

Mysterious 321

Chapter 321 Uninvited Guest

While the three of them were chatting and laughing, a few people came to seek treatment one after another. These people were the elders from the old city district three days ago.

Initially, they wanted to greet Qin Xi, but seeing that she was talking to someone, they did not disturb her. They sat obediently in the waiting area and let Liu Dequan check.

When Qin Xi saw them, she said to Xia Zhenguo and Sun Song apologetically, "Uncle Xia, Uncle Sun, I'm really sorry. I still have guests here. You guys chat. I'll go take a look."

"Go, go. You don't have to worry about us here." Xia Zhenguo waved his hand.

"Stone, help me entertain them," Qin Xi said to Han Shi before she left. Han Shi nodded. "Go and do your work. Don't worry!"

Then, he shouted at Xia Tangxin, who was about to follow Qin Xi in, "You, don't disturb Xi!"

Xia Tangxin was furious. She glared at Han Shi and went to look for Pan Lingling and Hu Jingyun.

At this moment, a few vans stopped at the entrance, led by a black car. Qin Xi thought that there was another VIP, so she walked to the door.

The black car in the lead opened and a big-bellied greasy man with a big gold chain alighted. Beside him was a woman with heavy makeup.

The door of the vans behind opened and a group of hooligans walked out.

"Brother, there's no need for you to deal with this small shop. Let us do it!" One of the yellow-haired men came over to bootlick.

The greasy man waved his hand impatiently. "Alright, this is the last place. I'm bored out of my mind waiting in the car. I'm coming out to get some fresh air. Wait at the door!"

The woman looked at the clinic in disdain and complained to the greasy man beside her in a pretentious tone, "Honey, this clinic is too small. Can they afford it? Don't tell me we came here for nothing!"

"Don't worry, they have to afford it even if they can't. This is a rule set by me, Money King. No one dares to disobey it!" The greasy man said arrogantly.

"Darling, you're the best. I admire you so much!"

The woman leaned over coquettishly, her eyes filled with admiration. She kept rubbing her breasts against the greasy man's arm.

The greasy man smiled evilly. "You little slut, after I'm done here, let's go back and you can worship me like a god... Hahahaha."

"Yes ~ Darling, you're so naughty ~"

Qin Xi was speechless. She wiped the goosebumps on her arms and was a little wary of these two uninvited guests.

The greasy man and the woman swaggered into the clinic. "Who's the boss here? Come out and see me immediately!"

Everyone subconsciously looked over and could tell that the two of them were here to cause trouble.

Han Shi frowned and walked over with his long legs, standing in front of the two of them intimidatingly.

His eyes were sharp and his voice was low and magnetic. "I'm the boss. Are you here to see a doctor?"

"You're the boss?"

The greasy man looked up at Han Shi and frowned. He said in an unfriendly tone, "Do you know who I am? How dare you talk to me like that? Do you not want to open your clinic anymore?"

Han Shi's eyes narrowed. "You're not here to see a doctor. You're here to cause trouble."

"Heh, you don't even know me. Kid, it seems like you really don't have to run this clinic anymore."

Money King sneered and took out a business card from his pocket. He wanted to throw it at Han Shi's face, but because Han Shi's aura was too strong, he could only throw it on the ground in an arrogant tone.

Chapter 322 My Husband Is Very Capable

"Kid, I'm the agent of Yao Hui Pharmaceuticals. This is my business card. In the future, your clinic has to buy at least 500 boxes of medicines a month from Yao Hui Pharmaceuticals. Do you understand?"

Money King raised his head arrogantly and threatened, "Don't try to play tricks. If I find out, your clinic will be doomed."

Han Shi glanced at the business card on the ground and stepped on it with the expensive leather shoes his wife had just bought for him.

He looked at Money King and said coldly, "Before I flare up, you'd better get lost with your tail between your legs. Otherwise, don't blame me for being rude."

Money King immediately pointed at him angrily. "Kid, don't push your luck. Go and ask around. You're the first person who dares to shout at me like that. I am going to teach you a lesson today."

Han Shi narrowed his eyes, and the aura around him instantly became dangerous. He grabbed Money King's finger and broke it. A scream that sounded like a pig being slaughtered was heard by everyone.

The woman was so frightened that her face turned pale. She ran out while trembling and shouted at the hooligans waiting outside, "Quick, go in and tear down this clinic!"

