't know it was you. Director Ji, over the years, even if I didn't achieve much, I still worked hard. Please show me mercy."

"Go on then!" Ji Yang didn't say much, but he lightly pressed his finger down.

Bang!

Shi Zhengao weakly fell to the ground in the yellow sand, his widened eyes filled with reluctance and deep regret.

Not only that, Ji Yang ruthlessly shot all the guards behind him one after another. He was indeed merciless.

After everything was done, Ji Yang quickly kneeled down because he knew that the Supreme Overlord was likely to kill him... However, his recent actions were his hope, hoping to be spared once. Although the hope was slim, he still had to try.

Ye Hua pondered for a moment. It seemed a bit inappropriate to kill them all. Although it was presumptuous of Ji Yang, this punishment seemed sufficient. It would be better to let one of them go back and report the situation, rather than having them remain clueless.

"You may leave," Ye Hua said calmly, deciding to spare Ji Yang.

Ji Yang was overjoyed in his heart. It seemed like he had made the right gamble.

"Thank you for sparing my life, Supreme Overlord!" Ji Yang opened his arms and performed a grand gesture of gratitude.

Ye Hua waved his hand, indicating that he could leave. He looked annoyed as well. He hated those who surrendered before even starting a fight.

However, Qing Ya called out to Ji Yang.

Chapter 665 (Actually, I'm Miserable)

"Wait!"

The smile on Ji Yang's face froze. What's going on?

The Supreme Overlord spared him, so his wife wouldn't spare him? That seemed reasonable.

Qing Ya spoke up and asked, "What do you mean by regressor?"

Ji Yang felt like his heart couldn't take it anymore. He was almost scared to death by her.

"Lady, 'regressor' refers to those who cross over or are reborn in other dimensions. This violates the laws of space, and the existence of the Time-Space Bureau is to maintain those laws," Ji Yang said, bowing slightly.

Qing Ya thought Ye Hua was from abroad, but she didn't expect him to have such a remarkable background. He turned out to be a time traveler or someone who was reborn, and he hadn't even mentioned it until today!

'If this person hadn't brought it up, would he never have intended to tell us?'

Donghuang Baizhi was also annoyed. Her husband didn't tell her about such a significant matter. He must not trust her anymore!

The two wives discreetly pinched Ye Hua's waist.

Seeing this, Ji Yang immediately turned his head and left. He couldn't look, couldn't look. If he saw too much, he would be silenced.

Surprisingly, Ji Yang was fast in running away. Ye Hua indeed had the intention of silencing him. The embarrassing state of the Supreme Overlord couldn't be known to anyone!

"I'll ask you something when we get back," Qing Ya said calmly.

Ye Hua let out a sigh. It seemed that he had to tell them some things. His tragic background was truly pitiful.

'This deity didn't tell you because it was for your own good, to prevent you from loving this deity too much.'

Qing Yutong left first but gave Ye Hua a profound look. Next time, she would listen to him alone.

Well, now that his wife and sister-in-law were together, Ye Hua felt a strange excitement and stimulation in his heart. This feeling was truly wonderful.

But for now, he should still tell them a little about himself. Should he reveal his true form to them?

Perhaps not. That divine appearance was a bit horrifying, and he was afraid that they couldn't accept it.

Qing Ya and Donghuang Baizhi "escorted" Ye Hua to the bedchamber, preparing to interrogate him.

As Ye Hua went back, he couldn't help but hum softly, "How lonely... and empty it is to be invincible... Standing alone at the peak... The cold wind keeps blowing... My loneliness... Who can understand me..."

Qing Ya: "..."

Donghuang Baizhi: "..."

They saw Ye Hua being pinned down by his two wives on a chair, and then they asked, "Confess. What else haven't you told us?"

"Sigh..." Ye Hua let out a deep sigh, creating a sense of desolation.

Donghuang Baizhi spoke in a tender voice, "Ye Hua, stop pretending."

'Damn it, it seems like they know this deity's personality inside out now.'

"This is a very tragic story. Let's go somewhere else to talk," Ye Hua said in a low voice, his expression on point. He truly deserved the title of the best actor, a master at deceiving his wives.

Qing Ya looked at her husband's expression and felt like he wasn't pretending, so she softened her stance. "Where do you want to go?"

"To the bed."

Qing Ya: "..."

Donghuang Baizhi: "..."

Indeed, he's such a pervert. He wants to go to bed for a conversation in broad daylight. He's up to no good.

Seeing that his wives seemed unwilling, Ye Hua could only say, "Forget it, I'll just go out for a walk."

Facing her husband's mischief, Qing Ya and Donghuang Baizhi had no way to deal with it.

"Ye Hua, as the Supreme Overlord, can't you be serious? It's broad daylight," Donghuang Baizhi said coquettishly.

"Then let's talk tonight."

The two women were at a loss. They were dying to know about Ye Hua's past, whether it was time travel or rebirth. Their gossiping hearts were burning.

"Fine, but you can't lie to us anymore!"

"Hehe, this deity never lies."

"Hehe..."

Ye Hua took the lead and lay on the soft bed, while Qing Ya and Donghuang Baizhi undressed, wearing their nightgowns and leaning against Ye Hua.

