Chapter 311 Mean Berserk

After that, there was nothing else.

The moment Zhou Lei jumped up, Wang Zhiqiang raised his eyes and kicked out with great force. The kick was clean and lethal.

With a bang, Zhou Lei was sent flying and smashed into Fu Yu and the others, knocking them over.

Han Shi and Berserk had long expected this outcome and their expressions did not change. On the other hand, Zhou Lei and the others were filled with shock and disbelief.

As the captain, Zhou Lei was not only good at speed, but also at close combat. In every assessment, he crushed countless opponents with his absolute strength. It could be said that he was quite confident in his strength.

However, today, he was knocked down by someone in one move. The huge difference dealt a heavy blow to his confidence.

“Hey, what did I say? Our captain is not someone ordinary people can challenge. I said it was for your own good to challenge me instead, but you didn’t believe me. Now, are you convinced?”

Berserk teased with a grin.

“Let me be honest with you. I can wipe out an ‘elite team’ like you with a blink of an eye. Not only me, but also my brothers. You can’t even touch the corner of their clothes. However, recently, a girl has learned a few moves from us. I think if you want someone to spar with, go and find her. You’ll definitely be able to fight for seven to eight rounds before losing.”

Han Shi and Wang Zhiqiang looked at Berserk at the same time and felt that he was being too mean. They happened to know who this girl was. She was Zhang Dajuan, a village woman.

“Don’t look at me like that. I’m telling the truth. I don’t mean to look down on you at all.”

Seeing that their eyes were getting redder and redder, looking like they were about to cry, Berserk asked with a smile, “How is it? Do you want me to call her over?”

“Let me try.”

Liao Ming suddenly stepped forward. He stood in the middle fiercely and angrily. He pointed at Berserk and gritted his teeth. “I want to challenge you. Do you dare or not?”

“Come on!” Berserk walked forward casually, as if he was here to chat.

“However, before the spar, I have a condition,” Liao Ming said. “If you lose, you have to apologize to us.”

Berserk made an innocent expression and shrugged. “Apologize? Apologize for what? To whom? I didn’t do anything wrong. Why should I apologize?”

“You...”

Liao Ming did not expect Berserk to play dumb. He was even more furious and rushed out without saying a word.

Because he had learned a lesson from Zhou Lei, he did not throw a punch. Instead, he kicked with all his might and exerted strength with his other foot, wanting to do a roundhouse kick.

Berserk clenched his iron fist, punching the sole of Liao Ming's foot...

"Ah..."

As expected, in one move, Liao Ming was sent flying like a kite with its string cut, knocking everyone over again. The exact same scene seemed to have been reenacted.

As for Liao Ming, he felt he could no longer feel his feet and his entire leg was trembling uncontrollably. His head buzzed and his face turned pale.

"Hey, brother, don't be nervous. Your leg is fine. It's just that I hit one of your acupoints and it temporarily caused you to lose feeling in your leg. You are not crippled. Hehehe, although I don't like you, I know that you're brought back by Lady Boss. I naturally won't do anything to you. At most, I'll just teach you a lesson."

Han Shi and Wang Zhiqiang turned to look at Berserk again, feeling that he was being necessarily honest. Zhou Lei and the others would probably suffer more humiliation from his words than from being knocked down.

Chapter 312 Asking for Apprentices

Hearing Berserk's words, Zhou Lei and the others felt so aggrieved that they almost cried.

However, Wang Zhiqiang and Berserk's strength indeed convinced them. Although they lost, they held no grudge.

"We lost!" Zhou Lei said dejectedly.

Seeing that they were all drooping their heads, Wang Zhiqiang walked up to them. He extended his hand and said, "Welcome aboard. Next, I hope you have a good time training here!"

Berserk also walked over and extended his hand. He said, "Welcome, welcome!"

\*\*

As for Qin Xi, after checking Old Master Mu's condition, she went to Dean Ma Shouhua's office.

Seeing that Qin Xi had taken the initiative to look for him, a trace of surprise flashed across his eyes. He stood up enthusiastically and shook her hand. "Young divine doctor, why are you looking for me? If you have anything to say, just say it. As long as it's something I can do, I won't refuse."