When the hooligans heard Money King's scream, they immediately became vigilant. The blond-haired man shouted, "Brothers, get your weapons!"

Xia Zhenguo, Sun Song, and the others did not expect Han Shi to be so ruthless. He attacked just like without warning. Moreover, the other party obviously came well-prepared. Their expressions immediately turned solemn.

On the other hand, Qin Xi ignored Money King and slowly took out a handkerchief to wipe Han Shi's hands. She frowned and said, "You're in quite a bad temper today. Go back and calm down tonight."

Han Shi nodded obediently and looked at his wife's serious expression with a smile.

Seeing that Han Shi was very obedient and seemed to be in a good mood, Qin Xi glared at him. Then, she leaned closer and praised in a low voice, "Your posture just now was very handsome!"

Han Shi looked at the dozens of hooligans outside with knives and said seriously, "Wifey, the flies outside are too annoying. I'll go and chase them away."

Qin Xi nodded. "Go ahead. I'll cheer you on!"

Seeing Han Shi striding out, Xia Tangxin, who had found an opportunity, immediately rushed to Qin Xi and said with a slightly pale face, "Xi, are you going to let him go just like that? Won't he be injured?"

Qin Xi smiled. "Don't worry, my husband is very capable!"

Han Shi came to the door. Because it was too noisy, passers-by and vendors also gathered around not far away to watch the show.

"Hit him. Hit him hard. If he dies, it's on me." Money King covered his twisted fingers and shouted with a ferocious expression.

"Brothers, let's go!"

The blond-haired man shouted and was the first to rush up. Then, he was the first to be sent flying...

Chapter 323 Other Thoughts

"Qin, this..."

Seeing the chaotic scene outside, Xia Zhenguo looked at Qin Xi worriedly. "Nothing will happen, right? I heard that Yao Hui Pharmaceuticals has a powerful background. Also, this Money King is not easy to deal with. He seems to know the people of the police station. These two people are not to be trifled with. What if..."

Qin Xi smiled and said, "Uncle Xia, don't worry. There's no 'what if'."

Seeing how confident she was, Xia Zhenguo did not say anything.

On the other hand, Xia Tangxin was a little excited. She couldn't help but say confidently, "Dad, you're thinking too much. Not everyone can bully Xi. Just watch them suffer!"

Even a big company like Yao Hui Pharmaceuticals could be 'razed to the ground' in minutes if Qin Xi wanted to. This was the powerful image Qin Xi had in Xia Tangxin's heart.

Liu Dequan was disturbed and not in the mood to see the patients. He walked up to Qin Xi and asked worriedly, "Girl, is it... really ok? Will we be in trouble?"

Qin Xi shook her head and said with a smile, "Grandpa Liu, don't worry. It's not like you don't know my methods. Those hooligans are nothing in my eyes."

What she said was the truth. Even if these people were backed by Yao Hui Pharmaceuticals, she didn't care. Instead, she had other thoughts.

Seeing that she was not forcing herself, Liu Dequan was relieved.

Outside, in order to show off in front of his wife, Han Shi tried his best to beat these people up in the most handsome posture. In less than three minutes, these people were wailing on the ground.

Seeing this, Money King finally started to be afraid. He threatened Han Shi, "You, you're finished. Do you know who I am? Do you believe that I have the power to close your clinic in minutes?"

"You don't even know who you are. How can I know?" Han Shi rolled his eyes and said coldly, "Now, disappear from my sight with your men. Otherwise, I'll beat you up too."

Han Shi was too good at fighting. Money King had never seen such a good fighter before. He knew very well that he would only be beaten to death if he challenged Han Shi. After dropping a threat, he drove away with his lackeys.

"Good... good job!"

As soon as Money King and the others left, the surrounding people clapped and cheered.

"Good job, young man. Now, there's finally someone who can help us vent our anger."

"That's right, that's right. Money King is evil. He made our life much harder than it needs to be. Today, he finally gets taught a lesson."

"Young man, although you just chased him away, it doesn't mean that he's afraid of you. You'd better run. He'll definitely come back to take revenge on you!"

"Money King is a vengeful person who will seek revenge for the smallest offense. I heard that many people were killed by him. It's terrifying!"

"They're just a group of bandits who buy and sell by force and monopolize the market. Clinics in this street have closed one after another because of them."

