Chapter 201: Similar!

“What about after she comes? What can we do to make her take out the contract and sign it obediently?”

Li Guihua said worriedly, “The little b*tch now is different from the little b*tch who was at our mercy back then. She doesn’t listen to us at all.”

Sitting on the roof, Jiu Yuan also wanted to know what Qin Guobiao was up to.

However, Qin Guobiao’s next words made Li Guihua and Jiu Yuan shiver at the same time.

**

The next morning, Qin Xi asked Han Shi to find Liu Shuan and inform the villagers to gather at the foot of the orchard at seven o’clock tomorrow morning.

He asked Han Shi to wait for Wang Zhiqiang and the others at the entrance of the village.

As for her, she was waiting for the Qin family to come.

In order to create an opportunity for the Qin family, Qin Xi specially asked Han Dazhu and Luo Xiujian to go to the mountain to survey the growth of the fruits.

At the same time, she asked them to bring back a basket of cucumbers and carrots. They couldn’t possibly treat the guests with cucumbers and carrots, right?

Hence, the two of them carried the basket to the orchard.

After Han Dazhu and Luo Xiujian left, Li Guihua, Hu Xiaofeng, and Zhang Cuiyun knocked on the Han family’s door.

Hu Xiaofeng cleared her throat and shouted in the gentlest voice she could muster, “Xi, Xi, it’s your mother. Open the door!”

After knocking for a long time, there was no response. Hu Xiaofeng’s face gradually froze.

Zhang Cuiyun crossed her arms and rolled her eyes. She mocked, “Sister-in-law, Little B*tch... no, Xi is your daughter. Now, she doesn’t even listen to you. Tsk, tsk. She’s really unfilial!”

Hu Xiaofeng was furious. Zhang Cuiyun’s words undoubtedly added fuel to the fire. She sneered. “That’s right. No matter how unfilial Xi is, she’s not like some shameless women who not only got herself pregnant but also had an abortion. It’s really shameful.”

When Zhang Cuiyun heard this, she was furious and cursed, “Hu Xiaofeng, say that again. I’ll tear your mouth apart.”

“Hmph, I dare you to do it again. I’m not afraid of you.” As she spoke, Hu Xiaofeng was already prepared to fight.

Seeing that the two of them were arguing, Li Guihua was furious. "Are you done? Don't forget our purpose for coming today. If you mess it up this time, I'll kick you out. I don't want useless people in my house."

Zhang Cuiyun and Hu Xiaofeng looked at each other in disgust. They snorted and turned to knock on the door again. However, after knocking for the first time, the door was opened.

The person who came out was Qin Xi.

Now, not only was Qin Xi's figure well-proportioned, but she also seemed to have grown a lot taller.

Especially that doll-like face. It was born with a smile and was flawless. Her deep and dark phoenix eyes flickered with innocence and purity. Her messy short hair was also trimmed into a smooth bob. She looked even more beautiful than a porcelain doll.

Seeing Qin Xi like this, Li Guihua and Zhang Cuiyun were extremely jealous.

Even old women had the desire to compete to see who was more beautiful. Of course, they were not arrogant enough to compare themselves to Qin Xi with their current looks. Instead, they compared themselves to Qin Xi when they were young. To their surprise, they realized that they were far inferior than her.

This made the two of them feel quite upset.

Only Hu Xiaofeng's eyes widened when she saw Qin Xi.

The two of them looked more and more alike. It was as if they were carved from the same mold. She had already forgotten what that woman looked like. Now that she saw Qin Xi, the blurry memories surfaced again.

For a moment, Hu Xiaofeng panicked!

Chapter 202: Die at Birth

Seeing that Hu Xiaofeng seemed to be looking at someone else through her, Qin Xi narrowed her eyes and her gaze suddenly became sharp. "What are you afraid of? Or rather, what are you hiding?"

Hu Xiaofeng felt guilty and subconsciously changed the topic. "W-What did you say? I don't understand. We came today to ask you to come home for a meal. The old man has something to tell you. Come quickly!"

Li Guihua did not notice anything amiss, but Zhang Cuiyun felt that Hu Xiaofeng was hiding something. However, now was not the time to ask. Her goal today was to lure Qin Xi back. When she got the money, the Lin family would be nothing in her eyes.

