### Chapter 371 Han Shi's Scheme

Two days later, it was Grandma Xia's 60th birthday.

This day, people were greeted with the first snow of 1983. Crystal clear snowflakes danced in the sky. Qin Xi reached out to catch them, and the snowflakes melted into a cold drop of water.

Han Shi opened the umbrella and held it above Qin Xi. He held Qin Xi's hand and looked at her with a smile.

It was rare for the two of them to dress formally. Han Shi was wearing a sapphire blue suit. His entire body was filled with exquisite items, making him as noble and extraordinary as a young master. Coupled with his domineering aura, he could easily stand out from a crowd.

Qin Xi was wearing a camel-colored woolen coat with a retro lapel. She was wearing pine platform shoes and looked like a medieval noble lady.

These were all designed by Qin Xi based on her memories from her previous life. Dong Xiaoxuan was in charge of making it. This was because Dong Xiaoxuan used to be in the fashion industry and was more familiar with it.

Qin Xi did not expect Dong Xiaoxuan to have such skills. It was a waste of talent for her to be a nanny. After thinking for a moment, she suddenly had a bold idea.

As for Han Shi, he had never seen Qin Xi dressed like this before. Seeing how beautiful Qin Xi was, he immediately felt a sense of crisis and suddenly regretted letting her dress up like this.

"Wifey, you have to follow me closely later and not leave my sight, understand?"

Qin Xi was stunned. "Why?"

They were going to attend a birthday banquet, not going to do something dangerous. Why couldn't she leave his side? Seeing that he was still so serious, she couldn't help but be curious. "Did something happen?"

Seeing her puzzled expression, Dong Xiaoxuan, who was at the side, covered her mouth and chuckled. Even Blood Stealer could tell what was going on and said teasingly, "Of course it's because Lady Boss is too beautiful. Boss is afraid of losing you!"

Han Shi glared at Blood Stealer and turned his attention to Qin Xi.

"Xi, why don't you change back to your previous clothes? Actually, you're so good-looking that you'll look good in anything. There's no need to dress up formally. Besides, if you are too dazzling, you'll steal all the limelight, don't you think so?"

Qin Xi rolled her eyes and said with a straight face, "It's almost time. Do you want Grandma Xia to wait for us?"

Han Shi got into the car and ignored Qin Xi. He turned his face to the side. In order to let Qin Xi know that he was angry, he snorted.

However, after waiting for a long time, Qin Xi did not take the initiative to talk to him. He could only turn his head back awkwardly and say without blushing, "I'm angry, but you didn't even say something nice to me. Are you still my wife?"

Of course, Qin Xi knew what he was thinking and was holding back her laughter. Now that she was asked, she tilted her head and blinked her big innocent eyes. She asked in confusion, "Are you angry? Why? Shouldn't I be the one who's angry?"

"Uh... Then let's not be angry. It's not good for your health to be angry." Han Shi smiled foolishly.

The two of them chatted for a long time before finally arriving at the Xia family's old residence.

Qin Xi had been to the old residence once and the doorkeeper knew her. Xia Tangxin had also instructed the doorkeeper to let Qin Xi in without an invitation.

However, just as the doorkeeper was respectfully inviting Qin Xi and Han Shi into the residence, a familiar voice suddenly came from the door.

"Yo, where did this Tom, Dick, and Harry come from? You have to have an invitation to enter a high-class banquet. Doorkeeper, watch out. Don't let anyone in. If a thief sneaks in, you won't be able to bear the consequences!"

Chapter 372 Dung Beetle

Hearing this ear-piercing voice, Qin Xi and Han Shi immediately recognized who it was.

Xue Ya, the woman who was once the secretary of the mayor of Qinglin Town and was kicked by Han Shi at the Rising Sun Hotel.

Xue Ya was dressed in branded clothes. She was wearing a big red mink coat and a tight cheongsam. Her thighs were exposed, and the goosebumps on her legs were obvious.

Seeing Qin Xi turn around, dressed in simple and fashionable clothes, Xue Ya, who was already jealous, immediately felt a strong hatred in her heart.