Everyone was extremely dissatisfied with Yao Hui Pharmaceuticals. However, they were just ordinary people. What could they do to these big companies?

At this moment, two more cars stopped in front of the clinic. One was a jeep and the other was a BMW. When Qin Xi saw the license plate, she immediately knew who this person was.

Xia Zhenguo was also shocked. "This is... that person is here?"

Sun Song looked confused.

An old man got out of the jeep. He was dressed in a Chinese tunic suit and walked straight, looking especially energetic.

In the BMW, Meng Chang'an got out with a charming woman.

Chapter 324 Here Comes Trouble

"Hahahaha, Xi, congratulations. I'm not late, am I?"

Qin Xi did not expect Wan Shiyue to come personally. She quickly called Han Shi over. "Grandpa Wan, why are you here yourself? I'm just opening a clinic, not a big hotel!"

Your Uncle Wan wanted to come too, but I rejected him."

Wan Shiyue said with a smile.

"Uncle Meng, this must be Auntie Meng, right? Her face is radiant, and that means that something good must have happened!" Qin Xi looked at Meng Chang'an's wife and said bluntly.

Meng Chang'an smiled. He said to his wife, "Look, look, look. What did I say? Miss Qin is a capable person. Nothing can escape her eyes."

Meng Chang'an's wife's name was Xu Huizhen. She was born into a poor family and was gentle and virtuous. Although she was from a poor family, her personality was abnormally tenacious. Moreover, her father was Meng Chang'an's life mentor.

It could be said that if not for Xu Huizhen's father, Meng Chang'an would not be where he was today. It was also because of his character that Xu Huizhen's father was willing to let his daughter marry him.

"You must be Miss Qin. Elder Meng has been talking about you to me. Come over to my house when you have time. My culinary skills are not bad. Tell me what you want to eat, and I'll cook it for you!"

Xu Huizhen's voice was gentle and comforting. If she used this voice to sing a lullaby, children would fall asleep in no time.

Feeling her kindness, Qin Xi immediately smiled. "Alright, I'll definitely go if I have the chance."

"By the way, Grandpa Wan, Uncle Meng, Auntie Meng, this is my husband, Han Shi."

Qin Xi introduced Han Shi and said to Han Shi, "Stone, this is Grandpa Wan. I told you before that this is Uncle Meng and Auntie Meng."

Han Shi thanked them solemnly. "Grandpa Wan, Uncle Meng, Auntie Meng, I'm Qin Xi's husband, Han Shi. I've been hearing about you from Xi. Also, thank you for taking care of her."

Wan Shiyue waved his hand and laughed. "Miss Qin is our savior, so it's only right for us to take care of her."

"Hahaha, Uncle Wan is right." Meng Chang'an echoed.

"Alright, Grandpa Wan, Uncle Meng, Auntie Meng, please come in. I'll introduce two people to you..."

As they spoke, they walked upstairs. There were a few rooms upstairs, designed for special patients to rest.

They sat down. Qin Xi personally made tea and placed a lot of fruits on the table.

Qin Xi sat down and was about to say something when she saw Pan Lingling rushing up with an anxious expression. "Lady Boss, bad news. There are a lot of people outside, including police officers. Go and take a look!"

Just as Han Shi was about to stand up, Qin Xi calmly held him down and said to Wan Shiyue and the others with a smile, "Everyone, please excuse me. I have something to deal with outside. You can chat first. Stone, help me entertain them. I'll be back soon."

"Okay."

Knowing his wife's ability, Han Shi did not refuse. Moreover, he vaguely knew that Qin Xi was trying to use her connections to pave the way for him!

Chapter 325 Backlash Talisman

When Qin Xi arrived downstairs, she saw the police officers chasing the patients away. Their tone was quite fierce.

Money King and the woman were also bad-mouthing the patients. They chased a few patients out. Although Pan Lingling and Hu Jingyun were afraid, they still stood in front bravely to prevent them from hurting the patient.

Qin Xi frowned and drew a talisman in the air and cast it on these people. This was a very simple backlash talisman.

Anyone who was hit by this talisman would suffer a backlash no matter what they did, especially if it was something bad.

For example, if the person who was hit by the talisman pushed someone, the force would be reflected back, and it would be doubled.