After all, she was a divine doctor and had helped him save Old Master Mu's life, so his attitude was naturally much more respectful.

Qin Xi smiled and said, "Dean, sorry to disturb you. I do have a favor to ask of you."

"Oh, what is it? Tell me!" Ma Shouhua gestured for Qin Xi to sit on the sofa.

Qin Xi did not stand on ceremony with him. She sat on the sofa and went straight to the point. "Dean Ma, I'm not going to beat around the bush. I came to look for you this time because I want to get two medical apprentices from you. I wonder if you have good candidates in mind? They don't need an education background or experience. They just need to know the herbs."

"Young Divine Doctor, why do you want medical apprentices?" Ma Shouhua asked in surprise.

Qin Xi said, "To be honest, I opened a clinic in the city. It's going to open in two days. Time is a little tight, and I haven't been able to find suitable people, so I came to look for you."

"Yes, of course. Young divine doctor, how many people do you want? I don't have many Chinese medicine doctors here, but I can definitely find you some medical apprentices."

Ma Shouhua slapped his thigh and said firmly.

"That's great. Thank you, Dean Ma."

Qin Xi was very happy. Previously, she had thought about posting a recruitment ad, but on second thought, she realized that she didn't have time to go through all the procedures of selecting and interviewing.

Therefore, she thought about Dean Ma.

The sanatorium was a national institution. The employees here were all top medical students who had been selected by thousands of people. In terms of knowledge and experience, no one was better than them.

Ma Shouhua was a man of action. He stood up and looked at Qin Xi with a smile. "Young Divine Doctor, why don't you go to the Chinese Medicine Department with me?"

"That will do. Let's go!" Qin Xi nodded.

As the two of them spoke, they walked towards the Chinese medicine department.

At this moment, in the staff office of the Chinese Medicine Department, four young male and female nurses in white coats were gathered together, looking at a small book mysteriously.

One of the female nurses became more and more excited.

"I didn't expect Pan Lingling, who usually looks submissive, to be so wild in private. She can even write such a disgusting thing. I thought she was a chase woman. She actually lied us for so long."

"Exactly. She looks like a good girl, but it turns out that she's just pretending. She can even write such a disgusting love poem. It seems like she has put a lot of effort into this in the past."

"I wonder who this letter is for. I don't think she has any male friends who are close to her!"

"This man doesn't have to be from our department. He may be from the Western Medicine Department next door. You have to know that all the doctors in our hospital have status. As long as she can hook up with one, she'll have a glamorous life."

## Chapter 313 Threat

“Hey, what are you doing?”

At this moment, a neat and fair woman walked in. Seeing a few colleagues who usually did not get along with her looking at her, she frowned and shouted.

Hearing Pan Lingling’s voice, the crowd dispersed. However, there were still two women who stayed because they did not like Pan Lingling.

A tall woman with braids crossed her arms and sized up Pan Lingling with disdain.

She said sarcastically, “Pan Lingling, you really blew my mind. In the past, I always thought that you were a good woman. When Mr. Zhao was chasing you, you pretended to be extremely reserved. It turns out that you’re so wild in private. You must have studied that kind of love talk a lot!”

The other short and fat woman rolled her eyes and said in disgust, “Tsk, tsk, tsk. You really can’t judge a book by its cover. Pan Lingling, you are hypocritical and pretentious. You pretend to be a nun, but in fact, you’re just a b\*tch. Hmph!”

Pan Lingling felt the strange gazes around her and her gaze landed on her desk. When she saw the familiar notebook, her expression changed. She took a few steps forward and was about to pick up the notebook when a big hand beat her to it.

“Lingling, it turns out that you have been pretending all along.”

The man who snatched the notebook was the Mr. Zhao they were talking about. His full name was Zhao Yang, and he was an intern who had lived overseas.

However, he was quite a womanizer. In the two months since he came to the sanatorium, all the female nurses who were slightly good-looking more or less had something to do with him.

However, Pan Lingling did not fall for his tricks at all. Her repeated rejections made him want to conquer her even more. However, as time passed, he became less motivated to chase her, so he got his other female colleagues to isolate Pan Lingling. When the time was right, he would give Pan Lingling the love and attention she wanted. At that time, he did not believe that Pan Lingling would not be moved.

