

## My Woman 714

Chapter 714 (Ye Zizi vs. Luo Hu)

[Changing Taowu Clan to Gluttonous Clan]

Lucifer's brain was blank. Such a high-intensity attack, and yet he seemed unaffected, as if nothing had happened. This is ridiculous.

'Could they be using fake punches? With a gentle wave of his hand, that person's injuries were healed.'

'Is it possible to do such things?'

'They are all fake... Everyone here is fake, they're all actors.'

At this moment, Ye Zizi slowly walked onto the stage, her beautiful dress swaying in the wind, and her twin ponytails fluttering behind her head.

Ye Zizi yawned and looked at the crowd of Nanwu Banner, asking, "Who's next?"

Suddenly, Luo Hu stood up slowly, and with a swift movement, he closed his folding fan and said, "I'll go."

Ye Zizi pursed her lips and walked step by step towards the bottom.

"Luo Hu, be careful, she's a member of the Gluttonous Clan," Yue Hua whispered softly.

"Okay, I know," Luo Hu replied and then walked down the steps to stand opposite Ye Zizi.

As for Ye Zizi, Ye Hua was very confident in her, unless Luo Hu also had some bizarre talent.

Kai Yun's smiling face disappeared at this moment, appearing serious. After knowing Ye Zizi's race, he was still worried because the Gluttonous Clan was truly bizarre. They could suck blood, but it was unknown if they could feed on the energy in the elements.

If they could, it would be a complete counter to...

Just like Lie Gu, useless against Yue Hua's liquid form,, but if Ye Zizi were there, she could be absorbed directly...

Of course, this was just a guess. The specifics would only be known through experimentation.

Luo Hu also understood this, but he couldn't help but take the initiative to fight because the Gluttonous Clan was strong, and Luo Hu wanted to challenge such a race.

Ye Zizi didn't summon her own equipment, appearing relaxed. Her eyes showed signs of fatigue, as if she hadn't slept well.

"Hurry up." Seeing her opponent hesitating, Ye Zizi couldn't help but shout, "Don't just stand there."

Luo Hu breathed a sigh of relief, feeling a little nervous. He swung his folding fan and said softly, "Drunken Chant!"

Suddenly, a brilliant light radiated from the folding fan in Luo Hu's hand, forming a golden storm that swept toward Ye Zizi.

Ye Zizi looked at it with a puzzled expression. Her crimson eyes remained indifferent as she extended her small hand and slapped it.

Snap!

The golden storm turned into fragments in Ye Zizi's palm, without even touching the edge of her dress, it dissipated.

Lie Gu felt annoyed. If it had been Luo Hu he had encountered just now, he could have acted so cool, killing his opponent with a single fan strike.

Luo Hu wasn't too disappointed; it was just a small test. The Gluttonous Clan was indeed powerful. Even in their infancy, they were an extraordinary existence. It seemed he would have to pay a price to defeat them.

"Golden Cicada Fighting God!" Luo Hu said in a deep voice, swinging his folding fan fiercely.

The folding fan transformed in mid-air, turning into a ferocious hawk, and attacked Ye Zizi with great momentum.

Ye Zizi sighed weakly, raised her small fist, and struck at the hawk.

Boom!

This punch carried a fierce and scorching aura, and its terrifying spiritual energy even scattered the clouds in the sky.

The golden hawk disappeared in an instant, not even having a chance to launch its attack!

Luo Hu's gaze darkened. Is the Gluttonous Clan really this formidable?

Of course, Ye Zizi's power even gave Ye Hua a run for his money. She was even stronger than Lie Gu in terms of strength.

And Ye Zizi's strength surpassed that of Lie Gu. It seemed she could settle anything with a single punch. She was truly a violent little girl.

Ye Hua watched as Ye Zizi gained the upper hand and felt delighted. He leaned in to kiss the Empress in his arms.

Donghuang Baizhi felt shy. It seemed like the first time she was kissing someone in front of so many people...

Ye Hua didn't care about that. He was just showing off, so what?

Kai Yun watched Ye Hua and the Empress kissing, sneering. However, she was also worried about Luo Hu's situation. This little girl seemed much more powerful than the previous one.

Lie Gu's advantage was not in ground combat, while Ye Zizi excelled in it, especially in terms of strength!

"Hey, take it seriously. At least warm me up a bit," Ye Zizi said helplessly. If her opponent only had this much ability, she would be disappointed.

Luo Hu's expression turned serious, and his eyes turned into golden pupils at that moment.

"Divine Radiance!" Luo Hu shouted loudly, and his eyes burst forth with dazzling golden light.

Ye Hua and Donghuang Baizhi, who were deeply engaged in their passionate kiss, were oblivious to everything around them, completely immersed in the sweetness of their embrace.

However, Lie Gu, standing behind them, couldn't help but close his eyes. "Your 18k golden light is blinding me."

The Death Mage, who had no eyes to begin with, remained indifferent.

Lucifer and Mir instinctively raised their hands to block and closed their eyes.

Nakata Kandai widened his eyes. It wasn't that he didn't want to close them, but he didn't have time!

Blood began to flow from his eyes, instantly blinded by the dazzling golden light. Nakata Kandai couldn't help but let out a cry of pain.

But before he could finish his cry, a blood mark appeared on his neck. Just like Miyamoto Nahayasu, his head split apart.

Lie Gu acted decisively, so as not to disturb the Banner Master's enjoyment.

At this moment, Kai Yun was also covering her eyes. When Luo Hu shouted "Divine Radiance," Yue Hua covered Yun Kai's eyes, and she herself closed her own.

The people sitting behind them did the same, as if they were accustomed to this.

However, the scarecrow, Kung Sha, found it amusing. He actually used two plates to shield his eyes.

This was one of Luo Hu's ultimate moves. Once hit by the Divine Radiance, even if one's vision wasn't impaired, there would be a temporary blindness effect, creating a perfect opportunity for an attack!

Luo Hu's hand suddenly held a double-bladed golden spear, silently piercing out, its blade aimed directly at Ye Zizi's brow.

On the other hand, Ye Zizi, with her crimson eyes wide open, showed no intention of closing them. The crimson eyes were filled with the shadow of the golden spear!

Seeing this situation, Luo Hu's lips curled up with a victorious smile. The double-bladed golden spear had no spiritual energy and emitted no aura, making it completely undetectable in the state of blindness!

This combination of attacks had killed countless experts, impossible to defend against!

At this moment, Ye Hua released the Empress from his embrace. The Empress, blushing, looked embarrassed, snuggling tightly in her husband's arms, as if she couldn't face anyone, truly an adorable Empress.

Ye Hua wasn't too worried. He knew Ye Zizi's abilities well. This kind of situation was easily manageable. Ye Zizi was reliable.

A loud clap!

Seeing this scene, Yun Kai's mouth twitched. This was just too unscientific.

Not only Yun Kai, even Yue Hua was somewhat astonished. Truly worthy of being a member of the Gluttonous Clan, her strength was indeed formidable!

Luo Hu, as the person involved, furrowed his brow, his gaze revealing astonishment. How was this possible?!
