Chapter 111: Exorcising the Evil Spirit

After hearing Qin Xi's plan, Han Dazhu and Luo Xiujian were excited, as if they could already see the prosperous Shangwan Village.

In fact, ever since Qin Xi brought back 820,000 yuan, they trusted everything she said on a blind faith.

Moreover, the Vitality Pills Qin Xi made were indeed very magical.

Thinking of this, the three of them decided to follow the plan.

Actually, Qin Xi was also very excited because she knew that once this plan was implemented, it would definitely succeed. When she thought about how she was the one who brought prosperity to Shangwan Village, she was indescribably excited.

"Grandpa, I'll go to see the village chief to discuss this matter with him now. It just happens that I haven't finished treating Auntie Caiyun yet. I'll complete the treatment this time."

Han Dazhu nodded happily. "Alright, alright, alright. Go ahead. I want to go to the fields to see how the tea trees are doing." However, at the mention of the tea trees, he looked worried again. "Sigh, the price of tea this year is probably going to drop again. It's getting harder and harder to be in this business."

Qin Xi comforted, "Grandpa, don't worry. I believe that our tea will be popular all over the country and even abroad in the future."

"Yes, you're right." Han Dazhu immediately smiled.

At this moment, Liu Dequan walked over leisurely with his hands behind his back. When Blackie saw a stranger, it immediately stood up and shouted fiercely.

Liu Dequan saw that the courtyard had been modified. Just as he was about to ask what was going on, Qin Xi said, "Grandpa Liu, you came at the right time. I'm going to Uncle Liu's house to check on Auntie Caiyun. Do you want to go with me?"

Liu Dequan's eyes lit up. "Then let's go together!"

Ever since he saw Qin Xi's mystic techniques, he was both excited and impressed. He felt that Qin Xi was shrouded in a mysterious aura that could not be dispelled.

When they arrived at Liu Shuan's house, Xiao Caiyun was feeding the chickens in the courtyard. When she saw them, she quickly came out to welcome them with a smile.

"Second Uncle, Qin Xi, I heard from Shuan Zi that it's all thanks to you that I can survive this time."

Xiao Caiyun was so grateful that her eyes turned red from tears. She grabbed her hand and said, "Thank you, Xi. If you need my help in the future, just tell me. I'll do my best to help. Don't stand on ceremony with me."

Seeing that her face had a healthy glow and her eyes were no longer unfocused, Qin Xi smiled and said, "Aunt Caiyun, I became today because I have something to tell Uncle Liu. However, before I talk to him, I'll help you get rid of the evil spirit in your body!"

Xiao Caiyun grabbed the corner of her clothes nervously and asked with a pale face, "What should I do?"

She had heard from Liu Shuan that her body was attached with something unclean. All these years, the reason why she was afraid of the cold, coughed up blood, and was infertile was all because of it. She was both frightened and terrified, afraid that that thing would run out and kill her.

"Aunt Caiyun, don't be afraid. It's not scary at all." Qin Xi quickly comforted her with a smile.

It was impossible for Xiao Caiyun not to be afraid, but she still pretended to be strong and nodded firmly. "I-I'm not afraid. Bring it on!"

She kept imagining all kinds of terrifying scenes in her mind, but Qin Xi did not do anything. She just took out a piece of yellow paper from her pocket and threw it into the air. The yellow paper burned magically. Strangely, the yellow paper did not turn into ashes and turned into white smoke that entered Xiao Caiyun's body.

Xiao Caiyun felt her cold body suddenly warm up.

Chapter 112: Want a Child

"I-I feel much better. I'm not cold or dizzy anymore. The heavy feeling in my body has disappeared. I feel more relaxed than ever. I'm fine now. Thank you, Xi."

Xiao Caiyun was so happy that she could not speak coherently and tears rolled down her face uncontrollably.

Liu Shuan had just returned from the village office when he saw his wife crying with excitement. His expression changed. "Caiyun, what's wrong?"

Xiao Caiyun threw herself into Liu Shuan's arms and fought back her tears. "Shuan Zi, I'm fine now. Xi cured me. I feel very comfortable and not cold at all."

When Liu Shuan heard that, he was overjoyed. "Really? That's great!"

His eyes sparkled with tears as he looked at Qin Xi with gratitude. He opened his dry lips and said, "Xi, thank you!"