"For discussing this kind of matter, it's better to be without clothes."

"Ye Hua!"

"Ye Hua!"

"Well, then forget it. We'll talk tonight."

Qing Ya and Donghuang Baizhi were almost infuriated. Dealing with such a husband, what could they do? If they didn't go along with his wishes, he would get angry, even scold and even resort to domestic violence. It was truly miserable.

The two women just wanted to know about Ye Hua's past, so they didn't say anything and undressed themselves under the covers.

To know about Ye Hua, they couldn't expect it without paying a price, even if he couldn't touch them. But satisfying him a little was still possible.

"Ye Hua! Why are you so dishonest?" Qing Ya couldn't bear it anymore. She couldn't tolerate being touched a few times.

Donghuang Baizhi, who was by the side, was feeling the same. They haven't been tended to for a long time. After all, even the most beautiful flowers cannot thrive without fertilization.

Ye Hua just said it casually and whispered, "Hold me tight."

Sensing the change in her husband's tone, Qing Ya and Donghuang Baizhi were slightly stunned and instinctively hugged their husband.

Feeling the warmth of his wives, Ye Hua felt comfortable. Recalling the past, this was a scene he didn't dare to imagine.

"In fact, I come from another place," Ye Hua slowly revealed.

This first sentence shocked Qing Ya and Donghuang Baizhi. They didn't expect that their husband wasn't a local.

"Are you a time traveler then?" Donghuang Baizhi curiously asked.

Ye Hua shook his head, "I am a reincarnator."

A reincarnator!!!

Qing Ya and Donghuang Baizhi knew what reincarnation meant. It meant dying once before, otherwise, how could one be called a reincarnator?

No wonder her husband's expression became so desolate, and he had never told them before. It turned out he was afraid of worrying them. They had misunderstood Ye Hua.

Deep guilt surged within Qing Ya and Donghuang Baizhi's hearts. The two women held their husband tightly once again, providing him with emotional comfort.

Ye Hua maintained his expression, but internally, he was quite pleased. 'Look! Just with a little bit of influence from this deity, you're already like this. If I were to reveal everything, you would be completely obedient to me. And if you were to learn from Yutong and give yourself to thai deity, oh, the pleasure!'

"I never told you because I was afraid you would worry," Ye Hua continued, taking the sorrowful atmosphere to its peak.

Gently embracing his wives' fragrant shoulders, Ye Hua spoke in a low voice, "Like other reincarnators, I was also killed! It's not just me; Wei Chang, Lie Gu, Ye Zizi, Brittany, Jue Tian, and two others whom you will meet in the future, we were all killed!"

As he said this, a flash of red light gleamed in Ye Hua's eyes. This time, he wasn't pretending. His killing intent was genuine!

Even after so many years, that scene sometimes appeared in his dreams!

Qing Ya and Donghuang Baizhi were both stunned. They truly didn't expect that Ye Hua and his subordinates had been annihilated!

Who could be so powerful to kill them!

They felt that their husband, who always seemed invincible, had been killed! Who on earth was it?

Chapter 666 (It's Really Tragic, No Joke)

Ye Hua, keep a good mood and don't act all aggressive in front of your wives. It's not very dignified.

"I was born in a place called the Cangluo Continent. The region there is vast, maybe the size of an empire on Earth. It's inhabited by various creatures, and I'm one of them." Ye Hua felt it was fine to say it this way. He didn't mention that he was human, which would make future explanations easier, so as not to accuse him of deceiving them.

'After all, this deity never lied.'

"Ye Hua, what about your parents?" Qing Ya asked with concern. She didn't expect her husband to have such experiences, and she had been so willful. She felt it was inappropriate.

"I don't have parents," Ye Hua chuckled self-mockingly. This time he wasn't pretending. As an undead, he crawled out of the soil as a skeleton.

But crawling out of the soil indicated that he was something before, perhaps originally a human who became undead.

So, it turned out their husband truly had no family.

Ye Hua paused and continued, "I have you and our children."

"Ye Hua~"

"Ye Hua~"

Seeing the pained expressions of his two wives, Ye Hua felt quite pleased. This was what he wanted, to see their pained expressions. It brought him great satisfaction.

"Ye Hua, did you also go through arduous cultivation?" Donghuang Baizhi softly asked.

Presumably, Donghuang Li and Ye Yan had already listened to "The Legend of the Skeleton" before, but Ye Hua didn't mind repeating it.

"Of course, no one is born a strong individual, except for Ah Li and Yan'er," Ye Hua said.

Speaking of his children, Qing Ya and Donghuang Baizhi both showed a look of maternal affection.

"After I appeared, I was constantly pursued and hunted, and it was really miserable," Ye Hua continued to play the pitiful card, hoping to make his two wives feel sorry for him. After all, they hadn't really felt sorry for him except for that one time when he pretended to be paralyzed.

As expected, when Ye Hua said this, Qing Ya and Donghuang Baizhi were on the verge of tears.

He felt so good. 'This is the rhythm. Let's bring in something more exciting.'