To be able to draw such a backlash talisman, one needed to be at least in the third level of cultivation. Yes, last night, Qin Xi's cultivation level advanced again.

Qin Xi's mystic medicine technique was special. It did not require Qin Xi to cultivate. It could circulate on its own at all times and improve itself.

Therefore, after eating the Heavenly Fragrance Cardamom, she was not as excited as Han Shi, who was cultivating diligently. This was also related to the Mystic Medical Technique. After all, she cultivated both mystic and medical techniques at the same time, so the speed of her cultivation was more than twice as fast as that of ordinary martial artists.

It could be said that it was unprecedented for Qin Xi to reach the third level in just three months. Even a mighty figure might not have the ability to do so.

After Qin Xi flicked out the backlash talisman, the police officers, who were still pushing and shoving the patients, felt an invisible force pushing them out. Caught off guard, they immediately staggered and almost couldn't stand steadily. If not for the fact that they were in quite good physical condition, they would have fallen to the ground.

Everyone looked at them in confusion. The atmosphere immediately became strange.

Liu Dequan was a little confused at first, but when he saw Qin Xi walking down unhurriedly, he immediately had a guess. He calmed the patients down and made them sit back down.

Seeing that they had sat back down, Money King pointed at the patients and Liu Dequan and cursed.

“Get lost. Get lost. In the future, if anyone dares to come here for treatment again, I’ll bury them alive.”

“And you, you old thing. Didn’t you hear me? I told you to get lost. You’re not allowed to treat patients here in the future. If I find out, I’ll make sure you won’t be able to see the sun tomorrow.”

All kinds of vicious curses emerged one after another. Money King’s fierce expression was twisted and ferocious, making Qin Xi extremely disgusted.

She took three steps forward and raised her leg to kick the woman who came with him. The woman fainted in a daze.

“I wanted to advise you to accumulate some good karma so that you can live for a while longer. However, no matter how much good karma you accumulate, it’s useless for a sinner like you.”

Qin Xi looked down at Money King and asked, “Have you been suffering from insomnia and nightmares recently? Even if you fall asleep, you’ll be woken up by nightmares. Moreover, your kidneys are weak and you pee frequently. Occasionally, you’ll feel dizzy and your ears ring.”

“What the hell do you mean? Stop acting mysteriously. Let me tell you, none of you can escape unscathed today.”

Money King stood up and cursed fiercely, “And you, you little girl. I’ll make you and the little brat kneel down and beg for mercy!”

Chapter 326 Reaping What He Sowed

“Tsk, kneel down and beg for mercy? After doing so many evil things, do you think you can escape the judgment of the heavens?”

Qin Xi pointed at the sky with an unfathomable look and said with a smile, “The heavens are watching what we do. Don’t you know what you’ve done? Also, the symptoms I just mentioned are warnings from the heavens. In less than three days, half of your body will go numb. On the fifth day, you’ll have a stroke and hemiplegia. That’s not all. In seven days, you’ll be deserted by everyone. Those who tried to curry favor with you in the past will bite you, let alone your opponent. Do you know how you died in the end?”

Money King felt a chill running down his spine because the symptoms Qin Xi mentioned did exist.

His heart was pounding, but he did not show it on his face. He pointed at Qin Xi and cursed through gritted teeth, “You b*tch, how dare you curse me? Captain Li, arrest her. She’s the b*tch who just instructed someone to hit me. I want her to kneel on the ground and beg for mercy. I want her to pay the price...”

However, after he said this, he felt a strange feeling in his heart. This feeling was indescribable, as if he had been wronged.

The man called Captain Li gave Qin Xi a look and immediately rushed out to grab her. Seeing this, Pan Lingling subconsciously wanted to protect Qin Xi.

Liu Dequan quickly stopped her. He did not say anything and only shook his head silently.

Just as Pan Lingling was puzzled, Qin Xi did the same thing as Han Shi and kicked him away.

“How dare you hit a law enforcement officer? I think your clinic is not a place to treat illnesses or save people. It’s a gang of thugs. Arrest them, arrest them all...”

Captain Li pointed at everyone in the clinic and shouted aggressively, “And them. I think they’re all in cahoots. Arrest them and don’t let a single one of them off.”

When the patients saw this, they wanted to stand up and leave, but these people refused to let go. They reached out to push the patients and even kicked them.