Of course, it wasn’t that he liked Pan Lingling very much. He just enjoyed the process of conquering women.

Therefore, as long as he tricked Pan Lingling into falling in love with him, he would dump her. However, he did not expect that Pan Lingling had this wild side to her. Not only did he not hate and despise her, but he also felt an unbearable excitement and desire to have her.

At the thought of having a wonderful night with this wild woman, he was extremely excited. He looked at Pan Lingling with no restraint and gentleness like before. “Lingling, actually, I don’t care if you are pretending or not. What I care about is you. No matter what you were like in the past, I just want to live the rest of my life with you.”

Pan Lingling did not look happy, but her tone was still calm as she said, “I don’t know what you’re talking about. Zhao Yang, return the notebook to me.”

“Stop pretending. We all saw it. Lingling, if you’re with me, I promise they won’t tell anyone about this.”

The corners of Zhao Yang’s mouth curled up into an evil smile. “Otherwise, I’ll post all these shameless love poems you wrote on the news column outside and let everyone in the hospital read it. How about that?”

“Are you threatening me?” Pan Lingling’s eyes were red with anger. She clenched her fists tightly, her stubborn face filled with anger.

“Ask them, is this a threat? Huh? Is this a threat?”

Zhao Yang asked his colleagues who were watching the show, smiling arrogantly. “I’m just pointing out a way for you. Don’t get me wrong.”

Chapter 314 I’ll Kill You

“That’s right. What does Young Master Zhao have to threaten you? You should be happy that he likes you. Why are you still pretending to be a chaste woman? You’re really disgusting.”

Zhao Yang’s lackey immediately chimed in.

“That’s not my notebook. I found it. Give it to me.” Pan Lingling knew that they were birds of a feather, so she did not want to say too much, but she still had to explain.

The woman with braids obviously didn’t believe her. She smiled coldly and rolled her eyes. “It’s not yours? Pan Lingling, do you think we’re stupid? How can the thing in your drawer belong to someone else? Don’t tell me you’re lying because we exposed your ugly side!”

The short and fat woman echoed, “Even if you didn’t write it, what do you mean by keeping it in your drawer?”

“Do you see it? This is reality. No matter if it’s yours or not, these people will still think that it’s yours.” Zhao Yang smiled smugly and said in a determined tone, “As long as you’re with me, I guarantee that they won’t say a word. How about it? Be my woman.”

“In your dreams.” Pan Lingling was so angry that her face turned pale. She took a deep breath and said, “No matter what you say, it’s not mine. Do whatever you want!”

Actually, she also knew that once these poems were out, her reputation would definitely be damaged. However, if she chose to be with Zhao Yang, the consequences would definitely not be something she could bear.

What kind of person was Zhao Yang? Previously, it was rumored that he had knocked up a girl and forced her to abort. Because of that, the woman could never be a mother for the rest of her life.

Therefore, Pan Lingling had always told herself not to get involved with Zhao Yang.

Seeing that Pan Lingling was really stubborn, Zhao Yang was furious. In an instant, he lost all his patience. He sneered and said without thinking, “Pan Lingling, I’m giving you face, but you don’t want it. Be careful. Don’t fall into my hands. Otherwise, I’ll kill you!”

Everyone looked at Pan Lingling sympathetically. Pan Lingling's face was pale, and her eyes were instantly filled with tears. She bit her lower lip and shouted angrily and anxiously, "Zhao Yang, what exactly do you want? I told you I don't like you. Can you stop pestering me? Do you know how annoying you are?"

Zhao Yang's face darkened. He was a person who cared about his face. Not only did Pan Lingling reject him in front of everyone, but she also made him sound like he was a simp.

Without thinking, he raised his hand and slapped Pan Lingling to the ground. Her fair face quickly swelled up, and Bai Meili happened to see this scene.

Not only did Pan Lingling and Bai Meili come from the same place, but they had also been neighbors for more than ten years. The two of them had been besties since they were young. Pan Lingling took very good care of Bai Meili. It was basically thanks to Pan Lingling that Bai Meili could get a job here. Therefore, in Bai Meili's eyes, Pan Lingling was equivalent to her biological sister.

