Chapter 191: Qin Xi Is Angry!

“Doctor, you have to save my son. No matter how much it costs, as long as you save him, I beg you...”

After seeing Qin Xi’s ability, the beautiful woman immediately grabbed Qin Xi’s hand and begged.

Qin Xi nodded. “As long as you trust me, I’ll do my best.”

The beautiful woman trusted Qin Xi more than Xie Min. After all, she had seen Qin Xi’s real ability.

Therefore, sometimes, credentials and experiences were not enough to prove anything. Only when one had real ability would it be the most effective to prove oneself.

Qin Xi placed her hands on both sides of the child’s waist and immediately injected waves of Mystic True Qi into his injured spine to protect him. Then, he slowly turned the child’s body over and took off his clothes, revealing his smooth back.

At this moment, there was a deep wound on the boy’s back. The symptoms were the same as what Qin Xi had said.

Seeing this, no one was still suspicious of Qin Xi.

Qin Xi did not care what they were thinking. She began to massage the child.

Seeing this, Xie Min sneered. “This is a massage, right? Didn’t you say that the child’s spine is injured and it will easily break? Don’t tell me that you...”

Before she could finish her mocking, she heard a crisp cracking sound. It was the sound of the dislocated spine being restored.

Everyone’s expressions changed drastically. They thought that Qin Xi’s massage was too heavy and the child’s bones broke.

When the beautiful woman heard that, her eyes rolled back and she almost fainted.

Xie Min’s expression changed as well. She pushed Qin Xi to the side and shouted, “What are you doing? Murdering?”

She quickly squatted down to check the child’s condition, but Qin Xi brushed the dust off her body and said calmly, “Done, now the child is fine.”

“What? He’s fine? Are you kidding?”

Qin Xi couldn’t be bothered with her. She looked down at her and said, “Can’t you see for yourself if I’m kidding or not?”

Xie Min looked at the child’s back and saw that the wound had gone almost completely.

“Eh, is this the legendary bone restoration technique?”

“I was scared to death. When I heard the sound of bones dislocating, I thought the child was dead!”

“Me too. It sounds creepy.”

At this moment, the ambulance and amusement park staff arrived. “Excuse me, excuse me. We’re the amusement park staff.”

After the surrounding people dispersed, Qin Xi hurriedly instructed, “It’s better if the child stays in bed for a couple of days before walking. This will help the healing process.” With that, she disappeared into the crowd without looking back.

Just as the beautiful woman was about to stop her, Qin Xi was nowhere to be seen. She was worried about the child and immediately got into the ambulance to go to the hospital.

The crowd quickly dispersed, leaving Xie Min stunned on the spot. She looked in the direction Qin Xi left, her expression indescribable.

Qin Xi returned to the pirate ship in a hurry. When she saw a beautiful girl sitting beside Han Shi, her face darkened.

The reason why Qin Xi’s face darkened was not only because the girl was very beautiful, but also because the girl was hugging Han Shi’s arm tightly, looking scared. On the other hand, Han Shi turned his head and said something to her. The two of them were very close to each other and looked compatible/

Chapter 192: Qin Xi Is Jealous!

A jealousy that even Qin Xi did not notice flamed up inside her. She felt that the hand holding Han Shi was an eyesore and had the urge to chop it off.

Actually, what she could not accept the most was that Han Shi actually allowed the girl to hold his arm casually.

Even though she knew that Han Shi was not smart, Qin Xi couldn’t help but blame him.

Especially when she saw them leaning against each other, she felt an inexplicable sadness in her heart.

It was as if her favorite thing had been snatched away.

Unknowingly, Qin Xi’s gaze on them gradually turned cold. She slowly clenched her fists and revealed a chilling smile.

“Let go. If you don’t let go, don’t blame me for being rude.” Han Shi’s voice was extremely cold, and his eyes were filled with disgust.

The girl did not seem to hear his warning. She hugged his arm tightly and pressed her soft body against his.

Seeing that the girl was unmoved, Han Shi was about to push her away when the girl wrapped her arms around Han Shi’s neck and cried, “No, I’m so scared. Don’t push me away.”