"I'm not going back!" Qin Xi's eyes immediately lit up with fear, and she shook her head like a rattle-drum.

Li Guihua panicked. A loving look appeared on her mean face as she coaxed, "Xi, are you still angry with your grandfather?"

She sighed and pretended to be guilty. "Xi, you have to believe that your grandfather dotes on you the most. All these years, your grandfather never wanted to abandon you. Actually, before you were born, a Daoist came to our house. That Daoist said that we shouldn't bring up too indulgently, or she would die at birth. Therefore, in order to let you live, I had no choice but to treat you harshly."

Regardless of whether what Li Guihua said was true or not, the second half made Qin Xi frown.

Daoist?

Die at birth?

She subconsciously looked at Hu Xiaofeng and saw that her face was a little pale and her eyes were wandering.

This time, Qin Xi was even more certain that Hu Xiaofeng's biological daughter was dead, and she was not her biological daughter at all.

However, seeing that Li Guihua and Zhang Cuiyun did not seem to be suspicious at all, they probably did not know the truth that Hu Xiaofeng's biological daughter was dead.

Of course, there was another most important clue, which was that Hu Xiaofeng should have met the Host's biological parents.

Just now when Hu Xiaofeng saw her, it was as if she was looking at someone else through her.

"Yes, Xi, let's go back together. It's just a meal. We'll be back after eating!" Hu Xiaofeng forced a smile.

Qin Xi pursed her lips and pondered for a moment. After a while, she nodded. "Alright, let me lock the door."

"Okay, okay, we'll wait for you!" Seeing her nod, Li Guihua was so happy that she couldn't stop smiling.

While Qin Xi was locking the door in the courtyard, Zhang Cuiyun tugged at Li Guihua and said suspiciously, "Mom, I think it's strange that the little b*tch agreed so readily."

Li Guihua said indifferently, "What's strange about that? Hasn't she always been like this?"

"No, haven't you noticed that in the past few confrontations, that little b*tch has been very calm and composed? This time... I have a feeling that she shouldn't compromise so easily!"

Especially the first two times Qin Ling and Qin Lan were taught a lesson by that little b*tch. This made her feel that Qin Xi had changed and become even more fierce.

Although Li Guihua also felt that Qin Xi was different from before, there were so many people in the Qin family. It was not a problem for them to deal with a little girl like her. Then, she said confidently, "Don't worry, she's just a little girl. There are so many of us against her. I don't believe she can escape."

Zhang Cui thought so and did not say anything else.

Just like that, the three of them escorted Qin Xi to the Qin family like bodyguards. When the villagers passing by saw this, a trace of surprise flashed across their eyes.

Didn't they fall out some time ago? It had only been a few days, but they had already made up?

Everyone was making speculations!

Chapter 203: Don't Even Think About Escape!

The Qin family!

At this moment, a large straw shed was set up in the Qin family's courtyard. Under the shed were some daily necessities and cabinets.

Yes, there were cabinets for storing clothes and blankets, and some pots and pans. To put it simply, they moved all the furniture in the house to the courtyard, which was the furthest from the house.

Some time ago, because Tao Po had taken over the Qin family, no one in the Qin family dared to enter the house now. They even paid for someone to take out these things.

Initially, the Qin family wanted to try entering the house. After all, they had had enough of the smell in the cowshed.

Although there were no more cows, they felt that their bodies were filled with the smell of cow dung. Even the breath they exhaled when they spoke was the smell of cow dung.

They had had enough of this smell.

However, after they boldly entered, they suddenly felt a gust of cold wind in the room. It was summer, but they felt goosebumps on their skin. There was even a trace of snow on their hair and eyelashes.

This frightened them greatly. They ran out like a swarm of bees and did not dare to barge in again.

Qin Xi saw that they were all gathered under the cowshed and eating at a big table.

Moreover, there seemed to be something cooking in the big pot at the side.

Qin Xi's eyes lit up and she walked in slowly with a faint smile. She glanced at the chowder in the pot and mocked, "Yo, everyone is here apparently. Didn't you say you wanted to treat me to a meal and have something to tell me? Why did you start without me?"

