Chapter 361 Little Girl

“Evil aura entering the body?”

Hearing this, Gu Qing gasped and looked at Elder Cheng in disbelief. “Elder Cheng, are you kidding me? Are you sure? We believe in science now. How can you...”

Elder Cheng sighed. “Gu Qing, the world is so big that there are all kinds of strange things. There are some things that science can’t explain. Antique shops like ours are the easiest to attract these things.”

Qin Xi nodded in agreement.

When she stepped into the shop, she saw the dense Yin energy on Elder Cheng’s body. After absorbing it, she realized that it was caused by a bronze mirror.

The bronze mirror was actually a personal item of a resentful woman. Her husband’s family treated her extremely badly. They framed her and killed her. After she died, she turned into a wisp of vengeful spirit and attached herself to the bronze mirror.

Half a year ago, when Elder Cheng obtained this mirror, he was haunted by the resentful spirit. Fortunately, Elder Cheng was wearing a Jade pendant, so he wasn’t harmed. However, his Qi was in disorder.

However, this level of disorder was fine for a short period of time. As time passed, Elder Cheng would definitely die.

Though Gu Qing respected Elder Cheng, he didn’t believe this kind of thing from the bottom of his heart. However, he knew what to say and what not to say. He pursed his lips tightly to keep silent.

The atmosphere immediately became heavy.

Qin Xi smiled faintly and said, “Actually, it’s not difficult to recover. You just have to find the carrier of the evil aura and destroy it.”

“The carrier? I still don’t know what is haunting me, nor do I know what a carrier is. Can I trouble Miss Qin to help me find it?”

Qin Xi snapped her fingers. “It’s very simple. When did you start to feel something is not right? We can eliminate the items one by one.”

“When did I start to feel something is not right?... It seemed to be half a year ago, but I didn’t take in any antiques or touch anything I shouldn’t have.”

Elder Cheng frowned and tried his best to recall, but he couldn’t remember much.

Qin Xi gave him a small hint. “There’s a woman’s Yin energy on you. Think about it. Half a year ago, did you touch an antique that belongs to a woman?”

“A woman’s antique... a woman’s...”

Elder Cheng tried his best to recall. Suddenly, he seemed to have thought of something and his eyes widened. "I know, I know what it is!"

"Grandpa, why are you shouting so loudly? Also, what do you know?"

At this moment, a woman in a pink woolen coat walked out of the back door.

Her black hair was wavy and her mouth was painted with the most popular red color. However, it didn't match her young face.

She swaggered out, swaying her hips. It was obvious that she was trying to look charming.

Elder Cheng did not expect his granddaughter to be dressed like this. His face immediately darkened and he scolded angrily, "What's wrong with you today? Go back and change into normal clothes."

"Grandpa, you don't understand. This is the trend this year. If you don't believe me, ask Brother Qing. Brother Qing, do you think I'm beautiful?"

Cheng Rongfei did a twirl in front of Gu Qing.

However, halfway through, she happened to see Qin Xi, who was blocked by Gu Qing's big body, looking at her teasingly.

Her heart skipped a beat and her face was filled with hostility. "Brother Qing, who is this little girl? Why haven't I seen her before?"

Little girl?

Qin Xi raised her eyebrows slightly and revealed a harmless smile. "I'm not a little girl. You don't have to be hostile to me. Gu Qing and I are friends."

Chapter 362 Grievance

Cheng Rongfei did not believe her. She sneered. "I don't care who you are. You'd better stay away from Brother Qing. He's not a man you can be with."

Gu Qing's face immediately darkened, but Cheng Rongfei didn't notice it. She only thought that Gu Qing respected her grandfather, so Gu Qing would naturally dote on her and protect her like her grandfather did.

Qin Xi found this girl interesting. She nodded casually and smiled. "If I can't be with him, can you? Tell me, why should Gu Qing take a liking to you?"

"I..."

Cheng Rongfei subconsciously wanted to say something, but she was too embarrassed to say it, because she knew that she was not worthy of Gu Qing.

After thinking about it, she immediately retorted, "Hmph, I come from a good family. What about you? What do you have other than that pretty face?"

Qin Xi chuckled. "Do you think your Brother Qing will like someone like you who is good at nothing?"