However, when she saw Zhao Yang slapping Pan Lingling angrily, the first thing she thought of was not to go over and help her good friend, but to hide from Zhao Yang.

She knew that doing this was cowardly and disappointing, but she had no choice. She was afraid, afraid of being isolated by her colleagues, and even more afraid of losing her job.

Therefore, she turned around and was about to leave when Qin Xi and the dean arrived.

The dean did not see Zhao Yang hitting Pan Lingling, but the way Pan Lingling fell to the ground and half of her face was red and swollen explained everything.

His face darkened, and his voice was deep. "Can someone tell me what happened here?"

Chapter 315 Betrayal

"N-Nothing. Dean, why are you here? We..."

Zhao Yang did not expect the dean to come to the Chinese medicine department personally. His heart tightened and he quickly walked up to the dean with a flattering smile, wanting to smooth things over..

"Don't you understand what I'm saying? Do you need me to repeat myself?" The dean narrowed his eyes and looked at him sharply.

Seeing that he couldn't hide anymore, Zhao Yang braced himself and pointed at Pan Lingling on the ground. "It's Pan Lingling. She, she always harassed me and wanted to date me. I didn't agree, so she pestered me and wrote me love poems. I really had no choice but to hit her..."

Dean Ma was a reasonable person and did not believe his one-sided story. Instead, he looked at everyone and said, "Is that so?"

"Yes, yes, Dean. Pan Lingling is always harassing Doctor Zhao. We can't stand it anymore. We tried to persuade her a few times but to no avail."

The first person to speak was the woman with braids. When she received Zhao Yang's gaze, she immediately knew that it was her chance to perform.

“That’s right. Pan Lingling is so shameless. She pesters Doctor Zhao all day long and even wrote many love poems to confess. Doctor Zhao is extremely annoyed.”

“No, I didn’t. They slandered me. I don’t like him at all.” Pan Lingling’s heart sank as she held back her tears and said stubbornly.

Her tone was filled with disgust for Zhao Yang.

The dean did not speak, but his expression was still dark. He glanced at everyone present and immediately understood what was going on when those who met his eyes looked away.

Just as the dean was about to speak, Qin Xi, who had seen everything, suddenly looked at the timid Bai Meili at the door and asked with a smile, “Miss, is what they said true?”

The dean and the others did not understand why Qin Xi suddenly asked Bai Meili. They were stunned and turned to look at Bai Meili.

Bai Meili froze. She hid in a corner to reduce her presence, but she was pushed into the limelight by Qin Xi. She was nervous and secretly glanced at Pan Lingling, who was looking at her expectantly. She bit her lower lip and was about to muster up the courage to tell the truth when she saw Zhao Yang looking at her nervously and fiercely. Her throat tightened, as if she was being strangled.

“Right... I think so!”

After saying that, she quickly lowered her head and rubbed her clothes with her fingers, feeling very nervous.

Bai Meili knew that her friendship with Pan Lingling had come to an end.

Pan Lingling looked at Bai Meili in disbelief. She felt a chill run down her spine and a heart-wrenching pain came from the depths of her heart.

Zhao Yang was completely relieved. A faint smile appeared on his lips as he looked coldly at Pan Lingling, who was in despair.

“Do you have anything to say?”

Qin Xi asked Pan Lingling with interest.

With her discernment, Qin Xi could naturally tell that Pan Lingling was wronged. Not only was she wronged, but her fate had actually changed drastically the moment she met Qin Xi. On the other hand, Bai Meili, who had a close relationship with Pan Lingling, went from a bright future to a downhill and lived a miserable life from then on.

“I’m not. I’m not pestering Zhao Yang. He’s the one pestering me. I have a fiancé. I’ll only marry him in my life. I won’t have a change of heart.”

Pan Lingling did not explain much and only stated the fact. However, the tears that she had been holding back just now fell uncontrollably like streams.

“She’s lying. She clearly wrote me a love poem. She must have made this up.” Zhao Yang was a little anxious. He pointed at Bai Meili and said, “She doesn’t have a fiancé. If you don’t believe me, ask Bai Meili. She and Pan Lingling are from the same hometown. She knows.”