Qin Xi smiled faintly and said, "Uncle Liu, Aunt Caiyun, you're welcome. Actually, I have another piece of good news to tell you."

Uncle Liu and Xiao Caiyun looked over at the same time. "Good news?"

"That's right. Auntie Caiyun and Uncle Liu, Don't you always want a child?"

Qin Xi's words struck them like lightning. Xiao Caiyun's breathing quickened as she asked in disbelief, "Xi, are you saying that I... I can have a child? Can I really?"

Although Liu Shuan was extremely excited, he didn't lose his rationality. He said worriedly, "But Caiyun is almost 40 years old. Will her pregnancy be dangerous?"

He had heard that it was very dangerous to get pregnant at an older age. Not only was it easy to have a miscarriage, but the pregnant could potentially lose her life. If he had to take such a big risk just to have a child, he would rather be childless.

Xiao Caiyun's thin face was filled with hope and regret. She cried and shook her head. "No, I want to try even if it's dangerous. Shuan Zi, I want a child. The most regretful thing in my life is that I can't give birth to a child for you."

"We have lived together without a child for so many years. It doesn't matter now if we can have a child or not." Although Liu Shuan really wanted a child, he loved his wife more than anything else.

Seeing how much the couple loved each other, Liu Dequan was touched.

However, he still reminded them, "Hey, hey, hey, can you two let Xi finish? She naturally won't let Caiyun be in danger. What are you worried about?"

Liu Shuan and Xiao Caiyun were stunned and looked at Qin Xi without batting an eye, clearly asking her if what Liu Dequan said was true.

Qin Xi couldn't help but laugh. "Yes, with me around, I definitely won't let Aunt Caiyun be in danger. I'll prescribe some medicine for her first. After taking it for half a month, she'll completely recover and be able to have children."

"Really? That's great."

The couple thanked Qin Xi profusely and almost knelt down to kowtow.

Qin Xi quickly changed the topic. "Uncle Liu, I'm here to ask for a favor."

"What is it?" Liu Shu composed himself and asked.

Xiao Caiyun reacted and hurriedly said, "Oh, I was so excited that I forgot to invite you in. I'm really sorry. Hurry, let's talk inside. It's too hot out here."

"Yes, yes, yes. Let's talk inside."

In the house, Xiao Caiyun took out a large watermelon from the well. She cut it into pieces and served it to the two of them.

After eating a small piece, Qin Xi explained her reason for coming. "Uncle Liu, I want to buy the hill at the back of the village."

The three of them were shocked and said in unison, "What? Buy the hill?"

Chapter 113: Secret Weapon!

"Yes, I want to buy the hill."

Qin Xi nodded firmly. "Uncle Liu, I want to plant tea trees on the hill. I wonder if you've noticed something. In recent years, our village has been producing more and more tea than ever, but why are we earning less and less?"

"Not only that, but the middlemen are also getting more and more shameless about taking kickbacks. We've been working hard all year long, but it turns out that middlemen are the ones who profited the most. The income we earn is only enough to maintain the status quo. As a result, the quality of life in our village is much worse than in other villages."

Liu Shuan's expression immediately became solemn. He had been the village chief for so many years. Naturally, he knew very well about the situation.

However, there was nothing he could do.

He had also tried to boycott these black-hearted middlemen, but they did not care about it at all. Not only did they monopolize all the sell channels, but they also threatened the other middlemen to not purchase tea from the villagers. It was said that the reason why those people dared to raise the price so brazenly was because they had a big shot backing them.

They were just a group of commoners. How could they go against those people with power?

Liu Shuan shook his head with a bitter smile and explained the difficulties he had encountered over the years in detail. He said tiredly, "Xi, these people have a powerful background. If we don't follow their rules, they will lower the price. At that time, the villagers will only earn less and less!"

Qin Xi finally understood the whole story.

Although the tea in Shangwan Village was not particularly good, it was produced in large quantities. However, because of these black-hearted middlemen, the villagers made very little profit and could hardly support their families while the middlemen could earn a fortune using cheap labor.

"Uncle Liu, I have a way to increase the income of the villagers."

"What way?"