Xu Wan sat on the stool and had no intention of moving. She snorted and picked up some potatoes with her chopsticks to put into the bowl. She mocked, "Heh, you're a big boss now. Of course, you don't want to eat the food we eat."

She wanted to humiliate Qin Xi, but Qin Xi nodded seriously. "You're right. I really don't like this pot of pig food."

Not to mention Xu Wan, even the others were dumbfounded. None of them expected Qin Xi to say such a thing.

Qin Guobiao's face darkened. He slammed his chopsticks on the table and scolded, "You unruly thing!"

When he said this, Qin Gang put down his chopsticks and jogged to lock the door, as if he was afraid that Qin Xi would run away.

Qin Xi raised her eyebrows. "What's going on? Is this a trap?"

"It doesn't matter if it is a trap. Little b*tch, aren't you very capable? Let's see how you can escape today." Qin Gang smiled maliciously.

Qin Xi shrugged with a smile. "Escape? Why should I escape?"

"It's best if you don't." Qin Gang said with a sinister smile.

Then, he looked at Lin Keke and Xu Wan and said maliciously, "Haven't the two of you always wanted to vent your anger? What are you waiting for? Go up and teach her a lesson. Let her remember the rules of our family. I'll watch over her. If she dares to fight back, I'll slap her."

As he spoke, he broke a tree branch from a tree and swung it in the air, making a sound.

It had indeed been a long time since Xu Wan and Lin Keke taught Qin Xi a lesson.

During this period of time, Qin Xi had been in the limelight. While they were jealous, they also felt resentful.

No one liked a person who had once been trampled on by them without any dignity suddenly turning the table around.

This feeling made them feel terrible, as if it had become their inner demon.

As the two of them approached, Qin Xi still had a smile on her face. "Old Master Qin, is no one going to do anything about it?"

Chapter 204: In A Mess!

When Qin Guobiao heard her call him Old Qin, his heart skipped a beat and a trace of coldness flashed across his eyes.

He said calmly, "You sassy girl. It's indeed time to teach you a lesson."

At this moment, Li Guihua also looked like she was watching a good show. She shouted at Zhang Cuiyun to go up and help them. "Cuiyun, go and help them too. I think the little b*tch has gained a lot of weight recently. Don't let her hurt my precious granddaughter-in-laws."

Her words were as disgusting as her fake kindness just now.

"Heh, you really haven't changed at all. You're still as shameless as ever!" Qin Xi sneered in her heart.

Lin Keke, Xu Wan, and Zhang Cuiyun surrounded Qin Xi and said with a sinister smile, "Cut the crap. No one will save you today even if you shout your lungs out! Little b*tch, you'd better lick my shoes obediently!"

The person who spoke was Xu Wan. As she spoke, Qin Xi remembered that Xu Wan had once asked the Host to lick the soles of her shoes.

This memory was actually a little blurry to Qin Xi. She did not know if it was because the Host did not want to remember the humiliation she had suffered in the past or if she had forgotten about it. If not for Xu Wan's reminder, Qin Xi really would not have remembered this.

"Lick your shoes?" Qin Xi smiled, but her eyes were filled with coldness. "Indeed, it's time to settle the score with you."

Hearing her words, for some reason, Xu Wan's eyelids twitched. However, she did not think too much about it. After all, Qin Xi was like a turtle in a jar now. They could do whatever they wanted.

At the thought of this, the three of them gave each other a look and pounced on Qin Xi.

They wanted to grab her hair and scratch her face, and the most disgusting thing...

From the corner of her eye, Qin Xi saw Xu Wan squatting down and reaching out to pull down Qin Xi's pants.

Qin Xi suddenly remembered something disgusting from her blurry memories. Although the person at that time was not Xu Wan, that memory still frightened the Host and made her fall sick for two to three days.

This person was Qin Lan's father, Qin Hongshan, who had not shown up for a long time.

Her eyes suddenly turned cold, and she kicked out without hesitation. Xu Wan screamed and rolled on the ground like a potato, clutching her stomach in pain.

Then, she slapped Lin Keke and Zhang Cuiyun on the face. Their faces instantly swelled up like a pig's head, and two of their teeth even fell out.