She touched her face smugly. "At least I have a face. But to be honest, I'm really not someone who relies on my looks. I usually rely on my ability."

Seeing how shameless she was, Cheng Rongfei stomped her feet in anger. "Who are you? You just said that you won't compete with me for Brother Qing, and now you're acting coquettishly. You, you're simply shameless!"

"Nonsense. Fei Fei, apologize to Miss Qin!"

"Miss Cheng, please apologize immediately!"

Elder Cheng and Gu Qing reprimanded in unison, their eyes full of reproach and warning.

Cheng Rongfei was stunned by the stern reproach. When she came back to her senses, she felt extremely aggrieved. She didn't think she had said anything wrong. Qin Xi was the one who didn't know what was good for her. Why did her grandfather and Brother Qing shout at her?

She seemed to have suffered a huge grievance. Her eyes turned red as she shouted at her grandfather, "Grandpa, why did you shout at me for an outsider? Are you still my grandfather?"

She turned around and complained to Gu Qing, "And Brother Qing, I hate you!"

With that, she ran back crying without looking back.

Elder Cheng and Gu Qing didn't look good. They felt that they were too embarrassed to face Qin Xi at this moment. Elder Cheng put down his pride and apologized to Qin Xi, "Miss Qin, I'm sorry. My granddaughter..."

He wanted to say, "My granddaughter is still young and insensible." However, when he looked at Qin Xi and felt that she was about the same age as his granddaughter, he immediately changed it. "It's my fault for not disciplining her well. Miss Qin, please don't take it to heart."

Qin Xi did not care about Cheng Rongfei's words at all. If she was born in this era, she might have been affected by these words. After all, people nowadays were very reserved. No one would be happy to be labeled as a coquettish woman for no reason. This undoubtedly symbolized that there was a huge problem with a woman's character.

However, Qin Xi was reborn from the future and was used to such hate comments. She even laughed. "It's fine. She's just a child. I won't take it to heart."

Gu Qing felt so guilty, but he didn't know what to say. He wasn't good with words, and he felt bad that the woman he liked was treated rudely.

He looked at Elder Cheng and did not want to stay any longer. He wanted to leave immediately after Qing Xi was done buying the acupuncture needles. "Elder Cheng, I remember that you have a set of silver needles here. My friend is very interested in silver needles. I wonder if you can take it out for her to take a look?"

Chapter 363 A Sense of Disgust

“Oh? So Miss Qin wants to see that set of silver needles?” Old Master Cheng stood up and said with a smile, “Alright, I’ll go get it.”

After Elder Cheng left, Gu Qing looked at Qin Xi apologetically. “I’m sorry. I didn’t know she would say that. In the past, I thought she was naive and simple, but I didn’t expect there was such a side to her. You, if you want to blame someone, blame me. I was the one who brought you here.”

Qin Xi didn’t care. “I’ve already said it. It’s fine.”

However, she seemed to have thought of something and said with a faint smile, “This girl probably thinks I’m competing with her for you. It’ll be fine when you explain it to her. Speaking of which, Dean Gu, you’re so lucky to have such a cute girl chasing after you. Don’t always put on a long face. You’ll attract more girls if you smile more.”

Gu Qing frowned. “You’ve misunderstood. I don’t like her. I just treat her as my sister.”

Qin Xi almost spat out her tea. Why did this sentence sound so familiar? She felt like she had heard it from a scumbag!

“You treat her like a sister, but she treats you like her man.” She rolled her eyes. “You didn’t refuse her, but instead you still called her sister. I really don’t understand you men.”

She hated this kind of indecisive man. He did not refuse or accept her. Instead, he just kept a distance, pretending to be cool. This kind of man was the most annoying.

Immediately, Qin Xi’s impression of Gu Qing fell to rock bottom.

Gu Qing also noticed the disgust that flashed across Qin Xi’s eyes. The corners of his mouth twitched. Just as he was about to explain, he saw Elder Cheng walking over with a wooden box. When he opened the wooden box, there were four rows of silver needles of different lengths lying inside. It seemed that they were well-preserved.