"It's an unavoidable matter. People tend to be jealous of those who are exceptional, so they try to eliminate them from the cradle. But I always held onto my beliefs, firmly believing that one day I would succeed and make those self-righteous individuals pay the price!"

"During the process of becoming stronger, I encountered Wei Chang and the others. They were also pitiful, abandoned, forsaken, despised, and hunted. After we got together, we formed a group, no, a team." He almost said "girl group" because he had been influenced by Yutong recently, talking about girl groups and so on.

"We became stronger together, fighting for justice!" Ye Hua believed that everyone had their own understanding of justice. For him, wiping out humanity was his justice.

And for humans, eliminating him was also their way of upholding justice. What exactly was justice? Who could say for sure?

Ye Hua's tone gradually grew somber, "But justice is not so easy to uphold. We were besieged by a group of old men!"

"They joined forces and killed us one by one. I watched as they fell, powerless to do anything. This deity truly hates them!" This time his expression was a bit deliberate but also natural.

His two wives didn't say anything, but their bodies expressed their comfort and solace.

"Fortunately, the heavens didn't let this deity die. I survived and met you, Baizhi. At that time, my emotions were unstable, so I didn't pay attention to you. Do you still resent me?" Ye Hua tightly embraced Donghuang Baizhi on his right side and asked softly.

Donghuang Baizhi finally understood the reason. It was all a misunderstanding, and he must have been emotionally unstable after experiencing such a heavy blow.

"Ye Hua, I don't blame you. Besides, aren't we together now?" Donghuang Baizhi gently supported Ye Hua's chin with her forehead, obediently and sweetly, resembling Qing Ya and Tong'er.

Ye Hua felt relieved and continued, "And then there's Qing Ya. This deity has a bad temper, easily scolds people, and even spansks your bottoms. But all of these actions are filled with love."

So, beating someone can also be described as an act of love. That's something new he learned.

Perhaps influenced by the atmosphere, Qing Ya and Donghuang Baizhi didn't refute. They even obediently said, "Yes, we know. That's why we have always accommodated you."

"Do you know what the greatest achievement of my life is?" Ye Hua asked aloud.

Qing Ya and Donghuang Baizhi raised their heads slightly and looked at their handsome husband.

"The greatest achievement of my life is not about being powerful or impressive, but meeting you both. Without you, I wouldn't know what love is. You even went through childbirth for me. I want to say, thank you for your hard work, I love you both."

Listening to her husband's heartfelt confession, Qing Ya and Donghuang Baizhi's eyes become teary.

If she remembered correctly, this was the first time Ye Hua said he loved them. This moment was truly blissful...

Ye Hua was also genuinely expressing his emotions. When the atmosphere was right, certain words naturally came out. Previously, he felt that such words were a bit fake, but now it felt quite good.

The prelude seemed to have been well set up. Ye Hua casually said, "But I am also a man. I understand that you don't want me to touch you while you're pregnant, but... you know."

Qing Ya was also troubled, comforting Ye Hua, "Wait until we give birth to this child, then I'll accompany you properly. Just endure a few more months. Baizhi will be giving birth soon, right?"

"Yes, I'll accompany you once I give birth," Donghuang Baizhi didn't expect her husband to be so pitiful. If she couldn't fulfill such a small request, she would feel too guilty.

'Damn, I, the deity, have to wait until they give birth. That means waiting for several more months. How is that possible?'

"I have a good solution. Let's take care of it first. What do you think?" Ye Hua's heart was a little excited. If it happened today, it would be absolutely amazing.

Qing Ya and Donghuang Baizhi naturally nodded. Serving their husband was their duty as wives. Even if it meant going through fire and water, they would do it.

Ye Hua whispered a few words in his wives' ears.

After hearing them, Qing Ya and Donghuang Baizhi both looked astonished and couldn't believe what they were hearing from Ye Hua.

Their husband actually asked them to do that...

"Go to hell!" Qing Ya and Donghuang Baizhi shouted in unison, immediately putting on their clothes and quickly running out, their faces blushing.

Ye Hua lay speechless on the bed. His beautiful dream was shattered. These two women changed their attitude so quickly.

'This deity merely made a small request, yet they instantly turned hostile. It made this deity feel very frustrated. It seems that the road ahead is still long. However, the sister-in-law seems more accommodating. It looks like Yutong is better. These two are just unreasonable.'

'I should go and tell Yutong about my story. She will probably serve me even better in the future, and be more attentive, and make me more comfortable.'

Chapter 667 (Bai Cixin)

Ji Yang managed to escape from Earth without any danger and boarded the spaceship, immediately leaving the solar system. It was terrifying.

Even now, his legs were still weak, feeling as if he had walked through the gates of hell, scared to death.

Sitting in the cockpit, Ji Yang needed to make arrangements for the work on Earth. Shi Zhengao had died, and someone had to take over his position.

Looking at the list, Ji Yang issued a command with his own identity, appointing Wu Liu as the new director.

After handling that, Ji Yang felt like he needed a good rest and some time to calmly think about how to report the situation when he returned.

In reality, it was quite simple. Just tell the truth. Even if the President heard it, he would be terrified and might even commend his actions. If he had really angered that person, the consequences would be even more unimaginable.