The three of them were defeated before they could even touch the corner of Qin Xi's clothes. The Qin family was stunned for a moment.

Qin Xi did not give them a chance to react. She picked up the shovel at the side and shoveled a pile of soil onto the dining table. In an instant, the people around the table were covered in dirt and ate a mouthful of soil.

This time, Qin Guobiao, Li Guihua, and the others were so angry that they almost had a brain hemorrhage. The old lady's face was covered in dirt and she was in a sorry state. She pointed at Qin Xi with a trembling finger and shouted fiercely, "Kill this little bastard. All of you, attack and hold her down. I'll let her know the consequences of angering me today!"

Qin Xi still had a cheeky smile on her face. "If you have the ability, you can try."

It was provocation, blatant provocation.

This time, the Qin family couldn't take it anymore. Qin Gang, Qin Ling, and Qin Feng used the same tactic. In the end, they were still sent flying away before they could touch the corner of Qin Xi's clothes.

In an instant, the Qin family was in a mess.

Chapter 205: 100,000 Yuan Hush Money

Qin Xi did not hold back at all and started to beat the three of them up.

As she smiled, she kicked. Every kick was accompanied by a scream, making everyone's hearts skip a beat. They looked at Qin Xi as if she was a devil. For a moment, no one dared to stop her.

"Aren't you all quite cocky? You've bullied me a lot since I was young. No matter right or wrong, you always beat me up first. How does it feel to get beaten up? What goes around comes around. Do you feel good?"

Qin Xi's tone was very gentle, but it made the others shiver.

"Ahhh... Little b*tch, how dare you hit me? I'll kill you..."

Qin Gang was an impulsive person. He stood up and pounced on Qin Xi.

However, before he could stand up stably, he received a kick as powerful as a meteor, almost causing his bones to shatter.

He grimaced in pain and cursed, "You little bastard, little b*tch. I'm going to kill you and make your life a living hell."

Qin Xi sneered and kicked him again. "Make me live in hell? Today, I'll let you have a taste of what it's like to be in hell."

As she spoke, she took out a silver needle and inserted it into Qin Gang, Qin Feng, and Qin Ling's acupoints.

At the same time, she quickly drew a talisman in the air and stuck it on their heads. The talisman disappeared and the three of them lay on the ground silently. At first glance, they looked like they were corpses.

When the others from the Qin family saw this, their bodies trembled and their faces turned pale.

Zhang Cuiyun's expression changed from shock to hatred and disbelief. She pointed at Qin Xi and shouted resentfully, "You, you actually killed them? My son... I'm going to kill you!"

When Qin Guobiao and Li Guihua heard this, their legs went weak and they staggered to sit on the stool, almost fainting. They muttered, "They're dead?"

Hu Xiaofeng immediately jumped out. She pointed at Qin Xi and cursed, "B*tch, how dare you kill people? I'll punish you on behalf of the heavens and beat you to death today!"

She and Zhang Cuiyun rushed up to Qin Xi almost at the same time and scratched her fair face. Qin Xi had no doubt that they were really going to tear her apart.

However, who was Qin Xi? Why would an ancient martial artist be afraid of two countryside women?

In the same way, one needle was inserted into both of their acupoints. Then, three of them fell to the ground, letting out a series of screams.

Seeing that Qin Xi did not even let her mother off, Qin Guobiao and Li Guihua regretted it.

Why did they have to make things so unpleasant? Couldn't they just reason with her calmly? Why did they have to fight?

Qin Guobiao felt a chill run down his spine. He tensed up and said with a trembling voice, "Outrageous. Qin Xi, do you know that you killed people? You'll go to jail..."

Qin Xi shrugged and said with a smile, "So what?"

Qin Guobiao's expression was extremely ugly. He suddenly took a deep breath and stared at Qin Xi with his deep eyes. He sighed with emotion. "Xi, I'm your grandpa. I won't harm you. However, you've killed so many people. You'll definitely be shot. Even Grandpa can't save you!"

Qin Xi looked at him quietly, waiting for him to continue.

However, Li Guihua did not expect Qin Guobiao to say such a thing. She was dumbfounded.