Qin Xi’s eyes narrowed and she immediately became interested. She took out one of the needles to touch it. She felt that the material was extraordinary. After thinking for a moment, she injected Mystic True Qi into the silver needle. The silver needle seemed to feel a suppressive energy and instantly vibrated a few times. A layer of glue melted and dripped down. The silver needle instantly emitted a terrifying cold light.

“What’s going on?”

This silver needle was obtained by Elder Cheng three years ago. Previously, he felt that the material was extraordinary, but after studying it for three years, he still couldn’t figure out what was special about this set of needles. He only knew that it was made of meteorite, so he kept it for now.

Now that it became a completely different needle after being touched by Qin Xi, he couldn’t help but be shocked. Even Gu Qing was shocked.

“Elder Cheng, does this set of silver needles have a name?” Qin Xi asked excitedly.

Elder Cheng thought for a moment and shook his head. “I accidentally obtained this set of silver needles three years ago when I went to the countryside. At that time, that family said that it was passed down

from their ancestors and they didn't know much about it. Miss Qin, do you know about this set of silver needles?"

Just now, she had used some unknown technique to remove the glue on the silver needles. She must know something.

Qin Xi shook her head and looked at the other silver needles lovingly. She explained, "I don't know. I just feel that this set of silver needles is not simple."

"Elder Cheng, I like this set of silver needles very much. I wonder if you want to sell it?" She asked the question she was most concerned about.

"Of course. I believe Gu Qing brought you here because he knows that this set of silver needles can be sold."

Elder Cheng said frankly, "However, I want Miss Qin to do me a favor. If you are willing, I can even give you this set of silver needles for free."

Qin Xi naturally knew what he was going to say. She smiled and said, "Elder Cheng, do you want to get rid of the evil aura in your body?"

Elder Cheng nodded, feeling nervous and uneasy. His eyes were filled with hope. "Miss Qin, can you do me the favor?"

"No problem!"

Chapter 364 Devour

"I can help you get rid of the evil aura in your body, but you still have to find the carrier of the evil aura. You seemed to know the carrier is."

The reason why Qin Xi wanted to find the carrier of the evil aura was very simple. This was because absorbing the vengeful spirit in the bronze mirror was very helpful for her to increase her cultivation level. It had to be known that when Meng Chang'an brought her to the Breeze Villa, she had caught a ghost. At that time, she was lucky enough to absorb the ghost and accidentally advanced to the next level.

Therefore, the vengeful spirit in the mirror was a great tonic for her. How could she miss it?

Elder Cheng did not know what she was thinking, but he knew one thing, which was that Qin Xi had a way to help him get rid of the evil aura in his body. This made him extremely excited. He stood up and said, "I know that thing. I'll go get it now."

Just as he was about to leave, he stopped and turned around to ask Qin Xi, "Do you need me to prepare anything else? I'll set it up."

Qin Xi waved her hand and said casually, "No need. Just bring the thing over."

After Elder Cheng left, Gu Qing asked skeptically, "Qin Xi, do you really have a way to get rid of the evil aura in Elder Cheng's body? But I don't see anything wrong with him."

Although Qin Xi hated Gu Qing for having the potential to be a scumbag, he was still a good friend. Therefore, she explained calmly, "You're only looking at his body, but I'm looking at his spirit."

Gu Qing didn't understand. "Spirit? What's the difference?"

"The essential elements in one's body include: metal, wood, water, fire, and earth. These are the five major elements of the body. The lack of any of them will weaken one's spirit. If a person's spirit is weak, it means that this person is suffering from a serious illness. If it's serious, it will take the person's life. Elder Cheng's Qi is in disorder. This also means that the evil aura has entered his body and is destroying his Qi."

"You Western doctors won't be able to tell such a thing, not even with the help of the most advanced medical equipment. Of course, ordinary Chinese doctors won't be able to tell unless they master the Qi Observation Technique."

Qin Xi explained it briefly to Gu Qing, not caring if he understood or not. After taking a sip of tea, she saw Elder Cheng return in a hurry with something wrapped in red cloth in his hand.

Gu Qing seemed to have noticed the strange look in Qin Xi's eyes and asked in a low voice, "Is there a problem?"

Qin Xi did not say anything. In any case, she was about to absorb the vengeful spirit. There was no need to scare him more.