Although she was thinking about this, she knew that the people here were all big shots. If she wanted Qin Xi to suffer and even kneel in front of her to lick her shoes, she could only rely on the man beside her.

Hence, she held the man's arm and rubbed her chest against it, complaining coquettishly.

"CEO Fan, I know them. They're just bumpkins from a very, very small village. I don't know what method they used to sneak in. If CEO Xia finds out, he'll certainly flare up. Moreover, they used to be rude to me. CEO Fan, help me teach them a lesson, okay?"

The man called CEO Fan looked even worse than Brother Dali last time. His beer belly was about to burst his clothes.

His eyes narrowed into a line as he sized up Qin Xi with a lecherous gaze. Then, he pinched Xue Ya's butt with his big greasy hand.

"Baby, I'll do whatever you say! How do you want me to teach them a lesson?"

Hearing this, although Xue Ya felt disgusted, in order to marry into a rich family, she endured the disgust and smiled.

"I know CEO Fan dotes on me the most. I won't make things difficult for them. Just make them kneel down in front of me and wipe my shoes. What do you think?"

"Baby, let's do that!"

CEO Fan looked at Qin Xi and Han Shi with mockery.

"Hey, the two of you, listen up. I'm Fan Jiawei from the Prosperous Cosmetics Company. This is my woman. Kneel down obediently. Otherwise... Hmph, I'll make you unable to stay in Luoping City anymore."

Xue Ya said smugly, "Did you hear that? Qin Xi, do you think you are something after sleeping with an old man to get a million yuan? You're just a b\*tch no one wants."

"Now, if you still want to stay in Luoping City, kneel in front of me and beg for mercy. Perhaps I'll let you off."

Many people came in one after another. These were all people invited by Xia Zhenguo to attend his mother's 60th birthday. They were all dressed in gold and silver and were all upper-class people.

Hearing Xue Ya's words, they immediately looked at Qin Xi with disdain. Some women even quickly pulled their male companions away, as if they were afraid that Qin Xi would covet their man.

Seeing the reactions of the people around her, Xue Ya immediately felt the pleasure of taking revenge. A vicious smile appeared on her face. "How is it? Do you want to kneel?"

Just as Han Shi was about to make a move, Qin Xi stopped him and shook her head. "This kind of woman is like a dung beetle. Don't get your hand. Leave her to me!"

Qin Xi ignored the gazes of the people around her and shook her head at Xue Ya. "You really don't learn. I wanted to leave you a way out, but now, I don't think you need it. You're really stupid!"

With that, she held Han Shi's arm and walked towards the residence proudly.

Chapter 373 I'm Very Obedient!

"Hey, Qin Xi, don't be arrogant. How dare you leave without my permission? Do you believe that I will make your life in Luoping City a living hell?"

"Security, security, didn't you see her go in? She doesn't have an invitation. How can you let her in? If CEO Xia gets angry, you'll be kicked out."

Seeing that Qin Xi ignored her threat, Xue Ya was about to explode with anger. She vented her anger on the security guard at the door and scolded him like a shrew.

Initially, the security guard did not want to bicker with a woman like her, but Xue Ya kept courting death. In the end, she even cursed the security guard's ancestor. This was unbearable.

One of the security guards sneered. "Madam, Miss Qin can come and go as she wishes. It's not your place to shout. Who do you think you are? What right do you have to compare to Miss Qin?"

"People who come today are all successful and upper-class people. Your behavior just now is really unrepresentable. You should take a good look at yourself in the mirror. You're so jealous that it makes people disgusted."

The security guard's words completely infuriated Xue Ya. She flew into a rage and pointed at his nose. "How dare you talk back to me? I think you don't want to work anymore. I'll..."

Before she could finish, she suddenly felt that something was wrong. The corners of her mouth drooped and saliva began to flow down. She was not cursing, but, "... Dad, dad, dad!"

The security guard was stunned for a moment before he suddenly flew into a rage out of humiliation. "What a weirdo. I'm not married yet. Why are you calling me dad? Let me tell you, I'm innocent. Don't even think about slandering me."

