Chapter 261 My Precious Granddaughter Married a Fool!

“Xi is really smart. You’ve already thought of everything.”

As soon as Qin Xi finished speaking, Han Shi bootlicked her.

Qin Xi blushed and coughed lightly. “Of course, the most important thing for us is still the tea tree. When I develop a good tea plant, at that time, those villagers who want to cultivate it can join us. Those who don’t, we’ll rent the land and get them to help us.”

Qin Xi knew very well that tea was the most profitable. In the future, good tea could be sold for an astronomical price. Moreover, the tea tree played a crucial role in whether the village could become the number one village in the future.

At the thought of this, she had a bold idea. She wanted to specially provide Shangwan Village with top-notch tea. She wanted Shangwan Village to become the number one tea village in the world.

“Sure!”

After discussing the matters related to Shangwan Village, they finished breakfast. It was getting late, so Han Shi and Black Ghost drove away.

Qin Xi asked Blood Stealer and the other two to continue cultivating at home while she took the medicinal bath bag she had prepared and waited for Elder Mu’s driver to pick her up.

Luoshan Sanatorium.

In the ward.

“You’re here!”

When Mu Tianzheng saw Qin Xi, his eyes lit up.

Qin Xi smiled and asked about his condition. “How do you feel? Did you sleep well last night?”

“Yes, I’m well rested.” Mu Tianzheng pointed at the chair beside him. “Sit.”

Qin Xi sat beside him and took his pulse. “Not bad. Your body is very strong. All these years, although the poison has been hiding in your body, it hasn’t caused much damage.”

Actually, even without taking his pulse, she could tell that Mu Tianzheng looked much healthier than yesterday, especially his voice. He looked like a completely different person from yesterday.

Suddenly, Mu Tianzheng asked, “Your second uncle and two cousins are here. Do you want to see them?”

Qin Xi thought for a moment and shook her head. “No, I don’t think so. Didn’t you say that the situation in the capital is not too stable now? In addition, that woman has been eyeing us covetously. If we meet like this, I’m afraid I still need your protection with my current strength. Let’s wait for a while. When I’m powerful, I’ll seek justice for her.”

Now was the critical moment for her uncle to run for office. If they met like this, it would more or less affect the situation.

The woman she was talking about was Chu Yi's current wife. She was also a problem. Now, Qin Xi was just an insignificant character and did not have the strength needed to deal with them.

Therefore, avoiding seeing them was the best choice for now. Besides, she did not know if she should accept this family.

Mu Tianzheng was also very satisfied with Qin Xi's choice. He thought the same way.

Although the Mu family had the ability to protect Qin Xi, Qin Xi clearly didn't need it and she knew what she wanted to do. It wasn't too late for her to meet up with the family after she achieved her goal.

"By the way, I heard from Wan Shiyue that you're already married. How is it? Does your husband treat you well? Why didn't you bring him to see me?"

Qin Xi smiled faintly. "Now is not the time. Let's talk about it later!"

"That guy doesn't treat you well?"

Mu Tianzheng frowned and snorted. "With your background, not many rich young men in the capital are qualified to marry you, let alone someone from the countryside. Xi, don't worry. When I go back, I'll find you a better one. No one in the Mu family should be taken as a pushover."

When Mu Tianzheng found out that his precious granddaughter had been sold to a fool, he was furious. Fortunately, Wan Shiyue put in a lot of good words for Han Shi. Otherwise, who knew what the old man would do?

Chapter 262 Taken Away

"He treats me very well. We're husband and wife." She made her attitude very clear with just one sentence.

Seeing how serious she was, Mu Tianzheng did not insist. It was not easy for him to find his granddaughter. He did not want to worsen their relationship because of a guy he had never met.

Moreover, the people he sent were probably already there.

At the same time, in Qinglin Town.

A small truck stopped in front of a hardware shop. Two tall and muscular men got out of the truck.

Seeing that there were customers, the Qin family immediately perked up and welcomed them warmly.