"Is this one the carrier? Back then, I liked it very much and hugged it to sleep. After that, strange things happened one after another. Later on, I met that Daoist priest and was blessed with a jade pendant. Otherwise, I don't know what will happen to me now!" At this point, Elder Cheng smiled sadly. He was old and tired of being tortured like this!

Qin Xi took out the bronze mirror. The workmanship of the bronze mirror was extremely exquisite. There were lifelike peony flowers carved on the back of the mirror. It was beautiful. Moreover, the entire bronze mirror was made of pure gold and was inlaid with a top-grade emerald. It looked extremely luxurious.

However, when she touched the bronze mirror, a cold aura spread from her fingers to her entire body. If it were an ordinary person, they might not be able to withstand it.

Qin Xi wanted to absorb the vengeful spirit inside, but she did not expect this vengeful spirit to want to attach itself to her. Qin Xi raised her eyebrows and smiled strangely.

Very good. The 'food' actually wanted to take the initiative to enter her mouth.

Before the vengeful spirit could control Qin Xi's body, it suddenly felt an extremely dangerous aura sweeping over. Before it could escape, it was devoured bit by bit.

Chapter 365 Vixen

Qin Xi was quietly absorbing the resentment of the vengeful spirit. She closed her eyes comfortably, as if she was taking a nap.

Elder Cheng wanted to open his mouth to wake Qin Xi up, but he was stopped by Gu Qing with a look. Who knew what would happen if he woke Qin Xi up? Therefore, they waited quietly.

As time passed, Qin Xi's expression was still as calm as ever, but the vengeful spirit in her body was not so lucky. The originally dense Yin energy had been completely absorbed, leaving only the vengeful spirit. It roared, its sharp cries almost shattering one's eardrums.

However, Qin Xi still ignored it. No matter how angry the vengeful spirit was, it was useless. Seeing that the terrifying power was about to devour it, it immediately began to beg for mercy.

Unfortunately, Qin Xi wouldn't let it off. In just 15 minutes, Qin Xi eliminated it.

Before she could open her eyes, the back door was kicked open. Elder Cheng and Gu Qing's expressions changed at the same time. They subconsciously looked at Qin Xi's reaction. Seeing that she was not affected, they heaved a sigh of relief and immediately glared at the person who made the fuss.

"Grandpa, Brother Qing, why didn't you come to appease me?"

Cheng Rongfei glared at the two of them with tears on her face.

In the past, when she was angry, her grandfather or Gu Qing would go over and appease her. She had been waiting for a long time, but no one came. She felt even more upset. She was afraid that Gu Qing would really be seduced by that vixen, so she decided to come out and question him.

However, when she looked at their expressions, she was shocked. When she came back to her senses, she felt terrible. Tears streamed down her face as she shouted, "Why are you looking at me so fiercely? What did I do wrong? You were the ones who sided with an outsider. Are you still my grandfather?"

This time, she really cried. She felt like everything she had was snatched away by the vixen. Brother Qing was like this, and so was her grandfather, who had always doted on her.

Elder Cheng was both angry and anxious. In the past, he used to think that it was fine for his granddaughter to be a little willful. After all, she was a girl. However, compared to Qin Xi today, he felt that not only was his granddaughter rude, but her character was also problematic. If she continued to be spoiled like this, it would definitely be a big problem.

Therefore, for the first time, Elder Cheng reprimanded Cheng Rongfei, "Shut up and go back to your room."

"Grandpa, you, you're shouting at me again!"

Cheng Rongfei felt extremely aggrieved. She looked at Gu Qing and saw that he was also cold and unapproachable. At this moment, she noticed that Qin Xi was looking at her with a faint smile. The hatred in her heart instantly rose. She pointed at Qin Xi and shouted resentfully, "Did you badmouth me in front of Grandpa? You vicious woman, you're a vixen. You want to seduce Brother Qing. You shameless woman."

Qin Xi narrowed her eyes, her eyes shining with a terrifying light. She didn't mind being slandered earlier, but even a god would be angry. Why should she let others slander her?

At the thought of this, a silver needle appeared in her hand. With a flick of her finger, the silver needle pierced Cheng Rongfei's acupoint. Cheng Rongfei felt a pain in her neck and subconsciously reached out to touch it.