These people were all old men and women. If they fell accidentally, they would be injured.

Qin Xi’s eyes turned cold. Previously, she thought that these people were police officers and probably wouldn’t attack the old people. Not only her, but everyone else thought so too.

However, she did not expect that they would not even let the old people off. It was also because of this that Qin Xi’s face immediately darkened.

The old people were also dumbfounded. They stood rooted to the ground, not knowing what to do.

Fortunately, not only did the kick not hurt the old people, but the one who kicked also inexplicably felt a powerful kick coming back at him.

He let out a heart-wrenching scream and fell to the ground, trembling.

Everyone was dumbfounded and did not understand what was going on. Other than Qin Xi, only Liu Dequan knew what was going on.

Actually, this man’s kick was not that heavy. However, he was cast with a backlash talisman, so the kick that bounced back was doubled.

He reaped what he sowed.

Chapter 327 A Dream

Qin Xi pointed at the person who was wailing in pain and said to Money King, “Did you see that? He’s done too many bad things and suffered retribution!”

“Cut that crap. I don’t buy it...” Money King was a little afraid. His face was a little unnatural, and his eyes flickered as he retorted loudly.

“You don’t believe me?” Qin Xi tilted her head and smiled innocently. “If not, you can try it for yourself.”

Money King’s heart skipped a beat and his expression changed slightly. He subconsciously asked, “How do I try?”

Initially, he did not believe it, but the scene just now was too unbelievable. He could not remain calm.

When Qin Xi mentioned retribution, many scenes instantly flashed across his mind. These cruel scenes were like a knife hanging above his head. If he was not careful, the knife could fall at any time.

“It’s very simple. As long as you recall all the bad things you’ve done in the past, you can see your future...”

Money King and the others were skeptical, but after Qin Xi said it, they subconsciously recalled it.

With that, Qin Xi formed a seal with both hands and summoned the Chain of Darkness, pulling them into an illusion array formation.

At this moment, the scene in front of Money King and the others gradually changed.

In a dim and dilapidated warehouse.

The woman was tied up. Her hair was messy, and her eyes were filled with tears of humiliation. Her mouth was gagged, and she couldn't make a sound, but she kept shaking her head and begging him not to do that.

Money King suddenly widened his eyes. When he took a closer look, he saw that the woman's face was pale, her eyes were closed, and she had stopped breathing.

Money King's heart skipped a beat. He was shocked and shouted in panic, "Xiaotao, Xiaotao, wake up. Don't scare me, don't scare me..."

Unfortunately, the woman died in the end. After crying, he buried the woman in the backyard. Later, he married another woman. The good times didn't last long. The woman became another corpse in the backyard.

A few years later, he became rich and earned a lot of black money. His social status was getting higher and higher. Even many successful people fawned over him.

Just as he was getting dizzy with success, Captain Li, who usually sucked up to him, suddenly changed sides. He collected all the evidence against him and sent him to jail without warning.

In prison, he was beaten to the point of having a stroke. Half of his body was paralyzed, and his cellmates started to bully him without holding back, not treating him as a human at all.

Soon, after a period of time, he was reduced to skin and bones. If not for the fact that he believed that he could still go out, he would have committed suicide long ago.

However, his wish was ultimately dashed. Not only did he not go out, but he also was sentenced to death because the police found two corpses in his backyard.

On the day of the execution, he seemed to see Captain Li smiling at him. At that moment, he understood everything.

The overwhelming hatred made him swear in his heart that if there was a next life, he would definitely cut Captain Li into pieces...

Qin Xi looked at Money King, whose face was constantly changing and sweat was dripping down, and smiled.

Chapter 328 Predicting the Future

On the other hand, Captain Li also fell into a dream.

On a sunny afternoon, he sneaked into the house of the girl he had a crush on. The girl was taking an afternoon nap.

Due to the hot weather, the girl was wearing very little. Looking at her exposed white thighs, he began to fantasize about doing something with the girl he loved.

However, the girl's father discovered him and beat him up. The girl also was disgusted with him to the core.

He was very sad, but he couldn't control his heart. He wanted to sneak a peek at the girl again, but he was afraid that the girl's father would find out.

After thinking about it, he secretly took a bag of rat poison from home and poured it into the girl's father's bowl.

Actually, his original goal was only to send the girl's father away so that he could peep at the girl without worry. Unexpectedly, the girl's father died from an overdose.