"Seriously, who in the world is she? Why is the Xia family inviting such people? How embarrassing."

President Fan's face darkened. He was already very unhappy with being ignored by Qin Xi. Now, Xue Ya actually cursed on such an occasion. She couldn't win the argument and actually called the security guard 'Dad'. Wasn't she stomping his dignity on the ground?

Immediately, CEO Fan snorted and took out the invitation letter. He ignored Xue Ya and strode away, looking like he couldn't wait to run away.

Everyone looked at Xue Ya, who was drooling like a fool, and avoided her like she was a rat.

After dealing with Xue Ya, Qin Xi felt comfortable all over. She muttered softly, "As expected, it's good for your health to torture scum."

Although Han Shi did not know what Qin Xi had done, he saw her flick her finger at something the moment she turned around.

He knew that Qin Xi must have done something extraordinary again. He lowered his eyes and said in a low voice, "You're naughty."

Her entire body went numb from his charming voice, and she subconsciously blushed.

"Huh? Why are you blushing? Are you cold? I'll give you the clothes!"

Seeing that his wife's face was a little red like the evening glow, Han Shi was about to take off his coat.

Qin Xi's face turned even redder. She reached out to pinch his waist. Unfortunately, Han Shi was too lean and there wasn't any flab on his waist.

She glared at him and said angrily, "Just behave yourself. If you dare to spout nonsense again, believe it or not, you'll sleep on the floor tonight."

Han Shi immediately surrendered and closed his mouth tightly. He signaled with his eyes, "I'm very obedient!"

## Chapter 374 If You Don't Offend Me, I Won't Offend You

When they arrived at the main hall, they saw that it was filled with women. Because the heater in the room was turned on, everyone entered and took off their coats, including Qin Xi.

Qin Xi's outfit was special. The coat was ordinary, similar to the most popular tweed coat this year.

The only difference was that there were some retro elements. After taking it off, the Chanel inside made the women look at her in surprise and envy. This made Qin Xi, who was usually unaffected by people's gazes, feel a little uncomfortable.

Not only her, but even Han Shi's outfit was envied. They felt that if their husband was in that kind of suit, he would also look great.

A woman in her twenties who had the potential to be a home-wrecker walked up to Qin Xi in high heels. She stared at Han Shi and asked with a smile, "Yo, is this your boyfriend? Why haven't I seen him before? Which family is he from?"

This question was naturally directed at Qin Xi, but her gaze did not land on Qin Xi at all. It was clearly intended as provocation.

Qin Xi chuckled and imitated the woman's voice and tone. "Yo, which rich lady is this? Why? Haven't you seen a man before? Your eyes are about to fall on my man. Is no one going to do anything about it?"

The woman's face darkened. She finally moved her gaze away from Han Shi and landed on Qin Xi's face. Seeing that her skin was fair and rosy and that she had a baby face and looked very young, the woman was extremely jealous. She sneered in disdain. "What a rude country bumpkin. I only greeted you to show some respect. Don't push your luck. Do you know who my husband is? How dare you talk to me like that!"

Qin Xi raised her eyebrows and put on a surprised expression. "Oh, so you have a man. Then please watch your eyes. Those who don't know better will think that all the rich ladies are like you, interested in married men!"

Her words not only caused the other rich ladies to distance themselves from the women, but also mocked her for being a slut.

"You..."

The woman flew into a rage out of humiliation. She reached out and slapped Qin Xi on the face. It had to be noted that the woman was wearing a diamond ring. This thing was very sharp.

When everyone saw this, they couldn't cover their eyes. However, no one went forward to stop her. Some women even watched the show with gloating expressions.

Men liked beautiful women, but women didn't. From the moment they saw Qin Xi, they showed hostility.

Before the woman's slap could land, Han Shi quickly retreated three to four meters with Qin Xi, dodging the woman's slap.

Due to inertia, the woman missed and hit the decorative vase half a meter tall behind her. With a bang, the vase shattered on the ground. The woman also fell on the fragments. Immediately, many wounds appeared on her body and blood flowed all over the ground.