When Qin Xi, who was standing below, saw this, she suddenly loosened her fists and the coldness in her eyes dissipated.

She snorted and muttered under her breath, "Forget it. We don't really have any feelings for each other to begin with..."

She was forced to marry Han Shi. During this period of time, they had spent some time together, but mostly as friends. Perhaps Han Shi did not even know what love was!

However, Qin Xi had clearly forgotten that Han Shi had already devoured a wisp of Jiu Yuan's soul and was no longer a fool.

On the pirate ship.

The girl was born timid. She thought that the pirate ship was just a simple swing, so she chose it.

As soon as she sat down, she regretted it and subconsciously wanted to seek protection.

There was another man sitting next to her. But after taking a look at the man's face, she decided to choose Han Shi who was much more handsome.

Just as Han Shi wanted to shake her off, the pirate ship started moving. She was so frightened that her face turned pale. She did not care if Han Shi let her cling to him or not. She hugged his arm tightly and refused to let go.

Hence, that was the reason why Qin Xi saw this scene.

The girl trembled violently. She closed her eyes and hugged Han Shi's arm, as if she was clutching at a life-saving straw.

However, to the girl's surprise, Han Shi did not know what was good for him. Not only did he despise her, but he also threatened her. The girl had never suffered such humiliation. In a fit of anger, her temper flared up.

Just as Han Shi was about to push her away again, she quickly wrapped her arms around his neck and threw herself into his arms.

The girl thought to herself, Alright, if you don't let me hug you, I'll make you hug me.

When Han Shi saw the girl clinging to him, his heart tightened and he subconsciously looked around. He was afraid that Qin Xi would come back and see this scene. In the end, he met Qin Xi's beautiful eyes.

Panic, guilt, helplessness, and fear appeared in Han Shi's eyes. Looking at the calmness in Qin Xi's eyes, Han Shi felt like he had fallen into an abyss and his heart sank.

He opened his mouth but couldn't bring himself to say a word.

At this moment, the pirate ship gradually slowed down. Han Shi pushed the girl away and jumped off before the pirate ship completely stopped. Because his head was muddled, he almost fell when he jumped out.

Qin Xi took two steps forward and helped him up. She smiled and said, "What's the hurry? Why don't you play for a while longer?"

Chapter 193: Combat Power – Zero

"Wifey, why are you back so late? I..."

Han Shi looked a little aggrieved. Just as he was about to say that he was being pestered by a crazy woman, a sulky voice came from behind. "Hey, why are you like this? Why did you push me? I got hurt."

The person who spoke was the girl who was hugging Han Shi tightly.

The girl was very beautiful. She blinked her big black eyes and her fair face was flushed.

Her long black hair was tied into a ponytail with a white ribbon. She was wearing a green knee-length dress and a pair of white leather shoes, looking young and beautiful.

However, at this moment, her aggressive attitude ruined the good impression she left on others. Instead, she gave off an overbearing feeling.

Unexpectedly, Han Shi pointed at the girl and complained to Qin Xi, "Wifey, it's her. She's a hooligan. Just now, she refused to let go of me and even pounced on me. I couldn't push her away no matter what. She's like our Blackie, clingy and annoying."

The girl was stunned for a moment before her face turned red. She pointed at Han Shi and said with a blush, "If you dare to say that again, I'll get someone to beat you up."

Han Shi said indignantly, "I didn't say anything wrong. You're a hooligan, a female hooligan."

"You..."

The girl stomped her foot in anger.

She had never met someone like Han Shi who did not play by the rules. If it were in school, those boys would want nothing more than to be hugged by her. However, he made it seem like she was molesting him.

After knowing the whole story, the discomfort in Qin Xi's heart instantly disappeared. She suddenly laughed out loud.

"What are you laughing at? Also, who are you?" The girl was even more angry when she saw Qin Xi laugh.

Qin Xi held Han Shi's arm and smiled sweetly. "Let me introduce you. This is my husband. It's better if you don't fall for a married man in the future. That's very rude. It's best if you find a single man."