He said, "As long as you hand over the property rights to the back mountain to me and give me 100,000 yuan as hush money, I'll... pretend that nothing happened today!"

Qin Hongtao, who had been squatting in the corner and trembling, gasped. "Dad, you can't pocket it all."

Chapter 206: A Worthy Death

Hearing Qin Hongtao's words, Qin Guobiao was so angry that his nose almost went crooked. He had never seen such a good-for-nothing fool in his life.

His wife and child had been killed. It was fine if this fool did not go up to help, but he was actually only worried about the distribution of money. However, what gave him a headache and frustration was that this was his son.

"Shut up!" Qin Guobiao shouted in a low voice. Qin Hongtao pursed his lips and muttered something, not daring to say another word.

Qin Xi suddenly smiled brightly.

She did not even look at Qin Hongtao. She pointed at the Qin family on the ground and looked at Qin Guobiao mockingly. "Are you saying that as long as I give you the property rights of the orchard and 100,000 yuan as hush money, you won't expose me for killing them?"

Qin Guobiao gritted his teeth and thought to himself that since things had already come to this point, he would go all out. He looked at Qin Xi even more viciously. "Yes, if you don't give it to me, this matter won't end today!"

Qin Xi clicked her tongue and praised. She gave Qin Guobiao a thumbs up. "I always thought that you were just ruthless to me. I didn't expect you to treat them the same. You even used your own grandson. As expected of the Qin family. You're really cold-blooded and sinister!"

Qin Guobiao's face immediately turned red. He suppressed the anger and nervousness in his heart and asked, "Do you agree or not?"

Qin Xi sneered and mocked, "Old Qin, are you day-dreaming?"

"You..."

Qin Guobiao was so angry that his face turned red, but he couldn't say a word.

Qin Xi pretended to think for a moment and said, "Actually, it's not impossible, but you have to promise me something."

"What is it?"

Qin Guobiao suppressed the ecstasy in his heart and asked casually.

According to the original plan, he wanted the old bachelor to sleep with Qin Xi first and threaten her. Qin Xi was just a little girl. She would definitely not tell anyone about this. Moreover, she was a married woman. If word got out, she would be embarrassed.

Therefore, Qin Guobiao wanted to use this as a threat to make Qin Xi give out the rights to the land willingly.

However, the plan changed at a speed exceeding his expectation. Qin Xi actually killed so many people. This time, he felt that even God was on his side.

Even if these were all his family, so what? At least they did not die in vain. They used the remaining value to help him earn a large sum of retirement money.

Others might not know what Qin Guobiao was thinking, but Li Guihua, who had lived with him for her entire life, knew very well. It was precisely because she knew this that she felt extremely sad and frightened. She even felt that Qin Guobiao was scarier than Qin Xi, the murderer.

However, she didn't dare to say it. What if Qin Guobiao didn't divorce her after she said it?

At this age, she definitely couldn't support herself, and her two sons were too useless to count on. Her only hope was Qin Guobiao.

Besides, if Qin Guobiao became rich, she would be able to live a good life.

At the thought of this, the guilt in her heart lessened.

Qin Xi pointed at the Qin family's house with a smile. "It's very simple. I want the Qin family's house. As long as you give it to me, I'll consider giving you the property rights to the orchard. How about that?"

"That won't do. If we give it to you, we won't have a place to stay," Li Guihua said subconsciously.

Qin Xi smiled. "Are you sure you still have the ball to go in and stay? Instead of leaving it here, you might as well give it to me."

Qin Guobiao thought for a moment and nodded. "I can give you the house, but how can I believe that you will give me the property rights?"

What if Qin Xi went back on her words?

Chapter 207: Golden Bracelet

Qin Xi pretended to be in a difficult position.

“How about this? Give me the deed first and we’ll sign it. I happen to have a bankbook of 3,000 yuan with me. I’ll give it to you. Then, you can come with me to get the land contract, ok?”

3,000 yuan?

Qin Guobiao and Li Guihua were dumbfounded. They had lived for so long but had never seen 3,000 yuan. It would be a lie to say that they were not excited.

Qin Hongtao, who was originally cowering in the corner, became even more excited. He suddenly jumped up, his eyes shining and his lips trembling with excitement. “Where’s the money?”