At this moment, Qin Xi said faintly, "Don't blame me for not reminding you. If you remove this silver needle, you'll become mute."

Cheng Rongfei looked at Qin Xi in horror. However, because of the hatred she had for Qin Xi, she did not care what Qin Xi said. She pulled out the silver needle and was about to curse.

However, to her surprise, she realized that she couldn't make a sound.

Chapter 366 Equal IQ

"... This..."

Seeing his granddaughter's terrified expression and her mouth wide open but unable to make a sound, Elder Cheng immediately panicked.

He quickly stood up and looked at Qin Xi with a troubled expression. "Miss Qin, I'm really sorry. My granddaughter is impudent. I apologize to you on her behalf. Can you be magnanimous and forgive her this time? I guarantee that if she dares to be disrespectful to you again, I'll punish her."

Gu Qing had always known that Qin Xi was very mysterious, but he didn't expect her to have such a trick up her sleeve. He was shocked and a little frustrated, as if the distance between him and Qin Xi was getting wider and wider.

Although he was also dissatisfied with Cheng Rongfei, he did not want to fall out with the Cheng family. He could only look at Qin Xi, hoping that she would let this matter go for his sake.

However, he seemed to have forgotten something. He was the one who wanted to bring Qin Xi here. Now, Qin Xi was humiliated time and time again because of him, but he still hoped that Qin Xi could be more magnanimous.

Qin Xi was disappointed with Gu Qing.

Fortunately, it was not like she did not gain anything today. A set of silver needles made of meteorite and a bronze mirror were enough to put her in a good mood.

She raised her chin and said coldly, "I can pretend that this didn't happen, but it's still necessary to punish her. Let her be mute for a month first. After that, she'll slowly get better."

With that, she did not look at Cheng Rongfei's aggrieved and hateful eyes. She turned to look at Elder Cheng. "Take out the Jade pendant on you. I'll cast an Exorcism Talisman on it. You only need to wear it for three to five days before the evil aura in your body will completely disappear."

"Oh, okay!"

When Elder Cheng heard that Qin Xi wasn't going to pursue this matter, he immediately heaved a sigh of relief. His granddaughter had been spoiled by him. It might not be too bad for her to learn a lesson.

He took off the jade pendant from his neck and handed it to Qin Xi. Qin Xi scratched on it before returning it to Elder Cheng. Elder Cheng immediately felt an indescribable feeling when he touched the jade. It felt a little warmer than before. He did not know if he was overthinking.

“Alright, I’ll take this bronze mirror too. Do you mind, Elder Cheng?”

Qin Xi did not stand on ceremony with Elder Cheng. As a master, she was already very magnanimous not to take his granddaughter’s life after being scolded twice. Taking away a harmful bronze mirror was nothing. Besides, Qin Xi was the one who saved Elder Cheng’s life, so he had nothing to say.

However, no one noticed how vicious Cheng Rongfei’s gaze was.

After leaving Elder Cheng’s shop, Qin Xi suggested going back. Now that she had silver needles and had prepared a birthday gift for Grandma Xia, she was in a good mood.

Seeing that she was in a good mood, Gu Qing wanted to ask her about the jade pendant. He looked at the time and said, “Qin Xi, it’s getting late. You must be hungry. I know a good restaurant nearby. Why don’t we go and try it?”

Qin Xi shook her head and laughed. “Gu Qing, have you forgotten our current situation? The boss of the Treasure Gathering Hall is still waiting for me. Do you think I have time to eat with you?”

Gu Qing’s face stiffened. Only then did he remember that there were people following them. He tensed up again and said in a low voice, “I remember there’s a public security station over there. Let’s go and call the police!”

Qin Xi held her forehead helplessly. Previously, she thought that Gu Qing was a dean and that his IQ couldn’t be too low. Now, she felt that his IQ was on par with Cheng Rongfei’s. Did he exchange his IQ for his looks?

“Have you ever thought about why the police didn’t show up when Song Dabao was hitting those siblings?”

Chapter 367 So It’s You!

“Brother, they’re here!”