The Qin family had no choice but to go and seek refuge with Qin Hongshan, who opened a shop in town. Although Qin Hongshan took them in, he had conditions.

As long as they could sell an amount of goods worth 20 yuan a day, he could allow them to sleep in the shop.

Of course, his real goal was actually the few thousand yuan in Qin Guobiao's pocket. When he got the money, he would naturally chase these freeloaders out.

“Misters, what do you need? We have all the goods you want, and the quality is top-notch.”

“Cut the crap. Are you Qin Guobiao’s family?”

Before Qin Ling could finish, he was interrupted by a burly man who swept his gaze across everyone in the room.

Sensing that the situation was not right, Qin Ling’s heart skipped a beat. He asked cautiously, “Uh... what’s the matter?”

The burly man’s eyes narrowed as he raised his hand and slapped Qin Ling.

Before Qin Ling could react, he was sent flying. Two teeth flew out in midair, and he fell to the ground like a sack. It was so painful that his bones seemed to have broken. His rapidly swelling face was filled with shock and fear.

“Why are you hitting me? Help, someone is killing me. Someone, come and help me!”

Zhang Cuiyun, who had just let out two cries, felt a pain in her stomach. A strong leg kicked her to the corner of the wall. It was so painful that her face turned pale and she instantly broke out in cold sweat. She curled up like a cooked prawn.

The others did not dare to make a sound or help her up. They could only stand rooted to the ground in fear with cold sweat breaking out all over their face.

Seeing that they had quieted down, the two burly men nodded in satisfaction and asked fiercely, “Let me ask you again. Are you Qin Guobiao’s family?”

Lin Keke was so frightened that her legs trembled. She stammered, “Yes, yes...”

“Very good. Then come with us!”

The burly man took a step forward and said domineeringly. When he said this, it was intended as an order. He didn’t plan to give them a chance to refuse. It was as if if they refused, they would end up like Qin Ling and Zhang Cuiyun.

Qin Feng mustered his courage and asked, “Who are you? Why should we go with you?”

The burly man looked at them coldly. “Do you want to get into the truck yourself, or do you want me to beat you up before throwing you into the truck?”

Perhaps because their voices were a little loud, Qin Hongshan walked in from the back of the shop with his hands behind his back. “What’s going on? Who are you?”

“It seems like your entire family doesn’t understand human language. Then don’t blame us for being rude.”

As they spoke, one of them closed the door of the shop and the other quickly rushed up. They punched them one by one and knocked out a few of them. They did not care if they were male or female and smashed everyone they saw.

In an instant, the shop was filled with banging and wailing. In the end, the entire family was tied up and thrown into the truck.

Chapter 263 A Trouble Emerged

Shangwan Village.

A low-key car stopped at the entrance of the Han family's house. Han Dazhu, who was basking in the sun in the courtyard, frowned. He slowly stood up and walked to the door.

He asked, "Who are you looking for?"

The person who came was none other than Qi Xiong, the deputy general beside Mu Tianzheng. Influenced by Mu Tianzheng, he also had an extremely oppressive and terrifying aura.

Ever since Han Dazhu started practicing the Body Enhancing Boxing Techniques, his aura had been taken to another level. In addition to the fact that he was once a hunter, Qi Xiong could not help but look at him with respect.

As if sensing that Han Dazhu was not an ordinary person, he immediately restrained his aura and asked, "May I know if this is Han Shi's home?"

Han Dazhu nodded and asked frankly, "Yes, why are you looking for my grandson?"

Qi Xiong did not hide anything. "Can I see him? I was instructed to send a message to Han Shi."

"What's the message about? You can tell me."

"I'm sorry, I was only instructed to deliver the message to Han Shi."

"Oh, that might be a little unlucky. My grandson went to Luoping City to look for his wife."

Seeing that he was insistent and did not look like a bad person, Han Dazhu thought for a moment and told him the truth, "But don't be anxious. That kid should be back soon. If you don't mind, come in and sit for a while. The sun is quite strong outside."

"Thank you, then." Qi Xiong naturally wouldn't mind getting to know the Han family better.