“Ahhh...”

The woman let out a heart-wrenching scream. Seeing this, the surrounding people immediately stood far away.

Qin Xi frowned. She did not expect things to turn out like this just because she dodged a slap. She did not think that she had gone overboard. After all, if people did not offend her, she would not offend them. This woman had already slapped her. Did she have to put her face close to her and let her slap her?

However, this was Old Madam Xia’s birthday banquet after all. Old people hated bloodshed at birthday banquets. Wouldn’t that put the Xia family in a difficult position?

“What’s so noisy?”

At this moment, a dignified and cold voice came from upstairs. Everyone subconsciously looked at the staircase and saw an elegant old lady in a dark purple woolen cheongsam walking down calmly.

Chapter 375 Enemy to the Death

“Old Madam Xia!”

Everyone quickly greeted her, but no one mentioned what had just happened.

Xia Tangxin held Old Madam Xia and winked at Qin Xi as a way of greeting.

Xia Tangxin was dressed especially gracefully today. The light blue dress she was wearing made her figure look slender and her skin fair. Her long black hair was like a waterfall, draping over her shoulder.

Han Shi’s face darkened when he saw his wife winking at Xia Tangxin. He put his arm around Qin Xi’s shoulder and turned his body slightly to avoid Xia Tangxin’s ‘flirtatious’ gaze.

Xia Tangxin gritted her teeth and glared at Han Shi, looking like she was about to bite him.

Just as Qin Xi was about to explain the situation here, someone spoke first. Qin Xi knew this woman. She was Xie Min, whom she had met twice.

She said ambiguously, “Old Madam Xia, Qiu Juan had an argument with this lady. After that, Qiu Juan was suddenly on the ground and wounded by the vase fragments. At that time, it happened too quickly and we didn’t see exactly what happened.”

When Old Madam Xia heard the woman’s words, her gaze landed on Qin Xi. Not only did she not question her, but she also smiled kindly. “Xi, what took you so long to come? Tangxin and I have been waiting for you for a long time. Today, your Uncle Xia hired an excellent chef. Try it later and see if it tastes good. Let the chef make more of your favorite dishes.”

When everyone heard that, they were stunned. It seemed that Old Madam Xia knew this woman called Xi and was especially close to her.

Xie Min was so embarrassed that she wanted to find a hole to hide in.

That's right, she was the one who sowed discord. She told the woman called Qiu Juan that Qin Xi was a promiscuous woman. She knew that Qiu Juan only maintained her relationship with her husband on the surface, but in fact, they were messing around and never interfered with each other's private lives.

Just like that, Qiu Juan took a fancy to Han Shi and his tall and lean figure. Just looking at him made her excited. If not for the fact that the occasion was not right, she would have pounced on him.

Of course, if Qin Xi and Han Shi knew what she was thinking, she probably wouldn't just be injured by the fragments.

The reason why Xie Min did this was undoubtedly because she suspected that Gu Qing and Qin Xi had an ambiguous relationship. She wasn't sure last time.

However, yesterday, she saw Gu Qing signing 'Qin Xi' during the ward round. She initially didn't know who Qin Xi was. Just now, she heard Qin Xi arguing with Xue Ya and confirmed that she was the woman who caused Gu Qing to be so absent-minded.

This was unacceptable to her.

She chased after Gu Qing for five years. Five years was neither long nor short, but it was the most precious five years of her life as a girl. She didn't think that she was inferior to Qin Xi. In fact, she thought that she was prettier than Qin Xi, had good medical skills, and came from a better family.

From the fact that she could attend Old Madam Xia's birthday today, it could be seen that she and Gu Qing were definitely well-matched in terms of social status.

It was obvious that Xie Min had forgotten what happened at the amusement park. She only thought that she was the best match for Gu Qing.

She engraved Qin Xi's name in her mind. She was her enemy, the kind who she would fight to the death.

Chapter 376 Yao Hui Pharmaceuticals Again

When Qin Xi and Han Shi sensed the hatred emanating from Xie Min, they looked at each other and saw confusion in each other's eyes.