"You..." Hearing Qin Xi's mocking, the girl flew into a rage out of humiliation. She pointed at Qin Xi but couldn't say a word.

"What? You harassed my man and even have the cheeks to argue with me. How outrageous!" Qin Xi shook her head and said disappointedly.

Seeing the passers-by stopping to look at her with strange gazes, the girl felt her face burning. She wished she could find a hole to hide in.

People in the 1980s were not as open-minded as people in the future. After hearing Qin Xi's words, the girl almost cried. She bit her pink lips and glared at the two of them angrily before stomping away.

Qin Xi was speechless. That was it? Combat power – Zero...

Han Shi was already overjoyed, especially when he heard Qin Xi say "my man". He felt like he was stepping on clouds.

He smiled foolishly. "Wifey, you're really amazing. You drove her away with just a few words!"

Hearing Han Shi's voice, the smile on Qin Xi's face suddenly disappeared. She pulled her hand out of Han Shi's hand in a huff.

She snorted and turned to leave. "Hypocrite!"

Han Shi touched his nose and blinked innocently, as if he had been wronged.

He quickly caught up to Qin Xi and wanted to secretly hold her hand. However, Qin Xi seemed to be bent on making things difficult for him. Just as he was about to touch her, she subconsciously dodged. She was either adjusting her hair that was perfectly neat or brushing the non-existent dust off her dress.

In short, along the way, Han Shi couldn't hold Qin Xi's hand.

Chapter 194: Going Too Far

For the entire day, Qin Xi ignored Han Shi, especially at night. Han Shi could only curl up on the sofa and sleep.

Initially, he wanted to wait for Qin Xi to fall asleep before crawling back to bed. However, Qin Xi said to him, "If you don't listen to me, from now on, you'll sleep outside."

Helpless, Han Shi could only stay on the sofa for the night.

The next day, the two of them took the train back to Shangwan Village. When they arrived at the entrance of the village, they saw hundreds of villagers surrounding a big car and making a ruckus.

Before Qin Xi could figure out what was going on, she heard Han Shi say angrily, "It must be Yang Wei and the others again."

Qin Xi was enlightened.

Wasn't Yang Wei the profiteer who monopolized the tea leaves of Shangwan Village, Pingluo Village, Zaohua Village, and a few other nearby villages?

She recalled that the village chief had once said that Yang Wei had a strong background and that he had monopolized the tea market for a long time. As long as the teas were not sold according to the price he set up, he would ask the surrounding buyers not to buy the tea leaves.

In short, over the years, Yang Wei had been oppressing the villagers, making them suffer. Fortunately, there were no natural disasters or man-made disasters in the past few years. Otherwise, the villagers might have starved to death.

“Let’s go and take a look.” Qin Xi narrowed her eyes and smiled evilly.

The two of them came to the periphery of the crowd and listened to the villagers’ dissatisfied protests and complaints, as well as the angry and hateful gazes of the hooligans in the big car.

“Yang Wei, don’t go too far. You lowered the price to 50 cents in the first half of the year. Now, you still want to lower the price to 30 cents. These are all tea leaves that we painstakingly planted, not weeds. Do you even have a conscience?”

“That’s right. Not only did you lower the price, but you also owe us money. Are you still human?”

“If you don’t give us an explanation today, we’ll fight you to the death.”

“Yes, this is all our hard-earned money. We can’t let you take advantage of us.”

The villagers shouted indignantly, looking like they wanted to skin Yang Wei and the others alive.

“Village Chief Liu, are you not going to do anything? Have you forgotten the lesson you learned before?”

Yang Wei took a puff on his cigar calmly. The way he smoked was very annoying. He smiled smugly. “If I don’t buy your tea leaves because I’m angry, your hard work for the past six months will be in vain. Instead of soaking your feet in tea leaves, you might as well sell it to me for 30 cents.”

His tone was quite condescending, as if the villagers should be thankful that he offered 30 cents.

Liu Shuan was so angry that his face turned green. He clenched his fists tightly. “Yang Wei, I heard that you gave Pingluo Village 60 cents. Why did you cut it in half in Shangwan Village? The price you offered is unfair.”

“Fair? Hahahaha.”