"I've said it before. I want to buy the hill and develop the plantation industry on it, but the hill is too big. I definitely won't be able to manage it alone. When the time comes, I can hire some villagers. Not only that, but I also plan to build a factory base. The factory will produce and sell fruit drinks."

"Of course. If the tea production is good, I'll buy it all and make it into herbal tea to sell domestically."

"Moreover, there are some places on the hill that are very suitable for raising chickens. The free-range chickens raised in the hill are definitely better than those in cages..."

The more Qin Xi spoke, the more shocked Liu Shuan and the others were. They couldn't help but calculate the possibility of her plan happening.

Liu Dequan shook his head with a solemn expression and spoke his worries. "Xi, it's not that I want to discourage you, but what you're saying now doesn't sound feasible. You have to know that planting is not easy. You have to consider all aspects."

“First, you have to choose a good nursery. If the nursery isn’t good, the yield will be low, and the fruits will not be juicy. This will greatly affect the sales. Secondly, not all hills are suitable for planting fruit trees. Normally speaking, fruit trees demand nutrient-dense and fertile soil, as well as sufficient sunlight.”

“Of course, there’s also the water source problem. The most important thing you have to know is that it will take at least three to five years for the fruit trees to grow up, let alone build a factory base.”

“As for raising chicken, I think it’s feasible. There’s still a lot of space for the poultry on the hill.”

Qin Xi smiled mysteriously and said, “Grandpa Liu, you tried my vegetables before, right? Do you know why my vegetables are so delicious?”

Liu Dequan’s heart skipped a beat as he asked excitedly, “Why?”

“Because I have a secret weapon!”

Chapter 114: Conspiracy

After leaving Liu Shuan’s house, Liu Dequan and Qin Xi walked on the village path while discussing the plantation.

Suddenly, a flustered girl in a red and green floral dress ran over.

Qin Xi knew this girl. She was the sister of Qin Lan’s good friend, Shi Xiang.

Shi Xiang’s sister was called Shi Zhen.

“Little B... Xi, Han Shi was tied up and thrown into the ruins of Tao Po’s house. Go and take a look!”

When Shi Xiang saw Qin Xi, an imperceptible evil glint flashed across her eyes before she put on an anxious expression. She was used to calling Qin Xi little b*tch, but the moment she opened her mouth, she realized that something was wrong and quickly changed her words.

Tao Po was a poor old woman who had passed away. The old woman’s son was an alcoholic who burned his mother to death for the sake of drinking.

After her death, Tao Po’s house was regarded as an unlucky place by the villagers. When some villagers passed by the house, they could even hear the sound of crying and wailing. Gradually, it became a haunted house that no one dared to approach.

Qin Xi frowned and was suspicious of Shi Xiang’s words. “Why would Stone go there?”

Shi Xiang panted heavily and fanned her red face with her hand. She said impatiently, “How would I know? However, I think he went to look for you and bumped into the naughty brats in the village. If I didn’t stop the brats, your husband would have been bullied to tears!”

Qin Xi narrowed her eyes and looked at Shi Xiang silently.

She sneered in her heart. Han Shi had been cultivating ancient martial arts recently. How could he not be able to handle a few brats?

Clearly, Shi Xiang was up to no good.

Shi Xiang felt uncomfortable under her gaze and looked away guiltily. She did not dare to look Qin Xi in the eye and stammered, "I-I've already passed on the message. Y-You should go and take a look. If you're late, you might lose your husband."

"Xi, go and take a look!" Liu Dequan said worriedly.

Qin Xi knew very well who Shi Xiang was. When she thought of the lesson she taught Qin Lan last time, a trace of interest flashed across her eyes. Anyway, she had nothing to do. She wanted to see what Qin Lan was up to. "Alright, I'll go to see what it's about. Grandpa Liu, you can go back first."

Before Liu Dequan could speak, Shi Xiang suddenly became agitated. She grabbed Liu Dequan's clothes and blurted out, "No, you can't leave!"

Liu Dequan immediately frowned and pulled his clothes back. He said with displeasure, "Are all the children of the Shi family as unruly as you? Is it appropriate to pull me like this?"

Shi Xiang's face, which was already red from being exposed to the sun for too long, turned even redder. She was not embarrassed, but angry!

She retracted her hand and said with a fake smile, "Liu, Doctor Liu, it's like this. I saw that Qin Xi's husband was bleeding. He probably needs your help too..."