At this time, Wu Liu was also waiting for the director's return, sitting in his office chair and spinning it slowly. He had been waiting for a long time but hadn't received any phone call from the director.

Suddenly, the computer screen flickered, indicating the arrival of a message.

Curious, Wu Liu quickly checked it.

When he saw the appointment information from the Chief Director, Wu Liu was stunned. This astonishment was not a pleasant surprise but a shocking one!

Such an appointment could only mean one thing!

Director Shi was finished! He was dead!

Otherwise, how could such an appointment happen, and so suddenly? It must be Voidless Realm! Voidless Realm killed Director Shi!

'But how was the Chief Director still alive? What was going on?'

Wu Liu couldn't understand. He was completely confused. 'Could it be that even the Time-Space Bureau couldn't touch the Voidless Realm?'

This was too shocking!

At this moment, Wang Dabao and Bai Cixin were lying on a large bed. Bai Cixin's beautiful face was filled with satisfaction, while Wang Dabao's face was full of pride. As long as his wife didn't use that move, his combat power was still formidable.

After a while, Bai Cixin sighed softly and said, "I wonder how Director Shi is doing?"

Wang Dabao patted Bai Cixin's fragrant shoulder and said softly, "If he succeeds, he will definitely give you a call."

"But it's been so many days, and there's still no news... I have a feeling that something unexpected happened again," Bai Cixin frowned, her eyes filled with worry. If even the Time-Space Bureau couldn't

handle Voidless Realm, then who could? There was simply no one left. She might not be able to avenge her grievances in this lifetime, which was unacceptable! She couldn't resign herself to fate!

Wang Dabao understood his wife very well and suggested, "Why don't you give him a call?"

Bai Cixin nodded and picked up the phone placed on the bedside table, dialing Shi Zhengao's number.

"The number you have dialed is turned off..."

Bai Cixin stared blankly at the phone. "He turned off his phone."

Wang Dabao sat up and took the phone to dial again.

"The number you have dialed is turned off..."

Both husband and wife had a bad premonition.

"Something really happened," Bai Cixin muttered, her gaze filled with despair.

Wang Dabao quickly picked up his own phone. "Wife, don't worry. I still have Wu Liu's number. I'll call and ask."

Wang Dabao quickly found Wu Liu's number and dialed it immediately.

Wu Liu quickly answered the phone, "Who is it?"

"It's me, Wang Dabao."

"Mr. Wang, what can I do for you?" Wu Liu asked flatly, devoid of any emotional tone, as if speaking to a stranger.

Wang Dabao directly inquired, "What happened with Director Shi? Why can't I reach him on the phone?"

"Mr. Wang, it's better if we don't contact each other anymore. I am the director now," Wu Liu said and promptly hung up the phone.

Upon hearing the busy tone on the other end of the line, Wang Dabao's face stiffened.

"What's wrong?" Bai Cixin asked with concern.

Wang Dabao shook his head and said, "I'm afraid Director Shi... Now Wu Liu is the director."

Upon hearing this news, Bai Cixin's face turned ashen, and she lay weakly beside him, her eyes lifeless.

He really died!

If an organization like the Time-Space Bureau couldn't do anything to the Voidless Realm, and even Director Shi died, then her own chances were nonexistent. She couldn't even move a finger, and Voidless Realm could easily kill her.

Wang Dabao leaned against the headboard, feeling useless as a husband. He couldn't help his wife and only made her suffer. He felt deeply guilty.

After a while, Wang Dabao said softly, "Wife, let's give up. We shouldn't get involved anymore. The power of the Voidless Realm is beyond our control. Many people have tried to bring him down, but their fate has always been the same..."

Bai Cixin didn't respond to her husband's words, her beautiful eyes staring at the ceiling.

"Dabao, love me well..." After a long pause, Bai Cixin looked up at her husband and said.

A sense of unease surged in Wang Dabao. "Bai Cixin! What are you planning to do?"

Bai Cixin chuckled lightly. "Dabao, you understand me. You know what I'm going to do."

"Are you crazy? Are you seeking death?" Wang Dabao couldn't believe it. His wife was going to venture into danger alone!

Why couldn't they just live a peaceful life? When would the cycle of revenge end? Letting go of their grievances would bring them comfort!

"Even if it means death, I want the Voidless Realm to know my stance! Dabao, thank you for being with me all these years. I'm being selfish, and the person I've wronged the most is you. Can you forgive me for being stubborn this time?" Bai Cixin was that kind of woman, single-minded and willing to go to any lengths to achieve her goals, even if it meant sacrificing herself.

If she didn't express her words and her stance, then what was the point of living?

Obsession is terrifying, and mad obsession is even more terrifying. It makes people fearless of life and death.

Just like Bai Cixin now, seeking a confrontation with an invincible existence in order to have her voice heard!

Wang Dabao sighed deeply. His wife was stubborn, and once she made up her mind, it was difficult to change it.

In fact, he didn't want to compete for anything. His greatest wish was to live with his wife, have two children, watch them grow up, get married, and live a normal life. The pursuit of power was too exhausting.