After leaving the antique street, a yellow-haired hooligan quickly ran to a man and told him something. In the end, he scratched his head and frowned. “Boss, I feel that I’ve seen that girl somewhere before, but I can’t remember where.”

“Those women are all the same after taking off their clothes. Of course you find her familiar!”

Everyone laughed out loud. When they finally saw Qin Xi and Gu Qing, the hooligan immediately shouted, “Brother, they’re here!”

The person called Brother Liu flicked the cigarette butt away and walked over arrogantly. He raised his chin and pointed his nose at the sky. “Come with me. Don’t struggle, or you’ll suffer physical pain!”

Qin Xi raised her eyebrows and chuckled. “What a small world.”

Gu Qing frowned. “Do you know him?”

When Guo Laoliu heard the voice, he found it familiar. He took a close look and was immediately attracted by Qin Xi's beautiful face. He sized Qin Xi up and down. He couldn't help but swallow his saliva, his eyes burning with lust.

He laughed evilly. "You're really beautiful. Let's go. Come with me. Serve me well, and I'll give you whatever you want."

As he spoke, he reached out to touch Qin Xi's fair face.

Gu Qing pushed his hand away and stood in front of Qin Xi, exuding a cold aura. As the head of the hospital, he had a strong aura. "What are you doing? How dare you harass people in broad daylight? Aren't you afraid of being arrested?"

Guo Laoliu was stunned for a moment, then burst out laughing. Even the dozens of lackeys behind him burst out laughing, looking at Gu Qing as if he was an idiot.

"How dare we harass people? Let me tell you one thing. The whole street is mine. Kid, don't be a hero here. These days, the price of being a hero is very high."

"I'm the dean of Qingyun Hospital. Let's see who dares to touch her today." Gu Qing knew these people weren't reasonable people, so he revealed his identity.

"Qingyun Hospital? Hahahahaha, kid, do you think you're that great? Who do you think you are? Even if you're the emperor, I'll still deal with you today. Brothers, hit him and break his leg. As for this woman... throw her to my bed. Tonight, I'll enjoy her."

Guo Laoliu and the others immediately laughed out loud. Gu Qing's heart skipped a beat, and cold sweat instantly broke out on his forehead. He took a step back and said to Qin Xi, "I'll hold them back. You run first."

At most, they would just break his leg. If Qin Xi fell into their hands, the consequences would be terrible. As a man, he did not think there was anything wrong with protecting the woman he liked.

Qin Xi didn't expect Gu Qing to stand out at such a critical moment. She smiled and walked past him to stand in front of him, looking at Guo Laoliu with disdain.

"Tsk, tsk, tsk! You've been hospitalized for more than a month, but you still haven't learned your lesson. It seems that I hit you too lightly last time."

When Guo Laoliu heard this, his expression instantly changed. He looked at Qin Xi carefully and thought to himself, How did she know?

Suddenly, he seemed to have thought of something. He glared at her fiercely and said with a ferocious expression, "So it's you!"

Chapter 368 Absolute Torture

Guo Laoliu remembered very clearly that the man had beaten him up and sent him to the hospital. He had been hospitalized for more than a month!

At that time, Qin Xi had short hair. Now, Qin Xi's hair was tied into a ponytail, making her look even more beautiful. For a moment, he really couldn't recognize her.

"It seems that you didn't lose your memory. Today, I'll give you a chance to kowtow and admit your mistake. If you do well, I'll be magnanimous and let you go. Otherwise... Hehe, one month in the hospital won't be enough. I'll give you half a minute to make up your mind!"

Qin Xi was condescending. When the people around her heard that, they looked at her strangely. As for Guo Laoliu, the last thing he wanted to remember in his life was exposed by Qin Xi in public.

He was so embarrassed.

He no longer looked at Qin Xi with lust, only killing intent and hatred.

"Brothers, this woman is yours. Today, I want her to die an ugly death..."

The lackeys behind him immediately understood what he meant. Two of them walked out to grab Qin Xi. Gu Qing was shocked and subconsciously wanted to stop them, but Qin Xi stood on the spot and jumped gracefully, giving them a beautiful roundhouse kick. The two of them were caught off guard and were sent flying, crashing to the ground with a muffled sound. The two of them screamed in pain, their faces twisted.