He had two goals in coming here. Firstly, he was here on Elder Mu's orders to test Han Shi. Secondly, he was asked to find out if the Han family was trustworthy or not.

At this moment, Han Shi did not know what kind of serious test he was about to face. His mind was filled with the scene of being intimate with his wife.

**

Outside the sanatorium, Qin Xi saw Wang, Meng Chang'an's chauffeur.

The two of them were old acquaintances. Wang jogged up to Qin Xi and handed her the file with a smile. "Miss Qin, Minister Meng asked me to give you this. He said that all the documents you need are here. If you need anything else, just tell me. Don't stand on ceremony with him."

Qin Xi took the file and said with a smile, "Thank you for coming, Brother Wang. Help me thank Uncle Meng. By the way, if you have time, come with me to the fruit shop to bring some fruits back."

"I have time, I definitely have time." Hearing that, Wang nodded repeatedly.

One of the missions he came for was to bring back fruits. If Miss Qin didn't tell him, he would have asked.

Just like that, the two of them went to the fruit shop.

However, what Qin Xi did not know was that at this moment, the Sweet Dew Fruit Store was in trouble again, an unprecedented trouble

"It's poisonous. Look, the fruits in the Sweet Dew Fruit Store are poisonous and kill people. Everyone, stop buying..."

A middle-aged woman pointed at the man who was foaming at the mouth and twitching on the ground and screamed. Her penetrating voice echoed through the entire fruit shop, successfully attracting everyone's attention.

"Look, this person became like this after taking a bite of the apple. There's definitely something wrong with the fruits. Think about it. How can there be such a big fruit in the world? The fruits must be mixed with some chemicals. I advise you not to eat it. Sweet Dew is a lie."

"Someone, call an ambulance!"

"Yes, yes, I saw it too. He became like this after taking a bite of the apple. There must be something wrong with the fruits."

Chapter 264 Smashing the Store

"Yes, these black-hearted sellers must have injected chemicals into the fruits. It's poisonous. We can't buy them!"

The ear-piercing voice made Xia Tangxin and the other shop assistants at a loss. They did not understand what was going on. Why was someone suddenly poisoned?

In a hurry, Su Fang composed herself and asked a shop assistant to call an ambulance and call the police. She took a deep breath and stood up to calm everyone down.

"Calm down, everyone, listen to me first."

Su Fang shouted. Unfortunately, these people were too agitated and did not let her speak at all. Someone even pushed her hard. She was wearing high heels, so with this push, she fell. Her ankle quickly swelled up, causing her to gasp in pain.

"What are you doing? If there's a problem, solve it. Why are you pushing people? Security, where are the security guards?"

Seeing Su Fang being pushed down, Xia Tangxin was angry and anxious. She quickly shielded Su Fang behind her and shouted at the crowd.

More than 30 security guards surrounded Xia Tangxin, Su Fang, and the person who was foaming at the mouth.

"I'm the boss of the Sweet Dew Fruit Store. We'll investigate this matter and find out if it's the fruit that we sold that caused this man to become like this. Also, those who say that there's something wrong with my fruit, step forward. If you slander my business without evidence, I'll sue you. Now, let's wait for the ambulance to arrive and see what the doctor will say."

"You're just a bunch of scammers. How can you still have the cheek to talk back?"

"That's right. You sold poisonous fruits to us for such a high price. How outrageous!"

The surrounding people glared at Xia Tangxin and Su Fang and criticized them righteously, as if they were evil people.

Xia Tangxin was dizzy from the argument. When she heard these people criticizing her, she was angry and anxious. She shouted, "Everyone, listen to me. If we are really at fault, we will compensate you according to the law. If it's not our fault, I'll have to ask you all to apologize."

"Apologize? Are you qualified for our apology?"

"Pfft, there's something wrong with your fruit. How can a normal fruit be so big? You must have injected steroids into them."

"I heard that if you take too much of that hormone, you'll die. Don't be fooled by her."

"That's right. Don't be bewitched by her appearance. She must be a scammer."