Yang Wei seemed to have heard a good joke. He and his lackeys laughed out loud. He pointed at Liu Shuan and mocked, “You want fairness? Hahaha, Village Chief Liu, are you stupid or did you get kicked in the head by a donkey?”

His expression immediately turned extremely gloomy. “To tell you the truth, I just don’t like you all. I lower the price because I want you to suffer. What can you do to me?”

Liu Shuan was so angry that his chest rose and fell rapidly. It was as if Yang Wei was certain that Shangwan village couldn’t fight back. Every time, he would offer a lower price than the other villages. If not for the fact that he had gone overboard this time, Village Chief Liu would not have stood up and challenged him openly.

“Yang Wei, you’re going too far!”

Chapter 195: Too Shameless

“So what if I am going too far? If you have the ball, don’t sell it to me!”

Yang Wei sneered. He looked around at the noisy villagers and threatened, “Let me tell you, as long as I say a word, you can forget about selling your tea leaves this year. At that time, not to mention 30 cents, you are not going to get a penny.”

“Why?” Liu Shuan did not understand why Yang Wei only targeted Shangwan Village.

Yang Wei sneered and looked down at Liu Shuan. “Why? You still have the cheek to ask me why? I heard that the back mountain of your village has been sold and fruit trees have been planted there, right?”

“That’s true. So what?”

Liu Shuan did not understand. Was it because of the fruit trees? Besides, what did this have to do with him? What did it have to do with the price reduction?

“How’s the situation?”

Yang Wei’s gaze instantly darkened. “It’s said that your village made a lot of money, right? In a few days, everyone has earned at least 30 yuan, and some even earned 70 yuan, right?”

Liu Shuan frowned. “What does this have to do with tea leaves?”

Yang Wei said shamelessly, “Of course, it does. Since you all are rich now, you won’t starve to death even if the price of the tea I give you is low. Does it make sense?”

This...

What kind of a bloody reason was this?

When the villagers, including Qin Xi, heard this, they all felt that Yang Wei was a shameless scoundrel. Whether the villagers earned money or not had nothing to do with him. The villagers weren’t his servants.

“Yang Wei, this is simply horrendous. How we wish to make money is not your bloody business, understand?”

“You’re too much. We worked hard to earn this. How can you say such a thing?”

“Yang Wei, you shameless scoundrel.”

“We can’t let him leave. He has to give us an explanation today, or we’ll beat him to death...”

“Yes, beat him, beat him...”

Everyone raised their fists and shouted. How could the villagers not be angry?

Seeing that the villagers were making a fuss, Yang Wei was not worried at all. He smiled casually and said, “Go ahead. If you continue to make a fuss, I’ll lower the price even more. Anyway, if I don’t buy your tea leaves, you can forget about selling them. If you have the guts, just let your tea leaves rot at home.”

Qin Xi was also furious at Yang Wei's words. Other than the Qin family, she had never seen such a shameless person.

She rolled her eyes and suddenly thought of a good idea. She pulled Han Shi's hand and whispered into his ear, "Stone, go and find Jiu Yuan. I think I have a solution."

Han Shi did not know what Qin Xi was going to do, but he listened to his wife unconditionally. He glanced at the crowd and turned to run towards the orchard.

Previously, when she left, Qin Xi was afraid that the thieves would target the orchard. Even though she had many tricks up her sleeve, she was still worried. She decided to leave Jiu Yuan in the orchard and let him guard it. As long as someone entered the orchard, he would scare them away.

As it was daytime, it was quite difficult to find Jiu Yuan. If it was dark, it was easier as he would give off light like a lamp.

When Jiu Yuan saw Han Shi, he floated down from a tree and yawned. "Oh, you're back! Why are you looking for me? I'm still sleepy!"

Han Shi looked at him. "My wife is summoning you. Go!"

Jiu Yuan rolled his eyes and said softly, "Your wife is definitely up to no good. I'm not going to... Go, go, go, I'll go."

Seeing that Han Shi's gaze was getting more and more dangerous, Jiu Yuan touched his nose and disappeared.