Qin Guobiao was not blinded by money. He asked warily, “Why do you have so much money with you?”

Qin Xi shrugged and said frankly, “I wanted the villagers to go up the mountain to help pick fruits today. This is their salary!”

“I’ll use this 3,000 yuan as collateral. As long as you sign it, this money will be yours.”

Qin Guobiao felt that something was wrong. He was threatening Qin Xi to take out the property rights to the orchard. Why did Qin Xi suddenly want this house?

However, at the thought that Qin Xi would give them 3,000 as collateral, he did not think too much about it.

He pondered for a moment and nodded in agreement.

However, although he agreed, the deed was still in the house, and there was something in the house that terrified him, so he hesitated.

Li Guihua’s face turned pale and she said with a trembling voice, “The deed is in the house, but the house is haunted. If you want to get it, go and get it yourself.”

Qin Xi said nonchalantly, “Sure, where is it?”

Li Guihua pouted. She wanted to tell Qin Xi the place, but she was afraid that Qin Xi would pocket the things inside and was hesitating if she should tell her.

“If you’re worried, you can follow me in.” Qin Xi said with a teasing gaze.

The three of them quickly shook their heads. Li Guihua quickly said, “Under the stove in the southeast corner.”

Qin Xi nodded and walked in casually.

Qin Xi looked at the stove carefully and found a square iron box under it. When she opened the box, there was a stack of money and a pair of golden bracelets worn by children. The patterns carved on them were very unique.

Qin Xi frowned and picked up the golden bracelet to study it carefully.

With the Qin family's financial condition, how could they afford such an expensive golden bracelet? Moreover, it was for the child. All these years, the Host had never seen a child of the Qin family wear it. In other words, this golden bracelet might not belong to the Qin family.

Thinking of the way Hu Xiaofeng looked at her, Qin Xi had a bold guess.

Although it was just a guess, she still put the golden bracelet back and walked out with the deed at the bottom.

Li Guihua looked at Qin Xi suspiciously. "You didn't take anything inside, did you?"

"Yes!" Qin Xi said with a smile.

Li Guihua treasured that golden bracelet very much!

She had stolen this golden bracelet from Hu Xiaofeng. Although she did not know where Hu Xiaofeng got it from, since it was in her hand, it was hers. All these years, she had taken it out almost every night to appreciate it. It had become her habit.

Therefore, Li Guihua thought that Qin Xi had taken her golden bracelet. She was so angry that she lost her rationality and pounced on Qin Xi. "Give me my golden bracelet. You little bastard, if you dare to steal my golden bracelet, I'll tear you apart!"

Qin Xi snorted and inserted a needle into Li Guihua's acupoint without hesitation.

Chapter 208: Shock

Seeing that Li Guihua had also fallen, Qin Hongtao cowered in fear and crawled back to the corner.

On the other hand, Qin Guobiao was very calm. It was not that he was not afraid, but he felt that if he had money, Li Guihua would not be qualified to be his wife. Now that she was killed by Qin Xi, he felt that he had one less burden.

Moreover, Li Guihua had lived long enough and fulfilled her purpose.

"Come, sign it and this passbook will be yours." Qin Xi took out a piece of paper and the passbook in her pocket.

The passbook was new and the balance was clearly written on it. 3,000 yuan!

Seeing the money, Qin Guobiao was extremely excited. He did not even think about it. He picked up the pen and signed with trembling hands.

However, at this moment, he did not notice where the paper and pen came from...

After seeing the contract signed by Qin Guobiao with her own eyes, Qin Xi nodded in satisfaction. She pointed at the name Qin Guobiao had signed and said, "Put your thumbprint on it!"

Just as Qin Guobiao was about to say that he didn't have a stamp pad, he saw Qin Xi take out a silver needle from somewhere.

Seeing the silver needles, Qin Guobiao was shocked. His face was pale as he took a few steps back. In the end, he accidentally tripped over Li Guihua's 'corpse' and fell to the ground.

"You, what are you doing? I'm your grandfather. You can't kill me!"

Qin Guobiao thought that Qin Xi was going to kill him to silence him. He immediately panicked and felt the urge to pee. Then, the smell of urine spread out.