"Yes, she's a scammer! We can't let them continue to run the store. Everyone, smash it."

"Smash all these poisonous fruits."

Some of them picked up the apples on the shelf and threw them to the ground. The big and round red apples were smashed into pieces.

Seeing this, the others were even more excited. They raised the fruits and threw them to the ground.

Some of the onlookers were shocked by this scene. They did not believe that the Sweet Dew Fruit was poisonous. After all, they had all eaten it. Moreover, they had also experienced the benefits.

"Stop, all of you, stop." Xia Tangxin's heart ached when she saw these people throwing her fruits like crazy.

"Yo, it's so lively here!"

Suddenly, a soft and gentle voice was heard, but for some reason, it sounded terrifying.

Chapter 265 Smash It! Feel Free to Smash It

"Can someone tell me what happened here?"

Seeing Qin Xi, Xia Tangxin immediately calmed down and went up to her excitedly. "Xi, you're finally here. If you don't come, they'll tear down the shop."

Qin Xi chuckled. "What are you afraid of? Tell me, what happened?"

"Him, her, and them..."

Xia Tangxin pointed at the five people who were kicking up the most fuss and said, "They smashed the shop and said that our fruits are poisonous."

As she spoke, she pointed at the man on the ground who was foaming at the mouth. "It's him. He's clearly not dead, but for some reason, he's unconscious. They said that he died from eating fruits and pushed Sister Fang to the ground. Her ankle is swollen."

"Oh? Someone died?"

Qin Xi raised her eyebrows and walked to the man who was foaming at the mouth. Just as she was about to check, a middle-aged woman stood up.

The woman had a mean look on her face and high cheekbones. She glared at Qin Xi fiercely and warily. "What do you want to do? Your fruit killed my husband. What else do you want to do to him?"

"He's your husband?" Qin Xi raised her eyebrows and sounded very surprised.

The mean woman straightened her neck. "Of course!"

Qin Xi sneered. "Since your husband is about to die, why aren't you taking care of him? You were quite hardworking when you were smashing things just now!"

The mean woman quickly shouted defensively, "You, don't slander me. I'm here to seek justice for my husband. My husband has been killed by you."

Qin Xi said unhurriedly, "Let me see if I'm slandering you or not. Oh, I forgot to introduce myself to you. I'm a shareholder of the fruit shop and a doctor. Speaking of which, you've already seriously affected and damaged the interests and reputation of our fruit shop. Now, let me tell you this. Whoever participated in smashing the shop today, you will be responsible for your action."

"Now, I want to see if this guy is poisoned by the fruit or not."

With that, Qin Xi was about to check the man when the mean woman stood in front of her again and tried to push her. How could Qin Xi be pushed by a weak woman? She turned her body and the mean woman missed her mark, almost colliding with someone.

"No, you can't treat my husband. Who knows if you're really a doctor or not? You're all in cahoots. You must be trying to harm my husband again."

The mean woman went crazy and stopped Qin Xi from doing a checkup because she knew that once she did, the matter might be exposed. At that time, not to mention money, they might even go to jail.

At the thought of this, the mean woman gave her other companions a look, and the other four quickly pounced over.

As they stopped Qin Xi from approaching the unconscious man, they incited every onlooker to join them.

“Everyone, help me. This shop owner wants to destroy the evidence. We can’t let her succeed. Everyone, pin her down!”

“Yes, we can’t let this evil shop continue to exist. We have to stop them...”

Some people were just watching the show, while others were just here to help with smashing the fruits. These people hated how pricey the fruits were. Now that there was such an opportunity to steal some, they definitely wouldn’t miss it.

Seeing that the scene was in chaos again, Qin Xi smiled.

“Go ahead. Smash however you want, but you’ll have to pay ten times the price. If you think it’s not enough, we still have more in our warehouse. As long as you can afford it, feel free to smash it.”

Qin Xi looked at the shop assistants. “Remember who smashed the fruits. If they don’t pay, send them to the police station.”