Chapter 196: A Donkey Kicked My Brain

Jiu Yuan quickly arrived at the entrance of the village. Seeing that there were so many people here, he floated to Qin Xi's side and asked curiously, "Hey, what are they doing? Are they going to fight?"

"Do you see that person?" Qin Xi did not answer him. Instead, she pointed at Yang Wei and asked.

Dugu Jiuyuan nodded and waved the fan in his hand. "Yes, he looks like he needs to be taught a lesson. Why? Did he piss you off?"

Qin Xi said with a smile, "This person shamelessly reduced the villagers' hard-earned money. Go and attach yourself to him. I don't have to tell you what to do next, right?"

Jiu Yuan's eyes lit up. "This is fun..."

"Also, I want him to disappear for a period of time. Can you do that?" Qin Xi asked coldly.

Jiu Yuan waved his hand confidently. "No problem. I'm the best at this."

At this moment, Yang Wei said arrogantly, "Have you thought about it? If you don't sell the tea leaves to me, I'll leave. Don't blame me for not reminding you. If I leave, your tea leaves will go bad very soon."

Everyone wanted to gnash their teeth at his ugly and disgusting face. The villagers could no longer control themselves and wanted to charge forward and attack him. However, Liu Shuan knew that Yang Wei was someone with a powerful background. No matter how angry he was, he must remain rational.

He stood in front of the angry villagers, sweating profusely. He tried his best to persuade them, "Folks, calm down. Calm down. Don't be rash!"

Yang Wei glanced at the villagers with disdain, deriving a strange sense of satisfaction from their aggrieved and angry expressions.

Just as he was wondering if he should lower the price a bit more, a cold wind suddenly blew past him, and a chill instantly spread out through his entire body. Then, his consciousness fell into darkness as if it was shackled by something.

At the same time, Jiu Yuan, who had successfully possessed Yang Wei, suddenly made a 180-degree turn.

He shouted with a smile, "Everyone, everyone, I'm sorry. I was kicked in the head by a donkey just now and said a lot of nonsense. Now, I announce that I'll buy all your tea leaves at the price of three yuan. Yes, you didn't hear me wrong. It's three yuan per catty. Go home and bring the tea leaves over. I won't wait for you if you come late!"

"What? Three yuan per catty?"

"... Is he crazy?!"

"He said it himself. His head was kicked by a donkey. Let's go home and bring the tea leaves over. If he dares to lie to us, he'll suffer..."

"Yes, let's go back and get the tea. If he dares to lie to us, we'll break his leg."

The villagers did not care if he was telling the truth or not. They rushed home like a swarm of bees. In an instant, only Qin Xi, Liu Shuan, and Han Shi, who had just run back, were left at the entrance.

"...Yang Wei, what tricks are you playing this time?" Liu Shuan frowned. He did not believe that Yang Wei was willing to buy their tea leaves for 3 yuan.

Before 'Yang Wei' could speak, his lackeys asked one after another.

"Brother Wei, what are you doing? Didn't we agree to lower the price?"

"That's three yuan. Brother Wei, you aren't serious, are you?"

'Yang Wei' pushed the few lackeys away and roared impatiently, "Get lost. Do I look like someone who doesn't keep my word? Also, do I need you to teach me how to do things? Get lost and bring me all my money. I'm happy today. I want to distribute my money!"

After saying that, he secretly threw Qin Xi a meaningful look.

Chapter 197: Yang Wei Being Possessed

Seeing Jiu Yuan's flirtatious gaze, Han Shi took a step forward and stood in front of Qin Xi. He shot Jiu Yuan a glare and threatened, "If you dare to look at my wife like that, I don't mind digging out your eyes."

'Yang Wei' shrugged and muttered "what jealous man" under his breath.

Seeing this, Liu Shuan immediately walked up to Qin Xi and pointed at Yang Wei. He asked softly, "Xi, tell me the truth. He..."

Qin Xi nodded with a smile. "Uncle Liu, I just played some tricks on him!"

However, Liu Shuan was not happy. He said worriedly, "But if he remembers it later, will he come and cause trouble for us?"