Gu Qing looked at Qin Xi in disbelief. It was no wonder that she had been so smug. It turned out that she knew martial arts.

However, when he thought of her medical skills and mystic techniques, it was not too surprising for her to have good martial arts now. He just did not know how many more secrets she had in store for him.

When Guo Laoliu saw Qin Xi's neat movements, his heart skipped a beat. He immediately shouted in panic, "Attack together and kill this b*tch."

The dozen or so hooligans rubbed their fists and pounced on Qin Xi. Qin Xu sneered and grabbed the hand of one of the hooligans. With a twist and push, she broke his arm. The bystanders heard the sound of bones breaking and felt a chill run down their spines.

She looked cute and pretty, but why was she so terrifying when she fought?

However, Guo Laoliu and the others were famous bullies in this area. Looking at their miserable state, the surrounding people felt excited. They clapped and cheered, looking like they were about to set off firecrackers to celebrate.

In the blink of an eye, Qin Xi had beaten up the hooligans until they were wailing in pain. Their arms were broken and they were rolling on the ground.

Seeing that his men had all been defeated, Guo Laoliu's clothes were soaked in cold sweat. The November wind was bone-chilling, making him feel like he was about to be frozen.

His eyes were filled with fear, and his voice was trembling, but he did not forget to throw threatening words. "Do you know who my boss is? Let me tell you, you're dead this time."

Unfortunately, before he could finish, Qin Xi slapped him. Guo Laoliu felt the left side of his face burning. Before he could react, his right cheek was slapped hard. Both sides of his face quickly swelled up, so swollen that he couldn't even put on a ferocious expression. He was so angry that he raised his fist and punched Qin Xi on the head.

He was still a man after all. His fist was still very big. If Qin Xi was really hit, she might faint.

Everyone was nervous for Qin Xi. Just as Guo Laoliu's fist was about to land on Qin Xi, Qin Xi turned around and quickly distanced herself from Guo Laoliu before giving him a good kick in the stomach.

Just like the kick Han Shi gave him in the past, Guo Laoliu was immediately sent flying and smashed heavily into one of the lackeys.

Chapter 369 Still Savable

They had already wasted a lot of time here today. Qin Xi only wanted to end the fight quickly. When she walked to Guo Laoliu, who had not gotten up for a long time, she pulled his arm and twisted it. With a crack, Guo Laoliu's arm was broken.

Qin Xi clapped her hands and stepped on Guo Laoliu's head with a smile. "Hey, your arms are dislocated. Other than me, no one can reattach them. I opened a clinic called Ji Ding Hall. If you want to treat your arms, you have to pay 200 yuan per person. Remember, it's 200 yuan. Not a cent less."

Guo Laoliu really wanted to say that he didn't want to go, but Qin Xi's combat strength still frightened him. After thinking for a moment, he decided that it was best to keep his mouth shut.

"It's getting late. Let's go!" Qin Xi shouted at Gu Qing, who was still in a daze.

Gu Qing followed her immediately.

**

After returning to the clinic, Qin Xi got out of Gu Qing's car and waved at him. She said politely, "Thank you for today. I'll treat you to a meal when I have time."

Looking at the sign of Ji Ding Hall, Gu Qing asked, "Is this your clinic?"

Qin Xi raised her eyebrows and teased with a smile, "That's right. If you're sick, you can come here too."

Gu Qing said with a smile, "Sure!"

When Qin Xi returned to the clinic, she saw that it was already overcrowded. Fortunately, Gao Huiren was around, which allowed Liu Dequan to take a break now and then.

Just as Qin Xi put down the acupuncture box in her hand, she saw a commotion outside the door. Everyone, including Qin Xi, looked over.

A man in factory clothes was carrying a little girl, followed by a woman who was crying so hard that she was out of breath and two old people.

The man roared crazily, his eyes red as if he wanted to eat someone. "Doctor, doctor, come and see my daughter. She, she's poisoned by gas... Come and save my daughter!"

The child's mother's hair was messy and her face was pale. As soon as she entered the clinic, she knelt on the ground and kowtowed twice, crying her heart out.

"Doctor, save my daughter. Please save my daughter. My daughter is still so young. She can't die. She can't die!"