Chapter 266 Soap Water

Some people who were joining in the fun stopped. When they recalled what they had just done, their faces turned pale.

Someone retorted loudly, “Why should we pay you ten times the price? These fruits are all poisonous. If we smash them, we’ll be eliminating evil for the people.”

“That’s right. It’s called karma. You deserve it.”

“What a lousy shop. I’m not coming to buy anything anymore. Hmph, let’s go!”

Afraid that they would be implicated, the few of them quickly took the opportunity to escape. However, Qin Xi said casually, “Close the shop. Security, make sure no one escapes. When the time comes, I’ll give you a bonus.”

When the security guards heard that, their faces were filled with excitement. They blocked the door and looked at the people who wanted to take the opportunity to escape. “No one is allowed to leave today!”

The few people who wanted to leave turned to look at Qin Xi and said angrily, “What right do you have to stop us from leaving?”

Qin Xi couldn’t be bothered to talk to these retards. Instead, she looked at the mean woman and her companions and said unhurriedly, “Are you really not going to let me check him? Don’t blame me for not reminding you. He is in a dangerous situation. If we delay any longer, he might really die.”

Hearing Qin Xi’s words, the mean woman and her four companions were immediately amused. It seemed that this woman was just a quack. She could not even tell that her husband was pretending.

However, this was good too. This meant that their plan was not exposed.

Just as the woman was thinking this, she heard the man behind her, who was pretending to be dead, suddenly start to jerk violently, as if his neck was being strangled. His face was purple and he was in extreme pain.

When the mean woman saw her husband like this, she was also stunned. She thought that he was putting up an extra show. Her eyes suddenly lit up and she accused Qin Xi angrily, "Look, my husband is already like this, but you still won't let him off. If anything happens to him, I won't let you off even if I die."

The others who did not know the truth were really frightened when they saw the man with a terrifyingly purple face.

Xia Tangxin was also a little afraid. She moved closer to Qin Xi and asked anxiously in a low voice, "Xi, what should we do? Will he really die?"

"Don't worry, he won't!" Qin Xi gave her a reassuring look.

The man's eyes were round and terrifying, as if they were about to bulge out. He struggled with all his might, like a drowning person desperate to surface.

When the woman's companions saw that something was wrong and immediately panicked. They quickly called the man's name. "Da Gang, Da Gang, wake up. Da Gang..."

"Chunlan, your husband is really dying. Hurry up and bring him to the hospital!"

"Impossible, this is impossible. Da Gang only drank some soap. He's not..."

Zhang Chunlan was also so frightened by Da Gang's look that her face turned pale. She subconsciously let the truth out. When everyone heard the truth, they immediately understood that these people were intentionally causing trouble

No wonder they only cared about smashing things when the man fell unconscious. It turned out that the man was not poisoned at all. This was all their scheme.

"He deserves it. This is retribution!"

"Yes, they deserve it. He probably just drank too much soap water so that he's foaming."

Chapter 267 Compensation

Everyone glared at the group of troublemakers and criticized them.

Now, Zhang Chunlan could not be bothered with everyone's criticism. She sat on the ground and shook the man's body hard, crying, "Da Gang, Da Gang, wake up. Wake up. Don't leave me and our son. Da Gang..."

Qin Xi commented in satisfaction, "Sigh, that's more like it. This performance is more convincing than the one earlier. Your tears even moved me."

Hearing her words, Zhang Chunlan glared at Qin Xi and pointed at her. "It's you. You harmed my husband, right?"

Qin Xi shrugged innocently. "It has nothing to do with me. I've always been standing here!"

"It's you. You just said that Da Gang was about to die..." Zhang Chunlan had a feeling that this woman was the reason why her husband was like this.

“I’m a doctor. Of course I can tell that something’s wrong with him. Am I wrong to remind you out of kindness?”

Qin Xi said with a smile, “I think you’ve done too many bad things. so retribution is coming! However, if you compensate us for the damages, of course, at double the price, I’ll consider saving him. As you can see, he’s about to suffocate to death. If you hesitate, I’m afraid even the gods won’t be able to bring him back to life.”