She deliberately emphasized on "Qin Xi's husband". She kept stealing glances at Qin Xi, as if she wanted to see embarrassment and humiliation on her face.

However, to her surprise, Qin Xi was looking at her with a faint smile.

Shi Xiang quickly lowered her head in guilt.

Chapter 115: Not from the Qin Family

Shi Xiang felt like she had been seen through. It was as if she was naked in front of Qin Xi.

What the hell? Why would Qin Xi, an idiot who couldn't even count to 100, have such a terrifying gaze?

Shi Xiang was lost in thought and thought to herself that she must have hallucinated.

When Shi Xiang looked up at Qin Xi again, Qin Xi was saying to Liu Dequan with an anxious look on her face, "Grandpa Liu, since Shi Xiang has said so, let's go together. I'm worried about Stone..."

With that, the two of them walked towards Tao Po's house.

Looking at the two of them leave in a hurry, Shi Xiang revealed a strange and sinister smile.

Just as she was about to spit on the ground, Qin Xi suddenly turned around, glaring at her. Shi Xiang subconsciously swallowed the saliva that she was about to spit out, her face turning pale almost instantly.

Seeing the faint smile on Qin Xi's face, Liu Dequan suddenly remembered that when Qin Xi was subduing the soul, she had the same expression. "Xi, why do I feel that your expression is a little strange?"

Qin Xi touched her smooth face and smiled. "Ah, you found out!"

Liu Dequan snorted and curled his lips. "Tell me, what exactly does that girl from the Shi family want to do? From reading her face, I can tell that she's a cunning girl. Hmph, I'm sure she's up to no good."

Qin Xi laughed. "Grandpa Liu, when did you learn how to read faces?"

Liu Dequan chuckled. "I learned one thing or two about it by osmosis from you over the days."

"This time, you are right on."

Qin Xi gave him a thumbs up and sighed. "Shi Zhen and Shi Xiang are good friends with Qin Lan. I don't need to say anything more, do I?"

Liu Dequan frowned with disgust on his face. "Could it be that the Qin family is plotting against you again? Xi, don't be soft-hearted this time. Do whatever you think needs to be done. You have so many ways to punish them. Make them break an arm or a leg in secret..."

"It just so happens that I still need lab rats to practice the Five Elements Acupuncture Technique."

The corners of Qin Xi's mouth curled up as she nodded affirmatively. "Don't worry, Grandpa Liu. They bullied me a lot in the past. At that time, I was too stupid to take them as my family. Later on, I realized that I was never taken as a family member by them."

"Therefore, after I married Han Shi, I got over it. Besides, Grandpa and Mom treat me very well. I'm willing to take care of the Han family for the rest of my life. Thinking back, my misfortune all these years was actually caused by the Qin family. There's no reason for me to show the Qin family mercy anymore. I know what to do."

"Besides, there's something else I'm not sure about."

"What is it?"

"Grandpa Liu, do you think I look like a member of the Qin family?"

Liu Dequan paused to recall the looks of the Qin family. They were either shifty-eyed, mean, or sinister. In any case, none of them had an appearance or temperament comparable to Xi's.

He hissed and widened his eyes. "Xi, are you suspecting that you're not from the Qin family?"

Qin Xi pointed at her face that was filled with collagen and said, "Grandpa Liu, do you think there's a need to suspect? Previously, I was puzzled as to why the Qin family was so brutal to me. Now, I understand. If I'm not their daughter, there is naturally no need to show me mercy."

"Outrageous. What a bunch of beasts. Just because you are not their daughter doesn't mean they can beat you to death."

Liu Dequan was furious. "Xi, listen to me. In the future, when you see them, show them what you are made of. They don't deserve to be treated with respect."

“Calm down. It’s not worth getting angry at them. Besides, I don’t plan to let them off today.”

Qin Xi smiled mysteriously. “Grandpa Liu, don’t you want to see how I’m going to teach them a lesson?”

Chapter 116: Love and Hatred!

The two of them soon arrived at the house that was burned down long ago. It was already in ruins with weeds growing everywhere. The house had collapsed, and a small willow tree grew out in the middle of the ruins.