Chapter 316 Fired

“Lingling indeed doesn’t have a fiancé. She also likes Doctor Zhao...”

Bai Meili took a deep breath and looked up, ignoring Pan Lingling’s piercing eyes. Instead, she pursed her lips tightly and said to the dean, “Dean, Lingling is innocent and doesn’t have any ill intentions. She just wants to pursue the person she likes. Although the approach is very extreme, can you forgive her and give her a chance?”

Her hands were trembling, and her heart was racing. She tried her best not to look at Pan Lingling.

Qin Xi raised her eyebrows. She looked at Bai Meili in amusement and asked.

“Give her a chance? What chance?”

Although Bai Meili did not know Qin Xi’s identity, the fact the dean did not stop her from talking meant she was someone of status. Bai Meili said, “Don’t fire Lingling. She’s a very hardworking and motivated girl. Although this matter has caused Doctor Zhao a lot of trouble, she has never harmed anyone. I believe and will definitely persuade her not to pester Doctor Zhao in the future. Please believe me.”

No one expected Bai Meili to be so scheming. She even betrayed her best friend.

The blow dealt by a person one trusted the most was the most lethal.

“No, it’s not like that...”

At this moment, a timid voice came from the corner. Everyone subconsciously looked at the source of the voice.

“They’re lying. Pan Lingling is a good girl. She didn’t pester Doctor Zhao. On the contrary, Doctor Zhao is the one who keeps pestering her. Also... they stole the love poem from Lingling!”

The person who spoke was a thin petite girl. When she spoke, she had her head lowered. Her voice was not loud and was trembling. Clearly, she had used all her courage to say these words.

No one expected that the girl who usually looked like an invisible person would actually take the initiative to speak up for Pan Lingling. All of them looked at her with complicated gazes. At this moment, those who had been watching coldly from the side instantly felt ashamed.

“I can testify that everything she said is true.”

“I can also testify that Doctor Zhao forced Pan Lingling to a corner. Pan Lingling is afraid of him.”

“I’ll testify too!”

“And me...”

This time, everyone around jumped out to stand up for Pan Lingling, making Zhao Yang, Bai Meili, and the other two women look like clowns.

“You, are you courting death? How dare you offend me? Do you believe that I’ll make you lose everything?”

Hearing everyone’s accusations, Zhao Yang instantly broke down. He glanced at everyone present with hatred and pointed at them as he roared.

“How dare you! This is not a place for you to threaten whoever you like.”

The dean’s face was ashen, and he shouted, scaring Zhao Yang so much that his body suddenly trembled. When he suddenly reacted, his expression immediately became extremely flustered. The corners of his mouth twitched, and he forced a zombie smile. “Dean, don’t listen to their nonsense. How, how can I like Pan Lingling? I...”

“Alright, enough. You, you, you, and you are fired. Leave immediately.”

The dean did not want to listen to his explanation. He pointed at him, the woman with braids, the short fat woman, and Bai Meili.

Chapter 317 Continue

“Dean, dean, don’t. Please don’t fire me. I didn’t lie on purpose. It’s him. He threatened me. If I don’t do what he said, my, my career will be over!”

Hearing that she was fired, Bai Mei’s face turned pale. She quickly ran to the dean and cried.

Zhao Yang was furious. He did not expect that Bai Meili, this b\*tch, would betray her bestie and then push all the blame to him. What a fence-sitter.

He was so angry that his eyes were red. He knew that he would definitely fail this time, so he might as well go all out.

At the thought of this, Zhao Yang rushed to Bai Meili, grabbed her hair, and slapped her. One slap, two slaps, three slaps...

In the blink of an eye, he slapped Bai Meili four times, making her scream.

When the dean reacted, he immediately shouted, “Call security. Hurry up and call security. Chase this lunatic out!”

Pan Lingling wanted to rush out, but she saw Qin Xi walking over with a smile and reaching out her hand.

Qin Xi’s fair and beautiful face was like a blooming flower. She was so beautiful that it made people dizzy and suffocated.