Zhang Chunlan agreed without thinking. “Alright, I agree. Save my husband.”

It was not that she was rich, but she felt that as long as Qin Xi saved Da Gang, she could still go back on her word.

Qin Xi seemed to have read through her and said, “Pay first and treatment later.”

Just as Zhang Chunlan was about to flare up, Qin Xi continued, “Hurry up and fork out the money. Your husband still has one more minute.”

Zhang Chunlan’s plan failed. She was anxious and flustered. “But, but I don’t have that much money!”

Qin Xi was still smiling. “It doesn’t matter if you don’t have money. The person who instructed you to come and cause trouble is rich!”

When Zhang Chunlan heard that, panic flashed across her eyes. However, at the thought that her man was about to die, she did not think too much. She stood up and ran out.

The security guard at the door thought that she was about to run, but Qin Xi waved her hand. “Let her out.”

After Zhang Chunlan ran out, she went straight to a small car and said something. A stack of money was thrown out of the car and scattered everywhere. She quickly bent down to pick it up.

On the other side, Qin Xi walked up to Da Gang, who was on the verge of collapse. She took out a few silver needles and quickly inserted them into a few major acupoints on his chest. Then she took out the silver needles from his neck where no one could see.

The moment the silver needles were removed, the man seemed to finally be able to breathe. He panted heavily, as if he had been pulled out of the water.

Zhang Chunlan held the money in her hand. When she saw her husband waking up, she got down on her knees, the money in her hand scattering everywhere.

At this moment, sirens sounded at the door. Zhang Chunlan and the others immediately turned pale and their heads buzzed. At the same time, they thought to themselves, “It’s over!”

A few police officers walked in and looked at the mess in the shop. They frowned and asked loudly, “Who called the police?”

“It’s me, Sir. These people are here to cause trouble...”

Xia Tangxin quickly stepped forward and told him everything that had just happened. A few onlookers chimed in.

“You’re the boss, right? Come with me to the station.”

“Alright, no problem.”

The police captain nodded and looked at Zhang Chunlan and the others who were causing trouble. He said with a serious expression, “The few of you, come with me. You’d better explain everything clearly. Otherwise, you’ll suffer.”

He pointed at the passers-by who had smashed the fruits. “And you all, quickly compensate for the fruits you smashed.”

“Yes, yes, yes. We’ll pay...”

Chapter 268 The Culprit

The matter finally came to an end. Qin Xi asked the shop assistant to tidy up the shop. She gave them all a small bag of fruits and gave them half a day’s leave.

Chauffeur Wang watched from the side the entire time. Although Qin Xi was quite experienced in dealing with things, he did not understand why Qin Xi did not drag the real culprit out.

Hence, he asked frankly, “Miss Qin, why did you let the culprit off?”

“Let him go?”

Qin Xi smiled mysteriously. “How do you know he can get away with it? Do you think I’ll show mercy to people who offend me?”

The faint smile on Qin Xi’s face frightened Chauffeur Wang. Previously, he had heard from Minister Meng that Qin Xi was not a simple person and told him to be careful. Back then, he didn’t understand it. Now, he was awe-struck.

“Brother Wang, these are the fruits for Uncle Meng. Also, this basket is for you. Thank you for your help. If you finish it, come and get more. Don’t stand on ceremony with me.”

A few shop assistants brought over two big and one small fruit baskets.

Wang quickly nodded and was impressed again by Qin Xi’s ability to win people over.

After sending Wang away, Qin Xi checked Su Fang’s ankle. “It’s nothing serious. It’s just a flesh wound. You’ll be fine after I perform acupuncture.”

Su Fang endured the pain and thanked her. “Thank you, Miss Qin.”

Qin Xi took out an acupuncture bag and began to treat Su Fang.

At the shop, things were finally settled.

As for the culprit behind it, the reason why Qin Xi was alright with letting him go was because she had put a tracking talisman on that person’s car. She wanted to play her prey slowly before killing it.