But his wife's way of thinking was completely different from his. She wanted glory and to stand on the clouds. To fulfill her wishes, he would do his best to assist her, even if there were things he didn't want to do...

Because,

Everything was worth it. For her, he would do anything.

"I'll accompany you," Wang Dabao said with a faint smile. If his wife died, what meaning would his own life hold? After all these years, he had grown accustomed to her presence and her position above him.

But his wife did genuinely care for him.

Chapter 668 (Husband and Wife)

Bai Cixin smiled gently, "Husband, let me go alone. I don't want to burden others anymore."

Wang Dabao held his wife's cheeks and said, "Are you saying I'm an outsider??"

"How could you be an outsider? You are the person I love."

"As the person you love, what difference does it make if I accompany you to a place? We've come this far, and we should have a resolution." Wang Dabao said this matter with a relaxed tone, lightening the atmosphere considerably and alleviating the oppressiveness.

Bai Cixin gently embraced her husband. "You, even in such a serious matter, can still joke. It really worries me."

"If you're worried, I'll stay by your side every day, as long as you don't dislike me."

"How could I dislike you? The most successful thing in my life is marrying you." Images of Bai Cixin meeting Wang Dabao and their time together appeared in her mind, and a smile formed on her lips.

Wang Dabao was very excited. His wife finally confessed her feelings. It seemed like he needed to comfort her properly.

"Dabao, let's have a child."

"No problem, I promise to complete this mission!"

The couple seemed to be chatting and laughing, but deep inside, they didn't want to show their pain to each other. They were considering each other's feelings.

If Bai Cixin could let go of her hatred and live a good life with Wang Dabao, it would be a very happy thing.

The sky gradually darkened, and Wang Dabao opened his eyes, only to find that the beautiful woman beside him had disappeared. His heart sank, and he hurriedly left without even putting on his pants.

When he smelled a faint fragrance, Wang Dabao froze.

"Dabao, come downstairs for dinner." Bai Cixin held a dish she had cooked herself and called out to her husband upstairs.

"Oh... sure..." Wang Dabao was quite surprised. His wife rarely cooked, and he could count on one hand the number of times she had done so.

Putting on his pajamas, Wang Dabao looked towards the dining room with a surprised gaze. Four dishes and a soup, all his favorites...

Bai Cixin brought out the food she had prepared, with a hint of apology on her charming face. "Dabao, we've been married for so long, and I haven't cooked a decent meal for you. I'm sorry."

Wang Dabao didn't say anything. He tightly embraced his wife, his eyes slightly red. "No, you are the best woman in the world. It's my honor to have married you, Bai Cixin."

Bai Cixin nestled in her husband's embrace, feeling the warmth of his chest. It was warm and comfortable. She wanted to convince herself not to worry about those things, but...

She couldn't let go, really couldn't.

After a while, Bai Cixin softly smiled and said, "Alright, the food will get cold. I'll let you hold me tonight."

Wang Dabao let go of his wife, grinning widely, although his eyes were a bit red.

Seeing her husband in this state, Bai Cixin's heart ached as well. She hadn't done much for her husband in this lifetime. If there was a next life, she would definitely be an obedient wife.

The two sat at the dining table, Bai Cixin smiled and said, "Try the stir-fried green peppers and pork I made. It's been a long time since I last cooked. I hope you don't dislike it."

How could Wang Dabao dislike it? He picked up his bowl and ate eagerly, "Mmm, delicious... Your cooking skills are amazing, wife."

In fact, Wang Dabao didn't even know what it tasted like as he ate. There was sweetness, but also bitterness.

Bai Cixin watched her husband devour the food, her eyes misting with tears, feeling a deep pain in her heart...

"Husband, let's take a walk after dinner. It's been a while since we've taken a stroll after meals," Bai Cixin said softly, serving dishes to her husband.

Wang Dabao mumbled unclearly, "Sure, okay."

"Then let's go to Happy Valley tomorrow. I want to ride a roller coaster," Bai Cixin rested her chin on her hands, as if wanting to experience everything she hadn't done before.

Wang Dabao paused for a moment, then smiled and said, "Sure, we've never been to an amusement park before."

"Husband, you're not mad at me, right?"

"Why would I be mad at you? You never liked going to these kinds of places before."

"You said you're not mad at me," Bai Cixin pouted, acting coquettishly.

Wang Dabao had never seen his wife act so coquettish before and was instantly stunned.

"Wife, I'm sorry..."

"Hmph... Tomorrow, you better accompany me properly, or I'll get angry."

Wang Dabao burst into laughter. "No problem, I'll accompany you well tomorrow."

"Mmm, eat more," Bai Cixin continuously served her husband without eating herself. Her eyes were filled with happiness, but mostly with apology.

'I'm sorry, Dabao...'

After dinner, the couple drove to the riverside in Hai Gang City for a walk.

Enjoying the gentle breeze, Bai Cixin linked her arm with her husband's and leaned against him.

"Husband, how about we raise a Golden Retriever in the future?" Bai Cixin asked.

"Huh? But you used to dislike dogs, wife," Wang Dabao asked curiously.

"I suddenly like them now."

Bai Cixin looked at a couple next to them, holding hands while walking their Samoyed, appearing very happy.