Han Shi's eyes were deep and dark. No one knew what he was thinking, but his gaze was terrifying.

Qin Xi was also very surprised. As far as she could remember, she and Xie Min did not have any deep hatred for each other. If there was any, it would be the incident at the amusement park last time. However, was this matter worth Xie Min hating her so much?

She did not understand at all.

Since she did not understand, she would not think about it. In any case, she did not think that Xie Min could pose a threat to her.

Ignoring Xie Min, Qin Xi walked to Old Madam Xia's side and said with a smile, "Grandma Xia, I'm really sorry. I didn't expect this to happen, but you don't have to worry. I've read your face. You'll be safe and sound. Besides, you will have a grandson-in-law coming to visit next year."

The last sentence was whispered into the old lady's ear, so Xia Tangxin did not hear it.

"Xi, is what you said true? Will there really be..." Old Madam Xia perked up. She grabbed Qin Xi's hand excitedly and asked.

Qin Xi put a finger to her lips. Only then did the old lady realize that her granddaughter was still beside her. She quickly covered her mouth and looked at Qin Xi.

Seeing that the two of them were chatting and laughing, even whispering and talking in riddles, Xia Tangxin was curious. She leaned closer and asked, "Grandma, what are you two talking about? Why are you whispering? Let me hear it too!"

Old Madam Xia held her hand and smiled until her face was wrinkled. When she looked at Xia Tangxin, her eyes were filled with love and doting. She said, "Nothing much. Alright, help me entertain the guests. Let Xi sit with me. I'm tired!"

Xia Tangxin pouted and went to greet the rich ladies present.

As for Xie Min, no one remembered her. Old Madam Xia was deliberately ignoring her. She stood in the middle with an awkward expression. No one came forward to cheer her up because they were afraid of Old Madam Xia.

Old Madam Xia was old now, but when she was young, she was the one who founded the Xia Corporation. She was very ruthless. Even Xia Zhenguo was not as ruthless as her.

Therefore, these rich ladies were as obedient as kittens in front of her.

As for Qiu Juan, the woman who was wounded by the fragments, Xia Tangxin asked the servant to look for Qiu Juan's husband. To Qin Xi's surprise, Qiu Juan's husband was actually the executive vice president of Yao Hui Pharmaceuticals, Tang He.

Qin Xi and Han Shi looked at each other and saw surprise in each other's eyes.

In other words, Tang He was the second-largest shareholder of Yao Hui Pharmaceuticals. Ever since Money King came to the clinic to cause trouble last time, Qin Xi had asked someone to investigate Yao Hui Pharmaceuticals.

The entire Yao Hui Pharmaceuticals was divided into three factions. The first was Jun Yaohui, the founder of Yao Hui Pharmaceuticals. He was a ruthless and decisive leader who would not stop until he achieved his goal.

Before he established the Yao Hui Group, he persuaded two parties to invest in it because he did not have enough funds.

One of them was Tang He's father. Now that Tang He had succeeded his father, he had been in charge of everything.

The second was Luo Chen. The Luo family had been doctors for generations. Many popular pills on the market for common illnesses like fevers and colds were invented by the Luo family.

However, in Luo Chen's generation, not only did the effect of the pills decrease drastically, but the price also increased a lot. There were even people who suffered from paralysis after taking the pill.

#### Chapter 377 Retribution

Qin Xi's investigation was actually not comprehensive. At that time, she thought that the people from Yao Hui Pharmaceuticals would come to take revenge, but after waiting for a few days, no one came, so she gradually forgot about it.

Now that she saw Tang He, Qin Xi suddenly narrowed her eyes. She read his face and saw a few blurry figures floating beside him, baring their fangs and brandishing their claws. It was only because Tang He had something blessed to ward off evil that these blurry figures could not hurt him at all.

At this point, the corners of Qin Xi's mouth curled up. A golden light shot out from her fingertip and entered the pendant on Tang He's neck. The pendant transformed from the Exorcism Talisman to the Yin Gathering Talisman.