The car turned a few streets and finally stopped in front of a fruit shop. The door opened and a middle-aged man in his forties got out.

The man was thin and ordinary-looking. He was wearing a suit and glasses and looked very honest.

However, if one looked closely, they would notice a trace of sinister light in his eyes.

His name was Qiu Shengli, and he was the boss of Victory Fruit Store. The reason why he hired Zhang Chunlan and the others to cause trouble at Sweet Dew was naturally because he was angry.

Ever since Sweet Dew Fruit Store opened, his fruit shop as the number one fruit shop had been replaced. The other fruit shops were not big and weren't as seriously affected. Only his fruit shop was about to close down.

Moreover, it had been three days since anyone patronized his shop. Some fruits had long rotted. At this rate, it was only a matter of time before the shop closed.

Therefore, he had no choice but to think of this method. He only wanted to smudge the reputation of the Sweet Dew Fruit Store so that he could make a comeback.

However, he did not expect Zhang Chunlan and the others to be so useless. Not only did they not get what he wanted, but he also lost a big sum of money. He was really angry. He could only come back for the time being and think of another way.

Chapter 269 Slapping Qin Lan

"How's it going?"

Seeing Qiu Shengli return, his wife walked over and asked anxiously, "Is it done?"

Qiu Shengli's face was livid. "Don't mention it. They're just a bunch of trash."

"Then what should we do? If we can't ruin their business, won't our fruit shop close down? Hubby, quickly think of a way!"

The woman panicked and quickly shook his arm, making Qiu Shengli feel frustrated. He pushed the woman away and said angrily, "Think of a way, think of a way. Do you think I have nothing else to do? You only know how to fool around every day. At the critical moment, you can't help at all!"

After venting his anger on his wife, he turned around and went upstairs, leaving the woman sitting on the ground in disbelief.

Upstairs, he looked around to make sure no one was around. He picked up the phone and dialed a number. After three beeps, the call was answered. A man's voice came from the other end. "Hello?"

When Qiu Shengli heard the voice, he quickly said respectfully. "Hello, is this Master Qi? I screwed up..."

"Yes, that's normal!"

Master Qi's voice was emotionless, making Qiu Shengli's heart sink and his back turn cold.

"Don't worry, this is just the appetizer. The show is still ongoing! As long as you follow my plan, no matter if it fails or not, you will benefit greatly."

"Forgive me for asking. Master Qi, what's the purpose of you doing this?"

“You don’t have to worry about that. You just have to remember that even if you’re exposed, you can’t expose me. Of course, even if you’re exposed, I have the ability to fish you out.”

“Yes, yes, yes. Master Qi, don’t worry. I won’t say anything.”

“That’s good.”

After hanging up, Qiu Shengli wiped his forehead, but his eyes were filled with hatred. “Sweet Dew Fruit Store, just you wait. You are destined to fail.”

**

Pingluo Village.

Qin Lan was still sleeping when suddenly, a slap landed on her face without warning. Immediately after, her scalp hurt and she was forcefully pulled off the bed.

“Jinx, ever since you married into our Lin family, the Lin family has been in trouble one after another. If you hadn’t seduced my son back then, would my son have become like this? You’re just a jinx and a piece of trash. Our Lin family is really unlucky to have you.”

Qin Lan felt dizzy. She screamed, “What are you doing? Hurry up and let go. It hurts. Let go of me. Guosheng, Guosheng, come and help me. Your mother is crazy. Pull her away...”

“How dare you piece of trash say that I’m crazy? Alright, I’ll show you how crazy I am today.” As she spoke, the old lady pulled her hair with her thin hand and slapped her face.

No one from the Lin family went forward to help. They all looked at each other with gloating eyes.

The old lady’s name was Tao Cuihua, and she was Lin Guosheng’s mother. In the Lin family, the old lady had the final say. Even Old Lin had to listen to the old lady.

Looking at Qin Lan, who was being slapped, Lin Guosheng’s eyes were filled with hatred. He gritted his teeth and shouted, “Kill her, Mom. Kill her.”