The willow tree was not too big, only as thick as an adult’s arm. The willow branch swayed slightly in the wind, and on it sat Tao Po who was emitting a strong resentment. She seemed to be waiting for someone. Her eyes were filled with hatred and resentment as she looked straight ahead.

Qin Xi stopped Liu Dequan and whispered, “Grandpa Liu, something’s wrong!”

“What? What’s wrong?” Liu Dequan immediately thought of something and continued angrily, “Are you saying that those bastards from the Qin family set up a trap here?”

“No...” Qin Xi shook her head and pointed at the small willow tree that had emerged from ruins.
“There’s an old lady sitting on it!”

Liu Dequan was puzzled. He subconsciously looked over and saw that the willow tree was swaying in the wind, but there was nothing on it. When he remembered that Qin Xi had some mysterious ability, he said with a trembling voice, “Why don’t... we leave?”

Qin Xi smiled playfully. “Grandpa Liu, don’t you want to watch a good show?”

“What good show?” Liu Dequan’s heart started racing.

He just wanted to leave this haunted place. How could he still be in the mood to watch a show?

Qin Xi didn’t say anything. Instead, she looked up at the old woman and said with a smile, “You must be Tao Po. Do you have any unfulfilled wishes? Tell me. Perhaps I can help you fulfill it.”

The old woman floated down from the willow tree and came to Qin Xi’s side. “Girl, can you see me?”

Liu Dequan suddenly felt a cold wind sweeping past him. It was a hot day, but he felt a chill running down his spine. “X... Xi, is she... around us?”

Qin Xi said with an reassuring smile, “Grandpa Liu, don’t worry. Tao Po won’t hurt us.”

She then looked at Tao Po again. “I’m the only one here who can see you. If you have any wishes, you can tell me. Perhaps I can help you.”

“Can you really help me?”

Tao Po wanted to grab Qin Xi’s arm, but she realized that there was a barrier around Qin Xi, preventing her from getting close.

“I, I was burned to death by my son. That beast, I want that beast to go to hell with me.”

When Tao Po said this, her face was extremely distorted with anger, and the Yin energy around her instantly increased multifold. She looked like a ghost that had crawled out of hell.

The sun was scorching, but Liu Dequan shivered and felt the air around him getting colder and colder.

Qin Xi nodded. She had no sympathy for a beast who would burn his own mother to death. She asked, "Who is your son? How old is he? Where does he work? Tell me more about him."

Tao Po calmed down. Her eyes were filled with hatred as she gritted her teeth and said, "His name is Ma Peng. I don't know what he's doing exactly. I can't leave this place, so I don't know where he is. However, back then, he got a large sum of money from helping someone. I think he must be enjoying a comfortable life with that money now."

When Qin Xi heard that, she immediately frowned and asked, "I heard that he asked you for money to buy wine, but you didn't give it to him, so he killed you."

Tao Po snorted. "Not exactly. He wanted to do something evil. He killed me because I tried to stop him."

Qin Xi thought for a moment and said, "How about this? When I go back, I'll find him and bring him to you. At that time, I don't care what you do to him, but you have to do me a favor!"

"What kind of favor?"

Chapter 117: Stone, Your Wife Is Bullied!

"Hey, have you heard about the rumor that the wife of the fool from the Han family has an affair with Doctor Liu."

"Who told you that? Is the rumor legit?"

"Of course it is. I saw it with my own eyes. I saw that b*tch staying indoor with Doctor Liu for more than an hour. The door was closed and there was a strange sound coming out. When she came out, she was limping. Moreover, I heard them discussing that she wanted to try out a new position next time..."

"Tsk, tsk, tsk. You really can't judge a book by its cover. I didn't expect that girl to be so shameless and slutty. She's even more slutty than a widow. We have to be careful and watch out on our husband, son, son-in-law, and father-in-law. Otherwise..."

"That's right. When I came here just now, I saw the two of them going to Tao Po's house. They were so sneaky. Do you think they..."

"Really?"

"Absolutely!"

"Then what are we waiting for? Let's go and join in the fun!"

The aunties walked towards Tao Po's house excitedly. As they walked, they called for the other villagers to come along.

By the time they arrived at Tao Po's house, there were dozens of people.

In the end, it turned into a soap opera about family ethics in the countryside. As for the two protagonists, Qin Xi and Liu Dequan, they ignored the fact that it was unethical for them to have a tryst and insisted on meeting up in Tao Po's collapsed house.