"Then should we buy one now?" Wang Dabao suggested.

"Mmm~"

Without further ado, the two of them hurried to the pet store and bought a small Golden Retriever. The little fellow was excited to finally have an owner of its own.

Bai Cixin held the Golden Retriever in her arms, gently caressing it. "So cute."

"As long as you like it," Wang Dabao also touched the Golden Retriever's head. The little one closed its eyes, enjoying the caress.

Walking on the streets, the couple bought bubble tea, just like any other ordinary couple, indistinguishable from others.

"It seems like it's been a long time since I bought new clothes," Bai Cixin said.

Wang Dabao was quite smart and immediately understood his wife's meaning. "Let's go to the shopping mall, buy whatever you want."

"Husband, you're really good."

"Woof~"

Imperial Translation: "Bro, I want dog food too."

Inside the shopping mall, Wang Dabao seemed to remember something from the past. "Wife, do you remember when I was pursuing you, didn't we come here?"

"Yeah, I remember. You were showing off here back then, it was quite funny," Bai Cixin chuckled lightly.

Wang Dabao felt a bit resentful, "How could that be called showing off? Clearly, others provoked me, right? Besides, wasn't Bi Wangxiao also pursuing you at that time?"

"Do you know why I chose you instead?" Bai Cixin asked softly.

"Why?"

Actually, Wang Dabao was also very curious. Back then, Bi Wangxiao was very impressive, a big shot.

And he was just slightly well-off. Bai Cixin was so outstanding, why did she choose him? He was quite puzzled.

"Because you're honest," Bai Cixin said softly.

In her heart, her husband was obedient, like a little puppy, always listening to her and not fooling around outside. The fact proved that her judgment was correct.

Wang Dabao felt helpless. "Wife, are you praising me or teasing me?"

"Silly, if I didn't like you, would I do that for you?" Bai Cixin gave her husband a scornful look. He was truly a fool.

Chapter 669 (Home)

Upon hearing these words, Wang Dabao felt comfortable in his heart. It was a kind of pride to have such an excellent woman like Bai Cixin being comfortable for him.

He directly embraced his wife's fragrant shoulder and said boldly, "Wife, buy whatever you want today."

"Are you being so generous?" Bai Cixin leaned against her husband, her face filled with happiness. She wished they could live like this forever.

"Of course! You're my wife. If I don't spend money on you, then who else?" Wang Dabao said confidently.

"Husband, I love you."

Wang Dabao felt ecstatic inside. His wife had never said such words before, and now he was willing to do anything for her.

Other men around him saw Wang Dabao's generosity and the look of happiness on his wife's face, and they also wanted to follow suit. However, their pockets...

Sigh...

Some men who were shopping with their wives felt awkward. Compared to Wang Dabao's extravagance, they felt...

That night, the couple had a great time. After shopping at the mall, they went for supper and even took a late-night stroll while chatting.

When they returned home, passion ignited.

Even the little golden retriever couldn't bear to watch and trembled in a corner.

The morning sunlight was always so warm. Wang Dabao rubbed his eyes and suddenly thought of something. He immediately reached out and embraced.

When he touched that soft and delicate body, Wang Dabao let out a sigh of relief. He was afraid that Bai Cixin would leave without a word, carrying all the burdens by himself.

"Wife, it's eight o'clock," Wang Dabao whispered.

Bai Cixin hugged her husband's chest and said, "Let me sleep a little longer."

"But didn't you say we were going to the amusement park today?" Wang Dabao pinched his wife's nose playfully, finding her beautiful and adorable.

"Let me sleep for five more minutes, please~" his wife coquettishly pleaded. He couldn't resist her.

Husband and wife snuggled together, enjoying the pleasant morning. Even if they might not have such leisurely mornings in the future, as long as they could be together, it didn't matter where they went.

After five minutes, Bai Cixin got up. She really kept her promise.

"Dabao, Xiao Bao has pooped and peed. Come clean it up."

"Oh, I'm coming."

They named the little golden retriever Xiao Bao, and Wang Dabao didn't mind. As long as his wife was happy. [Da Bao is Big Bao, and Xiao Bao is Little Bao.]

The two had breakfast at home, and then Bai Cixin took Dabao and Xiao Bao out. They were going to the amusement park today.

This time, Wang Dabao was responsible for driving, while Bai Cixin held Xiao Bao and played with him.

"Xiao Bao, remember to protect our home and bite anyone who tries to harm us."

The little guy looked confused, looking at his female owner.

Wang Dabao smiled, but upon closer observation, his smile seemed somewhat forced.

"Dabao, I want to eat ice cream, hamburgers, and all kinds of snacks later," Bai Cixin said in a spoiled tone.

Wang Dabao teased, "What about losing weight?"

"I'm not going to lose weight anymore. Besides, you won't dislike me," Bai Cixin replied.

"Who said that? I will dislike you."

"How dare you! I'll immediately run away with Xiao Bao."

"Haha."

With a relaxed atmosphere, the couple went to Happy Valley. Ever since the Demoness was eliminated in the Voidless Realm, men dared to go out and flirt with girls. All entertainment venues were packed, with men venting their frustrations and women venting about their days without men.