"Doctor, doctor..."

Everyone was frightened by this scene. They looked at the child in the man's arms. Her face and lips were turning purple-ish. It seemed that she had been poisoned and was already in a serious coma.

Gao Huiren was the closest to them. He quickly walked forward to take the child's pulse, but the child's pulse had already stopped.

He shook his head regretfully. "It's too late."

Actually, they knew that it was too late, but they still held on to their last hope. However, after the doctor said so, the last hope was dashed.

They were like soulless puppets. There was no emotion in their eyes.

"Put the child on the ground. She can still be saved!" At this moment, Qin Xi's calm voice sounded.

The child's father was still hugging his daughter with an empty expression, as if he did not hear her at all. Qin Xi knew that saving the child was more important. She couldn't care less and snatched the child over. She laid the child on the ground and took out the set of needles she had just bought, which she called Ice Soul Silver Needle.

Before anyone could see what she was going to do, rows of silver needles appeared on the child's head.

"What are you doing..."

Just as the child's grandmother was about to stop her, she was stopped by Gao Huiren. "Don't be rash. This is the most capable young divine doctor in our clinic. Don't worry, don't disturb the doctor. If you disturb the young divine doctor, your granddaughter might really not come back."

The old lady immediately shut her mouth.

Chapter 370 Foundation to Become a Legend

Qin Xi's Ice Soul Silver Needles inserted into the acupoint on the child's head. With a wave of her hand, the silver needles on the child's head buzzed and vibrated. Under everyone's shocked and confused looks, she casually drew something on the child's lungs.

Qin Xi cast a poison-removal talisman into the little girl's lungs. When she was done, she checked her pulse again and felt an extremely weak pulse. Only then did she heave a sigh of relief.

Although the child had been suffocated for a long time, after Qin Xi performed acupuncture with the Ice Soul Silver Needles she just bought, the child was barely pulled back from the gates of hell.

"Doctor, how is it? Can my daughter be saved?"

The mother, who had already collapsed to the ground, looked at Qin Xi hopefully and asked worriedly. She was afraid of hearing bad news and bit her lower lip nervously.

The child's father, grandmother, and the others also looked at Qin Xi and clenched their fists nervously.

Qin Xi smiled faintly. "Don't worry, she'll be fine."

After a while, someone exclaimed, "Look, the child's face seems to have returned to normal."

"That's right. The child's lip color has also become normal. Oh my god, if I didn't see it with my own eyes, I would never have thought that it was possible!"

Gao Huiren and Liu Dequan also noticed it, but they were too shocked to speak.

Gao Huiren was the one who was most shocked. He was the one who confirmed that the child was dead. However, in the blink of an eye, Qin Xi revived the dead.

He did not believe in such a thing as bringing the dead back to life. He quickly took the child's pulse and opened her eyes to check. In the end, he was so shocked that he was speechless.

The shock and admiration in his eyes was enough to reveal the surging emotions in his heart.

Liu Dequan knew Qin Xi very well. Even if she said that she had the ability to revive the dead, he would believe her unconditionally because her name was Qin Xi.

After another 15 minutes, everyone saw that the girl's eyelashes actually fluttered a few times. No one dared to breathe loudly, afraid that they would disturb Qin Xi.

When the vibrating needles finally stopped, the child slowly opened her eyes. After blinking for a few seconds, she burst into tears.

When the child's mother heard her daughter's cries, she hugged her and cried her heart out. The family beside her also cried tears of joy.

"Divine doctor, she's really a divine doctor. Thank you, thank you!" The child's father was so excited that he was incoherent. In the end, he did not know how to thank her. He quickly knelt down and kowtowed to Qin Xi.

Qin Xi quickly helped him up and said, "I'm a doctor. Since you came to my clinic for treatment, of course I have to do my best. This is our duty as doctors."

"Is this child really saved?"

The other onlookers looked at all of this in disbelief, as if they were in a dream. It was unreal. This was too ridiculous. The child was clearly not breathing. How could she come back to life so quickly?

In just a week, the news that the boss of Ji Ding Hall could revive the dead spread like wildfire.

It also laid the foundation for Qin Xi to become a legend.