"Is Uncle Han at home?"

At this moment, Wang Baozhan from next door shouted.

Blackie stared at the stranger outside the door and whimpered puppyishly.

When Luo Xiujuan, who was watering the vegetables in the backyard, heard this, she came out and asked vigilantly, "Brother Wang, what's the matter? My father is at home!"

"Emergency. Something bad is happening. Hurry up and go to Tao Po's house!"

"What happened? Why are you in such a hurry?" Han Dazhu walked out slowly from behind with his hands behind his back.

Wang Baoshi looked anxious and conflicted. He patted his thigh and said, "Uncle Han, something happened. There are rumors in the village about your granddaughter-in-law... hooking up with Doctor Liu. Sigh, you should go and take a look!"

"What?" Han Dazhu and Luo Xiujuan shouted in anger at the same time.

"This is simply outrageous. How dare they spread rumors without any evidence? I'll tear their mouths apart." Han Dazhu shouted at Han Shi, who was still watching television in the room, "Stone, come out quickly. Your wife is being bullied!"

**

At the same time, Shi Zhen and Qin Lan, who were hiding in the dark, saw Qin Xi and Liu Dequan enter the collapsed house with their own eyes. The two of them were so excited that they almost jumped up.

"Go and tell your mother to follow the plan!" Qin Lan nudged Shi Zhen excitedly.

Shi Zhen was also excited. She quickly nodded and said, "Alright, watch over here. I'll be back soon!"

As she spoke, she turned to leave. However, the moment she turned around, she suddenly felt dizzy and fell to the ground.

Qin Lan squatted down in panic to check Shi Zhen, but she smelled a faint fragrance. Her head started to feel dizzy for some reason. In a state of half-awake, she seemed to have heard Qin Xi's voice.

Looking at the two of them, Qin Xi sneered and walked towards the trap they had set up.

Qin Xi casually threw the two of them onto the wooden board that had already been set up. She took out the silver needles in the bag and stabbed them into a certain acupoint on their lower abdomen without hesitation.

When Liu Dequan saw this, his mouth twitched. "Xi, aren't you being too ruthless?"

Qin Xi grinned. "Grandpa Liu, compared to them, I'm like an innocuous lamb. I'm in no way as ruthless as them."

At this moment, two soft moans were heard.

Chapter 118: Defamation

Seeing that the effect was taking place on the two of them, Qin Xi and Liu Dequan quickly left the scene.

At the same time, a large wave of villagers arrived...

Before they entered the abandoned courtyard, everyone heard an extremely indecent moan coming out from inside. It was high-pitched and long, making everyone blush.

In the crowd, Shi Xiang and Shi Xiang's mother looked at each other and spat in disgust. "Sigh, these two people are too shameless. They are actually doing this shameful thing in broad daylight! How embarrassing!"

"Hey, Auntie Li, your granddaughter is doing such a shameless thing. Don't you have anything to say?"

Everyone looked at Li Guihua and the other women of the Qin family.

Li Guihua glared at the people and said in all seriousness, "Why are you all looking at me? That b*tch was born to be a b*tch. This is not the first time she has done this. All these years, I thought she had changed. I didn't expect... Sigh, a leopard really can't change its spots!"

"Mom, there is no need to say anything. I've let you down by giving you such a granddaughter. She has been like this since she was young. She was born to be a b*tch and was so vicious as to want her own brother to go to jail. Fortunately, I found out about it early. Otherwise..." Hu Xiaofeng said sadly.

The corners of Zhang Cuiyun's mouth curled up as she said sarcastically, "Look, Sister-in-law, what did I say back then? This b*tch doesn't know how to restrain herself at all. She's only been married for a few days but already began to bring disgrace to her in-laws."

Hearing the Qin family's slander of Qin Xi, Lin Keke and Xu Wan looked at each other, their eyes filled with malice and smugness.

Xu Wan was Qin Gang's wife. She lived in Qinglin Town. Ever since she married Qin Gang, she and Lin Keke had been taking delight in abusing Qin Xi.

Regardless of whether they were in a good mood or bad mood, they were the happiest when they were abusing Qin Xi. It had almost become an addiction.