In other words, not only could the thing around Tang He's neck not exorcize evil, but it was also an evil-gathering thing. The figures that could not touch him just now were weighing down on him.

Tang He instantly felt a chill run down his spine. Moreover, he suddenly felt as if something was pressing down on him. It was very heavy, especially on his neck.

Not only that, but her arms, legs, and waist also felt many times heavy. It was difficult to walk.

Even when he walked, his speed slowed down manyfold. Moreover, his walking posture was very strange. Seeing this scene, everyone looked at him strangely. Being stared at by so many people, Tang He also felt embarrassed, and his expression darkened.

He bowed deeply to Old Madam Xia to show his respect. "I'm sorry to disturb your birthday banquet, Old Madam Xia. I'll bring my wife back now. Please don't take what happened today to heart."

From the beginning to the end, he did not look at Qiu Juan, nor did he show any concern for her. It was as if they were complete strangers.

Although Qiu Juan's body was in pain and she couldn't move, as soon as Tang He arrived, she stopped wailing in pain. She bit her lower lip and looked at him pitifully.

On the other hand, Tang He couldn't even be bothered to pretend to be lovey-dovey with her. For some reason, he had a bad feeling, but he did not know where it came from.

Old Madam Xia was helped to the sofa in the living room by Qin Xi and Han Shi. She said calmly, "Mr. Tang, I won't keep you at the banquet today. You should bring your wife to the hospital for a checkup!"

Tang He was not in the mood to attend the banquet now. He only wanted to leave as soon as possible. He felt that something was wrong with his body. Even his lower body felt like it was tied to a big rock, making his forehead sweat.

Only Qin Xi could tell what was going on. She almost laughed out loud. She quickly turned her face to the side and held back her laughter.

Seeing this, Han Shi blinked at her, as if asking her what had happened.

Qin Xi briefly told him that Tang He was haunted by something, and there was a lot of it. It would probably not be long before he was crushed to death.

The birthday banquet was a buffet. All the food was placed on the table for the guests to choose from.

Of course, those who could attend the banquet were not here to eat. Instead, they were more interested in networking. Fortunately, the fruits today were all catered by Sweet Dew. There were also some preserved sweet fruits and canned food. It was a good opportunity to do some free marketing among the upper-class.

It was winter now. Although Qin Xi's fruit trees were still bearing fruit, there were clearly not many left. Therefore, after participating in the medical exchange, she had to make a trip back to Shangwan Village.

Not only did she have to set up a spirit gathering array formation in the orchard, but she also had to see how those useless people Mu Tianzheng sent her were doing.

### Chapter 378 Shopping Mall

After the banquet ended, Qin Xi gave the bronze mirror to Old Madam Xia as a gift. Moreover, she also left a Mind Cleansing Talisman on it. It could better relieve the fatigue of the old and promote sleep.

On the way back, Han Shi asked Qin Xi about Xie Min.

Qin Xi said that she was also very confused, but she still explained some of the friction between her and Xie Min. "If not for me interfering to save the patient that day, I'm afraid she wouldn't even be able to keep her job as a doctor."

"Then why is she so hostile to you?" Han Shi was puzzled.

Qin Xi shrugged. "Maybe she thinks I made her embarrassed. Let's not talk about this. After the medical exchange tomorrow, I'll take a trip home. The fruit trees at home need a spirit gathering array."

Han Shi thought for a moment and said, "Our first batch of vegetables will ripen in half a month. How do you plan to sell them?"

"Previously, I thought of selling it to the big restaurant, but later on, I felt that it was inappropriate to do so. If the big restaurant doesn't accept our price and instigates the villagers to sell it to them, we might end up getting nothing. We might as well sell it ourselves. We'll keep it at the Sweet Dew Fruit Store for the time being. When spring comes, I plan to build a shopping mall in the city. Do you still remember the Old Master Qi gave me?"

"You want to build a shopping mall over there? Isn't it a little far?"