Qin Xi knew what he was worried about and gave him a reassuring look. "Don't worry, I'll handle this."

"But he has a strong background..." Liu Shuan was still worried.

Qin Xi smiled confidently. "Uncle Liu, you should know my ability better than anyone else."

Recalling what Qin Xi had done in the past, Liu Shuan calmed down. "Alright, thank you!"

Not long after, the villagers brought over their tea leaves one after another. 'Yang Wei' waved his hand and instructed his lackeys, "Go, weigh these tea leaves. Remember, three yuan for every catty."

His lackeys did not know what was wrong with Yang Wei and could only carry out the order helplessly.

In a matter of few hours, 'Yang Wei' spent a few thousand yuan. When the lackeys saw the money bag that was getting thinner, their hearts ached.

'Yang Wei' did not care about the money at all. He waved his hand and said, "Alright, let's go!"

After the car drove out of Shangwan Village, a lackey scratched his head and mustered up his courage to ask, "Brother Wei, why are we doing this? I don't understand."

'Yang Wei' patted that person on the head and scolded with a smile, "Of course I have a reason for doing this. Alright, don't ask so much. Let's go back!"

The lackey rubbed the back of his head and said suspiciously, "Brother Wei, aren't we going to see Brother Kun? Brother Kun is still waiting for the money!"

'Yang Wei' rolled his eyes and a cunning smile flashed across his eyes. "Yes, of course we are going!"

"But if we didn't complete the task Brother Kun entrusted us to do, he would definitely be very angry. What if he doesn't protect us in the future?"

"Why are you thinking so much? When I see Brother Kun, I'll go and explain. He won't be angry."

"I knew that Brother Wei would definitely not let those stupid villagers have a good time. Brother Wei, tell me, what's your plan?" The lackey looked at 'Yang Wei' with shining eyes, hoping that he would reveal a shocking plan.

However, 'Yang Wei' didn't intend to explain his plan to his lackeys. He shouted to the driver, "Hey, let's go straight to Brother Kun's house."

The lackey was stunned. "Huh? Don't we have to unload the goods first?"

The lackey was puzzled and asked incredulously, "We're going now? Brother Wei, Brother Kun is definitely not at home now. Brother Kun's wife doesn't like us either. I think... we shouldn't go!"

"Cut the crap. Just go." 'Yang Wei' kicked him angrily.

The lackey nodded helplessly.

When they arrived at Qinglin Town, the lackey drove the big car directly to Brother Kun's courtyard. The sound of the horn shocked Brother Kun's wife, who was nursing her child in the house. She quickly put on her clothes. The woman leaned against the window and looked out. When she saw that the person who got out of the big car was her man's lackey, she was immediately furious.

She carefully put the child down and opened the door angrily. Just as she was about to curse, she suddenly felt a pain in her chest.

Chapter 198: Getting Chopped Up

The woman's face immediately turned red. She quickly slapped his hand away and retreated. She pointed at Yang Wei with fear and anger in her eyes and cursed, "Yang Wei, how dare you molest me? I'll beat you to death!"

She was about to scratch Yang Wei's face when Yang Wei dodged with a smile. He shouted at his lackeys, who were already dumbfounded, "You guys, hurry up and help!"

"Help... help? What... help?"

The few lackeys were dumbfounded. Although Yang Wei usually acted like a*shole, they never expected him to have the ball to molest Brother Kun's wife.

"Press this woman on the bed."

'Yang Wei' smiled sinisterly. He closed his eyes and sniffed the hand that had just grabbed the woman with a lewd expression. "I want to have a taste of what Brother Kun's woman is made of. Why does she smell so good?"

The lackeys were shocked. Their faces turned pale as they stammered, "Brother... Brother Wei, this is Brother Kun's wife. If you do this, Brother Kun will kill us!"

"Don't ever mention the name of that bastard in front of me. I've been coveting his wife for a long time. I won't let her off today." As soon as 'Yang Wei' finished speaking, he pounced on the woman and kissed her. He looked extremely hungry.

When one of the lackeys saw this, he gave the others a look. Then, he looked at the scene inside and quietly turned around to run out.