Some time ago, Xu Wan and Qin Gang came back home. They had been away for quite some time. When they finally came back, they realized that Qin Xi, that b*tch, was actually married. With no one there for her to abuse, she felt very cranky.

Today, when she heard from Lin Keke that there was a big move, she was extremely excited. It was as if as long as she saw Qin Xi getting punished, she would be in an extremely good mood.

Although the villagers did not believe what the Qin family said, the moans coming out of the abandoned house made the villagers feel compelled to believe it.

Someone in the crowd said, "We can't allow this to continue. If word gets out, our village will be looked down upon."

"Yes, we have to kick these indecent people out of the village as soon as possible. They can't stay any longer. It's too disgusting!"

In the crowd, someone suddenly shouted, "Look, the Han family is here!"

Everyone subconsciously looked over and saw Han Shi holding the shovel coming over in big strides. Han Dazhu was holding a walking stick, and Luo Xiujuan was holding a frying pan as she walked over angrily. The three of them looked so fierce that everyone retreated in fear.

Li Guihua gave them a side-glance and said sarcastically, "Oh, you're here too. You must be here to catch the adulterers. Unfortunately, you're late. I heard that the battle inside is very intense! I advise you not to go in, lest you get a heart attack and faint again!"

"That's right. We won't be responsible if you die of anger!" Hu Xiaofeng added.

Han Dazhu looked at Li Guihua fiercely and said angrily, "Shut up. Your Qin family is just a bunch of disgusting animals. You want to harm Xi again, right? Let me tell you, as long as I, Han Dazhu, am alive, you can forget about getting what you want!"

Hearing Han Dazhu's threat, Hu Xiaofeng was so frightened that she shrank her neck and whispered, "Tsk, she's just a b*tch. Who cares about her?"

"Stone, go and open the door. I want to see who's inside!"

Chapter 119: Who Is Singing?

Han Shi kicked the door open. The already shaky door could not withstand this kick and instantly shattered.

Everyone craned their necks, trying to take a peep inside. Be it the women or the men, their eyes were as bright as searchlights.

However, when they saw the scene, they gasped!

Damn, this was too much. They never knew that a rolling pin could be used like this.

2

"Huh? Grandpa, Mom, Stone, why are you here?"

Behind them, Qin Xi asked in surprise, "What's that sound? It sounds strange. Who's singing?"

When Han Shi saw Qin Xi, his eyes lit up. He ran to her side and held her hand, pushing Liu Dequan away.

1

Liu Dequan's face darkened and he snorted.

Everyone subconsciously turned around to look at Qin Xi and Liu Dequan.

Then they looked at the two naked bodies inside, feeling puzzled and falling into a strange silence.

Everyone was wondering who the people inside were if not Qin Xi and Liu Dequan.

“B*tch? Why are you here?” Zhang Cuiyun was shocked. She suddenly had a bad feeling.

Qin Xi seemed to be annoyed by her voice. She dug her ears and looked at Zhang Cuiyun. “Auntie, don’t tell me it’s my cousin singing again. I remember that once, she and Lin Yu sang like this in the forest. Their singing was so bad that my hair stood on end. Don’t let her sing again!”

Qin Xi’s words contained too much information. Before anyone could react, an ear-piercing howl suddenly sounded!

“Ahhh... Zhen, my daughter...”

“Lan... That’s Lan. Ahhh, my daughter...”

Shi Zhen’s mother and Zhang Cuiyun felt their vision turn black and almost fainted.

Actually, the two of them had already found the voices familiar, but they refused to believe it.

“Oh my god, isn’t that Shi Zhen and Qin Lan?”

“It’s really them...”

“They’re all women. Why are they doing this? It’s too disgusting!”

“Ahhh... Don’t look, don’t look... Get lost, get lost...”

Zhang Cuiyun and Shi Zhen’s mother quickly ran in. They wanted to close the door, but it had already been kicked to pieces by Han Shi. They could only shout and wave their hands at the crowd.

“Get lost. If you don’t get lost, I’ll kill you...” At this moment, Zhang Cuiyun and Shi Zhen’s mother were like old hens protecting their chicks.

“I man, Cuiyun and Shuping, didn’t you just say that the people inside are Qin Xi and Doctor Liu? Why did it turn out to be your daughter?”