Ever since then, that girl had become his nightmare!

Many years later, he became the captain of the law enforcement team and met the girl. The girl had already become his colleague's wife. At that moment, he felt like he had returned to his youth.

He became more and more obsessed with the girl. In order to get close to the girl, he became good friends with his colleague and often went to the girl's house for various reasons.

Once, he pretended to be drunk and spent the night at his colleague's house. Listening to the rapid panting next door, he couldn't sleep. At the same time, a terrifying thought formed in his mind.

Finally, during another mission, he deliberately leaked important news, causing his colleague to die. After that, he started taking care of the girl...

He originally thought that after his colleague died, the girl would notice him. However, after a year, the girl still missed her deceased husband and couldn't get over it. He had no choice but to come up with another plan.

He pretended to be drunk and forced himself on the girl. After that, he said that he would take responsibility. Unexpectedly, the girl plunged into the river, drowning to death.

In those few days, he was really sad. He found his good friend, Money King, to chat with and accidentally told him the reason for his colleague's death and the girl's death.

However, after he woke up, Money King threatened him and asked him to sell fake medicine, which led to the deaths of many innocent people. When the matter was exposed, Money King escaped with the money and he was shot to death.

When the hot bullet passed through the space between his eyebrows, he suddenly woke up. The intense shock made it difficult for him to breathe. He could only grab his chest and pant heavily.

At the same time, the people affected by the illusion array formation all had a dream, a dream that was 'predictive' of the future.

Seeing that they were gradually walking out of the dream, Qin Xi put away the Chain of Darkness and quietly watched their reaction.

However, in the eyes of others, these people were just standing on the spot in a daze, their expressions constantly changing. What was even more unbelievable was to Money King and the others, they felt like they had spent a lifetime in the dream. However, to the onlookers, it felt like a minute.

When they woke up again, everyone's mentality had changed drastically, especially Money Kin and Captain Li. Their eyes were filled with fear and hidden in the depths of their eyes.

Chapter 329 What Should She Do?

Qin Xi did not know what they dreamed of in their dream. However, she was certain that this illusion array had successfully released their inner demons.

Money King, who had been clamoring for revenge, plunged into silence. He glanced at Captain Li with a dark gaze and turned to leave.

Looking at Money King's back, Captain Li's eyes gradually became deep and dangerous. He took a deep breath and left with the others without looking at Qin Xi.

"Hold on!"

Qin Xi pointed at the woman lying on the ground with a smile and said to Money King, "Take your trash away. Don't pollute the environment."

Just as she was about to turn around, Old Jin held his wife as they walked in.

Three days ago, his wife was already one foot in the coffin. No one expected her to miraculously stand up three days later.

Moreover, looking at her rosy face, other than the fact that she was a little thinner, it was impossible to tell that she was actually a patient with late-stage stomach cancer.

"Young divine doctor, we're not late, right?"

Old Jin helped the old lady to the resting area and asked Qin Xi nervously.

"Not late, just in time!"

Qin Xi walked over and looked at the old lady with a smile. "Grandma, how do you feel? Does your stomach feel uncomfortable? Have you vomited blood in the past three days?"

"No, ever since you gave me acupuncture, my stomach has been feeling warm and comfortable. Those medicines are also very effective. I didn't feel any pain or cough up blood for two days. Young divine doctor, you're really amazing!"

The old lady grabbed Qin Xi's hand excitedly. Tears welled up in her eyes as she praised her.

Qin Xi patted the old lady's hand with a smile and said, "It's good that it works. Grandma, I'll give you another acupuncture treatment later. This is the consolidation stage. Your body is too weak now and you need to recuperate well. When the time is right, I'll give you a third acupuncture treatment. I guarantee that you'll be up and kicking."

The old lady and Old Jin were very happy. "Alright, alright, alright. I'll listen to you, young divine doctor!"

Qin Xi led the old lady to a cubicle and pointed at the bed. "Grandma, can you lie down so that I can give you acupuncture."

Old Jin helped the old lady lie on the bed while Qin Xi began to disinfect the silver needles.

Speaking of which, the silver needles she was using now were bought by Liu Dequan for 10 yuan back then. Although they came in handy and she was used to using them, this set of silver needles was not made of high-grade material after all. The effect she could unleash with it was reduced by half.