When Pan Lingling was pulled up, she seemed to have woken up from a dream. She immediately lowered her head in embarrassment and whispered, “Thank you.”

At this moment, the security guards rushed in and grabbed Zhao Yang to drag him out. Zhao Yang grabbed Bai Meili’s hair tightly and refused to let go. The security guards had no choice but to drag the two of them out.

Bai Meili could no longer feel her scalp. It was painful to the point of numbness, but she could shake off Zhao Yang. She could only cry and beg Pan Lingling.

“Lingling, Lingling, save me. I was wrong. I know I was wrong. Save me!” Bai Meili screamed at the top of her lungs.

Pan Lingling was about to speak when Qin Xi turned to look at her and said, “Your name is Lingling? Why are you here in the Chinese Medicine Department? Do you like Chinese medicine or something?”

“Uh, my name is Pan Lingling. My grandfather studied Chinese medicine, so I have been very interested in Chinese medicine since I was young. Later, when my grandfather passed away, I made up my mind to follow in his footsteps.”

Although Pan Lingling answered Qin Xi’s question, she was anxious and worried as she looked at the disheveled Bai Meili. Her hands were grabbing the corner of her clothes tightly.

“Oh, do you know all the herbs?” Qin Xi asked calmly.

“Yes. I have known all the herbs since I was three years old.” After saying that, Pan Lingling couldn’t stay calm anymore and said apologetically, “I’m sorry, I have something on. I...”

Qin Xi interrupted her with a smile and asked, “Do you want to save her?”

Pan Lingling nodded firmly.

“Why? She already betrayed you. Why do you still want to save her?” Qin Xi asked.

Pan Lingling was silent. Her gaze landed on Bai Meili’s red and swollen face and she sighed. “Because we’re from the same hometown. Although she betrayed me, this made me realize what kind of a person she is. Even if we can’t be friends, we’re still neighbors.”

Qin Xi raised an eyebrow. “Are you saying that after you save her, you won’t have anything to do with her anymore?”

Pan Lingling nodded. “After all, I was the one who brought her into the hospital. If anything happens, it’ll be hard to explain to her parents. However, I’ll tell my family about this and we will part ways from now on.”

Qin Xi nodded. Previously, she thought that Pan Lingling wanted to forgive Bai Meili, but now it seemed that was not the case.

Fortunately, Pan Lingling did not disappoint her. Her help just now was not in vain.

Chapter 318 Young Divine Doctor

“Alright, knock him out and throw him out!”

Qin Xi instructed the security guard.

The security guard subconsciously looked at the dean for his opinion. The dean glared at him. “Why are you looking at me? Didn’t you hear what the young divine doctor said? Knock him out and throw him out!”

“Yes, yes...”

The security guard was so frightened that he immediately knocked Zhao Yang out to end this farce.

What? The young divine doctor?

Everyone subconsciously looked at Qin Xi. Was this the young divine doctor who was rumored to be even more skilled than Master Gao?

Because they were all Chinese doctors, they admired this mysterious young divine doctor they had never met so much. Especially when she could save a patient that even Master Gao was helpless with. Her miraculous medical skills were simply awesome.

Unfortunately, they were just small fries and were not qualified to meet this divine doctor.

Who would have thought that the young divine doctor would come herself? Their eyes suddenly lit up, and they were so excited that they wanted to pounce on Qin Xi.

Pan Lingling did not expect that the person who helped her was actually the young divine doctor. Apart from being surprised, she was also grateful. Without Qin Xi, she would very likely be labeled as a 'slut', 'b\*tch', and so on. Although she did not do anything, those labels would accompany her for the rest of her life.

Qin Xi smiled at the shocked Pan Lingling. "Are you willing to follow me? I need an assistant. However, if you have outstanding ability, I can also teach you medicine."

Pan Lingling was stunned by her words. She widened her eyes and looked at Qin Xi in shock. She was dumbfounded!

Everyone gasped. Previously, when Pan Lingling was slandered, they felt sympathy, pity, and were gloating. Now with the tables turned so suddenly, they began to feel envious and jealous.

The dean was also shocked. It was definitely Pan Lingling's good fortune to be able to follow Qin Xi. He laughed out loud and said to Pan Lingling, who was still in a daze, "The young divine doctor has already said so. What are you waiting for? Agree!"