'Yang Wei' knew what they were up to. He smiled imperceptibly and turned to continue having fun with the woman who was shouting and struggling.

The woman was angry and anxious. No matter how she struggled, it was useless. In the end, she was pushed onto the bed.

She threatened hatefully, "Yang Wei, if you dare to touch me, Kun will definitely cripple you. Get lost now. I will tell Kun to forget about it, but if you lay your hands on me, I'll get Kun to chop you up."

"Chop me up?"

'Yang Wei' sneered and slowly began to untie the laces on his pants. "Although you're already married, I don't mind..."

The woman was so angry that her chest heaved up and down. She subconsciously grabbed something and threw it at Yang Wei's face.

'Yang Wei' tilted his head and dodged it easily. He was not gentle with the woman and slapped her.

This slap was very powerful. The woman was slapped onto the bed, and her fair face instantly swelled up.

The few lackeys standing outside finally couldn't stand it anymore. They quickly went forward and dragged 'Yang Wei' out. "Brother Wei, do you know what trouble you're in? You'd better run away. Don't let Brother Kun catch you."

"Get lost. I'm not running. Today, I'm going to f*ck this woman." 'Yang Wei' shook off his lackeys and pulled the woman into the house. Just as the lackeys went forward to stop him, 'Yang Wei' locked the door to prevent them from interrupting.

Not long after, a woman's terrified cries and a child's cries could be heard.

At this moment, the sound of a car engine was heard approaching. Brother Kun got out of a car with a machete in his hand and asked fiercely, "Where is he? Damn it, how dare he touch my woman? Where is Yang Wei?"

"Hubby, save me..."

A woman's scream came from inside the house, causing Brother Kun to instantly explode with anger.

He kicked open the door and was so furious to see the obscene scene that his mind went black. Without thinking, he slashed down his machete at the molester.

Chapter 199: Qin Guobiao

Jiu Yuan returned with the spoils of war!

He laughed until he was swaying back and forth as he recounted how he had teased Brother Kun's wife and Yang Wei was beaten up. The moment Brother Kun slashed down his machete, Jiu Yuan left Yang Wei's body.

Therefore, Yang Wei still did not know why he was crippled.

Qin Xi was very satisfied with this outcome. Dealing with despicable people, despicable methods were needed.

During lunch, Han Dazhu suddenly mentioned the Qin family. "By the way, have you heard about the Qin family?"

Qin Xi shook her head. "Grandpa, what happened to the Qin family?"

"Qin Lan was taken back by Lin Guosheng."

Han Dazhu frowned and said in confusion, "Logically speaking, the Lin family would definitely shut the door to Qin Lan for doing such a shameless thing. However, when they came to pick Qin Lan up, they were talking and laughing as if they didn't know anything."

"How could they not know? It's said that this matter has spread to other villages too. They are all making fun of Lin Guosheng," Luo Xiujuan said.

The corners of Qin Xi's mouth twitched. She said nonchalantly, "Let them do whatever they want. As long as they don't provoke us, we can just pretend they don't exist."

Han Dazhu nodded and said worriedly, "Actually, I'm just afraid that they'll play some tricks behind your back. When people like them find out that you're getting rich, they won't just sit back and watch."

Qin Xi thought for a moment and nodded. "Grandpa, don't worry. I'll get someone to investigate tonight."

Han Dazhu was stunned. "Girl, are you going out again at night?"

Again?"

Qin Xi's eyelids twitched. Could it be that... the old man knew about it every time she snuck out at night?

She was too embarrassed to look up and meet Han Dazhu's eyes. Fortunately, Han Shi added at this moment, "Grandpa, you're stupid. My wife is so capable. She can just send something to do it. There's no need for her to do it herself."

At night, Jiu Yuan came to the Qin family and sat on the roof to eavesdrop on the conversation down below.

Ever since Tao Po visited their house last time, the Qin family had been living in the cowshed outside. Fortunately, it was summer now, so other than the mosquitoes, everything else was fine.

However, they did not know when their misery would end.

In the silent night, the snoring in the cowshed was deafening.