On this day, Wang Dabao played various things with Bai Cixin.

Bai Cixin even rode the carousel, showing her overflowing girlishness.

Wang Dabao captured his wife's genuine smile in his phone, a woman he didn't want to forget in this lifetime.

In the following days, the couple visited all the attractions around Gao Hai City, leaving the joyful laughter of the two everywhere they went.

Half a month passed in the blink of an eye. It was the happiest time Wang Dabao had ever experienced. All worries were left behind, and he played with his beloved woman.

Bai Cixin felt the same way. Although the time given was short, it fulfilled her husband's request. Ordinary life was truly good, with no pressure at all. You could do whatever you wanted. It was wonderful...

"Dabao, I've been very happy these past few days," Bai Cixin murmured, leaning against her husband's chest.

Wang Dabao paused after hearing her words. "Wife, do you like this kind of life?"

"I do," Bai Cixin truly liked it.

"Then can we continue living like this?" Wang Dabao pleaded, not wanting his wife to go down a desperate path. Why couldn't they live a good life?

Bai Cixin touched Xiao Bao's head gently and said softly, "Dabao, I've been pursuing my whole life. Maybe when I get tired or have achieved enough, I will stop. I hope you and Xiao Bao can live a good life."

The real reason Bai Cixin bought a dog was to give her husband something to rely on. Just like when he saw Xiao Bao, it reminded him of her.

"Wife, I don't have the habit of living alone. Either we live together or die together! On the road to the afterlife, we'll walk together!"

Tears instantly welled up in Bai Cixin's eyes.

"We'll be together in the next life."

Wang Dabao tightly held his wife's hand and affirmed, "Not just the next life, but every life. You have to accompany me."

"Yes, I'll accompany you in every life," Bai Cixin said softly, tears sliding down her beautiful face.

The couple embraced each other for a long time...

Bai Cixin's gaze gradually became resolute. "Let's go find Qīng Tiān dī."

"Okay," Wang Dabao nodded.

The couple walked back to the bedroom and changed into clean clothes.

Looking at his wife dressed in white, Wang Dabao chuckled, "I love seeing you like this the most."

Bai Cixin smiled and stood in front of her husband, straightening his tie. "I love your handsome appearance too."

The couple shared a smile and held hands as they walked downstairs.

Putting on their shoes and stepping out of the house.

"Woof woof woof!"

Xiao Bao chased after them all the way, then obediently squatted at the villa's entrance, seemingly waiting for the two owners to come back again.

Bai Cixin bent down slightly and caressed Xiao Bao, saying, "Little guy, I'm sorry, but we can't take care of you anymore."

Xiao Bao couldn't understand what Bai Cixin was saying, but wagged its tail, seemingly enjoying the touch from its owner.

Wang Dabao had already started the car, watching his wife bid farewell to Xiao Bao.

Finally, Bai Cixin gently stroked Xiao Bao one last time, then turned and got into the car. Wang Dabao furrowed his brow, looking at Xiao Bao crouching at the doorstep. Perhaps it would wait for him and his wife to come home again.

Gently stepping on the accelerator, the couple slowly left their home.

Home is warm.

But in the future,

It might be cold.

"Woof woof woof!"

The sound of barking came from behind, and Wang Dabao saw Xiao Bao suddenly catching up through the rearview mirror. Although it was still small, it didn't give up chasing after its family.

Chapter 670 (I'm Going Too!)

Even dogs know that a home with an owner is perfect, and without an owner, it's not a home.

Wang Dabao stepped on the brake, opened the door, got out of the car, and held Xiao Bao in his arms before getting back in.

Little Xiao Bao was happy to see its owner stop the car and even carry it inside. Its owner didn't abandon it.

"It's good for Xiao Bao to accompany Feng Tian," Wang Dabao said softly.

Bai Cixin nodded. At least there would be a place for Xiao Bao.

After half an hour, the couple arrived at the Qing Tiandi Mansion, which used to be theirs.

Xiao Bao followed its owner out of the car and arrived at this unfamiliar place, feeling a bit cautious and sticking close to its female owner.

As they entered the mansion, Wang Dabao was surprised to see the wheelchair-bound Qing Tiandi.

And when Qing Tiandi saw Wang Dabao and Bai Cixin approaching, a smile formed at the corner of his mouth. "Dabao, Sister-in-law, long time no see."

"Brother Qing, are you doing okay now?" Wang Dabao asked as he walked over.

Qing Tiandi pursed his lips. "Just the same."

Qing Tiandi noticed that the couple seemed strange today. "What's going on with you guys?"

Bai Cixin let out a sigh and looked down at Xiao Bao. "Feng Tian, this is the dog I bought. Can you help take care of it?"

Feng Tian looked at Xiao Bao, who seemed a bit fearful and hid behind Bai Cixin's heels.

"What are you guys going to do?" Feng Tian asked.

Wang Dabao chuckled lightly. "I'm accompanying my wife to the Voidless Realm."

Qing Tiandi's face froze. "You're going to the Voidless Realm?"

"Yes, there are some things that need to be settled," Bai Cixin nodded quietly.