At the thought of this, Qin Xi thought that when she had time, she would go and find a better set of acupuncture needles.

Twenty minutes later.

Qin Xi put away the silver needles and said to the old lady with a smile, "Grandma, with your current condition, you can eat liquid food, which is good for the stomach. I'll prescribe you another set of medicines later. This time, you can take it once a day. When you come back half a month later, I'll give you the third acupuncture. After three sessions, you will be good to go."

The old lady and Old Jin were extremely excited and thanked Qin Xi profusely. They looked like they wanted to kowtow to Qin Xi.

"Young divine doctor, I heard from Old Jin that you're treating us for free. This..."

The old lady looked a little embarrassed. Because of her illness, Old Jin had sold everything he could. Now, the only valuable thing was the house. However, if they sold the house, they would really have to live on the streets.

Previously, when she was hospitalized, she spent her entire life's savings but still could not get better. Now...

What should she do?

Chapter 330 Shifu

Qin Xi could tell that the old lady was in a difficult position. She smiled and said, "Grandma, don't feel pressure. As a doctor, it's my duty to help. If you really feel bad, help me promote my clinic."

The old lady's eyes lit up. "Yes, yes, yes. The young divine doctor is right. We knew everyone in the old district. I'll definitely bring you a lot of patients."

"Then I have to thank you in advance for your help!"

After sending the two elders away, Qin Xi went upstairs to take a look.

As for the patients downstairs, they were basically all old people. They either had some rheumatism and bone pain, so Liu Dequan could handle it alone.

Moreover, he was immersed in making use of the Five Elements Acupuncture Technique. Even if Qin Xi wanted him to rest for a while, he felt that it was a waste of time.

Helpless, Qin Xi could only let him be.

Just as she reached the staircase and took a step up, someone shouted from the doorway, "May I know if my shifu is here?"

Hearing this voice, Qin Xi was slightly surprised. She turned around and saw Gao Huiren and his two assistants standing at the door, looking around. They also happened to see Qin Xi, who was about to go upstairs.

Gao Huiren's expression changed drastically. He immediately took two steps forward and bowed to Qin Xi. "Shifu, I heard that you opened a clinic, so I specially came to deliver a congratulatory gift."

As he spoke, he quickly waved at the two assistants behind him. The assistants understood and immediately opened a box. Inside was a ginseng that was at least 200 years old.

The ginseng was well-preserved. It was covered in a faint spiritual energy and luster.

Qin Xi originally felt uncomfortable when she heard the big shot call her shifu. However, when she saw this ginseng, she immediately revealed a shocked expression.

"Master Gao, you..."

Gao Huiren frowned and said, "Shifu, we agreed that as long as you treat my leg, I'll acknowledge you as my shifu. Don't tell me you want to go back on your word!"

Qin Xi's eyelids twitched. "But I didn't treat your leg!"

She just gave him some pointers and did not do anything.

"Besides, with your status... it won't be good for you to call a green girl like me shifu. People will laugh at you."

Qin Xi tried to convince him.

"What's wrong with that? You're my shifu no matter what."

Gao Huiren immediately changed the topic and pointed at another box. "Shifu, take a look at this!"

As he spoke, the assistant quickly opened the second box. Inside was a top-grade jade.

The jade flickered with a lustrous light. It was the size of a fist.

The thing was good. It would be a lie to say that she was not tempted. However, if she accepted it just like that, it meant that she had accepted Gao Huiren as her disciple.

Seeing her hesitation, Gao Huiren knew what she was thinking. His eyes lit up, and his face immediately revealed a hint of disappointment.

"Shifu, it's fine if you don't want to acknowledge me. It's my fault for not thinking carefully. No one will like an old man like me!"

Hearing this, not to mention Qin Xi, even the two assistants beside Gao Huiren were dumbfounded.

Uh... do you still remember your identity?

Clearly, Qin Xi was also dumbfounded by his words. She quickly smiled awkwardly. “Master Gao, you’re thinking too much. I...”

Before she could finish, Gao Hui ren was overjoyed. “Then you agree? That’s great. By the way, shifu, don’t call me Master Gao. Just call me by my name.”

Without looking at Qin Xi’s dumbfounded expression, he immediately instructed his two assistants, “What are you two waiting for? Give it to my shifu!”