"Of course not. In the future, the Sweet Dew Fruit Shop, the Tea Shop, the Food Shop, the Wine Shop, the Beverage Shop, the Drug Store, and the vegetables will all be sold in the mall. This way, we won't have to worry about losing customers. Moreover, the current Sweet Dew Fruit Shop is in short supply of fruits. Not only are there locals buying from us, but there are also many people from other provinces especially making the trip over to buy it. We need a bigger space."

“When the time comes, I’ll have to trouble you with managing the mall.” Qin Xi said as she leaned into Han Shi’s arms.

Actually, Qin Xi felt that Han Shi must have found out something about her identity, which was why he had been coming over to Luoping city to see her every other day.

Although she did not explicitly tell Han Shi that she was from the Mu family, it did not mean that Mu Tianzheng would not find someone to tell Han Shi about it. Otherwise, Han Shi would not have worked so hard to develop his career just to be in the same league with Qin Xi.

He did not ask, and she did not say. This was the way the couple had always done it.

“By the way, what do you plan to do with Tang He and Yao Hui Pharmaceuticals?”

Han Shi played with her hair. “I thought Yao Hui Pharmaceuticals would come and cause trouble for us. I didn’t expect them to ignore us. If I didn’t see Tang He today, I would have forgotten about them.”

“Tang He is not a good person. He has killed a lot of people. Moreover, I gave him a small gift, which is enough to keep him busy for a long time.”

The gift Qin Xi was referring to was naturally the vengeful souls that had yet to dissipate. “By the way, I’ve investigated Yao Hui Pharmaceuticals. Not only does their medicine contain a small amount of illegal substance but the effect of the medicine is also not up to standard. You can recover in three days by taking other medicines, but if you take their medicine, it’ll take a week for you to recover. They did it to greatly increase the sales.”

#### Chapter 379 Unable to Fight Back

“I also realized that there is a huge conspiracy behind the company. After the patient recovered from the cold, they would catch a fever. When the fever recovered, the patient might have the symptoms of sneezing and running nose.”

“In short, their goal is to make you take their medicine all the time. Over time, because of the illegal substance, the patients will grow very dependent on their medicine. This company is really too evil. In the long run, those patients’ bodies will collapse sooner or later. Not only that, but since Tang He is guilty of murder, I don’t believe that the other two shareholders are innocent.”

Han Shi finally asked. “Are you going to make a move on Yao Hui?”

Qin Xi snapped her fingers and said with a smile, “Smart. In the future, we’ll definitely enter the medical industry. Instead of wasting time building our own medicine, it’s better to just snatch it. Of course, if Yao Hui Pharmaceuticals didn’t do so many evil things, I wouldn’t have targeted them. Who asked them to provoke me first? Take it that... I’m helping the people get rid of evil!”

“Leave this to me. Just stay in the clinic and treat the patients!”

Han Shi did not think that there was anything wrong with Qin Xi wanting to deal with Yao Hui Pharmaceutical. No matter how powerful Yao Hui Pharmaceutical Company was, just the fact that they had angered his woman time and time again was unforgivable.

He kissed the back of her hand and looked at her affectionately. "I'll give Yao Hui Pharmaceutical to you in three days!"

Qin Xi did not doubt Han Shi's ability at all. She smiled brightly. "Alright, I'll wait."

\*\*

Late at night, in Shangwan Village.

The old bachelor returned home reeking of alcohol with his drinking buddy. Previously, he bragged that he had a woman he could sleep with at any time he wanted, but his drinking buddy did not believe him.

Therefore, in order to show that he was not lying, he brought his drinking buddy home.

With a bang, the old bachelor and his drinking buddy entered the warehouse where Qin Lan was locked up. Qin Lan, who was trembling from the cold, was curled up in the corner, covered in straw and smelly blankets.

"Did you see that? That is my dog. Hahaha, how is it? Do you want to try?"

It was unknown if the old bachelor was really drunk or not, but he smiled mysteriously. "Let me tell you something. This woman is really good in bed. I guarantee that she will satisfy you. If you want, I'll give her to you tonight. How about that?"

Although Qin Lan's skin was not as fair as before, she was still much better-looking than most of the women in the village. The drinking buddy couldn't help but be tempted.