Only then did Pan Lingling come back to her senses. She was at a loss for words. "Really, really?"

"Of course. I wouldn't go so far as to lie to a little girl like you."

When Qin Xi said this, everyone looked at her strangely. She looked younger than Pan Lingling, but she spoke as if she was an elder.

"I'm willing. I'm willing to follow the young divine doctor."

Pan Lingling was so happy that she was incoherent. Her eyes were no longer as dim as before. Now, there was light in them.

"And you, are you willing to follow me?" Qin Xi smiled and turned to look at the timid girl who was the first to stand up for Pan Lingling.

The girl did not expect Qin Xi to call her out. Her face turned red, but she still nodded excitedly.

In the end, Qin Xi left the sanatorium with Pan Lingling and Hu Jingyun.

In the Breeze Villa.

When they returned to the villa, Han Shi was sparring with Lone Wolf in the courtyard. When he saw Qin Xi return with two young girls, he was very curious.

Han Shi ran over and complained, "Wifey, where did you go? I went to the clinic to look for you, but you weren't there!"

Lone Wolf and Saber looked at each other and saw speechlessness in each other's eyes. This guy was just beating them up a moment ago, but when he saw his wife, he became like a puppy.

"I went to the hospital to get two capable assistants."

Qin Xi clapped her hands and introduced.

"This is my husband, Han Shi. From now on, call him Boss and call me Lady Boss."

"These are the people I just poached. They're Pan Lingling and Hu Jingyun."

"These are Saber and Lone Wolf..."

Husband?

Pan Lingling and Hu Jingyun were shocked. They felt like their heads were buzzing...

Chapter 319 My Shifu

In a luxurious room in the Rising Sun Hotel.

"Second Brother, did you hear me?"

Mu Yali smashed the crystal cup in her hand in exasperation. Her beautiful eyes were filled with anger and grievance as she glared at the leisurely young man opposite her.

Mu Di raised his eyelids and said casually, "I heard you."

"Then why aren't you saying anything?"

Mu Yali pouted and sat down beside him. She held his arm and said coquettishly, "Second Brother, help me. I really want to know what she looks like."

"What difference does it make whether you know or not?" Mu Di did not believe that Mu Yali just wanted to know what the young divine doctor looked like.

Mu Yali said slyly, "I want to make friends with the young divine doctor. What else can I do? Besides, I really want to see how amazing her medical skills are."

Mu Di glanced at Mu Yali indifferently. His dark eyes made Mu Yali feel like she had been seen through. She pouted guiltily and quickly asked, "Second Brother, can you help me? I swear that I really just want to get to know the young divine doctor. I don't have any other intentions. I promise!"

Mu Yali made an oath gesture and blinked her big round eyes at Mu Di. "Please, Second Brother..."

After waiting for a moment, just as Mu Yali thought that she was going to be rejected, Mu Di said coldly, "Alright!"

"Yay, I know Second Brother treats me the best. Then I'll wait for your good news."

Mu Yali was overjoyed and kissed the man on the cheek. "Thank you, Second Brother. I'll go back to my room now!"

Watching her leave, a trace of darkness flashed across Mu Di's deep black eyes. He took out a wet tissue and wiped the place where Mu Yali had just kissed him.

At the same time, in a presidential suite in the Rising Sun Hotel.

"Master Gao, please save my father. I'll agree to any condition," Qi Mingting begged respectfully and humbly.

Gao Huiren waved his hand, looking quite impatient. "I've said it before. I can't treat your father's illness. Even if I can, it's very likely that he'll be paralyzed. It's going to be worse than now. However, in the end, whether he can be treated or not, his leg will have to be amputated. You have to be mentally prepared!"

Old Master Qi's hands clenched into a fist. He closed his eyes and took a deep breath. When he opened them again, he asked calmly, "Master Gao, is there really no other way? I'm willing to use 60% of the Qi family's assets as a reward. I only hope that I can keep my legs."

Now, he no longer had any hope for recovery, but he still wanted to keep his legs at all costs.

He was old and just wanted to die in one piece.