Qin Xi glanced at the pool of water on his pants in disdain, her eyes filled with mockery.

She picked up the pen and signed her name on the contract. Then, she inserted a silver needle into her index finger. A drop of bright red blood flowed out. Qin Xi pressed her fingerprint on it. "Alright, it's your turn!"

Seeing this, Qin Guobiao knew that he had misunderstood her. He immediately felt embarrassed. However, compared to 3,000 yuan, losing face was a small matter. At the thought of this, he stood up shakily. He pointed at Qin Xi and said in a terrified voice, "You, stay away. I'll sign it..."

Qin Xi shrugged indifferently. After putting away the silver needle, she retreated four to five meters. "Is this enough?"

Seeing that it was about the right distance, Qin Guobiao heaved a sigh of relief. He walked over with weak legs and picked up the silver needle to make a fingerprint like Qin Xi.

However, at this moment, there was a knock on the door. A cursing and slightly drunk voice came. "Where the hell are you? Didn't you say you were looking for me? Why aren't you opening the door? Qin Guobiao, let me tell you, if you dare to play any tricks again, I'll burn down your house."

It was obvious that the person who knocked on the door was the old bachelor, Feng Laosan.

He knocked on the door so hard that the door even started to shake.

Last time, Han Shi had shattered the door with a kick. This time, the Qin family had spent quite some money to put up an iron door to prevent that fool Han Shi from smashing it again.

At this moment, when Qin Guobiao was about to shout at the old bachelor and ask him to get lost, Qin Xi beat him to it. She looked at Qin Hongtao indifferently and opened her mouth, revealing two canine teeth. "It seems like you have a guest. What are you waiting for? Why don't you go and open the door?"

Seeing her smile, Qin Hongtao felt an inexplicable chill run down his spine. He felt that Qin Xi seemed to know something.

He couldn't make up his mind and subconsciously looked at Qin Guobiao. Qin Guobiao thought his plan was exposed too and was a little nervous.

Chapter 209: Can't Let the Chance Go to Waste

"Don't, don't let him in. If he spreads the news, you'll go to jail."

Qin Guobiao's heart skipped a beat as fear spread throughout his body. He wiped the cold sweat off his forehead with trembling hands and said nervously.

He knew very well that if Qin Xi found out about their previous plan, he would very likely anger Qin Xi to the point of killing him. At the thought of this, he quickly stopped her from opening the door.

Unfortunately, just as he finished speaking, he saw the old bachelor climbing over the wall.

Seeing that his face was red, his eyes were a little unfocused, and his body was filled with the smell of alcohol, Qin Guobiao knew that he was stoned.!

Qin Guobiao's expression changed drastically. He pointed at the old bachelor and shouted, "Feng Laosan, what are you doing here? Get out. You're not welcome here."

The old bachelor burped and looked over, as if he had just recognized Qin Guobiao. He cursed, "You old thing, aren't you the one who said that you have something good to discuss with me today? Money or your granddaughter? Let me tell you, Qin Guobiao, the deadline is tomorrow. If you can't take out either of these two... I'll beat you to death..."

He staggered towards Qin Guobiao with a lecherous smile while burping.

At the thought of having a beautiful woman to accompany and serve him, he was overjoyed.

Of course, if he didn't get the woman, getting 5,000 yuan wasn't all that bad. As long as he had money, he could find any woman he wanted.

Therefore, when he heard that Qin Guobiao was looking for him, he drank some wine and came over excitedly.

"Go back first. I still have something to deal with. Tomorrow, no, tonight, I'll definitely find you tonight. I promise I'll give you an explanation."

Qin Guobiao was so frightened that he broke out in a cold sweat. He was afraid that the old bachelor would say something he shouldn't. However, what he was afraid of came true. Seeing Qin Xi throwing a mocking look at him, Qin Guobiao felt like he had fallen into an icehouse. His face turned pale and he opened his mouth, not knowing what to say.

Although Qin Xi was smiling, in her smile, one could tell there was a murdering intent.

Qin Guobiao knew very well that Qin Xi was no longer the Qin Xi who was at the mercy of others. She was now a devil, a devil who killed without batting an eyelid.