“That’s right. Didn’t you say that Qin Xi was a slut? But it seems that your daughter is the actual slut. She’s even rumored to have an affair with that old bachelor, Feng Laosan. Now, she even sleeps with the Shi family’s daughter. Oh, what a sin. I wonder if Lin Guosheng knows about the sexual orientation of his wife!”

Zhang Cuiyun’s heart skipped a beat. She looked at everyone fiercely and threatened, “Shut up. If any of you dare to let a word out, you’ll become enemies with the Qin family. I won’t let you off.”

“You shut up. Stop embarrassing yourself!”

Chapter 120: Scheme Exposed

Li Guihua, Zhang Cuiyun, Hu Xiaofeng, Lin Keke, Xu Wan, Shi Xiang, and Yu Shuping swarmed into the abandoned house.

“Eh? Mom? Why are you here? Come and play with us. It’s a lot of fun...”

Qin Lan looked like she was drunk. Her face was flushed and she looked intoxicated. When she saw Zhang Cuiyun, she even waved the rolling pin in her hand and rattled away, “Mom, didn’t you tell me last time that my father couldn’t last long? Come, I’ll satisfy you. I promise I’ll make you feel good...”

With a bang, the slap landed on Qin Lan’s face, causing it to quickly swell up.

When everyone heard this, their jaw dropped. They looked at Qin Lan and Zhang Cuiyun strangely. However, it was undeniable that this slap was painful.

Qin Lan was furious and shouted, “Why did you hit me?”

Zhang Cuiyun picked up Qin Lan’s clothes that were scattered on the ground and was about to put them on her. “You disgraceful thing, haven’t you embarrassed yourself enough? Put on your clothes.”

Qin Lan slapped away Zhang Cuiyun’s clothes and covered her face in disbelief. “How dare you hit me?”

“You...” Zhang Cuiyun was so angry that she felt dizziness coming on.

Seeing that they were dawdling, Li Guihua shouted with a trembling body. “Don’t waste breath on her. Hold her down and help her put the clothes on.”

Zhang Cuiyun quickly asked Lin Keke and Xu Wan to hold Qin Lan down. She and Hu Xiaofeng began to help Qin Lan put on clothes. Although the process was full of struggles, fortunately, they made it.

On the other hand, things were not going well with Shi Zhen.

Yu Shuping and Shi Xiang could not hold Shi Zhen down at all. Not only could they not hold her down, but they were also hit by the rolling pin in her hand.

In the end, Hu Xiaofeng, Lin Keke, and the others helped her put on her clothes.

After a while, Shi Zhen and Qin Lan gradually became sober. They felt uncomfortable and sore all over the body. However, when they saw the people around them looking at them with strange gazes, their hearts suddenly tightened and they had a bad feeling.

Qin Lan was a married woman. When she felt that something didn’t feel right inside her body, her face turned pale and she looked terrified.

Just as she was about to say something, she saw Qin Xi, who was in the crowd, looking at her mockingly.

Her eyelids twitched and she blurted out, “Little b*tch, why are you here?”

Qin Xi asked with smiles, “Why can’t I be here?”

“No, you shouldn’t be here. You and Doctor Liu are drugged. You should be inside.”

When Zhang Cuiyun heard that, she immediately covered Qin Lan’s mouth. Unfortunately, it was too late!

Han Dazhu came to understand something and said angrily, "Great, great. To harm Xi, you actually used such a despicable method. Are you worthy of being human? You're all worse than pigs!"

The villagers didn't expect that the so-called catching the adulterers was actually a scheme by the Qin family from the beginning to the end. They had never seen such an absurd and crazy family.

Han Shi was the most furious. His hand that was holding the shovel turned purple from gripping too tightly. He wished he could rush up and smash them to death.

Liu Dequan's face was livid as he shouted in a deep voice, "What a family. In my lifetime, I've never done anything evil or refused to treat you, but you actually take me for that kind of a person. What a despicable family."

When Li Guihua heard that, the corners of her eyes and mouth twitched uncontrollably. She forced an ingratiating smile on her wrinkled face. "Doctor Liu, it's a misunderstanding. This has nothing to do with us. It was all this b*tch's idea. She, she wanted to blackmail you..."

Liu Dequan sneered. "What a joke. Xi is my disciple now. Why would she blackmail me?"