"Do you know the consequences of going to the Voidless Realm?" Qing Tiandi murmured, genuinely surprised but also admiring them.

Going to the Voidless Realm only has one outcome, and that is death.

"Brother Qing, our decision is firm. We came here today to bid farewell and also to entrust Xiao Bao to you," Wang Dabao smiled. At this moment, his heart seemed calm.

Qing Tiandi sighed softly. "Why do you have to go through all this trouble?"

To be honest, Qing Tiandi still had a good impression of this couple. Although they had kept some things from him, it was all for self-preservation, and he could understand...

Bai Cixin smiled softly. "Brother Qing, we should thank you, thank you for taking care of us."

"Ah, let's not talk about that. Sometimes I make mistakes too. Stay for lunch at noon, after all, we're still a team," Qing Tiandi said softly, feeling a bit strange inside.

The couple didn't refuse and entered the mansion with Xiao Bao. Feng Tian's expression was a bit strange; he seemed to be struggling with something.

"Brother Qing, how about a family meal?" Wang Dabao suggested.

Qing Tiandi chuckled lightly. "Dabao, I really admire you."

"Admire what? Being hasty," Bai Cixin covered her mouth and chuckled, teasing her husband mercilessly.

Although she said that, Bai Cixin took out her phone to order takeout. They all sat on the sofa, quietly watching TV.

As the doorbell rang, Wang Dabao got up to get the takeout.

Eating fried chicken and drinking cola, feeling like they're back to the past.

Back when Xiao Yi was still here.

Back when Feng Tian was still here.

Back when Chen Xuanzong was still here.

Thinking back to the beginning, during that time when they laughed and talked, now...

The time for a meal passed quickly, and the table was filled with bones. Xiao Bao was playing on the floor, gnawing on a bone.

"Burp." Wang Dabao burped without any grace.

Bai Cixin shook her head helplessly, but she also liked her husband's straightforwardness.

Taking a deep breath, Wang Dabao shouted, "That was a satisfying meal!"

Qing Tiandi became more serious. "Wang Dabao, Bai Cixin, I hope you both come back alive. I don't have many friends, but today, I feel like you're my friends."

The couple was momentarily stunned, but they didn't have the mind to speculate about anything now.

"Brother Qing, you're also a friend to us!"

Qing Tiandi furrowed his brow tightly. "As a friend, I still want to advise you not to go to the Voidless Realm and live a good life."

Bai Cixin said softly, "Brother Qing, thank you for your kindness. If possible, can you do me a favor?"

"What is it?"

"Help me catch Dabao. I don't want him to accompany me."

Wang Dabao felt helpless, but he didn't get angry this time. "Wife, unless Brother Qing can catch me for a lifetime, otherwise I will still go to the Voidless Realm and avenge you!"

"Cixin, you should feel proud to have such a man. Dabao, I admire you, you're a real man!" Qing Tiandi didn't need to pretend. They were all planning to go to their deaths, so there was no need for deceit.

Wang Dabao arched his hand towards Qing Tiandi, expressing his gratitude.

"Wife, you won't be able to get rid of me in this lifetime."

"Yes, in the next lifetime, I'll stick to you."

The couple smiled at each other and held hands tightly.

"Feng Tian, I entrust Xiao Bao to you," Wang Dabao looked at the dazed Feng Tian and shouted, then led his wife to prepare to leave.

"Wait!" Feng Tian suddenly shouted.

Wang Dabao and Bai Cixin turned back to look at Feng Tian.

Feng Tian slowly stood up and said in a low voice, "I'm going with you!"

With these words, Feng Tian's gaze revealed determination, sweeping away the previous gloom, as if the domineering Feng Tian had returned.

Qing Tiandi asked in confusion, "Why are you going?"

Feng Tian clenched his fists tightly. "To settle the score!"

After saying that, he went upstairs to change his clothes. When he came back down, all the stubble on his face was cleaned, and his golden mask looked refreshed, giving him a sense of rebirth.

Feng Tian was also influenced by Wang Dabao and Bai Cixin. Both of them didn't fear life or death, so as a man, why should he be afraid?

Even if he had to die this time, he would wash away the shame from before!

After Feng Tian walked downstairs, he stood outside the door, waiting. Wang Dabao and Bai Cixin took one last glance at Qing Tiandi, as well as Xiao Bao chewing on bones on the floor, before gently closing the door.

Qing Tiandi sat on the wheelchair with a trance-like expression, looking at the food on the table, feeling the air around him, as if...

As if... it was getting colder.

Just a few minutes ago, everyone was eating KFC, and now he was the only one sitting here.

And they... are going to their deaths. Why were they so foolish?

They knew they were going to their deaths, so why still go? Why couldn't they be more rational and think of a solution later?

Bai Cixin had tried various methods, but none of them worked.

As for Feng Tian, he was going solely for Ye Zizi. Even if it meant dying, he would give it his all!

Perhaps Qing Tiandi hadn't realized one thing yet... for what reason...

If there was a reason, then there would be a justification for going to their deaths.

Qing Tiandi slowly closed his eyes and asked himself, 'for what reason... for what reason...'