Gao Huiren and Qi Mingting were shocked when they heard that. Although Gao Huiren was not interested in money, he knew how rich the Qi family was.

However, no matter how high the reward was, Gao Huiren was still helpless.

He shook his head. "I really can't do anything about your illness. My apology!"

At this point, Old Master Qi could tell that Gao Huiren was not lying. Instantly, his heart sank and a look of despair flashed across his eyes.

He sighed dispiritedly. "Forget it. This is probably fate! Thank you, Master Gao. We'll leave first!"

Just as the two of them turned around, Gao Huiren suddenly thought of something and quickly stopped them. "Hey, wait. Perhaps someone can save you!"

Old Master Qi's hope was reignited. He asked excitedly, "Who is it?"

"She's my shifu, a true divine doctor."

Chapter 320 Small Fry

Today, Ji Ding Hall was open for business.

Qin Xi, Han Shi, and the others arrived at the clinic early and saw Liu Dequan arranging work for Pan Lingling and Hu Jingyun.

"Grandpa Liu, how is it? Are you used to it?"

Liu Dequan said with a flushed face, "It doesn't make much of a difference where I treat people. Although it's not as comfortable here as at home, I get to treat more patients. Recently, my Five Elements Acupuncture Technique has made a huge breakthrough. It's time for me to showcase my skills."

Qin Xi smiled and said, "That's good. As long as you can master the acupuncture technique, you can become the most famous doctor in this district.:"

"Hahaha... You are still as glib-tongued as ever." Liu Dequan laughed out loud, feeling even more confident in his medical skills.

At this moment, laughter came from the door. "Hahaha, congratulations, Miss Qin. I didn't expect you to take root in Luoping in just a few days."

Hearing the voice, Qin Xi and the others turned around and saw Sun Song walking over with a smile.

Qin Xi's eyes lit up and she immediately went up to him. "Uncle Sun, what brings you here?"

"I heard that you opened a clinic here, so I came to join in the fun."

Qin Xi said with a smile, "Thank you for coming, Uncle Sun. By the way, if you don't have enough fruits at home, go to the mountain to pick some. We might not have anything else, but we have enough fruits!"

When Sun Song heard that, he was overjoyed and couldn't stop smiling. "Hahaha, then I won't stand on ceremony!"

"Yo, looks like I'm not the first to come." At this moment, Xia Zhenguo's voice sounded from outside the door.

As soon as he finished speaking, Xia Tangxin added, "Xi, did you forget me. You haven't come to look for me for three days. I thought you were missing!"

The sound of high heels approached. Xia Tangxin ran to Qin Xi's side in small steps. Just as she was about to hold Qin Xi's hand, Han Shi, who had been guarding Qin Xi tightly, beat her to it.

Xia Tangxin glared at Han Shi angrily. "What are you doing? I'm a girl and Xi's only good friend. What's wrong with me holding her hand? Why do you have to be so petty?"

Ignoring Xia Tangxin, Han Shi looked at Qin Xi seriously and said, "Wifey, stay away from her. She'll lead you astray."

Qin Xi was speechless. She looked past Xia Tangxin, who was about to flare up, and at Xia Zhenguo. She said with a smile, "Thank you for coming, Uncle Xia. By the way, let me introduce you to Sun Song, the town mayor of Qinglin town."

She then looked at Sun Song. "Uncle Sun, this is Mr. Xia. I don't think I need to introduce you to him!"

"No need, no need. Mr. Xia is a famous philanthropist. Everyone in Zhehai Province knows him."

Sun Song quickly shook hands with Xia Zhenguo with an excited expression. "CEO Xia, I've heard a lot about you. It's my honor to meet you here today. I've never had the chance to meet you in the past. Today, it's really all thanks to Miss Qin that I can meet you."

Xia Zhenguo laughed heartily and said meaningfully, “Hahaha, not at all... Brother Sun, it’s our honor to know Miss Qin!”

Sun Song was a smart person. He instantly understood what Xia Zhenguo meant and said with a smile, “Of course, of course. It’s our blessing to know Miss Qin.”

Qin Xi shook her head and laughed. “Uncle Xia, Uncle Sun, don’t flatter me. I’m just a small fry!”