He was extremely excited and kept rubbing his hands, but he refused insincerely. "Laosan, that's not good. If my wife finds out, she'll kill me!"

"What are you afraid of? If I keep my mouth tight and you keep your mouth tight, how can she find out? Besides, this is the girl from the Qin family. She's been pampered since she was young. Don't you want to try?" The old bachelor continued to egg him on.

"Then, then I'll... just do it once?"

The old bachelor yawned and waved his hand, saying indifferently, "Go ahead. I'm going to sleep. When you're done, go back on your own!"

When the drinking buddy heard this, he was overjoyed.

He suddenly looked at Qin Lan as if he wanted to eat her up, but Qin Lan couldn't fight back at all.

Chapter 380 Let Him Be a Eunuch Forever

Qin Lan thought that as long as it was not the old bachelor, it did not matter who she was with. As long as she could escape here, she would do anything.

However, she never expected that this was just the beginning of her endless torture.

This time, she did her best to satisfy Cao Dajun so that she could have another way out. While drunk, Cao Dajun indeed had some feelings for Qin Lan who looked flirtatious and charming.

“Brother Dajun, as long as you help me out, I promise that I’ll be yours from now on. I don’t want status or money. As long as you treat me well, I’ll follow you for the rest of my life, okay?”

Qin Lan had said the same thing to Old Qiao when she was under him. Although Old Qiao looked honest, he was not gullible and did not believe Qin Lan at all.

Therefore, as soon as the greenhouse was built, Old Qiao left the village with his workmates. As for the promise to save her, he had long forgotten about it.

Qin Lan did not know what was going on outside. She was still waiting for Old Qiao to come and save her. If she knew that she had been abandoned, she would probably break down.

“Baby, is what you said true? Do you really want nothing but to follow me?”

The drinking buddy’s name was Cao Dajun. He often drank with Feng Laosan. Feng Laosan did not know what Cao Dajun did for a living, but he knew very well how rich Cao Dajun was.

Therefore, in order to earn some money to buy alcohol, Feng Laosan did not hesitate to ask Qin Lan to sleep with Cao Dajun. If she served Cao Dajun well, he would be able to drink as much as he wanted in the future.

As long as Qin Lan satisfied Cao Dajun this time, Feng Laosan believed that many people would want to come over and try it out. At that time, he could make a killing.

This was Feng Laosan’s plan.

At this moment, Qin Lan still did not know what Feng Laosan was thinking. She was nodding as she looked at Cao Dajun pitifully.

“I’ll follow whoever saves me. Brother Dajun, I’ve had enough of this place. I don’t have enough to eat or wear every day and have to be beaten up by the old bachelor. His mother also scolded and kicked me. Brother Dajun, I really want to leave this place. Can you help me?”

Cao Dajun chuckled. “That depends on how good you are at it.”

As he spoke, he pressed Qin Lan’s head down. Qin Lan was caught off guard and almost vomited. However, for the sake of freedom, she could only endure the urge to vomit and the disgusting smell of his underpants...

After a night, Qin Xi could no longer close her mouth and her eyes rolled up from time to time. She swore that if she could get out, she would burn the old bachelor’s family to death. As for Cao Dajun, she would make him a eunuch for the rest of his life.

At the medical exchange meeting.

This medical exchange was centered on Chinese and Western medicine. All the doctors gathered here were famous in Zhejiang Province.

Sitting in an inconspicuous place below, Qin Xi looked at a hundred or so experts and suddenly felt a little sad because there was really no Chinese doctor here.

Although it was said to be a Chinese and Western medical exchange, Western medicine dominated the stage. It would be a lie to say that she was not sad.

“Shifu, are you interested in giving a speech on stage?” Gao Hui ren did not choose the front seat. Instead, he sat at the back with Qin Xi.

Qin Xi shook her head. “There’s no need. I don’t know much about Western medicine. I’ll just listen.”

Gao Hui ren nodded. “They’ll only talk about theoretical knowledge that wasn’t theorized by themselves. I think most of them don’t even know what they are talking about.”