Qin Lan was confused. She felt especially aggrieved and indignant, especially when she heard Lin Guosheng’s words. She screamed, “Lin Guosheng, you good-for-nothing. Your wife is being beaten up, but you don’t even want to help. You’re a useless good-for-nothing!”

Lin Guosheng was furious. Ignoring the injuries on his body, he leaped to Qin Lan in two steps and kicked her in the stomach.

“Ouch...”

Chapter 270 Kid, You’re Doomed!

Qin Lan felt a pain in her stomach and her face instantly turned pale. The old lady who was grabbing her hair also pulled a strand of her hair off.

She was in so much pain that she almost fainted. Her eyes were filled with viciousness. “You, you all...”

Unfortunately, before she could finish, Lin Guosheng kicked her again. For a full 15 minutes, Lin Guosheng almost beat Qin Lan to death. If not for the fact that his body was in pain, he really wanted to kick her to death.

Looking at Qin Lan, who was on the verge of death, the old man finally spoke. He pondered and said, "Throw her to the old bachelor. From now on, she's no longer our daughter-in-law."

Yes, Lin Guosheng's injuries were caused by the old bachelor's family.

Initially, Lin Guosheng and the old lady went to Shangwan Village to ask about the ownership of Qin Xi's orchard. Unexpectedly, the Qin family was nowhere to be found. Instead, the house was taken over by a group of strangers.

Later on, they asked the villagers about the Qin family and found out that the Qin family had been kicked out of Shangwan Village. Qin Guosheng was furious. Just as he was about to go to the Han family to argue with them, he met the drunk old bachelor and his uncle.

Because of Qin Lan, the old bachelor's balls broke. He had yet had the chance to go to the Qin family to ask for compensation. Now that he saw Qin Lan's husband, driven by drunkenness, he beat Qin Guosheng up.

He even threatened that if Qin Guosheng did not hand Qin Lan over or compensate 5,000 yuan, he would go to Pingluo Village to cause trouble.

The Lin family would definitely not fork out 5,000 yuan, and Qin Lan's fate was obvious.

Shangwan Village.

"Grandpa, Mom, I'm back!" Han Shi ran into the house with a flushed face.

However, when he saw Qi Xiong and his grandfather sitting under the tree in the courtyard, his eyelids twitched. He stopped smiling and asked, "Who are you?"

Before Qi Xiong could speak, Jiu Yuan floated out and said gloatingly, "Who else can he be? He's from your wife's real family. Oh, no, he is at most a servant. I can tell that he's from the capital. Kid, you're doomed! Your wife's real family must be a big family. They won't recognize you as Qin Xi's husband. If they want to break the two of you up, there is nothing you can do."

Hearing Jiu Yuan's words, Han Shi's mind went blank and his heart sank.

Seeing that he was standing there in a daze, Han Dazhu called out twice, but there was no response. He was so angry that he grabbed the slippers on his feet and threw them over. He growled, "Little brat, I'm talking to you. Why are you standing there like a fool?"

Han Shi smiled foolishly and picked up the old man's slippers. He asked suspiciously, "Huh? Oh, Grandpa, this is..."

Qi Xiong narrowed his eyes and exuded an oppressive aura. He looked at Han Shi with a sharp gaze. "Are you Han Shi?"

“Kid, hold on. He’s just testing you. You can’t be afraid. If you’re afraid, you probably won’t have a chance with your wife. Why are you afraid of him? Suppress him with your aura and let him know who is the boss.”

To be honest, when Han Shi saw Qi Xiong’s intimidating gaze, he subconsciously wanted to avoid it. It was not that he was afraid, but he felt the nervousness of meeting his in-laws for the first time.

If not for Jiu Yuan reminding him in time, he would probably have failed the very first test.

He composed himself and released a faint pressure. “Hello, I’m Han Shi.”

As expected, when he felt an inexplicable pressure, Qi Xiong’s heart skipped a beat. He stood up and said, “Can we talk in private?”