"Old Qin, do you think that little b*tch is really capable of buying the entire mountain? It sounds like a joke to me." The more Li Guihua thought about it, the more her heart ached. She sighed and asked Qin Guobiao next to her, who was also having a hard time sleeping.

“No matter how capable she is, as long as her surname is Qin, she is still a member of my Qin family.” Qin Guobiao felt worse than anyone else.

When he heard that Qin Xi had bought the entire mountain, he regretted it

If he wasn't so impulsive as to chase Qin Xi out back then, she wouldn't have been estranged from the Qin family and turned to go against them.

Then, the money she earned and the large orchard at the mountain would be his.

The thought of losing such a huge sum of money made his heart ache.

“But that wretched girl doesn't seem to acknowledge us at all... Also, how do you want to deal with the old bachelor?”

Chapter 200: The Lin Family's Motive

“Find a reason to make Qin Xi hand over the letter of agreement for cutting ties with us. At that time, the old bachelor can do whatever he wants to her.”

“Do you think she'll hand over the agreement obediently?”

Li Guihua suddenly thought of something. “By the way, I heard that she's very rich now. Old Qin, that money belongs to our Qin family. You have to think of a way to get it back too.”

“Yes, I know.” Qin Guobiao thought for a moment and said, “What did the Lin family say about Qin Lan?”

Qin Guobiao was outside the entire day today, so he was not there when Lin Guosheng came to pick Qin Lan up. However, he felt that this matter was not that simple.

Of course, he had already learned from others that Li Guihua and the others were the ones who framed Qin Xi that day and embarrassed Qin Lan and Shi Zhen.

At that time, he was so embarrassed that he wanted to find a hole to hide in. He felt that everyone was looking at him with ridicule and mockery. In those few days, he did not leave the house. It was too embarrassing. He had never been so embarrassed in his life.

However, since it had already happened and he couldn't go back in time to change the course of events, he could only suppress his anger and wait for a chance to settle the score with Qin Xi. Unexpectedly, a few days later, Qin Xi suddenly became rich. Not only did she buy a mountain, but she also hired the villagers. Qin Guobiao had no choice but to delay his plan of dealing with Qin Xi.

“The Lin family didn't say anything. When they came, they were all smiles and didn't seem to be in the least angry. Moreover, Old Madam Lin was here too. It seemed like she values Qin Lan very much,” Li Guihua answered truthfully when she recalled how solicitous Old Madam Lin was.

At this moment, Zhang Cuiyun, who was still awake, suddenly said, “Dad, do you think the Lin family is also coveting that little b*tch's money?”

Qin Guobiao sat up and looked in Zhang Cuiyun's direction.

In the dark cowshed, he looked at Zhang Cuiyun and asked in a serious and nervous voice, "Is what you said true?"

Zhang Cuiyun thought for a moment and said, "I'm not too sure either, but I heard that Lin Guosheng has been asking about that little b*tch. Moreover, he asked Lan to get along well with her. Even Old Madam Lin said so. I think they're up to no good."

In fact, they knew very well that not only did Qin Lan do something that would bring shame to the family, but she was also infertile. In the countryside, this kind of hen who could not lay eggs could not get married at all. Therefore, the Lin family must have other motives for bringing Qin Lan back.

Amidst the snoring, Qin Guobiao slowly relaxed. He lay down and pondered for a moment before saying, "Let them do whatever they want as long as they don't divorce Lan."

Li Guihua said with a trace of displeasure. "Old Qin, what if the Lin family wants to steal our money?"

The old lady now took it for granted that Qin Xi's money was hers. No matter if Qin Xi was married or not, as long as her surname was Qin, what belonged to Qin Xi belonged to her too.

"Hmph, how dare they? No matter what the Lin family is planning, no one can touch the Qin family's things." Qin Guobiao's eyes lit up. "Tomorrow, go to the Han family with your second daughter-in-law and see if you can get her to come home."

Li Guihua said hatefully, "What if she doesn't come? Now that the little b*tch is rich and has grown up, she doesn't even show any regard for me, her grandmother. What an ungrateful b*tch."

"Alright, stop calling her a b*tch when you see her. Say something nice to coax her back."