"Hey, Old Qin, why are you chasing me away? I... Oh, who is this? She's really beautiful. Let me touch her!"

Feng Laosan was already a little drunk. When he walked in, he saw Qin Xi standing at the side. His eyes lit up and he smiled lecherously, wanting to touch Qin Xi's face.

Qin Guobiao quickly pushed Feng Laosan away and stood in front of Qin Xi. He shouted, "Feng Laosan, this is not a place for you to do whatever you want. Get lost!"

Previously, he had indeed thought of asking Feng Laosan to ruin Qin Xi's reputation, but now, the plan had changed. If anything happened to Qin Xi at this time, the 100,000 yuan he could easily get would be gone.

Qin Guobiao naturally had to protect what he had sacrificed so many lives for.

Feng Laosan widened his eyes and pointed at Qin Guobiao's nose. "Oh, you old thing, how dare you get in my way? Do you believe that I'll slap you to death?"

He was drunk to begin with and was a rascal under the effect of alcohol. Before Qin Guobiao could react, he raised his arm and punched him.

Chapter 210: Magnifying the Fear

Although the old bachelor was called the old bachelor, he was actually in his forties, much younger than Qin Guobiao.

Therefore, his body was naturally much stronger than Qin Guobiao's. Moreover, after drinking, he was more fearless.

Qin Guobiao did not expect him to suddenly attack and was slapped hard on the face. He felt a buzzing in his head and ears, and his face was burning with pain. He even lost a tooth and blood instantly flowed out of the corner of his mouth.

He was almost 70 years old and had never encountered such a thing. Qin Guobiao immediately felt angry and humiliated.

Seeing that the old bachelor was about to slap him again, Qin Guobiao was so angry that he trembled. Then, he used his body to slam into the old bachelor.

The old bachelor did not expect him to fight back and was immediately knocked back. Qin Guobiao took the opportunity to slap him back. After slapping him, he still felt angry. He raised his hand and slapped Feng Laosan's face one after another.

He scolded as he slapped him, "You little bastard, how dare you hit me? If I don't beat you to death today, I'll take your surname!"

The old bachelor was stunned from the slapping and could not find his bearings. He felt dizzy and his face hurt.

However, after being beaten up, he was completely sober. Seeing that Qin Guobiao had no intention of stopping, he roared angrily and instantly stood up to kick the old man to the ground.

This kick was not light. The old man did not get up for a long time. Seeing that the old bachelor was about to reach out his hand again, Qin Guobiao panicked and quickly shouted at Qin Hongtao in the corner, "Hongtao, you good-for-nothing, come and help me. Can't you see that this beast is hitting your father?"

Qin Hongtao acted as if he did not hear him and had no intention of moving. He even thought to himself, "I'll just watch you fight. It's best if you get beaten to death. This way, all the money will fall into my hands. At that time, I'll take the money and run away."

Seeing that his son was not gonna do anything, Qin Guobiao was furious. "Qin Hongtao, you bastard. Why did I give birth to a good-for-nothing like you?"

Qin Hongtao pursed his lips and did not care. His eyes were fixed on the passbook in Qin Guobiao's arms, thinking that when the time was right, he would snatch it away.

However, no one noticed that Qin Xi had already left silently while the Qin family, who was lying on the ground, slowly woke up.

Hearing Qin Guobiao's scream, the few of them subconsciously curled up and trembled slightly.

At this moment, their eyes were filled with fear, as if they had experienced a terrifying nightmare. They were timid and no longer as arrogant as before.

Even when they saw Qin Guobiao being beaten up by the old bachelor, their eyes were still darting around, afraid that they would be implicated.

Hence, Qin Guobiao's scream came from the Qin family's courtyard. It was precisely because his scream was so miserable that it attracted many villagers.

Just like that, when Qin Guobiao was saved by the villagers, his face was swollen like a pig's head and all his teeth had fallen out. His miserable appearance was unbearable to look at.

As for Li Guihua and the others, after Qin Xi cast the Nightmare Talisman on them, they were almost tortured to the point of mental collapse. Actually, Qin Xi did not do anything. She just magnified the fear they already had in mind.

Everyone had fears, and the Qin family's fear was none other than Tao Po who was still haunting the house.
